

Democracy vs Socialism Debate

Last Friday night an impromptu debate was pulled off at the Play House before a well filled house. There would have been scarce standing room had it not been so rainyfied.

The question as stated was: **RESOLVED:** That Socialism according to the Socialist platform is not a practical form of government.

Affirmative: Prop. E. P. Puryear, principle of Tahoka Public School; negative: Dr. Scarborough, a spectacle man from Abilene.

The house was called to order by Mr. Denton, who stated the question and introduced the speakers. Prof. Puryear, having the affirmative, led off. His attack was brief and vigorous. In his reply Dr. Scarborough scored several points, but left several breaches in his argument which Prof. Puryear was quick to take advantage of in his rejoinder. Both speakers leaned considerably towards the humorous and regaled the audience with several stories which had moreless bearing on the subject. That neither of the speakers stayed over close to the letter of the question was due to the fact that it was a jumped up affair and each had to depend on the inspiration of the moment.

There being no judges, Mr. Denton, acting as moderator, devised a unique plan for a decision. He said, "Ladies and gentlemen, this reminds me of a story I once heard. 'A minister on his way to preaching passed a bunch of little boys playing by the wayside. The boys were seated in a circle and had a dog in the center of the circle with a rope around his neck. He asked the boys what they were doing. 'Playin' Story,' said one of the little urchins.

"Playing Story!" said the minister, "How do you play it?"

"Well, yuh see," the urchin explained, "ever' feller tells us story an' the feller w'at tells th' biggest 'un gets th' dorg."

"The minister looked horrified and exclaimed, 'Boys do you not know that is wrong? Why I never told a story in my life; I—'

"Giv' 'im th' dorg, giv' 'im th' dorg," the boys yelled in unison.

"Now, Ladies and gentlemen," said Mr. Denton, "the fellow who told the biggest story, give him the dog."

So many voted at once, by acclamation, that it was impossible to say who got the dog.

Blanton to Speak Here Tuesday 26

We are in receipt of a speaking program of Thomas L. Blanton, in behalf of his candidacy for congress. He will speak at the court house in Tahoka Tuesday afternoon, May 26th, at 1:30 o'clock.

Mr. Blanton has risen from the ranks, on his own merit, to the bench in the 42nd Judicial District. Starting in a barefoot boy in the country school he studied at odd times and during the short mid winter school term until he had advanced as far as he could alone. He then went to town and kept a set of books at night to pay his tuition to a law school which he attended during the day. By the same tireless effort he has attained the honors he now holds. If he speaks with the same force he labors it will be worth your while to hear him whether you are for or against him.

New-Home Picnic and Candidate Rally

Tuesday morning George Parmer, manager of the Tahoka Tailor Shop, John Thomas, candidate for Tax Assessor, H. C. Crie, editor of the Lynn County News, and Douglas Henderson, settled themselves comfortably in Doug's recently purchased car in front of The News office at ten o'clock, and with Doug at the wheel started for New Home. After a little tire trouble we arrived at the home of Mr. and Mrs. J. F. McManis where we had an invitation to dine. A few minutes after we arrived Mr. and Mrs. D. T. Rogers drove up and partook of the very excellent country dinner.

While we smoked the after-dinner cigars, we went out to look at the crops. Mr. McManis has 100 acres planted, much of which is up and looking nice. He has from half to a full stand on 30 acres of cotton that looked well but must be needing sunshine by now, 10 acres of June corn looked fine, his maize and kaffir was just coming up. Off of 150 acres he had in cultivation last year the rent alone amounted to \$600 00 in cash, and if nothing happens to prevent this will be a better year yet.

Arriving at the school house we found a good crowd and lots more coming from every direction of the compass.

Prof. Carroll Phillips who taught the New Homo school the past term, called the house to order for the candidate speaking at three o'clock and introduced E. A. White, candidate for county judge. Mr. White spoke 12 minutes; then Judge J. L. Stokes candidate for his second term spoke five minutes; E. P. Hicks announced for clerk in a minute speech; Pat Northcross announced for clerk with a seven minute talk; D. T. Rogers and F. E.

Play House Theater Damaged by Fire

What came near being a disastrous fire in the business section was accidentally or providentially averted Thursday morning about three o'clock.

