

Death Claims Mrs. Merritt, Civic Leader

COLORADO CITY — Death today claimed Mrs. J. G. Merritt, one of the outstanding church and club leaders of this city for many years.

Mrs. Merritt, 81, succumbed at her home. She had been in declining health for several months.

She was born Dec. 26, 1873, in Burnett County, member of one of this section's most prominent early-day ranch families. She came to this area with the family when she was 10, when Arnett became a rancher in Coke County. The family later moved to Seven Wells in Mitchell County, where Mrs. Merritt went to school and joined the Methodist Church. The family later moved to the Rendelbrook Ranch about 20 miles southwest of Colorado City. In 1892, the Merritts were married at the ranch home.

Mrs. Merritt became known throughout West Texas for her activities in the Methodist Church, and in women's clubs activities. A Gold Star Mother, she was one of the first presidents of the local American Legion Auxiliary and a past state chaplain. She was a charter member of the Hesperian Club, a past president of the Mitchell County Federation of Women's Clubs, and was a district and state chairman in the Texas Federation. She was a Conference officer in her church, serving as its secretary for years. She maintained an active interest in all her organizations until recent illness confined her to her home.

Funeral services will be announced by the Kiker & Son Funeral Home here. Burial will be in the Colorado City Cemetery beside the grave of her husband.

She is survived by four sons, J. F. (Jack) Merritt, D. M. (McCall) Merritt, John Tom Merritt, all of Colorado City, and Rod Merritt of Lubbock; three brothers, Sam C. Arnett of Lubbock, D. N. Arnett of Kansas City, and Dudley Arnett of Lamesa; and five sisters, Mrs. Eugene Curry of Plains, Mrs. A. F. Currie of Plainview, and Mrs. Floyd Beall, Mrs. Granville Johnson and Mrs. T. W. Stonerod, all of Lubbock.

Much Of U. S. Gets Showers

Scattered showers were reported in many parts of the country today on the last day of spring. Warm weather continued over most of the East and South, but cooler air was moving southward over the plains and the upper Mississippi Valley.

Rainfall was reported from such widely separated points as Eldorado, Ark.; Lincoln, Neb.; Des Moines, Iowa; Elmira, Ohio; and Houston, Tex. Most of the rainfall amounts were less than a quarter of an inch.

Cold Horse Is Happy Horse

EDINBURGH, Scotland — A cold horse is a happy horse, a court decided yesterday.

The Scottish Society for the Prevention of Cruelty to Animals charged that Donald Bowles, director of Edinburgh Zoo, caused unnecessary suffering to five old horses by keeping them out in the snow last January.

But the Earl of Rosebery, president of Scotland's Royal Zoological Society and one of Britain's best known race horse owners, testified that horses like being out in the snow.

"Cold weather is much better for them than warm weather," he said. "They are not so worried by flies and insects."

The earl, twice owner of the Epsom Derby winner, said he keeps his hunters and thoroughbreds out all the year.

The sheriff's court dismissed the case.

Why keep old horses at a zoo? They are slaughtered and fed to the lions.

Mayor's Insulted At Unfashionable Note

ALMELO, Netherlands — The mayor of this thriving textile center was glad to give his picture to a business magazine to illustrate an article on his town.

Now Burgomaster J. M. Ravestout is considering legal action. For the picture, after helping publicize the town as originally planned, found its way to other hands.

Ravestout opened a men's fashion magazine the other day to find himself beneath a caption drawing attention to lack of harmony between the tie, shirt and suit he wore that day.

Said the caption: "Not fashionable."

August Draft Quota Set At 550 Men

AUSTIN — An August draft call for 550 men was announced today by State Selective Service.

Strike Idles Streetcars

Dozens of streetcars sit idle in one of the Los Angeles Transit Lines' main switching yards as 2,600 employees of the line went on strike over wage demands. This picture was made during what would have been a busy time of the morning for the streetcars.

Russia, West Near Agreement On Big 4 Parley Arrangements

SAN FRANCISCO — Russia and the Western Powers were reported to have reached virtual agreement early today on arrangements for the top-level talks in Geneva next month.

Informed quarters said Soviet Foreign Minister V. M. Molotov told the Western diplomats at the end of a four-hour meeting that at first sight he saw no reason to object to a series of proposals they had agreed on in New York last week.

He was understood to have told them he would study the proposals more carefully and give his reply in a day or two. The Western foreign ministers apparently were so certain of his acceptance that no further meeting was arranged.

Diplomats at the meeting said Secretary of State John Foster Dulles, British Foreign Secretary Harold Macmillan and French Foreign Minister Antoine Pinay had proposed that:

1. The purpose of the "summit" meeting should be to ease world tension and not to negotiate the settlement of specific problems.
2. The meetings should last from four to six days.
3. President Eisenhower should be the first presiding officer, to be followed by French Premier Edgar Faure, British Prime Minister Sir Anthony Eden and Soviet Premier Nikolai Bulganin.
4. The meetings should be held in the Palais des Nations, U.N. headquarters in Geneva, and that the U.N. should be requested to service the sessions.
5. No council of foreign ministers should be held before the chiefs of government met.

The four foreign ministers will have dinner together tonight with Pinay as host, but no serious discussions were planned.

These developments came as the U.N.'s 10th anniversary meeting got down to its long program of speeches on the world outlook.

Macmillan was scheduled to deliver a policy declaration for Britain—the first major foreign policy pronouncement since last month's British elections.

President Eisenhower's opening address was praised by other delegates as excellent and inspirational.

The President, speaking yesterday afternoon, pledged that he would uphold the principles of the U.N. Charter at the Geneva conference. He declared this is a "season of high hope" for world peace.

FOUNDATION

Program To Lure Industry Is Begun

Chamber of Commerce directors turned on the switch Monday to start machinery rolling toward an industrial foundation.

The board directed the industrial committee to proceed with a suggested form of organization for a foundation. The plan then will be submitted to the board of directors for formal action, possibly at the July 11 meeting.

In addition, the directors approved expenses of the manager and the industrial committee for making surveys and studies incidental to the preparation of recommendations to the board of directors regarding the foundation.

Both of these steps came after a discussion of the foundation idea as a follow up to the previous discussions. One of these included a visit by R. L. Hunt, Kilgore Chamber of Commerce manager. Hunt had detailed how the foundation plan had worked in Tyler and Kilgore.

Monday was membership night also, and E. L. Gibson cautioned that the idea of a foundation should not take the place of local initiatives in exploiting local resources for local industries. Several others spoke, pointing to the wisdom of diversifying economic support through industries.

Loyd Wooten, secretary of the central division of the U. S. Highway 80 Association, appealed for more action to stimulate tourist trade. Tourist dollars are fresh dollars and stimulate trade as few other things, he said. He told of plans

for signs along U. S. 80 to point out it is the safest and fastest route between El Paso and Fort Worth.

Wooten also reported on Andrews' progress day which was held last Saturday. This is an annual event which allows that community to dramatize its gains during the past year, he said.

Manager J. H. Greene reported Dan Krause, chairman of the membership and reevaluation committee, was about ready to launch a campaign to seek equalization of membership dues. He also reported on the recent Texas Chamber of Commerce Managers Convention in El Paso, where he completed his year's work as president of the association. In keeping with the industrial idea, he said speakers there had said "industry is coming to Texas if we will let it."

Also in keeping with the industrial theme, Jack Roden served Coca Colas to the group, fresh from the Texas Coca Cola bottling plant, a local industry which employs 32 people in Big Spring and turns out 144,000 bottles per 8-hour day. This is the same plant which had the highest per capita sales output of any in the southwestern territory last year.

Gen. Taylor Arrives To Take His New Post

LISBON — Gen. Maxwell D. Taylor arrived by plane from Madrid today, en route to Washington to take over his new post as chief of the U. S. Army general staff. He was accompanied by his wife and members of his staff.

Archina, an Italian immigrant, was convicted March 17.

Herndon, Lewis, Froman and Vaughn were placed under recognition to appear in the Seurry and Mitchell courts. McMorries is in the state penitentiary serving a five-year and two three-year sentences set after convictions on theft charges.

The earlier charges against McMorries and the other defendants, as well as the indictments returned recently, resulted from a months-long investigation of Martin County's financial affairs last year. The probe started when the county ran 6% of funds was unable to meet its payroll in June, 1954.

Several indictments still are pending in 32nd District Court at Sweetwater, including some against Whit McMorries and M. H. McMorries, brothers of the former judge.

Death Sentence Assessed Slayer

DENVER — Francesco (Frank) Archina, 22, was sentenced yesterday to die in the Colorado State prison chamber during the week of Oct. 2 for the shotgun slaying of his mother-in-law, Mrs. Elizabeth Maeri, 60.

Dist. Judge Edward J. Keating imposed the penalty after denying him a new trial.

Changes Of Venue Ordered In Martin County Theft Cases

STANTON (SC) — Changes of venue were ordered here this morning on 11 indictments against a Martin County official, three former officials and a Stanton contractor.

All of the indictments, returned recently by the Martin County Grand Jury, allege theft of public funds.

Cases against two of the defendants were ordered transferred to the Seurry County District Court and indictments against the other three were sent to Mitchell County.

Abilene Man Named Baylor Registrar

WACO — Baylor University announced today Alton B. Lee of Abilene had been named as registrar of the university.

He succeeds Lt. Col. Truett K. Grant, who resigned to return to the armed services.

Lee currently is registrar and professor of education at Hardin-Simmons University.

House Rebels Plot Reserve Bill Vote

Peron Keeping In Background During Cleanup

Buenos Aires, Argentina — With President Juan Peron keeping to the background, Maj. Gen. Franklin Lucero continued today to direct the campaign to restore full peace to this nation left tense by revolt.

The balding, square-jawed army minister, holding the top role in the post-revolutionary period, said again in a communique early today that the situation is "steadily normalizing without any inconvenience."

(News dispatches from Argentina have been subject to censorship since last Thursday's revolt by navy fliers and Marines. Argentine refugees in Montevideo, Uruguay, believe negotiations are now under way in Buenos Aires to set up a three-man junta—including Peron—to rule the nation.)

The first American casualty of last week's brief but bloody fighting in the capital was reported last night. He was Graham E. Tule, a Detroit industrial engineer employed by the Kaiser Motor Corp.'s new Argentine subsidiary. Company officials found and identified his body in a city morgue yesterday. They said a bomb apparently had dropped near him.

Nehru Bids For Bulganin Visit

MOSCOW — Prime minister Nehru announced today he has invited Soviet Premier Nikolai Bulganin to visit India and Bulganin has accepted.

The Indian leader said no date has been set for the visit, but that it is usual for foreigners to visit India in the winter. The implication was that Bulganin would not make the trip this summer.

Nehru made the announcement at a news conference in the Spiridonovka Palace immediately after talking with Bulganin in the Kremlin.

He went from the news conference to talk at a mass rally in the Dynamo Stadium, where more than 100,000 Soviet citizens heard the first public address made in Moscow by a non-Communist statesman since the 1917 revolution.

Nehru declined to reveal the specific topics of his talk with

Goes Back To Subcommittee For 'Study'

WASHINGTON — Rebellious members of the House Armed Services Committee today blocked quick action on a new military reserve bill and sent it back to a subcommittee for further study.

By a 16-14 vote the committee decided to give the subcommittee five days to work on the new version of President Eisenhower's "vital" reserve program. The vote came after subcommittee Chairman Brooks (D-La.) complained his group was being bypassed.

Chairman Vinson (D-Ga.) had called for a compromise measure today on a compromise measure he is sponsoring. He said House leaders wanted to get it to the floor by Thursday.

Eisenhower has called for public support for a strengthened reserve which he said is necessary for the country's defense.

Vinson called the committee together for action on his compromise, shorn of an anti-segregation feature and other controversial elements.

The House stalemated over an original measure which, in expanding the reserve, would permit assignment of reservists to understrength National Guard units. The impasse came when the House voted to bar such assignments to National Guard forces practicing racial segregation.

Vinson tried to fight off sending his bill to subcommittee by telling members they could amend the measure today. But the committee adopted Rep. Van Zandt's (R-Pa.) proposal for a five-day study.

This means the measure probably will reach the House early next week.

Vinson said he had not consulted the Pentagon or the White House in preparing his compromise proposal.

Brooks said the Vinson bill is "a watered down version," and Rep. Wirth (D-Wyo.) said: "I don't think this will accomplish anything on earth except to make servicemen mad."

Rep. Arends of Illinois, House Republican whip, complained that no representative of the Defense Department was present "to tell us whether the Pentagon can live with this bill or not."

