LYNN COUNTY—THE HEART OF THE SOUTH PLAINS—THE HOME OF KING COTTON

VOLUME XXI

TAHOKA, LYNN COUNTY, TEXAS THURSDAY OCTOBER 16, 1921.

NUMBER 7

## Santa Fe Puts On An Extra Freight

Towns on Branch To Get Better Train Service; Western Union Also Improves

On account of the increased freight tonnage, the Santa Fe has put on an extra freight train, running from Lamesa to Slaton and return each day. This additional service was instituted Monday, and the towns along this line of the Santa Fe are assured much better service hereafter.

The Western Union Telegraph Co. is preparing to run a wire and possibly two wires to Tahoka within the next week or two, according to a statement made to a representative of the News by L. C. Heare, the local agent. This means better wire service at the local station.

## JULIUS BARNES LOOKS TOWARD WEST TEXAS

Julius H. Barnes, twice president of the United States Chamber of Commerce, in an address recently delivered by him on the subject of the "Challenge to Our Cotton Supremacy," made the following statement: "In west Texas there is an area of 100 miles square which it is claimed, eventually might produce as much cotton as now does all the remainder of Texas. Based on experiments conducted over a 10-year period, the statement repeatedly has been made that the 6,000,000 acres of tillable land in this particular area are capable of producing something like 3,000,000 bales of cotton. But in the opinion of experts, the production from these additional acres in Texas will not offset weevil damage east of the Mississippi river."

Surely, and not so slowly, is west Texas becoming recognized as a splendid banner cotton country. Indeed W. F. Sterley, general passenger agent of the Ft. Worth and Denver Railway, is authority for the statement that west Texas shall, in 1924, produce between 1,300,000 and 1,500,000 bales of cotton.

West Texas is indeed an important factor in the world's cotton market.—Plainview News.

## GRAIN BUSINESS IS SOLD

Messrs. Rogers and Clayton have sold their grain and feed business to Messrs. J. D. Lyles and W. G. Briley. Messrs. Lyles and Briley announce that they expect to greatly enlarge the business and are planning to build a large concrete structure on the site of the present building. These gentlemen will be welcomed to the business interests of the city. They have heretofore been prominent farmers of the Magnolia community and are well known to our citizenship. Of course Messrs. Rogers and Clayton are to remain with us.

## AN INTERESTING MEETING NEXT TUESDAY NIGHT

Not only the entire membership of the Chamber of Commerce are urged to be present at our meeting at the Court House on Tuesday the 21, next week, but the citizenship at large are invited. We especially urge the presence of the ladies.

We will hear reports from the General Fair Committee, also from the Premium Committee, and also from the Park Committee. These are important reports and should interest the entire citizenship. Please make your engagements accordingly.

We will have special music for this occasion, which will be announced later. Watch for further announcement.—Chamber of Commerce. Brown Bishop, Sec'y.

## SWEETWATER PEOPLE VISIT TAHOKA

L. J. Geer and son Buck and Misses Ruby and Pearl Hemby, all of the West Texas Electric Company of Sweetwater, were Tahoka visitors Tuesday afternoon and stopped for a brief visit with the News editor. This company also owns the light and power plant at Lamesa and has just completed a high line from that city to O'Donnell. The probabilities are that there will be further extensions of the line in the near future.

## MISS LEOTA KNIGHT HONORED AT SIMMONS COLLEGE

ABILENE, Texas.—Miss Leota Knight of Tahoka, Texas, proved the choice of the student body of Simmons College by a unanimous vote, for secretary of the 1924-25 Student's Assembly.

The Student's Assembly is the organization of the entire student group, through which all student interests are advanced and ruled upon by action of the body.

Miss Knight came to Simmons in the Fall Quarter of 1921 from the Tahoka High School. Since entering the institution she has established herself in the hearts of the student group to such an extent that when nominations were in order on the day of the student election no other name was mentioned, but a motion hastily placed before the house that nominations cease, and Miss Knight was declared elected by acclamation.

During her residence on the campus she has ever found her place in all matters through or by which she felt she could contribute to the general welfare of the group or groups concerned. For scholarship also she has proved herself the kind of student who can be expected to carry into the "Great University" on the outside the true spirit, Simmons enthusiasm, Simmons ideals and aspirations.

Miss Knight is Tahoka's lone representative at Simmons this year, but for years past there have been numbers who have held the Tahoka banner high on the campus and about the buildings. Some of the students of years past are Misses Mary Walker, Ruth Smith, Leona Key (Nee Mrs. Winter Knight) and Miss Inez Edwards, and Messrs. Dick Heath, Conrad and Elie Lam.

## TWO BODIES FOUND IN THE RUINS OF A BURNED HOUSE

SNYDER, Texas, Oct. 10.—At day-break Thursday the home of L. A. Hicks, eleven miles west of Fluvana was found to be almost completely destroyed by fire. Someone passing gave an alarm, and an investigation after the flames had entirely died down revealed the bodies of Mr. and Mrs. Hicks in the ruins. Nothing is known of the circumstances surrounding the fire.

Mr. Hicks was formerly a school teacher here. Mrs. Hicks was a sister of Ira Sturdivant of this city.

## MARRIED

Uncle Ike was again called upon to perform a marriage ceremony when H. E. Huff and Miss Ada Reed appeared at the office of the county clerk last Saturday afternoon and procured a marriage license and sent for the Judge. He came post haste and with his usual brevity and solemnity pronounced the ceremony which made these two young people husband and wife. The News failed to learn just where these young people reside.

## AT THE BAPTIST CHURCH

In every service we are endeavoring to point out Christ as the Savior not only of the soul, but of life of every one that will come to Him.

Jesus says: "I have come that they might have life, and that they might have it more abundantly." Jno. 10:10

On next Monday night, Oct. 20, at seven o'clock, we are to begin a training school in our church to better prepare ourselves for carrying on the Sunday school and B. Y. P. U. work. Every one is specially invited, and the members of the church are urged to attend each night during the week.

Sunday: 10:00 a. m. Sunday School. 11:00 a. m. Preaching. Subject: "Bearing Crosses for Christ." 3:00 p. m. Sunbeams. 4:00 p. m. Junior B. Y. P. U. 5:30 p. m. Intermediate B. Y. P. U. 6:30 p. m. Senior B. Y. P. U. 7:30 p. m. Song and praise service, fifteen minutes, Special song. Preaching. Subject: "A Business Man's Mistake."

