Cora Queener, Advisory Director

F. L. "Steve" Stephens, Chairman of the Board and CEO for Town & Country Food Stores, Inc. of San Angelo, was elected president of the 132 - county West Texas Chamber of Commerce at the organization's annual meeting in Amarillo recently.

Describing the year ahead as one of restructuring the WTCC in its programs and leadership, Stephens cited the potential effectiveness of the business community in state and national legislative activities.

This will come about, Stephens said, as the four regional chambers in the state (West, East, South, and Rio Grande Valley) combine for a historic joint annual

meeting in Austin next January as a new legislature convenes.

"The regional chambers affiliated as the Texas State Chamber of Commerce represents some 250,000 members of local chambers and could possibly constitute the largest "grass roots" organization in the nation," Stephens said.

Other officers elected at the Amarillo meeting were: Harold Hudson, Perryton, President-Elect; M. C. "Mac" McGee, Wichita Falls, 1st Vice President; Harlan Lambert, Fort Stockton, 2nd Vice President; Silas Ragsdale, Hunt, Treasurer.

Elected as Advisory Directors from this area were: Bruce

Grimes, Canyon; Charles La Grone, Perryton, Jack M. Allen, Perryton; Jim Sharrar, Clarendon; Orval E. Allen, Dumas; Bill F. Farris, Borger; Richard Bowers, White Deer; Cora Queener, Spearman; and Diane Black, Canadian. Joe Cook of Perryton was elected as District Director for the area.

President Stephens appointed Gary Gibson Amarillo, to serve as Director at Large.

All of the WTCC's officers and directors will be available throughout the coming year as speakers to tell the story of the West Texas Chamber of Commerce.

Happy Mothers Day

LUKE SINCLAIR, Grandson of Carolyn and Tiny Gressett, Spearman says "Happy Moms Day" to all of the mothers in Hansford County. Luke is the son of Cindy and Tom Sinclair, Pine Bluff, Arkansas. Cindy was a former all-state Lynxette!

Sesquicentennial Locals Join Texas Wagon Train

After two years of planning and anticipation, and four months of trying to "GET GONE", Martha Clawson, wife of Max, Gruver, Texas; an active member of the Rolling Plains Mule Train, Spearman, Texas, the Texas Wagon Train Association, Irving, Texas, The American Donkey and Mule Society, Denton, Texas, and the Southwestern Donkey and Mule Society, Kennedale, Texas, will be leaving Monday, May 12, 1986, to join the Sesquicentennial Wagon Train that departed Sulphur Springs, Texas, January 2, 1986, touring and circling the great state of Texas.

Her two mules, Molly and Dolly, will be left at home during this journey, and a much larger team, Mutt and Jeff, and a covered wagon belonging to Clyde

Devers, Booker, Texas, will be engaged for the trip.

Other Rolling Plains Mule Train members participating in this trek around Texas, include: Clyde Devers, Booker, Tx.--J. W. and Dort Jines, and grandson Shorty, Perryton, Tx.--Otto Mongold, Pampa, Tx.--"Hood" Southern, Hooker, Oklahoma--and Eugene Robinson, Booker, Texas.

Mr. and Mrs. Earl Riley, Spearman, Texas, 2 of the founders and only surviving "active" Charter Members of the rolling Plains Mule Train, plan on "catching the Wagon Train at Hereford, Texas, May 15, 1986.

Earl, who currently operates the SOUND TRACK for the Mule Train, adds much to all of the parades in the area; with his clever quips, and keen sense of

humor. He has been wagon master since 1964, and his lovely wife, Hollie, has served as secretary-treasurer for the organization since that time. Hollie will also leave her team and wagon at home this trip, but she and Earl will be among the Wagon Train participants, joining the Texas Wagon Train at Hereford, Texas, through Amarillo, and points East.

The public is welcome to come out and enjoy the festivities when the Texas Wagon Train circles the TSTI grounds in Amarillo, May 17 through May 19. A fantastic time should be had by all during this Panhandle get together, celebrating Texas' 150th birthday!

SEE YOU THERE!!!!

Athletic Banquet

The Athletic Banquet honoring the athletes of Spearman High School for the 1985-86 school year, will be held May 13, 1986 at 7:30 p.m. in the High School Cafeteria. All athletes will be admitted free if they have signed the sheet in the high school office. Athletes not signing, and all others will be admitted for \$4.00.

You can obtain tickets by contacting any of the SHS Cheerleaders or Geri Maize.

