HOME TOWN TALK

By Beddy

Ever see a better example of how rain will pep things up?

Good time to get the airport bond issue subscribed. By striking now the thing will be put over in a very short time.

Lonnie Glascock spoke wise words, reflecting that valuable faculty of being able to visualize that you won't be able to do things always like you do them now when he said "twenty years ago if you'd tried to build a good garage a lot of people would have said 'we don't need it; those things are just experiments and why not build a lively stable instead.'"

The city commission is to be commended for its decision to prepare the beautiful grounds at the wells south of town for the summer's picnicking. It is a beautiful spot, and admirably located for the enjoyment of the people. The commission directed the city manager to clear away debris, dead underbrush and generally tidy things for the summer.

Notice men have been scraping and scooping dirt from gutters on paved streets. That's fine. The city, in that way, helped do its share toward the clean up campaign.

Looks like the boys have organized a real substantial city baseball league. Couden and Barbers will blast off the season this Sunday. Both outfits have some talented men. You'll see a real game if you go. There'll be no reason for a few individuals going in debt to finish the season, as was the case with the West Texas League team last year. It's a downright dirty shame that four or five men dollars that were borrowed for no selfish gain but to keep the city in the league through the season; lots of us were entertained. But we paid just four bits or so per game, not four hundred dollars or something about as large.

Yes! That rain certainly greened things up nicely. Keeps showering around like that, at this time of the year, and we're liable to be a soaker before long. Heard us say liable, didn't you?

High school folks, especially those seniors, are soon to begin their annual commencement activities; parties, plays, programs, etc. We'd all do well to attend them. Always get a peculiar kick out of going to a graduation exercise. Makes a lump come in your throat when those kids march up there after their diplomas, knowing all of 'em are proud and yet hate to get through.

This oil men's jubilee for July 3, 4 and 5 is a thing that has been delayed too long already and now it ought to get unanimous support. It'll go over big, no getting around it. When you stage a big party like that for these oil men you've done something they like and that they'll really appreciate. We'll all have a good time. There'll be a big crowd here three whole days.

Bill Roper, Princeton Coach, Testifies Before Committee In Favor Of Modification

WASHINGTON, April 24 (AP)—W. W. Roper, head football coach at Princeton, told the House judiciary committee today that his opposition to the dry statute as it exists was because he feels "the cause of temperance is being hurt."

Roper told the committee he was alarmed over drinking among young men and women. In this, he said, he spoke as the father of a boy and girl.

Roper said he felt the "break-down" had originated with the older people. He himself, he said, was a teetotaler.

As chairman of the football coaches association Roper said he had observed conditions at many schools.

Repeal of National Origins Basis Opposed

WASHINGTON, April 24 (AP)—The senate today voted to cut down immigration from Europe to this country from 150,000 annually to 80,000.

The vote was 41 to 31. Wanted Half

Senator Harris, Democrat, Georgia, proposed to cut in half the European immigration allotments as an amendment to his bill placing quota restrictions upon Central and South American countries.

Harris' amendment modified the amendment by Senator Norbeck, Republican, South Dakota, to the bill repealing the national origins basis of restriction.

Under the original Norbeck amendment, immigration would be allowed to European countries on the basis of one and one-half per cent of their citizens residing in this country in 1890.

This would have reduced annual European immigration from 150,000 to 120,000.

Senator Harris today succeeded in making the basis one per cent of the foreign population resident here in 1890.

WASHINGTON, April 24 (AP)—The senate voted today to strike from pending immigration legislation a proposal to repeal the national origins provisions of present law.

The vote was 37 to 36 on a proposal by Senator Swanson, Democrat, Virginia, to remove the national origins repeal provision previously attached to the Harris bill, two days ago on a motion by Senator Norbeck, Republican, South Dakota.

Senator Norbeck immediately after the reversal of decision introduced a separate bill providing for repeal of this immigration basis which he contends is discriminatory against Germany and the Scandinavian countries.

SEVENTH ESCAPED PRISONER RETURNS TO COUNTY BASTILE

COLUMBUS, Ohio, April 24 (AP)—As investigators of the Ohio penitentiary fire today continued their probes into the disaster which took a life toll of 318 convicts, the general spirit of unrest in the prison flamed into open revolt against discipline.

CONTRACTS AWARDED

AUSTIN, Tex., April 24 (AP)—The state highway commission today had finished one of the most extensive meetings in recent months in which contracts totaling \$3,088,942 were awarded and delegations from 36 counties were heard.

Among the contracts awarded yesterday was one for construction of the Lavaca Bay causeway in Calhoun county, calling for expenditure of \$428,727 for the three mile project. The contract was awarded to J. Deputy of San Antonio.

Contract for paving sixty miles of highway four in Dimmit, Zavalla and Uvalde counties was awarded by the Dexter Construction Company of Dallas at \$245,924. The commission also tentatively awarded the contract for construction of a free bridge across Red River between Gainesville, Texas, and Marietta, Okla., to Earl W. Baker and Co., of Oklahoma City at a bid of \$304,700. This is a joint project with Oklahoma and the federal government participating. The contract will be formalized following tabulation of bids submitted to the Oklahoma commission.

Other contracts awarded yesterday were: Fayette county, highway 71, 7.5 miles gravel base with double bituminous top, J. W. Gwinn, Birmingham, Ala., \$57,245-51; Navarro county, highway 21, 10.7 miles grading and drainage, Reynolds and Sutton, Tyler, \$128,891; McLennan county, highway 21, 18.5 miles grading and drainage, small structures, W. W. Vann, Mercedes, \$97,807.13; large structures, D. H. Band to Broadcast From Here Tonight

The Hilton Hotel band from San Angelo will broadcast a program of dance music from the Crawford hotel coffee shop here this evening, 6:30 to 7:30 o'clock. The broadcast will be made over the radio station KGKL at San Angelo by means of a special hook-up effected through the Southwestern Bell Telephone company.