Uncle Jim Fleming happened to wake up about three o'clock and noticed a blaze on the west side of the square. He rung central and asked what was afire. The operator investigated and finding some really on fire roused all those who lived close in and those who had property in the danger zone that he could reach by phone. In a very few minutes after the alarm was turned in a squad of volunteers gathered in different styles of negligee. When arrived they found the back wall to the shed 10 m where the Play House power plant is installed cracking merrily. Willing hands tore the burning boards away and put out the flames. The only damage done was the loss of one end of the engine shed. The fire is thought to have originated from the engine exhaust.

Redwine announced for sheriff with a minute speech each; Joe Baldrige required one and John Thoma two minutes to announce for tax assessor; Jim Eastridge spoke on marketing problems for 13 minutes and three on his candidacy for assessor; C. T. Beard ended the speaking with a minute announcement for treasurer.

At four o'clock a base ball game was called between Tahoka with Ruby Wells and Lakeview with Guy Robinson as pitchers, resulting in a score of nine to five in favor of Tahoka.

The weather threatening we left for home half an hour before sun down arriving in due time having spent a very pleasant and profitable day.

Miss Pauline Ramsey entertained Thursday evening in honor of her brother, Russell, and her friend, Miss Bessie Crie. The occasion being to celebrate their birthdays.

Misses Maric and Fay Gooch passed through Wednesday for their home near O'Donnell. They were expected home Tuesday but their train being too late to make connections at Slaton they spent Tuesday night with Lutbock friends.

Wednesday night in spite of the rainy weather J. L. Stokes, John Thomas, Lige Hicks, Ed. Redwine, D. Rogers and L. G. Phillips, who came up in the morning, all went down on the evening train to O'Donnell to the closing of school exercises. The school house was full and every passed off pleasantly and creditably for the teacher and pupils.

Minds of College Trained Men Back of Corruption In American Cities

By Rabbi STEPHEN S. WISE of New York

IN the forces of corrupt government there have been found within the last generation almost as many recruits from the colleges as ranged themselves under the banner of good government. The minds of too many COLLEGE TRAINED MEN HAVE BEEN BACK OF THE CORRUPTION that has disgraced the life of American municipalities.

SOME OF THE MOST CORRUPT AND CROOKED POLITICAL BOSSES OF AMERICA HAVE BEEN SERVED AND PERPETUATED IN POWER THROUGH THEIR ALLIANCE WITH POLITICALLY PLIABLE AND MORALLY FLEXIBLE COLLEGE MEN, WHO HAVE DEVOTED THEIR POWERS, SUCH AS THEY ARE, TO THINGS THAT ARE EVIL AND UNHOLY.

The college men of America ought to leave a DEEP IMPRESS UPON THE SOCIAL LIFE OF THE NATION so that what they think today shall be prophetic of that which is to deepen down into the life and aspirations of the common people on the morrow.

Bartley's Platform Land Commissioner

1. The state should go out of the real estate business at the earliest possible date consistent with sound business methods.

2. The law authorizing School Lands sold to the highest bidder should be repealed.

3. If bid in for less than its worth the School Fund loses the difference between the selling price and the actual value.

4. Should it be sold for more than its worth, the bidder forfeits it and the School Fund loses the interest, and the bidder loses the first payment and the country loses a citizen, which retards its growth and development.

5. It separates still further the landless man and the manless land, as the poor man has but little, if any, chance of obtaining a home when compelled to bid against the rich man for it.

6. There is no logical reason why the state should not use a little practical business judgment in disposing of the School Fund instead of guessing it off.

7. The law authorizing School lands sold to actual settlers should be amended so as to make the first interest payment become due and payable on the first day of Nov. next after the three years occupancy has been completed.

8. The first few years in an unsettled and undeveloped country, without marketing facilities, schools or churches is attended with hardships and expenditures which none but the frontiersman really knows.

9. It will make it easier for the purchaser to comply with the law in improving the land.

10. It will prevent many forfeitures.

11. The state should extend every advantage consistent with good business and sound policy to the poor man who wants to earn and own a home.

12. The Constitution wisely forbids the Legislature granting relief to School Land Purchasers; hence, the law relating to forfeitures should be so amended as to make less hazardous the risk of the poor man losing a home from calamity or misfortune.

13. The State Depository law should be so amended as to require School Land interest deposited in the County Depository where the land is situated, and paid out in proportionate instalments as used.

14. This will prevent withdrawing all actual cash from these counties at one time, Make interest payments easier and prevent many forfeitures.

