RED CROSS

To all those that helped in the Xmas Red Cross Campaign:

To each and every one of you who so loyally and unselfishly assisted me in the Red Cross Campaign during Xmas, we wish to extend our great appreciation for your devotion to this great cause. This is an inspiration to our boys who are "Over there" and that will soon be "Over There Some Where in France." And to every one that joined this great organization accept my thanks for your loyal support of this cause supported and backed up by your government. And as I sit at my desk this beautiful New Year looking over the list of your noble names who have given so freely to this work, my prayer for each and every one of you, is that the Great God of Heaven will be rich in his blessings towards you this coming year. Keep your Red Cross window cards in your windows, for we want to put a Red Cross window card in the window of every man in Lynn county who can possibly do so. Wear your button for it is a badge of Honor, made so by Act of Congress.

Respt.,
B. P. MADDOX, Chairman,
MRS. J. B. WALKER, V. C.
MRS. D. T. ROGERS, Sec.
MRS. J. L. STOKES, Treas.
Lynn County Chapter Red Cross.

WARNING:

For fear that some one may unwittingly wear a badge or button or some emblem of the Red Cross, I wish to call attention of the public in general that the emblem of the Red Cross is a Badge of Honor made so by Act of Congress and it is a violation of Federal Law to wear a button, badge or any other emblem of the Red Cross unless you are a member of the Red Cross and the penalty is a fine not more than \$500.00 and imprisonment of not more than 1 year in Federal Prison. Remember that this Red Cross is the only organization of its kind acting under the law of Congress and it is violation of the law to oppose the activities of the Red Cross. For the benefit of those who might be inclined to oppose the Red Cross I call your attention to the following news item:

"A. D. Coleman of Claude was brought to Amarillo Saturday morning by United States Marshal "Doc" Bolton and arraigned before Commissioner Rollie H. Scales on a charge of violating Section 3, Article I, of the Espionage Act, recently passed by Congress. It is alleged in the complaint that Coleman made certain seditious and unloyal remarks about the government and the Red Cross when solicited by Red Cross campaign workers.

In the affidavits sworn to by two citizens of Claude it is alleged that Coleman stated: "I want it distinctly understood that I am not going to contribute one cent to the Red Cross, as I think just as much of a highwayman to hold me up and take my money from me as I would a

BAPTISTS HOLD FIFTH SUNDAY MEETING HERE

Brownfield Baptist Association holds its regular fifth Sunday Meeting at Tahoka. Well attended by both preachers and laymen from over the Association.

We have just closed the best Fifth Sunday meeting in the Baptist church at Tahoka that I ever attended. This meeting was good from first to last. Good in the spirit of loyalty on the part of our local congregations, in their attendance upon all of the services, notwithstanding the intense cold. Good in the spirit of service, everybody seemed anxious to do a bit to help the meeting. It was a meeting of the very best preaching and speaking. It was formally opened Thursday night with a really great sermon on the subject of "Life and Immortality" by Rev. J. A. Morse, the pastor of the Baptist church at Post City. Again on Friday we had a glorious service held by our good women of the Association. At this meeting we had a Mission program, and one of the highest order, and the talks and papers that were read were all of the highest order. Thank God for the work of our faithful women, they are becoming a mighty kingdom force in this Association. Next came the great sermon Friday night on "The Holy Spirit" by Rev. J. B.

Vinson of Brownfield. This sermon greatly lifted the church and people and will bear fruit in the future. Saturday we had many good things. Among them was a speech on "Our Debt to the Kingdom" by my old friend and school mate of other years - Rev. F. A. Whiteley of Slaton. And a fine sermon on "The Growth of a Great Church" by Rev. H. D. Heath - one of our general evangelists. Then the afternoon was taken up by the meeting of our executive board and a speech by Bro. Morse on "The Unity and Trinity of God." Saturday night we had a forceful sermon on "The Second Coming of Christ" by Rev. J. D. Lampkin of Rag Town. Then came the Sabbath with a day full of good things: Speeches, speeches, and night sermons. The day opened with the Sunday School and a splendid talk by Bro. Heath. At the preaching hour Rev. J. M. Rankin preached a mighty gospel sermon on the subject of "Going the Second Mile With Christ." This lifted all our hearts and brought us to face our duty as

LOCAL EXEMPTION BOARD CLASSIFYING CLAIMS RAPIDLY

Work of Assigning the various people within the draft age is progressing rapidly. Work will be completed and notification cards mailed out at an early date.

Through the courtesy of the members of the local board of exemption, the News is enabled to furnish the following list of persons whose classification has been decided upon. The entire list will not be available for publication this week, but will be furnished just as rapidly as possible.

Below we give a list of those who have been assigned to class

C. D. Young, J. W. Terry, L. S. Doloff, C. G. Waller, J. P. Pettles, B. C. Sherrod, J. B. Parris, W. T. Pharr, F. R. Crews, J. E. Morris, J. Y. Thompson, W. G. St. Clair, E. Coughran, J. L. Van Dyke, T. Wells, E. G. Preston, W. Yates, Sam Weathers, M. G. Laffaker, G. M. Mills, R. C. Hofner, B. C. King, J. M. Iklearger, W. W. Waller, C. C. Jackson, E. W. Holloway, J. H. Barton, J. G. Cash, N. B. Hood, P. Wallace, R. A. Ashley, R. Miles, W. G. Allen, W. J. Jones, Decatur Norman, D. N. McCoy, A. D. Dean, C. E. Pye, E. Luttrell, W. S. Lemons, J. Smith, C. E. Logan, V. Adams, W. H. Francis, L. Strong, W. P. Parris, I. L. Burk, Thurman Bailey, A. D. Sanders, Cecil Shaw, Bailey Blankenship, C. H. Crouch, C. Keever, A. M. Carrington, Clarence Askins, Marlin Jordan,

Francisco Carasco, W. C. Morris, C. L. Dixon, J. M. Haffs, S. A. Montgomery, J. H. Buttler, H. T. Sefton, J. A. Underwood, J. A. Hutto, A. G. Kemp, J. W. Allen, E. K. DePriest, N. W. Bradshaw, D. A. Cook, M. M. Boyd, W. L. Johnson, T. B. Bailey, J. L. Stokes, J. M. Neff, J. G. Mathis, P. K. Fleming, R. S. Davidson, D. E. Patterson, W. L. Crouch, J. R. Wyatt, R. J. Pharr, J. W. Pendleton, C. J. Beach, S. D. Lawlis, C. S. Fell, F. H. Nevels, G. E. Boswell.

The following list of persons have been certified in Class No. 1.

A. H. Koeninger, H. L. Lewis, S. W. Cowan, L. L. Holman, A. V. Kornegay, J. L. Warran, C. L. Taylor, J. W. Morrow, H. C. Campbell, C. E. Sanders, P. C. Francis, W. S. Taylor, R. L. Taylor, T. F. Garrett, M. M. Robbins, T. J. Sherrod, O. R. E. Wenkins, W. J. Knoy, O. L. Walls, Ed. Jackson, C. A. Bailey, J. W. Reid, D. J. Harris, R. G. Ledbetter, D. G. Henderson, W. D. Cleveland.

J. E. Weaver of Lamesa was transacting business among Tahoka folks Wednesday.

Sanford McCormack left Wednesday morning for Abilene where he is attending Simmons College. He spent the holidays with his parents at Tahoka.

USEFUL HOUSEHOLD HINTS

To Remove Print from Sacks.—If you wish to remove printed advertising from flour or salt sacks, soak them in kerosene over night, and then wash in the usual way.

For Proper Temperature.—The heat of an oven may be tested with a piece of white paper. If the paper when placed in the oven, turns a light brown, the heat is right for pastry; if it turns a dark yellow, it is right for cakes.