Big Spring Fifth In West Texas In Number Of Telephones; Trio Of Classification Passed Within Year

Three upward steps in classification have been made by the local office of the Southwestern Telephone Company during the brief period of three years, according to P. C. Cayton, manager.

Under normal growth conditions, a telephone office requires from three to five years to raise its classification one notch, records disclose. The fact that Big Spring has spanned three classifications and is now in the top rank along with Fort Worth, Wichita Falls, Amarillo and Abilene is indication that growth here is above normal, according to Mr. Cayton.

Sidewalks Are Talked Before Business Men

The question of sidewalks in the city of Big Spring by which city free mail delivery territory can be extended was discussed at the luncheon club program Wednesday.

Speakers estimated that less than one-half of Big Spring city limits are now served by city mail delivery principally because government postal regulations require sidewalks before employing carriers to serve residential districts.

V. R. Smitham, city manager, explained the city's position in the matter of sidewalk construction, saying that in cases where property corners are already established, the grade and sidewalk line engineering service is being offered free to private citizens. He estimated the average cost of laying sidewalks to be 18 cents per square foot, or approximately 72 cents per running foot. To lay sidewalks in front of a 50 foot lot will cost property owners approximately \$36 and a 75 foot lot will cost approximately \$54.

The inconvenience to residents in new additions not served by city mail delivery of being compelled to depend on general delivery service for mail, was touched upon. E. E. Fabrenkamp, postmaster, is vested with power to order new city mail delivery units when postal requirements of proper street signs, house numbers, sidewalks, street lights and street crossings are met. If all territory in Big Spring was placed in condition to meet postal requirements, it has been estimated from six to seven additional men could be given employment by the government.

All members of the club had a part in the entertainment program Wednesday which consisted of group singing under direction of Glen D. Guilkey.

Shine Phillips, serving his first meeting as president of the club, invited all members to return next week and to bring as many friends as possible for at that time the mysterious order of "Colonels" will be established and charter members presented with appropriate tokens.

TEXAS AUTOMOBILE MEN REPORT BETTER BUSINESS

FORT WORTH, Tex., April 24 (AP)—A general improvement in business as far as the automotive industry is concerned was predicted for remaining months of 1930 by speakers at today's sessions of the Texas Automotive Dealers Association's convention here.

Principal speakers were Wayne Hearn, Chicago; Ray Shelton, Dallas; J. B. Caldwell, Paris; M. R. Newnam, Ranger, and J. L.

CONVICTED MAN IS ADJUDGED INSANE

SAN ANGELO, Tex., April 24 (AP)—E. R. Cook, assessed a 50-year prison sentence by a Reagan county jury for an attack on a sixteen-year-old girl and later adjudged insane in the county court, will be taken to the state asylum at Wichita Falls this week. It was learned here today.

The jury was out more than 18 hours in the assault case and after it had rendered its verdict the jurors went to the judge in a body and asked that the defendant be given a lunacy hearing.

HOUSE WILL TAKE UP TARIFF FREE CONFERENCE REPORT

WASHINGTON, April 24 (AP)—Congressional Republican leaders decided at a breakfast conference with President Hoover today to have the House first consider the conference report on the tariff bill.

The report will be ready by next Tuesday, but will not be taken up in the House until a week from today.

MRS. LEE CANDIDATE

CISCO, Tex., April 24 (AP)—Mrs. R. Q. Lee of Cisco today announced her candidacy for congressman from the seventeenth Texas district to fill the unexpired term of her late husband.

Mrs. Lee had been urged by a number of friends and supporters of the late congressman to seek the place.

In a statement she said that because of the fact that a great many matters need attention in the office at Washington, and in view of the fact that these must be taken care of within 30 days, it will be necessary for me to return to Washington at once, which prevents me from making a personal campaign.

EARP WITHDRAWS

SWEETWATER, Tex., April 24 (AP)—V. Earl Earp, city attorney of Sweetwater, announced today that he would not be a candidate.

The report of EARP's withdrawal and legislative flexible tariff provisions were incorporated in the bill by the Senate coalition of Democrats and Republican independents over the expressed wish of President Hoover.

Should the overwhelmingly republican House report these two provisions, it would pave the way for final disposition of the measure.

Those in attendance at the breakfast were Senators Watson, Louisiana; Smith, Utah, and Shortridge, California; the three Republican Senate conferees, Representatives Hawley, Oregon; Trethewey, Massachusetts; and Buchanan, New Jersey; the three Republican House conferees, Speaker Longworth, Representative Tamm of Connecticut, House floor leader, Chairman of the House rules committee, and Senator McNary, Oregon, assistant Republican leader of the Senate.

Who's Hoodlum In Chicago? With Alphonse Capone In Lead Issued By City's Crime Board

CHICAGO, April 24 (AP)—Who's hoodlum in Chicago was published today.

With Alphonse Capone, scarface overlord of gangland, named first, the Chicago crime commission prepared a list of 28 notorious gangsters, gunmen and racketeers who are constantly in conflict with the law.

Edited by Frank F. Loesch, president of the crime body and a member of President Hoover's law enforcement commission, the list was sent to city, county and federal law enforcement agencies with a reminder that these men are public enemies and should be treated accordingly.

