NUMBER 8

CITY MAY GET SEWER SYSTEM

Reports of Committees Made; Interesting Discussions Heard; Plans For Sewer System Discussed

A most interesting and profitable meeting of the Chamber of Commerce was held Tuesday night.

Reports on the Lynn County Fair were heard and a financial statement was submitted by G. W. Small, chairman of the Finance Committee, and read by the Secretary, Brown Bishop. Reports were also made on Lynn county's display at the Pan-handle-South Plains Fair at Lubbock by Brown Bishop, on her display at the Wichita Falls and Dallas Fairs, by A. L. Robertson. These reports showed that great improvement had been made over previous years, and it was agreed by all present that greater efforts should be made in the future for a larger county fair and that more extensive preparations be made for the exhibits at other fairs.

Interesting talks were made by Prof. W. R. Luce, Mrs. J. B. Walker, and W. J. Crouch.

Tahoka in 1904, and 1924, and 1944, was presented by Mrs. J. B. Walker and Mr. Fred Abshire. It is to be regretted that many more of the citizens of Tahoka and surrounding communities were not present to hear these splendid talks. Mr. Abshire's talk was based upon an illustration showing a skyline for Tahoka in 1944, which may be seen in the window of the Limit. It pictures many of the business houses and public buildings in Sky scrapers, including a Federal Building, the Sunshine Inn, the Connolly Motor Company, the Palace Cafe, the Star Theatre, and others. Whether truly prophetic of Tahoka's future or not, it is a very inspirational and attractive representation of her possibilities.

The matter of a sewer system for Tahoka was discussed. A committee consisting of E. R. Allen, Chairman, H. M. Larkin, J. L. Heare, E. L. Howard, and J. A. Brashear, was appointed to confer with the citizens of the city and sound public sentiment on the proposition as to whether or not the city council should let a franchise for such a system, and make a report to the next meeting. Dr. J. R. Singleton, Mayor, stated that surveys for a sewer system had been made but that the council would like to have an expression from the people as to their desires in the matter. As a result of his suggestions, the above committee was appointed.

Young Man Charged With Cotton Theft

On Wednesday night a bale of cotton was stolen from Mr. Wright, living a few miles northwest of O'Donnell. It was taken from the field in a truck, and as soon as the theft was discovered officers were notified. An investigation was immediately instituted, and by tracking the truck it was found that it came north. Later it was found that a young man who resides at O'Donnell who raised no cotton this year, had a bale ginned at Lubbock where he afterwards sold it. He was arrested and taken to Lubbock Friday, by Sheriff Sam Sanford and upon being questioned made a confession to the officers, it is stated.

Reports of other cotton thefts are current on the streets, which would indicate that somebody is doing considerable night work. Better watch your cotton.

WEST TEXAS COLLEGE TO HAVE NEW GYMNASIUM

Canyon, Texas, Oct. 21.—That the West Texas State Teachers College is to have a new \$14,000 gymnasium was announced by President J. A. Hill Wednesday at chapel. Work is to begin this week, R. A. Terrill being in charge of construction. The new building will be built of steel, brick, and concrete and will be fire-proof. When completed it will have a seating capacity of 1400.

The building of the gymnasium has been looked forward to for some time, but it is due to the co-operation of townspeople, students and faculty that this dream has been realized. C. R. Burrow of the Burrow Lumber Co. and Senator J. W. Reid have in a large measure, made immediate building possible.

Three Boys Pick A Bale In A Day

Mr. W. B. Gollehon of the Grassland community visited the News office to keep this great religious weekly coming to his address, and incidentally remarked that he had gathered eight bales of cotton during the week. He has three boys who made a remarkable record as pickers during the week. On Thursday his son Milton, 17 years of age, picked 507 pounds, and on Friday his oldest son, 22, picked 604 pounds, while the third, Gilbert, 15, picked 535 pounds. The three picked considerably more than a bale in one day. This is not record-breaking picking perhaps, but it is hard to beat. Mr. Gollehon thinks his crop will average a half bale per acre.

WILL BEGIN ON TECH NOV. 11

Plans Are Made For Laying Of Corner Stone of College On Armistice Day LUBBOCK Texas Oct. 22 (Special)

Lubbock will be host to another great throng of friends on Armistice Day, November 11th, when the corner stone for the first building of the Texas Technological College will be laid here with appropriate ceremonies. Thousands of visitors from all over Texas including many prominent state officials and educators will be present, according to a statement of President Horn, following a recent meeting of the Tech Board.

Immediately following the announcement of the Board's plans for the corner stone laying, the Lubbock Chamber of Commerce appointed 12 committees to look after this city's part in the celebration.

Governor Pat M. Neff and Colonel Earnest Thompson of Amarillo have already accepted invitations to appear on the program and many other prominent men will also take part.

All the officials of the State of Texas, including members of the legislature, Governors of adjoining states, and the leading educators of the Southwest have been invited and every mail brings scores of acceptances. Henry T. Kimbro, chairman of the general committee states.

One of the big features of the day will be an encampment of ex-service men from all over west Texas, sponsored by the local post of the American Legion in co-operation with the general committee. Over a thousand former soldiers are expected to be on hand and a special menu consisting of beans and "corned willie" will be served free to these visitors, who will aid in the day's celebration, which will feature also the signing of the armistice.

The corner stone will be laid under the auspices of the Masonic Grand Lodge, and this will bring hundreds of other prominent visitors to the celebration.

All of the Tech's friends in this section are not only invited, but they are cordially urged to be present and help make the occasion a success.

West Texan Seeks Cause Tooth Stain

CANYON, Texas, Oct. 16.—Dr. C. A. Pierle, head of the department of chemistry at the West Texas State Teachers College, has been commissioned by the West Texas Dental Association and the National Dental Association to work on the problem for a remedy for "brown-stain", a formation on the teeth prevalent in this region of Texas.

Before a remedy can be developed the cause of the formation must be discovered. At present Dr. Pierle is experimenting with guinea pigs and white mice to develop the stain artificially. Various compounds will be introduced into the animals diet in order to test the formulas obtained by examination of the water supply in the communities which are showing much tooth discoloration.

Last year Dr. Pierle took a survey of the students in the Teachers' College in an attempt to gather statistics relative to the occurrences of the stain and will probably make a survey of the present student body some time during the year.

The cause of the brown stain is one of the most elusive known to dentists. Much experimenting in all parts of the country is being done in an effort to solve the problem.

NEWS INSTALLS NEW "8" LINO TYPE

WITH ADDITION OF LATEST MODEL MACHINE; PLANT NOW EQUIPPED TO MEET GROWING NEEDS OF CITY

The News has purchased a new model 8, fully equipped, Linotype Machine from the Mergenthaler Linotype Co., of New York, and we were busy the first half of the week installing the new machine and removing our old one—a model 1, which the new No. 8 supercedes. This accounts for the fact that the paper is a little late this week.

The purchase of this new machine marks another period of progress and growth in the history of the News plant. This machine is equipped with an electric pot with automatic cut-out and cut-in, individual, built-in motor; sets five styles of type with twelve combinations, and is the very latest creation in type-setting machines. It is next to the best and largest type-setting machine, for practical newspaper purposes, in the world; the No. 14 having slightly more equipment and being slightly more expensive than the No. 8. The No. 8 is the most popular model for display and head letter work in the plants of the big daily newspapers throughout the world.