Edmond Tornado

Word was received on Friday that Jim David Crawford, the son of Joan and Jeff Hawkins was uninjured in the tornado which hit Edmond, Oklahoma, Thursday night. Jim David said, they saw the tornado coming and he covered his family with a mattress. The roof was damaged plus a 2x4 was driven through the front door of his home.

We thank the Lord that Jim and his family came out of the terrible ordeal safely and without harm.

Give Mom a Hug

New Motto

The Spearman Chamber of Commerce needs your help! We feel the time has come for a new motto for the city of Spearman and our Chamber. In the past we have used "Spearhead of the North Plains", "Go and Grow with Spearman", and, most recently, "Spearman is Someplace Special". The Chamber is sponsoring a contest open to anyone in our community who can create a new slogan to be used in all future events and publicity about Spearman. There will be a \$25.00 prize award to the person who comes up with the winning idea. All entries must be turned in or mailed to the Chamber office at 211 Main St., P.O. Box 161, and must be received no later than 5:00 p.m. on Friday, May 16, 1986. Spearman has an abundance of creative people so we are looking forward to receiving lots of new and unique ideas. Why not enter your slogan today????

Tennis Tournament

On May 24th and 25th, Spearman's Open Tennis Tournament will begin. The Place will be at the Spearman High School's Omni Courts. All proceeds and concessions to benefit Spearman Chamber of Commerce.

The Cost will be \$8.00 per single event, \$16.00 per doubles team. Limit 2 events per person. Starting time is 8:30 a.m. May 24th.

Minimum age is 14 years old and Entry Deadline will be May 22nd, at 9:00 p.m.

Class Divisions will be Men's singles, Men's doubles, Women's singles, Women's doubles and Mixed doubles.

Please send entries with check payable to Spearman Chamber of Commerce, to Jeff Beedy 723 W. 7th, Spearman, Texas 79081.

Please be sure to include Name, address, Doubles partner(s), event and Name, Telephone and seeding information.

Tournament Directors are Jeff Beedy (W-(806) 659-3701, H-(806) 659-3847) or Scott Beedy (W-(806) 659-2518, H-(806) 659-3885)

Everyone is invited and urged to participate in the Spearman Chamber of Commerce Open Tennis Tournament.

Roger Ayres, western artist, announces a one-man show of his cowboy and cow country paintings. The two day show will be at the Gruver State Bank in the La Casita Room, May 15th and 16th. Mr. Ayres will be present both days and invites everyone to stop by.

Hands Around the World

"The exhibition has many surprises for people of every age. For instance, Marcie from Hartley County passes along an old recipe for apple ginger, while Brian depicts the "Ezekiel Airship" which flew in Camp County one year before the Wright Brothers flew the "Kittyhawk".

"Hands Around Texas" will open officially on Saturday, May 3, 1986, at the HANDS AROUND THE WORLD CHILDREN'S MUSEUM, 1010 Pecan Street, Bastrop, Texas, the international headquarters for HANDS AROUND THE WORLD. Among other sites the exhibition is scheduled for the Dallas City Hall beginning September 1st and the State Fair of Texas beginning September 26th. Afterwards, the exhibition will be available for touring the counties in Texas.

HANDS AROUND THE WORLD is a citizenship program for young people throughout the world that features continual exchanges of art work. The program was created in 1975 as a bicentennial project in DeSoto, Texas, and since that time has involved art exchanges by students in more than 76 countries throughout the world.

"Hands Around Texas" is sponsored, in part, by EXECUCOM Systems, Inc. of Austin, in cooperation with HANDS AROUND THE WORLD INTERNATIONAL.

For information about "Hands Around Texas" and HANDS AROUND THE WORLD, please contact Suzie Sarrett, Executive Director, at (512) 321-7929, or write to HANDS AROUND THE WORLD, 1010 Pecan Street, Bastrop, Texas 78602.

Amanda Hiller, Gretchen Lowder Jill Schell, Jennifer Terry and Ashley Wagner of Gruver Jr. Hi, have been chosen to represent Hansford County in the "Hands Around Texas Sesquicentennial Showcase". Their entry in the competition was selected by a panel of judges from among all other entries in their county.

In Lance's watercolor, a Comanche chief, astride his painted pony, surveys from a rise in the land of Andrews County's high plains the furrowed rows of cotton with oil derricks pumping in the distance. In his charcoal, Charles captures the regal lines of the old Baker Hotel of Mineral Wells, while Terry's tempera portrays bluebonnets and the spirit of country life in Travis County.

