

COOLIDGE AND 'MA' ARE WINNERS

Mrs. Ferguson Carries County By 3-2 Majority

CONTESTS CAUSE MUCH INTEREST

BUTTE CARRIES THREE BOXES

Only Sixteen Hundred Votes Cast In Lynn County In Last Tuesday's Election

With returns in from all the boxes of the county except Gordon, Mrs. Miriam A. Ferguson carried Lynn county over Dr. Geo. C. Butte by a vote of 920 to 603. It is not thought that the Gordon box will materially change the result. New Home proved to be the banner Democratic box, or as some might prefer to say, the banner Ferguson box, her vote there being exactly 4 to 1 against her opponent. West Point went to Ferguson 5 to 1 but had only a small vote. Butte carried O'Donnell, Grassland, and Draw. South Tahoka gave Mrs. Ferguson the largest majority of any box in the county, her majority in this box being 139. Her vote was virtually 3 to 1 over her opponent. In both boxes of the city of Tahoka she received 365 votes to 168 for Butte.

The vote in the county was heavier than usual in general elections but was much lighter than the vote cast in the run-off primary on August 25. In that election, 2341 votes were cast in the county. Only 2250 were cast in the governor's race, however, Mrs. Ferguson receiving 1217 votes and Felix D. Robertson receiving 1073 votes. In the election last Tuesday, 1523 votes were cast in the governor's race, exclusive of the Gordon box. In the city of Tahoka at the August primary, Mrs. Ferguson received 455 votes while Robertson received 257. In the election last Tuesday, the two boxes in Tahoka gave Mrs. Ferguson 365 votes and Butte 168. It will be seen that Mrs. Ferguson received 90 votes less than August election while Butte received 89 votes less than Robertson. In the entire county, Mrs. Ferguson received 297 votes less than in the August primary, while Butte received 430 votes less than Robertson in the primary.

There was no opposition to the county candidates. All state candidates except Mrs. Ferguson received practically the solid Democratic vote. The vote for governor was as follows:

S. Tahoka, Ferguson 212, Butte 73; N. Tahoka, Ferguson, 153, Butte 95; O'Donnell, Ferguson 96, Butte, 125; Wilson, Ferguson 113, Butte 80; New Home, Ferguson, 124; Butte 31; Draw, Ferguson 70, Butte 89; Grassland, Ferguson 47, Butte, 62; Magnolia, Ferguson 53, Butte 28; Three Lakes, Ferguson 17, Butte 12; West Point, Ferguson 16, Butte 3; Newmoore, Ferguson 19, Butte 5.

For county offices, C. H. Cain received 1408 votes for county judge, L. C. Heath 1406 for county attorney, W. E. Smith 1406 for district and county clerk, J. M. Simpson 1399 for sheriff and tax collector, J. S. Weatherford 1413 for tax assessor, Mrs. Zoe Lowrey 1412 for treasurer.

LATER—The News received a report from the Gordon box late Thursday morning. This box gave Mrs. Ferguson 55 votes and Butte 22. This makes Mrs. Ferguson's total vote in the county 975, Butte's 625, a majority of 350 for Mrs. Ferguson. The total vote for governor in the county is exactly 1600. Each of the county candidates received 72 votes at Gordon.

CITY BAKERY CHANGES HANDS

As was announced a few weeks ago Mr. O. B. Adami, formerly of Winters has purchased the City Bakery from Henry Reimers, and he and Mrs. Adami took charge of the business Wednesday morning. Mr. and Mrs. Adami will be welcomed to the city. Mr. Reimers and family will remain here for the present.

J. W. Givens of Sweetwater is here for a few days this week on business

TAHOKA BOYS DEFEAT SNYDER

Bulldogs Win On Home Gridiron From Snyder Eleven By Score of 24 to 14

For the third time in as many times played, the Tahoka Bulldogs Saturday defeated the Snyder Yellow Jackets, 24 to 14, with a running and plunging attack. It was the first game on the local field.

Although the Bulldogs were masters of the situation at practically all stages of the game, the victory was not one which could be called easy. The Yellow Jackets fought unflinchingly throughout the four quarters of the game, but their defense was no match for the driving backs of Tahoka.

Snyder started the game by kicking off to Tahoka. The Bulldogs started a steady, irresistible march down the field, which netted the first touchdown. Their second touchdown came when Tahoka fumbled on the fifty yard line and like a hawk, Snyder was on it and away for another counter. This ended the scoring of the visitors. The Bulldogs won the game by consistent bucking and end running, and had it not been for the unfortunate fumbles, the Yellow Jackets would not have scored.

The Bulldogs clearly outplayed the Yellow Jackets, although they were outweighed perhaps 15 pounds to the man. It was a good, clean game, though hard fought throughout. It was intensely interesting and the crowd was thrilled occasionally when a runner would break loose or run a long run, seeming off for a touchdown.

The officials were: Referee, Frank Walton; Head Linesman, Home Harrison; and Time Keeper, James Taylor.

May Organize Boy Scouts In Tahoka

The organization of a Boy Scout troop in Tahoka is being contemplated by W. R. Lacey, R. O. Moore, and Frank Hill if sufficient interest and support is shown by the parents of Tahoka. A large number of the boys of the town have expressed their desire of belonging to the Boy Scouts, and are very anxious to see this nation-wide organization extended to Tahoka.

A mass meeting of the parents of the city will probably be called in the near future to lay before them the plans and purposes of the Boy Scout organization. In the meantime, all people of Tahoka who are interested in the Boy Scouts are asked to see any of the above mentioned men. All three of them have had experience in Scout work, and are willing to direct the Tahoka boys, provided sufficient interest is shown by the boys and their parents.

18,700 Bales Of Cotton Ginned

Reports received by the News indicate that a little more than 18,700 bales of cotton had been ginned in Lynn county at noon Thursday.

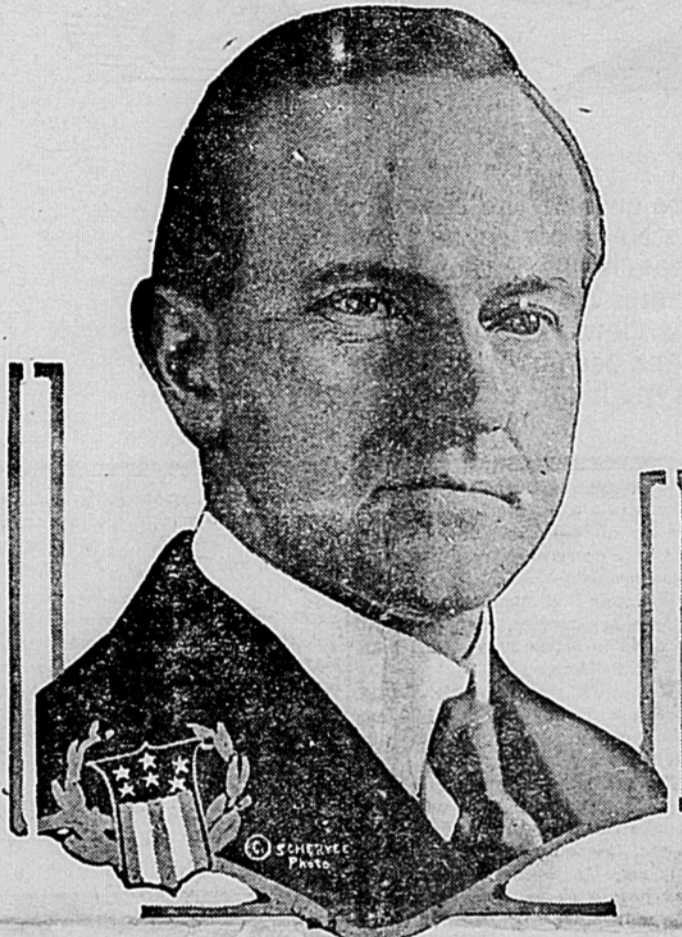

The five gins of Tahoka had turned out 4721 bales, while the yard receipts here more than 4900 bales. O'Donnell continues to increase her lead, the yard receipts there being 1600 bales over Tahoka.

The report follows:

O'Donnell, yard	6500
Tahoka, gins	4721
Wilson, yard	2170
New Home gin	1765
Grassland, gin	2424
Draw, gin	1132
TOTAL	18,712

E. H. Bouillon is erecting a residence in North Tahoka near the Methodist Church.

SWEEPS ENTIRE NATION

PRESIDENT CALVIN COOLIDGE

Rev. J. E. Elderidge Comes To Tahoka First Woman Governor

When the appointments for the ensuing year were read out at the Methodist Conference at Abilene last Sunday night, it was revealed that Rev. John E. Elderidge of Matador will be the new pastor of the Tahoka Church. Rev. J. T. Howell, pastor at Tahoka for the past two years, was sent to Crosbyton.

