TAHOKA, LYNN COUNTY, TEXAS THURSDAY SEPTEMBER 11, 1924

NUMBER 2

Baptist Revival Comes to Close

Forty Six Additions to Church. Shepherd Will Come to Tahoka as Pastor

One of the most successful revivals ever held in Tahoka came to a close Sunday night at the city tabernacle after a two weeks campaign. There were eleven additions to the church at the last service, running the total during the meeting up to 46. There was a baptismal service at the Baptist Church Sunday afternoon, when twenty-two converts were buried with Christ in baptism. There are four or five young converts yet to be baptized. There were about twenty additions to the church by letter. It is probable that there will be a few additions to other churches as a result of the revival.

Rev. B. N. Shepherd did the preaching during the meeting and he did it with an earnestness and power that reached the hearts of many. His discourses were uniformly clear and appealing, and they were delivered in a spirit of love and tenderness that gained the interest and the good will of nearly all who heard. For ten days S. W. Cooper of Crosbyton led the song services and he did most excellent work in this respect. At the middle of the last week previous engagements called him home, but our own Brown Bishop was promptly drafted into the service and proved himself to be thoroughly equal to the emergency. A local orchestra added much to the power and effectiveness of the music.

The spirit of cooperation was fine throughout. Rev. J. T. Howell, the Methodist pastor, and many of the members of his church, the Presbyterians and members of other denominations in the city, all joined in a common effort to bring the unsaved to Christ, and the effect was good not only in the salvation of souls but in cementing the bonds of affection and brotherhood among the Christian people of the town.

At the service Sunday morning an offering was taken for the preacher and the singer, which was augmented at the night service. The total collection for this purpose amounted to \$329.11.

At a meeting of the Church Friday morning Brother Shepherd indicated that he would accept the call of the church to the pastorate and on Sunday morning he made public announcement of that fact. He left for his home at Matador Monday, where he expects to tender his resignation and close his work there at once. It will possibly be two weeks before he and his family will be able to move over to begin their work here.

DRAW REDWINE GIRLS' HOME DEMONSTRATION CLUE

The Club girls met with Grace and Pauline Thompson on Wednesday August 20. About fifteen girls attended this meeting and spent the time in canning vegetables and fruit. Some of the girls packed some exhibit jars for the fair.

The last meetig was held at Draw school house and our time was given to finishing up our sewing work, so we would be ready for the Fair. Ruby Ash, our Club member who attended the Short Course at College Station told us some of the things she learned there.

Several members of our Club assisted Miss Halsey in the Club sale held in Tahoka recently.

As our Secretary has not been able to attend the meetings regularly we have elected Berlun Ash as secretary and will try to make our reports every time in the future.

UNCLE IKE TIES ANOTHER KNOT

Judge and Mrs. B. H. Howard and Mrs. Selma Self of Slaton came down to Tahoka Tuesday night, induced Pappy Smith to issue the proper credentials, and then went to the home of Uncle Ike Metcalf and induced him to say the ceremony that would make them husband and wife. Uncle Ike readily accepted the invitation and performed his duty in the most gracious manner. The young people immediately returned to Slaton, where they will reside. We have the best wishes of the community and a host of friends.

Sanford Caught Car Thief Last Friday

A young man drove up to W. W. Brandon's filling station last Friday and offered to trade some casings. Mr. Brandon suspected that something might be wrong and called the sheriff. Mr. Sanford took the young gentleman in charge and soon had a confession from him that the car which he was driving was a stolen car and that it belonged to parties in Roswell, New Mexico. Mr. Sanford communicated with Sheriff Peck of Roswell, and he came over Saturday and took the car and the thief back to Roswell. Sheriff Peck stated that he had wired a number of towns in this part of Texas to be on the look-out for this car but he had failed to wire Tahoka. The capture was due solely to the suspicions of Mr. Brandon aroused by the young gentleman's conduct and to Mr. Sanford's skill in drawing a confession out of the thief.

Connolly Demonstrates The Fordson

Forty or fifty men accepted the invitation of the Connolly Brothers to go out to the Fordson Demonstration Farm Wednesday afternoon, and witness the Fordson demonstration. The editor was among the number.

So far as we could see, the demonstration was a great success. First they hitched the little iron horse to a disc breaking plow, gave his tail a twist, and he was gone, dragging the big disc plow after him and tearing up the earth just beautifully, leaving a furrow about six inches deep and 16 or 18 inches wide. The ground was thoroughly pulverized and left in fine condition.

Then they hitched him to a two-row cultivator and started him down through the cotton patch. When the editor first began to learn to plow, he hitched old Beck to a double-shovel and started down the corn row or the cotton row, plowing one side at a time. He planted corn and cotton through a chute attached to a walking plow, or by dropping or strewing the seed along the furrow behind the plow. Later, he hopped the cloids behind a walking planter. After the crop was up, he rode a cultivator and popped old Beck and Kit on the caboose end as they dragged the plow down the rows; and we thought that farming had then reached the perfection stage. But now they are discarding old Beck and Kit altogether and substituting gasoline. Even the editor mounted the two-row contraption hitched to the rear end of the Fordson, and for the first time in his life he plowed two rows at a time. We plowed too. We have about decided that a mighty good farmer could be made out of a rather poor editor, and when we begin to grow old and wish to quit hard work, we may buy one of those Fordson animals and go to farming.

Yes, they had disc harrows and two-row middle-busters, and such like, that little Henry Fordson also showed off with and he never balked once. Chester Connolly stated that it had cost just \$4.43 per acre to break the land, plant the seed, and cultivate the cotton crop growing on the farm. On account of a drouthy summer the cotton is not excellent, but it would have been all the same if it had produced a bale to the acre.

