NUMBER 45

FARMER'S FIGHT AGAINST THE LEAF AND BOLL WORM

PROSPERITY OF COUNTRY DEPENDS ON COTTON CROP—A
CHEAP AND EFFICIENT METHOD OF PROTECTION
FARMERS URGED TO BE IN READINESS

It is a well known fact that all people depend upon the farmer for their full measure of prosperity. If the farmer is prosperous the rest of the people are prosperous, or if the farmers are in bad shape everyone else is in the same shape or soon will be. For if the farmer is in bad shape how can he buy things at the store? If the farmer does not buy at the store, how can the store keeper pay his clerk's salary? How can he pay his float bills, his laundry bills, his carpenter work, his painting bills, his printing bills, or the thousand and one things that go to make up the modern business transactions? So as every one knows, everything depends on the prosperity of the man with the hoe. Therefore everyone is doing, or at least trying to make people they are doing, the most they can to help the farmer along. Some advocate political reforms to help the farmers, some advocate intensive farming, some advocate one thing and some another; but it is a fact that everyone in every walk in life is advocating some kind of reform—invention, policy or something that they hope in some way may help the farmer to a measure of prosperity. Some advocate deep plowing, some shallow plowing, some continued cultivation, some irrigation; but whatever it is it is intended to increase the farmers income somehow. Some on the other hand advocate means of conserving that crop that the farmer has already made; such as barns, silos and graneries or something that will help keep what the farmer has worked for and made.

Now here is where the country newspaper comes in for its share of "helping the farmer." Nearly everything that anyone wants to get before the farmer to help him is published in the country newspaper (free, of course,) and sometimes the thing published good and sometime the thing is bad. If it is good Prof. Somebody, or Dr. Someone, or Hon. Greatperson, gets all the credit, for did not he have it published in all the country papers? But, if it proves to be a dismal fail-

ure, the entire blame is cast upon the newspaper, "as they should be careful not to publish such untrustworthy receipts." And these great professors, doctors and honorable are inclined to go off half cocked, especially if they are advocating something to help the farmer, or some political move intended to help the poor." However, once in a while something is advocated that has been tried and proven a success—advocated by farmers for their brothers in the field—but that that the majority of farmers do not know of, or are inclined to neglect until it is too late, or that they are too busy attending to some other crop that demands immediate attention, or that they think they will risk doing without, or any of the numerous reasons a farmer may give for making a failure where it seemed almost impossible for him to help making a success of. So the country newspaper is called upon to put a chunk under the farmers fire and get him to look after his own interests as outsiders think he ought to do. And the country newspaper being more closely dependent on the farmers prosperity than any one else upon earth can be, comes out with three column head, "What the farmer must do now," or some other big head line.

Believing that the farmer should keep right on the job and see that he does not lose the fruits of his labor by a little neglect right at the last, the Lynn County News this week publishes a "Warning," a "Receipt" and a "Plea" to the farmers of the South Plains.

The "Warning:" This continued wet weather is certain to cause the leaf worm and the dreaded boll worm to appear in destructive quantities and if something is not done and done at once many a farmer in Lynn County will stand an excellent chance of losing his crop in part if not wholly.

The "Receipt:" Take a bottle and fill it with coal oil, put a piece of soft cotton rope in the bottle for a wick, pass a wire thru the rope about an inch from the end protruding from the

mouth of the bottle to keep the wick from slipping down into the oil, place the torches at frequent intervals about 190 yards from each side of your cotton field and as soon as the first moths appear light the torches each evening as soon as the sun sets and snuff them out by good daylight. The torches keep the moths out of the field until the sun is up when they will settle for the day, also immense numbers are singed in the flame and die. Some set the light over a tub of water and the moths strike the water and drown.

The "Plea:" Let every farmer in Lynn county try this method of killing the moth that makes the worm that eats the cotton and makes a field promising two thirds of a bale to the acre dwindle down until it takes twenty acres to make a bale of cotton. Don't let a little carelessness or thoughtlessness loose half the cotton crop you have made.

The "Warning," is prompted by common sense and experience. Everyone knows of years we have had heretofore when prospects were excellent for three fourths of a bale of cotton to the acre and in a couple of weeks it had dwindled down to one fourth of a bale to the acre and some to total failures.

The "Receipt" is vouched for by Edwards Bros., the Tahoka ginners, and by J. W. Crouch, J. H. Cowan, M. M. Anthony and other successful farmers who have seen it tried and are convinced that it is the cheapest way to protect your cotton against the almost certain destruction in the next 30 or 40 days.