15. I believe in the wisdom of that wholesome and long established Democratic precedent of "Rotation in Office."

Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

TAPPING THE SOURCE OF CHEAP MONEY

EDITOR'S NOTE:—This is the third of a series of Articles on AGRICULTURAL PROBLEMS prepared by Judge S. A. Lindsey, chairman of the Texas Farm Life Commission.

There are land loan and trust companies throughout this nation. They operate in this way: they will take up land notes drawing 8, 9 and 10 per cent and sell them in the East at a rate which will net the investors 5 and 6 per cent. In this way they make from 2 to 5 per cent per annum on each note. This is legitimate. I only mention it to prove that our land securities can and do find cheaper money than the local market's offer.

The bill now before Congress proposes to authorize the organization of Land Mortgage Banks, with Federal supervision same as National Banks. These Land Mortgage Banks will make loans on land notes where the title is good, to the extent of half the appraised value of the land. The mortgage bank will see that the title is good and the value is there, just as banks usually do. They will file these notes with Uncle Sam who will authorize the bank to issue its own bonds or promises to pay in such denominations as are easiest sold, not to exceed in the aggregate the sum of the mortgages and notes held. On these Uncle Sam, who is known as a square man all over this and European countries, will affix some kind of stamp or sign which will mean that the bank issuing it is under his supervision, and that no fake methods have been used. The capital of the bank will be involved and will insure great care on the part of the bank taking the land note and mortgages, and Uncle Sam's supervision will give the investors confidence.

Uncle Sam requires that these banks must lend money on land notes and mortgages at not exceeding 1 per cent above what they can sell their bonds for. So if the bank pays 5 per cent on its bonds the borrower will pay the bank 6 per cent which is from 1 to 3 per cent less than other loan companies now make. You say no one would organize one of Uncle Sam's banks when he is allowed to make but 1 per cent on loans. But Uncle Sam is going to encourage his land banks. He now lends his Postal Savings funds to banks at 2 per cent, and that money is used in commerce. Henceforth he is going to lend it to the mortgage banks, who are to let the farmers have it. He is going to let his land banks take mortgages and land notes and sell their bonds up to fifteen times their capital and surplus. You see these mortgage banks are nothing but a kind of note-broker concern for the farmers, and their

BACK TO THE PULPIT WITH THE PREACHERS

Officials of the Farmers' Union Oppose Politicians and Preachers Exchanging Occupations.

Laymen Make a Stirring Appeal For Old-Time Religion.

Fort Worth, Texas.—There have appeared in the public prints many articles criticising the action of the Farmers' Union in discussing economic affairs and desperate efforts have been made to disrupt the Union by some of the most able politicians and every artifice known in political chicanery has been used to spread dissension in our organization without success.

The Farmers' Union will continue its battle for principles until it plants its colors in the state capitol and any politician who wants to raise a rough house with the Union will be accommodated on application to the headquarters of the organization.

We want to say a few words to those who have been trying to destroy the Union as we deem it our duty to defend our noble organization against the attacks of its enemies. We will devote this article to pulpit politicians as we consider the attacks which the political preachers have made against the Union the most unprincipled and diabolical of all the unscrupulous attacks made against us.

At least seventy-five per cent of the preachers of this state are on the payroll of the farmers; the farmers of Texas have built approximately 10,000 churches; contributed towards the support of religious institutions about \$5,000,000 per annum and the church census shows that 75 of every 100 members of the various church denominations live upon the farm. We refer with pride to the achievement of the farmers along the line of religious progress and moral development. The substantial assistance which the farmers of Texas have given the cause of religion we think authorizes the vast body of agricultural laymen who constitute the bone and sinew of the church to speak out, for certainly a layman may know as much about political theology, as a preacher.

Keep the Yellow Peril of Politicians From the Pulpit.

What we have to say has no reference to that vast body of militant ministers who have consecrated their lives to the uplift of mankind and whose precepts and examples are a beacon-light illuminating the pathway of the human race. We address ourselves exclusively to that rotter of political clergymen who prostitute their high calling by capitalizing their reputation and by lending their occupation to designing politicians, and we appeal to the Texas laymen to use their influence in preventing the yellow peril of politics from entering the pulpit in any of its disguises.

The religious preacher is the most capable servant and the political preacher is the sorriest master the world has ever known. Wherever power is placed in the hands of the latter they invariably become intolerant, bigoted and vicious.