The President, who several times has provided Congress with action on what he called "vital" program to strengthen the military reserves, has indicated he regards the anti-segregation amendment as out of place in legislation of this sort.

However, the new bill introduced yesterday by chairman Vinson (D-Ga.) in an effort to break a month-long House deadlock, would eliminate some of the things Eisenhower asked for, notably authority to recruit a special corps of teen-age trainees.

After the compromise bill was introduced House Republican Leader Martin of Massachusetts endorsed its "fundamentals" and predicted House passage.

There was some indication of displeasure within the Armed Services Committee over the way Vinson went about offering his bill. Some members complained they were not consulted.

Legislation to build up the reserves has been at dead center since last month when the House adopted an amendment to bar the assignment of reservists to National Guard units that practice segregation. The Senate Armed Services Committee has declined to move until the House has completed action on a reserve bill.

Vinson got around the segregation issue by striking all mention of assignment of reservists to Guard units.

Reds Seeking To Upset Law, Order

SINGAPORE — Malaya's Communists are driving hard to upset law and order in this rich British crown colony.

Strikes are spreading. Rioting is being fomented. Communist-inspired Chinese high school students are openly defying the police.

Businessmen in this great Far Eastern port city—one of the world's busiest—fear the future with undisguised fear and skepticism.

The 17,000 whites on Singapore Island are beginning to fear for their lives.

A storm of protest is rising swiftly against the new Labor Front government headed by David Marshall, a Singapore attorney. Civic organizations and individuals are demanding that industrial unrest be curbed lest this rubber and tin metropolis become a "lawless city."

Of the city's 1,167,000 people, 910,000 are Chinese. Marshall, with an eye to elections four years hence, is reluctant to hit troublemakers hard—and most of them are Chinese. He says now is the time for "harmony" rather than warring the students who, siding with strikers, have spearheaded rioting the hostile demonstrations against the government.

Sparking the threatened violence is the most intensive subversive campaign the Red Chinese underground has waged on the island colony since it unleashed guerrilla warfare in the jungles of upcountry Malaya in the spring of 1948. The Communists apparently feel that Marshall's "go easy" policy leaves the door wide open to a determined effort against law and order.

On the Malayan mainland, the Communists have slackened direct armed attacks on villages, towns, highways and convoys and communications. But in Singapore they appear set upon getting the upper wind by vile and subversive tactics. They are infiltrating labor unions and student groups.

About 7,000 of the 60,000 students in private Chinese high schools form the hard core of resistance to the government. They lead the open defiance of police orders, march in picket lines, urge strikers to fight on until their demands are met. When the government threatened to expel ringleaders and close three of their schools, the students threatened "serious trouble" and the authorities backed down.

Police finally did arrest 127 pickets for obstructing them. But big gatherings of students and strikers still go on.

The students say they want no interference with the Red Chinese doctrines they are being taught in many of their classes. They have forced teachers to quit when they tried to teach courses prescribed by the government. They have staged "sit-in" strikes or refused to attend classes.

The government, which pays for part of the instruction, feels English and principles of democracy must be taught. But Marshall and his ministers haven't found a way to see that it is.

Marshall's young regime also is being plagued by spreading industrial unrest which at times threatens to paralyze the city's transport and commercial life. As fast as one walkout appears settled, another is started. A general strike last week brought out less than a seventh of the colony's labor force. But the unions made clear they would try again.

SINGAPORE

Jelke Finally Enters Prison

NEW YORK — Mickey Jelke finally went to Sing Sing prison today.

His trip up the Hudson, along with 11 other prisoners destined for the penitentiary, came after two long compulsory prostitution trials and lengthy legal maneuvering.

Since his second conviction, the 25-year-old heir to a multimillion dollar oleomargarine fortune has been in city prison seeking release on bail pending further appeals.

A few days ago, however, his bail plea was rejected and he was ordered taken to Sing Sing for his twelfth year term.

Handcuffed to another prisoner, he walked to a prison van this morning. He gazed straight ahead and ignored shouts from news photographers who wanted him to look in their direction.

The prisoner handcuffed to him looked at the photographers and grinned.

Jelke was convicted of living off the earnings of one woman he induced to take up prostitution, and of attempting to induce a second woman to do likewise.

The prosecution contended that he wished to put the women to work at prostitution among his cafe society acquaintances because he was unable to live on an allowance he received before inheriting family wealth.

His first conviction was thrown out because the trial judge barred press and public from prosecution testimony.

Johnson Calls For Water Study Funds

WASHINGTON — Sen. Johnson (D-Tex.) has called for Senate Appropriations Committee approval of \$378,900 for a study of water resources utilization in the Texas Gulf Basin.

In a statement to the committee yesterday, Johnson declared, "For the first time in dealing with the Texas water problem, an opportunity is open for the development of a broad-scale attack on the problem—a plan of attack into which both federal and local investments could be productively and economically channeled."

Road Problem Is Under Study

Still in doubt as to the exact location of an unimproved road southeast of Coahoma, county commissioners today decided to invite Ralph White of Coahoma to discuss the problem with them.

The road, which the county proposes to open, goes between land owned by White and property held by Ed Martin. Foster Dickey, county engineer, said 60 feet of right-of-way should be required if the county is to maintain the road.

However, fences on White's side of the road are being set back only 10 feet from a section line which commissioners court minutes of 1927 show should be the center of the roadway, the engineer said.

The third-class road has not been maintained for many years, but commissioners are considering re-opening it. The segment is about three miles southeast of Coahoma.

White is to be invited to meet with commissioners at 10 a. m. Friday to discuss the roadway problem.

The discussion of the road this morning interrupted the commissioners' study of 1955 tax reductions. The court is working as a board of equalization this week as Tax Assessor Viola Robinson starts preparation of the 1955 tax rolls.

Isolated Thunderstorms To Greet Arrival Of Summer

By The Associated Press

Isolated thunderstorms were forecast for Texas Tuesday as spring was due to turn into summer officially at 10:32 p. m.

Morning showers were reported around Houston and Laredo by the U. S. Weather Bureau. A tornado was reported sighted Tuesday morning 10 miles south-west of Corpus Christi, but dissipated.

Skies were clear to partly cloudy except for a bank of cloudiness in

THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy and warm this afternoon, tonight and Wednesday. Wind light to moderate. High 84, low 64.

High today 83, low tonight 63, high tomorrow 84, low tomorrow 64.

Hottest in m.p.s. since this date 104 in 1916; lowest 33 in date 23 in 1921; maximum rainfall this date 1.28 in 1918.

WARM

South Central Texas that extended from the San Antonio area to Houston and Galveston, and to Lufkin in East Texas.

Temperatures were rising toward 90-plus levels all over the State. Overnight lows ranged from 58 degrees at Dalhart and 61 at Amarillo to 80 at Corpus Christi.

A new series of thunderstorms rapped the state Monday with Waco getting an estimated 2 inches of rain within an hour and Greenville 1.11 inches in about the same time. The fast downpour at Waco came in the roof of a furniture store causing an estimated \$50,000 to \$75,000 damage.

San Antonio reported 57 of an inch of rain for Monday through 6:30 p. m. Austin, San Antonio, Tyler and Longview reported nighttime showers. Lubbock, Lufkin, Abilene, Waco and San Antonio had rain.

Monday's maximum temperatures ranged from 105 at Presidio to 83 at Amarillo. Between were Lubbock's 93, Dallas' 88, San Antonio's 96, and 91 at Austin and Brownsville.

Sweeping Out After Hailstorm

Erskine Butler, left, and Bill Mears help sweep out Mutt's Cafe in Clarendon, Tex., after a violent 30-minute hailstorm pounded the city. All of the hail on the floor of the cafe was blown through a small window in the side of the cafe which had been broken by hail. In some spots in the city, hailstones were piled up two and three feet deep by the storm. (AP Wirephoto).

Longest Stretch Of 4-Lane Road To Be Dedicated

The longest stretch of four-lane, divided highway in Texas will be completed next Monday as the segment between Midland and Stanton is dedicated in a formal ceremony at the Midland-Martin county line.

The opening of this part of U. S. Highway 80 will complete more than 60 miles of the divided highway from Big Spring to Odessa.

County commissioner courts and members of the highway commit-

tees of the Odessa, Midland, Stanton and Big Spring chambers of commerce will be invited to participate in the ceremony.

Following the formal opening, a luncheon will be held in the Scharbauer Hotel in Midland. The speaker at the luncheon will be Marshall Formby, Plainview, member of the State Highway Commission. Formby will relate his observations on a recent trip to several foreign countries.

Owners of cars that are 25 years old or older are invited to bring them and dress in the fashion of the particular year. The oldest car present will be the one used to drive through the barrier to officially open the highway to traffic.

Jess Talkin
by Jess Blair

The Hillger community of Glasscock County is almost too far west for dryland farming, thinks W. L. Robinson, who has been there most of the time since 1934.

"The rains come up to Mustang Draw just north of us then stop," he says. "We've got some of the best land in West Texas, but we sure need a few more inches of rain. As it is, seems like we're always fighting a drought."

Two of the largest rural magazines in the country have merged. The 100-year-old Better Farming, which used to be The Country Gentleman, has been bought by Successful Farming. The two magazines will be published as one.

Many farm magazines are having a struggle for existence, as people continue to move from farms to cities. Not many town people read farm magazines, and the circulation declines to a point where the publications can no longer show a profit.

A local feed dealer is building a garage with an extra wide door. He says the 10-foot door will save him money by prolonging the life of the garage.

The reason, according to him: His wife also drives the car.

There is never too much rain in this area, providing it falls at the right time. Even at Vealmoor where the rains have come in abundance this year, they still welcomed the rain they got Sunday afternoon. R. D. Anderson said the top of the ground was getting dry, and the slow-falling half inch rain was just what they needed.

The Texas ASC Committee urges every eligible wheat producer and his wife to vote in the June 25 wheat marketing referendum. The question—quotas or not—is an important one to the all farmers who intend to grow wheat.

The election in Howard County will be held in the county ASC office in the court house under the direction of Gabe Hammack, county manager. Hammack says about 66 farmers are eligible to vote in the election.

The irrigation well on the How-

ard Newton place in the Moore community is being kept busy 24 hours a day now. His cotton is up to a good stand but needs more moisture. Newton says he drilled the well just for this purpose, and has been putting out about three inches during a six-hour setting. The well is pumping between 150 and 200 gallons per minute, but quite a lot of sand is coming out also.

Newton thinks he can water about 35 acres of cotton with the well this year. He put down 200 pounds of 16-20-0 fertilizer earlier in the year to see if it would boost yields.

Texas cotton growers are fast losing their foreign markets, says the University of Texas News Service. They point out that cotton production in foreign countries has almost doubled in the last 15 to 20 years. Foreign countries have adopted American methods and are now dumping their cotton onto the saturated world market.

The news service says Texas growers must meet this competition by improving the cotton varieties and the methods of marketing.

Guar has not proved a popular crop in this area because of the long drought, but J. H. Fryar plans to plant 70 acres of it on his farm north of Big Spring.

On sandy land planted to guar last year, Fryar reports there was little blowing week before last, while the rest of the crop was ruined. He says the guar bean is good livestock feed when ground, and that calves gained over three pounds a day when fed guar bean and silage.

Several farmers in Mitchell County who had guar crops last year reported that it helped break up a plow pan. One man said that when the tractor went across the guar land, the plows sank down deep, but on land where cotton had been planted, he had a hard time keeping the plows in the ground.

The local soil conservation district is recommending that guar be planted as a soil-conditioning crop.

Some of the best grass in West

Texas can be found in Border County north and east of Vealmoor. Not only have rangers received a foot of rain since winter, but they had some good ones last year, and ranges were already in fair condition.

Bert Massingill, who has a small ranch in that area, is pasturing 80 head of cattle and about 400 sheep and goats on one section of range.

"They're doing fine so far," Mrs. Massingill said, "but we can't keep so many on there very long."

They brought their cattle back from Arkansas last September and had enough grass to carry them through the winter by feeding only one ton of cake.

The cropland hasn't done so well, since Massingill has had to plant three times and still is not sure what he'll have a few weeks from now. They eventually want to put all the cultivated land into some kind of grass, such as blue panic.

Big Spring Teacher Working On Masters

DENTON — School and community health problems are the subject of study by 21 teachers enrolled in a health education workshop at North Texas State College this summer.

Taught by Dr. Emmett F. Cameron, the graduate students work with visiting consultants in specialized health fields. On the schedule are visits to a camp for diabetic youngsters, a federal hospital, and other nearby institutions.

