TAHOKA, LYNN COUNTY, TEXAS, FRIDAY, FEBRUARY 19 1915

NUMBER 25

FEED MARKET SLUMPS

Late Friday night one of our feed buyers received word from his buyers to look out for a slump in the market. As a consequence feed did not move off as readily as usual Saturday. We understand however that one buyer did not receive warning until he had contracted one of the largest consignments of heads handled this year at \$20 per ton. Two hours after the deal was closed the feed had lost \$2 per ton.

It seems to be the general opinion of both buyers and sellers that the market will not rally to the \$20 mark again before July, and no one is banking on it at all. Feed continues to move at the reduced prices. By Wednesday heads were worth \$17.75, and corn was worth 83c in the ear. For prices quoted on thrashed and shelled grain; the east Texas buyers saying they were not in position to quote prices on it.

EMBROIDERY CLUB

Wednesday evening of this week the Embroidery Club was entertained at the hospitable home of Mrs. W. S. Swan.

Perhaps the meeting would have been only a pleasant little gathering, as the club was intended, altered by the individuality of the hostess: had it not been for the presence of Miss Lillian Vinson, organizer of the Domestic Science Circles. The same jollity and industry was manifested as is the rule, but the circle took on the dignity of a council, when the discussion of the possibility of a Domestic Science Club was broached, and the women displayed their progressiveness by manifesting a keen interest in the interesting talk made by Miss Vinson relative to the science club.

The delicate refreshments served by Mrs. Swan brought to a climax one of the most interesting and enjoyable meetings it has been the pleasure of the members to attend.

VALENTINE PARTY

Saturday night being the eve before St. Valentine's day, which fell on Sunday this year, a bunch of Tahoka young people made merry at the Wilson Edwards home in the east part of town. Quite a crowd was there and the usual games were entered into with a zest that forever springs within the hearts of the young when play time comes. At a late hour supper was served and the guest departed for their homes, thanking their hosts for the enjoyable evening and wishing for a recurrence of the event in the near future.

For Sale: Bed linnens, bowls and pitchers and fine Sudan grass seed. See me quick.—J. W. Hinton, at the Bakery 237d

Strychnine

Experienced ranchmen always insist on P. & W. Crystals for killing prairie dogs, because they are sure of results. We could furnish you other brands for less but it is safer to buy the best. Our prices P. & W. Crystals original pounds \$8.50 lb., P. & W. Crystals in 5 lb. lots at \$8.25 lb. U. S. Government receipt dog poison for one bushel grain full directions included for \$2.75. Thomas Bros. Drug Co. 242g

Let Me Do Your Feed Grinding

I have purchased the Utility Grinding machinery and am now ready to grind your feed or corn meal. Will grind every Tuesday at the Tahoka Blacksmith Shop. H. C. SMITH, Prop. 50-t

Our Snapshots of the Week

John D. Rockefeller and Andrew Carnegie testified before federal industrial relations commission about their foundations. Senator Norris, Republican, and Senator Lewis, Democrat, were both prominent in the fight over ship purchase bill in senate where all night sessions were held. The Russian army fought desperately in Poland and Galicia in heavy snows. British soldiers furnished with goatskin coats in northern France. Germany declared English waters in war zone, threatening all of foe's ships. The Lusitania ran up American flag to escape submarines. Seventh regiment, N. Y. N. G., tried out winter uniform, which United States army adopted. Investigation into deaths of aged inmates of Odd Fellows' home at Yonkers, N. Y., followed story of attendant, who said he murdered many.

THOSE TREY O' HEARTS

'The Queen of Hearts,
She made some tarts,
All on a summer's day.
'The Knave of Hearts,
He saw those tarts,
And stole them all away.'

We have been having some little difficulty in starting our big serial, 'Trey O' Hearts,' but the time of waiting draws to a close. Mr. Howard, the movie man, tells us that he hopes to hear from the film company this week, announcing that he will be able to start the pictures Tuesday, March 2nd.

If he is able to secure this date, the first installment will appear in next week's paper. Look for your paper and be sure not to miss the first chapter.

In the 'Trey O' Hearts' Lewis Joseph Vance, the peer of fiction writers, surpasses all previous successes, eclipses all his previous efforts and again proves that he is entitled to have his name placed at the head of fiction writers.

Dr. I. E. Smith, Eye, Ear, Nose and Throat Specialist, of Big Springs, will be in Tahoka March 6th. 252j.

GOMEZ 9 TAHOKA 7

Saturday morning about eleven o'clock the following party left Tahoka in cars for Gomez, at which place the Tahoka Highs were to pit their strength against the husky boys of the Gomez school: Carl Montgomery, Virgil Phoenix, C. C. Barnes, A. W. Sullivan, and Carl Edwards, and the team Ben Montgomery and Wallace Donaldson, guards; Walthal Littlepage, center; John Slover and Oscar Roberts, forwards; Mr. St. Clair, referee.

Prof. Dick White, teacher of the Tahoka High School last year candidate for county judge, is the teacher of the Gomez school, and is one of the best athletic directors on the S. P. engaged in free school work. The Gomez boys put up a hard fight and won by two points, the final score being 9 and 7.

FOR SALE

640 acres of unimproved patented land in north west part of Lynn County, no shinnery. Price \$6.50 per acre. 242jd. R. E. King, Post Texas.

M. K. Lindsey, received a pair of registered Jersey pigs from the Flowerdale Farm of near Dallas. Thursday.

Posting Notice

Anyone hunting in, or hauling wood from Brownfield pastures will be prosecuted. 1628 Ray Brownfield.