The "Plea" comes from all those who depend upon a good crop being made on the Lynn county farms. We want to help you help yourselves so you can help us. We have splendid prospects at the present writing for an immense cotton crop in this county this year, if nothing happens to prevent; and that is why some of us are beginning to get scared for fear something may happen to shorten the cotton crop. This is a vital public question and must be met in a public way by everyone doing their best to avert the possibility of a lost cotton crop. As soon as the first millers appear, that is if they do appear, and it is very likely they will appear, every farmer should burn the lights, every merchant handling oil should let the farmer have oil for this purpose at rockbottom prices so as to make it as easy upon the farmers as possible.

TAHOKA PULLS OFF BIG 4TH OF JULY BETWEEN SHOWERS

PLENTY OF BARBECUE, BREAD, PICKLES, PIES AND COFFEE
BIGGEST DANCE AND BEST RAIN ON THE PLAINS
—ON THE WHOLE A GRAND SUCCESS

There may be some place that equals Lynn county; and some people who equal Tahokaites; but, it would be difficult to find place and people that could pull off a bigger picnic and barbecue combined with more rain and have more fun than we had here the 3rd and 4th of July.

For the 24 hours ending at sunset July 2nd the gauge registered 1.38 inches of rainfall. The record for the 3rd was 1.32 inches, and for the 4th .74 of an inch.

We venture the assertion that two-thirds of the attendants got soaking wet, either while on the road coming, while here or on the way home. However, a jollier crowd we never saw. The

LOVINGTON (N. M.) SPECIALS

July 31st, before the fair, 2000 copies; August 21st, after the fair, 3000 copies. Send your ad copy now. Regular rates, 45-48 Leader, Lovington, N. M.

Will and Box Cathey, Joe Simmons and Clyde Frost of near Pride, came up Thursday of last week to attend Judge Perryman funeral. They came up in Clyde's auto and fully intended to return that night—in fact promised the women folks they would return before morning. But the wet weather gave the auto a cough, and they did not dare take it out until after the barbecue.

E. W. Onyen and Miss Ethel Davis, both of Lamesa, were married by Judge Stokes, south of the court house, in the moonlight Monday night July 6th at ten o'clock. Some difficulty was experienced in securing the license.

Phone 60 and have your ice delivered morning or evening, any sized block. C. L. Williams, Wholesale and Retail Ice. 38tf

Let Shed do your cleaning and pressing; just phone 88 and it will be called for and delivered free. 38tf

Born to Mr. and Mrs. J. T. Eastridge, Thursday July 2nd a bor.

attendance was very large considering the weather, and the rain interfered with all the arrangements, but the committee would come again each time, and everyone enjoyed themselves and we had a great plenty of the best barbecue you ever saw.

Everybody came "fixed" and the doll racks were well attended, the knife stand man was kept busy, the "nigger" was ducked so often he nearly froze. The novelty stands had handsome displays, and the dancing went on almost continuously.

Altogether we congratulate ourselves; we had a big rain, a big picnic, a big barbecue, a big show, a big dance and now we are having a big meeting at the Methodist church. Come, see.

PRESBYTERIAN PREACHING

Rev. J. L. Johnson, of Lamesa, a Presbyterian preacher, will preach in Tahoka the fourth Sunday in this month, the same being the 26th day. A cordial invitation is extended to all to hear him.

FOR SALE—A cracker-jack good freight out fit. Six good horses, three wagons, harness and all complete. Will sell, trade or take good notes. 45 tf B. C. King, Tahoka, Texas.

Miss Willie Slover came home from her school at Hulver; Wednesday of last week.

Let Shed do your cleaning and pressing; just phone 88 and it will be called for and delivered free. 38tf

Mrs. Pearl Coughran of Marfa came up to spend the Fourth with her parents Mr. and Mrs. S. N. McDaniel.

We have a car load of kerosene and gasoline on hand. Burn Eupion oil—the best on earth. I also have a complete stock of all kinds oils and greases. G. W. SNIDER, Tahoka agent for the Pierce-Fordyce Oil Association. Call at our Wagon Yard when in Tahoka and let us fill your bill for auto and engine supplies. 18

Mineral Wells celebrated the Glorious Fourth with an \$85,000 fire.

The Names as They Will Appear on the Official Ballot, Given Below for the Consideration of the Careful Voter

I am a Democrat and pledge myself to support the nominees of this primary.

For the submission by the thirty-fourth Legislature of the State of Texas a Constitutional Amendment prohibiting within this State the manufacture, sale, exchange and intra-state shipment of intoxicating liquors, except for medicinal and sacramental purposes.

