

SCHOOL ELECTION IS SATURDAY

O'Donnell High School Bonds Carry; Vote Is 123 To 60

SCHOOL WILL COST \$65,000

O'Donnell Has Good School System; More School Room Is Badly Needed

Bonds for the erection of a new \$65,000 high school building in the city of O'Donnell carried by an overwhelming majority of 2 to 1 in a election Tuesday. The vote was 123 for and 60 against.

The exact location for the new building has not been decided; Superintendent J. A. Rickard told The News over the telephone Tuesday. Peters and Haynes of Lubbock are our architects, and the drawings for the new building are ready. He further offered his services in helping Tahoka put over her bond election Saturday, and warned: "Tahoka had better watch her step or O'Donnell will soon be far ahead of her." O'Donnell's present school plant is valued at \$50,000 and her school is generally recognized as being one of the best in this immediate section. The additional building will greatly improve her plant and enable the school to do a much higher class of work.

O'Donnell has a school faculty of 6 teachers, and 650 students have been enrolled in the school this year. The new \$65,000.00 high school will be modern in every respect. It will be a fire-proof building, contain a large auditorium, a heating plant, a number of class rooms, and laboratories equipped with the most modern apparatus. The present high school building was erected only three years ago.

Eleven Schools Of County To Get Aid

Eleven rural schools of Lynn county will receive state aid, was the announcement made by J. B. McClung of the State Department of Education following his inspection of the schools in this section last week in the company of Judge C. H. Cain.

At total of \$4150.00 was apportioned to Lynn county, which will be divided among the schools according to their greatest needs. Every school in the county applying for aid before last October 10th will receive at least a small amount of aid in addition to the state apportionment.

Mr. McClung stated following his visit that he found the schools of Lynn county in very good condition. Those asking for aid were: Pride, Bar, Draw, Morgan, Joe, Bailey, Edith, Gordon, Wells, Magnolia, New more No. 1 and Newmore No. 2.

Post City Editor Died Last Week

E. A. Warren, editor of the Post City Post, has passed to his reward, the end having come the middle of last week.

Mr. Warren was an old timer in the newspaper game, and has been editor of the Post paper for many years. He has long been a booster for Post, and was always known as a stalwart defender of the right.

Our brother in the newspaper fraternity became seriously ill several weeks ago, and since that time attending physicians had entertained little hope for his recovery. His son, Ed Warren, formerly editor of the Southland News, has been editing the paper during his father's illness and will probably continue in that capacity.

MOCK FACULTY

Students of the High School staged an imitation of the faculty of the Tahoka Public Schools at the chapel exercises Monday morning, thereby creating a great deal of interest among students and teachers. A number of visitors were present at the chapel exercises.

NEWS IMPROVES ITS DELIVERY SERVICE

The News has made arrangements whereby it goes to Post on the Brownfield-Tahoka-Post line car each Friday morning instead of having to take circuitous railway route, and it will therefore reach our many subscribers on the rural routes out of Post a day or two earlier than heretofore. The News constantly endeavors to improve the service to its readers and the advertisers. Suggestions for better service are always welcome.

LYCEUM DRAWS LARGE CROWD

Qualen Company Pleases Audience; Poet Will Lecture Here As Next Number

With the largest crowd in attendance that has yet attended a lyceum number this year, The Qualen Company presented a program last Friday night at the Star Theatre that proved very entertaining and that helped greatly toward bringing the American Legion "out of the hole" on the lyceum course. The Legion's part of the proceeds from the show amounted to about \$65, however they are still \$50 in debt on the course. John Qualen and his sister, Miss Qualen, proved to be entertainers and artist of real ability. "Thunder Mountain," shown by the screen by Mr. English and the Legion, also was a good show, and those who attended the entertainment went away feeling well satisfied.

Members of the Kiwanis Club, together with their wives and lady friends, attended the show in a body following a banquet at the Baptist Church.

The next and last number on the lyceum program for this year will be a lecture by one of America's present day poets, Marshall Louis Mertins, often referred to as "the poet of the commonplace." Mertins will lecture on the subject "The Gold at the Rainbow's End." He uses his poems to illustrate his lecture and he is one of the few men in America today who successfully read their own verse, plays and short stories. For years he has written verse for the Kansas City Star and has contributed to Collier's, Munsey's, the Crowell publications and more than twenty-five other magazines.

Brownfield Assn. To Publish Paper

Rev. B. N. Sheppard was elected editor for a monthly associational paper at the Workers Council of the Brownfield Baptist Association held at the Central Baptist Church Tuesday.

The paper will be five, and possibly six columns, four pages in size, and will be printed on book paper. 1,000 copies of the first issue will be printed. Every Baptist family in this Association, which includes Lynn, Terry, Gains, and part of Yoakum counties, will receive the paper.

Although the paper is to be edited by Rev. Sheppard and printed by The News it will not be strictly a Tahoka institution as it is for the entire association.

Wellington Lang of Walton Kentucky, has sent us the price of The News for one year. He says: "I am the owner of a tract of land in Lynn County, and wish to keep in touch with news concerning land conditions in that part of the state."

MANY ATTEND CROWLEY CASE NEARING END

Attendants Content At An End; Banquet Is One Of Year's Features

It was a great feast which the Kiwanians enjoyed in the Baptist Church basement last Friday night. The viands were prepared by the ladies of the Baptist Church and they fully maintained their reputations as cuisine artists. The feast was spread as a result of an attendance contest between two opposing sides into which the Club had been divided. It was understood that the losing side should do the entertaining. Buck Briley and L. C. Haney were the captains of the opposing sides, and Buck and his crowd had to pay for the fun, and so it was no small crowd present. A few invited guests were also there.

Prof. A. B. Sanders of the Briley faction acted as toast master and Prof. J. B. McClung of the office force of the State Superintendent of Public Instruction at Austin, who was present as the guest of Judge C. H. Cain, made the principal address of the occasion. He highly entertained the merry-makers for about fifteen minutes with his wit.

OIL WORKERS FISHING

A crew of several men of the Hart Oil Company are now reported to be fishing day and night for the lost bit in the well west of town, and they are expecting to get it out at any time. Mr. Hart, promoter of the wildcat well is here himself this week.

CROWLEY CASE NEARING END

Lawyers Arguing Brownfield Case As News Goes To Press; Court Room Crowded

As The News goes to press the lawyers in the Crowley case, in which J. P. (Perry) Crowley is charged with the murder of A. E. (Alec) Hock in Brownfield on the night of July 27, 1924, are engaged in a bitter verbal battle.

The case opened here Monday, all day Monday and half th day Tuesday being taken in the selection of the jury from a special venire of 100 men. The examination of witnesses got under way Tuesday afternoon and continued throughout Wednesday. The argument of the lawyers began shortly after eleven o'clock this morning, and it is expected, the case will be left in the hands of the jury late this afternoon.

