JOHNSON BROS. CONTINUE SALE

On Friday of last week, Johnson Bros., assisted by I. N. McCray of Amarillo, opened their doors to the strains of Broadway chicken Walk, played by Mollie Bailey's band. At nine o'clock Mr. McCray threw from the top of their building a box of oranges, each one containing a bin, to the crowd waiting below. This sale makes history as being the biggest sale Tahoka has had in many years, and coming at the time of high prices, it is received by the people for what is worth, in dollars and cents. Mr. McCray is one of the biggest sales managers in Texas, and the sale has been a success so far, and with prospects of breaking all sale records. Johnson Bros., have slaughtered

Slacker Arrested Wednesday

Leslie Cunningham was picked up Wednesday morning on the charge of being a slacker by Sheriff redwine, of Tahoka. It seems that there was a question about his not registering on the claim of being too old. Being an ex-army man, on investigation it proved that he was within the age limits and liable as a slacker. He was taken to Abilene the same morning.

tered all their big stock, consisting of about twelve thousand dollars worth of high class mens furnishings and notions, to give people the biggest bargaing of the season. Every one is cordially invited to come and investigate the bargains while there is time to get them at the 25 to 35 per cent reduction.

DRY WEATHER BARGAINS

If you have land that you are willing to take dry weather prices for, list it with me sometime during the coming week.

I HAVE PROSPECTORS COMING SOON

And they will buy if I am able to show them some bargains. I already have the best list of bargains of any land agent in Lynn County. But I want some Special Bargains for this bunch.

YOU CAN'T SELL LAND

but I can sell it for you if you put a dry weather price on it now for I have men coming who will buy if you list your land with me this week.

LIST YOUR LAND WITH J. L. STOKES.

60 MORE MEN ARE CALLED FOR ARMY

Below we give the serial numbers and names of sixty more men who are called to appear before the local board for examination Tuesday August 21st at eight o'clock in the morning.

The board informs us that no exemption blanks will be issued to any of these men until after they have been examined physically and accepted. This is done to avoid confusion.

Sow Winter Wheat Right

The wheat growing methods in use on the Plains have been severely tested this season. As a rule the yield of wheat on well prepared land has been higher than on land hurriedly prepared. To obtain the first hand information as to the best methods actually followed in wheat growing, farmers, millers and bankers have been interviewed in the Plainview, Texas, and Clovis, N. M., districts and reports secured from other portions of the Plains.

Yields of twenty-five bushels to the acre have been made this year. These high yields were made on well prepared and deep seed beds. Many farmers say they obtain the best results by growing a crop every other year and thoroughly working the land in the mean time to get a deep and firm seed bed at the time of seeding. Many double list their land. After levelling, the disc and harrow are used to kill the weeds and keep the field in good tilth.

The advantage of tilling the land deep, be the season wet or dry, is generally admitted. The farmers say that the crop of 1917 was made very largely on the moisture stored at the time of seeding last fall, the rainfall in some localities being only two or three inches during the growing season. The shallow seed bed had not enough moisture stored to make a fair crop. The best time for seeding is

Card of Thanks.

We take this method of expressing our heartfelt thanks to our many friends who so kindly and faithfully assisted us during the illness and death of our dear husband and father. May Gods richest blessings be upon each one of you.
MRS. G. M. CLAYTON AND FAMILY.

Rev. Claude Ledger, of Matador, is in Tahoka this week meeting old friends.

between Sept. 15th and Oct. 15th. A press drill is generally used. The seed is planted deep enough to reach moisture, but not less than 2 1-2 inches. Seed of high vitality may be planted 4 inches deep, though 3 inches may be the best depth.

Well graded plump seed gives the best results. The quality of the seed wheat is a most important consideration. The experienced farmer aims to use only the best seed. In some localities the farmers are arranging through the local bankers to ship in pure seed wheat.

The seed wheat is treated for smut. This feature in wheat growing warrants the most careful attention. The methods of treating seed grain for smut are simple and not expensive, the most common being the Formalin treatment.

Nearly every farmer pastures his wheat field. It is usually late in spring before the stock is moved from the field. Everybody admits that pasturing wheat heavily effects the grain yield. Wheat land must be industrially gone over the next few weeks. "Winning with wheat" is a new bulletin on wheat growing issued by the Santa Fe Railway. It is free for the asking. Write H. M. Bainer, Topeka, Kansas, or L. L. Johnson, Amarillo, Agricultural and Industrial Agents. A. M. Hove.