The members of the Methodist church and the people of the city generally will warmly welcome the new pastor, notwithstanding the fact that the local membership and many other friends regret that Brother Howell is not to be with us longer. He has done a good work here, and the Crosbyton people may count themselves fortunate.

Many will perhaps be interested to know that Rev. S. J. Upton, a former pastor here, has returned to Roscoe.

Rev. E. E. White became the pastor at Lubbock, Rev. B. W. Dodson was returned to Slaton. Rev. J. S. Johnson remains at Wilson. W. R. Hicks succeeds Jos. E. Elderidge at O'Donnell, the latter being sent to Stratford on the north plains.

TAYLOR BUYS ABSTRACT BUSINESS FROM MARKS

W. S. (Skip) Taylor has bought the entire interest of T. G. Marks in the Lynn County Abstract Company, and Mr. Taylor is now sole owner of the business. Mr. Taylor has been the manager of the business for several years. Mr. Marks formerly resided here but is now a resident of Fort Worth.

CUPID IS NOW ON VACATION

Up till Tuesday afternoon only one marriage license had been issued by Happy Smith since our report last week. It is not known whether Cupid is just throwing off on his job or whether the girls were all waiting to see whether or not Ma was going to be elected. The only marriage license issued was to M. H. Faires and Miss Sarah Hoskins.

Does your "Hubby Dubb" scrub the floor? If not, you have no idea what a charming scrubbing maid he makes. See it on Nov. 14-15.

STEPHENSON IS BADLY INJURED

Hit By Train At Plainview; Car Demolished; Traveling Salesman Fatally Hurt

PLAINVIEW Nov. 4.—A Grueck, traveling representative of Jacobs & Co. of Cincinnati, and E. O. Stephenson, 35, who recently moved here from Tahoka, were seriously injured and their automobile in which they were riding was demolished at 3.35 o'clock this morning when they were hit by the southbound Santa Fe passenger train No. 94. The accident occurred at the crossing near the R. C. Ayers Grain Co., elevator. The train was said by witnesses to be running at a fast rate of speed, and the car in which the men were riding was also making good time.

Apparently the occupants of the car did not see the approaching train until they were nearly upon the crossing. Witnesses said they first slowed their car down a bit, then speeded it up, evidently believing that they could cross the track ahead of the train. It would have been impossible for them to stop their car before it reached the track ahead of the train, and their only chance was to speed up ahead of the train and it failed, witnesses said.

The car was thrown about one hundred feet.

Grueck is suffering of skull fracture and other serious bodily injuries. His condition is critical. Stephenson, however, is believed to have a good chance for recovery. His injuries are minor, the nervous shock that resulted, however, might prove fatal.

Council Appoints New City Marshal

At a meeting of the City Council held Monday night, J. D. Brewer was appointed as city marshal to fill out the unexpired term of A. M. Sullivan, resigned.

Mr. Brewer came to Tahoka a few months ago, from Fort Worth, where he had been on the police force for six years. Prior to that time he served on the police force of Sioux City, Iowa, for a period of ten years. He has therefore had much official experience and is well qualified to make Tahoka an excellent officer.

In speaking to the News about his duties, Mr. Brewer stated that it would be incumbent upon him to enforce our traffic ordinances. Especially will he see to it that violations of the "speeding" ordinances are stopped. Mr. Brewer also calls attention to the fact that cars can not be parked along the curb for more than ten minutes at a time, and when so parked the front wheel and the rear wheel of the car on the side of the curb must be within 18 inches of the curb. This is necessary in order that traffic in the street may not be obstructed. The ordinance with reference to parking along the curb applies to the curb throughout the business section of the city except the curb surrounding the court house.

Mr. Brewer asks for the co-operation of all citizens of the city in the enforcement of the traffic laws and the other ordinances of the city, to the end that the lives of our people may be properly safeguarded.

LAMESA LAWYER SPEAKS HERE

Hon. C. P. Rogers, a prominent attorney of Lamesa, addressed a small crowd of voters in the district court room here last Friday night in the interest of the Democratic ticket. He pleaded with the voters to vote the ticket straight from President to Constable, severely criticizing the national Republican administration and strongly urging all Democrats to vote for Mrs. Ferguson for governor. The crowd was small but in entire sympathy with the speaker.

Coolidge Wins By 140 Electoral Votes; Mrs. Ferguson First Woman Governor

President Coolidge has been re-elected President of the United States by an overwhelming majority. He has received 379 electoral votes, Davis 139, and La Follette 13. Davis carried no state outside the solid South. La Follette carried his home state, Wisconsin, and no other. Coolidge got all the rest.

The Republicans have elected 19 senators, gaining 5. The Democrats have elected 13 Senators, losing 5. Farm Laborists elected 1. The next Senate will stand 54 Republicans, 41 Democrats, 1 Farm Laborite.

Mrs. Ferguson Elected Governor.

Miriam A. Ferguson will be the next governor of Texas. Just what her majority will be seems very uncertain, but it will probably reach 75,000. Returns are coming in very slowly and accurate reports have been hard to get. Reports late Wednesday night accounted for nearly 300,000 votes, and Mrs. Ferguson had a majority of about 40,000. It is probable that the vote in the state will reach a total of 600,000. If so, and if Mrs. Ferguson maintains her lead in the same proportion, her majority will be not less than 80,000. It may reach 100,000. It may reach 100,000, or it may be much smaller.

Butte carried the cities of Dallas and Waco and a number of the smaller cities of the state, such as Sherman and Paris. Mrs. Ferguson carried her home city of Temple by a vote of 2113 to 934. Butte carried practically all the plains counties north of Hale. Mrs. Ferguson carried most of the counties on the south plains. Amarillo and Potter county gave Butte a majority of more than 2 to 1. The city of Lubbock gave Butte a substantial majority but the count of Lubbock gave Mrs. Ferguson a slight lead.

Bulldogs To Play Brownfield Friday

The Tahoka High Bulldogs will play the second home game of the season Friday with the Brownfield aggregation. The Brownfield eleven has played several games already and are in good condition for the game Friday. Considering the close relative strength of the two teams, it is expected that it will be a very close game and filled with much excitement and action.

After a decisive victory over Snyder the boys are highly encouraged and are working hard this week. Link Nowlin, Hunter, Wells, and others are working in the back field, while Davis, Nowlin, Sanders, King, Baldrige, Bennett, Curry, Hatchett, Taylor, B. King and many other good prospects are striving for line positions.

Coach Shifflett assures the townspeople that there will be much hard work which will result in a very interesting game here Friday. Come out and see the game. It will help the boys and will be worth the money to you. Seeing the youth of our town in action will cause the dormant cords of your overworked anatomy to vibrate once more. The game will be called at four o'clock sharp. Be there at the first blow of the whistle.

AUTOMOBILE AGENCIES ESTABLISHED HERE

The Connell-Chevrolet Company, with W. A. Carter as Sales Manager, and C. D. Keever as agent for the Studebaker cars, have opened a sales room in the Doak building on the west side of the square. Mr. Keever formerly resided here and is well known throughout the county. Mr. Carter came to Lubbock a short time ago from Los Angeles, and is an experienced salesman. Both these gentlemen will be welcomed to Tahoka. We call attention to their announcements appearing elsewhere in this paper.

MIRIAM A. FERGUSON

Operetta To Be Staged In December

Work is going forward on an operetta, "The Gypsy Rover", which will be given during the Tri-County Teachers' Institute here at its meeting about the middle of December. The operetta is being gotten up by the faculty and students of Tahoka High School, assisted by a number of town people. Mrs. Frank Hill, teacher of expression, is directing the operetta. She is being assisted by Miss Pressley, teacher of piano.

"The Gypsy Rover" is a very difficult performance, and is rarely ever attempted by a high school, especially in a town the size of Tahoka. A number of the voices have been secured, however, and a great deal of progress is being made on the piece.

NOTICE TO SUBSCRIBERS

This is the time of the year when people usually pay up their subscriptions to the paper. We have many subscribers whose subscriptions are now due. We are sure you will want the paper another year, so please do not forget or neglect this matter. You will hardly miss the price of one subscription, but the aggregate of many subscriptions will help us materially. We thank you.