Among those enrolled in the workshop is Mrs. Inez Turner, sixth grade teacher in the Washington School in Big Spring. She is working toward a master of education degree.

Less Waiting

LANSING, Mich. (AP)—Gov. G. Mennen Williams has approved a bill shortening the marriage license waiting period in Michigan from five to three days.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved power, sprinkled on upper and lower plates holds them firmly so they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid) does not sour. Checks "false odor" (denture breath). Get FASTEETH today at any drug counter.

Harriman, Wife Plan Trip Abroad

ALBANY, N.Y. (AP)—Gov. Averell Harriman of New York and his wife plan to make a three-week trip abroad next month, including visits to London, Paris, Rome and Israel.

The governor's office announced today that the Harrimans would fly from New York City to London July 7 and return to the United States, also by air, July 30.

Republicans Try To Cash In On Demo Split

By MAC ROY RASOR
AUSTIN (U)—Texas Republicans moved quickly last night into the break in the Democratic Party line apparently left gaping by Democratic National Chairman Paul Butler's "harmony" trip to Texas. As Butler ended his week-long tour, GOP National Committeeman Jack Porter served notice his forces are out to woo and win conservative Democrats he claimed have been rebuffed again by their national party leaders. Porter challenged both conservative Democrat voters and office holders to abandon what he called their "hopeless efforts" to get along with the national Democratic leaders and join forces with the GOP to re-elect President Eisenhower and make Texas a real two-party state.

"And do not be certain yet that we will not elect a Republican governor in 1956," he counseled the more than 200 GOP party stalwarts at a strategy-planning rally. He urged them to "go forth into every precinct" to muster forces for next year. Porter charged Butler's trip was "futile," declaring it only made clear that conservative Democrats are not wanted by their national leaders and will have no voice in selecting the party's presidential nominee next year. At Houston, Butler predicted as he boarded a plane for Washington that Democrats will carry Texas in 1956 regardless of who the Democratic and Republican nominees are. Butler said his visit had been "very beneficial" but there was noticeable reserve in talk of any healing in the breach between conservative and "loyalist" forces.

Jaycees To Start Membership Drive

Jaycees laid plans for a membership drive and decided at their Monday luncheon to start the project immediately. As a result, members of the organization will be contacting prospective members with invitations to join the Junior Chamber of Commerce during the next few weeks. Prospect cards were distributed during the luncheon. Present membership is 72, and Jaycees hope to boost this to 100. The group also planned an inter-club visitation with Lamessa Jaycees, the trip probably to be made in the next two weeks. It was reported at the meeting that response to the Jaycees appeal for aid for South Viet Nam refugees has been poor. The project, Operation Brotherhood, ends today. Essays entered in Operation Top Flight, a senior day program sponsored recently by Jaycees and Webb Air Force Base, has been turned over to Air Force authorities for judging. Announcement of the winners is expected soon.

12 Rockets Fired From Parked Plane

PORTLAND, Ore. (U)—Twelve rockets were fired from a parked jet fighter plane at the Portland Air Force Base yesterday, causing two million dollars damage. The practice rockets, which did not carry live warheads, smashed into a row of parked jets. Two were destroyed by fire, two others were damaged and a C46 transport plane also was hit. No one was injured although one of the 3½-foot missiles bounced off the roof of a house a mile away. Col. Elmer McTaggart, acting commander of the base, said a man is being held for investigation. He was identified only as "an authorized individual."

Nude Swimming Scene In Good Taste, Says Actress

HOLLYWOOD (U)—Rhonda Fleming says a swimming scene she played in an Italian-made movie was in "good taste," even if she wasn't wearing anything. "I slipped out of my nude bathing suit because it had been dyed darker than my skin and would have contrasted too much," she said. The red-haired actress wouldn't take back her statements about the nude scene, even in the director, Carlo Ludovico Bragaglia, declared that "there was no such scene in the screenplay, nor was one ever filmed." She originally described the nude scene in an interview with Associated Press reporter James Bacon in Hollywood. She said the scene was taken for "The Courtisan of Babylon," in which she stars. Her remarks brought an outcry of "absolutely false," from Bragaglia and made headlines in the Italian press. After Bragaglia denied that there was such a scene, Miss Fleming countered: "Mr. Bragaglia is a fine director, one whose judgment I respect very much." He filmed the scene in good taste. She said that the "cameras were way back on the shore" and it was "all very proper." There was a banquet scene or an orgy in the film which Miss Fleming said was "played just that way"—an orgy. "The camera moved in on each couple and it was one scene after another of obscene lovemaking. All the girls were bare from the

Only As Old As You Feel

Seventy-year-old Jack Clapp, a painter forced to retire because of his age, parachuted from a plane near Detroit to prove "a man is only as old as he feels." Here the retired painter gathers up his parachute after his safe landing. (AP Wirephoto).

Houston Employes Refuse To Testify Before Grand Jury

HOUSTON (U)—The number of former Houston city employes who have invoked the Fifth Amendment when called before a grand jury to testify had grown to three today. Joseph L. Angle Jr., fired last week as city land acquisition superintendent, and his former assistant, Luther M. Nisbet, said yesterday such testimony might tend to incriminate them.

Five Youngsters Die In Collision

SOMERVILLE, N.J. (U)—Four youths and a girl were killed last night in a head-on truck-car collision. A sixth youth was critically injured. The victims, returning from a church league softball game, crossed the center line of Route 206 to pass another car and smashed into the trailer truck loaded with 10-inch cement sewer pipe. The truck jackknifed. Both car and truck rolled into an embankment, the pipes spilling on the road. State police identified the dead, all of Bradley Gardens, as Ralph Horton, 19, driver of the car; Francis Trout, 26; Stephen Chonko, 17; Robert Lawyer, 15; and Lawanda Serofino, 17. Still in critical condition at Somerset Hospital was James Cordick, 17. The driver of the truck, Herman Walsh, 30, of Rosendale, N.Y., was treated for knee injury and shock and released. An eyewitness, William Daugherty, of Martinsville insurance man, told police the youths passed him and several other cars minutes before smashing into the truck. He said he saw the lights of the truck, then heard a scream, saw a cloud of dust and pipes flying everywhere.

Fatal Spill

QUINCY, Mass. (U)—Mrs. Eleanor Sullivan, 56, dropped a bottle of liquid on the kitchen floor. She slipped on the liquid and landed on the broken bottle, opening a nine-inch fatal gash on her leg, an autopsy revealed.

CIO Moves To Get Wage Hike From Two Other Steel Makers

PITTSBURGH (U)—Already assured of a wage boost by U.S. Steel Corp., the CIO United Steel workers hoped today to find out how two other big basic steel producers feel about a pay increase. U. S. Steel says it will offer an increase but the big question is how much. That question may be answered when Big Steel and the union resume negotiations, probably Thursday or Friday. Basic steelworkers now average \$2.33 an hour. Slated to negotiate with the union today were Bethlehem Steel Corp. and Republic Steel. Similar meetings are scheduled tomorrow with Jones & Laughlin, Youngstown Sheet and Tube and Inland Steel Co. As U.S. Steel resumed negotiations yesterday, Vice President John A. Stephens declared flatly a wage increase is in the works. But he declined to say what the offer will be. He declared it will take into consideration such things as the "cooperation, loyalty and productivity of workers."

Damages Totaling \$240,000 Awarded

SEATTLE (U)—A federal court jury last night awarded a former service station operator \$240,000 in damages against seven of the nation's largest oil companies. George F. Moore had charged in the civil action that the companies ruined his business in 1952 by agreeing to refuse to sell him gasoline because he cut his prices. The suit, filed under federal antitrust laws which provide for treble damages, had asked damages totaling \$75,000. The jury found Moore had suffered actual damages of \$80,000 and gave him three times that amount. Named in the suit were Standard Oil of California, Tidewater-Associated, Union, General Petroleum, Richfield, Texaco and Shell. The companies contended throughout the three-month trial that there had never been an illegal agreement among them as Moore charged. An oil company attorney said there will be an appeal.

Rites Held For Robles Infant

Graveside rites were held at 11 a.m. Monday for the infant son of Airman 3-C and Mrs. Wilbert Robles of Big Spring. The child died Sunday. Chaplain W. H. Barker of Webb Air Base officiated. River Funeral Home was in charge of the body. Paternal grandparents are Mr. and Mrs. Eugene Robles of Dade City, Fla.; maternal grandparents, Mr. and Mrs. Leon Houston of Big Spring. Burial took place in the City Cemetery.

Husbands! Wives! Get Pep, Vim; Feel Younger

Thousands of couples are weak, worn-out, exhausted just because they lack iron. For new younger feeling after 40, try Oster-Tone Tablets. Contains iron for pep, supplement other vitamins by giving you both better, "soothes" size only 50¢. At all druggists.

Denver Has Rare Mayoral Run-Off

DENVER (U)—An estimated 90,000 Denver voters will choose between Republican State Sen. Will F. Nicholson and Dist. Atty. Bert Keating today in this city's first runoff mayoral election in history. The winner will succeed Quigg Newton, who is not seeking a third four-year term. Newton last week was named director of public relations for the Ford Foundation in New York. He will take the position shortly after he leaves office June 30. The election is billed as non-partisan, but Keating has been lauded by Gov. Ed C. Johnson, a Democrat, and the state Republican organization has spoken favorably of Nicholson. Keating and Nicholson each received about 46 per cent of votes cast in the regular election May 17. Four other candidates got the rest.

The Babe's Own Story

Mildred Didrikson Zaharias, greatest woman athlete of all time, tells her amazing story. Ben Hibbs, editor of the Post, says, "You'll meet here one of the warmest human beings you've ever read about—a woman who would make great copy even if she were not the world's greatest woman athlete." "I like Babe's picture of the modest home where seven little Didriksons practiced weight lifting. I like the yarn about Babe's first trip away from home. And I admire Babe's story of that day in '53 when she learned she had cancer." "The Babe is quite a gal. I commend her to you." For the most entertaining story from the sports world in years, don't miss "This Life I've Led." Start it today! OUT TODAY—ON ALL NEWSSTANDS. The Saturday Evening POST. June 25, 1955. Before you pay over \$2300 for a smaller car...

FIND OUT HOW MUCH MORE THE BIG, 188-HP MERCURY GIVES YOU FOR YOUR MONEY

Enjoy all these big-car, fine-car features for less than the deluxe models of the "low-price" 3*

- 1. BIG SIZE—BIG WEIGHT.** Mercurys are bigger all over than cars in the low-price field. Bigger in length... bigger in width... bigger in wheel base. The Mercury Monterey shown weighs close to 3700 pounds... gives you big-car stability on the road.
- 2. SUPER-TORQUE POWER.** Mercurys have more power than ever—188 hp in Customs and Monterey; 198 hp in Montclairs. More important, is the new way this power is put to work in the everyday driving ranges—for smoother, effortless getaways... safer passing.
- 3. EXCLUSIVE STYLING.** Mercury's beauty is fresh, distinctive—shared by no other car on the road. Lines are clean, smooth as silk. Use of chrome and color is simple, beautiful, in good taste. Mercury's standout styling is available in all 11 models in 3 series.
- 4. ULTRA-SMART AND LUXURIOUS INTERIORS.** Two-tone interior color combinations are available in every model. So are specially designed fabrics and patterns—instead of ordinary upholstery. So beautiful you'll want to leave the door open!
- 5. 4-BARREL VACUUM CARBURETOR** is standard on every model at no extra cost. You enjoy 2-barrel economy for normal driving, 4-barrel pickup for getaways and passing. Unique anti-fouling high-compression spark plugs help provide top performance in all speed ranges.
- 6. AND YOU SAVE ON FUTURE RESALE VALUE.** Mercury consistently leads its class in high resale value, according to independent reports. You protect your investment—can expect to get back more of the original purchase price when you trade again.

IT PAYS TO OWN A **MERCURY** FOR FUTURE STYLING, SUPER POWER

Industry-Wide Deal Proposed By Ford

DETROIT (AP)—Henry Ford II says it would be a good idea for the auto makers to get together in the future and seek an industry-wide contract with the CIO United Auto Workers.

The 37-year-old president of Ford Motor Co. said in an interview yesterday that he had had "informal talks" with other industry executives on the idea. He said indications were General Motors Corp. would be against it, while Chrysler Corp. "might" be for it.

Neither the union nor the other companies would comment.

Asked what effect he thought industry-wide bargaining might have on smaller auto producers, Ford said he thought that problem "could be worked out."

American Motors Corp., which resumes contract negotiations with the UAW today, has said it is against "pattern settlements" in the industry and that each should be tailored to the firm it covers.

