AIRPORT TO "GO OVER"

Big Spring Wins District Federated Clubs Convention

HOME TOWN TALK

By Beddy

B. F. Robbins, as most everybody in town knows, has put in more solid hours of work since the first of the year on Chamber of Commerce (or civic) work, than any other individual. He is chairman of the civic committee and the results of its clean up campaign are everywhere noticeable.

Mr. Robbins says that he's already heard that "that fellow Robbins wouldn't be putting in so much time with that business if he weren't getting 'something' out of it."

Can you imagine that? Which leads us to reflect upon the words of another local man. He said, folks, due to primal surroundings throughout life, or from possession of innate faculties that cause them to be of skeptical bent cannot conceive why any person would give of his time to something from which he could not hope to receive direct pecuniary benefit.

That some persons will work faithfully on tasks that are of benefit to their fellow citizens, and therefore in part or indirectly to them, is beyond the comprehension of a few folks.

But you know and we know that there are lots of men and women who have that broad outlook upon life. It is because of them that this city is growing. It is in spite of the others that it is growing.

That airport meeting was worth the money; meaning that it was the means of combing out a lot of superfluous dope and getting down to the real business at hand—making out a real AIA airport.

This poison sentiment against "that airport crowd," (which the writer happens not to belong to—yet) is all wrong. There's no reason for it. When the stock in the airport company was sold it was understood the port eventually would be made a municipal property. No doubt if a bond issue to establish it had been instead of forming a company and selling stock, the bonds would have been approved. But, when the bond issue was submitted, it was too juicy a plum for campaign "thunder" to be overlooked, and a lot of people, including the writer, honestly believed the time was inopportune for its submission.

The principle of municipal ownership of airports is sound because it is the most equitable method of owning one—every man helps pay for it in proportion to his individual wealth.

Census Figures

Wylie, Collin county, 771, decrease of 174.
Carrollton, Dallas county, 627, increase of 54.
Atlanta, G., 266,570; 1920, 204,396. Percentage of increase 35.6.

The 1931 convention of the Sixth District, Texas Federation of Women's Clubs, will meet in Big Spring, according to a telegram from Mrs. B. Reagan to the Chamber of Commerce here today.

Mrs. Reagan and Mrs. J. B. Young are delegates to the convention now meeting in Coleman, Mrs. Reagan as a district officer and Mrs. Young as a representative of the local Federation.

Delegates were guests of the City Federation at a tea at the Coleman Country Club in the evening.

PAMPA, April 23. (AP)—The annual convention of the seventh district of the Texas Federation of Women's Clubs opened here today with a luncheon honoring the executive board, Mrs. J. T. Whitmore of Snyder, president, presided over a board meeting.

BUNK HARRIS GIVES UP TO SERVE TERM

Appeal Is Denied and Sentence To Start Late This Week

His last appeal denied by the state court of criminal appeals, Bunk Harris, notorious Forsan gambling hall operator, who was convicted in district court at Big Spring on a charge of assault with intent to murder Miller Nichols and T. M. Robinson, returned here Tuesday and announced ready to start serving his nine year sentence.

Harris fought the case bitterly and several days were consumed by its trial nearly one year ago. Since a jury returned a verdict of guilty and assessed his punishment at nine years confinement in Huntsville penitentiary, Harris has been at Liberty on appeal bond.

McCrigh Awarded Contract by Robb

On a bid of approximately \$9,000 contract for erection of a modern brick store building with floor space measuring 35 by 100 feet has been awarded to E. V. McCrigh & Company by J. Y. Robb. The building will be located between Fourth and Fifth streets on South Main. The structure, which will be completed as soon as possible, will be occupied by the Piggly Wiggly store now located at Third and Main streets, of which Frank Pool is proprietor.

Boards Reject All Bond Bids; 98.75 Is Highest

Four bids for \$265,000, in Big Spring city bonds and six bids for \$125,000, in independent school district bonds were rejected at a public meeting held in the county courtroom Tuesday night at 7:30 o'clock.

After all bids had been refused by the school board and by the city commission, buyers were invited to attend another session of the commission Wednesday afternoon when proposals will again be considered. Buyers and the commission were closeted at the city hall at two o'clock, but no official announcement concerning sale or rejection was forthcoming.

It was the second set of bids accepted by the city commission having previously rejected all proposals on the same issue of \$265,000.

The highest bid for purchase of the city bond issue in a lump sum payable immediately was entered by the Southwest Investment Company of Austin which offered approximately 98.11, or a discount on the total issue of \$4,985. Garrett and Company of Dallas entered a bid with two alternate clauses. One provided for a discount of \$4,980, five dollars under Southwest Investment Company's offer, but the money was to be paid \$40,000 immediately with interest from date of issuance, April 15, and other amounts payable at 30 day intervals. H. C. Burt and Company of Houston entered a bid discounted \$6,666. A proposal entered by H. D. Crosby and Company of San Antonio did not receive serious consideration due to the fact that it provided installment payments over a period of 12 months.

The Southwest Investment Company of Austin also entered the high bid for public school bonds offering par less \$1,645 discount, which figures 98.75. Garrett and Company of Dallas asked a discount of \$2,425, or 98.06; Dallas Union and Trust Company offered to purchase bonds less \$2,450 discount, or 98.04; H. C. Burt and Company of Houston asked a discount of \$1,870, or 98.50; B. F. Dittmar of San Antonio asked the school board to suffer a discount of \$2,475, or selling at 98.02. H. D. Crosby and Company entered another installment bid that was not given serious consideration.

Another Prisoner Returned To Jail

Another prisoner, Sam White, was added to the list of those who escaped from the Howard county jail early last Monday morning and who have been returned to the barred arena. White walked into the sheriff's office Wednesday morning bringing the total number of captured or voluntary surrenders to six.

Officers expect Aubrey Cole, the fourth man under penitentiary sentence in Big Spring and West Texas to return to the jail break, to return Wednesday evening.

