HOME TOWN TALK

By Beddy

Apparently the people of Big Spring have turned a very cold shoulder upon the airport again.

There is no just cause for this attitude; we believe that if more people knew more facts concerning the whole airport problem, from its inception to the present, they would feel differently.

The big thing to study is not so much the inception and the present status of the airport but its future.

Poison propaganda has, it appears, created very baseless ill feeling toward the airport company—composed of 104 stockholders, local folks, who put their money into the proposition, knowing full well they would receive nothing in return for at least three years, but interested in the development of aviation locally.

They wanted to make this one of the chief centers for air travel. That is a very laudable ambition for one's home town. Instead of being criticised they ought to be commended.

The fact is it is not exactly right that 104 out of twelve thousand or more persons have to foot the entire airport bill.

The airport ought to be owned by the city. We say that in all candor, after long study and observation of the aviation problems of this and other cities. It is the most equitable way of handling it.

What's more, this airport is going to pay dividends in the not so distant future. Why not let the profits go into the city treasury? Every dollar realized by the city from sources other than taxes helps every taxpayer, and the town.

But, if the folks want the airport to stay in debt—the only ultimate result will be receivership.

Wager four bits to a doughnut a lot of folks who've been causing the

KIWANIANS IN SESSION

Friendship Program Is Headed By Joye Fisher

Friendship was the theme of Thursday's program of the Kiwanis club, held in the new Crawford dining hall, now the club's regular meeting place.

Joye Fisher was program chairman of the day. Speakers included J. E. Kuykendall, George Gentry, G. R. Porter, W. G. Bailey.

A new member, Boyd McDaniel of Peters, Strange and Bradshaw, architects, was introduced. Mrs. L. A. Eubanks, soprano, with Mrs. Omar Pittman playing the accompaniments, sang two solos, one of them a melody composed by her husband, a member of the club.

Among guests introduced were R. L. Cook, Mrs. J. R. Dillard, Sam R. Hay Jr., W. W. Inkman, L. L. Bugg, Eli Satterwhite, Mrs. Gordon Phillips, Hayes Stripling, V. Van Gleason, Dr. M. H. Bennett, V. H. Flewelling, Cecil Long, and others. V. J. Higgins, member of the club on leave of absence recently, was present.

All talks dealt with value of friendship and opportunities of making and being friends in a Kiwanis club.

It was announced the club will have a light lunch the first Thursday in each month, reducing cost of the meal fifty cents a member. This fifty cents each will go into the park fund.

The Kiwanis wading pool at City Park now is being constructed.

MANY NEW FACILITIES ARE ADDED

Bus Terminal, Lounge, Banquet Hall, Garage Provided

The Crawford, Annex containing facilities which strengthen the importance of the Crawford hotel to Big Spring will be opened formally this evening.

A dance, with Jack Balfe's Music Masters, will constitute the opening program, according to Calvin Boykin, manager.

The Annex not only broadens the interests of the hotel itself but affords the city some conveniences not enjoyed until now.

7½x150 Feet
Covering a 75 by 150 foot site, the building includes a basement, 150 by 77 feet, and ground floor, 77 by 103 feet. It is connected with the main wing of the hotel, which is seven stories in height.

The finest motor bus terminal in West Texas, a banquet hall and ballroom, a ladies lounge, sample rooms, a large storage garage, with filling station and automobile washing and greasing racks, a sandwich shop—all these are housed in the structure.

Designed by Peters, Strange and Bradshaw, local architects, and erected by the J. M. Morgan Construction company, also a local concern, it is owned by A. J. Crawford of Carlsbad, N. M., with whom the manager, Calvin Boykin, is associated. Mr. Boykin has managed the Crawford since it was opened more than two years ago and has become one of the most active citizens of the city, as well as one of the most loyal.

From the Lobby
Entering the Annex from the lobby, through a passageway opened between the room clerk's desk and the elevators, one passes, along the corridor, first a check room, to the left, just beyond it the ladies lounge, and to the right, the banquet hall. The corridor ends at a foyer which connects it with the bus waiting room.

The ladies lounge is one of the most beautiful rooms in the city. It is 17 by 31 feet, in Spanish motif, with electric light fixtures in consonance. There is a large, ornamental fireplace at the west end. This room is connected with one of the two ladies' rest rooms in the annex, the other being a part of the bus station's facilities. Furniture chosen for the lounge materially enhances its beauty and usefulness.

The Annex fronts on Scurry street. The bus driveway leads entirely through the west side. It is 15 feet wide and 103 feet long, and connected by wide doors with the waiting room, which measures 22 by 50 feet.

CANNON ACORDED OVATION BY MEMBERS OF CONFERENCE

WASHINGTON, May 16 (AP)—Permission for the senate lobby committee to examine all records concerning transactions of Bishop James Cannon Jr., with two New York brokerage firms, was given today by Charles W. Tuttle, federal district attorney at New York.

DALLAS, Tex., May 16 (AP)—Bishop James Cannon, Jr., of Washington, D. C., today's president of the general conference of the Methodist Episcopal Church, South, surrendered his presidency today to Bishop W. J. Beauchamp of Atlanta, Ga., "because of certain matters before the conference."

He asked Bishop Beauchamp to take the chair after making two statements concerning with the work of the board of temperance and social welfare, one of which he said was unusually pertinent "because of the statement of Dwight Morrow that he was not in favor of a return of the saloon, but was in favor of repeal of the 18th amendment."

Presides At Meeting

Mrs. S. M. N. Marra of Austin, Tex., president of the National Council of Mothers and Teachers, will preside at the annual convention in Denver, Colo.

PAMPA CENSUS MAKES RECORD

WASHINGTON, May 16 (AP)—The energetic town of Pampa, Texas, by reporting a 969 per cent increase in population, rallied today to the support of Representative Jack Garner's contention, in the Congressional Record, that his state is getting a smart pace, population-wise.

Garner, the democrat, yesterday argued that the Lone Star state should be divided into five states each entitled to two senators. He said the purpose would be to take the balance of power from the industrial north-east.

Whether or not Texas will ever be divided into a constellation, little Pampa popped out with a 10,453 present showing as against just 987 inhabitants in 1920.

The town thus took third rank in percentage increases, and was chalked up as the seventh Texas city of more than 10,000 population to increase by more than 100 per cent.

Pampa's increase percentage was exceeded by Dearborn, Mich., and Beverly Hills, Calif.

PLAINVIEW, May 16 (AP)—Phenomenal increase in population in the country surrounding Olton, Lamb county, is indicated in preliminary census returns from Justice precinct No. 1.

From a population of 388 in 1920 that precinct has increased to 2,657 in 1930, a percentage of 671. Olton itself has a population of 684. The town was unincorporated on April first.

Increase in population in the vicinity of Olton is attributable to the opening up of new, fertile agricultural lands. Four hundred and sixteen farms were enumerated in the one precinct.

Lamb county, incidentally, gained in excess of 50,000 bales of cotton last year.

When Bishop Cannon took the chair he was greeted by applause that shook the church building, and which was not ended until more than half the delegates in the church had risen to their feet in tribute to him.

Proceeding without thanks for the unprecedented demonstration, Cannon told the conference that he had had ten thousand copies of the address of James E. Hughton, fraternal delegate from Canada, printed for distribution. The address was the same Hughton made before the prohibition inquiry committee in congress as a reply to the statement of another speaker from Canada who had upheld the Canadian laws in regard to liquor control.

Cannon continued, "I wish to make a personal statement. Because of certain conditions known to the conference, I wish to surrender the chair to my good friend and colleague, Bishop Beauchamp of Virginia."

'ORDER' WAS MOB'S IDEA SAYS COURT

Associated Press Is Absolved By Commander

SHERMAN, Tex., May 16 (AP)—Col Louis S. Davidson, presiding officer of the military court of inquiry, today said the court had become convinced that "some of the members" of last Friday's mob originated the erroneous report that Ranger Captain Frank Hamer had received orders from Gov. Dan Moody not to shoot the rioters.

Col. Davidson absolved the Associated Press of blame in the circulation of the report. However, he criticized the newspaperman who had telephoned the report to his paper "without making any effort to learn the identity of the woman from whom he received it."

The news gathering agency received its report from that paper.

The court continued to investigate the origin of the report and hoped to have a complete statement later.

DALLAS, May 16 (AP)—A thorough check of the records of the Western Union and Postal Telegraph companies and the telephone company has failed to disclose any communication from Gov. Dan Moody to Frank Hamer, a captain of Texas Rangers, until after a mob had burned the Grayson county courthouse and suffocated a negro rapist at Sherman, Texas, last Friday, May 9, according to the military court of inquiry now sitting at Sherman under a declaration of martial law.

Gov. Moody gave J. Newell Johnston, editor of the Sherman Democrat and member of the Associated Press for that newspaper, permission yesterday to check the telephone offices. Managers of the offices of both telephone offices reported no such message was received.

Col. Louis S. Davidson, presiding officer of the military court of inquiry, said today the court had checked the records of all telephone calls from Austin to Sherman and from Sherman to Austin last Friday and there was no telephone conversation between the governor or the adjutant general and Hamer until after the courthouse fire when Hamer telephoned the adjutant general from Howe, Texas, to tell him what had happened. It was stated yesterday the court also had checked the telegraph records without finding such a message.

The statement that such a message had been received by Hamer was carried in a news story by The Associated Press after it had been reported in many places in Sherman, throughout the mob, and after the mob had attacked the courthouse in which four Texas rangers headed by Hamer were trying to guard the negro.

Mr. Johnston said that The Associated Press news story received in Sherman never was made available to the Sherman public until after the courthouse had been burned down and therefore could not possibly have had any influence on the mob's action.

When the erroneous report that Gov. Moody had instructed Hamer to protect the negro if possible but not to shoot anybody came back over The Associated Press wire to Sherman, W. J. (Chief) White of the Sherman Democrat took the message through the mob and showed it to Hamer. Hamer said then he had not received any such message and asked White to check the Western Union office and the hotel to see if there was anything for him. White did so and found nothing.

Hamer also called R. M. Carter, district judge, and asked him to telephone Gov. Moody to see if he had sent such an order. Judge Carter said he placed a call but before he could complete it the courthouse was set afire and he did not talk to the governor.

There was no record of the report in Sherman excepting in the hands of White, and the report was handled by The Associated Press

RED CAGLE'S MARRIAGE REVEALED

Records in Gretna, La., court revealed that Red Cagle, Army football star, and Marion Munford Hille of New Roads, La., were married August 25, 1929.

MEEKS WILDCAT IS WATCHED; TWO PRODUCERS REPORTED IN NORTHERN GLASSCOCK POOL

The attention of the oil fraternity this week in the Big Spring area has shifted to the Meeks No. 1 wildcat well in northern Glasscock county being drilled by Timberlake & Snyder. It was reported to be showing oil from beneath sulphur water.

Meeks No. 1 is located 2,350 feet west and 1,600 feet north of the southeast corner of section 7, block 34, township 3 south, T & P Railway Company survey. Bailing tests were being made Thursday to determine the value of the well from reported depth of 2,980 feet. This well is seven miles southwest of the nearest production which is McDowell C 1, located in section 21, block 34, township 2 south, T & P Ry. Co. survey.

In the northern Glasscock field area two producers were completed during the week.

Sun Oil Company's No. 5 Phillips, topped the pay at 2185 feet, drilled to 2,485 feet, total depth, and swabbed 26 barrels per hour. Phillips No. 5 is located 1,369 feet from the south and east lines of section 14, block 33, township 2 south, T & P Ry. Co. survey.

Shell Oil Company's No. 1 Phillips, section 23, block 33, township 2 south, T & P Ry. Co. survey, drilled to a total depth of 2,335 feet and swabbed 50 barrels per hour. Offsetting the Shell is Kirby et al No. 3 Phillips, 1,650 feet from the north and 2,310 feet from the west line of section 23, block 33, township 2 south, T & P Ry. Co. survey, drilling at 2,030 feet in hard lime.

Kirby et al No. 3 Phillips, same section, cemented 8 1/4 casing at 2,125 feet. Schermerhorn Oil Company No. 3 Phillips, 990 feet from the north line and 2,310 feet from the east line of section 23, block 33, township 2 south, T & P Ry. Co. survey, drilled to a total depth of 2,640 feet in lime and shut down to repair 8 1/4 casing, collapsed. Broken oil showings were encountered at 2,145-80 feet, 2,252-62 feet and 2,362-2,325 feet.

Yates Proration Being Discussed

FORT WORTH, May 16 (AP)—Operators in the Yates pool of Pecos county assembled in Fort Worth today to consider extension of present limits of proration. W. A. M. Grier, chairman of the proration advisory committee, presided at the meeting. The present proration order in the Yates pool expires May 18 and it is to consider its extension that the meeting was called. Under the order that expires May 18, the pool has been permitted an output of 110,000 barrels daily.

A consensus of operators' opinions indicates the railroad commission will be asked to extend the allowance of 110,000 barrels daily.

The committee of H. C. Hardison, C. W. Tomlinson, F. M. Jacobson and E. E. Andrews appointed at the Howard and Glasscock counties proration advisory committee on Thursday to consider a percentage basis of production after June 1 to supplant the emergency limit of 200 barrels per well during the remainder of May, completed its work and submitted its findings to M. B. Sweeney, chairman. Another meeting will be held near June 1, at which recommendations of the sub-committee will be offered for adoption.

Ackerly Gin Safe Is Carried Away

Burglars sometime Thursday night entered a gin at Ackerly, owned by Andy Brown, and removed the safe, according to word received by the sheriff's department here.

About \$20 and a number of important papers were in the safe when it was stolen.

It is thought the safe was loaded on a truck and carried away to be opened.

Sheriff Jess Slaughter and his deputies were endeavoring to find the safe today.

SCOUT RALLY HERE TONIGHT

Every Boy Scout in Big Spring is urgently requested to attend a pep rally at the Presbyterian church this evening at 7:30 o'clock, when preparations will be made for the local council's participation in the area council rally in Sweetwater May 27. The Sweetwater meeting will "prime" the area for the annual summer camp, on the Concho river, June 10-30.

A. C. Williamson, area executive, will attend tonight's meeting.

All local scout officials, especially the troop committees, are requested to attend a business session at the Presbyterian church at 8 o'clock tonight. It will follow immediately after the pep rally.

BRADY WEEPS DURING SPEECH

DALLAS, Texas, May 16 (AP)—Ted Monroe, defense attorney, today said in his argument to the jury that John W. Brady's decline dated with the start of his acquaintance with Miss Lehlia Highsmith, stenographer, for whose death he is on trial here.

DALLAS, Tex., May 16 (AP)—John W. Brady, on trial here for the stabbing of Miss Lehlia Highsmith in Austin last November, wept openly as Andrew J. Priest in the opening argument quoted some of the first and last words the dead girl was alleged to have said to the defendant during their acquaintanceship.

Speaking for the prosecution, the attorney during a moment of tense silence quoted the girl as saying: "Daddy, I want you to meet a friend of mine—a man who is going to help me." That was when she introduced her father to her supposed benefactor five years ago—and then on the night of Nov. 9, "Please don't kill me—please have mercy."

The attorney pictured the slain girl as a country maid who had been swept off her feet by a man who eventually rewarded her by sinking a knife into her bosom.

After his argument Judge Charles Pippen recessed court for lunch.

The Weather

West Texas: Mostly cloudy, probably showers tonight and Saturday; little change in temperature.

East Texas: Cloudy, with local thunderstorms tonight and Saturday; cooler in north portion tonight. Moderate to fresh east to south winds on the coast.

Fireman Injured When Car Overturns

Although not seriously injured, Holley received severe cuts and lacerations on the right side of his face.

EDWARDS URGES SUPPORT OF BIG SPRING OIL MEN'S JUBILEE

The finance committee for the Oil Men's Jubilee is now soliciting advertisements for the official program, according to Joseph Edwards, chairman of the Oil and Gas Committee of the Chamber of Commerce.

According to Edwards, 5,000 of these programs will be distributed among the oil fraternity in this section of West Texas.

Entertainments for the visiting delegation of oil men include pageant, dancing, queen's ball, band concerts, turtle derby, wolf and dog rodeo, baseball games, slow automobile races, air show, fireworks and carnival attractions. A small entrance fee will be made for some of the attractions.

Chris Ming will have charge of all concessions and will be instrumental in bringing a number of the attractions here. An office has been opened at 412 Petroleum Building by the committee. Parties interested in the jubilee or in making arrangements for concessions may call at this office for information, according to Edwards.

"All business men are earnestly requested to give their financial cooperation to the Oil and Gas Committee," Edwards declared. "It is our desire to make this the biggest celebration ever staged in Big Spring. The oil fraternity has done much toward building Big Spring and we should show our appreciation by giving them a real entertainment."

