### Edward, Wally United After Five Months; Discuss Wedding Plans

MONTPELIER, France, May 4 (AP)—Edward, Duke of Windsor, was reunited in the moss-covered Castle De Candé today with the woman for whom he renounced an empire, Wallis Warfield Simpson.

Five months and one day of enforced loneliness for the former King Edward VIII and "the woman I love" ended at 1:15 p. m., when the duke, like a knight returning to his damsel fair, reached the ancient chateau.

He came from St. Wolfgang, Austria, by train and by motor. His betrothed was free to marry him, and that was foremost in their hearts. He had not seen her since the dark night of December 3, when she fled to France from the abdication crisis that changed crowns for a quarter of the world.

Breathless and radiant, Wallis Simpson met her beloved on the doorstep of the rambling chateau.

Preceded by a motorcycle policeman, the limousine sent for the duke by Mrs. Simpson roared through the gates. A truck, stacked with Edward's seventeen suitcases, panted along behind.

Edward was an hour overdue and his fiancée's excitement had mounted by the minute. From Verneuil, from where the duke left the Arberg express, the motor trip consumed four long hours.

The duke leaped from the car. He dashed to the threshold. There, he took the wide-eyed Wallis tenderly in his arms. They went inside the castle, arm in arm.

Twenty noble guards and two squads of eight gendarmes each paced the grounds impassively, all in their best and brightest uniforms. The Tours police chief and his aide watched with a critical eye; bustled officiously about the place.

At the entrance lodge, the old lady of the gateway had put on a bonnet of tulle lace for the gala day. For two hours she had been standing, almost motionless, waiting to open the portals.

"This," said the old lady with a shrug, "is a thing I rarely do—put on my bonnet. But—voilà—it is a memorable day!"

Within the mossy chateau, its great rooms gay with masses of lilacs, tulips and yellow anemones, a small house party had waited luncheon for Edward.

But Mrs. Simpson had been unable to stay inside. During the morning she walked in the garden, alone.

The day started out grey and chilly but an hour before the duke arrived the sun burst out to show the countryside its splendor.

A knot of villagers had gathered outside the gates, with waiting newspapersmen, to see the duke.

Wearing sabots, the peasants climbed from bicycles and chatted with the gendarmes. Then they whiled away the time munching chocolate and bread and sipping from flasks of white wine.

A truck loaded with live pigs paused for a moment in the road and the grizzled driver gazed with mild curiosity at the crowd. An Englishwoman, on a tour from London, outdid the newspaper photographers in taking pictures of everything in sight.

As the duke's car passed, every English newspaperman removed his hat.

### Women Are Taken Out Of Picket Lines

Vandalism In Makeup Salon Increases Friction In Film Dispute

STRIKERS CHARGE JOB WAS 'FRAMED'

Marchers Still Patrol Along Walls Of The Major Studios

HOLLYWOOD, Calif., May 4 (AP)—The central strike committee, without announcing the reason, called all women marchers off the picket lines surrounding Hollywood motion picture studios today.

An official said the decision was made "after that trouble last night at the Westmore's."

\$15,000 Damage

The House of Westmore, extravagant film colony beauty salon, was damaged, the owners said, to the extent of \$15,000. Three men and a woman smashed mirrors, ripped carpets and tapestries, and smeared cresots over the establishment.

It is owned by the four Westmore brothers, each of whom is a make-up executive in separate major studios. None has joined the make-up artists who are on strike.

"We know that it was a framed piece of work," an official of the striking federated motion picture crafts said today. "It was obviously designed to turn public sentiment against us."

"I can say positively that none of our people went near the Westmore salon last night."

"No Women"

As a result, however, women strikers were asked to remain away from the picket lines today, he said. They may return later, he added.

"We're not expecting trouble to develop from this. But until the situation cools we don't want any women on the lines."

Other pickets meanwhile paced before the gates of the walled film studios of Hollywood as strikers and producers awaited action by the Screen Actors' Guild.

Friction increased between the striking federated motion picture crafts and the international association of theatrical stage employees, which previously had reached an agreement with the producers.

Federation spokesmen said "camera squads" would be posted at the studio gates to take pictures of members of the other American Federation of Labor affiliate passing through the F.M.P.C. picket lines.

UTILITY MEASURE LIKELY WON'T PASS

AUSTIN, May 4 (AP)—A waning session and the fact similar proposals had met death in a senate committee today augured poorly for passage of a house-approved utility regulation bill.

The proposal, introduced by the lower chamber yesterday, would create a state commission to supervise utility corporations. Advocates failed to obtain the necessary four-fifths permission to place it on final passage.

A senate committee sent to a sub-group with instructions to report by Friday a proposed constitutional amendment which would give a four-year term to precinct, county and district officeholders including legislators.

The action, in the opinion of some, lessened chances of submission of the proposal to the people in August.

### THE MOVIE CHORUS GOES ON

Three chorus girls in a musical production at a film studio in Hollywood are shown walking to their set as work went on despite the strike of some studio workers' unions which threatened to spread to other crafts. A halt in film production was threatened, but most actors and actresses went on with their work.

### LUBBOCK CHOSEN AS HOST FOR THE 1938 CONVENTION

Annual District Parley Is Concluded Here With General Assembly Luncheon

Joe Pond, Colorado, Tuesday was elevated to the district governorship of Lions district 2-T. He was named at the general assembly luncheon, concluding function of the convention in session here since Sunday evening.

Pond, insurance agent, incumbent district deputy governor, is a past president and secretary of his club. He was opposed in a heated campaign by Omar Burleson, Anson, Jones county judge.

To Lubbock went the privilege of entertaining the district in convention next year. That club had conducted a spirited bid throughout the convention, despite no open opposition.

Approximately 40 members of its club attended the sessions here.

Luncheon Program

On the program for the general assembly luncheon, which drew 200 delegates and visitors into the Settles ballroom, were the Swing Sisters, Big Spring trio composed of Clarinda Mary Sanders, Jane Lee Hannah, and Wanda McQuinn, accompanied by Miss Mary Vance Keneaster; the novelty band from Anson, and a singing group conducted and led by Dan Conley and Mrs. J. H. Kirkpatrick of Big Spring.

Flowers were presented by the El Paso club to Miss Beckham, and by the district and then the Dalhart club to Mrs. Elmer Elliott. Elliott, district governor, was presented with a watch by John Honta of the Dalhart club.

Ralph Randal, immediate past district governor, presided over the session and presented J. Earl Tanner, El Dorado, Kan., international director, Sam Braswell, Clarendon, Pascal Buckner, Big Spring, who in turn, presented Grover Dunham and Mrs. Alice Phillips.