These are just samples of the subjects documenting the county history of Texas in a special sesquicentennial student art exhibition entitled "Hands Around Texas".

"Hands Around Texas" includes one picture from each Texas County - 254 works selected after more than two years of solicitation and competition by HANDS AROUND THE WORLD INTERNATIONAL.

Brenda Wagner, Chairperson of the statewide project, notes, "The Hands Around Texas" project has been much more than an art competition. The program has invited 7th, 8th and 9th grade students throughout Texas to consider the people, events, and places of historical significance in their county, and that's unusual. County history rarely receives attention."

Heather McRee Honored

Heather Jane McRee

The Alumni Association of West Texas University named Dr. Lester Langley and Mary Ellen Lazenby as its 1986 Distinguished Alumni, Dr. E. R. Worthington as winner of its University Excellence Award, and 19 students as scholarship recipients at its annual Phoenix Club Banquet Saturday night.

Lester D. Langley, a Distinguished Alumnus, now lives in Farmington GA and is professor of history at the University of Georgia. As a teacher and writer, he has devoted most of his time to Caribbean and Latin American history and American diplomatic history. But in recent years he has become a nationally recognized expert in US/Central America relationships.

The Alumni Association's other Distinguished Alumna, Mary Ellen Morgan Lazenby, was selected for her services as a school teacher and a leader in her church and community. Lazenby taught general science and home economics at the junior high and high

school levels in Shawnee, OK, and directed a work activity center for mentally retarded adults.

Dr. E.R. Worthington, a resident of Canyon, was chosen for the University Excellence Award on the basis of his contributions to the university over the years. Worthington is an associate professor in management at WTSU's School of Business and also director of the Small Business Center, founder of the WTSU chapter of the Association of Collegiate Entrepreneurs, and founder and faculty sponsor of the WTSU Flying Club.

Sergio Velasquez, a junior from Dimmitt, won the Weldon Trice Scholarship. Saundra Meek Scholarships were awarded to Beth Brondyke, a sophomore from Canyon; Shane Smith, a junior from Friona; and Melody Cruse, a junior from Turkey.

Other Alumni Association scholarship winners included six students who graduate from high school this spring: Shelley Greenfield from Happy High School, Brian K. Hale and Charlotte Wieck from Hartley High School, Roxanne Halencak from Childress High School, Kym Lee Hyman from Canyon High School, and Heather McRee from Spearman High School.

Also receiving scholarships were Deborah Bromman, a sophomore from Vega; Virginia Coombes, a freshman from Elida, NM; Kevin McAlpin, a freshman from Canyon; Varina V. Morgan, a freshman from Grandview; Regina Villamor, from Kakahu, Hawaii; and Mark Price, a freshman from Amarillo.

Among The Neighbors

Mr. and Mrs. Harry Douglass, enroute from Woody Acres on the Texas Coast back to McCook, Nebraska, stopped over and spent some time with Bruce and Freda Sheets recently. The couples are fishing friends of many years.

Mr. and Mrs. J.D. Floyd left Wednesday for their home in Wildomar, California. They had been here several days during the illness and passing of his father, Virgil Floyd. Other family members who left this week are Mr. and Mrs. Jerry Floyd, Mr. and Mrs. Gary Culp and son, Stephenie Davis, all of Amarillo, Mr. and Mrs. Mike Floyd and family of Van Alstyne, Texas, Mr. and Mrs. Don Floyd of Lubbock will remain here for a while.

Mr. and Mrs. Lowell Denman and Mrs. Matilda Entekin spent the past week-end in Albuquerque. They were guests of Mrs. Entekin's sister, Ottamay Cooke and family. They drove thru rain most of the way.

Mr. and Mrs. J.D. Wilbanks returned Monday from several days in Pawnee, Oklahoma where they attended the Oklahoma Steam Engine Association annual show. Although J.D. didn't take his antique machine, he did demonstrate a 1920 Case for the show. There was a tremendous attendance, from many far-away states. Included among them was the great granddaughter of J.I. Case; she came from Maryland.

Mr. and Mrs. Bruce Sheets were called to Woodward last Saturday by the illness of her brother. Another sister, Mrs. Nina Taylor of Lakin, Kansas also came and assisted in bringing him to Spearman when he had recovered sufficiently. Mr. Orval Newcomb is staying with the Sheets until he is fully recovered from pneumonia.