NEGRO IS REPORTED IN CUSTODY

HONEY GROVE, Tex., May 16 (AP)—E. F. Fortenberry, 50 land owner, was shot and killed on his farm near here this afternoon by a negro, who later was reported to have been surrounded by a sheriff's posse in a house near the scene of the killing.

Fortenberry was shot three times with a pistol. After the land owner had fallen to the ground, the negro took his gun and threatened Tom Hamard, who had accompanied Fortenberry to see the negro about a debt.

The negro had been employed on the Fortenberry farm. Fortenberry held a deputy sheriff's commission.

After Sheriff Hughes and Deputy Tom Moore had arrived here from Bonham and headed a posse that went in search of this negro, rubbers came back to town for more arms and ammunition.

The negro was said to have barricaded himself in the house.

HOUSES IN PITTSBURG ARE RAZED

Lowlands Near Dallas Covered By Trinity

(By The Associated Press)
Storms and high water continued to take their toll in Texas. Five Mexicans were injured in a winter yesterday near Wichita Falls, and a negro was reported drowned attempting to save a mule in high water near Longview. Eight houses were blown down at Pittsburg.

A wide sheet of muddy water of the Trinity continued to cover many acres of lowland near Dallas, where the crest of the high water had passed.

Trinidad faced the crest of the Trinity in two more days. The water stood at 37 feet there last night. Flood stage is 28 feet.

COURT HERE IS RECESSED

"Not Satisfied," Says Judge After Week's Work

After disposing of several criminal cases at this morning's session, district court recessed until Monday morning, when the criminal docket will be resumed.

On motion of defense counsel he case of T. Y. Harwell, charged with intoxicating liquor, was continued until the September term.

Ralph Gill, 18, entered a plea of guilty to a charge of burglary and as assessed a two-year penitentiary term. The jury recommended he sentence be suspended, and Judge Fritz R. Smith allowed the suspension.

J. T. Miller was fined \$50 and assessed 15 days in jail following his plea of guilty to a charge of driving a car while intoxicated.

The case of Lloyd Day, under grand jury indictment for aiding one charged with a felony to escape all, was postponed until Thursday of next week. It is alleged in the indictment that Day smuggled a saw into the Howard county jail.

Two cases against Bunk Harris were dismissed at the morning session. On motion of the district attorney a charge of operating a gaming table was dismissed. Because of insufficient evidence to convict a charge of assault with intent to murder T. M. Robertson was dismissed. Harris is under a nine-year

San Angelo Barber Talks

SAYS ARGOTANE IS ONLY THING THAT BELIEVED HIM AFTER SUFFERING FOR YEARS

"Argotane did me more good than all the other medicine I took put together," said M. M. Vest, well known proprietor of the North Angelo Barber Shop, 503 N. Chadbourne Street, of San Angelo, Texas, in telling of his restoration to health.

"I suffered with indigestion and stomach trouble for years, in fact, practically all my life," continued Mr. Vest, "and although I had a good appetite I couldn't seem to digest a thing I ate. Everything just seemed to sour on my stomach and I would have indigestion spells and feel worn out nearly all the time. My stomach was just all torn up and any kind of acid food would make it worse. I had gas on my stomach so bad sometimes I could hardly get my breath. The gas would trouble me just a short while after eating, and I would feel all bloated up. This trouble seemed worse at night after supper and even when I was ready to retire I would feel at night after supper and even when I was ready to retire I would feel at times like I was going to choke and couldn't get my breath. I tried many other medicines for this trouble but they gave me no relief and I thought I was going to have to give up trying to get well again. I read in the papers a lot of statements from people who had troubles very much like mine and they told how they had been relieved by using Argotane so I decided to try it."

"Well, I took the medicine regularly and faithfully and I must say that I am more than pleased with the results. It certainly did me more good than all the other medicines put together. The gas does not form on my stomach hardly at all now and my breathing is now as free and easy as it ever was and I'm not bothered with that bloated feeling any more. Argotane certainly did me a world of good and I believe it will help me. I certainly do recommend Argotane and I am recommending Argotane and I am glad to come out with this public statement about it."

Indigestion, from which Mr. Vest suffered, is not only one of the most distressing, but one of the most prevalent of all diseases. It is also one of the most difficult to treat, and has baffled the medical profession for years, the most skillful specialists being unable to cope with it successfully. Genuine Argotane may be bought in Big Spring at the Collins Bros. Drugs.—Adv.

SPORT SLANTS

ALAN GOULD
ASSOCIATED PRESS SPORTS EDITOR

Pennsylvania's Lawson Robertson has no desire whatever to continue as head coach of the American Olympic track and field team; in fact he told me at Philadelphia recently that he is distinctly not a candidate for the post so far as the 1932 Olympic team is concerned. "Robby," one-time famous sprinter and since then the developer of many winning club, college and Olympic track teams, considers that he has done his share of the international job for the time being. He shouldered a good chunk of responsibility in 1920, when Jack Donaghy was Olympic head coach. He officially shared the head coaching position in 1924 with Walter Christie of California, but in fact Robertson was the generalissimo of the team taken to Paris. He was head coach, with no strings attached, in 1928 and had plenty to worry about in an effort to keep peace in the Olympic family as well as to produce winning results.

With the next set of games to be held at Los Angeles it is likely that the Olympic committee will select a Pacific coast man for the important job of head coach. This will be of distinct advantage for several reasons: first, that the major tryouts all will be held on the coast; second, that the Far West, as the country's leading track center, will be anxious to have this recognition; and, finally, that it has the talent to fill the bill.

Walter Christie, dean of all track coaches on the coast, by experience and position, would be a logical selection for Olympic head coach if he cares to undertake the burden. Christie would have no trouble mustering Eastern support, for he began his career in the East and is highly regarded.

There also is Dean Cromwell, the capable Southern California coach; E. L. (Dink) Templeton, young Stanford mentor, an Olympic athlete in 1920; and Hec Edmundson, not so well known in the East but the developer of many successful teams at the University of Washington.

"Olympic teams need a general manager more than they need a head coach," Robertson told me. "The main thing is to keep the athletes in good condition, mentally and physically.—The Olympic

coaches are in contact with the men for too short a time to teach them new tricks or undo old ones. Moreover, most of those who make the team are experienced performers and need no special instruction unless it is asked for. "In some of the field events, a man suddenly may go off form and require a coach's advice to recover. "We have always been handicapped, in going abroad, by building up athletes for a last minute climax of tryouts at home, then a long and tiresome ocean trip, followed by a short time on foreign ground to regain form for the Olympics. Much of this trouble will be eliminated by having the Games here in 1932."

ANGLO-CATHOLICS TO PRAY IN PROTEST

LONDON (INS).—A remarkable step is to be taken in June by 50,000 Anglo-Catholics who object to a reunion of the Church of England with the Free Churches if it involves the recognition of ministers not episcopally ordained.

For twenty-four hours they will kneel in a number of London churches and pray for guidance for the 370 bishops who will consider the question of reunion at the Lambeth Conference in July. Evangelical Churchmen desire reunion without the necessity for reordination of Free Church Ministers.

TEXACO-ETHYL

THE "DRY" ETHYL GASOLINE

The Texas Company announces that now Texaco, the original "dry" gas, is available with the Ethyl compound. It means the linking of two famous names in motor fuels to produce one of the finest premium anti-knock gasolines ever offered the motoring public—Texaco-Ethyl!

The Ethyl compound in itself cannot perform miracles. It's the gasoline base that makes the difference in Ethyls. The better the fuel you begin with, the better the resulting Ethyl Gasoline.

The new and better Texaco, the original "dry" gas that vaporizes instantly, plus Ethyl, equals the last word in automobile fuels. Texaco, the driest of dry gases, permits complete and uniform diffusion of Ethyl through the manifold into the cylinders. It creates higher standards of pick-up, power, speed and mileage for any car, old or new. This new premium grade is now available at Texaco Service Stations to all motorists who desire a superior anti-knock gasoline. Try it today!

REVIVE THE OLD FASHIONED COOKIE JAR TO THE DELIGHT OF YOUR HUSBAND, KIDDIES

Mrs. J. A. Hambrick And Mrs. Ward Remele Are Weekly Winners For Most Unusual And Simple Party Menus

BY THE MARKET PAGE EDITOR
The old fashioned cookie jar with piles of spicy sugar wafers cut like birds and hearts and animals seems to have gone the way of all good old fashioned things.

Why not revive it, to the noisy delight of your children, and the secret delight of your husband? There is nothing more nourishing for "between meals" or just before bedtime than a handful of cookies and a glass of milk.

But the secret is that the cookies should be home made instead of the bought variety. Very few of the bought cookies contain nourishment enough to merit feeding them to children.

Next week send in your recipes for cookies. We offer 2 first prizes and three honorable mentions, besides the doubtful glory of seeing your name in print. (We know that even we get a kick out of the latter, and as for winning a contest—well that is out of our class entirely.)

The winners for the past week are: Mrs. Ward Remele and Mrs. J. A. Hambrick. Mrs. David Waldo Jones and Mrs. Ben Kenas and Mrs. J. C. Smith go on the honor roll.

Here is Mrs. Hambrick's suggestion for a party menu, with all of the recipes following:

- Chicken Salad
- Salad Rolls
- Strawberry Bavarian Cream
- Lincoln Crisps
- Drink

Chicken Salad Recipe
Two cups chicken, 1 cup celery or 1-3 cup olives, 1-2 cup celery (chopped fine), add few grains salt, a dash of paprika, 1-2 cup nut meats, chopped, mayonnaise to moisten.

Serve in tomato cups, in nests of water cross or lettuce, with a small bunch of purple grapes, or two stuffed plums, on each plate. The tomato cups are made by cutting slice from blossom end, scoop out pulp, slash six times around top, about 2-4 down, turn slashes back to form a lovely flower cup. The purple grapes add a beautiful contrast note and are especially good with fish or game.

Strawberry Bavarian Cream (Six Servings)
One tablespoonful gelatin, 1-4 cup water, one cup strawberry juice and pulp, 1 tablespoon lemon juice, 1-2 cup sugar, 1-2 cups heavy cream beaten stiff, few grains salt.

Soak gelatin in cold water five minutes, and dissolve by placing cup containing mixture in hot water. Strain into fruit juice mixed with lemon juice. Add sugar and when sugar is dissolved set bowl containing mixture on ice and stir until it begins to thicken. Then fold in cream. Turn into wet moulds and chill. Any fruit may be substituted for strawberries.

Lincoln Crisps
Two egg whites beaten stiff, 1 cup sugar, two tablespoons melted butter or other shortening, 1-2 cup shredded coconut, 4 cups corn flakes, 1 teaspoon vanilla.

Add sugar to egg whites. Add shortening and vanilla. Then stir in coconut and corn flakes which have been mixed together. Form into clusters on a greased baking sheet. Bake 15 minutes in moderate oven (350 degrees F.).

Mrs. Ward Remele offers the following suggestions:

- Jellied Chicken Salad
- Celery Hearts
- Brown Bread and Butter
- Sandwiches
- Pickles
- Ripe Olives
- Fancy Cakes
- Ice Cream Candies
- Coffee

The recipes for this menu, will be given in Sunday's issue.

Picnic Given For Newly Married Pair

Mr. and Mrs. Dannie Conley, who were married in McCasney Wednesday, visited Mr. and Mrs. E. L. Crawford Jr. here Thursday evening. They left Friday morning for Abilene and from there were to go to Chicago via plane. Mr. Conley will study in the University of Chicago. An informal picnic was given for them Thursday evening by Mr. and Mrs. Crawford, who were joined by Mr. and Mrs. Frank Etter, Messrs. Conley, Crawford and Etter and Mrs. Etter are former classmates in Abilene Christian College.

REWARD CONTINUED

FORT WORTH, Tex., May 16 (AP)—Voting to continue its \$5,000 "dead bank hand" reward, the annual convention of the Texas Bankers' Association closed yesterday, after selecting San Angelo as the 1931 convention city and electing officers. John G. McAdams, Winters, was chosen president. Resolutions adopted denounced chain banking and advocated reformation of state and local taxation systems.

FORT WORTH GROUP TO GIVE PAGEANT

"Youth And Ambition," Foreign Mission Story

"Youth and Ambition," a pageant compiled and presented by the Volunteer Band of the Southwestern Baptist Theological Seminary of Fort Worth, Texas, will be given at the First Baptist church Saturday evening.

Native costumes from foreign mission fields and idols will be used in the presentation of the pageant.

"A synopsis of the story of the pageant is as follows: 'This pageant is a presentation of youth, a brother and sister, who are confronted by Vice, Pleasure, Ambition and Christianity.

"They accept Christianity who introduces the Spirit of Missions. The Spirit of Missions shows them the religious needs of the world.

"After Youth views these scenes they struggle with the call to service, and wield their lives to the cause of missions."

There will be five musical numbers including a soloist and saxophone specialties.

Forms of heathen worship including that of Japan, China and India, will be presented in full regalia.

CHILDREN BURNED

SAN DIEGO, Calif., May 16 (AP)—Three small children were burned to death, and their mother, Mrs. Francisco Ybarra, was seriously injured when fire of undetermined origin destroyed their home near Camp, a village about 40 miles east of here, late last night.

GRAND PRAIRIE — Curtis-Wright airport dedicated recently.

kind of sherbet is not so difficult as it might first appear, for it is not necessary to freeze the mixture in an ice cream freezer. Simply pour the fruit juices into glass jars (quart or larger, if available) and pack in equal parts of ice and ice-cream salt for two or more hours. Past experience in this line has produced an objection to this kind of freezing because it makes the texture granular and not smooth, as results from turning in the freezer, but the same smoothness can be easily obtained by adding one stiffly beaten egg white to the juices before packing. Egg sherbets prepared in this way, with so little trouble on the hostess' part, are far more delicate, nourishing and easily digested, and also less expensive, than the average "ice cream"; and there can be no objections raised as to its texture.

And so the hostess who gave "the darlinest party" has shown the rest of us the possibilities of citrus fruits or party menus and the many enticing ways in which they can be prepared to act as a vehicle for special stimulation and the vitally necessary vitamins.

STOP CONSTIPATION AT THE START

You May Pay If You Don't

When you realize that about 90% of all sickness begins with constipation, you won't want to take chances. If you have the symptoms—bad breath, coated tongue, always tired—put a stop to them now!

But do it the natural way. Not with pills and drugs, which give but temporary relief and must be taken in increasing doses. Eat Kellogg's ALL-BRAN—an appetizingly delicious cereal.

Kellogg's ALL-BRAN sweeps the system clean of wastes and impurities. Its action is natural; the roughage carries with it the poisons which clog your system.

In addition, ALL-BRAN is rich in iron. Scientific research shows that nearly all this iron goes into the blood, making it give the rich glow of healthy color.

You'll like ALL-BRAN. Ready-to-eat with milk or cream—fruits or honey added. Physicians recommend it. And we guarantee it to relieve both temporary and recurring constipation. Two tablespoonfuls daily—with every meal, in recurring cases.

Kellogg's ALL-BRAN is sold by all grocers in the red-and-green package. Served in hotels, restaurants and dining-cars. Made by Kellogg in Battle Creek.

Crisp Salads to Serve When Days Grow Warm

By JOSEPHINE B. GIBSON
A crisp vegetable salad or a dainty concoction of fruit will make even the simplest meal attractive. And on these glorious spring days, when we wish to get away entirely from thought of winter—even in the foods we serve—salads are more than ever welcome.

Wise housewives take full advantage of the numerous fresh vegetables available during the spring and summer months. Instead of continually serving hot dishes for dinner, they frequently substitute a thoroughly chilled vegetable salad, prepared with a snappy, well-seasoned French dressing or with Mayonnaise. Many a woman, too, finds that a dainty fruit salad often will take the place of a dessert, and thus save her long hours in a hot kitchen making puddings, pies or cakes.

Following are recipes for a number of vegetable salads which are suitable for serving either as the main dish for luncheon or supper, or in place of cooked vegetables for dinner:

Jellied Vegetable Salad
1-2 tablespoons gelatin, 1-4 cup cold water, 1-3 cup boiling water, 3 tablespoons vinegar, 2 tablespoons lemon juice, 1-3 cup sugar, 1 teaspoon salt, 3-4 cup diced celery, 1 cup shredded cabbage, 1 cup cooked peas, and a few drops of onion juice. Soak gelatin in the cold water five minutes and dissolve in the boiling water. Add vinegar, lemon juice, sugar, salt, onion juice and vegetables and mix thoroughly. Turn into a ring mold which has been dipped in cold water, and chill. Remove from mold to salad plate. Fill center with crisp lettuce, and serve with Mayonnaise salad dressing.

Lettuce Roll Salad
Mash a package of soft cream cheese. Add 1-2 cup cold cooked ham, finely ground, and 2 table-spoons India relish. Spread a thin layer of this mixture on crisp lettuce leaves. Roll as you do jelly

roll and put in a cool place to chill. Cut into 1-2 inch slices and place several slices on a crisp lettuce leaf. Serve with French dressing or with Mayonnaise salad dressing.