RED CROSS YEAR'S COST \$21,366,255

Nearly \$12,000,000 Devoted to Helping Victims of Great Japanese Earthquake.

OVER 3,000 BUSY CHAPTERS

Aid to Disabled War Veterans Paramount and Reaches Nearly \$4,000,000.

Washington.—More than \$21,000,000 was the total of funds expended in all activities of the American Red Cross during the last fiscal year ended June 30, says a statement issued by the National organization. This expenditure was almost one-sixth of the amount of money disbursed by the Red Cross in the war year, July, 1917, to June, 1918. Of this extraordinary sum \$11,631,303 was America's contribution to the Red Cross for relief of the Japanese earthquake victims. This was increased to \$11,763,803 by appropriations from general funds of the Red Cross, and it represented probably the largest spontaneous outpouring of beneficence of a single nation in the history of the world.

Over 3,000 active Chapters expended during the year \$4,869,600, the National organization disbursed \$16,497,255.35, making the total \$21,366,255.35—all for humanitarian work which reached practically around the world.

In announcing the year's record of American Red Cross industry the executive officials at Washington emphasize the fact that the extensive and never-halting work of the Red Cross depends almost wholly upon the nationwide support of the organization from the memberships enrolled during the annual roll call which this year will be in progress from Nov. 11 to 27, when everyone is asked to join or renew their membership in the American Red Cross.

Soldier Service Paramount
Service in behalf of the disabled veterans of the World War and their families is a paramount obligation of the Red Cross. The organization, through its Chapters, is constantly in touch with this duty in 2,609 communities throughout the United States—the Chapters alone during the year expended in service for veterans about \$2,000,000. The National organization expended \$1,735,525—a total of \$3,735,525 applied to assisting war sufferers toward recovery from disability and distress.

This work is constant in hospitals, sanitariums, camps, soldiers' homes, in the community. For example, in helping disabled men and women in places where they were transient residents \$173,075 from national funds alone was required to help solve their problems. Every Red Cross service is ever at hand ready to meet the individual need of these men and women.

The enlisted men in the Regular Army, the Navy, and the Marine Corps, with their home ties, mean a never-ending Red Cross service which figures cannot fully interpret. In this work a total of \$685,285 was applied in meeting an obligation under the Red Cross charter which has been fulfilled for over 20 years.

Domestic Operations Extensive
In the past year Red Cross operations were almost wholly confined to continental United States and the insular possessions. Relief work following disasters called for immediate activities in 192 places and a total of \$737,603.87 was spent in this service alone. In 33 major disasters trained workers were kept at the work of rehabilitation for many months.

In carrying on the health activities a total of \$444,886.66 from Red Cross national funds, and \$508,000 from Chapter treasuries—approximately \$1,252,886 in all—was applied, giving some idea of the extent of Red Cross service in the fields of public health nursing, nutrition instruction, and spreading knowledge of personal hygiene and care of the sick in the home.

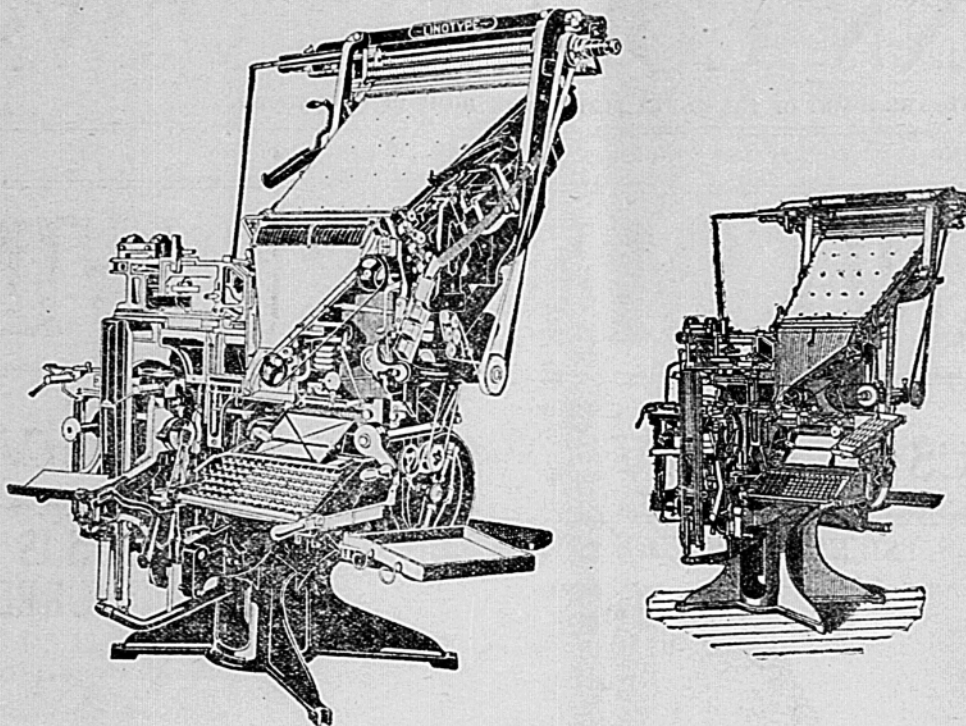

For advancing the cause of human safety, the First Aid instruction, locally by Chapters and over extensive national territory by the Red Cross instruction car covering trunk line railroads, and in teaching water safety and increasing the membership of the Red Cross Life-Saving Corps, the total cost was \$283,234.71, of which \$216,234.71 came out of national funds.

Army of Over 5,500,000
The Junior Red Cross in the schools—with over 5,500,000 in its "I Serve" ranks—was aided with \$233,510.78 to which it is estimated the Chapters added some \$277,000—a total of \$510,510.78. In various other domestic activities the Red Cross spent \$283,473.19, and the Chapters in their numerous voluntary services expended an additional \$1,043,000 during the year.

Foreign obligations, aside from Japan, were met with national funds as follows: Relief of refugees in Greece, \$200,487.18; Junior Red Cross projects, \$99,579.75; League of Red Cross Societies, \$165,000; other insular and foreign work, \$221,855.31. The American Red Cross budget for 1924-25 is \$4,647,790.35, or \$868,286.96 less than the budget for the year ended last June 30.

In good deeds for all peoples in time of distress the American Red Cross never rests. Help this work with your membership dollar—join on Armistice Day.

THE OLD AND THE NEW

The above are cuts of the New Model 8 Linotype now in use at the News office, and the old Model 1, showing the comparison between the two machines. The three magazines on our new machine are not easily seen in this view. Readers of the News are invited to come in and see our new Linotype machine at work. The Linotype is one of the World's 12 greatest inventions.

LYNN ITEMS

Well, it has been so long since Lynn has been heard from we thought we would give a few items.

Cotton is getting pretty well out over here.

Uncle Bill Bartley, Uncle Shorty Bartley, and Uncle Jim Easteridge attended court Monday at Tahoka.

Our Sunday School looks like it decreases instead of increases. The Lynn community met Sunday night and decided to have a Box and Pie supper Friday night, November 14, for the purpose of raising money to help build a Baptist church for Lynn. Everybody present seemed to be in for it. Everybody come, and bring somebody with you, and enjoy the good things the ladies have to eat.

Our school will start the first Monday in December. Our teachers are on the field, ready for their work. The Methodists are looking for their

new preacher Sunday, the Baptists may have a new preacher, the teachers are all brand new and so Lynn will have everything brand new, even some new neighbors.

Well, this is election day. We have to vote or not vote. Somebody will go down in defeat today. Glad I am not a candidate.

Well, we'll ring off, Mr. Editor. Come out the night of the 14th and have a good time with us. I am sure you will enjoy it.

There is not much news this week. We will do better, maybe, next time. Be sure not to forget the box and pie supper. Come and have a good time. This may be the last time we will ever have a chance to enjoy a good supper together. We look for you—Uncle Tom.

You've heard the old saying "Laugh and the world laughs with you" haven't you? Well, you'll certainly have the world with you if you attend "Mrs. and Mr. Polly Tickk." Its a knock-out from start to finish.

C. D. Keever announces the sale this week of a new 1925 model Studebaker to the Zappe Land Co. and one to Dr. L. D. Stephen.

Every subscriber to the Lynn Co. News is so because he is interested enough in the town and county to pay for the News.

"Mrs. and Mr. Polly Tickk"—a riot of fun and laughter. Nov. 14-15.

