

'MA' FERGUSON STILL IN RACE

Run-Off in Race For Governor Is Now Assured; Statement Issued

Austin, Aug. 11.—Governor Ferguson in a 2,000-word statement Wednesday declared she was in the race for Governor with all her heart. She said Attorney General Dan Moody never had accepted the proposition she made in her opening speech at Sulphur Springs to resign if she led him by 25,000 votes in the first primary.

Declaring that the K. K. K. was celebrating Moody's lead in the first primary as a great klan victory, Governor Ferguson said: "My duty to my State at this time to continue as a candidate is far greater than my personal preference for private life. God will give me courage to stand for the right in this contest and I ask the people everywhere to take up this game of battle thrown down to us by the Ku Klux Klan and let us win a glorious victory Aug. 28."

Moody Forfeit Claimed.

She declared Moody had forfeited his right to a place on the run-off and general election tickets because of his alleged acceptance of contributions from Representatives Lee Satterwhite and R. L. Bobbitt, candidates for the Legislature.

Referring to her challenge to Moody to resign, she said, "not only did he not accept my proposition, but he left himself in a position where he would not be bound in case I should have led him by 25,000 votes in the primary. Here are his very words: 'I accept the challenge issued by Jim in his wife's name.' In many other statements in the newspapers he called my proposition Jim's bluff" but not to this good hour has he ever said he accepted my proposition.

"I submit to all fair-minded people that the acceptance of a challenge issued by 'Jim' is not the acceptance of a challenge issued by 'Miriam.'"

"If the vote had been in my favor, Mr. Moody had carefully worded his reply so that he would not have been bound and he would have immediately said that he was only bluffing with Jim."

ADDITIONAL SEATS FOR 1200 AT CANYON PARK

Canyon, August 10.—New bleachers which will seat 1200 people are being erected at the Buffalo athletic park in this city. With the seating already in use, the park will take care of a large part of the people who will attend Buffalo games during the coming year.

Coach S. D. Burton, of the athletic regulations committee of the West Texas State Teachers College, has announced that there will be a uniform charge of \$1.00 per game during the coming football season with the exception of the games with Simmons University and the Texas Tech. for which a charge of \$1.50 will be made.

The game with Simmons University will be the occasion of the annual homecoming, and will be attended by hundreds of ex-students who will come for the game and the fete which always follows it.

Eubanks Gets Leg Mangled In Accident

Chas. H. Eubanks Santa Fe section employee, became the victim of a serious accident early Saturday morning when a heavily loaded trailer drawn by a motor car ran over his leg, tearing the flesh from the bone and severing the arteries and veins of the lower limb but breaking no bones.

Mr. Eubanks is a member of the section crew at this place. Saturday morning the crew started out, their motor car drawing a trailer heavily loaded. The car stopped on a grade, Mr. Eubanks got off the car to help start it, and as he attempted to climb back on the car after it was started his foot slipped and his leg was caught by the wheels of the trailer.

He was taken immediately to the Santa Fe Hospital at Clovis, N. M. for treatment.

Fair Catalogues Ready Saturday

G. H. Nelson, secretary of the Tahoka Chamber of Commerce, requests that we announce that the Lynn County Fair catalogues will be ready for distribution Saturday. Any person desiring one of these catalogues may obtain one by calling at his office in the Justice Court room in the Court House. He also states that he will have a large number of them at the Trades Day Drawing Saturday afternoon to give away to all interested parties. Get one of these catalogues read it through, and then bring something to the fair to be exhibited.

These catalogues 2,000 in number, were printed this week in the News job shop. By reason of the fact that our "force" was very busy with this and other jobs, we were compelled to reduce the number of pages of the paper this week.

Reiger Ranch Lands Are Being Sold

J. Anson Coughran announces the sale of numerous tracts of land lying along the north line of Lynn and the south line of Lubbock counties during the past ten days. These are the Reiger lands, which were recently cut up into tracts of 160 acres each and placed on the market. They are very fine lands and are being sold at about \$30.00 per acre. Mr. Coughran states that up to last Saturday night he had sold thirteen of these 160-acre tracts, aggregating 2,080 acres, the total consideration amounting to \$61,600.00. Practically all the purchasers are Lynn county farmers and business men. Mr. Coughran thinks that all of the tracts will be sold by Saturday night of this week. These tracts will be improved and placed in cultivation next winter and will bring many new families to that part of Lynn and Lubbock counties, adding much to the wealth and resources of this section.

Those who had made purchases up to last Saturday night and the amounts purchased are as follows: T. J. Bovell of Tahoka, 160 acres; D. H. Goodnough of Tahoka, 160 acres; Hans Tunnell of Tahoka, 160 acres; H. J. Longley of Tahoka, 160 acres; W. B. Edwards of Tahoka, 160 acres; Carlos Edwards of Tahoka 160 acres; Mr. Lyons of Galveston, 320 acres; Mr. Shults of Lubbock county, 160 acres.

To Build Teacherage At South Ward

A small but neat teacherage will be built within the next week or two at South Ward, in accordance with action taken by the school board Monday night.

A man and his wife have been employed to teach at South Ward, and the building will be ready for occupancy before school opens in September.

Several months ago the board decided to build a teacherage out there, since it is believed that better results can usually be had by having the teachers reside in the community and having the principal on the grounds practically all the time. Better teachers at a smaller salary can be obtained also where a teacherage is furnished.

Mr. and Mrs. Griggs, graduates of John Tarleton College of Stephenville, will have charge of the South Ward school this year.

Evetts Haley field man for the Panhandle-Plains Historical Society of Canyon, and Mitchell Jones, line coach for the coming year in the West Texas State Teachers College, were visitors in Tahoka last Friday. Mr. Haley is gathering historical data relating to the plains country to be preserved by his society.

C. A. Thomas and family returned Saturday from a pleasure trip through New Mexico. They visited a number of places of interest in that state.

Mrs. Gladys Mathis became seriously ill Tuesday and was taken to the West Texas Hospital at Lubbock for treatment.

PLAN TO GRADE HIGHWAY NO. 84

State Will Start Work On East And West Highway Within The Next Week

Highway No. 84 passing east and west through Lynn County is soon to be graded again, according to local highway supervisor Sam Sanford. Mr. Fields has secured a grader from Kent county, according to Mr. Sanford, and expects to have the same here to work on No. 84 in this county within the next week. Mr. Fields also thinks that Highway No. 84 will soon be designated as a federal highway and says that the State Highway Commission has recommended to the Federal authorities that it be so designated.

The News editor also recently received a communication from Henry J. Cox, Maintenance Engineer, Austin, Texas, relative to the condition of Highway No. 84 through Lynn county, in which he states:

"I wish to advise that this (State Highway) Department is contemplating the purchase of some new equipment.