The staff of the Spearman School annual rate commendation for the 1985-1986 issue. It is an informative, attractive edition.

FFA Banquet Speaker

Odom travelled nearly 20,000 miles speaking to FFA members and supporters, performing administrative duties and serving as a counselor at the state and area leadership conferences. In addition to his leadership achievements, he was also recognized for his accomplishments in his agricultural projects as he was named Area I Star Greenhand, Star Chapter Farmer and Star Lone Star Farmer and was the 1984 Star American Farmer of Texas.

As an active 4-H member Odom qualified for and competed in the state horse judging contest for three years and was active in livestock judging and exhibition and method demonstration.

Not the corporate structure, but the structure itself. The actual buildings of some of the largest corporations in America can be bought by individual investors. Believe it or not, it's not all that hard to get in on the ground floor. Even harder to believe, you don't have to pay top dollar.

You see, at Integrated Resources we take the time you don't have, to do the research necessary to choose the best investments in real estate. We help you decide: things like whether it's better for you to be a landlord, or a mortgage-holder. So you're not left to make these decisions on your own. And when it's time to come up with the money, once again you'll have plenty of company. You'll be putting your money together with all the other investors that are taking advantage of the same piece of real estate.

To find out more about how we do it, give us a call. You'll be surprised by many skyscrapers are within your reach.

Sesquicentennial Celebration Oslo Community

Folks, for a sesquicentennial event that you will remember a lifetime be at the Oslo Lutheran Church May 18, 2-5 p.m. In celebration at the Texas Sesquicentennial and to remember the Norwegian pioneers, you are invited to attend the openhouse Sunday afternoon May 18.

You will see the display of many Scandinavian items, plots of the community and original town site, family histories and photographs. Several of the hosts will be wearing Norwegian costumes.

You will hear an impromptu organ recital of the surrounding area musicians.

There is a pipe organ in the church at Oslo, and the congregation invites all church organists and anyone else interested in organ music, to play the pipe organ during the open house.

The pipe organ was built in the church in 1969, by Robert Sipe, from parts made in Germany. The parts were shipped from Germany in boxes made of solid oak. After the organ was built, some members of the congregation took some of the boxes and made tables from the oak.

The children will want to wear their play clothes so they can participate in the supervised games outdoors.

For refreshments, we will be serving coffee, tea and many Scandinavian cookies and breads, such as Rosettes, Krumkaka, Løse, Fattigmonbakkels, Jule Kaga. Some of these will be demonstrated and cooked so you can see how they are made. Recipe books will be available of the cookies and breads that are being served.

Everyone come and help us celebrate this event. Presstime- -Gotta go folks-

NATIONAL TOURISM WEEK

JOIN THE AMERICAN SOCIETY OF TRAVEL AGENTS
IN CELEBRATING NATIONAL TOURISM WEEK
MAY 18-24, 1986

Spearman, Texas May 18, 1986
Panhandle Travel Service, a member of the American Society of Travel Agents (ASTA), is celebrating the third annual National Tourism Week May 18-24. In observance of this nationwide event, Mae Wofford of Panhandle Travel Service offers some tips to help travelers get the best value when planning a business or pleasure trip.

making Plans
In an increasingly complex travel agent who can sort through the maze of travel options. Travel agents offer a wealth of information on destinations, modes of transportation, passports, visas, inoculations, currency exchange and much more. Most travel agencies are equipped with computerized reservation systems which provide quick access to the best service and fare offerings for their clients.

Even more helpful is a travel agent's ability to coordinate all of this information in the way that is most useful to you. An experienced travel agent will ask what your travel needs are and then match them with the most appropriate travel services available. With all of these resources on hand, and the experience to properly manage them, a travel agent can save you time, money and frustration.

choosing a Travel Agent

Because successful travel agents rely heavily on repeat business, one good way to find a travel agent is to ask for the recommendations of your family, friends and co-workers. Also, check to see if the agency is a

member of the American Society of Travel Agents (ASTA), the largest travel trade association in the world representing more than 23,000 travel professionals around the globe. To be a member of ASTA, a travel agency must agree to comply with the Society's strict Principles of Professional Conduct and Ethics—guidelines designed to protect the traveling consumer from unethical business practices.

before you go

Before departing on your next trip, advise your local police or a trusted neighbor of your planned absence and ask them to check your premises while you are away. Be sure to cancel your newspaper service and stop all mail delivery for the duration of your trip.