The South Plains is the prettiest country in the world on which to farm, and there is no place anywhere where a tractor will do better and prettier work than here in Lynn county. Homologate yourself out here to the south plains; you homeless tenants of the black waxey belt and the piney woods, and learn how to do some real farming.

Walter Neeley, a real estate man of Winters, was her Monday, accompanied by A. C. Harrison and R. F. Baker, two citizens of his town, looking at some of our Lynn county lands. It is probable that Messrs. Harrison and Baker will make some investments.

Our old friend, John F. Albricht of Dallas, now representing the Oliver Plow Company, was here Wednesday for the Fordson demonstration.

Loop Highway Being Proposed

New Highway Being Proposed BY West Texas Chamber of Commerce

The West Texas Chamber of Commerce is fostering and promoting a Highway to be known as the Loop Highway, which is to traverse the whole of the plains country. This highway when completed will be shown in the Blue Book with all the detours marked as such and the main highway marked as such. The proposed route for the Loop Highway passes east and west through Tahoka, and will be an addition that will be worth more than can be calculated to the town and county. Lynn County has one of the best systems of main dirt roads that can be found in West Texas and it behooves the citizenship to assist our neighbors on the west to boost and push so that we will be sure of getting the highway established.

Mr. Whittaker, the exhibit man of The West Texas Chamber of Commerce, announced three months ago that the office of that organization had at that time received over 45,000 applications from people all over the Central portion of the United States, to pass through the famous Carlsbad Cave next year, or at the time that the cave will be completed and opened to tourists. It is only a nice days drive from Tahoka to the cave and with the highways that are already established and printed in the Blue Book and with the proposed new one, it is possible that 500,000 people will pass through this portion of the country going to see the Wonders of the World.

The Chamber of Commerce of Tahoka is doing every thing in their power at present to get The Loop through our city and county and they ask the co-operation of every individual who resides in Lynn County to put their shoulder to the wheel and help make this thing a fact, and there is no reason why it cannot be done since The W. T. C. C. has already proposed to come this way. All For One and One For All is our Slogan.

Knight Family Enjoys Re-Union

Mr. and Mrs. F. T. Carson of Washington, D. C., spent last week and the first half of this with Mrs. Carson's parents, Mr. and Mrs. W. L. Knight. Mrs. Boyd and children of Plainview were also here last week, and thus the entire family had the pleasure of being together again for several days. Mr. and Mrs. Carson left Wednesday to visit Mr. Carson's mother at Barstow from which place they will go to Los Angeles, California, to visit other relatives. Mr. and Mrs. Carson are both in Government departments at Washington. Mrs. Carson, better known here as Miss Ollie Knight, resided here with her parents and was a teacher in the Tahoka Public school, but left in 1917 to take a position in Washington, where she has since been employed and where she married three years ago. Her many friends here were delighted to see her again.

OVER-70 CLUB WILL MEET FRIDAY

The News is requested to announce that the Over-70 Club will meet at 3 o'clock Friday afternoon at the office of Judge I. P. Metcalf in the basement of the Court House. All members are urgently requested to be present, as there will be important business to attend to.

Quite a number of the members of the Tahoka Baptist Church are attending the Brownfield Association in session at Central Church eleven miles east of the city this week.

Judge and Mrs. B. M. Howard came over Sunday to visit their daughter Mrs. Frank P. Hill. They returned to their home at Crosbyton Wednesday, accompanied by Mrs. Hill for a few days visit.

Trade with the business men who advertise.

F. L. U. Lecturer Addresses Farmers

Mr. Moss, of Brownfield, representing the Farm Labor Union of America, addressed a crowd of 75 to 100 farmers in the court house last Saturday afternoon in the interest of his organization.

Mr. Moss stated that the F. L. U. had its origin in Fannin county, Texas, in 1920. He declared that it is a non-political, non-religious organization, its purpose being to enable the farmers to help themselves financially. None but bona fide "dirt" farmers can belong to the organization. "We have been the tools of the speculators, gamblers, and pricefixers", he declared. "Our ultimate plan is to enable the farmers to fix the prices of their own products. This price should be fixed at the cost of production plus a reasonable profit. Under the present system the prices of the farmers' products are not fixed by him but by the fellow who buys them. We can not remedy this evil in a day or in a year, but in three years the newspaper headlines will be announcing that The Farmers Fix the prices on their farm products. The immediate plan of the organization is to elect salesmen in the various counties, who as agents for the farmers will sell cotton direct to the manufacturer. We are already doing this in many counties in Texas. We are selling direct to the spinners of New England, and we are selling direct to the foreign manufacturers."

At the close of his address, which was rather lengthy, Mr. Moss gave an invitation to non-members to join the organization. Most of those present indicated that they were already members, however. Those present seemed to be in a good deal of enthusiasm was manifest. It is understood that an effort will be made to greatly increase the membership in this county.

Houston Hill of Dallas, tractor representative of the Ford Motor Company, was here Wednesday to see the Connollys put on their Fordson demonstration at the farm two miles east of town.

Zappe Is Selling Butler Tracts

Wm. Zappe reports the sale of several tracts of the Butler ranch lands lying near New Home in the northwest portion of the county during the past week.

These lands are being sold in tracts of 160 acres each at \$35.00 per acre. The purchaser pays \$500 cash and is allowed ten to fifteen years time on the balance. These lands are among the very finest in the county and will probably be speedily sold. There are about eight sections in the ranch.

Purchasers during the past week were E. E. McManus, R. E. Carruth, E. Allen, L. N. Hancock, F. T. Autry, and Mr. Stracener, each taking a quarter section. These gentlemen will improve their tracts respectively and will place them under cultivation next year.