The public generally has little conception of the enormous cost of newspaper machinery. The Linotype is a very expensive piece of machinery, but a good linotype machine has come to be an almost absolute necessity in any modern country newspaper plant as well as the plants of the large dailies.

The desire and determination of the News to properly serve the business men of Tahoka and the subscribers to the paper alone prompted us to make this heavy investment. We believe that our patrons are entitled to the very best service, whether it is in advertising or the news columns, or in the job department. The purchase of this machine will enable us to give our advertisers much better service, to publish more news, to turn out

(Continued on Page 2)

Over 3800 Bales Cotton Ginned Past Week

The cotton crop of Lynn county is now being gathered rapidly. More than 3800 bales have been ginned since our report last week. The greatest increase has been at O'Donnell, with Tahoka a close second. The fact that Tahoka takes second place is due to the scant rainfall received in this portion of the county during the present year. O'Donnell was much more fortunate in this respect. Wilson was rather hard hit by the drought also, while Grassland and New Home were highly favored by old Jupiter Pluvius.

Our report from O'Donnell given below represents the number of bales received at the yard there till 12 o'clock in the afternoon. It will be noted that Tahoka has ginned 3129 bales. Mr. Wood reported that 3220 bales had been received at the local yard, but since this includes many bales from rural districts but does not include round bales, we prefer to use the reports, since they are more accurate. Two round bales are figured as equivalent to one square bale.

The report for the county follows:

O'Donnell, yard,	4,000
Draw Grassland,	2,208
Wilson,	1,413
New Home,	1,130
Tahoka,	3,129
Total,	11,880

R. L. Barrett, a prominent farmer of O'Donnell, was a business visitor in Tahoka Thursday. He says the cotton crop is generally good in that portion of the county but is a little short in his immediate neighborhood.

Methodists Go To Annual Conference

The Northwest Texas Annual Conference of the Methodist Church will convene at 9 o'clock on Wednesday morning, October 23, at St. Paul's Methodist Church, Abilene.

Rev. J. T. Howell, the pastor, and Mr. and Mrs. G. C. Sargent, J. A. Brashear, J. S. Hallmark, E. S. Davis and Jno. L. Greenfield are expecting to represent the Tahoka Church at the Conference.

The appointments of pastors for the ensuing year will probably be read out on Sunday night, November 2, following the services.

Of course the News has no intimation of any kind as to whether or not Brother Howell will be returned to Tahoka. He has been pastor here two years and has done a good work, having led the church into a building campaign which resulted in the construction of a handsome and commodious church structure during the present year. By reason of his aggressive stand for righteousness and a high standard of Christian living, and by reason of his fine qualities of head and heart, he has greatly endeared himself not only to the members of his own congregation but to the people of the city generally.

Many are hoping for his return to Tahoka. ~~His return to Tahoka will bring hundreds of people to know Brownfield and territory is to become interested in both.~~ Terry County Herald.

TAHOKA HAS NEW STUDIO

Mr. and Mrs. W. L. Chase, have opened a studio on the second floor of the First National Bank Building, where they will be pleased to have the people of Lynn county to visit them. They are prepared to do excellent work.

Dr. Ben King Died On Last Tuesday

Dr. Ben R. King, well known on the south plains for many years, died at O'Donnell Tuesday.

Dr. King has owned property and spent much of his time in this country for many years, and he had many warm friends throughout the country who are grieved at his death. He and family have maintained their home at Fort. Worth most of the time and the family still resides there but Dr. King has had a dental office in O'Donnell for the past several months.

The News did not learn the nature of the malady that caused his death nor the details of the funeral arrangements.

MRS. FERGUSON HELD ELIGIBLE

Supreme Court Sustains Her Contentions On Every Point Raised in Trial

AUSTIN, Texas, Oct. 18.—Decisive victory was won by Mrs. Miriam A. Ferguson, Democratic candidate for Governor and the first woman ever nominated for such office in the United States, when the Supreme Court unanimously rendered decision Saturday sustaining every point raised by Mrs. Ferguson in resisting the injunction suit brought by Charles M. Dickson of San Antonio to prevent her name from appearing on the official ballot at the general election to be held on Nov. 4 on the alleged ground that she was ineligible to hold the office of Governor because of her sex.

All issues as to eligibility of Mrs. Ferguson to hold the office were decided in favor of Mrs. Ferguson, and by such action judgement of Judge George Calhoun, Fifty Third District Court of Travis county, in whose court the suit originated, was sustained on those particular points, but the higher court held that the District Court erred in taking jurisdiction of the case and also committed error in holding that Dickson had a sufficient interest and right to institute the proceedings. Mrs. Ferguson had contended that the District Court was without authority to entertain the suit.

An outstanding feature of the opinion on eligibility of a woman to hold office in Texas is that the suffrage amendments making women qualified electors have removed and pre-existing sex ineligibility of office and that Mrs. Ferguson meets all constitutional qualifications to hold office.

White Star Line is Extended to Roswell

Messrs. John A. King and J. N. Lewis, both local men have formed a partnership in extending the White Star Stage Line from here on to Roswell N. M., and the first car went to Roswell Monday of this week.

The White Star was established from here to Post City more than a year ago by Mr. King, making regular daily trips from Brownfield to Post daily, connecting with the day trains at that place. It has been a paying proposition from the first and the extension of the line was only a question of time.

And the time has arrived when the east and west traffic demands that a through line from Post City through Tatum, and Roswell, N. M. be established and as Mr. King had the business established to Brownfield, by the forming of a partnership from here to Roswell the line was inaugurated Monday. The line from here to Post will be conducted as usual with the Nash car, making the round trip daily. A Nash and Studebaker will be used from here to Roswell, 150 miles, one of the cars leaving Brownfield and Roswell each morning at the same time.

The stage trip through here can be made as cheap, or cheaper, and a lot of time saved. Therefore it will not only mean much to the traveling public but will bring hundreds of people to know Brownfield and territory is to become interested in both. Terry County Herald.

From Germany came 1000,000 soldiers last week. They were to aid in the Christmas trade.

TAHOKA SURE OF STATE PARK

Ed Davis Tract North of City Selected as site; Sufficient Funds Guaranteed

At the meeting of the Chamber of Commerce Tuesday night, A. L. Lockwood, Chairman of the Park Committee, made a report to the effect that as state park for Tahoka is an assured fact.

According to the report, a site consisting of about 25 acres lying just north of the city limits on the east side of the Tahoka-Lubbock highway, known as the E. S. Davis tract, has been approved by D. E. Colp, Chairman of the State Park Board. Several tracts were shown to Mr. Colp, and the Davis tract was his choice.

This tract of land is offered to the city by its owner at a price of \$2000. The finance committee appointed to raise the necessary funds by private subscription succeeded in raising the larger portion thereof, and the remainder has been guaranteed by a number of the business men of the city, thus assuring the establishment of the park and preventing further delay in the matter of closing the deal and laying out the plot by the landscape gardener. The work of raising the remainder of the necessary funds by subscription will be continued, however until the full sum of \$2,000 is subscribed, if possible, so as to relieve those who signed the guaranty.