To Keep Lemons Fresh.—If lemons are packed in a jar of sand so that their surfaces do not touch they will keep fresh indefinitely.

Instead of Stirring.—To save yourself the trouble of constantly stirring milk, stews, saucers, custards, etc., when cooking them, keep a large marble on hand. Place it in the vessel containing your boiling liquid, and it will do the stirring for you by rolling around automatically.

For Stoppers That Won't Fit.—When cork stoppers are too large for the bottles, soak them in very hot water. They can then be fitted in easily and will not let the air in the bottle.

To Kill Flies.—Place about half a teaspoonful of ground black pepper in a saucer of sweetmilk. The flies are very fond of this, and it kills them almost instantly.

To Fry Old Chickens.—Chickens

ADVICE GIVEN ON FIGHTING AUTOMOBILE FIRES

Premium rates on automobile insurance will have to be advanced if the losses by fire and theft are not sharply decreased, according to an insurance authority, who repeats the following suggestions on extinguishing fires:

1. The most important thing to remember in case of a fire of this kind is to keep cool. A few seconds lost in panic at the start may result disastrously.

2. At least one small fire extinguisher should be on every car. It should be placed where it may be readily accessible in an emergency. The small extinguisher is indispensable in handling a gasoline fire and is also useful in fighting any other kind of blaze about the car.

3. In the absence of an extinguisher, sand or dirt can be used, but it should be remembered that if sand is thrown into the carburetor mechanism harm is likely to result.

4. Do not use water in attempting to extinguish a carburetor fire or other gasoline fire. This merely tends to spread the fire.

5. If the engine backfires, use the starter to turn the motor. If this does not draw the flames into the manifold, use the extinguisher. This should put out the fire with little difficulty.

6. If the fire has reached the trip pan, extinguish that first, and then work up to the carburetor.

7. If the fire is caused by ignition of gasoline from hot exhaust short circuit or other condition about the car, the extinguisher should also be used with equally good effect.

8. Do not invite destruction of your car and probable injury to yourself by lighting a match to see how much gas there is in the tank.

If owners would exercise the same supervision over their automobiles that they do over other moveable property, the theft losses could be cut down materially.

These are matters of importance. In the long run motorists will pay a higher premium for all losses, and a reasonable vigilance on the part of all will mean money saved.

which is too old to fry can be cut up as for frying, salted, peppered, floured, placed in a pan and covered with sweet milk; then cover the pan and cook the chicken in a moderate or slow oven until it is tender. When nearly done, remove the lid to allow the milk to evaporate and the chicken to brown. Chicken cooked in this way has a flavor similar to fried chicken; and—another advantage—chicken too old to fry may be used—Ex.

To Clean Your Hat.—A paste of lemon juice and two tablespoonfuls of sulphur rubbed on a leghorn hat will make it look almost new. Rub the paste thoroughly over the hat and allow it to dry. Then brush the hat vigorously to remove the dry powder, and a rejuvenated leghorn will result.—Ex.

To Clean Coat Collars.—Dark cloth coat-collars often show white inside where they have come in contact with the neck. The great difficulty in cleaning them is overcome by the use of a spoonful of ammonia in which enough salt has been put to make a mushy mixture. This, used as a cleaner, will remove all such discolorings, but as the mixture is very poisonous if taken internally care must be exercised in its use.—Ex.

The one thing that was ready when war was declared was the fleet. Under Bone-Dry Daniels it got into the fray immediately, helped to solve the submarine problem, began to convoy an army to France and has augmented its material and personnel in a truly marvelous way. And Daniels is the man the brewers tried to make a martyr.

"We live in deeds, not years; in thoughts, not breaths; in feeling, not in figures on the dial. We should count time by heart throbs. He most lives who thinks most, feels the noblest, acts the best."

A letter in the December 8th Survey, signed by Virgil Johnson, of the Training Camps Commission, seems to give official sanction to the wine-corruption among Pershing's men. The time has come for a show-down. No patriotic American can afford to delay a demand for reform while American boys are being ruined for war and peace.

KANSAS CITY MARKET SHOWS STRONG MONDAY

Kansas City Stock Yards, Dec. 31.—Cattle receipts today were 12,000 head, market strong, following a big advance last week, sales today up \$1 to \$1.50 as compared with last Monday. Hog supply today was 9000, market strong to 10 higher, top \$16.90. Sheep and lambs today 7000, market 25 to 40 cents higher, top lambs \$16.50.

Beef Cattle
The best price paid for steers last week was \$13.25, but strictly choice finished steers would bring 75 cents to \$1.00 per cwt. more than that. The best here today brought \$12.25, good finished steers being lacking. Short fed steers bring \$10.50 to \$12. Butcher grades took on a strong advance today, 15 cents in most cases, good heavy cows bringing \$8.75, two loads of bulls \$9.50, veal calves up to \$13.50. Action of the cattle market during the last week is encouraging to feeders, and suggests a good market in January and thereafter.

Stockers and Feeders
The market in this department is better than last week, and had the appearance of holding up well. Feeders sold at \$10.40 this morning. Plain feeders around \$10, stock cattle \$7.00 to \$9.50, of course, buyers at this time get the advantage of reduced weights, incident to the natural shrink in the last month or six weeks of winter weather.

Hogs
Prices were strong to 10 higher today, the main advance being on the lower edge of prices, light weights and mixed hogs. Best heavy hogs sold at \$16.90, best medium weights \$16.85, best lights \$16.70, bulk of sales \$16.50 to \$16.85, pigs up to \$15.50. Packers take advantage of any temporary condition to put prices down, but consumptive demand is such that strong competition immediately comes to the surface after any depression, and brings prices up again. Aside from occasional breaks, the hog market looks safe.

Sheep and Lambs
Kansas fed western lambs weighing 85 pounds brought the top today, \$16.50, 25 cents above best price paid last week, and 50 to 75 cents higher than lambs of this weight were bringing a week ago. The situation looks more encouraging for feeders since a week ago. Best light weight yearlings are worth \$15.75, wethers \$12.50, ewes \$11.75.—J. A. RICKART, Market Correspondent.

WHEAT CROP REPORTED CONSIDERABLY DAMAGED

Snyder, Texas, Dec. 28.—M. S. Letter, a farmer near Snyder, said today that his wheat is killed down to the ground, but the roots are alive, and rain within a month will save the crop.

A FEW ITEMS OF INTEREST FROM LAMESA

Reporter: Grandma Wassen was buried last Sunday evening. Rev. A. E. Arnold officiating. Obituary will be found elsewhere. We deeply sympathize with the family and more especially the husband who is bed ridden and lonely now.

Mr. Clarence Martin and Miss Berdie Preston were married at the home of the bride's parents at Pride. Rev. W. P. Hatchett officiating.

L. W. Huddle and Miss Isla Kilgore were married at Judge Garland's at 2:30 p. m. Christmas day. Judge Garland officiating. Mr. Huddle is from Coleman County and Miss Kilgore is one of our girls and a cousin of our County Clerk.

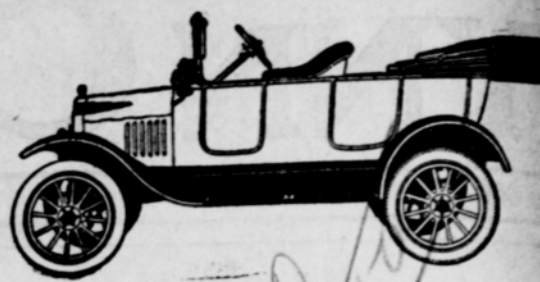

J. T. Paxton and Miss Cora Kilgore were united in marriage by Judge Garland at his residence on Christmas day at 2:30 p. m. Mr. Paxton was from Coleman county.