Tomato Sandwich Salad
Dip small red tomatoes into scalding water for a moment—the skin will come off easily—then chill and cut in half crosswise through the center. On one half place a generous layer of sandwich stuff or cream cheese mixed with relish or Spanish olives. Cover with the other half of the tomato. In the top of the tomato make a little incision with a sharp knife and insert a spring of crisp parsley.

Chicken and Vegetable Salad
2 cups cold diced chicken, 1-2 cup cooked carrots, diced, 1-2 cup cooked peas, 1-2 cup cooked string beans, cut in pieces, 1-2 cup cooked beets, diced, 1 teaspoon salt, 1 teaspoon paprika, 1 tablespoon chopped parsley. Mix the chicken and vegetables and add salt, paprika and parsley. Mix well with French dressing and let stand in ice box until thoroughly chilled. Arrange in nests of lettuce-leaves and top with mayonnaise salad dressing. Garnish with beets cut in fancy shapes and asparagus tips.

Macedoine Salad
One small cooked cauliflower, 1 cup cooked peas, 1 cup cooked carrots, cut in cubes, 1 chopped green pepper. Separate cauliflower in small pieces. Marinate each vegetable separately in French dressing and let stand in ice box until thoroughly chilled. Arrange vegetables on crisp lettuce leaves in separate nests, and sprinkle with chopped green pepper. Serve with French dressing.

VET FINDS BOY'S BODY
HOUSTON, May 16 (AP)—A disabled war veteran, P. E. Laine, donned a deep sea diving outfit last night and recovered the body of J. W. Kern, 9, from a whirlpool in White Oak bayou where he was drowned yesterday.

MRS. JENNINGS IS LUNCHEON CLUB HOSTESS

Mrs. V. R. Smitham And Mrs. J. O. Barker Win High

Mrs. Newt Jennings was hostess to the Thursday Luncheon Club at her home on Lexington, yesterday afternoon.

Using a color scheme of pink, white and green, Mrs. Jennings presented a springtime motif for her guests. The colors were carried out in tallies, score cards and other accessories. The house was decorated with cut flowers.

Mrs. V. R. Smitham won high score and Mrs. J. O. Barker won second high.

Luncheon was served to the following: Mesdames E. Primm, Garland Woodward, Harvey Richards, Carl Blomfield, G. R. Porter, J. L. Webb, J. O. Barker and V. R. Smitham.

Beauty Parlor Is Part of Hospital's New Equipment

AUSTIN, May 16.—The mental benefit of beauty will be given physical opportunity to prove itself by the state in building the new psychopathic hospital at Galveston.

A beauty parlor will be a prominent part of the ground floor equipment of the hospital.

It was included in the plans submitted to the board of control for approval this week. Bids are to be called on the building soon.

The four-story structure will cost \$120,000. It will house between 50 and 60 patients. The patients will be treated for periods of approximately 60 days each, permitting the treatment of over 300 per year. Many others will be given examination who will not be taken in for treatment.

The hospital is expected to operate both to the scientific study of mental disorders and their treatment, and to the training of medical college students in mental diseases, so that a stream of specialists will be sent out into practice over the state.

15,000 Club Women Heading For Denver

DENVER, May 16 (AP)—In every civilized country in the world women will be buying tickets to Denver in the latter part of May.

By steamboat, train, automobile and airplane some 15,000 will arrive there on or about June 5 for the 10-day convention of the General Federation of Women's Clubs.

A small army of hostesses, 8,000 Colorado women, already are laying plans for the reception of the delegates. Many of the finest homes and gardens of Denver will be thrown open for social functions in honor of the visitors.

World peace and better motion pictures will serve as the principal topics of discussion at the business sessions, but play will occupy a large part of the delegates' time.

Women who wish to do so may take an airplane ride over the peaks of the Rockies around Denver, with Mrs. Angela L. Joseph, among the first women to win a commercial pilot's license, at the controls.

A closer view of the Rockies and of Mesa Verde national park will be available by motor and railroad for those who prefer to stay on the ground.

Mrs. John F. Sippel, president of the federation, has visited 40 states, Alaska, Cuba, Mexico and the Canal Zone.

Konjola Proved Real Boon To Amarillo Man

Stomach Trouble And Nervousness Prove No Problem To Power Of New Medicine

MR. NEIL KINARD

"For quite some time I was troubled with my stomach," said Mr. Neil Kinard, 2101 Polk street, Amarillo. "I bloated after meals and my appetite was growing less. These gas pains caused me to become extremely nervous and I was losing weight and becoming badly run down. My liver was sluggish and my blood was in very bad condition. I tried several kinds of medicine over the period of my illness but I could get no relief from any of them. A friend of mine suggested Konjola.

"From the first few doses I knew this medicine was helping me. My appetite increased and I began to eat heartily without the after affects of gas. My constipation was relieved and my nerves were growing steadier. I slept much better and was becoming rid of that tired and worn out feeling in the morning. As I continued the treatment I began to gain in weight as my entire system became toned up. I can truly say that I think Konjola a wonderful medicine."

Konjola is designed to give quick, thorough and lasting relief. Like any worth-while medicine, Konjola should be taken over a period of from six to eight weeks. When so taken, the results will amaze you as they have thousands of men and women.

Konjola is sold in Big Spring at Collins Bros. Drug store, and by all the best druggists in all towns throughout this entire section—adv.

term for assault with intent to kill W. M. Nichols.

A jury in the trial of Sam White, charged by grand jury indictment with possession of intoxicating liquor, resulted in a hung jury. It was said the count stood 10 for acquittal and two for conviction.

Just prior to recessing court for the week-end, Judge Smith declared he was "far from being satisfied" with the work done in this week's session. He explained, however, few old criminal cases were carried over, and it is hard to call a trial when the indictment is returned in the same court session.

This term of district court will be brought to a close May 23.

airport would yell even louder if it went into receivership and the new owners decided to plant a cotton crop out there.

Yep! A lot of folks have griped about "Midland gets all the breaks in aviation." But they won't do anything to help Big Spring get some breaks. If the few who have put \$40,000 cash and assumed \$20,000 indebtedness to build what we already have, should decide they were tired being pack mules for the whole outfit a lot of folks who've griped about the city failing to become an aviation center would cuss the stockholders for attempting to get out from under.

Incidentally, the writer owns no airport stock.

The pitiful thing about the present state of affairs is that we are just now coming to be recognized in the aviation industry. We're just getting to the place where we can compete with the rest of 'em when it comes to getting new passenger lines. And, we can stand up and bid with 'em on air mail, if you want to know.

Forty Wolves Brought Here For Big Rodeo

Forty wolves to be used Sunday afternoon in the Wolf and Hound rodeo, have been brought here by H. A. Johnson, manager of the attraction.

The rodeo will start at 2 o'clock Sunday afternoon and will last until 6 p. m.

A 100 acre pasture has been obtained near the Big Spring airport for the rodeo. According to Johnson spectators may sit in their automobiles and see the entire performance.

Cash prizes will be awarded owners of dogs winning in the races. In addition to the coyote races, rabbit races will be held.

Johnson reports a good ticket sale for the rodeo, and a large crowd is expected to attend.

The Sunday afternoon performance is preliminary to the finals to be held here July 4.

Dozens of dog owners have signified they will have prize winning animals here for the show.

"THE BEST PLACE TO TRADE AFTER ALL"
BIG SPRING

Finally saw one. We and a good crowd of others witnessed a nice ball game Thursday afternoon. Under a hot sun the Cosden Oil Company lost an uphill grind to the Barbers. Allow us four games in a row like the one Thursday and we'll be putting the league money out at 4 per cent interest, despite the fact that we have to shovel out 10 per cent of the gross receipts six days out of the ordinary week. Speaking of good games of cetera, Sunday's game should be what is generally referred to as the ballroom floor as a lulu. The Laundry, custodian of the top rung on the pennant ladder, and the Barbers, holders of third place, clash. The Barbers did a little renovating after Thursday's game, releasing five men and adding equally as many. If our opinion is worth taking into consideration as such a crucial moment, we'd reckon that Bruce Newbitt's ball shaggers are due for a tough Sunday afternoon.

Lola Madison wasn't the only one to wield the axe either. Bob Middleton, at the helm of the Bankers, did a little lawn mowing himself. Middleton issued releases to Anderson, Glenn, West, Edwards and Hefley, and presented contracts for Paul Madison, Clyde Hutchins, T. J. Gibson, H. F. Green, and Burma Barley. The Barbers gave release pacts to Paul Madison, H. H. Taylor, N. H. Payne, R. L. Haber and H. McClinton, adding the names of G. W. Chapman, O. Hutchins, Jess Vick, Shirley Fryer and B. W. Blankenship. R. M. Butler, Texas & Pacific manager, had J. V. Murphy approved as a new player, while J. C. Moore signed Cotton Harrison and Howard Reid as new Ricohe hustlers. Cosden presented the contract for one new man, H. H. Wims, while Bruce Newbitt of the Laundry allowed his list to remain intact, unmoistened and unchanged.

Incidentally, at the Thursday night session the board of governors were instructed by the managers to consider the advisability of a new ruling in regard to players. The question finally boiled down to the advisability of making a requirement for a player to have lived in Howard county six months prior to signing a contract, the ruling to go into effect at the next meeting. Due to the absence of J. A. Bode, Cosden Oil manager, no action was taken. The board, however, will act definitely on the motion next Thursday night, and George Gentry the president of the loop, asks all managers to be present at eight bells promptly, central standard time.

Such a ruling has its fine points, and its blunt ones. Designed to safeguard the league against commercialism, it would, it would prevent payment of a player in a round about way, and would have its effect on the six clubs in the league. On the other hand it might keep a good ballplayer in the grandstand, although his playing would be legitimate. It's a question worth some consideration, much pondering and more or less thinking. Having never cared for indulgence in any of the three, we'll let the board decide, and the managers wrinkle their fervid brows.

According to our six foot friend on the Breckenridge American, Coach Silent Shotwell is well satisfied with his 1930 prospects. That rather surprises us. We can't understand why Mr. Shotwell would be satisfied, when all he has is every husky in Stephens county in football togs and plenty of all-state material on hand. Maybe Mr. Shotwell had his fingers crossed when he said it. As far as being "satisfied" is concerned, several other mentors in the Oil Belt are in the same condition. But they have to be satisfied with what they have on hand.

Primo Carnera, who is big enough for a San Angelo fullback, has found himself besieged with complications. Various and sundry boxing commissions have decided the Italian heavy is clouting too many and not being clouted enough. So he is being probed. Sixteen times the grape plucker has faced opponents, and 18 times the said opponents have either taken a little vacation with Carnera's fists as an incentive, or have seen technical knockouts written against their names. The boxing commission seems to think that 16 knockouts in 18 bouts is too many hayos. Promotion and ballyhoo are great institutions.

Hackberry Slim Johnson, who has broken into this column for two days running, is very nice to guides of sports departments. He offered us an opportunity to ride one of his buffaloes at the Dog and Coyote rodeo Sunday afternoon. All of which we declined graciously, explaining that there existed in our mind no doubt but what we could ride anything including a tornado, after driving our automobile for two years.

SUNSET RACE TIGHTENS AS FOWLS WIN Orioles And Jellies Have Half A Game Between Them

A big inning that saw O'Quinn go "sky high" brought victory to the Roosters and tightened the race in the Sunset League to almost the breaking point by bringing the Jellies and the Roosters into practically a tie for second place only a half a game behind the league leading Orioles. Errors and his own wildness contributed to the Oriole manager's downfall.

Conway, who is fast becoming the workhorse of the league, won his fourth victory in five starts. Brilliant fielding by his mates, especially by Cook in left field, aided the Rooster ace in subduing the league leaders. Cook also pulled the feature play of the day by clouting out a home run with the bases full in the eventful second.

Morgan and Smith led the Oriole attack with two hits. Wolcott achieved the same distinction for the victors.

Mack Underwood's revamped Cubs meet the second place Jellies in today's clash.

Barbers Rout Cosden In Close Fray

HIT POTTER HARD TO COP
Tinsley, Lydia Hold Cosden To Seven Hits

Clouting Potter at will, in six out of seven innings, the Barbers climbed into third place in the city league race Thursday afternoon when they defeated the strong Cosden Oil contingent 9 to 6.

The big, slim, lefty handed hurler who worked so successfully against Ricohe earlier in the week, for seven innings saw his offerings pounded by Barber batsmen. He gave up fourteen clean smashes during the fray, giving away entirely in the seventh when he was nicked for six hits to tally three runs.

In the meantime, however, Tinsley, the initial Barber moundsman, was having trouble of his own. After holding Cosden to three hits in five innings, Tinsley was replaced by Lydia in the middle of the sixth, after Glenn and Lydia had errors chalked against them, and Baker and Martin obtained a double and a single respectively to tally three runs. Lydia allowed two hits during the time he was on the hill.

Score In Second
A single by Lydia, followed by a double by a Patton in the second scored the elongated first sacker to launch the melee. Cosden evened the count in the third when Martin walked, gained second on a passed ball and tallied on Clothier's bingle.

The Barbers raced two across in the fourth when Skagg got on, forcing Efficas out at second. He tallied when Lydia tripped. Lydia went home when Glenn went out at the first sack.

In the same inning Cosden added on when Martin tallied on West's sacrifice and Burnes' single.

Tinsley, L. Madison and Hicks counted in the fifth for the Barbers, after Tinsley got on with the assistance of Harwood's error. L. Madison singled, Hicks was hit by a pitched ball and Skagg singled.

Lydia On Hill
Taking advantage of two errors, and finding Tinsley in the sixth Cosden almost tied the count for a second time when they put three runs across. Lydia and Glenn, first and shortstop, contributed to Tinsley's exit, with an error by each, allowing West and Burnes to get on. Each tallied when Baker clouted a terrific double to left field, himself tallying on Martin's single. Lydia took hold of the mound after the second hit of the inning, and put Clothier and Potter out of the way.

In the seventh all hopes that Cosden might have entertained of converting a loss into a win vanished when Potter went to pieces. Chapman, Hicks, Skagg, Lydia, Glenn and Patton smashed the Cosden southpaw for clean hits. Lydia's, incidentally, was a double, which didn't help matters much from Cosden's perspective. Chapman, Skagg, Lydia tallied in the fracas.

Cosden added his sixth run in the final inning when Adams singled and scored after Martin had lifted one of Lydia's fast ones or a bingle. By virtue of that win over Cosden the Barbers replaced them in the percentage column at third post.

Color Of Kentucky Derby Centers About Turf Pair

The color and pageantry of America's greatest horse-racing classic, taking definite hue and form today for the fifty-sixth running of the Kentucky Derby, centers about two decidedly contrasting figures of the turf—the English Earl of Derby and the freckle-faced Yankee Earl of Sande.

Though they travel in separate spheres, the paths of these two will bring them into one and the same spotlight late tomorrow afternoon if racing form and favor mean anything, for Earl Sande is the popular choice to ride the great Eastern colt, Gallant Fox, to victory and enable his owner to receive the prized gold trophy from the hands

of the British patron of the turf. The Earl of Derby, seventeenth of his line, will witness for the first time the American racing counterpart of the classic English event bearing his name. The guest of Joseph E. Widener, Eastern sportsman, while in this country, the English Earl is expected to reach Louisville today from Lexington, where he has been visiting the choicest of blue grass breeding establishments.

The Earl of Sande is no such stranger to Churchill Downs and the route that leads to the laurels of Derby victory. Twice before, in 1923 and 1925, the boy who rode to fame from Idaho to New York has booted home winners in Kentucky's classic. Tomorrow he has the chance to cap the climax of a dramatic come-back by riding home a winner on Gallant Fox, son of Sir Gallahad III.

The odds are all in favor of Gallant Fox, which will race in the colors of the Balair Stud, owned by William Woodward of New York. It has long been a tradition that anything can happen in a horse race, especially the derby, but the Eastern colt was backed down today 7 to 5 by an influx of financial

Notwithstanding the fact that the state of Texas is getting more for its money paid them in salaries than it is for any other expenditures it is making.

There has been much written lately about unwise kindness to convicts. Undoubtedly the present day gangster, gunman, thug or killer does not merit much kindness.

It is any wonder that prison breaks are common in Texas? Is it any wonder that men of the caliber of Dr. Scott, of Temple, have quit the prison board in disgust?

Is it any wonder that experts freely predict Texas is laying the foundation for a terrible prison tragedy?

HOW'S your HEALTH

FETOR-ORIS There are a large number of conditions which may cause fetor-oris, or odor from the mouth.

Among the most important causes of fetor-oris are indigestion and the associated catarrhal disturbances in the mouth and stomach.

Local conditions in the mouth are also among the most common causes of fetor-oris. Smokers are prone to have a "heavy" breath.