LABORERS FOR THE COTTON HARVEST FURNISHED ON APPLICATION

Porter A. Whaley, of the West Texas Chamber of Commerce, has sent the News the following communication:

As during the past five years the West Texas Chamber of Commerce will again operate its free Employment Bureau for the cotton harvest. We have perfected a close working alliance with the United States Employment Bureau at Fort Worth. If possible let us know your requirements in advance and what you propose to pay for pickers.

SACRED HARP SINGING CONVENTION

The Lynn County Sacred Harp Singing Convention will meet in Tahoka Sunday afternoon Sept. 14, 1924. Everybody invited to attend and bring their Sacred Harp song books, and Christian Harmony books. This is the regular semi annual meeting of the organization which was organized in June of this year.

TAHOKA PUBLIC SCHOOL OPENED LAST MONDAY

MRS. FOSTER DIES AT SLATON

Mrs. A. L. Foster died at Slaton early last week and was buried in that city on Friday, the interment being delayed on account of inability to communicate with Mr. and Mrs. L. F. Craft, who were enroute from Chicago. The Crafts were finally reached by wire at Oklahoma City, from which place they hurried on to Slaton.

Mrs. Foster was a sister of Mrs. Craft, and a daughter of Mrs. Evans teachers in the Tahoka public school. Mr. and Mrs. Foster formerly resided in Tahoka, and Mr. Foster was principal in the public school here, while Mrs. Foster taught music. They had many friends here, who deeply deplore the sudden and unexpected demise of Mrs. Foster. She was ill only a short time preceding her death.

High School Grid Team Looks Good

As many anxious gridsters donned the moleskin, seized the pigskin and dashed frantically out to the field of action the student body of T. H. S. realized that there was on hand this year the making of a real squad that should do justice to the dear old school. The boys are working hard at the job and deserve a great deal of credit for putting that sort of stuff into the game that it takes to make a winning team.

There is keen competition for every place on the team and especially for both positions at half back. This state of affairs is conducive to much hard work and as a result of the work boys are tackling hard, passing efficiently, and putting effectively. These things combined with the punch of a sturdy strong line will ring up many victories to the credit of the vicious Bull Dogs.

Considering the fact that we have good material, good coaching, and a hearty spirit of cooperation from the people of the town we are expecting to have a successful season along the line athletics this year.

SALE OF STOCKER CATTLE ANNOUNCED

The News has received the following communication from Porter A. Whaley, Manager of the W. T. C. C. of Stamford:

On October 10th and 11th, at the Live Stock Exchange in Fort Worth, there will be held the Second Annual Stocker and Feeder Sale of stocker cattle.

Breeders of the Southwest have been asked to take note of this, and buyers from the Corn Belt are expected to be present.

We believe this is an especially good opportunity for your cattlemen, and will appreciate it if you will give this information to your cattlemen and your newspapers.

CHARLEY BROWN GOES TO MAYO BROS. FOR TREATMENT

Charley Brown left Saturday morning for Rochester, Minn., for examination and treatment in the Mayo Brothers Sanitarium. His many friends here are hoping that these great medical experts may be able to greatly prolong his life, and that he may come back soon much improved in health.

Mr. and Mrs. W. J. Faires returned Tuesday from a week's visit with friends and relatives in Haskell county. Mr. Faires declares that the crops in the Magnolia community, where he lives, are better than any he saw anywhere on the trip. In parts of Jones, Haskell, Fisher, and Scurry counties visited by him, he says the crops are generally poor.

Mrs. S. W. Cain and daughter of Plainview are here this week visiting the former's parents, Mr. and Mrs. W. T. Cowan.

More Than 400 Pupils Enrolled First Day. Others Register During Week.

A crowd of pupils and visitors that filled the spacious auditorium to overflowing attended the opening exercises of the Tahoka public schools Monday morning. Every preparation for the beginning of school work had been made by Superintendent H. P. Caveness and his faculty in advance, and as a result the pupils were not long in getting down to real work after the opening chapel exercises.

The exercises were opened by prayer by Rev. J. T. Howell, pastor of the Methodist Church. A most excellent talk was made by Rev. W. K. Johnston of Lubbock, pastor of the local Presbyterian Church. The new principal of the High School, Prof. A. B. Sanders, also made a much appreciated address. Of course Superintendent H. P. Caveness made some very appropriate and pertinent remarks. A spirit of optimism and enthusiasm prevailed, and the 1924-25 session opened under most auspicious circumstances.

Superintendent Caveness announces that one of the advance steps to be taken during the present school year will be the erection of a work shop on the campus. It will be built and equipped with anvils forges and other tools requisite for the teaching of general blacksmith work on the farm. The work of building and equipping the shop will be done by the boys in the Agriculture Class, under the direction of the teacher, W. R. Lace.

Superintendent Caveness also states that the Home Economics courses are proving to be very popular, there being one applicant for courses in this department than can be accommodated.

The teachers and their assignment are as follows:

H. P. Caveness, Superintendent, Freshman and Senior Mathematics; A. B. Sanders, A. B. Simmons College, Principal and Teacher of Science.

Don D. Shiflett, A. B. Simmons College, Athletic Coach, History and Civics;

Miss Windsor, A. B. Baylor University, Spanish and Mathematics; Mrs. R. O. Moore, A. B. and B. O. Texas Woman's College, English; W. R. Lace, B. S., A. & M. College, Vocational Agriculture, and Pre-Vocational in the 7th Grade;

Miss Lena Price, B. S., C. I. A. of Denton, Home Economics;

Mrs. M. A. Evans, 6th grade; Mrs. Henderson, low 5th grade; Mrs. H. P. Caveness, low 4th grade;

Mrs. Agnes Morton, high 4th and high 5th grades;

Miss Leta Carmack, 3rd grade; Miss Dovie Coltenback, 2nd grade; Mrs. L. F. Craft, 1st grade;

Harvey Blackstone, Principal of South Ward.