"However this contemplated purchase will not supply us with enough equipment to satisfactorily maintain all the roads and we will still have to ask the county officials for their cooperation in securing additional equipment.

"We assure you, however, that we will make every effort to properly maintain all the designated highways and that eventually we will be able to have all our equipment on them."

Fire Boys Ready To Go When Called

The fire alarm last Friday, the 6th was turned in from Trice's store at Grassland and the moment the alarm reached here the local Fire Boys were ready to go. But a phone call held them back, they received word that the fire was under complete control. The boys are ready to go at any time, place or distance to protect the interests of the people. Garrett Richards, fire chief of the local department, happened to be in Grassland at the time of the fire and he gave what assistance he could and showed the people there how to do quick and effective fire fighting. The boys are completing painting the plugs and cutting the weeds this afternoon and as soon as we have enough city water they are planning a bon fire and water fight.

New Superintendent Of Schools Arrives

Superintendent M. L. H. Baze and his family arrived last Thursday from Abilene, where Mr. Baze spent the summer teaching and doing some special work in A. C. C.

Mr. Baze has been superintendent of schools the past four years at Roscoe and was re-elected for a fifth term but preferred to accept the position offered him here.

He has been busy since his arrival shaping things up for the approaching school term, which will begin the first Monday in September.

MA WILL RUN

(AN EDITORIAL)

Mrs. Ferguson has repudiated her promise to resign if Dan Moody should receive one vote more than she in the primary election of July 24.

She has repudiated her announcement made on Tuesday following the election that she would not be in the run-off.

She has issued a statement announcing that she will be in the run-off and declining to resign as governor. She bases her refusal to resign on the alleged grounds that Dan Moody never did accept her challenge. She says that he only accepted Jim's challenge.

Such quibbling is utterly disgusting.

Nobody in Texas should ever again

A LIVELY FAIR IS IN PROSPECT

Many Entertainment Attractions Are Being Arranged; Harley Sadler Coming

Harley Sadler and his company of comedians will play Tahoka this year during the week of the Lynn County Fair, according to G. H. Nelson secretary of the Chamber of Commerce. Harley has promised a repertoire of new plays, and will be accompanied by the famous Eddie See Cowboy Band.

The Harley Sadler show will be one of the main entertainment attractions, but there are a number of others on the program as scheduled in the Fair catalogue being printed this week at the office of the Lynn County News.

A band contest will be held between the O'Donnell, Wilson, and Tahoka bands, and a number of concerts will probably be given by them. A track meet for junior boys and girls and senior boys and girls will be held Friday afternoon, the first day of the fair. Horse racing and a football game are also on the program for the afternoon.

Among the principal attractions for Saturday are: a Boy Scout exhibition, a battle royal between four negroes, a county club parade, a saddle horse exhibition, and an automobile show.

Prospects are that this year's fair will be the best ever held here. The general plans for the fair are complete, and communities of the county are already beginning to plan for community and individual exhibits to be shown here October 8 and 9. O'Donnell and Wilson are expressing their interest in the occasion and each hopes to carry off a large portion of the honors this year.

WORK RESUMED ON NEW SCHOOL BUILDING

The frames for the doors and windows of the school building under construction were received this week and the brick layers are now at work on the walls. With continued good weather the contractors state that the work will be pushed to completion. It was first intended to have the building ready for occupancy by the first of September, but the delay in receiving material will not permit of the building being completed at that date. It will be well on towards October before it will be ready for occupancy.—O'Donnell Index.

Revival Meeting To Close Sunday Night

The revival services being conducted by Elder A. R. Lawrence of Abilene for the Church of Christ will come to a close Sunday night. Fairly good crowds have been in attendance and much interest has been manifested, though there have been only two or three accessions to the church thus far. The evangelist is bringing some splendid messages and the church is being greatly strengthened and revived.

Mrs. G. T. Allen of Gainesville is visiting her father T. E. Parks and her brothers, E. A. and Sam, this week.

Barber Collects Forgotten Debt

I. S. Doak is a lucky man as well as a good barber.

Twelve years ago he shaved and shingled a young gentleman, then a resident of Tahoka. The young man was "broke" and didn't have the fifty centavos with which to pay his barber bill. Soon afterwards he removed from the city and now resides in another part of the state. Upon the young man's removal from Tahoka Mr. Doak straightway forgot about the debt and forgave the debtor.

Last Friday while he was standing on the street, a gentleman tapped him on the elbow and a cordial greeting followed. The visitor drew 75 cents from his trousers and insisted on Mr. Doak taking the money. "I owe you for a shave and haircut," he informed Mr. Doak, "and I want to pay the debt." Ira had forgotten about the debt but was perfectly willing to take the gentleman's word—and his money—though he professed to be very reluctant in accepting pay at this belated date.

It was two hours later when it occurred to Ira that twelve years ago haircuts were only 35 cents each and shaves just 15 cents. The original debt therefore was just half a wheel and Ira figured that he had collected two bits as interest on the 12-year investment.

"It's better to be born lucky than rich," he muttered, as he flopped his razor an extra stroke or two across the strap and got ready for the next man in the chair.

Eldridges Leave For Girls' Camp

Rev. and Mrs. J. E. Eldridge left Wednesday for the Palo Duro Canyons near Canyon, where they will spend the annual Northwest Texas Girls' Camp which will be in session for ten days. The Eldridges are instructors at the camp.

The camp is held each year under the auspices of the Women's Missionary Society of the Northwest Texas Conference, and hundreds of girls gather there each summer for ten days of mental, spiritual, and physical training. Mrs. Eldridge said she regretted the fact that there would be no girls at the camp from Tahoka this year.

Tahoka Band Played At Wilson Sunday

The Tahoka Band gave a little concert on the streets of Wilson last Sunday afternoon that was very much enjoyed.

They all met at the courthouse and drove in a group to Wilson and started playing about 5:30. Quite a number of Tahoka people accompanied the band there and gave them their hearty applause and support.

The band has received another lot of new music and have also ordered more. They are now playing some numbers that bands from one to two years old are playing. Their director, Mr. Bowron, believes that his band will be able to compete with any band in the state, that is not over two years old, within 3 more months time.

Watch this paper for announcements of concerts to be given by the local musicians.

CHURCH OF CHRIST WILL HOLD MEETING AT MAGNOLIA

The meeting at Magnolia begins next Saturday night, August 14. Our friends and neighbors are kindly invited to come. Plain Bible preaching is our slogan.

Lester W. Fisher.

On account of the fact that the News Shop has this week been printing the fair catalogues and on account of the editor being called away for a couple of days by the death of a niece at Littlefield, our paper is a day late this week.

Thomas H. Speight, local manager of the Jones Dry Goods Company, has gone to St. Louis to make his purchases for the fall and winter trade. He is one of a party of representatives of the Jones chain of stores and will be gone about two weeks.