DOUBLE HEADER BASKET BALL GAME SATURDAY

Saturday evening the girls and boys basket ball teams of the Lorenzo high school will be pitted against the Tahok boys and girls teams on the Tahoka court. All lovers of the sport should not miss this chance to see a good game.

Talking to some of the players this week the News man was informed that the Tahoka boys expected to take it from the Lorenzo boys. "Our boys," the players remarked, "are not only more determined since the defeats recently suffered, but are in the best playing trim they have ever been, and it will take

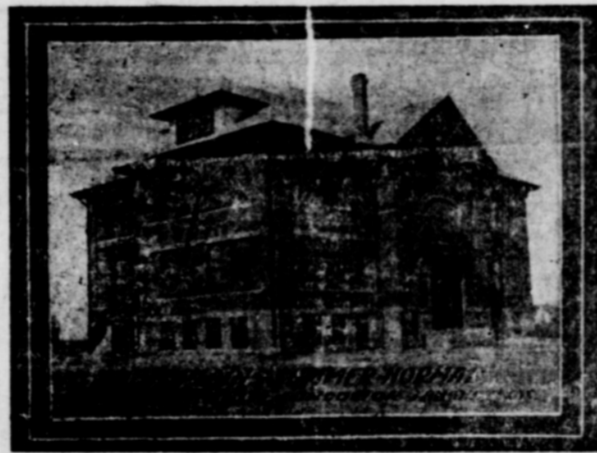

TAHOKA GETS SOUTH PLAINS SUMMER NORMAL

For the third consecutive year Tahoka has again landed the South Plains Summer Normal, according to advices received here from Prof. A. E. White, Conductor.

Tahoka has always won over places bidding for the normal on account of the excellent facilities available here and the nearness to the center of the district. We have one of the best equipped laboratories on the plains, bar none. Our library is also very complete and covers a range of subjects not covered by the average high school library.

Of course when it comes to

THIRD CONSECUTIVE SESSION S. P. S. NORMAL HERE

Tahoka High School Building

a going piece of furniture to hold 'em down."

The Tahoka lineup, boys team: Montgomery and Donaldson guards; Littlepage center; Slover and Roberts goals.

The girls have rearranged their team and expect to play the best game they have ever put up. It will be worth the money, according to those who have watched them practice. Their lineup is: Sadye Dyer and Olean Millman goals; Willie Davidson and Willie Denton guards; Cernice Wells and Ola Crouch centers.

Every day this week there has been from one to a dozen parcels of trees on the local, all destined for Lynn county homes. Some consignments contain a variety, and some are all fruit or a all ornamental trees. We are glad to see the "Plant a tree" movement gaining ground. There is nothing that adds more to the appearance of a home than a well selected orchard and a few ornamental trees well placed.

TURKEYS

For Sale: 6 Mommouth Bronze toms. \$2.00 each. 242j. Mrs. W. J. Crouch.

F. E. Cunningham, Mgr. Western Telephone Co., at this place made a business trip to Wilson ThursPay.

A. E. WHITE
Conductor, S. P. S. Normal.

NOTRHEAST PART GOOD

F. E. Cunningham, manager of the Tahoka Exchange of the Western Telephone Co., had occasion to visit the northeast part of the county last Sunday, and brings back the report that he never saw a prettier piece of country in his life. Every where are the evidences of a bumper crop and the herculean efforts put forth by the farmers to clear the field in time for spring plowing. As it is the bigger part of Lynn county farmers will be just a little late starting the plow, account being unable to clear the field in time.

Mr. Cunningham tells that there are at least a dozen new places being opened up in that part of the county.

Sam and Jack Ramsey came in Saturday evening from the vicinity of Ragtown, where they are engaged with their father in the construction of houses for the U. U. Co. They returned to work Monday morning.

Revs Ledger, of Tahoka and A. E. Arnsfield, of Lamesa, came in Friday night with Presiding Elder Terry in his car. The party had been to Seymour to attend the board meeting of the church. Rev. Ledger tells us that the board was never in better shape, and the church hoped to accomplish much this year. Revs. Ledger and Arnsfield went to Slaton on the Saturday morning train, at which place Ledger filled his regular appointment Sunday, returning on the Monday evening train.

FARMERS MEETING

We are in receipt of a communication from H. M. Bainer, Agricultural Demonstrator of the Santa Fe, advising us that his department will hold all-afternoon meetings for the farmers at O'Donnell on Thursday, March 4th, beginning at 1:30 p. m. sharp; and at Tahoka on Friday, March 5th, beginning at the same hour.

The program offered by these gentlemen is:

H. M. Bainer—Adapted Crops and Their Cultivation.

L. L. Johnson—Poultry on the Farm.

J. L. Pope—Community Spirit—Its Development.

The same program will be offered at both O'Donnell and Tahoka.

The above mentioned gentlemen no introduction to the older residents of the county, the greater portion of them having been associated with Messrs. Bainer, Johnson and Pope in their work thru here last year, and at the meeting of the Santa Fe Demonstration specials. But to those who have more recently moved in, we would say that they can not well afford to miss the opportunity of attending this meeting.

Begin to make your arrangements now to come to O'Donnell the 4th or Tahoka the 5th of March.

We have been having some weather the past several days that makes one think that spring has come and the old gag about ground hog and his shadow is all bosh. The weather has been appreciated the more, it following quite an extended period of sand storms. However we would not advise anyone to put their trust in West Texas weather. Keep your eye peeled. The longer it stays pretty, the surer it is to give it to us good and plenty.

Alvie Samford returned from Brownwood on the Wednesday evening train whither he had been on a visit to relatives.