Monday: 3:00 p. m. W. M. S. Wednesday: 7:30 p. m. Prayer meeting. Everybody cordially invited to attend any and all services.

The next Worker's Council of the Brownfield Association will meet with our church on Tuesday October 28. We are expecting a great day. The program will appear later.

News want Ads get results.

## ENTIRE SOUTHWEST BE INVITED TO GIANT CELEBRATION LAYING TECH CORNERSTONE

Marked enthusiasm was prevalent last night in the meeting of the committee appointed recently by the President of the Chamber of Commerce to co-operate with the president of the Technological College, Dr. P. W. Horn, and the board of regents of the institution in the preliminary arrangements which have been made by the latter for a program of large proportions to be staged in Lubbock on Armistice Day. People on the entire plains as well as over the entire state and adjoining states have been looking forward for some time to the laying of the cornerstone of the new state school and it is the desire of the board of regents as well as the local committee appointed to put over a program that will measure up to the expectations of the several thousands who will be present on this occasion.

While the details of the program are in the making it is already a well understood fact that some of the most prominent personages in the state have expressed their intention of being present. There is little doubt but that one of the largest assemblages in the state of Texas will be here Nov. 11—Lubbock Avalanche of Oct. 11.

## HARLEY SADLER DRAWS BIG CROWDS EACH NIGHT

The Harley Sadler show is drawing immense crowds this week. At the opening performance on Monday night the tent was filled to its capacity and it has been filled at each performance since. Sadler's shows are of a high class order, and they are different. They furnish good clean amusement of a kind not often offered the public; hence the capacity crowds. Furthermore, Harley Sadler personally shows a lively interest in the welfare of every town he visits and is always ready to help any worthy local enterprise. In addition to all this, he knows how to advertise. The people of Tahoka are enjoying his performances this week to the limit, and people from several of our neighboring towns are coming in nightly to enjoy the fun.

## STUDEBAKER AND CHEVROLET COMPANIES ESTABLISH AGENCY IN THE IRA DOAK BUILDING

F. D. O'Keefe of Post and C. D. Keever of Lubbock have leased the Ira Doak building on the west side of the square and are having the same fitted up this week as offices and salesrooms for the Chevrolet and Studebaker Automobile Companies. One of these gentlemen will have the Chevrolet agency and the other the Studebaker agency. They will be ready for business just as soon as the repairs on the building are completed. Both gentlemen will move their families to Tahoka at an early date and become permanent residents of our city. Mr. Keever has resided here before and is well known throughout Lynn county. Mr. O'Keefe is a prominent and popular young business man of Post. These gentlemen will be welcomed into the business circles of the city.

## REV. H. S. HATCHETT MARRIES

Rev. H. S. Hatchett sprang a surprise on his many friends, when he returned to Tahoka last Friday morning from a trip down to his old home in Bosque county, accompanied by a bride. Better Hatchett was married at Valley Mills on Thursday morning, October 8, to Miss Sallie Paralee Prescott, a cousin of his former wife. The marriage ceremony was performed by Rev. Clifton, until recently pastor of the Valley Mills Baptist Church. Brother Hatchett was reared in that community, and had known his bride for many years. When the young couple boarded the train for Tahoka an hour or two after the wedding, many of the friends of his childhood were there to see the happy couple off and gave them an old time shower of rice. Rev. and Mrs. Hatchett arrived in Tahoka early Friday morning, since which time he has been receiving the congratulations of his numerous friends.

## CHURCH OF CHRIST

Elder Lester W. Fisher of Abilene will fill the pulpit of the Church of Christ Saturday night and Sunday morning and night. Elder Fisher has regular appointments here now on the first and third Sundays. You are cordially invited to the services.

## PROSPECTORS COMING WEST BY TRAIN LOADS

The F. Z. Bishop Land Co., with offices in San Antonio and other places, has leased the Saigling building on the south side of the square, and opened a sales and immigration office with Roy Rowe of this city, and N. Y. Neu from San Antonio, in charge.

The Bishop Land Co. is one of the largest and widest known realty sales agencies in the Southwest, and has secured several large tracts of lands on the plains, which it will cut into farms and sell to actual farmers. Its field force is now busy and it is announced that within 30 days it will begin bringing special trains of homeseekers from the northern and eastern states into Plainview to buy lands.

Mr. Bishop is a great believer in advertising and will send out a great amount of literature and also do a tremendous amount of newspaper advertising. The company hopes to also put on a big town lot sale in Plainview, if it can secure a desirable tract of land.—Plainview News

## PRIZE WINNERS AT FAIR PAID NEXT WEEK

All those who won premiums at the Lynn County Fair will be paid next week, according to Brown Bishop, Secretary, who has the matter in charge. The delay has been occasioned, he explained, by the fact that immediately following the fair here he was with the Lynn County exhibit for a week at Lubbock and that the auditing of his books has not yet been completed. It was expected to have them fully audited and to have a meeting of the Chamber of Commerce on Tuesday night of this week to take final action on the matter, but on account of the Harley Sadler Show here this week it is not practical to have a meeting until Tuesday night of next week. Immediately following this meeting all premiums will be paid, Mr. Bishop states.

## FAREWELL PARTY FOR MRS. O. E. STEVENSON

Quite the most unique affair of the past week was a farewell "Stunt" party given by Mrs. Paul Miller honoring Mrs. Stevenson and some of her friends, Saturday evening from eight until ten o'clock.

Among the numerous clever features of the entertainment were contests, hypnotism, and a miscellaneous shower of antiques, consisting of breast pins, potted plants, alarm clocks, medical remedies, etc. Delicious fruit punch was served and each guest gave a humorous toast to the honor guest who responded with a very appropriate one for all present.

"Farewell to Thee" on the Victrola was the closing number of the evening.

Some twenty guests were indebted to their hostess for a very pleasant evening.

## LYNN COUNTY HAS HAD GINNED 8,000 BALES

According to reports received by the News at 1:30 o'clock Thursday afternoon approximately 8,000 bales of cotton had been ginned in the county, counting two round bales as equal to one square bale.

Full reports were not being collected in October of last year and some weeks no reports at all were given, but according to the report of October 19 1923, the amount of cotton ginned in Tahoka, Wilson and the rural gins was about the same as were ginned up to the same time this year.