Del. W. Harrington, El Paso, charter member of the first club in Texas and a past district governor, climaxed the last luncheon with an inspirational address.

For Safe Driving

Dr. Bradford Knapp, president of Texas Tech college, in an address to the convention Monday afternoon, decried the killing of more than 88,000 people on the nation's highways last year and called for rigid enforcement of existing traffic laws, better highways engineering, and education in safe driving.

"Society is paying the penalty in blood and sorrow," said Dr. Knapp, for its lack of proper driving instruction, lack of skill, obedience to rules, inattentiveness, indifference, lack of judgment, blurring physical ability and incapability, reckless disregard for safety of others, and material faults in machinery and roads.

Dr. Knapp said it was a matter of vital concern when more lives were claimed yearly on the highways than the United States lost in the world war.

"Sudden death lurks on every highway in the nation," he declared, and "we are killing 30 out of every 100,000 people each year in motor accidents."

"Governor in the Head"

To the suggestions that governors be placed on cars, Dr. Knapp believed that the "governor belongs in the head."

He pleaded for education of the drivers, urged that high schools require a course in safe driving. Dr. Knapp would subject drivers to rigid physical examinations and then mete out "severe punishment and call for a surrender of the driving license of reckless drivers."

The model club contest sponsored by Dist. Gov. Elmer Elliott, Dalhart, was won by the Pecos club and Floyd Browne, president of that organization, accepted the banner trophy for his unit. He and his secretary were presented with bill folds for their leadership of the club.

C. H. Roberts, Wink, delivered a fervent plea for "the forgotten boy," declaring that the solution to many problems of citizenship lay in the right influence and example for youths.

Afternoon Session

The Monday afternoon session was opened with a concert by the Big Spring band under the leadership of Dan Conley. Fluydada quartet again performed for the assembly.

### Refugees Are Being Taken Out Of Bilbao

Evacuation Rushed As Basque Defenders In Last-Ditch Fight

ST. JEAN DE LUZ, France, May 4 (AP)—Refugee for about 10,000 women and children from siege or bombardment was virtually assured today as a fleet of passenger liners raced to evacuate as many as possible before insurgent guns close the port.

Bilbao's Basque defenders fought a last-ditch fight but insurgent airplanes said Gen. Emilio Mola's troops were swarming into the mountainous region north of Bilbao and that their artillery already commanded the Nervion river, Bilbao's outlet to the Bay of Biscay.

More than 4,000 refugees, many children among them, were listed to sail tonight aboard the 10,000-ton Spanish liner, Hebrona, the first mass migration from the harassed city.

To Charter Ship

Arrangements were made to charter another large ship to remove 4,000 more children to England. The ship's identity was kept a closely-guarded secret lest it become a prey of insurgent war vessels patrolling the Bay of Biscay.

Advice from Bordeaux, France, said several French steamers with a total capacity of 2,000 refugees passengers were being coaled and provisioned for a dash to Bilbao.

First to leave, the steamer Margaux with room for 800, was expected to clear Bordeaux harbor by midnight tonight. The Cariniere and Chateau Palmer, with space for 1,000 and 600 emigres respectively, were scheduled to leave for Bilbao within 24 hours after the Margaux.

The Basque government said 3,000 Italian troops in the insurgent army were killed in an assault when they were cut off from their base at Bermeo.

An indication was seen of Basque authorities' fears that their capital could not hold out in the fight to France of the wife and children of the president of the Basque government, Juan Antonio Aguirre.

### Margaret Mitchell Awarded Pulitzer Prize For Best Novel; Play Honors Go To Hart And Kaufman Production

NEW YORK, May 4 (AP)—Margaret Mitchell wrote 1,037 pages for "Gone With the Wind" but she could find only four words with which to greet the news that her book had won the annual Pulitzer prize.

"I'm astounded," was the first reaction of the Atlanta author. She groped for words. Then—

"I'm overwhelmed."

The award for the novel of civil war days in Georgia carried with it \$1,000 in cash.

Miss Mitchell—in private life Mrs. John R. Marsh—was one of 14 men and women honored with Pulitzer awards in journalism and letters, announced last night by the trustees of Columbia university.

An undercurrent of criticism greeted the award to the play "You Can't Take It With You," by Moss Hart and George S. Kaufman, as the best "original American play" performed in New York, which shall represent in marked fashion the educational value and power of the stage.

Other prizes included:

"For the most disinterested and meritorious public service rendered by an American newspaper during the year"—the St. Louis Post-Dispatch "for its exposure of wholesale fraudulent registration in St. Louis."

Foreign correspondence — Anne O'Hare McCormick, of the New York Times.

Distinguished example of reporter's work—John J. O'Neill, New York Herald-Tribune; William L. Lawrence, New York Times; Howard W. Blakelee, Associated Press; Gohind Behari Lal, Universal Service; and David Dietz, Scripps-Howard newspapers. This was one award of \$1,000 shared equally by the five for their coverage of the Harvard university tercentenary.

Distinguished American biography—"Hamilton Fish, the Inner History of the Grant Administration," by Allan Nevins.

### WPA Jobs In District Cost Near Million

Agency Has Paid Out Over \$625,000, Sponsors \$261,000

Expenditures of WPA and sponsors in district No. 18 were well on their way to the million mark at the end of April, report from R. H. McNew, district supervisor, showed Tuesday.

Combined totals amounted to \$886,677.44, of which 70.5 per cent, or \$625,068.52 was from WPA, and 29.5 or \$261,608.92 from sponsors.

Relief payroll by WPA totaled \$396,789.85, or 63.5 per cent of its entire outlay. The government agency paid out an additional nine per cent for non-relief labor, 10.2 per cent for material and supplies, 16.4 for equipment, and 37 for other items.

No Work In Yoakum

Every county showed benefits from WPA except Yoakum. Two counties offered no funds by sponsors while receiving project.

### Conciliation Plans Talked

Secy. Perkins Proposes Way To Maintain Industrial Peace

WASHINGTON, May 4 (AP)—Secretary Perkins proposed expansion of state labor mediation services today to help settle and prevent strikes during the development of collective bargaining.

She said in an address prepared for her second labor-industry collective bargaining conference:

"The first of these conferences is a x x brought about the understanding that it will be the purpose of management and labor to practice collective bargaining as it is defined in the national labor relations act (Wagner act), now the law of the land under the recent supreme court decision.

"Many employers and workers however, lack experience in collective bargaining. Because of this there will be need for cooperation among state and federal agencies engaged in conciliation work—and representatives of labor and management—so as to minimize stoppages of work through misunderstandings by either workers or employers."