Ford said industry-wide bargaining had been pretty well established in the steel and glass and some other industries, and added: "After all, industries like steel and glass have a lot of plants with special problems, and there are big producers and small producers. I think it could work out in the auto industry."

While he has discussed industry-wide bargaining informally with other industry executives, Ford said: "We never have sat down for a formal session on the matter. I know some say it won't work in the auto industry. But how can they say that when it's never been tried. I think everything should be tried before we say that it can't work."

Ford and the UAW recently reached agreement on a guaranteed wage plan providing benefits for laid-off workers to supplement unemployment compensation. GM and the union agreed on a similar one a week later.

Some critics have labeled the new three-year contract "creeping socialism," which brought this comment from Ford: "A lot of people call everything we do creeping socialism. They call social security that and they call pensions that. Every time we do something new, people cry that it's either communism or socialism. We have to keep up with the times."

Lad's Inheritance Placed At Nearly Eight Millions

NEW YORK (AP)—Young William Anthony Burton's fortune, which he inherited through a family tragedy, has been figured at nearly eight million dollars.

William, now 12, used to be known as Wayne William Loneragan. His name was changed after his father Wayne Loneragan killed the boy's mother in her fashionable Beekman Place apartment in 1943.

The father was convicted of second-degree murder of his estranged wife Patricia. He is serving 35 years to life.

Through the death of his mother, the boy became the only living heir of her grandfather, wealthy brewer Max E. Bernheimer, who died in 1913 and whose widow died last year.

An accounting of the estate filed yesterday in Surrogate's Court showed the boy will inherit \$7,809,918 as soon as the accounts are approved. He has already received \$3,059,196 of this sum, the record showed.

William now lives with his paternal grandmother, Mrs. Lucille Wolfe Burton, who has been his guardian since shortly after his father was imprisoned.

9 Communists Sentenced For Smith Act Violations

PHILADELPHIA (AP)—U. S. District Judge J. Cullen Ganey yesterday sentenced nine Philadelphia area Communists to two to three years in jail for violation of the Smith Act. This law makes it a crime to teach or advocate the overthrow of the government.

Judge Ganey, after listening to impassioned pleas by three of the defendants, ordered them jailed immediately, rejecting defense attorneys' pleas that they be freed in bail pending an appeal to a higher court.

Sentenced to three years were Joseph Kuzma, 31; David Dubensky, 46 (also known as Dave Davis); Thomas Nabried, 51, all of Philadelphia, and Sam Gobeloff, 44, (also known as Joseph Roberts) Camden, N.J.

Sherman H. Labovitz, 29; Walter Lowenthal, 25; Irving Katz, 22; Robert Klonsky, 35, and Benjamin Weiss, 39, all of Philadelphia, were given two year sentences.

Davis, Nabried and Lowenthal made separate statements to the court before sentencing. But Judge Ganey, who had refused the defendants a new trial last week, dismissed the pleas as a "torrent of words," adding: "That these defendants, being convicted of an extremely serious offense such as this, have the opportunity to be heard as they are here, to deny it forthrightly and earnestly and enthusiastically as they do, is a tribute to the democratic system and the concept of liberty which emerged from it."

Yankee Robbers Sought In Italy

NAPLES, Italy (AP)—Naples police were on the lookout today for four men and a woman wanted for questioning in connection with the record \$305,000 robbery of a Chase Manhattan Bank branch in New York last April.

The International Police Organization (Interpol), in a message to police headquarters throughout Italy, said the quintet may have crossed into Italy from Switzerland trying to reach a small south Italian port.

The message identified the five as John Timothy O'Connell, 35; Daniel William MacGulre, 28; and John Michael di Tacco, 37, all believed to be from New York City; Peter Jerome Kidam, 34, of Manchester, England; and Jeanette Forest, 27, of Montreal.

One officer said if the five were in Italy, they probably were trying to get aboard a ship bound for Africa.

Dallas Man Is Victim Of Polio

DALLAS, Tex. (AP)—A 42-year-old man became Dallas' first polio death victim of the year yesterday as a second child treated with the Salk polio vaccine was stricken.

George Harold Lemmons, a postal clerk, died about four hours after hospitalization with the disease. He became ill yesterday after laying brick for a patio at his home.

Physicians said the 7-year-old child, a girl, was in good condition with "only a light case" of the disease. The first "Salk case" was an 8-year-old boy. Doctors at Parkland Hospital agreed neither case could be attributed to the vaccine.

M'CARTHY SEES THIRD FORTUNE

HOUSTON (AP)—Oilman Glenn McCarthy, still trying after losing most of two fortunes, believes the third is just about in the bag.

Speaking of his Bolivian oil explorations yesterday, he said: "In two years we will have enough production to make up for anything I ever had in the States."

His U. S. production, he said, at one time amounted to 13,000 barrels daily but at present he owns "only several Oklahoma wells." The old wildcatter made his optimistic predictions yesterday in announcing that a New York and Denver Syndicate had invested \$4,160,000 in the Bolivian venture. The money, for which the syndicate gets a 50 per cent operating interest in the Bolivian concession, will be used to buy drilling and production equipment.

Heavy Loss In Lampasas Fire

LAMPASAS, Tex. (AP)—A department store and an auto store were destroyed by a fire that cracked out of control for two hours last night in this Central Texas wool center.

No injuries were reported, although the blaze forced evacuation of the city's telephone exchange. Damage was set unofficially at around \$200,000.

It was the second major fire of the year here. An estimated \$300,000 damage was done by a Jan. 19 blaze that destroyed stores on the east side of the Courthouse Square. Last night's fire was on the west side.

Johnson, Daniel Vote For Marines

WASHINGTON (AP)—U. S. Sens. Johnson and Daniel (D-Tex.) were recorded as voting for an amendment yesterday to maintain Marine Corps strength at 219,000. The amendment, by Sen. Symington (D-Mo) would increase Marine Corps strength 22,000 over that planned by the administration for the fiscal year beginning June 30, 1956.

Rabbit Damage

GRAND FORKS, N.D. (AP)—Farmer Leo Mondry was buzzing along in a plane about three feet above the ground dusting crops when a jackrabbit leapt up and hit the plane. He was forced to land with a damaged propeller and spraying mechanism.

Mrs. Hobby Rejects Blame For Vaccine

WASHINGTON (AP)—Secretary of Welfare Hobby said last night she bears no responsibility for the government's actions in the Salk polio vaccine situation. She said the law places that burden on Surgeon General Leonard A. Scheele.

In a radio interview, Mrs. Hobby emphasized that she was not dissatisfied with Scheele's actions. But she made repeated distinctions between the responsibilities of her department and those of the Public Health Service, a Welfare Department agency headed by Scheele.

Asked if she had any apologies for the way the vaccine program has been handled, or would with hindsight have acted differently, she said: "There is nothing I could have done differently. The law (on control of biologicals such as the Salk vaccine) charged the Public Health Service and not the secretary."

At another point, she said she would be legally powerless to overrule Scheele if she thought he had made a mistake.

She said she did not think it would be known "whether or if" the health service had been negligent until a final report is made on vaccine produced by Cutter Laboratories, Berkeley, Calif.

Cutter-made vaccine was withdrawn from public use after a number of children developed polio after receiving it. Scheele has suggested some of the Cutter product may have been unsafe. The question still is being studied.

Gay Hill Workman Suffers Back Injury

J. H. Milford of Gay Hill was admitted to Cowper Clinic and Hospital yesterday morning with a back injury.

Milford was working at the Gay Hill school at the time of the injury. Hospital attendants say the seriousness of his condition has not been determined.

Quick Relief that Lasts! for PILE PAIN

Thornton-Minor Ointment is a complete formula with special ingredients to relieve itching, burning, pain and reduce swelling. Goes to work instantly; lasts for hours. Proved clinic formula—ointment or suppositories, \$1.00. Insist on Thornton-Minor Pile Ointment—at all drug stores.

Violence Flares On Isle Of Cyprus

NICOSIA, Cyprus (AP)—Violence flared on this British-ruled Mediterranean island again last night. Terrorists seeking union with Greece launched a series of bomb attacks, injuring two persons. A bomb hurled at a police station in a Nicosia suburb injured a policeman and caused considerable damage. Another slightly wounded a British corporal at Famagusta, where a blast in the British armed forces club started a large fire.

Six other bomb bursts were reported in Famagusta, Kyrenia and Paphos but no one was injured by them.

Explosion in a Nicosia suburb injured a policeman and caused considerable damage. New ALL-ELECTRIC Heat Pump

provides fully automatic summer cooling and winter heating from one compact unit..... electrically!

Now you can enjoy cool, healthful air in summer... clean, fresh heat in winter... throughout your home the year around from one automatic, all-electric central system unit.

This is possible today because of the new Heat Pump. It both cools and heats from one compact unit that changes automatically from heating to cooling and back again whenever required... even within the same day or same hour.

With the all-electric Heat Pump, you just set the thermostat once and enjoy perfect indoor climate the year around.

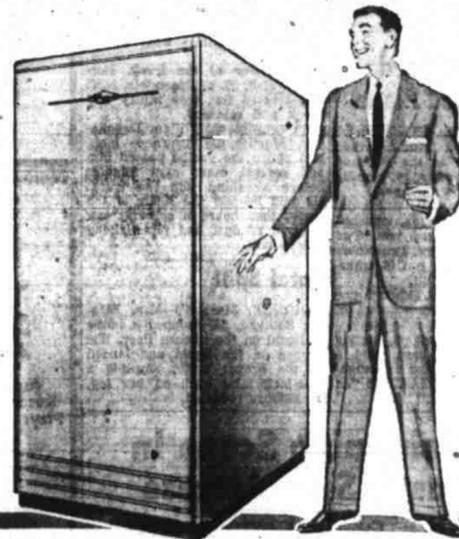

In installations now operating in homes and businesses in Texas and in other parts of the country, the all-electric Heat Pump is providing practical, dependable air conditioning 365 days a year.

Adaptable to new homes or existing homes, it's the new, modern, fully automatic, all-electric way to all-season comfort.

Investigate the advantages of an all-electric Heat Pump for your home... today!

For additional information about the all-electric Heat Pump, come by our office or write us. We'll be glad to answer your questions and provide other assistance—at no obligation.

HOW THE HEAT PUMP OPERATES

Heat Pump operation involves two basic principles. (1) Indoor heating or cooling is a matter of transferring heat from one place to another, and (2) heat can be extracted from air, soil and water—even in coldest weather.

In summer, the Heat Pump operates as a refrigerated air conditioner. It extracts heat from air, pumps the heat outdoors, and circulates the cooled air throughout the house.

In winter, the Heat Pump automatically reverses itself and operates as a heating unit. It extracts heat that exists in one of the outdoor sources—air, soil or water—and uses it to raise the temperature of air that it circulates throughout the home.

Stores food the way you buy it, and the way you use it, too!

it's all in the new Color-Styled **FRIGIDAIRE** Imperial Cold-Pantry

We Service What We Sell!

It's a brand new, exciting kind of food-keeping appliance. Brings you super-market convenience with everything in sight, in easy reach. Self-defrosting refrigerator at top puts everyday foods at "see-level" and all shelves roll out. Separate Food Freezer in base holds 66 lbs.—with big Roll-to-You Basket. See the new "Picture Window" Hydrator in the door, waist-high... and all the other new conveniences in this all new Frigidaire Imperial Cold-Pantry. Choose yours in Sherwood Green, Stratford Yellow or Snaky White—in Lifetime Porcelain or Durable Dulux.

Bridal Tea Given For Susan Houser

A large fan of yellow flowers formed the center arrangement for the table, when Susan Houser was honored with a miscellaneous bridal shower Monday evening. The affair was given in the home of Mrs. R. L. Beale, 112 Canyon Dr., with Mrs. J. R. Farmer as cohostess.

Miss Houser, daughter of Mrs. Ann Gibson Houser, is the bride-elect of L. Don Brinegar of Miami, Fla. The wedding date has been set for July 9.

Mrs. Beale and Mrs. Farmer alternated in receiving guests. They presented the honoree and her mother, Mrs. Ed Holley was at the guest register, and assisting at the tea table were Mrs. T. A. Harris and Mrs. K. H. McGibbon.

Mrs. Roland Schwarzenbach poured coffee, and Mrs. Jim Zack served punch. The table was laid with a white cloth of imported lace and linen. The guest list included about 250.

For the party, Miss Houser wore a light blue dress of satin cotton, pearl-encrusted, and fashioned on princess lines. Pearl earrings were her jewelry, and tiny flowers trimmed her white kid pumps.