In order that our readers may make their own comparisons, we publish below the comparative report for the two years:

	Oct. 12-23	Oct. 18-24
Tahoka	1763	2100
Wilson	569	970
Grassland	410	989
Draw	490	429
New Home	455	755
O'Donnell	2750	2750

TOTAL 3687 7993  
There was no report last year from O'Donnell. The report for the county this year not including O'Donnell is 5243 as against 3687 last year, last year's report being four days earlier than this year's report. It is reasonably certain that the crop this year will exceed that of last year which was a little more than 24,000 bales.

## Making Plans For Teachers' Institute

Teachers From Three Counties To Meet Here; Pres. Hill to Conduct Institute

The Teachers' Institute for Lynn Dawson, and Gaines Counties will be held this year at Tahoka. The date of the meeting will be December 15-19 immediately preceding the Christmas holidays.

Superintendent H. P. Caveness announces that Dr. J. A. Hill, President of the West Texas State Teachers' College at Canyon will conduct the institute and that Dr. P. W. Horn, President of the Texas Technological College now under construction at Lubbock, is on the program for two days. Superintendent Dupree of the Lubbock city schools and other prominent educators will be here to fill places on the program.

The program has not been fully prepared yet but when completed it will be published in this paper.

There are possibly 250 teachers in these three counties and the law requires that they attend the institute, or some institute during the year. Tahoka will probably have 250 visitors therefore to entertain upon this occasion.

The matter of adequately and properly entertaining them will be taken up by Judge J. W. Elliott, ex-officio county school superintendent of Lynn county, Superintendent H. P. Caveness of the city schools, and the Tahoka Chamber of Commerce. Of course the people of Tahoka will cooperate in every way so as to furnish the best entertainment possible and to make these teachers feel that we appreciate their coming.

Lamesa entertained this body of teachers last year, and the teachers are lavish in their praise of the manner in which Lamesa entertained them. Tahoka must do as well.

## LUBBOCK PEOPLE VISITED AT TAHOKA SUNDAY

Mr. and Mrs. W. C. Edwards and son, Billie, accompanied by Mr. and Mrs. Neal Douglas and daughter, Sarah Hughes, all members of the Avalanche family, visited at the home of Bob Haynes at Tahoka Sunday afternoon.

Editor Haynes who is now owner and editor of the Seagraves Signal, has been active in the development of Tahoka for the past several years but has turned his attention to the Gaines county city where he will prove valuable in the development of that section.

Owing to the number of people moving into Seagraves at this time Editor Haynes has found it impossible to find a home there and the family will remain at Tahoka until he can build. "We are experiencing an unprecedented boom at Seagraves" Editor Haynes said.—Lubbock Avalanche.

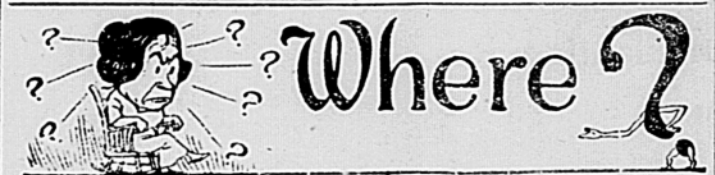

## BAPTIST PASTORS PLAN RELIGIOUS CAMPAIGN

Rev. C. E. Ball, pastor of the Brownfield Baptist Church and Rev. John P. Hardesty, and Rev. L. A. Wilson, pastor and assistant pastor respectively of the First Baptist Church of Slaton were here last Thursday in conference with Rev. Shepherd of the Tahoka Baptist Church planning an association-wide campaign in the interest of the denomination during the next few weeks. One of the meetings will be held with the Tahoka Church on the first Sunday in November, at which time a number of the pastors of the association will speak briefly and a program will be rendered. Possibly some laymen will be drafted into the speaking campaign over the association.

## STEVENSONS GO TO PLAINVIEW

Mr. and Mrs. O. E. Stevenson removed this week to Plainview, where Mr. Stevenson will engage in business. He has purchased a mercantile establishment in that city. The Stevensons have been residents of Tahoka for a number of years, Mr. Stevenson being formerly proprietor of the Variety Store and Mrs. Stevenson having been employed for some time as Expression teacher in the public school. They have many warm friends who regret their removal.

# The T. H. S. ROUND-UP

IRENE CONNER, Editor

PUBLISHED EVERY WEEK BY THE STUDENTS OF TAHOKA HIGH SCHOOL

## Seniors

Mr. Taylor of the Southwestern Engraving Co. visited us one day last week. He gave us some valuable information regarding the annual as well as leaving us some models and directions to follow. We hope to get the staff together and begin work on the annual this week.

Iola and P. A. Nowlin are absent from school this week. We are hoping that they will return to school as soon as possible.

Mr. Lacey has been trying to test us in Geometry. We have been working on one problem for a week and none of us has found the correct solution yet.

## Sophomores

Algebra has been very difficult for us to understand but under Miss Windsor's patient guidance we hope soon to master factoring.

We find our map books take up a large part of our time but it makes our history much more interesting and more easily understood.

The Sophomore class is well represented at the show each night and we are enjoying them very much, but we hope to find time to attend the show and bring up our assignments also.

We are sorry Mrs. Moore is sick. We wish her a speedy recovery as we miss her very much.

## Freshmen

We are steadily increasing in number. We have three new pupils who have joined within the last week. We are now the largest class in school.

Since we have been divided we have found it necessary to elect a new reporter for the A division of our class as Miss Welch was transferred to the B Division. We have elected Miss McDaniel, whom we think is capable of doing the work.

Since we have begun laboratory work in General Science we find that we could use a few lessons in art, to a good advantage.

Several of our class mates have been absent this week. We have been unable to learn the cause but hope they will return soon.

## SLACKERS

Slackers are a menace to society in every form. We are sorry to say it, but there are slackers in Tahoka High. Who are they? Are you one?

A boy who holds a position on the football team and breaks training is a slacker. A girl who holds a position on the basket ball team and breaks training is a slacker.

Do you say "I'm going or bust" when there is a football or basket ball game being played? When you go to a game do you yell as if you liked it? When you go into a game or anything else, do you do your best to win? If you do these things you are not a slacker, but the kind Tahoka High needs more of.