CENTRAL LABOR COUNCIL TO MEET THIS EVENING

A regular meeting of the Central Labor Council will be convened at 7:30 o'clock tonight, in Labor Hall in the rear of the Army Store on Main street. All delegates are urgently requested to attend. Members of affiliated crafts are generally invited.

RAIN NEAR MIDLAND
Heavy showers were falling near Midland, principally west of there, at 3 o'clock Wednesday afternoon, according to advices from the local sub-station of the Texas Electric Service Company. Disturbances on power lines were becoming more powerful at that hour, indicating rainfall was advancing toward Big Spring.

The Weather

West Texas: Partly cloudy to night and Thursday.

First Pictures of Ohio Penitentiary Fire

These pictures, Associated Press telephotos, are the first received in West Texas showing scenes during the fire at the Ohio penitentiary Monday evening, when 318 men perished. One of the pictures shows rescue workers laboring over fallen victims and in the other firemen are shown fighting the flames, which trapped scores of men in their cells.

COLUMBUS, O., April 23 (AP)—The death toll in the Ohio penitentiary fire disaster was increased to 318 today when Edward Wills succumbed in the prison hospital. Death was caused by suffocation.

Wills had been serving from five to seven years from Cuyahoga county for larceny.

PEN WILL TAKE MEN

Four Howard County Prisoners Will Be Transferred

Four prisoners in the Howard county jail who are now under penitentiary sentence and three of which were ring leaders in the jail break early last Monday morning, will be transferred to Huntsville late this week, according to a dispatch from Lee Simmons, penitentiary manager, received by H. R. Debusport, county judge.

REAL VETERAN TRAVELING SALESMAN RELATES INCIDENTS OF PRE-RAILROAD ERA HERE

Speaking at random from a fertile memory that recalls happenings in Big Spring and West Texas as early as 1882, S. G. Maddox, a veteran knight of the hand bag, told an audience of three men how he, the first man to travel west of Big Spring on the Texas Pacific line, reached Toyah, his destination.

PART OF BOND ISSUE IS PLEDGED; HAYWARD MADE CHAIRMAN

Firm in the belief, after detailed discussion of the airport problem's many angles, that improvement of the port to meet government AIA rating requirements is of vast importance to the city at this time, seventeen men, in a conference Tuesday evening at the Chamber of Commerce, pledged themselves to buy \$7,500 of a proposed \$30,000 issue of six per cent 5-year first mortgage bonds against the airport company's property and ended the meeting firmly resolved to go out and sell the remainder of the issue. G. H. Hayward was named general chairman of a campaign which will be staged immediately and intensively. He is to announce personal of the soliciting committee this week.

L. S. McDowell voiced the sentiment of the conference when he said, "it is going to go over."

Manager Watson of the Chamber of Commerce reviewed developments in the airport matter from its inception early last year, pointing out the advantages of obtaining fifty acres more land, with certain additional improvements to the lighting system and payment of \$20,000 indebtedness against the present plant, consisting of about 230 acres of land, a modern lighting system, two hangars, a shop and administration building.

Ray Wilcox, president of the Big Spring Airport, Inc., reviewed the work done since February 1929 that has resulted in establishment of the port, and gave a detailed account of reasons why additional financing now is needed.

Two weeks ago stockholders of the airport, who number but about 105, voted to ask the Chamber of Commerce to take over the task of selling a bond issue against the property. This task was accepted last night.

After prolonged discussion the vote on whether an attempt would be made to sell bonds or to sell more stock was 10 to 3 in favor of bonds.

Most of those present said they did not believe it possible to sell more stock.

One of the most extraordinary offers ever made in connection with a civic enterprise was that by M. L. Tinsley, who offered to release any subscriber to the citizens' \$100,000 bond issue in the Settles hotel from his pledge provided he would agree to buy the same amount of airport bonds.

The meeting was of the opinion interest payments on \$30,000 in bonds, which would total \$1,800 annually, could be guaranteed for the next two years, until the Southern Air Transport's lease of the airport expires, by one of two methods; (1) by having the city commission assess the Board of City Development tax provided for in the charter; (2) by having the directors of the Chamber of Commerce provide the interest fund as a part of its budget.

The proposition finally therefore, resolved itself into this:

1. Land and equipment owned by the airport company, conservatively evaluated, constitutes good and sufficient collateral for a \$30,000 bond issue.
2. Ample collateral existing, owners of bonds would have a good investment in them and owners of stock, therefore, in the long run, would own \$30,000 more property than they do, without selling any more stock.
3. Interest payments on the bonds can be guaranteed.
4. Those who subscribed for Settles hotel bonds may transfer their pledges to airport bonds.

Experienced business men, most of whom never had been in an airplane, candidly declared that they believed the airport a good investment for stock and bond owners, aside from its ultimate value to the entire community.

It was pointed out that the Amarillo Municipal Airport has been leased at \$600 per month for a 20-year period and that the Midland port is paying approximately eight per cent net profit on an investment of \$50,000.

Immediate cause for attempting to rush the refinancing plan lies in the prospect of obtaining for the local port the junction point of two government air mail lines that are to be established in a few months.

One of these lines will lead from New York to the Pacific coast via Saint Louis, Kansas City, Dallas and Fort Worth to El Paso. The other will operate from New York via Birmingham, New Orleans, Houston, and San Antonio, meeting the other line, it is now conceded, either at Sweetwater, Big Spring or Midland.

Department of commerce representatives already are obtaining intermediate or emergency landing fields, which must be located along these routes at intervals of approximately thirty miles. Stanton already had been designated for one of these fields and the field obtained. Two others have been installed between Pecos and El Paso.

Air mail planes will not stop here unless the junction point is located here, Mr. Watson declared. He pointed out that location of these lines is similar in importance to original location of existing railways and cardinal highways.