Criswell Stubblefield

At the home of Mr. and Mrs. A. E. Herring, Wednesday morning at 8:45, Miss Myrtle Chriswell and Mr. F. A. Stubblefield of Matador, were united in marriage by Rev. D. B. Doak. The marriage was a very quiet affair, only a few friends being present. Mrs. Moore, a sister of the bride, and her two children, accompanied by Miss Alma Johnson, all of Matador, were here for the happy occasion.

Miss Christine Swan, Mr. Bowers, Miss Mary Dunn, Mr. Wright of Tahoka, were present. Miss Dunn played the music to which the young people marched from single blessedness to married bliss.

The young couple left immediately for Buenavista where they will make their future home. They are followed by the good wishes of all who know them.

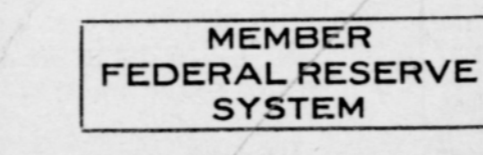

List your land with me at dry weather prices and I will sell it for you as I have some men coming who are going to buy, and they will buy your land if the price is right and you list it with me before they get here.—Joe L. Stokes. 50-1tc

Chas. Shook, Marlin Jordan and Jim Crie left for the North Plains Wednesday morning in Charley's jitney on a prospecting trip.

Smith Form-a-Truck \$350

And any one of Eight Bodies in a Minute.

A SMITH FORM-A-TRUCK and the famous 8-in-1 farm body covers every possible use for a truck on the farm—an exclusive Smith Form-a-Truck feature.

* Simply pull lever and get any one of 8 combinations of farm bodies—stock rack—hay rack—hog rack—grain—flat rack—high flare board—flat rack, scoop board down. Then change from one type to another in an instant without a single tool.

Twice the Work of 2 Teams

Don't take your horses out of the field—don't delay farm work. Use Smith Form-a-Truck. Haul twice as much as two teams. And at one-half the cost. Yet it costs no more than a team and harness—\$350.

Use the Smith Form-a-Truck for hauling milk—grain—crops—feed—manure—lumber—coal—and everything else on the farm.

Save 2/3 Time

When you haul crops or milk to town with horses you must leave early. You get back late. Your day is wasted.

Smith Form-a-Truck will make the same trip in two-thirds less time. Save this time for profitable work on the farm.

Save 20 Acres and \$300

Government statistics show that in a single year four horses require the feed of 20 acres—and cost \$41 to feed and stable. Bedding, veterinary, medicine, shoeing, care—cost extra. The Smith Form-a-Truck costs only \$140 a year—and saves this 20 acres.

Wonderful Economies

Less than 8¢ per ton mile, exclusive of driver's wages, 6,000 to 8,000 miles per set of tires—12 to 18 miles per gallon of gasoline—12 to 15 miles per hour. And repair expense practically nothing. Smith Form-a-Truck costs you absolutely not one penny while idle.

Made for 6 Cars

The Smith Form-a-Truck attachment and a new or used Ford, Maxwell, Dodge Bros., Chevrolet, Buick or Overland, makes a fully guaranteed, powerful, strong, 1-ton truck. Every day you delay using a Smith Form-a-Truck on your farm you are losing money.

Entertains 500 Club

Mrs. James Crie entertained the Tuesday 500 Club at the home of Mrs. H. C. Crie this week. As the guests arrived they were served with pineapple punch. A pleasant evening was enjoyed and at the close of the games the charming hostess served plain ice cream and cake. Besides the members of the club Miss Christine Swan was also present.

Judge Moore, accompanied by a Lubbock man and his wife, were turned over on the Tahoka-Lubbock road about four miles north of town this Friday morning. They were in a muddy place in the road and the car, a Ford, turned completely over on the top pinning them underneath. The Judge's shoulder was bruised up pretty badly, the top a complete ruin and the radiator and windshield were smashed, but they turned the car back right side up again and came in on its own power.

Charley Tunnell, who has been working in the harvest fields at Plainview, came in yesterday evening for an extended stay.

Hansford Tunnell who has been working in the harvest fields at Plainview, came in today for a visit with home folks before going to war.

Tahoka's streets were nicely sprinkled Friday evening about five-thirty o'clock, when we had a shower of seven hundredths of an inch of rain.

Marvin Kerry, who has been visiting in New Mexico came in Thursday evening reporting good grass in that section.