Clyde Tucker, while home on furlough, accidentally shot his left foot. He was taken to the sanitarium and treated. Clyde moved to Lovington several months ago and has since joined the navy.

B. F. Montgomery went up to Plainview Tuesday morning for a couple of days seeing about some business matters.

J. T. Wooldridge of Lubbock, traveling agent for the Pierce-Fordyce people spent Monday and Tuesday in Tahoka attending to matters of business for the company he represents.

THE STORY OF A HOME REGIMENT THAT IS TRYING TO PULL THE KAISER FROM HIS THRONE.

Few people know that there is a Texas Regiment playing a great part in the war. In its ranks are to be found a girl school teacher; a confederate veteran of 77, maimed for life in the war; there is an alderman, some locomotive engineers, a doctor, and several clergymen. Many women are in the ranks of this strange regiment.

The uniform consists of well-worn civilian clothing, the regimental motto is "Service"; its standard the Stars and Stripes.

To explain further, there is in a certain Texas city of about 12,000 inhabitants a set of people, drawn chiefly from those not rich in this world's goods, who have made up their minds that they must personally help win the war. They have read carefully the advice given by the Government, they have devised ways and means of their own to accomplish their object, and they have placed themselves on record, in writing, over their signature, that they have done certain things, and will do certain things in the future, to win this war.

Their records and pledges constitute

Wm. G. RUSSELL IS HELD FOR KILLING MAN

Information was received here last night that Wm. G. Russell had shot and killed a man at El Paso, and was being held under the charge by the officials of that city. Very meager information is obtainable regarding the matter, and it will likely not be known just the circumstances leading up to the affair till the examining trial.

The many friends of Mr. Russell do not entertain for a moment the thought that he would do a deed of this kind without a perfectly good reason for it.—Lubbock Avalanche.

How much may a man hedge on Tuesday and still have his foot on the Meatless Line; and how much might a man eat on Wednesday and still have his appetite within the wheatless zone; and how may a man hanker after the fleshpots on Saturday and still be within the code on pork eating?

Administrator Peden answers the three inquiries as follows:

1. Meatless Day—No beef, pork mutton to be served in any form. This includes sausage, hash, hamburger, steak, sweet breads, tripe, liver, brains, kidney, pigs' feet, meat hampers and so forth.

2. Wheatless Day—No wheat products to be served in any form. This includes bread containing any wheat flour, whether white or gray; bran; wheat cereals; white and gray ham crackers; macaroni; spaghetti; cakes, pies and pastry containing wheat; sauces containing flour or bread crumbs.

Substitutes which may be used include breads, pastry and pies made from combination of cornmeal, barley flour, rye flour, oatmeal flour, rye flour and rice flour. Potatoes have been found to be a satisfactory substitute for some kinds of breads.

Do not use wheat on Wednesday or Thursday. The theory that it will not keep over until the next day. It can be used entirely on goods we bought Liberty Bond, must in no instance be served on Wednesday.

3. Porkless Saturday—Means literally a porkless day, in which no ham or pork fats in any form the needs of the Government be used. This is inclusive of sausage and lean meats made from beef flesh.

Administrator Peden suggests the following meat substitutes; poultry, rabbit, fish, eggs, cheese dishes, baked beans, bean loaf, nut loaf, bean soup, milk soup, chowders, etc.

Wheat bread substitutes; corn bread, brown bread, oatcakes, buckwheat cakes, hominy, potato biscuits, bread, potatoes and rice.

The Heart of America
The power of America is seen in the Army and Navy, the heart of America in the American Red Cross.

The Red Cross is an American institution and Woodrow Wilson is its president. The American Red Cross is a refutation of that calumny that the American people are a cold, sel-

From June 18 to June 25 the American people subscribed \$100,000,000 to the Red Cross; \$85,000,000 has been paid and \$40,000,000 have already been expended.

We ourselves had been trying to sum up the varied activities of the American Red Cross when our eye fell upon the following summary from a gifted editor:

Commissions have been sent to France, Russia, Italy, Roumania and Saloniki.

Thirty thousand soldiers in France are served daily at canteens. Thousands of Belgian and French children are being cared for.

Warehouses with a capacity of one hundred thousand tons have been built in France.

A sanatorium with one thousand beds for tubercular patients has been established.

An ambulance service which transports one thousand refugees a day is in daily operation in France.

Relief and repair work in devastated towns is carried on.

One million dollars has been given to the families of the sick and wounded French soldiers.

Another million dollars has been given to the British Red Cross.

Three million pounds of milk has been sent to the babies of Russia.

Even this list does not exhaust the benevolent activities of the American Red Cross, but it is enough to show all the world the heart of the American people.

Saturday to join her folks in their new home near Grassland, they formerly lived near McLean, Texas.

Patriotism is not pessimism.

CROPS BADLY DAMAGED BY A HARD FREEZE

Brownsville, Texas, Dec. 31.—Practically all tender vegetables in this section were killed by the hard freeze of Saturday night, according to reports received here. Truck and sugar cane growing sections of the lower Rio Grande valley report material losses.

Mission, Tex., Dec. 31.—That the lower Rio Grande Valley vegetation will be damaged at least \$1,500,000 is believed here. Tomatoes, beans, cucumbers and lettuce were killed and the cabbage crop damaged.

Laredo, Tex., Dec. 31.—Although the freeze killed most of the lettuce and damaged the cabbage crop in this district, it is not thought that the big onion crop is hurt.

Chickasha, Tex., Dec. 31.—Wheat crops in southwest Oklahoma were killed by the freeze. Only about one-tenth of the crop was uninjured, wheat raisers say.

America will take her place as the greatest and the most humane in the sisterhood of Nations and no instrument is laying deeper and broader foundations for the coming brotherhood of man than the American Red Cross.

The American Red Cross is now celebrating this holy season with a drive for 15,000,000 members. It is asking its 5,000,000 members to renew their membership and 10,000,000 others to enlist under the banner of its Christly service.

The German Government cannot reasonably hope to win the war by a military victory. It hopes to win victory by the war-weariness of our Allies. It won its victory in Russia in this way. It hopes to win over England and France in this way. The American Red Cross, who unhesitatingly say, is our first line of defense against such an assault. By healing the wounds of the soldier, by caring for his stricken wife and children and by repairing his land the American Red Cross will foster and strengthen the will to win and without such will our cause is already lost.

Income Tax Collector Coming Soon.

In a communication received by this paper, Collector of Internal Revenue A. S. Walker, announces that a federal income tax officer will be sent into this county on a date to be announced later and will remain a reasonable time. He will have his office at some convenient place, and will be there every day during his stay here ready and willing to help persons subject to the income tax make out their returns without any cost to them for his services.

Returns of income for the year 1917 must be made on forms provided for the purpose before March 1, 1918. Because a good many people don't understand the law and won't know how to make out their returns, the government is sending in this officer to do it for them.

Whether you see the income tax man or not, you must make return if subject to tax.

The Collector suggests that everybody start figuring up now his income and expenses so as to be ready with the figures when the officer arrives. Expenses however, don't mean family expenses, money used to pay off the principal of a debt, new machinery, buildings, or anything like that. They mean what you spend in making your money—interest, taxes paid, hired help, seed, stock bought for feeding, rent (except for your dwelling), etc. Income includes about every dollar you get.

Claude Donaldson returned last of last week to his school near Ft. Worth, after spending the holidays with his parents, Mr. and Mrs. J. D. Donaldson of Tahoka.

business matters.

C. O. Jenkins and C. R. Jenkins, both of Coahoma, were prospecting here last week.

A. R. McGonagill came in from Olton Monday where he has been looking after his cattle interests. He reports his cattle looking well.