These government airways will be equipped with beacon lights installed at 10-mile intervals, each capable of projecting a beam of light five miles in either direction. There also will be radio beacons at intervals, to guide fliers, especially at night, along the correct route.

If this field is made the junction point of the air mail lines the question of whether it would be operated at a profit would be settled, Mr. Wilcox declared.

Furthermore, it was learned officials of the airport company had been given considerable encouragement from department of commerce representatives as to location of the

High School P-T. A. Installs Officers

Mrs. R. M. Ruffner was installed yesterday afternoon as president of the High School P-T. A. for the coming year. Other officers installed at the meeting were: first vice-president, Mrs. G. L. Rousey; second vice-president, Mrs. Lee R. Moffett; third vice-president, Mrs. Charles Koberg; secretary, Mrs. J. F. Austin; treasurer, Mrs. R. B. Jones; and corresponding secretary, Mrs. A. M. Rippes.

Mrs. R. Fullen gave a violin solo, accompanied by Mrs. Omar Pittman.

The reports of Mrs. L. L. Freeman and Mrs. A. M. Rippes, who were delegates to the district P-T. A. convention in Balinger recently, were heard by the assembled mothers. Both women brought out the things that they had learned at the meeting that would be of help to the organization here. Mrs. Flee-

man, who is a district officer in the P-T. A. thanked members for the life membership which they had conferred upon her.

The freshman mothers of the high school are preparing a rest room for the girls and reported that they had finished the bed and procured a mirror. They expect to furnish the rest room completely for the comfort of the girls.

Mrs. Charles Davis Has Club Luncheon

Using a spring color scheme of pink and white for all appointments, Mrs. Charles Davis entertained members and guests of the Progressive Bridge club at her home Tuesday afternoon.

Individual decorations of cut flowers were on every table, and bowls of sweet peas were placed about the room.

Mrs. Emory Duff won high score prize and was presented with a hand painted handkerchief. Mrs. W. A. Gilmer won the visitors' high score and was presented with a three cornered vase. Mrs. T. J. Higgins, who won cut prize, was presented with a deck of round playing cards.

A two course luncheon was served to the following guests and members: Mesdames W. F. Stone, L. C. Knight, Emory Duff, L. A. Stone, T. J. Higgins, O. T. Bell, Charles McCuller, Raymond Winn, A. M. Underwood, D. E. Crouser, W. A. Wheeler and W. A. Gilmer.

Six Bridge Clubs Meet Today

The following bridge clubs met today: Three-Four, at the home of Mrs. W. T. Strange, Jr.; Entre Nous, with Mrs. Tom Ashley; Triangle, with Mrs. James Little; Bluebonnet, with Mrs. O. Y. Miller; Ideal, with Mrs. Herbert Lees; and the O.F.F. unreported.

Bridge Tournament Friday Afternoon

The third bridge tournament to be held in the Federation clubhouse will be Friday afternoon at 3 o'clock. It is sponsored by the Work Bridge club.

All those who wish to attend will

please call Mrs. O. L. Thomas at 248-W for reservations. If she is not available call Mrs. Tom Ashley.

The club wishes to emphasize the fact that players will progress. This is a new feature of the tournament. The charge will be 50 cents a person.

The sponsors request that players bring their own cards.

T.E.L. Class Has 7th Anniversary

The seventh anniversary of the T. E. L. Class of the First Baptist church was celebrated Tuesday afternoon with a party given in the church parlors.

The hostesses for the occasion were: Mesdames Clyde Hutchins, K. S. Beckett, Ira Fuller, L. S. Patterson, and G. A. Brown.

The meeting opened with a song, "Have Thine Own Way Lord," fol-

lowed with the devotional by Mrs. Lester King. During the business session it was voted to send Mrs. Mayo, the classes adopted widow, a mother's day gift.

Mrs. J. A. Austin gave the closing prayer and the meeting was put in the hands of the social chairman, Mrs. Horace Jenkins. Many interesting games were played.

Mrs. Mack Perdue, who has been a faithful worker in the organization, is moving to Haskell, and in token of its appreciation the class presented her a silk bed spread. The Sunshine Class presented her with a bluebonnet picture and she also received presents from many individuals. The Sunshine sisters were revealed and many gifts were brought to them.

The guests were then led to the dining room which was decorated in the class colors of green and white. A birthday cake with seven candles was in the center of the

table. The table was also decorated with bowls of cut flowers. The color scheme was also carried out in the refreshments, brick ice cream and angel food cake. Plate favors were little cups containing green and white mints.

Mrs. George Brown and Mrs. L. S. Patterson acted as hostesses at the table, serving the cream and cake. Mrs. Beckett cut the birthday cake at this time each member read a wish that she had made previously. These wishes were for Mrs. Perdue, many of them being regrets of her leaving and others wishing her happiness wherever she goes.

The guests were: Mesdames Charles Carter, J. S. Austin, Horace Jenkins, Lester King, C. C. Coffee, J. R. Wright, J. H. Lewis, E. F. Robbins, R. A. Arker, H. H. Squires, W. E. Simmons, J. M. Gary, R. V. Hart, J. T. Mercer, L. A. Wright, J. C. Douglass, G. C. Vandergriff, Roy Lay, J. A. Boy-

kin, W. R. Douglass, B. N. Ralph, W. O. Reeves, Travis Reed, W. E. Tolison, Joe Copeland, G. F. Williams, Leon B. Cole, Jess Andrews, Harry Stalcup, Mack Perdue, Noble Reed, Ida Gentry; the Misses Mattie and Spencer Leatherwood and Rev. D. H. Heard.

BIRDIE BAILEY ANNIVERSARY

The first anniversary social of the Birdie Bailey Missionary Society of the Methodist church will be held Monday afternoon, April 28, at three o'clock at the home of Mrs. W. M. Ford, 1810 Johnson street. Invitations are being issued.