The killing took place on the streets of Brownfield on the night following the last primary election. Hock and several associates, opponents to the K. K. K. were rejoicing over the outcome of the election, and it is said, while thus celebrating an argument arose between Hock and Crowley. The two went together in a fight the result of which was the death of Hock. Crowley is alleged to have used a knife in the affray, and claims self defense against Hock, whom Crowley says was using a pair of "knocks." Crowley was indicted for murder by a Terry county grand jury following the killing and the case was brought to Tahoka on a charge of venue because of lack of court

(Continued on Last Page)

IS TAHOKA TO KEEP PACE WITH HER MANY NEIGHBORING TOWNS?

AN EDITORIAL

Is Tahoko to keep pace with her sister towns of O'Donnell and Wilson?

That question is to be decided, to a great extent, in the school bond election to be held here Saturday of this week.

Tahoka has a much larger and a much richer school district than either O'Donnell or Wilson. Tahoka's school has 706 students and a plant valued at only \$45,000.00. Wilson has 309 students and a school plant valued at \$53,000.00. O'Donnell has a \$50,000.00 school building at the present time, built three years ago, voted bonds Tuesday for an additional \$65,000.00 school building, and has a school enrollment of 650.

The rural districts of Wells, New Home, and Draw have over half as much invested in school buildings as Tahoka.

O'Donnell, Wilson, Seagraves, Brownfield, Slaton, Post, Snyder, Midland, Ralls, Crosbyton, Lamesa, Southland, Hermligh, Roscoe, and Loraine all have school buildings better than Tahoka's, and some of them have over four times as much invested in schools as Tahoka.

Are our children as good as the children of these towns? Do our children deserve as good schools and as good an education as the children of these towns? It's up to the voters. If they want Tahoka to keep step with the neighboring cities, towns and villages, bonds must be voted for a new \$100,000 school building Saturday.

NEWS PRINTING YEAR BOOK FOR HOME CLUBS

The Women's Home Demonstration clubs of Lynn county, under the direction of Miss Millie M. Halsey, are having a year in addition to much other office this week, which is to contain a list of club members, meeting times and places and programs for the entire year, in addition to much other valuable information. The book will contain between 30 and 40 pages and will be paid for by the club women, each paying a small amount for her individual book. The books will be ready for delivery next week, in spite of the fact that only a few days time was available in which to get out the job.

\$100,000 H. S. BLD. PROPOSED

Voters Urged To Go To Polls Saturday and Use Their Rights To Vote

Whether or not Tahoka is to have a new school building for next year will be determined in the election called for Saturday of this week. The proposed building would cost \$100,000.00.

The building now in use is badly overcrowded, and judging from the increase in number of students in the past years, more room will be absolutely necessary by next year, school authorities say. The heating facilities of the old building are poor and inadequate, and the children have had to suffer this winter on this account. This lack of room and heating facilities is very detrimental to the efficiency of the school.

Mr. David S. Carle of Abilene, architect for the proposed structure, was here Wednesday and presented the plans to the board of trustees. A perspective of the building is now on display in the show window of Thomas Bros. Drug Store, and any one wishing to see a blue print of the tentative floor plan may do so by calling at the office of J. S. Weatherford in the court house. Below is some information as to the structure of the building furnished by Mr. Carle:

- #### Building Proper
1. Fire proof.
 2. Re-inforced concrete structural frame and floors.

(Continued on Last Page)

Fire Truck Will Be Here Next Week

The new \$6,500 city fire truck will be here some time next week, according to Mayor Singleton. The truck is to be of the very latest type and equipped with the best and most modern of fire-fighting equipment. The city last week purchased an additional 1,000 feet of new hose for the truck. A new street grader was also purchased.

Information was received this week by the city to the effect that the water bonds will be approved by the Attorney General.

Car Is Wrecked Here Last Sunday

A car in which four boys were riding was overturned on the street leading to the Libbock road Sunday afternoon and was almost completely demolished. The boys were said to be driving rather recklessly when the accident occurred, and they lay the blame on no one but themselves. None of them were seriously injured. Those in the wrecked car were J. B. Walker, Jr., Bernie Callaway, Arville Millman, and Whittington.

The News accidentally and unintentionally committed a great crime last week, by not announcing to the public the arrival of a daughter to Mr. and Mrs. L. L. Sone. The baby and mother are at Slaton, and both are reported to be getting along fine. The daddy of the youngster is back at his work at school and greets everyone with a smile that reaches from ear to ear.

Rain Amounts To Nearly Half Inch

Rain amounting to a little better than .40 of an inch had fallen up until noon Thursday according to the News' rain gauge. The rain began falling Wednesday morning and has continued in a slow drizzle up until our going to press today. Farmers and business men of the county are elated over the precipitation, but the country is in need of much more rain.

LEGION PLANS BIG CONTEST

Enlisting New Members; Enjoy Oyster Supper At Cafe; Plan Banquet

(By a Legionaire)
The Marion G. Bradley Post No. 250 of the American Legion held a business meeting Thursday night at the Court House. At this time two captains, Mr. D. H. Goddough and Jim Kendricks, were chosen and the members divided into two groups for a membership drive. Each side is off to a flying start, and who wouldn't be, for the side which is able to rope in the most new members will be treated to a real supper four weeks from the starting date by the losing side. The gate was thrown wide open and the boys told to go get 'em. Just which side is ahead to date is not known, but it is reported that many old boys have responded to the urging of some friend and all is well.

Much interest was shown in the drawing for the proposed home of this Post that the boys are planning on building in the near future. A questionnaire in regard to what each legionaire wants in the way of a home for our Post is being prepared and will be mailed out soon to each member. The committee is anxious to get each one's views on the subject. Following the meeting in the county Court room, the boys made their ways toward Jake Leedy's cafe, where a real treat in the way of one of Jake's famous oyster suppers awaited the onslaught. The Schroeders Wilson Sandstormers were on hand to make merry with music, and it didn't take long for the boys to decide they were the best anywhere around. In order to keep them, the Legion adopted an orchestra as the official music makers. It is rumored that the "Old Gray Mare" will put in her appearance soon.

Let's get behind our Post and make it the best one anywhere. Remember the "Old Gray Mare" and Guy Parree in 1927.

Huge Motor Caravan To Pass Thru Here

A motor caravan of at least 300 cars will pass through Tahoka on June 9 or 10 en route from San Antonio to Denver via the Glacier to Gulf highway to attend the International Rotary Convention which meets in the latter city June 14 to 18, according to advice received by The News this week from D. E. Colp, manager of the highway.

The caravan will be accompanied by a 20-piece Mexican band, and after the convention the travelers will attend the West Texas Chamber of Commerce meeting in Amarillo on Monday, June 21.

