NUMBER 40

How Shall We Cultivate?

H. M. Bainer, Agricultural Demonstrator for the Santa Fe Railway Co., gives the following general remarks concerning cultivation.

"The old story that no after cultivation can make amends for poor preparation is very true, but at this time, preparation is a thing of the past and cultivation must decide our crop future for this season. Poor preparation with good cultivation will balance conditions somewhat, but we cannot expect the same results as if both had been what they should. Weeds, crusts, uneven cultivated surfaces and yellow looking crops are not the characteristics of good cultivation.

We cannot consider that one, two, or even three cultivations is enough for making a good row crop. The ground should be stired as often as crusts form or weeds begin to make their appearance.

The present condition of our row crops is excellent, the moisture is good, we have a fair stand, the crops are starting in good season and everything looks favorable. All of these conditions should encourage us to "do our best" in the way of good cultivation.

For the first one or two cultivations the common smoothing harrow will do good work on most of our row crops. The harrow will get over the crop quickly, it will kill many weeds and it will break crusts in time to save a great deal of moisture. While the harrow tears out some of the plants and covers up of the others, we can well afford to let it do it. One of our great troubles is that we want too good a stand. Kaffir corn and milo maize is thick enough for a seed crop when the plants are from 18 to 24 inches apart; corn is thick enough with the plants 30 to 42 inches apart.

The harrow can be successfully used on listed as well as on surface planed crops. One of the best cultivators for a listed crop after the harrow is the lister cultivator or "Go-devil." This is especially good where weeds get started on the sides of the ridges.

All will agree that we must do our deepest cultivation first, following with shallow work later. Two to two and one-half inches deep is shallow enough.

One of the best types of cultivators for our use is one that carries three small shovels on each side, this will leave the ground smoother and in better condition than the cultivator with two large shovels on each side. This six shovel cultivator should be equipped with sweeps, also. The sweeps will do excellent work for the last cultivations. In fact, the sweeps are to be preferred to the shovels for "laying by" the crops.

Many of us have found it advantageous to use "calf tongues" or "bull tongues" next to the row for the first cultivation. This opens up the ground for moisture, it provides a good place for the spread of the roots and gives the plants a good start.

The ground should be worked as level as possible. Deep shovel

BIRTHDAY PARTY.

Miss Noba Stroud entertained at the home of Mrs. P. B. Hall Tuesday evening in honor of her 14th birthday.

Music and games furnished amusements for the little guests and a very enjoyable evening was spent.

The little hostess received a number of pretty presents.

Takes Lots Of Copy.

Few people know, or would realize if they did, the vast volume of copy that has to be raked up by the editor of a paper, even though a poor one. Every year the unfortunate individual writes enough so that if put in book form it would make a respectable library. This would be very well if the editor aforesaid was a genius, which, as a matter of fact is seldom the case. Consequently readers should be indulgent if every line or paragraph of every column of every page is not a literary gem, sparkling with wit, humor or pathos, as the case may be. It is hard enough to get the required amount in any shape, laying aside the question of literary polish. The labors of Hercules were summer picnics by comparison.—Ex.

marks left between the rows are objectionable. Generally speaking, the disc cultivator is not adapted to our conditions.

After the crop has become too large to straddle with the ordinary row cultivator, the yield can be very much increased by working between the rows with a one horse cultivator, small harrow, or even dragging something like a mowing machine wheel. Anything that will keep the surface loose and free from weeds will materially increase the crop yield.

Make your weak wells better by casing out the sand. Milliken & Redwine can do this for you. 39-tf

Spring Round-up

Mr. and Mrs. S. W. Joplin came in Saturday from Singleton's ranch in the south-west part of the county, where they had been for several days. The occasion of their visit was the Spring round-up. About 3000 head were gathered, sorted and branded; 25 men were employed, rounding up and cutting out. The needed men could not be had and ten or twelve girls who were good riders made up the requisite number.

Several ranchmen from a distance were visitors during the round-up.

A. J. DeBord is having a well drilled on his place in East Tahoka.

J. R. Honea went to Plainview Wednesday.

Mrs. Butler is visiting her daughter, Mrs. Shed Weathers, of East Tahoka.