"Federal and state conciliators can perform a highly useful service.

"When differences arise and a conference is called, which fails to make headway toward an adjustment, a conciliator should be summoned."

Miss Perkins invited to today's meeting more than a score of labor and business leaders.

### Court Comprage Gaining Headway

WASHINGTON, May 4 (AP)—Definite overtures for a compromise on the Roosevelt court bill were developing today in the closely divided senate judiciary committee.

Without committing themselves, several of the measure's foes discussed sympathetically a suggestion by Senator Hatch (D-NM) for the appointment of one new supreme court justice a year in addition to filling normal vacancies.

### Solution To Prison Board Squabble Seen

BURLESQUE FOE

Members Would Be At Both Austin, Huntsville

AUSTIN, May 4 (AP)—The senate approved today an emergency appropriation for the state board of pardons and paroles and in the bill was seen a probable solution of a long controversy over that agency.

The bill appropriating \$19,000 for expenses of the board until the end of this fiscal year next August specified one member should be located at Huntsville, site of the penitentiary, and two in Austin. The member in Huntsville would have authority to employ two assistants to investigate convicts and determine eligibility for clemency.

The controversy over location of the board has been one of the sharpest before the legislature. Because of differences over this and other matters, Governor James V. Allred vetoed an enabling act setting up a new clemency system and prescribing duties of the board under a constitutional amendment adopted last summer.

One view was that high schools require a course in safe driving. Dr. Knapp would subject drivers to rigid physical examinations and then mete out "severe punishment and call for a surrender of the driving license of reckless drivers."

The model club contest sponsored by Dist. Gov. Elmer Elliott, Dalhart, was won by the Pecos club and Floyd Browne, president of that organization, accepted the banner trophy for his unit. He and his secretary were presented with bill folds for their leadership of the club.

C. H. Roberts, Wink, delivered a fervent plea for "the forgotten boy," declaring that the solution to many problems of citizenship lay in the right influence and example for youths.

### \$2,000 Total At Ring Sale

Marketing Assn. To Make Auction A Regular Weekly Event

Turnover at the first ring sale staged Monday under sponsorship of the Howard County Marketing association totaled around \$2,000. It was announced Tuesday by J. W. Allen, president and acting general manager of the organization. The sale brought buyers and sellers of livestock, farm tools and miscellaneous items from a large area. Allen reported, and officials were well pleased with the event.

A second sale is scheduled for next Monday, May 10, beginning at 10 a. m., and sales will be conducted each Monday thereafter, it was announced. Plans are being made for an extensive advertising program to attract larger crowds of buyers and sellers to the ring sale.

The marketing association has spent around \$1,000 for improvements at the Sam Greer place, the work including building of new corrals, partitions, etc., to modernize the equipment for handling of livestock.

The purposes of the association are to engage in any activity in the connection with the marketing and selling of agricultural products, of Edward VII.

### Plenty Of Supplies On Hand For Britishers To Toast The New King

LONDON, May 4 (AP)—London is ready to celebrate the coronation with foam and bubbles.

No less than 250,000 extra barrels of beer, by a conservative estimate, will be consumed before the coronation is over, and the leading hotels have stocked up heavily with champagne, wines and liquors.

The famous old toast of "God save the king" is going to be drunk from one end of London to the other, by dowers, debutantes, workmen, soldiers, and even visitors from the South Sea Islands.

The expected 2,000,000 coronation visitors will have at least two nights of extreme gaiety. At midnight May 11, as coronation day begins, bedlam will break loose, with trumpets and horns blowing and everybody yelling. The night of May 12, after the king is crowned, will top the extravaganza of letting the bars down.

LONDON, May 4 (AP)—King George VI received his baton as a field marshal today in a colorful prelude to the May 12 coronation ceremonies.

Seven field marshals in full-dress uniform attended the presentation, the first official ceremony in which the king and queen figure as part of the coronation rites.

Sir William Birdwood, substituting for the ailing Duke of Connaught, presented the inch-thick staff inscribed: "His Majesty, King George VI, Field Marshal, 11th December, 1926" the date of his accession to the throne after the abdication of Edward VII.

### Confesses To Slaying Girl

Suspect Signs Statement Telling Of Stabbing Waitress

NEW YORK, May 4 (AP)—Two police detectives said they obtained a signed confession of the mystery slaying of Irene Wadas, pretty waitress, who was hacked to death at the Columbia Residence club on April 22, from a 31-year old suspect today a few hours after he was arrested.

The officers who announced the confession, Lieutenant James Pike and Detective Peter Ryan, booked the prisoner on a homicide charge under the name of Leonidas Hamillikas of the Bronx.

Hamillikas, the officers said, told them he had gone to the club not with the intention of killing the young woman, but with the hope of winning her love.

He accused her as she was leaving the building, the detectives said he related.

Then, infuriated when she asked, "why don't you leave me alone?" the officers said Hamillikas told them he immediately plunged a knife into her abdomen and thigh.

Hamillikas, also known as Louis Karas, had been sought since the body of the young woman was found. He formerly was employed as a counterman at the same restaurant where the 23-year old Miss Wadas worked.

### ATTEMPT TO KEEP WENDEL OFF STAND

NEWARK, N. J., May 4 (AP)—An old perjury conviction against Paul H. Wendel was raised today by attorneys for Ellis H. Parker and his son in an unsuccessful attempt to prevent the former Treason lawyer from telling in the federal court conspiracy trial his story of being abducted and forced to confess falsely to the Lindbergh kidnaping.

Federal Judge William Clark ruled a full pardon removed any disqualification and Wendel was allowed to take the stand.

BENGAL ACE JUMPS TO TOP RANK

By BILL BONI Associated Press Sports Writer The right mental attitude is a wonderful thing, as witness the case of Gerald Walker, fast-flying right fielder of the Detroit Tigers and, at the moment, American League batting leader and a front runner in virtually every department of play.

Gerald was the kingpin of the Tiger attack today as Mickey Cochran and his men opened a home stand against the eastern clubs, led by the world champion Yankees. Simultaneously, the White Sox, Indians and Browns were enjoying the A's, Senators and Red Sox. In the National League, eastern teams played hosts.

Walker had in recent seasons been criticized for head strong or over-impetuous base sunning that robbed him of hits and his mates of scores. Gerald took those cracks to heart, with the result that his game suffered.

This spring, however, he decided not to pay any attention to what he read about himself in the papers. As a result, he's been going like a streak.

He was in there yesterday while the Tigers took another half game margin on the second place Yankees, defeating the White Sox, 12 to 9.