Citizens of Tahoka will be invited to join the caravan on the trip to Denver and the C. of C. convention regardless of the fact that there is no Rotary Club here.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

We had hoped that Mrs. Ferguson would not again be a candidate for governor. Her candidacy for a second term means that there is to be a continuation of the bitterness and acrimony that have characterized Texas politics the past few years. Her election year before last in the face of such unprecedented odds should have been "vindication" enough for her and her husband. Whether or not she has made a good governor depends largely on whether you were for her or against her in the primary elections of 1924. Her pardoning record will perhaps militate to some extent against her in this second race. She has granted many pardons, and a few of them at least subject to criticism. She made a number of serious mistakes in her appointments, two of which have been accentuated by the highway scandal. She also made a serious mistake in favoring and approving the so-called "search and seizure" law, which has greatly hampered officials in the enforcement of the liquor laws and which will interfere occasionally with their enforcement of other laws. Aside from these mistakes her administration has been good. It has not merited the criticism that has been continuously heaped upon it. Much of this criticism has arisen from hatred and malice as deep and as black as the abysses of Gehenna. We have defended the Fergusons against these bitter and unmerited attacks. But we believe that they could have rendered the state of Texas a greater service by retiring now from the political field than they could render if Ma should again be elected governor. We had hoped that for the sake of Texas they would retire. They have refused to lay down the sword, and the warfare will now be resumed with increasing vigor.

The big fight is again on. Mrs. Ferguson announced in the Sunday papers that she would again be a candidate for governor. Dan Moody's home people met at Georgetown Tuesday and put him in the running. Lynch Davidson has been a candidate ever since the last primary and he will make his opening speech on March 13. It is unsafe to make political predictions but nearly everybody exercises his American privilege to do so, and we are going to do that very thing. Dan Moody and Mrs. Ferguson will be in the run-off and Dan Moody will win. Lynch Davidson will be far in the rear in the first primary, according to present surface indications. He has stated that in his opening speech he will spring an issue that will make the highway scandal

pale into insignificance. We have no idea what the ex-lieutenant governor is driving at, and if he makes good at springing a big issue he may get more votes than now seem likely. But Lynch Davidson is not a big man. He merely represents the big interests in this state. He is not an engaging speaker. He can not deliver the goods on the stump. Jim Ferguson is one of the best campaigners Texas has ever produced, and he will be on the stump almost continually in defense of Ma's administration and appealing to the voters to give her a second term. And when Jim makes a speech the boys throw up their hats. Moreover Dan Moody promises to be one of the most powerful political figures that appeared above the horizon of Texas politics in a generation. His rise has been meteoric. He is a brilliant lawyer. He is a splendid orator. He has a clean record. He has made good in every position which he has held. He is perhaps the most popular man in Texas today. The race will be between him and the Fergusons, and it will be one of the most spectacular and hectic that Texas has had since the great Hog-Clark fight. And after January 1, 1927, it will be Governor Dan Moody.

There is a bunch of malcontents, raiding principally in the north-eastern states, who are just now busy raising a great hullabaloo about the non-enforcement of the Volstead law with the hope of getting it modified so as to permit the sales of light wine and beer. To so modify the law would be almost as bad as repealing it outright, and these gentlemen will never succeed in accomplishing their full purpose. Their continued agitation can have only one effect, and that is to cause Congress sooner or later to tighten up a bit on the illegal business and make the penalty for a violation of the law more severe. The American people will never consent for the open saloon to return, whether it be a beer saloon or a whisky saloon. The evil effects of the sale and use of alcohol become more and more apparent with every passing day. Perhaps half of all the automobile wrecks in the country are due to whisky or some of its sloopy imitations. A large per cent of the homicides in this country are traceable to the same cause. To permit the reopening of the beer saloons where the men and boys can line up at the bar and get drunk at will and then undertake to drive their automobiles up and down the public highways would bring about a condition in this country that would be calamitous. Gasoline and liquor can not ride together safely in the same car. Every effort should be made to further curb the sale of the poisonous stuff rather than legally permitting the sale of it. These New Jersey and New York gentlemen had just as well be advocating the return of the institution of human slavery, the reestablishment of the Louisiana lottery, the lawful operation of public gambling houses the establishment by law of the Spanish bull fights, or the setting up of amphitheatres in every hamlet and town in this country where the bloody gladiatorial contests of ancient Rome may be reenacted, as to hope for the return to America of the legalized whisky or beer saloon.

Read the Ad!

If Tahoka is willing to spend the money, she can build here a public school system that will be equal to the best. Nothing could be a greater asset to any town than adequate and handsome school buildings and equipment. They attract people to the town. One of the first questions that the prospector usually asks is concerning the school facilities of a town or community in which he contemplates locating. Many good people will move to a town that is noted for its good schools whereas they will avoid the town that is lacking in school facilities. We want to see Tahoka in the very front ranks educationally. Tahoka is going to give orders Saturday to march forward or to beat a retreat. Which shall it be?

Sometime ago a man was peddling eggs at Abilene. Another man said to him, "I haven't the nerve to carry eggs from house to house in a basket." Said the first man, the one with the eggs, "You are a renter, aren't you?" Yes responded the man with the false pride. Responded the man with the egg basket on his arm, "I am not a renter, I own a section of land and I made my money by attending to details. I was a poor renter, too, one time, but found that the egg basket would assist me in buying a farm. And I have none of the false and foolish pride about marketing the eggs. The business man sells his products when he can to whom he can. He sells a lot of nickle articles too." The renter walked away and remarked as he went "I guess you are right."—County Agent Taylor county in Merkel Mail.

The "flu" epidemic which has been sweeping this part of the state caught the editor in its tide. For practically all the week he has been confined to his room and the paper this week is gotten out by the shop force almost entirely without his aid except for the writing of a few editorials. So, if the paper is better this week than usual, you will understand that "there is a reason."

Tahoka has a good school. Considering the inadequate building and equipment, she has remarkably good a school. Surely the proposed bond issue will carry next Saturday, but whether it carries or not we hope to see the Tahoka schools in time become the very best in any small town in this part of the state.

A number of Tahoka people attended the Workers' Conference of the Brownfield Baptist Association held at Central, eleven miles east of this city, on last Tuesday. They report a most enjoyable program.

Mr. and Mrs. G. E. Lockhart, formerly of this city, have just recently moved into their elegant new home on Broadway in Lubbock.

DANDRUFF
CAUSES THE HAIR TO FALL OUT—
AND THE HEAD TO BECOME BALD

Dandruff is a germ disease, and known as a scaly form of Tetter, or Eczema. This microbe lives on the oily substance of the skin and robs the hair of its proper nourishment, causing it to fall out and the head to become bald. Get rid of dandruff before it is too late. Wash the scalp with hot water and soap, dry with a soft towel and apply Hooper's Tetter-Rem (Don't Scratch), rubbing it in well. Then steam the head with hot towels. Ask your barber for Hooper's Tetter-Rem scalp treatment. Hooper's Tetter-Rem is positively guaranteed for all scalp and skin diseases. Two sizes, 75c and \$1.50. Sold and guaranteed by

District Meet At Lubbock Ap. 23-24

By A. W. EVANS
District General

The meet this year will follow the general schedule carried out last year. Preliminaries in Literary Events and in Tennis will both take place as far as possible on Friday afternoon; Literary finals and all Track and Field events on Saturday.