THEIVES ENTER LOCAL STORE

McCormack Co. Is Loser of \$600.00 Worth Of Guns and Other Merchandise

The McCormack Store was broken into by thieves Friday night and goods and wares valued at approximately \$600.00 were stolen. Two shot guns, eight pistols, several razors, several pocket knives, a quantity of ammunition, and possibly other items belonging to the McCormack Company and a radio belonging to E. L. Howard constituted the loot. Entry was effected by prying open the rear door.

The sheriff's office was notified as soon as the burglary was discovered Saturday morning and the wires were soon hot notifying other officers throughout west Texas of the burglary and cards were struck offering a reward for recovery of the stolen goods and the apprehension of the thieves. Saturday morning the two shot guns and the radio and a few shells were recovered near Snyder, but the thieves made their escape. The goods recovered were found in a practically new Ford coupe which had been abandoned on the highway between Snyder and Hermleigh. At about four o'clock Saturday morning a farmer saw the coupe standing on the highway, at that time containing apparently all the loot. Two men were at or near the car. He notified officers of Seury county and when he and the officers returned, all the loot had been removed from the car except the two shot guns, a few shells and the radio, and no men were to be found. A pinch bar and a rather complete set of burglary tools were found in the car. The car also contained a ten-gallon can of lubricating oil, but it was found that the bearings had been burned out and for that reason the car had to be abandoned. It was practically a new car and is also supposed to have been stolen. It bore a Texas number but an Oklahoma number was found in the car. The guns recovered bore McCormack's cost mark and tags and were positively identified as their property. The radio was also identified as the one missing from E. L. Howard's stock. Tracks made by the car were found to be identical with tracks found Saturday morning at the rear of the McCormack Store. Officers are on the look-out for the thieves and it is hoped that they will be apprehended.

WELCOMES TAHOKA VISITORS TO OUR CITY

So enthused were some of our visitors from Tahoka Tuesday night that they could not see the curb sign "No Parking," and they were much disturbed in peace of mind to find their cars tagged by the city marshal. They were later assured that this privilege was secured for them by the Chamber of Commerce by a special dispensation of the city authorities. Come again, boys you will always find a welcome in O'Donnell.—O'Donnell Index.

See B. F. (UNCLE BEN ROGERS for "Actual Value" Insurance on your automobile. 50-c.

Unders Will Be Admitted At School

The school board desires that the News announce that all those not within the scholastic age who will be seven years old before January 1, 1927, will be admitted this year, at the regular tuition charges. Children residing outside the district will also be admitted at the regular rates. Children transferred from other district will not be charged tuition for any portion of the school term. Room at the school building is very limited and it is probable that additional room will have to be provided at some period during the term in order to accommodate the pupils, but there were so many complaints and protests last year against the regulations of the board that it was decided to throw the doors wide open to all pupils this year, with the exception that those who will not be seven years of age until after January 1, 1927, will not be admitted.

**ANOTHER EDITOR ROASTS THE
LAWYERS**

Editor C. W. Taylor of the Rogers
News (Bell county) is one of the
finest citizens of Texas and also one
of our most virile editorial writers.
But like a number of other fine edi-
tors of our acquaintance, he has an
obsession that the lawyers are run-
ning everything in this state, to the
detriment of the people, and seems to
feel that they ought to be turned out
of the church, driven out of the
Democratic party, denied any political
pie, and allowed to eat only at the
second table.

Last week Editor Taylor, who is
also ex-enator Taylor, took these
two side-swipes at the lawyers in the
editorial columns of his paper:

"The lawyers are still in the 'sad-
dle'—they have again selected all the
Judges for the higher courts. When

—if ever—will the laymen wake up
and take a hand in the selection of
jurists who will administer justice a-
long safe, sane, sensible lines?"

"The bar still backs up and boosts
its favorite judges on the bench and
removes those whose sane decisions
incur its displeasure. When will the
people who favor plain justice to
legal hair-splitting take a hand in
the game and give the legal fratern-
ity a long and badly-needed rest?"

We have never been selected as of-
ficial defender of the legal fratern-
ity. We are not now assuming the
role. But we do know and Editor
Taylor should remember that law-
yers, like editors, are only men. From
the standpoint of morals and patrio-
tism, they are good, bad, and indif-
ferent. They are not to be condem-
ed indiscriminately. They rarely or
never line up en masse for or against
any man or measure. Each individ-
ual lawyer has his own preferences
and opinions.

But even the keen lawyers with
slack morals and a low standard of
patriotism, nearly always appreciate
honesty and ability in a judge. As a
rule, the lawyers in this state have
supported the best material available
for positions on our higher courts.
Editor Taylor will probably not
agree with us on this proposition. In
the recent primary election Judge
Hawkins of the Court of Criminal
appeals was opposed by Mr. Pierson
of Dallas. Editor Taylor warmly sup-
ported Pierson. Pierson is the young
man who was campaign manager for
Whit Davidson in the first primary
two years ago. He is no doubt a
man of excellent character and good
average ability as a lawyer. But in
the campaign two years ago he im-
pressed us as lacking poise and equa-
nimity, two characteristics so necessary
to make a good judge. He is young
and from the standpoint of experi-
ence and a knowledge of the law, he
could not be eminently well qualified
for the position. But Pierson prom-
ised to cut out the "technicalities" in
rendering his decisions and this pro-
mise apparently caught the fancy of

Editor Taylor.

A judge, however, must reach his
conclusions in any given case from
sound course of reasoning and an ad-
herence to the law as written. It is
not the province of a judge to set
aside or to "argue away" a law in
order that there may be no miscar-
riage of justice. He must reach cor-
rect conclusions of the law from the
statement of facts presented to him,
and when he has done this he is
not responsible for any miscarriage
of justice that may be involved in
the case being considered. He
did not write the law and is not
responsible for any defects or errors
or incongruities in the law and it is
not his province to correct them.
That is the province of the legislature.
That judge on the higher court is the
best judge can most often reach
correct conclusions from the facts
presented to him and can express his
conclusions in the most clear, terse,
and forceful language. It is possible
that Judge Hawkins, whose re-nom-
ination Editor Taylor deplores, is
not one of the greatest judges who
has sat on the Court of Criminal Ap-
peals of Texas but he is generally
recognized as a good judge neverthe-
less—a close reasoner and a conscien-
tious man. If the lawyers are res-
ponsible for his re-election, they are
to be commended rather than con-
demned, in our humble opinion, by
all good and honest citizens, for this
achievement.