Check to see if your insurance policy extends coverage that will be adequate during your travels and, if appropriate, in destinations outside of the United States. Make a list of all the things you plan to take with you; if your luggage is lost or stolen an inventory will help when you file an insurance claim. Also, be sure to ask your travel agent for information about travel insurance.

Travel Documents

Be sure to make several photocopies of your itinerary, tickets and other travel documents including you passport. Leave on copy at home with a friend or relative and keep one copy with you, separate from the originals.

Health

If you are traveling with prescribed medication, be sure to pack an adequate supply in the original container and bring a copy of the prescription. If traveling outside of the U.S.* your travel agent may be able to provide you with information about carrying certain drugs abroad.

Packing

The most experienced travelers always find it prudent to pack as lightly as possible. Use sturdy luggage and label it both inside and out with your name, address and phone number. You may want to use your business address and phone number to avoid advertising an unoccupied house.

Shopping

Do some comparative shopping before you leave home for any items you plan to purchase during your trip. This exercise will help you determine the real value of any bargains you may find. Pack a lightweight collapsible tote bag to carry the purchases that cannot fit in your luggage.

If traveling overseas, ask your travel agent about registering your valuable jewelry, furs, cameras or any any other foreign-made articles with the U.S. Customs Service before you leave to avoid paying duty on them upon return. Try to pack all of your new purchases in one bag and all your receipts in one envelope to facilitate customs inspection when re-entering the U.S.

During Your Trip

Remember to reconfirm your airline ticket and hotel reservations upon arrival at each stopover of your trip. Do not leave cash, jewelry, camera equipment or any other valuables in your hotel room while you are out. Instead, store them in the hotel security vault.

For More Information

If you anticipate taking a vacation or business trip, contact (Your Travel Agency) for assistance in booking your airline tickets, hotel, car rental or any other travel accommodations necessary.

Letter to the Editor

Our short visit to Spearman was one of our greatest. May Lynn Shurbert helped to make it so along with Mr. Clay Gibner. Our supper at the Golden Spread was delicious. We were able to see several we knew.

I always try to see Ray Robertson. Had Ray not stopped by when Billy Brandt and I were completing a T.V. Antenna tower, I would have climbed up the tower and would have had a leg torn off when Billy dropped a 21-foot piece of pipe down the center.

Mr. Gibner took time on Wednesday to show us the most beautiful bank we ever saw - inside and out. Margaret Evans, one of my great students when I taught in Spearman high and a friend of my wife Lois, was there to say hello and see what we saw.

I was fortunate having been able to work with so many great teachers having so many great parents and students made up the difference a teacher received in pay. While I taught vocational agriculture, some of my students

made more money raising wheat. I received \$1500 for 12 months work but I enjoyed it!

With the help of Gariand Head, the coach we built the first seats for the football field with the help of my shop class.

Garland Head and Ladd Mathews were two of the greatest coaches with whom I ever worked.

M. G. Gunter, Jr. Parseppany, N.J.

Where?

There must be a lot of good in some people, when you consider how little has ever come out of them.

Services Held

Services for Jack R. Giblin, 41, were held on May 7th at 3 p.m. in Old Hansford Cemetery in Spearman with the Rev. Merle Weathers, of Canyon, officiating. Arrangements are by Minton-Chatwell Funeral Directors.

Mr. Giblin died Monday. Survivors include his wife, three sons, his parents and two sisters.

TOPS Met

Tops #1245, Spearman enjoyed the new meeting place, Boyd's Beauty Salon, with Leader, Marion Rogers calling meeting to order.

We started off the night great with a new member joining and 4 members present.

Sherry Shields recorded each members weigh-in and called roll. Kathy Biggs was awarded the Tops Basket and led the Tops Pledge.

Marion Rogers was awarded the Kops basket and led the Kops Pledge.

Ivan Allen gave treasurer report.