Leaders of every gangland faction were named. There was George (Bugs) Moran, heir to the North side mob hunted together by Dion O'Banion; Polack Joe Salts, stock yards district chief; Frankie Lake and Terry Druggan, original beer barons of Chicago, and Joe Aiello, last of the once-powerful

East Texas: Cloudy tonight and Friday; probably showers in west portion Friday. Light to moderate easterly to southerly winds on the coast.

.26 INCH IS TOTAL HERE

Many Points Report Scattered Precipitation

The quarter inch rain that brought some relief to range conditions and encouragement to agriculture prospects in this vicinity Wednesday afternoon was largely confined to 10 West Texas counties, according to reports collected Thursday by The Herald.

Late dispatches received Thursday afternoon from Rankin indicated another shower was threatening.

Rain gauges at the government experiment station north of Big Spring registered .26 of one inch, according to Fred Keating, superintendent of the farm.

Vary

Rain and showers in varied degree of intensity fell as far west as Van Horn touching Odessa, Midland, Stanton, Big Spring, and Coahoma. Rain was reported over most of southern Howard county extending as far south as Sterling City.

Only a light shower was reported in Coahoma, but precipitation was more intense in the farming region south. It was reported, no rain was reported from Ackerly, the rain extending north of Big Spring from 5 to 10 miles.

Reports received from the Texas Electric Company sub-station east of Big Spring listed Crane in Upson county, Odessa, Midland, Stanton and Big Spring. The rain had extended in eastern Howard county of western Mitchell county before reaching Colorado.

The dispatcher's office of the T & P railroad company reported rain at Van Horn on the west, at Midland, Stanton, Odessa, Big Spring and Coahoma. However, cloudy weather was reported from nearly all points, on this division Thursday, which extends from El Paso to Fort Worth.

Although ranchers and farmers in this particular region must have more rain to insure adequate relief from dry conditions, the precipitation was encouraging and brought some measure of relief.

Fokker Amphibian Visits Local Port

One of the most interesting ships that has visited Big Spring airport, a Fokker amphibian, belonging to the Fokker Aircraft Corporation, landed at 9 a. m. Wednesday for fuel. It was piloted by A. F. Du Pont, Jr., who was enroute from New York to Los Angeles, having flown from Wichita Falls Wednesday morning. The ship, a ten-place monoplane with Pratt & Whitney's 575 horsepower hornet motor, is one of the most powerful single motor ships built.

Two Hamilton all-metal monoplanes, equipped with the same type of motor as the Fokker amphibian, are being kept in one of the hangars here.

DALLAS, Tex., April 24 (AP)—John S. Schultz, 72, retired cattleman and banker and a thirty-second degree Mason, died at his home here today.

Funeral services were planned for tomorrow. Surviving were his widow and a daughter, Mrs. Lena Lewis of Dallas.

Line Topped In Meek Well

After topping lime at a reported depth of 2,870 feet, Timberlake and Snyder's No. 1 Meek, extreme south-western oil test in Glasscock county, was drilling ahead at 2,770 feet in hard lime, according to information received in Big Spring Thursday morning.

No. 1 Meek is approximately seven miles southwest of World Oil Company's leases on the McDowell ranch, where the output production at the present stage of development is located. The rank well is located 2,310 feet west and 1,000 feet north of the southeast corner of section 7, block 34, township 3 south, T & P Ry. Co. survey.

Morrison et al's No. 2 Morrison, Mitchell county wildcat that is attracting considerable attention and which is located 2,390 feet from the north line and 660 feet from the east line of section 31, block 28, township 1 north, T & P Ry. Co. survey, was reported drilling ahead in lime at a total depth of 2,830 feet. Just where the lime was topped had not been ascertained.

California Oil Company's No. 1 Jones, Glasscock county well located 330 feet south from the north and east lines of section 25, block 33, township 2 south, T & P Ry. Co. survey, had drilled to a total depth of 1,477 feet in anhydrite.

LEVIATHAN TAKES SHORT CUT WITH NAVAL ENVOYS

S. S. LEVIATHAN, April 22 (AP)—The Leviathan today was set on the most direct course for New York, in an effort to land American delegation to the London naval conference on home soil as quickly as possible. There was a heavy swell into which the ship had to head.

Most of the delegation refused to be disturbed even by wireless messages of congratulation, and remained in their rooms.

Colonel Stimson wirelessed Ramsey MacDonald, British prime minister, a personal message on cloist gof the conference, which Mr. McDonald answered.

WIFE FINALLY PERSUADES SAN ANGELO FARMER TO TAKE ORGATONE (ARGOTANE) AND NOW TROUBLES ARE GONE

"My wife was determined that I should try Orgatone so I bought a bottle and began taking it, and the result is that I am actually feeling like a different person and better than I have felt in seven or eight years." This is what T. L. Fry residing on rural route 2, San Angelo, Texas, says after using two bottles of the most famous stomach treatment ever formulated.

"I had suffered from indigestion and stomach trouble until my health was so shattered I was in a general run down condition. I had such sharp shooting pains through in the small of my back that it was almost impossible to get a good night's rest."

"I was bothered a great deal with constipation and gas after eating caused me no end of trouble. I was nervous and restless and felt out of sorts most of the time. No one knows how I did suffer and although I spent lots of money and tried everything I knew of nothing seemed to reach my case or do me any good."

"I kept falling off in weight but when I commenced to take Orgatone (Argotane) especially after the second week I gradually went to picking up in weight and strength and I have been doing so ever since. I can eat what I want now and what I eat with no bad feelings afterwards. My backaches are broken up. I sleep like a log and simply feel like a different person."