If you are not on the first team, keep working! Don't get "sore" because some one else is better than you are. The first team needs hard practice to make them what they are supposed to be. Scrubs, you are the ones who can give it to them! When you go into a game, go in with pep and fight, that it takes to win. Remember Rev. Howell's speech. "A boy or girl who has faith in himself can overcome any obstacle. There is no such word as 'Failure' to anyone who has confidence in himself and determination to win."

Fellow students, there is only one way to have faith in yourself. That is "Keep Fit". Boys, don't go around with a cigarette in your mouth. Girls don't load yourselves with candy and cold drinks. For the sake of Tahoka High School "do your bit, and keep fit."

## Science Club

The Science Club met last Thursday afternoon just after school in the auditorium. The club has about 34 members all of whom are very capable and willing to do their part. A very interesting program was

## The Bobber Shop

A Union Shop

For a real shave or shower bath

E. HARREL, A. GOWER, AND A. SRICKLAND

We Specialize in Hair Bobbing

rendered at this meeting which lasted about 30 or 45 minutes.

First Prof. A. B. Sanders made a very interesting and beneficial talk on "The purpose of the Science Club." Ernestine Holloway favored us with a piano solo.

Mattie Sue Howell made a splendid talk on the life of Thomas A. Edison. The Science Club meets every two weeks at the Auditorium and a program committee has been chosen to prepare a program for these meetings.

We have started in to do good work as club members and we will not be satisfied with anything less than "Success".

## "Bob White" Basket Ball team

Hello folks! We want you to know that we are still on the map. You will see us however, at the next ball game in Tahoka as we have learned a dandy yell.

The teachers are organizing a team and are planning to beat us, but look out! We are hunting for a match game but every one seems afraid of us.

Monday Rev. Howell spoke to the student body, on the subject "Faith". He brought to us the encouragement that we needed after being defeated at Post City. After hearing him we went about our tasks with new courage and vim. As he said "A boy or girl who can find no task will ever amount to anything. The world is open to the boy or girl who has faith in himself and the determination to win."

## Fire Prevention Week

Mr. Bishop, secretary of Tahoka Chamber of Commerce, spoke in chapel on observing Fire Prevention Week. He distributed literature for reference on the prizes to be given to the best theme written on this subject. First prize is five dollars; there is also a prize given on the best poster. Much interest was stirred up over this subject and we are working hard on our themes, to get that five dollars.

## New Volley Ball Court

The girls started playing volley ball on the new court. Mr. Dean and Mr. Lacey have been working with them. Some good players have shown up and we hope they will take championship in the Interscholastic League meet next spring.

## Yell Books Published

Yes, we have done something this year that has never been done in Tahoka High before. We have published an up-to-date, classy, yell book. It contains many good yells and snappy pep songs. These books are on sale for ten cents. The money that is made from these books goes to the athletic fund. There are a few left,

buy them now and help the Tahoka High School Athletic fund!

## Think and Grin

Prof. Caveness—Bonny, you and J. E. quit passing notes back there Bonny—These are not notes, they're dollar bills.

Prof. Caveness—Dollar bills? Bonny—yes, we're shootin' craps. Prof. Caveness—Oh, I beg your pardon, I thought you were passing notes.

Mrs. Moore—P. A., that makes the third time you have looked on Thelma's paper.

P. A.—Yes, Mrs. Moore, she doesn't write very plainly.

Eddie—"Can you keep a secret?" Ima Joe—"I'll tell the world!"

Every subscriber to the Lynn Co. News is so because he is interested enough in the town and county to pay for the News.

## Dull, Sluggish Feeling

"BLACK-DRAUGHT is our household stand-by," says Mrs. Thomas H. Kell, who lives near Ellijay, Ga. "We have been using it years and years. My mother's family used it and we do here and my four sisters do, too. "I could not run my house without Black-Draught. I give it to the children whenever they need a purgative, and both Mr. Kell and myself take it. As a medicine for sluggish liver and

headache, and the ills that come with constipation, Black-Draught is fine.

"Lots of times I have felt dull and sluggish, my head would ache and I had to make a great effort to do my work. A little dose of Black-Draught would correct this feeling. We always keep it on the medicine shelf."

Be sure that you get Thedford's, the old, reliable Black-Draught powdered herb liver medicine. At all dealers'.

**Men You May Marry**

By E. R. PEYSER

Has a man like this proposed to you?

Symptoms: Very tall, broad face, large mouth, hair parted on side, slow stride, heavy tread. Likes to wear caps. He is very serious—life to him has been a struggle. Hasn't had any home, has lived on railroad trains and in nearly every city. Traveled a lot but not a traveling man type. Crazy to settle down in a small town—and be a big man in Y. M. C. A. and other quiet institutions. He likes you because you are lively. Coughs before he says anything he thinks is weighty—

**IN FACT**

He himself is more weighty than his words.

**R**ecreation for the bride-to-be:

Forget the sowing of wild oats. Sew your way well among his socks.

**ABSORB THIS:**

Carrying on is not the same as to "carry on."

(© by McClure Newspaper Syndicate.)

**Mother's Cook Book**

If I should be asked to name the quality most necessary to the best type of man, I should unhesitatingly choose optimism, for with it are sure to be associated ambition, enthusiasm and self-confidence.

**GOOD THINGS TO EAT**

**I**F YOUR family are fond of all kinds of shell fish they will enjoy:

**Crab Meat and Red Peppers.**

Remove the yolks of four hard cooked eggs, mash and add two tablespoonfuls of fine bread crumbs; chop the whites of the eggs fine and add a tablespoonful and a half of chopped red pepper. Put into a saucepan four spoonfuls of butter; when melted, add the egg mixture and cook until smooth, adding, a little at a time, a cupful of cream. Now add a cupful of crab meat, season highly and serve on circles of toast, well-buttered.

**Sweet Potatoes With Apples.**

Put one cupful of boiled sweet potatoes cut in thin slices in a buttered baking dish. Cover with three-fourths of a cupful of sliced apples, sprinkle with one-fourth cupful of brown sugar, dot with two tablespoonfuls of butter, and sprinkle with one-half teaspoonful of salt; repeat. Bake in a moderate oven one hour.

**Chicken Jelly.**

Cut up a large chicken into small pieces. Pound each piece on a board until the flesh and bone is well-mashed. Put the chicken into a kettle; add a tablespoonful of salt and a quart of water. Simmer for several hours on the back of the stove, or put into a fireless cooker. Strain and pour into a mold. Serve on lettuce with mayonnaise dressing.