Civilization has many times been compelled to drive incorrigible preachers back to the pulpit at the point of the bayonet. Many of the pages of history are wet with blood shed at the hands of political preachers who wrote laws on the statute books that committed arson upon mankind, maimed human beings with the hatchet and sent helpless women to the torture rack all because they disagreed with their views. When in control of government the pulpit politicians invariably undertake to perform legislative miracles such as casting out witches with the flame of a torch, suborning conscience with shackles and enforcing opinions with the guillotine.

Laymen Plead for a Consecrated Ministry.

A preacher who graduates from the pulpit into politics becomes a menace to good government and likewise a politician who occupies the pulpit debauches the church and becomes a menace to religion. These occupations will not blend. No free government can long exist

compensation for finding the source of cheap money and keeping that class of securities in good standing is 1 per cent per annum to be paid by the farmers whom they serve. They can make over 15 per cent on their capital and surplus. That is pretty good.

But before one of these banks can be organized in Texas we will have to adopt the Torrens system

or the church perform its missions to society when preachers and politicians temporarily exchange callings and a civilization that will countenance such conduct will soon decay. Such a traffic in occupations is as unsound in principle as the white slave trade is immoral in practice.

The hand that passes the sacrament should not collect slush funds for political purposes. The gentle voice that comforts us in sorrow and pronounces the last sad rite upon our departed loved ones should not rave and rant on the hustings. We do not believe that a preacher can manipulate political machinery and be righteous any more than he could become a burglar and be honest. It is no more wicked for a priest to sell penance than for a preacher to grow rich selling political newspapers. We think it is as immoral for a preacher to seek to lobby while he prays as it would be for him to gamble while he preaches.

There never was a time when preachers and politicians formed an unholy alliance that civilization did not shriek out and christianity cry aloud.

We appeal to the laymen of Texas to demand that political preachers give their congregations more old-time religion and less political clap-trap; that they display a more earnest effort to reach the hearts of men and play less to the galleries; that they more often hold fellowship with the members and fewer caucuses with the politicians. Certainly the laymen cannot perform their full duty to the church by singing songs, paying church dues and voting tickets handed down from the pulpit by political evangelists. The laymen should become a dominating factor in the policies of the church. Let all the brethren unite in lifting fallen ministers from the sloughs of politics back into the pulpit.

The Laymen's Problem.

It is as important that the politicians be driven out of the pulpit as that the preachers be forced back to the pulpit. We think it sacrilegious for anyone to get his call to the pulpit from campaign managers, to get his inspiration from the cesspool of politics or to get his articles of faith from political conventions. It pollutes the church, mocks christianity and is a heinous crime against society.

We can conceive of no more diabolical hypocrisy than a politician in the pulpit shouting for votes and can imagine nothing more damaging to public conscience than a preacher saying "Amen" to his deceitful antics.

Political leaders may live wet and vote dry and the low standard of statecraft is not offended but when the church turns over the pulpit to office-seekers and their henchmen, true christianity has received a crushing blow and hypocrisy runs rampant in the altar for it is written "Ye cannot serve two masters."

Since the beginning of government politicians have sought to decoy the ministry into the meshes of politics and make them carry banners in political processions. They have taken the ministry to the mountain top of power and offered to make them monarch of all they surveyed and while most of them have said "Get thee behind me Satan" a few have fallen with a crash that has shaken every pulpit in Texas.

The ministry, unsophisticated and confiding, is no match for the politician versed in artful persuasion and skilled in deceit and it is the duty of the laymen to protect the ministry against the onslaught of these wolves in sheep's clothing and drive the politicians from the pulpit with the lash of public scorn. It is the laymen's problem to keep the ministry free from unholy alliance for it is said on divine authority that we are our brother's keeper.

There is a political machine in this state that would put Tammany to shame and make Thurlow Weed turn over in his grave with envy, and the pulpit politician is one of the component parts of its mechanism. In our next article we will discuss this political machine.

of land title registration. We should have done this long ago. The money people pay to record titles would build up a fund ample to insure all land titles and leave an immense surplus besides. But the land mortgage banks will not entirely enable the landless man to buy a home. In my next article I will suggest an easy and feasible method by which this can be done.

