VIVATION TO SOUTH-PLAINS FAIR AT LUBBOCK

Fair Will Be Held Three Days, on September 28-29-30th.

THE GOOD PEOPLE OF THE SOUTH PLAINS:

As president of the South Plains Fair, I wish to announce that the 22 exhibit will be held at Lubbock, September 28-29-30, and to extend to who may attend a hearty welcome.

The fair association covers all the counties of the South Plains, and was organized primarily to promote year year the interest of the entire district. It is your fair. You are cordially invited to attend it.

The fair management has worked hard this year to make the fair bigger and better than ever. Lubbock citizens are donating money by the thousands in order to enlarge the facilities of the fair and make more room for a larger attendance and exhibition coming from the neighboring counties. There will be many happy surprises at the agricultural exhibits people who "never dreamed we could grow such crops during a dry year." The people will ask "how" was done, and they will learn. They will be educated in the industrial pursuits of their country, and make better citizens.

There will be many amusements at the fair, and those who attend will be entertained as well as educated. A number of free attractions will be offered, such as music, fire works, parachute jumping, thrilling aero plane stunts, etc. The Lubbock Chamber of Commerce will give away each night a beautiful diamond ring as a fair souvenir. A chance at it costs nothing. (Rings are now on display in show windows of Helber's Jewelry store in Lubbock.) An amusement company will also be on the grounds furnishing all the fun you want to pay for. The fair association's written contract with this company is that they will comply with the law, permit no gambling devices, and be subject to the supervision of three fair directors.

The directors of the fair hope to make it clean and attractive, and conduct it on a basis so that it will grow and be a valuable institution in the advancement of the country's welfare. You are heartily requested to attend the fair, and solicited to make it an annual event worthy of civic pride and progress of the great South Plains.

Respectfully,
E. L. KLETT,
President.

A searching party was formed here Tuesday and Wednesday to try and locate the whereabouts of Mr. J. E. Stokes, who has been missing from his home here since Sunday morning.

Late reports state that he has been found in El Paso.

Mr. Stokes left no word with his immediate relatives or friends as to his intended destination upon his departure, thus considerable uneasiness was experienced as to his safety.

That he has been located and is alive and well, was the good news received here Wednesday afternoon.

This is the second rural school building being erected in Lynn county. Draw is now completing a new interlocking tile structure.

ONE INCH RAINFALL

Lynn county was the recipient of a good rain last Sunday, beginning about 3:00 A. M., and continuing at intervals for several hours. The local gauge registered one inch. It is stated that the eastern portion of the county received almost double this amount of moisture. The rain will be the means of producing many hundreds more bales of cotton in this section.

Lee Baldrige returned to Abilene Sunday, where he will resume his studies in Draughon's Business College.

Curley Gamble of the Quality Filling Station is very anxious that this place, Tahoka, and Post, Plains, Tatum and Roswell line up to put markers on the highway. He believes the garages of the several places would do most of the marking themselves, but that other business would be willing to do their part. He maintains that the cities north of here, such as Clovis, Hereford and Amarillo have a representative in Roswell to tell the people that our roads are impassable and that they had better go to the north of here, and of course thru the above named towns.—Brownfield Herald.

Tahoka will go her part on the above mentioned signs. Our garage men are alive and up to the minute, and other business firms will help on this proposition. Come over Brownfield, and start something.

Miss Ruby Davis went to Clarendon Monday where she will attend Clarendon College this year.

Come out and enjoy the evening and at the same time help the local band boys. Tahoka will soon be able to boast of the very best concert band in west Texas.

A CORRECTION

An error was made in the advertisement of Craft's Tailor Shop running in the News recently. Our figures gave the price of cleaning and pressing at \$1.75, when it should have been \$1.50 for cleaning and pressing. The News is always willing to make any correction when it is at fault.