There are forty two similar parks in the state, varying in size from twenty-five to one thousand acres. Thirty-five of these have been donated by the various cities and towns throughout the state where the parks are located. Fifteen of them are situated on the Glacier to Gulf Highway from Brownsville to Dalhart. This important highway passes through a number of the important cities and towns of the state, including Corpus Christi, San Antonio, San Angelo, Big Spring, Lamesa, Tahoka, Lubbock, Plainview, Amarillo, and Dalhart. Mr. Homer Frye, the official landscape gardener and engineer, is at work on the plans and layouts for the various parks and he is expected to reach Tahoka not later than December 1 to lay out the Tahoka Park.

At the meeting Tuesday night, a committee consisting of Mrs. J. B. Walker Chairman, E. I. Hill and Mrs. Otha Thomas was appointed to work in conjunction with the President and Secretary of the Chamber of Commerce in selecting a first, second and third choice of names for the park to be presented at the next regular meeting.

Perhaps the largest and most attractive park to be established along this route, and in fact one of the most attractive anywhere in Texas, will be the great Palo Duro Canyon Park. Amarillo, Canyon, Tulia, Plainview, Claude, and other towns in that section are uniting their efforts and means to make this one of the wonder spots of America.

Methodist Church Board is Elected

The adjourned session of the Fourth Quarterly Conference of the Methodist Church for Tahoka charge was held in Tahoka, at 10 a. m., Thursday, Oct. 23rd., with Rev. E. E. Robinson, Presiding Elder, presiding. Both Tahoka and Dixie Churches reported out in full on Pastor and Presiding Elder's salary.

The following were elected to the official board of the two churches: Stewards of Tahoka Church: J. A. Brashear, W. E. Craft, E. S. Davis, J. L. Greenfield, Frank Hill, R. D. Holloway, Mrs. A. E. Jones, A. L. Lockwood, H. A. Patterson, Mrs. J. N. Thomas, R. L. Wood, J. H. Wyatt, Fontaine Wyatt.

Stewards of Dixie Church: J. O. King, H. W. Madlines, J. M. Trussell, D. W. Erbling, W. J. Trussell.

Trustees of Tahoka Church: J. A. Brashear, H. E. Crain, V. M. Lee, A. L. Lockwood, Mrs. Eva Petty, E. E. Robinson, E. S. Davis, J. N. Thomas.

Trustees of Dixie Church: Robert Evanson, O. N. King, J. S. Hallmark, E. P. Sunday, School Superintendents: For Tahoka Sunday School: J. L. Greenfield, For Dixie Sunday School: J. O. King, Daniel.

Be sure to vote.

NEWS INSTALLS NEW MODEL LINOTYPE

(Continued from page 1)

better job work and to do it more promptly. We believe that the business men will appreciate our efforts to make our service the most efficient possible. We believe that the readers of the paper will appreciate our efforts to give them a better paper. We have the confidence to believe that they will give us the support necessary to make our paper and our plant truly representative of the spirit and the progress of our city and county. We have confidence in the future of Tahoka. We know that from her very gates on every side there stretches into the distance numberless acres of fertile soil, much of it yet untouched by the plow. We hear the tramp of the thousands that are coming this way. We transplant ourselves over a few years into the future, and see all these ranches converted into productive farms, with comfortable farm houses on almost every quarter section. We see fields laden with crops yet undreamed of by many of our citizens; and we see Tahoka as a bustling little city of several thousand people instead of two thousand.

We want to have a real part in the development of our wonderful resources and the growth of our beautiful little city. We know that a city is judged to some extent by its newspaper. Many, many issues of this paper go each week to citizens of other counties in Texas and to citizens of other states. To these readers, we want to fairly represent Tahoka and Lynn county. With an attractive and newsy paper, they will be favorably impressed with our town and country. We are trying therefore to keep abreast of the times. We are trying to make our plant and our paper the most efficient possible. We are trying to mirror Tahoka and Lynn county to the world just as they are. We have the confidence to believe that the progressive business men of Tahoka and the forward-looking citizens of Lynn county will give us their utmost support and assistance in this undertaking.

In the meantime, we invite you to drop into the News plant and see our new machine in action.

T-BAR NEWS

Mrs. Henderson, who has been in a sanitarium in Lubbock, is now about well.
 Mrs. J. W. Nichols has been sick the past few days but is now better.
 Ridal Nichols has been sick the past few days but is now better.
 Ridal Nichols has had a bad case of the "big head". He had a bad boil in his head which had to be lanced by a doctor and he was in bad condition for a few days.
 We understand that Mr. Griffin, who visited here two weeks ago, has placed his property at Blooming Grove on the market with the intention of moving to the plains.
 There will be a box supper at T-Bar school house next Saturday night, October 25, to raise funds to finish paying for the piano. A man and his wife, son and daughter of Mesquite, Dawson county, who constitute a string band, will furnish music for the occasion. Everybody invited.

T-BAR NEWS

(Delayed From Last Week)
 Everybody is picking all the cotton they can and wish they could pick more.
 Mr. and Mrs. Griffin of Navarro county have been visiting friends at T-Bar the past week. Mr. Griffin was looking for a location. He and Jack Sparkman made a trip to Littlefield but did not purchase. He expects to return in the near future and purchase a home somewhere on the south plains. He is very favorably impressed with the plains.
 Quitman Dickson of Navarro County who rented a part of the Chambers farm near T-Bar School house, has arrived and is settled for the coming year. Before Mr. Dickson left Navarro county, his house and furniture, all but a Victrola, two mattresses and one or two quilts, burned.
 Mrs. Brown and her two daughters of Navarro county are visiting her son, Ebert Romans, near the switch.
 Jack Sparkman is expecting his brother and family of Navarro county to arrive soon.
 Mr. Frazier has moved to his new home near the school house, and will continue in the merchantile business.
 Newt Isham and family of Lime-stone county are visiting his sons and daughters, sister and brother-in-laws at T-Bar and Tahoka.
 We have been living in the T-Bar community eleven months and there has not been a death and only one severe case of sickness and that was a little baby.
 —Uncle Jim.

Tom Hoover and Tom Booker, both of Killeen and old-time friends of A. J. Massingale, were here Saturday taking a look at the plains. Mr. Booker will probably locate in this section in the near future.

A. P. Edwards Becomes Corporal at Schreiner

The News is informed by the Schreiner Institute that A. P. Edwards, of Tahoka, is to be a Corporal in the Schreiner institute. Student officers are chosen from the student body on a basis of all-round merit—scholarship, discipline, leadership, character, and personal ability, as well as military proficiency and training, according to Commandant Patterson. To be a student officer a student must have given evidence of more than the ordinary capacity. For this reason an appointment as a student officer is regarded as one of the highest honors that can come to a Schreiner man. Besides assisting in the work of the military at Schreiner Institute students help in maintaining the discipline of the school and supervise various other kinds of routine work in the organization of the school.

Swiss watchmakers can split a hair into 500 strips and measure the thickness, so exact are their tools.

PREVENTS INFECTION!

The greatest discovery in flesh healing is the marvelous Borozone, a preparation that comes in liquid and powder form. It is a combination treatment that not only purifies the wound of germs that cause infection but it heals the flesh with extraordinary speed. Bad wounds or cuts which take weeks to heal with the ordinary liniments mend quickly under the powerful influence of this wonderful remedy. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. **NEWMOORE
PROGRESSING**

The Index man spent the last week end at Nemoore the guest of Mr. and Mrs. L. C. Newman. A Sunday's drive over the prosperous community revealed a great transformation that has taken place since his first visit there on Thanksgiving day of last year. At that time one could see the miles and miles of virgin soil that at its best had never sustained more than one cow to every ten acres. Today one sees the landscape dotted with homes of a happy and contented people and acres of cotton, some of which will make three-fourths of a bale to the acre, and fields of maize and corn that cannot be beat anywhere.