Mrs. Tefteller and her sister, Maggie McLoud, left Thursday for Lubbock where they will visit their sister, Mrs. Tura Robinson. They expect to take a pleasure trip through New Mexico.

S. S. Ramsey and sons, Sam and Russell, went to Lubbock Monday with Mr. Ramsey's son-in-law, Allan Rutledge, of Oklahoma. They left about noon in the auto and returned the same evening.

Local and Personal Mentions of Interest

W. M. Moore, of Morgan, and daughter, Mrs. Walter Robison, were visitors to Tahoka Tuesday.

We are prepared to do all kinds of windmill and well work Lewis & Mike, "The Windmill Doctors." 39-tf

Judge Bartley and family returned Thursday from a ten day visit with relatives in Floydada.

CALL—And see the new process in enamel ware. It wares and looks well a life time.—Broken Dollar Store Agents for Tahoka

Mr. Monts, the carpenter and painter, went to Lubbock Monday morning returning on the evening train.

Let us figure your towers and well work, satisfaction guaranteed. Lewis & Mike. 39-tf Winnmill Doctors

Mr. Davidson and family, of the south part of town, are in Slaton for a short stay.

The Spring round-up took place at the T-Bar Sunday. Several visitors from Tahoka spent the day there. Monday and Tuesday they dipped cattle.

FOR SALE—Rebuilt buggies and hacks. New buggy shafts, tongues and buggy tops, single trees, double trees, neck yokes, Etc. All kinds of material for repairing buggies always on hand. W. P. Phenix.

Is it Worth a Dollar?

Only the other day one of our smartest subscribers asked the question at the top. And really is the paper worth a dollar a year? Put that up to the country editor and see what you will get from him. Will he write an editorial during the fifty-two jobs he makes with the pen that would bring one cent the curb? Does he ever write up a social event where the hostess has two "lines of resistance," (called receiving lines in polite vernacular) that pleases even the obscure guest who wore a head rag as a substitute for a diamond brooch? Where has he ever pleased the chief politician and thereby extracted without pain a dollar bill from his tobacco stained jeans pockets to apply on a long dead subscription? Is his efforts for the community to keep the "best foot foremost" worth a dollar? How can he afford to praise an undesirable citizen when he happens to "shuffle off this mortal coil" when everybody knows said citizen was a cinder in the decent eye of the community? It would take several dollars to get some editors out of purgatory if all obituaries were charged up to them. Honest, now, is the average country weekly newspaper worth a dollar? Often it contains no news, "nothing in the rag" as you often hear. It mentions the same prominent, near prominent and would-be-prominent men and women each week. It leaves out, on purpose, lots of folks who go and come, whose names would look well in 10-point. It covers up like a great cloak of charity the sins of the people;

Miss Lessie Shook returned from Lubbock Friday accompanied by her sister Mrs. Grace Skinner who will spend several days in Tahoka.

J. F. Carter called on The News the first of the week and ordered the address on his paper changed from Toyah, Texas, to Tahoka. Mr. Carter moved here with his family a couple of weeks ago, but tells us he has been busy getting his son-in-law, C. E. Donaldson, out of the weeds. Mr. Carter moved his household goods from Toyah in wagons coming up through New Mexico, and he said that the deep sand nearly pulled the life out of his teams. He says we certainly have fine crop prospects in Lynn county this year.

JEWELER AND OPTITION

C. W. Anderson, Jeweler and Optician has established himself at Thomas Bros. Drug Store and is prepared to do all kinds of Jewellery and optical work. Eyes tested free. All Work Guaranteed. 39-tf

The News is in receipt of the announcement that Messers. J. S. Hardy and E. B. Barnes, of Snyder, will begin the publication of The Plainsman at Slaton, Texas about June the fifteenth. We wish them all kinds of success in their new field.

Money to Loan.

On Patented Land Vendors' Lien Notes extended. Loans in amounts of \$1,000 and up. Describe Security. Box 8, Tullis, Texas. 40-1t

it covers up the drunken broils, fist fights and family scandals; it shields from exposure the escapades of the younger set and dark doings of the bewhiskered crowd; it hovers as a dove of peace over the spats in the social and church societies. It praises where others curse, it sings when others cry, it sees good where others find only rottenness, it finds beauty where there is only ugliness, it often calls black, white to save the community. But all this is not worth a dollar.