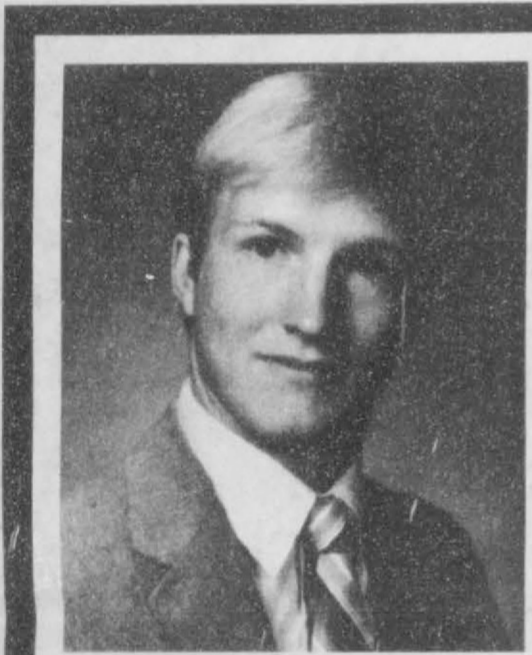

The Tops First Banquet will be held May 31st in the home of Ivan and Delbert Allen.

Work night and other Banquet duties were discussed. Banquet night is for the awarding charms and anyone who graduates from Tops and Kops or someone graduating from Kops and Kiw. If you want to know what the abbreviations are, just come by for a visit to see if you would like to join Tops at Boyd's Beauty Salon, 310 W. 4th.

Have a nice week and watch what you put to those lips.

Superintendents' survey details education reforms' financial impact

By KARI FLUEGEL
Ogden-News Staff Writer

No-pass, no-play and the Texas Examination of Current Administrators and Teachers are the most well known of the education reforms from House Bill 72, but funding the mandate hit the hardest.

Superintendents of Panhandle school districts Wednesday released the results of a survey of 30 school districts, 4A and below, detailing the financial impact of House Bill 72 and its many mandates on small rural school districts.

"It's been detrimental to all of us," said Jack Shanks, superintendent of the Sunray Independent School District.

The survey is an attempt to make the public aware of what the reforms have done to the district's bank accounts.

Some researchers say it will take \$2,100 per Average Daily Attendance to fully fund House Bill 72, Shanks said. School districts now get \$1,300 per ADA, he said.

"Money is definitely a problem," said Larry Butler, superintendent of the Spearman Independent School District.

According to the report, the 30 districts included will contribute an estimated \$8,969,258 for operating costs in 1988-89, a 119 percent increase from 1983-84. The state will pay to the 30 districts an estimated \$6,546,148 for operating costs, a 40 percent increase, in 1988-89.

The actual operating costs for the districts in 1988-89 is an estimated \$18,214,637, a 33 percent increase. At the same time taxable values are expected to decrease 23 percent to \$744,952,801.

The report also estimated that the 1988-89 tax rate to cover the cost of the operating expenses increase in rise to an average of 94 cents per \$100 evaluation, from 65 cents in 1983-84.

The report also estimated that the 1988-89 tax rate to cover the cost of the operating expenses increase in rise to an average of 94 cents per \$100 evaluation, from 65 cents in 1983-84.

The report estimates that the ADA will drop from 16,299 in 1983-84 to \$15,955 in 1988-89, but as the number of students drops, the cost of educating them increases.

The actual cost per student in 1983-84 was \$3,418, but in 1988-89, the report estimates the cost to be \$4,633 per student.

The actual cost per student in 1983-84 was \$3,418, with \$985 provided by state funds and \$2,433 provided by local funds. The taxable value per student is \$200,067.

In 1988-89, it will take about \$4,633 to educate each student, with \$1,057 provided by the state and \$3,576 provided by local funds. Taxable value is estimated at \$157,689.

The figures do not include the cost of debt re-payment or new construction.

State Sen Bill Sarpalius, D-Canyon; State Rep. Buck Buchanan, D-Dumas; and Dick Waterfield of Canadian, Buchanan's republican opponent in the November election, were at the meeting to respond to questions and comments from superintendents.

Sarpalius said that according to the latest figures from the Texas Education Agency, 48 of the 89 school districts in his legislative district received more money as a result of House Bill 72, while 41 received less money.

"Yes, we are getting a lot more money, but we're expending more too," said one superintendent. About 26 of the 30 school districts expect to lower the amount paid to teachers above state minimum salary, and career ladder costs for 1988-89 alone will be \$533,822 more than state funds provide, according to the report.

One superintendent referred to the career ladder as a thorn in his side because local school districts cannot afford funding the program for all those eligible.

"I've never seen morale so low," he said.

Education once was a cooperative effort, but now teacher is pitted against teacher in competition for the limited career ladder funds, he said.

"Please put no more regulations on us that you can't fund," said he said.

"We get so tired of being over-regulated that we can't run school," another said.

Sarpalius said he feels the bill will undergo some changes in the next legislative session.