Biggest blow of the afternoon was Hank Greenberg's homer with the bases loaded. Walker chimed in with two hits. With the Indians and Browns rained out and the other teams unscheduled, the Tigers and White Sox were the only ones active in the junior circuit.

In the National League, the four eastern clubs engaged in intrasquad war while awaiting the arrival of the league leading Pirates and other westerners.

Coach Norton Sees Light Of Optimism

Texas Aggie Football Coach Says He Has Punged Source Of Worry

(Editor's Note: This is the fourth of a series on football prospects in the 1937 Southwest conference season.)

COLLEGE STATION, May 4 (AP)—Coach Homer Norton of Texas A. and M. college, a very, very worried man until spring football practice, has seen the light of optimism.

He believes he has plugged his sources of worry—the departure of giant tackle John Whitfield and center Charlie DeWare through graduation, and a profusion of poor punting among his many backs.

Good Spring Work The spring work, Norton said, was the best of the four seasons he has held at Aggieland. Besides the ground work, the Aggies' team spirit is higher than in years, he beamed.

And this more than five months before the Cadets open their season with an October 2 game against Manhattan in New York City. Two husky sophomores, Joe Boyd of Dallas and Freeman Bokcamp of Houston, have saved the tackle problem's weight. Weighty and aggressive, they will be enough to hold the place Whitfield vacated at its past prestige.

Zed Coston, 210-pound letterman from Dallas, shows brilliantly in spring training and Norton believes a maintenance of his form would erase many a worry wrinkle. The punting situation still is not cared for adequately, Norton said, but Dick Todd, conference terror as a sophomore last year, and Bob Nesrta, who did most of the kicking last year, have improved greatly.

Angolan Looks Good To support them he points to Frank Wood, San Angelo freshman, whose form was impressive. Improvement in the fundamentals of blocking and tackling also was a cheering sight for Norton to see. Considering the Aggies' down-field work last year was close to tops in the conference, opponents this fall will be in for sad week-ends.

Portia Jim Shockey, whose passing troubled many foes last year, will be back to team with Todd, Nesrta and Owens Rogers behind the line. Presence of those lettersmen, with the addition of Bruno Schroeder, out last season with injuries, assures a great backfield for Aggieland.

Schroeder and Shockey probably will alternate at the fallback post. In the line Norton has All-American Joe Routt at guard, Roy Young at tackle and Johnny Morrow at end to lend experience and capability. A newcomer who will be watched closely is Walter (Red) Ruffing, speed demon from Freeport who runs the 100-yard dash in under 10 seconds.

SPORTS ROUNDUP

by EDDIE BRIETZ

NEW YORK, May 4 (AP)—Max Schmeling has done some tall running around to get a shot at the heavyweight title. This is his fourth trip across the Atlantic since he came over to meet Joe Louis last year. Max estimates the five trips set him back around \$15,000 in passage (ship and zeppelin), hotels and incidentals.

When Max arrived for the Louis bout he was met by 40 reporters, almost as many photographers and newswriters, and a delegation of celebs including both Jimmy Johnston and Mike Jacobs. Yesterday the welcoming delegation consisted of four reporters, one photographer, and Manager Joe Jacobs. Which may be the tip-off on how everyone is fed up on the heavyweight situation.

They say Merril Land, New Jersey lawyer, who is representing Jimmy Bradock in the Garden suit, collects \$1,000 for every day he is actively engaged in handling the case. Reports which had Joe McCarthy, manager of the Yankees, rushed to a Buffalo hospital, were erroneous. Joe spent the Yankee off day in the old home town but left for Detroit last night.

Ken Haycraft, star end at Minnesota under Doc Spears in 1929, is running for mayor of Minneapolis on the farmer-labor ticket. The Baltimore Orioles who began the season 7 to 5 favorites to win the international league pennant rewarded their backers by dropping their first 10 games.

John Henry Lewis, the light-heavyweight champion, has attractive offers from two London fight clubs. Al Johnson, stage and screen star, has offered \$25,000 for a bout between his negro featherweight Henry Armstrong, and the winner of Friday night's Lou Ambers-Tony Canoneri lightweight scrap.

Missions On Four-Game Win Streak; Dallas Steers Lose Four

(By the Associated Press) Beaumont and Dallas Texas League baseball teams "figuratively" speaking, bore a resemblance today—but the results were quite different.

Each was in the midst of a four game streak and each led the league but the Expos had won four games, the Steers had lost four.

Beaumont, league leader, eluded 17 hits to another Oklahoma City yesterday by a 11-1 score. Johnny Johnson scattered ten hits and with fine fielding behind him paced in with the victory. Frank George drove in seven of the runs with a homer, two triples and two singles.

Galveston defeated Dallas 7-5 to drop the Steers into the cellar. A bad infield hop cleared Les Malone's head with two on base in the seventh and those were the winning runs. Red Harvel, Dallas slugger, eluded a homer with one on in the sixth.

Knuckle Stars Marvin Quante, rookie left-hander, pitched and batted Houston to a 5-4 victory over Fort Worth. The Cats scored all their runs in the third principally through bad infield work on the part of the Buffs but from there on Quante took charge. Besides pitching a great game he doubled to drive in two runs in the fourth and tripled to save the way for the winning tally in the seventh.

Tulsa made it three straight over San Antonio 7-4, bunched seven hits in the third and seventh for five runs. Irv Stein had three scored on him in the first as his result of three hits and an error, but was tough thereafter.

THREE OILERS HIT OVER .300 By HANK HART Only three members of the Big Spring Oilers have been able to better .300 with the history as the club enters its third week of play. Following Sunday's game, Tommy Hutto, although going hitless against the Odessa outfit, managed to keep his average at an even .400, which represents six home runs in 15 attempts. The rangy third sizer collected three for five against Odessa in the opening game of the season and then came up with two bingles in three tries in the game with Texon. Included in Tommy's licks have been two doubles.

Jake Morgan, short stop, hit consistently in each of the games to end up with 323 and runner-up honors. Jake had five licks in 15 attempts. Only other man to break into the .300 circle was "Mileaway" Baker, whose three base blows opening day proved good enough to give him .308 for the season.

Crowding the charmed circle was Carmen Brandon who has hit four times in 14 attempts for a .286 average. Included in Brandon's quartet of blows have been a triple and a double. Nimble Vic Webber And Classy Ace Freeman In Wrestling Show

1ST BOUT OF SEASON TONIGHT

Nimble Vic Webber and classy Ace Freeman, middleweight grapplers, will furnish the scientific bout tonight as Promoter Herman Fuhrer opens his outdoor arena west of the Crawford hotel for the best-twisting season. The special event of the three-bout card is ticketed for 8 p. m. sharp. Fuhrer has arranged for other entertainment as well, and expects to have the stands and ringside packed.