Tonsillar diseases may give rise to odors and teeth filled with decaying material may produce fetor-oris.

SYNOPSIS: A household of hate becomes a scene of tragedy with-out grief when the detested, despicable Dan Parados is shot to death.

Chapter 11 ANNERSEY SPEAKS OUT. Annersley's voice was tender as he patted Celia's hand.

"Where is that paper Parados hadn't signed?" "I don't know."

"I met Parados ten years ago," Annersley began bitterly. "He hadn't much money then. The idea of the company was sound. Parados wanted another hundred thousand. I let him have it. He was a wizard at business."

"We made money. I was satisfied, up to a couple of months ago. Bitterness was in Annersley's eyes. "The company didn't mean much to Parados by now—he had a dozen—but it meant everything to me. There was an opportunity to get some beach property, he said. Did I want to go in pretty deep? I did, since he recommended it. I had about \$50,000 loose—and I turned it over to him."

"A month later he told me the stuff was worthless. "An error of judgment," he said. The liar! He said the board—his board—had voted to accept a ridiculously small offer from another of his companies. It would finish the Fleetwood company and take my \$50,000, too. I'll be out \$150,000!"

"You will be? Hasn't it gone thru yet?" "It's—pending."

"Mmm. What are you doing here tonight?" "I thought I'd try a last appeal."

"It failed?" "He was killed before I could talk to him," Annersley said huskily. "What did you mean by 'pending'?" Samuels asked.

"Just that—pending. I don't believe Parados had signed the authorization," he went on uneasily. "Why was Parados trying to break you, Annersley?" "That was his little way. He—he wanted people to hate him."

"The phoenix is gone!" Mrs. Parados suddenly shrieked. "Dan's jade phoenix!"

"What a story the phoenix might tell! Tomorrow's chapter reveals how vital this clue may be."

clared. "I opened the window when I went in and he was on the terrace. Two minutes later I lowered the window. He was still there, but ten minutes after that I closed the window before leaving. Mr. Annersley still was sitting on the terrace. In the intervals I heard him cough and smelled smoke from his cigar."

"Convinced?" Annersley wanted to know. "The path of this rose," Fliques interrupted. "It is the principal evidence against M. Annersley, yes?" "So far," Samuels admitted.

"But if I were to show you another rose—what then?" Fliques lived into a waste-paper basket and picked up a yellow rose. It was of the Gold of Ophir variety, similar in size to the one on the table.

"Voilà!" Fliques exclaimed. "A warm glow spread over Annersley's face, but it was Celia who expressed what both of them felt. "Oh, Claude!" she wept ecstatically.

"Are you satisfied?" Annersley inquired dryly. "It's your trick," Samuels admitted. "When did you first notice that rose, Fliques?" he demanded.

"But a moment ago. I cast my eyes down and it was there. It will be necessary to commence again, yes?"

"Not altogether," Samuels said. "I suppose your husband wasn't given to buttonholes, Mrs. Parados?"

"Dan!" Mrs. Parados laughed without humor. "He once discharged an executive for coming into his office with a sprig of mignonette in his coat."

"I don't wear buttonholes, either," Mr. Samuels, Caroline said unexpectedly. Her blue eyes were challenging and derisive. Her courage had impressed itself upon me and I felt pride as it reassured itself. Samuels' eyes smoldered with suspicion as he looked at Caroline. The interruption at that moment was fortunate.

"The phoenix is gone!" Mrs. Parados suddenly shrieked. "Dan's jade phoenix!" Mrs. Parados was pointing at the empty glass case on the mantel—the glass case that had caused Parados such acute distress just before I had left him—a few minutes before his death."

What a story the phoenix might tell! Tomorrow's chapter reveals how vital this clue may be.

WASHINGTON DEFEATS TRIBE

Eastern Clubs Have Margin Over Nines Of West

BY HUGH S. FULLERTON JR., Associated Press Sports Writer

Although two rainy days at the finish did some serious damage to the schedule of the first inter-sectional series of the 1930 American league season, results of the past two weeks have given ample proof of a clear margin for the Eastern clubs over their Western rivals.

Starting May 1, the American league clubs played 49 games and the East's representatives won 32 of them, winding up with Washington's 4 to 2 triumph over the Cleveland Indians in the only American league game which escaped rainy and cold weather.

The Senators put themselves above the 500 mark for the inter-sectional play by that final victory. They won seven games and lost six. Sam Jones and Sam West, pitcher and outfielder, played the leading roles in winning the game. Jones kept Cleveland's ten hits scattered so they could do little damage as he outpitched young Willie Hudlin, and West drove in two senator runs with a home run and a triple.

The Philadelphia Athletics, champions and league leaders, made the best showing of the inter-sectional day. They won eleven games and lost but two, one each at Cleveland and St. Louis. The New York Yankees won eight and lost three. Washington came in third, while the Boston Red Sox, lowest of the Eastern clubs, tied with Cleveland, highest of the Western, with six victories and as many defeats.

Chicago's White Sox, with but three victories in a dozen inter-sectional games, barely avoided another defeat yesterday when rain decided in the middle of their final game with the Athletics although they could not win. After Philadelphia had driven Red Faber from the mound with a six run attack in the second inning, the Sox staged a great comeback just before rain halted proceedings. The score re-

verted to the fourth inning, and there was no official game.

The National league, with the completion of its first inter-sectional series scheduled for today, also got in only one game yesterday. That one was a wild hitting thriller in which the Boston Braves edged out the Chicago Cubs, 10 to 8.

SPUDS REST ON TOP OF TEXAS

Houston Buffs Bow To Hurling Of Caldwell

(By The Associated Press)

The weather man took it on the jaw at last, and all Texas league teams got in a day of baseball after many postponements because of weather.

Beaumont climbed into third place in the league standing by walling Shreveport, 4 to 3. McCabe pitched a brilliant game for Waco as the Cubs trimmed Fort Worth, 2 to 0. Finch hitters lived up to their names in the ninth inning, and Dallas edged a little further way from eighth place by taking a 4 to 3 decision from San Antonio, cellar champs. Wichita Falls was perched on top of the league by virtue of a 4 to 2 win over Houston. This game broke a lead for the league leadership.

The day's sidelights included the announcement that night baseball probably would be offered to Houston fans by July 1 and another from the same town that Carlisle Littlejohn had been sold to Rochester for \$5,000. Rochester and Houston are St. Louis Cardinal farms. Houston and Wichita Falls battled at Houston with Caldwell of the Spuds and Brown of the Buffs going the route and holding rather tight in the pinches.

The tall end clubs played championship ball when the Indians failed at Steer hunting. The score was 3 to 1 in favor of the Redskins when the final session started. Three singles served to drive in a run and each give the Steers the game.

McCabe's performance in shutting out Waco was the stellar hurling act of the day. He had the game well in hand all the way.

In shipping the Shreveporters a notch lower, the Beaumont Exporters took advantage of errors and

DANGER HEADED OFF

Constipation Troubles Soon Go Away Following Use of Black-Draught.

Burke, Texas.—Mrs. Orea Crawford, of this place, tells of her use of Theodor's Black-Draught which she says covers a period of "a good many years."

"We use Black-Draught as a regular family medicine for constipation, and I try always to keep it in the house."

"I have found it a reliable medicine to give the children when they get upset from over-eating, or have colds, for after taking Black-Draught they get all right in a little while."

"I use Black-Draught for bilious, sick headache. I have found that a dose or two, taken at night, will give quick relief for constipation and the complications which follow when that condition runs on."

"A bad taste in the mouth in the morning, dizziness and a dull headache, all leave quickly after a few doses of Black-Draught. I find it is not safe to let such things run on. I try to head off the danger by taking Black-Draught in time. It is a dependable medicine."

At the first sign of constipation, take Theodor's Black-Draught.

This purely vegetable medicine has been in use nearly 100 years.

"Brother in Texas" "Sister in California"

and a telephone call that broke twenty years of silence

ONE NIGHT, in a little Texas town, a man dropped a letter into a box.

The mail snatched it up with mechanical precision... sorted it... stamped it... routed it... hurled it into the lighted doorway of a steel coach.

Westward it raced, the coach a part of a heavy train that pounded upward along steep mountain grades, then slid down long, pleasant slopes to the Pacific.

And one morning, from across 2,000 miles of distance, out of 20 years of silence, a postman dropped it at a California doorstep.

A young housewife opened the letter. She read it... and sat for many minutes gazing with unseeing eyes out of a window! From times dim in memory, pictures moved across the sun-filled street: a mother's death... days of confusion that a tiny girl had not quite understood... a little boy who had gone far away to live with relatives.

Picking up a pen, she began to write. But even after she had mailed her reply, she was not satisfied. There were still the pictures... of the days of sadness... of the little boy! How did he look now? How had the years treated him? Was he

waiting impatiently for word from her? In a corner of the room, the telephone met her eye.

Was he waiting... impatiently? Thoughtfully, she moved toward the telephone. She lifted the receiver, gave a name, an address, a Texas town.

"Thank you," said the operator, "hold the line, please."

Read a newspaper's matter-of-fact account of that conversation: "His sister, who has grown up and married since he last saw her twenty years ago, called him... for fifteen minutes brother and sister conversed over the 2,000 miles of telephone wire as perfectly as if they had been a block apart."

Where have you a loved one... a relative... a friend who once was close? "Long distance" can bring them to you today, quickly and at low cost!

On eight out of ten long distance calls, connections to the called point are established while the person calling waits at the telephone, telephone statistics show. Service is fastest when you give the number of the distant telephone.

And as to price... a call from New York to San Francisco which three years ago cost \$16.50, now costs \$8. The cost after 8:30 p. m. is still lower.

Number, please?

VERDICT IS FAVORABLE TO DEFENSE

Republican Politician Sought \$500,000 Damages

COURTHOUSE, BROWNSVILLE, Tex., May 15 (AP)—A jury in federal court here today returned a verdict in favor of the defendants, Crowell Publishing Company and P. E. Collier and Sons Distributing Company, in the \$500,000 libel suit brought by R. B. Creager, Republican National Committeeman for Texas.

The committeeman based his suit on an article in Colliers magazine "High Handed and Hell Bent" by Owen P. White, which dealt with the political situation in Hidalgo county and in which Creager's name was mentioned.

Creager left the courtroom quickly after the verdict and made no statement. His counsel would not say whether an appeal would be made, explaining that it had six months in which to decide.

SANITATION IN CITY IS TOPIC OF SPEAKERS

Public sentiment alone will make sanitation conditions here what they should be, declared two members of the Rotary committee on sanitation before the Business Men's Luncheon club Wednesday at the Crawford hotel.

W. W. Inkman and Dr. M. H. Bennett were the speakers. Mr. Inkman, pointing out that he was speaking as a citizen and Rotarian and not as a member of the city commission, declared that the Rotary club had determined two months ago to attempt to arouse the people to realization of the need for better sanitation.

"Without cooperation of the citizenship it is impossible to enforce any ordinance designed to protect their health. The cost of employing a health officer and inspector probably would not exceed the cost of operating the agencies for health protection as they now are operated."

100 Gallons Per Minute Is Output Of Sterling Well

T. E. Satterwhite, pioneer Howard county man who not long ago moved to a ranch six miles east of Sterling City, in Big Spring Thursday, reported he was digging a well on his place that, at a depth of 35 feet, was producing 100 gallons of water per minute.

Number Of School Children Now 2,749

Big Spring's official scholastic population for the year ending April 1, 1931, is 2,749 compared with 2,377 for the previous year. The scholastic census rolls, compiled within the Big Spring independent school district, have been approved by the state department of education, according to Superintendent W. C. Blankenship.

ONCE SAVED LIFE; NOW FACES DIVORCE

KANSAS CITY (INS)—In the old days, if a girl was rescued from drowning she would probably think too much of her "hero" to give him up for anything. This is not so today, however, if you take the case of Mr. and Mrs. James L. Barriek here.

Aged Farmer Is Convicted Speedily

T. F. Nabors, one time Master Farmer of Howard county today faced a 30 year penitentiary term, after being found guilty late Wednesday afternoon of an offense allegedly committed upon his thirteen year old daughter, Rena Nabors.

A jury in district court returned this verdict after an hour of deliberation Wednesday. The case was given to the jury a few minutes after five o'clock, and the verdict was rendered at 6:30 p. m.

Closing for the state, George Mahon, district attorney, asked a life sentence for the defendant. Brooks and Woodward, representing Nabors, had asked for a short penitentiary term. The death penalty was not asked, due to the wishes of the children and wife of the 63 year old agriculturist.

Both the state and defense used three witnesses, Rena Nabors being the chief material witness for the state. Nabors plead guilty to the charge as contained in the grand jury indictment.

Attorney Missing, Negro's Trial For Murder Delayed

Because the defendant thought he had a lawyer and discovered he did not when his case was called this morning, George McRoberson, negro, under grand jury indictment for the slaying of W. L. Morgan, was granted a continuance of one week by Judge Fritz R. Smith.

The State announced ready when the case was called this afternoon. Judge Smith announced he had learned the negro had an attorney, but that in some manner did not have counsel when the trial was called.

ALL HOWARD WELLS CUT TO 200 BARRELS DAILY LINE RUN

FORT WORTH, May 15 (AP)—Necessity of curtailing production to meet reduction of pipe line outlets, prompted the proration advisory committee of Howard and Glasscock counties to place a maximum limit of 200 barrels daily during the remainder of May on all wells in the field and authorized E. E. Andrews, proration umpire, to enforce the order at a meeting here today.

CANNON MAY BE PLACED ON TRIAL AT ONCE

REPORT FROM CREDITABLE SOURCE FORESEES THAT ACTION

DALLAS, Texas, May 15 (AP)—A prominent member of the general conference of the Methodist Episcopal church, South, said today that the episcopacy committee of the conference last night decided that Bishop James Cannon Jr., of Washington, D. C., should be brought to trial for his speculations on the stock market.

Members of the committee, sworn to secrecy, declined to deny or affirm the report, which was given credence because of the source.

It had been believed that the final vote on the matter would not be taken until tomorrow's meeting, which was decided upon as the committee adjourned late last night.

SELF DEFENSE SEEN AS PLEA FOR CHAMBERS

C. C. Chambers, Big Spring dirt contractor, will enter a self-defense plea when his trial on a murder charge comes up in the September term of court, according to the contents of a formal application for continuance offered in district court this morning when the case was called.

The defense announced "not ready" when the case came up at 10 o'clock after the state had announced it was ready for trial.

The case was set down on the docket for 10 o'clock Monday morning, September 8, the second week of district court.

Mrs. Bolin:
"There is something in her manner.
There's something in her smile.
Makes us all like to see her.
For she makes life worth while.
Mr. Bolin:
"The greatest, noblest and most
clever of all boys."
Miss Seal:
"She is extremely modest. It is a
fine quality and increasingly scarce."
Mrs. Macdon:
"Good nature and common sense
are usually good companions."
Miss Creath:
"When things go wrong she sings
a song and adds a yard of smiles."
Miss Carter:
"Hears that feel and eyes that

Miss Rainwater:
"Gay good nature sparkles in her
eyes."

Editorial

THE LAST GUSH
The Forsan Gusher is done. It
perhaps has not been what was
wanted or expected, but here it is
finished for or worse.

We have injured our ear drums
catching the latest gossip; we have
strained our backs writing this gos-
sip for the paper; and our thinking
ability is exhausted. What more
could you ask?

We thank the Big Spring Herald
for its aid in publishing our papers,
the editors for their untiring work,
each class, for its reporters, and
Mrs. Bolin for sponsoring. We
would never have put it over with-
out their assistance.

**Primary Dept.
Gives Pageant**
Primary pupils and teachers have
been very busy working on a page-
ant which they gave during the
closing week of school. The "Page-
ant of the School Months" by
Lillian Reynolds is simple, but
pretty and spectacular. It represented
the leading events and holidays of
the nine school months with its
singing, dancing, drills, marches,
music and recitations.

Poet's Corner
"FRESHMAN BLUES"
I want to be a Sophomore
And with the Sophomores stand
A bit of knowledge in my head
And the slime washed off my

**Pupils Will Visit
Grandmothers**
Forsan young folk who will visit
summer vacation include: Homer
and Clayton Hall, in Houston;
Lettie, Bonnie and Homer Gourek
in Ranger; Allene Mahan in
Clyde, Wilma Ruth Hudson in
Austin, Bessie Ruth Hale in Thurber,
Harvey Parks in Quinlan, Mary
Louise Brown in Virgil, Texas;
Margaret Stewart in Louisiana,
Bulah Roberts in Corsicana, Gwen-
dolen Moroney, in Illinois.

**Band Organized
By Miss Creath**
Miss Creath is organizing a band
with fourteen songophone instru-
ments, a mandolin, and a guitar.
Several patriotic pieces have been
learned and some negro spiritual
and popular selections are being
worked on.