ABOUT OUR LAW MAKERS

We can't agree very often with
our good friend Smith of the Lamesa
Reporter but last week he said some
plain things about our general indif-
ference in the matter of electing
legislators that appeal to us as be-
ing sensible. This is the way Smith
handed it out:

"Reduce the number of numsculs
now sent to the Legislature to make
fool laws that are never enforced
and pay one-tenth that number
enough to justify an able man to
run for the office. This district has
just elected a good boy to the Legis-
lature but what on earth does he
know or can he know at his age
about what laws are needed in the
State of Texas? A good boy and a
really bright boy but just a boy.
Men who try to pass laws should
have studied the conditions of this
state for a sufficient number of years
to know its needs. But we are not
alone in this matter. The bunch as
a rule that goes to the Legislature of
Texas are in no way qualified for
such an undertaking and the whole
thing has become a joke."

We don't like the expression "fool
laws" used by Smith but otherwise he
hits the nail on the head. For two or
three years we have been trying to
convince The Reporter and others that
our greatest trouble in law enforce-
ment does not lie in the alleged ineffi-
ciency of the courts but in the ineffi-
ciency of our law makers.

We need in the legislature men
who are not only acquainted with the
needs of the state but who are also
acquainted in some degree with our
laws. How can a legislator be effi-
cient when he knows practically noth-
ing about the laws that have already
been passed? What sense is there
in sending to the legislature to
make laws men who have never look-
ed inside of a law-book and wouldn't
know a law from a side-saddle if
they were to meet up with one in the
road? We need more statesmen and
fewer ignoramuses in the legislature.
Texas should send her very biggest
men, intellectually, to Austin. The
number should be reduced perhaps,
but at any rate her best and ablest
men should be enlisted in the busi-
ness of law-making and they should
be paid a salary that would enable
them to live decently while devoting
their time and talents to the service
of the State.

Some of our judges are weak and
inefficient, of course, but they are
paragons of wisdom as compared with
half our legislators. Give us better
law makers and we will have better
laws and better law-enforcement.

**CITATION BY PUBLICATION
No. 638**

In The 106th Judicial District Court
In And For Lynn County Texas:
Robert T. Page
Vs.
Vera Mae Page

**THE STATE OF TEXAS
COUNTY OF LYNN
TO THE SHERIFF OR ANY CON-
STABLE OF LYNN COUNTY:**

GREETINGS

You are hereby commanded to
summon Vera Mae Page, by making
publication of this citation once in
each week, for four consecutive
weeks previous to the return day
hereof, in some newspaper publish-
ed in your County, if there be a
newspaper published in your county,
but if not, then in the
nearest County where a news-
paper is published, TO APPEAR AT
THE NEXT REGULAR TERM OF
THE DISTRICT COURT OF LYNN
COUNTY TEXAS, to be holden at
the Courthouse thereof, in Taboka,
Texas, on the 3rd Monday in Septem-
ber, the same being the 20th day of
September, A. D. 1926, then and
there to answer a petition filed in
said Court on the 23rd day of July,
A. D. 1926, in a suit numbered No.
638, on the docket of said Court,
wherein Robert T. Page is Plaintiff,
and Vera Mae Page is the Defend-
ant, said petition praying for
divorce from the bonds of matri-
mony existing between said parties,
the allegations in said Petition, being
in substance as follows:

That Plaintiff is and has been a
bonafide resident and inhabitant of
the State of Texas for a period of
one year next preceding the filing of
this suit, and of the County of Lynn
for at least 6 months prior to the
filing of same. That Plaintiff and
Defendant were lawfully married to
each other on February 6th, 1924, at
Brownwood Texas and lived together
as husband and wife until their final
separation on May 20, 1924, since
which time they have been hope-
lessly estranged. That at all times
during the cohabitation of said
parties, Plaintiff was a true and
dutiful husband, but that the Defend-
ant, immediately after said mar-
riage, commenced a course of cruel
and inhuman treatment toward Plaintiff,
which increased with severity until
their said final separation as afore-
said, and during said time, was con-
tinually quarrelsome, and cursed and
abused Plaintiff, and applied to him
the most vile, and insulting epithets,
and would often leave Plaintiff and
remain away for several days at a
time, without Plaintiff knowing of
her whereabouts, and on one occasion
shortly prior to said separation, the
Defendant admitted to Plaintiff cer-
tain improprieties with other men,
and admitted that said improprieties
were of long standing, all of which
greatly distressed Plaintiff, destroy-
ing his happiness and peace of mind,
and is such nature as to render their
further living together insupportable,
Wherefore Plaintiff prays for divorce
from the bonds of matrimony here-
tofore existing.

HEREIN Filed Not, but have you
before said Court on the said first
day of the next term thereof, this
writ, with your return thereon,
showing how you have executed the

same.

WITNESS

W. E. Smith, Clerk, of District
Court, Lynn Co. Texas.
Given Under My Hand And Seal of
said Court, in the City of Taboka,
this the 7th day of August, A. D.
1926.

FOR HOME AND STABLE

The extraordinary Borozone treatment for flesh wounds, cuts, sores, galls, burns and scalds is just as effective in the stable as in the home. Horse flesh heals with remarkable speed under its powerful influence. The treatment is the same for animals as for humans. First wash out infectious germs with liquid Borozone, and the Borozone Powder completes the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by THOMAS BROS. DRUG CO.

BACK HURT BAD

Lady Had Severe Pains in Back and Got Very Weak.

"I think very highly of Cardui for I have had great benefit from its use," says Mrs. Cora Nicholson, of Ware Shoals, S. C.

"I was in bed quite a while. It looked like my strength would not come back, and I suffered with severe pains in my back whenever I would try to get up. Sometimes I would scream out, my back hurt me so bad.

"My husband got me some Cardui and I took two bottles. Very shortly after I began to take it I could notice I felt better. I began to get stronger. My appetite was improving and I could see that I was much better.

"After I had finished the second bottle I was able to be up and do all my own housework, so of course I think Cardui is fine. It is the best tonic for women that I know anything about, and I am glad to recommend it. Not long ago I told a lady friend of mine about it, and it did her as much good as it has done for me." At all drug stores. C-32

Carlsbad To Entertain August 17-18

Unique, unprecedented, and unusual will be the features of the program as now contemplated by the entertainment committee of the Carlsbad Chamber of Commerce for the visitors to the Southern New Mexico association convention which will be held at Carlsbad on August 17 and 18.

The business meeting of the association will be held at the American Legion pavilion at Carlsbad bathing beach on the morning of August 17. Each city holding a membership in the association will furnish a speaker who will bring before the convention the commercial and scenic attractions of his own particular community, and distinguished guests will be given opportunity to speak at the morning session of the convention.

The afternoon will be devoted to the mammoth water carnival at Carlsbad bathing beach. There will be the usual one mile, half mile, and quarter mile races, fancy swimming and high and fancy diving from the thirty foot tower and the spring board. Special events for children have been featured on the program. Expert swimmers from cities within a radius of 300 miles from Carlsbad have expressed their intention to participate in the water carnival sports.