The following events will be provided for:
Boy's Debate, Girl's Debate; Class A-High School Essay; Ward (or Grammar Grade) School Essay, Rural School Essay, High School Senior Boys Declaration, High School Senior Girls Declaration, High School Junior Boys Declaration, Rural School Senior Boys Declaration, Rural School Senior Girls Declaration, Rural School Junior Boys Declaration, Rural School Junior Girls Declaration, Extemporaneous Speech, Music Memory.

Boy's Singles in Tennis, Boy's Doubles in Tennis, Girl's Singles in Tennis, Girl's Doubles in Tennis.

Track and Field Events

Preliminaries in: 120-yds high hurdles, 100-yds dash, 230-yds dash, 440-yds dash, 220-yds dash, Pole Vault, 12-lb Shot put, Discus throw, Running high jump, Javelin throw, Running broad jump.
Finals in: (1:30-5:00) 120-yds high hurdles, 100-yds dash, 1 mile run, 230-yds low hurdles, 440-yds dash, 220-yds dash, 880-yds run, Pole Vault, 12-lb Shot put, Discus throw, Running high jump, Javelin throw, Running broad jump, 1-mile relay.

Winners in each county in each of the above events must be certified to the District by April 12. Blank will be furnished for making such certification upon application to the University Interscholastic League, Austin, Texas.

Send official list of winners from each county to the District General District No. 2, University Interscholastic League, Lubbock, Texas. The

is very important and is absolutely necessary.

The usual cups and medals will be awarded District winners. Every contestant and faculty representative should consult the constitution and rules of the University of Texas Bulletin No. 2521: June 8, 1925, for further information concerning eligibility requirements.

Participants in the meet this year are invited to be the guests of the Texas Technological College. The College authorities are extending a cordial welcome to every school boy and girl in the district to come and enjoy the District Meet and take a look at "Texas' Newest Higher Institution of Learning".

King Urges Less Cotton And More Feed On Farms

Below is the contents of a letter sent a number of Lynn county farmers this week by Robt. H. King, vice president of the Security State Bank. Mr. King is a strong advocate of diversified farming, and the facts set forth in his letter should be a warning to every farmer of this county.

"The 1925 cotton crop has been harvested and is now past history. None of us last summer believed it could yield over 13,500,000 bales; and yet, in spite of a disastrous drought in Central and South Texas, lowering the yield something like a million bales, it amounted to well over 15,000,000 bales. The fact that early freezes turned about 2,000,000 bales of this crop into low grade cotton was the only thing that kept the market from going to 15 cents or pound or lower.

"Every man familiar with market conditions believes that another 15,000,000 bale crop will lower the price to perhaps 10 cents per pound.

"You realized about 15 cents per pound for your cotton in 1925. Have you bought any feed this year, and was it easy to pay for with 15 cent cotton?"

"Then try to imagine yourself trying feed this Fall and Winter with 10-cent cotton.

"We do not advocate raising too much feed in this County; but we do advocate every farmer raising enough feed to run his farm.

"It is a SERIOUS BUSINESS that each of us faces during the year 1926. We appeal to your good judgment to look the matter squarely in the face.

"If you intend to plant enough feed for your own use under reasonable conditions, then we APPEAL to you to use your influence in getting your neighbor to do so. A word from you will help far more than anything we can say."

CLOSE CALL

A narrow escape from serious injury and possible death was had Thursday morning by the occupants of the dental offices of Drs. C. E. Waller and L. D. Stephens in the Warren building. A fool and a gun did not meet on the lower floor and the gun not being loaded was discharged and a bullet crashed through the ceiling, pierced the floor of the dental office, struck the brick wall and was deflected through the ceiling and passed out through the roof. The bullet missed one patient's head by only a few inches. The fool and the gun were not injured and neither were occupants of the office, but the latter was unanimous in the belief that a fool is born every minute to keep his stock supplied.—O'Donnell Index

A just shortage is now threatened. The world's supply in India will fall 2,000,000 bales short of last year. The United States imports about 3,000,000 bales a year.

Expenditures for good roads in Texas in 1925 amounted to \$54,000,000.

STEPHEN HOPKINS, RHODE ISLAND

Many a man's place in history is founded upon a sentence in which he struck the current nail on the head. "Don't fire until you see the white of their eyes," "Give me Liberty or give me death," and "I have not yet begun to fight," have proved the touchstones of undying fame for their authors.

Among the signers of the Declaration of Independence the one hundred and fiftieth anniversary of which will be commemorated by the Sesqui-Centennial International Exposition in Philadelphia this year, was Stephen Hopkins, of Rhode Island, whose remark upon appending his signature to the historic document deserves more fame than it has won.

"Sir, your hand trembles," challenged a bystander, as Hopkins, with unsteady hand, took up the pen to sign the Declaration.

"True sir, but my heart does not," was the reply.

He was nearly seventy years of age, but his answer made no apology for physical disability. That his spirit was indomitable in spite of obstacles is evidenced in the accounts of his life. He was self-taught, but in time came to be Chancellor of Brown University. He was bred a farmer, but served as Governor of Rhode Island for a number of terms.

He did not find public life incompatible with study. He left the farm to engage in mercantile business and surveying the first steps in a career which was to lead him into Colonial prominence.

Being advanced in years during the stirring times of 1773-76, he was able to give to affairs of the Colonies the accumulated wisdom of a man who has passed through strenuous political history. He was a clear and convincing speaker, and used his influence in favor of decisive measures. He was a member of the com-

mittee which drafted the Articles of Confederation.
Hopkin's first public office was that of Justice of the Peace. He later was a member of the Rhode Island Legislature, Speaker of the Assembly, Chief Justice of the Court of Common Pleas, Chief Justice of the Supreme Court, a delegate to the Colonial Convention at Albany in 1754, one of the committee which drew up a plan of union, and, finally, a member of the First Continental Congress.

Many home yards and country roads in Europe are shaded by fruit trees, the law and sense of property rights being strong enough to protect the fruit from theft.

New telephones to the number of 240,000 will be installed in Pennsylvania this year. The Bell Company will spend \$27,225,000 on new lines and equipment.

Tahoka Student At Kansas City Praised By School President

The following is the contents of a letter recently received by The News in praise of the work of Loyd Nowlin, who is attending an automotive and electrical school in Kansas City: "Your readers will be interested to know that Mr. Loyd Nowlin of your community is now attending the Sweeney Automobile and Electrical School at Kansas City, Mo. He has enrolled for the complete automobile and Electrical course and upon graduating will receive the degree of Certified Automotive Mechanic.

