# Thousands Greet Easter At Outdoor Park Services

## HOLD YOUR EASTER HAT TIGHT, GIRLS

It may be wise to keep a hand on your bonnet, but otherwise mild weather is in prospect for the Easter parade in Big Spring. The US weather bureau said the outlook was for partly cloudy skies with rising temperatures in the afternoon. The catch, however, was the prospect of a 15 mph wind out of the west, but compared to the past two days, such would be in the gentle zephyr class. An extraordinary low barometer (it dropped to 990 millibars against a normal of 1,000 plus) accounted for the big blow. Saturday the low pressure area was in Iowa and Missouri but moving on rapidly. At 1 p. m. Friday winds hit 48 mph with gusts up to 60 mph, eased off to 35 mph in a couple of hours, building up to 38-40 mph velocity at about four intervals and dropping as low as 16 mph at 6:30 a. m. Saturday before kicking up to 36 mph two hours later. At 11:30 a. m. the wind gradually started easing. The bureau gauged .02 of an inch rain Friday at 3 p. m. when a shower fell in the midst of a dust storm kicked up by a sudden shift from the west to the north-west.

## Reviewing The Big Spring -Week-

Don't forget the clean-up campaign which starts Monday. If you hurry, trash collected in the effort will be hauled free by the city provided you stack it in boxes, sacks, etc., at the property line—preferably near the garbage can. Several score truckloads of refuse should be collected. Easter should be a reminder to those who have received Easter seals to send along contributions to the crippled children's fund. The work of the society is expanding to offer some aid in spastic cases, so support is more needed than ever. Checks should be mailed to Mrs. James T. Brooks.

When crazier weather happens, it probably will be to Big Spring. Take Friday as a case in point. The day dawned still and balmy; then sand and dust blew in gusts up to a mile a minute; and rain fell in the middle of it all. That left the ground damp with dust still in the air.

The chamber of commerce aviation committee last week laid first plans for a big air show here May 3-4. Unlike so many events, this one will concentrate on a display of the latest models of private planes, and there ought to be something like 40 or more on exhibit.

Biggest thing which has happened to Howard County Junior College since it obtained use of the hospital buildings at the bombardier school and opened its doors unfolded last week. The institution was accepted unconditionally by the Association of Texas Colleges, making credits acceptable in virtually all colleges of the country. That answers the one big question that prospective students always raised.

Totals to date show 3,706 scholastics enumerated. This is about 100 short of the final total last year and it is probable a recheck

By The Associated Press

With glad song, pageant and ancient ritual the nation's millions of worshippers celebrated the Easter festival today and heard anew the story of the risen Christ. As sunrise came across the land thousands were expected at outdoor services in the large centers of population. Over much of the nation the forecasters promised rain and an unseasonable chill to dampen feminine plumage in those stylish Easter parades. Two hundred thousand were to hear the Easter message at the 22nd annual Holy City Pageant, a replica of Jerusalem in the foothills of Oklahoma's Wichita mountains near Lawton, beginning at night and continuing until dawn. Sunrise services at the Hollywood Bowl and at Glendale, Calif., near Los Angeles, were expected to draw a total of 80,000. There were half a dozen outdoor sunrise services scheduled in New York City, including one on the Mall in Central Park. Massed choirs and corps of trumpeters were to bring their Easter music to Chicago's Soldier Field before 50,000 at a 15th annual dawn service. San Francisco scheduled its 23th annual sunrise observance atop 938-foot Mt. Davidson with its illuminated 103-foot cross. But the traditional egg rolling on the White House lawn in Washington was cancelled because of hunger in other lands. Cherry blossoms along the capitol's tidal basin were not expected to bloom until next week but some 150,000 Easter tourists jammed the city. Atlanta's Grant Field stadium anticipated 10,000 worshippers, and those famous Georgia peach trees, in full bloom, were ready for the scrutiny of motorists. Old New Orleans planned a street parade on floats and the Carrollton Carnival club, a mardi gras society, was to play host to 7,500 orphans. Fredericksburg, Tex., continues a custom practiced there for 101 years, the lighting of Easter fires in the hills about the town. Children are told Easter bunnies light the fires to dye vari-colored eggs. In every city the great cathedrals and churches, bedecked with fragrant Easter flowers, scheduled services.

## Trucks To Start Pick-Up Service For Clean-Up Campaign Monday

City trucks will launch initial pick-up service for the city wide clean up campaign at 7:30 a. m. Monday. The trucks, manned by city personnel, will continue the service on regularly scheduled routes through April 16. D. M. McKinney, chairman of the chamber of commerce civic and beautification department, which is sponsoring the campaign jointly with the city, called on residents to redouble their efforts during the next few days to insure a thorough clean up program. "We must remember that cleanliness is our best insurance against disease epidemics during the summer months," McKinney declared. Pointing out that this factor alone should create enough impetus to provide a successful campaign, he reminded that several other advantages also may be derived from clearing away rubbish and trash deposits. The general safety of a city depends to a great extent upon its cleanliness, McKinney continued. McKinney said the chamber's civic and beautification department also is interested in seeing the drive completed successfully, because it will aid the department's general program for the year. Although it is impossible to make flower gardens and colorful displays in all areas, no section of the city should harbor unsightly trash, he asserted. If the citizens of Big Spring will take advantage of the opportunity provided by the clean-up campaign, the general appearance can be improved in one concerted effort, McKinney concluded.

## Truck Pick-Up Schedules Given

The pick-up schedule follows: Route one—At 7:30 a. m. Monday, trucks will begin in the alley between Runnels and Johnson at Fourth street. From that point they will work south to 24th street, and east to Goliad and from 11th Place south to the city limits. This route will be completed Wednesday. Route two—At 7:30 a. m. April 10, trucks will begin in the alley at Fourth street between Main and Runnels, working south to 24th street and west to Lancaster. This will also include Edwards Heights and Park Hill additions. Route two will be completed April 12. Route three—At 7:30 a. m. April 14, pick-up work will begin at Third Street between Lancaster and Bell and work south to 10th street and then west to the city limits. Another section will begin in the alley at Second street between Goliad and Austin and South to Sixth and east to the city limits. Third section will begin on North First and Benton, working west to city limits. This route will be completed April 16.

## New Greek King To Wield Shovel

CLEVELAND, April 5. (AP)—Asserting "modern kings must earn their keep to survive," King Paul I of Greece plans to wield a pick and shovel to lead a volunteer Greek corps in rebuilding the kingdom's key road from Athens to Salonika, a Cleveland Plain Dealer correspondent reported from Athens tonight. Correspondent John P. Leados said the Greek monarch, in his first interview since the death of his brother King George II, proposed to start the road-building project soon after Greek Easter, April 13, and a brief mourning period for the late king—despite danger of attack by guerrilla bands.

ASUNCION, Paraguay, April 5. (AP)—The Paraguayan government announced today that loyalist troops pushing northward against insurgent forces had occupied Ybasopo, a strategic point nine miles south of the rebel stronghold, Concepcion.

## Coffee, Hogan And Conley Win Posts In School Election

Voters in the Big Spring Independent School district re-elected John A. Coffee and Dr. J. E. Hogan to the trustees board for their first elective terms and named Dan Conley to a third post in Saturday's election. Coffee, with 376 votes, was the top candidate in the field of six. A total of 596 votes were cast.

A total of 532 voters in the Big Spring district cast ballots in the Howard County Junior college board election, in which Dr. P. W. Malone and Otis Grafs Sr., both incumbents, were unopposed. Conley was second man in the Big Spring school election with 333 votes, while Dr. Hogan received 300. Following in order are H. W. Smith, 278; Dr. C. W. Deats, 266; and Boone Horne, 137. Balloting was considerably lighter than in the city election Tuesday, when 1,263 came to the polls to choose two city commissioners from a list of six candidates.

Dr. Hogan and Coffee are completing appointive terms on the board, after taking posts following two resignations, several months ago. Conley is a former member of the Big Spring high school faculty. He served as band director until two years ago, when he resigned to establish a business here. The new board members will be sworn in Wednesday night. Holdover members of the school board are R. L. Tollett, Ira L. Thurman, Dewey Martin and Justin Holmes.

COAHOMA, April 5.—Truett DeVaney and Russell Dorsey were elected to the board of trustees here Saturday in light voting. Official totals were not immediately available. J. D. Gilmore captured most of the votes for county trustee from precinct No. 2. There were only 34 votes cast. DeVaney was the only incumbent asking reelection.

G. W. Dabney and Willard B. Sullivan will be sworn in and formally assume posts on the Big Spring city commission Tuesday afternoon. They were elected from a field of six in the city election Tuesday. Dabney will begin his second term as a commissioner.

## Marines Killed By Communists

TIENTSIN, China, April 5. (AP)—Ammunition hungry Chinese communists killed five US Marines and wounded 16 today in a smartly planned raid on the marines' principal north China depot, at Hsinho, 22 miles east of Tientsin. Most if not all of the marine deaths occurred when the raiders blew up part of the dump. The communists left six of their own dead on the scene of the four-hour and 15 minute battle and captured away an estimated 100 wounded. No prisoners were taken on either side.

Four hundred Chinese government troops took up the pursuit northward while marine observation planes kept the retreating raiders under surveillance. The marines themselves organized a heavily armed convoy under Col. Julian N. Frisbie, commander of the fifth regiment. A marine statement said identification of the dead Chinese left no doubt that they were communists.

## Army Plane Crash Kills Four Persons

DECATURVILLE, Tenn., April 5. (AP)—Four persons, relatively unidentified, two army officers and two civilians, were killed today when an army transport plane ran into a storm and crashed on a hillside seven miles southwest of Decaturville. Carol Avery, correspondent for the Memphis Commercial Appeal, said the plane was a C-47 and that its log indicated it was based at Maxwell Field, Ala. Unconfirmed reports were that the transport was en route from Bolling Field in Washington, D.C., to Memphis. Avery said two of the dead were army insignia of captain and colonel.

## Krug Rejects Lewis Proposal To Close Mines

WASHINGTON, April 5. (AP)—Secretary of the Interior J. A. Krug rejected tonight a proposal from John L. Lewis that he close all but two of the nation's seized soft coal mines pending a safety check, pointing out that the miners have authority of their own to shut down unsafe workings. "The impasse, with the federal mine boss and the head of the United Mine Workers disagreeing over where the responsibility for mine safety lies, threatened to prolong the mourning" stoppage in the coal fields. Krug's response, in a letter from Navy Capt. N. H. Collinson, mine administrator under the secretary's supervision, called the proposed general shutdown an "arbitrary procedure." It recalled that the secretary previously had ordered 518 mines closed as "dangerous" and said the remainder of the 2,531 pits in government hands will reopen unless local union safety committees find "imminent danger" in them. "The secretary reminded Lewis that under the Krug-Lewis contract the local union safety committee can withdraw the men from any mine it considers "so unsafe as to present an imminent danger." "But Lewis already has directed, in the case of the 518 closed mines, that union safety committees should not sign certificates of safety to permit their reopening "as such certificates could probably be used against us later on if accidents occur."

## 20 Freight Cars Wreck In Street

AMARILLO, April 5. (AP)—Twenty cars of a 92-car west-bound Santa Fe freight train were derailed and smashed at Panhandle, Texas, early today. None of the five-man crew was injured. Santa Fe officials made no estimate of the damage, but it was evident that it would run into thousands of dollars. Included in the damage cars were a number of new automobiles, car parts, refrigerators, tractors, heavy construction pipe, other items of heavy equipment and groceries. Between 300 and 500 feet of rails were ripped out by careening cars which piled up on the Panhandle main street crossing. Main line traffic was held up about five hours while wrecking crews cleared a path through the wreckage and replaced rails. Railroad officials expressed belief a broken journal on one of the cars caused the wreck.

## Girl, 21, Found Strangled In Bed

CORPUS CHRISTI, April 5. (AP)—Billie Rust Brown, 21, daughter of Mrs. C. M. Rust of Haslet, Texas, was strangled to death in her bed here early today, police reported. A 22-year-old sailor, veteran of war service in the South Pacific and Philippines, was held in the county jail in connection with the crime. Justice of the Peace B. A. Carter returned a coroner's verdict of murder by strangulation. Miss Brown came to Corpus Christi last January and had been employed by a local company. Two cab drivers said they found the sailor, a Ward Island aviation radioman, wandering the streets in a dazed condition just before dawn. They called police officers and the sailor led them to the apartment where they found the young woman's nude body.

## Marrriages Take Slim Lead Over Divorces

Marrriages in Howard county outnumbered divorces during the first quarter of 1947 — but by a small margin. Records in the county clerk's office show 85 licenses issued the first three months of the year against 62 petitions filed for divorce with the district clerk. There were no records immediately available on actual number of divorces granted.

## Eleventh Hour Meet May Settle Dispute

WASHINGTON, April 5. (AP)—Secretary of Labor Schwelienbach expressed hope tonight of settling the dispute which threatens a nation-wide telephone strike Monday and appealed to union members to "keep on working" while negotiations continue. "Anything can happen between now and Monday morning," Schwelienbach said in a statement. "I am asking all telephone employees to remain calm and keep on working until they learn the results of these eleventh hour discussions." A union official in New York had predicted that the telephone workers there would "jump the gun" and start walking out ahead of the 6 a. m. Monday deadline. Schwelienbach's statement came after lengthy talks with J. A. Beirne, president of the National Federation of Telephone Workers, and C. F. Craig, vice-president of the American Telephone and Telegraph company. The secretary saw each separately. In these talks, Schwelienbach moved to bring about industry-wide arbitration of the dispute. He also talked of possible "regional arbitration," although this idea was not fully explained. "Thirty-six hours remain until the strike deadline," Schwelienbach's statement said. "Intensive negotiations are going on between the union and company representatives, both in Washington and in a score of other cities around the country. Some progress on local issues has been made in some of the local negotiations today. Any-

## Strike Calls Sent

ST. LOUIS, April 5. (AP)—The Southwestern Telephone Workers Union (Tid) announced tonight that it had sent out a strike call effective at 6 a. m. (local time) Monday to its members in the five-state area served by the Southwestern Bell Telephone Company. The Southwestern Union claims as members about 40,000 Southwestern Bell employees in Missouri, Arkansas, Oklahoma, Kansas, Texas and a small area of Illinois.

## Round-The-World Flight Is Delayed

NEW YORK, April 5. (AP)—Weather further delayed today the takeoff of the converted A-26 Douglas bomber in which Milton Reynolds, Chicago pea manufacturer, hopes to establish an official round-the-world flight record of 55 hours.

## President Says GOP Economy Drive 'Invitation To Disaster'

WASHINGTON, April 5. (AP)—President Truman declared tonight the United States "must take a positive stand" against aggression in all its forms and must keep its own economy strong by lowering prices. In the foreign field, he proclaimed that "we must aid those peoples whose freedoms are endangered by foreign pressures." And he specified aggression "secretly by infiltration" as well as openly by armed force. "At home, he termed the Republican economy drive inconceivable "an invitation to disaster," rallied the Democrats against immediate tax cuts and economies he called "false," and earnestly besought lower prices. "Many prices low, he asserted, are "unnecessarily high" and "must be brought down if our entire economy is not to suffer." He urged citizens not to go "while hog for profits." For his own part, the chief executive pledged "stringent economy" in government and announced definitely that receipts and expenditures for the fiscal year ending June 30 will be in balance, and that some—something for which he previously had expressed only a hope. The president addressed a Jefferson Day dinner — his first speech under Democratic party auspices since Robert H. Taft, Hannegan, the national party chairman, threw this that into the ring for 1948. "Mr. Truman, while saying nothing about his plans for the next election, set forth his stand "on the prime domestic issues of taxes, spending and prices. He used the occasion, also, to amplify his doctrine of "aiding those peoples whose freedoms are endangered by foreign aggression," declared that "our foreign policy must not be worked on the rocks of partisanship," and commended both Democrats and Republicans who have supported it. "We, like Jefferson, have witnessed atrocious violations of the rights of nations," he said. "We too have regarded them as occasions not to be slighted." "We too, have declared our protest." The president did not mention Russia directly, but he significantly conveyed his present course to

### Tribesmen Jailed For 'Lion' Killings

DAR ES SALAAM, Tanganyika, April 5. (AP)—Twenty-six tribesmen have been arrested by colonial police in connection with more than 40 killings attributed to "Lionmen," who dress in lion skins and prowl the villages of this East African country.

Police said investigations indicated that witchcraft and rivalry between witch doctors might have been the underlying cause of the slayings. The deaths occurred mainly in the Sigida district, which is infested with real man-eating lions. Police were handicapped by the refusal of superstitious tribal folk to say whether their relatives had been ripped to death by lions or by the knives of the "Lionmen."

### Remember Those Easter Days Long, Long Ago?

Remember? The hustle and bustle of getting the family altogether for breakfast. None of the toast, orange juice of today. Crisp cuts of bacon, pink slices of ham, big fat biscuits with piles of golden butter, coffee and spring-cooled sweet milk for the children.

Mother seated at last. Fat or looks over his book. Silence, then bowed heads and Father gives Grace. Plates start filling; chatter rises and falls. Mother turns to feed the baby. Everyone talks of the day and Father warns there isn't much time. After breakfast all fall to for chores. Mother washes dishes and older girls make beds. A quick look at Saturday's baking, rolls set out to rise, and chicken put in the oven to finish baking.

Mother and father linger to invite the preacher and friends to dinner. Then out into the sunlight and homeward bound with Mother and Father discussing the sermon, the children talking of plans for an egg hunt. Dinner over, women gather in the kitchen and men on the front porch to discuss crops and affairs of the nation while a grown-up hides the eggs. Then children scatter like buckshot and cries of "I found one!" are heard. Presently eggs are counted. All found! A later company has gone, naps are over and after an early supper the family again is in church to hear the story of our Lord, who rose from the grave with the keys of heaven and the hope of life eternal.

### Scattered Home Projects Spur Building Gains

Big Spring building figures continued to show slight gains during the first five days of April, due largely to scattered residential projects. After moving a head steadily after temporary slump in early January, totals for the first quarter reached \$262,220. Another \$18,010 was added after April 1, advancing the year's total to \$280,230.