Genuine Argotane may be bought in Big Spring at the Cunningham & Phillips Drug Co.—adv.

Blanton and Earp Seek Seat of Late Congressman

ABILENE, Tex., April 24 (AP)—Thomas L. Blanton of Abilene formally announced his candidacy for the place of the late R. Q. Lee in congress. He will enter the race in both the special and the regular elections.

He reviewed his work as a congressman for 12 years and told of accomplishments and outlined what he proposed to do if elected.

"There are entirely too many 'yes' members in congress who take things easy, enjoy society, drift with the tide, follow the paths of least resistance, vote with the 'gang' as leaders direct, gain popularity by never opposing anything, never know what it is all about and draw all salary and prerequisites possible without rendering any real service of any value," he said. "The work properly performed is too hard, tedious, unpleasant, grinding and distasteful for any woman. A man should stand guard and take the punishment."

Blanton listed investigation work which resulted in the removal and resignation of government officials, including the first report against Secretary Fall, which led to his in-

SWEETWATER, Tex., April 24 (AP)—V. Earl Earp, city attorney of Sweetwater and committeeman of the seventeenth district, Texas American Legion, announced he would file a formal statement tomorrow announcing his candidacy for the unexpired term of the late Congressman R. Q. Lee.

Earp was born in Comanche county and had lived here eight years. Earp sent the widow of the late congressman a telegram yesterday, saying he probably would not announce if she ran for the place without opposition. After former Congressman Thomas L. Blanton's announcement, however, Earp issued his own.

A number of Lee's supporters have been seeking to have Mrs. Lee succeed her husband.

Bad Breath spoils the sweetest smile

Every Stomach Sufferer Has It—Tanlac Corrects It

THAT disgusting "brown" morning taste in your mouth, a whitish or yellow coated tongue—these are sure signs your breath is bad. The tongue and mouth is nothing more or less than the upper end of your stomach and intestines. When the condition below is upset and badly digested food is souring in these organs, your breath tells the story and all the mouth washes and antiseptics can't mask its offending odor for more than a few minutes. You need Tanlac to correct this condition.

*Taken before meals Tanlac prevents formation of gas and acids so there is no sourness, bloating or distress. Tanlac helps regulate the bowels, too, and so with your system free of abnormal toxins and acids see how your breath is immediately sweetened. Get a bottle today at your druggist. Accept no substitute. Satisfaction or money back.

Ray Nichols of Vernon was nominated for district governor by Walter Cline of Wichita Falls. His nomination was seconded by Allen Early of Amarillo and Senator Edgar Witt of Waco.

Balloting on officers and selection of the 1931 convention city planned for the closing session this afternoon. Midland, Cleburne, Plainview and Mineral Wells sought the next meeting.

Cowboy Band Leader Selects Men For European Tour; Same Group Will Play in Big Spring on May 6

ABILENE, April 24.—With selection of a personnel of 35 pieces from the group of more than 100 trying out, all is now in readiness for the Cowboy Band's concert tour of Western Texas and New Mexico which includes Big Spring, Tuesday night, May 6.

The group which makes the coming tour is the same that is to leave New York June 11 for an eight weeks' stay in Europe. The band has been rehearsing steadily for the past three weeks on the program it is to present in Big Spring and also in Europe this summer. Director D. O. Wiley spent several months in working up the program, and music lovers are promised a real treat.

The Cowboys will leave Abilene Monday, April 28 and will play in ten cities before returning May 7. They are brought to Big Spring under the local auspices of the Lions club.

How One Woman Lost 20 Pounds of Fat

Lost Her Double Chin
Lost Her Prominent Hips
Lost Her Sluggishness
Gained Physical Vigor
Gained in Vivaciousness
Gained a Shapely Figure

If you're fat—first remove the cause!

KRUSCHEN SALTS contains the 6 mineral salts your body organs, glands and nerves must have to function properly.

When your vital organs fail to perform their work correctly—your bowels and kidneys can't throw off that waste material—before you realize it—you're growing hideously fat!

Try one half teaspoonful of KRUSCHEN SALTS in a glass of hot water every morning—in 3 weeks get on the scales and note how many pounds of fat have vanished.

Notice also that you have gained in energy—your skin is clearer—your eyes sparkle with glorious health—you feel younger in body—wiser in mind. KRUSCHEN will give any fat person a joyous surprise.

Get an 8¢ bottle of KRUSCHEN SALTS from Collins Bros. Drug or any leading druggist anywhere in America (lasts 4 weeks). If this first bottle doesn't convince you, this is the easiest, safest and surest way to lose fat—if you don't feel a superb improvement in health—your money gladly returned.

Further expansion in this field. The development here already has become impressive. Dr. Klein cites, for example, that the value of annual retail sales of sporting goods is 1.4 billion dollars.

The great bulk of this activity is the growth of comparatively recent years. In days that still are clearly within the memory of millions, there was limited time for play, and recreation as it now is known was the luxury of the few.

Hollywood Sights & Sounds

BY ROBBIN COONS: HOLLYWOOD - To compare first-hand movie-making of the past with that of today the student of movie history has but to walk a block or so from

block or so from a landmark of the old days to a rising monument of the new.

For the clatter of hammers and concrete mixers engaged in rushing to completion

the gigantic new sound stage on the R-K-O lot beats in monotonous cacophony in the ears of one who stands, just

Fannie Brice across the fence, in Paramount territory before the small frame structure which, some 17 years ago, served as "studio" for the company's first picture.