The citizens of the Newmoore community have just completed an addition to the school building and when school opens in a few days it will require the services of two teachers to care for the children of the neighborhood. A store, blacksmith shop, garage and filling station and a three-times a week rural mail route are some of the convenience that are provided.

Not contented with this, the people are looking forward to a development of the latent wealth which was stored underneath the soil for the benefit of man. Geologists who have recently visited that section say that it is the lid to a great oil pool and only needs to be punctured by a drill to the proper depth to reach the liquid gold. It is a proven fact that potash in abundance is found near the surface in certain localities and estimates made by government geologists show that the value of the surface of the soil for farming is only infinitesimal compared with the underground wealth. The farmer who has a well of "bad" water on his place is in line for millions when capital gets its eagle eye turn-

**WILSON TO GET
A LIGHT PLANT**

Herman Wallace plans to leave tonight for Dallas to see about buying a light plant to be installed in Wilson.

Every business house in Wilson has agreed to use the electricity if Mr. Wallace's plans materialize. We hope that it will be possible to have electric lights here. Wilson is on the boom and we need the modern conveniences to go with our growth.

R. E. Finley is making plans to build a new brick business house in which to run his drug store. If his plans materialize as he wishes work will be started at once and he will be installed in a building similar to the bank and the Cobb building.

The Coleman Merchantile which is moving into the building where Mr. Cobb has had his business has opened its doors to the public and invited it to come an make an inspection of its line of goods.

On next Friday night Oct. 17 we give our first program of a series of five. The entire program will be free and rendered by the lower grades beginning with the first and running through the third. The entertainment is free and the public is invited.

Each Friday night for four weeks something will be doing at the school auditorium. The following Friday night, Oct. 24 a school play will be given, and an admission fee will be charged.

The school authorities and every child concerned will greatly appreciate your support.

ed this way.

The Newmoore country is a valuable asset to O'Donnell and every encouragement should be given to the people out that way to continue to make this their headquarters.

O'Donnell Index.
Mrs. H. A. Riddle became suddenly ill the latter part of last week and for a time her condition seemed to be most precarious, but she is reported to be much better at this writing.

NOTICE FOR BIDS

Notice is hereby given that sealed bids for a depository for the school funds of the Redwine Independent School District, No. 5, of Lynn county Texas, will be received until 4 o'clock p. m., November 1, 1924. All bids must be in the hands of A. R. Hensley, Secretary of the school Board, by that time, at which time all bids will be opened in the presence of the school board in regular session.

A. R. Hensley, Sec. School Board, Redwine Independent School District.

Mrs. J. W. Minor has been quite sick the past few days but we are glad to report that she is now much improved.

SHERIFF'S SALE

THE STATE OF TEXAS
County of Lynn

Notice is hereby given that by virtue of a certain execution issued out of the Honorable District Court of Lynn County on the 12th day of March, 1924, by W. E. Smith District Clerk of said Lynn county, for the sum of one hundred eleven and twenty one hundredths dollars, with ten per cent interest from date, and costs of suit, under a judgement, in favor of Guy Simpson in a certain cause in said court, No. 495 and styled Guy Simpson vs. T. A. Wimberly placed in my hands for service, I,

S. W. Sanford, as Sheriff of Lynn County, Texas, did on the 26th day of September, 1924, levy on certain Real Estate, situated in Lynn County, Texas, described as follows, to-wit: Being lot number Ten (10) in block number eighty-seven (87) in the town of O'Donnell, Lynn county, Texas, and levied upon as the property of T. A. Wimberly and that on the first Tuesday in November, 1924, the same being the 4th. day of said month, at the Court House Door of Lynn county, in the town of Tahoka, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said execution, I will sell said above described Real Estate at Public vendue, for cash, to the highest bidder, as the property of said T. A. Wimberly.

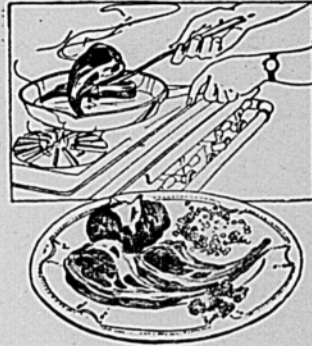

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the

Lynn County News, a newspaper of October, 1924.
published in Lynn county.
Witness my hand, this third day

S. W. SANFORD

TEXAS MAY MAKE NEW VOTING RECORD

Within the present year Texas has made three records in number of votes cast in an election in this state. In the first Democratic primary election of the year, 725,832 votes were cast, the largest number of votes ever polled in any Texas election, general, primary or special. A month later, these records were shattered, when 789,031 votes were cast in the second Democratic primary election, the first time that more votes were cast in a second primary than in the first.

The efforts made both by the Democratic and Republican forces to get their votes to the polls, especially because of the gubernatorial contest, indicate that in November a new record may be made for number of votes polled in a Texas general election.

It seems strange, but it is nevertheless true, that the present record was established in 1896!

Texas always has been erratic in its voting; that is to say, erratic as to totals. Usually the totals have been low, principally because of the dominance of the Democratic party. It has been a familiar saying that "A Democratic nomination is equivalent to an election." But there are other explanations for the fact that the 1896 record has not been equalled.

The first is that throughout the '90s the Democratic party had very active opposition from both the Republican and the Populist parties, as to National, State and local offices. That opposition reached its height in 1896, when Mr. Kearby, the Populist nominee for governor, gave Gov. Culbertson a rather close race. In that year also a mighty battle raged over the free silver issue. A total of 539,778 votes were polled.

Another thing; in that decade any person possessing the statutory qualifications could vote. In 1902 the Constitution was amended so as to require the payment of poll taxes as a requisite to voting, and in 1903 and 1905 the Terrell election Laws, placing restrictions upon the payments and establishing a general system of registration, were enacted. The amendment and these statutes had the effect of disfranchising many voters, and the dominance of the democratic party became more emphatic. In 1918 the low record since 1837 was made. In 1873 123,182 votes were polled in the general election; in 1918, 177,355.

The high record since 1896 was made in 1920. Just two years after the low. In 1920 481,731 votes were cast in the general election. The pronounced increase was due to three causes, namely, interest in the presidential election, the activity of the Republicans in behalf of their candidate for governor and the enfranchisement of women. To surpass that record in the election next month, 58,048 more votes must be cast.

The record of the Republicans in Texas has been notably erratic. Its highs were established when E. J. Davis polled 39,901 for Governor in 1869; Simpson, 73,305 in 1908; Creager, 49,118 in 1916; Culbertson, 90,217 in 1920, and Atwell, 73,329 in 1922. Its lowest was made in 1914, with 11,411 votes for governor.

Especially because of the enfranchisement of women, Texas now has more qualified voters than ever before in its history, and, as before indicated, there are unusual incentives to vote. Therefore, it seems probable that a new record will be made. —Dallas News.

Mrs. Ferguson won second place in the first primary and first place in the second primary. Then she won in the court procedure instituted to keep her name off the ballot. She is going to win the general election on November 4. And she is going to make Texas an excellent governor in spite of the malicious and petty flings being hurled at her and her husband by supposedly big men.