The entire second day, August 18, will be devoted to an exploration of the world-famous Carlsbad Cavern. The chamber of Commerce several years ago, constructed an easy stairway entrance and after the management of the Cavern was assured by the National Park Service, there were constructed excellent trails and an electric lighting system, which illuminates the Cavern for a distance of 3,300 feet. Giant searchlights, some of them having a "throw" of 1,030 feet—illuminate many spectacular formations such as the Moose Head, the Music Room and Devil's Den.

Governor A. T. Hannett of New Mexico has been invited to attend the convention and he, and Arthur P. Duggan and Homer D. Wade, president and secretary respectively of the West Texas Chamber of Commerce, will address the convention tourists in "Big Room" of the Cavern at a depth of 800 feet below the surface.

El Paso, Van Horn, Pecos, Lubbock, Lamesa and Lovington have notified the local committee that delegations from the respective cities will attend the convention.

Historical Society Is Doing Work In Archeological Field

Canyon, August 10.—The Panhandle Plains Historical Society has begun work in the field of archeology which promises to develop a new interest in this region.

J. Eveltis Haley, field representative of the organization, assisted by Dr. C. A. Pierle of the chemistry department of the West Texas State Teachers College and a citizen of Miami recently began excavations in a group of Indian graves not far from Miami.

The University of Pennsylvania sent an expedition to regions along the Canadian river in 1921, under the direction of Dr. Warren K. Morehead. Dr. Morehead found evidences of an Indian culture which was neither that of the Indians of the Mississippi Valley nor of the Puebloles of the south-west. His work convinced him that the Indians of the Panhandle of Texas were of a transition culture who did not build homes as elaborate as those of the Pueblo Indians but did have low rock foundations, probably topped by skin and pole construction, or in some cases having a flat rudimentary stone construction not unlike that of the cliff dwellers. The work which the Panhandle—Plains Historical Society has begun will throw further light upon the mode of life of those early settlers of the high plains region who had disappeared many years before the first adventures of white men into the area.

The preliminary excavation by Haley and Pierle yielded interesting results. A large number of Indian implements, ornaments, and skeleton, were the first find. The work will be continued as fast as possible until the field has been thoroughly explored.

Rev. B. N. Shepherd returned Monday morning from Sudan, where he spent two weeks in a revival meeting. He reports more than fifty conversions and many additions to the churches. Sudan is a new town out on the Santa Fe in Lamb county.

Miss Mary Fenton went to a sanitarium at Lubbock and had her tonsils removed Saturday.

Peace, Goodwill

Columbia, Peace and the Spirit of Brotherly love have been joined in one person, a beautiful woman. This young lady was one of the central figures in a pageant staged at the Sesqui-Centennial International Exposition in Philadelphia, celebrating 150 years of American independence. The Exposition continues until December 1.

Real Heroine

They are mighty liberal down at Venice in the way of costume display, or rather the display that comes from lack of costume, but once in awhile the officer on duty does come to the front when he finds that the tide is afraid to come in.

But the other day, this intrepid protector of masculine eyesight walked right into a lot of trouble. "Your tights are too high. Drop 'em a little lower."

He was addressing a heavyweight flogger, about 200 pounds net. "How would you like to mind your own business? The super-flogger asked petulantly. "There's nothing for you to worry about, is there? If there's anyone to be ashamed, it's me, not you, isn't it?"

And then she waddled off. Censoring beaches isn't as simple as it looks.—Los Angeles Times.

At the southern extremity of Brewster county the Rio Grande flows through a gorge 1,800 feet deep and 12 miles long—the St. Helena Canyon. It is one of the marvelous sights of the United States but has received little attention owing to its remote situation.

O'Donnell Chamber To Raise Big Budget

A meeting of the officers of the Chamber of Commerce was held in the City Hall Tuesday afternoon to discuss the affairs of the organization. J. D. Liles presided as chairman. The question of raising a budget to carry on the work for the year was discussed, and it was agreed that the chairman of each of the committees call a meeting and work out the amount necessary to carry on the work. The committees will have reports ready for a meeting to be held two weeks from last Tuesday. When the amount each committee will need is made known a strong campaign will be put on to raise the amount.

Secretary J. G. McCarroll is of the opinion that it will require about \$5,000 to make the chamber function as it should. With the fine crop in sight he believes that amount can be easily raised.—O'Donnell Index.

San Antonio—The highway in Bexar County between San Antonio and Converse on the Seguin Road, has been completed, inspected and accepted by the State for maintenance. Its completion gives San Antonio unbroken pavement virtually the entire distance to Gonzales.

Mrs. John Callaway and three daughters of Waco were the guests last week of Mrs. John Donaldson. Mrs. Callaway is Mrs. Donaldson's sister-in-law.

J. A. Brashear, accompanied by his little son, Beal, is in Brownwood on business this week.

L. C. Haney returned Tuesday from a brief visit with his parents at Roscoe.

Mrs. F. P. Hill of Hamilton, the editor's mother, is visiting the editor and family.

County commissioner W. J. Faires left Tuesday morning for Hot Springs, New Mexico, where Mrs. Faires will remain several weeks taking the hot baths.

The editor and wife were called to Littlefield Tuesday by the death of a little niece, returning home Wednesday night.

Mr. and Mrs. A. I. Thomas of this city and their son Paul Thomas and family of Ponder, Denton county, have just returned from a pleasure and sight-seeing trip to Ruidoso and other points of interest in New Mexico.

Post Camp Nearly Ready For Scouts

Lubbock, August 11—With the time set for the session of camp for the Boy Scouts of the South Plains Council, final preparations are being made for conducting of the camp efficiently and on a business basis.

The camp this year will be some what different from last year's camp—the exterior. There will be, of course, the same Scout requirements and the same Scout ideals to be lived up to, and the same spirit of Scouting, but the financial factor will be widely different.

Last year the Council paid almost four hundred dollars out of the Council funds in addition to the camp fees, but this year the camp must support it's self. As a result, each adult leader will pay his camp fee, the same as the boys, instead of being admitted and entertained free. The fee this year is slightly higher than it was last year, but that also is a result of the Council's inability to meet the financial burden of the camp. Ten dollars, however, is no more than it would cost a boy to live at home, including his board, and counting on the same advantages of training and entertainment that will come in the Boy Scout camp, and ten dollars is the amount set for the ten-day period in camp.

The camp site is not as yet a reality, as only a small part of the original program has been carried out if we accomplish nothing else during this camp, we want to teach every boy to feel, know and say "This is our camp, it is for us. We will do this thing this year, build this trail, erect this monument—all for next year."

An excellent program has been arranged for and will be carried out. Too, there will be good, wholesome food, "served with a smile," on good tables and with good seats to sit upon. Squad tents, with a few small ones will make up the camp city. Water is piped down to "Company Streets," electric lights in the kitchen, mess hall, under the arbor, and to the latrine, have been installed at a cost of something like fifteen hundred dollars, and we must teach these boys to say "OURS."