CEMETERY DONATION

A contribution of six dollars by I. D. Eddins to the Cemetery Association treasury was reported Tuesday by John Wolcott, the treasurer.

The water power resources of Canada have been estimated to be more than 19,000,000 horsepower.

Government insurance for school children has been established in Switzerland.

More than a million dollars a week is said to be spent in the United States for chewing gum.

Of the students who enter West Point Military Academy, only 60 per cent are ever graduated.

Presbyterian Meet Continues

Continuing the fellowship of prayer services Dr. C. T. Caldwell of Waco spoke at the First Presby-

terian church from text, 1:16-17, "Be not righteous over much. Be not wicked over much." The evangelist explained that the course of the present age was the middle of the road or 50-50 Christian. He explained that although our ancestry has been assailed for things believed and done that had convictions

and should be honored for that. According to the revivalist, the worst enemy of the good is a surrender to a fifty-fifty policy, neither hot or cold. Continuing further he stated that God expects men and women to be manly and womanly through the exercise of great decisions and following courageously

those convictions. Dr. Caldwell said that the present is in deep need of men and women who will step over the line whole soul for Christ in desertion of a fifty-fifty policy and be 100 per cent for righteousness. He explained that some might be like some of the members of the church of which he is pastor in that they came to church on Easter Sunday and missed the other Sundays. A few, he said, did some better in that they included Christmas. He said that the only way to be happy was to forsake that kind of fifty-fifty policy and be 100 per cent for the church services and back the work all the time. "To be somebody we must be 100 per cent," the revivalist stated that the Christian should cast aside his old clothes and take the uniform of Christ never to remove it, even as a civilian takes the uniform of his country never to remove it until the victory is won. Half loyalty would be treason.

With the concluding thought, the evangelist stated that Christ had done so much for man in leaving

the greatest glory of heaven to descend to the deepest woes of the cross that every Christian should be ashamed to do less than be 100 per cent for Christ. "Christ gave us everything, including this country of churches and religious freedom and the Church," He stated that should all the churches be removed from Big Spring the best real estate agent could not give away corner lots for no one would want property here without the influence of the church in the community. "None of you would take your wives and children to live in a land where the influence of the Church had not gone."

Dr. Caldwell exhorted the members of the church to be 100 per cent for the pastor and stand with him as the eleven disciples stood with the Apostle Peter when the sermon was delivered on the day of Pentecost.

Services were announced for tonight at 8:00. The day services are announced for 10:00 o'clock.

for the boys of Midway. The following officers were elected: Henry Robinson, president; R. L. Digby, vice president and Kenneth Gunter, secretary and reporter. The following boys became members: Kenneth Gunter, Lester Merrick, Woodrow and Henry Robinson, R. L. Digby, R. V. Teague, James Walton.

Thirty-two women attended a quilting party given at the home of Mrs. H. L. Shirley by Mrs. J. A. Shirley and Mrs. J. A. Shirley. Five quilts were completed and a sixth nearly finished. A nice lunch was served the following: Mesdames J. C. Brown, Robert Hill, O. W. Anderson, B. T. Pinkston, Walter Robinson, Charles Robinson, C. J. Tom, Umie Logan, E. E. Whitmire, H. W. Porch, J. V. Vick, J. R. Merrick, M. M. Walton, B. G. Gibbs, H. S. Walton, John Anderson, Jr., H. L. Shirley, J. A. Shirley, W. E. Patterson, A. Richardson, Roy Tom, Ester Elliott, A. A. Barnett, Annie Herbert, W. S. Miller, A. A. Barnett, Jr., A. L. Robinson, Altha Porter, Misses Mattie and Nora Miller and Essie Robinson.

The ladies of Midway community are enjoying the Health Club very much. Mrs. Showalter, county nurse, is offering very interesting lessons Mondays, Wednesdays and Fridays, which will continue thru the next three weeks. The meetings are well attended.

Mrs. Gimmie Barnett and daughter, Charlene of New Mexico, are visiting relatives and friends here. Mrs. Barnett formerly resided here.

Alton Holland has returned to his home in Lamesa after visiting relatives here.

Miss Inez Cockrell is visiting friends and relatives this week.

EASTER EGG HUNT
Thirty-five children, as guests of the Salvation Army, enjoyed an Easter Egg hunt Monday afternoon. The hunting ground was located just off the Gall road, north of the cemetery. Fifty dollars worth of eggs, contributed by Montgomery Ward & Company, were used as the "piece de resistance" of a session of hilarity for the youngsters.

J. V. Bush organized a 4-H club

Smart to own.. thrifty to drive .. topping its field in value

Judging the value of a motor car is just a common sense matter of weighing what it gives you against what it costs—and the obvious starting point is the amount of money you have to spend. What will \$1,000 buy in today's motor car market? A few months ago, such a sum would limit you to a six-cylinder car—now it will buy a straight eight—a Chrysler-built De Soto—the lowest-priced eight in the world. By every standard of value, the De Soto Eight is a true leader. You may think of it in terms of low price—but you will buy it because of its high quality. A few minutes behind the wheel will convince you, beyond all doubt, that an equal number of dollars cannot buy its equal from any other source.

SPORTS ON PARADE

By STANLEY NORMAN

City League Schedule Is Arranged

BIG BUM

Can you imagine a guy belittling an athlete for running the 100 yard dash in 16.2 seconds immediately after he has set a new district record in the high hurdles of 157 seconds? Well, that is just what 'this bird, Imright Cross, has attempted to do. He says Edwards failed to impress track followers in the district track meet at Abilene last week end and a lot of other intended bright remarks.

PREXY SAYS

Failure of Buren Edwards, Big Springs star track man, to run the 100 yards in less than 16.2 seconds in the district meet here last Saturday, has attracted comment from other quarters that the Steer sprinter possibly isn't so hot as advance reports had indicated.