Mr. and Mrs. Ira Deak and children, R. E. Jr., Neva and Eva, were passengers on the down train Wednesday evening for O'Donnell.

Ovid Louallin, who has made his home, the past year, with his uncle, Mr. Lewis Legan, left Monday morning for his old home in Conway, Missouri.

T. B. Yates received three cars of cattle on the Thursday evening train.

Coming! Monday Feb. 22

Entered as second-class matter, July 10, 1905, at the post office at Tahoka, Texas, under the Act of Congress of March 3, 1879.

Following the announcement of the program of the Plains Press Association at Plainview, April 9 and 10, the gang have all began to sing, "I want to go there, don't you."

The anti-catholic party has resorted to a unique method of gaining publicity for their official organ the Menace, and the Santa Fe is the means to the end, although, innocently we hope. One of the box cars on the Monday evening local bore the following inscription: "The priest is bad, the pope is worst; Read the Menace for 'Safety First'."

A dirty town is no credit to anyone. The Bulletin of the Indiana state board of health says: "The reason we have so many dirty towns is because there are so many dirty people. Some towns stink, but in such the inhabitants stink first. No town is in itself bad; it is the people who are bad. The town is a mirror. It reflects the people."

What will Tahoka's mirrors show?

Appropos the agitation for greater armament now under way, a contributor to Dumb Animals has the following to say:

"Why, in God's name, shall we not dare trying, at least, to be a Christian nation? Why not stake something on the truth of the religion we have professed? Why not venture something in the faith that even in this sorry world there are forces stronger than those which can only waste and kill? Why after nineteen hundred years of saying we believe in the teachings of the Christian Gospel, shall we still hold with that brutal paganism of the

"*heathen heart that puts her trust
In reeking tube and iron shard?"

Apparently West Texas sheriffs have little to do because a bill in the legislature would authorize sheriffs to go into the extermination of prairie dogs. Is it going to be as much of a crime in West Texas for a non resident to harbor a prairie dog as for a citizen to hide a boot legger?—Fort Worth Record.

Emphatically we say it should be. The bootlegger may sell a drink to some old bum that could not be much worse off, but the prairie dog will, if not eradicated, will be a menace comparable to the plague of locust sent upon Pharo. The non-resident is the one who harbors the criminal.

One of the greatest men of America, or the world, gave mankind an axiom upon which the following is a parody prompted by experience dearly bought:

"You can please all the people part of the time, Part of the people all of the time, but you can never please all the people all the time."

No profession can appreciate the pungency of this more fully than the publisher. But it is the aim of every one of the craft to come as near accomplishing the impossible as is consistent with the principles upon which his periodical is founded.

The News wants to please, wants to be everybody's paper. To satisfy our wants, we must know what you want the paper to embody; and to this end we have decided to invite friendly criticism from anyone who cares to offer same. All criticisms must bear real name of writer, (Not for Publication) and must be written in language permissible to pass thru the mails. If you have a profane criticism to offer, do it verbally, it is easier forgotten.

This is your opportunity, if the News lacks anything, and it is bound to lack a few things, give us your views and we will endeavor to combine the aggregate into a better paper. Help make our paper your paper.

PREPARE NOW FOR DEAR EGGS NEXT FALL

Those who wish to benefit by the high prices that eggs are certain to bring next fall and winter, should begin to get ready for them at once, say the poultry specialists in the department. The way to have eggs late in the year is to hatch pullets early. It is the early hatches from which the early pullets are derived that are the largest money makers for the poultry producer. The early hatched cockerels can be marketed in almost any market in America when they attain a weight of three-fourths of a pound to a pound and a half each, which they should reach at about 6 to 10 weeks of age, respectively, at a greater profit to the producer than any other time of their lives. The early hatched pullets, if properly grown, should begin to lay in the fall at the time when eggs are scarce and high in price.

A FEW FACTS TO REMEMBER. Pullets must be well matured before they will lay many eggs. Pullets that start to lay in the fall before cold weather sets in will, as a rule, lay all winter.

It is the early hatched pullets that produce eggs in the fall and early winter, when prices are high.

February, March, and are the months to do your hatching in order to secure early hatched pullets.

Yearling and 2-year-old hens do not lay many eggs in the fall, as they are molting at that time, and the feed they consume goes not only to keep up the energy and life of the birds but also to put on or grow a new coat of feathers.

In properly matured pullets all surplus energy beyond that needed to meet the requirements of the body is available for the production of eggs.

Write the Secretary of Agriculture, Washington, D. C., for free bulletins on poultry management.

ON WITH THE DANCE

"Do I believe in dancing?
Well I should say I do,
My father used to teach me
To knock a step or two—
It wasn't exactly waltzing
Or any fancy swing,
Sometimes I knocked the back step,
Sometimes the pigeon swing.

"Father played the music,
The time was double quick;
He never used a fiddle,
But just a limber stick;
Sometimes he used a shingle,
But never mind the name,
The instrument might differ,
But the music was the same.