There were exactly 400 pupils registered in the school here in town Monday and 31 in South Ward. Of this number 132 are in the High School. New pupils are being enrolled every day and the number has been increasing considerably since the opening day. The enrollment Monday night was as follows:

First grade, 45;
Second grade, 41;
Third grade, 32;
Fourth grade, 50;
Fifth grade, 36;
Sixth grade, 36;
Seventh grade, 35;
Eighth grade, 47;
Ninth grade, 42;
Tenth grade, 30;
Eleventh grade, 13;
South Ward, 31;

JONES-CLINTON

Miss Ollie Clinton and Mr. R. B. Jones were quietly married in Floydada at ten o'clock Monday morning, September 1.

The bride is the eldest daughter of Mr. and Mrs. W. T. Clinton and is most popular and accomplished. She taught Expression in this city for two years.

Mr. Jones is the son of Mr. and Mrs. J. O. Jones of Lubbock and is one of Tahoka's most successful young business men.

Mr. and Mrs. Jones are making their home at Memphis, Texas.

CITY BAKERY

FORMER TAHOKA BOY SERIOUSLY INJURED

Rev. S. J. Upton of Roscoe, passed through on Friday's train en route home from Denver, Colo., where he had been called a couple of weeks ago because of a serious accident to his son, "Red Upton, former well known Plainview boy. Young Upton is now on the road to recovery, but will doubtless remain in the hospital two months longer.

Young Upton is manager of a touring outfit, which furnishes cars and tourists at Estes park to tour the mountains. He was with a party of Chicago people as guide and when near Fort Collins the chauffeur lost control of his car, when going at a high rate of speed. The car was turned over, one young lady killed instantly, three other young ladies seriously injured, and Upton thrown violently against the hard ground striking on his face. His head was smashed, both upper jaws and one lower jaw broken, his nose torn loose from the fact, and otherwise seriously injured. He was carried to Fort Collins and lay 10 hours in his blood, the doctors declaring that nothing could be done to save him.

His jaws and face have been wired together and will doubtless mend, so say the surgeons. Messages from Chicago say the young ladies are recovering from their injuries.

—Plainview News
Mr. Upton formerly resided at Tahoka, his father, the Rev. S. J. Upton having been pastor of the Methodist Church. Mr. Upton has many friends here, who will deeply regret to learn of his terrible misfortune.

Mr. and Mrs. W. C. Edwards and little son, W. C. Jr. and Mr. and Mrs. M. J. Mobley, of Lubbock, motored to Tahoka Sunday and enjoyed dinner at the local camp ground, returning home in the afternoon. Mr. Edwards is the efficient foreman of the Lubbock Morning Avalanche and Mr. Mobley holds a position as one of the linotype operators on this popular South Plains daily. Messrs. Edwards and Mobley carried high power rifles and claimed to be professional ninjas. The News wel-

come these newspaper people to our city at any time they may see fit to pay us a visit.

PHEBE K. WARNER HAS FIRST MEETING OF THE SEASON

The Phebe K. Warner Club met Friday afternoon in the county court room with seven ladies present, the citizenship program to be led by our president, Mrs. J. W. Elliott, was not carried out in full on account of the absence of several who were out of town.

Roll call was answered by the preamble to the constitution, this being the outline used by Mrs. Elliott in presenting some thoughts on American Ideals. We all feel this was a fine start for the year's work renewing our thoughts on what we stand for as Americans. We welcome our new members, Mesdames Hill, Conner, Robertson.

BUTLER LADNS GOING FAST

The Butler Ranch lands are being sold rapidly. These lands are the very best cotton lands in the county. Price only \$35.00 per acre; a quarter section for \$5000; only \$500.00 cash, balance 10 to 15 years time. This is your opportunity to get a home. See or write Wm. Zappe.

Pepsinated Calomel Is Better than the Old-Time Sickening Kind

It is gentle, imported English Calomel, combined with Pepsin and other helpful ingredients. It is mild but certain, causing no harshness or unpleasantness and will absolutely relieve indigestion, biliousness, bad colds, constipation and sick headaches. And best of all it does it at once—quickly and pleasantly. Take one small tablet at bed-time and you will get up hungry and feeling fine. Recommended by

POLICE CHIEFS NAME LEE AS PRESIDENT

HOUSTON, Sept. 5.—Chief Henry Lee of Fort Worth, was elected president of the Association of Chiefs of Police and City Marshals of Texas here this afternoon.

Other officers are: Henry Wisnold of Galveston, first vice president; E. H. Harrell of Paris, secretary; George A. Smith of Dallas, treasurer; Sam Allen of Coolidge, Sergeant at arms.

Dallas was chosen for the next meeting place.

Chief Lee read a paper before the association convention today advocating that all dealers stamp secret numbers on autos by which they may be identified if stolen.

UNCLE IKE MARRIES ANOTHER COUPLE

Another couple of non-residents came to Tahoka last Friday to get married, and it fell to the lot of Uncle Ike to perform the ceremony. The groom was Ivan Teeter of Snyder, while the bride was Miss Gariyn Teeter of Past. The couple will make their home in Snyder, Mr. Teeter being a mechanic in that city. Uncle Ike says that he knows of no reason why they came all the way to Tahoka to get married unless they wanted to be sure to get it done up just right; which he assures us he did.

Mr. and Mrs. Frank P. Hill visited in Roscoe and Sweetwater Saturday and Sunday.