Swimming will be had at "Two Draw Lake" just northeast of Post, since it has been impracticable to construct the dam for the camp lake. Two Draw is a good swimming place, with boating and fishing. Also it will serve better than the sawmill pool out in New Mexico did last year.

Mrs. M. E. Lowe is spending the week with relatives and friends in Littlefield.

"A Thing of Beauty Is a Joy Forever"

This is one of the beauty spots of the Sesqui-Centennial International Exposition in Philadelphia. The exposition celebrates the 150th anniversary of the signing of the Declaration of Independence. The view shows the tower of one of the main exhibit buildings rearing its head up from among the gorgeous landscape which artists have built around the giant structures which house exhibits from forty-three nations of the world. The Exposition continues until December 1.

AMERICAN YOUTH CANDIDATE

Miss Helen F. Dodge of Pennsylvania, holder of a Carnegie medal for heroism, has been nominated as a candidate for the American Youth Award established by the directors of the Sesqui-Centennial International Exposition, which is to be held in Philadelphia from June 1 to December 1 in celebration of 150 years of American Independence. Miss Dodge, the daughter of George H. Dodge of 5944 Walton avenue, Philadelphia, jumped into the Toms River at Ocean Gate, N. J., fully dressed, and, while having use of only one arm, saved the life of a drowning girl.

Many people are wanting to know the reason for the continual water shortage. Is it due to an insufficient water supply, a part of the machinery being out of commission, lack of experience on the part of the employees, or other causes? We believe the members of the city council should enlighten the public on these matters.

Clyde Euhanks received advice from the Santa Fe Sanitarium at Clovis today (Thursday) that his brother Charley, who was so severely injured Saturday, is much improved.

Brownfield—Weekly trips are being staged by the Brownfield Chamber of Commerce for the purpose of bringing the farmers and business men together in a social way to create a better understanding between the two, which will aid in a more rapid development of this section of the country in the near future.

Amarillo—Election of a proposed school bond issue, amounting to some thing near \$300,000 will be held September 4. This money will be spent in the completion of the senior high school with auditorium, gymnasium, manual training department, and the like; and the erection of a four room building north of Amarillo in Pleasant Valley.

Mr. and Mrs. J. V. Lewis of Wernert, Haskell county, were here Monday as guests of the editor and family. Mrs. Lewis is a sister of the editor.

Ford Co. Passes 14,000,000 Mark

Detroit, August 10—Another million mark in Ford production was passed on July 21 when motor No. 14,000,000 came off the assembly line at the Fordson plant of the Ford Motor Company.

Some idea of the present enormous production of Ford cars is obtained when it is recalled that it was only a little more than two years ago, June 4, 1924, that the famous Ten Millionth Ford was produced, an event which was celebrated by driving the car across the country from New York to San Francisco on the Lincoln Highway. In the twenty-five and a half months elapsing since that time Ford output increased 4,000,000.

The first Model T Ford was turned out on October 1, 1908, and it was not until seven years later, December 10, 1915, that the first million was reached.

Mr. and Mrs. W. S. (Skip) Taylor returned Wednesday from Bronte, Coke county, where they visited Mr. Taylor's brother and family. Mr. Taylor says crops are fine in Coke county and Mr. Taylor attributes the excellency of the crops largely to the fact that the farmers in that section have learned to terrace their lands.

Roscoe Roberts, mechanic at Connolly Motor Company and who was recently injured in the knee by a piece of flying steel, is much improved and again walks without a limp.

C. B. Caviness out northeast of town had as visitors the past week his two sons and their families of Jacksonville, a thriving little city situated away down in the piney woods of Cherokee county. It's a long call from the pines to the plains but we'll bet the boys will have a longing now and then to climb the old cap rock again.

Evangelist Lester Fisher, Christian preacher of Abilene, will begin a meeting at Magnolia next Saturday night, August 14, to run one week. Every one is invited.

Miss Ethel Purnell, Linotype operator for the News, returned Sunday, after spending her vacation with the home folks at Lewisville.

Mrs. J. O. King of Dixie has the thanks of the editor and family for a number of most palatable roasting ears grown in their field and presented to us Thursday morning.

Mrs. C. H. Wakefield, accompanied by her son, Gus, and nephew, Tip Dalton, left for their old home, Mineral Wells for a stay of two or three weeks. Mrs. Wakefield is to visit friends and relatives and also intends to take the mineral baths while there.

Rev. B. N. Shepherd and family attended a re-union of the Shepherd family at Loraine Tuesday, returning to Taboka Wednesday afternoon.

AN EXHILARATING EFFECT
A bottle of Herbine on the shelf at home is like having a doctor in the house all the time. It gives instant relief when the digestion gets out of order or the bowels fail to act. One or two doses is all that is necessary to start things moving and restore that fine feeling of exhilaration and buoyancy of spirits which belongs only to perfect health. Price 60c. Sold by

THOMAS BROS. DRUG CO.

BILIOUS SPELLS

Kentucky Man Finds Relief from Dizzy Attacks.

"I suffered with severe bilious attacks that came on two or three times each month," says Mr. J. P. Nevins, of Lawrenceburg, Ky.

"I would have dizziness and couldn't work."
"I would take pills until I was worn-out with them. I didn't seem to get relief. After taking the pills my bowels would act a couple of three times, then I would be very constipated."

"A neighbor told me of Black-Draught and I began its use. I never have found so much relief as it gave me. I would not be without it for anything."

"It seemed to cleanse my whole system and made me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of pep and could do twice the work."

Made from pure, medicinal roots and herbs, Black-Draught is nature's own remedy for such symptoms as the above, when due to a torpid liver.

Correspondent

CITATION BY PUBLICATION No. 639

W. A. McCARTY Vs. MARY McCARTY

THE STATE OF TEXAS COUNTY OF LYNN To The Sheriff Or Any Constable Of Lynn Co.

GREETINGS:

You are hereby commanded to summon MARY McCARTY, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published in your county, if not then in the nearest County where a newspaper is published, to appear at the next regular term of the Honorable District Court Lynn County, Texas, to be holden at the Courthouse thereof, in Tahoka, Texas, on the 3rd Monday in September, the same being the 20th day of September, A. D. 1926, then and there to answer a petition filed in said Court, on the 6th day of August, A. D. 1926, Numbered No. 639 on the docket of said Court, wherein, W. A. McCarty is Plaintiff, and Mary McCarty is Defendant, said petition praying for divorce from the bonds of matrimony and alleging in substance as follows:

That Plaintiff has resided for at least twelve months preceding the exhibiting of said Petition in the State of Texas, and for at least six months in Lynn County Texas, immediately preceding the filing of this suit, that Plaintiff was lawfully and legally married to Defendant on June 15, 1905 in Wise County Texas, and said parties lived together as husband and wife until on or about the 19th day of Oct. 1925, when without cause or provocation, the Defendant abandoned Plaintiff, and their children; That about one year prior to their said separation, the Defendant commenced a course of cruel, unkind, harsh and tyrannical treatment toward Plaintiff, which increased in severity, with slight intermission, until their said separation; That said treatment was not only accorded Plaintiff but to the children, and that indecent language was continually used by Defendant to and in the presence of their children, and other improper actions and conduct, all of which rendered their further living together insupportable, and renders Defendant an unfit person for said children's custody; Wherefore Plaintiff prays for divorce from bonds of matrimony, and for custody and control of children, etc.