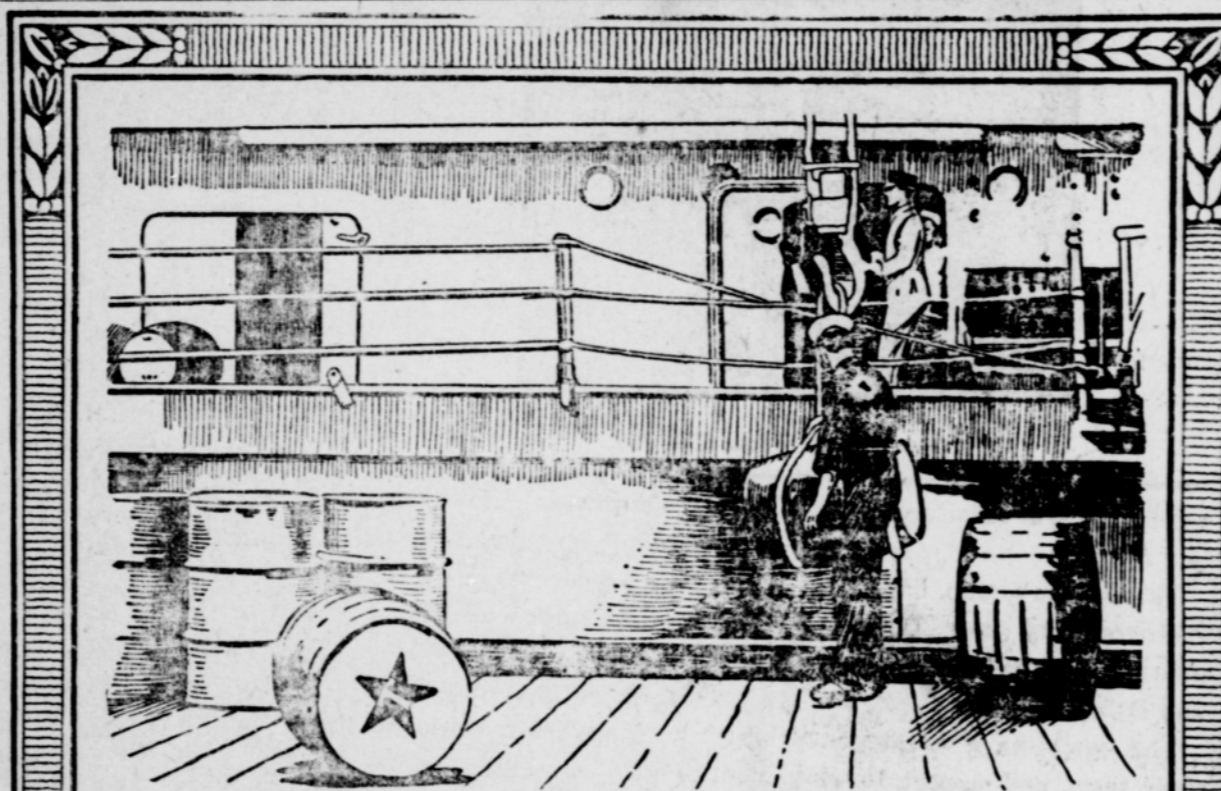

"Upon my back and shoulders
The lively notes would ring,
And with my hand in his
We'd promenade and swing.
And when the dance was over,
And father left the hall,
The other chaps would tell me,
'We had a splendid ball.

I know this kind of dancing
Seems rather out of date
To all the modern Cousins
Who go the fancy gait,
But I shall always like it,
For 'twas my father's plan,
And that's the kind of dancing
It takes to make a man."

—A Cousin in Farm and Ranch.

The early Monday morning mail car was damaged to such an extent near Hermleigh that it was sidetracked at that station and the north bound mail was a day late. The damage to the mail car was the result of the new fast schedule, and the speed put the journals of the car out of commission.—Post City Post.

Outside Evidence

A newspaper photographer was busy at the Boston Navy Yard securing photos of the battleships getting ready for Mexican service, and the picture above is one he secured for his paper.

It would have been impossible for us to get such evidence of Texaco quality and service, so we secured one of the pictures from the photographer.

Naturally, active service means hard usage, difficulties and dangers. So there is keener inspection of stores and more microscopic examination of goods.

It is quite natural, therefore, for the photographer to have snapped his camera just as Texaco Products were being hoisted aboard the U. S. S. "Nebraska."

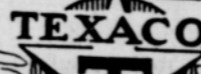

Texaco Quality and Service are known where the demand is for high quality and careful, prompt service.

Look for the Texaco Products in your own town. You can recognize them by the Red-Star-Green-T emblem of "made in Texas" fame.

They are just as valuable for you as they are for the navy. See our agent.

Saved Girl's Life

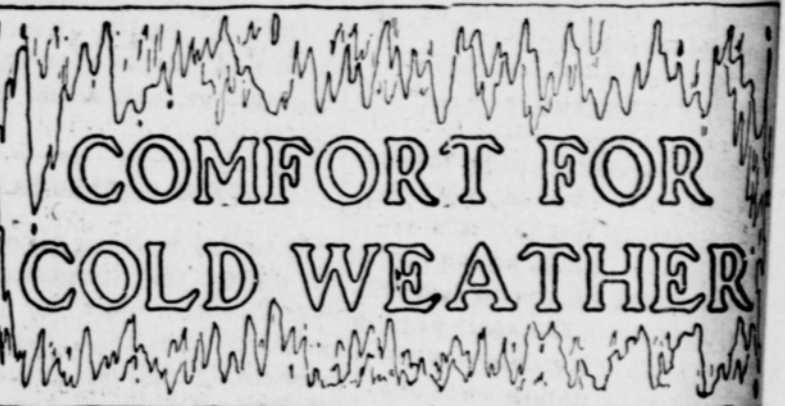

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

General Ferdinand Foch, Famous French Soldier.

When the Germans began their movement against Dunkirk and Calais in order to obtain control of the French coast of the English channel a new French army was organized and placed under the command of General Ferdinand Foch, an officer who had the full confidence of General Joffre.

General Foch co-operated with General Sir John French of the British forces in throwing a barrier of soldiers across all the roads leading to Dunkirk and Calais. The French commander was charged with the responsibility of holding back the Germans along the Belgian frontier and around Arras. Always keeping on the defensive, he succeeded in stopping the enemy. Since the middle of September General Foch has demonstrated that his ability is as great on the aggressive as in defensive warfare.