From Stable To Factory: At that time it was only a stable, surrounded by lemon and orange groves. As the studio grew, more buildings were added, but when production activities were transferred to the present site about four years ago, all were demolished except the old stable, which for sentimental reasons was removed intact to the new lot where it serves the actors now as a gymnasium.

By contrast, the new sound stage on the neighboring lot rears its tremendous bulk, as high as a five-story building, the largest to date in Hollywood. It is four stages in, with sound-proofed partitions separating them. Within, for water scenes, is a 60-foot concrete tank, a monorial system overhead to move scenery about, an elaborate automatic sprinkler system, miles and miles of electric wiring, and all the recording apparatus once so foreign to movies.

Symbolic, by the way is the fact that the talkies did not spare entirely that old stable, which has for immediate neighbors other modern stages. About a year ago the shack was moved to another section of the lot to make space for a projection room—for talking pictures.

Wanted—A Plot: Fannie Brice, singing comedienne, needs a new plot. That was the consensus of previewers of her second talkie, "Be Yourself."

Her first, "My Man," had Fannie in the role of an unselfish benefactor to a young man she loves. The boy falls for Fannie's sister, Fannie, heart-broken, makes the "big time" with her singing, and the boy returns humbly.

"Be Yourself" finds Fannie already in the "big time." Her beloved is a prize-fighter. Successful because of her, he deserts her for a gold-digging blond, and Fannie wins him back. Elaborately decorated, "Be Yourself" is still "My Man."

TRIAL DELAYED: EASTLAND, Tex., April 24 (AP)—Because of the absence of a defense witness, the murder trial of Danny Leach was continued yesterday until May 19. The judge instructed the clerk to enter a fine of \$100 against the witness and ordered him placed in jail for three days.

NEGRO SHOT BY MOB: GUNNISON, Miss., April 24 (AP)—A crowd of several hundred men yesterday shot and killed David Harris, 35-year-old negro, accused of slaying Clayton Funderberg, 17-year-old farm boy.

clever little thing—and perhaps you find me pretty dull. But I believe there is something in me somewhere. It may be a long way down, and want a lot of digging up. I believe I could do something worth while some day if I had you to do it for. Darling, if only you will be my wife, I am sure I can—

A sob cut short his eager protestations. Jacqueline's head was bent and her shoulders shaking.

"Jacqueline, dear, what is it? I am a brute. I am hurting you somehow—"

"No, no, Teddy. You are not hurting me. It is very sweet to hear you say those things to me—to know that you think so much of me. Oh, if only I were worthy of it—"

"My dear, you are worthy of a much better man than I am—a thousand times better. Now that I am all right with the Old Top, I can give you all you want, thank goodness! That is, all you may want in the material sense. But what am I apart from that? A pretty dull sort of fellow, with no much brains, if any—"

"You are a very sweet boy, Teddy."

"It is generous of you to say so, Jacqueline, and to think so. Now will you tell me something which I want to hear even more. Do you love me?"

"I have told you so already, Teddy."

"Tell me again, sweetheart, because if I live to be very old I shall never hear it often enough."

But Jacqueline, instead of telling him, burst into tears.

Teddy sprang to his feet, full of dismay and contrition. "Jacqueline, my darling, what have I done? What a brute I am to worry you so! My darling, please don't cry. Good Lord, I would not have said a word if I had dreamed it would upset you."

"No, no, Teddy, you have not upset me. I—I want to tell you something, but I don't think I can today. You must give me a little more time. You have taken me rather by surprise."

All the joy seemed to have gone out of her, and Teddy looked at her with concern.

"But you love me, Jacqueline?" "Yes, I love you, Teddy, dear."

"And there is nobody else?" "Nobody else, Teddy."

"Then that's all I want. That is quite enough to make me happy, and all the rest can wait. Of course, I have been a bit of a brute. That's the worst of me; I always go at things like a bull at a gate. So I am going away now, but I shall come again tomorrow, and ask you to marry me. I am sure the Old Top and the mater will welcome you; and as for me, I shall worship you all my life, Jacqueline. Are you sure it is not this fellow Carew who is upsetting you?"

"No; I am not upset over him. He has been asking you to marry him, or anything absurd like that?"

"Yes, he did ask me."

"The bounder," cried Teddy. "The conceited puppy. I thought as much. What does he think he is?"

"But I refused him, Teddy."

"You angel."

"And if ever you happen to meet Mr. Carew, Teddy, you can, if you like, give him a piece of your mind. Because he annoyed me very much."

"Did he?" returned Teddy grimly, with the red light in his eyes. "Leave him to me."

"But you are not to do anything"

as objected to the sale, was submitted to the supreme court yesterday on certified questions asked by the third court of civil appeals.

Attorneys for Robison and others interested in the sale appealed from the decision.

Three questions were involved, that there had been no specific demand for any of the oil and gas leases advertised for sale; that the sale had not been sufficiently advertised, and that the land commissioner had the power to postpone the sale to some later date.

SPORTS ON PARADE

BARBERS
If every organization in Big Spring will take as much interest in the city baseball league as manifested by Barbers Local No. 921, it wouldn't be much work keeping a municipal circuit together. It is understood that Master Barbers are also to come through with a donation toward keeping the club in first class condition. However, cash is what counts mostly, and local No. 921 has turned over \$75 to the baseball team which has been applied to purchase of catcher's equipment and ant baseballs.

BOXING
This Big Brothers Club organization that is attempting to sponsor the many act of self defense among schoolboys and at the same time offer an additional incentive to attend church services, is having the usual run of knockers. Some of the citizens who never sensed the smell of resin or the thrill of hearing padded leather mittens smack against bare flesh, can't appreciate the boxing game. They say it is brutal and that they don't want their little boys messing around with such inhuman sport.