But finally, ask yourselves the question—why spend a dollar for nothing?

The Brand answers all this with a guarantee. If those who paid a dollar and who read the paper each week carefully, not forgetting to scan and read the ads, and do not save in their purchases as much as a dollar each week, the management will undertake to furnish each subscriber with a key to the bargain counters of the store news. Not counting your reputation as a shrewd trader, why lose \$52 a year when it is so easy made. Read the ads.—Hereford Brand.

FOR SALE OR TRADE—One Dark Bay Stallion, weight 1,500 pounds, 6 years old and of the celebrated Shire family.

E. B. Penney, P. O. Box 288, Lubbock, Texas. 40-41

SUNDAY SCHOOL CONVENTION.

The Annual Convention of the Lynn County Sunday School Association will be held in the Baptist Church Building, Tahoka, Texas, June 8-11, 1911. The Program which has been prepared is filled with good things for Sunday School Workers.

You cannot afford to miss it. Begin now to make your plans to attend this Convention.

Yours for better Sunday Schools, N. R. SKINNER, Pres.

If there is anything wrong with your well, ask Milliken & Redwine, "The Windmill Doctors." Consultation free. 39-tf

Small Fry Entertained.

Mrs. W. A. Steadum entertained the Tahoka small set Monday evening. If one may judge by the sounds of fun and frolic, the youngsters had a gay time.

Refreshments consisting of candy, and several different kinds of fruit and lemonade were served.

A Carload of the celebrated Hodge Fence in three, four and five foot heights at the Higginbotham-Harris & Co.'s Lumber Yard. You will have to hurry if you want any. 37-tf

Last Saturday afternoon the citizens of Tahoka had the pleasure of seeing a really fine game of base ball; by many it was said to have been the best game of ball ever played on the Tahoka diamond.

It was a rapid game and up to the fifth or sixth inning it was, batter up, one, two, three strikes you're out. One or two got to second base, three or four died on first, but not a score was made until the fifth or sixth inning when the Post City boys ran in two scores. Then in the seventh or eighth Bill Steadum knocked a home run and the home team camp alive and run three more scores. In the last half of the ninth inning the Post team made another score giving us the game with a score of 4 to 3 in favor of Tahoka.

There were very few errors made by either team and several excellent plays were made. All the players on both teams were in good form and played excellent ball.

Dr. Inmon and Otis Shook called the game without fear or favor.

NOTICE.

To all land owners adjoining the Wilson County School Land: Notice is hereby given, that I have rebuilt my fences and have moved them from 15 to 20 feet inside of my lines for the benefit of the public travel, and I want same left open, and no gates or fences placed across my lines.

WM. GREEN. 40-43

Spencer Melton, of Amarillo, was a guest at the home of Dr. McCoy last week. Mr. Melton is an old friend of the Doctor's and since his last visit has married a young lady from Oklahoma.

Mrs. Millman and family spent Sunday with the family of J. D. Donaldson, of Dray.

Mrs. Millman took her freezer and some ice and they celebrated the occasion by making ice cream greatly to the delight of the children.

Program For Mothers' Day

Services to be held at the Tahoka Methodist Church Sunday morning at eleven o'clock. Rev. Ben Hardy, of Lubbock, will preach.

Opening song, "Rock of Ages," By Congregation.

Prayer, H. C. Crie.

Address, Rev. T. W. Sharp.

Duet, Misses Ketner and Crie.

Select Reading, Miss Shook.

Quartet, Mr. Hatchett, Rev. T. W. Sharp, Dr. E. H. Inmon, Mrs. T. W. Sharp.

Recitation, Isabel Crie.

Song, Eddie D. Sharp.

Recitation, Miss Lessie Shook.

Quartet, Mrs. Forey, Mrs. Sharp, Mr. Hatchett, Mr. Herring.

Paper, Mrs. Crie.