Health Crusade
The Health Crusade ended Fri-
day, May 2. The slide headed by

CLASS PROPHECY OF 1930

After finishing high school in
1932 in Forsan, Texas, Bernice
Tucker and I attended college.
She had been taking flying les-
sons and asked me to take a trip
with her in her new plane. We
went out to Forsan, where our
high school days were spent, and
visited the school again. A large
brick building had taken the
place of the chain of blue build-
ings that covered in block in '29
and '30.

We attended the "Soph" exerci-
ses and enjoyed them very much.
The president of the class asked
me to tell what had become of the
members of the class of '30 and
this is what I told them:
The shiek, Walter Chambers,
who was continually relating his
glorious experiences. He had
made good as a writer, his latest
work having been, "When I Was
Young."
Esther Bell Nowell was still an

old maid. She was living in a
country home spending her time
knitting and working with her
chickens.
Florence Millard had her same
old job back again and was teach-
ing school in Forsan. She also had
won fame as a writer of poetry.
Homer Hurst was a radio an-
nouncer at Station F. O. B.
The Huff girls, Thelma and
Gladys, owned a tea room in New
York.
Leslie Roberts was a "smart"
boy. He was teaching English in
the University of Texas.
Merle Gray married a movie star
and resided in Hollywood.
Myrtle Ratliff was editor of
"The Gusher," a small town news-
paper.
Dallas Smith was a preacher.
Helen Hotchkiss was a nurse in
a large hospital in Chicago.
Mitchell Holmes was governor
of Texas.

Future High School Freshmen

Being graduated from high
school, from college, or even your
first day of school is very exciting.
But no one can be really excited
until he has been graduated from
grammar school. It seems as if a
girl or a boy begins to grow up
from that time; to realize he is
leaving the "children" class and
becoming young men and women.
They realize the necessity of hard
work and studying to accomplish
this feat.

The seventh grade at Forsan has
planned its graduation program
ever since school opened in Sep-
tember.
The first thing the members of
this class did was to choose a
class flower, motto and colors.
Poets of the grade began to write
the class song. The flower is the
sweet pea, lavender and gold the
colors. "B square" is the motto.
To the tune of "Tramp, Tramp,
Tramp" the following class song
was adopted:
The moon, it never beams
Without bringing me sweet
dreams
Of this wonderful and dear old
school of mine.
The birds—they never sing
But a message they all bring
Of this wonderful 'ol Forsan
of mine.

Just to bring back the dear time
That was so sweet to me
Just to go and bring back
those bright, happy days
When we boys and girls all sat
Under her dear old roof
You're a wonderful school Forsan
of mine.
Chorus
Seventh grade boys and girls are
marching.
Cheer up parents, they will come.
And the honors will be yours
When we join the ranks of life
In the free land of our own
beloved home.
You'll hold a spot in life
'Til the stars no longer shine
Your soul shall live throughout the
field of time.
There are treasures here on earth
That make life seem worthwhile
There's no other like this dear
old school of mine.

GREAT AND NEAR GREAT
Allow us to introduce:
Bernice Tucker, because she can
easily tear down in a day love af-
fairs that Forsan boys have con-
sumed months in building up.
Arlene Villyard, because she
rates high even if she is small.
Walter Chambers, because he
was captain of the first basket-
ball team in Forsan.
Gladys Huff, because she can
satisfy a blonde and brunette with
ease and still be popular.
Homer Hurst, because he keeps
girls waiting (until he grows up).
Esther Bell Nowell for having
such classmates to associate with.

TAKE IT HOME
Citizens, boost the paper by tak-
ing it home today. The Forsan
news appears in Sunday's Herald
and also the Weekly Herald, issued
Fridays. Your friends are waiting
to read "The Gusher" in the Her-
ald, so do your part and don't dis-
appoint them.

HEALTH CRUSADE
The Health Crusade ended Fri-
day, May 2. The slide headed by
Juanita Day was leading late last
week while the group led by Hen-
ry Wilmoth had been leading the
week before. The losers will ten-
der the winners a picnic.
All pupils in Miss Creath's room
had clean hands and finger
nails and their hair combed ever
since the crusade opened.

HONOR ROLL FOR YEAR

LOMAX

Mrs. Fred Harma, who has been
ill with typhoid fever, is improving
nicely.
Mr. and Mrs. M. H. Connell and
son of Stanton are visiting Mr. and
Mrs. T. J. Melvain.

Mr. and Mrs. L. E. Lomax, who
have been visiting southeastern
Texas points for the last two
weeks, are now at Houston. They
report they have been in a great
deal of rain while on their trip.
Mr. and Mrs. Dewey Covington
of Knott were visitors at Lomax
Sunday.

Farmers are very busy planting
since the rain. Some of the men
who are farming with tractors are
planting day and night.
Effie Dell Williams spent last
week-end visiting her grandmother
Loveless in Big Spring.

Mr. Fred Harma, who has been
working in California for the past
several months, has been called
home by the illness of his wife.

Miss Verma Chapman entertain-
ed the younger set with a party
last Saturday night. A good crowd
was present and all seemed to
have an enjoyable time.

Following the party the young
ladies went home with Miss Twila
Lomax where they were entertain-
ed with a slumber party. Merrit-
ment held sway until the small
hours of the morning when eyes
grew heavy and heads began to
nod. The sun was high in the
sky when a crowd of tired and
sleepy girls arose, but all managed
to get to Sunday school on time.

The Ladies' club, under the lead-
ership of their president, Mrs. W.
J. Williams, has just purchased
for the school a piano. The com-
munity and school certainly appre-
ciate having this instrument. It
will come in handy next school
term because our third teacher
that has been added for another
term will give instruction in
piano after 4 o'clock.

The Home Demonstration club
met Friday afternoon with Mrs.
Mrs. A. J. Stallings as hostess.
Mrs. Allgood met with the women
and a splendid program on poultry
was given.

The club will meet next time
with Mrs. J. P. Riddle. The pro-
gram will consist of a demonstra-
tion of frozen deserts.

The first nine played the Big
Spring Mexican team Sunday af-
ternoon. The final score was 19 to
7.

On Friday afternoon the school
boys and school girls will play the
Elbow teams on the Lomax
ground. On next Sunday after-
noon the school boys will play the
Stanton school boys.

Grades for the seventh month
of school have just been com-
pleted and reports show the follow-
ing pupils eligible for the honor
roll: Tenta grade, Minta Riddle,
Wofford Williams; ninth grade,
Gene McGinnis, Aton Leadbetter;
seventh grade, Ennis Thompson.

With only one more month of
school in which to take examina-
tions and prepare for closing day
exercises, things will have to move
rapidly. There will be a two-
night program at the close of
school. On May 29 the intermedi-
ate grades will present a three-act
play beginning at 8 o'clock. On
Friday the mothers will serve
lunch at the school building. The
primary folks will entertain dur-
ing the forepart of the day, and a
baseball game will be played in the
afternoon. The closing feature of
the term will come on Friday
night, May 30, at which time the
Seniors will present the play
entitled, "Across the Hill."
The public is invited to keep the
dates of these entertainments in
mind and to be present to see them.

Brother Hamilton, Baptist Mis-
sionary of Stanton, preached Sun-
day morning after Sunday school,
and Rev. Bailey of Big Spring
preached at 2 o'clock Sunday after-
noon. Each of the services was
enjoyed by a large audience.

Seventh Grade Holds Banquet

The seventh grade enjoyed its
banquet immensely. The follow-
ing program was rendered: toast-
master, Royce Reynolds; class
song; class history, Loretha Parks;
toast to the future seventh grade,
Wayne Millard; song, Estelle Moss,
Dorothy Ulrich; class prophecy,
Sylvia Smith; toast to parents, J.
W. Vanadervord; class will, Es-
telle Moss; piano-ukelele selection,
Luella Wilson, Sylvia Smith; toast
to teachers, Maxine Thompson;
harmonica selections, Cleo Wilson.
A number of interesting talks
were made by the guests, and by a
member of the school board.
A favorite picture of the seventh
grade was included in the decora-
tions. As a centerpiece over the
tables dancing balloons, yellow and
lavender tinted, were caught with
a large bow of ribbon of matching
colors. The tables were simply ar-
ranged, with bowls of sweet peas,
which is the adopted flower of the
class, and with yellow candles, prop-
erly placed. The following menu
was served: fruit cocktail, imperial
salad, wafers, celery hearts, Mary-
land fried chicken, peas in potato
nest, giblet gravy, iced tea, hot
rolls.

charge of the domino hall.

C. L. King and family from Stan-
ton visited Mr. Madison.

Dorothy Rinehart, who has been
visiting her uncle, Mr. Fairbanks,
has returned to her home.

The new trustees, Messrs. Hall,
Johnson and Redford, visited the
school for the first time and erect-
ed a large stage to be used for the
last of school.

Nathan Donsky, who has been
to Dallas on a business and plea-
sure trip, returned to continue his
increase of stock.

Mrs. M. E. Roberts and children
of Big Spring were the guests of
Mr. and Mrs. C. W. Roberts Sun-
day.

SOPHS WRITE THEIR WILL

State of Texas,
County of Howard.
We, the members of the Sopho-
more class of 1930 being of strong
and brilliant mind and good health,
do hereby make our last will and
testament. Appointing as our sole
executor our dearly beloved aunt,
Mrs. J. B. Bolin, we hope that she
will cherish this privilege and use it
well.
To the Freshmen, we will our
model behavior, our dignity and the
privilege of bossing the lower class-
men. We would leave other of our
noble qualities to them, but they
seem satisfied with themselves as
they are.
To Mr. J. B. Bolin we will our
sincere admiration and good will,
also a book containing the newest
detective methods which we hope
he will use to the best advantage
in following the movements of the
Sophomore class of 1931.
To Mrs. Bolin we leave our sin-
cere love and gratitude, and hope
that in the future she will have
the pleasure of having other Sopho-
more classes as noble as the class
of '30.
To the under classmen we be-
queath: to Leslie Roberts, Walter
Chambers "line" and hope he will
not become tangled in it as Walter
has done.
To Merle Gray we will Bernice
Tucker's gift of gab; we hope she
will use it to the best advantage,
as Bernice has done.
To Dallas Smith, Homer Hurst's
way with the ladies.
To Myrtle Ratliff a famous book,
"A Short Cut to Graduation," writ-
ten by Thelma Huff and Esther
Bell Nowell.
To Helen Hotchkiss, Florence Mil-
lard's poetic talent, and her privi-
lege of constantly reciting in class.
To Mitchell Holmes the Sophs
will an alarm clock to be worn on
his feet to keep them from going
to sleep.
In witness thereof we affix our
signatures this ninth day of May,
1930, A. D.
Signed:
Bernice Tucker.
Thelma Huff.
Florence Millard.
Gladys Huff.
Esther Bell Nowell.
Walter Chambers.
Homer Hurst.

They Chose Their Mottos Very Early

Along about the first of the
school year the Sophomores gath-
ered and selected, class colors,
flower and motto. The "Fish" un-
willing to be outdone, took the
same actions for themselves.
"Rose and white stand for
knowledge," said the Sophomores,
and accordingly chose that com-
bination for their very own. They
felt sure the faculty and "alikes"
could not easily forget them so
they chose "forget-me-not" as
their flower.
Believe it or not, students of
Forsan high school are very am-
bitious. They will not give up un-
til victorious and therefore the
motto, "Keep your heart up and
you'll do," is their motto.
Of course green, with white, is
the color of the freshmen. The
water lily is their flower and, the
motto, "keep floating or sink."

CHARGES IN TEXAS RIOT ARE FILED

Military Inquiry Progresses; Hamer Comments

SHERMAN, Tex., May 14 (AP)—Charges of instigating to riot were filed in justice court here today against "Tack" Taylor of Sherman, Jess Roper and Web Purdom of Van Armatyne, and A. P. Godey and Tom Reeves.

Like charges against W. M. Nicholson, gray haired White-washed grocer, and two other men were dismissed.

The maximum penalty on such a charge is two years imprisonment and a \$1,000 fine.

Bennett Hogue, 30, of Danless was at liberty on \$500 bond on a charge of posting notices threatening negroes. Hogue was charged in justice court after warnings for negroes to leave had been found in several places yesterday.

Meet Again
Meanwhile, Col. L. S. Davidson, provost marshal, announced that military authorities would meet this afternoon with city and county officials to discuss plans for preserving order after martial law had ceased.

The military rule was established Saturday after a mob had burned the courthouse in its effort to lynch a negro charged with attacking a white woman.

"Martial law will be ended as soon as the military court of inquiry has finished its task unless there is danger of further disturbances," Col. Davidson said.

He declared he was unable to say when the court would finish its work. It met an hour earlier than usual today.

"We are still working upon the square where the courthouse was burned," the officer said. "We haven't gotten to the negro business district where buildings were fired."

Inquire Into Report
The officer asserted the court was inquiring into the origin of a report that Captain Frank Hamer was instructed by Gov. Moody not to shoot.

"We know the rumor was false and we are going to find out who started it," he said. He said that a newspaperman would be summoned.

Another arrest was made by state rangers and held for investigation today. Four brothers and two brother-in-laws from Dorchester, who had been docketed, were told to go home after military authorities were convinced they had nothing to do with the mob violence.

A few others of the 33 charged by military officers have been released subject to call.

Col. Davidson said more militiamen would be permitted to go home today.

AUSTIN, May 14 (AP)—"Any time you feel lucky, come on! but when you start up the stairway once more, there is going to be many bullets in Sherman." This, according to Ranger Captain Frank Hamer, was the message that greeted the rioters at Sherman last Friday when the mob first began its attempts to wrest George Hughes, negro, from the Texas rangers after he had been placed on trial for criminally attacking a white woman.

Commenting on the report that he had received orders from Governor Dan Moody to protect the negro but not to shoot anybody, Captain Hamer stated he had never received any message of this nature. He asserted that on the second rush of the crowd toward the courtroom he fired a shotgun loaded with buckshot into the crowd, wounding two men.

Hamer stated that work of the rangers was seriously hampered by the women and children in the mob.

The ranger captain reported that he and his men did not cease guarding the negro in the courthouse until after the building had been set afire and the flames had risen to the second floor. He said the flames cut off from the vault in which the negro had been placed and that it was impossible to get into the vault to release the prisoner. In addition to this, none of the rangers had the combination to the vault, he said.

Captain Hamer and the other three rangers barely escaped with their lives in the fire, he reported.

Hamer stated that he had instructed his men not to shoot until he gave them the order and that this was the only order issued relative to shooting during the early stages of the riot.

J. Tinsley, Father Of Local Men Dies
J. Tinsley, 67, father of I. C. and M. L. Tinsley of Big Spring, was buried in Dallas Saturday. He had been in ill health since suffering a paralytic stroke last February.

Surviving J. Tinsley are his widow, the two sons here, another son, E. A., of Dallas and a daughter, Mrs. E. N. Montgomery, of Dallas.

Brady

and admitted to me that she had engaged in affairs with other men. She promised me — but, oh, she didn't keep it."

"I put my arms around her and told her I would not reveal her shame to the world. I also told her I would not file suit for divorce provided she would refrain from seeing him any more. She promised."

"How did Judge Brady treat you after that?"

"He was much different for a while. He took me to shows and stayed home and was kind to me. It was not long until I saw him meet her again. At that time I told him he had better see my lawyer next morning."

"And I told her she had betrayed me and had broken faith with her promise. I told her she was nothing but a common prostitute."

Continuing on another subject, Mrs. Brady said that not long afterward Brady told her he was "going away."

"What did he mean that he was going away?"

"He meant he was going to commit suicide. He left the house before I knew it and when I found him he was wandering around in a nearby cemetery. I took him back home and put him to bed."

The defense then got up to the night of the killing.

The witness said her husband came home that night in a taxicab after she had refused to go after him when he called and told her he was at the Tenth street apartment.

"I had told him I would not come there again because the last time I went there looking for him they turned the lights out on me," she explained.

"He was drunk when he came home."

"When did you next see your husband?"

"I Love Him"
"I sat up all night—I waited all night, and he didn't come home. Next morning they told me what happened—I couldn't believe it."

"Mrs. Brady, do you love your husband?"

"She glanced over at her husband as he looked aloud and nervously twisted his head from one side to another as he wiped his eyes with his handkerchief."

"Of course, I love him."

Sanitation

(Continued from Page One)

milk route have been in some cities and the initial infection traced to a dairy employee.

"Restaurant employees also should be examined by a doctor who is not dependent upon private practice. If you went into most of the cafe kitchens—some of them are all right—you would change your eating place. Dishes ought to be sterilized and this can be done with little cost. So a fountain, too, ought to be regulated and inspected."

"Many of the camps within the city are not very sanitary. Campers without access to the sewerage system always are a menace. The time lost from school by pupils because of sickness alone is worth the cost of proper sanitation machinery in the city."