First quarter warranty deed totals reached \$661,622, and transaction recorded continued to move forward during the last four days to give April a good start. The total for the year now is \$704,572. The county tax assessor's office registered five more new automobiles and two new trucks during the past week.

Livestock receipts dropped considerably last week, but prices remained good, especially for good stocker animals. Legal auction firms handled approximately 1,600 head of cattle and calves and about 100 hogs during the week.

### How To Support Family On 14 Cents A Month

FRANKFURT. (UP)—In Germany you can support a family on 14 cents a month.

That includes rent, groceries—such as are to be had—insurance, clothes, everything. It works out like this: the average German laborer or factory hand is paid approximately 45 reichmarks per week, or 180 marks per month. He can't buy much with it, but if he will pay his 40-mark monthly rent, his 38-mark monthly legal grocery allowance for his wife and child, insurance at 12 marks, and leave him 92 marks for clothes and incidentals. Theoretically, Germans are living on it. A package of tax-free cigarettes costs the GI or American civilian seven cents. On the black market a package will bring 30 reichmarks. Thus 14 cents worth of cigarettes bring 180 marks. Americans who smoke less than their 10-package weekly ration or have tax-free cigarettes sent from the United States often give their German drivers or laundry women

packages of cigarettes as pay or tips. It is an unwritten rule that a GI with a fraulein must keep her in cigarettes. So any German who can form a steady contact with Americans which nets him as much as two packages of cigarettes a month has earned his living. No one has dared to estimate the number of cigarettes which go from American to German hands in private deals, but Americans have set up better marks in Frankfurt and Berlin where Germans can legally acquire cigarettes by trading valuables. Cigarettes flooded the markets at such a rate that an embargo had to be clamped on.

Many venomous snakes have reserve fangs which replace those in use when one is broken.

### Meet Featuring Cotton Council Official Delayed

A meeting featuring a representative from the National Cotton Council, scheduled originally for April 11, has been postponed until April 18, the Howard County Farm Bureau announced Saturday.

E. H. McDaniel, who was to have been here for the session, will be unable to attend and the national council is sending another representative on April 18, said H. T. Hale, president of the bureau in Howard County.

In addition to explaining the purpose of the council and its effort to seek constantly for new outlets for cotton, the representative will have on display a host of materials made from cotton and cotton by-products.

### Paul Attaway, Mail Carrier, Dies In Hospital

PAUL ATTAWAY

Paul Attaway, 57, who spent more than a quarter of a century as a rural mail carrier, died at 4:45 a. m. Saturday in a local hospital after a long illness.

Funeral will be held at 3 p. m. today at the Nalley chapel with Dr. P. D. O'Brien, First Baptist pastor, officiating. Masons will have charge of the committal service at the graveside.

Born at Como in Hopkins county, Attaway had served as a rural mail carrier for more than 27 years, coming here in that capacity on Route No. 3 in 1936. He was a member of the Baptist church, of the Masonic Blue Lodge, and was a veteran of World War II, having served in France with two of his brothers.

Attaway also was active in singing conventions, having been one of the organizers and first officers of the West Texas Singing Convention. He had served as officer in several other such organizations.

Surviving are his wife, Mrs. Ollie Attaway; three daughters, Mary Ann Attaway, Big Spring, Mrs. R. B. Martin, Coahoma, Mrs. Clyde Biffar, Seminole; two step-sons, Fred Beckham, Big Spring, and Revford Beckham, Dallas.

He also leaves three sisters, Mrs. J. M. Stafford, Lone Oak, Mrs. Jean Nichols, Como, Mrs. Martha Thomas, Atlanta, Texas; six brothers, Elijah, Roger, Jacob and George Attaway, Como, Elbert Attaway, Pittsburg, Neal Attaway, Abilene. Four grandchildren also survive.

Pallbearers will be Erwin Daniels, Lindsey Marchbanks, Bob Nunn, Elmer Boatler of Big Spring; Joe Nalley, Merkel; W. C. Foole, Petersburg; E. E. Smith, Colorado City; Leroy Gressett, Westbrook.

### 'Lord' Ogilvy Of Boulder Dies

BOULDER, Colo., April 5. (AP)—L. G. S. (Lord) Ogilvy, 85, second son of a former Earl of Airle in Scotland and for many years the picturesque agricultural writer for the Denver Post, died late yesterday in the Boulder sanitarium of pneumonia.

The tall, stooped "Lord" was the uncle of Mrs. Winston Churchill, wife of Britain's wartime prime minister and uncle of the present Earl of Airle, retired two years ago after a colorful life of multiple occupations that includes fighting in the Boer war.

Of late he had lived with his son, Jack Ogilvy, English teacher at Colorado University here. Early this week a cold developed into pneumonia.

Through long years of shuffling through the Post's city news room in baggy trousers and with untied shoe laces flapping, Ogilvy amiably shrugged off the title of lord. The pseudo title was conferred by a former bartender—Harry Tammen, co-publisher of the Post who worked at the bar of the famed old Windsor hotel before he and the late Frederick G. Bonfils established the newspaper in 1892.

Tammen didn't like the ex-nobleman's formal name and title. Captain, the right honorable, Lyulph Gilchrist Stanley Ogilvy, DSO.

"Lyulph hell!" Tammen exploded. "We'll call you Lord Ogilvy."

Broke and weary of travels, Ogilvy accepted Tammen's offer of a job on the paper.

**Jinnah, Mountbatten Hold Friendly Confab**

NEW DELHI, April 5. (AP)—Mohamed Ali Jinnah, the president of India's Moslem League, conferred for an hour and 50 minutes today with Viscount Mountbatten, the new viceroy, in what was described officially as "friendly and informal conversation."

It was Jinnah's first meeting with Mountbatten and occurred as reports circulated that leaders of the predominantly Hindu all-India congress party were willing to try again to negotiate with the Moslem League for settlement of India's snarled political-religious troubles.

### Plane Wreckage Sighted On Peak

BATAVIA, Java, April 5. (AP)—The wreckage of a Netherlands East Indies airforce Dakota plane, which disappeared March 13 with 27 persons aboard, was sighted today on the 6,000-foot peak of Mt. Boerangrang, 10 miles northwest of Bandoeng. The reconnaissance pilot who reported the discovery said he saw no signs of life.

### Coast Guard Boat To Aid Oil Barge

MOBILE, Ala., April 5. (AP)—A Coast Guard patrol boat has been dispatched to aid in refloating a 45-foot tug and a barge loaded with 9,000 barrels of oil reported aground in Mississippi sound.

### Germans Sentenced For Killing Flier

DACHAU, Germany, April 5. (AP)—One German was sentenced to death, three others to life imprisonment and six to lesser prison terms today for their part in the mob murder of an American flier who parachuted from his disabled plane near Luebeck in 1944.

### TRY AND TIE INTO THIS

SPRINGFIELD, Ill., April 5. (AP)—Mayor-elect Harry Etelson of Springfield has laid away his lucky red tie with the gray spots until 1951 and election day—the only day he wears it.

Back in 1934 he bought the tie for a dime and wore it election day. He was elected county treasurer that day. Four years later he put it on again and was elected sheriff.

He didn't wear it again until 1943 on the day he was elected a city commissioner.

Last Tuesday he had it around his neck once more. He won the mayoralty race by almost 2-1.

**Big Spring Air Fair Scheduled May 3-4**

May 3 and 4 have been set as dates for the area-wide airplane exhibition to be called the Big Spring Air Fair. The fair will begin at noon on Saturday, May 3, at the Municipal airport and continue through Sunday afternoon. Airplane enthusiasts have obtained approval of the chamber of commerce in planning the show as a method of acquainting the general public with the progress and safety that has been incorporated in 1947 private ships.

to all airplane dealers, airport managers and pilots in West Texas. All airplanes will be displayed for the general public during the show, and demonstrations and a special program will be conducted on Sunday. A barbecue on Sunday night honoring out of town visitors will wind up the show.

Three squadrons of B-29's, which are to form a part of the largest mass flight since the war, will assemble over Big Spring at 7:05 a. m. Friday, according to an announcement by Eighth Air Force. The Seventh Bombardment group plans to put 63 planes in the air that day on a training flight from Dallas to Los Angeles as a special show of strength for Army Week. The planes scheduled to assemble over Big Spring will be from Davis-Monthan, Tucson, Ariz. Two other groups will assemble at the same hour, one over Abilene and another over Fort Worth. The three groups will join at Mineral Wells.

A number of visitors landed at the Hamilton Airport (formerly US Flying Service) during the past week. The guests included J. W. Nelson, Kenneth N. Frost and Guy M. Lavender, all of San Angelo; R. D. Tyler, en route from Abilene to Fort Stockton in a BT-13; Cliff Stephens, flying from Dallas to Cornwallia, Ore. in a Luscombe; O. C. Shapland and E. A. Johnson, both of Midland, in an Aeronca; R. E. Stewart of Monahans in a cub; M. L. Jennings, Lubbock, flying an Ercoupe; Jack Stafford and Paul Russell both of Pampa, flying a cub; L. V. Coker of Abilene in a cub; P. L. Vaughn of Midland.

J. E. Underwood, who formerly operated the U&S Flying Service and airport, has purchased a new Super Cruiser.

**First Quarter Car Loadings Up One-Half**

First quarter ruff car loadings in Big Spring registered a gain of more than 50 per cent over the same period in 1946, according to figures released by the general agent's office.

Outbound shipments in car-load lots totalled 3,106 during the first three months of 1947, as compared to 2,049 for 1946.

Petroleum products, sand and gravel and cattle accounted for a major portion of the shipments. The 1947 figures were boosted considerably by Cosden Petroleum Corp. shipments in train-load lots, which moved on new rate structures.

March totals showed 1,006 car-load shipments out of Big Spring, as compared to 770 for the same month last year.

Quarterly totals for inbound shipments dropped slightly, with 563 cars for 1947 and 579 for 1946. There were 177 inbound cars in March as compared to 171 a year ago.

**Army Deserter's Term Reduced**

WEST POINT, N. Y., April 5. (AP) The prison term of James Minker, 25-year-old convicted army deserter, has been reduced from two years to six months and execution of a dishonorable discharge has been suspended until his release from confinement.

This was announced late yesterday by Maj. Gen. Maxwell D. Taylor, superintendent of the US Military Academy, who was reviewing authority of the case. Minker, a resident of Syracuse, N. Y., was convicted last month by a court martial of desertion from May 5, 1942 to July 24, 1946, and was sentenced to two years at hard labor and given a dishonorable discharge.

But Anthony F. Caffrey, his attorney, said that the soldier had left the army, after tiring of routine garrison duties here, and had re-enlisted in the paratroopers under an assumed name and became a World War II hero in France. Caffrey said Minker actually was in Europe during the years he was accused of being a deserter, and was serving with the paratroopers under the assumed name of James H. Rowley.

He later was a prisoner of war, Caffrey said, adding that Minker received a Presidential Unit Citation, two Battle Stars, the Good Conduct Medal and, under the assumed name, was honorably discharged from the army on his return to this country.

**Probers To Find How Tractor Fell**

CHICAGO, April 5. (AP)—Four separate investigations today sought to learn how a 1-ton tractor broke loose from its moorings on a railroad flat car and fell onto the path of a speeding Burlington railroad streamliner, causing the deaths of two persons as the train was derailed.

**Hearing On City Zone Ordinance Slated Thursday**

Formal public hearing on the proposed city planning and zoning ordinance will be held Thursday evening in the city commission rooms.

Testimony at the hearing will serve to guide the commission in its consideration of the program.

The commission will conduct hearings on the proposed zones and regulations recommended by the city planning and zoning commission early in March, following a public hearing on tentative proposals.

Basically, the proposed plan would zone the city for one, two and multi-family residential purposes, business, commercial and industrial uses. If adopted, after the effective date of the ordinance, only buildings compatible with regulations could be erected in a specific zone, except that a high classification could always go in a lower classification.

In other words, an industry could not set up in a residential area, but a residence could go up in an industrial zone. The plan also sets up a minimum clearance of five feet on either side for residential construction with uniform clearances from the front and rear. It also sets up maximum building space for lot area for health and safety reasons.

**Baptist Churches Here Launching Two-Week Revival Campaign**

Baptist churches of Big Spring today launch a simultaneous revival campaign to continue through April 20 with the objective of enlisting as many as possible of a potential 2,000 unchurched Baptists and non-Christians.

The Rev. L. D. Ball of Sweetwater will lead services at the East Fourth Baptist church, and Monday at 7 p. m. the Brotherhood is seeking 100 members for its meeting. Laymen then will go in a body to the services an hour later.

Monday also is Brotherhood night at the First Baptist with a special program arranged. Throughout the first week there will be a series of special preparatory meetings at the church and the continuous services start a week from today with the pastor, Dr. P. O'Brien, preaching.

At the West Side Baptist church the minister, the Rev. Cecil Rhodes, will preach, and a week hence 10 a. m. services will be added to the 8 p. m. evangelistic meetings.

The Rev. David Boston, evangelist, will be at the Airport church for continuous meetings starting today. George McClellan will lead singing at the East Fourth, Ernest Hock at the First Baptist, Joy Smith and Pat Beasley, Harding-Simmons students, at West Side. Rev. Audry Short, former pastor at Forsan, is back for a revival meeting in that Baptist church. Throughout district No. 8 approximately 50 Baptist churches will be engaged in meetings.

# O'Daniel Trails In Senatorial Sample

By THE TEXAS POLL

AUSTIN, April 5.—Looking forward to 1948, the voters of Texas think that US Senator W. Lee O'Daniel should not seek re-election.

The way they now feel, a large majority would rather see Gov. Beauford Jester, former Gov. Coke Stevenson, Cong. Lyndon B. Johnson, Cong. Wright Patman, or former Gov. James V. Allred take the place of O'Daniel in the US Senate.

A statewide survey by The Texas Poll indicates Jester and Stevenson would be the strongest contenders against the junior senator if they decided to oppose him in 1948. Not quite as strong, on the basis of current opinion, are

Johnson, Patman and Allred.

This is how each would stack up in a two-way race with O'Daniel:

Jester	75%	O'Daniel	25%
Stevenson	74%	O'Daniel	26%
Johnson	64%	O'Daniel	36%
Patman	64%	O'Daniel	36%
Allred	64%	O'Daniel	36%

Estimate of each man's strength above is based on a cross-section of voters who have definite opinions now.

Events and debate between now and the 1948 election can change sentiment radically, but it is significant that all types of eligible voters now say they are against O'Daniel. People who went to the polls in 1944, when O'Daniel campaigned for the Texas Regulars, were found to be more opposed to the junior senator than those who did not vote in that election.

The poll was conducted with these questions:

"Do you think W. Lee O'Daniel should run for re-election as United States Senator in 1948?"

NO	64%
UNDECIDED	11%

"Suppose Beauford Jester and W. Lee O'Daniel were the only two running for US Senator in 1948—whom would you choose?"

JESTER	67%
O'DANIEL	22%
UNDECIDED	11%

"Who would be your choice if Coke Stevenson and W. Lee O'Daniel were the only two in the race?"

STEVENSON	85%
O'DANIEL	15%
UNDECIDED	0%

"If the only two running were O'Daniel and Lyndon B. Johnson?"

JOHNSON	85%
O'DANIEL	15%
UNDECIDED	0%

"Suppose Wright Patman were in the race against O'Daniel?"

PATMAN	65%
O'DANIEL	35%
UNDECIDED	0%

"Between James V. Allred and O'Daniel, whom would you choose?"

ALLRED	64%
O'DANIEL	36%
UNDECIDED	0%

**Investment Firm Opens West Texas Office In Abilene**

Wm. C. Jackson Jr., president of the First Southwest company, investment bankers, Dallas, announces the opening of an office in Abilene, and the association of Lockett Shelton with the company as manager of this office.

"The rapidly growing importance of West Texas as a source of sound securities and as a market for securities has long impressed us," said Jackson, "as it has most business men familiar with conditions. Opening an office in this area awaited only the opportunity to have associated with us as manager of the office a man qualified by experience in investment banking and with a personal knowledge of conditions in the adjoining territory."

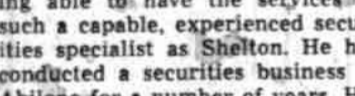

"We feel very fortunate in being able to have the services of such a capable, experienced securities specialist as Shelton. He has conducted a securities business in Abilene for a number of years. His usual business will be continued from his present location in the West Texas Utilities building. He will have available all the services and facilities of the central organization."

Mr. Shevnan will be glad to demonstrate without charge.

## Carl Dyckmans, Former Cosden Official, Dies

Word was received here of the death, in a Fort Worth hospital at 5 a.m. Saturday, of Carl F. Dyckmans, former Big Spring resident, and from point of years of continuous service, the oldest associate of various enterprises of the Cosden Petroleum corporation.

Mr. Dyckmans, 58, had been in ill health for some time. He came to Big Spring in 1940, when Cosden's general offices were moved here, but returned to Fort Worth in December 1944 because of his health.

The funeral service is to be held in Fort Worth at 4 p.m. Monday, with arrangements in charge of the Robertson-Mueller-Harper Funeral home. Mr. Dyckmans is survived by his wife, Mrs. Margaret Dyckmans, and a sister-in-law, Mrs. Annie Hanie, both of Fort Worth.

Born in Krefeld, Germany, August 24, 1888, Mr. Dyckmans came to the United States in 1912. In 1925, he became associated with Josh S. Cosden, founder of the Cosden Petroleum corporation, and since that time had served continuously with Cosden enterprises in various executive positions. At the time of his death, he was serving as assistant secretary and assistant treasurer of the corporation.

### Centralia Inspection Showed 'No Danger'

CENTRALIA, Ill., April 5. (AP)—Secretary of the Interior Krug says a federal inspection a week before the March 25 disaster which took 111 miners' lives at Centralia Coal Company's mine No. 5 showed "no imminent danger."

Krug, in a letter to a Senate subcommittee which today summoned more witnesses in its probe of the blast, maintained there was no violation of the Krug-Lewis agreement, as alleged by John L. Lewis.

