### City Election Monday to Decide on Amendment

As stated in a notice in last week's News a city election will be held Monday to determine whether the property tax paying voters will adopt or reject an amendment to the city charter empowering the council to order the construction of sidewalks, curbs and gutters and tax the costs against abutting property.

This amendment should be adopted. There are various arguments for it, chief among which is that concerted development of any street is next to impossible without it. It is unfair and undemocratic to deny the majority of property owners on any street the privilege of a sidewalk to business district because investors will not improve their property.

The election will be held in the council room on the second floor of the Thomas Bldg. Go early and vote for the amendment.

W. F. Bigham returned the first of the week from a trip to Foard county, where his son Lonnie, lives. He reports conditions there good.

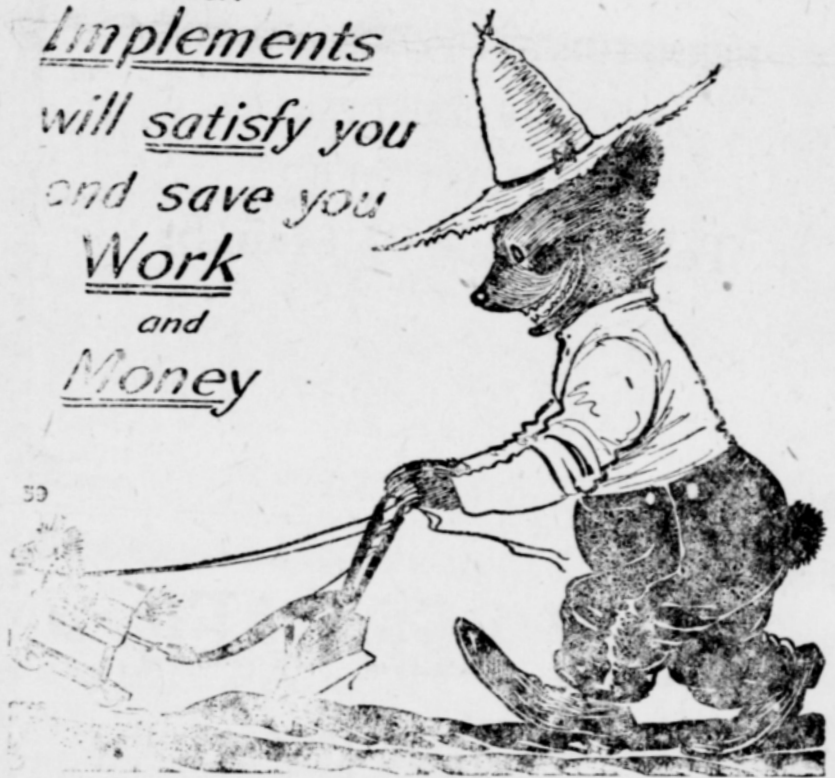

### Singing at Garlin Sunday a Success

Marion Bradley, H. E. Ogden, Boss Hatchett, J. H. Montgomery and D. M. Beauchamp drove out to Garlin Sunday morning to attend their regular 3rd Sunday Singing, and to say they had a good time while there is only a mild expression for their enjoyment. The five huskies accepted an invitation to dine with Mr. and Mrs. Maxey and when the feast was prepared they all did justice to a good square meal and expressed their thanks to Mr. Maxey and family for their hospitality. Shortly after dinner the crowd retired to the school house for the purpose of singing and when the committee had prepared the program there were quite a number of songsters ready to sing.

Well there was a good time to be and at Garland with those kind people Sunday.

Dr. R. E. Weldon, masseur, leaves Saturday for Silver City, N. M., and remain there indefinitely. The change is necessary to attend to business interests there.

C. D. Keever of the Sanitary Market called the News man in Thursday to see the embodiment of his firm name. This case is air-tight and adds immensely to the sanitary condition of this spick and span market.

## Citaion by Publication

State of Texas,  
County of Lynn.

TO THE SHERIFF OR ANY CONSTABLE OF LYNN COUNTY, GREETING:

You are hereby commanded to summon Mrs. Ida Didier and Francis X. Didier by making publication of this citation once each week for four consecutive weeks previous to the return day hereof in some newspaper published in your county, to appear at the next regular term of the District Court of Lynn County, to be holden at the court house thereof in Tahoka on the first Monday in March, 1917, the same being the fifth day of March, 1917, then and there to answer a petition filed in said court on the 6th day of February, 1917, in a suit numbered on the docket of said court No. 296, wherein J. J. Didier and Mrs. Louis Didier McDonald and husband, W. F. McDonald are plaintiffes, and Mrs. Ida Didier and Francis X. Didier are defendants. The cause of action alleged being a suit in trespass to try title to the following described tracts of land: Survey Number 497, Certificate Number 472, Block Number One, E. L. & R. R. Ry. company Survey in Lynn county, Texas. All of Survey Number 51, in Block Number 8, certificate Number 666, E. L. & R. R. Ry. company Survey in Lynn county, Texas. All of Survey Number 69, certificate Number 675, Block Number 8, E. L. & R. R. Ry. company Survey in Lynn and Dawson counties. Texas. Plaintiffes allege that they are the owners of said land, and that Joseph H. Didier, and the defendant, Francis X. Didier are the common source of title, and that the defendant, Mrs. Ida Didier has caused to be recorded in Volumn 11, page 414 of the deed records of Lynn county, a written claim to a community interest with Joseph H. Dider in said Sections 51, and 69, and plaintiffes pray for the cancelation of said written claim as recorded. Plaintiffes allege that defendant, Francis X. Dider has heretofore deeded his interests in said lands to plaintiffes and their grantors, said deeds being of record in Volumn 3, page 475-478 of the deed records of Lynn county, but said deeds were acknowledged before the Mayor of Latty, Ohio, which mayor was not lawfully authorized to take such acknowledgement, but that said deeds constitute color of title, and were intended to convey his interests, and plaintiffes pray that said deeds be validated, and made effective. Plaintiffes allege that they have held said land under said deeds for more than ten years, next preceding this suit. Plaintiffes allege that aid written instrument of Mrs. Ida Didier is a cloud upon their title, and that said defectively acknowledged deeds are also a cloud, and plaintiffes pray for Judgement, removing said cloud, for judgement for title and possession of said land, and general and equitable relief.

HEREIN FAIL NOT, but have before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed same.

Witness P. H. Northcross, clerk of the District court of Lynn county.

Given under my hand and seal of said court, in the town of Tahoka, this the 7th day of February, 1917.

## The P. & O. No. 111 Lister

This lister is known to farmers wherever sold as P. & O. No. 11, but the improved type is called No. 111 on account of important improvements.

There are more of them in the hands of farmers than all other makes combined,—over 2,000 sold by one dealer in one county in West Texas. The special features on this Lister made it deserving of its immense sale. Its use is not confined to preparing for row crops; it is now almost universally used for plowing for small grain crops by listing and re-listing, leaving the ground in oval waves, which not only catches and holds the moisture but prevents the loose soils of the West from blowing away.

The adjusting link on front end of beam is an important exclusive feature on the No. 111, absolutely preventing the point from running below the desired depth. The wheels are provided with dust-proof boxes, an immense help in the sandy loam lands of the West. The feeding device absolutely deposits one seed at a time of any of the row crops, besides can be equipped for both corn and cotton. You will have to see this wonderful improvement to appreciate it. The tilting hoppers allow change of plates without emptying them. Furnished with either disc or shovel covers. This Lister embodied many other important features that will convince you that it is the best on the market.

### The P. & O. No. 123 4-Wheel Lister

This lister has all the advantage of the No. 111 and in addition has rear wheels. This is desired in many localities as it enables the operator to see the seed as planted. The rear wheels have cushion springs to hold them in line with the row and following the unevenness of the ground and conform to the ridge without straining the rear frame, compelling also, the Lister to remain in proper working position at all times. The friction lock disengages automatically, allowing the wheels to castor and turn round in a very small space.

We manufacture the most complete line of Two Row Implements on the market. Ask your dealer and if you cannot be supplied through him, write us for circular and special introductory offer.

## Fire Engine Answers Call

A fire alarm was given at the Sherrod & Gamble Garage Tuesday noon, and a Hupp car belonging to Geo. Small was pushed into the street with the body and top covered in flames. The fire was caused by gasoline on the engine being set by a loose battery wire. The car was damaged about \$200. The insurance policy on the car lapsed Monday. The chemical engine recently purchased by the city did excellent service.

 COLLECTIONS A SPECIALTY

Tahoka, Texas, Feb'y 12th, 1917.

To Owners of Lynn County Real Estate:-

Your attention is called to the following order of the Commissioner's Court of Lynn County Texas to-wit:-

"Whereas, at a mass-meeting of Lynn County Land owners held on the 10th, inst., to consider the question of exterminating the prairie dogs, in order to conform to the State Law which becomes effective in August of this year, with severe penalties for failure to comply therewith, it was decided that the best way to exterminate the prairie dogs is before the spring and summer vegetation comes, and that it is not at all practical to kill the prairie dogs in the summer when the law becomes effective; and it was agreed by those participating in said mass-meeting that they would begin the work of exterminating the prairie dogs upon their lands on March 5th, 1917, and that all other land owners should be requested to begin such work at said time, for the reason that the work is much more effective when made general; and,

Whereas, the Commissioners Court of Lynn County Texas, fully approves and endorses the plan named by said mass-meeting as being for the best interests of every owner of land in Lynn County, and one that will protect them from the severe penalty of the law, and the only practical way to avoid danger of being subjected to such penalty:-

It is, therefore, ordered by the Court that notice hereof be given to all of the owners of land in Lynn County, by letter through the office of F. E. Redwine, Tax Collector, notifying and requesting all land owner to co-operate in this work for the mutual benefit of all concerned; and that all necessary printing and stationary for said letters be paid by Lynn County.

Done by order of the Commissioners Court Feb'y 12th, 1917.

Yours respectfully,

F. E. Redwine,

Tax Collector.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a tea-spoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