Ben Lefevre, superintendent of an oil company in the Howard county field, who has resided in oil field sections throughout the United States and Canada, also addressed the luncheon club. He said there had been less pilfering and other forms of lawlessness in and near the local fields than in any he had ever been acquainted with.

He especially complimented the city and county peace officers saying that, unknown to most of the people, they had been of very much assistance to residents of the field and that it was largely due to their cooperation and the support of a majority of the people in the southern part of the county that lawlessness had been held to a minimum.

The program was in charge of V. H. Flewellen.

Popular songs were led by Glen Guilky with Mrs. L. A. Hirsch at the piano. Among the guests were Messrs. Inkman, Lefevre, Bennett, E. E. Fahrkamp, Victor Mellinger, Mr. Bohman, Rev. Scott Cotton, and Mrs. Hirsch.

Little Boy Swallows Nickel, In Hospital

The four-year-old son of Mr. and Mrs. Jesse E. Smith of Forsan, was in the Bivings and Barcus hospital today, convinced, perhaps, that it isn't good policy to bank his money in his mouth.

The boy was taken to the hospital Tuesday afternoon with a nickel lodged in his throat.

The coin was removed and he was reported to be improved today.

San Angelo And Sterling Get Rain

A good rain fell last night between San Angelo and Sterling City, amounting to a third of an inch at San Angelo and three quarters of an inch at Water Valley. Rains fell south of San Angelo to Eldorado and east to Ballinger and Bronte.

BIRTH NOTICE
Mr. and Mrs. Thad Dederick, B. Spring, announce the birth of a baby girl at Bivings and Barcus hospital this morning.

BASKETBALL PLAYERS ARE GIVEN SWEATERS

Sweaters and gold basketballs bearing the letter "B" were awarded nine members of the Big Spring high school 1930 basketball team, Monday afternoon.

Phillips, Hutto and Bell, guard and forwards, respectively, were given gold basketballs with the black letter, "B." Captain Edwards, Pardue, forward, Martin, forward, Howie, guard, Flowers, guard, and Smith, guard, were awarded black sweaters with the gold letter, "B."

Edwards, Bell, Howie and Smith are the retiring members of the squad. The others will return next year. Buren Edwards, high point man in the district track and field meet held at Abilene, was awarded a gold medal.

The presentations were made by George Centy, principal of the school.

ONE DROWNED, THOUSANDS DAMAGE TO LAND, ROADS, RAILWAYS DONE BY STORMS

By The Associated Press
One person was drowned and thousands of dollars damage to farming land, highways, railroads and other properties caused by terrific rain and wind storms that swept sections of Texas Monday and Tuesday night.

Near Fort Worth Amos McBurnett, 6-year-old son of Mr. and Mrs. E. G. McBurnett, was snatched from his mother's arms by raging waters of Seymour creek after she had decided to abandon her home on account of the rising stream. The body was recovered Tuesday morning.

TRAIN DELAYED
High water in the Fort Worth yards delayed the Texas and Pacific passenger train one hour at 7:05 this morning, two hours, according to the chief dispatcher at Big Spring.

The train arrived here at 9:50 o'clock. No washouts west of Fort Worth were reported.

AT ALEDO
The greatest property damage apparently was at Aledo, Parker county, where a terrific wind demolished two residences, a lumber yard, a cotton gin and a vacant store building and a number of other structures. The loss there was estimated at \$50,000.

Around Palmer, Ellis county, more than four inches of rain fell, causing the destruction of hundreds of acres of crops and damaging highways and railroad lines.

Brushy and Red Oak creeks were raging torrents, the latter being two miles wide north of here. A thousand feet of track on the main line of the Southern Pacific was washed out and trains from Houston were detoured into Dallas by way of Ennis and Fort Worth.

In Dallas a three-inch downpour was estimated to have caused \$15,000 damage to streets, residences and other property. One house was washed from its foundation and police were called to rescue persons marooned in their homes by water from swollen streams and over-taxed drainage facilities.

SWEETWATER
SWEETWATER, Tex., May 13 (AP)—Hail accompanied an inch rain here last night doing considerable damage to buildings. Windows were broken, roofs beaten in and automobile tops smashed. The downpour was reported general north and east of here.

Dr. Robin Gould of St. Joseph, Missouri, is the guest of Mr. and Mrs. H. S. Faw at their home in Washington Place. He is the brother of Mrs. Faw and the son of Mrs. Ellen Gould.

Dr. Gould is presiding elder of the Methodist church of St. Joseph. Last evening he took the pulpit of the Presbyterian church and delivered the evening service.

He is on his way to Dallas to the general conference of Methodist churches.

Houston
Traffic was interrupted in Houston for a time in some parts of the city by a torrential rain of 3.15 inches, more than one inch of which fell in about two hours.

Five inches of rain was reported to have fallen at Blum in Hill county. A light shower fell at Borger Tuesday after a damaging hail and rain Monday.

Rainfall measuring one half to five inches swept over the Panhandle. Hail fell in some sections. Shamrock had two inches. However, rain and hail was reported to have benefitted crops to some extent in Gray county, offsetting at damage done.

More than a half inch of rain fell in the vicinity of Wichita Falls. Light hail was reported near Haskell.

Gregg county had a 2.61 inch rainfall. Texas and Pacific and International Great Northern trains were rerouted. Washouts were reported at Forney and Lawrence in the Texas and Pacific.

ENID, OKLA.
ENID, Okla., May 13 (AP)—A destructive hail storm almost entirely ruined the wheat crop in a strip varying from five to seven miles in width from Alca, Wood county, to Lamont, Grant county, reports received here today indicated.

Roofs of buildings in Pond creek were badly damaged, and most of the window lights on the south and west sides of buildings were broken. Many stocks of merchandise were damaged by water.

FORT WORTH
FORT WORTH, May 13 (AP)—Monday night's rain, measuring four inches, sent Trinity river and Lake Worth on a rapid rise and flooded several sections of the city.

At 9:30 o'clock today, Trinity river measured 26.5 feet and was rising. The danger line is 30 feet and normal 6.5 feet.

Police closed the Purvis road bridge between Arlington Heights and the north side and the bridge between Riverside and the Fort Worth-Dallas pike. Many cars were reported stalled in this vicinity.

A severe hail and windstorm struck southern sections of the city at 9:30 p. m., Monday stripping fruit trees of fruit and ruining gardens.

CITY WATER PROBLEMS DISCUSSED

"Putting Water Into Politics Like Sticking Head In Noose"

"If water is made a political issue we are putting our head into a noose, knowing not who is on the other end," declares E. A. Kelley in an address before fellow members of the Rotary club Tuesday.

Mr. Kelley declared that chief advantages of the Big Spring water supply are that it contains but one chemical, which easily can be eliminated, that it is invariable in its content and that more supply can be secured, for "we know where it is."

"It is a fallacy that a corporation can save money for the individual consumer," he continued.

"Some say the water department is operating at a loss, other that it is getting too much revenue. Some say revenue from the water department cannot be diverted.

"Big Spring must acquire more water-bearing area now to let one field supply water while another is resting although there exists no scarcity right now."

"I doubt," said Mr. Kelley, "whether there is a legal way to make a corporation produce the same type of water, an invariable water, and provide sufficient supply. The corporation might plead an act of God prevented supplying an adequate volume of water. We must have a geological survey to locate the right lands and we should have alternate fields to draw from."

"If water is made a political issue we will be putting our head into a noose knowing not who is on the other end," he concluded.

City Manager V. R. Smith told of work being done on the City Park, the old waterworks (south on the waterworks road, through the first gate to the right). The city commission, he said, is having the entire tract cleaned of

brush and debris. A water system, including several lines leading from the city's 12-inch main to the range of shade trees in the park, is being installed, he said. The Kiwanis wading pool for kiddies was to be started Wednesday, he said. He told a suggested plan for service clubs to sponsor various improvements within the park, joining the city in its development. The city commission will appropriate a sum annually for its upkeep and development.

Manager C. T. Watson of the Chamber of Commerce explained the need for obtaining subscriptions for all of the \$30,000 airport mortgage bond issue.

Joseph Edwards of the chamber's oil and gas committee announced the oil men's jubilee here July 3, 4 and 5.

Walter Read of New Hampshire, a visiting Rotarian, spoke briefly. Other visitors were Stanley Coaden and Clarence Fielder.

W. M. Peterson, farming near Knott, reports he has two hundred acres of cotton up to a good stand. It is the first cotton reported up in this county.

Birdie Bailey's Have Five New Members
Five new members joined the ranks of the Birdie Bailey Missionary Society at the regular meeting yesterday afternoon. They were: Mesdames J. Potter, O. D. Read, E. D. Betsey, M. G. Gossard, and McMillon. Mrs. J. E. Postage was a visitor.

Mrs. Jake Bishop was elected recording secretary to replace Mr. Tucker, who is leaving town.

The Bible study meeting was opened by a prayer by Mrs. Bailey, who also led the study of the book of Exodus.

Those present at the meeting were: Mesdames E. F. Walker, J. O. Barker, M. Wentz, J. C. Holmes, A. O. Wimbley, J. C. Moore, H. R. Tucker, George Stroud, C. T. Watson, Calvin Boykin, Adams Taylor, C. IT'S WISE TO CHOOSE A SIX

These modern features make it wise to choose a Chevrolet Six

In selecting a low-priced car, bear these all-important facts in mind:

The new Chevrolet is a Six—and six cylinders make a wonderful difference—in smooth, quiet, flexible, long-lasting motor car performance.

Chevrolet also offers the all-weather security of perfectly equalized four-wheel brakes that are completely enclosed, both front and rear, against mud and water.

Chevrolet gives you the comfort and safety of four long semi-elliptic springs, which are mounted in the direction of car travel, and are controlled by four Lovejoy hydraulic shock absorbers.

Chevrolet uses the modern "pump" method of fuel supply, which makes it possible to mount the gasoline tank in the rear, away from the engine and car occupants.

Chevrolet is the only car in its price field that offers Body by Fisher. And that means not only the style, smartness and distinction of costly cars, but it means hardwood-and-steel body construction—the strongest, safest and most durable type known to the industry.

Chevrolet provides every feature of modern coachwork—adjustable driver's seat, Fisher non-glare windshield, twin-beam headlamps, form-fitting cushions, long-wearing upholstery, and high-grade hardware.

Finally, don't forget that you can enjoy all these advantages without added expense for operation or upkeep. The new Chevrolet costs no more for gas—for oil—for tires—for service. Moreover, Chevrolet's new Owner Service Policy provides for free replacement, including both parts and labor, of all materials within the terms of Chevrolet's standard warranty.

grew to Hudspeth that on withdrawing from congress he should preserve an impartial attitude and allow the voters to exercise their own judgment in the selection of his successor.

Lacking that sense of propriety, he now endeavors to throw into line against Mr. Thomas whatever Hudspeth organization yet remains, if any, together with those voters who were good enough to elect him to office for term after term.

His quoted remarks that "Thomas represents only the El Paso political machine," his denial that union labor is in support of Thomas, and his prediction that Murphy will be elected by 25,000 majority are alike ridiculous.

Especially in the prediction that Murphy will be elected by 25,000 majority does Hudspeth reveal himself, either as declaring something which he himself does not believe, or of having fallen more completely into political senility than had been suspected.

Not only do all indications point to the victory of Mr. Thomas, but they also give rise to a confident belief that he will receive the largest vote ever accorded a candidate for congress in this district.

Only a few skin conditions are more difficult to cure than chronic acne. When this common type of skin blemish has been allowed to go on for years, it seriously disfigures the sufferer and renders its treatment difficult.

Black-heads and pimples should therefore be attacked at the time of their initial appearance. Acne vulgaris, as this condition is known, is a disease of puberty and of early adulthood.

The acne bacillus is usually not found on the skin until the time of puberty and the theory is that its presence on the skin at and after the time of puberty, is due to the increased activity of the oil glands of the skin associated with this period.

A pimple is the further development of the black-head. It is usually due to the further infection of the stopped up oil gland by other germs.

Prevention largely depends upon scrupulous cleanliness and control of the oiliness of the skin.

Murder at High Tide

SYNOPSIS: Pent-up hate against the wealthy, arrogant Dan Parados finds an outlet in his murder. Every member of his household on secluded San Lucas Island is a suspect.

Chapter 10 THE YELLOW PETAL. Samuels turned next to Celia. "Now, young lady, what's your story?"

"Celia Ferris, secretary, 22, unmarried, been here a year," the girl drawled. "I was in my room reading when it happened and I share with Miss Brent the distinction of being without the tinnest alibi."

"I suppose you are one of these modern young things with opinions," Samuels said irritably. "Well, go ahead."

"Celia!" Annersley exclaimed sharply. "I won't hush!" Celia cried passionately. "Lies, deceit—I'm sick of them! There isn't one of us who didn't hate Dan Parados."

"Celia!" Annersley exclaimed sharply. "I won't hush!" Celia cried passionately. "Lies, deceit—I'm sick of them! There isn't one of us who didn't hate Dan Parados."

use exclaimed, as he swung the door open. Disarranged papers protruded from one of the drawers. "Monieur, that rose petal!" Fliguc cried.

The petal to which Fliguc referred was small and yellow. It was flattened against the bottom of the tiered section into which the great door fitted. Samuel dropped to his knees. I could feel Celia and Annersley staring with horror in their eyes.

Samuels carefully removed the yellow petal. I noticed that Grainger had gone. Samuels slipped the petal into an envelope. "I'll trouble you for that yellow rose, Mr. Annersley."

It was Celia who tore the rose from Annersley's buttonhole. "I hope you can make something out of it!" she cried.

Horror was looking out of her eyes and she seemed unable to lift them to Annersley's. His eyes were defiant.

Samuels inspected the rose with studied deliberation. Celia shut her eyes. Samuels passed the rose and the envelope with the petal to Kirk.

"Take a squint at that rose, Kirk. Maybe you'll find some petals missing. Compare that petal with those of the rose."

"Dan had a powerful lens in his desk," Mrs. Parados announced with unconcealed satisfaction. Samuels asked Fliguc, the doctor, and me to help him carry the body to a couch. It was ghastly business and I believe Samuels proposed it to demoralize Annersley.

Meanwhile Kirk found the lens. Grainger had come into the room again, I noticed. An apparently trifling incident occurred then. Returning near the writing table, Fliguc took out his big handkerchief and polished the top of his head; then he dropped the handkerchief. Grainger, who was near him, picked it up and Fliguc accepted it with his beaming smile.

That was all. "Well, Mr. Annersley, where'd you get that rose?" Samuels inquired.

FLYING is estimated to have covered 197,546,590 miles in 1930—a journey greater than the distance of a round trip to the sun.

Big Spring is division terminal for a daily air passenger line, covering a distance of more than 500 miles that has been in operation fourteen months and has not injured a passenger. These ships arrive and depart from the airport here each day as methodically and as nonchalantly as do trains and motor buses.

With vast sums invested in equipment, the commercial aviation companies must, to protect their investments, maintain the good will and develop the confidence of the public.

Regularly and dependability of service foster good will. Demonstrations of safety develop confidence.

Because it is safety for which the carrier strives and which the passenger demands that factor has been developed very rapidly.

There is but one thing that will cause a passenger service to cancel a schedule, even for a day. That is unfavorable weather which might make flying hazardous.

When you step into one of the ships of a well established passenger line you do not, by any means, take your life in your hands. On the other hand, you "lengthen" your life because you save time.

Hudspeth's Attempt To Dictate

SOVIET WOMEN MUST WORK FARMS WITH MEN

MOSCOW (INS) — Women in collective farms must work in the fields with men, the Central Union of Collective farms has decreed to combat the growing tendency of an "easy life" for women on the new farms.

Wives, daughters, even mothers and grandmothers of peasants have always worked side by side with men on Russian farms. To promise of freedom from drudgery has been a strong talking point for colthose organizers to induce women to use their influence on male members of the family to join kolhozes.

The Central Union of Collectives now reminded managers of collective farms that political and economic emancipation of women does not mean they can loaf. Construction work and farm machinery repair work withdraws men from the fields at times, the Union said but women have little else to do except a few employed in the community kitchens, nurseries and dairies.

Junior-Senior Banquet Climaxes High School Activities

STUDENTS 'TRAVEL LIFE'S ROAD' AT UNIQUE AND INTERESTING ANNUAL DINNER OF CLASSES

Miniature Highway With Toy Automobiles, Bridges And Sign-Posts Make Unusual Table Decorations

Probably the largest and most colorful Junior-Senior banquet in the history of the high school served as a fitting climax for the social activities of the B.S.H.S. on Friday evening at eight o'clock.

The high school gymnasium, bound on all four sides and festooned overhead with streamers of varicolored crepe paper, made an unusual background for the tables arranged in horseshoe fashion.