SIGNS YOU CAN BELIEVE IN
If your breath is bad and you have spells of swimming in the head, poor appetite, constipation and a general no-account feeling, it is a sign your liver is torpid. The one really dependable remedy for all disorders in the liver, stomach and bowels is **Herbine**. It acts powerfully on the liver, strengthens digestion, purifies the bowels and restores a fine feeling of energy, vim and cheerfulness. Price 60c. Sold by

HOME-LIFE EDUCATION A FEATURE OF MODERN SCHOOLS

REPORTS FROM SEVERAL GOVERNMENT DEPARTMENTS SHOW MARKED GAIN IN PAST 10 YEARS—STUDENTS OF HOME ECONOMICS IN LAND-GRANT COLLEGES EXCEED THOSE OF ANY OTHER SUBJECT

Specific training for the home is one of the striking expansions in American education. This modern addition to our educational system is called by several different names. It is called household science, household arts, household engineering, domestic science, domestic art, and home economics. The latter term seems to be the most acceptable, for it covers the extensive interests of the home.

That more interest is being taken in home economics in and out of classroom is definitely confirmed by statistics obtained from the various departments of the Government. In 1914 the bureau of education reported 1,350 high schools giving home economics. In 1922 it reported 6,590 of the 18,000 public high schools and 424 out of 2,500 private high schools giving the subject, with a combined enrollment of 318,321 girls and 2,815 boys. The enrollment of girls taking home economics in grades 5, 6, 7, and 8 of the elementary schools approximated 3,680,646.

According to statistics of land-grant colleges for the decade ending June 30, 1922, the increase of student enrollment in home economics was exceeded only by electrical engineering and agriculture. Again, for this same period the increase in the number of degrees conferred upon home economics students in land-grant colleges exceeded that for agriculture, engineering, or any other subject.

The extension division of the United States Department of Agriculture reports that for the calendar year 1923 improved practices in the various home projects were taught in 1,546, 256 homes, and that many of these homes adopted the reforms suggested. Further that 722,508 boys and girls ranging between the ages of 10 and 17 started projects for the farm and home. Out of this number 428, 746 completed their projects.

The Federal Board of Vocational Education reports that the number of girls and women who received training in vocational homemaking for 1923 was 140,000. In addition, there were 93,000 girls enrolled in general continuation schools, nearly all of whom had some instruction in home economics.

A surprising number of trained home economists have found lucrative employment in commercial fields during the past four years. Business recognizes that the home economist is an indispensable asset, because she can furnish the scientific information good judgment, and knowledge needed for the bill boards and advertising columns. She represents the home in business. The home economist in business can disseminate directly to 22 million or more homes of our country the underlying principles of health, comfort, beauty, appropriateness, and of satisfaction in value received, which contribute to the peace of mind that is so essential to the ultimate goal of education, namely, better citizenship.

NOTICE OF TRUSTEE'S SALE

THE STATE OF TEXAS
COUNTY OF LYNN

Whereas, by virtue of authority vested in me as trustee, named and appointed in a certain deed of trust recorded in Volume 9, on page 99, Records of Real Estate, Mortgage of Lynn County, Texas, executed and delivered to me on the 22nd day of December, 1923, for better securing the payment of one certain promissory note of \$545.27, more fully described in said deed of trust, executed by S. D. McCormack and F. O. Greathouse, payable to the order of Higginbotham Bartlett Company, a Tahoka, Texas, due 120 days after date, bearing interest at the interest of 10 per cent per annum, from date until paid, and providing for the payment of ten per cent attorney's fee, on the amount of the principal and interest if said note is placed in hands of an attorney for collection, said note now aggregates, principal, interest and attorneys fee, the sum of \$654.73, and by reason of the execution and delivery of said deed of trust, a lien was given and created on all of lots one and two in Block No. 9, as shown by the map or plot of the original town of Tahoka, Texas, together with all improvements thereon, said property fully described in said deed of trust.

And whereas the said Higginbotham-Bartlett Company is the owner and holder of said note, and that the said S. D. McCormack and F. O. Greathouse have made default in the payment of said note above described, when the same became due and the same is now past due and unpaid, and said note has been placed in the hands of an attorney for collection, and the said F. O. Greathouse and

O'DONNELL NEWS

Rev. P. P. Alexander, Christian Evangelist, opened a two weeks meeting at the Methodist Church Wednesday night and is delivering some forceful sermons, showing the character of man he is. It is the aim of the members of the Christian Church to establish a church here and erect a building at an early date, and to obtain this end the meeting is being held.

While only 25 years of age, Rev. Alexander has been preaching for ten years. He has baptized over 1260 converts, and led in the building of six churches costing from \$2,000 to \$50,000, and has not yet reached the age when most men make their start in life. He is a 32nd degree Mason and a Shriner and has delivered Masonic lectures practically all over the United States and is considered one of the brightest men in Masonry. He was raised and educated in the Masonic Orphans Home at Batesville, Ark., is a printer and newspaper man of ability.

The Bennett Manufacturing Company's shed for storing lumber has been about completed and cars of building material are arriving every day. The main shed is 22x84 feet. The office building will be erected as soon as the carpenters can get to it. Manager E. M. Wilder states that it is the aim of the company to build up a plant equal to any in this section. This company is making a specialty of selling house patterns all the material being cut at the mills.

The new city jail is ready for occupancy. Who will be the first to pay a visit as a guest of the law and order of this bailiwick? City Marshal Wimberly says he is ready to escort any offender of the rules as laid down by the City Council through its portals and there to stay until the law has been satisfied. There are two sanctuaries, one for ladies and one for gentlemen, and while the furnishings are not of bird's eye maple, yet they are suitably strong and will withstand hard usage for a long time.

The front of the building will be used as a city hall, where the City Council will hold its meetings and the

mayor can hold court in a dignified manner. The building will be given a coat of stucco and will present a neat appearance when this is done.

W. J. Crouch says he saw a beautiful sight the other morning. From his residence four miles west of town, he could look to the southwest and see Three Lakes school house and a great scope of country beyond. Great stretches of old mother earth seemed to rise up above the usual horizon line and the panoramic view was truly enchanting. Many of us have enjoyed similar experiences many times, when nature was in her freakish moods. The mirage on the plains is often really wonderful.

E. V. Naylor of Roscoe was here Tuesday in company with Alfred Barnes of Newmoore. These two gentlemen had been out in the Portales Valley in New Mexico giving the country the once over. They expressed themselves as being well pleased with the appearance of the country in that region.

Pepsinated Calomel Is Better than the Old-Time Sickening Kind

It is gentle, imported English Calomel, combined with Pepsin and other helpful ingredients. It is mild but certain, causing no harshness or unpleasantness and will absolutely relieve indigestion, biliousness, bad colds, constipation and sick headache. And best of all it does it at once—quickly and pleasantly. Take one small tablet at bed-time and you will get up hungry and feeling fine. Recommended by

NOTICE TO THE PUBLIC

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called

"The League of Nations is functioning", says the Lynn County News. Yes, indeed, and if they can get your Uncle Samuel into the mix-up the League will have Japanese coming to this country in great droves. We do not need any League of Nations tell us how to run our government...

No, Uncle Sam doesn't need any League of Nations to tell him how to run our government, but who is proposing or has ever proposed that Uncle Sam shall permit the League of Nations to run this government. What government has the League of Nations sought to run? The League of Nations was not created for the purposes of running any government but to provide a means whereby the nations of the world might co-operate to prevent future wars, prevent international injustice and assist in the solution of world problems. The fellow who is continually prating about the danger of Uncle Sam being bossed by somebody in event that he should become a member of the League talks as if he thought Uncle Sam was absolutely isolated from the rest of the world. America has her markets in Europe and Asia and South America and other parts of the world. Cut off the foreign cotton market from America, for instance, and cotton would drop in twenty-four hours to five cents per pound, as it did do on the outbreak of the world war. America is a part of the world, and she is affected in hundreds of ways by conditions in Europe. She has the moral right and should exercise the privilege of co-operating with the other nations in the solution of those international problems that threaten the peace of the world or that effect the welfare of our own people. America is presenting a sorry spectacle in claiming benefits that result from work of the League of Nations without being willing to assume any of the responsibility. It was only partisan politics and pusillanimous personal jealousy on the part of a few brilliant Republican demagogues that kept us out of the League in the first place.