POSTED—Lots 1, 2, 3, 4, 5, 6, 7 and 8 in Block 87; also lots 1, 2, 7 and 8 in block 107; lots 5 and 6 in block 106; lots 3 and 4 in block 115 and the 12 acres fenced there with, all in the south part of the town of Tahoka and belonging to T. C. Leedy, Tahoka, Texas, and any one found trespassing will be prosecuted to the fullest extent of the law.

Mrs. Lee Hall returned to her home in Lubbock Monday after visiting relatives and friends in Tahoka for several days.

Mr. Higginbotham, of Dublin, was a Tahoka visitor this week.

Extended Visit to Relatives

Mrs. J. S. Wells left Tuesday morning on an extended visit to relatives. Her first stopping place is Childress, Texas, where she goes to visit her sister, Mrs. Adams, from there she will go to Duncan, Oklahoma, and visit Mrs. John Ward and her guest, Mrs. Gilliam of Ballinger. She will go then to Elmore, Oklahoma, to visit her daughter, Mrs. Lee Tomlinson; then to Graham, Oklahoma, to visit J. S. Welcher and her grandchildren. Her next stopping place will be Ardmore, where she will visit Mrs. Griffin, one of Mr. Wells' sisters also Dr. C. McCoy, Dr. J. H. McCoy's father, Gainsville, Texas, where she visits another sister, Mrs. White, and Marysville, Texas, her old home, finishes the round of visits which she expects to make before her return.

Engine Goes Through Bridge.

Wes Shannon and his big thresher engine went through the Flint creek bridge on the Graham and Loving road last Sunday evening and landed in the mud below. Mr. Shannon was only slightly injured but he has not succeeded in getting his engine out of the creek. He had hauled the boiler of the South Bend Union Gin engine to Loving but in going up he had gone another route and thereby likely saved his life, for had he fallen through the bridge while pulling the boiler, it would surely have fallen on him. As it was he ran a very close call for his life and has much to be thankful for.—Graham Leader.

We wish to call the attention of subscribers to the fact that the Lynn County News office has been moved from the north-east corner of the square, into the old Informer office building, which has also been moved to the north-west corner of the Livery Stable block, and we will be pleased to have all our patrons call on us in our new quarters, and especially those who are behind with their subscription, a little subscription money will be very acceptable just now to help pay the expense of moving and fitting up our new office.

If you have a neighbor who does not take The News, tell him about it, say all the good you can about it. The more subscribers we have the better the paper will be that we can and will give you. So you see every subscriber is interested in increasing our list and especially every citizen of Lynn is interested in helping us build up our county. Every citizen of the county should take The News and send at least one copy out of the county. Help build up Lynn county by building up The News.

Texas Wheat

The increase in the world wheat acreage has not kept up with the increase in population during the past decade and students of economy tell us that we must increase our wheat acreage or face a bread famine. According to estimates of the Federal agricultural department's reports, in 1910 the wheat fields of the world harvested 3,667,494,000 bushels, which makes 2.5 bushels per capita. In Texas we raised 18,780,000 bushels, which is approximately five bushels per capita.

An examination of the wheat acreage planted in Texas each year for the past three years shows an irregular and volcanic condition. In 1908 we harvested 924,000 acres, in 1909 there were 555,000 acres harvested, and in 1910 we harvested 1,252,000 acres, indicating sudden and rapid changes in our wheat acreage. Our wheat crop ranks third in value of Texas' agricultural products and has a farm value of \$18,404,000. We produced fifteen bushels per acre and the farm value was \$14.70 per acre.

Texas Oats

Our oat crop ranks fourth in value. In 1910 we had an oat acreage of 695,000, producing 24,325,000 bushels, farm value \$11,423,000. Our oats yielded thirty-five bushels per acre and a farm value of \$16.45 per acre.

Texas is fast taking its place among the cereal producing states in the Union.

The Demagogue

The passing of the demagogue has marked an important epoch in the progress of Texas. Like the desperado and the cowboy he has had a thrilling and exciting career and like them he has been compelled to give away to the trend of civilization.