A TREATISE ON CARING FOR MEASLES

The following is a letter written by Dr. N. O. Brenzler, of Austin, Texas, to his son, now with the army serving in France. It has much helpful advice, which is particularly valuable at this time when measles epidemics are apt to break out in any section of the country, as well as in the army camps, and should be observed by civilians as well as soldiers. He says:

"We see notices in our papers daily of many deaths resulting from pneumonia following measles, and as you if I remember correctly, have never had 'em, I have a hunch that a brief discussion on the 'measly thing' may not come amiss.

"With adults especially measles are a much more serious proposition than the public generally understand. It is not the initial disease that kills but it is the aftermath, or as we doctors call it, the sequela that causes trouble.

"The proper management of a case of measles from its inception is the all important factor, close attention to which minimizes serious results to practically nil.

"It is history that measles caused a much larger percentage of death among the soldiers of the Civil War than did any other one disease, and in innumerable instances, where the patient survived the acute attack, a train of troublesome affections followed, such as weak eyes, weak kidneys, running at the ears' (purulent otitis) stomach troubles, and more commonly weak lungs. It is not unusual at this day to hear an old vet say: 'I have had this infernal cough or I have been partially deaf or have had weak eyes or bad digestion ever since I had the measles in the war,' and many an old-time civilian dates the beginning of his chronic ailments back years ago to the time he had the measles.

"The mistake made in such cases was due to exposure before convalescence was definitely terminated. The soldier, for instance, had gotten to feel quite well and was assigned to guard duty, got his feet wet or was caught in a rain or in some way became chilled and took cold when some one of the above named conditions resulted.

"An attack of measles, especially in an adult, usually comes on with a feeling as though one had taken a cold, watering of the eyes, slight fever, a tickling cough, some aching of the muscles and a 'done-up' feeling generally. This condition keeps up for two or three days, when, if the patient has, in the meantime, been careful not to expose himself he kept dry and warm, an eruption makes its appearance, first on the face, then spreads rapidly over the entire body. This eruption is not of the military (granular) or bumpy type, but smooth, scarlet in color, and confluent (running into each other), giving the appearance of one great, slightly swollen, red blotch. The eyes are bloodshot and inflamed and lids slightly swollen. The throat is not especially sore, but evidences the eruption over its entire mucous surface, as well as that of the roof of the mouth, and there is now quite a high fever. Great care should be exercised that the patient is not exposed to drafts and cold air. A room properly ventilated and kept at an even temperature of 72 to 76 degrees Fahrenheit is ideal in which to develop the eruption, for strange as it may seem to you, the more pronounced the eruption the better it is for the patient, as the poison is thus thrown to the surface and eliminated by the skin. It is also very important that the room be darkened and that the patient use his eyes as little as possible for reasons obvious.

"I wish now, my dear son, to admonish you on this very serious subject, should your camp be victimized by an epidemic of measles to be constantly on the alert for its first indication in your own case. Should it hit you first place yourself under medical care. Don't think you can 'tough it out,' as is frequently attempted, but go at once to your medical officer, who will advise you as I would were I with you. You will, of course, have excellent hospital care, good doctors, good nursing, etc., especially during the fever stage. After the eruption has been out for three to five days it will begin to 'pale' and 'Richard' will begin to feel himself again, and to plan all kinds of stunts he is going to do in 'a day or two.' The hospital force has probably, because of more serious cases demand-

ing their attention, sent you to your quarters, the eruption has disappeared so far as the eye is able to discern and you consider yourself well.

"Now comes the crux of the situation. You are practically left on your own resources and must exercise your own think tank. The fact is, the membranes lining the vital organs of the body are yet laden with the measles virus, to get wet or to become chilled at this time is to make the greatest mistake possible, and some one of the disabilities noted in a preceding paragraph is almost certain to result and you have made the mistake made in the beginning by the Civil War vet, and is being made now all over the country as is evidenced by numerous press reports. Keep dry and warm in an equitable temperature for ten days after every particle of the eruption has disappeared, should be the slogan of every adult recovering from an attack of measles, yes, ten days. An excellent adjunct during dequamation (the peeling off stage) is cocoa butter (melted to the consistency of lard and just on retiring at night rubbed all over the body, and rubbing down in the morning with a towel wrung out in hot water, observing the oft-repeated injunction to keep warm and allow no cold wind to strike you. If you can't procure cocoa butter any unmedicated oil or ointment—olive oil, cotton seed oil—will answer the purpose, ordinary lard or oleomargarine if you can't do better, exercising caution in not using medicated preparations. This regime will soften the skin, open its pores and aid in the eliminating process.

"I will add that if through carelessness or otherwise the eruption should suddenly 'go in' and you are still depending on your own resources hasten to get into a moderate perspiration by drinking nonstimulating hot drinks, very hot lemonade or hot tea will frequently reinstate the eruption."

NEWS CLIPPINGS FROM LUBBOCK AVALANCHE

In this issue of the Avalanche will be found the announcement of P. B. Penney as a candidate for the office of Sheriff and Tax Collector of Lubbock and attached counties. Mr. Penney is an old timer in this county having been here for twenty-five years. He was honored with two terms of the sheriff office in this county from 1902 to 1906, and was faithful in the performance of his official duties.

L. B. Wright left Thursday for Rosbud where he went to attend the funeral of Mrs. W. E. Bozeman, who died several days ago.

Born—To Mr. and Mrs. R. Huber at the Sanitarium in Lubbock, Dec. 31 a nine an a quarter pound boy. It was a New Year's gift to these fond parents, that cannot be purchased with money, and they are justly proud of the new addition to their household.

Mrs. Dick Arnett, who accompanied her father to Mineral Wells where they spent several weeks for the benefit of his health, has returned. Her father is much improved.

Mr. and Mrs. Walter Gillon returned last week from a wedding trip which included stops in many parts of Mississippi, Louisiana and East Texas. At present they are at the Hinton Boarding house on Post office Street.

Hon. W. H. Bledsoe, Rev. J. E. Chase and W. C. Rylander and R. A. Sowder went to Post City Tuesday to visit the Masonic Order at that place.

Mrs. J. H. Christian is the guest of Mrs. J. T. Carlton.

Plainview Baptists Visit

Five of the members of the Laymen's Team of the Plainview Baptist church braved the extreme cold of last Sunday morning and came and spoke in an all-day service at the local Baptist church.

They were gladly received and entertained by the church and made enthusiastic talks. A team of over thirty members was organized at Lubbock and will hold their first service next Sunday at 3 p. m. at the church.

Last Sunday's services will be long remembered by all who attended them. Our Father's blessing was upon us all in a large way. All our hearts were filled with rejoicing at the messages brought us by the Laymen's Team from the Plainview church. They are a bunch of strong sensible, business men who believe and practice their religion and find more joy in serving the Lord than in any other way.

ing their attention, sent you to your quarters, the eruption has disappeared so far as the eye is able to discern and you consider yourself well.

"Now comes the crux of the situation. You are practically left on your own resources and must exercise your own think tank. Keep dry and warm in an equitable temperature for ten days after every particle of the eruption has disappeared, should be the slogan of every adult recovering from an attack of measles, yes, ten days. An excellent adjunct during dequamation (the peeling off stage) is cocoa butter (melted to the consistency of lard and just on retiring at night rubbed all over the body, and rubbing down in the morning with a towel wrung out in hot water, observing the oft-repeated injunction to keep warm and allow no cold wind to strike you. If you can't procure cocoa butter any unmedicated oil or ointment—olive oil, cotton seed oil—will answer the purpose, ordinary lard or oleomargarine if you can't do better, exercising caution in not using medicated preparations. This regime will soften the skin, open its pores and aid in the eliminating process.