The editor was a Brownfield visitor Sunday and noted the wonderful building activities that are so evident in our sister city to the west. Numbers of brick business houses have been built recently and new residences have sprung up all over town, from mere two room shacks to splendid homes. Yet there is nothing like as much development in the country surrounding Brownfield as in the Tahoka country. As the lands west of our city go into cultivation the town is bound to grow. The puzzle to us is, why is Tahoka not growing more rapidly than it is? Can our readers answer the question?

According to an announcement appearing in this paper, an effort is to be made to organize in Tahoka a troop of Boy Scouts of America. This is a very commendable undertaking, for this organization has a very high code of honor and morals and is the means of affording instruction and training to its members that they would not otherwise get. If your boy is within the proper age, you should encourage him to become a member of this organization.

COMMERCIAL PRINTING

We can handle all your work now, and give you work as good as you can find anywhere. Call 35, and have your printing done at home. We'll submit a proof, before printing if you request.

A shaving soap advertisement says that the ancients allowed chin-whiskers to grow because they thought it unwise to have their slave-barbers monkeying around too close to the jugular vein with their razors. Doubtless. And they were accustomed, too, to dragging their wives around by their long tresses. Changing customs have done away with both chin-whiskers and long hair, except in a few cases. There are always a few who resist innovation to the last ditch.—Childress Post.

That slave-barber "dope" sounds reasonable, but we can't understand what use any man had for whiskers who was in the habit of undertaking to drag his wife around by the hair of the head. Too much temptation for her dainty fingers to get tangled up in his facial adornment. Now it may be that the ancients, after a few bitter experiences saw the wisdom of having short hair and no whiskers at all when undertaking to mete out punishment to their rebellious wives. Hence the habit of getting close hair cuts and clean shaves among men. When the women get the habit of having their hair cropped off real short, like the men, the men won't have a bit of chance in the world. What is this world coming to anyway? We don't know who is to blame for this sad condition of affairs, but we are going to charge it up to the Republican party.

October was an ideal month for gathering of crops. Practically no rain, no cold weather. Just enough frost on one occasion to nip vegetation, with clear skies and crisp atmosphere nearly all the time. As a result much cotton was gathered and business with the merchants is good.

Now that the election is over and everybody is happy, let's all pull together for the good of Tahoka.

PRESIDENT IS NOT THE PEOPLE'S CHOICE

Exchanges all over the country are discussing the possibility of the presidency failing to be settled in the Electoral College, fear being generally expressed that "the people's choice" may lose out in the political struggle.

The point is not an issue, no matter what the result. The President literally is never chosen by the people. Originally the electors were chosen without any definite candidacy in view, and named their personal choice. Even now, an elector is free to exercise his individual preference without regard to the convention nominees. He represents the state, not the voters, and it is possible, indeed, it has occurred, that the Electoral College majority may represent popular minority.

As an example one has but to consider the popular vote for McKinley and Bryan in 1896. That "great victory" would have been reversed had there been a change involving less than fifty thousand votes, properly distributed. Such a result was not indicated, to be sure, in the electoral vote, but as that is controlled by state victories, whether giving large or small majorities, it is obvious that a President may be elected legally without a popular majority.

Nor is there cause for alarm if the electors fail to make a choice. They vote but once. Suppose a candidate dies between the November election and the meeting of the electors in their respective states. There might be a split in the vote on the ticket. This was the case with those elected in the Greeley campaign. If the declared candidate were of the winning side, it might happen late enough to prevent conferences, and the same

action would also throw the election in the House. Here, continuous balloting by states, may keep up without result until the expiration of Congress, but it is not likely to happen. The House is limited in its choice to candidates voted for in November. If it fails to elect, the Senate chooses from among the vice-presidential candidates its presiding officer, who thus by virtue of the office is elevated to the presidency, as was President Coolidge.

Only in case the House majority—by states—is opposed politically to the political party winning the election for President, or, more frequently the case, the personnel of the Senate is opposed, is there danger of a reversal of the November result. In either case, the result is perfectly legal, and there is no danger of harm resulting.—Dearborn Independent.

Editor E. I. Hill has recently installed a model 8 Linotype, the latest word in typesetting machines, and is now just about as happy as you make a country editor. May Hill and the Tahoka News grow together.—Terry County Herald.

Railroads of the United States handled 70,000,000 pieces of baggage during the year 1923.

TWO LITTLE-KNOWN STANZAS OF "AMERICA"

The stanzas with two others were written by the same author some time after the four original stanzas which are familiar to all Americans. They deserve to be sung in every school in the land.

Our glorious land to-day
Neath Education's sway,
Soars upward still.
Its halls of learning fair,
Whose bounties all may share,
Behold them everywhere,
On vale and hill

Thy safeguard, Liberty,
The school shall ever be—
Our Nation's pride!
No tyrant hand shall smite,
While with encircling might
All here are taught the Right
With truth allied.
—Samuel Francis Smith

A noted authority on whaling estimated that in 1853 as many as 30,000 gray whales were present on the California coast; during the period from 1919 to 1922 only one was captured there.

The T. H. S. ROUND-UP

IRENE CONNER, Editor

PUBLISHED EVERY WEEK BY THE STUDENTS OF TAHOKA HIGH SCHOOL

SUPPORT THE ANNUAL

Two exciting events in High School life are: A winning Football team and a winning annual. There is work attached to both; both brawn, brain, "pep" and co-operation.

How many of you, that have been told to have your picture taken, have had it taken? How many of you have given the editor a snap-shot or a joke? How many of you have even thought of the T. H. S. Skyline for 1925?

Think it over, have your picture taken, turr in a snap-shot or a joke! If you have a good idea that would help the editor and business manager in producing a "first class" annual, give it to them! Tell them about it!

Don't get the idea the annual is strictly a Junior or a Senior, or any other class affair. It is a part of every member of the high school. The annual is a resume of the entire year's work and a student's life in the T. H. S. Do you want it to be "dead and dry" or do you want it to be "snappy, full of fun, and an example of real work and co-operation."

At a football game you yell for your team. You want them to carry the pig-skin over the goal line. Why don't you yell for your annual, talk it over with your home folks, with the business men, your class mates, with everyone you meet?

Would you like for it to be said that Tahoka High School started something they could not finish? don't let the spirit of the annual die out. Co-operate with the staff and put out a better annual than T. H. S. has ever published before.

Seniors

The Seniors had planned to put on a program in chapel last Thursday, but due to some misunderstanding, we failed to give it. This was the second time that we had planned to give our program. According to the old adage the third time is the charm so if nothing happens, we shall present our program Thursday morning in chapel.

We were very sorry to learn Monday morning that Mattie Sue Howell, one of our classmates, is going to leave us. She will finish the term in Crosbyton High School. We hate to give her up, but our loss will be their gain.

We had the inspector to visit us yesterday during our English and Physics classes. As it was Monday, we did not know our lessons very well, but she asked us no embarrassing questions.

Juniors

The Juniors were well represented at the Football game Saturday, and as most of us are members of the "Pep Squad" we felt that we helped to win the game.

Examinations are over for another month, but the time is passing quickly and it won't be long before mid-term exams.

We have greatly improved the looks of our rooms by putting pictures on the walls. We are learning to appreciate pictures now since we have begun our study of art appreciation.

Sophomore

The examinations are over and we are able to draw a breath of relief.

Jewel Sargent came back to School Monday from a long absence and we were all glad to have her with us again.

Our poem in English for this week is Lochinvar, by Sir Walter Scott.

Algebra is becoming more interesting and is also growing harder but we hope to master it.

Freshmen ("A Division")

We sold candy and sandwiches Monday to pay a debt.

We are very proud of the victory of the Bulldogs over the Yellow Jacks.

("B Division")

We were entertained by the A division of our class last Friday night at the home of Kathleen Lam. We were all dressed in costumes and masks. We had a very enjoyable time, games, music, contests, and races being included on the program.

MISS HUTTON VISITS T. H. S.

The state inspector from Austin was in Tahoka Monday. She attended chapel Monday morning and gave a very interesting talk on her impression of West Texas. She said: "I love the plains. Every one you

GET MORE EGGS

or your money back. Feed MARTIN'S EGG PRODUCER, A Tonic stimulator, and appetizer. Cure and prevent disease with MARTIN'S ROUP TABLETS. Guaranteed by TAHOKA DRUG COMPANY

meet has a smile and a kind word for you. I think Tahoka is very lively and a wide-awake place. When I heard the announcement of the football game Saturday I knew then that Tahoka was on the map in football. Everyone seems to be interested in the affairs of the High School. I wish to compliment you on your splendid Home Economics department. The rooms are so cheerful and bright it should be a pleasure to work in them. I am very glad indeed to hear of the Debating Society you have in Tahoka High School; I think every boy and girl should learn public speaking. It has indeed been a pleasure to visit your school.