There are those who take the position that they can not afford to vote for Mrs. Ferguson because they can not trust Jim. Jim Ferguson has every incentive in the world to be scrupulously honest. After his impeachment and expulsion from office on the grounds that he had been dishonest, it is inconceivable that he would do anything now to cause distrust or suspicion. It is also inconceivable that he would purposely do anything that would bring disrepute upon the administration of his wife. We believe that Jim Ferguson only wants another chance to make good. Why hound him further? Why let our hatred and malice lead us into the injustice of refusing him the chance to make good? We are for Mrs. Ferguson first, because she is the nominee; second, because we believe she will make a great governor with the aid and counsel of her husband; and third, because a reputation of Mrs. Ferguson would everywhere be construed as a victory for a certain secret organization that has been seeking to control the politics of this state. Yes, we are for Mrs. Ferguson.

The League of Nations is really functioning. The United States is standing on the outside continually seeking to influence its action without taking the responsibilities of membership in the body. It is a sorry spectacle that Uncle Sam has made of herself in international affairs since the envious and scheming politicians of the Republican party led the country to repudiate the policies of our great war president. Every day is vindicating Woodrow Wilson and revealing the contemptible littleness of such men as Lodge, who opposed the League for no other reason than because it was sponsored by Wilson. John W. Davis was a part of the Wilson administration and approved the Wilson policies. He ought to be the next President of the United States, and here's hoping that he will be.

This editor would offer no criticism of the way the other fellow attends to his job, but it is perfectly patent to any man who will drive around a bit over Lynn county that many farmers are trying to cultivate too much land. In one field the cotton and and feed have been choked to death by the weeds, while just across the fence, perhaps, the crops are fine. Proper cultivation made the difference. Less acreage per man and more intensive cultivation will result in far larger production in Lynn county.

Be sure to vote.

Professor Butte is going about over Texas advising Democrats to scratch the state ticket because he claims that a vote for Mrs. Ferguson would put the stamp of approval on 'Fergusonism' and corruption in office but we have not yet heard of his advising any Republican to scratch their national ticket on the grounds that a vote for the administration would put the stamp of approval on "Fallism" and (Daughertyism and Denb yism and Slempism. If Butte is going to vote for the administration that is responsible for Fall, Daugherty, Denby, Stemp et al., he has no kick about anybody in Texas voting for Mrs. Ferguson. There is something in the Bible about straining at gnats and swallowing camels, which the devout professor has evidently overlooked.

There are now good men and supposedly good Democrats in Texas preaching the strange doctrine that a party pledge is nothing more than a "scrap of paper". If a party pledge has no binding force, then what is it for? Why have a party primary? Why not open the gates wide and invite members of all parties to participate in the Democratic Primaries? Strange reasoning that some good folks are indulging in these days.

Davis and Bryan are making a vigorous campaign for the democratic party. La Follette and Wheeler are likewise bombarding the Republican fortress with heavy artillery. The probabilities are that the election will be thrown into the House of Representatives, the first time, we believe, since the days of John Quincy Adams. In that event there is no telling who would be chosen, but the chances for the Democrats would seem to be good.

The rains came in spots in Lynn county this year. Consequently the good crops are in spots. In some places the cotton is sorry, but there is much cotton in some parts of the county that will make from a half to three-quarters of a bale per acre. Hardly any better soil anywhere than here in Lynn county.

The Supreme Court sustained every contention of Mrs. Ferguson in the suit filed against her to restrain the placing of her name on the election ballot, thus establishing forever the right of women to hold office in Texas.

Remind your neighbor that there is going to be an important election on November 4. Every voter and especially every Democrat should go to the polls and vote.

The Paint That Will Make Any Floor Beautiful

SOME floors are beautiful in themselves, but all floors, old or new, can be made beautiful with a glossy coat of paint that hides the old, worn surface, or new unattractive surface perfectly.

Devoe Floor paint is easy to apply, is spot-resisting, dries rapidly and is hard enough to protect the floor against a great deal of vigorous wear. Its cost is not brittle and does not crack, check or peel, but wears down gradually and evenly to the end.

Don't call a room homelike until

DON'T MISS THE BIGGEST THRILL OF YOUR LIFE!!

The Torrence family inspects their new car.

Have you read "The Covered Wagon"? Your bookstore has it.

Lois Wilson, heroine of "The Covered Wagon," loves to cook.

James Cruze and his sister have just built a new home.

Lois Wilson is a believer in sports and sport clothes.

Naturally you have heard of "The Covered Wagon", the Great American Epic Picture. The scenes below give but a faint idea of its glories.

"Oh, Susanna."

J. Warren Kerrigan Lois Wilson

My Dear James Lasky,
 We have just seen "The Covered Wagon" and we want to congratulate you on your achievement. This distinction is an inspiration to the entire motion picture world.

Mark Chaplin
 Douglas Fairbanks
 Mary Pickford

The fording of the river by the mile-long Wagon Train in "The Covered Wagon" is said to be the most spectacular scene ever photographed.

"THE COVERED WAGON"

It seems almost superfluous to tell Americans anything further about "The Covered Wagon," which is the best known as well as the best motion picture ever made. Although "The Covered Wagon" unfolds a most heart-warming love story amid its atmosphere of thrilling adventure, the significance of this monumental movie goes far beyond that of any other love-drama ever produced. The Spirit of "The Covered Wagon" is the Spirit of America. The raw courage, the vision, the amazing adventures and hardships of the pioneer men and women who opened up the Western wilderness and made our great country what it is today—all this lives vividly before your eyes in this picture. Not a foot of "The Covered Wagon" was made in a studio. Out in the Western Desert, ninety miles from a railroad, 5,000 actors, including 2,000 full-blooded Indians, worked for four months to film this sincerest of all cinema documents. "The Covered Wagon" ran two years on Broadway, 34 weeks in Los Angeles, 23 weeks in Chicago, and similar periods in other cities. See the Indian fight, the nine-mile prairie fire, the fording of the river, the buffalo stampede in "The Covered Wagon"—drink in the intensely patriotic spirit of the picture—and you'll know you've had the time of your life!

A small unit of the "Covered Wagon" cast which totals 5,000, at mess in the desert.

Ernest Torrence and Tully Marshall, unforgettable as "Bill Jackson" and "Jim Bridger," scouts.

(Left) What Doug and Mary wrote about "The Covered Wagon."

(Below) Behind the scenes in the filming of America's Wonder-Picture.

Ernest Torrence in the rôle that made him famous.

The sparks fly in this scene!

The heart of every real American thrills at "The Covered Wagon"; the fame of this wonderful picture has swept the whole wide world.

(Below) J. Warren Kerrigan panning gold in "The Covered Wagon."

J. Warren Kerrigan as "Will" and Lois Wilson as "Molly," the two lovers.

(Above) Oregon at last! The covered wagons reach the goal of their mighty adventure.

(Left) Pioneers all—Ethel Wales, Charles Ogle, Lois Wilson, Johnnie Fox.

IRENE CONNER, Editor

PUBLISHED EVERY WEEK BY THE STUDENTS OF TAHOKA HIGH SCHOOL

Seniors

As Harley Sadler's Show is now a thing of the past, there will probably be much more studying done in the Senior class, this week, than last. The Senior class was well represented under the big tent each night during the week.