NOTHING LIKE IT ON EARTH

The new treatment for torn feet, cuts, wounds, sores or lacerations that is doing such wonderful work in best healing is the Borosone liquid and powder combination treatment. After Every Meal

It's the longest-lasting confection you can buy—and it's a help to digestion and a cleanser for the mouth and teeth.

When Your Motor Balks

When your car balks, what is the matter with it?

One way to find out—generally "a thousand miles from nowhere"—is to climb out, lift up the hood and fumble around with the motor. Often, you discover some trouble that could have been avoided by bringing the car to our shop for an inspection before you started.

Wise drivers of motor cars always see that a thorough inspection is had before commencing a long trip.

Interesting Items From O'Donnell

New Mail Route Established. Store Burglarized. Boy Killed by Lightning. Electric Lights Being Installed

(From O'Donnell Index)

For some time Postmaster Hal Singleton has been working to secure another rural mail delivery from the O'Donnell office and Monday he received notice from Washington that his petition had been granted and that the first mail for the new route would leave this office on October 16th. It will be designated as Route A, and for the present mail will leave at 8 a. m. on Tuesdays, Thursdays and Saturdays returning at 4 p. m.

A civil service examination will be held to select a carrier, the salary to be \$1850 a year, Route A will serve about 135 families, but since the Newman Land and Development Company is subdividing and selling twelve more sections of the old Slash L. ranch, this number will be increased by at least forty more families by the first of the year. The total length of the route will be 54.25 miles.

The Hart Mercantile Company's store was entered by a bold thief Monday night and the cash register made to disgorge its contents of a few pennies. The thief also took a pair of shoes, a few choice neckties and selected all the Camel cigarettes convenient. He made his entrance through the front door. On the same night some one stole the harness off Grady Brown's bull bitch which he keeps as a watch dog at the hotel. Some nerve this thief had. Officers look out for a man wearing a pair of new Star brand shoes, smoking Camel cigarettes, wearing a dog collar for watch chain with a few pennies in his pocket.

While herding sheep for Hugh Everett last Sunday afternoon near Treadway, Elbert Gray was struck by lightning and instantly killed. A horse he was holding by the bridle reins was also killed. It was near six o'clock before the body was found by three young men who were passing in an automobile.

Elbert Gray was fifteen years of age and was the son of Mr. and Mrs. W. L. Gray, who live near Treadway. The funeral services and burial was held at the Plainview cemetery Monday afternoon and was conducted by Rev. W. L. Henderson, a large crowd attending.

The first pole for the high tension electric line from Lamesa was set in front of the Index office Thursday morning. It required about thirty-seconds for the big truck to hook on the forty-foot pole, hoist it in the air and drop it in the hole and move on to the next. The poles have been set and the greater part of the wires strung to Lamesa and it will only be a few days until everything will be in readiness for the juice to be turned on.

All the business houses and the greater part of the residences have been wired. A committee composed of the city council was appointed to make locations for the street lights and by 15th of the month those who can may read by a blaze of green white lights as they pass through town.

The business men of O'Donnell are sometimes slow to make up their minds to do a thing, but when once they see the need of a thing, they act at once. The need of a public meeting place was forcibly brought to their attention last Saturday, and

immediately they gave the word to Jordan brothers to clean out the old well and put the pump in repair.

Today a fine stream of water is flowing from the well into the large trough and the horse that heretofore had to swallow his tongue for a drink until he got back to the farm, can drink his fill of pure cold water.

This was a splendid piece of work and one that will be greatly appreciated by the farmers who will be coming with cotton and other products of the farm.

Showing that he has faith in Lynn county soil as a crop-producer and as an investment that will increase in value, Al Scott this week bought a half section of land in the Joe Bailey neighborhood from Hardberger Bros., at \$35 an acre.

Last Spring the Index carried a story of H. N. Terrell engaging in the chicken business as a sideline to his extensive farming operations.

At that time he had received a shipment of 1,000 baby chicks of the White Leghorn strain, and Saturday he was in town with a lot of eggs that he had gathered from these same baby chicks. They were three days shy of being four months old when Mr. Terrell got his first eggs, of 100 a day from the flock, and as they are infertile, he has engaged all that his flock can produce here in O'Donnell at a fancy price. He now has about 1,000 pullets and he believes the entire lot will be laying in a few weeks.

Brown Bros., proprietors of the White House Cafe, have purchased 400 fryers which they will use in their restaurants, the chickens to be delivered during the fall.

Mr. Terrell has had considerable experience in raising chickens and believes this to be the best country he ever saw for the poultry business. He says chickens grow faster and mature earlier here than in the lower altitudes and that they are not bothered by vermin. Mr. Terrell believes that the poultry business will pay here, and says that every farmer should have good size flocks as a sideline.

CARD OF THANKS

Having sold the bedding and received the fixtures at Lubbock, I wish to thank my friends for the patronage given my shop while I was with you. I appreciate your kindness and your friendship.

Miss Alta Rogers of O'Donnell is visiting with her sister, Mrs. N. M. Wyatt, this week.

UNCLE JIM WRITES THE NEIGHBORHOOD NEWS AND TALKS POLITICS

The health of the T-Bar community is good, except Mrs. Henderson. Mr. Henderson took her to the sanitarium at Lubbock Thursday Sept. 4, and she was operated upon the next morning, at 8 o'clock. She was resting well the last report.

Crops were looking fine! It will soon be a busy time in the cotton fields. Brother Conway of Navarro county has been holding a meeting at T-Bar school house, which closed Sept. 7, with twelve conversions, all members of the T-Bar Sunday School; which shows the good there is in unity. Where there is union there is strength.

James Atkinson and Mrs. Echola will commence a meeting at T-Bar school house on Friday night, September 12.

The local of the Farm Labor Union of America has between 40 and 50 members now.