Against the submission by the thirty-fourth Legislature of the State of Texas a Constitutional Amendment prohibiting within this State the manufacture, sale, exchange and intra-state shipment of intoxicating liquors, except for medicinal and sacramental purposes

Spending The Glorious Fourth

A Fourth of July celebration was abruptly ended when two negro women, Maggie Owens and Mattie Hendrix, found their husbands, Ocie Owens and Buckner Hendrix, swimming in Scamore creek with two other women, Maggie took her big, black 38-45 six-shooter with her to the scene of action and as soon as she saw her husband in the water with the other woman she began to shoot at him.

Under the water went Ocie. As soon as his head came to the top of the water some few yards down the stream, Maggie shot at him again.

It so happened that Maggie and Mattie came up on the same side of the creek that the bathing party left their clothes. The quartette fled to the opposite side of the river and in the costume of Adam and Eve beat a hasty retreat through the woods.

Maggie and Mattie took possession of the clothes left on the bank. Just how the swimming four got home has not been found out.

Mattie, too, was armed. She carried a big, long knife, and said all she wanted was a chance to "trim de last one in de party."

The two negro women were arrested by Motorcycle Officers Langdon, Penix and Davidson, and taken to the police station. They were later released and no charge made against them.

The police are holding the clothes belonging to the four negroes.—Fort Worth Record.

Farmers Meetings at College Station

Farmers' Institute, July 17th and 18th.

Farmers' Short Course, July 20th to 25th, inclusive.

Farmers' Congress, July 27th, 28th and 29th.

FARMERS' INSTITUTE: The Farmers' Institute is an organization composed of delegates from County Institutes that have been organized by the Commissioner of Agriculture in different sections of the State. Delegates to the annual meeting, who are duly elected by their respective institutes, are given passes by the railroads on recommendation of Ed. R. Kone, Commissioner of Agriculture, Austin, Texas.

The meetings are given up to discussions of topics of interest to farmers and to the transaction of business concerning the association.

FARMERS' SHORT COURSE: The Farmers' Short Course is a week's school of instruction given by the Faculty of the A. & M. College.

Courses are given in Agronomy, Animal Husbandry, Dairy Husbandry, Horticulture, Agricultural Education and Domestic Science. In addition to these a series of lectures will be given on poultry by Prof. J. E. Rice of Cornell University, the foremost authority on poultry in this country.

The work in Domestic Science will be confined to cooking and canning. The instruction will be given by representatives of the United States Department of Agriculture, the College of Industrial Arts and the State agent in charge of the canning clubs. This course is given for the special benefit of women and girls who live on farms.

A course in Agricultural Education will be offered for teachers of Agriculture in our public schools.

A pamphlet giving full information in regard to the course of study, expenses, etc., of the Short Course will be sent free on application.

FARMERS' CONGRESS: The Farmers' Congress is an organization composed of some twenty odd agricultural societies, representing nearly all of the agricultural activities of the State.

The Farmers' Congress is recog-

Fire Prevention vs Fire Fighting

By S. W. English,
 State Fire Marshall

It has been declared that an ounce of prevention is worth a pound of cure. It is equally true that an ounce of fire prevention is worth ten pounds of fire fighting.

The man who is constantly on the alert to ward off fire has a faith that is far stronger than has the man who is careless with his property and who depends upon the zeal of fire fighting companies and the number of pounds of water pressure maintained by the water-works.

Keep your premises free from filth. Keep them free from trash. Keep them insured against destruction by your care, rather than to trust solely to your insurance policy and to the powers of firemen and their fire fighting machinery.

A pall of smoke ascending from your property as it goes to feed the maw of the fire-god can have no silver lining. It is a black cloud and in nine cases out of ten leaves a black mark on your conscience.

Don't save all your energy to fight fires with; use some of it to prevent fires.

Quit Taking Risky Calomel

Here is a vegetable tonic that is far better for you to take than the dangerous drug and poison called calomel. You never can tell when calomel is going to "get you." That's the worst thing about taking so uncertain and dangerous a drug for constipation and liver trouble. Calomel is liable to sicken you or "knock you out" for at least a day the very next time you try it.

Thomas Bros. Drug Co., have the mild vegetable remedy that successfully takes the place of calomel. This remedy is Dodson's Liver Tonic, a very pleasant tasting liquid that gives quick but gentle relief from constipation, torpid or "lazy" liver.

Dodson's Liver Tonic is fully guaranteed, and if you buy a large bottle for fifty cents and it does not entirely satisfy you, the drug store where you bought it will promptly give you your money back with a smile.