The secretary said the Krug-Lewis agreement and the federal mine safety code "require the closing of mines only where the federal inspector or the union mine safety committee finds the existence of danger."

## Concho May Shape Pennsylvania Pay

By JOHN B. BREWER

SAN ANGELO, April 5.—Indicated opening of another Pennsylvania lime oil pool on the east side of the Permian Basin by B. A. Duffy of Abilene No. 1 Robert Wilson in southwestern Concho County highlighted West Texas oil development this week.

Shining the spotlight were Gulf No. 1-HH University, north central Crane County wildcat, which was exploring the Ellenburger after showing production possibilities in five formations, and Stanolind No. 1 H. M. LaFont, which apparently had drilled past the Cisco pay horizon of Stanolind No. 1. E. L. Fisher, discovery of the Petersburg pool in southeastern-Hale county to which it is a diagonal south east offset, without showing oil.

Duffy No. 1 Wilson, 12 miles southeast of Eden, in 8 1/4 hours swabbed and flowed 47.2 barrels of 45-gravity oil, cut up to 25 percent by acid residue, basic sediment and fresh water load. It had treated the crinoidal of the Silurian section of the Simpson at 3,662-528 feet with 1,000 gallons of acid, had swabbed 90-minute immediately thereafter, then flowed oil for a half hour. Reacidizing with 2,000 gallons was planned, probably Monday, after the hole was cleaned out.

Duffy temporarily abandoned the project early in 1948 when, after shooting, it appeared good for only a light pumper of doubtful commercial value. Location is the C NW NW 76-8-H&GN, one mile north and a quarter mile west of Floyd C. Dodson of San Angelo, a small crinoidal discovery well drilled in 1940 and pumped intermittently. The crinoidal is the producing formation in the new James county, in northwestern Cooke county, the Page field in Schleicher county and on the west side of the Todd field in western Crockett county, which has Ellenburger oil on the east side.

Progress was reported in fishing for drill collars and bit in Cities Service and others' No. 1-B J. W. Owens, western Crockett county "light" wildcat, which blew out March 26, reportedly at 5,804 feet in the crinoidal, and flowed wild for three days. During that period the well was estimated by some to have produced oil with some water

at a rate of 75 to 100 barrels hourly, with 15 million cubic feet of gas daily. Slightly shallower, from formation believed to be Wolfcamp, basal Permian, it also had recovered oil, gas and water on drillstem tests.

No. 1-B Owens is in the C SW NW 6-GG-H&QB, 1 1/4 miles south of the Olson field and 1 1/4 miles north of the Clara Couch pool, both shallow. Humber and Plymouth have a one-third interest each in it.

Gulf No. 1-HH University in Crane County added the lower Waddell section of the Simpson to its prospective pays when it recovered 8,570 feet of clean oil and 35 feet of oil and gas-cut mud on a two-hour drillstem test from 10,505-537 feet. The upper Waddell, the McKee section of the Simpson, the Silurian and Devonian previously had indicated pay. The Ellenburger was entered at 10,590 feet and exploring had progressed to 10,624. The wildcat is near the C SW NE 3-31-U, 3 1/2 miles north of the Block 31 (Devonian and Ellenburger) field.

Prospective Devonian discovery

In the Goldsmith (San Andres) field in Ector county, Gulf No. 421-E Goldsmith, C NE SE 15-44-18-T&P, flowed 304 barrels of oil and 202 barrels of water in 24 hours on its first production test of that formation. The gauge was through 2-inch tubing and casing perforations at 7,980-8,015 feet. The water was believed coming from below the pay and cement was squeezed in an effort to shut it off. The test is the first in the Goldsmith field to explore the Ellenburger, found barren in drilling to 9,811 feet and plugged back.

No shows had been reported in Stanolind No. 1 LaFont in Hale County in drilling to 7,010 feet in shale. The operation is in the C NE NW 10-CL-EL&RR, diagonal southeast offset to Stanolind No. 1 E. L. Fisher, which was finished Jan 31 from the Cisco at 6,895-6,992 feet with a daily flowing potential of 1,343 barrels of 38.5 gravity oil to become the first major discovery on the South Plains.

Pure No. 3 E. A. Preston, extending the east side of the Irish (Clear Fork) pool in southwestern Hale County a quarter mile north, flowed oil at the rate of 335.6 barrels daily for completion at 5,988 feet after heavy acidizing. It is in the C SW NW 12-DT-HE&WT.

Whalesharks as much as 60 feet long have been reported.

Who says you're only young once?

Take a look at this trim, new Buick — or better, take its wheel — and see just how wrong that old saw is!

One look at these sleek lines, the long, taste-of-tomorrow fenders — and just watch yourself start getting young ideas.

Find an open road, gun this beauty just a bit — and see how the spirit of springtime wells up in your soul and sets the red blood coursing.

Good road or bad, on these soft

all-coil springs you take everything with youthful zip and zest, quite freed from jar or jolt.

City street or country road, with all this poised and husky road-weight beneath you, you travel your level course, steady and non-swerving even on curves.

Pull up somewhere — and see how people turn to note the Very Important Person who's arriving.

Take it through the tangle of traffic and see how nimbly it maneuvers — check it at a boulevard stop and see how sure and positive its controls are.

In all truth, here's a car that's any man's darling, every man's pride. A car that not only meets your needs for transportation, but satisfies your every hankering for size and power, style and room, solid worth and top-dollar value.

Naturally, it's a much wanted car, America's most wanted automobile, in fact. Definitely not the number to be picked up off the counter any time, anywhere.

### CAB DRIVER'S EFFORT TO GET JAILED FAILS

BALTIMORE, April 5. (AP)—Cab driver Gerald E. Caldwell told police today he broke every traffic regulation he could think of in a five-mile cross-town trip but couldn't get arrested. His passenger had a gun in his back. Caldwell said the fare climbed into his cab with the declaration: "This is a pistol. I've had a rough time tonight, and now I'm going to give you a rough time." He gave a destination and Caldwell set out on his carefully-planned orgy of speeding and stop-light running. Expecting any moment the gunman would relieve him of his receipts. At the end of the trip, Caldwell said the passenger got out and told him: "Here's \$3.25. That's all I've got, and that's all you're going to get." The meter reading was \$1.50.

**WALL STREET**  
NEW YORK, April 5. (AP)—The stock market today emerged from a generally listless week with a steady and irregularly persisting and declines in gains on three major averages.  
Professionals accounted for virtually all of the meager volume. Boardrooms were almost deserted by customers who elected to stretch the Good Friday holiday over a long weekend. Traders of 270,000 shares were a low since July 29, 1944. They compared with 300,000 in the previous trading day. The aggregate of transactions about stretch. The aggregate of transactions for the five sessions, against 447,600 in the previous Friday was, was the smallest for any similar period since that ended Oct. 14, 1944.  
The Associated Press 60-stock composite was unchanged at 833, but showed a net loss of 6 for the week.

Fifteen representatives from Big Spring heard explanations Saturday at Sweetwater of the state highway department's over-all program and the interregional highway plan from Texarkana to El Paso.

Two members of the state highway commission, Fred Knetsch and Fred Wemple, appeared on the program as did State Highway Engineer D. C. Greer and Otis Locke, chairman of the House highway and roads committee.

Following the conference, the local delegation conferred with S. J. Treadway, Abilene district highway engineer, regarding the possibility of a four-lane highway from the Airport and Cosden to the city from east and west. They also discussed other highway matters. Knetsch detailed the over-all plan of the highway department, explaining that demands exceeded available funds, and that increased costs had reduced the potential mileage of construction per year. Greer said that eventually the highway from Texarkana to El Paso was envisioned as a four-lane divided highway, but that a policy of priority to the areas of heaviest traffic would be followed. It is not a simultaneous but an extremely long range proposition, he emphasized. Wemple reiterated the need for farm-to-market roads, but joined Knetsch and Greer in declaring that a balance must be maintained with highways and secondary roads. He stressed the need for a consistent program. Approximately \$100 million dollars per annum are available for highway programs, he said, and that as more roads are built, maintenance costs necessarily mount.

Attending from here were W. S. Morrison, Irvin Huneycutt, H. W. Wright, George Mims, Earl Hull, G. C. Bissard, S. W. Whitney, R. B. Reeder, S. J. Horton, Willard Sullivan, and J. H. Greene. Morrison and Whitney spoke briefly at the meeting.

## German Officials Said Opposing Land Reforms

BERLIN, April 5. (AP)—An American military government official asserted today that German authorities have been opposing land reform in the United States zone.  
He said they had "dragged their heels" until they received a virtual ultimatum from Gen. Lucius D. Clay, on implementing the land reform law.  
Dr. Conrad Hammer, head of the land in institutions section of the US military government, said that "except in Hesse, the Germans have shown absolutely no enthusiasm for land reform."  
Hammer declared that of the three states in the American zone—Hesse, Bavaria and Wurttemberg-Baden—Bavaria "was the tardiest in effecting reforms."  
Other American officials said that "throughout southern Germany land reform is a catchword associated with communism in the minds of the people, and it has given rise to fears."

## Premier Asks Special Rates For Oil Products

Hearing has been set for Tuesday in Austin on the application of Premier Refining company for the special trainload lot rates quoted by the Texas & Pacific Railway company.  
The rate, quoted currently only to Cosden and effective for one year as of Dec. 23, 1947, permits rates to 60 per cent off the single car quotations when petroleum products are moved in train lots. Cosden has shipped seven trainloads to Sweetwater under the structure.  
Premier, which has a refinery near Bford, seeks to secure the gate for movement of products to Fort Worth. The application will be heard by the Texas railroad commission.

**STREAK OF FIRE CHASES AUTO**  
Decatur, Ill., April 5. (AP)—A streak of fire raced G. R. Wolfe's car down the street and caught it after a half block chase. Gasoline leaking from the car's tank was ignited. The fire, however, caused damage of only \$15 to one of the car's tires.

**Garig Appointed To UN Council**  
WASHINGTON, April 5. (AP)—President Truman has appointed O. Benjamin Garig to be deputy representative of the United States in the trusteeship council of the United Nations.  
Garig, now chief of the state department's dependent areas division, will be deputy to Francis B. Sayre.

**FIREMEN RESCUE BIRTHDAY CAKE**  
SPOKANE, Wash., April 5. (AP)—The young guests figured seven-year-old Mike Leffel's birthday party was a huge success.  
Three fire engines and about 15 firemen arrived mid-way of the party to put out a blaze in a kitchen cupboard at the H. E. Leffel home.  
The loss was not great and the firemen rescued the birthday cake and other refreshments.

Like his father, his father's father, and all those before him, this young man is eager to help his country. He is the product of a tradition founded and carried on by men born with a high sense of duty. Army Day, April 7, serves as a reminder that the need for strong, continuing support of the national defense has never been greater. There is a place for every qualified young American in the pattern of preparedness.

The war is won. The world seeks peace. Until sound and lasting means can be found for insuring international co-operation, the surest, most effective basis for the preservation of peace lies in keeping a force-in-being so strong that it becomes a deterrent to the potential aggressor.

That is why today, probably more than at any other time in history, the Nation requires the help of its finest young men in meeting the needs set

forth by the War Department as the minimum with which efficient armed forces can be maintained. Every man of military age can support this vital program by joining any one of these great military organizations: The Regular Army, the National Guard of United States or Organized Reserve Corps. If attending college he may enroll in the Reserve Officers Training Corps. All of these comprise the foundation upon which sound national security can be built.

As a member of one of these peacetime groups you are lending a hand to a cause which is of the very first importance to the American people. The time for action is now. Do your part by taking part!

# Wave Of Dog Poisonings Sweeps Area

A stern warning that dog poisoners will be prosecuted vigorously was issued Saturday by police Chief A. G. Mitchell, who said that a new wave of poisoning was evidenced.

He estimated that 50 dogs had been poisoned recently.

Mitchell said that every effort was being made to catch those responsible and that drug stores here and in this vicinity were being checked for poison purchasers.

Reports indicate that the lethal doses being applied not only to meat bait, but to candy and bread scraps. The latter easily could be picked up by some child, the chief pointed out.

The veterinary hospital here has reported around half a dozen cases of poisoned dogs being brought for treatment or disposition the past week.

Mitchell said efforts to secure a dog catcher had been unsuccessful, but asked that those who have dog complaints call him rather than resorting to dangerous practices in combatting dogs.

that of President Monroe, whose Monroe Doctrine was aimed partly at Russian claims in Alaska.

Neither did he refer to the Republicans by name, but he lashed out at the economies they have voted and their plans for tax reduction now. Mr. Truman said, however, that he will support tax reduction "at a proper time."

He spoke before some 2,000 party bigwigs at a \$100-a-plate Jefferson Day dinner.

In the first official administration announcement that a balanced budget is in sight by July 1, the president said "now we have worked our way into the black."

"I am happy to be able to say tonight," he continued, "that for the present fiscal year 1947 we shall balance the budget and we shall have a surplus."

The president had not one word to say about his own intentions for 1948 but party leaders made no secret of their belief that it was the 1948 standard-bearer speaking.

(Continued from Page One)

will close the gap. Undoubtedly there are many youngsters between 6 and 16 (on Sept. 1, 1947) who have not been enumerated, and if you know of any, call the school office (1206). They may be worth \$55 each in state aid.

School trustees were advised last week of a \$28,000 advance from the FWA for developing school plant plans. This is to be repaid if, as, and when the voters of the district vote funds for expansion. The program is set up on a unit basis so that it may be undertaken on one or more units at a time. If none of it is undertaken, the advance is not repaid. As it is, the district is in a position to be ready with plans when the propitious moment arrives.

Building permits sagged by \$200,000 the first quarter although amounting to \$282,000. However, there is every reason to believe that the total this year (exclusive of the VA hospital) will exceed that of last year. When CPA regulations tightened last April, permit totals slumped sharply.

Maybe the signs are right, spring is here, or some other intangible reason, but the fishermen report fish are biting better at the city lake. Some catches of unusually large crappie have been reported.

If the phone strike comes off Monday (as it now appears), we may have the jump on the rest of the country. Our recent rehearsal should teach us how to get along in just such an emergency... if that's any consolation.

# 100 Acres Given To Scout Council

**BROWNWOOD**, April 5. (AP)—Mr. and Mrs. John W. Gibbons, owners of an 18,000-acre ranch in San Saba County, have given 100 acres to the Comanche Trail Council of the Boy Scouts for a new "Camp Billy Gibbons." G. N. Quiri, scout executive, said today.

Gibbons, vice president of the council, is a son of the late Billy Gibbons who gave a lease on a 25-acre campsite on Brady Creek, now abandoned because it was denuded of trees.

The scouts also have access to 22,000 acres of the John W. and Harold Gibbons ranches.

Under settlement of a controversy with Jake L. Hamon, Dallas oil man, as a result of the destruction of trees in the old camp, Hamon paid the council \$12,500 and the council surrendered the remainder of a 25-year lease. Hamon purchased the ranch from the Gibbons family after the scout lease was made.

**DETROIT**, April 5. (AP)—Price reductions ranging from \$25 to \$55 on Plymouth passenger automobiles were announced today by Chrysler Corp.

Plymouth thus becomes the second leading car maker to announce price slashes this year, the Ford Motor Co. having previously reduced the listings on its Ford line from \$15 to \$50.

The Plymouth reductions were announced without comment and came as negotiations were pending with the CIO United Automobile Workers' union over wage increase demands and other contract changes.

The Plymouth slash, like that announced last January by Henry Ford and Ford Motor Company president, was contrary to the general trend in the car industry, which has seen retail prices mount steadily since price control was removed.

# Sergeant Killed Inspecting Pistol

**FORT SILL**, Okla., April 5. (AP)—Sgt. William B. Staggs, 31, Gordon, Tex., was killed in his quarters tonight when a .22 calibre pistol he and a friend were inspecting was discharged accidentally.

Capt. Jack Westbrook, post public relations officer, said his friend, Clarence Tepper of Lawton, said in a statement to military officials that Staggs had ordered him the gun to examine, telling him it was not loaded. Tepper said the gun accidentally discharged while he was inspecting it.

Westbrook said Tepper was not held.

Staggs was the son of Mr. and Mrs. M. E. Staggs of Gordon.

**HONOLULU**, April 5. (AP)—The navy tug Tawakoni recaptured its tow, the stern of the broken tanker Fort Dearborn today and was proceeding toward Hawaii tonight at less than three knots. It was expected to arrive Monday afternoon.

The tow line broke last night for the third time, and the stern drifted ten miles before the cable was secured again.

**DETROIT**, April 5. (AP)—Weary, drenched refugees by the hundreds fled their homes today as Michigan's flooding rivers and streams neared all-time high levels.

A Pontiac youth was electrocuted as he worked on sodden ground to repair an electric motor.

The swirling waters of 11 major rivers covered thousands upon thousands of acres of rich southern farm land.

# Mud Is Being Bailed From No. 1 Newton

Mud was being bailed Saturday as Duncan Drilling Co. rigged cable tools to drill plug from No. 1 Newton, northwest Howard wildcat. Seven inch string was set at 3,000 feet last week. Location is 390 feet out of the southeast corner of section 5-33-2n, T&P.

In southeast Dawson county, Ray Albaugh and Duncan No. 1 J. A. Greaves, section 48-34-4n, T&P, drilled to 4,875 feet in hard lime after reportedly topping brown lime at 3,240 feet, estimated to be 265 feet higher than one duster in the vicinity and 78 higher than another. No shows have been reported.

Cosden No. 1 C. L. Jones, an operation taken over from J. B. Tubbs, was at 5,596 feet in black lime Saturday evening, with no shows logged. It is in section 20-30, LaVaca, northwest Mitchell county.

# Demos Cheer Jester Speech

**DALLAS**, April 5. (AP)—Texas democrats cheered Gov. Beauford H. Jester tonight when he predicted that "Russia-firsters and those of the Henry Wallace stripe will get very little aid and comfort in Texas next year" when presidential nominations are made.

"There may be an appropriate place for Henry Wallace and his appeasement crowd," the governor told a Jefferson Day dinner gathering, "but I maintain that it is not in the democratic party."