Buchanan encouraged the group to increase public awareness regarding the impact of the bill. Waterfield said the group should come up with some alternate plans to present to the legislature.

The survey was developed and compiled by Orville Latham, Business manager of Spearman I. S. D. The initial committee

consisted of Mr. Latham, Mr. Larry Butler, Superintendent of Spearman I.S.D., Mr. Jack Shanks, Superintendent of Sunray I.S.D., Mr. Don Dorman, Supt. of Vega I.S.D., Mr. Tom Jarbo, Supt. of Friona I.S.D., and Mr. Robert Ryan, Supt. of Dimmitt I.S.D.

The primary purpose of the study was to inform the local communities of the devastating effect H.B. 72 is having on communities across the Panhandle.

Supt. Larry Butler said, "People in the Panhandle should be informed of what the legislature has done to them financially and how local control is being carefully extracted by power-hungry state leaders."

New Fitness Classes At The Y.M.C.A.

A water aerobics class will be taught by Wanda Archer again this summer. It will start as soon as the swimming pool is ready in June. It will be from 5:15 to 6:15 on Wednesdays and Fridays. This class is excellent for people who have excess weight, for people who have problems with their feet/legs and can't stand the pounding of regular aerobics, and for people who want an easy, cool way to tone and shape up. It has a 25 minute aerobic section which keeps the heart up in its working range (which burns fat) and the rest is "floor exercises" adapted to the water. You do not have to know how to swim as the head is never under the water and no exercise is done in water any deeper than shoulder height. The heart rate is monitored during the aerobic phase of this class to

make sure it is in the right range. The Tuned Up Fitness/Power Aerobics class will be offered on Tuesday and Thursday from 6:30 to 7:30 and Saturdays from 9:30 to 10:30. It will be taught by Wanda Archer, assisted by Dixie Burch. It will involve approximately 25 minutes of aerobics upstairs and then a dash to the weight room downstairs where class members will move from "station" to "station" - alternating weight lifting (involving every part of the body) with short bursts of aerobic exercise on mini-trampolines, the bicycle, running in place, etc. This is claimed to be the best to shape the body and lose weight in the shortest period of time. Call the "Y" and sign up for either or both of these classes. The Tuned Up Fitness/Power Aerobics class will be ready to go sometime this month.

American Cancer Society

The American Cancer Society (ACS) has some words of warning for Texans looking forward to spending time outdoors during the long days of summer.

If you fry now, you may pay later, the Society cautions, because every exposure to the sun ages and damages skin. Skin cancer is the most serious form of "payment" for sun worshippers. More than 400,000 new cases of skin cancer will be diagnosed this year. While the vast majority are highly curable, the problem itself is largely preventable by exercising good sense and taking simple precautions.

"Young people, especially, are unaware of the cumulative amount of damage they are getting when they get too much sun," said Linda N. White, R.N., Houston, Chairman of the ACS Texas Division skin cancer program development committee. "They think because nothing happens this year, or in five years, that everything's okay."

"Also, a lot of people are unaware of the damage done other than skin cancer...wrinkles, drying out, the aging process," White added.

"Geographically, skin cancer is more prevalent in the Sun Belt, and because we are in the Sun Belt, people are at higher risk," White said.

Also at higher risk for developing skin cancer are people with lightly-pigmented skin, people who work or spend a great deal of recreational time outdoors and workers exposed to coal tar, pitch, creosote, arsenic compounds or radium. As with many other cancers, risk increases with age.

Because skin cancer occurs more frequently than any other type of cancer, it is important to recognize its warning signals: a sore that does not heal; any unusual skin condition, especially a change in the size or color of a mole or other darkly pigmented growth or spot.

To reduce the risk of damage from too much sun, the Society advises Texans to:

*Cover up - wear hats and protective clothing;
*use sunscreens - apply sunscreen at least an hour before going into the sun and again after swimming or perspiring heavily;

avoid the midday sun - between 10:00 am and 3:00 pm the sun's ultraviolet rays (the ones that do the damage) are strongest;

*don't use indoor sun lamps, tanning parlors or tanning pills

In addition to taking precautions in the sun, the Society recommends monthly skin self-exams to note any changes in moles, blemishes or birthmarks.

For more information, contact your local American Cancer Society office.

Your troubles don't interest other people.

Camping out during summer is a great sport for those who enjoy it.

Swimming is a good sport for those who can stay afloat.

Death takes no holidays--watch your driving at all times.