The beholders have been moved closer to the ring and other improvements have been made, including painting the ring silver. The Webber-Freeman setto is given a two-hour time limit, and will be the night's main show. Webber, a nice appearing young man from New York, is the toughest and perhaps clearest grappler on the circuit. A personable sort of fellow, the German knows his public and generally has the fans on his side. He's a fast thinker, speedy, and one of the strongest men on the circuit.

Freeman is new to this section. A couple of new faces are lined up for the twenty-minute time limit special event—George Bonnett and Jerry Markus. It will be the rough match of the evening. However, the semi-final between the veteran Gorilla Pogi and Joe Kapecky will provide plenty of action. Pogi is remembered for his pile-driver hold. The Gorilla is a man of few words but loud of action.

Pop Myers Votes Ralph De Palma The Foremost Race Driver Of All Time INDIANAPOLIS, May 4 (AP)—Ralph De Palma, "the greatest driver of them all," has the vote of P. E. (Pop) Myers, general manager and vice president of the Indianapolis motor speedway, as "the foremost American race driver of all time."

Behind De Palma, Myers placed Lou Meyer, only three-time winner of the speedway. Then, in order, came his other eight selections as "greatest drivers"—Tommy Milton, Jimmy Murphy, Frank Lockhart, Alex May, Bill Cummings, Darion Jones, Jules Cox and Harry Hartz.

Joe Looks For Another Training Camp Site CHICAGO, May 4 (AP)—Julian Black, co-manager of Joe Louis, looked around today for another training camp site to send the Brown Bomber to train for his proposed battle with heavyweight champion James J. Braddock at Coney Island Park June 22. City officials at Lake Geneva, Wis., who invited Louis to do his conditioning work there, insisted the Detroit negro would be welcome in spite of protests from the Lake Geneva Home Owners Protective association. Black, however, said he didn't plan to take Louis anywhere they "were not wanted."

465-Pound Wrestler Makes Debut On Coast SAN FRANCISCO, May 4 (AP)—Wrestling's newest prize in this bone-wracking area makes his debut tonight and his physical specifications provide a guarantee he will go over in a big way, whether or not he can stand on his own two feet. His name is Bill Kennedy and he is too large for a man and too small for an elephant. Minus his shoes he weighs 465 pounds. His shoes are size 14.

Kennedy, former bartender, is the discovery of Joe Malenczewski, once an outstanding wrestler who now devotes his talents to promoting the sport here. After training Kennedy for two months, Malenczewski is ready to spring his charge on the public in a match with "Bronco" Valdez, who weighs a mere 220 pounds. For a 25-year old lad, he is fairly robust although his lack of appetite may cause some concern. He actually gets tied up after eating four steaks (thick) but he does a little better with hamburger, having consumed 8-12 pounds at a sitting. These figures are authorized by the principal himself who will furnish physical proof if you foot the bill.

Wink And Monahans Have Lighted Parks For Play In New League

SCHEDULE FOR TODAY AND WEDNESDAY: Hobbs at Roswell. Wink at Monahans. Odessa at Midland. With Manager Joe Davis of the Midland Cardinals, and Manager Charley Bryan of the Odessa Oilers having announced their charges as ready to go, Midland expects to have the largest crowd to witness a baseball game in West Texas in years when the umpire gave the "play ball" signal this afternoon.

Midland had planned a gala occasion. Mayor M. C. Ulmer of Midland was to throw the first ball and Mayor Wiggins of Odessa was to be at bat. League President Milton Price was scheduled to catch Mayor Ulmer. Officials of the league are Milton Price, Dallas, president; Bill Collins, Midland, vice president, and Jess Rodgers, Midland, secretary. Playing-managers of the various clubs are Joe Davis, Midland; Charley Bryan, Odessa; Paul Trammell, Monahans; D. E. Perry, Wink; Ned Pettigrew, Hobbs; and Neal Rabe, Roswell. Joe Pate, Texas league umpire, was the league organizer.

Monahans and Wink are the only two towns in the league with lighted parks. Wink is credited with having a more polished club than Monahans. At Roswell, Jim Payne's aggregation from Beaumont is said to be ready for Ned Pettigrew's Hobbs nine. Pettigrew has had little time in which to whip together a winning club, but bolstered his pitching staff Saturday with the addition of Adams, a young right-hander from Marlow, Okla.

Last Year's Top Pros Rank High This Season NEW YORK, May 4 (AP)—On the basis of scattered returns from the sectional qualifying tests, the pros who won on top last year won't have much trouble repeating in the National Professional Golfers' association championship at Pittsburgh May 24-30. With today set as the final for the state qualifying rounds, the stars and "unknowns" were firing on all cylinders yesterday but most of them wound up with ordinary scores. All members of the last Ryder Cup team and quarter finalists in the 1936 P.G.A. tourney were exempt.

Among the "headliners" who took part were Billy Burke, former national open, who turned in the day's best single round, 67, at Springfield, Ohio; Tommy Armour, former P.G.A. champion who topped the Chicago district qualifiers with 148; Sam Snead of White Sulphur Springs, W. Va., sensation of the winter tournaments, and Ralph Guldahl and Harry Cooper, who ran 1-2 in the low scoring race for the 1936 Rix Cup event. Best 36-hole scores reported were 140's by Al Sargent of Toledo, who topped Burke by two strokes at Springfield and Bruce Coltart, who beat out such stars as Ed Dudley, Clarence Doser, Bryon Nelson, and Leo Diegel in the Philadelphia district test at Riverton, N. J.

Australian Davis Cup Netters In San Antonio SAN ANTONIO, May 4 (AP)—The Australian Davis Cup tennis team, on route to New York for the inter-continental match with the United States, from Mexico City, where they defeated Mexico last week, is scheduled to play here today. The victorious team composed of Jack Crawford, Adrian Quist and Jack Bromwich will oppose John Van Ryn and Wilmer Allison of Austin, themselves recently Davis Cup team members.

Red Ruffing To Confer With McCarthy

Big Pitcher Suspended For Persistent Holdout From Yankees

DETROIT, May 4 (AP)—Charley (Red) Ruffing, whose persistent holdout from the New York Yankees caused his suspension, is expected here tomorrow to confer with Manager Joe McCarthy. Reports upon the Yankee's arrival here from Grand Rapids, Mich., where they played an exhibition game yesterday, said Ruffing will entrain from Chicago tonight. The big pitcher was suspended under league rules because he held out 10 days beyond the season's start.

