Mr. Gerald Huffaker of Ta hoka has been appointed local chairman for the Boy Scout annual Sustaining Membership Enrollment campaign to be launched on October 15, according to Gerald Hamilton of Brownfield finance chairman for the Quanah Parker

This campaign will represent the second year of a new method of securing funds for the operation of the Scout Council. Previously an annual finance campaign was held in the fall of the year. Under the current plan, the financial supporters of the council are enrolled as annual Sustaining Members. and support Scouting in a financial way much the same as others give of their time

and effort on behalf of the Scouting program.

Funds raised through the membership effort will be used to underwrite the budget of the South Plains Council. Boy Scouts of America, a 20 county area in West Texas.

The South Plains Council uses the funds secured to provide essential services to local Scout groups. Included in the services are the organization of new Scout Units: camp operation; and operation of the Scout office as a service center for the 20

county area. Mr. Huffaker will soon appoint members of a steering committee for the campaign. These people will be responsible for the membership enrollments, publicity, audit, and special memberships.

The Y. O. Top Texas Hunting Some 30 odd miles north west of Kerrville, on highways 41 and 83 south of June tion sprawls the hugh Y. O.

This famous 73,000 acre ranch. owned by Charles Schreiner III and capably managed by Mr. Bobby Snow has long been a hunting para dise not only for the clusive whitetail deer, but for trukey. quail. dove and now exotic game animals as well.

As their beautifully illus trated brochure points out. the Y. O. has long been an important producer of beef. sheep, goats, wool, and mohair since founded by Charles Schreimer I in 1880.

This writer and friend.

Carroll Best. visited the Y O, on the first opening days of archery season to try our skill in baggingone of the big bucks, so numerous on the

Primarily, the Y. O. is set up for the avid gun hunter. guaranteeing hunters an 8 point or better buck or no pay! This policy has now been copied by others. but never have I seen bucks more plentiful nor more heavy intlered than on the Y. O.

Realizing the growing trend or bowhunting, the Y. O. has set aside a specia! archery pasture for archers with permanent stands built near well used game trails.

In three sessions of stand hunting. I saw 12 bucks. (most being just out of range). 17 does and 6 fawns and accounted for shots at three bucks.

In an afternoon attempt at stalking, we saw 5 more does and 2 fawns. The point to make here is that more deer were seen and more shots taken than on any previous bowhunting trip made within the last 5 years.

I personally guarantee any hunter a bad case of buck fever after completing the 8 mile drive to the ranch headquarter from highway 41.

Recently the Y. O. has pened pastures for the hunting of imported. (exotic or texotic as they are known on the Y. O.) animals. It's common to see Fallow deer. Blackbuck antelope. Sika deer. Corsican Rams and Aoudad sheep on various parts of the ranch.

Others not available to hunters are: the Fringe Eared Oryx. Elands. Grants Zebras. Siberian Ibex, and an Asiatic antelope called the Nilgai. These animals have not grown in sufficient num bers to warrant hunting.

There are many delightful things to see and be a part of on the Y. O.

For example, four authentic log cabins have been restored on the ranch to house hunters in modern comfort. All date back to the 1800's with the earlies being the Sam Houston Cabin built in 1852 and which was the first school at Center Point, Texas. The other cabins date from 1858 to 1880 and are authentic in every detail. Two of the cabins are marked with Texas historical markers.

The Y. O. maintains a herd of more than 200 Texas Longhorn cattle, the first such herd ever registered in the world

Guides and transportation are furnished each hunter on the ranch. Meals may be taken at the Y. O. Chuckwagon, and I might add, are quite delicious!

Hunting fees depend upon the value you place on your hunting. For trophy hunters the fees are in line. for you are guaranteed a trophy ani mal on the Y. O. An 8 point or better Whitetail buck will cost you \$150. The wild Corsican Ram will go for \$300 and all other exotic game runs

Bowhunters are charged \$15 per day for the Whitetail deer hunting. but regular rates apply on the Texotic animals, gun and bows alike. A lawyer from Bryan bagged a beautiful Blackbuck ante lope running at full speed and in the top of a leap with bow and arrow. Bowhunter kill average on the Y. O. runs about 10% compared to a national average of about

Personally, I intend to return to the Y. O. for a chance at another "big one". The facilities are excellent, the game plentiful and the people are courteous and friendly. They work in every way possible to assure the hunter a good hunt and a trophy if he

has the needed skill. Ranch biologist, Charlie Land and guide, Pat Flenniken were especially courteous and helpful to the group of bowhunters there on opening

I appreciate these kind of people and will recommend them and the Y. O. highly.

HOMECOMING Since I didn't have a column last week, I would like to tell you a little bit about the Southland Homecoming. Had a fine crowd to turn out. Approxinately 85 persons were here the dinner at which Rev. Robert (Bobby) Fields was the quest speaker. He is a Baptist reacher with a church at Manhaca, Tex. From all the nice hings I heard about his speech, must have been "great" His parents, Mr. and Mrs. Tim Fields, from Dalhart were here. The Fields' family lived here for many years.