Nearly 1,000 of the party faithful gathered for the dinner at the Hotel Adolphus.

After Jester's speech, the audience heard, by radio, President Truman review his domestic and foreign policies at the number one dinner in Washington.

The governor lashed communism as a menace to humanity and urged Americans to stand behind the President and the doctrine he pronounced in asking Congress for material aid to Greece and Turkey.

# Buses Running Despite Strike

**FORT WORTH**, April 5. (AP)—Big blue buses of the Greyhound line continued to hum over highways in the nine-state Southwestern system tonight, but union officials cast doubt as to the length of operations.

As the strike of nine hundred maintenance workers went into its second day, the US Conciliation service was taking a hand in the situation. Conciliation Commissioner L. I. Pickett of Kansas City is in Dallas trying to arrange a meeting of officials of the Southwestern Greyhound lines and the International Association of Machinists.

Spokesmen for both sides reported willingness to meet but so far no date and no site has been announced for the projected conference. It probably will be held in Fort Worth or Dallas.

With shop workers out, union spokesmen expressed belief buses could not continue in service very long without mechanical care. However, Greyhound President Paul Tibbets announced that emergency maintenance stations are being set up and "with these facilities," he declared, "we can operate indefinitely."

# Tiny Rhesus Monkey Taken From Mother

**KANSAS CITY**, April 5. (AP)—Beba, a tiny two-month-old Rhesus monkey, was spirited away from her mother in Swope Park Zoo early today and the director expressed fear that both the baby and parent might die.

"Beba still was feeding on the mother's milk," W. T. Cully, zoo director, explained. "She would have continued to do so for about six more months."

Meantime, the disconsolate mother, seven-year-old Janie, huddled in her cage, mourning the loss of her firstborn and refusing to touch food offered her by worried zoo attendants.

thing can happen between now and Monday morning.

"I am asking all telephone employees to remain calm and to keep on working until they learn the results of these eleventh hour discussions."

"The labor department has not given up hope of settling this dispute. We hope that as the deadline approaches the realization of what the strike will mean to the workers, to the companies and to the public will lead both sides to open their minds and to take more reasonable positions than they have so far."

The labor department planned to go ahead with its conciliation talks far into the night.

Meanwhile President Truman withheld any action toward settling the telephone lines.

Beirke had said earlier that the Monday strike "still seems inevitable." He called negotiations at mid-afternoon "a comedy, a farce."

# County Gardens To Feature Beautiful Displays Of Hardy Crepe Myrtle Shrubs

Colorful displays of crepe myrtle, the Howard county Memorial shrub, are in prospect for the summer and fall if those who purchased plants carry them through to the flowering period. A total of 28 persons entered the Memorial plant contest, which is being sponsored by the chamber of commerce civic and beautification department. However, according to reports from local nurseries, the contestants represent only a few of the purchasers. Best sellers were watermelon red varieties, which are believed to be the best for holding full color in this area.

Nursery operators also believe that the crepe myrtle was a wise choice, since many of its chief characteristics are particularly adaptable for local climatic and soil conditions. Crepe myrtle grows well in virtually all types of soil, except where extreme deficiencies are apparent. It is a hardy plant, once it begins growth, and requires little water. Growers are cautioned, however, not to be alarmed if the plants are late in putting on leaves. They are traditionally tardy in showing activity in the spring.

The flowering period usually begins about July 1 and continues until frost. These plants respond readily to pruning and sometimes reach a height of 20 feet or more after several years of growth. The full grown plant takes on the aspect of a small tree with blooms more abundant in full sunlight. The crepe myrtle is a native East India plant, and several varieties have flourished in the United States. In some less arid regions they have become naturalized.

Varieties grown in various sections of this country include reds, pinks, whites and purples. Nursery men are confident that the reds and pinks are best for this area, and they maintain their stocks on that basis. Ordinarily, crepe myrtle is susceptible to only one disease, powdery mildew, and it can be controlled easily with powdered sulphur. Spraying with nicotine sulphate eradicates all insects which are likely to frequent the plants.

Persons entering the contest will compete for prizes, which are to be awarded in September. Plants will be judged by an out-of-town committee.

Entries include Bert Cox, B. O. Robertson, D. D. Johnston, Patricia Diller, Mrs. J. D. Stittler, Mrs. John Tucker, Mrs. E. G. Tucker, Mrs. A. C. Tucker, Mrs. R. E. Satterwhite, Mrs. Neal Barnaby, Mrs. George Vineyard, Mrs. Chad Rockett, Mrs. Bob Keheley, Mrs. B. E. Winterrowd, Mrs. Olen Puckett, Mrs. J. A. Davidson, Mrs. Johnny Lane.

Also, Mrs. H. M. Stephens, Ruby Biggs, Mrs. W. V. Boyles, Mrs. Joe Pickle, Mrs. Roy Franklin, Mrs. E. B. Christensen, Rev. O. H. Horn, Mrs. Cecil Collins, Mrs. Omes Johnston, Mrs. Seth Pike.

Parent-Teacher organizations, assisting in the civic beautification project of the city, have announced the purchase of crepe myrtle shrubs for decoration of school property.

It is the hope of the chamber of commerce beautification committee that local residents will become interested in making the plant the favored bloom of this section and will plant the crepe myrtle in their yards as a living memorial to soldiers of World War II.

COAXING MOTHER EARTH—Mrs. Hershel Petty is pointed to by neighbors as one person who possesses the knack for getting flowers to produce their best. The key lies in cultivation, says Mrs. Petty, who declares that she "lives with a trowel in my hand" during the spring and summer. Ordinarily she manages to have some colorful blossoms to admire the year round, and she even had pansies blooming during the January snows.

## Second Semester At HCJC Half Over

Howard County Junior College reaches the halfway mark on the second semester Saturday.

Reports will go out the following week, and this time they will represent work on fully accredited college courses since the college was admitted to full membership in the Association of Texas Colleges last week. That means that all credits earned in the college here are now transferable to other Texas colleges, and to virtually all in the nation.

## Demand For Shrubs Heavy At Nurseries

Based on reports from local nurseries and other business firms who sell plants and seeds, Big Spring residents are showing increased interests in gardening and yard work this spring.

The nurseries report heavy demands for various shrubs and flowers, and seeds are moving in good volume. Excellent moisture conditions in the early spring are believed to be responsible in part, but some observers believe that prospects for a city water supply at least as large as last year have raised the hopes of home owners who wish to carry a few flowers and shrubs through the summer. Lawn and garden projects in this area depend heavily upon supplemental moisture, especially during the summer months, they point out, and since the city supply was adequate to meet requirements last summer the home owners apparently feel more inclined to make efforts toward individual

beautification programs. While the city water supply is by no means inexhaustible, officials believe that by practicing efficient methods of watering gardens and sprinkling lawns, home owners will be able to see their projects through the summer. They recommend that plants and lawns be watered chiefly in the late afternoon and early evening. Water applied during the day loses much of its effectiveness and evaporation losses are heavy. Other conservation measures probably will be recommended from time to time by the city as the season progresses.

## Amateur Gardeners Told To Seek Expert Advice

Just as an interior decorator has no set pattern of planning the interior of a house, the experienced horticulturist cannot apply the same yard plan to any two locations.

For this reason, local nurserymen advise amateur gardeners to seek advice in planning before they begin planting, in order that they may be satisfied with the final appearance of their yards.

Experienced gardeners agree that the outside beautification depends on the size of the house, the general floor plan and the background of the plot to be decorated.

One of the more common mistakes is made by the beginner, who places plants too near the house. This is evidenced by trees with trunks against houses and branches growing at an unsightly outward angle.

Deep root plants should be placed from 12 to 24 feet from the house with low shallow root shrubs approximately 36 inches from the house.

Beginners are also advised to select seeds and plants which are adaptable to this climate and soil. Among the 177 varieties well suited to alkali soil are gladioli, phlox, iris, sweetpeas, roses, carnations, zinnias, golden glow, honeysuckle, verbenas, petunias, lantanas, larkspur, marigolds, nasturtiums, California poppies and others.

Color combinations, arranged so that they show the house off to a better advantage are important, and gardeners should choose their shrubs so that evergreens offer needed color during the winter months.

### Protestants Protest Greek Aid Proposal

NEW YORK, April 5. (AP)—More than 200 protestant churchmen in 30 states have signed a statement opposing President Truman's proposal for aid to Greece and Turkey, the Rev. William Howard Melish, chairman of the National Council of American-Soviet friendship, announced.

### FIRE ROUTS GIRLS

WASHINGTON, April 5. (AP)—Three women were burned, at least one critically, in a fire which routed several hundred night-clad government girls from their dormitory in West Potomac park early today.

LESSON IN TRANSPLANTING—Mrs. Mitt Harrington breaks ground for transplanting wax leaf Legustrum, as her young daughter, Jane, looks on. The new plants were obtained by rooting cuttings from older shrubs. The Harringtons keep a wealth of greenery around their home, and the gardening tools were dusted off in short order when spring weather arrived.

## 'Blind' Soil Doctoring May Ruin Your Garden

According to some authorities on the subject, a frequent mistake of gardeners in this section is "blind" soil doctoring or fertilizing.

To begin with, they point out, there are hundreds of plants which are adaptable to local soil and wise selection, whether it be flowers, shrubs or vegetables is the first step toward successful growing. A basic rule suggested for Howard county soil is to select plants which thrive in ground containing heavy deposits of alkali. Such plants are known as alkaline plants.

Generally they grow well in this section. The amateur gardener is cautioned, however, to be certain of varieties. Dozens of plants have been developed to make them adaptable to various sections of the country. But there are usually distinctive varieties of such plants to conform to the differences in soil structure.

As an example, a variety of any particular flower developed for acid soils is unlikely to grow well here. In most cases, however, a different variety of the same flower has been developed to make it adaptable to alkaline soil. This procedure is not necessarily true, of course, in cases where plants require a specific climate, although rapid strides have been made toward development of North American varieties of some tropical plants.

But even with adaptable varieties, some home gardeners encounter disappointing results because of "blind" fertilizing.

If the soil is to be supplemented properly, a complete analysis should be made, and fertilizers containing only chemicals which are deficient should be applied.

Fertilizers containing sulphates and chlorides of sodium, potassium and magnesium are seldom needed in this area, because these chemicals are characteristic of alkaline soil.

There may be other minerals lacking, however, and if so, they can be determined by soil analysis. After any analysis is made, and the deficiencies noted, fertilizers containing the desired minerals should be applied.

A soil analysis can be obtained from the agricultural extension service through the county agent at very reasonable cost.

### Porch Flower Boxes Popular

Remaining popular with the housewife throughout the years are window and porch boxes in which she plants special flowers and makes trial plantings away from her other garden beds.

Experts claim the choice of seeds planted in these containers is important and offer the following suggestions for pretty, well arranged boxes.

Rich soil is very important in netting successful results and plant combinations are also to be considered.

A good choice for the center area is zinnias, marigolds or snapdragons selected in harmonizing colors. To trail over the edge of and to outline the box, verbenas, petunias and lantanas are suggested.

There are 12 Federal Reserve banks in the United States.

## Essential Garden Tools Available In Quantity Here

The home gardener this year is able to find more tools and other essential articles than at any time since the war.

Although dealers usually were able to supply enough equipment to tide them over, for the past few summers certain items have been either short or unavailable.

For example, quantities of garden hose have been stocked this year by various dealers, and tools in their wider selection are on hand.

Also some helpful items that were developed during recent years are just beginning to reach the market in quantity. Dealers now offer weed killing sprays that are ideal for lawns. The solution is lethal to weeds but does not harm grass. However, care must be practiced when the spray is used near shrubbery and flowers.

# Stasey Orders 3 P. M. Workout At Bombardier Field Diamond

Forced into idleness for two days because of the wind storm, the Big Spring baseball Broncos were due to return to their training grind on the Bombardier School diamond at 3 o'clock this afternoon in preparation for their first exhibition contest of the campaign.

see about the Tuesday game with Ballinger. Langston is seeking an additional infielder.

Field Manager Pat Stasey of the locals has seven pitchers, a catcher, five infielders and one outfielder, besides himself, working out at the present time.

Hurlers trying out for the club are Joe Rodriguez, Jose Traspuerto, Humberto Baez, Joe Cinden, Lloyd 'Pat' Patterson, Wayne Johnston and Langston.

Leamon Bostick, Rusty Young, Andy Viamonte, Orlie Morino and Charley Reed are the infielders while Mel Newton is trying out as a flycatcher. The catcher, and from all indications a good one, is Armando Traspuerto.

If the Hosses play Ballinger Tuesday, either Traspuerto or Patterson will start in the outer defense.

The Washington club has promised Stasey another outfielder. He's due to put in his appearance the latter part of the week.

# Tag Duel Lined Up By O'Dowdy Monday Night

An Australian Tag match—first since Patrick O'Dowdy opened the doors of his grapple emporium—will be staged at the West Texas Auction barn Monday night.

A Tag Match pits a brace of tin-ears against two others. They may wrestle separately. They may go it at hammers-and-tongs in a free-for-all or again each can get on his bicycle and rotate clockwise around the squared circle.

Partners for the clambake will be decided in two 30-minute preliminary matches. The first will send Tiger Billy McEuln of Gainesville, Tex., out against Los Angeles, Philippe Romano while Art Brady, Huntington Park, Calif., squares off with Floyd Hansen of Brigham City, Utah, in the other set.

Winners will then team up to match their strategy against the fallen.

McEuln will be making his debut here. An Irishman who looks as tough as a sackful of chisels, the Texan is coming up against a chop-chop boy in Romano who licked the stuffin' out of Hansen last week.

Romano is an angular, muscled Latin-American with a penchant for playing 'bossum until the enemy shows his hand. If it's salty and too much of center as was Hansen's last week, then Philippe can get equally mean.

Brady proved a capable stand-in for Ken Mayne last week after that youngster had stripped a gear in his go with Dory Detton. Brady lost the match but gained in stature.

# Herd Gridders Open Training Monday, Apr. 14

High school spring football football workouts get underway April 14—one week from Monday—and indications are somewhere between 75 and 100 youngsters will be there-bidding for positions.

Indications are, too, that there will be a fight for every position on the team. Pat Murphy, who succeeds Johnny Dibrell as head coach, doesn't know how well stocked with lettermen he will be, but estimates there be something like five or six back from the 1946 crew. At the start, all the boys look alike to him.

Assured of returning are Ike Robb, guard, and Eddie Horser, end, co-captains-elect Jackie Barron, quarterback; George Wo rrell, fullback; and Pat Lamb, guard.

Pete Fuglar might or might not return. He hasn't yet made up his mind. He has the experience and the weight Murphy will need if he expects to mould a contender next fall. Big Pete is a guard who picked up some backfield experience toward season's end.

One of the brightest prospects will be Leon Lepard, a sophomore who will be coming out for the first time. Leon will probably try for the end position opposite Houser.

B. B. Lees and Gordon Madison along with Delmar Turner will make spirited bids for backfield slots. Paul Shafer will be in the fight, too.

Only experienced center coming back will be Harold Berry, who is putting on weight. Several promising lads are joining the team from last year's reserve squad while Yearling Coach Jim McWhorter is supplying others.

Murphy will have plenty of coaching help. Besides Mule Stockton and Conn Isaacs, the holdover assistants, Pat will be aided by J. B. Neely, newly hired B string mentor, and Jumbo Jim McWhorter.

The drills will continue for 30 calendar days, winding up somewhere around May 12.

# Herd Grabs Off First Place In San Angelo Track Meet

## LOOKING 'EM OVER

WITH TOMMY HART

Joe Cambria, the Washington baseball ivory hunter who does most of his brush beating in his native Cuba, will visit here sometime this month to look over the boys he sent out to play for the local Longhorn league entry. . . Diagram of the lighting system used for the Sweetwater park will be followed in locating the arcs here. . . Dynwood 'Schoolboy' Rowe, who said recently he did not believe Charles Trippi would ever be a major league regular because football made his shoulder muscles bulge too much, was a standout prep griddier in Arkansas. . . Obie Bristow nearly talked him into the idea of moving here to finish out his high school eligibility around 1931. . . Rowe was preparing to migrate when the Detroit Tigers made him too good an offer. . . He quit football cold. . . Had the Bovines had Rowe that year, they might have won the state championship. . . Puckett and French, the local architects who planned the Big Spring baseball park, also etched the designs for Midland's swanky new country club layout. . . Baseball observers are expecting very little out of the Lamesa Lobos of the WT-NM league this year. . . Manager George Sturdivant is stocking up with too many worn-out semi-pros, weekend ball players who cannot take the every day grind. . . Walter Canton, the Lobos' ace pitcher who racked up nine wins last season, put on 25 pounds during the winter. . . If it's in the right places, he could win a lot of ball games.

### McNeely To Play In Midland

When the Dallas Rebels gave Boston's mighty Red Sox a 7-4 going over in an exhibition game the other day, WT-NM league graduate Al Carr collected two of the 13 blows Mickey Harris and Bill Zuber gave up. . . A left handed hitter, Carr used to give Big Spring pitchers a run when he aimed at the short right field wall of the old San Antonio street park. . . Big Al used to delight in hitting tall flies, over the infield and seeing the wind carry them over the 280-foot barrier. . . Woody Baker, who came out for the Texas Christian university baseball team this spring, had to quit because of illness. . . He'll try it again next year, however. . . Incidentally, Woody's capital friend, Kenneth Roof—who visited here several months ago—is going great guns

with the Oklahoma A&M track and field squad. . . He's supposed to be an even better football player. . . Not-so-old Bill Atwood, a major league backstop (Phillies) shortly before the war, will catch for the Sherman Twins this season. . . Rogers apparently is not the scarce item they were a decade ago. . . Cliff McNeely, the Texas Wesleyan basketball great, will do the pitching for Dave Ly-sight's Fort Worth team when the aggregation plays an exhibition bout in Midland Monday, April 14. . . The contest will constitute part of the dedication ceremonies for the new \$25,000 Midland park, which reportedly is one of the very best in Texas. . . The state meet of the National Softball Congress will be held in Midland at season's end, by the by.