Mr. Frazier is building a house for the purpose of merchandising. His location is near T-Bar school house.

The political, financial, temporal, and spiritual conditions of this nation are looking very muddy. It seems that the Devil has a bill of sale to the whole thing, and a down hill pull. I mean the mass of the people. Some are cussing the K. K. K., some the Democrats, some the Republicans, and some the prohibitionist and some the antis, and not knowing what they are cussing.

The truth is that they are all in a pile together and the Devil is their commander. The aspirants for office are, almost to a man, not exempting the women, scrambling for the office for the filthy lucre there is in the office not for the honor, not for the wellbeing of their fellow men. Until men take God into business with them this nation will never prosper, Christ drove the speculators out of the temple for their robbery of the people, and when the cry of the oppressed

NEW CLEANING SYSTEM INSTALLED

I am now using the same cleaning system that Fishburn and other large plants of the South use. We feel that one trial will thoroughly convince you that you are getting the best cleaning that can be had anywhere, regardless of how large the city may be.

Come in and see our continuous system at work.

Craft Tailor Shop

reaches his ears he will drive them from this world. Take the platforms of the two old parties. The common people are beneath their notice, the ones that feed and clothe the world. The idea of so-called Christian people going crazy over so dirty a thing as present day politics. Needs a genuine dose of Christianity. There is nothing in their platforms that gives the people any relief from the land grabber or the robber that is fleecing the people. God says: The earth is mine; but they have had laws passed that the few can say, The earth is mine. They have sat in high places and seen the gambler and robber fleece the people and at the same time endorsing these and passing laws prohibiting the people from getting back what was stolen from them. Yet the people are to a great extent to blame. It seems that the people don't want an honest man in office. I for one, when I find a man that takes God with him in his business, I will support him with my ballot if I stand alone. Some people try to whitewash times by saying that we are in no danger of a cataclysm. They are fast gaining power. When they become powerful enough, way goes our free institutions, and then they will say, You are my subjects; and you will have to bow to their will.

THE AMERICAN NEWS ASSOCIATION

NOTICE TO THE PUBLIC

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News will be gladly corrected when called to our attention.

The platform adopted by the state Democratic convention at Austin last week declared that prohibition has come to stay and committed the next Democratic administration to a strict enforcement of the law. It further recommended legislation against the promiscuous sale of liquor by drug stores, thus drawing the rope a little tighter around the neck of old King Alcohol. Folks who professed to be alarmed during the recent campaign lest the nomination of Mrs. Ferguson should mean the return of liquor, may now quiet all their fears. The Ferguson and all other outstanding anti-prohibitionists have seen the good effects of prohibition and they recognize the fact that only a small minority of the people would like to see the return of the saloon. Most of the old-time wets have long since crawled up on to the water wagon, and the prohibition issue is dead. We knew it before the recent election, and most of those who tried to make it an issue knew that it was not an issue. Old King Alcohol was struck the fatal blow in Texas five years ago, and he has been gradually dying ever since. For all of which we rejoice.

A woman shot and killed another on the streets of Childress a few days ago because the latter had won the affections of the former's husband. The husband had left his home and had been chasing around over the country with the other woman. The wife armed herself and set out on the trail of the sinning couple. She found them together in Childress, and immediately opened fire upon her rival, with fatal results. In London or in Canada or in some of the states of the north, the woman-slayer would probably be executed or sent to prison for life. But this happened in Texas and she will probably be freed by a Texas jury. Sentiment against homicide must become stronger in Texas before we can expect a decrease in the use of the deadly weapon. Lax enforcement of the law against murder is due to public sentiment and not to the inefficiency of judges and court officials.

T. R. Cowan dropped into the news office Monday and asked his name to our subscribers and made enquiries for literature concerning this country. A letter that he might send to friends in other parts of the state. We supplied him with a number of the folders recently printed for the Chamber of Commerce. We believe that if many others of our people would follow his example it would help greatly to let the world know more of our wonderful country. Help us advertise Lynn county, people.

The state Republican committee has named Dr. George C. Butte, Dean of the Law Department of the University of Texas as the Republican candidate for the governorship. Dr. Butte is reputed to be a very able man. He is said to be a member of the Baptist church and is opposed to the Ku Klux Klan. He is no doubt scholarly and brilliant, but we are wondering why a brainy man would give up a good and honorable position to lead the Republican party of Texas to its accustomed defeat and disaster.

Although the rains have been partial and crops are good only in spots, the prospects are that Lynn county will produce as much cotton as it did last year. With a fair price, that will keep the country in good financial condition. There will never be a better time for homeless people to secure homes than now, for land is going to continue to advance in price.

The Democratic candidate for governor of Maine pitched into the Ku Klux Klan. The Republican candidate kept mum. The Republican candidate won by a brutal majority. Thus far, it is Maine for the K. K.'s and Texas for the antis. Next.

The cotton bolls are beginning to burst open rapidly now. Within another week or two all the gins will be humming and the coin of the realm will be finding its way into the farmers' pockets. The business outlook is excellent. For all which we are thankful.

DECLINED IN ADVANCE

The opinion prevails in Washington, according to a press dispatch, that the President's intention to call a world conference to attempt armament limitation has been aborted by the address of the British Prime Minister to the Assembly of the League of Nations. That deduction is amply warranted. The gist of Mr. MacDonald's statement was that any conference called for that purpose must be held in Europe, and, further more, that it must be held under the auspices of the League. (That is equivalent to saying that Great Britain would decline an invitation to a conference called by the United States. Of course there is the possibility that the MacDonald Government will be succeeded before a great while by one which would assume another attitude toward the President's project. But that is only a possibility. And it is to be considered, as a further discouragement to the President that there are other Governments in Europe, especially that of France, which are probably of Mr. MacDonald's mind. Hence it is to be regarded as extremely probable that the President's ambition to have the United States lead the Nations of the world along the path of armament reduction has been rendered vain.