Vines Plays Dazzling Games To Beat Perry NEW YORK, May 4 (AP)—Edworthy Vines and his blazing racket had a full measure of revenge today over Fred Perry, the dashing Briton. Back at Madison Square Garden, where Perry triumphed him three sets out of four in their pro tour debut last January, the lanky Californian played one of the most dazzling games of his career last night to trim Perry in straight sets, 7-5, 6-3, 6-3. He scored 20 aces. The victory gave Vines a 29 to 27 edge in matches played over their tour of 46 states.

"Child Workers in America," by Katharine Du Pre Lumpkin and Dorothy Douglas (McBride; \$3.50).

Two women from the Smith College faculty enter the lists today with a neatly thought out and sharply phrased indictment of the child labor situation.

Being educators rather than employers, these authors are interested in child labor legislation primarily for humanitarian reasons.

The authors provide many case histories, not only of child workers, but of exploiters and of the means by which the "opposition" has blocked what the authors feel is a necessary federal amendment.

Informal Affair For Lionesses Is Well Attended

Lionesses were joined by the Lions for a general reception Monday afternoon when local Lionesses entertained for the visiting women in the No. 1 clubroom of the Settles hotel.

The table that was laid with a cloth of lace was centered with a crystal punch bowl and on either side were hydrangeas.

During the hour a short program was offered on which appeared Mrs. E. L. Gibson who rendered a vocal solo, Mrs. Mildred Norman who was well received in a humorous reading.

TRAINING 'EM YOUNG This little girl at the Chicago university nursery school is only two but she does a pretty good job of pouring milk from her own pitcher.

By AURELIUS KINSEY AP Feature Service Writer CHICAGO—What can you do with the child who balks, dawdles or messes over his meals?

Miss Catherine Landreth says it's wrong to use songs, stories, pleadings, scoldings, threats, forced feedings or spankings. They merely give the child a stronger spotlight of attention, for which most children strive in one way or another.

And it's not too early to start training when the baby makes his first awkward attempts at cooperation and independence, Miss Landreth maintains.

Mrs. W. W. Coleman Presides At WMS Bible Study

Mrs. W. W. Coleman was leader for the Bible study of the Wesley Memorial Methodist WMS meeting at the church Monday afternoon when three others took part on the program.

Mrs. Coleman gave as the scripture lesson, Luke 2:42-52 and talked on "Prayer in the Life of Jesus."

Next Monday the group will hold another Bible session on the rewards of prayer for which Mrs. Cecil Nabors will be leader.

Americans Will Make Bow At 1st Court-Of-Season

LONDON, May 4 (AP)—Ten American women will be presented to King George and Queen Elizabeth at the first court of the season Wednesday, the United States embassy announced today.

The ten will be among more than 500 women who will curtsy before their majesties in the Buckingham Palace ceremony that day.

The American women: Miss Eleanor Bowdoin of Aikoh, S. C.; Mrs. George Tenje Bowdoin of New York City; Miss Vesta Putnam Culbertson of Chicago; Mrs. E. Vernon Foster of West Orange, N. J.; Miss Lydia Fuller of Boston, Mass.; Mrs. Dexter L. Gardner of St. Louis, Mo.; Miss Julia Henry of Philadelphia; Miss Catherine M. Maher of Lincoln, Neb.; Mrs. John Perrin of Boston, Mass.; Miss Athene Schenk of New York City.

In addition, two other women will be presented in the official list Wednesday. They are Mrs. Homer S. Cummings, wife of the attorney general of the United States, and Mrs. Genevieve T. Emmet, wife of the United States Minister to The Netherlands.

CALENDAR OF TOMORROW'S MEETINGS

WEDNESDAY PHILATHEA CLASS of the First Methodist church meeting 10 o'clock at the church for business session and luncheon. PARENT-TEACHER Association meeting 8:30 o'clock at the high school building. FIREMEN LADIES meeting 8 o'clock at the W.O.W. hall.

2 Local Women Are Speakers At Cauble Meeting

Two Big Spring women were speakers for the final meetings of the Cauble Parant-Teacher association recently when Mrs. Arthur W. Franklin presided and conducted a business session.

Mrs. Hayes Stripling spoke on "Congo Crosses" and in her discussion spoke of queer practices of the Africans, listing as most unusual the filing of teeth in preference to pulling them, pointing with lips instead of fingers, the unusual sounds and odors.

Mrs. Tom Coffee spoke on "The Customs of England," bringing a unique message on the politeness of the English. Citing an example she said fried chicken was unheard of simply because the people waited until the chicken grew up.

During the business hour reports were heard from Mrs. Donver Yates, secretary, and treasurer; Mrs. J. F. Sellers, membership chairman; Mrs. Ches Anderson, program; Mrs. Floyd Ashley, publicity; Mrs. Wayne Campbell, hospitality; Mrs. Dave Leatherwood, finance and budget; Mrs. Ashley, publications, and Mrs. Tom Sipes, room representative.

Mrs. Ches Anderson made the introductions of the afternoon. More than 50 members and guests of the association were served refreshments following the session.

PLAN DINER PARTY

Members of the St. Mary's auxiliary of St. Mary's Episcopal church made plans for a dinner party as a compliment for the Senior Sunday School class at the meeting Monday afternoon in the parish house. The affair will be given the forepart of next week. They also discussed the benefit fair to be given Friday evening by St. Anne's club.

Choral Club To Offer Program Wednesday

Second Feature Of National Music Week Slated At First Methodist Church; Mrs. Lula Mae Carlton To Direct Chorus Of Mixed Voices

As a feature of National Music week activities, Mrs. Lula Mae Carlton will present the choral section of the Music Study club in a program Wednesday evening 8 o'clock at the First Methodist church to which the public is invited free of charge.

The program has been arranged for chorus numbers that will be accompanied by two pianos which are to be played by Miss Elsie Willis, club accompanist, and Miss Helen Duley, guest accompanist.

The chorus includes sopranos: Mrs. Bernard Lamun, Mrs. V. H. Flewellen, Mrs. Willard Read, Mrs. L. A. Eubank, Mrs. Virgil Smith, Mrs. D. W. Conley, Mrs. Lillian Gilmer, Mrs. L. S. McDowell and Mrs. S. H. Gibson; altos: Mrs. O. L. Nabors, Mrs. R. W. Ogden, Mrs. Olie Cordill and Misses Doska Crawford and Roberta Gay; tenors: E. B. Bethel, H. G. Keaton, D. W. Conley and Ira M. # Urges Federal Purchase Of All Unprofitable Land In Dust Bowl

CHICAGO, May 4 (AP)—Dr. Paul E. Sears, University of Oklahoma botany director, advocated today federal purchase of all unprofitable land in the "dust bowl" which he asserted is moving eastward at the rate of 40 miles a year.