BROWNFIELD BAPTIST ASSOCIATION A SUCCESS

The meeting of the Brownfield Association, which met with the Baptist church at O'Donnell, the 6, 7 and 8th of this month, was in every way a success. There were messengers present from over five counties. We were rejoiced to see the optimistic spirit that seemed to fill every heart. There was a little lack in the gathering in of the finances, which will be amply taken care of at our Workers' Council, which will meet with the good people of Slaton, September 26th. Lets all be there and help make it a great occasion. The re-election of our Missionary, J. F. Curry, was without a dissenting vote.

Plans were made for the ensuing year that we believe will take care of all our Masters work in a good way.

The people of O'Donnell entertained us in a most royal manner, notwithstanding the great number that came they showed themselves fully equal to the occasion. We will not soon forget the way in which they opened their homes and hearts to us. We feel that our lives will be better by having met with them, not only the Baptist, but people of other denominations received us with open arms. Now, for a united pull together, heart to heart and hand in hand that this incoming year may be the greatest year in our lives.

This section of the South Plains experienced a sudden drop in temperature from Saturday until Monday morning, when the therm ometer dropped from 94 to 58 in the shade.

The rain Sunday was accompanied by a cool northeast wind, which was the cause of the sudden change in temperature.

There were a number of overcoats in evidence on the streets of Tahoka Monday morning.

SOMETHING MORE THAN A MATTER OF MONEY

Banking service is based on sound business principles; no bank can prosper except as its patrons prosper.

But in this bank we try to take a broader view of service than that; service that has been a dominant factor in this bank for so long that we look upon it as something more than a dollars and cents matter.

Advertising Gets the Bacon

Sixteen years ago the average American family spent 43 percent of their money for food. Today they are spending 28 percent. What made the difference? Flivvers, silk stockings, movies, fine shirts and such.

In former years people liked good things to eat, but advertising and keen merchandising has made them want swell clothes, gasoline buggies and a thousand other things. To get these things they want, they spend less on what they eat.

The remedy is for the grocer—make folks want to eat—make them have an appetite for good things they had not thought of—advertise.—Radford Grocery News.

In addition to having your automobile insured against theft, every owner should have a few private marks or brands made on various parts of the car, in places the thieves might overlook, so they could assist the officers in identifying their auto in case it is stolen.—Exchange.

A small portion of grass just north of the city limits was destroyed by fire Friday afternoon. The flames were soon extinguished by several of our citizens armed with brooms.

Advertising

Here is a convincing proof that the local merchants who do live advertising thereby protect their field against inroads from the big mail order houses.

Herman Rosenfeld, advertising manager for Sears, Roebuck & Co., is quoted in the current number of the Fourth Estate as follows:

"We have a bureau whose duty it is to read each week the country newspaper from all over the country.

"There is not a paper of any consequence in our trade territory that our bureau does not get. This bureau looks over these papers and when we find a town where the merchants are not advertising in the local papers we immediately flood the territory with our literature. It always brings results far in excess of the same effort put forth in territory where the local merchants are using the local papers."

LEGION AT BROWNFIELD DENOUNCES KU KLUX KLAN

The William Guyton Howard Post of the American Legion of Brownfield, met August 31, with 80 per cent membership present and adopted the following resolutions:

1. That we will aid and assist in any way possible all religious organizations of Brownfield or Terry county which are for the betterment and uplifting to higher Christian and social ideals.

2. That we stand behind our educational institutions of the community and will legislate for the interests of such institutions to the best of our knowledge and ability.

3. That we denounce the K. K. K. or any organization of their kind who administer justice with a mask on, FIRST, LAST and FOREVER.

Because we believe such an organization to be a disgrace to Americanism; disastrously dangerous to our government; practice things which are directly against the constitution of the United States.

The Free Democracy that is good enough to fight for, is good enough to live by. We fought the Hun that we might have freedom and came home to be ruled by good sensible people in the OPEN, and we do not intend to let justice be handed out by Night Riders behind masks in old Terry.

4. That a copy of these resolutions be placed in the minutes of the organization and that a copy be published in the Terry County Herald.—Terry Co. Herald.