**Different Dried Beef.**

Put three tablespoonfuls of bacon fat into a frying pan, add one-half pound of dried beef, cut into small pieces with the shears. Fritzzle for three minutes, then place on a hot platter. Cut three bananas crosswise and in quarters lengthwise; let them cook in the frying pan long enough to become thoroughly hot. Arrange around the beef and serve piping hot.

**Head Lettuce, Roquefort Dressing.**

Arrange the tender leaves of head lettuce in a bowl; sprinkle with finely-mashed roquefort cheese; add a French dressing which has been highly seasoned with cayenne and a dash of onion juice. Serve at once. The cheese may be stirred into the dressing and passed in a bowl if desired.

By MARGARET BOYD

(© by Margaret Boyd.)

"When could they say till now, that talked of Rome, That her wide walls encompassed but one man?"

—Julius Caesar.

Caesar dominated Rome to the extent that he seemed the only man in it, and Cassius, in this conversation with Brutus is trying to arrive at the secret of Caesar's dominant personality.

It is given to few of us to study a personality of the first rank at close hand as Cassius had done. The nearest approach we can make to it is to study the personality of those who can dominate an audience from a theater or opera stage.

The secret of personality is as hidden as the secret of the nature of life—volume upon volume has been written on both subjects, but they get us nowhere in our study. When scientists find out whether life itself is a matter of chemicals, of ferments, or of radio-activity, then they will probably be in a position to show why one man has a dominant personality and another is a cipher. If life is proved to be a chemical function, as Lavoisier thought it, then personality will probably be proved to be a matter of excess or lack of certain chemicals in the system.

Just now the best guess as to the secret of personality involves radio-activity. When one goes to the theater and observes such widely different personalities as Caruso, Lauder, Galli-Curci and Mitzl, one is struck with the fact that all these people are alike in the impression they convey of tremendous, overflowing energy. One instinctively thinks of them when looking into a spintariscope.

The spintariscope is a scientific toy that enables us to see radio-activity. It is a tube a few inches long, containing a tiny particle of a radium compound, mounted in front of a special screen and viewed through a magnifying lens. When one looks into it, one sees a continuous display of sparks—the flashes made as the rays thrown off by the radium hit the fluorescent screen. Radium, of course, was discovered only a few years ago, consequently no spintariscope is very old. We are not able, therefore, to say how long one will keep up its sparkling display; but theoretically, one should last indefinitely. Hour after hour, day after day, year after year, that tiny particle of radium compound in the spintariscope gives off rays, and yet never grows less in bulk. Similarly certain people seem able to give off encouragement and inspiration and mental stimulation forever, without losing anything from their own personalities. Those who have this quality dominate their surroundings as Caesar dominated Rome.

**O'DONNELL NEWS**

**Boy Bitten By Rattler; Child Dies From Eating Sausage; Young Man's Thigh Broken**

The twelve year old son of Mr. and Mrs. Tickner, who live a mile and a half west of Mesquite school, was bitten on the foot by a large rattler Monday afternoon. The leg was corded and the foot placed in a pan of coal oil and kept there until the arrival of a physician, who administered an antidote. The boy was watching a pack of hounds chase a coyote and received no warning from the rattler until it struck. It is said the snake was about five and a half feet long.

Sherman, the two year old son of Mr. and Mrs. Charles Long, was taken ill Thursday night and died within a few hours. The burial took place at the O'Donnell cemetery Friday afternoon.

It was thought the child was poisoned by eating canned sausage, as it had eaten some at supper, and apparently being in good health up to that time.

A young man picking cotton for Mr. McKee had his thigh broken Saturday night by a horse falling with him. He was brought to town to receive surgical attention.

Mr. and Mrs. B. D. Ballew are the proud parents of a fine 12 pound girl which arrived Thursday night. The Ballews believe in having only the best of everything.

G. W. Lightfoot reports the sale of 640 acres of land known as the old T. J. Mark place to M. E. Staples of Garza county, the consideration being \$30 per acre or \$19,200.

Will Griffin has let the contract to J. J. Caddell for the construction of an eight room residence on his farm northwest of town. When completed the building will be one of the best in that neighborhood.

Mrs. M. E. Doak, who has been

visiting her sons, C. H. Doak, and family, and Ira Doak of Tahoka, for the past two months, left for Snyder Sunday, Mr. and Mrs. C. H. Doak accompanying her. In company with her daughter, Mrs. Jack Samples, she will start for the Rio Grande Valley in a few days to spend the winter.

**NOTICE TO THE PUBLIC**

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

**THE PREACHER IN POLITICS**

For many years there has been much discussion of the preacher's place in politics. In the recent primary election campaign there was much said about it, and the matter is still being discussed pro and con in the press and on the stump. The News editor believes, and always has believed, that the preacher has as much right to express his convictions upon political issues as any other citizen. He certainly has the political right and we believe that he has the moral right to take to the "stump" when he feels that the interests of society and good government demand or justify such course. But since the preacher has or is supposed to have a Divine call to preach the gospel and is generally regarded as a spiritual leader, it is extremely dangerous to his reputation and influence as a spiritual leader for him to undertake at the same time to become a political leader. Because of his divine calling, it is peculiarly incumbent upon him to do nothing that would seriously impair his work and influence as a minister. Just now there are a number of ministers in Texas who seem to feel that the political situation is such as to demand more of their attention than does the spiritual condition of the world. The deplorable part of it is that when some preachers enter the political arena they seem to lay aside the ideals and the standards of the minister and take on the ways of the politician. We no longer hear them proclaiming and exemplifying the virtues of charity and love, but we hear them emitting words of bitterness and hatred and ridicule and abuse. In the recent campaign, several preachers went on the political stump and engaged in political debates, and the speeches of some of them as reported in the press were enough to make Paul and Peter and John turn in their graves. The charges and accusations and insinuations and denunciations that some of them are now hurling at Jim Ferguson are calculated neither to hurt Mr. Ferguson nor to help them in the least. On the contrary, they are calculated to bring disrepute upon themselves and to incite ungodly, but natural feelings of resentment and enmity in the heart of Mr. Ferguson as well as many of his friends, some of whom at least are among the best citizenship in the state. The preacher has a right to enter politics all right, but he should be careful how he exercises that right. He should be the fine, tender, loving Christian gentleman on the political stump as he is in the pulpit. These are our

views about the preacher in politics. If we are wrong, jump on us about it. If we are right, whisper the same sentiments tenderly into the ears of the first minister you meet who is devoting most of his time and attention just now to the faults and frailties of some candidate or politician whom he opposes. It might help some of them to become more temperate in their speech.