For the benefit of Edwards' critics, we will repeat the facts as carried in our story of the meet. The 150-yard high hurdles race and the 100-yard dash came one-two on the program. The Big Spring boy skipped through the tall timbers for a new district record of 157 seconds, and, with very little rest, won the century. It is surprising that he was able to cop the latter event in such time. Our conviction is that when fresh, and with the proper pressure, Edwards could do the 100 in 16 flat, as claimed by his press admirer in his home town.

ALL SET

Arrangements are completed for opening the Big Spring Amateur Baseball Association schedule next Sunday afternoon at 2:30 o'clock. Fans of the city are due for a big surprise when they see the brand of baseball some clubs are capable of playing. There will not be the same lack of interest that characterized the city league last summer, nor will there be the haphazard management that was frequently disgusting during last season.

BOSS SAMMY

Sammy Sain, a veteran ball player, has tentatively accepted the job of umpiring all games and amateurs realize that Sammy knows

American Women To Play In Britain

This first invasion of Great Britain has appealed to American women so strongly that Miss Glenna Collett, the team captain, will be able to put an exceptionally brilliant team in the field when match play starts. Maureen O'Grutt, shown at the left, is one of the most brilliant stars of the present season having already captured several tournaments. Miss Collett's ability is known and proven. The two women shown above will form the nucleus of the American team.

LAST NIGHT'S FIGHTS

PORTLAND, Ore.—Primo Carnera, Italy, knocked out Sam Baker, Los Angeles, (14). CLEVELAND.—Billy Wallace, Philadelphia, and Joey Goodman, Cleveland, drew, (10). DAYTON, O.—Roy "Tiger" Williams, Chicago, outpointed Gorilla Jones, Akron, O., (12). LACROSSE, Wis.—Billy Light, St. Paul, outpointed Jack Pane, Chicago, (10). ATLANTA, Ga.—Sergeant Sammy Baker, New York, stopped Red Goodrich, Atlanta, (8). FRESNO, Calif.—Sailor Fay Kosky, Chicago, technically knocked out Ornel Astridillo, Los Angeles, (5).

White Sox One-Run Complex Reversed

CHICAGO, April 23 (AP)—The White Sox still have the one-run habit, but this year it's different. In 1929 they lost 35 games by a one-run margin. So far during the 1930 campaign under Donie Bush they have won three games, and all of them by one run. Two of them were 10-inning affairs. "Those are the games we want," Manager Bush remarked. "Lose plenty when we have to lose and have the extra punch for that extra big run when it's close." Work in the kitchen will be made easier if all surfaces are at a comfortable height.

105 GAMES BOOKED IN CITY LOOP

Opening Game Slated April 27 and Final Bout On Aug. 24

A complete schedule of 105 games opening April 27 and continuing through Aug. 24, has been arranged for the Big Spring Amateur Association. As was decided Monday evening, Cosden's Oilers and the Union Barbers will blast the lid next Sunday afternoon at 3:30 o'clock and games will continue each afternoon, except Saturdays, through August 24.

Probably the feature game of the season went to T & P Shops and the Laundrymen on July 1. These two clubs will furnish some of the snappiest competition available and it will afford an added attraction to the oil men's entertainment that is being planned here that day.

Each club will play six Sunday games throughout the season.

City league managers are asked to clip this schedule and keep it in a convenient place that no confusion or delay be experienced in completing the long 105 game card.

- Cosden vs. Barbers — Apr. 27, May 14, 30, June 13, July 7, 22, Aug. 19. Bankers vs. Laundrymen — Apr. 28, May 13, June 1, 18, July 8, 23, Aug. 11. T & P vs. Ricohe — Apr. 29, May 16, June 2, 19, 22, July 24, Aug. 12. Cosden vs. Laundrymen — Apr. 30, May 18, June 3, 20, July 9, 25, Aug. 13. Ricohe vs. Barbers — May 1, 19, June 4, 23, July 6, 28, Aug. 14. T & P vs. Bankers — May 2, 20, June 4, 24, July 10, 27, Aug. 15. Cosden vs. T & P — May 3, 21, June 6, 25, July 11, 29, Aug. 18. Bankers vs. Ricohe — May 4, 22, June 3, 26, July 14, 30, Aug. 17. Laundrymen vs. Barbers — May 6, 23, June 9, 27, July 14, 31, Aug. 3. Bankers vs. Cosden — May 7, 26, June 10, 29, July 14, Aug. 1, 19. Barbers vs. T & P — May 8, 24.

Dempsey to Hunt Lions in Africa

CHICAGO, April 23 (AP)—Jack Dempsey is going to Africa to hunt big game. Apparently postponing whatever plans he had of a ring comeback, the "manassas mauler" has accepted the invitation of George F. Getz, Chicago millionaire sportsman and big game hunter, to try his aim at lions and tigers in African wilds next winter.

Dempsey plans to take boxing gloves and other ring accoutrements along, however, for conditional workouts and to teach the savages the manly art of defense.

"Maybe I'll find a new heavyweight champion in one of our Safaris," Dempsey bantered. "Who can tell? Anyway, I hope I don't miss my aim at any lions."

Many of the former champion's friends believe his trip to Africa will definitely close his ring career, if it hasn't already been closed.

Carnera Flattens Another Opponent

PORTLAND, Ore., April 23 (AP)—Another easy victim was on the knockout record of Primo Carnera today, Sam Baker, Los Angeles negro, lasted only two minutes of the first round against the giant Italian here last night.

Carnera floored Baker six times, with crushing right hand punches before the negro was counted out. The weights were Carnera 273 1/2; Baker 248.

DRAKE PREPARING FOR ANNUAL RELAY CARNIVAL

DES MOINES, Ia., April 23 (AP)—Drake University today detailed a force of track experts to the task of preparing its cinder path for the 2,600 athletes expected to compete in its annual relays Friday and Saturday.

Men representing 30 universities, 45 college and 100 high schools in 17 states will take part in the meet.