A SOCKING
Those who have some who can't take it on the chin, be it in sport or in business, may have cause in the future to regret their attitude. Even the most pitiful boxer occasionally has an opportunity to slip over a winning punch although he has been hit with everything but the ring posts. The same is true of life. A fellow may receive kicks in the seat of the trousers as hard and so often that he thinks that whole world is equipped with boots, but all of a sudden he may slip over the winning punch. That is, if he can take his punishment. We were reading a popular magazine the other evening in which the feature character was a dominating old man. He was constantly testing men. To his friends, he justly explained some of his peculiar moves to be based on the old method of testing a cat's value. If a cat held by the tail and shaken refused to howl, the feline was o. k., but if the animal emitted a yelp, it was promptly sacked and dumped in the nearest river. Such was the old man's method of testing men. He would hold them by the tail and if they howled they were forgotten.

We couldn't help thinking how true to life the system really comes. It may well for some parents to ponder the knocks and what effect a plastering will have on their sons and daughters before condemning a round of wholesome boxing.

TRAVELING
A team under direction of Bruce Nesbitt and J. C. Moore will journey to Crane next Sunday afternoon to take on the Gulf Oilers. Several members of the Big Spring West Texas League club are playing with the Gulf this year, including Ray Burgarten, Roy Surratt and Miller, the cocky rookie pitcher. Probably, the Big Spring contingent will take a good plastering from the more experienced nine in Crane, but this city will be represented by much the same ball club that played the Bearded Beauties to a close score here two or three weeks ago. The game will be played on a winner, 60, and loser 40 per cent arrangement.

American And English Track Stars to Meet

CHICAGO, April 24 (AP)—Pick of the British Empire's track and field stars and an American team of Olympic caliber will meet in international competition on Soldier Field the night of August 22. The meet was obtained for Chicago by Avery Brundage, president of the national A. A. U. against the bidding of Boston, New York and Philadelphia, and will be Chicago's first night track and field meet. Fifty-five members of the British team, including stars from Canada, Australia, New Zealand, South Africa and Ireland, will come to Chicago from Hamilton, Ont., where the empire games will be held August 16 to 23. The national A. A. U. games will be decided at Pittsburgh August 21, and winners will be held together to make a powerful team to oppose the invaders.

RESULTS TO BE WATCHED BY EXPERTS

Beaumont Feature of First Stop Playing in Pantherville

By GAYLE TALBOT, JR., Associated Press Sports Writer
The long-awaited invasion by southern clubs of the northern division of the Texas League was in full swing today, with the spotlight playing on the inaugural between the league leading Beaumont Exporters and the Fort Worth Cats at Pantherville. Second in interest was the visit of the Houston Buffs, occupants of second place, to the Sports orchard at Shreveport.

Although three games do not a season make, the series at Fort Worth and Shreveport might prove the turning point in the current chase. If the Exporters and Buffs get away to a good start on their first long road trip they promise to be hard to stop.

Two of the northern outfits drew what appeared to be soft spots at the outset of the present invasion. The Dallas Steers were bracketed with San Antonio for three days, and Wichita Falls had every reason to anticipate easy pickings at the expense of the Waco Cubs, shot to pieces by the Beaumont artillery.

Two clubs pole out Total of 38 Hits in Nine Innings
By HUGH S. FULLERTON, JR., Associated Press Sports Writer
Between them, Brooklyn and Philadelphia have about the greatest array of sheer slugging talent any pair of teams in the two major leagues can produce, but they haven't displayed it to very good advantage through the first games. Their blows were rather ineffective until they got together yesterday, and then there were more than plenty.

Milk Plant Building At Lamesa Finished
LAMESA, April 24.—Construction work on the \$200,000 powdered milk plant at Lamesa has been completed, it was announced this week by the contractor, Harvey C. Allen. All brick work has been finished and only a few feet remain to be added to the 110-foot smoke stack, which is being constructed now. Installation of machinery will begin soon, according to V. H. Ross, advance engineer for the Doudnatt Engineering company, which firm is equipping the new industrial plant at Lamesa.

Dean Williams To Speak at Lubbock

LUBBOCK, April 24.—Dean Walter Williams of the University of Missouri, now acting president and to become president June 1, is to deliver an address to the senior class of Texas Technological College May 26. The graduating exercises are to begin at 10:30 and Dean Williams will speak at eleven. Dean Williams and President Horn of Tech are life-long friends. Dr. I. E. Gates, pastor of the First Baptist church of San Antonio, is to deliver the commencement sermon on Sunday morning, May 26, in the college gymnasium. Dr. Gates has many friends in the Plains since he was at one time president of Wayland College at Plainview, and also pastor of the First Baptist church at Amarillo.

HOUSTON CHOSEN BY FURNITURE DEALERS
DALLAS, Tex., April 24 (AP)—Houston yesterday won the 1931 convention of the Retail Furniture Association of Texas by one vote over Fort Arthur and Corpus Christi at the closing session of the annual meeting here. Jake Karotkin of San Antonio was elected president, succeeding Amore Farwood of Taylor.

Cubs Not Likely To Shower Ehmke On His Birthday

CHICAGO, April 24 (AP)—Today is Howard Ehmke's 36th birthday, and he probably will receive a lot of nice greetings—but it is not likely the Philadelphia Athletic pitcher will receive any from the Chicago Cubs. The assorted members of the national league champions who struck out often enough to total 13 in the first game of the 1929 world series will not forget Ehmke, nor will they remember him on his birthday.