### Fry Hqs Competition At Baylor

The said Odessa football supporters are highly pleased with the performance of Joe Coleman's 1947 Broncs against a team of Exes. . . The Exes won 7-0, with J. W. Thompson in the saddle, but observers said the boys still in school were the more impressive. . . Hayden Fry, the Odessa T

quarterback now enrolling at Baylor is one of five gridders vying for the signal barking post of the Baylor Bears. . . Included in that bunch are three lettermen. . . Roy Scudday, the Odessa scribe, asks this pillar is explain why the Big Spring track and field squad passed up the Odessa track meet for the San Angelo games, both of which were unrec'd yesterday. . . "We wouldn't know. . . We left school in 1933. . . The University of Texas wound up in a tenth place tie with Indiana in Dick Dunkel's final collegiate basketball ratings. . . Utah was in the top spot, Kentucky just behind.

### Cornish Knight Jamaica Winner

NEW YORK, April 5. (AP)—A daylong downpour washed the 189-day racing season into town today, and with it, splashed a 100-1 Kentucky Derby longshot and a \$100,000 "Bargain Baby" into the winner's circle in the co-featured swimming event on Jamaica's opening program.

ACKERLY, April 5.—Ackerly's boys defeated three Lamesa teams and a Klondike nine to win their division of a grammar school softball tournament staged here Saturday.

### Ackerly Wins Own Softball Tourney

The Eagles started out by taking Klondike, 15-0; advanced by turning the Lamesa C string, 15-3; and then moved into the finals by routing the Lamesa B's, 10-2; then took the Lamesa A's into camp, 5-3.

### Reds Win Long One

BIRMINGHAM, Ala., April 5. (AP)—The Cincinnati Reds scored two runs in the bottom of the 13th inning to edge the Boston Red Sox, 4-3, here today. A crowd of 5,543 fans witnessed the two-hour 31-minute seasaw battle.

# Felines Oppose Local Diamond Crew Friday

Conn Isaacs' Big Spring Steers blast the lid off their 12-game baseball league schedule next Friday afternoon in San Angelo.

The Longhorns will be on the road until April 22, at which time they return home to do battle with the Lamesa Golden Tornadoes. If the new park is ready by that time, the game will be played at the Highland Park arena.

Isaacs' crew will have played two games before the local fans are able to view it in action. The Herd goes to Odessa Tuesday, April 15.

The mentor is far from set on his lineup, due to the fact that some of the upper classmen have not reported from the track team. However, it appears that either Marv Wright or Jackie Barron will do the tossing. Pete Fuglar will don the catcher's regalia and Huel Doe will be in center field.

Doe is the team's best hitter and far and away the best fly catcher.

The club has been working out for the past three weeks and has been pronounced in fair shape by the instructor.

### VIRGIL SMITH

### Demaret Leads In Masters

AUGUSTA, Ga., April 5. (AP)—Jimmy Demaret, the year's leading money winner, overcame a stiff wind and erratic shots off the tee today to post a two-under par 70 for a three-stroke lead in the \$10,000 Masters Golf tournament. He had a 34-hole total of 219 to remain at the top of the heap.

The singles ex-Texan, who captured the 1940 Masters title by four strokes—biggest margin in any of the previous ten events—had five birdies but was over par on each of three other holes.

Tied for second with 218 were the original Gold Dust twins, Harold McSpaden of Sanford, Me., and Byron Nelson of Roanoke, Texas, who won the event here in 1937 and 1942. McSpaden had a 70 today. Nelson shot a 72, making a marvelous recovery on the back nine after going out in 39.

Deadlocked with 214 were Ben Hogan of Hershey, Pa., the runner-up in 1912 and last year, Chick Herbert of Detroit, and Jim Ferrier of Chicago. Herbert and Ferrier posted 71 today. Ferrier slipped to 38 in the back nine after going out in 35 to take 73.

By JACK HAND ST. PETERSBURG, Fla., April 5. (AP)—Eddie Dyer's St. Louis Cardinals are the solid team in the National League where another neck-and-neck race between the Red Birds and Brooklyn Dodgers is a strong possibility.

Many observers believe the Cards and Dodgers belong in a class by themselves but the Boston Braves rate a solid dark horse chance. Billy Southworth has an up-and-coming Boston club imbued with the winning spirit, capable of passing out the aging Chicago Cubs.

The second division looks like a wild scramble with any one of four clubs—Cincinnati, Pittsburgh, New York or Philadelphia—capable of finishing fifth, sixth, seventh or eighth.

After watching the teams for two months during spring training, the National race shapes up like this:

1. St. Louis
2. Brooklyn
3. Boston
4. Chicago
5. Cincinnati
6. New York
7. Pittsburgh
8. Philadelphia

# Salvationists Declare WAR ON EVIL!

## EASTER 1947 FINDS AN ARMY WITHOUT GUNS IN A CONTINUOUS BATTLE

The Salvation Army has progressed from one man preaching on Mile-end Waste in London, to a militant band of consecrated men and women like a great human chain reaching around the globe.

The trainees in this Army are called Cadets. Sixty-two of these youths are at present undergoing instruction for Salvation Army Officership, which may eventually take them anywhere in the world. They come from every walk of life, these Salvation Army Cadets of the Southland.

As of old, the lowly Galilean seeks out a little maid from a rural community, such as Betty Williford of Rock Hill, South Carolina, who was attracted to the Army through tent meetings.

He takes the hands that have been fashioning "hell-divers" for the Navy and teaches them to minister to the needy. This was quite a contrast in the life of Audrey Burns of Meridian, Mississippi, but the record of God is fraught with striking contrasts.

He captures the restless feet of a Kingston, N. C. high school girl and leads them right into a Watch Night meeting, where she finds a peace never experienced before.

## RECORD NUMBER OF BASEBALL TEAMS IN TEXAS AT BARRIER

DALLAS, April 5. (AP)—Another baseball season—this one the biggest in Texas history—opens this week.

The first of six professional leagues in which this state has 34 members swings into action as the class AA Texas League starts its fifty-second campaign Thursday night.

Next week finds the Class B Big State League going to the barrier for a 154-game schedule—the same as the Texas League—while the Arizona-Texas League, a Class C circuit with one club from this state, El Paso hits the grind April 14—the day before the Big State.

The Lone Star League, a Class C loop, opens April 22 for 140 games and the Class West Texas-New Mexico League and the Class D Longhorn League both start April 23. The West Texas-New

Mexico has 140 games, the Longhorn 130.

Never before has Texas had so many professional clubs. There are two new leagues—the Big State and the Longhorn—both made up entirely of Texas teams. The Lone Star is an old league with a new name. It's a continuation of the East Texas League.

The Texas League is one of the oldest in the nation. Since 1888 it has missed only eight campaigns. Three of these were during the last war—the only time it had been forced to suspend for a war, although in 1918 the season was cut short.

Presidents, field managers and business managers (where maintained) in the professional leagues having Texas members include: Longhorn League—Ballinger; Bill Moore, president; Roy D. Worley, business manager; Stu Williams, manager; Big Spring; Claud McAden, president; Joseph L. Langston, general manager; Frank H. Stacey, manager; Midland; Harold Webb, president and field manager; Mrs. Harold Webb, business manager; Odessa; A. D. Ensey, president and general manager; Howard McFarland, manager; Sweetwater; E. Pete Starnes, president; Hal Sayles, business manager; Roland Murphy, manager; Vernon; R. E. Huntley, president; Carl Kott, manager.

### Original Plan To Be Followed

A campaign to raise additional funds for completion of a memorial baseball park, which will be the property of the school board, is due to get underway this week.

Location of the park was designated by a site committee from the school board two weeks ago and additional funds will be needed to provide ample finances for the project.

Original plans of seeking contributions on a memorial basis will be followed in the drive. A special plaque or memorial for those who gave their lives will be erected, and no contributions will be sought specifically for these.

Gifts, in \$15 units, will be sought, however, for others who served from Howard county during World War II. Donors may designate one seat on the basis of each \$15 for any veteran they desire. Memorial plates will be attached to the seats or at some suitable point.

The amount needed to complete the campaign is yet indefinite, but estimates are that approximately half enough funds are on hand for the job. Organization for the campaign is due to be shaped up the fore-part of this week so that workers can begin contacts.

## Net Ball Team Plays Thursday

Arah Phillips takes her high school girls' volleyball team to Midland Thursday where at 7:00 o'clock the Big Springers must be ready to play their first round game in the district tournament.

Only three teams—Odessa, Midland and Big Spring—are competing for the laurels and a drawing will be held immediately prior to the first bout to determine which teams must play in the preliminaries.

Winners will be given an hour's rest before they meet for the championship.

Most of the Big Spring players have been suffering from the flu during recent days. The epidemic curtailed workouts but Miss Phillips hopes to have them all ready by Thursday.

The locals' season will wind up with the district tournament, whether they win or lose.

Approximately 14 players will make the trip.

## Lamesa Meets Oilers Today

LAMESA, April 5.—Lamesa's baseball Lobos, who opened spring workouts last Tuesday, play their first exhibition game here starting at 2:30 p.m. Sunday when they square off with the Tivellahd Refiners, strong semi-pro club.

Harold Smith, Walter "Lefty" Condon and Billy Jones will share pitching chores for the Lobos.

Some 25 players are working out under Manager George Sturdivant. Newcomers include Dick Weaver, veteran infielder, from Hamlin; Jimmy McCoy, outfielder from the same community; Floyd Ashley, infielder from Ralik; Neal Hefner, third sacker from Crosby; J. B. Garland and Bobby Asbell, both pitchers from Paducah, Ky.

### Phils Refuse Offer For Star Gardener

NEW YORK, April 5. (AP)—The Journal American in a Havana dispatch said today that the Philadelphia Phillies had rejected a Brooklyn offer of five players valued at \$300,000 by Dodge-Pratt Branch Riekey for the Phils' prize sophomore outfielder, Def Ennis.

The paper said the five players were outfielder Carl Furillo, catcher Dixie Howell, infielder Stan Rokaj and pitchers Hank Behrman and Ed (no-hit) Head.

Last Monday Riekey said he had been turned down on "the biggest deal ever offered to a major league club for a player." He did not disclose the identity of the players nor the other team involved then.

### PATTISON RESIGNS

WICHITA FALLS, April 5. (AP)—Head Coach C. R. Pat Patterson resigned his post at the Wichita Falls high school today to enter the bakery business at Olney, Tex.

## No Caddy? Try Golfing With These

LOS ANGELES, April 5. (AP)—There's a new golf club combining driver, mid-iron, mashie, niblick, chipper and putter.

Designed to ease the load on the backs of caddy-less golfers, the club is the equivalent of a matched set of six clubs, the manufacturer claims.

An adjustable shaft and two replaceable clubheads make up the Trija. The brain child of Dr. J. J. Jakosky, scientist, engineer and amateur golfer, the club comes in two models one for which may be dismantled and carried in a traveling bag.

The length of the club may be changed automatically, longer for driver and mid-iron, medium for mashie and niblick, and short for chipper and putter.

One clubhead has two sockets, to one socket the club may be either a driver or a midiron, depending on how the locking device at the end of the shaft is inserted into the clubhead. In the other socket of the first head, the club is either a putter or chipper.

The second head is either a mashie or a niblick. The player does not have to adjust the heads, since the clubhead angles are fixed automatically.

### Fems Hit Drill Field Monday

Workouts of the Big Spring girls' softball team, which will represent the city in exhibition contests with contingents of other West Texas communities, will begin at 8:30 p.m. Monday on the Airport diamond west of town.

All of the players who performed for the American Legion last year, with the exception of Mary Heids and Dahn Baidock, will be back in action this year. The ladies' lineup will be bolstered with the addition of five new players.

The team, sponsored by some 15 merchants, has not yet been named but the matter is expected to be taken care of this week.

### Midland To Spend \$55,000 On Club

MIDLAND, April 5.—Extensive repairs and improvements, costing approximately \$55,000 have been launched at the Midland Country Club.

The project is designed to make the local organization one of the finest country clubs in West Texas.

Jimmy Swaggerty, of Oklahoma City has been appointed assistant golf professional at the Midland country club. Warren Cantrell, manager, has announced.

Swaggerty was formerly assistant pro at the Edgemere country club in Oklahoma City. He is to replace Carl Tice at the Midland club.

## MUNY GOLF NOTES

# One-Armed Golfer Has Near-Par 39

Highlight of the week at the Muny golf course was the nine-hole round played by Lawrence Wells. Wells carded a neat two-over-par 39 on the spotty back nine, a lay-out which includes two holes well over 500 yards long.

There have been other rounds in the history of the course, that have equalled or surpassed the feat. However, it is all the more amazing in view of the fact that Wells has only one arm. Larry has been improving for some time but, until recently, he has had difficulty in obtaining wood-clubs suited to his swing.

He put together his sizzling round the first time he played the course with his new set of woods.

Pro Foy Fanning gets credit for prescribing the clubs and some coaching.

The teaching business is booming somewhat, keeping Fanning occupied on Tuesdays and Thursdays, the days set aside for instruction.

Top ten men in the ladder tournament have remained in practically the same position they occupied a month ago, despite attempts on the part of others to dislodge them.

Bobby Wright leads the ratings, followed by Jack Keith, John Pipes, Dick O'Brien, S. W. Agee, Herschel (Mule) Stockton, John Malaise, Larry Wells, Earl Corder and Jeff Walker in that order.

A total of 36 men are participating in the ladder play.

The rent cart idea, introduced several weeks ago by the pro to the area linksmen, is proving a success. More of the carriers are to be added in the near future.

Lewis Heuvel's 59 in the ringer tournament has already bested last year's low ringer score by three strokes and the meeting still has three months to run.

Other low men are Jack Keith 64; Jeff Walker 65; Herschel Stockton 67; C. M. Shaw 68; John Pipes 68; John Malaise 70; S. W. Agee 71; W. R. Yates 72; and R. A. Trantham 73.

Fanning, out of curiosity, dropped a letter recently to headquarters of the Professional Golfers' Association, of which he is a member, asking why there hadn't been a secondary circuit organized.

He mentioned that the present one had a full year booked and smaller places, even if they could offer purses required for a booking, ordinarily couldn't obtain a spot simply because there isn't enough weeks in the year.

PGA chieftains were quick to reply that Fanning's proposal was timely. They added that one which would cover the entire country is being formed now.

The association's officials finished the communication with two questions. Did Fanning know of any clubs in this area desiring a booking that would guarantee a purse of \$5,000 or more? Did he care to join the tour and play?

To both questions, Foy's answer was a qualified "no."

The Muny course hadn't recovered sufficiently in 1946 from the war-incurred shortage of water to be in proper shape for an outside tournament of any kind.

The layout is currently in the best shape it has ever been in, what with the winter rains and all, and efforts are being expended in a big way to revive the annual West Texas Junior tournament.

Fanning is hopeful of securing Byron Nelson for an exhibition in connection with this event. Always interested in the promotion of the game among the youngsters, Lord Byron would be more apt to play for a tournament of this type than he would for an ordinary exhibition.

The local pro's idea would be to arrange the tournament so that it would be completed just before Nelson's exhibition. The meet's champion could then team up with Byron for the match.

### Sports Clip Tulsa

SHREVEPORT, La., April 5. (AP) Behind line pitching by two holdovers from the 1946 mound staff, the Shreveport Sports beat the Tulsa Oilers, 5-1, in the first of a two-game Texas league exhibition series here today.

## Zigelman Directs Odessa Workouts

ODESSA, April 5. (AP)—Al Zigelman, former Big Spring catcher purchased last week from Pampa of the WT-NM baseball league, is directing early working of the Odessa Longhorn league team at Hamlin.

Manager Howard McFarland is scheduled to join the Oilers this weekend. Approximately a dozen players are already in the Refiners' camp and more are scheduled to arrive the coming week.

A. D. Ensey, the club's business manager, said Friday he had hopes of landing Hugh Wittingham, a former WT-NM leaguer and manager of the Fort Smith entry in the Western Association last year.

## Tribe Opens Diamond Conditioning Monday

MIDLAND, April 5.—The Midland baseball Indians of the Longhorn league will open spring training here Monday, Manager Harold Webb has announced.

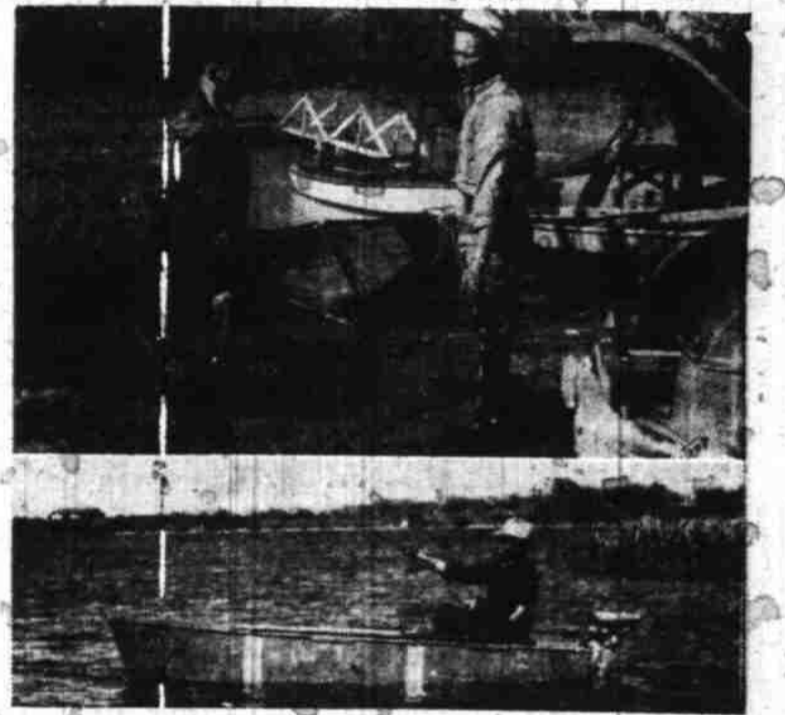

The Tribe has exhibition games carded with Lamesa, Abilene and Lubbock.