The Sweeney School has an international reputation of being the largest trade school of its kind in the world. It was established in 1908 and since that date has successfully taught the Automotive Industry to 60,000 men. It now occupies an entire 10-story building in which its equipment alone valued at \$350,000.00. Some of the special features in this mammoth trade school for the sole use of its students are a dormitory, cafeteria, restaurant, medical infirmary, clothing and drug store, barber shop, sanitary showers, baths, swimming pool and recreation rooms.

Mr. Nowlin says he is well pleased with the Sweeney System whereby he is learning mechanical work by practical work and actual experience under the personal supervision of competent instructors.

"The School is proud of him for he has entered upon his work with a zeal that means success. His willingness to work shows his ambition to make something of himself. It is the guess of the School that he will return to his home community and eventually get in business for himself.

Yours very truly,
E. J. Sweeney, President

West Texas To Stage an Exhibit

Abilene Reserves Space For Sesqui-Centennial Exhibit At Philadelphia

Abilene, Feb. 27—Complete plans for arranging an exhibit of West Texas products at the sesqui-centennial exposition, to be held during the summer and fall at Philadelphia, were made here today at a meeting of Representatives of the West Texas Chamber of Commerce, with C. M. Caldwell, chairman of the committee, appointed by that organization to arrange for the exhibit.

The West Texas exhibit will be located next to that of California and space costing \$17,000 has been reserved. Abilene is the first city to reserve a portion of that space, \$1,000 having been pledged today. Several other cities will be asked to purchase space.

B. M. Whitaker, exhibit manager, will supervise arrangement of the exhibit. The exposition committee has been called to meet here on March 13 when representatives of Eastern rail ways will be here to discuss the matter of rates for a special train, planned to be sent to Philadelphia following the annual convention at Amarillo in June.

THE STATE OF TEXAS County Of Lynn.

To those indebted to, or holding claims against the estate of J. N. Jones, deceased.

The undersigned having been duly appointed administrator of the estate of J. N. Jones, deceased, late of Lynn County, Texas, by C. H. Cain, judge of the County Court of said County on the 28th day of January, 1926, during a regular term thereof, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to him within the time prescribed by law at his residence in Tahoka, Lynn County, Texas, where he receives his mail.

This 24th day of February, A. D. 1926.

A. L. Lockwood, Administrator, of the Estate of J. N. Jones, deceased. 26-4c.

THE ROAD TO HOME

It's just a common country road, Leading who cares where? An old rail fence crawls by its side Fallen here and there. A purple thistle stands as guard Lest strangers venture nigh; A bursting milkweed sends out ships That lazily drift by. A meadow lark calls plaintively, Hid by the tall green grass; A saucy sparrow cocks his head To watch me as I pass. Why is it that I praise this road That looks just like the rest? Because it is the road to Home. That's why I love it best.

Texas lies in the plains country but its tallest mountains, El Capitan, is more than 9,000 feet high.

New Texas Almanac Is Much Improved

Many new features are included in the 1926 volume of The Texas Almanac and State Industrial Guide, published by The Dallas Morning News, which has just come from the press. It is a more compact volume than the edition of 1925. The more basic information is condensed and brought up to date and there is in addition more than 250 pages of entirely new matter.

One of the features of Texas almanac this year is the full text of the Texas Constitution with all amended sections indicated by blackface type, and with footnotes giving dates of all amendments and explaining all changes that have been made since the adoption of the present Constitution. Due to the fact that amendments to the State Constitution are made in the body of the text instead of being amended, as in the case of the United States Constitution, the Texas Constitution is generally published in such a way that amendments are not distinguishable. The new Almanac also carries the full text of the United States Constitution.

Another feature of the Almanac is a section devoted to brief articles on the 576 principal cities and towns of Texas and including all places listed by the last United States Census or having as many as forty listed business houses in the 1925 lists of the chief commercial rating concerns. Chapters on agriculture, minerals, live stock, education, highways, banking, insurance, State finances, etc., are fully revised and brought up to date. There is a complete list of all State officials, boards and commissions, giving names of office holders, salaries, lengths of terms, manner of selection for office and date of founding of office. There are also lists of all county officials and the Mayors of more than 400 of the principal cities and towns of the State.

Other interesting features included a list of principal Texas organizations, with names and addresses of presidents and secretaries, 1926 political calendar, principal radio stations, origins of names of Texas cities and towns, sport records, State foreign trade, utilities, the results of the new agricultural census, complete calendar with supplementary matter for the year 1926, recommendations of the Educational Survey Commission, revised Postoffice Guide, weather statistics and numerous other matters. A revised map of Texas in colors is folded under the back cover.

THE CALL FOR A MAN

WANTED: A man who can find things to be done without the help of a manager and three assistants.

A man who gets to work on time in the morning and does not imperil the lives of others in an attempt to be the first to quit work at night.

A man who is neat in appearance and does not sulk for an hour's over time in emergencies.

A man who listens carefully when he is spoken to and asks only enough questions to insure the accurate carrying out of instructions.

A man who moves quickly and makes as little noise as possible about it.

A man who looks you straight in the eye and tells the truth every time.

A man who does not pity himself for having to work.

A man who is cheerful, courteous to everyone and determined to "make good."

A man who, when he does not know says, "I don't know," and when he is asked to do anything says, "I'll try."

Lost Time is never found again; and what we call time enough always proves little enough.—Ben Franklin.

COME TO LYNN COUNTY

If you want a home in the best cotton county of the South plains, the opportunity is still yours. We can sell you a quarter section, a half section, or a whole section out of

The Famous T-Bar Ranch Lands

at a reasonable price. This ranch lies west and north-west of Tahoka. Part of it has been sold in small tracts and converted into farms. These farms the past year proved to be among the finest cotton lands of the south plains. Lynn county led all other plains counties in cotton production the past year. Notwithstanding the unfavorable weather conditions that prevailed during the summer and in spite of the unusually early freeze in the fall, Lynn county produced nearly 40,000 bales. In 1924, the government report showed the crop to be 38,215 bales. We can sell you land as good as the black lands of central and south Texas at

ONLY \$35.00 PER ACRE

or a little more, depending on location and other conditions. Come and see these lands.

ZAPPE LAND CO.

Tahoka and Wilson, Texas

MARCH 22, 1923

1,000,000

DECEMBER 16, 1925

1,500,000

On March 22, 1923, Buick celebrated the building of the millionth Buick. Approximately eighteen years were consumed in the accomplishment.

On December 16, 1925, Buick reached the million and a half mark. A million Buicks in eighteen years—the next half million in two years and nine months.

At the present time, public demand calls for more than 20,000 Buicks every month. This means the next half million in the hands of Buick owners, within two years.

These bare figures tell a graphic story of Buick's continuous advance in public regard. The great acceleration of demand, at the present time, speaks strongly of the increased value and desirability in the Better Buick.

Leadership belongs to Buick because a nation familiar with many motor cars has given it to Buick.

The American public wants "finer transportation at lower cost", and Buick provides it!