An advocate of big guns, General Foch believes that, other conditions being equal, the larger cannon will win. General Foch's tactics have been to hold his infantry under shelter until the enemy's first line of fortifications has been rendered untenable.

General Foch, although one of the younger of the French commanders, is considered one of the ablest. For his services in protecting the English channel he received grateful recognition from King George, who on Dec. 7 conferred on him the decoration of the Order of the Bath.

IN THE WORLD OF SPORT

F. L. Woodward, President U. S. Golf Association.

Photo by American Press Association.

Frank L. Woodward of Denver, the newly elected president of the United States Golf Association, is a member of the Denver Country club and is the retiring president of the Western Golf Association. For several years Mr. Woodward has been a vice president of the association of which he is now the head. A lawyer by profession, he has long been prominent in civic and political affairs of Denver. While not a great player, Mr. Woodward is considered a good one and has done much to popularize the sport in the Rocky mountain region.

Speaking of the rule defining amateurs and professionals, President Woodward said that the spirit was more important than the letter and that amateurs know instinctively when they are violating the spirit of the rule. Amateur golfers, he said, should be permitted to write for newspapers and magazines without sacrificing their amateur standing, and he favored a liberal interpretation of the rules to the end that the game might be aided by such literary efforts. Mr. Woodward also went on record as favoring abolition for building or designing golf courses and suggested that clubs ought to be allowed to employ their own members in any capacity, always keeping in mind, however, the restrictions outlined in rule 7 of the bylaws.

Ball Player a Movie Actor.

George Upp, the Sandusky boy who was tried out by the Reds in 1908 after being a great factor in winning the American association pennant for the Columbus team the preceding year, is now a movie actor in Los Angeles. Upp was hit over the heart by a batted ball while pitching a post-season game for Columbus against Toronto and was so badly injured that he was in the hospital for several months. He never played ball after the accident. He has a remarkable voice and worked for several years as a singer of illustrated songs in Hillsdale, Mich. Two years ago he went to California for his health and is now working with the film producers. He is the first ball player to become a regular movie actor.

When Last They Met.

Tommy Connolly, the umpire, is the latest man to join the Bill Donovan boosters.

"He knows a lot of baseball and has an ideal temperament for a manager," was the comment of Connolly.

"That's very nice of Tommy," said Wild Bill when he heard of the praise the umpire had heaped upon him. "The last time we met he put me off the field and fined me \$25."

Big Crews to Race May 15.

The triangular varsity crew race between Yale, Cornell and Princeton at Princeton will be rowed May 15. It is said also that a freshman race may be arranged for that date.

WHICH SHALL IT BE

Which will you do, win your independence or marry a two-bit man?

You are at the cross roads of life. There are two paths open to you. One leads to your independence, the other to dependency. You are to choose, not next year, not next month, but now, which of these roads you prefer to travel. One requires effort, the other indifference. To travel one, you must have a real back bone and determination, the other a string for a back bone, and indifference will do. Some girls say, "The lion is in the way." These girls lack gumption, get-up-and-get, they reason that if so-and-so and such-and-such a thing had not happened they could have made a great success. The lion is in the way. Fear and indifference has entered into their daily life and robbed them of their vim and courage. Young people need our help. It's our life work, to train people to determine to get up and do things, develop their late talent, quicken their perception that they may lead a higher and more useful life. Our thorough practical training in bookkeeping, business methods, shorthand, typewriting, telegraphy, business english, business law, business arithmetic, spelling, business writing, rapid calculation, money and credit, corporation and finance, taxation and public finance, private secretaryship, salesmanship, advertising, real estate, commercial history, higher accounting, economics, parliamentary law and manager-ship, together with the use of the most modern office appliances, gets the lion out of the way, gives the girl her independence, places her where she can make an honorable living, in any city in the land and command the respect of men worthy of her attention. If in after life, she is left a widow with plenty of money or property she knows how to care for it. If upon the other hand, she is left and has to support herself she can do so by accepting a good salaried position in some nice commercial or county or state office.

Girls who graduate from our institution are not only carefully looked after while in school, but the place where we secure them a position, through our employment department is carefully investigated as to the moral surroundings, and in the larger cities we have arranged for appropriate boarding places in private homes. No mother need fear her daughter will not have the proper care and attention while in our school and in making her start into the business office.

Young women, select the road that leads to your independence. Don't be always dependent on others. Thousands have won their independence with us, why not you? For our large catalogue, explaining the workings of America's largest commercial training institution, and endorsements from parent and lady graduates. Fill in your name and address and mail today.

OUT OF THE DARKNESS

Fanny Crosby, the blind hymn writer, is dead, at the age of 95. Her eyes were sightless, but the vision of her soul was undimmed. Out of the darkness she sang.

"Safe in the Arms of Jesus," "Blessed Assurance" and those other hymns of triumph.

Physical blindness is a calamity. But it need not quench the soul.

"Dark, dark, irrevocably dark," was the despairing cry of blind Milton. But he triumphed over his infirmity.