NEW YORK, April 24 (AP)—Spring's cold spell continued to hold sway in the east today. New low temperature records were recorded and ice formed overnight in small bodies of water in New York, Pennsylvania and New England.

Sufferings Of 10 Years Ended By New Konjola

Stomach And Kidney Troubles Vanish—Fit Worth Man Eager In Praise of New Medicine

MR. J. N. THOMPSON
"For ten years, I was troubled with my stomach and kidneys," said Mr. J. N. Thompson, 2812 Roosevelt avenue, Fort Worth. "During the past year my suffering was dreadful and growing steadily worse. Intense cramping pains followed every meal and I belched up particles of undigested food. Severe pains across my back, over my kidneys, was another source of misery to me. My sleep was broken by frequent night risings. I became very nervous and irritable and felt miserable all of the time."

"Konjola lost no time in getting to work in my case. Within a week I felt improvement and I eagerly continued the treatment. Today I feel better in every way than I have felt in years. The pains and misery have entirely vanished from my stomach and I am no longer subject to those sick, dizzy spells after eating. My kidneys have been strengthened to such an extent that I am no longer forced to rise during the night. The pains have gone from my back and my nerves have quieted."

It is logical to believe that what Konjola has done for others, it will do for you—for everyone. This is especially true if Konjola is given a fair trial of from six to eight weeks. This is the proper treatment in most cases. Konjola is sold in Big Spring at Collins Bros. drug store, and by all the best druggists in all towns throughout this entire section—adv.

Big Brothers Plan Activity

Plans are underway to make the Big Brothers Sunday School Class a more inclusive organization and to change the name to the Big Brothers Club. Purpose of the organization, which was conceived and started in the First Methodist Church, is to provide clean wholesome entertainment for school boys each Wednesday evening. Each Wednesday evening for the past several weeks, the Big Brothers have assembled at the high school auditorium for a session of boxing and wrestling. There were seven bouts on last Wednesday night's program and plans were formed for another show next Wednesday evening at which a small donation admission price will be charged to pay for wrestling mats and boxing gloves. Men fostering the activity feel that numerous schoolboys in Big Spring may be linked with the churches and persuaded to attend services if outside inducement is offered. All shows and practice sessions are conducted on a clean basis to assure parents that their children are surrounded by wholesome environment.

Penn Relays Will Draw 3000 Athletes

PHILADELPHIA, April 24 (AP)—Three thousand athletes, representing more than 500 colleges and schools in all parts of this country, and Canada, will participate in the University of Pennsylvania relay carnival tomorrow and Saturday on Franklin Field. Barney Berlinger, all-round star of Pennsylvania, will defend his decathlon title.

Mey Returns To Open Cafe Here

R. C. Mey, who operated the Wigwam Cafe at First & Main streets, in the Bauer Estate building, in 1909 will return to his old stand in about ten days, re-opening a cafe in that location. The building now is being re-decorated and improved. Mr. Mey has been in the cafe business in Fort Worth for seven years but returns here to make his home. He was with the Texas & Pacific Railway company here for 17 years.

On Viewing Your Friend's New Dress

Before seeing your friend's new dress it is better to have seen it and tried it on in some shop and be sure to find out the price. You are now ready to view the dress on your friend. When she appears throw your arms upward and omit rapidly, wild, lusty shrieks which the friend will take for admiration.

When I saw it I thought of you, how well this nice, little cheap dress would suit you. Oh, no, I don't believe I would care to wear it, hon. I guess I'll be going." (Stomp out, wondering how some people's children could be so stingy, until you've slammed the dress so hard that you would be ashamed to ask to wear it now.)

Personally

Margaret Bettle, Ima Denson and Hazel Brown went to Lubbock Friday morning to take part in the typewriting contest. In these contests, they won fourth place among the entries, with Midland.

think it's a wicked gleam, but what's the difference as long as you can string the girl friend a line? Mention that it is one of the latest models, looks exactly like those chic Paris models just like they have down in Mr. So-So's window. (Be sure and keep up a continual flow of flattery, never relax for a minute.)

Here is the time for the climax to happen. The girl friend should now be so overcome by your constant cooling that she should come across and offer to let you wear it the very next time you have a date with that good-looking boy friend of yours. (However, he has never asked you for a date yet). If she fails to loosen up and loan the dress to you, stand up and assume a very dignified attitude. (That dignity which only seniors possess). Then in the "cattiest" tone you can command, say, "Yes, dear, I must be going. It's a very cunning little dress considering the material and the extra cheap price you paid for it." How do I know the price you paid for it and where you got it? "Why, my dear friend, when I was shopping several months ago I saw it in Mr. So-So's store, but of course you know I had rather pay more and get a real stylish dress."

When I saw it I thought of you, how well this nice, little cheap dress would suit you. Oh, no, I don't believe I would care to wear it, hon. I guess I'll be going." (Stomp out, wondering how some people's children could be so stingy, until you've slammed the dress so hard that you would be ashamed to ask to wear it now.)

Did this ever happen to you? Lena Kyle, '30.

Miss Ellen Scott visited her father and mother in Knott last week-end.

John Wolcott accompanied his parents on a trip to San Antonio last week.

Norvill Puckett returned to school Wednesday after several days illness.

Miss Butler spent last week-end at her home in Abilene.

The F. U. N. Club held their regular meeting at the home of Miss Zillah Mae Ford. Refreshments of cheese straws, pineapple salad, potato chips, pickles, banana short cake, and ice tea were served to the following: Lena Kyle, Lennah Rose Black, Veda Robinson, Polly Webb, Cora Ashley, and Miss Ford.