HEREIN fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

WITNESS: W. E. Smith Clerk, Dist. Court, Lynn Co Texas Given Under My Hand And Seal Of Said Court, in the city of Tahoka, Lynn Co, Texas this 7th day of August, A. D. 1926.

W. E. Smith, Clerk District Court Lynn Co, Texas.

Issued this the 7th day of August A. D. 1926.

W. E. Smith, Clerk District Court Lynn Co, Texas.

Finds Cause of Brown Tooth Stain

Canyon, August 10—Dr. C. A. Pierle of the Chemistry department of the West Texas State Teachers College has an article in the July issue of the Journal of the American Dental Association in which he gives an account of his experiments in the production of mottling and brown stain in the teeth of animals.

In a series of experiments carried over a period of two years, Dr. Pierle has demonstrated that brown stain can be produced upon the teeth of guinea pigs and rats by limiting the diet, leaving out milk and green vegetables as far as possible.

Dr. Pierle, in making his study of the brown stain which affects the teeth of children born and reared in certain areas, worked upon the hypothesis that it was caused by too little calcium in the diet. This dearth of calcium was caused by lack of milk and green vegetables in the daily food of the children, it was supposed.

The experiments with the rats in the laboratory proved that the objectionable brown stain can be produced at will in animals, by depriving them of proper foods. Rats that were provided the same diet as those in which the brown stain was produced, except that they were given all the milk and green vegetables they would eat did not develop brown stain. The same water was given rats in both cases.

Dr. Pierle's experiments make him inclined to believe that the mottling and staining of teeth which is common in large areas of Texas, Arizona, New Mexico, Kansas, and Idaho, is due to deficient diet, which in turn is caused by climatic conditions which have made it difficult for families to have an abundance of milk and green vegetables.

The research of Dr. Pierle will be carried further under the direction of the American Dental Association, until he is able to demonstrate fully the truth or falsity of his hypothesis.

As thousands of children in the areas affected have mottled and stained teeth, which cannot be restored to normal appearance at any time in their lives, people are very much interested in finding the cause and cure of this condition.

The deficiencies in diet which cause the staining of teeth also lead to diseased conditions in other parts of the body, so the experiments are demonstrating the importance of a balanced diet for children if they are to develop normally.

Dentists and dieticians are showing a keen interest in the valuable work which Dr. Pierle is doing.

THE TEN COMMANDMENTS OF MAIL ORDER HOUSES

1. You shall sell your farm produce for cash, where you can for we buy nothing from you.

2. You shall believe in us and best because we do not know you.

3. You shall send your money to us in advance, so we can buy the goods from the factory with your money; you have to wait a few weeks but that is our business methods.

4. You shall get help from your nearest city or village to build good roads, so you may easily haul our goods from the depot, but do not ask help from us—we do not help to build good roads.

5. You shall buy Church bells and altar utensils from us, and send the money in advance—that's our rule.

6. You shall get all the help you can from the business men in the neighborhood, although we may have more profits from you than they have it is against our rules to give to churches.

7. You shall covet your neighbors also to your faith in us, for we have room for more money.

8. You shall look at the pretty pictures in our catalogue as often as you can so as strengthen your desire for the things that you do not need, but which you may order with other goods to save freight. Send us all your ready cash so that you may not have any left to buy necessities from your home dealers.

9. You shall believe us rather than your home merchants, for we want your trade. We get to be millionaires with your support. Don't be bluffed.

Cisco—The Bankhead Poultry Producers Association began functioning in April, 1925, with no assets. \$1,800 was advanced by the Cisco Chamber of Commerce to help the beginning of the organization. According to recent reports the Association has \$1,600 cash, and equipment worth \$400 and no existing debts, although the organization itself was not established for the purpose of money making.

COTTON OUTLOOK BETTER THAN EVER BEFORE

With the acreage increased and plenty of moisture available cotton conditions at the present in the O'Donnell territory are much better than ever before in the history of the country at this time of the year. The regularity of the rains have given the farmers ample time to cultivate their crops and all the fields are free from weeds.

In addition to the greatly increased acreage there has been a marked increase in the planting of feed crops, all of which are coming along nicely, some of the maize being ripe enough for harvest. Forage crops are also looking fine, Sudan grass especially making a good yield. Considerable interest is being shown in live stock improvement over the territory and interest in poultry is the greatest in any previous years. There is also a marked prevalence in the increasing of hogs in the country, many of the farmers having purchased brood sows of registered breeds.

As a whole, the O'Donnell country is stepping along, the only problem in sight at the present time is the one of quickly harvesting the crop now assured. The ginnery are predicting that the first bale will be ginned around the 28th of the present month. —O'Donnell Index.

Roswell, N. M.—The construction of a new highway which will connect Roswell with the recently discovered oil field in Lea County, is to begin at once. This road will make the Maljamar field less than eighty miles from this city.

Lon Chaney

"The Black Bird"

With Owen Moore and Renee Adore.

Wed. & Thurs. Aug 18-19

"The Limited Mail"
With Monte Blue, Vera Reynolds, and Willard Lewis.

Ethel Hudson B. Y. P. U. Program
Subject: Some Rivers and Lakes of the Bible.

- Leader: Ethel Campbell
1. The waters of the map Ethel Campbell.
 2. Crossing the Jordan—Berta Hill
 3. Waiting at Bezor—Opal Jackson
 4. The sea stilled—Lester Money
 5. The water of life—Oleta Answorth
 6. Arid conditions of Palestine—Mrs. Stokes.
- Everybody invited.

County Clerk Happy Smith and his mother, Beecher Sherrod, and Miss Lucile Taylor left Monday morning for New Mexico. Miss Taylor expected to join a party of friends at Ruidoso while the other members of the party were bound for Hot Springs. Happy and Beecher will return early next week but Mrs. Smith expects to remain at Hot Springs several weeks for the benefit of her health.

Lubbock—Plans are being made by the directors of the Lubbock Sanitarium to launch a \$100,000 building campaign which will give this city the largest sanitarium west of Ft. Worth, with the finest equipment and the best arrayed clinic in the southwest.