"I will add that if through carelessness or otherwise the eruption should suddenly 'go in' and you are still depending on your own resources hasten to get into a moderate perspiration by drinking nonstimulating hot drinks, very hot lemonade or hot tea will frequently reinstate the eruption."

B. L. WRIGHT RESIGNED AS CITY ASSESSOR

Lubbock Avalanche.
B. L. Wright last week resigned his position as City Assessor and W. B. Hicks has been employed as his successor. Mr. Wright goes to the Leader as bookkeeper. Mr. Hicks has been with the McAdams Lumber Yard at Idaleu for some time, and is well qualified to perform the duties that this office places upon him.

B. F. Montgomery does nice Produce Business.

Since the first of last December, B. F. Montgomery has shipped 5980 lbs. of turkeys which were sold at 18-2 cents per pound and 1400 lbs. of chickens which sold at 11 cents per pound.

JUDGE CARTER, PIONEER CITIZEN, DIED SUNDAY

Judge J. M. Carter, one of the most respected pioneers of Hale County, died at the home of his son, E. M. Carter, Sunday morning at five forty o'clock. Diabetis was the cause of his death.—Plainview Herald.

Rev. J. H. Vinson came in Monday, from Melburne, Texas, where he is pastor of the Baptist church, for a visit with friends and relatives.

Mrs. L. C. Montgomery of Lubbock came over with the Editor's family when they moved here last week to help them get things lined up for housekeeping. She also visited several friends and relatives while here.

G. W. Hickerson, formerly of Tahoka, but now of Miami, Okla. is back for a few days looking after business matters.

Tom Campbell came in Tuesday from Post.

Jack Ramsey, Wells Fargo Messenger on the run from Slaton to Lamesa, spent last Sunday with the home folks.

Mrs. M. J. Llewellyn returned home Tuesday from Ft. Worth where she had been visiting her daughter, Mrs. H. E. Ogden, and her son at Camp Bowie.

Tom Lamond left for Lubbock Monday where he has accepted a position with L. C. Montgomery's transfer service.

Miss Lois Brownfield, of Brownfield passed through Tahoka Tuesday morning enroute to Denton where she is attending the College of Industrial Arts.

Miss Dallas of Brownfield was here Tuesday morning to take the train for Abilene where she is attending Simmons College.

J. S. Clem left Tuesday morning for Floydada where he has his stock for the winter.

J. K. Shipman of Lubbock was over the last of the week looking after business matters.

The News received a letter this week from Drs. Inmon and Turrentine, recently of Tahoka, but now Lieuts. in the U. S. Army Medical Corps stationed at Ft. Oglethorpe, Ga. The Doctors seem well pleased with Army life and send the following message to their friends:

"There are a good many things we know here that we can not tell. You may say to those who inquire that its a big game—this business—to come on in the water's fine."

"Drink is as much your enemy as Germany."—President Poincaré, of France.

Tahoka, Texas

Loys Bray left Thursday morning for Cordell, Okla., where he is attending the Cordell University.

Mrs. Donaldson, who has been visiting her father's family J. B. Willoughby, returned to her home at Miles, Texas, Thursday morning.

W. R. Griffing of Crowley, Tarrant county, has moved to Lynn county and is located about 9 miles north of Tahoka. Like all wide awake people, he subscribed for the News for the year.

Announcements we received in Tahoka this week of the wedding of Urban Coughran, to Miss Irene Head of Amarillo. The young people will make their home there. Mr. Coughran lived in Tahoka several years and has many friends here who will wish him all happiness.

LOST—Between Tahoka and Post gold watch, 7 jewel Elgin movement. Long chain tied in knot in ring. Dirr initial in front of case. Reward. Return to James A. Foster, care J. E. Slaughter, Post, Texas. 17tf

N. Leavitt of the New Home community was circulating among his friends in Tahoka Thursday.

N. D. Leavitt from the New Home community was down Thursday transacting business with the garage men.

W. L. Tunnell, Commissioner from Precinct No. 2, was in from his farm in the southeast part of the county.

For Sheriff and Tax Collector

It is with no feeling of timidity that I announce as a candidate for reelection to the office of Sheriff and Tax Collector for Lynn County. I am making this race on my record as Sheriff and Tax Collector, and while it is but human to make mistakes, it is not usual for a man to make the same mistake twice, so I feel that I am just that much better qualified to fill the office than I was when first elected; also, since the United States has entered the great war much new business has developed upon the sheriff's department, and with the experience already had, I fully believe that I can fill this office more satisfactorily than ever. Soliciting your votes and support I beg to remain as ever your obedient servant,
F. E. REDWINE.

Mrs. O. P. Rutledge and children of Floydada came down Monday to spend a week with her parents, Mr. and Mrs. S. S. Ramsey, and see her brother Raymond who is home on leave from the Navy.

Miss Verne Gilbert, daughter of Dr. E. B. Gilbert, now stationed at Ft. Sam Houston, with the regular Army Hospital corps, was married at her old home at Gorman, Texas, this week. We failed to learn the name of the groom.

An average of less than two soldiers per thousand have died among enlisted men in the United States to date, according to a ratio figured out by the Surgeon General.

OUR BOW.

We have come to make our home among the people of Tahoka and of Lynn County and we hope that our move will result well for both ourselves and our new neighbors. We are not new to the Plains and we feel that we are well in touch and sympathy with the spirit and ideas of western people. Also, we are well acquainted with the caprices of the seasons of Texas and of the west in particular, so, we are not easily frightened at difficulties nor over sanguine when things go well.

Also, we wish to say that we have come to Tahoka because we wanted to come. Tahoka is a good Town in a good County in a good part of the State. So we are glad to pin our faith to this country and to cast our lot among its people.

The News will endeavor to furnish as nearly as possible all the news of the County. It will not be the organ of any creed, party or clique. Its aim will be to help build up every worthy enterprise fostered in this country. Its size, and to a large extent, its success will depend upon the patronage accorded it by the people whom it seeks to serve.

We wish to thank the people in behalf of our predecessors for the patronage accorded them through the past years, and we hope to merit and receive a continuation of the same.

THE NEWS PRINTING CO., By W. M. SHAW, Editor and Manager.

THE WEEK'S NEWS ABOUT SLIDE PEOPLE

Dec. 31.—The Christmas tree was well attended.

Mrs. Mike Redwine gave a party to the young people of New Home last Wednesday night.

Mr. and Mrs. C. A. Hubbard left for San Antonio last Wednesday. They have been spending Christmas with relatives and friends here.

Mr. and Mrs. Scales returned last week from the east where they have been working.

Miss Leona Sumner and P. H. Renfro and Sidney Thomas made a pleasant trip down to New Home Tuesday afternoon.

Miss Alvin Patterson and Velton Spikes spent Christmas with Miss Beatrice Hubbard and friends.

Mrs. O. W. Sumner has been very sick last few days, but is reported a little better at present.

Mr. and Mrs. Lonnie Williams returned home last Wednesday from Seymour where they have been visiting relatives and friends.

Mr. and Mrs. John Allen gave a party to the young people last Thursday night.

Mr. and Mrs. Jim Mabrey gave an entertainment last Friday evening.

Mr. and Mrs. Harris gave a party last Saturday evening.

Mr. B. T. Sumner left Sunday for Littlefield to spend a few days there with his son, O. W. Sumner.

Misses Leona Sumner, Beaul Smith spent a few days in Lubbock last week with friends.

Mr. Sidney Thomas has been on the sick list the past week.

Mrs. B. T. Sumner spent the day Saturday with Mrs. Jim Beard.

Mr. and Mrs. W. B. Copeland returned home last Wednesday from Stamford where they have been visiting relatives and friends during Christmas.