- 25, June 11, 30, July 17, Aug. 4, 20. Ricohe vs. Laundrymen — May 9, 26, June 12, July 1, 18, Aug. 5, 21. Cosden vs. Ricohe — May 12, 27, June 13, July 2, 20, Aug. 6, 22. Bankers vs. Barbers — May 13, 28, June 16, July 3, 21, Aug. 7, 23. T & P vs. Laundrymen — May 11, 29, June 17, July 4, 13, Aug. 8, 24.

SHIPPERS ARE REAL THREAT

Results of Northern Invasion Will Be More Indication

Texas league pilots are about ready to call out the fire department to stop the clouting array from the coast. Either the Beaumont Shippers are a potent outfit, or they are encountering some class D opposition in McLennan county. The truth will be known when Manager Del Baker leads his surprise package on an invasion of the northern sector, starting tomorrow.

An unusual feature of yesterday's Beaumont victory was the fact that the clubs were even in hits, each with 14, and each made two errors, yet the Shippers nearly tripled the Cubs score. The difference was that the Exports bunched their blows with seven bases on balls, while Denny Burns gave up only two passes and was effective in the pinches. Holly smacked two homers for the winners and Spear, rookie outfielder, hit four out of four for the Cubs.

The Houston Buffs pulled the prize feat of the day to take their second from San Antonio and go into third place in the league standing. Held to one run until the seventh, they scored six times in that frame and then came right back with seven more in the next. The final count was 14 to 3.

Fort Worth's winning streak was halted at three straight as the Sports squared their series, 7 to 4, and became sole occupants of second place. Boss Snyder sent four hurlers to the mound in an effort to pull the game out of the fire, but all were treated pretty much alike.

Wichita Falls, four days ago leading the procession, skidded another notch down the ladder into fourth place as the Dallas Steers won again, 8 to 2. It was the fourth straight loss for the Spuds and the first defeat for the club's ace southpaw, Hal Wiltse, who previously had won three.

Hillin, former Texas Aggie star, looked good in relieving Wiltse. He held the Steers to one run in four innings.

Clear cold water is first aid for egg stains.

Bill Hallahan Proving Worth

By HUGH S. FULLERTON, JR., Associated Press Sports Writer

The Chicago Cubs may be champions of the National League and a dangerous team, but they are just another ball club where Bill Hallahan of St. Louis is concerned. Hallahan, left handed pitcher who failed to live up to expectations last season, has beaten the Cubs twice this season and is in a fair way to become a permanent jinx.

In two games, the Cubs have scored just four runs off Hallahan, three coming from a homer by Hack Wilson yesterday as the Cardinals scored an 8 to 3 triumph. They have made only seven hits.

In 1929, Hallahan pitched 94 innings in 20 games and allowed 91 hits while striking out 52 opposing batters. But he gained the well-earned nickname of Wild Bill by handing out 60 bases on balls. Against the Cubs this year, Bill still is wild, but somewhat more successful. Yesterday he gave seven walks and fanned nine. In his previous two-hit triumph he added two to each total.

The Cards and the Cubs supplied just half of yesterday's National League schedule as New York and Boston were rained out while Pittsburgh and Cincinnati were not scheduled.

In the other game, the Phillies beat out Brooklyn, 6 to 5, as Chuck Klein and Barney Friberg did the most effective part of Philadelphia's heavy hitting.

The Philadelphia Athletics continued to set the pace for the American League by demonstrating to a New York crowd of 66,000 how to beat the Yankees. A home run in the ninth inning by Bing Miller gave the Athletics a 7 to 6 victory.

The Chicago White Sox moved into second place in the standing by defeating Cleveland, 4 to 3, for their third victory in four games.

Washington continued its smart playing to nose out the surprising Boston Red Sox, 4 to 3, in a twelve inning duel between Charley Ruffing of Boston and three Senator moundsmen.

The St. Louis Browns had to go 13 innings to gain a 5 to 4 victory over Detroit after the Tigers had scored twice in the ninth to tie the score.

how and why he calls 'em as he sees 'em. Furthermore, Sammy is experienced, knows how ball players are prone to argue and knows how to soothe the savage temper, or be rid of the offender. That's the type of management the city league will have this season and it will prove a boon to interest in the circuit.

A PLAN

A suggestion was made at last city league directors meeting that merchants of the city take advantage of the advertising opportunity and offer inexpensive merchandise prizes for the first home run, the first hit, the first strike out, the first put out, the first double play, the first base on balls, etc. It is not a bad suggestion and it will definitely link contributing merchants names with the city league and indicate that they are solidly behind some 100 or more members of the Big Spring Amateur Baseball Association which will play through April 27, next Sunday, and continue thru August 24. A representative of the league will probably be delegated to interview merchants and obtain their ideas on the plan.

St. Louis at Chicago.

Boiling tomatoes or rhubarb in aluminum utensils brightens them.

THIS GAME OF GOLF

By O. B. Keller

Contrary to the expressed opinion of a number of gold critics and well-known professionals, that the American ladies' team had little or no chance to win the first international match with the British team at Sunningdale May 1, and 2, I feel that our girls have at least an even break—especially since learning the personnel of the party sailing April 22 on the Berengaria.

The opposing view takes a rational cognizance of the following handicaps:
1. The invaders will have, at most three days of practice before the match.
2. They will find a vast difference in climatic conditions.
3. They will experience the usual difficulties of the American golfers, men and women, in adapting their game to British courses and British breezes—and Sunningdale is likely to offer a breeze.
4. They will meet a rank and file of opponents better, in competitive play than the feminine experts of this country.

It is hard for a patriotic American to figure who is to beat Glenna Collett, Helen Hicks, Maureen O'cott and Virginia Van Wie—a great quartet forming a nucleus of half the team, with the capable support of another four to be selected from Mrs. O. S. Hill, Miss Edith Quier, Miss Bernice Wall, Miss Peggy Wattle, Miss Marian Bennett, Mrs. Leo Federman, Mrs. Stewart Hanley, Miss Virginia Holdzerber, Miss Rosalie Knapp, Miss Louise Fordyce, Mrs. H. A. Martelle, Miss Fritzi Stifel, Mrs. Lee Mida, and perhaps others who may decide to go.