After the ballgame, everyone gathered in the gym again or a short business meeting where Mrs. Gloss Davies was growned Queen of the Ex students. New Queen candidates were chosen and they are Mrs. Wesley Scott (Betty Hitt), Mrs. Otho Dillard (Margery Becker) and Mrs. Ronnie Dunn (Delores Basinger).

The Southland Eagles had an 'upset' Friday night when the Three Way team beat them 24-0. I think several things contributed to this defeat. Mr. and Mrs. Sam Crowson's visitors Sunday were their children, Bobby and his son. Brad. Mr. and Mrs. Sammy Crowson. Wade and Kim of Slaton. Visit Well Sight

Sunday evening. Mr. and

Mrs. Ted Melugin and Mrs. Mae Melugin visited the well sight, near Union, which is causing so much concern, following a recent drilling. Clouds of vapor continue to spray high into the air, with a great roaring sound. The vapor is hovering low in the sky, reaching toward Lubbock. Sources have stated that usually after such a drilling, then ceases in 48 hours but this well has been in action for over a week with no apparent lessening of noise or spraying. Cotton in the area is thought to have been damaged by the fallout from the well. A fine mist of oil covered our auto as we watched from afar. The location is approximately 7 miles NW of Slaton near Union.

The Wilson area was refreshed Saturday night by a heavy rainstorm. However. telephone lines were out in the area over the weekend. keeping this reporter from contacting more Wilsonites for local news.

Sing at Rest Home

Several young people of the Slaton Church of Christ sang for the residents of the Slaton Rest Home Sunday, September 29. C. L. Newcomb, minister spoke on beatitudes of Christ. The young people are to be highly commended for giving their time and bringing joy to the shut-ins.

NATIONAL 4-H CLUB WEEK

College Station, Oct. 3 -Governor John Connally, by official memorandum, has designated the period from October 6-12 as 4-H Club Week in Texas. The dates are the same as for National 4-H Week proclaimed by President Johnson.

In his greetings the Governor said, "The development responsible citizens and leaders for America is the high purpose of 4-H Club

'The 4-H program stresses the four-fold development of youth: their head, heart, hands, and health. Members of 4-H Clubs learn by conducting projects and participating in 4-H activities. By putting into action what they learn, club members improve their homes and communities.

"Since the 4-H program was inaugurated by the United States government in 1914, the 4-H movement has spread across our nation and to 76 foreign countries.

4-H Club To Meet Monday

4-H Club will meet October 14, 7:30 p. m. in the North Elementary Gym. The Floydada 4-H Club will present the recreation. We hope all interested boys and girls will join us for this meeting and in turn join the Tahoka Community 4H Club. You must be 9 years of age to join, and up to 18 years of a ge, to be

"More than 18,000 voluntary adult leaders work with club members in Texas and contribute to the success of 4-H. Parents and friends of 4-H give support and encouragement to club members. The 4-H Club program is directed by the staff of the Agricultural Extension Service of Texas A&M University.

"The opportunities offered to 4-H Club members to grow in citizenship, leadership and practical skills are especially valuable to them, the State of Texas and the Nation. The 4-H Clubs are a proving ground for future leaders."

In carrying out the 'high purpose of 4-H,' Texas members on the local and county levels will be participating in observances which emphasize citizenship and leadership programs, say the state 4-H Club leaders. These observances will also feature a drive to greatly expand 4-H membership in Texas. The state leaders point out that local county Extension Service agents will welcome visits from parents and their children for discussions on 4-H programs and how the youthserving organization might fit into their plans.

A special invitation is extended to all citizens to participate in the 4-H Club Week observance in their county.

Mr. and Mrs. G. B. McAda visited his father. Lee McAda. in Knox City last Saturday.

Roy Ledbetter remains a patient in Medical Arts Hos-

pital. Lamesa. eligible to stay in 4-H Club.

NEW HOME NEWS

BY MRS. W.W. DAVIES

New Home built up a 10-0 lead, but saw it fall in the second half as O'Donnell downed the Leopards 18-10 at New Home Friday night.

In the second period, New Home's Ronnie Fain blocked a punt and recovered it in the O'Donnell end zone for a safety. Then halfback Stanley Gill scored on a five-yard run. Kenny Fillingim ran over the conversion to give New Home that 10-0 margin. But O'Donnell roared back

in the third quarter. Wayne Kieschnick scored from the five. The PAT try failed. Then Lynn McGueder dashed in from the 10-yard line, but the point after again failed. O'Donnell put it away in

final frame when Randy Bessire caught a 20-yard scoring bomb from Mike Harris. Again the conversion failed. but it made no difference. It was New Home's 3rd loss

in four games. O'Donnell now holds a 2-1 mark.

Mrs. Roy Lemond of Grassland, Secretary of Social Relations for the NW Conference Methodist Church WSCS was guest speaker for the September 30th meeting of the New Home WSCS, held in fellowship hall.