Desk, Derrick Club Hears Mrs. Broughton

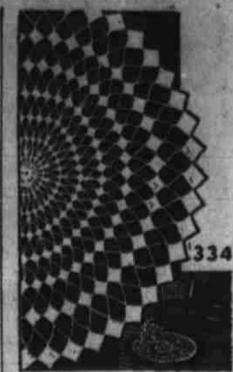

The contents of what one youngster in the audience called "Mom's chemistry set" were spread out in plain sight and discussed at length by Mrs. G. C. Broughton Jr. when she presented her "Magic Sulfur" demonstration last night before members of the Desk and Derrick Club of Snyder.

Mrs. Broughton initiated her listeners into the mysteries of modern chemical witchcraft. She showed them how crude petroleum is transformed into ciling, shimmering fabrics, beauty aids, that would make Cleopatra jealous, and perfumes that reduce males to abject slavery with one whiff.

Mrs. Broughton is employed by Westex Oil Company in Big Spring.

and is a member of the Howard County OIIC (Oil Industry Information Committee). She explained that oil now supplies the United States with more than half of its fuel and all of its lubricants. Petrochemicals, she added, are responsible for thousands of useful products ranging from auto tires, to the asphalt roads that those tires run on, and on to insecticides and fertilizers.

Mrs. Broughton concluded her demonstration by giving full credit to the know-how and competitive ingenuity of America's oil women—and men—for finding steadily increasing supplies of petroleum and for refining them into useful products.

Whirling Doily

By CAROL CURTIS
Thirteen-inch doily with unusual solid-and-openwork affect is done in a most interesting crocheted spiral effect as, the farther you work from the center the bigger the squares become until at edge of doily they measure three-quarters of an inch. Pretty in colors, lovely in white! All instructions.

Send 25 cents for PATTERN No. 334, YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS, Big Spring Herald, Box 229, Madison Square Station, New York 10, N. Y.

The NEEDLEWORK GUIDE, 36 pages, 150 designs for knitting, crochet, embroidery, hairpin lace, dozens of beautiful color transfers. Order as you do needlework patterns. Only 25 cents.

Wesleyan Group Plans Year's Work, Budget

The executive committee of the Martha Wesleyan Service Guild of the First Methodist Church planned their year's work Monday evening.

Included in the discussion were setting up the budget for the year, plans for mission studies, C. e. d. r. Canyon Retreat, voting to send a delegate to the school of missions in Lubbock in July and to give aid to the Home Mexican Mission.

Mrs. Lina Flewelling, president, conducted the meeting and served refreshments to the group. Mrs. Ruby Martin opened the meeting with a prayer.

Knott Residents Visit Kin During Weekend

KNOTT — Mr. and Mrs. O. R. Landon and her son, Cecil Whitbauer of Houston, were weekend guests of her parents, Mr. and Mrs. W. M. Nichols. Mr. Nichols returned home with them for a several week's visit.

The Earl Digby of Lamesa visited her father, O. R. Nichols, here Sunday. He accompanied them home and plans to remain for several months.

Mr. and Mrs. Buster Freeman paid a Father's Day visit last weekend with his father in Winlers. Rev. and Mrs. Elbert Galloway and Jimmy left Monday for Washington state, where he will conduct a revival meeting.

After a two week's vacation in Tyler, Mr. and Mrs. Porter Motley have returned home, accompanied by her mother who will spend the summer in their home.

Mr. and Mrs. J. G. Nichols' home was the scene of a family get together Sunday. Those present included Mr. and Mrs. Stanley Martin and family, Ft. Worth; Mr. and Mrs. Everett Nichols and family, El Paso; Mr. and Mrs. Clyde Nichols and family, Tarrant; Mr. and Mrs. Fred Nichols and family, Coahoma; Mr. and Mrs. Robert Cline and family, Fairview; Mr. and Mrs. Robert Nichols and family.

Sunday dinner guests of Mrs. Herschel Smith were Kenny Martin, Ft. Worth; Mrs. Oliver Nichols, Jerry and Lonnie, and Mrs. Elsie Smith.

Lamesa Group Attends Baptist Encampment

LAMESA — Mrs. F. L. Johnson and Mrs. Bob Bradbury are serving as counselors at the Baptist Girls Auxiliary encampment in Big Spring this week.

They took 24 girls with them at the camp until after lunch on Friday. Mrs. W. J. Beckham, organizer from the First Baptist Church, is assisting as a leader.

Royal Neighbors

The Royal Neighbors will meet Thursday afternoon at 2:30 in the home of Mrs. J. J. McClanahan on the Old San Angelo Highway.

JOYCE CONNAWAY

Joyce Connaway Is Herald Staff Member

The nice voice you'll be hearing from now on when you call "Society" belongs to Joyce Connaway, who began her work with that department Monday. She will replace Carol Mitchell, whose husband, Lt. Jack Mitchell, was recently transferred from Webb Air Force Base to Selma, Ala.

Joyce is the daughter of Mr. and Mrs. Ira Connaway of Brownwood. She is now living at 306 E. 5th.

A graduate of Texas State College for Women in Denton this spring, Miss Connaway majored in journalism with minors in home economics and education.

While in college, she was a member of the Delta Literary Social Club, Journalism Club, Heart of Texas Club, Theta Sigma Phi, national fraternity for women in journalism, and listed in Who's Who Colleges and Universities for 1955.

Miss Connaway served as business manager and a day editor of the college paper her senior year and society editor, wire editor and reporter her junior year. Last summer she was awarded an internship on the Wichita Falls Daily Times through the Texas Daily Newspaper Association.

mer she was awarded an internship on the Wichita Falls Daily Times through the Texas Daily Newspaper Association.

East Fourth Baptists Study Missions

"Under the North Star" was the lesson study for the Blanche Simpson Circle of the East Fourth Baptist Church Monday afternoon at the church. Mrs. Clyde Dial led the discussion.

Mrs. R. M. Stroup led the group in singing, and Mrs. V. L. Smedley offered the opening prayer. Mrs. W. E. Napper presented the devotion taken from the book of Acts. A prayer for missionaries was given by Mrs. R. E. Ray. The name of Mrs. Ed Welch was added to the nominating committee. Eleven members attended.

Mrs. D. J. Wright brought the lesson for members of the Kate Morrison Circle Monday afternoon in the home of Mrs. J. W. Wooten. Her subject, taken from the study book, "Inca of Gold," was "Baptist Witnessing in Colombia." Prayers were offered by Mrs. Wright and Mrs. J. B. King. Six attended the meeting.

Need To Stew A Chicken Or Braise Meat?

Have you ever had occasion to stew a whole chicken and didn't know just how to go about it? Or have a recipe that said to braise meat and then left you to your own imagination as to how to season it? These little tips, along with others will help make your cooking a little easier.

Here's how to stew a whole chicken. Place the bird on a rack in a kettle and add enough water to half cover the chicken. Add a little salt to the water. Simmer the chicken in the covered kettle until it is tender, turning the bird occasionally. Cooking time will be three or four hours, probably. If a stewing chicken is used.

Not King-Size

DALLAS, Tex. (AP) — Anneliese Raif, 44, sells cigarettes in a night club now, but she once toured Europe as a circus dancer. She retired, she said, because she was getting too fat. Miss Raif, a mid-get, is 3 feet 6 inches and weighs 55 pounds.

Merited Honor

CORPUS CHRISTI, Tex. (AP) — Mrs. Josephine Green, named by the National Grandmothers Club as the nation's leading grandmother since 1951, has a new grandchild — her 60th. She had 13 children.

EAGLE HEAVEN SERVICE CLUB will meet at 2 p.m. in the home of Marvin Daugherty.

Informal Ceremony Unites Miss Mitchell, Mr. Overton

Lawan Mitchell, daughter of Mrs. A. L. Mitchell, 106 W. 23rd, became the bride of Lewis Overton, son of Mr. and Mrs. J. R. Overton, 906 E. 12th, Friday night in a double ring informal ceremony in the Trinity Baptist Church.

The Rev. Jack Powers read the vows before an archway of candles with palms and gladoli on each side.

Traditional wedding music of "Oh Promise Me" and "The Lord's Prayer" was sung by Jackie Shirley accompanied by Mrs. H. M. Jarrett at the piano.

Given in marriage by her brother, Robert H. Mitchell, the bride wore a street length dress of white with a high neckline and a fitted bodice with rhinestone buttons. For accessories the bride chose rhinestone earrings, white lace shoes and hat. She carried a white Bible topped with pink feathered carnations.

The maid of honor, Mary Ann Moore, wore a pink polished cotton dress with pink accessories.

Brother of the groom, J. R. Overton of Odessa, served as best man. Ushers were Joe Connolly, brother-in-law of the groom, and Roy Longshore.

Claudette Moore and Beatrice Low, nieces of the bride, were altar candle lighters.

The reception was held at the Trinity Baptist Church. Punch and a three-tiered wedding cake topped with a miniature bride and groom were served from a table laid with a white lace cloth. Mrs. Joe Connolly and Mrs. J. R. Overton of Odessa, were in charge of refreshments. Mrs. Claudia Carter and Mrs. Robert Mitchell presided at the register.

When the couple left for a short wedding trip, the bride wore a two-piece brown dress with beige trim. Her accessories were beige.

Mrs. Overton attended Big Spring High School and was employed at the Medical Arts Clinic-Hospital. The groom attended Forsan High School and served four years in the Navy. He is presently employed by the Standind Oil Company in Odessa where the couple will reside.

Painted daisies decorated the speakers table, and petunias were used in other arrangements. Fifteen members attended the luncheon, with two guests, Shirley West, church secretary, and Mrs. Al Adam of Sweetwater, a former resident of this city.

Following the luncheon a business meeting was held with Mrs. Tommy Jordan presiding. The opening prayer was offered by Mrs. Arthur Pickle.

Mrs. Lucian Jones was the leader of the Bible study, and she chose her topic, "Guilt," from the third chapter of Romans. In her talk, she stressed the impact of one's guilt upon the religious life of that person. Mrs. Jones dismissed the group with a prayer. Fifteen were present for the business session.

Midway Community

"Planning Summer Fun For The Community" will be the topic discussed at a meeting to be held at Midway School Thursday afternoon at 3:30. The meeting is in charge of the P-T-A, and all members are urged to attend. Anyone interested in this activity is invited.

QUICK DISSOLVING

to bring out the best in ICED TEA
Quick dissolving Imperial Pure Cane Sugar dissolves thoroughly and evenly in iced tea without settling to the bottom of the glass. For just-right sweetening, use Imperial Pure Cane Sugar!

Want To Transform An Old Game Table?

An easy renovation project for an old coffee table or bridge table is to transform it into a smart modern looking game table with rubber tile. The resilient tile is easy to cut with a flooring knife into small squares needed for a checkerboard.

Lay the tiles on the table top in the pattern desired, then remove and spread surface with rubber tile adhesive and lay tiles in place. Allow to dry 24 hours before using. The rubber top will not be marred by cigarette burns and is easy to keep clean with a damp cloth.

Tea For Thousands

McGREGOR, Tex. (AP) — Mrs. Albert W. Hering should never be bothered about what she'll use to pour tea. At last count, she figured she had 1,139 pitchers. Been collecting them as a hobby for years.

THIS IS GOOD EATING

CHOCOLATE BANANA SAUCE
Ice cream if desired. Sauce may be covered and stored in refrigerator up to four days. Serve with the following foods:
Fried Chicken
with Mashed Potatoes
Asparagus
Bread Tray
Tomato and Cucumber Salad
White Cake with
Chocolate Banana Sauce
Beverage

Cops Sweep Series From Hobbs, 5-3

Jim Zapp Gets 20th Homer

Still breathing the atmosphere of last place but definitely on the move, the Big Spring Cops can now look back on their longest winning streak of the 1955 Longhorn League season.

The Bobbies made it three in a row here last night by bouncing Hobbs, 5-3, behind the expert elbowing of newcomer Marcus Job and Aga Baca.

The triumph moved the Cops to within one game of seventh place Hobbs.

Job had to have relief after hurling eight innings of tremendous ball. The first two men to face him in the ninth, Ed Menesse and Bert Baer, reached base.

Baca came in and retired three men in order, however.

Evello Hernandez, the Hobbs mound ace who lost Sunday's decision in a relief chore, went all the way on the hill for Hobbs and lost his seventh decision. He has won eight games.

The Cops touched Hernandez for seven hits, including a two-run triple by Luis Caballero in the third and Jim Zapp's 20th home run of the season in the eighth.