Webb's brigade officially opens the season in Big Spring April 23, then debuts here the following day.

# A STATEMENT TO ALL AUTOMOBILE OWNERS

Your car is a valuable investment, and you want to protect it. Proper servicing of automobiles was never more important.

The dealers of new automobiles in Big Spring have formed an association that sponsors and promotes the best practices of motor vehicle repair and maintenance.

Each new car dealer in this association is pledged to give full value to every owner whose car needs servicing. Each uses genuine parts for his own make of automobile.

Each employs skilled mechanics especially trained for that particular make of car. Each maintains the modernly equipped shops.

Genuine parts, trained mechanics, modern equipment—these are the things that assure you full value in your automotive repairs—PLUS the special interest that your own car dealer has in your own car.

When you have a service problem, when you need information or assistance of any type, go first to your own Car Dealer. You will find that it pays.

Services Planned For Richard Foy

DALLAS, April 5. (AP)—Funeral plans for Richard E. Foy, once a member of the famed "Seven Little Foy's" vaudeville troupe, were announced today. Foy, a Dallas theatre manager, died yesterday at the age of 42.

Rosary will be recited at 8 p.m. Sunday with Mass at 11 a.m. on Monday. The body will be sent to New Rochelle, N.Y., for services and burial in the family plot on Wednesday.

The death of Foy, a son of the late Eddie Foy who starred when vaudeville was in flower, came only two weeks after a reunion of the "Seven Little Foy's" in New York. Richard Foy was the only bachelor in the family.

Poll Of Hatcheries Shows Demand For Chicks Dropping Off Sharply

Unless imports are strong, the fryer market will be sparse here this summer.

A poll of local hatcheries Saturday showed spotted demand, with emphasis, however, on a sharp decline in chick purchases.

So slow has the market become that one major hatch plans to cease hatching Monday. He esti-

imated that the demand this season had been only one-third of what it was normally. Another said that this was a conservative figure and that feed and adverse weather had at times pushed the volume to a fifth of normal.

An exception, however, came from another incubator operator, who was barely staying abreast of demands with a delivery of 2,000 every two weeks.

Peak demand thus far has been about 3,000 per week from local sources.

In general, the high price of feed seems to have been responsible for buyer timidity. Already at a level considered sufficient to make fryer production marginal in view of low chicken prices, feed took a 10 to 15 cent rise. This scared off potential buyers by the scores. Feed, at the moment, shows signs of easing off.

Weather has been against demand, also for mean temperature for the first three months have averaged about four degrees below normal.

Priced at 75 cents, poulters are experiencing a fairly brisk trade as numbers of smaller producers get into the turkey market here.

Best chick demand has been for the Easter variety. The daily colored chicks sold out almost completely Saturday.

Big Spring Vets Hanging On To GI Insurance

Veterans in the Big Spring area are responding to the advice "hold on to GI insurance" Ray Boren, contact representative for the veterans administration, reported Saturday.

Veterans are flocking to VA contact office in the Petroleum building to reinstate or convert their GI insurance, Boren said.

It is not too late for veterans who have missed payments on their GI insurance to reinstate, Boren reminded. Under conditions made possible by a recent act of Congress, veterans who have allowed their insurance to lapse may be reinstated upon payment of two monthly premiums and signing statements that health is as good as it was at the time of the lapse.

Some veterans have been confused, Boren said, concerning the converting of GI policies. He pointed out that a few veterans had been led to believe that "converting" means dropping government insurance and buying a policy with a private company.

By converting the veteran retains his National Service Life Insurance and simply changes it from term insurance of the type issued while in military service to a permanent plan, the contact representative explained.

Second applications of spray should be made when blossoms begin to shed. For black rot, one of the most common diseases which attacks grapes in Texas, the horticulturists are recommending a spray containing eight pounds of bordeaux mixture with 100 gallons of water.

E. A. Miller, extension service agronomist says cottonseed treatment can be looked upon as an inexpensive form of crop insurance, which costs only a few cents for each bushel of seed, kills disease germs on the seed and protects seed and seedlings from diseases that may already be in the soil.

Angular leaf rot, one of the two worst cotton seedling diseases in Texas, may kill many plants and injure others unless seed is chemically treated before planting, Miller declares.

Dr. J. Brackley Joins Clinic

The Cowper-Sanders Clinic and Hospital has announced the association of Dr. Joseph E. Brackley in the practice of internal medicine.

Dr. Brackley is a native of Cohoes, N. Y., is married and he and Mrs. Brackley have one child, a son two years of age.

He was separated from the army medical corps in 1946 after four years service, including assignment in general medicine and gastroenterology at an evacuation hospital in Leyte and Cebu, and as chief of gastrointestinal section of the 42d General Hospital in Tokyo.

He also was in charge of the section of cardiology and cardiography at the same hospital.

Obtaining his bachelor's degree at Georgetown University, Washington, D. C. in 1934, he was graduated from the Georgetown medical school in 1938, subsequently serving as a fellow in pathology at the school. He was a fellow in gastroenterology at Lohy clinic in Boston in 1942 and had training in other fields, including bronchoscopy at Temple University. He is a member of the American College of Physicians.

County Reports 40 Flu Cases

The weekly communicable disease report at the Big Spring-Howard county health unit still showed 40 cases of influenza Saturday.

Health authorities are expecting a decline in the influenza figures due to warmer weather, however.

Other communicable diseases reported include two cases of chickenpox, two cases of mumps, and one case of whooping cough.

Sailors Rehearse King's Funeral

ATHENS, April 5. (AP)—A strange procession faded through the dark streets of Athens early this morning, in sad rehearsal for the funeral tomorrow of King George II.

To the lonely, measured beat of a single drum, Greek sailors slowly nudged a five and one-half-ton gun carriage—which Sunday will bear the body of the dead monarch—to the outskirts of the city.

County Schoolmasters Will Meet Thursday

Howard County Schoolmasters will have their regular meeting Thursday at 7:30 p. m. at the Howard County Junior College instead of on Wednesday as originally scheduled.

E. H. Boutler, Lubbock, deputy state superintendent, will be the speaker, discussing professional subjects. More than a score of schoolmen are expected for the meeting.

Farm And Ranch News

station tests have shown that chemically treated seed gives four-year average yield increases of 25 per cent at College Station, 15 per cent at Temple, 10 per cent in the Brazos Bottom and four per cent at Lubbock. Based on these results such as these, cottonseed treatment definitely is a part of cotton production, Miller asserts.

According to a report last week, cotton provided 12 per cent of the total cash income realized in 1946 by borrowers under the Farmers' Home Administration program in Mitchell county. The average total cash income of the borrowers, amounting to \$4,980, with an average net of \$1,583. Other major sources of the income included cattle, 14 per cent; dairy products, nine per cent; poultry and other miscellaneous farm products, seven per cent each; and off-the-farm income, nine per cent.

Jimmie Eason is planning increased irrigation for his truck farm and nursery east of town. He has drilled a new 47-foot well, installed an electric pump, and has a complete sprinkler system. The well is almost at the center of his property, and the sprinkler system is long enough to reach all of his field crops and shrubs.

Operating partnership between the 33 and 77 Cab Company and the Yellow Cab company is being dissolved. It is announced.

H. C. and Olive Moore, owners and operators of the 33 and 77 company, will continue to run that business from the Crawford parking lot; while Paul S. Liner has assumed full ownership and operation of the Yellow Cab company, and will maintain headquarters at the Greyhound Bus Terminal.

All are veteran taxi men, the Moores have been in business here for 25 years, while Liner has maintained an interest in the Yellow Cab company for the past 12 years.

They were to return to Big Spring late today.

Two Hundred Boys Playing Softball

An estimated 200 boys are engaging in twice-a-week grade school softball play, which got under way two weeks ago and continues for the next month.

All six of the grade schools are fielding teams and several boast two contingents which take part in regular games.

The teams play on Tuesday and Friday of each week. They meet all other aggregations of the league twice each during the regular season.

Mr. and Mrs. Joe Pierce and daughters, Adell and Frances, are visiting with J. C. and Duke Pierce and families.

C-C Broadcast Will Feature Easter Music

Traditional Easter music will be featured on the regular chamber of commerce radio program over KBST from 3:00 p.m. to 3:30 p.m. today.

R. E. (Peppy) Blount Jr., state representative, will be master of ceremonies.

Helen Blount will open the program, singing "Alleluia" and Mrs. Velma Griese and Mrs. Lorraine Talbot will sing "Blessed Savior, Thee, I Love" and "Supplication" accompanied by Helen Duley.

Other songs will be presented by Stewart Smith, and piano numbers by Jean Cornelison and Betty Ray. Nell, Helen Blount and Stewart Smith also will sing a duet, and readings will be given by Margaret Crouch.

## Easter Vows Read Today At Church

Double ring wedding vows are to be solemnized at the First Christian church today at 12:30 o'clock for Marjorie Lou Lock, daughter of Mr. and Mrs. Cecil B. Bell, and Otto E. Havins, son of Mr. and Mrs. Fern Havins of Robert Lee.

The Rev. Lloyd Thompson will officiate before an altar decorated with fern and calla lilies, and pre-nuptial selections will be played by Mrs. J. E. Bronson.

The bride will wear a white lace two-piece dress, street length, and pink and white accessories. She will carry a white Bible, topped with split carnations.

For the traditional something old, she will wear a gold wedding ring which belonged to her grandmother, the late Mrs. Lulu Gillespie. Something new is to be a chataleine pin and earrings, a gift from the groom, and a borrowed article will be a diamond and pearl set pin, loaned by her aunt, Mrs. Lottie Perkins. She will have a blue ribbon in her shoe.

Attending Miss Lock will be Lorraine Allen, who will wear a pink crepe street length dress with white accessories.

Glendon Stovall of San Angelo will serve as best man.

Miss Lock is a 1943 graduate of Big Spring high school, and has been employed by the Southwestern Bell Telephone Company for the past three years.

Havins, formerly of San Angelo, graduated from Robert Lee high school in 1941 and attended San Angelo business college. He served three years overseas with the Eighth air force, and is now employed by the Union Bus terminal here.

The couple will leave for a trip to San Antonio and Old Mexico following the ceremony.

## Susannah Class Luncheon Held At First Church

The Susannah Wesley class of the First Methodist church met Friday at the church for a regular monthly session, with Mrs. Bernard Lamun as hostess.

Co-hostesses for the meeting were Mrs. L. E. Eddy, Mrs. Mattie Hesley, Mrs. H. N. Robinson, and Mrs. Marion McDonald.

Dr. C. A. Long, a guest, gave the invocation.

In the regular business portion of the meeting, the class voted to move its sessions from noon to 3 o'clock in the afternoon, the change to continue through the summer months.

Luncheon was served from a table centered with an arrangement of iris and lilies, and those attending were Mrs. Charles Morris, Mrs. Mary Ruth Delbridge, Mrs. H. S. Taylor, Mrs. Alice Riggs, Mrs. V. H. Flewelling, Mrs. Clyde Thomas, Sr., Mrs. G. E. Fleeman, Mrs. J. N. Robinson, Mrs. Joe M. Faucett, Marion McDonald, Mrs. H. S. Williamson, Mrs. J. P. Meador, Mrs. A. C. Bass, the Rev. Long and Patsy Kirk, guests, and the hostesses.

## Forsan P-TA Group Hold Family Night Meeting At School

FORSAN, April 5. (Sp1)—Observing Family Night, the Forsan P-TA met in the high school gym early in the week.

Husbands and children were special guests at the program on "Building Better Bodies." Special health films were shown by Mrs. S. E. Womack, of the city-county health unit.

In the business portion of the meeting Laura Whittenburg was elected secretary for the current club year, succeeding Mr. W. L. Vaughn. Mrs. M. E. Perry, legislative chairman, reported on state correspondence.

Following the meeting, teachers of the Forsan schools held open house so that the parents might visit classrooms and see students' work on display.

About 46 adults and 50 students were present.

## Mrs. Sonny Edwards Entertains Her Club

# Easter Observed With Cantatas And Special Sermons

Joyous anthems will swell in a score of Big Spring churches today when the oft-told but never old story of the Risen Lord is proclaimed anew.

Numbers of innocent babes will be brought to the altar for baptismal ceremonies; the musical tapestry of the Crucifixion and Resurrection will resound in cantatas; there will be the solemn observance of Holy Communion and special mass; and hundreds will join in hosannas of songs in favorite Easter hymns.

And while packed congregations listen quietly, ministers will speak from the Book of the most sacred of Christian holidays.

Such will be Easter 1947 in Big Spring.

Easter services at the Presbyterian church will feature the baptism of infants and the reception of new members. The special sermon for the morning hour will be brought by the pastor, the Rev. R. Gage Lloyd, who will speak on "The Inevitable Easter." "Christ Arose," by Wilson will be the prelude for the musical program which will include hymns, "All Hail The Power of Jesus' Name," and "Christ the Lord Is Risen Today." The choir will be featured in the anthem "Hail To The King," and Miss Cornelia Frazier will sing a solo, "Sheep and Lamb," by Sidney Homer. The service will close with the hymn "My Jesus I Love Thee," and the postlude, "Crown Him Lord of All."

A recital of favorite hymns will be held Sunday evening when the pastor speaks on "The Walk to Emmaus." The Presbyterian Youth Fellowship will have a sunset service on Scenic Drive at 6 p. m.

High Mass will be celebrated at St. Thomas Catholic church this morning at 9 a. m. under direction of the pastor, the Rev. Theo Francis, O. M. I. Mass in C by A. Werner will be sung by the choir with soloists Mrs. Bill Griese, Mrs. Harold Talbot and Stewart Smith. Helon Blount will sing Mozart's "Alleluia," at the

offertory and "Pánis Angelicus" by Theodore Dubois at communion. Mass will be followed by benediction and Miss Blount will be soloist. Stewart Smith and Miss Blount will sing "Regina Caeli," by M. A. Melvin at the close of the benediction. First mass was held at 7:30 a. m., with a similar schedule at the Sacred Heart church.

Around 12 or 15 additions to the church are expected today when infant baptismal services are held at the First Methodist church. The choir will present an Easter cantata, "Memories of Easter Morn," Sunday evening at 7:30 o'clock. Soloists will include H. G. Keaton, Arnold Marshall, Russell Logan, Janice Yates and Joyce Howard, Mrs. William E. McElhannon and Patsy Kirk. The group will be directed by Mrs. C. H. Wood, and organ accompaniment will be played by Mrs. Champ Rainwater.

Worship will be held at the Salvation Army Citadel at 11 a. m. today with a musical presentation featuring two hymns, "He Arose," and "Have You Heard The Angels Singing."

A report on self denial missionary fund will be given by Capt. Olvy Sheppard and a youth choir will sing "He Arose." Capt. Ruth Sheppard will deliver the morning sermon on the subject, "The Art of Waiting." Preceding the sermon at Sunday school, a program in keeping with the day will be presented and will open with prayer by Irene Davidson. An Easter acrostic will be presented by Joan Boulton, Jackie Overtruff, Wilma June Overtruff, Betty Jo Wildmon, Anna Jo Huff and Zibia Payne.

"The Legend of the Easter Lily," will be given by Franklin Coy Lazenby and special music will include "Up

From the Grave He Arose." Capt. Olvy Sheppard will be speaker.

Corps Cadet Virginia Davidson will be in charge of the legion meeting at 6:45 p. m. and will direct the discussion on "Lean On The Cross." "The Challenge of the Cross," dramatic Easter presentation, will be staged at the citadel this evening under the direction of Capt. Ruth Sheppard. Taking part will be Max Winn, Virginia Davidson, Clod Davidson, Roxie Benton, Dorothy Wildmon, Juanita Holt, Florence Day-long.

The Rev. James Roy Clark has announced two speakers for his pulpit today when Easter is observed with special programs. The Rev. J. W. Arnett, district missionary will preach at morning services and Dr. Dick O'Brien, pastor of the First Baptist church, will deliver the evening sermon.

Two anthems will be presented during the worship hour, "Hail Thou Once Despised Jesus," and "Alleluia." George McLellan, music director, will be in charge of the program.

"Elements of True Love," is the subject of the sermon to be delivered by the Rev. W. R. McClure at the Church of the Nazarene this morning. Special music will be featured in the Easter presentation and Sunday school will be held at 9:45 a. m. Other meetings during the day will include young people's society at 7:15 p. m. and the evening service at 8 p. m. when the minister speaks on "Victory Through The Blood."

Basing his sermon on Matthew 28:6, the Rev. O. H. Horn will speak on the subject, "He Is Not Here, He Is Risen," at 11 o'clock services at St. Paul's Lutheran church. The children's choir, under the direction of Mrs.

## Activities Discussed At Luncheon

Sporting activities, announcement of future entertainments and the introduction of new club members highlighted the monthly luncheon of the Ladies Golf Association held at the Big Spring country club Friday afternoon.

Hostesses for the day were Mrs. Zollie Boykin, Mrs. R. R. McEwen, Jr., Mrs. Bob Hodges and Inez McClesky.

During a business session Mrs. Shirley June Colquitt read a letter from the West Texas Golf Association inviting lady golfers of Big Spring to the West Texas Open tournament in Odessa June 3-8. Members were also reminded that Shirley Robbins will give free golf instruction to women of the country club every Friday morning.

Mrs. Hack Wright, social chairman, told of plans for a bridge and bingo party which will be held at the club house April 18 at 7:30. Attending will be members and their guests, and prizes will be awarded.

Mrs. Boykin presided over the meeting, and members voted to donate \$5 monthly to the West Side nursery project which is being sponsored by the United Council of Church Women.

New members introduced were Mrs. L. D. Chrane, Mrs. B. F. Evans and Mrs. Vance Lebkowsky, and attending as guests of the association were Mrs. E. C. Bowe, Mrs. R. W. Currie, Dot Wasson, Grace Arledge, Virginia Henderson, Ann Currie, Rose Nell Parks, Betty Lou Hewitt, Erlene Wright, and Mrs. W. W. Ramsey.