He was the product of the times and the harder the times the more perfect the product. A Prince Albert coat, a slouch hat and a strong pair of lungs and he was ready for the hustings to warn the people against the approach of capital. He thrived best upon strife and dissension and his principal occupation was in shrewdly arraying class against class and then leading the stronger against the weaker force. With star defining audacity he would publicly attack the character of a prosperous industry and argue its destruction with all the logic and sincerity of a Plerim father pleading for the burning of a witch. He was a mixture of ignorance and genius, and would hunt out prosperous corporations and make their success a spring-board on which he could bound into the spotlight by denouncing capital as sapping the life blood of the people and then proceed to argue hypothetically the cause of the down-trodden masses with the earnestness of a starving lawyer pleading his first case. He was a patriot for applause and a politician for revenue and he sought the goal of his desire with the intuition of a gifted criminal and he would track his prey with the instinct of a hungry beast. But he is gone and may his shadow never again darken the threshold of Texas.

Good Roads

A farm with bad roads is worse off than a farm with bad water. It is hard to understand how a farmer, otherwise enterprising, should be backward in building roads. Travel through some of our rural districts and you will find farmers with blooded stock land highly cultivated and premises well kept and with public highways that bog up an empty wagon six months in the year. Build roads and keep up with the procession.

Back to the Soil

There is too much money going for the luxuries of city life and not enough for country improvements.

The cry of "back to the soil" should apply to money as well as to men. It takes the coin of the realm to improve farms, build public highways and make farm life profitable and attractive.

to Rural Route subscribers on account of the forthcoming prohibition campaign: The Daily and Sunday Record will be sent by mail to any Rural Route address or to those living in small towns where the Record is not delivered by local carrier, from now to July 31st, 1911, for \$1.00, or from now until August 21st, 1921, for \$1.50 Remit by money order direct to the Record Co., Fort Worth, Texas.

Every farmer should become thoroughly posted on this great vital question and the Record can be depended upon to give both sides of the question fully and impartially.

Go to the Baptist church from 8:30 to 11:00 a. m. and 1:30 to 4:00 p. m. and enroll and receive assignment to your homes.

Mrs. J. R. Honea, Mrs. Sumner Clayton, Committee on Entertainment.

FLOYDADA SCHOOL BONDS JUST SOLD.

The School Board received a warrant from the State the first of the week for the school house bonds voted a year ago. The amount was \$20,000 with interest to date.

It will be remembered that the contract was let last October for the erection of a two story and basement, brick school building to C. D. Carlisle, at that time of Dalhart but at present living in San Antonio. The amount of the contract is \$15,967.50, the contract being made subject to the sale of the bonds and giving until July 1, 1911 to sell them.

A site for the building has been selected and according to the terms of the contract, work will begin inside of sixty days. The site chosen is block 118, the blocks south and one east from the public square and was secured at a cost of \$1,100. Mr. Carlisle, the contractor, has been notified of the sale of the bonds and it is expected that work on the building will begin at once.—Floyd County Hesperian

Don't Dodge The Dollar

Take 'em in!

What you can buy at other stores with \$20.00 we will sell you for \$12.00 or \$15.00, in other words when you are trading with us the "Dollars are rolling your way so, 'Don't Dodge 'Em.'"

We are giving a demonstration of this,

"DOLLARS FOR YOU" in our Dry Goods Department. Every article of dry goods will be sold at actual cost. If you wish to give your dollar the sure test, come to our store and you will be surprised to find how much it will buy. Full line skirts, hats, shoes, ladies furnishings and Groceries.

THE BARBERS TEN COMMANDMENTS

1. Thou shalt not shave thyself, nor let thy neighbor shave thee.
2. Thou shalt not let thy wife cut thy hair.
3. Thou shalt not sit low in the barber chair, but well back with chin elevated.
4. Thou shalt not complain if thy neighbor is ahead of thee and wants all the artistic work at one posing.
5. Thou shalt not chew tobacco while in the chair, nor spat on the floor.
6. Thou shalt not say, "File that saw!" if thou art "pulled."
7. Thou shalt not let thy face go two to four weeks without shaving.
8. Thou shalt not speak blasphemously of the barber as "butcher," "slim," "bones," etc.
9. Thou shalt come early and often; be sociable and wise, for we are "a bureau of information."
10. Thou shalt, on Saturday, when shaved, say to the fellow who looks in, "I have been there."