Miss Alice Small Entertains

Saturday night, after our victory over Snyder, Miss Alice Small was hostess to the Tahoka and Snyder football boys. Nineteen Snyder men stayed over and joined the happy throng at the home of G. W. Small.

The most interesting part of the entertainment was conversation. Every boy present played the game through two or three times before the evening was over. Music, both piano and Victrola, was enjoyed throughout the evening.

Ice cream and cake was served by six Tahoka girls. Every boy, the Snyder coach included, ate heartily and acted as if they enjoyed it. They all went away with happy hearts, saying "Tahoka is a tip-top place, the people sure know how to treat you."

Hallowe'en Party

The second grade had a Hallowe'en party in their room Friday afternoon from 1:25 to 2:40.

They made invitations and invited their mothers. Several were present. They played games and served refreshments consisting of Apples and cakes.

Every one seemed to have a good time.

Chapel Program

Rev. Johnson was with us again, Monday. He always brings something worth while and we are glad to have him. We were all excited over the result of Saturday's football game and were ready for his speech on "Education."

He said, "Education comes from the Latin word 'educ', to lead out. We cannot increase the size of our brain, materially, but we can increase the power of what is there."

Womanless Wedding and Mock Faculty

Mr. and Mrs. B. A. Pumphandle announce the marriage of their daughter Pricilla, to Jimmie Wright, Friday, Nov. 7, at 7:30 P. M. This is to be a magnificent affair, full of fun from start to finish.

On the same evening the students of Tahoka High School will stage a Mock Faculty.

"O wad some power, the giftie gie us To see oursel's as ither see us."

Debating Club

The debating club is becoming more interesting every meeting. The subject for debate Monday was "Resolved that the United States is justified in excluding Chinese Immigrants from America."

The subject being one of so much interest, was thoroughly enjoyed. Both sides produced some good points and the judges decision was three to two in favor of the negative. The debaters were Mattie Sue Howell, Gertrude Kerr, Iola Nowlin, Cutanna Keltner.

Several business matters were attended to. Iola Nowlin was elected our new Sec'y-Treas. The club has hopes of becoming a wealthy organization as five members were fined for disorderly conduct at this meeting.

Mr. Caveness was present and gave us an extemporaneous speech on his opinion of the O. and D. Council. We are glad to welcome visitors at any time.

PROTECTING THE INVESTMENT

Abraham Lincoln humorously said of a poor neighbor's assets, "He has a wife and two children which I should think were worth thirty thousand dollars to any man."

A family is indeed a golden investment and needs the same protection and care that any investment requires.

For three generations the editors of The Youth's Companion have felt the same responsibility to the families of

Drs. Castleberry & Starnes

Who owns the Santa Fe?

More than 67,000 stockholders own this great railway. Several thousand live in the states it traverses. All have a voice in its management!

Every Southwest investor should buy a share in the Santa Fe and thus get a valuable interest in an institution that helps build up that section. Let it be Yours, in ownership as well as in service.

The Santa Fe operates in thirteen states and in these states there reside 7,635 of its stockholders. While this is almost the largest number on record, it is slightly below the year before. We should be very glad to see those residing along the Santa Fe Lines become much more generally interested in its stock, although both the common and preferred shares give a smaller return than many other investments promise. The high price is a deserved tribute to the property. Every investor in the Southwest might well buy one or more shares in the Santa Fe.

At the beginning of this year, the ownership of the Santa Fe was divided among 67,118 stockholders with an average of 53.1 shares apiece. Twelve months before there were 64,643 stockholders, averaging 55.4 shares apiece. The number of stockholders has increased steadily for many years and the average holdings decreased, resulting in an ever-widening distribution of ownership.

Among the stockholders are found:

Women.....	30,370
Men.....	30,931

This joint enterprise of a great body of our citizens is open to all to participate in as stockholders. Why then should any favor government ownership and the certainty of supporting the railroads as taxpayers?

W. B. STOREY, President

THE PHEBE K. WARNER CLUB MEETS

Mystery surrounded the Phebe K. Warner club last Friday afternoon, Oct. 31. Mrs. J. B. Walker was to conduct a specially prepared program on the subject "Witchcraft", but no program had been announced! After the usual round of business Mrs. Walker was to have made a speech on "The origin of Hallowe'en", but chose in its stead a more weighty subject. We were not to be in suspense long for a big black witch in full dress came riding in on a broom. Given a seat of honor over in the corner (no one wanted to sit with a witch), she delighted and amused by her magic powers. Contests were passed and the club had the opportunity of displaying their "literary talents" Mrs. Larkin Weathers proved most adept carried off the prize—a wonderful box of cakes. Those privileged to enjoy the clever ingenuity of our leader were: Meadames Conner, Elliott, Weathers, Craft, Robertson, Stewart, Nevels, Anthony, Miller, Walker, Misses Windsor, Hickerson, and the writer. The club voted to send our president, Mrs. J. W. Elliott as delegate to Amarillo to the State Convention which convenes Nov. 11-14.

THIRD GRADE ENTERTAINED WITH HALLOWE'EN PARTY

Miss Leta Carmack and Mrs. J. K. Applewhite entertained the third grade pupils with a Hallowe'en party at the latter's home, Friday October 31, from four to six, honoring Helen Applewhite's ninth birthday. The rooms were decorated in black cats, witches, bats pumpkins and lanterns,—all the handwork of the third grade. The costumes created quite a bit of fun—for all the children appeared in full Hallowe'en dress. After the guests had all arrived, Helen opened her packages. She was the proud recipient of many birthday gifts.

It was such an afternoon that outdoor games were enjoyable and the porch was just the place to "bob for apples". When these grew tiresome we went into the house for such games as "guessing whose foot" and "pinning on the cat's tail." Time just flew and before we realized it was getting late we were called into the dining room. In the center of the table stood the pink birthday cake with its lighted candles. Helen gave the signal and we all blew out the candles. Ham sandwiches cake, and lemonade were served. All expressed themselves as having a real good time.

BAPTIST JUNIORS HAVE HALLOWE'EN PARTY

Mrs. F. M. Billman's class of Junior Boys and Mrs. Ed Goddard's class of Junior Girls of the Baptist Sunday School were entertained with a Hallowe'en party at the home of Mrs. Billman last Friday night. There were about twelve members of each class present. They were entertained by a Gypsy fortune teller and by indulging in various Hallowe'en games. They also took a "hike" through town, chaperoned by Mrs. C. F. Johnson. Apples and cake were served. All had a good time.

YOUNG PEOPLE CONDUCTED SERVICES AT BAPTIST CHURCH

In the absence of the pastor, the Senior B. Y. P. U. had charge of the services at the Baptist Church Sunday night. They were greeted by a large congregation and they rendered a program that was much enjoyed. We have heard many compliments on the manner in which the young people presented their program.

While paying your other little bills, please remember the poor editor.

LEAGUE AND UNION ENJOY HALLOWE'EN PARTY

Last Friday evening a crowd of young people, in wonderful and strange costumes gathered in the basement of the Methodist Church. While waiting for everyone to arrive, we spent our time very pleasantly in guessing who the real persons were, beneath the masks of various colors. Then it was announced that we must go through the House of Terrors, and in single file. With hearts in our mouths we entered the curtained floor but shrank back when we heard the screams of those ahead of us.

The first room was the crazy house. Soft, furry things brushed against our faces, and we stumbled over objects which were everything but soft. Then, in the next room, we were greeted by screams that indeed struck terror to our souls. The last room was the most horrible of all. A headless dead man lay stretched out on a table, and we were made to grasp his icy hand. Human bones (?) were scattered over the table, and the learned doctor in charge of the house brought us the man's brains, and his eyeballs clawed out by his own powerful hands.

With a sigh of relief, we passed out though our hearts did not beat naturally for several minutes. We were now in the large part of the basement decorated very prettily with Hallowe'en colors, pumpkins, and stacks of feed. We unmasked and played several games, one being the enjoyable game of football. Some of us had our fortunes told by the gypsy fortune teller. We fairly made the room ring out with laughter.

Then each person got a partner, and we went to a very delicious supper of jello and cookies. After a few more games we bade each other good night and went home, hoping the Epworth League and B. Y. P. U. would give another reception very soon. One Present.