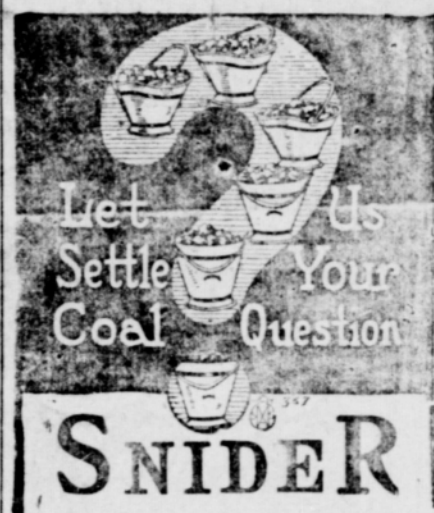

George Metheson, schoolfellow of Stevenson and Drummond, brilliant and gay, lost his sight at the age of 22. He had studied for the ministry in Scotland and had assumed a little parish. Gradually his faith sank under the trial, and for a time he was without God and without hope in the world. Just as he was ready to abandon the ministry an inspiration came to him and he wrote the moving hymn:

"O Love that wilt not let me go,
 I rest my weary soul in thee;
 I give thee back the life I owe,
 That in thine ocean depths its flow
 May richer, fuller be."—Ex.

Making the Little Farm Pay

By C. C. BOWSFIELD

With the development of transportation facilities, little truck farms are becoming common all over the country. Many of those which are located close to large towns or cities pay enormously.

On some of these little farms remarkable success has been attained with succession crops. Beginning with lettuce, radishes, beets and peas as soon as the frost is out of the ground in the spring, these products are followed by crops of cabbage, beans, tomatoes, celery, etc. All kinds of combinations may be studied out for producing two or more crops on the land in one season.

Then there are many garden novelties which return large profits and which are just as easy to produce as the more common crops. A study of this is important to owners of little farms. A very small acreage sometimes gives a living income if the right products are handled.

An odorless cabbage is about as desirable as an odorless onion. Some of the experts in gardening have obtained seeds of a Chinese cabbage, which is odorless and a great delicacy. The vegetable is attracting attention and will soon be generally cultivated in this country.

In shape the odorless cabbage is different from the domestic varieties, be-

TEN MINUTES SPENT READING THE ADVERTISEMENTS MAY MEAN TEN DOLLARS SAVED.

good it is. The vines are most vigorous in growth, attaining a height of six to seven feet, branching freely. When given sufficient support they present a striking sight covered with violet flowers and thick, fleshy pods in varying stages of development. The sword shaped pods are truly gigantic in size, measuring six to seven inches in length by one to one and one-half inches in breadth. The pods are extremely crisp and full, as if blown up with wind, and are delicious in flavor. Used either as a salad or broken and boiled like string beans and served with butter sauce they make a dish fit for a king.

You can sow spinach in the early spring and get a good crop, but you will have an earlier crop from fall sown seed. In mild climates it is available long into the winter. It is a gross feeder and for best results requires rich soil. If a small area only is available it may be sown broadcast in beds, but by all means sow in drills if possible, as the ground can be kept loose and free from weeds during the summer.

For all regions north of the Ohio river winter protection should be given, and this may consist of coarse litter of any kind. In general mulching is not required south of that line. In the north the covering serves two purposes—not only protection from freezing, but it is also more easily gathered when thus protected from the snow. As to varieties for autumn sowing, the Prickly Winter and the Long Standing are the best. Of the former variety the term "prickly" applies only to the seeds, not to the foliage or edible part. Long Standing is so named from its habits of remaining in edible condition for a long time before going to seed.

A SMALL TRUCK FARM.

ing longer and narrower. It is also cultivated under a different method and lends itself nicely to profitable gardening. The seeds of the common cabbage are planted in the early spring in a hothed or cold frame, and the young plants are set out after danger of frost is past.

The seeds of the new Chinese cabbage, however, are planted during the first week of August in the open ground, and they head up late in the fall. The vegetable is adapted to all sections of the country where domestic cabbage will grow and where the soil is rich enough so that the growth of the plant may be forced a little. For people who are engaged in intensive farming the odorless cabbage is likely to become popular, for a grower can first raise a crop of lettuce, radishes, onions, beets and other early vegetables and then follow with a crop of the Chinese cabbage, sowing the seed in July or August.

A novelty of unusual importance also is an edible pea called Sugar Sword. Those who were so fortunate as to get some of the seed last year know how

EXECUTION SALE
Notice of Sale of Real Estate
Under Execution.

State of Texas
County of Lynn

In the District Court of Travis County, Texas, Henry Cordz, Plaintiff, vs J. M. Pyeatt, et al, Defendants.

Whereas, by virtue of an order of sale and execution issued out of the District Court of Travis County, Texas, on a judgement rendered in said Court on the 21st day of December, A. D. 1914, in favor of said Henry Cordz, and against the said J. M. Pyeatt, Gillie Pyeatt, J. W. Martin, J. D. Martin, S. C. Bird, Mrs. S. E. Putty, B. C. Woolldridge and The First National Bank, of Claude, and in favor of The First National Bank of Claude, against J. M. Pyeatt, Gillie Pyeatt, J. W. Martin, J. D. Martin, S. C. Bird, Mrs. S. E. Putty and B. C. Woolldridge, No. 31,212, on the docket of said Court, I did, on the 3rd day of February, A. D. 1915, at 10 o'clock a. m., levy upon the following tract and parcels of land situate in Lynn County, Texas, and belonging to the said J. M. Pyeatt, Gillie Pyeatt, J. W. Martin, J. D. Martin, S. C. Bird, Mrs. S. E. Putty and B. C. Woolldridge. To wit: All of that certain Section of land known as Abstract No. 239, Survey No. 425, surveyed by virtue of script No. 401 issued to the E. L. & R. R. Co., and patented by the State of Texas to ELEANOR RAWLINGS, assignee, by patent No. 224, Vol. 45 dated March 12 1879; containing 640 acres of land.