The particular reason Mr. MacDonald gave for the opinion he expressed is that European Premiers would desire to be in frequent attendance on such a conference, and that they could not gratify that desire if it were held in Washington, as of course it would be, if held in response to the call of the United States. That is perhaps an adequate objection to the President's project. But what Mr. MacDonald had to say

IT DRIVES OUT WORMS

The surest sign of worms in children is pallor, lack of interest in play, irritability, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 50c. Sold by TAIHOKA DRUG CO.

concerning the League of Nations must make it clear to those who read between the lines that he has another and more formidable objection. This arises from the loss of prestige which the League of Nations would suffer if an endeavor which is so essentially one of its functions should, with the assent of its members be undertaken by the United States. It is not to be supposed that the President's project was meant to be derogatory of the League; but that if carried out, it would have that effect is none the less plain, and it is that effect which so ardent a champion of the League of Nations as Mr. MacDonald is can not contemplate with equanimity. "It is the League's role," Mr. MacDonald says, "to prepare for such a conference" as the President has planned to call, and he adds, if way is to be ended it will be done only through the League. This makes it plain enough that, so far as Great Britain is concerned, the United States must co-operate with the League of Nations if it would have any part in the work of armament reduction as a means of maintaining peace. If that statement could leave any doubt that this is its in-

tended signification, it would be dispelled by his further remark that it is the policy of Great Britain "to strengthen the League as the principal instrument for world peace." That policy pretty well wrecks the President's project, and moreover, it presents to him the alternative of having the United States act with the League, whether as a member or not, or of being excluded from the most important endeavor that statesmen can undertake. That gives the President and his Secretary of State something to think about. —Dallas News

Have You Appendicitis And Don't Know It?

Much so-called stomach trouble is really chronic appendicitis. This can often be relieved by simple glycerine, buckhorn bark, etc., as mixed in Adlerika. Most medicines act only on lower bowel but Adlerika acts on BOTH upper and lower bowel, and removes all gasses and poisons. Brings out matter you never thought was in your system. Excellent for obstinate constipation. THOMAS BROS. DRUG CO.

Cramping Spells

"FOR MORE THAN A YEAR I had been in a very bad condition," says Mrs. R. E. Kimbrell, of Route 1, Dorchester, Texas. "I suffered with cramping spells which gave me bad pains in my back and sides. Sometimes I would have to catch at something, I would get so suddenly dizzy. . . I had to quit doing my work. I tried many remedies, but none of them seemed to do me any good. "In April I went up to Arkansas to visit my sister. . . She said to me, 'Willie, if you are going to take anything, take Cardui. It will really help you.' I came home and told my doctor what she had said and he said I could not take any better tonic, so my husband immediately got me a bottle and I began it. . . My case was a pretty tough one, I know, so I kept on faithfully. After the fourth bottle, I began to feel very much better, so much so that I was surprised at myself. I have taken six bottles now and I can truly say I feel like a different woman. . . I feel fine and I owe it all to Cardui, which I took faithfully."

CARDUI
The Woman's Tonic

News Notes From Wilson Pointer

ists Cloes Great Meeting. Cafe Takes Improvements. Young Man Hurt.

(From Wilson Pointer)
The Baptist meeting was brought to a close Friday morning at 10 o'clock. At that time the congregation met at the Lumsden tank for the baptismal service.

This service was very beautiful and impressive; 39 were baptized. Rev. Stewart, officiated.

At the close of the baptism, Rev. Darby made a wonderful talk on the influence of the Christian life.

This meeting has left an influence behind that will long be felt in the lives of the people of Wilson. 74 were enrolled with the Baptist church and many others will unite with some other church through the influence of this meeting.

Miss Annie West will leave within a few days for Baylor College. She will take a pre-medical course there. Miss West plans to finish her course at Baylor and then enter a school of surgery. She means to make surgery her profession and we are sure that she will make a success. She is very talented in this way and has always been ambitious to enter this line of work.

In an accident that came near proving serious, Loyd Dawson was very lucky and was only scratched and bruised.

Monday morning Loyd was working on the new Cobb building that is under construction when his foot slipped and he fell from the scaffolding on which he was working. He was at the very highest point of the building and it is indeed a miracle that he was not seriously hurt. This is especially true since he fell among lumber and brick.

Mr. Cherry is building a nice addition to the back of the Wilson Cafe. This is to be made very complete and convenient and Mr. Cherry and family will live there during the rush season this fall.

The housing proposition is becoming very serious in Wilson and unless some of the progressive citizens insist on dwellings soon, many progressive citizens will be turned away this fall. Mr. Cherry is solving this problem in a way that others may not have. When a new family moves into town, they must have a place in which to live until they either buy or build.

Wilson needs some more new houses. Do your part and help the town to grow.

C. J. Russell who will teach the Morgan school this year was in Tahoka Monday evening getting the school books. Mr. Russell said that school opened Monday morning and that there was almost a hundred percent enrollment.

The Morgan school will continue until the cotton is well opened and will then be suspended until a majority of the crops are gathered. In this way the children will be able to help their parents and have their regular length of school work too.

Mr. Russtill is a very able school man and the Morgan people are very fortunate in getting his services. They are practically assured a successful school term.

IT'S A BOY

There is rejoicing in the home of Mr. and Mrs. R. B. Haynes, former proprietors of the Lynn County News, another young newspaper man made his appearance in their home Monday night, September 8, weight ten pounds. Like most newspaper men, he is already asserting himself and making a big noise that is attracting the attention of his many friends. He believes in advertising. The happy parents are busy receiving the congratulations of friends throughout this section. May he live long and happily.