GRANDMA NEVER LET HER HAIR GET GRAY

Keep her locks youthful, dark, glossy and thick with common garden Sage and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at once when Back hurts or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

**Criminals of Nation
Recruited From
Young Men**

By Dr. ARTHUR HOLMES, Dean
of Pennsylvania State College

THE call for moral education is heard in many quarters. American banks lost twenty-eight million dollars in five years by embezzlement. From 1909 to 1911 the sums stolen run \$10,652,000, \$10,731,965 and \$11,182,051 a steady increase for the three years. Nineteen people in every one hundred thousand, or about nineteen thousand a year, commit suicide. A small army is wiped out yearly by murder.

ABOUT ONE OUT OF TEN MARRIAGES ENDS IN DIVORCE. IN TWENTY YEARS NEARLY A MILLION DIVORCES WERE GRANTED SEVENTY-THREE PEOPLE OUT OF EVERY ONE HUNDRED THOUSAND ARE DIVORCED. JAPAN IS THE ONLY OTHER NATION HAVING A HIGHER PERCENTAGE DESERTION IS THE CAUSE IN FORTY PER CENT, CRUELTY IN TWENTY-TWO PER CENT AND ADULTERY IN SIXTEEN PER CENT OF THE CASES. CAPTAIN RICHMOND P. HOBSON ESTIMATES THE NUMBER OF CONFIRMED DRUNKARDS AT ONE MILLION, THE HEAVY DRINKERS AT FOUR MILLIONS AND THE TEMPERATE REGULAR DRINKERS AT TWENTY MILLIONS. IT IS AGREED THAT THE CRIMINALS OF THE NATION ARE RECRUITED FROM YOUNG MEN BETWEEN THE AGES OF FIFTEEN AND TWENTY-FIVE.

**Racial Amalgamation Will Make American
of Future Taller, Stronger, More Prolific**

By Professor J. P. LICHTENBERGER In Address at University of
Pennsylvania

THE American race of the future will be taller, stronger, more prolific and more progressive as the result of rapid racial AMALGAMATION BETWEEN NATIVE AMERICANS OF TODAY AND THE MILLIONS OF IMMIGRANTS WHO COME TO THIS COUNTRY ANNUALLY.

THE CROSSING OF THE PUSHING, DRIVING, PROGRESSING, DOMINEERING ANGLO-SAXON WITH THE ARTISTIC, CULTURE LOVING PEOPLES OF SOUTHERN AND EASTERN EUROPE WILL RESULT IN THE FINEST RACIAL TYPE THAT THE WORLD HAS YET PRODUCED.

Heterogeneous populations, because of the diversity of their racial elements, tend toward progressiveness, whereas HOMOGENEOUS POPULATIONS TEND TOWARD CONSERVATISM. The fact that a majority of immigrants come from southern and eastern Europe will not affect the continued progress of the American race. This is the only objection sociologists have raised against the advancement of the race.

MEDITERRANEAN RACES, OF WHICH OUR NEW IMMIGRATION LARGELY IS CONSTITUTED, IN THE HISTORY OF THE PAST HAVE ORIGINATED ALL THE GREAT CIVILIZATIONS OF THE WORLD. WESTERN NATIONS HAVE MERELY BUILT UPON AND IMPROVED THESE STRUCTURES.

**Mistake to Fashion City Government Upon
Governments of State and Union**

By GEORGE M'ANENY, President New York Board of Aldermen

AMERICAN city government as we know it historically does not offer a flattering record. The basic difficulty, as I conceive it, is that we made the mistake of fashioning the forms of our city government upon the governments of state and Union.

HAVING MADE A MINIATURE OF THIS SORT, SUGGESTING AT EVERY POINT THE ENTRANCE OF PARTISAN POLITICS, WE HAVE RUN OUR CITIES UPON NATIONAL POLITICAL LINES. WHEN EVER ANYTHING HAS GONE WRONG THE CRY HAS BEEN, "CHANGE THE GOVERNMENT!" AND THE PROCESS OF UPSETTING THINGS AT THE POLLS, WITH THE CONSEQUENT "TURNING OUT OF THE RASCALS," HAS BEEN ACCEPTED AS THE NORMAL REMEDY FOR PASSING ILLS. THE RESULT HAS BEEN THAT WE HAVE NOT ONLY HAD A SYSTEM OF GOVERNMENT UTTERLY UNSUITED TO ITS PURPOSE, BUT A CHAOS OF CHECKS AND BALANCES THAT HAS REDUCED BOTH OPPORTUNITY FOR REAL SERVICE AND RESPONSIBILITY FOR TRUST.