SENIOR B. Y. P. U. PROGRAM

Bible study meeting—Great Chapters: Revelation 2, 3,—Messages to the churches. Leader—Gordon King.

1. Similarities in the first four letters.
 - (1) Christ Knows his churches Jonsie Walker
 - (2) Jesus promises to reward Ethel Kuykendall

- (3) Hear the Spirit's message Joe Curry
- II. Differences in Address and Rewards
 - (1) The church in Ephesus. Lois Goodrich
 - (2) The church at Smyrna E. I. Hill, Jr.

COLE BROS. COMING TO TOWN
COLE BROS. will arrive for two performances on Monday, Nov. 10th. COLE BROS.' Shows have so many great, high class features that no other show can now compare with them. In giving such general satisfaction. The great success attained by the Cole Bros. Shows is due to the fact that they are always first to secure novelties of merit. The trained wild animals of this show have been selected with great care and are the best in the world, showing such wonderful intelligence in their different acts that they seem almost human. Cole Bros. show is spoken of by the press and public as being clean, moral of the highest class. Remember you make no mistake by going. Two performances daily, afternoon and night at Tahoka, Monday, Nov. 10th.

THE HOME OWNER

A family that owns its own home takes pride in it, maintains it better, gets more pleasure out of it, and has a more healthful and happier atmosphere in which to bring up children.

The home owner has a constructive aim in life. He works harder outside his home he spends his leisure hours more profitably, and he and his family live a finer life.

A husband and wife who can own their own home are more apt to save. They have an interest in the advancement of a social system that permits the individual to store up the fruits of his labor. As direct taxpayers they take a more active part in local government.

The love of home is one of the finest instincts of our people.—Herbert Hoover.

T-Bar Ranch

One of the big ranches of the south plains, consisting of 126 sections, lying immediately west of Tahoka in Lynn County, is to be converted into homes for farmers. Last winter twenty sections of this ranch lying nearest to the city of Tahoka was placed on the market, to be sold in small tracts, at prices ranging from \$35.00 on up; one fourth cash, balance on ten years time, at six per cent. Already much of this land has been sold. Some of it was put in cultivation this year, and cotton is being picked from it to day. Still some left.

The Butler Ranch

consisting of eight sections, in the northwest portion of Lynn county. No better cotton land in west Texas than is found in these ranches.

WHEN YOU KNOW ANY LOCAL NEWS—We want it

LIBRARIES ARE UNIVERSITIES FOR THE WHOLE PEOPLE

SERVICE OF THE LIBRARY ESSENTIAL TO DEMOCRATIC SOCIETY IN INSURING DISTRIBUTION OF INTELLIGENCE—MANY SMALL LIBRARIES PREFERABLE TO FEW GREAT ONES—RELATION TO ADULT EDUCATION INCREASINGLY IMPORTANT

For spreading knowledge among the people at large the public library is the most effective agency and therefore is justly called "a university for the people." The period of formal schooling is limited, but the library continues its educational work throughout the lives of the patrons and renders its service to persons of every age and condition. The users of libraries may thus keep abreast of the progress in human knowledge and have available accurate sources of information for every contingency of life. The service of the library is essential to a free, democratic society, which depends for its perpetuity upon the intelligence of its citizens. The school children also receive great help in their studies from the supplementary reading supplied by the library and have the opportunity of forming a permanent habit of reading and an acquaintance with printed sources of information which are the most valuable results of their schooling.

Every community should have a public library of its own, or at least should have access to public library service rendered from some neighboring center, such as a county library. President Emeritus Elliot of Harvard University has said that "in the development of the American people it will be the thousands of small libraries that will make it possible rather than the few large ones." This shows the important part to be taken in the democratization of knowledge by the numerous libraries scattered all over the country.

Increasing attention is now being paid both in the United States and Europe to adult education, which is to be promoted mainly by the cooperation of the public library. The Carnegie Corporation has appropriated \$12,000 to the American Library Association to be used during 1924-25 in studying the relation of libraries to adult education. The libraries are to supply books and guidance to those who will undertake definite courses of reading.

The prevalence of reading and of facilities for reading is one of the main factors which has brought about the present progressive civilization.

MONSTER PUMPKIN ON DISPLAY AT BROWNFIELD STORE

The largest pumpkin we ever beheld, and we have seen some hefty ones produced in the Mississippi river valley, is now on display at the Randal Drug Store. It is not only a huge critter, but is well shaped and in perfect condition.

This huge eatable that would probably make enough pies to supply the city of Brownfield a day or two tips the scales at 95 lbs.; is 4 feet and 10 inches in circumference one way and 5 feet 8 1/2 inches around the long way.

It was grown on sod land without irrigation by C. F. Rickles or the J. L. Randal farm five miles east of Brownfield. Many people are admiring this pumpkin, and we have yet to hear the first man say he had seen a larger one, and we have some people here that have been around some.

In connection with this big pumpkin, Mr. Randall and clerks have originated a very unique Halloween display in the show window. There is your shock of corn and melon vines around, and to one side is another pumpkin, much smaller than the center piece, with the usual eyes, nose and mouth of the witch right, which glows from an electric light bulb at night. Then the borders are decorated with paper bunting of the owl, black cats and witches.—Brownfield Herald.

Rev. and Mrs. B. N. Shepherd, the editor, and Mr. and Mrs. E. I. Hill, Jr., were visitors to Brownfield Sunday. The preacher and the editor spoke in the Baptist church at night in the interest of the 75 Million campaign.

New names are being added to our subscription list every day. If your neighbor is not a subscriber to the News hand him your copy after you have read it. He might decide he wants the paper.

ONE IN TEN
Neglecting a little wound, cut or abrasion of the flesh may in nine cases out of ten cause no great suffering or inconvenience, but it is the one case in ten that causes blood poisoning, lockjaw or a chronic festering sore. The cheapest, safest and best course is to disinfect the wound with liquid Borozone and apply the Borozone Powder to complete the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 20c and 40c. **TAHOKA DRUG COMPANY**

Cramping Spells

"FOR MORE THAN A YEAR I had been in a very bad condition," says Mrs. R. E. Kimbrell, of Route 1, Dorchester, Texas. "I suffered with cramping spells which gave me bad pains in my back and sides. Sometimes I would have to catch at something, I would get so suddenly dizzy. . . I had to quit doing my work. I tried many remedies, but none of them seemed to do me any good.

"In April I went up to Arkansas to visit my sister. . . She said to me, 'Willie, if you are going to take anything, take Cardui. It will really help you.' I came home and told my doctor what she had said and he said I could not take any better tonic, so my husband immediately got me a bottle and I began it. . . My case was a pretty tough one, I know, so I kept on faithfully. After the fourth bottle, I began to feel very much better, so much so that I was surprised at myself. I have taken six bottles now and I can truly say I feel like a different woman. . . I feel fine and I owe it all to Cardui, which I took faithfully."

Herald Achieves Much In 15 Years

The Terry County Herald, of which A. J. "Jack" Stricklin is editor, has achieved a great deal in the past fifteen years. The Publishers' Auxiliary of Chicago recently published pictures of Stricklin's plant in 1909 and as it appears today, and had the following to say:

"Starting a newspaper in a town some one hundred miles from the nearest railroad, in a county which offered a probable circulation of one thousand, with a George Washington hand press and a 'shirt-tail full' of type, is one of our definitions of real optimism. But that's what A. J. Stricklin of the Terry County Herald Brownfield, Texas, did back in the summer of 1909. That his faith in Terry County and Brownfield was justified is easily seen from the above pictures of 'then' and 'now'.

"The Terry County Herald was started off as a four-page, five column paper, but now Mr. Stricklin says, is never issued under eight pages, six columns, and the county has increased until it has a population of some 10,000. The new plant is equipped with a modern cylinder, jobbers, all individual motorized, a typesetting machine and other equipment to match."

VISITING PREACHERS FILLED BAPTIST PULPIT SUNDAY

Rev. John P. Hardesty, pastor of the First Baptist Church of Slaton, and Rev. C. E. Ball, pastor at Brownfield, spoke at the Baptist Church Sunday morning in the interest of the 75 Million campaign. The five year period included in the campaign will close within a few days, and Baptist leaders are now making the last drive to successfully conclude the campaign. During the preceding four years of the campaign, about \$52,000,000 have been raised for the purposes fostered by the denomination, including foreign missions, home missions, state missions, education, hospitals, and other benevolences. The effort now is to raise the remaining \$23,000,000 throughout the territory of the Southern Baptist Convention. As a result of the meeting here Sunday about \$447.00 was pledged.