Caballero hit the ball right down the first base line after Nick Cappelli had singled. Cappy later came home on an infield out.

The Cops counted again in the fourth on a double by Floyd Martin, a passed ball and a sacrifice fly by Cappelli.

Zapp's round-tripper really put the heat on the Sports, for they had to "hit away" in the ninth inning when they could have employed the sacrifice after getting the first man aboard.

FOUL TIPS — Frank Billings continued his torrid hitting for Big Spring, getting a double and a single in four trips. . . A good turnout of 552 paying customers watched the proceedings. . . All of Hobbs' five hits were singles. . . Ed Menesse, the Hobbs left fielder, protested one of Umpire Jim Torgate's strike decisions in the second and drew a reprimand. . . Job started a fast double play in the third when he took Hernandez' ground ball on the first hop and wheeled to get Manny Junco at second. . . The Sports earned only two runs in the two-game series here. . . Julio Delatorre, the former Big Spring, wore the collar in two games here. . .

Democrats Open War On Ike With Victory In Marine Vote

By JACK BELL.
WASHINGTON (AP)—Democrats took a step yesterday toward open attack on President Eisenhower with the 40-39 Senate vote aimed at canceling his cut in Marine Corps strength.

It was the first successful major challenge in Congress of Eisenhower as a military man and demonstrated to some Democrats that on this score the President is not invulnerable.

The result, engineered by Sen. Lyndon B. Johnson of Texas, the Democratic leader, could encourage other assaults on the Eisenhower program.

It might signal a shift in strategy, supplanting what has become the general Democratic theme that the President is a man of stature but can't lead a divided Republican party.

Sen. Symington (D-Mo.) wrote the amendment to give the Marines 46 million dollars more than the President asked and thus nullify the cut of 22,000 men ordered by Eisenhower within the coming year. The Senate action is still subject to a conference with the House.

Symington, who dropped plans aimed at canceling Army cutbacks as well, said in an interview: "I don't think the senators who voted to reduce the Marine Corps, which is composed of volunteers, are going to be able to explain

that when they are questioned by the parents of men who are drafted for other services."

Symington aimed directly at Eisenhower. He suggested the President wasn't infallible when, as a consultant, he approved a low military budget before the Korean War.

Sen. Margaret Chase Smith (R-Maine) took Symington to task for what she called an attempt to "discredit the President's military judgment." Sen. Goldwater (R-

Ariz.) said no one could have foreseen the attack in Korea.

On the test, Johnson persuaded Senators Long and Ellender, Louisiana Democrats, to withdraw their "no" votes. When the smoke cleared, Johnson had 40 on his side, including Republicans Langer of North Dakota, McCarthy and Wiley of Wisconsin. He lost Democratic Senators Holland of Florida and Thurmond of South Carolina to the administration's ranks.

Blond Model Must Go To Gallows For Slaying Lover

LONDON (AP)—An attractive blond model was sentenced today to the gallows for killing one of her two admitted lovers when he tried to leave her.

Mrs. Ruth Ellis, divorced mother of two children, swayed on her feet as Judge Sir Cecil Havers put on his black cloth cap in historic Old Bailey Court and pronounced the death sentence.

Before being led out of the courtroom, she recovered her composure and smiled.

The 28-year-old model admitted shooting David Blakely, 25, a racing motorist, but based her defense on a plea of manslaughter claiming she was provoked by jealousy into the killing outside a London tavern.

"It is obvious when I shot him I intended to kill him," she said. Judge Havers ruled out the manslaughter plea. The jury of 10 men

and 2 women was out only 23 minutes.

Conviction carries a mandatory death sentence.

Under British law, Mrs. Ellis will be hanged in three weeks unless there is an appeal, or unless the home secretary grants a reprieve.

Youth Charged In Attack On Boy

SHAMROCK, Tex. (AP)—J. R. Logan, 18, of Berger, Tex., has been charged with aggravated assault for the beating last Friday night that left 13-year-old L. H. Tucker, Jr., in serious condition in a hospital.

Tucker was beaten, Wheeler County Atty. Guy Hardin said, after he and two companions agreed to direct five strange youths to a hotel. Instead, the older boys drove the trio outside of town, dragged young Tucker from the car and beat him severely. He lost seven teeth, suffered head injuries and a possible kidney infection.

Miss O'Hara's attorney William A. Duce said that Price was informed last week that he could visit the child at the private school she attends. But when he called, there the child refused to see him.

Duce said that his client is a "good friend" of Parra but that he is not living in her home and never has. Price had charged that Parra has been living with the actress in her home and that he has been "seen there at all hours of the day and night."

Actress Denies Hubby's Story Of Boy Friend

HOLLYWOOD (AP)—Actress Maureen O'Hara has flatly denied her former husband's accusation that she has been "openly living and consorting" with a wealthy Mexico City businessman.

And, through her attorney, she added a few charges of her own.

The charges against the red-haired actress were made yesterday when William H. Price, New York TV producer, filed a Superior Court affidavit in which he sought full custody of their 11-year-old daughter Bronwyn Bridget.

In it Price said he "was informed and believes" his former wife went to Mexico City in 1953 and 1954 to see one Enrique Parra, described as a married man with two grown daughters.

Price and Miss O'Hara were divorced in 1953. Price asked that the court hold the Irish-born beauty in contempt for violating the conditions under which she obtained custody of the girl and that the child be turned over to him. He said he had been denied visitation rights granted at the divorce.

Through her attorney, Miss O'Hara denied the charges of misconduct and said that Bronwyn had visited with Price within the past year and that Price "proceeded to get drunk and take the child on a wild automobile ride in which he had an accident."

Miss O'Hara's attorney William A. Duce said that Price was informed last week that he could visit the child at the private school she attends. But when he called, there the child refused to see him.

Los Angeles Jammed By Transit Strike

LOS ANGELES (AP)—A transit strike forced additional thousands of Los Angeles workers into cars today for a hectic trip into the logjam of downtown traffic.

Extra police were again assigned to try to ease the mass of cars off jammed-up freeways and into city streets. Police estimated 100,000 additional cars surged into the downtown area yesterday, the first day of the strike of 2,600 workers.

Both union and management predicted that the tieup would continue until at least Saturday.

Some motorists began organizing car pools and others hitchhiked when Los Angeles Transit Line buses and streetcars stopped running yesterday morning. They normally carry 800,000 riders a day.

Union leaders had gone to an early-morning mass meeting of workers armed with a 12-cent hourly pay increase plan which they sought to explain to the workers.

Nearly 2,000 workers shouted down their leaders' suggestion that the strike be postponed until the offer could be studied. They voted to strike immediately.

The Amalgamated Assn. of Street, Electric Railway and Motor Coach Employees said the members will be asked to accept the management offer at a meeting Friday. If the members accept it, buses and streetcars would roll again Saturday.

The union has been seeking a 20-cent hourly pay hike and a one-year contract. Current top operators' scale is \$1.91 an hour.

Hoods Break Up Mixed Meeting

WADEY, Ala. (AP)—A conference on international relations attended by Negro and white members of the Congregational Christian Church was broken up by hoodlums last night. President Clyde C. Flannery of Southern Union College reported.

Flannery said delegates had just completed a discussion of U.S. foreign policy and were attending a brief worship service in Elder Hall chapel when four white men rushed in.

The president of the white educational junior college said the leader of the group shouted: "We'll give you 30 minutes to get those niggers out of here." Then the men left.

Flannery said he called the state patrol and that a sheriff's deputy arrived just as the 25 Negro delegates were leaving and saw them safely out.

Then, Flannery said, the hoodlums returned in a pickup truck followed by three or four motor cars. The caravan drove around the campus, but did not take any further action, he said.

The Congregational Christian Church's Convocation of the South sent 25 Negro delegates to the conference and the Southeast Convention sent 25 white delegates.

Segregation was not discussed at the conference, said Flannery, 35, a native of Letcher County, Ky.

No Court-Martial For Turncoats, Secy. Wilson Says

HOUSTON (AP)—Defense Secretary Charles E. Wilson told a press conference last night he thought three former prisoners of war who chose to stay in Red China will not be court-martialed if they return to the United States.

Peiping announced Saturday that five former prisoners, three Americans and two Belgians, had been given permission to leave Red China.

Wilson said since the men had been given dishonorable discharges that they will have the status of civilians. The Americans are Cpl. Lewis W. Griggs, Jacksonville, Tex.; Cpl. Otho GM Bell, Olympia, Wash.; and Cpl. William Cowart, Dalton, Ga. Cowart asked to go to Japan. Griggs and Bell to return to the United States.

Wilson said since the men had been given dishonorable discharges that they will have the status of civilians. The Americans are Cpl. Lewis W. Griggs, Jacksonville, Tex.; Cpl. Otho GM Bell, Olympia, Wash.; and Cpl. William Cowart, Dalton, Ga. Cowart asked to go to Japan. Griggs and Bell to return to the United States.

'DON'T EXPECT TOO MUCH' Churchill Cautions On Big-Four Parley

LONDON (AP)—Sir Winston Churchill said today "we must not count upon complete and immediate success" in the forthcoming Big Four conference at Geneva.

"A period of relaxation of tension may well be all that is now within our grasp," said the retired prime minister.

Even so, such a phase would not be sterile. On the contrary, it would give time for science to show the magnitude of her blessings rather than all her terrors."

Sir Winston spoke in the ancient Guildhall of the City of London, where a bronze statue of him was unveiled.

Churchill, who has long plumped for a meeting of the Big Four heads of state, said:

"Whatever is the outcome, we must persevere in the maintenance of peace through strength."

Recalling his own efforts for a top level conference, Churchill said he had long thought a meeting between the leaders of the nations without the formalities of diplomacy would be a good thing.

Prime Minister Eden was foreign secretary when Churchill first suggested a "meeting at the summit" in May 1952.

Churchill is now—by his own choice—only a backbencher in the House of Commons. He holds no official job in the government and will be on the sidelines when the Big Four convene.

He heard himself eulogized by the lord mayor as "among all the giants of world history" at the unveiling of the slightly larger-than-life bronze statue.

Whimsical over the tributes paid him, Churchill said: "I am most grateful to you, my lord mayor, for the great kindness with which you have spoken about my work and character and I shall not hesitate to include it among my testimonials if ever I should be looking for another job."

"I must admit that I think the House of Commons has made a good rule in not erecting monuments to people in their lifetime. But I entirely agree that every rule should have an exception.

"The fact that you have done so in my case will both prove the rule and emphasize the compliment."

The statue was by sculptor Oscar Nemon.

Mrs. Kimbrough Dies At Haskell

HASKELL, Tex. (AP)—The mother of two noted Texas sports figures, Mrs. W. A. Kimbrough, will be buried tomorrow following funeral services in Haskell.

Mrs. Kimbrough, 71, died yesterday. Her seven children included John Kimbrough, a former All-American football player at Texas A&M, and Frank Kimbrough, head football coach at West Texas State College.

She had been in ill health for about three years.

Jaycees Planning County 'Play Day'

Howard County Play Day, sponsored by the Big Spring Junior Chamber of Commerce and featuring \$300 worth of prizes, will be held in the City Park amphitheater July 9 at 4 p.m.

John Taylor, Jaycee president, announced that special events of the day would include an amateur contest, a greased pig chase, a nose contest, a pie eating contest, a beauty contest and a "homeliest man" contest. He said there will be free toys and novelties for the children.

North Korean Fliers Land At Seoul To Seek Asylum

SEOUL (AP)—Two young North Korean fliers buzzed the Seoul Airport today in an old, Russian-built Yak fighter, then landed and gave themselves up to cheering South Korean airmen.

The two were marched to ROK air force headquarters for questioning. It was presumed they sought political asylum.

South Korean officers identified the pilot as Capt. Lee Un Yong, 24, who said he returned only six months ago from a Russian jet flying school at Kiev. The other flier was identified as Lt. Lee Eun Song, 24, a navigator trained in Red China. Both are natives of Pyongyang, the Red Korean capital.

They were the first Korean Communist fliers to flee from the Reds since Lt. Noh Kum Suk

landed a MIG jet fighter at nearby Kimpo Airfield Sept. 21, 1953. He received a \$100,000 reward for delivering the MIG and asylum in the United States.

ROK air force officers said the two North Koreans left at 11 a.m. from Munsunri Airfield near Pyongyang, North Korean capital, in their Yak 18. The Yak is a single-engine propeller driven fighter-bomber.

The Communists used the Yak in early stages of the Korean War. Now it is used as an advanced trainer.