My selection of a team, from the roster in hand, would be something like this:

Glenna Collett, Helen Hicks, Maureen O'cott, Virginia Van Wie, Edith Quier, Mrs. Federman, Mrs. Hill, Louise Fordyce or Bernice Wall. A couple of Pacific Coast players could be included in the American team with benefit, but they are not announced as going.

Undue optimism may be suppressed by considering what Mrs. Dorothy Campbell Hurd said at Virginia Hot Springs in 1928, concerning the defeat of Miss Collett by Miss Mabel Wragg in the British ladies championship that year. "The American writers are all asking, 'Who is Miss Wragg?'" she said. "I can tell them that in Britain the woods are full of Miss Wraggs. There are hosts of fine players there that Americans never hear about."

Thrall Gusher Blazing Mass

THRALL, Tex., April 23 (AP)—A flaming torch of oil today marked the site of the No. 1 Simons gusher, which caught fire last night in the Cahman oil field as it blew in unexpectedly. The well owned by R. L. Marts, suddenly began shooting petroleum from a depth of 1,871 feet, the oil spraying 15 feet above the crown block. The liquid caught fire from a nearby boiler, used in the drilling operations. Authorities believed, from 3,000 to 5,000 barrels of oil daily was being consumed by the flames. Twelve boilers, all available in the field, were connected to a steam line, and workmen began shooting live steam into the hole.

Robbins Issues Statements On Clean Up Work

The clean up and paint up campaign fostered and promoted by the civic committee of the Chamber of Commerce of which B. F. Robbins is chairman, has been completed and a final report made on the project.

In Mr. Robbins' report, the following information is contained: "At last we have finished the big job of cleaning up our city. Now let us keep it clean, sanitary and sightly."

"Your Chamber of Commerce civic committee wishes to take this opportunity to thank every individual and organization that has assisted and cooperated in this big civic undertaking. Especially do we want to thank the men who have quit their business and donated their time in helping supervise hauling of trash, rubbish and garbage from streets, alleys and vacant lots."

"The men who have assisted us so much for the past five days are Roy Freeman, Frank Temple, C. E. Johnson, W. C. Mann, T. E. Thomas and Walter Vastine."

"We also want to thank the city commission and V. R. Smitham for cooperation in furnishing seven or eight trucks for clean up week. At the same time we think the small cost to tax payers of our city is well spent."

"And last but not least we want to thank the newspapers and the R & R theatre management for assistance in placing the program before the public. "We have many more projects in our civic program which will be given attention now as we have completed what we considered the largest job of all. Let's all pull together for the things our city needs to make it a bigger and bet-

ter and more desirable place in which to live," concluded Mr. Robbins.

FALL OF A PRINCESS

VIENNA — Europe's royalty has taken a serious blow since the World War. One of the royally, Princess Ida, daughter of Prince Sulkevsky, has just been discovered serving a suburban family as a scrubwoman. Through a series of unfortunate marriages, in which her fortune was swept away by wasting husbands, she has been reduced to a state of near-poverty.

ODD CHECK CASHED

COLORADO SPRINGS. — What is thought to be among the smallest checks ever cashed in the United States was honored by a local bank here recently. In addition, the check, valued at one cent, was 33 years old. It represented a dividend on one share of stock in the Portland Gold Mining Company on May 15, 1896.

BABY WHISTLES

LONDON — Cyril Dickson, age 11 months, is said to be the youngest whistler in the world. The little fellow cannot walk, crawl or talk, but he sure can whistle. On awakening in the morning he arouses his parents with his high shrill whistling. He continues almost without ceasing throughout the day.

It takes 15 days for the average human body to recover from the loss of two consecutive nights' sleep.

Associated Press Established New Speed Record When Dispatch Is Sent Around Globe Twice, In Two Hours

NEW YORK, April 23 (AP)—

Passing through every sea and continent and relayed in 22 foreign bureaus of the Associated Press and Reuters, the British news agency, a message has twice encircled the world in the amazing time of two hours and five minutes.

The message was sent on March 31 by the Associated Press to test the speed of its wire and cable services. The result of the test was not announced until the eve of the annual Associated Press meeting here Monday.

Receiving the message: "Associated (bureau) greetings rush relay Keper," the bureau named immediately despatched it to the next prearranged relay point.

"Associated" in the cable address of the Associated Press, and "Keper" the general manager.

Starting from the New York general offices of the Associated Press, the six word message was despatched to London and in less than a minute after it had been received there was on its way to Madrid.

In one hour after leaving New York the message had been relayed through Paris, Geneva, Rome, through Buenos Aires, Rio de

Constantinople, Vienna, Berlin and Moscow and was speeding its way across the vast expanse of Russia to Peiping.

From Peiping it continued its journey through Shanghai, Tokyo, Manila, Honolulu and San Francisco, being relayed from bureaus in each of those cities. San Francisco sent the message on to Mexico City, and to expedite its delivery the Western Union Telegraph Company used its cross continent circuit to New York where there hardly was a moment's pause before the words continued on their way over the direct New York-Mexico City wire.

The message did not come to the New York Associated Press offices from San Francisco, but when it passed through the Western Union office here it had completed the first half of its itinerary touching every continent in the Northern Hemisphere and relayed through 15 offices of the Associated Press around the world in one hour and 37 1/2 minutes.

Mexico City received the message three minutes after it had left San Francisco, and in another minute it was on its way to Havana. On

Janeiro, Capetown, Cairo, Bombay, Melbourne and then via the 6,000 mile cable from Australia to Vancouver and back to the Associated Press general offices in New York the message completed the second lap around the world in 27 1/2 minutes.