The grand march into the banquet hall was led by Ted Phillips, junior class president, with Miss Vera Debenport as his partner. The theme of the banquet was "Traveling Life's Road (by Fliver)." Table decorations carried out this idea by means of a miniature highway with toy automobiles, bridges, and sign posts, while the placecards were hand-drawn and hand-painted automobiles.

Favors and Program

Favors were small dolls dressed in academic regalia and walking along the highway. The programs were also made out in the terminology of the traveler as Ted Phillips made "The Start," Harmon Morrison, senior class president, covered "The Detours," J. A. Coffey, a senior sponsor, warned the seniors in regard to "The End of the Pavement," and W. C. Blankenship, superintendent of schools, wished the seniors "Bon Voyage" on life's undertakings.

Banquet

The banquet, served by the Home Economics department, consisted of the "Starter," "Chaus," "Up-holstery," "Sparkplug," "Bolts," "Lube," "Accessories," and "Gas." The music for the grand march was rendered by the high school orchestra, and throughout the evening Steve Ford, Jr., played a victrola which was hooked up with a radio amplifier by the Big Spring Music Co.

Guests

The guests of the occasion included: W. C. Blankenship, George Gentry, J. C. Coffey, J. W. Stevens, Mrs. F. H. Etter, Mrs. W. O. Lovd and Misses Elouise Agnew, Verdy Ruth Graham and Georgie Kirl Davis, class sponsors, and the following seniors: Lucille Amour, Vera Ashley, Finis Bugg, Burma Bailey, Bill Henley, Imogene Runyan, Viola Scott, Mildred Thompson, Edith Shive, Maxine Thomas, Cleo Thomas, Marie Vick, Joana Ymes, Roxie Wade, Gertrude Laney, Dorothy Mann, Clara Bailey, Althea Bell, Irene Barnett, Margaret Rittie, Lennah Rose Black, Clara Brenner, Edna Mae Cochran, Opal Chreighton, Irene Crews, Ima Desai, Reta Debenport, Emma Louise Freeman, Nova Graves, Anna Pauline Jacobs, Hazel Jerden, Winnie Kavenaugh, Lena Kyle, Janice Mellinger, Dora McDonald, Jony McElhannon, Fannie Sue Read, Lorene Read, Jimmie Glazer, Pauline Hubbard, Will Bell, Joe Black, Paul Smith, Buren Edwards, Harmon Morrison, Thomas Joe Williamson, Hugh Willis Dunagan, Frank Gensburg, Frank Fisherman, Nellie Randolph Howie, Bill Vanatta, James Ripps, Elton Blevins, Hugh Sweet, Bernice Hanson, Stanley, Lester, C. John Alsop Trial Jurors Discharged

FORT WORTH, May 10 (AP)—The jury in the John Alsop murder trial was discharged at 4:30 o'clock this afternoon when it reported it was unable to agree on the penalty after deliberating 24 hours.

Just before noon it sent word that it had agreed on the guilt of Alsop. District Attorney Stuart announced that the case in connection with the slaying of Isaac Tate probably would be reset for trial two weeks from Monday.

Alsop was charged with murder after he killed Tate and George Terrell, negroes, on April 10. The shooting followed the attempted robbery by the negroes of the First State Bank of Polytechnic, a suburb of Fort Worth.

The state's theory was that the negroes were induced to stage the robbery by Alsop so that the \$5,000 a head reward for dead bank bandits could be collected. Alsop denied this and said he acted in good faith in shooting the bank bandits.

GOVERNOR ACCEDES TO MERCHANTS

Effort to Free Members of Mob Is Rumored

SHERMAN, Tex., May 10 (AP)—Sherman, which last night was the scene of a mad-dened mob's fury after a negro charged with assault upon a white woman had been burned to death in the courthouse, at midnight tonight was considered by officers here under martial law.

Although the governor's proclamation had not been received at midnight by Col. L. E. McGee, commanding the guardsmen here, it was made effective at 10:30 p. m., the time the governor signed it at Dallas.

Unconfirmed reports had been received before midnight that another mob was forming near here and was planning to storm the jail to attempt rescue of the 13 members of last night's mob held there.

Col. McGee had his men ready for any emergency and machine SOURCE OF WOUNDS

SHERMAN, Tex., May 10 (AP)—Col. L. E. McGee, commanding the national guardsmen patrolling the town here, declared tonight that investigation today revealed that two boys shot last night in a mob demonstration here were not injured by bullets from the guns of guardsmen.

He said Dr. C. D. Strother, county health officer, had reported that the bullets extracted from the boys' wounds were lead pellets.

In view of this, Col. McGee said it appeared a certainty that the boys were struck by wild shots fired by members of their own mob, since cartridges used by the guardsmen all had steel jackets.

Furthermore, he added, the guardsmen were under strict orders to be placed at each corner of the jail block.

Col. McGee and Col. S. C. Davidson, second in command, both explained tonight that they had made no announcement, after the meeting.

HOW THESE THINGS SPREAD: AUSTIN, Texas, May 10 (AP)—"Hi say, is this the governor of Texas?"

Thus came the voice of a correspondent of the London Daily Mail, 5,000 miles away who was calling Governor Dan Moody to ascertain particulars of the riot at Sherman, Texas. The call was received by Moody at 5 a. m. today.

After querying the governor about what was going on, the correspondent asked: "Well, well! Is this a common occurrence in Texas?"

Assured by the governor that it was not, the correspondent hung up with "thanks and cheerio."

ing of Sherman business men this afternoon when it was voted to ask the governor to declare martial law, because the meeting was executive and they deemed it proper that the first announcement come from the governor himself.

ders to fire into the air and not to shoot into the crowd, during the melee in front of the jail last night.

The injured youths were reported tonight to be recovering in a Sherman hospital.

290,811 Is Population Of South Texas Metropolis

HOUSTON, Tex., May 10 (AP)—The population of Houston was announced today by the district supervisor of the census as 290,811. The census of 1920 showed the population as 138,776. This indicates a percentage increase of 110 per cent.

WASHINGTON, May 10.—South Gate, California, today took from Longview, Washington, the "cup from nothingness" record of the 1930 census.

South Gate, starting at scratch, ran to the 19,501 mark, all gain. Longview, also non-existent in 1920, totaled 10,491.

The census results also revealed that here and there over the landscape old man coincidence was at work.

Sweetwater, Texas, growing at a 151 per cent rate, caught up with Santa Fe, New Mexico, jogging along at 50 per cent, the very day the census taker came to the door tally for both 10,844.

ordered there unless they were requested, he said.

"They will remain in Sherman as long as they are needed, the executive added.

He said the proclamation was issued upon representations made to him by substantial citizens of Sherman that martial law was needed to clear up mob disorders.

The document proclaiming martial law termed the death of George Hughes, 41-year-old negro, in the burning of the Sherman courthouse, an act of "murder and arson." Stripped of legal verbiage, the proclamation was as follows:

A mob formed in Grayson county yesterday and made attempt to take one indicted for a felony, and in their efforts destroyed the orderly proceedings of a regularly and legally constituted district court. When the sheriff resisted the attempts, members of the mob committed the offenses of murder and arson by setting fire to the courthouse and destroying the life of the prisoner.

Request The mob then engaged in an outbreak of vandalism and acts constituting arson; officers and members of the national guard were legally assaulted.

"Reputable citizens and officers of Sherman, including Judge B. M. Carter, have reported to me that the mob threatened to form again to the further danger to lives of citizens and endangering the safety of citizens, and have advised that a declaration of martial law is essential to the preservation of law and safety; and there is imminent danger of riot and breach of the peace.

Therefore, I, Dan Moody, governor of Texas, do declare conditions above described do exist and are clearly violative of the constitution and do declare martial law in that territory, effective at 10:30 p. m.

Dr. G. T. Hall returned yesterday from Mineral Wells, where he had been attending the state medical convention.

ANNEX TO BE OPENED

Friday Evening Set For Celebration At Crawford

The Crawford Hotel Annex will be opened formally Friday evening, May 16, Calvin Boykin, manager, announced last night.

A 50 by 140 foot building, just finished by J. M. Morgan, general contractor, with exterior finished in the same style as the main wing, will make of the Crawford one of the most complete hotel plants in West Texas.

The annex consists of full basement and one floor. There are few buildings in which space is more conveniently and completely utilized than in this one designed by Peters, Strange and Bradshaw, local architects.

Celebrating the opening, dancing will be offered in the new ball room, with Jack Balle's Music Makers, the Crawford Orchestra.

In this building there will be one of the most complete motor bus terminals in Texas, which has been leased by Southern Greyhound Lines, Inc. The ball room will also be used as a dining room and two collapsible partitions will change it into three large ample rooms.

A large women's lounge, men's smoking room, rest rooms, and other conveniences also are included.

Jack Ellis has leased the basement, where he will operate a storage garage, and general automobile service station. Automobiles will enter the garage from the street on a ramp. Passengers may step from their cars onto a special stairway leading directly to the lobby. Gasoline pumps, a wash rack and other features are included.

There is a large loading rack at the rear of the building. It is owned by A. J. Crawford of Carlsbad, New Mexico, with whom Calvin Boykin is associated.

J. T. Parish Seeks Damages Of City

Naming the City of Big Spring, Mayor: J. B. Pickle, W. W. Inwman, W. A. Gilmour, C. E. Talbot and R. L. Cook, city commissioners, as defendants, J. T. Parish has filed suit in district court asking for damages totaling \$27,000. The suit was filed Saturday morning and the petition asked for a hearing in the September court. Injunction proceedings against the city by Parish have been dropped.

Parish, who resides east of Big Spring, seeks \$22,000 actual, and \$5,000 penal damages.

It is alleged in the petition that drainage from the city sewerage disposal plant, located near Parish's property has damaged his land to that extent.

According to the petition, Parish owns 31 acres one and one-quarter miles east of Big Spring, located approximately 300 feet from the disposal plant on the opposite side of the railroad.

The petition alleges that drainage of sewerage forced him to abandon the dairy business, injured his tourist park shade, and forced his rental price of Roper park down.

The petition further states that in 1926 Parish and the city reached an agreement in regard to repairing the plant and installing certain equipment. In return for this Parish dropped litigation against the municipality. Later, the petition alleges, this equipment was sold and conditions again became "annoyance."

SCHOOLS GET CASH Schools of Howard county received last week \$2 per capita, a total of \$3,874. This was a part of the regular state apportionment which will total \$17.50 per capita.

Mrs. C. A. Ruhup spent a few days in El Paso visiting friends during the week.

Miss Reta Debenport is valedictorian of the Big Spring High School with an average grade for four years of 97. Not only that, but Miss Debenport holds the additional honor of being the highest ranking student in the high school for as far back as the records go. Ninety-four is the lowest grade that Miss Debenport has ever made and once when she was a freshman she made a semester grade of 100 in Latin. This last is one of the most unusual of Miss Debenport's achievements.

Miss Debenport won for two years the highest grade in the district Latin tournament in Abilene, and with Charlie Wegg is the holder of two cups for winning the Latin team.

She is the daughter of Judge and Mrs. H. R. Debenport, 605 Seurry street.

Miss Dora McDonald, daughter of Mr. and Mrs. A. P. McDonald, 906 Gregg, is salutatorian with an average of 90.91. Miss Margaret Bettie, daughter of Mr. and Mrs. F. W. Bettie, 700 Nolan street, is honor student with an average of 90.73.

James Ripps, son of Mr. and Mrs. A. M. Ripps, is highest ranking boy with an average of 84.2.

These averages cover a four-year period, and no student is eligible for honors in the Big Spring High School unless he or she has been enrolled in the school for at least three years.

Seven Million Pounds of Wool Offered In Sale

SAN ANGELO, May 10.—The bulk of eight months wool crop in Texas, totaling approximately seven million pounds, will be offered at sealed bid auction sale at 10 a. m., May 27, it was announced following a meeting here today of the Wool and Mohair Association of Texas.

For the first time in the history of the industry, it was announced, all or none of the seven million pounds will be sold.

This represented 75 to 80 per cent of the spring short clip. The total eight months clip, sheared almost wholly in Texas, is estimated at eleven million pounds, giving the warehouse association, with seven million pounds, control of the market.

Bids will be opened at the Central Wool Growers Storage Company warehouse here.

Temporary Line Built By City

A temporary line, consisting of six-inch and six five-eighths inch pipe, has been built from the old city sewer disposal plant eastward along the "draw," extending several hundred feet past the Bankhead highway. City Manager Smith said last night.

Laying of this emergency line, designed to carry sewerage from an open ditch and far enough from homes in that section of town to reduce the objectionable features of the existing sewer disposal conditions, was ordered last Tuesday evening by the city commission.

This line will be used until the new 21-inch outfall line from the city, and then we disposal plant, a mile or more southeast of the present one, are finished.

Inspectors To Complete Work By Next Week

Three inspectors for the state fire insurance commission, who have been at work in Big Spring since Monday, will finish their work next week, according to O. D. Ridgeway, one of the trio.

They are making a detailed inspection of all property to fix ratings for each piece of property. Mr. Ridgeway is accompanied by Judd Stiff and Ed Bueler, who is known by many as a former backfield star of the University of Texas football club.

Midway School Sale Postponed

Sale of the old school building of the Midway district, which is erecting a new brick building, has been indefinitely postponed, the district trustees announced yesterday, through Pauline Cantrell, county superintendent. The building was to have been sold this week, at auction, in front of the court house here.

Chambers Hearing Is Again Delayed

Due to the civil suit of Cody M. Bell against the City of Big Spring dragging through two days, Judge Fritz R. Smith Saturday postponed hearing of habeas corpus proceedings filed by Sullivan and Sullivan attorneys for C. C. Chambers, until Monday night at 8 o'clock.

The case was set for nine o'clock this morning, but had to be postponed Saturday afternoon when the civil suit consumed all of the day Saturday. Chambers is charged with the murder of Ray Jones. At the hearing Monday night Judge Smith will hand down a decision in regard to whether the case is bailable, and if so, designate the amount of bond.

MRS. STRIPLING IS ACE HIGH HOSTESS

Mrs. Hayes Stripling was hostess to the members of the Ace High Club yesterday afternoon at her home on Young street.

Mrs. Larson Lloyd won high score.

The house was decorated with cut flowers and ferns. Two course refreshments were served to the following guests and members, Mesdames O. L. Hollinger, A. Porter, Wayne Parrish, Charles Reed and Herbert Johnson; Tracy Smith, Stanley Wheeler, Warner Kneese, John Whittaker, Alfred Collins, Herbert Stanley and Larson Lloyd.

CITY WINS LAW SUIT

11-Man Jury Quick To Decide For Defendant

A verdict in favor of the City of Big Spring was returned Saturday night within five minutes after it was given to a jury composed of 11 men, in the Cody M. Bell and others damage suit for \$20,000.

Bell alleged that sewerage in the city water mains on May 8, 1929, had made him seriously ill and injured his internal organs permanently. He asked for \$10,000 for injury to his physical condition, and \$10,000 for "mental anguish."

Attorneys for the plaintiff contended that a valve left open at the disposal plant on May 8, 1929, had allowed sewerage to be pumped into the water main. It was alleged that Bell drank this water and became ill.

James T. Brooks, city attorney, and the firm of Morrison and Morrison represented the city in the case. It was brought out at the trial that Bell did not consult a physician about his condition until a short time ago in Midland. Bell is now a resident of Midland.

Bell was represented by Wilburn Barcus, Big Spring, and Judge Haig, Midland.

In the middle of the trial the father of one of the jurors became ill and the juror was released. Rather than order a mistrial and have a new setting, attorneys for the plaintiff and defendant agreed to accept the verdict of eleven men.

Witnesses for the city included employees of the water works and disposal plant, and City Manager V. R. Smithem.

Prize Winning Living Room Is Aply Described

Mrs. J. W. Smith of Hiway, who won first place in Class II of the living room contest, had already started improving her room before the contest started.

She had papered the walls with a tan figured paper, which she did not change. The beaded ceiling and wood work were painted white. She went over this with ivory paint. After filling the cracks and nail holes with putty.

The floor was covered with very dark stain which she removed by use of lye water, followed by scraping with window glass, then sand paper. After this she stained and varnished it and the outside door. She painted the screen frames black.

A tan, rose and green Wilton rug replaced an old velvet rug of poor design.

Three enlarged family portraits were replaced with three good scenes. Some horns were removed from the wall. Scalloped window shades which were half way down were replaced with plain shades from the dining room remodeled to fit the windows, and these are left rolled to the top during the day.

Scrim curtains were taken down and osenaborg side drapes were hung over the window facings to let in all the light. These were hung on poles she refinished.

Banishes Bric a Brac A duofold and three uncomfortable chairs, a vanity bench on which were piled Edison records, a chalk dog, and cat, and a bouquet of paper flowers were moved out of the room. In their place a tan and maroon velvet suite was put in. Maroon silk poplin replaced some worn out tan material in front of the sound box on the Edison.