Dr. Sears recommended restoration of the land to a "non-productive state after which careful study and long range planning could determine the most suitable ultimate use for the land."

Here in connection with the Isaac Walton League convention, Dr. Sears spoke over a nationwide radio network (Columbia).

Noting that dust storms are again raging in the Southwest, Dr. Sears stated that establishment of a "dust bowl authority" and government reclamation of the land under its reforestation and conservation program is the best immediate action to be taken.

One out of every four houses in the southern segment of the dust bowl has been abandoned and many houses built in the old days by homesteaders have disappeared entirely, Dr. Sears declared. Suffering and difficulty still prevail in the 50 million acres of the area, but the people, while hanging on and fighting desperately, realize they must have help from the outside.

"It is becoming increasingly clear that there is no short and easy solution to this problem," he declared.

"Of the 12 million acres of crop land," he said, "only about half is actually in use and nearly one-fifth either idle or abandoned. In 1936 of about three million acres seeded to small grain, only an average of 38 per cent was actually harvested and of course not all of this paid for the harvesting."

Dr. Sears declared that he believes the dust bowl problem belongs to the whole United States and that there is ample precedent for federal action under regulations through which the government has bought up large areas for reforestation.

# Foreign Gold Yet Flows In

Other Nations Don't Want To Pay Uncle Sam's Price For It

NEW YORK, May 3 (AP)—Some foreign money scurried home in distress during last week's stock market shakeout, but, contrary to accepted economic theory, gold from abroad flowed this way.

The "hot money" flight was not sufficient in volume to worry the bankers, but Wall Street did puzzle over why no other country seemed to want the yellow metal enough to pay our price for it.

The U. S. treasury gives \$35 a fine ounce for gold, some one come all. In the London free market the price, up to a few weeks ago, ranged around \$34.75, just enough under our level to insure a small profit on shipment here.

But recently the five men who solemnly set the day's "free" banking figure in a London banking room have lowered the ante. The yellow bars have sold at around \$34.65 to \$34.75, enhancing the margin on an American sale.

For two years or more, now, the United States has been absorbing a sum of gold equal to, or a little greater than, the world's newly mined output—more than \$100,000,000 a month.

Why?

One answer is that until not so long ago the trade balance of this country was "favorable"; that is, the value of exports surpassed the value of imports. Gold, the international medium of payments, was needed to cover the spread.

As recovery progressed and commerce with other nations grew, foreign countries needed large deposits here to finance the increased business. These deposits came in the form of gold.

Then the "hot money" seeking safety here, joined the procession—in big yellow bars. European nations, fearing war, sent it to increase their balances so that when trouble came they could pay on a cash and carry basis.

# Flood Control Items Delayed

President Wants Projects Combined With Power Development

WASHINGTON, May 4 (AP)—Administration efforts to cut the cost of government brought recommendations today for postponement of additional flood control projects and a \$162,000,000 army housing program.

Chairman Whittington (D-Miss) of the house flood control committee said hearings on emergency flood control measures would be delayed indefinitely.

President Roosevelt, he explained, had asked that action be put off until completion of a study of flood control in relation to power development and navigation aids.

The president sent the committee an army report on revised plans for control work on the Ohio and Mississippi rivers, where serious floods occurred early this year.

Some members predicted the president might discuss in a message to congress a national system of flood control, power, navigation and land conservation, possibly based on the Tennessee Valley Authority.

A report said the budget bureau rejected the army's big housing program.

Almost simultaneously, Secretary Swanson asked appropriation of \$18,985,000 for construction of naval buildings and other projects.

# Martin Club Boys Busy With Calf Feeding Project

STANTON, May 4—Although they are not expected to become quintuplets, calves which Martin county 4-H club boys are feeding; out this year are expected to become five times as large as they were at the beginning of the feeding period, according to the schedule laid out by County Agent G. A. Bond.

Each of a dozen calves which averaged 186 pounds when weighed in for the feeding project is expected to tip the scales at more than 1,000 pounds at the end of the feeding period, which is approximately 330 days.

The task of gaining a mere three pounds and more every day might seem too big a job for a mere human-but club calves seem to take it as a matter of fact.

Calves were taken from high grade herds well-known among ranchers of this area and will be exhibited in various shows next spring.

Boys hope to continue the good record made with 1936 calves when two championships and other winnings were annexed.

# Miss Marie Limmroth Is Complimented On 18th Anniversary

As a compliment to Miss Marie Limmroth who celebrated her eighteenth birthday anniversary Monday, her mother, Mrs. R. C. Limmroth was hostess for a number of Marie's friends at the home, 1803 Gregg street, Monday evening.

The evening was spent playing games and after gifts had been presented Mrs. Roy Lay assisted Mrs. Limmroth in serving Miss Eva Owen, Frances Hurley, Viola Wheat, Edna Mundt, Emma Ruth Stripling, Dorothy and Emogene Lay, Corrine Rose, Lorene Anderson, Naomi Alvis, Frances Satterwhite, Gene Jackson and the honoree.

Messrs. W. L. Grant, Ray McCullough, Dorman Kinard, Ennis and Lloyd Wooten, Groville Malton, Norman Priest, Ross Mirrott, Odie Wilson, Quentin Martin, Curtis Winterrowd, Billy Jack Limmroth and Weldon Limmroth, brother of the honoree, from Sweetwater.

# LIQUOR CANNOT STAND THE LIGHT OF TRUTH

HIS CHEMISTRY BEEN RE-FALED?

Partly, that is because of an unacknowledged but widespread assumption that when new legislation repeals the eighteenth amendment, it at the same time repeals chemistry, physiology and psychology. Their behavior shows that notions believe this. Alcohol is rated harmless and drinking has become too general to be adventurous.

Partly, however, the changed attitude is synthetic. The "cocktail hour" deliberately instituted for the purpose, implies not only that a certain time one may drink but that at a certain time one should. It is made to appear "the thing," conventional, requisite, eminently proper, superficially, is the ambitious new saloon. Gone are the portraits of prizefighters, the gold-framed nudes, and all other response to coarsely masculine predilections. The place has a tawdry air, cleverly put on to attract women and young girls. In one such place the other night, a male customer at the bar was officially requested to remove his hat.

"Don't you see that there, are ladies here?" The poor fellow complained afterwards that the ambitious new saloon had "gone slazy."

