DOUBLE WINNER--Mrs. Earl Archer receives \$100 from Ray Gibson of Cut Rate Grocery. She won the money in a contest at the store. This is the second \$100 prize she has won in contests at the store. She won the can of corn when she came to get the \$100 prize. Plainsman Photo

Mrs. Earl Archer Finds 'Royal' Card for \$100

The third \$100 winner in the Shurfine Royal Recipe contest was named Friday at Cut Rate Grocery, sponsor of the contest.

Mrs. Earl Archer came up with the hard-to-find recipe card that had the word "Royal" on it. This card gave her the three that read "Shurfine Royal Recipe" and made her a \$100 winner.

This is the second time Mrs. Archer has been a \$100 winner in a contest at Cut Rate. Last year she won \$100 in the baseball contest con-

ducted by the grocery store. In that contest shoppers had to collect cards with all nine positions on a baseball team. Left fielder was the scarce position.

Mrs. Archer said she came up with that position early in the contest and had to wait on some of the others.

When she came to the store Friday to bring her winning cards and collect her \$100, she bought some more groceries and received another recipe card. This card was good for a can of corn.

With five children still at home, Mrs. Archer makes many trips to the grocery store. "I guess I have about 60 of these tickets." Shoppers get one ticket with each trip to the store.

"That family of mine are particular eaters and there are just two or three brands of things they will eat, Shurfine is one of them," Mrs. Archer said.

Kindergarten Enrollment Set

Enrollment for kindergarten will be Sept. 13 at 9 a.m.

Children enrolled with Mrs. Fred Hoskins will meet at 724 S. Townsend and those with Mrs. Jess Womble at 822 S. Bernice.

The teachers ask that the children be accompanied by their mothers, lists of supplies needed will be given out that day.

Two Morse Students Attending Institute

Suzanne Dixon and Sylvia Parks of Morse, Texas are among nearly 1,000 "youth scholars" attending the 37th American Institute of Cooperation at the University of Missouri, August 8-11. Representatives of 16 youth organizations are taking part in the event, one of the nation's largest agricultural business meetings.

Co-chairman of the youth meeting, Miss Joyce Thompson, a 4-H club member from Warroad, Minn., told the young people: "You share the challenges of science and technology, of Communism, of America's own permanent revolution, of the awakening peoples, and of international cooperation."

She added, "You must cooperate with others to meet these challenges."

Also serving as co-chairman is Kenneth H. Kennedy, Cadiz, Ky. He is national president of the Future Farmers of America.

"The 23,000 farm cooperatives are a vital factor in the present economy and in the future of rural America. They constitute a bulwark of strength during this critical period of change and adjustment," according to Phillip Alampi, secretary of agriculture of New Jersey. He was keynote speaker.

In addition to hearing speakers from across the nation, the "youth scholars" took part in discussion groups, tours of farms and cooperatives, recreation, and fellowships.

Two general sessions of the

AIC meeting were devoted to the young people. During one session the young leaders of 16 rural youth organizations were interviewed.

One Rural Accident In Month of July

The Highway Patrol investigated a rural traffic accident in Hansford County during the month of July, according to Sergeant W. J. McLean, Patrol Supervisor of this area.

This wreck accounted for one person injured and an estimated property damage of \$300.00.

The rural traffic accident summary in Hansford County for the first seven months of 1965 shows a total of 5 crashes resulting in 9 persons injured, and an estimated property damage of \$6,400.00.

"Schools days" are almost here again. Many of the schools in this area will be starting their classes before Labor Day. Many drivers have become accustomed to ignoring school zones and signs during the summer months with the thought, "Why bother school's out anyway." But now the time is rapidly approaching to start paying close attention to signs warning of school zones and school buses.

Many parents will attempt to make the Labor Day weekend their final vacation outing. The Sergeant stated, "Don't let this final outing be fatal." Thirty-nine lives were lost in traffic over the Labor Day week-end in 1964.

Choir Will Sing Here August 19

A choir of 15 boys and 13 girls from the Highland Baptist Church in Waco will appear here as one of their stops on a summer concert tour.

The group are presenting programs in churches and hospitals throughout the state. The members of the choir will stay with members of the church Thursday night.

PAIN...
the early warning system

Pain functions as the body's early warning system. When an external injury occurs, the brain receives the pain "alarm". Blood is routed to the main internal organs. This happens at once, but pain often lingers on. Because of this, modern medicine is continuing its fight against prolonged pain. The next time your doctor prescribes for you, rely on our Rexall Pharmacist to fill your prescription accurately and promptly.