Dodson's is fine for both children and grown people. 45-11

nized as one of the most useful and successful agricultural associations in the United States. From nine to two general sessions are held each day, at which time addresses are made by men and women of national reputation. Each section holds from one to two sessions a day, at which time subjects of special interest are discussed.

During the meetings of the Farmers' Institute and Farmers' Congress, demonstrations will be given each day from four to six p. m., with traction and gasoline engines, farm machinery, silo construction, the making of silage, testing milk, spraying with bucket, knapsack, barrel and power sprayers, canning fruits and vegetables.

RATES: The railroads have offered a rate of one cent each way. Tickets will be on sale July 16th, 17th, 19th, 26th and 27th, with return limit of August 1st.

BOARD AND LODGING: Board can be had at 35c per single meal, or 33c where as many as three tickets are bought. A charge of 35c per day will be made to cover incidentals, such as clerk hire, janitor service, lights, laundry for bed linens, etc. One large dormitory will be reserved for women.

E. J. KYLE, Dean of School of Agriculture and Director Farmers' Meetings.

TREASURERS ACCOUNTS SOLICITED BY THIS BANK

THIS bank pays ESPECIAL ATTENTION to accounts of TREASURERS of fraternal orders, clubs, social organizations. Usually such officers hold complimentary positions. They are expected to disburse certain moneys or keep them in reserve. Ours BOOKKEEPING is a BOTHER or a WORRY. Treasurers who have their funds with us feel SAFE, and their RECEIPTS are always GOOD ORDER.

CARTER BROS. General Merchants
 N. D. Goree, Manager,
 Tahoka, Texas

The Lubbock Avalanche go out a 20 page anniversary edition last week and this week began their 15th year. We wish them the continued success they so richly deserve.

The Abilene Daily Reporter got out a special edition June 28th, which was an excellent boost for their city. We always like to receive the special editions at our exchange table as it is always interesting to us to read of the progress made by our neighboring cities; it is so encouraging for they too were once no larger than Tahoka now is. The reason why they have grown is because every one (nearly) helped to build their native city and the greatest factor in the growth of and town or city, is the untiring enterprise shown by it's newspaper.

Lynn County News: A certain farm journal has a front page heading which reads, "Is your soil staying at home?" You bet it is this year. That is one of the beauties of this Plains country. When it is dry, of course more or less of our sandy soil blows away, but plenty blows on to take its place before the storm is over, while in a wet season like this we neither lose or gain, for our soil stays put as long as it is damp.

A ratty corn crib, where four-legged thieves break through and steal the garnered grain from the careless husk and man, is not half so costly to the owner as his farm if it is left defenseless against the torrential rains which wash its fertile substance into the drains, into the creeks, into the rivers and into the sea. He can look at his depleted store of corn and say that he has some to spare to the rats, for another crop is coming to the harvest. But when he looks at his flood-riven fields and sees the rich top soil moving from its natural moorings into waste space beyond his boundary lines he knows that it is capital which is passing from his ownership forever. The farmer's field is his bank. He can draw out less than he puts into it and build up wealth, or he can draw out more than he puts in and bring himself in due course to bankruptcy. To guard the fertility of his acres is no less a sign of wisdom than for him to guard his balance at the bank. At the bank only his own checks are charged against his account, but in his fields the negligence of tenants, the devastation of the rains, the inference of himself, all combine to dissipate his resources if he wills or permits it so.—State Press in Dallas News.

A little more than a year ago the government gauge recorded eight inches of rainfall in eight hours and no damage was done to the farm lands and little or no damage to growing crops even.

**Women Can Go Anywhere
In America at Any Time
Without Danger or
Insult**

Photo by American Press Association.

By Dr. GEORGE BRANDES of Denmark, One of
Greatest Literary Critics

ONE OF THE FEATURES OF AMERICAN LIFE WHICH HAVE AROUSED MY ASTONISHMENT AND ADMIRATION IS THE PUBLIC SAFETY ACCORDED YOUR WOMEN. THEY CAN GO ANYWHERE IN YOUR STREETS AT ANY TIME WITHOUT DANGER OR INSULT. NO MORE THAN OTHER WOMEN HAVE THEY THE PHYSICAL STRENGTH TO PROTECT THEMSELVES, AND YET THEY ARE PROTECTED BY THE RESPECT THEY EVOKE FROM YOUR MEN. IN AMERICA MEN HAVE THE TRUE CHIVALRY.

Not so long ago an American girl killed herself in Paris because she could not walk through the streets alone, as circumstances forced her to do, without being insulted by men. She was used to your American respect for women.