### Blankenship Guest Speaker At South Ward P-TA Meeting

W. C. Blankenship, superintendent of Big Spring schools, was guest speaker Thursday afternoon at South Ward Parent-Teacher meeting.

Blankenship, in discussing "Encouraging Wholesome Attitudes" explained that such outlooks are developed from influences in church, home and the school. He stressed that the attitude of parents toward their children and school was very important.

"School," Blankenship said, "is a major factor in success, but not the key; children must be safe, happy and engage in wholesome activities."

During the business session, Mrs. Lee Rogers reported on field day and announced that hot lunches sold at the school had netted \$18.75. Mrs. Joe Pickle reported that five members had completed the procedure course and one member had finished instruction in parliamentary work.

It was announced that Mrs. Lee Rogers will serve as delegate to the Del Rio convention with Mrs. Ross Boykin acting as alternate. Mrs. J. A. Coffey's fourth grade won room count.

Attending were Mrs. Jack Reed, Mrs. Joe Pickle, Mrs. Lee Rogers, Mrs. A. E. Ashley, Mrs. Garrett Patton, T. E. Bailey, Mrs. J. A. Coffey, Mrs. J. E. Duggan, Mrs. E. C. ### Expecting a Baby?

Mother's Friend, massaging preparation helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just ask any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

### Meeting Postponed

The Sunday meeting of the Big Spring Community Theatre has been postponed according to announcement.

Members will meet at the YMCA next Sunday at 3 p.m.

### Raley Art Students Show Work At Annual Exhibit

Art exhibits consisting of landscapes, various scenes, flowers, animals and many other subjects were displayed by 45 art students of Mrs. Mary Raley at an annual art exhibit and open house held in the home of Mrs. Pete Green Friday afternoon and evening.

Approximately 160 persons saw exhibits of first and second year students who showed their work in pencil, charcoal, pastels and oils. Fifty-five framed pictures were on display with several easels which supported charcoal and pencil drawings.

The register was appointed with a white shell of pansies and iris and spring flowers were placed at vantage points about the show rooms. Refreshments were served from a table centered with a bouquet of lilacs and iris, and Mrs. Pete Green and Mrs. M. Glover poured.

Students presenting their work were Mrs. M. Glover, Mary N. Glover, Ruby Jo Bledsoe, Peggy A. Williamson, Mrs. A. L. Anderson, Thomas Rix Pickle, Jan Talley, Patsy Reeves, Beverly Ann Edwards, George McGann, Jimmy Wilcox, Nolan Simpson, Darrell Sanders and Milton Davis.

Tom Henry Guin, David Dibreth, Howard Smith, James Nuckles, Jimmy Porter, Ronnie Sanders, Bennie Sandefur, Dean Porter, Kenneth Curry, Mrs. John R. Chaney, Mrs. Bob Satterwhite, Mrs. Alton Underwood, Paschall Odem, Jimmy Hicks, Virginia Carpenter, Joyce Ann Anderson, Lorene Tate, Betty Jean Bradberry, James R. Clark, Jacqueline Clark, Tommy Ann Hill, Pat McKinney, Lee Ida Pinkston, June Brownrigg and Mrs. Jack Bennett.

## Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful! Just go to your drugstore and ask for four ounces of liquid Barconate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducing pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

FORSAN, April 5. (Spl.)—"A Trip I Would Like To Take" constituted the roundtable discussion when the Forsan Study club met this past week with Mrs. Frank Tate. Mrs. J. T. Holladay was co-hostess.

Members answered roll call by naming a place they had visited. Mrs. J. D. Leonard was in charge of the program.

In regular business the club voted to write to Congress concerning certain bills presented by the National Federation, and to notify state representatives that they favored financial support for the Howard County library.

Plans were discussed for the president's luncheon to be held May 3, and it was announced that club members would be guests April 11 at a party given by the Forsan Brownie Troop.

Present at the meeting were Mrs. E. N. Baker, Mrs. W. L. Johnson, Mrs. Jeff Inglish, Mrs. M. E. Perry, Mrs. J. B. Sowell, Mrs. Lois O'Barr Smith, Mrs. Bill Conger, Jr., Mrs. C. V. Wash, Mrs. W. B. Dunn, Mrs. Tate, Mrs. Holladay, Mrs. Leonard, Mrs. Ray Freeborn, Mrs. E. A. Grissom.

## WHAT GIVES 'ROUND TOWN

By Leticia Ross

Scores of college students are home for the Easter vacations, some arriving as early as Wednesday afternoon. High school suspended classes Thursday, but the junior college continued as though it had no idea what was expected of it.

Dot Wasson entertained her Easter holiday guests with a dance at the country club Friday evening. Visiting her are Grace Arledge from Crockett, and Virginia Henderson, Lufkin. Part of the multitude: Bobby Barron, Robert Coffee, Jimmy Talbot, Zack Gray, Jim Bob Chaney, Nancy Thompson, Beverly Stulting, Patsy Sue McDaniel, Mary Gerald Robinson, Paul Shaffer, Tommie Tomlinson, Beans Miller, Dewey Stevenson, Mary Louise Davis, Mickey Butts, Darrell Hickman, Betty Jean Underwood, like Robb, Vivien Middleton, Leon Lepard, Marvin Wright, Virginia Neal, James Duncan.

The college orchestra furnished music Friday evening at the Shell Oil company's annual Easter dance in the County Auditorium in Odessa. Along with leader Duke Neel were Wesley Deats, Charles Sherwood, Richard Deats, Harry Haug, Milton Knowles, Cedric Webb, Roger Miller, Billy Wenzelcraft and Midland's Roy de Wolfe.

Kenneth Barnes, former Big Spring now living in Austin and attending Texas U., came back to spend the holidays with John McIntosh. Helon Blount went through classes at Howard County Junior college Friday to see how it compared with Texas U. Collegians drifting into the State drug in about a half-hour Thursday evening: Earl Lusk, George O'Brien, Ollie Claude, McDaniel, Texas Tech; Billy Garrison, A.M.; Robert Swann Lee, Hardin-Simmons. We can not say where most of the old-home boys are spending their vacations, but the last six times we ambled into the State drug we found Earl Lusk!

Raymond Moore, member of the college ensemble, will have a solo part in the Easter cantata at the First Baptist church this evening. Easter, like snowy weather.

Along the grapevine: Bill Hix promised some dozen persons that he would come around and personally tie their bowties for the college dance Saturday night. Couples at the carnival grounds Tuesday evening: Dot Wasson, James Duncan, Bobbie Green, Dea Thomas, Evelyn Green, Robert Halbrook, P. D. Gage, R. L. Heath, Bobbie June Bobb, Jimmy Feden, Beverly Stulting, Zack Gray.

Ladd Smith hit a four-mastur Wednesday night for the Jayhawks in their exhibition softball game against Big Spring Motor. John Rudeseal, also on the team, planned the evening to have two in his car, but before the game actually started he had gone from house to house and gathered six others. Among faces in the crowd: Wilma Joe Taylor, Mary Ann Goodson, Colleen Davidson, Betty Gutte, James and George Crittenden, Donald Crittenden, Melvin Newton, Ernest Moore, Wanda Bradford, Patsy Ann Tompkins, Helon Blount, Goat Hull, Cliff Clark, Jim Bob Chaney, Bobby Hollis, Ensor Puckett, Marvin Wright.

Harold Berry and Beverly Stulting played tennis Wednesday night. Delbert Shultz was a guest at the American Business Club's regular meeting Friday. Pepper Martin, playing with the Lobos in Lamesa these days, came in for a short stay some days ago. Wilda Watts is back in town from a Colorado vacation.

### Jimmy White Host For Picnic Supper

Jimmy White was host Thursday night for a hay ride and picnic supper attended by a number of young people.

The group went to the state park where supper was served, and dancing at the pavilion provided other entertainment.

Attending were Billy Bob Watson, Veve Gehe Apple, Richard Deats, Nancy Whitney, Tex Massey, Mary Louis Porter, Jane Brookshire, Charlotte Williams, Babe Douglas, Doris Hull, Patsy Ann Young, Joyce Worrell, Doris Clay, Beverly Campbell, Rebecca Rogers, Jean Robinson, Mary Sue White, Ronnie Wooten, Ann White, Jimmie White, Jerry Wooten, Mr. and Mrs. Floyd White and Mr. and Mrs. Harvey Wooten.

### Mrs. Fred Green Entertains HD Club In Her Home

FORSAN, April 5. (Spl.)—Mrs. Fred Green was hostess to the Home Demonstration club when the organization met in her home this week.

Mrs. M. M. Fairchild was elected reporter, replacing Mrs. J. P. Kubecka, who has resigned, and Mrs. Jeff Green assumed work of the secretary-treasurer, replacing Mrs. H. G. Starr.

Entertainment was sewing. The group is completing a slip cover. Refreshments were served to Margaret Christie, a guest, Mrs. H. L. Tignarend, Mrs. L. B. Griffith, Mrs. R. E. Hughes, Mrs. Craig, Mrs. Green, Mrs. Fairchild.

The WMS of the Forsan Baptist church met Monday with Mrs. O. N. Green bringing a discussion on stewardship.

A social hour followed the meeting and refreshments were served to Mrs. G. D. Elliott, Mrs. E. C. McArthur, Mrs. Jesse Overton, Mrs. Jewell White, Mrs. Jimmie Calcote, Mrs. J. E. Chanslor.

Cub Scouts and den mothers met in the Scout Hut Friday, naming Jerry Don Hughes as den chief. Maurice Perry will serve as assistant and Johnny Park will be keeper of the buckskin.

Scouts present were Roy Edward Hughes, Tommy Henry, Albert Dan Miller, Horace Soules, Albert Oglesby, and den mothers, Mrs. R. E. Hughes, and Mrs. Earl Hughes.

### Michael Jarratt Has Party On Birthday

Michael Jarratt was honored on his sixth birthday anniversary Thursday afternoon with an informal party given by his mother, Mrs. Felix Jarratt.

Mrs. C. A. Smauly, Mrs. S. Hollingsworth and Mrs. B. B. Hall assisted Mrs. Jarratt in arrangements.

Games were played and pictures were made of the group. Guests attending were Raymond Seal, Ronnie Burman, Loren Guess, Roger Tate, Ann Hall, Verita Sue and Carla Lou Smauly, Vance McCright, Somer Hollingsworth, Jr., Bill Thompson, Robert, Barbara and Gray Parks, Ricky Hodnett and Robert Cochran.

### Easter

(Continued From Page One)

Travis Aaron, will be featured in an Easter choral program. Dressed in new choir vestments, the group will make an initial appearance before the congregation and will sing, "Christ The Lord Is Risen."

Rupert Hicker will be guest speaker at the Park Methodist church this morning and will present a message in keeping with the Easter theme.

An Easter cantata will be presented at the First Christian church this evening at 7:30 p.m. and a cordial invitation is extended to the public.

"All Hail The Power of Jesus' Name," will be the processional song by the choir and congregation and following the invocation by the Rev. Lloyd Thompson, "I Know That My Redeemer Liveth," will be sung. Scriptures by the pastor will be followed by the anthem, "The Holy City," by the Youth choir.

Noite's "The Risen Savior," will be presented and will include "Praise The King Divine," by the choir; "Blessed Is He That Cometh," C. M. Shaw soloist; "Midnight On Olivet," women's chorus; "The Trial," choir; "Crucifixion," Mrs. Russell Moulton, soloist; "The Garden Of The Sepulcher," with special part by Mrs. W. D. Mc. Nair, D. J. Holmes, Zaida Brown and C. M. Shamer; "Dawn In The Garden," choir; "O Memory Of A Sunrise," D. J. Holmes, soloist; "Bells of Easter," choir; "It Was For Me," Zaida Brown, soloist; and "Hail The Risen Savior," choir.

"Beneath The Cross of Jesus," will be the communion hymn sung by the choir and congregation with "God-Be With You Till We Meet Again," as the choral response by the senior choir.

Easter carols and hymns will be presented at services today at St. Mary's Episcopal church when the rector, the Rev. Charles Abel, brings the morning Easter message. Holy Communion music will be in D by Willard Foster.

A narrative cantata, "Our Living Lord," will be presented by the choir of the First Baptist church at evening services under the direction of Ernest Hock.

Soloists include Raymond Moore, Marjorie Moore, Mrs. Ernest Hock, and duet numbers will be brought by Nance and Marjorie Moore. The cantata, which includes several men's and women's choruses, and choral passages, will be directed by Mrs. C. W. Norman. Piano accompaniment will be played by Mrs. S. A. Ritter, and Mrs. J. E. Hardesty and Roy Rogan will furnish violin and saxophone accompaniment.

### What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled over with energy, felt happy as a lark? Was it not because you liked to eat? Did you know what digestion was, felt strong as an ox? As we advance the "old stomach" and the ever-changing life, we find that you may again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, sugarweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is an amazing effective building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula, which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to be balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm, fresh, fit out hollow places. Millions of bottles sold! Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

## Coming Marriage Of Ann Talbott, Jack McDaniel, Announced At Coffee In Robert Middleton Home

Early American Theme Used In Decorations; Bride Elect's Mother Entertains Houseparty

At a coffee given in the home of Mrs. R. V. Middleton Saturday morning, Mr. and Mrs. F. H. Talbott announced the engagement and approaching marriage of their daughter, Ann, to Jack McDaniel, son of Mr. and Mrs. B. J. McDaniel. Mrs. Harry Hurt was co-hostess for the morning party and guests called between the hours of 9:30 and 1 o'clock.

Mrs. R. T. Piner greeted guests at the door, and others in the receiving line were Mrs. Middleton, Miss Talbott, Mrs. Hurt, Mrs. F. H. Talbott, Mrs. B. J. McDaniel and Mrs. C. H. McDaniel, Sr.

Mrs. J. Y. Robb and Mrs. E. C. Boatler escorted callers into the dining room where others in the house party presided. Included were Janet Robb, Robbie Piner, Martha Frazier, Cornelia Frazier, Patsy Sue McDaniel, Mrs. Dalton Mitchell, Mrs. W. E. Carrarick, Vivian Middleton, Mrs. Bill Talbott, Mrs. Paul Solder and Celia Westerman.

Miss Talbott wore a printed silk morning frock, styled with a seaplo jacket effect, repeated on the cap sleeves. Mrs. Middleton wore a pink and black linen ensemble and Mrs. Hurt was attired in a black dress with flowered trim. Mrs. Talbot wore a sky blue crepe dress and Mrs. McDaniel, mother of the bridegroom-to-be wore black frock. Mrs. C. H. McDaniel, Sr., wore a pink tailored dress. All wore corsages of spring flowers.

An early American motif was used in the decorations of the serving table which was covered with a cloth of white, organza touching the floor with gathered ruffles. Wide satin bands, looped about the table were caught at intervals with old-fashioned nose-gays edged in lace. Silver and white appointments were used, and the announcement was made on small cards printed in silver with "Ann and Jack, June 4." Tied to the announcement were miniature nose-gays. Silver coffee services were at either end of the table which was centered with a bride's bouquet of spring flowers. Silver shells held pink and white mints, individual food cakes and salted nuts. "Jack and Ann," were printed in silver on party napkins, and presiding at the table were Mrs. Bill Talbott and Mrs. Paul Solder.

Miss Cornelia Frazier was at the register which was ornamented with a colonial bouquet of spring flowers. Piano selections were played by Celia Westerman during calling hours.

The guest list was limited to friends of the bride-elect and the bridegroom-to-be, and members of the entertaining party attended a late luncheon given by Mrs. F. H. Talbott in her home.

Miss Talbott and McDaniel will be married in a formal wedding service to be read at the First Presbyterian church on the evening of June 4. The bride elect is a student at Texas Tech and McDaniel is attending Texas A&M.

## Easter Vows To Be Read Today For Forsan Couple

FORSAN, April 5. (Sp.)—The marriage of Miss Emma Frances Sageser, daughter of Mr. and Mrs. Forest Sageser of Cotton Center, to Mr. Clarence H. McClusky, son of Mr. and Mrs. H. M. McClusky of Forsan, will be solemnized today at 4:30 p.m. at the First Baptist church in Cotton Center.

The Rev. Arvil Richardson will officiate at the double ring ceremony which will be read before an altar banked with greenery. The couple will stand beneath an archway of fern and Easter lilies, and on either side will be baskets of white gladioli and iris. Tapers in tall candelabra will light the altar and mark the aisle.

Mrs. Martha White will play "At Dawning," "Oh Promise, Me," and "I Love You Truly," and Mrs. Arvil Richardson will sing, "Always," and "Indian Love Call."

The bride, given in marriage by her father will wear a white satin gown with a high neck fitted long sleeves and a snug bodice. The bouffant skirt sweeps into a full train and her fingertip veil of net falls into circular tiers from a half-hat of ivory and pearls. She will carry a white Bible and an arm bouquet of lilies, showered with

sat ribbon streamers. Miss Martha Lou Sageser, sister of the bride, will be maid of honor, and other attendants will include Mrs. Tommy Applewhite of Cotton Center and Mrs. W. V. Hedgpeth of Forsan. Bridesmaids are Miss Mary Britton of Brownfield and Miss Voncil Sewell of Forsan. All will wear formals in pastel shades with corsages of spring flowers.

The bridegroom will be attended by W. V. Hedgpeth of Forsan, Terral Thompson, Tommy Weaver of Big Spring and Jack Sageser will be ushers. Tapers will be lighted by Ellison Stambaugh and Elbert Harp, cousins of the bride.

Verna Ruth Liles, a cousin of the bride, will drop flower petals from a large Easter lily and Max Sageser, the bride's brother, will carry the wedding rings in a lily.

The bride's mother will wear a blue-silk ensemble trimmed with lace and a corsage of pink carnations. Her accessories will be blue and black.

Miss Sageser was graduated from the Cotton Center high school and received her BS degree from West Texas State Teachers College in Canyon. She has been teaching in the home economics department at the Forsan high school. McClusky attended Forsan schools and spent 42 months in the army.

A wedding reception will be held at the home of the bride's parents after the ceremony, and refreshments will be served from a table ornamented with spring flowers and appointed with a crystal punch service. A three-tiered cake will be served with other refreshments.