The Edison and piano were polished with O-cedar, after removing a fancy cover and vase of paper flowers from the piano. The undesirable records were stored away and others put in the Edison. A magazine rack and table were ad-

WILDCATS COP MEET

Beat Denton Teachers Out by Five Points

DENTON, Texas, May 10 (AP)—Abilene Christian college, with 45 points, won the T. I. A. A. track here today, finishing ahead of the North Texas Teachers of Denton, who made 41 points. Daniel Baker of Brownwood was third with 31 points. The San Marcos Teachers fourth with 18 points and the Sam Houston Teachers, fifth with 17.

Coe, of Sam Houston, took individual high point honors with 10 1-4 points. He ran first in the 100 and 220 dashes and his relay team finished fourth, to give him another quarter point. Adams, of Abilene, and Jerden, of Denton, were next in scoring, with ten each.

Because of heavy rain, the track was soggy and times comparatively slow. Adams, of Abilene, set a new record in the shot put with 43 feet, 5 3-4 inches. Jerden ran the low hurdles in 25.8 seconds.

The tennis matches were delayed by rain, only a few being played today and others will be finished tomorrow.

Following were members present: Mesdames Ortry Boatler, Mabel Hall, Brookline Martin, Alma Busbe, Ella Crawford, Pearl Orr, Ollie Simmons, Maurine Lester, Ruby Petty, Eula Pond, Cleo Byers, Julia Wilkerson, Mary Boles, Annie Wilson, Clara Bailey, Amanda Hull, Estelle Fites, Elva Nance, Alice Wright, Pearl Tucker, Clara Burns and Doris Turpin.

Andrews County Test Tops Lime

Deep Rock Oil Company's No. 1 Miles, 900 feet south, 1,650 feet east of the northwest corner of section 22, block A-46 Public school land, Andrews county, topped brown lime at 4,030 feet, ten feet lower than the formation was found in the discovery well, according to a report of Saturday.

Deep Rock's No. 1 A. R. King, 330 feet from the north and 2,310 feet from the east lines of section 11, school block A-46, had 200,000 cubic feet of dry gas at 4,165 feet. It was drilling at 4,160 feet. It was thought this gas might correlate with that found in the discovery at about the same depth.

Deep Rock's No. 1 Mathis, 900 feet from the south and west lines of section 4, block A-46, Public School land, one and three-fourths miles east of the discovery, was drilling in anhydrite and limestone at 3,960 feet.

Furman's No. 1 Ford, six miles from the discovery, was still under-reaming ten-inch casing at 1,685 feet, in anhydrite.

The Edison, which had been across the corner, was moved parallel with the wall. Molding was put above and below the baseboards. Carbide light fixtures, which had tarnished, were gone over with old gold paint. A new light shade and new tips were put on

TESTIMONY STARTED IN TRIAL HERE

Death Penalty Is Not Asked; Girl On Stand

Arguments were opened in the Nabors trial at 3:30 p. m., after each side had introduced three witnesses. One hour was given each side for argument, James Little, county attorney, opening for the state, G. A. Woodward for the defense, J. T. Brooks closing for the defense and George Mahon, district attorney for the state.

Sobbing audibly as he stood before Judge Fritz R. Smith in district court this afternoon, T. F. Nabors, 63, prominent Howard County farmer, entered a plea of guilty to a grand jury indictment charging a statutory offense. The plea was accepted by the court.

Death Not Asked Just prior to the opening of the trial proper, District Attorney George Mahon announced he would not seek the death penalty for Nabors on account of wishes of the daughters and wife of the defendant. With ten jurors obtained at the morning session, two additional ones were accepted soon after court opened this afternoon.

J. T. Rogers, farmer, living nine miles northwest of Big Spring, and S. F. Bollinger, farmer, living near Ackerly, were the final jurors to be sworn in.

Tena Nabors, 13-year-old daughter of the defendant, was the first witness for the defense. She testified as to intimate relations with her father and that her father ordered her to "kill me if I ever told anyone."

One Question James T. Brooks, of the law firm of Brooks & Woodward, defense counsel, asked only one question on cross examination. He asked the age of the girl's father and she testified he was either 63 or 64. One of the largest crowds ever to attend a trial in Howard county filled the courtroom. Hundreds lined the walls and overflowed into the court chamber. Many could not find standing room and were forced to leave the building.

Indications were that the case would be given to the jury late this afternoon.

The state had only two more witnesses to place on the stand this afternoon, and the defense had only a few scheduled to testify.

Ten jurors were obtained in one hour and forty-five minutes this morning to hear the trial.

Indications were that the other two jurors would be selected early this afternoon. Judge Fritz R. Smith recessed court at 12 o'clock, to reconvene at 1:15 this afternoon.

Only 29 men were examined this morning, the ten jurors being obtained from this amount. Fourteen special veniremen remained in the panel. Veniremen who were not present this morning were fined \$10 by Judge Smith.

Ten Selected The ten jurors selected followed: W. S. Clare, Big Spring, groceryman, married, one child, knows defendant.

T. M. Bailey, farmer, married, two children.

C. J. Engle, farmer, married, two children, knows defendant.

Jack McKinnon, Elbow, merchant, married.

Merle J. Stewart, accountant, Big Spring, married, knows defendant.

C. E. Lovelace, Big Spring, Coahoma automobile dealer, married.

L. C. Dahme, Big Spring, clerk, knows defendant, married.

Lee Cole, Knott, married, six children, farmer.

J. W. Wooten, farmer, married, seven children.

Fred Sellers, merchant, Big Spring, married.

The prospective jurors were not questioned in regard to the death penalty by District Attorney George Mahon.

At noon the defense had used seven of its 15 peremptory challenges and the state two.

Nine for Cause Nine prospective jurors were excused for cause, stating they had formed an opinion as to the guilt of the defendant.

James T. Brooks questioned the veniremen for the defense, while Mahon led the state's questioning. The firm of Brooks and Woodward is representing the defendant.

At the close of the morning session Judge Smith ordered all boys and girls under 15 years of age to remain away from the courtroom during the trial, due to the nature of the testimony that will be heard this afternoon.

The courtroom was crowded. All seats were filled and walls lined with curious spectators. Judge Smith announced the doors would be locked this afternoon after all seats were filled.

'Guilty' Defendant Pleads; 'Not Guilty' His Honor Orders

A twenty-two year old youth weighed Justice in the balance Monday afternoon in district court, and found, among other things, that ignorance at times is an excuse in the eyes of the law.

As his wife, with their three-year-old son, watched the proceedings, T. E. Goins, who maintained he "didn't know I was doing wrong," pleaded guilty of removing mortgaged property from the county with fraudulent intent. He asked for, suspended sentence.

For fifty-four days the young husband has been confined in the county jail. Three months ago a grand jury indicted him on the charge of taking a mortgaged automobile out of the county. He was arrested at Albany.

He had bought the car for \$180 and had paid \$50. Then he found himself out of work. He had a wife and a baby to support. Not long ago another child died. So he went to Breckenridge looking for employment, and the car broke down.

He didn't have enough money to have the car repaired, and he didn't have enough to finish paying for it. He knew he owed a balance on the car, but he didn't know he was violating a law when he took it out of Howard county.

And using ignorance of the law as his excuse he plead guilty and asked the jury for mercy. His counsel, Clyde E. Thomas, representing him without fee, asked a jury to give the man a chance by recommending a suspended sentence. But before the jury had a chance to weigh the fate of the youth, Judge Fritz R. Smith decided the issue.

In his charge to the jury he recommended that the defendant be found "not guilty." He pointed out in the charge that in his opinion the youth had no intention to defraud when he left Howard county with the automobile.

The man, carrying his three-year-old boy, and his wife walked out of the district court.

THE STATE OF TEXAS

To The Sheriff or Any Constable of Glascock County—Greeting: You are hereby commanded to summon T. E. Baldwin and wife, Mattie Baldwin, J. H. Moses and wife, Ora Baldwin; J. H. Moses and W. T. White, if living, and all of their heirs and legal representatives if deceased, or all the heirs and legal representatives of such said defendants, to appear at the residence of all said named persons being to the plaintiff and to his attorney and their agent unknown, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the county nearest that wherein the land is situated, to appear at the next regular term of the district court of Glascock county, to be held at the court house thereof, in Garden City, Texas, on the 18th day of June, A. D. 1930, then and there to answer a petition filed in said court on the 18th day of March, A. D. 1930, in a suit, numbered on the docket of said court No. 387, wherein A. G. Baldwin is plaintiff, and J. D. Rallsback, T. E. Baldwin and wife, Mattie Baldwin; J. H. Moses and wife, Ora Baldwin; J. H. Moses and W. T. White are defendants, and said petition is to the effect hereinafter stated.

That on or about the 18th day of September, A. D. 1929, plaintiff was lawfully seized of the premises comprising the southeast quarter of section No. 22, block No. 33, Township 4-South, Range 23, Co. survey, in Glascock county, Texas, comprising 160 acres of land more or less, holding and claiming same in fee simple, and showing that the balance of purchase money due the state of Texas therefor.

On the day and at the place aforesaid, defendants elected plaintiff therefrom and unlawfully withheld from plaintiff, or have occasioned to plaintiff, the payment of all or any part of the purchase money, and benefits he is entitled to receive from his rightful claim of said premises, and the benefits he is entitled to receive from his holding and use of said premises accomplished in the manner and to the extent hereinafter stated.

That J. H. Moses and wife, Mattie Baldwin, in deed No. 1008, recorded in the Deed Records of Glascock county, Texas, in Volume 7, Page 196, through which instrument the above described 160 acres was conveyed to A. G. Baldwin, and in such deed said A. G. Baldwin gave as a part of the purchase money two notes payable to T. E. Baldwin, each for the sum of \$170.00, executed by T. E. Baldwin and payable to W. D. Sanders on January 1, 1930, and also assumed one-half of the \$55.50 due November 1, 1921, respectively from their said notes have been paid, and through there is a presumption of such payment and that the lien has been discharged, because of the long time which has elapsed since they were payable, the absence of a shadow upon the absence of said plaintiff's title.

That J. H. Moses is the grantee in deed No. 1008, recorded in the Deed Records of Glascock county, Texas, in Volume 7, Page 196, through which instrument the above described property was conveyed to J. H. Moses, who, among other considerations, paid for said property, assumed the payment of the notes described in next paragraph, and constitutes a cloud upon plaintiff's title.

That J. H. Moses, grantee in deed from A. G. Baldwin and wife, Ora Baldwin, on the 14th day of October, A. D. 1908, executed and delivered a deed of trust to Norman Girwood, Trustee, of the southeast quarter of section 32, block 35, township 4-South, T. & P. Ry. Co. survey, in Glascock county, Texas, to secure the payment of notes in the sum of \$600.00, executed by said J. H. Moses, payable to Norman Girwood, on January 1st, 1909, bearing interest from maturity at the rate of 10 per cent per annum, said deed of trust fully describes said land and said note and is recorded in Volume 2, Page 45, Deed Records of Glascock county, Texas. There is no showing that said note has been paid, and though there is a presumption of said payment, and that the lien has been discharged, because such long time has elapsed since it was executed, the absence of the release of lien casts shadow upon and constitutes a cloud upon plaintiff's title.

Plaintiff avers that J. H. Moses conveyed the property hereinabove described to W. T. White. That said deed has been lost or misplaced, and was never placed of record, that plaintiff is unable to specifically describe the premises so conveyed, but avers that the deed of said deed was subsequent to October 3, 1908, date on which said W. T. White acquired said property. That said deed conveyed the southeast quarter section 32, block 35, township 4-south, T. & P. Ry. Co. survey, in Glascock county, Texas, to said W. T. White.

Plaintiff further avers that said deed from J. H. Moses conveying said property to W. T. White was delivered to said W. T. White, who in turn delivered said deed to J. D. Rallsback, who purchased said property on January 23, 1909, from said W. T. White, and that said deed being of record in the Deed Records of Glascock county, Texas, in Volume 7, page 293; J. D. Rallsback and wife, Martha Rallsback, to J. D. Neal, dated September 18, 1929, recorded in the Deed Records of Glascock county, Texas, in Volume 35, page 52.

Wherefore, plaintiff prays that the defendants be cited to appear and answer this petition and that such notice be given as will require that they answer herein, that plaintiff have judgment establishing the deed from J. H. Moses to W. T. White, for title and possession of the premises described; that writ of restitution issue for his rents and damages, and that the cloud cast upon plaintiff's title, because of probability of the deed establishing claim of right, title or interest therein, though they have no real right in the premises, be removed, set aside and that plaintiff be forever quieted in his title as against each and all of said defendants in the premises, and that he be reimbursed the cost of suit, and for general and special relief, local and equitable. Hereby, plaintiff prays that he be cited to court, at his aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Garden City, Texas, on the 25th day of April, A. D. 1930.

JOSE C. CALVERT, LEY. Clerk District Court, Glascock County, Texas. By Ila Keathley, Deputy.

Plaintiff further avers that he and those under whom he claims have had and held peaceable and adverse possession of the premises, cultivating, using and enjoying the same for a period of more than ten years next after such cause of action, if any, such defendants or any of them have accrued.

And plaintiff further avers that he and those under whom he claims have had and held peaceable and adverse possession of the premises, cultivating, using and enjoying the same for a period of more than ten years next after such cause of action, if any, such defendants or any of them have accrued.

Plaintiff avers that the cloud cast upon his title through possibility that defendants may assert claim to the premises, impairs his use and enjoyment thereof, particularly in effecting sale for the full consideration he is entitled to receive and he is entitled to have the cloud so resting upon his title removed.

The ouster of plaintiff by the defendants in the manner and to the extent hereinbefore set forth and the unlawful withholding from plaintiff the benefits to which plaintiff is entitled in matter of his property, the title thereto, and their holdings is to his damage \$4000.00, the reasonable annual rents and profits amounting to \$1500.00.

Plaintiff gives notice that at the trial he will offer in evidence, records of the following deeds of grantors and grantees of the premises, and which he deems necessary to show title under his limited claim:

T. E. Baldwin and wife, Mattie Baldwin, in deed No. 1008, recorded in the Deed Records of Glascock county, Texas, in Volume 7, page 196; A. G. Baldwin and wife, Ora Baldwin, to J. H. Moses, in deed No. 1008, recorded in Volume 7, page 197 of the Deed Records of Glascock county, Texas, dated October 14, 1908.

Norman Girwood, Trustee, deed of trust dated October 14, 1908, recorded in the Deed Records of Glascock county, Texas, in Volume 2, page 45; W. T. White to J. D. Rallsback, dated January 23, 1909, recorded in the Deed Records of Glascock county, Texas, in Volume 7, page 293; J. D. Rallsback and wife, Martha Rallsback, to J. D. JOSE C. CALVERT, LEY. Clerk District Court, Glascock County, Texas. By Ila Keathley, Deputy.

Plaintiff further avers that he and those under whom he claims have had and held peaceable and adverse possession of the premises, cultivating, using and enjoying the same for a period of more than ten years next after such cause of action, if any, such defendants or any of them have accrued.

And plaintiff further avers that he and those under whom he claims have had and held peaceable and adverse possession of the premises, cultivating, using and enjoying the same for a period of more than ten years next after such cause of action, if any, such defendants or any of them have accrued.

Plaintiff avers that the cloud cast upon his title through possibility that defendants may assert claim to the premises, impairs his use and enjoyment thereof, particularly in effecting sale for the full consideration he is entitled to receive and he is entitled to have the cloud so resting upon his title removed.

The ouster of plaintiff by the defendants in the manner and to the extent hereinbefore set forth and the unlawful withholding from plaintiff the benefits to which plaintiff is entitled in matter of his property, the title thereto, and their holdings is to his damage \$4000.00, the reasonable annual rents and profits amounting to \$1500.00.

Plaintiff gives notice that at the trial he will offer in evidence, records of the following deeds of grantors and grantees of the premises, and which he deems necessary to show title under his limited claim:

T. E. Baldwin and wife, Mattie Baldwin, in deed No. 1008, recorded in the Deed Records of Glascock county, Texas, in Volume 7, page 196; A. G. Baldwin and wife, Ora Baldwin, to J. H. Moses, in deed No. 1008, recorded in Volume 7, page 197 of the Deed Records of Glascock county, Texas, dated October 14, 1908.

Norman Girwood, Trustee, deed of trust dated October 14, 1908, recorded in the Deed Records of Glascock county, Texas, in Volume 2, page 45; W. T. White to J. D. Rallsback, dated January 23, 1909, recorded in the Deed Records of Glascock county, Texas, in Volume 7, page 293; J. D. Rallsback and wife, Martha Rallsback, to J. D. Neal, dated September 18, 1929, recorded in the Deed Records of Glascock county, Texas, in Volume 35, page 52.