Farm and Factory

There is no better way of helping the farmer than by building factories. The farmers of Texas are compelled in many instances to ship products across the ocean in order to reach the factory. We are world factors in agriculture. Our cotton and wool clothes the human race; our meats supply the larder of nations and our cereals fill the granaries of the world. But we are in the main dependent upon other states and countries to manufacture our raw materials.

The farmers of Texas ship an average of \$1,200,000 worth of raw material to the foreign factory per day. Load these products on wagons and they will form a procession 220 miles long and our annual production on its way to the foreign factory will form a gigantic parade that will reach around the world three times and it will require eleven years to pass a given point. It is a golden stream of property flowing out of the state and on its bosom floats factories, cities and millions of happy homes. It is laden with opportunities destined for the people of the whole world and it furnishes life giving substances to the withering veins of European nations.

The parade costs \$200,000 per day and \$75,000,000 per annum and is paid for by the sweat of those who till the soil. Our public servants who desire to do something more than swim around undevoured in the waters of public life should watch the parade. Our raw material on its journey to the foreign factory forms one of the most colossal pageants in the history of the human race and is the commercial tragedy of the Twentieth century. Watch it!

Credit Farming

The credit system used by many farmers in the state is more damaging to agricultural interests than the boll weevil. No farmer can thrive and pay the debts of his neighbors which is the inevitable result of the credit system. Debt is a hard taskmaster and it saps the vitality of every man and every line of industry that it within its clutches. The merchant and banker should help the farmer get on a cash basis. When the farmer has a good bank account we are all prosperous.

Road Building

"Road building is a science," said G. L. Cooley, representing the good roads department of the Federal government at the Good Roads Convention at the Dallas Fair last fall. "There is no more reason why a man should work out his road tax than that he should teach out his school tax. We lose millions of dollars annually by lack of intelligent application of road funds."

Texas Corn

Texas is a world's force in agriculture. Withdraw our farm products from the market and the people of two hemispheres will go hungry and shiver with cold. Out of the soil and from the air our farmers take annually nearly a billion dollars of wealth. In plowing the land the Texas farmers walk 330,000 miles per annum, which is equal to traveling around the globe 18,200 times.

1910 VALUE PER ACRE

The chief products of Texas in order of their value, as estimated by the Federal agricultural department for 1910, are cotton, corn, wheat, oats, hay, rice, potatoes, etc. Cotton as the leading product is far ahead of its rivals. Corn occupies second place without challenge. Wheat and oats have been disputing for third place, but the separation this year is so pronounced that there can be no longer any controversy over their respective positions. An examination of our cereal products dispels the idea that Texas is a one-crop state. In 1910 we harvested 232,000,000 bushels of grain. Although a bushel of oats weighs less than a bushel of any other grain, yet there is some significance in the total quantity of all cereals produced. Our cereal belt is following closely behind the plow as it turns the virgin soil, and we have so far found no geographical limitation placed upon it by nature.

Our corn acreage in 1910 was 8,800,000 and production 181,280,000 bushels and it had a farm value of \$114,206,000. This corn was raised in 120 days, making an average production of approximately \$1,000,000 per day. We raised 26.6 bushels per acre at a farm value of \$12.98 per acre. The corn crop of 1909 and 1910 will purchase the railroads of Texas using the railroad commission's valuation on railroad property.

This giant industry has scarcely begun its development in Texas and the possibilities of extending the corn area and increasing the yield per acre present a wide field for enterprising farmers and there are millions of acres of idle land in the corn belt.

The Palace Meat Market

WEATHERS & KING, PROPS.

When you buy Fresh Meat, you want the best:

We sell the best; Cut just right every time.

We buy and sell all kinds of country produce.

Wholesale and Retail Dealers In Ice

We will pay the highest market prices for all of your hides and furs

Big Steer Sale.

I. B. and Frank Cauble this week sold to Amarillo parties 1400 head of steers, twos and threes. The cattle were shipped from Lamesa Thursday, Frank Cauble going there to superintend the loading.

This bunch of steers was con-

sidered one of the best bunches in West Texas and while they were sold at private terms it is known that they brought a very fancy price.—Big Spring Herald.

Though it is a busy time we hope you will not miss the County Sunday School Convention.