Imogene Runyan and Veda Robinson spent Sunday in Colorado.

THE PSALM OF A FORD

Tell me not in mournful numbers That my old Ford will steam For the car is old and ragged And things are not the same.

A Ford is real, a Ford is earnest And the ditch is not its goal Wreck thou art, to wreck returnst Was not spoken of its soul.

Art is long, and time is fleeting Though the Ford is weak but brave Still like many blowouts sounding It's not ready for the grave.

For it's joy and not sorrow Is the Ford of yesterday But to see that each tomorrow Finds it better than today.

Trust no other car however

For they are the dangerous kind And "you'll suffer bitterly If you leave the Ford behind."

In the world's broad field of cars In the bivouac of strife You can buy a Ford dear brother "It's a car that lasts for life."

Lives of other cars remind us And with the Ford we can Pass the sand beds and the ditches While the others stick and stand

Let us then all buy a Ford Though they say they cause bad luck

But, boys, when we come to the sand and ditches We will not get stuck. Catherine Van Open

Hiking Trip Taken By Girls Of Pep Squad

Last Saturday members of the Girls Pep Squad were scheduled for a hike. They sallied forth from the home of Dorothy Driver at six-thirty. They succeeded in reaching the foot of the mountain by seven-thirty and ate a well deserved breakfast consisting of oranges, angels on horseback, and toast. They then attempted to climb the mountain but, owing to the extreme slipperiness of Miss Cox's shoes, decided to explore a ravine. Dorothy was successful in gathering enough colored rocks for a fish pool, and Pauline Morrison in getting a skinned knee so "Cox's Army" repaired to Gene Dubberly's home for the purpose of storing away tuna fish and pimento sandwiches plus ice tea.

These examples do not prove that all of you have to do to make a success is to stand low in your classes. Probably only a small majority of those that stand low in school are not doomed to failure just because you do not make good grades.

WATCH YOUR STAMPS! THEY MAY BE WORTH MORE THAN TWO CENTS

When you buy a 2-cent stamp at the post office it may be worth 36. According to Dr. J. Laurence Whitman, professor of Chemistry, who has a hobby of collecting stamps, Uncle Sam has issued no less than eight varieties of 2-cent stamps of the current issue. A specimen of one variety is worth 56, Dr. Whitman said.

Dr. Whitman began collecting American stamps when he was 5 years old. He collects foreign stamps also, but his chief interest is in his United States collection. He has an example of every stamp issued by the government since 1909, and some of his stamps date back to 1851, the year Uncle Sam began using stamps. He values his collection at \$1,000.

"Some people think the United States began using stamps at the time the Constitution was signed," Dr. Whitman said, "but no country used stamps until 1840. England introduced the stamp system first in 1765. The United States issued its first series, and gave the

For instance when the first air-mail stamp was made, in 1918, the government, by mistake, printed several hundred of them with the planes upside down. One of these stamps recently sold for \$2300. According to Dr. Whitman, every person at one time or the other in life has the collection hobby.

Who's Who

"SUNBEAM" Harmon Jackson Morrison, the outstanding president of the class of 1930, was born in the city of Big Spring February 1, 1912. At the age of seven he entered Central Ward and was well started into his public school career by Mrs. Della Agnell. The young man entered high school in the fall of 1925. In 1926 he received a baseball sweater, football season of 1928 found Beam working perhaps as hard as any member on the squad. Though he did not qualify for a letter sweater, he received a football watch charm as a special merit award. In his fourth year in high school, Morrison lettered in football and received one of the much coveted football sweaters. As you may have concluded, his favorite sport is football. At present, however, his favorite pastime is golf. Since the summer of 1925 Harmon has worked in various capacities for Cunningham and Phillips. The 1930 El Rodeo will have within it a full page photograph of Harmon as one of the most popular boys in B. S. H. S. This summer he will attend the Citizens Military Training Camp at San Antonio. In all probability, during the next few years he will seek to develop his interests in chemical engineering or geology. The members of the Wheel staff wish him the best of luck in whatever profession he chooses.

PERSONALITY GRADING Something new in Grade System in Colleges is being inaugurated by Indiana State Teachers College, that will have a special appeal to some students, especially the "It" girls and sheiks! It is to be known as "Personality Grading," and no matter what the answers in mathematics and English may be, if the student is snappy looking, wears nobby apparel and has a pleasing personality, he will rate better grades than the "conscientious" student, who has flat feet or crossed eyes, chews gum or puts powder and rouge on in an unbecoming manner. A perfect paper and examination will have little weight with the professor if the student lacks personality.

There will be advantages as well as terrors to this new system of grading. The lucky ones will be those having "It" and students lacking pleasing personality should decide on attending another college where the personality grading system is not in vogue.

POOR GRADES NO BAROMETER

Do you let low marks in your school work discourage you? Henry Ward Beecher stood near the foot of his class when in Amherst College, according to Bruce Barton in a recent editorial. He also pointed out that General Grant stood low in his class work at West Point, but nevertheless he became the leader of the northern forces and the president of his country. There are other examples we can think of. When Edison was a school boy he was expelled from school as a hopeless dunce. Oliver Goldsmith was the laughing stock of his schoolmasters and was graduated "wooden spoon," a college name for dunce. Linnaeus who was to become the greatest botanist of his age was called a blockhead by his teacher. Sir Walter Scott was also called a blockhead by his teacher.

These examples do not prove that all of you have to do to make a success is to stand low in your classes. Probably only a small majority of those that stand low in school are not doomed to failure just because you do not make good grades.