The message went through seven less relay points in its journey around the southern half of the globe yet its route was thousands of miles farther than that taken around the Northern Hemisphere.

There was no delay at any point along the route, every telegraph and cable company in every country the message passed through gave its swiftest service.

In Russia the Soviet government telegraph officials placed their Moscow Siberian reserve line at the disposal of the great Northern Telegraph Company. This jump across the Siberian plains was one of the longest, and it took only four minutes to go from Moscow to Peiping.

The SUN pours fragrance into these tobaccos

LONG BEFORE the choice leaves of golden Turkish and velvety brown Domestic tobacco are selected for Camel Cigarettes, nature's own alchemy has worked a miracle in them that no effort of man can hope to duplicate.

Every tiny leaf-cell is irradiated—stored full of goodness by the clean, pure vigor of the sun!

Our share in the making of Camels is to see that all of the fragrance, mildness, mellowness, aroma—in a word all of the natural goodness of these sun-ripened tobaccos is preserved and developed—then to combine them into the smooth, delightful harmony of the famous Camel blend, and manufacture them into cigarettes by the most modern methods known to the industry.

You can taste the natural goodness in every delicious puff of a Camel Cigarette.

Part of Bond Issue—

Clyde E. Thomas explained the city charter provision which empowers the city commissioners to levy a tax of not more than ten cents for support of a Board of City Development. This money could not be spent by the Chamber of Commerce but the twenty men constituting the directorate of the Chamber of Commerce could be designated also as directors of the Board of City Development. They could, then, administer the B. C. D.'s fund, separately from those of the Chamber of Commerce.

This charter provision, which is section 6, article 12, reads as follows: "The Commission shall have the authority of City Development" which shall be composed of fifteen to appoint what shall be known and designated as a "Board members, who shall serve without compensation. Said commission may prescribe the qualifications and duties of such board, and their term of office and may appropriate not exceeding ten cents on the one hundred dollars assessed valuation of taxable property in the City of Big Spring, from the general fund of said city, to support the work of the board. This board shall never merge its identity with any other organization, and shall furnish the City Commission an itemized report of its expenditure for publication in the annual financial statement of the city."

Those attending the meeting were: M. L. Tinsley, Tom Ashley, T. S. Currie, Lonnie Glasscock, Clyde E. Thomas, R. L. Price, F. F. Gary, L. S. McDowell, Joye Fisher, William S. Davies, B. F. North Atlantic States Freezing

NEW YORK, April 23 (AP)—Freezing temperatures and snow falls in various quantities visited the North Atlantic states this morning, breaking records of fifty years or more.

An area of high pressure in the Canadian Northwest, which extends to the Gulf coast and reaches the Atlantic Ocean in lessening intensity, was said by weather bureau officials to be responsible.

Rochester, with the mercury at 24, experienced the coldest April 23 in the history of the weather bureau, the nearest approach being 26 degrees in 1872.

"CONFESSION" DOUBTED

LON ANGELES, April 23 (AP)—Discrepancies in the voluntary "confession" of Russo Rinaldo, 41-year-old accountant and shell shocked world war veteran, that he was the murderer eight years ago of William Desmond Taylor, motion picture director, led police detectives today to discredit his story.

Pen Will—

ing their sentences. Aubrey Cole, the fifth convicted man who escaped jail last Monday morning, was still at large Wednesday morning, but officers were in receipt of a tip that he would give up during the afternoon.

Willis and Fleming are under two year sentences each for forgery. Brown was convicted and sentenced to one year on a liquor law violation charge while Bunk Harris is under nine year sentence for assault with intent to murder.

SHIRES INJURED
CLEVELAND, April 23 (AP)—Arthur Shires, first baseman of the Chicago American league baseball team, will be out of the White Sox lineup for at least a week and possibly two weeks, team mates said today. He was injured in yesterday's game here with the Indians, when he collided with Johnny Hodapp, Indian second baseman.

Hodapp was trying to make a double play at the time of the collision and had one knee in the air as Shires bumped him. The knee prodded Shires in the ribs.

ANOTHER PLANET?
OTTAWA, April 23 (AP)—Old photographic plates taken at the Dominion observatory here in 1924 today were found to record a celestial object that Dr. R. Meldrum Stewart, observatory director, believes is the trans-neptunian planet X discovered by the observatory in Flagstaff, Ariz., March 13.

WELL EXTINGUISHED
THRALL, Tex., April 23 (AP)—Fire in the R. L. Marts No. 1 Simmons oil well, which had been burning since 5 p. m., yesterday was extinguished about noon today.

GENERAL MOTORS
NEW YORK, April 23 (AP)—General Motors Corporation today reported net earnings for the first quarter of the year of \$41,968,587, after depreciation, interest, federal taxes and other charges, against \$1,910,987 in the first quarter of last year.

LONDON—All illegals seem to have departed without Anglo-American alliances. One of the girls with the American naval delegation, homeward bound, remarked that London men were the finest she had ever met, and a marine said the London girls were wonderful. No engagements have come to light.

Clothing Contest Winners Named

Lucille Ammons and Fannie Sue Read were chosen as delegates to the State Clothing Contest in Houston, May 1-2-3, when their afternoon and sports dresses were judged as best in the high school clothing classes yesterday afternoon, according to Miss Helen Fay Bonner, head of the department.

There will be three entrants, one each for the classes 1, 2 and 3, but the winner of the wash school dress group has not yet been selected. The judging for this group will be done tomorrow afternoon.

SUIT TO GET RID OF PEO LAWS CONSIDERED

WASHINGTON, April 23 (AP)—An intention to bring a suit "in the not distant future" in an effort to get the eighteenth amendment out of the constitution was expressed in a letter by William H. Stayton, chairman of the board of the association against the prohibition amendment, introduced today in the senate lobby investigation.

Twenty-five miles of spider thread would weigh only eight ounces.