We see where the city marshal has been doing his part on killing dogs in Tahoka, having killed seven last week and Friday morning he took four down to Guthrie lake three miles south of town and put them to sleep.

Let the good work go on. If a man don't think enough of his dog to pay taxes on him; evidently the dog isn't worth keeping.

I have several men coming in the next few weeks who will buy some Lynn county land. If you list your land with me now at a dry weather price I will sell it for you. Yours for a quick sale.—Joe L. Stokes. 50-1tc

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:
"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . ."
"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."
If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

High School Opens Sept. 3rd

The Tahoka Public High School will begin its 1917-18 term the first Monday in September, with the largest and in many ways the best equipped faculty it has ever enjoyed.

Nine rooms, nine teachers, beside the music teacher, a well equipped labratory, house and furniture in good repair, well lighted and heated.

This is in full accord with President Wilson's often announced policy that education should not be neglected during the great war in which we are engaged, but should rather be encouraged and speeded up as all other departments of civic life must be in order that while we make for efficiency abroad in our army and navy we must not fall behind in any of our activities at home.

The trustees will sit as a board of equilization Tuesday August 21st with the intention of raising the valuation of city property in order to secure money enough to cover the increased expense.

I went to buy or trade for good work stock. See me before the middle of the week. Sam Montgomery, Tahoka, 50-1t

THE STATE OF TEXAS. To the Sheriff or any Constable of Lynn County, Texas, Greeting:

You are hereby commanded to summons Augustus W. Corliss, Francis T. Corliss, and the unknown heirs of Francis T. Corliss and the unknown heirs of Augustus W. Corliss, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in a newspaper in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Lynn County, Texas, to be holden at the court house thereof in the city of Tahoka on the first Monday in September, 1917, the same being the 3rd day of September, 1917, then and there to answer a petition filed in said court on the 31st day of July, 1917, in a suit numbered on the docket of said court No. 314, wherein L. Lumsden and William Green are plaintiffs, and Francis T. Corliss and Augustus W. Corliss, and the unknown heirs of Francis T. Corliss and the unknown heirs of Augustus W. Corliss are defendants.

As cause of action plaintiffs represent that on the 28th day of July, 1917, they were lawfully seized and possessed of that tract or parcel of land in Lynn County, Texas, known as Survey No. One (1), in Block "Y", Certificate 1312, E. L. & R. R. R. Co., patented to Charles C. Russell on December 15th, 1879 by Patent 200 Volume 53; that plaintiffs were holding said tract of land by fee simple title; that on the date above mentioned defendants unlawfully entered upon said premises and ejected plaintiffs therefrom, and do continue to unlawfully with-hold said premises from plaintiffs. Plaintiffs also plead Three, Five and Ten Years Statutes of Limitations as against all the defendants for said land, and pray for the recovery of the title and possession of said land.

Herein Fail Not but have you before said court on the 1st day of the next term thereof this writ with your return thereon, showing how you have executed the same.

Witness, P. H. Northcross, Clerk District Court Lynn County, Texas. Given under my hand and seal of said court this, the 31 day of July A. D. 1917. P. H. Northcross, Clerk District Court, Lynn County, Texas. By R. S. Holman, Deputy.

A Slice Of Bread.

A single slice of bread seems an unimportant thing. In many households one or more slices of bread daily are thrown away and not used for human food. Sometimes stale quarter, or half loaves are thrown out.

Yet one good-sized slice of bread—such as a child likes to cut—weighs an ounce. It contains almost three-fourths of an ounce of flour.

If every one of the country's 20,000,000 homes wastes on the average only one such slice of bread a day, the country is throwing away daily over 14,000,000 ounces of flour over a

million 1-pound loaves a day. For a full year at this rate there would be a waste of over 319,000,000 pounds of flour—1,500,000 barrols—enough flour to make 365,000,000 loaves.

As it takes 4 1-2 bushels of wheat to make a barrel of ordinary flour, this waste would represent the flour from over 7,000,000 bushels of wheat.

Fourteen and nine-tenths bushels of wheat to the average are raised per acre. It would take the fruit of some 470,000 acres (a solid wheat field more than two-thirds as large as Lynn county) just to provide a single slice of bread to be wasted daily in every home.

To produce this calls for an army of railway men, for to get the flour to the use of many thousands of bread is not waste. Very daily slice for every or every 30 home—weekly or monthly home—or make the thinner. The waste involved is still an