Second Tract:

All of that certain Section of land known as abstract No. 240 survey No. 427, surveyed by virtue of script No. 400 issued to the E. L. & R. R. Co. and patented by the State of Texas to ELEANOR RAWLINGS, assignee, by patent No. 246, Vol. 45 dated March 12, 1879 containing 640 acres of land, and for a more perfect description of the said two tracts of land reference is here made to the above mentioned patents said two tracts of land being the same two tracts of land conveyed by Eleanor Rawlings to J. H. Robinson, jr. by deed dated April 18, 1898, recorded in the Deed Records of Lubbock County, Texas. Book 3 page 412 and the same tracts of land conveyed by Mrs. L. B. Rector to J. M. Pyeatt, by deed dated March 8 1906, recorded in the Deed Records of Lynn County, Texas, Book 8 page 425 to which reference is here made for further description. And on the 2nd day of March, A. D. 1915, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day at the courthouse door of said County, I will offer for sale, and sell at public auction for cash, all the rights, titles and interest of the said J. M. Pyeatt, Gillie Pyeatt, J. W. Martin, J. D. Martin, S. C. Bird, Mrs. S. E. Putty and B. C. Woolldridge, or either of them, in and to said property.

Dated this 3rd day of February, A. D. 1915.
F. E. Redwine, Sheriff of Lynn County, Texas. 232S

CITATION BY PUBLICATION

THE STATE OF TEXAS; To the Sheriff, or any Constable of Lynn County, Greeting;

You are hereby commanded to summon George Leonhart Sr., if he be now living, but if he is not now living, then the unknown heirs of the said George Leonhart Sr., deceased, whose names are unknown, to appear at the next regular term of the District Court of Lynn County, Texas, to be held at the courthouse thereof, in the town of Tahoka, on the first Monday in March, 1915, being the first day of March, A. D. 1915, then and there to answer a petition filed in said court on the 6th

day of January 1915, in a cause numberd, 250 wherein J. B. Lowe is plaintiff and the said George Leonhart Sr., and the unknown heirs of George Leonhart Sr., are defendants, the cause of action being alleged as follows:

Plaintiff alleges that he resides in Lynn County, Texas, and that that the place of residence of each and all of the defendants are unknown to him, and that on the 31st day of December A. D. 1914, he, plaintiff, was lawfully seized and possessed of the following land and premises, situated in Lynn County, Texas, holding and claiming the same in fee simple, to-wit: All of the South East one fourth of Survey 107 Land Scrip 34, Georgetown R. R. Co., Patented to George Leonhart Assee, Jan. 21, 1879, claiming the same in fee simple by those under whom he claims from the State of Texas, and that he has had peaceable continuous and adverse possession of said land under title (or color of title) from and under the State of Texas, for more than three years before the commencement of this suit; and that he has had peaceable, continuous and adverse possession of said land, cultivating, using and enjoying the same and paying taxes due thereon for a period of more than five years before the commencement of this suit; and that he claiming to have good and perfect right and title to said land, has had and held said land peaceably and has held adverse possession of the same, cultivating, using and enjoying it for a period of more than ten years next before the filing of this suit.

It is further alleged that on the day and year last aforesaid defendants unlawfully entered upon the above described premises and ejected plaintiff therefrom, and unlawfully withholds from him the possession thereof, to his damage \$2000.00.

It is further alleged that this plaintiff is claiming the above described land by virtue of regular chain of transfers from the State of Texas, down to and including this plaintiff, properly recorded in the Deed records of Lynn County, Texas.

Plaintiff further alleges that the defendants to this suit are claiming title to the land herein above described and that said claim is a cloud on plaintiff's title to said land.

Wherefore, premises considered, plaintiff prays that all the defendants be cited to appear and answer herein, in the terms of the law, and that on final hearing he have judgement against all the defendants for the title and possession of the land herein sued for, and for a writ of restitution, and for all costs of suit, and removing cloud from plaintiff's title to said land, and decreeing the title to said premises to be in plaintiff; further praying for all other relief, special and general, in law and in equity, so which he may show himself entitled.

The Petition being endorsed as follows: "This action brought as well to try title as for damages."

You are further commanded to serve this citation by publishing the same once in each week for eight successive weeks previous to the return day hereof, in a newspaper published in your county; but if no newspaper is published in said county, then in the nearest county where a newspaper is published.

Herein fail not, but have you before said court, on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness P. H. Northcross, Clerk of the District Court of Lynn County.

Given under my hand and the seal of said court, in the town of Tahoka, this 6th day of January A. D. 1915.

P. H. Northcross, Clerk of the District Court of Lynn County, Texas, by McMill Clayton Deputy.
Issued this 6th day of January A. D. 1915.
Seal of District Court of Lynn County, Texas, by McMill Clayton, Deputy. 1979

EXECUTION SALE
Notice of Sale of Real Estate
Under Execution.

State of Texas
County of Lynn

In the District Court of Tarrant County, Texas, B. H. Black, Plaintiff, vs, William Rice, Defendant.

Whereas, by virtue of an execution and order of sale issued out of the District Court of Tarrant County, Texas, on a judgement rendered in the said Court on the 5th day of January, A. D. 1915, in favor the said B. H. Black, for the use and benefit of the American National Bank of Ft. Worth, Texas, and against the said William Rice, No 38281 on the docket of the said court, I did, on the 3rd day of February, A. D. 1915, at 10 o'clock a. m., levy upon the following described tract and parcel of land situate in the County of Lynn, State of Texas, and belonging unto the said William Rice, to wit:

Being all of section ten (10), in block eight (8), located and surveyed by virtue of Certificate No. 645 issued to the E. L. & R. R. Ry. Co., containing 640 acres of land; said land located adjoining first railroad switch south of Tahoka, Lynn County, Texas; and the said land was conveyed on October, 26th, 1913, by B. H. Black and wife to Williams Rice, and in said deed of conveyance a vendor's lien was retained to secure the payment of the above mentioned note; and on the 2nd day of March, A. D. 1915, being the first Tuesday of the said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on the said day at the courthouse door of the said County, I will offer for sale and sell at public auction for cash, all the right, title and interest of the said William Rice in and to said property.