Everything to Build Anything

FOUNDATION BEING RUN FOR NEW HOTEL TUESDAY

One of the newest and most highly improved concrete mixers was received Monday by the contractors for the new Brownfield Hotel, and was put up and given a good limbering up in order to be ready Tuesday morning to mix the concrete for the foundation and basement of the hotel, which will be rushed to completion as fast as skilled workmen can do it.

We learned also that J. C. Bond has taken a lease on the hotel when it is completed. This will be good news to Brownfield people as well as the traveling public for it will be remembered that the old Hill Hotel under his management a few years ago, was built up to give excellent service despite the fact that it was handicapped for room and other modern conveniences.—Brownfield Herald.

Help Keep Taboka Clean!

The BULL'S EYE

Editor and General Manager WILL ROGERS

Another "Bull" Durham advertisement by Will Rogers, Ziegfeld Folies and screen star, and leading American humorist. More coming. Watch for them.

News Taken from the Daily Papers

A headline in the paper says "In their war China won't fight on rainy days." They don't mind getting shot, but they won't get wet.

Imagine a sign as you start to enter China: "RAIN, NO WAR TODAY." If that was the custom in this country, we could prevent all wars by announcing that all the fighting must be done in Portland, Oregon.

Another paper asks, "Where does a Florida Real Estate man go in the summer?" He goes to California to his all-the-year-round home.

A newspaper asks "Why does a President of a concern always talk at the Company's banquets?" It's an incentive to the workers, who say, "If that's all he knows I may be President some day."

Another paper suggests, "The cheapest way to enforce Prohibition is to have everyone that drinks watched." Who is going to do the watching?

An article in a Business Man's magazine inquires, "What business in this country has the largest turnover?" Cucumbers for supper have the largest turnover, with Fords a close second.

The Congressional Record speaking editorially, says, "Bull' Durham is the best Tobacco that ever entered these Stately Halls."

Will Rogers
P.S. There will be another piece in this paper soon. Watch for it.

"BULL" DURHAM
Guaranteed by The American Tobacco Co.
113 Fifth Avenue, New York City

Medicine Peddler Is Found Dead In Car

Dr. Moses of Gage, Oklahoma, an itinerant physician and peddler of patent medicines, died quite suddenly in his car on the road northeast of Mobeetie, Saturday afternoon late. His car was giving him some trouble on account of which he pulled out to the side of the road and stopped. People who were passing stopped when they saw him leaning over with his head resting on his arm on the wheel. The doctor straightened up and said that he was in a mighty bad shape and died. An inquest was held and death from natural causes was the verdict. The body was taken to Canadian awaiting word from relatives. The exact cause of his death is unknown but is thought to be heart trouble as he was known to be troubled with weakness of the heart.—Wheeler News Review.

WILL HOLD REGION FORMAL TEACHER SCHOOL

Canyon, Texas, March 3.—The State Department of Agriculture education does not have sufficient funds to hold its usual state-wide conference of Vocational Agriculture Teachers this year, so it will hold group conferences in connection with Teachers Institutes in various parts of the state.

T. M. Moore, vocational teacher of the High School of the West Texas State Teachers College has received word that one of the regional conferences will be held at Canyon in connection with the Plains Counties Institute, which is annually attended by more than 1000 teachers.

Five half-day sessions will be conducted for teachers of vocational agriculture and the state department will furnish a teacher trainer and supervisor, according to C. L. Davis, director of this division.

GAINES DECLARES WAR UPON PRAIRIES DOGS

Midland, Feb. 28.—War on prairie dogs in Gaines County has been declared by Knox Parr, new agricultural agent stationed at Seminole, the county seat. Parr is making preliminary arrangements to mix a ton or more of poisoned grain. This will be issued to the farmers and ranchers at cost.

Parr, who was employed only a few weeks ago, is already planning to assist farmers in making his section of the county a great producer of feeds and food as well as cotton. Experiments have shown that sections of the rich sandy land of Gaines County are well adapted to corn, fruits and melons.

E. R. Brewer, now of Mansfield, Texas, is one of the latest subscribers to The News.

LYNN ITEMS

Our school will close in three weeks.

Our well proved to be a dry hole. Let's of the Lynn folks motored up to Slaton to see the boys play ball. Pleasant Valley won over us, but they got beat at night. Hackberry won out as champions, and hte Pleasant Valley girls were winners.

The Methodist Quarterly Meeting was just fine. Bro. Stokes surely preached three fine sermons, and got the folks lifted up high. Bro. Dunn preached Sunday on "Tithers," but it is hard to tithe when you have nothing to tithe with.

Our gin will close down this week and we will hear no more humming of the gin until this fall. The town of Lynn will be lonesome for a while and the only excitement will be that caused by the candidates. T. J. Wade is making a great effort to win, and Bill Anderson says he is running for city marshal against T. J. He says he don't have but one plank in his platform, and that is to make all the money he can. We are going to have them speak and give us their platform in full. Both are good men, but they won't go to Sunday School. Uncle Bill Bartley is looking every day for someone to come out against him for mayor. He says if they do he will make it hot for them. They are trying to vote a 50-cent bond on the school district T. J. Wade is for it; Bill Anderson, his opponent, is against it. They want a big brick with a basement big enough for the boys to play hall in. So you can readily see that we have a hot fight. We don't know where Uncle Bill stands, but he will have to take sides. Well, Uncle Shorty Bartley is getting very bad. He has lost all the manners he ever had. He had the nerve to arrest two women for having a few words of some sort. Shorty says they must be quite around town and both men and women must talk low and soft.

As we are in a hurry, we will ring off. Our sick folks are all better at this writing.

—Your Uncle Tom.

NEW ELECTION LAW

Any person desiring to have his name placed on said official ballot, as a candidate for the office of trustee of a common school district or independent school district as herein provided, shall at least ten days before said election file a written request with the County Judge of the county in which the said district is located requesting that his name be placed on a ballot, and no candidate shall have his name placed on said ballot unless he has complied with the provisions of this act; provided that five or more resident qualified voters in the district may request that certain names be printed. The County Judge, upon receipt of the said written request, and at least five days before the election, shall have the ballots printed as provided for in this act, placing on the ballot the name of each person who has complied with the terms of this act and deliver a sufficient number of printed ballots and necessary election supplies to the presiding officer of the election at least one day before the election is held, and the election supplies including the ballots, poll lists and tally sheets to be delivered by the County Judge by mail

or in any other manner by him deemed best, to the presiding officer of said election in sealed envelopes, and said sealed envelopes shall not be opened by the presiding officer until the day of the election.

Midland—A carload of hogs will be shipped into Midland County and sold to the farmers at absolute cost plus the expense of importing and feeding the swine until they are sold. Mr. E. A. Snider, County Agent has the details of this in hand for Midland National Bank and the First National Bank. These high grade gilts are being shipped from Sioux City, Iowa, as a result of the joint Hog Importing Campaign of the Fort Worth Stockyards Company and the West Texas Chamber of Commerce.