Several days ago, we had a very interesting debate in our English Class. The subject was: "Resolved that a Lie is Sometimes Justifiable." Some very good arguments were given, for both sides. The members of the class who did not debate acted as judges, and in the two debates that were given, the Negative won once and the Affirmative once. Jack Link and Mattie Sue received the highest number of votes for having the best speeches. We hope we have other debates on interesting subjects during course of the year.

Harley had a very peculiar experience last week. He did not go to the show that night, but stayed at home to write his theme on "Fire Prevention." Then, when he came to school the next morning he learned that the theme was not due until the last of this week.

Junior Class

We feel at home in our school room, for we have put up curtains, purchased flower bowls and bulbs, and have a bowl of fish. In the near future we intend to buy some pretty pictures, and then the Junior class room will be restful to the eyes as well as to the mind.

We have been studying the Congruency of triangles, but we have left that and are now solving the mystery of parallel lines.

We have been having some interesting discussions about Emerson's "Compensation" this week. We also find William Cullen Bryant a favorite poet with many of us. We are learning a selection from each major poet and this helps us to a better understanding of the poets life.

Our history is fast becoming our favorite subject, because of the interesting lessons we are studying and the oral reports every Friday.

If anyone wishes to learn to pronounce the "A's" correctly in Spanish, just take a lesson from R. E.

Sophomore

Lawrence Sanford is going to be host to the Sophomore-Junior party, Friday evening, October 25. This will be the first class social event this year and the Sophomores (are glad to say) are the first in everything.

There is something but pure laziness to prevent us from having our lessons thoroughly prepared, this week. So teachers, expect us to have our lessons as no one in the Sophomore class is lazy.

Freshmen ("B" Division)

The business manager of the Annual was down in our room Monday, telling us to have our pictures taken for the annual. The snap shot editor appointed Jeanette Caveness representative of this room.

Mr. Caveness has never forgotten to assign our Algebra lessons. We are all trying hard to solve our problems.

"A" Division

Velma Jones from the "A" division played half of the basket ball game last Friday at O'Donnell. We are proud to say we have her in our class.

We are also well represented on the "Bob White" team. We are a little behind in our map work but are working hard, trying to catch up.

An Annual for T. H. S.

Yes, we are going to have one of the best Annuals in the state this year. That is if every one in Tahoka High school does their part. To publish an annual the staff must have the co-operation of every one in school and, by the way, of the citizens and business men of Tahoka as well.

Say, you, if you hear a good joke

or if you have a good snap shot, give it some one on the staff! Perhaps they can get suggestions from it. You know every little bit helps, and we need everything we can get.

Students of Tahoka High School, it depends largely upon you as to the kind of annual we have this year. Do you want one enough to do your part, whatever it is? You can answer this by actions better than by words. Don't make the editor and business manager beg and plead with you to donate something to the annual. What do you say? I say "Let's go for the best high school annual in West Texas."

Debating Club

Monday-afternoon fifteen boys and girls met in the high school auditorium for the regular meeting of the debating society. We held a short business session in which we decided to make a few minor amendments to the constitution. The following program was then rendered:

Reading Evelyn Hatchett
Piano Solo Elizabeth Wyatt

"The advantage of being a member of the Debatin Society...."
Mrs. Moore
Debate "Resolved That Tahoka Should Have a State Highway Park." Irene Conner, Temple Brashear, Affirmative; Veta Davis, R. E. Doak, Negative.

The decision was given in favor of the affirmative. A hearty welcome will be given anyone wishing to join the club.

Bob-Whites

How many of you went to the basket ball game at O'Donnell? Not

very many! Well, I'll bet the Bob-Whites beat you. There are thirteen of us, and we had nine at the game.

Maybe we will get a game matched someday, and you had better show up. This means YOU.

Chapel Program

The chapel speaker last Monday was Rev. Shepherd. He spoke on the subject "Success". He gave many illustrations in which we could picture ourselves as the successful or unsuccessful. If every one of us will take to heart what he said and think of it when we go about our tasks, things will come easier and clearer to us.

Fellows, do you remember what he said about yelling at a football or basket ball game, if he is there, see if you can yell louder than he can. If he is not there just imagine you hear his yelling and yell with all your power. It will help you, see if it doesn't.

Think and Grin

Mr. Sanders (In Physics Class)— "Now as I have explained a transparent object is something you can see through, Give me an example, Roy?"

Roy: "A doughnut."

They say that H. E. will be dumb he talks so much.

Mr. Shiflett: Willie Lois were you talking?

Willie Lois: "Yes sir."

Mr. Shiflett: "All right stand in the corner the rest of the period."

Willie Lois: But I was talking about you."

Eddie and Jack were overheard one day, discussing the relative merits of their ancestors.

Said Eddie: "My great grand-father built the Rocky Mountains."

Jack: "Aw, that's nothing, Do you know the Dead Sea? Well my grandfather killed it."

PHEBE K. WARNER CLUB

Quite one of the most instructive lessons we have enjoyed was "Seven Wonders of the World" conducted by our ever efficient Corresponding Secretary, Mrs. L. E. Weathers. After answering roll call with a proverb, Mrs. J. B. Walker told of the "Egyptian Pyramids". Mrs. G. M. Stewart followed with "The Colossus and the Statue of Jupiter Olympus." "Hanging Garden of Babylon and Pharos" was presented by Mrs. J. K. Applewhite. In the absence of the program appointee, Mrs. J. H. Tunnell read of the "Mausoleum and Temple of Diana at Ephesus", after which she was to tell of "An American Wonder." Selecting for her subject the Carlsbad Cave in New Mexico, Mrs. Weathers closed the program with, "The Monument to the Lost Cause," which is probably to become the "Eighth Wonder" of the world. We are very sorry to

SICKLY, PEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by

O'DONNELL NEWS

A call meeting of the Chamber of Commerce was held Tuesday morning in the First State Bank building. It seemed to be the opinion of the members present that the services of a night watchman were needed and T. B. Bailey, Jeff Shook, and C. H. Mansell were appointed to form a committee to solicit monthly subscriptions to the amount of \$150.00 a month to pay for said watchman. This committee was also empowered with the authority to employ and discharge the watchman as they saw fit.

The question of constructing a jail was also discussed and upon a vote it was decided to ask the City Council to take charge of the matter and in case it did not have sufficient funds on hand to pay for the building, to issue warrants to pay for the building. The City Council will meet at an early date to consider this important matter.

Mac Silverman of Amarillo, came in last week, looked the town over and decided it was good enough for him, so he leased the building on the corner of Ninth and Doak streets from C. H. Doak and will open a dry goods and variety store at an early date. The building is being repainted and generally worked over this week and will be ready for occupancy by the first of next week.

Joseph Williams and Will Hill of Jefferson, arrived this week to join the Jeffersonian colony that is already established here. The colony is rapidly growing, each new member at once becomes a booster and induces his friends who are looking for wealth, health and happiness to come out and join the throng.

The twenty months old child of Mr. and Mrs. J. J. Stribbling, that drank a quantity of coal oil last week, is reported as rapidly recovering from the effects of the poison. The child received treatment here in town and for a while its life was in danger.

While in town Monday George Williams said he had the finest crop of maize he had ever seen grown on the plains. He thinks his field will average a ton and a half to the acre.

Frost & Bailey sold an 80 acre farm situated 11 miles southeast of town last week to F. M. Jackson for \$40 an acre.