Dated this 3rd day of February, A. D. 1915, at Tahoka Texas.

F. E. Redwine, Sheriff of Lynn County, Texas. 232S.

There's paradise in every phrase. We hear, beyond debate. A man may weigh his words and yet May find they have no weight. —San Francisco Chronicle.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat less meat if you feel Backachy or have bladder trouble—Take glass of Salta.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and, in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

SUNDAY SCHOOL LESSON

February 21, 1915.
THE DEATH OF ELI AND HIS SONS.
1 Samuel IV, 1-13-18.

In this lesson we find the Philistines again arrayed against the children of Israel for the first time since Samson destroyed so many of their leaders at the time of his own death. Now while Eli was a good and God fearing man and apparently a faithful priest himself, yet when he became old he turned the priestly office over to his two wicked sons Hopni and Phinehas; he left them alone in their wickedness and thus brought reproach upon the priestly office and the Israelites went again into sin and repudiated the true God. They took the Ark of the Covenant with them when they went to meet the Philistines in battle putting their trust in the Ark instead of in God. Now Eli had been warned of God by Samuel that he would kill his two sons, and he expected to hear of their death and knowing what sin Israel had committed in removing the Ark out of its place he feared that something might happen to it also, so when the messenger came and told him that his sons were dead he was prepared to hear such distressing news but although he expected something to happen to the Ark he did not expect anything so bad as the total loss of it so when he heard how the Philistines had carried it away he realized that God had repudiated the Israelites and the news was more than he could stand so he fell over and died. The lesson taught by the life Eli is one God's forbearance toward a good but weak nature for God allowed Eli to live to be ninety eight years old in spite of his many short comings because Eli loved God. By reading the last 15 chapters of the book of Exodus you will find how and for what purpose the Ark was made and the sacred service to which it was put. By reading the fifth, sixth and seventh chapters of 1 Samuel you will learn what became of the Ark while in the hands of the Philistines and its miraculous return to Israel.

GROWING INDOOR BULBS.

It is well to get your bulbs early and pot them in rich loose soil, says R. H. Denniston, assistant professor of botany, University of Wisconsin. The pots should then be put in a dark, cool place to let the roots develop. Do not water them after planting unless the soil becomes very dry. The soil used for potting should be thoroughly moistened and the bulbs planted so that just the tips show above the ground. If the conditions are right the roots will begin to develop at once, and when a good growth has been produced green tips appear at the tip of the bulb. Then put the pots where the light is not too strong and let them remain till the buds show plainly. Remember that bright light is good for the bulb only after the buds appear.

The Chinese sacred lily and paper white narcissus may be grown in water and always give satisfaction.

Roman hyacinths and the various kinds of narcissus are easily grown in the above simple rules are followed.

Freeseias, tulips and crocuses will do well in pots if grown in a cool place.

The two lilies candidum and harrisi are grand bloomers, but are slow to develop. It is well to bury the potted bulb out of doors till frost comes; then bring it in to a cool cellar.

In addition to these standard bloomers, there are many other bulbs, such as the alliums, ixias, tritons and oxalls, that well repay the grower in an abundance of bloom.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.

OUTLINE OF DOMESTIC SCIENCE CLUB

Miss Lillian Vinson has been in Tahoka this week in interest of a domestic science club, which she proposes to organize on the plan arranged by Mary E. Pillsbury, of Columbia University. To organize requires not less than 20 members. The work is so outlined to cover 104 weekly lessons or 52 bi-weekly lessons. The course is composed of the better parts of the courses prescribed by the leading colleges in their domestic science departments, supplemented by several thousand receipts, and every day helps, sifted from the works of the best household writers of the world; and each receipt or rule laid down in the course has been tested by the most skilled talent in the nation.

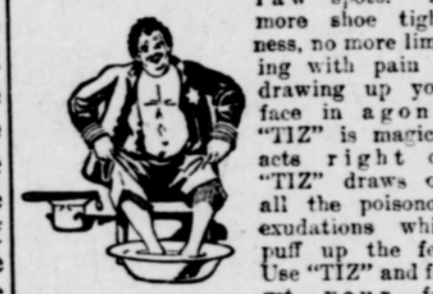

The club is designed to give the housewife, the training that our leading colleges and universities are giving our girls.

Miss Hamilton, co-organizer of Miss Vinson, is in Slaton this week and expects to organize a club of thirty members there? The Lubbock ladies organized last week.

"TIZ" FOR ACHING, SORE, TIRED FEET

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smelling feet, tired feet.

CALOMEL IS MERCURY! IT SICKENS! ACTS ON LIVER LIKE DYNAMITE

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and Doesn't Salivate or Make You Sick.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out" if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone on my guarantee.

Here's my guarantee—Go to any store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful at night and if it doesn't straighten you up and make you feel vigorous by morning I want your money back to the store and get you Dodson's Liver Tone is destroying sale of calomel because it is a medicine; entirely vegetable, it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your liver to work and clean your system that sour bile and constipation which is clogging your system and making you feel miserable. I guarantee a bottle of Dodson's Liver Tone will keep your entire family feeling months. Give it to your children; harmless; doesn't gripe and has pleasant taste.