I BELIEVE THE REMARKABLE ACHIEVEMENTS OF YOUR SELF SUPPORTING WOMEN ARE DUE TO THIS UNDERLYING ATTITUDE OF RESPECT FROM THE MEN. SUPPOSE IN PARIS AN ATTRACTIVE, WELL DRESSED GIRL IS SUDDENLY FLUNG ON THE WORLD ALONE AND FORCED TO EARN HER OWN LIVING. NATURALLY SHE TRIES FIRST TO PROCURE A ROOM WHERE SHE MAY LIVE. AT HOUSE AFTER HOUSE THE LANDLADY WILL SAY TO HERSELF, IF NOT TO THE GIRL: "NO, I WON'T TAKE HER. SHE CAN'T BE RESPECTABLE. SINCE SHE IS SO PRETTY AND WITHOUT A HOME." THERE IS THE POOR GIRL HANDICAPPED AT THE VERY START. NOW, IN NEW YORK SHE WOULD HAVE NO SUCH TROUBLE.

TEXAS FACTS

COTTON.

Twenty-five per cent of the world's cotton crop is produced in Texas.

The annual per capita cotton production of Texas is one bale.

Texas produces 4,000,000 bales of cotton annually.

Cotton yields the Texas farmers a million dollars per day.

Cotton is the principal farm product of Texas, although every crop known to agriculture can be raised in this state.

A cotton crop failure is unknown in Texas and a small yield per acre is always offset by an increase in price per pound.

Cotton occupies 45 per cent of our cultivated area.

Within the past decade the cotton acreage of Texas has increased 25 per cent.

An acre of Texas cotton, in 1912, was worth \$27.19, including the value of the seed.

Texas cotton, in 1912, yielded 206 pounds of lint to the acre and had a value of 11 1-2 cents per pound.

Texas is not only the leading cotton-producing unit, but is also the principal exporting center of the globe.

Galveston, Texas, is the world's leading cotton exporting port.

Houston, Texas, is the largest inland port cotton market in the world.

At one planting a seed of Texas cotton will multiply 1,600 times.

To plant the Texas cotton crop requires the services of 500,000 persons, 1,000,000 cultivate it and 2,000,000 persons are kept busy 4 months gathering it.

It costs \$15,000,000 to pick the Texas cotton crop, \$12,000,000 to gin it and \$3,000,000 to compress it

Compared with other states, we rank twenty-third in mineral production.

We produce 19 minerals in commercial quantities.

The first commercial mining in Texas was in 1882. Since then, the mines, wells and quarries of the state have yielded products valued at \$227,000,000.

The Texas mines produce \$20,000,000 annually.

Texas mine employes receive \$5,000,000 annually in salaries and wages.

The mining industry of Texas represents a capital investment of \$20,000,000.

Thirty-five thousand people are dependent on the Texas mining industry for a living.

NATURAL GAS.

The gas wells of Texas produce a million dollars a year.

There are 70 active gas wells in Texas that produce 5,500,000,000 cubic feet of gas annually.

We have 416 miles of gas mains which were constructed at a cost of \$2,500,000.

Twenty-five Texas cities are furnished gas from the Texas fields.

Our natural gas area is one of the largest in the United States and covers 130 square miles of territory.

Texas ranks eighth with other states in natural gas production.

Our natural gas industry is yet in its infancy and many new fields are being discovered.

Undue Mixing of Incompatible Foods, Discouraging Nutrition, Conducive to Cancer

By Dr. THOMAS J. ALLEN, Diet Specialist, Eureka Springs, Ark.

It cannot be a mere coincidence that commercial travelers in both England and America are more liable to cancer than men of any other occupation. The traveling man is MORE SUBJECT TO VARIATION IN DIET THAN ANY OTHER OCCUPATION.

STATISTICS SHOW THAT IRISH, GERMANS AND SCANDINAVIANS ARE MORE SUBJECT TO CANCER WHEN THEY COME TO THIS COUNTRY THAN IN THEIR NATIVE COUNTRIES. WHILE ITALIAN, GREEK, RUSSIAN AND SOME OTHER NATIONALITIES SHOW NO INCREASE. THE FORMER ADOPT THE "CIVILIZED DIET" OF THE ADOPTED COUNTRY. THE LATTER, WHO SHOW NO INCREASED LIABILITY, MAINTAIN THEIR FORMER HABITS, IN EATING AS IN OTHER THINGS. A STRIKING CONFIRMATION OF THIS ARGUMENT IS THE FACT, NOTED BY KELLOGG WITHOUT DRAWING ANY REASONABLE CONCLUSION, THAT THE CHINESE SHOW NO INCREASE IN CANCER IN THIS COUNTRY, REMAINING PRACTICALLY IMMUNE. WHILE THE NEGRO, ALMOST IMMUNE IN THE SOUTH ON HIS DIET OF CORN BREAD AND MOLASSES, INCREASES MORE THAN A HUNDRED PER CENT IN SOME CITIES IN THE NORTH, WHERE AS A HOUSE SERVANT OR WITH THE WAGES OF A BARBER OR PORTER, HE CAN INDULGE HIS INCLINATION TO "EAT AS GOOD AS WHITE FOLKS."