Many saloonkeepers object to women at bars. A girl, they say, "will buy one drink and expect the men to treat her all the rest of the evening," and there are men who weary of this. It "drives them into package liquor and taking it home to drink in peace." But the saloonkeeper's objection to women at bars never leads him to discourage their patronage; only, he says, "let them drink at tables where, without scaring away men, they double his profits. Besides their presence makes it seem a bit less likely that legislation will

# WORK SHEETS FOR OVER 500 FARMS SIGNED IN MARTIN

STANTON, May 4—Worksheets representing 565 farms, or about 104,000 acres of crop land in Martin county have been signed up by farmers for participation in the government's 1937 cotton conservation program, according to records of G. A. Bond, Martin county agent. This acreage amounts to about 71 per cent of the total crop acreage in the county which, according to official figures, is 135,674 acres.

Those signing up for participation in the program this year represent a decrease of 117 or a little more than 17 percent of the total number signing up last year.

Maximum cotton base of 88,728 acres would have been allowed Martin county by the state board, if 100 per cent of the crop land had been signed up for participation, Bond said.

May 1 was the last date for signing worksheets in Martin county.

# FISHING LICENSE OF \$1.10 APPROVED

AUSTIN, May 4 (AP)—The house of representatives received from the senate a bill requiring a \$1.10 license for all persons over 17 who would fish outside the county of their residence.

The proposal, approved by the upper legislative chamber yesterday, as a committee substitute for a bill applying to McLennan county only, provided also an artificial license for 17 percent of the total if the fisherman had purchased a general license.

A general hunting license, modeled along similar lines, was passed to third reading by the senate.

# MISSOURI'S FLOOD AREA EVACUATED

CHARLESTON, Mo., May 4 (AP)—Sharecroppers began evacuation today of the southern half of the Birds Point-New Madrid floodway, threatened with inundation for the second time in five months.

The order for immediate evacuation of the area, affecting approximately 3,600 residents, was issued by the Mississippi county flood committee yesterday after the Cairo weather bureau forecast a 48-foot stage in the Ohio at Cairo by Saturday. The stage at Cairo today neared 42 feet.

Members of the flood committee laid a 42-foot stage at the juncture of the Ohio and Mississippi rivers would send water pouring through an opening in the river front levee.

# TO USE SCHEDULED LINES FOR FLIGHT AROUND THE WORLD

NEWARK, N. J., May 4 (AP)—Dr. Reginald D. Marzagon, a Boston surgeon, left Newark airport at 9:22 1/2 a. m. (EST) today for Cleveland, on the first leg of a round-the-world flight by scheduled air lines.

He hopes to be back in the United States in 19 days, returning on the Zeppelin Hindenburg.

Dr. Marzagon said the trip would cost him about \$400.

His itinerary calls for 9 1/2 days in the air and 9 1/2 days on land.

# Mrs. Ogden Leads Christian Council In Missionary Program

Continuing the study on the mission text, "Congo Crosses," Mrs. Ray Ogden was leader for the First Christian council meeting at the church Monday afternoon.

Topic of the program was Moving Forward for God, and talks were given by Mrs. John Barbee and Mrs. Robert Schermerhorn, the latter of whom spoke on the schools of the Congo. Mrs. W. E. Martin gave the devotional and Mrs. L. D. Eddins gave the hidden answers and the World Call.

Miss Eddy Ray Lees rendered a piano solo.

Attending were Mrs. Eddins, Mrs. Glass Glenn, Mrs. H. Clay Read, Mrs. Delmont Cook, Mrs. Schermerhorn, Mrs. Barbee, Mrs. E. L. K. Rice, Mrs. J. J. Green, Mrs. Boroff, Mrs. C. M. Shaw, Mrs. Harvey Clay, Mrs. H. B. Starnes, Mrs. J. T. Allen, Mrs. J. H. Stiff, Mrs. J. H. Neill, Mrs. H. W. Gray, Mrs. J. W. Robinson, Mrs. W. M. Taylor, Mrs. Harry Lee, Mrs. J. R. Parks, Mrs. Martin, Mrs. R. J. Michael, Mrs. T. E. Baker, and Mrs. Ogden.

# WOMAN TO DRILL THIRD GAS WELL

AKRON, O., May 4 (AP)—Attractive Julia Ellen Leathers, 22, talked about gas today and did the obvious thing. In her white-washed basement office, she made plans for drilling a third well and hoped it would pour forth gas as enthusiastically as her first two.

"I'm not a he-man, outdoor type at all," she said. "And I don't expect to become wealthy. But I do expect to have an income for the rest of my life and then I will be perfectly satisfied with about ten wells, I guess."

Her father, A. C. Leathers, formerly of Wilmington, Del., who has 25,000 acres of land under lease in Huron county, 50 miles west of here, interested Miss Leathers in gas.

He gave her a half interest in 50 acres of Huron county soil with the provision that she finance the drilling.

# ANOTHER INCREASE IN CRUDE OUTPUT

TULSA, Okla., May 4 (AP)—Production of crude oil in the nation's fields decreased 3,591 barrels daily during the week ending May 1 to a total of 3,697,908 barrels daily, the Oil and Gas Journal reported today.

Oklahoma production was down 5,000 barrels daily to a total of 665,400 barrels, East Texas increased 886 to 463,548 barrels daily and total Texas increased 4,347 barrels daily to 1,281,892.

Louisiana increased 2,776 barrels daily to 251,975, California declined 4,900 to 622,400 and Kansas increased 424 barrels daily to 198,360.

Eastern states including Michigan increased 9,323 barrels daily to 161,166 and the Rocky Mountain area was down 230 barrels daily to 72,640.

Prizes Offered In WTCC Band Concert

BROWNWOOD, May 4—Bands attending the West Texas chamber of commerce convention in Brownwood May 10-12 will compete in a marching and playing contest. Prizes offered are \$50 for first place, \$25 for second and a loving cup or drum major's baton for third. The contest will be held at 1:30 p. m. Tuesday, May 11, under the direction of D. D. McInroe, Brownwood, former member of Brownwood's famous "Old Gray Mare Band." Bands will be judged as they march and play from Brown county courthouse through the main street of the city to Brownwood high school. A massed concert will be played when the contest is completed and the band members will be guests of Brownwood high school at a specially matched football game. Twenty-two bands, including more than 1,000 musicians, have entered the contest and many more are expected to enter, according to McInroe. Bands that have entered include: Texas Christian University, Hardin-Simmons University, Blanket, Bangs, Santa Anna, Wichita Falls.