ROK officers said the two North Koreans crossed the truce zone at a hedge-hopping 50 feet to escape radar detection. Their Yak started buzzing the Seoul Airport about 1 p.m.

They said the control tower,

manned by Americans and Koreans, at first thought the Yak was a British plane. When the plane failed to answer a radio call, a Korean noticed the Communist insignia.

It was given an immediate "come in" signal.

Brig. Gen. Kim Shin and other ROK air officers met the Yak at the end of the runway. The North Koreans told Shin, "We want to surrender."

Shin took the controls and taxied the Yak to the runway. A big crowd of Koreans and Americans had gathered.

The North Korean pilots stepped from the Yak, bowed several times and raised their hands. The South Koreans applauded and cheered. The dark green plane was impounded.

Civil Defense Chief Declines Comment On Mock Atom Raid

WASHINGTON (AP)—Civil Defense Chief Val Peterson declined to say in public Monday whether last week's mock A-bombing of the United States reflected a "realistic appraisal" of Russia's nuclear capabilities.

But he brushed aside as "not correct" criticism that the Operation Alert civil defense test was "outdated before it began" because of taking incomplete recognition of radioactive fall-out.

Peterson told a Senate Armed Services subcommittee headed by Sen. Kefauver (D-Tenn.):

"It is not proper to discuss on the record whether this (the power attributed to the mock bombs) reflected a realistic appraisal of Russian capabilities."

And Peterson also declared of the test:

"It was not outdated and it was not predated. It was pertinent for today's problem."

He conceded that the United States has "detonated devices" greater than the 5-megaton simulated bomb which struck New York City—5 megatons equalling the explosive power of 5 million tons of TNT.

12 Japanese Hurt In Truck Accident

TOKYO (AP)—Eighteen Japanese, 15 of them policemen, were injured in a truck accident today in the forced removal of Japanese demonstrating against U.S. Army artillery firing near Mt. Fuji.

The demonstrators delayed firing practice several hours by squatting in the impact area. They were protesting anew against artillery practice near the sacred mountain.

Three demonstrators and 15 policemen were injured, none seriously, when a U.S. Marine truck carrying them from the impact area slipped its brakes and overturned. Japanese police carried out the evacuation in response to a U.S. Army request.

Stars All Cross-Eyed

PHOENIX, Ariz. (AP)—Police arrested a 30-year-old man struggling with a woman in a downtown alley last night and booked him for investigation of attempted rape. In his pocket was a scrap of paper with a prediction apparently copied from a horoscope: "Opposite sex will react warmly to advances."

On Temporary Duty

Conant Backs Berlin People Against Russian Intrigue

CHICAGO (AP)—Ambassador James B. Conant said Monday the United States will back the people of Berlin against any Communist effort to "tamper with the present status or harass the population."

"We shall remain in Berlin," he said, "until that city is the capital of a Germany reunited in peace and freedom."

In an address prepared for the Union League Club, Conant said Russia is well aware that "we will not tolerate any changes that would interfere with the lifeline of the city, or that would arrest the city's gradual process of recovery."

Conant expressed confidence that Chancellor Konrad Adenauer's government would never barter away its security in exchange for "the doubtful prom-

ises of the Kremlin" involved in any sham reunification plan.

Adenauer and his government realize, he said, that German unity is not an isolated problem but "part and parcel of a global problem."

"The forthcoming summit meeting will provide a strategic opportunity to probe the nature and the scope of the Soviet government's recently developed symptoms of 'flexibility,'" he said.

Canada Has 2 Official Tongues

OTTAWA, Ont. (AP)—Canada is officially a two-language country, and nowadays French is being heard frequently in Parliament.

Only 10 years ago, the chief stenographer of the House of Commons recalls, a month might pass without a word in French. Now there's daily use of Canada's second language.

Prime Minister Louis St. Laurent, fully bilingual, replies in French when legislators ask him questions in the language. George Drew, leader of the opposition, learned to speak French only a few years ago; now he uses it in formally introducing newly elected French speakers of his Progressive Conservative party.

Chief Stenographer Paul Frenette recalls that all members before 1949 were called "mister." Today both "mister" and "monsieur" are in order. Speaker Rene Beaudoin greets official visitors in both languages and makes rulings in the language used by the member he addresses. When addressing the House as a whole he uses English, the language of the majority of members.

Hi, Neighbor, Just Thought I'd Drop In

DETROIT (AP)—Mrs. Maxine Metzger agreed to let her 13-year-old son, Edward Jr., take the wheel of the family car yesterday. He was to drive the car up the driveway into the garage, but he apparently confused the brake and accelerator. The car shot across the lawn, smashed an 8-foot picture window in the home of a neighbor and came to a halt halfway in the living room. Damage was estimated at \$5,000.

Plane Grows In Agriculture Uses

By OVID A. MARTIN

WASHINGTON (AP)—The airplane is rapidly becoming a major implement of agriculture. It's being used more and more in fertilizing, planting and spraying.

The number of aircraft used in farming now exceeds 7,000, or nearly five times the size of the commercial plane fleet. One cultivated acre out of every six in the United States is being treated by aircraft.

Government agencies estimate that aerial pest control, weed control and fertilizing add more than three billion dollars annually to farm income.

Each year more than 644 million pounds of dust-type chemicals are applied by air and 50 million gallons of liquid sprays. These materials would more than fill 1,000 freight trains, each 50 cars long.

Officials say aerial crop control work is done on more than 200 types of crops. Agricultural engineers expect a much greater expansion in the next 5 to 10 years.

The use of the airplane and the helicopter is growing at such a rate that the Agriculture Department is being urged to name a qualified man to coordinate all research being carried on by federal, state and other agencies in aerial farming.

Aerial spraying has grown largely around the use of war surplus training planes, easily converted for such use. Chemical companies have helped by manufacturing new chemicals.

Agricultural aviators usually hire out their services to farmers. Few farmers themselves engage in the work.

Here is the way a Civil Aeronautics Administration specialist described the aerial applicator in a recent speech:

"He is not a wealthy person. He does not have access to unlimited funds or subsidies to promote the welfare of his business. He has earned everything he has in the good old American, competitive way. He is a portion of grass-roots aviation—an industry that has become one of the biggest segments of our aviation industry. He believes that the airplane can do aerial application jobs faster, better and more efficiently than any other type of machinery. He has made a lot of faces turn red by doing what was once considered impossible with an airplane."

The CAA specialist—Gale F. Hanson—added that if aerial applicators suddenly ceased operations, the result would be a food shortage that might well create a panic.

But agriculture is finding uses for the airplane other than caring for crops. More and more farmers are acquiring airplanes for transportation. The airplane is being used to count cattle in Western range areas, for patrolling fences and for planning erosion control work. The Agriculture Department uses the airplane to check on farmer compliance with crop controls.

In some regions, operators of big tree farms use airplanes to drop new tree seed into cut-over areas. Planes are widely used to help fight forest fires.

Those engaged in agricultural aviation generally agree that their industry's greatest need is an airplane designed specially for the work. Several aircraft manufacturers have been exploring the possibility of producing such a plane.

It's the new kind of hardtop—
The 4-Door Riviera!

Hottest-Selling Buick in History
No wonder you see so many '55 Buicks on the highways—they're rolling up bigger sales than ever before in history—capping the popularity that has already moved Buick into the top circle of America's best sellers.

YOU drop the side windows down on this airy beauty of a Buick with the solid steel roof—and it's as wide open as a Convertible, with no center posts to mar your view.

That's what makes it a hardtop. But what makes it a very special kind of hardtop is the fact that it has four doors instead of two.

Cheers? Brother!—they're really rolling out for Buick's 4-Door Riviera! Now, you see, you can have the tremendously popular styling of a true hardtop combined with the room, comfort and full convenience of a 4-door Sedan.

And it took a completely new kind of body design to come up with this

marvel—a new kind of body built to wholly new structural principles.

So it looks like Buick's done it again—because the 4-Door Riviera is a sweeping sensation across the nation. It's rolling off the assembly lines in volume numbers to meet the demand—in the high-powered CENTURY Series, and in the bedrock-priced SPECIAL Series, illustrated here.

And each one is all Buick—with record-high V8 power, the level steadiness of all-coil-springing, the

extra roominess of a full-size Buick Sedan—and, most certainly, with the instantaneous getaway response and bettered gas mileage of Buick's spectacular new Variable Pitch Dynaflo.*

Come in for a look at the brand-new kind of hardtop—the 4-Door Riviera. You'll find it priced at the modest extra cost of a 4-door model over a 2-door model—and a buy too thrilling to pass up.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

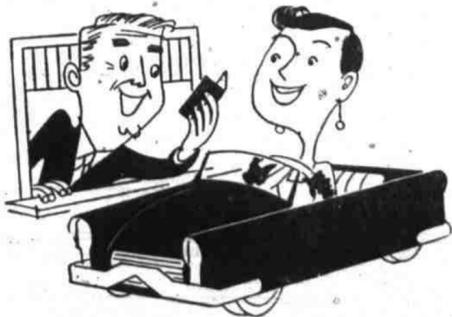

Thrill of the year is Buick

Editorial

Peace No Better Than Its Source

Soviet Foreign Minister V. M. Molotov
and Soviet Ambassador Georgi N. Zaru-
bin, en route to San Francisco to attend
the tenth anniversary meeting of the
United Nations, stopped off in Cheyenne, Wyo.,
for a bit of sightseeing. Each was pre-
sented a ten-gallon hat by a reporter for
a Denver newspaper.

lators have made a mockery of peace. The
world could have had a genuine peace at
any time in the last ten years had the
Communist world met the free world any-
where near halfway.

Power For Cars—Not Quite Jet

The jet-age in motor vehicles is nearer
than you think. According to a press hand-
out by the American Automobile Associa-
tion's public relations department, quite
a number of the new models of 1960
will be jet propelled, and in twenty years
piston-driven engines for cars will be ob-
solete.

which will have a flexibility akin to that of
steam.
The fuel won't be gasoline as we know
it, but fuel similar to that used in turbo-
prop airplanes—a mixture that costs less
than half the conventional high-octane
motor car fuel.

David Lawrence

Our Policy For The Russians: 'Show Me'

NEW YORK — An adventure in the
realm of appraisal — guessing the Soviet
mind — took up most of the time of the
three foreign ministers at their sessions
here. About all they could focus on was
that the Communists probably have some-
thing very definite in view besides mere
propaganda.

will urge that something be done about
each. But it is too early to say whether
anybody will come up with a solution
for the simple reason that no one knows
if the Soviets have in mind the removal
of the basic causes of world unrest —
their own aggressive operations through-
out the Western countries.

the Post Office at Big Spring, Texas under the
act of March 3, 1879.

Kills 'Super' Roaches

The Gaston Johnston Corporation, which for many years has been manufacturing No-Roach, has developed a new formulation which it says overcomes the resistance roaches have developed against ordinary insecticides. The new product is called "Super No-Roach" and is available in Big Spring at Safeway, Furr's, Piggy-Wiggly and Red & White stores.

Amana Freezer Is Available In Different Sizes

How would you like to save approximately 200 trips to the grocery store each year?

You can and there are six very good ways to do it at the Big Spring Locker Company, 100 Goliad. The six ways are the six different models of the beautiful Amana freezers. These freezers are the holders of the Fashion Academy Award and guaranteed to outperform all other food freezers.

Amana is the largest manufacturer of food freezers in the world and the freezers are available through the local distributor, the Big Spring Locker Company. The Amana freezers come in two chest sizes and four upright sizes, holding quantities of 280 pounds of food in the smallest chest to 875 pounds in the largest upright.

The large chest Amana will hold 490 pounds and the smallest upright model holds 410 pounds. Two intermediate sizes hold 540 and 665 pounds respectively. In a word, there is an Amana food freezer sized to fit your household needs.

One of the most interesting features of the Amana line of food freezers is the fabulous "stor-mor" door. In the 15.4 cubic foot freezer, the door alone will hold 55 pounds of frozen food. And the "stor-mor" door makes your foods so much easier to reach. There is no scrambling around inside an Amana freezer looking for the food of your choice.

Just open the door and everything appears to be in easy reach and you can select the delicacies of your choice for that quick, easy to fix, meal.

As for the selection of foods available there are so many that it would require this entire page to list them all. They come in the famous "Pictsweet" brand. When you go down to the Big Spring Locker Company, be sure to ask about the important and money saving, "Amana Food Plan." This plan makes your food buying problem cease to be a problem at all. It is the secret of every thrifty housewife and can be yours for the asking.