J. C. Witherspoon of Snyder was here Tuesday looking over our city and country with a view to making an investment. Mr. Witherspoon had spent several days on the south plains and was much pleased with this section of the state.

FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbine. It is the medicine needed to purify the system and restore the vim and health. Price 25c.

TAHOKA DRUG CO.

PROMINENT BROWNFIELD MAN BURIED THERE ON SUNDAY AFTERNOON

LUBBOCK, Sept. 9—Funeral services for J. W. Youngblood age 68 years were conducted at Brownfield Sunday afternoon, at Two o'clock.

He is the father of Mrs. M. V. Brownfield, and was one of the well known men of that section. His death occurred here Saturday morning at seven o'clock and the remains were prepared for burial by the Rix Company.

W. W. Youngblood, of Blackwell, and another son of the deceased arrived Saturday at Brownfield and attended the funeral, which was attended by host of friends of the family, including several local people.

After spending most of the summer in Galveston, Houston, Corpus Christi, and other south Texas points, J. F. Stuart is back in Tahoka to buy cotton. Mr. Stuart says that crops in many sections of central and south Texas are fairly good, while in some sections they are poor.

MODERN FARMING METHODS

Co-operating with the Illinois Power and Light Corporations at Bloomington, Ill., Eugene and DeLoss Funk, farmers living near this summer experimented with electricity for thrashing. It is believed that the Funks are the first American farmers to use an electric motor to drive a grain separator to thresh wheat and oats.

Thrashing with electricity is a long step in advance of the old time steam tractor engine or the present day motor tractor. These enterpris-

I have done all I could to keep this town from growing and never have spoken a good word for it. I've knocked a hard and often. When enjoying himself, I have started a reform to kill the business or spoil the fun. I do not want the young folks to stay in this town and I will do all I can by law, rule, and ordinance to drive them away. It pains me, Lord to see that in spite of my knocking this town is beginning to grow. Some day I fear I will be called on to put down side walks in front of my property. and who knows but I may have to help keep up the streets that run by my premises? This, Lord, would be more than I could bear. It would cost me money, though all I have made has been right here in this town. Then too, more people might come if the town begins to grow, which would cause me to lose some of my pull. I ask, therefore, to keep this town at a standstill. Amen.

—Jefferson Jimplectu
The above does not apply to Tahoka. There is no "sich animal" here.

TO THE PUBLIC

Gentlemen: Since buying the Planters' Gin lot in Tahoka, where their gin burned, I have erected a real modern and up-to-date gin; and as I have been real busy at work I have been unable to see and get acquainted with but very few people. And since we are ready to gin cotton, I am anxious to have the people come to see our gin, hoping to interest you in a way that will cause you to give us a liberal share of your ginning. I have been in the ginning business most all of my life and feel able to do the work as it should be done. Will endeavor to always keep the latest improved machinery and try to please. We cordially invite you to come to see us. Yours for service.

J. H. Holloway

PICTURE OF A TRUE FRIEND

Men love dogs because dogs alone meet a friendship need that humans generally haven't the faith, the simplicity, and the genuineness to supply.

One philosopher has said that a friend is one who incessantly pays us the compliment of expecting great things of us. Another has defined a friend as one who knows our faults and loves us still. A dog goes them all one better; he never asks questions; never explains, never apologizes. —Collier's

MULTIPLY SOUNDS BY RADIO

Signor Marconi, speaking the other day in Rome, promised that before long speech will be heard by radio from a given station all over the world at once, a promise that may well thrill the 3,000,000 American homes already equipped with radio apparatus, and add impetus to the onward rush of an industry that is reported to have grown from sales amounting to a trivial \$2,000,000 in 1920 to \$120,000 in 1923 and by estimate to \$350,000,000 in 1924. Assuming 24,000,000 as the approximate number of homes in the United States, a statistician writing in Radio News says that nearly 13,000,000 of them have automobiles, 9,000,000 have phonographs, and 3,000,000 have radio sets. Evidently a home without either of these passions is hardly to be considered a home at all. It is merely such a place as human beings ate and slept in during the nineteenth century.

The City Bakery has received and is preparing to install a new oven. This oven is a huge affair, but the proprietors of the Bakery feel that the demands of their growing business require this additional outlay. The Bakery is making every effort to serve the people of Tahoka and Lynn county in a most acceptable manner and is succeeding in fine fashion.

Choice Lands

24,000 acres of choice south plain land now on sale to actual settlers at \$25.00 per acre, southwest of Sudan, in Lamb and Bailey counties. \$5.00 per acre cash, balance in crop payments—equivalent to rent. The most attractive proposition ever offered to home seekers.

Optional Cash Payment Plan

Those who would rather buy on a cash payment basis may do so by paying \$5.00 per acre cash and \$2.00 per acre each year for ten years at six per cent interest.

Size of Farms For Sale

Newsome farm lands are for sale in tracts of 88 1-2 acres and 177.1 acres, and as many labors of 177.1 acres as may be desired.

Lands Surrounded by Farms

The Newsome farm lands are surrounded by many established farms. You will be able to see what your future neighbors are doing before you buy your farm. You will see as fine crops as are grown in the best sections of the state.

Inducement to Buy Early

It is the object of the owners to sell this land as rapidly as possible. In order to accomplish this object, home seekers will be permitted to buy on payment of \$1.00 per acre as earnest money. Balance of first cash payment will be deferred to suit the convenience of the buyer, not later than January 1, 1925. This will enable buyers to make their selection early and perfect arrangements at home to fulfill their contracts. Those who haven't the ready money may arrange by note until cotton is picked, say Nov. 1, or Dec. 1, 1924.