W. M. U. MINUTES OF BROWNFIELD ASS'N.

Met at O'Donnell on September 7, 1922. Opened by singing the W. M. U. song of the year,—"How Firm a Foundation." Prayer by Mrs. Briley. for greater visions and success in the W. M. U. work. The Assembly sang "Stand Up For Jesus". Mrs. J. P. Hardesty read 4th chapter of Philippians, in which is found the W. M. U. watch word,—"I can do all things through Christ which strengtheneth me." Our leader led in a prayer for guidance in the selection of officers for the ensuing year. Local reports were called for. Five W. M. U. reporting better they did last year. Miss Hardesty gave a report of the work at Slaton. Our scholarship girl, Miss Mary Preston, had visited and inspired these young ladies.

Each society renewed their pledge to the scholarship for Miss Preston, the different churches helping she is now afforded music. Motion and seconded we elect officers. Mrs. Jno. P. Hardesty, of Slaton, was unanimously elected president; Mrs. I. S. Doak, of Tahoka, secretary-treas. Mrs. Patterson, of Seagraves, personal service chairman. Miss Ruby Cowan of Brownfield, for Y. W. A. work.

Motion was made on first day of association for full day except during 11 o'clock preaching hour. Yearly financial report is \$2,601.71; local church work overbalancing any other item.

Visiting ladies extended a vote of thanks to O'Donnell ladies for their kind hospitality shown. The O'Donnell ladies organized for work with Mrs. Harubger as president, and Miss Bean Secretary.

Adjournment to meet at Brownfield a year hence.

Always a Safe Guide

Every driver of an automobile knows the importance of keeping on the right road. A wrong turn at a fork will take the tourist miles from his destination—unless he discovers the error and cuts over into the

right road. The church exists as a help in life to every man, woman and child in this community. It helps show which is the turn to make when the sign posts on life's road are indistinct. It also points the correct way when we have taken the wrong turn.

Regular church attendance is the best way to keep in touch with the influence which hold us to the right course.

TO THE GENERAL PUBLIC:

Cotton Farmers, Especially:— We first want to thank you for the patronage that you have given us in the past, and we assure you that this season your patronage will be appreciated to the fullest extent. We realize the high cost of living, together with the short crops, and the unsettled condition generally, therefore it behooves every farmer to get the most out of his cotton possible, and for that reason we expect our work to be our drawing card. We invite you to come and inspect the plant. We have everything in first-class condition. We have installed a new and larger power plant complete and it is in A1 condition. So we thank you in advance for your patronage, knowing that we can give you first-class work. FULLER GIN CO. 521tc Joe M. Davis, Manager.

IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Peden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health:

"Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. That is what I did some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so lifeless I could hardly go at all.

"I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down before I felt like I could lift it to the shelf. In this condition, of course, to do even my housework was a task almost impossible to accomplish.

"I was . . . nervous and easily unset-

I couldn't rest well at night and was . . . just lifeless.

"I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it. . .

"In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest, and much stronger so that I easily did my house work.

"Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness."

The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying. All druggists sell it.

The fear of Jehovah is the beginning of wisdom; and the knowledge of the Holy One is understanding. Prov. 9:10

Help the Mothers

The mother who teaches her children to pray and to read the Bible makes the largest impression on her generation. Modern methods of feeding, of discipline and play are useful, but unless education is built upon

the Book which is the foundation of all helpful living, the training is in vain.

Mothers know this. Rare is the mother who does not pray that her boys and girls shall grow up within the church. She knows the restraining and refining touch of Christianity in times of stress and temptation when she cannot be present.

Let's back up the mothers of this town and help the churches to implant the tenets of religious faith. Go to some church Sunday.

NEWS FROM OTHER TOWNS

Lubbock is to have an Orphans Home, to be built under the auspices of the Church of Christ, and will be known as the Sweeney Orphans Home.

The Brand has been requested to call the attention of the home owners in Hereford to the danger of losing or badly stunting the trees of the city if extraordinary precautions are not taken just now to give them plenty of water. Such an extremely prolonged and hot dry spell has seldom visited this section before and the trees are beginning to show the inevitable result.—Hereford Brand.