Marvin Sewell and Jim Kinsey are the owners and operators of the Big Spring Locker Company. They prepare fresh meat daily for cafes and individuals, especially catering to persons with animals for slaughter. They will convert your beef to packaged cuts just right to fit into your food freezer.

Years of experience is required to slaughter an animal the way it should be done and prepared for freezing. And it is a specialty at the Big Spring Locker Company.

H. D. (Rusty) Hightower, local driver's license examiner, is back on duty after spending two weeks at a summer encampment of the Air Force Reserve.

Hightower trained during the period near Gulfport, Miss. He has resumed his regular schedule of conducting driving tests here on Mondays, Wednesdays, Fridays and Saturday mornings.

Gilliland Slates Clearance On Sewing Machine Stock

Sewing machines will be sold at Gilliland Sewing Machine Exchange at a reduced price between Thursday and Saturday of this week.

A. F. Gilliland, owner and operator, stated that the clearance sale will feature both new and second hand machines.

New machines to be featured during the sale will be White Rotaries, Domestic and Belair models. All of the used sewing machines stocked at the exchange will be sold at cut-rate prices.

Special prices will be made on "motorizing" and repairing of old machines during the three-day sale period too, Gilliland said. Work will be undertaken on any make or model.

Purpose of the sale is to cut existing stocks, Gilliland said, so that future efforts can be concentrated on the promotion of Necchi, Elma and Good House-keeper sewing machine models.

The exchange, located at 120 E. 2nd, is the Big Spring agency for the Necchi and Elma machines, two of the most popular models in the country.

The Necchi can do 56 different type stitches without the bother of worrisome attachments, and the portable Elma is as versatile and just as easily operated.

Both machines are equipped to sew forward, backward or zig-zag. They can embroider, sew two rows simultaneously, do "hand-look" hemstitching, make perfect buttonholes and monograms, and sew on buttons and hooks.

Gilliland has one of the best equipped repair shops in the city, and practically any machine can be made to look and function like new.

Any machine which is sold at the exchange can be maintained in case something goes wrong, and guarantees are offered.

Free pick-up and delivery services are given by Gilliland, and the exchange phone number is 4-5011.

Polish Woman Glider Pilot Sets New Mark

LONDON (U)—The Warsaw radio reported today a Polish woman glider pilot named Czmielouna has set a world record for a two-way journey in a single seater glider.

Taking off near Wrocław, it said, she flew to Poznan and back, a distance of 207 miles. The broadcast listed the previous record as 179 miles.

Prisoners Return

WIENER, NEUSTADT, Austria. (U)—A group of 184 Austrian war prisoners and civilian internees released by the Soviet Union arrived here today.

Coin Machines Due Renewal Of Stamps

The renewal of federal location stamps on coin operated amusement devices must be made on or before July 1, reminded Ben Hawkins, local IRS official.

Hawkins said the renewal date was previously any time during July. He said, however, that this still applied to beer and liquor stamp renewals.

Businesses that need renewal forms can get them on the table outside the IRS office in the Petroleum Building, Hawkins said.

Harland Station Is Favorite Of Area Motorists

A favorite stopping and shopping place for local motorists is the Harland Magnolia Service Station, located at 1000 Lamesa Highway.

The station now only offers the best in Magnolia Petroleum Company products, including premium gasolines and motor oils, but extends the type of automobile service that brings customers back.

Personnel of the Harland station have been thoroughly schooled in the art of giving complete service to an automobile, including the changing of crankcase oil, washing and greasing.

When commissioned to clean vehicles, employees of the establishment not only give the car that necessary "new car look" on the outside but vacuum-clean the seats and walls of the vehicle on the inside.

If you are in doubt as to the type and grade of motor oil your auto should be using, it might be wise to consult Grady Harland, owner of the station bearing his name, or some of his employees about the matter.

Now that summer and hot weather have come on, it might be essential that a different weight oil should be used in the engine of the vehicle.

A limited amount of accessories, including batteries, are stocked by the Harland station. If you're in need of new tires, Harland himself is in a position to order them for you.

Harland's is located on a through highway, which means it catches its share of tourist traffic, yet close enough to downtown Big Spring that people in that vicinity find it convenient to drive over for additional supplies of gasoline and oil.

SMITH BUTANE Gas Performs Many Services

Gas, like electricity, can and does perform many services for man.

Butane gas makes it possible for rural dwellers, as well as urban residents, to enjoy those conveniences.

Butane gas can do such chores as cook food, provide hot water, dry clothes and provide heat for incubators and tractors around a farm, as well as insure home heating in winter months.

Local butane agent is S. M. Smith, who maintains his place of business on the Lamesa Highway just inside the city limits.

The S. M. Smith Butane Company is fully equipped to install any type of butane system for tractors and can show the customer the wisdom in making such a change.

Butane systems used on tractors and other farm vehicles not only insure greater safety but operate cleaner and more economically but insure longer life of vehicle engines, as well.

Such change-overs can be made without undue loss of time and at no great expense to the owner.

Trucks of the S. M. Smith Company are prepared and equipped to refill all butane systems used within the immediate area at regular intervals.

Smith employees are properly oriented to make repairs or improvements on such equipment, upon request.

Butane gas has been serving families in the Big Spring area for years and the number of subscribers is increasing annually.

Demonstrations of the butane equipment will be given upon request at the S. M. Smith building here.

Business telephone number of the concern is 4-5981.

Listen To Men Who Know . . .

"INCOMES DEPEND UPON ADVERTISING"

"There are still, today, too many people occupying management positions in all kinds of businesses who do not realize that their incomes, to a large degree, depend upon advertising. They are too quick to censor the 'high cost of advertising' — but fail to analyze the long-range effect of product silence. Some companies have forgotten that good will and brand acceptance are highly perishable assets. Good will cannot be wrapped up and stored away for future use. Brands in America have been built in long periods of uninterrupted selling. People become markets through the unifying power of advertising."

—M. A. Schirmer, senior vice president, Campbell-Swaid Co., one of the nation's largest advertising agencies.

"ADVERTISE OR STAGNATE"

"Any alert retail organization must constantly seek out new customers or stagnate. Customers move or die off. Children grow up. Family groups form. New families move into trading areas. In my opinion the newspaper is the least costly, yet most powerful advertising medium to accomplish the task of seeking out these new customers. In a newspaper ad a retailer can aim his message accurately; make it timely; reach a known audience; establish a character for his store; and acquaint the constantly-changing market with his services."

—Aaron A. Knopf, president of Eastern Camera Exchange and best winner of the Brand Name Foundation Retailer-of-the-Year Award.

James Suggs To Receive Highest FFA State Award

The highest award in the state for FFA work will be given to James Suggs of Big Spring next month. This is the state farmer degree which is awarded to boys who make outstanding records in classes and with their project.

JAMES SUGGS (Staff Photo)

James, who is the son of Mr. and Mrs. C. E. Suggs, of Route 1, has been an active member of the FFA for the past four years. During that time he has held almost every office in his local chapter, in addition to holding offices in Area II. Recently he was elected sentinel in the area election held in Odessa.

During his high school years, James has carried on livestock projects with lambs, pigs and calves. Also he carried out a general farming program on his father's farm where he grew cotton and grain sorghums.

His net earnings from the projects alone totaled more than \$800, and he has accumulated quite a bit of capital in the form of livestock and machinery. At present he is farming 32 acres of cotton, 20 acres of Atlas Sorgo for bundles and 22 acres of grain sorghums. Altogether he is farming 105 acres this year.

James graduated from Big Spring High School at mid-term and has been out of school since then. However he intends to enroll at Howard County Junior College in September and get two years of his college education close to home.

In addition to his FFA work, James has been an ardent church worker, and is now committee chairman of the Church Young People at the Presbyterian Church.

He will receive the state farmer degree at Houston, and will be accompanied by his high school agricultural teacher, Truett Vines.

SCHOOL FUNDS

Parr, 11 Others To Go On Trial

ALICE, Tex. (AP)—George B. Parr and 11 other Duval County defendants are scheduled to go on trial July 5 in New Braunfels on charges of conspiracy to steal or misapply funds of the Benavides School District.

Scheduled to be tried with Parr are D. C. Chapa, O. Carrillo Sr., Jesus Oliveira, B. F. Tom Donald Jr., R. Milligan, Jesus G. Garza, Santiago Garcia, C. G. Ramirez, O. Saenz, Reyes Ramos and Givens Parr, brother of George Parr.

The 12 cases will be tried separately or together depending on the motion of the defendants' attorney, Dist. Atty. Sam H. Burris said today.

Conviction on the conspiracy charge would carry a 2-to-5 year sentence.

Milligan, the Benavides school superintendent, also will be tried on July 28 at Brenham on a two-count indictment charging theft conspiracy. On the same date, Tyson Summy, also of Duval County, is scheduled to be brought to trial on a charge of making false certificate of notary public in connection with Dist. Atty. Wallace T. Barger of Hayes County and Dist. Atty. Richard Spinn of Washington County Saturday.

Earlier last week Burris got settings for the trials of D. C. Chapa and Oscar Carrillo, both indicted on charges of misapplication of Benavides School District funds. Their trials are scheduled for July 11, 18 and 25 in Tyler.

Eclipse Adds To Fliers' Log, Is Boon To Scientist

MANILA, (AP)—Three U.S. 13th Air Force officers Monday officially logged 15 minutes of night flying time in the middle of the day.

They were in T33 jet trainers that followed the total eclipse of the sun in the Philippines. The eclipse occurred at the noon hour.

Maj. C. L. McDermott of Douglas, Wyo., 13th Air Force Public Information officer, said the official flying records of himself, Lt. Clarence L. Shivers, St. Louis, and Capt. Frank D. Huribout, Glendale, Calif., would log the night flying time.

CLARK AIR FORCE BASE, P. I. (AP)—An American scientist zoomed after the moon in a 600-mile-an-hour T33 jet trainer plane Monday and said he was able to see five minutes longer as a result.

"The phenomenon was far more pronounced and clear than any other eclipse I have observed from the ground," said Dr. Frank Back, president of Zoomar Inc., New York. "The sky was full of stars—we could observe stars of the third magnitude."

Back said the flight set a precedent for future eclipse observations. "We don't have to depend on the weather, and we can even extend eclipses of short duration."

Livestock To Korea

HOUSTON (AP)—Ten thousand head of livestock including mother cows, heifers, pigs, horses and mules sailed today on the Texas Friendship for Korea.

But the man who was credited as being most responsible for this showing of livestock was not able to be present at the dedication services held before the ship's departure.

This man was Col. C. A. Anderson of Beatrice, Neb., who is now in Korea assisting the American-Korea Foundation reorganize its agriculture and especially to organize and strengthen 4-H clubs.

UNCLE RAY'S CORNER

Gigantic electric shovel at Illinois coal mine. Twelve cubic yards can be scooped up at one time.

There was a time when men with shovels did the work of digging deep holes. Even tunnels through mountains were cut with shovels, along with picks and other hand tools.

At present we have machines which are made with the special purpose of digging ditches. A longer trench can be cut in one day than could be produced by 100 men with hand tools.

Aside from ditch-digging machines, we have mighty affairs known as power shovels. In the past century these were known as steam shovels, but to a large extent the steam power has been replaced by electric and Diesel power during the twentieth century.

Q. How long ago did power shovels come into use?

A. More than 100 years have passed since steam shovels were invented. The first important steam shovel job seems to have been performed in Massachusetts 117 years ago. Under the direction

of William Otis, a steam shovel was used to excavate the bed for a small railway line.

Q. Did steam shovels play a part in cutting the Panama Canal?

A. Yes. Without these shovels, it is doubtful that the Panama Canal could have been produced.

Q. Is the power shovel a form of crane?

A. It is a form of jib crane. It differs, however, in having a big shovel which is lowered and raised. A kind of jaw on the shovel has teeth which bite into earth, loose rock or other material.

A bite of only half a cubic yard may be taken, but many power shovels pick up from five to 10 cubic yards. One Marion steam shovel was made large enough for loads of 15 cubic yards! This one had an arm 120 feet long.

Tomorrow: Fountains.

Security Watchword At Molotov Mansion

HILLSBOROUGH, Calif. (AP)—Security is the watchword at the 15-room mansion in this exclusive suburb of San Francisco where Soviet Foreign Minister Molotov is housed with his delegation.

A local policeman sauntering by yesterday saw a member of the household staff stopped at the gates, his suitcase dumped onto the ground and every item pawed over by Russian guards before the man was allowed to repack and enter the grounds.

Molotov basked in the sunshine yesterday morning under a beach umbrella beside the estate swimming pool.