We have always held to the opinion that the Supreme Court has no right to set aside any law passed by the Congress of the United States, which is elected by a popular vote of the masses. Congressmen are afraid to violate the mandates of their constituents, while the Supreme Court don't give a darn what the people think about it. What progress can the American people hope to make under such a handicap as an arbitrary Supreme Court? They elect a congress pledged to bring about such reform measures as they may desire and along comes the Supreme Court and pronounces them unconstitutional. Senator LaFollette maintains that we should have a constitutional amendment which would allow congress to pass over the heads of the Supreme Court any law passed by congress, which the Supreme Court pronounces unconstitutional. (Usually only five supreme Court judges make laws unconstitutional). Thus we have five men repudiating a law passed by several hundred representatives of the people direct and ninety-eight Senators representing the various States. Should five men be set up as king or Czar over our Nation? We think not. Claude News.

Then you believe in abolishing constitutional government. The constitution is the basic law of the land. It is the yardstick, the standard, by which all laws are to be measured. That being true, it must be the business of somebody to determine whether or not a law enacted by Congress tracks the constitution. The founders of this republic wisely provided for a supreme court, one of whose functions should be to pass on the constitutionality of all laws whose constitutionality should be brought into question. The Claude News and Senator LaFollette would take this power from the Supreme Court and vest it in Congress, thus giving Congress the power to finally pass on the constitutionality of its own laws and to over-ride the constitution at will. Suppose, for instance, that actuated by political expediency, Congress should appropriate a large sum of money to some Catholic school or some Jewish institution or should prohibit the reading of the Bible in the public schools or should require the reading of the Bible in the public schools, or should pass a law abridging the freedom of the press or speech, or providing that U. S. Officers might search the homes of the people at will without the filing of any kind of complaint or the issuance of any kind of a warrant or writ, or any other law clearly in violation of the provisions of the U. S. Constitution. Suppose there were no court to declare such laws unconstitutional and void. Suppose that Congress alone had that power. What kind of a mess would we be in, Mr. Waggoner? The fathers wisely provided that this government

**A SPLENDID FEELING**  
That tired, half-sick, discouraged feeling caused by a torpid liver and constipated bowels can be gotten rid of with surprising promptness by using Harbina. It not only drives out bile and impurities but it flurries a splendid feeling of exhilaration, strength, vim, and buoyancy of spirits. Price 60c. Sold by

TAHOKA DRUG COMPANY

should consist of three branches; the legislative to make the laws; the judicial to interpret the laws, and the executive to enforce the laws. When at the Pan-American Congress held in Atlanta, Ga., Oct. 1-4, Editor Kellis was too busy running his paper and looking after his particular section of America, however, to attend this Pan-American Affair.

Lynn county could use hundreds of cotton pickers during the next several weeks. Comparatively few pickers have come to the county as yet, and farmers are crying for help.

They are making history and making it fast in the field of aeronautics. A few weeks ago a successful flight around the world was completed by three airplanes. To undertake a flight across the Atlantic in an airplane, as it appears at least to us unscientific and unsophisticated folk, was extremely perilous and heroic, and the gentlemen who first accomplished the feat of negotiating the entire distance around old Mother Earth have won a lasting place on the pages of history. Then last week the big Shenandoah, the great dirigible airship of the U. S. Navy in whose balloon helium gas is used, made a flight across the continent, passing over Texas and stopping at Fort Worth for supplies. It is to retrace its course across the continent this week. At this time the big ZR-3, a Zeppelin airship made in Germany for the U. S. Navy, is on a flight from Germany across the Atlantic to America. Whether the lighter-than-air craft will come into general use for commercial purposes and for passenger traffic remains yet to be seen, but the constant development and improvement of this species of flying machines would indicate that they are soon to be a practical success. All of us may be flying a few years hence. Great are the achievements of science.

There are thousands of acres of fine farming land in Lynn county that have never been touched by the plow. These lands are not as cheap as they were a few years ago but they will probably never be as cheap again as they are now. The homestead man should procure a home before it is everlastingly too late. The south plains furnishes the opportunity.

Let's all send the Lynn county News to a friend or relative in some other section of the state, for one year. He might decide to move out.

Let's all go to church next Sunday.

TTU J. Kellis of the O'Donnell Index was appointed as one of the representatives of the state of Texas to the Pan-American Congress held in Atlanta, Ga., Oct. 1-4. Editor Kellis was too busy running his paper and looking after his particular section of America, however, to attend this Pan-American Affair.

Lynn county could use hundreds of cotton pickers during the next several weeks. Comparatively few pickers have come to the county as yet, and farmers are crying for help.

O'Donnell is to have a radio net Friday and Saturday. Tahoka people who are interested in that particular brand of amusement will probably attend.

Let's all tell the world about the wonderful opportunities in Lynn county.

Let's all pull together for the up-building of Tahoka.

**AN ORDINANCE**

Be it ordained by the City Council of the City of Tahoka, Texas, that the tax rate of the City of Tahoka for the year 1924 shall be one hundred dollars valuation as follows: Ad Valorem, 25 cents; Interest and Sinking funds, 90 cents; Street, 10 cents; Special, 25 cents. Passed and approved at a regular session of the City Council, Oct. 15, 1924.

**OLD WESTERN TRAIL IS SCENIC HIGHWAY**

**Stretches From Salt Lake City to Alden Gulch.**

One of the attractive northwestern routes which is being improved for the increasing summer travel to the Yellowstone and Glacier National parks, traverses the old stage route of pioneer days known as the Corinne trail, leading from Salt Lake City to Alden gulch, near Dillon, Mont. The road from Salt Lake City, starting from the Brigham Young monument, has been paved with concrete from that point through Ogden, the second largest city of Utah, and continuing 22 miles further to Brigham. A few miles beyond there is another concrete surface through Logan to Smithfield.

Crossing into Idaho, the country becomes rolling and is chiefly adapted to dry farming and stock raising. Beyond Pocatello, the great Fort Hill Indian reservation is reached, where the ruins of the first settlement in Idaho may yet be seen, the site being an old Hudson's Bay trading post. At Idaho Falls, in the Snake River valley, the road leads toward Yellowstone park by way of Rexburg. This is the region which was explored by Lewis and Clark in 1805, and is the original home of the Blackfoot tribe of Shoshone Indians.