The strain of modern life, too much indoor living, excesses of all kinds, are contributory causes of cancer, but the fundamental physical factor is variation in feeding, the undue mixing of incompatible foods, which disorganize nutrition.

Most Serious World Question Is Awakening of Japan and China

By the Rev. Dr. WILLIAM PIERSON MERRILL of Park Presbyterian Church, New York

THE best and surest safeguard against war with Mexico will be persistent and widespread application of the Golden Rule in the thinking and conduct of American people toward Mexican people.

Even more strong and clear is our duty as followers of Christ in the matter of our relations with nations of Asia. There is the great peril of the future. JAPAN IS AWAKENED; CHINA IS AWAKENING. What will it mean to the world when those millions are equipped with modern knowledge and modern methods and inflamed with a PASSION FOR THE RIGHTS AND PRIVILEGES OF THEIR OWN RACE? That is the most serious world question of our time. It is our part to stand war as unthinkable between America and the orient, to denounce the talk of war as treason to the kingdom of God, to welcome intercourse and exchange of thoughts and visits.

I HAVE BEEN HAUNTED BY A DREAM, WILD PERHAPS, YET SEEMING MOST BEAUTIFUL AND POSSIBLE--A DREAM OF THIS COUNTRY OF OURS, SO WONDERFULLY SUCCESSFUL IN BREAKING DOWN PARTITIONS BETWEEN RACES, BETWEEN STATES, BETWEEN CLASSES, JARING AT LAST TO TAKE THE SUPREME STEP AND SAYING TO THE WORLD: "KEEP UP THE FENCES IF YOU WILL, I TAKE MINE DOWN. REFUSE TO ASSUME ANY LONGER THAT WAR IS NATURAL AND INEVITABLE. HENCEFORTH I SHALL ASSUME THE NATURALNESS OF PEACE. WHATEVER YOU DO IN THE WAY OF THREATENING ARMAMENTS I SHALL ASSUME THAT NO ONE WANTS TO ATTACK ME. I SHALL DEFEND MYSELF. BUT I REFUSE LONGER TO BASE MY POLICY ON DISTRUST AND HATRED AND THE EXPECTATION OF WAR."

With Love and War Practicable Themes Tide of Literature Will Turn

By JUSTIN HUNTLY MCCARTHY, Playwright

STOCKBROKERS, SHOE CLERKS, SHOPGIRLS AND TANGOING MILLIONAIRES ARE SOON TO RETIRE FROM THE PAGES OF THE POPULAR NOVEL. MAKERS OF FICTION WILL FORGET ECONOMIC DETERMINISM, THE LIVING WAGE, FEMINISM AND THE REST OF THEIR OBSESSIONS AND REMEMBER THAT LOVE AND WAR ARE PRACTICABLE THEMES. AND THE REASON IS THAT IT'S ABOUT TIME IT HAPPENED.

These things go in cycles. REALISM FOLLOWS ROMANTICISM; ROMANTICISM FOLLOWS REALISM. For several years the novelists have given us little but realism. They have turned their attention to what they call a cross section of life; they have rigorously confined themselves to portraying the people of this present age, and they have been fond of preaching, especially of preaching their favorite economic theories.

BUT THIS CANNOT GO ON FOREVER. IT HAS GONE ON SO LONG THAT THE TIME FOR A CHANGE IS HERE. SOMEWHERE THERE IS A MASTER OF ROMANCE, A MAN WHO WILL TURN THE TIDE OF LITERATURE AS STEVENSON TURNED IT NOT SO MANY YEARS AGO.

Militants Will Win After Last Inch of Suffering

By GEORGE BERNARD SHAW, English Playwright

AS WE HAVE NEITHER CONVICTION ENOUGH TO DARE TO STARVE THE MILITANTS TO DEATH NOR COMMON SENSE ENOUGH TO PLEDGE OURSELVES TO THE INEVITABLE REFORM, THERE IS NOTHING TO BE DONE BUT WAIT UNTIL THE WOMEN PROVOKE A MOB TO LYNCH THEM AND THE GOVERNMENT HANGS A SATISFACTORY NUMBER OF THE MOB IN EXPIATION.

