DISTRICT NO. 5

NORTH SIDE

The City Council does hereby determine to assess a portion of the cost of said improvements in each district or unit, against the owners of property abutting thereon in accordance with and under the terms of Chapter 11 of Title 22 of the Revised Statutes of the State of Texas of 1911, and the ordinance of the City passed on the 10th day of October, 1922, ordering such improvement and letting contract therefor.

The cost in each district or unit to be assessed against abutting property and the owners thereof shall be apportioned among the respective parcels of property in such Unit or District according to the front foot rule or plan, provided that if the application of this rule shall in the oplnion of the City Council result in particular cases in injustice or inequality, or in assessments in excess of special benefits in the enhanced value of the property by means of improvements in a particular Unit or District, then the City Council shall adopt such rule of apportionment in each district as shall effect a substantial equality between the respective parcels of property and the owners thereof, considering benefits received and burdens imposed, and provided further that in no case shall any assessment be levied against any property or the owner thereof for any part of the cost of improvements in such District, each district being considered as a separate and independent unit of improvement; and the omission of any improvement in any district, or in any part of any district, shall in no wise affect or impair assessments levied, and the omisson of any improvements in any district, or in any part of any district, shall in no wise affect or impair assessments levied, and the omisson of any improvements in any district, and the omission of any improvement in any district, or in any part of any district, shall in no wise affect or impair assessments levied, and the omisson of any improvements in any district, shall in no wise affect or impair assessments are levied, superior to all other liens and claims, except Sta

THE WAY OF IT

The following letter was received this week from one of our subscribers residing in the North Panhandle: GENTLEMEN:- For the following reasons I am unable to send you the check asked for:

"I have been held up, held down, sand-bagged, walked on, sat on, flattened out, and squeezed; first by the United States Government for the Federal war tax, the excess profit tax, liberty loan bonds, thrift capital stock tax, merchant's license and auto tax, and every society and organization that the mind of men can invent, to extract from what I may or may not possess; from the society of John the Baptist, the G. A. R., the W. R. C., the Red Cross, the Black Cross, the Purple Cross, the double cross, the Children's Home, the Dorcass Society, the Y. M. C. A., the Y. W. C. A., the Boy Scouts, the Jewish Relief and every hospital and church

The Government has so governed my business that I don't know who ownes it; I am inspected, suspected, examined, and re-examined, informed, mis-informed, required and commanded, so I do not know who I am, where I am, or what I am. All I know is that I am supposed

to be an inexaustible supply of money for every known need, desire or hope of the human race; and because I do not sell all I have, and go out and beg, borrow and steal to give away, I have been cussed, discussed, boycotted, talked to, talked about, lied to, lied about, held up, hung up, robbed and nearly ruined. The only reason I am clinging to

life is to see what in H-L is coming

An allegorical concept of the Red Cross as a peace-time ideal is employed by the American Red Cross in a new and striking poster for its Annual Red Cross Roll Call. Spread out before the hereic size figure is the eutline of the United States with a Red Cross superimposed upon it while are und its borders are sketched scenes depicting the chief activities of the Red Cross today—service to disabled vetarans of the World War, disaster relief and promotion of the public health. The poster is the work of Lawrence Wilbur, a New York artist and will be displayed throughout the country during the enrollment of the Red Cross membership for 1923.

mocratic Resolution Declares Ac ceptance of Federal Ald Pledge

ald is allotted to the States on a of R. F. Hester, to satisfy a judgment basis which assumes that a State amounting to \$369.37 in favor of W. T. W. Markett and State amounting to \$369.37 in favor of W. W. Markett and State amounting to \$369.37 in favor of W. M. Markett and State amounting to \$369.37 in favor of W. Markett and State a seven per cent of the total post road mileage of the State, will be con-structed and maintained.

The convention expressed its recognition of this obligation in the following language: "We recognize the acceptance of Federal co-operation in highway construction through allotments of Federal funds, as a pledge to the Nation for the construction and maintenance of a system of highways primarily servicesystem of highways primarily service-able as a State system, responsive to the needs of the citizens of the State-and secondarily providing the basis for a system of highways extending from State to State."

Texas has so far received and will

continue to receive a larger share of Federal highway funds than apy State in the Union. It is estimated that Texas receives five times as great a share of these funds as it contributes toward them in the form of Federal taxes. In other words the other States are supplying four out of every five dollars spent by the Federal Government in Texas for the construction of roads. This fact, the Texas Highway Association points out, makes the responsibility of Texas all the greater.

Most of the States in the Union have complied fully with the Federal requirements and are building State systems. Texas is one of a few contributes toward them in the form

systems. Texas is one of a few States which have not complied with these requirements and the action of the Domocratic convention was a pledge to the people that the Democratic nominees ir the Legislature who will be voted on in November will pass the necessary legislation.

ONE COUNTY COULD DO IT.

A single county in Texas could ring about a situation in which all ideral aid for highway building in this State would be shut off, and the State Government would be now-erless to prevent it. The Texas Highway Association is authority for ing way Association is authority for this statement, and the Federal law is cited in support of it. The associ-ation will sak the next Legislature to make necessary changes in our laws to cure this situation.