LOST—Cuff button, engraved C. A. T. finder return to Thomas Bros. Drug Store and get reward. 171p

C. D. Keever, formerly of Tahoka, but now of Lorenzo, is back visiting friends and relatives. He reports business good and that the Lorenzo country is in good shape.

Ray Cardwell was over from Brownfield Wednesday.

Clay Hughes of Brownfield spent last week visiting the family of his father-in-law, W. J. Crouch of four miles west of Tahoka.

Mrs. M. M. Herring and baby returned home Wednesday after a visit with her parents at Waco.

W. H. Barry was in from O'Donnell Thursday trading with Tahoka merchants.

E. C. Russell of O'Donnell was in the city Thursday.

Ben Sumner from O'Donnell was attending to business matters in Tahoka Thursday.

J. B. Lowe, A. W. Edwards and J. W. Boatwright and families have loaded out a car for Brownwood where they are taking part in the oil development proposition.

B. R. King has moved to Ft. Worth.

N. M. Bray and family of Chillicothe, Texas, are among the new comers in the Tahoka country. Mrs. Bray and son came through the country in their auto, while their household goods are coming by rail.

Mrs. N. N. Bailey left Thursday morning for Plainview, where she will join her husband.

TO AVOID A COAL SHORTAGE

We are laying in a large supply of *High Grade Coal*, but we can not stock enough to carry the *Country thru the Winter*.

DO YOUR "BIT"

lay in *your* winters supply *now* when you can buy for less money, and help us avoid a coal shortage this winter.

Taffic will be hindred and the output of the mine's will be LESS.

Place your order NOW

EDWARDS BROS.

"If it's not right, WE MAKE IT RIGHT."

"Am a teacher. Living on half my salary, and investing the other half in Bonds."

"Am a boy. I bought Bonds, and am raising pigs to help feed our soldiers."

Hats Off to Them!

True Americans everywhere pay their deepest respects to you brave little woman "caring on," while your loved one is fighting, and to you "am, toiling night and day to keep the home together while another is away. They pay their tribute to you old soldiers, still trying to "do your bit" in spite of age and poverty, and you men, who unable to accept the heavier burdens of youth, are still denying yourself of food and recreation in order that you may help financially to win the war. They honor you men who are preaching the gospel of patriotism and service, and you one enlightened farmer producing "over twice as much as ever before." To these good doctors trying to conserve your health, to you men cutting down unnecessary labor, to you boys who are raising a pig to help the world's food supply, honor and credit is due.

That of the Reverse Side of the Picture:

You will note that not one of the members of the Regiment referred to writes in this way: "I am a merchant. I have one a splendid business owing to good conditions in this section. Out of gratitude to the country that has educated and protected me I propose to cut out extravagances and subscribe 10 per cent of my savings to the Liberty Loan."

The one solitary pledge from a farm owner brings into strong relief the attitude of several hundreds of men in this community referred to who, undoubtedly, own farm lands. We hoped to have been able to report many replies along the following lines.

"I derive my income from products of the land. I have made more money this year than ever before. I feel it to be my duty to subscribe to the limit of my ability to the Liberty Loan, and to raise or encourage the raising of hogs, winter wheat and every thing else which will help feed our soldiers."

Unfortunately, there is but one such reply. In fairness it should be said that the farmer living out on his farm was not approached to enlist in this regiment, but the fact remains that many an owner of farmland lives in this purely agricultural community.

Again, not one said, "I have made money to the extent that

A FEW NEWS ITEMS FROM SLATON SLATONITE

The Rev. N. B. Graves died at his home in South Slaton Sunday morning from a stroke of apoplexy. He was building the morning fire and fell over suddenly unconscious, and his wife summoned a doctor at once, but he lived only about twenty minutes, and never regained consciousness. He had a similar attack one day last summer but recovered in a few hours. A telegram was sent to his son, Chas who is in the U. S. army stationed in Virginia, and the body is being held to await his arrival before funeral arrangements are completed. Burial will be made in the Slaton cemetery.

G. H. Witt received a message Tuesday evening that his son, Luther, in the army at Camp Bowie has been seriously hurt in an automobile accident, his head having been crushed. Mrs. Witt and her daughter, Corine left for Fort Worth on the early morning train Wednesday.

Corporal Briggs Robertson came home from Camp Bowie to spend the holidays with his parents at the V Ranch. He has qualified as an expert gunner in the artillery branch of the service, and he holds a high record for individual marksmanship. He and his squad of men have charge at this time of a six inch Howitzer gun which has a range of nine thousand yards.

Mr. R. E. Parchman and Miss Pauline Robertson, both of the Fiddler Robertson neighborhood, were united in marriage Sunday, Dec 23, 1917, at the M. E. parsonage at 3 o'clock p. m. the Rev. T. C. Willett pronouncing the wedding ceremony. The bride is a daughter of Mr. and Mrs. W. M. Robertson. This is the fourth marriage ceremony that Pastor Willett has spoken for children of Mr. and Mrs. Robertson since he has been pastor of the M. E. Church at Slaton. Miss Myrtle Robertson and Mr. S. L. Forrest were married at the parsonage on Oct. 13, 1916; Miss Mable Robertson and Mr. Roy Terrell were married at the parsonage on Oct. 15, 1916, and Fred Robertson and Miss Mable Bolander were married at the parsonage in August, 1917.

I do not have to work now. I cannot remain idle, I will get to work producing something needed by our boys 'over there'. My little fortune is at the disposal of the Government."

Hundreds of trim little houses, automobiles, and well dressed people lead one to believe that there are plenty of people in this thriving little city who could have written in this strain. They did not do so.

Without These People the War Cannot Be Won

It is useless for the tired little school teacher to wear herself out, for the war veteran to "do his bit" clear through to the grave. It will be in vain that the mother and the wife gave their flesh and blood and their dearest possession in life, unless the wholesale and retail merchants, the farmer, the lawyer, all come forward, throw

In Case of Poison

First—Send for a physician. Second, induce vomiting by tickling throat with feather or finger; drinking hot water or strong mustard and water; swallow sweet oil or whites of eggs. Acids are antidotes for alkalies and vice versa.

For poisoning from Opium, Laudanum and Morphine—an emetic should be followed by strong coffee or the white of an egg. Keep the patient walking for two or three hours.

For poisoning from arsenic, corrosive sublimate veridgris, blue vitriol and vegetables kept in copper kettles, give an emetic and the white of an egg, sweet oil and milk.

For poisoning from hemlock, aconite belladonna and foxglove—after emetic give tannin and stimulants.

Lightning—Dash water over the person struck.

Sunstroke—Loosen clothing. Get the patient into the shade and apply ice cold water to head. Keep head in elevated position.

Stings of Insects—Apply weak ammonia, oil, salt water, iodine.

Mad Dog or Snake Bite—Tie a cord tightly above wound. Suck the wound and cauterize with caustic or white-hot iron immediately or cut out adjoining parts with a sharp knife. Give whiskey or brandy.

Fainting—Place flat on back. Allow fresh air to circulate, and sprinkle with water. Place head lower than rest of body.

Toadstool poisoning—Give emetics promptly, then castor oil and stimulants. Apply heat.

In Favor of Hogs

Farm and Immigration gives the following well founded reasons why farmers should raise hogs:

1. No other animals convert into meat so much foodstuff that would otherwise go to waste.
2. They will furnish us all of our meat, lard and the many other choice dainties that no other meat is so popular in supplying.
3. There is a great demand for hogs at all times; the demand is always greater than the supply. They are sure mortgage lifters, and will pay any farmer out of debt if he will give them a chance.
4. Hogs are easily raised; they will eat and thrive on weeds, nuts, and fruits of most any kind. These, however, are especially good: wild primrose, smooth and thorny, careless weeds (pig weeds), purslane (pulsley) wild plums, acorns, beech nuts, nut grass, etc.