Then the women will get their votes after the LAST INCH OF MISCHIEF AND SUFFERING has been squeezed out of a situation which several civilized and reasonable countries already have disposed of without the slightest trouble. THAT IS ENGLAND ALL OVER.

Lesson of Lincoln, All Men Born Equal

By HENRY CLEWS, New York Banker, In Address at Flushing (N. Y.) High School

IN the study of Lincoln's career there is much that may be learned by young people. Above all, there is the great lesson you no doubt have already learned here in this great temple of education, and that is that in Abraham Lincoln's life you can grasp the great significance of the Declaration of Independence--all men are born equal.

THOSE WHO KNEW LINCOLN BEST SAY HE WAS UNLIKE ANY OTHER GREAT MAN THEY HAD EVER KNOWN OR READ OF, OWING TO THE MIXTURES OF FORCES AND QUALITIES IN HIM--THE IDEAL AND LOFTY WITH THE ROUGH AND COMMONPLACE.

Scientific Co-operation Blow to Socialism

By SIMON W. STRAUS, President American Society of Thrift

THE PEOPLE OF THE UNITED STATES TODAY ARE THE MOST WASTEFUL IN THE WORLD, JUST AS THE AMERICAN GOVERNMENT IS THE LEAST THRIFTY. THERE IS LACK OF THRIFT ALSO AMONG THE BIG CORPORATIONS, THOUGH THEY ARE IMPROVING. THE MIDDLE-MAN IS GETTING MORE THAN HE EARNS, AND UNTIL THE PRINCIPLE OF SCIENTIFIC SAVING IS BROUGHT HOME TO THE PEOPLE NO REFORM IS POSSIBLE.

During my brief English stay I have been overcome with admiration over the progress of the co-operative selling societies. Americans do not realize that these have a membership of two and a half million and that the ANNUAL TURNOVER IS ABOUT SEVEN HUNDRED MILLION DOLLARS, A LITTLE LESS THAN THE TURNOVER OF THE STEEL TRUST.

SCIENTIFIC CO-OPERATION IS THE GREATEST BLOW ADMINISTERED TO SOCIALISM. A MAN SAVING MONEY CEASES TO LISTEN TO WINDY SOCIALIST PROMISES. AN ENGLISHMAN WITH NO CAPITAL, WHO HAS JOINED A CO-OPERATIVE SOCIETY, BUYS ALL HIS SUPPLIES THERE AND AT THE END OF THE YEAR RECEIVES A SMALL DIVIDEND, ASSUMES A DIFFERENT VIEWPOINT, BECOMES AMBITIOUS AND A BETTER CITIZEN.

UNDER NEW MANAGEMENT

In the future Mr. Ross Ketner will have management of the Tailor Shop. All work guaranteed. 44-45

MRS. WADE RAY

Highest cash price paid for produce.—Paul Miller.

J. F. Ward, of Groom, spent the Fourth in Tahoka visiting relatives. Mr. Ward is a strong prohibitionist. Says: "I would be a prohibitionist if there was not another on earth." Talking about privilege, he said, "any man who has ever fought booze, don't need 'privilege,' what he needs is prohibition and help."

Rev. J. H. Vinson, one time pastor of the Tahoka 1st Baptist church, now a busy and prosperous farmer, celebrated his 54th birthday July 4th.

J. A. (Curly) Gamble and Miss Ida Campbell were married July 1st. Judge Stokes officiating. The happy couple left immediately in a auto for a wedding trip.

Rev. C. H. Ledger, Evangelist and Rev. J. P. Callaway, Pastor, are holding a protracted meeting at the Methodist church, which began last Sunday, and in spite of the rainy and threatening weather, is developing considerable interest.

G. W. Dingus of Comanche, an old school days friend of Ed. Redwine, spent a couple of hours in Tahoka Monday. He says politics, state and county, are getting red hot in old Comanche.

Dr. E. E. Callaway received a call to the New Home neighborhood Monday noon. J. H. Smith had the misfortune to have his horse fall on him bruising him considerably. He was riding at a gallop in Elton George's pasture when his horse stepped in a dog hole and turned a somersault landing on Mr. Smith. Elton and Frank King were working on a windmill and saw the accident. They loaded him into Frank's hack and took him home, where the doctor soon patched him up.