Mrs. Gene Eades, president, gave the welcome and Mrs. Gene B. Louder offered the opening prayer. Mrs. Lemond was introduced by Mrs. Wilmer Smith. Her talk was on the work of the WSCS. She called attention to the purpose, various offices and study books to be used this year.

An appreciation gift was presented to Mrs. Lemond. Mrs. Wilmer Smith gave the closing prayer. Mrs. Leland

John Tyler Is Ram Starter

Angelo State College - John Tyler is the smallest player on the Angelo State College roster but the 150-pound, 5-8 freshman must have one of the biggest hearts of all the Tyler's one of those little

fellows who, through determ

ination and grit, make the big boys move over. So quick and so spirited is the Tahoka High School graduate that he has earned himself a starting position as a split end on the Ram offense. He can also play defensive halfback if needed but as long as he can continue to befuddle the opposition on offense, there isn't a chance head coach Max Bumgardner will waste him on defense. Son of Mr. and Mrs. Ira G.

Tyler of Route 3, Tahoka. John caught a couple of passes in last Saturday's opener at Stephen F. Austin, one good for nine and the other for eight yards. And only a total of three passes were aimed in his direction all

Though majoring in mathematics. Tyler would like to become a coach after graduation. He was a two-year all-

district player at Tahoka and served as captain of the club his senior season. If and when he does be

come a coach, all John Tyler will nave to do to put out a winner is instill his own spirit into his players.

Bill Griffin, County Agent, Says.....

some 35,000 Texas farmers and ranchers will become the basis for the official crop production estimates for each county and the state.

A representative number farmers and ranchers in Lynn County will be among the 35,000 in Texas receiving the questionnaire from State Statistician Cary Palmer of the Texas Crop and Livestock Reporting Service in Austin. The questionnaires will be mailed during the last half of October.

Accurate estimates are of great importance to produc ers in planning their produc tion and marketing, farm program participation and also for providing an unbiased picture of Texas agriculture. The program of estimates for each county is provided

by the Texas, Legislature. Since Texas covers such a wide area and with great diversification of production, state totals alone do not provide adequate information on our most basic industry, Agriculture. This is a joint project, he said, between the Texas Department of Agriculture and the Statistical Reporting Service of the United States Department of Ag-Because of the importance

of the program, the county agent urges every producer in the county who receives a questionnaire from the Crop and Livestock Reporting Service to fill it out completreturn it to the Austin office of the Reporting Service

Linda Cribbs, CHD Agent, Says....

What is the newest, most fashionable in fabrics for fall? Leather-like materials. The leather-like fabrics duplicate many of the new looks in real leather.

Three types of this new fabric are available by the yard. One is a vinyl surface with cotton k n i t backing. It comes in light to heavyweight with smooth or antiqued finish in a variety of colors. Some are machine washable but should not be ironed.

The cotton canvas has a resin or polyurethane coated outer surface. This type may be ironed carefully on the wrong side and washed and dry cleaned.

The third, nylon knit, has a soft, sleek kid-like surface which may be washed and pressed lightly.

Leather-like materials are showing up in skirts, vests. jackets and jumpers as well as rainwear and accessory items such as tote bags, hats and belts.

Sewing techniques used on leather-like fabrics are similar to those for vinyl and real leather.

Select a pattern with simple lines. Raglan and kimono sleeves are easier than set in sleeves.

In cutting the fabric, pin pattern to seam allowances only. Use sharp shears and cut accurately. To mark the pattern. Linda suggests dressmakers' carbon and a smooth edge tracing wheel to mark from the wrong side.

Stitch a test seam on the sewing machine before beginning. From this determine correct pressure and tension. It should be medium tension and light pressure. Linda recommends 8 to 12 stitches per inch for stitch length; a 14 size needle for medium weight fabrics and 16 for heavy weights; and heavy duty mercerized cotton thread for construction.

Plain seams will roll and they cannot be ironed flat. Flatten seams with rubber cement or adhesive.

Taper darts to a very fine point. The last three to four stitches should be on the fold. Don't backstitch

Linda recommends using a tailor's hem, picking up on e or two threads in backing. Don't pull the stitches tight or the garment will pucker on the right side.

Another tip: do not baste the seams but pin them in the seam allowances.

If the leather sticks to the machine's metal surface when sewing, use a strip of tissue paper between them.

She also suggests to use reinforcement in buttons and neckline areas to prevent stretching.

than a year and a half for young men from the First Baptist Church. Ray Eitelman, formerly the forman of the T-Bar Ranch, was ordained to the ministry in May of 1967 and is now serving as pastor in Cortez, Colo. Hugh Jack Norwood was ordained in May of 1968 and is the pastor of the Three Way Baptist Church.

Forming of the Presbytry composed of area pastors and deacons will begin the service Sunday. The candidate will then be questioned by the presbytry with the questioning led by Rev. Jim Turner of the Tahoka church. The ordination prayer will be led by Rev. Glen Reece of Sundown and ordination message will be brought by Rev. Dale Cain of Godley, Texas. The service will close with the traditional presentation of a Bible to the candidate from the church. Robert Edwards the church's chairman of deacons. will present the Bible