RADICALITY

Sometimes State Press thinks of resigning his present work and becoming a cosmetician in a beauty shoppe. But the very next day he is apt to change his mind and decide to stay with the customary meal ticket. Today S. P. feels as if he wouldn't take a hundred dollars in cash for his job. It is such an educating position, so informing and breadth giving. But it would make any person struggle to reconcile all the inconsistencies that arrive in the mail for this column. They keep S. P. nervous and fidgety, but stimulated. This morning we have letters from two radicals who pointedly disagree. A radical usually is a person who won't agree with anybody, and if anybody agrees with him he changes his position. One radical from Dallas, writes on malarial-looking paper to disturb S. P.'s illusions concerning certain chapters in American history. "School history overlooks rectifying that it was the 30,000 acres of land over in the Ohio Valley, which George Washington had surveyed out as his holding, being jeopardized that made him a revolutionist," recites a Dallas radical. From that citation our customer branches out and cites other examples wherein "the fathers" are alleged to have been greedy-goozies less animated by patriotism than by personal interest. Another radical, this

one a Fort Worth customer, begins by objecting to this column's reference to ribbon cane syrup as "molasses." He hates the name molasses and demands that when describing ribbon cane delight we call it syrup, not molasses. But he reasons without reckoning. Molasses is the right word. It comes from the Latin melleus, meaning honey-like. The word molasses suggests deliciousness whereas the word syrup may connote sticky medicine. But the main part of our Fort Worth customer's letter is taken up with reference to radicalism. "You always manage to make a perfectly good subject and twist it around in such a way as to vent more or less spleen on some pet objection of yours," he says to S. P. Then he goes ahead and spleens a few pages on his own account. Speaking of radicals, our Non-Molasses patron says: "I'm one of the breed and am going to vote for La Follette and Mrs. Ferguson. . . . George Washington, Thomas Jefferson, Tom Paine and some thousands of our honorable ancestors were quite some radicals" Non-Molasses avers. And there you have it. One radical saying George Washington was not a radical, but a profiteer, and another saying he was and wasn't. It's very bothersome, but the chance to sit in judgment between two such opposite contentions is compensation for the wear and tear this column must endure. However, voting for Mrs. Ferguson is not radicalistic. Mrs. Ferguson is a democrat, nominated by the Democratic party, and she will be elected by Democrats who decline to raise smoke screens behind which to unctious gristly consciences. The La Follette part of the Fort Worth customer's ticket is radical enough. If Mr. La Follette succeeds in making Congress the last word in Government that body may any day pass a law forbidding ribbon cane syrup—as he prefers to call it—and the Constitution will be no protection for our radical's business. The next Congress might repeal the law or add sorghum molasses to the ban—and

so on. Radicals like turmoil, and Mr. La Follette has shown them a way to have it all the time.—State Press in Dallas News.

Rev. Hatchett Moves To Valley Mills

Rev. and Mrs. H. S. Hatchett left Wednesday night for Valley Mills, where they will henceforth reside. Brother Hatchett has been a resident of Tahoka for many years and he has many very warm friends here, who regret his decision to leave Tahoka. He resided at Valley Mills many years in early life, and only a few weeks ago he returned to the village of his young manhood and there took unto himself a bride, as was noted in these columns recently. After their marriage, they returned to Tahoka, not for the purpose of

making their home here but in order that Brother Hatchett might arrange his affairs so as to enable him to return with his bride to Valley Mills.

News Notes From Montezuma College

The third annual session of Montezuma Baptist College is now well under way with an enrollment of 206. New students are coming in each week and it is expected that the enrollment will reach 225 during this fall term.

The College faculty has been increased to 12 regular instructors, who hold degrees from various noted universities.

A number of improvements have recently been made in the College plant, taking in the boys dormitory, science laboratories, and the addition of 4,000 volumes to the library.

President J. M. Cook has been advised of the recognition of the work done by Montezuma College by the boards of education of the states of New Mexico, Texas, Arizona, and Oklahoma.

Mail may now be sent direct to Montezuma.

Miss Margaret Preston of Tahoka is a student in Montezuma College this year.

MISSING—From H. M. Anthony's Store, one ladies' coat suit, left there Saturday afternoon and disappearing a short time afterwards. Please return to Anthony's store. C. B. Evans. 8-c

Massingale's Brother Has Operation

Mr. and Mrs. Tom Massingale of Winters were here last Thursday visiting the former's brother, A. J. Massingale, and family.

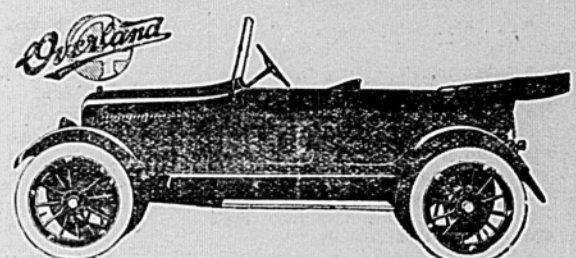

From Tahoka they went to Plainview, where Mr. Massingale suffered an attack of appendicitis Friday. On Saturday afternoon his condition was so serious that A. J. went to Plainview to see and assist him. The patient was hurried homeward, and on Sunday he underwent an operation in a sanitarium at Ballinger. At last reports he seemed to be recovering satisfactorily.

Mr. Massingale had come to the plains not only to visit his brother here but also to do a little prospecting, with a view of locating somewhere in this section.

ALLEN LLOYD

By an oversight in this office last week, we failed to make mention of the marriage of Mr. J. O. Allen and Miss Vera Lloyd, both of the Dixie community, which occurred at the Methodist parsonage in Tahoka on Sunday afternoon, October 12th. Rev. J. T. Howell, pastor of the Methodist Church performed the ceremony. The happy couple will make their home in the Dixie community.

D. A. McDonald of Palestine arrived Tuesday to spend several days with his cousin, C. E. Brown. This is Mr. McDonald's first visit to the plains and he is already in love with the country.

"... life's fitful fever ..."

—Macbeth.

Thoreau built himself a little cabin out by Walden pond and there lived the simplest sort of existence for more than a year; because, he said, "I wished to live deliberately, to front only the essential facts of life, and see if I could not learn what it had to teach, and not, when I came to die, discover that I had not lived."

He obeyed Epictetus' injunction, "Cease to make yourselves slaves, first of things, and then upon their account, of the men who have the power either to bestow or take them away"—he had in his house no furniture that was not essential to his needs; he lived on the simplest foods, and he supplied practically all his needs from his own garden. In this manner he secured a lucid interval in life's fitful fever, and learned that "When we are unhurried and wise, we perceive that only great and worthy things have any permanent and absolute existence."

A generation ago the mass of humanity secured a momentary lucid interval in life's fitful fever once each week. The automobile, the movies, the radio and a general relaxation of the blue laws have changed that. Sunday is now as filled and hurried as any other day of the week.

Nowadays few of us secure even the slightest lucid interval—we never at all get away from the needs and duties and responsibilities of everyday existence. Yet these are things without permanent existence—things such as those that interest us during the delirium of fever, things that are real for the moment only.

The savage who sits on the bank and fishes or who ranges the woods in search of game has a lifetime in which to evolve a theory of life; but his civilized brother is so busy getting to the office on time, reading the papers, dressing conventionally, seeing at the shows, inventing labor-saving devices, and the like, that he never has time to think of life until time for death. Then he cries with Peer Gynt:

So unspeakably poor, then, a soul can go back to nothingness, into the gray of the mist. That beautiful earth, be not angry with me, I trampled thy grasses to no avail. Thou beautiful sun, thou hast squandered away thy glory of light in an empty hut. There was no one within it, to hear and warm the owner, they tell me, was never at home.