**To Be Musical, Develop
Your Musical
Brain Cells**

By Dr. STEPHEN SMITH, President
of Conference For Betterment
of Human Race

IF you are not musical and want to be a musician begin to develop your musical brain cells. Think about music, practice it, concentrate upon it, and in PROPORTION TO THE ENERGY OF YOUR CONCENTRATION WILL BE YOUR MUSICAL ABILITY. The possibilities of the human race are infinite. Whatever we lack we can supply to ourselves if we will. HEREDITY IS AN INVOLUBLE LAW, BUT IT IS NOT UNCONQUERABLE. As are his brain cells, so is man.

TRACED TO ITS TRUE SOURCE, IT WILL BE FOUND THAT OPPORTUNITY ACCOUNTS FOR MOST OF THE DIFFERENCES IN MEN. THE FARM LABORER TOILING ALONE HAS NONE OF THE INTELLIGENCE AND VIVACITY IN CONVERSATION THAT THE VILLAGE TAILOR, COBBLER OR BLACKSMITH HAS, THOUGH EQUALLY ENDOWED MENTALLY. THE FARMER HAS FEW BRAIN STIMULANTS, WHILE THOSE OF THE LATTER CLASSES ARE ABUNDANTLY SUPPLIED THROUGH CONSTANT CONTACT WITH CUSTOMERS.

**Good Will of Public
Valuable Asset to
Railroads**

By FAIRFAX HARRISON, President of
Southern Railway

EVERY intelligent man knows that the railroads are in difficulties today and knows, too, that these difficulties are due in part to the past history of the railroads, but in part also to the process of adjustment to a SYSTEM OF PUBLIC REGULATION which has been accepted as an accomplished fact, but has nevertheless gone further into details of ABSOLUTE STATUTE LAW than any system of public regulation, even of the activities of government itself, which the world has ever known.

AS WE RECOGNIZE THAT THIS SYSTEM OF PUBLIC REGULATION IS BUILT ON PUBLIC OPINION, SO WE MUST RECOGNIZE THAT A SOLUTION OF OUR PRESENT DIFFICULTIES MAY BE HASTENED BY CONSTANT EFFORTS ON THE PART OF THOSE ENGAGED IN TRANSPORTATION SERVICE IN ANY CAPACITY TO ENLIGHTEN OUR PATRONS AND OUR FRIENDS AND NEIGHBORS AS TO THEIR INTEREST IN THE TRANSPORTATION SYSTEM OF THE UNITED STATES AND AS TO ITS NEEDS.

We should bear in mind at all times that the proper function of transportation agencies is service and that, in the language of the lamented President Finley, "He serves the railway best who serves the public best."

No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort. "TIZ" is wonderful for tired, aching, swollen, smarting feet. Your feet just tingle for joy; shoes never hurt or seem tight. Get a 25 cent box of "TIZ" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy.

**Calomel Is A Form
Of Deadly Mercury**

Instead of Such Dangerous Stuff, it is Recommended That You Take Dodson's Liver Tone for Constipation

Dodson's Liver Tone was made to take the place of Calomel.

Calomel is a form of mercury, a mineral and a poison. Dodson's Liver Tone is an all-vegetable liquid—never harmful.

What calomel does unpleasantly and often with danger for constipation and sluggish liver, Dodson's Liver Tone does for you safely and pleasantly, with no pain and no gripe. It does not interfere in any way with your regular business, habits or diet. You feel good after taking it.

The great success and wide sales of Dodson's Liver Tone are the result of what it does for people. Its merit is backed by a guarantee of "satisfaction or your money back," as Thomas Bros., the druggists, will tell you.

Dodson's Liver Tone was intended from the start to take the place of calomel. The label on the bottle always has said so, beginning with the first bottle sold.

Dodson's Liver Tone "liven the liver," overcomes constipation agreeably and makes you feel good, and if you are not satisfied completely with it Thomas Bros., will hand back the purchase price (50c.) to you with a smile.

When you go to buy a family remedy, don't fail to judge between the plain, simple truth about Dodson's and the loud claims of its imitators. That the public does so accounts for the enormous increase in the sales of Dodson's Liver Tone month after month.