NOTICE FOR SALE

Notice is hereby given that on Monday, November 17, between 10 A. M. and 4 P. M., I will sell at public auction, for cash, at the Lewis Wagon Yard, one little black mule, weight about 750 pounds, no brand, rope scar around neck, found running at large within the city limits of Tahoka and by me impounded as the ordinances of said city require; the proceeds of said sale to be applied as provided by the ordinances of said city.

J. D. Brewer, City Marshal.

ANNOUNCEMENT

The Connell-Chevrolet Co. is now open for business with a few latest models of the Chevrolet. The public is cordially invited to visit our show rooms at any time to inspect our cars. Located on the west side of the square, Phone 198. Connell-Chevrolet Co.

HALLOWEEN PARTY

Oct. 31st, Halloween was the occasion of much fun when the 1924 Bridge Club entertained with a party at the home of Mr. and Mrs. Tom LeMond.

The way was rough and awake leading into the house which was appropriately decorated for the occasion. Goblins, spooks, spirits, witches and black cats reigning supreme. The witch in the corner told each their fortune, good or bad. Various "stunts" were pulled off giving zest to the occasion.

All were in masks and prizes were given for the best costumes which were varied and suitable for the occasion.

In awarding the prizes D. W. Gaigmat was given first prize, being dressed as a typical southern gentleman, for the men; and Mrs. Lee Wood, who was dressed as an Indian squaw for the ladies; while the honorable Mayor, Dr. J. R. Singleton, came in for consolation prize and according to the judges the Doctor would make as good a clown as he does "A Tooth Carperiter".

Mrs. Sam Sanford was given the Consolation prize, being dressed as an Indian.

Quite a lot of fun and excitement was caused when Mesdames Henderson and Tunnell showed their ability as hypnotists.

Refreshments of hot chocolate and doughnuts were served. The allotting of partners for the refreshments were made by the matching of different cuts of apples, creating lots of fun and amusement.

The thanks of the entire party were given the club and Mr. and Mrs. LeMond for the very enjoyable evening.

MISSIONARY WILL PREACH AT BAPTIST CHURCH SUNDAY

Rev. W. F. Markham, the new missionary of the Brownfield Baptist Association, will fill the pulpit at the Baptist Church next Sunday morning in the absence of the pastor, Rev. B. N. Shepherd, who will be in Slaton to fill an engagement there.

There will be no services at night, and many of the members no doubt will avail themselves of the opportunity to hear the new Methodist pastor.

The LYNN COUNTY NEWS

WHEN YOU KNOW ANY LOCAL NEWS--We want it

To Hold Kitchen Improvement Contest

This year, as in the past three, every rural woman in a County having a County Home Demonstration Agent will have an opportunity to take part in the state, district, and county Kitchen Contest. This contest carried on from year to year by the Dallas Semi-Weekly Farm News and the extension Service of A. & M. College has aroused a great deal of interest throughout Texas and hundreds of women have learned how to save labor, and time, strength, and health as well as money in this way.

If you are going to make any improvement in your kitchen between now and April of next year, even if only to paper it, stain the floor, or put in a new window, I shall be glad to tell you all about the contest. Already several women in Lynn county have shown their interest and we hope there will be many more. Anyone who is building a new kitchen has the same opportunity as one who is remodeling an old one. See or write me right away and I shall be glad to explain about the prizes, rules and everything about it.

Yours truly,
Millie M. Halsey,
Co. Home Dem. Agt.

CARD OF THANKS

We desire to thank our friends and customers for their liberal patronage during the time that we have been operating the City Bakery. Our successors, Mr. and Mrs. O. B. Adami, are thoroughly competent to render the public excellent service, and we ask for them a continuation of your patronage. Again we thank you.
Henry Reimers and Family.

DALOU FOLKS INSPECT CHURCH

Rev. H. M. Summers and members of the building committee of the Baptist Church at Dalou were here Tuesday inspecting the new Methodist Church at this place. They are preparing to build a new house of worship at Dalou and are inspecting a number of church buildings before adopting plans for their edifice.

A very disagreeable sandstorm beset Lynn county Thursday.

Don't forget to pay your subscription to the News.

Twelve Births Recorded With Clerk

The record of twelve births has been filed with the county clerk since the publication of our report last week. Some of these occurred early in last month, however. The record is as follows.

- Mr. and Mrs. A. B. Vaughan, Oct. 2, a son.
- Mr. and Mrs. D. B. Ballew, Oct. 3, a daughter.
- Mr. and Mrs. Dan Carpenter, Oct. 11, a son;
- Mr. and Mrs. C. C. Leeper, Oct. 12th, a daughter.
- Mr. and Mrs. E. A. Lackey, Oct. 21, a daughter;
- Mr. and Mrs. J. T. Johnson, Oct. 24, a daughter;
- Mr. and Mrs. J. V. Jolly, Oct. 24th, a daughter.
- Mr. and Mrs. B. H. Jones, Oct. 25th, a son;
- Mr. and Mrs. Julian Belgado, Oct. 27, a daughter;
- Mr. and Mrs. L. R. Bartley, Oct. 29, a daughter,
- Mr. and Mrs. L. C. Johnson, Nov. 2, a daughter;
- Mr. and Mrs. T. A. Bounds, Nov. 3, a son.

TEN YEAR OLD BOY PICKS 300 POUNDS

Doyle Terry, 10 years old, son of E. B. Terry residing in the Lynn community, is some cotton picker himself. He picked 300 pounds one day last week and 271 pounds the next day. We claim that is fine for a ten-year old boy. At that rate he could pick a bale a week and take the entire day off on Saturday. Who can beat this record?

Water Pumps Itself

An Oregon mine, well up in the mountains, has taken advantage of its location to pump the water out of its galleries, though its mean depth is about 600 feet, without any cost save that of installation. The water literally pumps itself. The secret lies in the fact that the mine location is such as to make possible the construction of a power flume, carrying the water off into one of the nearby valleys and giving a 1,500-foot head. Once the thing is started, it runs on indefinitely, the power from the flume being ample to run the mine pump.—Scientific American.

TAHOKA BOY WINS HONORS

"Edwards stars as substitute" was the big head line appearing over a news story in the San Antonio Express recently in which his splendid work in a football game between the Schreiner Institute team and the San Marcos Lobos was recounted. "In the fourth quarter, Edwards, a substitute, returned a punt 56 yards for a touchdown and on the third play afterwards ran 64 yards for another touchdown, setting a record for long runs on the local gridiron," says the Express.

The Edwards referred to is A. P. Edwards, son of Mr. and Mrs. Jack Edwards of this city, who is a corporal in that institute.

His friends here are delighted at

the fine record he is making for himself and his school as a member of the Schreiner football team.

NOTICE FOR BIDS

Notice is hereby given that sealed bids for a depository for the school funds of the New Lynn Independent School District No. 1, of Lynn County, Texas, will be received up until 3 o'clock Tuesday afternoon, November 11, 1924. All bids must be in the hands of I. A. Shattuck, Secretary of the School Board, by that time, at which time all bids will be opened in the presence of the board in regular session.

DO YOU LIVE ON THE STREET OF RENTED HOMES?

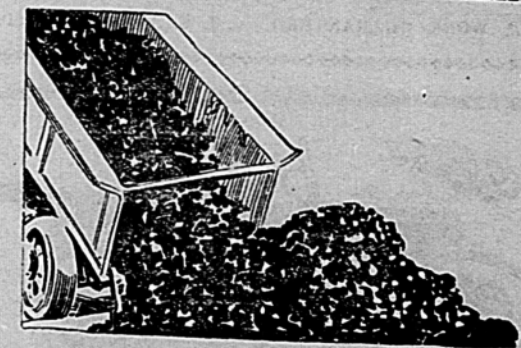

The longest street in the world, it has been said, is the Street of Rented Homes. This street is built up of 12 million dwelling places of 12 million families." It is a strange street of transients; of restless folks tiring of one habitation trying another and bound to none.

Buy yourself a home. Then you'll make your wife and family happy. In the meantime, you'll breathe freer, in that you will be independent. Stop buying your house over and over or your landlord. Even if you haven't the ready cash, arrangements may be made with a building and loan association or bank for financing.

See us so that we can furnish the materials for YOUR "HOME" and arrange to move from the Street of Rented Homes to "Home Owner's Row", Happiness Square.

We have just received a number of the very latest plan books and will be glad to help you select the one for your family.