CARD OF THANKS

We wish to express our appreciation to the good people who were so kind to us during the illness and death of our little one. Words fail to express our gratitude. May God, in his infinite wisdom, return every blessing two fold.

Mr. and Mrs. N. J. Hudspeth and family

Hereford—Hereford has voted \$67,000 worth of bonds for the paving of some forty blocks in the residential section and the date for receiving bids will be set shortly. Every effort will be made to complete this paving by fall.

Carpenter work and cabinet making jobs done promptly.—H. C. Crie, phone 13.

FOR RENT—Small 4 Room House—See H. M. Larkin.

Mrs. H. C. Harter of Magnolia came in Saturday to take advantage of our clubbing rate with the Semi-Weekly Farm News and to keep the Lynn County News going to their address. The Harters have also been sending the paper to a brother in Rannels county. They not only wish to get the county news themselves but believes in sending the good word about this wonderful south plains country to others.

HE WILL SWALLOW UP DEATH in victory; and the Lord God will wipe away tears from off all faces; and the rebuke of his people shall he take away from all the earth: for the Lord hath spoken it.—Isaiah 25:8

Canyon College Secures Famous Piano-Teacher For Summer

Canyon, March 3—E. W. Grabill, of Los Angeles, one of the best known piano teachers of the United States has been secured by the West Texas State Teachers College to be a member of its faculty for six weeks beginning June 8, 1926.

Already, discriminating musicians from the Panhandle and parts of the state far removed from it are asking for places in Mr. Grabill's classes.

Besides his private pupils Mr. Grabill will conduct two classes one in the Technic and Esthetics of piano playing, the other in Keyboard Harmony. These classes will be open to as many as wish to enroll for them.

Miss Pauline Brigham and Miss Hazel Allen of the Piano department of the Teachers College, are pupils of Mr. Grabill and Wallace R. Clark, head of the department of music, has been closely associated with Mr. Grabill for many years.

Hold Workers Conference At Central

A large crowd of Baptist from all over the Brownfield Baptist Association as well as a number from other associations were in attendance at a Workers' Council held at the Central Baptist Church Tuesday. The meeting was an all day affair, with dinner being spread on the grounds at noon.

The following were numbers on the program throughout the day: Devotional Worship Rev. Graves Darby

What is Evangelism Rev. A. A. Brian

Importance of Evangelism in Our Church and Denominational Life—Rev. Percy Haralson

Sermon Rev. H. C. Draper Lunch

Kindling the Revival Fires in a Church Rev. C. E. Ball

Evangelizing our Associational Territory Rev. J. H. Aree

The Womens Missionary Society also had a program during the afternoon, beginning at 2:30 and lasting until 4:00. The following was their program:

Scripture Mrs. D. D. Odum

Deborah, the Judge and the Poet—Mrs. Earnest Walker

Nami, the Soul Winner—Mrs. W. K. Horn

Dorcas, an Example in Personal Service—Rev. Graves Darby

Among the visiting ministers from outside the Association were: Rev. C. E. Dick, Post; Rev. C. A. Jones, Ragtown; Rev. Percy Haralson, Plainview; and Rev. Shewmake, Post

Local Man Buys Gin At O'Donnell

A deal of considerable importance was made this week when John Hardberger sold his two gins to Mr. Pemberton of Tahoka. The purchaser has already taken charge of the property and will shortly begin overhauling both plants in anticipation of a heavy run this fall.

Mr. Pemberton will move here with his family and he and two sons will have active supervision of both gins. W. H. Harland, who has been with the Hardberger gins for the past two years will remain as head ginner with the new owner.

The Hardberger gins have been popular with the farmers and the new owners will use every effort to keep them up to the standard set by the Hardberger brothers.—O'Donnell Index.

IN THE BEGINNING WAS THE WORD, and the Word was with God, and the word was God. All things were made by him; and without him was not any thing made that was made.—John 1:1-3.

O'DONNELL NEWS ITEMS

(From O'Donnell Index)
Lee Christopher was seen hanging around the county clerks office in Tahoka Monday. Some are of the opinion that Lee was getting up his courage to ask Happy Smith to issue the papers that sometimes gets fellows in lifetime troubles.

District Court being in session in Tahoka this week, a great many of our citizens were in attendance—or were over in Borden county waiting for the grand jury to adjourn.

E. J. Tredway reports that chicken thieves have been working full time these dark nights. He lost his flock of fine cacklers one night last week. R. D. Brookins also lost a bunch of hens the same night. A load of buckshot promiscuously scattered through the anatomy of these night prowlers would have a tendency to make them respect people's hen roosts.

The little child of Mr. and Mrs. Whitmore, who lives near Newmoore, had its hand caught between a door and the facing Thursday evening and was painfully injured. Lon Light brought the child to town and it was treated by Dr. Campbell.

Edward, the little son of Mr. and Mrs. Snyder, who lives on a farm, died Saturday and was buried at the O'Donnell cemetery Sunday afternoon. Eld. W. A. Kercheville conducted the funeral services at the grave.

The parents of the little boy were unable to attend the burial as another child was seriously ill at the time.

J. C. Campbell dropped into our sanctum Saturday just to see that we kept the record straight. Our paper last week stated that C. J. Campbell had renewed his subscription and had ordered the Semi-Weekly Farm News sent to his address whereas it was J. C. Campbell who had done so. The paper had been sent to the proper address, however. Our typewriter just

SIGNS YOU CAN BELIEVE IN

SMOTHERING

Texas Lady Tells How She Got Rid of Her Troubles.

"The first time I took Cardui, I was in an awful bad way," says Mrs. Ora Carlie, R. F. D. 5, Troup, Texas.

"I was afflicted with awful smothering spells. My mother had some Cardui in the house that she was taking, so she immediately began giving it to me. In a few days I got all right.

"Last fall I got run-down in health. I was weak and puny and I began to suffer with... I would get so I could hardly walk. Having taken Cardui before, I sent to the store for a bottle of it.

"Almost from the first dose I could feel the improvement. I am much better now.

"Cardui has helped me a lot and I am glad to recommend it. I don't feel like the same woman I was last fall.

"My appetite is good now, and I'm sure it's Cardui that's made it pick up, for in the fall I had no relish for food at all, while now I'm hungry for my meals."

At all drug stores. C-33

slipped a cog in making mention of the renewal in our columns. Both J. C. and C. J. are readers of the News and both are mighty good men but they are two entirely different individuals and each wants to pay for his own reading matter. J. C. Allen of the Dixie community came in Saturday to renew his subscription and to have us send him the Semi-Weekly Farm News for a year. e is going to get a lot of good reading matter the next year from only two little silver wheels.

Mrs. Roy Todd called in at The News office yesterday and told us to put her name on the list as a subscriber to the Lynn County News and the Dallas Semi-Weekly Farm News.