Miss Mattie Will Seroyer and her mother, Mrs. A. B. Seroyer, returned Saturday from Cleburne, Hillsboro, Glenrose, and Fort Worth, where they visited relatives. They were accompanied home by Miss Seroyer's little niece, Geraldine Seroyer, of Cleburne.

Claude Wells and family, Miss Frankie Wells, Mrs. O. C. Roberts, Miss Ida Small, and possibly others left Saturday for Ruidoso, N. M., on a pleasure trip.

Early Fur Trade Had Plethora of Romance

The romance of the fur trade is not over. The wreck of the Hudson's Bay company's steamer Lady Kindersley, with a million dollars' worth of furs, in the Arctic ocean, was an adventure as thrilling as any on the sea.

Unlike the earlier vessels in the trade she was equipped with radio apparatus, which helped to acquaint the outside world with the plight of the crew. But when the voyager and trader of old struck out into the wilderness they left the world behind them and steered their course by the stars over river and plain. The most remarkable of these star gazers was probably David Thompson, the accuracy of whose boundary surveys remains undisputed.

The "Adventurers of England Trading Into Hudson's Bay" was the only corporate company which ruled over an area as large as Europe. With it will always be associated the name of Donald A. Smith, who, starting as a lad on the bleak coast of Labrador, where he spent 13 years, rose from the position of clerk to governor, and finally took his seat in the house of lords as Lord Strathcona, says the Toronto Globe.

But there was not much romance in his snowshoe tramp of a thousand miles to Lachine to consult a doctor about an affliction of the eyes which threatened blindness. One incident of his life in Labrador was revealed at a meeting of the railway committee of the house of commons when he was a member. An enthusiastic promoter wanted to build a railway from Quebec to Hamilton Inlet, which he declared, was an open pert all the year round.

The old fur trader rose and remarked that was news to him, for he distinctly remembered walking across the inlet on snowshoes in the winters of the '40s. That, of course, killed the bill.

The romantic features of the company probably reached their zenith under Sir George Simpson, whose movements by canoe and saddle earned him the title of "fastest traveler in the north." Romance was continued for many years in the fiction of Reid and Oxley, and fortunately sufficient interest has been maintained in the real history of the fur trade to preserve the facts in many well known works.

Onion Only Eatable Lily

The chief value to man of the lily family, to which the onion belongs, is a purely ornamental one, says Dr. A. B. Stout, director of laboratories of the New York botanical garden, in the Detroit News. Doctor Stout is an expert on lilies.

A general survey of the true lilies and their near relatives reveals that the lily family contains relatively few plants of importance as food and fiber crops, says Doctor Stout. Of these the onions are perhaps most important. The young shoots of asparagus are among the delicacies of the spring season. Bulbs of certain of the true lilies are eaten by man, especially in China. The seeds of a *Ruscus* are used as a substitute for coffee. One member of the lily family, New Zealand flax, yields fiber. Several members yield medicinal products; of these *sarsaparilla* (from *Smilax*) may be mentioned. The list of important economic plants in this family is, however, not a noteworthy one.

May Tell State Secrets

The European chanceries are said to be anxiously awaiting disclosures which possibly may be made in the memoirs of Frau Katherine Schrratt, the aged actress who for many years was the favorite and confidante of Emperor Franz Joseph of Austria. She is popularly supposed to have had knowledge of the facts surrounding the murder of Archduke Francis Ferdinand and also secrets of international diplomacy preceding the World war. Frau Schrratt has often been pointed to as the one woman who could keep a secret, but it is now reported that she is willing to consent to the publication of her memoirs.

To Katherine Schrratt Francis Joseph is supposed to have divulged intimate secrets, which even his closest admirers did not know. The actress, who was a member of the Royal theater in Vienna when Francis Joseph met her, still lives in that city.

Insincere

John S. Sumner, superintendent of the Society for the Suppression of Vice, said in New York the other day: "The authors of erotic books and plays always claim that their work has a moral influence, that it makes for reform."

"These men remind me of a picture in an exhibition. It was a picture of a beautiful nude woman, kneeling, her head bowed."
"Fine, ain't it?" a man said. He consulted the catalogue and added: "It's called 'Repentance'."
"Humph," said the man's wife. "You'd think if she'd repented, she'd put some clothes on."

To Preserve Wild Fowl

According to Dr. W. E. Nelson, chief of the bureau of biological survey of the United States government, the number of wild water fowl is gradually decreasing, but there are still more wild water fowl today than there are feeding grounds for them. Ducks get about 93 per cent of their food from vegetation and wild geese get 97 per cent. A move is on to establish feeding grounds in the sloughs and marshy grounds for them. Owners of such tracts are urged to sow wild rice, pondweed, red head grasses, wild celery, spatterdock and muskgrass for the benefit of these fowls.

South Plains Fair Opens Sept 29

Lubbock, August 11—Stock raisers, farmers, housewives, agricultural committees and others are at work in every county in the Panhandle South Plains section preparing livestock, agricultural products, home products and art for exhibition at the Panhandle South Plains Fair which will be held this year September 29, 30, October 1, and 2, while old father time is rushing the days by until only two months now stand between the present and the fair.

Everything will be in readiness for the exhibits and the spectators when the time arrives, according to Walter A. Myrick Jr., president of the fair board. Improvements and additions are being made in practically every department and the attractions and exhibits are expected to be the best in years.

"Practically every county in the section has sent in its application blank, reserving space for a booth. These counties report conditions are excellent and that winning exhibits are being prepared. A large number of individual exhibits are to be shown by farmers in every county on the South Plains.

The live stock and poultry departments of the fair will be crowded by entries this year, and additions to the live stock barn will likely be made to take care of the additional herds and individuals that will be entered in this department. The premiums offered in this department are on an average higher than those offered by any regional fair in Texas this fall, and the exhibitors have a good territory for selling their stock here with the large number of farmers who are stocking their farms with good stock.

The W. H. Haines shows will furnish fair visitors plenty of amusement with the latest rides and carnival attractions while football games, air plane stunts, fire works

CHILDREN'S FATAL DISEASES

Worms and parasites in the intestines of children undermine health and so weaken their vitality that they are unable to resist the disease so fatal to child life. The safe course is to give a few doses of White's Cream Vermifuge. It destroys and expels the worms without the slightest injury to the health or activity of the child. Price 35c. Sold by

THOMAS BROS. DRUG CO.

and other attractions will not be neglected.

Mr. and Mrs. Sam Briddy of Hubbard City and Mr. and Mrs. Tom Eaton of Kerens left Monday after a week's visit here with the families

of R. C. Wood, Doc Walton and Roy Poer. Mrs. Priddy and Mrs. Eaton are sisters of Mrs. Walton and Mr. Poer. Mr. Eaton was formerly a citizen of Tahoka, leaving here about seven years ago. The Wood, Priddy, and Eaton families visited the wonderful Carlsbad Cavern last week.