The couple will leave for a wedding trip after the reception, and for traveling the bride will wear a beige dress with red and black accessories and a corsage from the center of her bouquet.

Upon their return the couple will be at home in Forsan where the bride will continue teaching and where the bridegroom is affiliated with the Cosden Oil Company.

CHICAGO, April 5. (AP)—Eight state legislatures have ratified the proposed amendment to the United States Constitution which would limit the President to two terms or not more than ten years, but approval by the required majority of 36 states may require several years. The proposal has been approved by these states—Maine, Michigan, Iowa, Kansas, New Hampshire, Illinois, Delaware, and Oregon.

## Big Spring Student Tells A&M Issues

The issue at Texas A&M college is Gibe Gilchrist, president of the college, or an arbitrary administration which had denied students the right of democratic processes.

This, in substance, is the opinion of Edward K. Fisher, Big Spring, secretary of the Veterans Student Association, which has forged the front on the controversy at the state's largest men's school.

Fisher, who said he had not received a subpoena purportedly issued for him by a joint state Senate-House investigating committee, said Saturday that he would be in Austin on Tuesday nevertheless when the committee is due to meet.

He termed Gilchrist's claim that the issue at A&M was hazing as "sophomoric."

"It should seem obvious to Mr. Gilchrist and the people of this state, that a group of men, whose average age is 23, would not take a stand on some sophomoric subject such as hazing."

Fisher, who is here for the holidays, pointed to a speech by W. S. Andrews, president of the VSA, before 3,500 veterans and press representatives that the association has no connection with the problems of the cadet corps whatsoever and specifically that "we are not attempting to sustain the cadet corps in their attitude toward hazing of freshmen." Hazing is an institutional matter and not proper subject for VSA consideration, he said, adding that despite this, the administration had continued to stress hazing as the basic issue.

"Our fight to get our school back to democratic principles is taken from both state and federal constitutions," Fisher asserted. "At A&M we have members of the faculty who are waiting until Tuesday to testify . . . and they are willing to sell of the suppression of free speech on the campus."

Freedom of press also is at stake, said Fisher, alleging that some of the releases from "our biased publicity department" were at fault. The Dallas News carried a story on May 26, 1944, he continued, that Gilchrist was elected unanimously by the eight members present at the board meeting, when "actually three men voted against him—F. M. Law, John Byrnes and General Breese."

Fisher categorically denied there was any connections between the VSA and any off-the-campus organizations.

"As (VSA) secretary, I want to emphasize that we have no affiliation with any political, social or financial organization anywhere," he said.

At the present the association is raising funds (\$1,400 on hand) with which to finance its campaign from student sources. Fisher said "this fund will enable us to hire legal aid, since we are not in conflict with an educator but a politician."

Some disagreed with the VSA for not presenting its facts before the board, which met solidly on record behind Gilchrist, but the association took the position that it was useless to present its facts in "a biased court," preferring to await the legislative investigators, Fisher declared.

Discussing what he considered the basic issue, Fisher said they stemmed from "disinterest and an arbitrary attitude" on the part of the administration, which left students wholly without recourse to democratic processes. He said that the VSA had voted for members to return to their homes during holidays to tell the "people the

truth about their state educational institution.

## Company Donates Food For Distribution In European Countries

It has been estimated that millions of children in Europe are close to starvation, and in co-operation with the American Friends Service Committee, a Quaker Relief Organization offering assistance, the H. J. Heinz Company has announced that the concern will donate one million packages of Heinz baby food for immediate distribution by the Friends through their staff abroad.

During the Easter season the organization has made appeals to the American people for relief abroad, and Heinz' contribution will be allotted to the neediest of Europe's children without regard to nationality, race or religion.

Officials have also announced that in addition to their overseas contribution, the company stands ready to send to Europe one package of Heinz baby food for every Friday club guest were Jake Johnson and Delbert Shultz, Prentiss Bass was present as a reinstated member.

## Business Club Plans Changes In Constitution

Detailed alterations of the constitution were placed before members of the American Business Club by committee chairman Doug Orne at their regular Friday business session.

Among desired provisions not at present included in any clause of the constitution is that of specific duties for each of the three vice-presidents. Under the proposed plan each vice-president will oversee several of the club's 12 standing committees.

It will be stated definitely in the charter that a two-thirds vote from any meeting will be sufficient to carry most plans and proposals. Passage of motions dealing with the constitution, however, will require approval from two-thirds of the club's actual enrollment.

Added membership to the board of governors will also be provided under the new constitution plan, the present clause naming only seven. An increased salary for the treasurer, and requirements for reinstating members are also to be written in.

Friday club guests were Jake Johnson and Delbert Shultz, Prentiss Bass was present as a reinstated member.

## EASTER LILIES FORGET CALENDAR

McALLEN, April 5. (AP)—Easter lilies in the Rio Grande Valley forgot to look at the calendar.

They're blooming all right but not at the right time.

And this error is causing commercial growers heavy financial losses.

A cold spring and lack of rain were blamed.

One McAllen florist saw part of his lilies bloom and fade a week ago. The rest look like they'll bloom in May.

Usually the flower thrives in the Valley during the Easter season, but this year the bloom shortage is so acute that McAllen florists are importing blooms from out-of-state.

## Mrs. Roosevelt Will Get Christian Award

NEW YORK, April 5. (AP)—The National Conference of Christians and Jews announced today that Mrs. Eleanor Roosevelt would receive its 1947 award "not only in recognition of her personal work on behalf of human relations but to commemorate the ideals and achievements of her husband."

### "Can Chiropractic Cure Me?"

Read What B. J. Palmer, D.C., Ph. C., The Developer of Chiropractic Has to Say—

All elements of health are within your body, at all times struggling for expression. Nerve interference is the usual bar to this expression and results in disease. The work of the Chiropractor is to find and adjust this cause. When that is accomplished, normal health may be expected.

Patients also frequently ask, "Can Chiropractic cure me?" and "How long will it take to get well?"

In trying to reach a justifiable and sincere prognosis, five things must be considered:

1. Age of Patient
2. Degree to which disease has progressed
3. Vitality in reserve in patient which does "healing" or "curing"
4. Ability of Chiropractor
  - (a) to correctly analyze the case
  - (b) to pick major for adjustment
  - (c) to determine correct malposition
  - (d) to deliver correct adjustment
5. Time patient will allow for recovery

LET US WEIGH EACH POINT CAREFULLY

First: As a general rule, the younger the patient, the greater the opportunity for recovery—other things being equal.

Second: If condition is mild, taken in its earlier stages, recovery is more nearly assured than it would be in its later stages.

Third: If person has been sick a long time and his reserve force does not come back readily, or at all, it can be seen that possibility for recovery is less. If person has a strong reserve force and it "comes back" quickly and strongly, then odds are much in his favor.

Fourth: Suppose Chiropractor correctly analyzed case, but gave a wrong adjustment—the "prognosis" would be grave. On reverse, grant that he could give an excellent adjustment—suppose place for adjustment was wrong. Results would be nil. If everything on Chiropractor's part is done just right, other things being favorable, prognosis would be favorable.

Fifth: Take it for granted that everything in four preceding points had been done exactly right—if patient had a stubborn case which had been standing for years, and allowed but one week to make recovery in, it would be impossible.

It takes time to get sick. Disease grows, health must re-grow. It takes time for disease or health to grow.

Be progressive. Consult a Chiropractor and learn how easily you may have health more abundantly.

## Gerald Anderson To Review Book, 'Life With Father'

Saturday afternoon, April 12, Gerald Anderson will review the Broadway play, "Life With Father," in the parish house of St. Mary's Episcopal church under sponsorship of the AAUW.

"Life With Father" is adapted from the book of the same name by Clarence Day. The scene opens in New York City where the father, whose life is involved, is a very prosperous Wall Street man, pompous and thoroughly dominated by a flighty wife.

When the wife, usually alert, discovers that Father has been married to her all these years without ever having been baptized, she becomes outraged. So Father must undergo the ceremony to make their marriage genuine.

The story is light, humorous and goes off at a rapid pace to the conclusion when father is en route to the church in his baptismal service.

Tickets to the review are on sale by all members of the AAUW.

Anderson, who at present instructs English classes in Forsan high school, graduated from Big Spring high school in 1938. He completed studies as a speech and drama major at McMurry in 1946 prior to serving as a navy fighter pilot in the South Pacific theatre of war. He was enlisted with the navy three years and nine months.

Anderson has had stage experience from the Theatre in the Dale, summer show place in New Bedford, Conn. He is a member of the Big Spring Community Theatre, and appeared in the organization's first stage production, "Dust of the Road," given recently at the city auditorium.

Anderson presented a recital of poetry and readings under auspices of the Forsan Study club at the high school auditorium in Forsan Thursday evening.

Mrs. B. Dunn introduced Anderson, who gave several selections from the works of Kipling, and Don Blanding's "Vagabond's House" and "The Owl and the Pussy Cat" by Robert W. Service.

A large crowd attended the program and around \$50 was cleared for the study club project.

## Mary Frances Norman Named Club President

Mary Frances Norman was elected president of the Allegro Music club for the current club year when the organization met Saturday at the First Baptist church.

Other officers will be Susan Logan, vice-president; Sandra Swartz, secretary; Doris Ann McDonald, treasurer; and Larry Evans, reporter.

The group voted to make a donation to the Red Cross fund.

Members present were Doris Ann McDonald, Margaret McDonald, Mary Frances Norman, Marilyn Miller, Marie Hall, Sylvia Brigham, Larry Evans, Evelyn Wilson, Patricia Lloyd, Susan Logan, Nancy Bivens, Beverly Frappell, Sandra Swartz, Delores Sheets, Annabelle Lane, Howard Sheets, Peggy King, and the sponsor, Mrs. J. E. Hardesty.

## Children Entertained With Easter Egg Hunt

Mrs. Ben Sullivan and Mrs. C. J. Sullivan entertained with an Easter egg hunt for their sons, Benny and Josh, Thursday afternoon at the city park.

Games were played and refreshments were served to Jane Corcoran, June Corcoran, Edward and Wanda Musik, Audrey and Dorothy Arnold, Jean Robert Myers, Claudia Arnold, Mrs. Thelma Corcoran, Mrs. Dorothy Musik and Mrs. Mary Arnold.

## Miss Dorothy Brown And Howard M. Hubbard Are Married On Easter Eve

A candlelight ceremony read Saturday evening at 8:30 o'clock in the Main Street Church of God united in marriage of Dorothy Brown, daughter of Mr. and Mrs. R. W. Brown, and Howard M. Hubbard, Jr., son of Mr. and Mrs. Howard Hubbard Sr., of Coahoma.

The Rev. W. R. Hutchings read the single ring wedding vows before an altar banked with palms. Large baskets of vari-colored gladioli were placed in the foreground.

Candles were lighted by Elzada Herring and Jean Jenkins. Pre-nuptial music included a piano solo, "Pure As Snow," played by Mrs. Roy Wilson, who also accompanied Leslie Cathey as she sang "To Each His Own" and "From This Day Forward". Willie Mae Witt read the poem, "Why Do I Love You," preceding the ceremony.

The bride, given in marriage by her father, wore a white suit, accentuated with a halo hat of pink garnations. Following the tradition of brides, she carried a white Bible, borrowed from a friend, Miss Nancy Bryant. Something new was a rhinestone necklace, a gift from the groom; something blue was symbolized by a blue ribbon carried in the Bible, and the something old was a handkerchief brought from Germany during World War I.

Attending the bride were her sisters, Mrs. Bledsoe O'Brien and Floyce Brown, both of whom were dressed in pink ensembles and wore corsages of white carnations. Gray Burkhead was groom's man,

and ushers included Eddie Mickson and J. D. Jenkins.

The bride graduated from Big Spring high school in 1946 and was enrolled at Howard County Junior college. She has been employed for the past several months at Hemphill-Wells.

The groom attended schools in Coahoma prior to three years service in the armed forces. He is now attending Texas Tech, Lubbock, where the couple will live.

Following the ceremony, the couple and wedding guests were honored with a reception in the home of Mrs. A. T. Bryant.

The traditional tiered wedding cake was served from a lace-laid table.

Out of town guests present for the ceremony were Mr. and Mrs. Woodrow Wickman and Freda Hubbard of Midland.

# Mothers...

YOU CAN JOIN WITH US in feeding the hungry children of Europe. H. J. Heinz Company is giving outright to these children one million packages of Baby Food. In addition, we stand ready to give one package of Baby Food for every package of Heinz Baby Food bought by mothers throughout the United States this week, from April 7 through April 12.

This much needed food will be distributed in Europe by the American Friends Service Committee, a Quaker relief organization. The Committee will allot the Baby Food to the neediest children regardless of nationality, race or religion.

THE NUMBER OF PACKAGES WE SEND IS UP TO YOU.

"The gift of the Heinz Company means life and hope for human beings otherwise doomed. It also means that the warm heart of America still beats true. Now millions of Americans can have a direct share in giving food to hungry children. Other companies may find ways of taking similar action through the relief agencies of their choice, opening wide the floodgates of American generosity. It is as certain as the stars in their courses that there can be no peace where children are starving."

# Andy Hardy's Back, With New Troubles In His Romances

Fans of the screen's Hardy family—and they are legion—will welcome Andy, the Judge, Ma Hardy, Aunt Milly and some faces new to the family in "Love Laughs at Andy Hardy," which headlines the Ritz theatre's program for today and Monday.

The new film episode in the adventures of the redoubtable Andy Hardy marks Mickey Rooney's first role since his discharge from the Army and the script of "Love Laughs at Andy Hardy" parallels his own experience, for Andy also comes back to Carvel out of the armed forces and shocks his family by the intimation that he intends to marry his Watright College co-ed girl friend, Kay Wilson.

It is common knowledge to movie-goers, however, that love seldom runs smoothly for the Carvel Lothario and in this instance Andy is so smitten with heartbreak when Kay unexpectedly marries her wealthy and successful guardian, that he resolves to desert college and make his own way in the world as a South American engineer. Even one of the Judge's famous man-to-man talks fails to dissuade him. But the script writers have

not failed to underestimate the power of a woman, and when a sultry Latin charmer makes her impact felt upon the impressionable Andy, he decides to make a fresh start.

Any number of comic situations arise during the course of the fast-paced narrative but the funniest is probably Andy's platonic affair with Coffy Smith, whom he takes out on a blind date and who turns out to be charming but of amazon proportions. Their frenzied jitterbug routine at the college prom is one to end all jitterbug routines!

It is a delight to welcome both Mickey Rooney and Andy Hardy back to the screen and to report that Andy has lost none of his infectious high spirits. Lewis Stone as the discerning Judge, Fay Holden as Ma Hardy and Sara Haden as Aunt Milly all seem like old friends, and the cast is further enhanced by the presence of Bonita Granville as Kay Wilson, Lina Romay as the Latin charmer who saves the crisis, and six-foot-four Dorothy Ford.

**ANDY RETURNS**—The Hardys are back—Andy and the Judge and the missus—in another of the humorous hits, "Love Laughs at Andy Hardy," which is at the Ritz theatre today and Monday. Lewis Stone, Mickey Rooney (his first picture since leaving the army) and Fay Holden are in the customary roles. Andy encounters feminine charm in the persons of Bonita Granville, Lina Romay and Dorothy Ford.

**BOY AND HORSE**—The Lyric theatre's offering for today and Monday, "King of the Wild Horses," tells the story of a boy's love for a stallion. Preston Foster, Gail Patrick and Billy Sheffield are shown here with the new equine member of the family.

## Horse Drama Is Featured Today At The Lyric

The Lyric theatre today and Monday offers one of those stories that has perennial appeal—the love of a boy and a horse.

The picture is "King of Wild Horses," and contains many colorful sequences of the western range with great animal shots. The cast includes Preston Foster, Gail Patrick, Big Boy Williams and Billy Sheffield.

Briefly, the picture tells of an orphan boy who goes to live with his uncle on the latter's ranch. He is unable to adapt himself to the range life until he encounters a wild stallion and befriends him. The stallion later is captured by the uncle, but the boy sets the animal free, and angry with his uncle, runs away.

Later, the lad saves the life of the stallion's colt, and is himself rescued by the uncle. The two reach an understanding, and the boy is pleased that both stallion and colt are set free to roam the prairies.

## Ritz To Present The First Guy Who Begged Richard

If you want to know who started this "Open the Door" epidemic, you will have the opportunity at the Ritz theatre Tuesday and Wednesday, when the program includes a brief, highly humorous sketch by "Dusty" Fletcher, colored, vaudeville entertainer, who re-enacts the turn that originated the well-worn phrase.

The song itself is not sung in the short, but Dusty runs through a hilarious routine. He appears as a bar fly, thrown out of a saloon, and the entire act is made up of Dusty's comments on his predicament, on drinking in general, and his attempts to get the ubiquitous Richard to open de do' and let him in.

## Katherine Hepburn, Robert Taylor Star In 'Undercurrent'

Drama of intensity is offered at the State theatre today and Monday with the showing of "Undercurrent," co-starring Katherine Hepburn and Robert Taylor for the first time. The mystery romance is the first film for Taylor since his discharge from the military service.

The plot of "Undercurrent" based on an original story by Thelma Strabel, revolves about the marital breakup between Hepburn and Taylor when the latter, becomes jealous of his mysterious brother. So suspensefully has the plot been created that not until the very finish is the audience able to determine the story's ending.

Directed by Vincente Minnelli, who filmed "Meet Me in St. Louis" and "The Clock," among other hits, and lavishly produced by Pandro S. Berman, the action of the story covers a wide range of luxurious settings in a New England village; Washington, San Francisco, and an estate in Virginia.

Heading the supporting cast in the role of Taylor's brother is Robert Mitchum, one of the fastest rising players in Hollywood, recently seen with Dorothy McGuire in "Bill the End of Times" and cast opposite Greer Garson in "A Woman of My Own."

Veteran actor Edmund Gwenn plays Miss Hepburn's inventor father; Marjorie Main adds laughs as a typical New England maid of all work.