Neighbors of Hudspeth Help List His Land

A number of the neighbors and friends of Mr. and Mrs. N. J. Hudspeth, who live on the McGonagill farm eight miles east of town, turned out in full force Monday to help Mr. Hudspeth get his land in shape for planting. Imogene, the little five year old daughter of Mr. and Mrs. Hudspeth, died Tuesday of last week, another little daughter was seriously ill, and Mrs. Hudspeth is sick. Seven or eight listers and three stalk cutters were at work on the place Monday, and the family greatly appreciated the act of kindness during their time of trouble.

Geo. Riley of Salem, Oregon, writes The News editor: "Just keep the Lynn County News coming, for you are the only one that writes me once week". Mr. Riley is a faithful subscriber to The News, and though he is now living far away from Tahoka, he thinks he cannot do without the news from this section.

Mrs. J. O. Patterson came in Wednesday and paid up her subscription to The News for a year and took advantage of the combination rate with the Semi-Weekly Farm News. Mr. and Mrs. A. L. Lockwood left Sunday for Hot Springs, Ark., where they will remain for a month or more enjoying that most famous health and pleasure resort.

SICKLY, PEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 55c. Sold by

SCHOOL ELECTION IS SATURDAY, MARCH 6

(Continued from First Page)

3. Exterior walls faced with verifide cream and cast cement stone trimming, backed with hollow tile.
4. Interior partitions made of steel studs, metal laths, and plaster.
5. Interior floors in class rooms, study hall, and auditorium made of clean face maple.
6. Interior trim and the doors will be plain northern red oak.
7. Floors of corridors and stairs will be terrazon.
8. Toilet finished with keen cement plaster waincot. Floors and base of Ohio flint steel.
9. Blackboards slate.
10. Small amount of ornamental plaster.
11. Exterior wood work painted in three coats.
12. Interior wood work furnished in four coats.
13. All walls tinted two coats.
14. Auditorium ceiling and walls given special three coat flat wall paint.
15. Best grade of hardware.

Plumbing

The plumbing will be of the most modern sanitary type, using vitriuous china warf finish. There will be drinking fountains on all floors. There will be two toilets on the first and two on the third floors. Special plumbing will be done in the laboratories with extra heavy lead.

Heating

The low pressure, two pipe system will be used. Steam heat. Steel boiler. Each radiator will have on it a thermostatic valve. The Board is contemplating the use of Oil for economy.

Electrical work

The entire building will be wired for electric lights. The auditorium will have special wiring for the adaptation of its use. Wiring will be made such as will afford the use of a moving picture machine. This electrical equipment will include a program clock of the most modern type.

CROWLEY MURDER CASE BEING TRIED HERE

(Continued from Front Page)

house facilities in that county. A trial of the case here last fall resulted in a hung jury, the jury being dismissed when they failed to return a verdict.

Both of participants in the fight were well known in Brownfield and West Texas, and hundreds of their friends have been here all week, packing the district court room to its capacity.

Judge Clark M. Mullican of Lubbock is sitting on the bench in the place of District Judge Gordon McGuire, who is disqualified in the case on account of having been District attorney at the time the case was tried last year. The prosecution council consists of Judge W. E. Lockhart of Lubbock, District Attorney A. W. Gibson, and County Attorney L. C. Heath; while the council for the defence is composed of Judge V. L. Shurtliff of Breckenridge and Senator W. H. Bledsoe of Lubbock.

KIWANIANS HOLD ATTENDANCE BANQUET

(Continued from First Page)

and humor and dropped a few remarks in favor of the proposed school bonds. Upon request E. I. Hill, president of the school board, gave some facts and figures relating to school finances and the proposed bond issue, after which the company disbanded and went to the Star Theatre to enjoy the picture show and the lyceum number being given under the auspices of the American legion. Tickets to the show were also paid for by the losers in the contest.

Benson Brings In Championship Egg

W. J. Benson, farmer residing seven miles north and one mile west of town brought to The News office today for exhibition, an unusually large egg laid by one of his hens. The egg measures 2½ inches in diameter and has a circumference of 8 inches. Lengthwise, it measures 3 inches in diameter and 9 inches in circumference.

However, the most unusual feature of the huge egg is that enclosed inside the large egg was another egg of average size. The inner egg was discovered when the shell was accidentally cracked in taking the egg from the nest.

Mr. Benson claims to be the champion big egg raiser of Lynn county. This is the largest we have heard of in some time.

Mr. and Mrs. Milton Sanders visited friends and relatives in Slaton Sunday.

Civics Class Doing Interesting Work

The Civics Class of the High School, under the direction of Superintendent Nelson, recently formed a house of the legislator and passed a law, the work being done as a class project to teach the students the methods used in the State Legislature in the passing of laws. Each member of the class was required to write an individual bill.

The class has also been attending, at various times, the murder trial at the court house in their study of court procedure.

Scouts Enjoy Outing In Cooper's Canyon

On the national holiday remembering Washington's birthday, eighteen Boy Scouts and Scoutmaster Lace took a trip to Cooper's Canyon in the breaks due east of Tahoka on the south Post road. They arrived there at about 10 o'clock.

After a short hike they were organized into bunches to seek for Harold Wade, who had apparently been lost during the hike back to camp. Mr. Lace had tricked them in order to teach them to search.

After dinner the boys played "Ambushing the Pioneers" and "Banner". All the larger boys were "banned" but two.

They returned to Tahoka after the games. All the boys had a good time and are looking forward to staying several days there and taking all the flint away from there.—By a Scout.

NOTICE OF ELECTION

By virtue of the authority vested in me as Mayor of the city of Tahoka, Texas, I hereby call an election to be held in the Lynn County Court house on the first Tuesday after the first Monday in April, being April 6th, 1926, for the purpose of electing two aldermen and a city secretary. W. J. Knoy is appointed manager of said election, and he will appoint his judges and clerks and make due report to the City Secretary as required by law.

Given under my hand and seal of office this 1st day of March, 1926.
J. R. Singleton,
Mayor, City of Tahoka
Attest: Chas. N. Tunnell, City Secretary.

Announce Program For P. T. Assn.

The following is the program for the Parent-Teacher Association for Tuesday, March 9th:

Reading—Miss Kathryn Poer
Piano Solo—Mrs. Edwards
A talk on home discipline Mrs. Sanford
Pimnologue—Miss Zura Edward
Public School Health—Miss Fesnet Griffis.

The Parent-Teacher Association is considering meeting at night instead of in the afternoon. All of the members and would-be-members com and signify your desire in this regard. If the programs of the Association do not interest you, please let us know what will interest you and we will be sure and have such a on the program.

Mr. and Mrs. Roy E. Poer also decided that they could get more than their money's worth by taking advantage of our clubbing rate with the Semi-Weekly Farm News and came in Saturday and renewed their subscription to our paper and ordered the Farm News sent to their address. Lots of good reading for two measley little dollars.