Ten Farm Commandments

A Southern Governor declared recently: "The Ten Commandments of Agriculture laid down by Dr. S. A. Knapp, ought to be written in letters of gold, framed and hung on the walls of every school room." These "Ten Commandments" are as follows:

1. Prepare a deep and thoroughly pulverized seed-bed, well-drained; break in the fall to a depth of 8 to 10 or 12 inches, according to the soil, with implements that will not bring too much of the subsoil to the surface. The foregoing depths should be reached gradually.
2. Use seed of the best quality, stored.
3. In cultivated crops give the rows and the plants in the rows a space suited to the plant, the soil, and the climate.
4. Use intensive tillage during the growing period of the crops.
5. Secure high content of humus in the soil by the use of legumes, barnyard manure, farm refuse and commercial fertilizers.
6. Carry out a systematic crop rotation with a winter cover crop.
7. Accomplish more work in a day by using more horse-power and better implements.
8. Increase the farm stock to the extent of utilizing all the waste products and idle lands of the farm.
9. Produce all the food required.
10. Keep an account of each farm product, in order to know from which the gain or loss arises.—Progressive Farmer.

that indifference which hangs like a pall of death over so many of our communities, and come out strong as preachers and practitioners of economy, production, and self-denial.

May the blush of shame, and the resolution to amend come to many as they read this little story—every word of it true.

The County Agent

The county agent system, as developed by the Federal Department of Agriculture in co-operation with the State agricultural colleges, has demonstrated its great usefulness as a means of promoting the full development of the agricultural resources of the country.

Working in intimate and sympathetic relation with rural people, the county agent is able to secure the application of scientific knowledge and discoveries to the business of the farmer and the home life of country people. In the present war he has been ready to meet the emergency and to concentrate all rural forces and organizations in working out the great problems of food production and food conservation. In recognition of his value as a local leader, Congress has provided funds for the immediate extension of this system to every agricultural county in the United States. State and county councils of defense and all rural organizations can do a patriotic public service by assisting the Government and the State in accomplishing this end.

The first reason for having good milk cows on the farm comes from the fact that they provide the cheapest, best, and most wholesome food for the family. Their value is hard to estimate when we consider the amount saved on the bills. Their produce is a superior substitute for many foods necessarily purchased at high prices. In fact, there is no economic way of doing without plenty of good milk cows on the farm.

COMING TO LUBBOCK RETURN VISIT

Doctors Rea Bros. American Physician Specialist Giving Free Treatment to The Sick.

AT ROBBS HOTEL MONDAY JANUARY 14, 1918 ONE DAY ONLY

Licensed by the States, visiting the principal cities throughout the United States, demonstrating their system of treating diseases and deformities without surgical operation; will give free treatment (except cost of medicine and appliances) to those who apply on this visit.

Liver, Stomach and Bowel Troubles, Dyspepsia, Indigestion, Constipation, Sick Headache, Dizziness, Enlargement of the Abdomen, Bad Breath.

According to their system, they do not operate for appendicitis, gall stones, bowels and ulcerations, doing away with the knife and much expense in the treatment of these dangerous diseases.

Tuberculosis, Asthma, Bronchitis, Catarrh, Catarrhal Deafness, Eye Diseases and Lung Diseases treated with a combination of medicine, serums, vaccines, diet, and hygiene.

Kidney and Bladder Troubles, pains in the back, weak back, swelling of the limbs, stiffness of the joints, rheumatism, undeveloped children, bed wetting, club feet, curvature of the spine and other deformities.

Blood and Heart Disease, swelling of the limbs, skin diseases, pellagra, old sores, varicose veins, heart palpitation, bad circulation, cold limbs, numbness, enlarged glands, goitre and deep-seated chronic diseases.

Nervous Diseases, epilepsy, neuritis, neuralgia, sciatica, paralysis, mental weakness, nervous prostration, sleeplessness, high blood pressure, mental worry, discouragement, and diseases of women.

Piles, fistula, small tumors, and growths of a suspicious nature treated with the hypodermic injection method, an effective plan of treatment without surgical operation.

Drs. Rea Bros. are well known throughout the United States. Their plan is to secure in each community evidence of their good work so as to benefit them in securing more patients. The sick and those interested are invited to call. Married women must come with their husbands, and children, with their parents.

Hours 10 a. m. to 4 p. m.

ETIQUETTE OF THE FLAG ALL SHOULD KNOW

Since the United States entered the war attention has been forcefully called to the fact that a great many Americans have no accurate conception of the etiquette of the use of the American Flag. Action of individuals in the presence of the Flag on special occasions, and the carelessness of business houses and other institutions, who permit worn, tattered flags to fly day after day over their places of business, some of them wrapped about flagstaves, permitted to remain out in all sorts of weather, as well as at night, have caused much comment on the ignorance or carelessness of American citizens in their observance of the proper respect for the flag.

In order that all loyal citizens might have the opportunity to inform themselves on the etiquette of the flag, that they may conduct themselves in a manner befitting patriots, the following rules have been compiled by J. Stewart Gibson and published in the New York Sun:

How Flag Should Be Displayed

"During time of war it is proper to display the flag continuously; but it is conducive to the spirit of economy and to greater respect for the flag to lower it at night and as far as possible protect it from inclement weather.

"The flag should be displayed from a staff or pole whenever possible. When it is hung on a wall or fastened to the side of a building or platform the union (the blue field of stars) should be at the upper left-hand corner when the stripes are horizontal and at the upper right-hand corner when the stripes are vertical, as seen by the spectator.

"The flag should never be allowed to touch the ground while being hoisted or lowered. Its folds should float freely and should be cleared at once whenever fouled.

When and How to Salute Flag

"The flag should be saluted by all present while being hoisted or lowered and when it is passing on parade or in review. The spectator should rise if sitting, halt if walking, and, standing at "attention," salute with the right hand in all cases, except that a man in civilian dress and covered should uncover and hold the head opposite the left shoulder with the right hand.

"When the flag is carried in parade with any other flag it should have the place of honor at the right. If a number of flags are carried, the flag should either precede the others or be carried in the above the others on a higher staff.

"Nothing should ever be placed up on or against the flag.

"To salute with the hand, raise the right hand smartly until the tip of the forefinger touches the lower part of the forehead (or forehead if the head is uncovered) above the right eye, thumb and fingers extended and joined, palm to the left, forearm inclined at about forty-five degrees, hand and wrist straight; at the same time look toward the flag or the person saluted. To complete the salute drop the arm quickly to the side.

"It is unlawful to trample upon, mutilate or otherwise treat the flag with contempt, or to attach to it any inscription or object whatsoever; also to use it in any way for advertising purposes."

Patriotic Duty of All.

To memorize these rules should be a part of the patriotic duty of all of us, especially those who have lived long in this country and have a duty to perform in the matter of example before our newly patriated citizens.

The Chicago Tribune finds that "there are four classes of men who do not salute the flag—the careless, the forgetful, the ignorant and the German sympathizers." For the ignorant it may be reported that it is proper to remove the hat and place it over the heart as the colors go by. For the careless and forgetful, it may be suggested that their laxity not only serves as a cover for the German sympathizers, but is likely to arouse suspicion as to their own loyalty.

R. A. Sowder, of Lubbock was looking over some legal matters in the City the last of last week.

Jas. L. Dow and son Melvin were attending to business matters in Tahoka last Friday and Saturday.

As In The Past---

so will you find us in the future--RIGHT IN THE FORE-FRONT. Our Store is Headquarters for those lines of Men's and Boys' clothing that spell distinctness and the range of patterns from which you may select makes it extremely easy for you to select a suit, coat or other articles that you may need.