"Fitness Revolution" At The Y.M.C.A.

Attending the Y.M.C.A. fitness instructors' certification clinic in Dumas last Saturday were Wanda Archer, Judy Davis, Stephanie Crossland, Lynn Archer, and Dixie Burch. The national Y.M.C.A. is moving toward requiring all its fitness instructors to take a certification clinic, have a current CPR card, and pass a written test at the clinic. The clinic had classes on nutrition and weight control, prevention of injuries, components of an exercise class, and a short history of the YMCA.

Demonstration exercise classes were conducted with all instructors participating in three one-hour classes during the day. Offered were: Water Aerobics; T.U.F./Power Aerobics (a coed class combining aerobics with interval training using weight machines); Fitness plus (a class using choreographed aerobics and floor exercises for women); Total Fitness a coed class combining a short period of vigorous aerobics with a

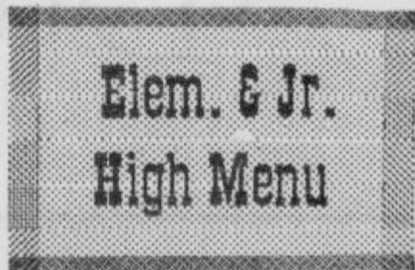

long period of intense floor/spot exercises.)

The ladies from Spearman all passed the written test and are duly certified to teach fitness classes at our "Y". Judy Davis teaches a 45 minute Fitness plus class for women Monday through Friday from 8:30-9:15. A nursery at the First Baptist is available. Stephanie Crossland has recently started a 45 minute noon Fitness Plus class at 12:05. This is ideal for working women who do not want to spend evenings away from their families. Wanda Archer presently teaches Fitness Plus classes on Monday, Wednesday, and Friday from 4:15 to 5:00 for women and Tuesday and Thurs. from 6:30 to 7:30 and Saturday morning from 9:30 to 10:30 (coed). In all these classes the heart rate is monitored carefully and very closely to make sure it is high enough for a good cardio-vascular workout but not dangerously high. Judy Davis, Christy Brock,

Wanda Archer and Lynn Archer will attend an all-day National Dance Exercise Instructors' Training Association certification clinic at the Y.W.C.O. in Amarillo Saturday the 17th. This also involves passing a written test over material given in lectures. Participants will learn and do exercise routines for about 3 hours of this day. Christy Brock presently teaches a Total Fitness class on Monday, Tuesday, Thursday from 5:30 to 6:30 and Saturday from 8:30 to 9:30. This is a coed class with a short period of vigorous aerobics and a longer period of intense floor/spot exercises.

All of these classes are included in a "Y" membership which is \$60 for an individual and \$120 for a family. If you are not a member, each class is \$20 per month. These memberships may be paid out. Call 2591 for more information about the "Fitness Revolution" at the Hansford County Y.M.C.A.

Let the Bible Speak

By David V. Fultz,

evangelist, Church of Christ

Jesus said, "Heaven and earth shall pass away, but my words shall never pass away." Matt. 24:35. In the nineteenth century it was the boast of Voltaire that while it required twelve men to write Christianity up, he would prove that one man could write it down; and set himself to the task; but even the printing-press on which at Ferney he published his virulent attacks, was afterward employed at Geneva for printing the Bible. He should have known better for at the end of the third century Diocletian sought to stamp out the Bible by having everyone put to death who was found with a copy or possessed knowledge of those who did have a copy. Yet Constantine a few years later, when asked for copies

of the Bible within a short while produced fifty that were intact. God is surely keeping His word, and no attack of many can destroy.

Other than Voltaire many other pseudo scientists have made their attacks against the Bible, but it continues on, among the best sellers of any book in the world while the works of these men either pass into oblivion or are proved false. Indeed we welcome these attacks because, "The more the truth is rubbed the brighter it will shine." The Bible is much like the anvil that wears out the hammers.

"Last eve I passed beside a blacksmith's door And heard the anvil ring the vesper chime;

When looking in, I saw upon the floor, Old hammers worn with beating years of time.

"How many anvils have you had, 'said I, to wear and batter all these hammers so?' 'Just one,' said he; then said with twinkling eye, 'The anvil wears the hammers out, you know'. 'And so, I thought, the anvil of God's word for ages skeptics' blows have beat upon; Yet, though the noise of falling blows was heard, the anvil is unharmed-the hammers gone!"

Be strong and of a good courage; be not afraid, neither be thou dismayed.