Where Shall We Fly the Flag?

By DOUGLAS MALLOCH

Where shall we fly the flag?—above the ranks of marching men? Ah, yes, because that flag they love, would die to save again. But not alone the soldier lad the flag should proudly bear; let none parade the land he made unless the flag is there.

Where shall we fly the flag?—upon our ships that go to sea, whose flaming guns will light the dawn for all humanity? Ah, yes, and peaceful merchantmen, East, West, and ev'rywhere—in ev'ry port of ev'ry shore let men behold it there.

Where shall we fly the flag?—display the standard of our aires? Above the judge's brow of gray, upon our gilded spires, yes, over ev'ry altar rail and ev'ry judge's chair—because we need no court nor creed that does not want it there.

Where shall we fly the flag?—that all the flag may learn to love? O'er ev'ry college, great or small, and ev'ry school above, yes, over ev'ry teacher's desk with children in his care, for in this room our buds will bloom—we want no treason there.

Where shall we fly the flag?—that you and I may understand our blessings, and our duty, too, to home and God and land? The greatest wealth, the highest wage, of mortals anywhere—o'er fertile hill and busy mill, Oh, let us fly it there.

Where shall we fly the flag?—with these the treasures we possess, our liberties, our luxuries? What better place, ah, yes, what better place our love to show, our loyalty to wear? Where'er we roam, when we come home, Oh, let us find it there.

Where shall we fly the flag?—that each may understand and see? Yes, all who toil, or trade, or teach, whoever we may be? O'er marching men, o'er sturdy ships, schools, churches, ev'rywhere, o'er mill and mart—and in the heart, Oh, let us fly it there!

Crosbyton School Destroyed by Fire

CROSBYTON, Oct. 22—The high school building here was completely destroyed by fire during the noon hour today.

The structure was erected four years ago at a cost of seventy-five thousand dollars, and was insured for only half that amount.

The first fire to be made in the furnace this season was made early this morning, and a defect in the flue is believed to have caused the fire, which originates on the second floor. Due to the fact that the teachers were either on the first floor or away from the building for the lunch hour, the flames made such head way before being discovered that efforts of firemen were fruitless and the structure was gutted throughout, only a few books and other small articles being saved from the flames.

Arrangements for completing the school term were not made this afternoon but will probably be made this evening or early tomorrow and as soon as a sufficient number of books and needed equipment can be secured the term will be continued in temporary quarters to be provided at once.

The grammar school, which is a two story structure and which was erected this year, was not burned, but was damaged to some extent by the heat.

PRIMITIVE BAPTIST SERVICES

Elders Marion West and J. J. Edwards of east Texas will hold services at the Primitive Baptist Church on Saturday afternoon at 3, and on Sunday morning at 11.

Elder J. S. Newman, well known here, will also preach at this church on Wednesday night and Thursday night of next week.

You are cordially invited to attend all these services.

BAPTIST INSTITUTE BEING HELD HERE THIS WEEK

A Sunday School and B. Y. P. U. institute is being held at the Baptist Church this week, with quite a number of S. S. and B. Y. P. U. workers in attendance. Rev. B. N. Shepherd, the pastor, is teaching the class in B. Y. P. U. work, while Rev. C. E. Ball, pastor of the Brownfield Church is giving the Sunday School work. The purpose is to train teachers, officers, and leaders in these activities of the church.

PLAYER PIANO

A modern player piano of high quality left on our hands in public warehouse will be closed out at big discount. No reasonable offer of price and terms refused. Write today for full information to The Knight-Campbell Music Co., Denver Colorado.

Tahoka Girls Win Over O'Donnell Team

The Senior girls started the season off with the big end of the score. Last Friday the Tahoka girls met the O'Donnell girls on O'Donnell sod. This was the first practice game for both teams. The game was fast and full of pep from the first whistle to the last one.

At the end of the first half the score stood 12-6 in favor of Tahoka. O'Donnell was completely outclassed in center but the guards and forwards of both teams put up a good fight. Tahoka passed the ball with the speed and accuracy that it takes to win a game. No player on either team starred. It was real team work from beginning to end.

This was only a practice game but was beneficial to both teams. The coaches found their strong and weak points and can work to a good advantage now.

At the final whistle the score stood 25-13 with Tahoka shouting "Victory is ours." The line up for Tahoka was Margaret Lam, Evelyn Hatchett, centers, Jonsie Walker, Beatrice Sullivan, forwards, Alleene Taylor, Earnestine Holloway, guards, Mable Draper and Velma Jones subs.

MR. AND MRS. J. B. STOKES SPEND WINTER AT BANGS

Mr. and Mrs. J. B. Stokes left Monday for Bangs, where they will spend the winter, returning to Tahoka about the first of April next year. Mrs. Stokes mother, Mrs. J. C. Allcorn, had the misfortune of falling and breaking her hip recently at her home at Bangs, and Mrs. Stokes feels that she must be with her to look after her needs. On account of her advanced years, the break is a most serious one and heals slowly. and the aged lady suffers terribly. Before leaving Mr. and Mrs. Stokes ordered the News sent to them at Bangs—say they could not do without it.

BEAR HUNTERS RETURN

Judge G. E. Lockhart and J. H. Edwards returned Sunday night from the Rocky Mountains in Wyoming, where they went to hunt bear. They killed no bear but had the pleasure of killing an elk. Although they found little game, they enjoyed the hunt and the trip very much.

WHOLE BODY SEEMED IN ONE AWFUL PAIN

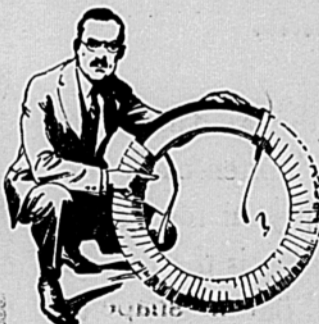

Morse, La.—Mrs. L. P. Lambert, who has been a popular school-teacher here for several years, recently told a visitor of her interesting experiences with Cardui.

"Just before my ... came on," said Mrs. Lambert, "I would ache all over. My feet, my toes, my arms, hands, head—my whole body seemed to be in one awful pain. I would grow so nervous that I could not hold a cup in my hand. My husband would have to hold my coffee for me to drink. Last fall I was in such a bad condition that I had to spend about three days in bed every month. It seemed to me that I was on my last go-round."

Then one day, said Mrs. Lambert, she happened to read about Cardui and the experiences of some women who had been helped by it. "I felt that Cardui might help me if I tried it," she

continued, "for I had been suffering with similar troubles to those mentioned there. I had heard of Cardui all my life and I knew many women who said they had been helped by it. The very next day I began to take it. "Very soon after, I began to notice my improvement. I kept on till I felt like a different woman. I gained in weight from 98 pounds to 115 and felt better than I had in years. I took six bottles right along and found it a splendid tonic. My suffering was partly due to a run-down condition and the Cardui stimulated my appetite and helped me to gain the strength I needed. ... I take a bottle every now and then, even now, just as a tonic to keep up my strength, but I am in better health than I have been in for years." All druggists sell Cardui. Try it.