"There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O Sold by Druggists, etc.
Take Hall's Family Pills for constipation.

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THE FORD'S

BLACK-DRAUGHT

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the jaded liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.

Our Fifth Sunday Meeting at Tahoka

Continued From First Page

God's children with new resolutions to do His will more in the future than we have in the past. Then came the afternoon service a goodly audience present. Our beloved brother Judge Maddox swept the deck—with a great address on the "Work of the Red Cross." Then at night, the closing hour of the Fifth Sunday meeting—came another really great and convincing message. It was preached by Bro. Heath on the subject of "Setting the Affections." At the conclusion of the sermon we received two fine members to the church. This service lifted us all. Our hearts are more firmly fixed on God and Divine things. The church is better, the town is better the Lord is glorified in this Fifth Sunday meeting. The spirit of fellowship and sacrifice and loyalty is beautiful. The brethren have come and gone, but the heavenly messages which they brought will linger with us to bless us. God bless every member of the church, and town and country who helped in this meeting, and may the New Year be filled with noble service, and joy and prosperity—to all who love our Lord Jesus Christ, Amen.

To The Voters Of Lynn County.

I hereby announce myself as a Candidate for County & District Clerk of Lynn County, Texas. Subject to the action of the Democratic Primary of July 1918. Your vote and influence appreciated.

MARSHAL SWAN.

In this issue we have the name of Marshal Swan as a candidate for the office of County and District Clerk. Mr. Swan was born and reared in Jones county, Texas, where he lived until 1916 when he moved to this county. He has had several months experience in the office to which he aspires, and if elected will no doubt fill it to the satisfaction of all concerned.

J. F. McManis was in from his farm 12 miles west of town Wednesday.

Editorials By the Laity

(Chicago Herald)

"There is one nuisance in this and other large cities which has become well-nigh intolerable, and something should be done to end it. I am referring to the person who will hold long-extended conversations on a party line, thus preventing others who really have occasion to use the line from doing so.

"I do not know the other people who are on a line but I do know they are addicted to long conversations. These judging from such scraps as I hear when I pick up the receiver at home in an attempt to get the line, are of such absorbing moment as a discussion of a new waist, the latest scandal in the set, the charms of their male friends and matters of similar import.

"I believe there is some rule of this company prevent such use of party lines, but this rule appears more honored in its breach than in its observance."

FINANCIAL SHOCK ABSORBER

The Federal Reserve system was established to render broader service to business and agriculture, to enlarge the privileges and the scope of usefulness of National banks and to prevent every financial stringency.

During the more than three years of world war it has assisted in keeping the business of this country on a balanced basis. Now, since we have entered into this world struggle, it has served as a financial shock absorber and has enabled us to meet the unusual demands made upon us with comparative ease.

You can secure the permanent protection of this excellent arrangement by banking with us.

IT TOUCHED THEIR LITTLE HEARTS

To those whom God has blessed with means—loan me your ear a few minutes:

If you can't do the following, please ask some friend to respond and let me know by phone at Corsicana, right away.

An unwritten occurrence accidentally leaked out about the orphans at our "Home at Waco."

Often visitors give the children pieces of money. One of the older ones suggested that they save their gifts and put it in a little bank until they could buy a Victrola. Their savings reached \$37, likely, during the year. One of the little ones needed to go to the hospital and have an operation. It touched their hearts, so they put their little heads together and all agreed to take their little savings, put them together and pay for the operation done—and do without the instrument. They have no money to buy them with.

If you give this from the fullness of your heart, you will never hear a Victrola without thinking of the many little heart strings you have set ringing with joy.

ABE MULKEY.

P. S.—I have tested this as an individual by giving them two pianos at different times years ago. The blessing rebounded to my own soul.—Texas Christian Advocate.

THE CARD-PLAYING CRAZE

Madison C. Peters, a distinguished Christian worker says: Many young men serve their gambling apprenticeship in society, where gambling is carried on as an innocent amusement.

If mothers could realize the consequence of their influence and example upon their children, many a card club with its system of prizes would be broken up.

As boys go out into the world and meet young men who are not scrupulous about taking money, how are they to see any more wrong in the money stake than in the prize of the stake? With difference is there in principle?

A mother was grieved at finding her son gambling, and when she tried to dissuade him from such a dreadful thing, he suddenly turned on her with the question:

"Where did you get that beautiful vase on the parlor mantel you think so much of?"

"I took it as a prize."

"Well, mother, when you are ready to stop gambling, I will."

The sad spectacle of women, literally hypnotized by cards, spending day after day away from their home duties, growing reckless, losing all finer feelings, and distinctive charm of womanhood, what sight can be more saddening, what more of a menace to all that is best in civilization?

SOME FACTS YOU MAY BE INTERESTED IN

Not one person in one hundred, hardly one in a thousand, is up on the following army facts. Better clip and study—everyone should know these facts:

- An army corps is 60,000 men.
- An infantry division is 19,000 men.
- An infantry brigade is 7,500 men.
- A regiment of infantry is 3,600 men.
- A platoon is 60 men.
- A battalion is 1,000 men.
- A corporal's squad is 11 men.
- A field artillery brigade comprises 1,300 men.
- A field battery has 195 men.
- A firing squad is 20 men.
- A machine gun battalion has 296 men.
- An engineers regiment has 1,098 men.
- An automobile company has 66 men.
- A field hospital has 55 men.
- A major general heads the field army and also each army corps.
- A brigadier general heads each infantry brigade.

- A colonel heads each regiment.
- A major heads a company.
- A lieutenant heads a platoon.
- A sergeant is next below a lieutenant.
- A corporal is a squad officer.
- A lieutenant colonel is next in rank below a colonel.

How to Win.

A man who is very rich now was very poor when he was a boy. When asked how he got his riches he replied: "My father taught me never to play till my work was finished and never to spend money till I earned it. If I had but half an hour's work to do in a day I must do that the first thing and in half an hour; after this I could then play with much more pleasure than if I had the thought of an unfinished task before my mind. I early formed the habit of doing everything at its time, and it soon became perfectly easy to do so. It is to this I owe my prosperity.—Exchange.

SugarCuringHam and Bacon

When the meat has been cooled and cut up, rub each piece with salt and allow it to drain over night. Then pack in a barrel with the hams and shoulders in the bottom, using the strips of bacon to fill in between or to put on top. For each 100 pounds of meat weigh out eight pounds of salt, two of brown sugar, and two ounces of saltpeter and dissolve in four gallons of water. Pour on enough of this brine to cover the meat. The strips of bacon should be left in four to six weeks and hams six to eight weeks. They are then ready for smoking.—Agri. Ex. Dept. N. Dak. Agri. College.

J. A. Brashear and W. L. Knight made a business trip to Lubbock Wednesday.

Mr. and Mrs. Clawater of Plains, passed through Tahoka Wednesday on their return home from a visit to their son, who is a surgeon at Tyler, Texas. Mr. Clawater is the Ford accessories man at Plains.

Raymond Ramsey left Monday morning for Great Lakes, Ill., where he is with the Government Naval Service. He spent a few days with the home folks at Tahoka.

Mrs. O. P. Rutledge and children are visiting relatives in Tahoka, having left Monday for that place.—Hesperian.

Mrs. A. J. Taylor, formerly Miss Millman, came in the first of the week. She reports that she and her husband will start for Los Angeles the last of the week.

C. F. Johnson came in from Miami, Oklahoma, Saturday.

Miss Mary Cunningham Hale Center has been elected to fill the vacancy caused by resignation of Miss Anita Gleig as teacher of the sixth grade in the Public School at Tahoka.