Dr. J. F. Galloway, Dentist, 11-16 has returned from his vacation and will be in Tahoka till further notice. 45-16

One-half Nations of Earth for Peace

By WILLIAM JENNINGS BRYAN, Secretary of State

WE are approaching and seeing more of the IDEAL OF REASON AND LESS OF FORCE. It is a new era of peace efforts. I believe in this new era Nations are taught to recognize brotherhood and kinship and to seek some way to adjust differences. This is true today more than at any period in the history of the world.

MORE THAN THIRTY NATIONS ARE ENTERING OR ARE ABOUT TO ENTER IN A PEACE PACT FOR ARBITRATION. FIFTEEN NATIONS HAVE SIGNED TREATIES PROVIDING FOR ARBITRATION, ELEVEN ARE READY TO SIGN AND OTHERS ARE NOW PRACTICALLY PLEDGED TO THAT METHOD OF SETTLEMENT.

One half of the nations of the earth soon will be living under conditions that will compel the submission of every question to arbitration without resort to violence.

SHERIFF'S SALE

The State of Texas } In the District Court of Lynn }
County of Lynn, Texas, J. R. Chambers et al Plaintiffs vs T. J. O'Donnell et al Defendants,

Whereas, by virtue of said order of sale, and execution issued out of the District Court of Lynn County, Texas, on a judgment rendered in said Court, on the 11th day of March, A. D. 1913, in favor of the said J. R. Chambers, and against T. J. O'Donnell, C. H. Doak and C. E. Brown, No. 127 on the docket of said Court which judgement was carried to the Court of Civil Appeals for the 7th Supreme Judicial District of the State of Texas, and said judgement was there affirmed against said defendants, and was also rendered against their sureties on the appeal bond, R. D. Moxley, E. Q. Daniel, T. S. Vaught and H. E. Baldrige for the amount of said judgement, and all cost.

I did on the 9th day of July A. D. 1914, at ten o'clock a. m., levy upon the following described tract or parcels of land situated in the County of Lynn, State of Texas, and belonging to the said C. E. Brown, to-wit:

All of the no. 120 acres of

Survey No. 3, Certificate 351, Abstract No. 133, lots No. 10 in block No. 22; lots No. 1, 2, 3, 4, 5, 6, 7, and 8 in block No. 34; Lots No. 1 and 2 in block No. 83; Lots No. 5, 6, 7 and 8 in block No. 33; Lot No. 12 in block No. 21; Lot No. 9 in block No. 22; Lot No. 5 in block 20; Lots No. 6, 7 and 8 in block No. 44; also Survey No. 4, Abstract No. 616, evicted on as the property of C. E. Brown. Also, Survey No. 30, Certificate No. 655, Abstract No. 719; Survey No. 558, Certificate No. 716, Abstract No. 457; Survey No. 412, Certificate 123, Abstract 718; Survey No. 411, Certificate No. 123, Abstract No. 168; Survey No. 57, Certificate No. 269, Abstract No. 216. Lots 5 and 6 in block 5d, levied upon as the property of H. E. Baldrige. And on the 4th day of August A. D. 1914, being the first Tuesday of said month between the hours of ten o'clock a. m. and four o'clock p. m. on said date at the court house door of said County I will offer for sale and sell at public auction for cash all the right, title and interest of the said C. E. Brown and H. E. Baldrige in and to said property.

Dated at Tahoka, Texas, this 9th day of July, A. D. 1914.
J. H. EDWARDS, 45-47
Sheriff of Lynn County, Texas.

Makes Bad Complexions Good Good Complexions Better.

50 AND 25 CTS.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat less meat if Kidneys feel like lead or Bladder bothers you—Meat forms uric acid.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

COMB SAGE TEA IN LIFELESS, GRAY HAIR

Look young! Common garden Sage and Sulphur darkens so naturally nobody can tell

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. When her hair fell out or took on the dull, faded or streaked appearance, the simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy" you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist everywhere uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. It simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

"TIZ" FOR TIRED SORE, ACHING FEET

Ah! what relief. No more tired feet, no more burning feet, swollen, bad smelling, sweaty feet. No more pain in corns, callouses or bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ." "TIZ" draws out all the poisonous exudations which puff up the feet; "TIZ" is magical; "TIZ" is grand; "TIZ" will cure your foot troubles so you'll never limp or draw up your feet in pain. Your shoes won't seem tight and your feet will never, never burn or get sore, swollen or tired. Get a 25 cent box at any drug or department store, and get relief.

State of Ohio, city of Toledo, Lucas County, Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE. FRANK J. CHENEY Sworn to before me and subscribed my presence, this 6th day of December, A. D. 1886. (Seal) A. W. GLEASON, Notary Public. Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces of the system. See testimonials, free. F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.