On Monday the Post man asked C. E. Alexander how many acres of his cotton it would take to make a bale this year and he very promptly replied, "six and two-thirds." He said he had the thing all figured out and that would be his yield, provided he did not lose a lot of it by wind storm.—Childress Post.

R. E. King, of Southland, Texas, was never in Floydada, nor Floyd county but in the "old days" he carried on his general banking business, borrowing from, depositing with and checking on the local bank without knowing the bank officials nor they him. This was back in the days when everybody was strictly honest; when a wagon full of coal or provisions setting on the prairie was as safe as if housed under lock and key. This incident came to light last week through J. Pat Horton, pastor of the First Baptist Church of Floydada, who spent several days as the guest of Mr. King while conducting a meeting at Southland. Mr. King showed Rev. Horton a number of old papers among which were cancelled notes, checks and deposit slips on the local bank.

The bank in Floydada was the only one in this territory for many miles around and had a patronage from counties far distant. Although Mr. King knew a number of old timers who lived in Floyd county, whom he met at old Emma, then one of the leading trading points in this section, he never came into this county.

The incident illustrates the changes which have come about through the changing years in this section, modern banking methods requiring the closest personal knowledge of the customers' affairs while in those days notes and checks on strangers were as good as though signed by the best-known men in the county.—Floydada Hesperian.

A NESTER'S PRAYER

Lord I am only a nester, a Dallas county farmer. Thou knowest that when wheat was \$2.00 per bushel that I had flour and sugar in the house and cake and pie when I wanted it. I was not satisfied and voted for a change. Thou knowest that I wore a Harding badge and was faithful in all things to the G.O.P. Even so, Thou knowest that I believed in the Dawn of a new Day and the Wool would advance in price; that I would get \$3.00 for wheat and 30c per pound for my pork. Lord two years have gone by never to return and I am too poor to buy the necessary Rockefeller for my Henry, but I still wear the Harding badge, but its now on the seat of my overalls. O Lord, I am thankful for one thing and that is that Harding has been able to make jackrabbits taste good in the summer time. I pray thee that Thou will keep them replenished so I shall not want. I am glad O Lord, that Thou hast prospered the railroads and that they have been able to keep up their freight rates when my corn would not pay the expense of gathering. And I pray Thee that Thou will continue to uphold Mellon that he may be able to collect interest for years on the funds for his own bank account, for it is a righteous cause. Teach me to pray:

"Our Father, who art in Washington, Harding be his name; His kingdom come; his will be done, even to beating the soldiers out of a bonus. Give us each day our daily Cornbread that Wilson tried to make us eat for two years, and Harding had us eating in three months; and lead us not into temptation to vote for a Democrat, for Harding's got all the power; Mellon all the money; Rockefeller all the oil, and me the patched trousers, forever and forever, Amen!"—Ex.

Mr. Albert Curry and sister Miss Frankie, of Lynn County, spent Sunday and Sunday night here, the guests of Mrs. J. W. Welch and family. Miss Frankie will remain here several days, visiting friends, and Albert will return home via Leveland, to pick up his father, Rev. J. F. Curry, who is holding a meeting at that place.—Terry County Herald.

Albert arrived in Tahoka some three days late, having had a serious breakdown with his jitney a few miles out west from Lubbock. He stated it took the mechanics three long days to make the repairs, besides the heavy cost he was out for the work.

 Another knock on the plains coun-

 would not truthfully have made this
 statement about the drouth. The

 the county crops are far superior

 They state that Lynn county has by

When We Choose Friends

"My father would never let me go with any of the girls of the W— family," said a mother the other day. "He would not tell me why, but he refused to let me have anything to do with them."

Parents desire their children to choose the right sort of friends—for much of their education comes from others of their own age.

Experience has shown that the young people who find a common center in the church develop into the substantial element of any community.

Encourage your girls and boys to find friends in church and Sunday school. Set the example by regular attendance in the family pew. Give your children the church-going habit. They will thank you—and you will never regret the hours spent in church.