The road then enters the mountains according to a description in the Concrete Highway Magazine, winding through the Targhee National forest and excellent trout streams to West Yellowstone. Toward the west is a magnificent wilderness where the headwaters of the Missouri river have their origin. Following the Centennial valley to Montida and Dillon, the town of Armstead is passed, where there is a fine memorial erected by the women of Montana in memory of the squaw, Sacajewea, who piloted Lewis and Clark through the territory.

Just beyond Dillon, the site of the State Normal college, is Bannack, the first capital of Montana. At this spot gold was discovered and at Hangman's gulch the Vigilants rid the state of bandits.

Through the Big Hole valley, then across the Continental divide into the beautiful Bitter Root valley, the highway continues to Missoula, the center of western Montana and the home of the state university. Northward, the road crosses the Flathead Indian reserve, where buffalo still range, and penetrates the land of the Selish, peace-loving Indians who still live in native picturesqueness. A splendid road follows the western shore of Flathead lake, the largest body of fresh water in the United States, excepting the Great Lakes. Beyond the lake are the stupendous, snow-capped peaks of the Linguleim and then Kallispell is reached, the gateway to the Glacier National park.

A few miles beyond the boundary line is crossed in Canada and the road continues north along the recently completed Banff-Windemere road through virgin mountain and forest country to Lake Louise and Banff, the Switzerland of America.

**Saved Lambing Loss**

Almost every imaginable business depends in some way on the weather. A sheep raiser was ready to send a flock of rams to the range lands, but, having previously suffered losses at lambing time, inquired of the local weather bureau station of the United States Department of Agriculture for weather conditions on his range 144 days from the date of the arrival of the rams. The weather could not be predicted that far in advance; but curves showing mean daily minimum temperatures and latest spring killing frosts indicated a period of relative safety beginning shortly after May 20. His previous losses had occurred when the lambs were dated prior to May 15, as had been warranted on another range. Since that injury, two successful seasons have followed in those herds, the lambs being brought in late May or early June, as suggested by the weather records.

**Honors in Store**

The dignities that confront the elder brother are usually appalling to the small sister, and there is a little girl in Baltimore who has been giving the subject much careful attention. She electrified the family at breakfast on one occasion by announcing:

"Next year Samuel will be a lawn-mower. I wonder why they call him that."

"A lawn-mower?" echoed the astonished mother. "What do you mean?"

"That is what you told me," replied the little maid, gravely. "This year he was a freshman. Next year he'll be a lawn-mower, and then a janitor and then a senator. And then he'll graduate."—Baltimore Sun.

**Letter From the Sea**

A letter which had been tossed about in the Atlantic for three weeks was recently received by a Plymouth resident. His son, an engineer on a steamer bound for Vancouver, placed the letter in a sealed tin with a flag attached, and dropped it overboard. Three weeks later the tin was washed ashore on the Azores islands, where it was found by fishermen, who forwarded the letter by post.—London Tit-Bits.

**His Choice**

"Who is your favorite poet, Mr. Gloom?" asked Tennyson J. Daft, the versatile versificationist. "Any of the dead ones!" snapped J. Fuller Gloom, the human hyena.—Kansas City Star.

**SHERIFF'S SALE**

THE STATE OF TEXAS County of Lynn Notice is hereby given that by virtue of a certain execution issued out of the Honorable District Court of Lynn County on the 12th day of March, 1924, by W. E. Smith District Clerk of said Lynn county, for the sum of one hundred eleven and twenty one hundredths dollars, with ten per cent interest from date, and

costs of suit, under a judgement, in favor of Guy Simpson in a certain cause in said court, No. 495 and styled Guy Simpson vs. T. A. Wimberley placed in my hands for service, I, S. W. Sanford, as Sheriff of Lynn County, Texas, did on the 26th day of September, 1924, levy on certain Real Estate, situated in Lynn County, Texas, described as follows, to-wit: Being lot number Ten (10) in block number eighty-seven (87) in the town of O'Donnell, Lynn County, Texas, and levied upon as the property of T. A. Wimberley and that on the first Tuesday in November, 1924, the same being the 4th day of said month, at the Court House Door of Lynn county, in the town of Tahoka, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said execution, I will sell said above described Real Estate at Public vendue, for cash, to the highest bidder, as the property of said T. A. Wimberley.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lynn County News, a newspaper published in Lynn county. Witness my hand, this third day of October, 1924.

S. W. SANFORD  
Sheriff Lynn Co. Texas

B. Hancock and J. L. McGuire with their families of Delta county, are here this week as the guests of their brother-in-law, J. B. Nance, and family. They are combining a prospecting and pleasure trip, and it is possible that J. B. may induce them to locate here a little later.

L. L. Hemby and family of Delta county, friends of J. B. Nance and family, are here this week visiting and prospecting. He had heard of this wonderful south plains country and wanted to see it. It is possible that he will decide to locate.

**Pepsinated Calomel Is Better than the Old-Time Sickening Kind**

It is gentle, imported English Calomel, combined with Pepsin and other helpful ingredients. It is mild but certain, causing no harshness or unpleasantness and will absolutely relieve indigestion, biliousness, bad colds, constipation and sick headaches. And best of all it does it at once—quickly and pleasantly. Take one small tablet at bed-time and you will get up hungry and feeling fine. Recommended by

**T-Bar Ranch**

One of the big ranches of the south plains, consisting of 126 sections, lying immediately west of Tahoka in Lynn County, is to be converted into homes for farmers. Last winter twenty sections of this ranch lying nearest to the city of Tahoka was placed on the market, to be sold in small tracts, at prices ranging from \$35.00 on up; one fourth cash, balance on ten years time, at six per cent. Already much of this land has been sold. Some of it was put in cultivation this year, and cotton is being picked from it to day. Still some left.

**The Butler Ranch**

consisting of eight sections, in the northwest portion of Lynn county. No better cotton land in west Texas than is found in these ranches.

**WILSON NEWS ITEMS**

**New Baptist Parsonage Being Built; First Aid Kit Donated to School Young Man Injured Boxing**

(From Wilson Pointer)  
During the summer the ladies of Wilson have been piecing and quilting a number of quilts for the Orphans home at Lubbock. The ladies completed them Tuesday, and will send them to Lubbock immediately. This is one of the nicest things that the ladies of any town could do. The little ones in the Home at Lubbock may well feel that there are mothers in this world who love them and care for them. They may feel that there are those who have their welfare at heart. We are sure that this work will not only be a blessing to the children but also to the ladies who donated many hours from their busy lives to make the quilts. Six quilts were made by the ladies of Wilson and if every town on the South Plains would do as well, ample covering would be provided for the home.

The ladies of the Mother's Club are making a First Aid Kit for the school. Mrs. McAtee and Mrs. Forrester are on the committee to get together the donations.

Everyone is requested to make donations to the First Aid Kit: turpentine, iodine, bandages or any thing that would help in filling up the list of articles needed.

This kit is needed very much and it will be of great service to the teachers and little ones. There are numbers of little hurts that will grow into big ones if they are not attended to at once and the teachers will gladly give them attention if they have the equipment.

The Baptist people are moving the old parsonage back of the church and will use it for a Sunday school room. It will be fine for this purpose and will meet the great demand for room.

On the site of the old parsonage a beautiful new one will be built. It will be begun at once and rushed to completion in order that Rev. and Mrs. Darby may move in before winter comes.

The new parsonage is to be modern and up-to-date and will have every convenience that Wilson can afford. This is a splendid thing, for a town and its people are judged by the condition of its churches and parsonages.

Monday afternoon Jim Johnson and some of the other young men were boxing. Jim received a knock on the side of the head which at the time did not hurt him at all but later almost proved serious.

A few minutes after they had stopped boxing one of Jim's eyes began swelling and paining him dreadfully. He immediately went to Slaton to the doctor and from there to Lubbock and the doctors all seemed to think that if he cared for his eye properly that he would not have any serious trouble. They said however at first it looked as though he had broken or strained a muscle or nerve.

We hope that Mr. Johnson will have no more trouble with his eye and that he will soon be about his work again. He was accompanied to Slaton and Lubbock by his mother and brother and Walter Hamlett.

For several months the Chamber of Commerce has been inactive. On last Monday night the secretary ask-

ed for a meeting but including himself, there were only four present. There are a number of important business situations that could be met if the Chamber of Commerce were active.

This situation is true. The County Agriculture Agent, A. L. Robertson has done more than his part to make Lynn County win in different contests this summer and fall. He took three Wilson boys to A. & M. College for the Short Course. He took them to Midland for the stock judging training and at several other places. As a result the Lynn County Boys did some real winning at the Tri-State Fair at Amarillo. The team won first place. Ford Hoffman won a registered Jersey bull calf from a very fine herd. Another boy won a registered Polan China pig. This is also true. We have not assisted in the finances. Our time has come and we should help support such work.

Last week through these same club boys and Mr. Robertson we had an exhibit made ready for display at the Dallas Fair. Funds are short, Mr. Lloyd McCormick is trying to raise that amount. If he misses you, find him and help to put the county and the community in evidence.

**SOUTH TEXAS MEN VISIT HERE**

H. J. C. Koehn and Louis Randel of Weimer, Colorado county, and John Koehn of Orange Grove, Jim Wells county, are here this week prospecting, and Mr. H. J. C. Koehn stated to a representative of the News that they expect to spend about two weeks looking over the south plains. He owns a farm in the New Home Community in this county and he likes the country very much. He dropped into the News office to renew his subscription and thus keep the paper going to his address another year. These are prosperous citizens of their respective communities and we are glad to note that they are interested in Lynn county soil. They would make good citizens. Hope they invest and locate here.

Mrs. E. R. Allen returned Friday from Fort Worth, where she spent several days visiting friends and relatives.

**With the High School Classics**

By MARGARET BOYD

(© by Margaret Boyd.)

"In vain the learning of the age  
Unclasped the sable-lettered page;  
Even in its treasures he could find  
Food for the fever of his mind."  
—Lady of the Lake.

According to an old story, three men, a lumberman, a botanist and a poet, went for a walk together through a forest. After the walk, the lumberman could discuss the sort of lumber the trees would make, and how much it would cut to the acre; the botanist could name the species of trees and undergrowth, and could discuss the ecology of the region; the poet could talk of the arching of the branches, the flecking with light and shade of the forest floor, and the coloring of the tree trunks and leaves. All had looked at the same things; but each had seen just what his interest and training had fitted him to see.

It is much the same with reading. Three men may read the same book and get from it three totally different messages; or the same men may read a book at three different ages and get from it three different messages. We can understand of any book or poem only what our experience has fitted us to understand. We cannot comprehend a thought that is outside our knowledge. When a man evolves a new idea the rest of the world is unable to understand it until intellectual bridges have been built to connect our old ideas with the new idea.

When people find Shakespeare and Milton and Thackeray dull, it merely means they lack knowledge to enable them to enjoy the works of these writers. Pupils who find Shakespeare a bore while they are in high school are likely to find him a most fascinating writer when they reread his works fifteen or twenty years after they are out of school; because they will have gained in knowledge and experience in the meantime.

If a man has a mental obsession, a "fever of his mind," he will find food to feed it in whatever he reads. A believer and an unbeliever, for example, can read the same book, and one will find in it arguments to strengthen belief and the other arguments to strengthen unbelief. They will have read the same thing; but each will have made mental note only of what interested him, and each will have construed doubtful passages according to his own obsession.

**The Young Lady Across the Way**

The young lady across the way says it's mighty nice, of course, to own your own home, but it's cheaper to rent and not have the taxes cost you anything.

**FOUR YEAR OLD BOY KILLED BY TRUCK TUESDAY**

BROWNFIELD, Texas.—One of the saddest accidents in the history of Terry county occurred on the McGee farm, a few miles east of town Tuesday morning when a truck ran over the little four year old son of Mr. and Mrs. Walton Wilson, crush-

ing out his brains. Death was instantaneous.

It seems that the mother and children had just driven up in the car and the little son always liked to ride with his father on the truck, when the little fellow, unknown to his father jumped out of the car and attempted to get on the truck, which was loaded when he fell under the truck with result

stated above.

The body will be carried to their old home in Silvriton, where interment will be made. —Terry County Herald.

Every subscriber to the Lynn Co. News is so because he is interested enough in the town and county to pay for the News.
