

OUR FARMERS PROSPEROUS.

BANK DEPOSITS INCREASE \$34,000 IN TWO MONTHS. CROP NOT HALF MARKETED.

Tahoka is Shipping Out Cotton and Cotton Seed, Maize in the Head, Baled Sorghum, Cream, Poultry and Eggs. Every Thing Brings The Highest Market Prices.

The Tahoka cotton gin has turned out right at 600 bales of cotton so far this year, and Tahoka buyers have paid as high 14.40 for cotton this week, and cotton seed is bringing \$24 a ton. So when a farmer brings a bale of cotton to Tahoka these days, he almost always makes a deposit in the bank for he has more money than he needs to spend in one day. The deposits in the First National Bank have increased from \$73,803.24 on the 9th of August to \$107,989.31 on October 21st, or \$34,186.07 in a little more than two months. Cash and exchange at the close of business August 9th, was \$23,939.70 and on October 21st, \$60,301.64, an increase of \$36,361.94, or almost \$1.00 for every voter in Lynn county. On the other hand, the bank loans have only increased \$8,637.03 in the same length of time. The total of the bank statement on the first date mentioned, was \$123,037.72 and on the latter date, was \$168,036.69, an increase of \$44,998.97.

We challenge any county in the State to make a better showing, per capita, than the above, taking into consideration the fact that half our crop is not yet sold. Come to Lynn county where every body can, and most every body does, have a bank account.

Hon. and Mrs. G. E. Lockhart left Monday morning in their car for Lubbock where they took the train for Dallas and the Fair.

WANTED—Good fresh eggs at 25 cents per dozen in trade by J. B. Keever, the "Bigger Dollar Store." 8-1f

Tuesday morning while the north bound train was switching at O'Donnell the track spread and let a couple of the engine drive wheels down on the ties. No damage was done except to delay them about an hour.

I will buy all your fat Jersey and off-colored calves and yearlings.—Lyal McGonagill. 2-1f

J. W. Elliott, the county clerk, left on the Monday morning train for Herford to look at a bunch of heifers. He was accompanied by Perry Clayton. They came in Thursday with 50 head of choice twos and threes.

I'm not in business to knock but to take pictures.—Ben Moore: 8-9

Mrs. W. S. Swan, of North Tahoka, left on the Monday morning train for Woodward, Oklahoma, in response to a telegram received Sunday telling that her mother, Mrs. Shook, was very ill.

Mrs. Clarence Keever and Miss Minnie Keever made a business and pleasure trip to Lubbock Monday.

G. W. King, of the Tahoka Livery Stable, is on the sick list and is spending the week in bed.

COTTON PALACE OR NOT?

Would it not be a good thing to send our exhibit from Dallas to Waco for the Cotton Palace? We were told of one man, from Jackson county, who had an exhibit at the Cotton Palace last year; not so good a one as we have sent to Dallas, and as a result, 25,000 acres of Jackson county land has been sold to McLennan county farmers during the last twelve months, and before the Jackson county man showed his exhibit few if any of these men knew there was such a county as Jackson or if they knew of it they did not know where it was situated or that it was any good. Some one take hold of this proposition and get the money subscribed (it will be easy) and send the exhibit and Mr. Crouch to Waco.

JUDGE PERRYMAN CONTENTED

Terrell, Texas, Oct. 17th, 1913. J. L. Stokes, County judge, Tahoka, Texas,

Dear Sir:—
Replying to your enquiry, Mr. G. W. Perryman is getting along nicely for a man of his age and mental condition. He seems to be very well contented with his surrounding.

Very truly yours,
GEO. F. POWELL,
Superintendent.
McAdams Co. sell the old reliable McCormick Harvesters and Extras. 45-1f

RABBITS

Puryear & White pay 5 cents for cotton tails. 8-1t

Dr. I. E. Smith, Eye, Ear, Nose and Throat Specialist, will be in Tahoka, Thursday Oct. 30. 8-1t

Pride Dots.

October 20th, 1913.

Dear Editor:—

Gee aint it cold on the Ballies? Health is very good in this part of the county. Every body is busy gathering in their crops.

Mr. Charlie Tisdale is putting him up a new house and a new windmill.

Mr. Box Cathey is gone to Kansas City with his steers.

Mr. C. B. Morrison went to Tahoka Monday on business.

Mr. Whitt Stafford went to Lamesa Saturday for Mr. J. J. Hanley, our big hearted merchant at Pride.

Rev. Baley preached at the Pride school house Sunday.

Mr. Sid Cathey, from South McAlistier, Okla., is visiting his father, Mr. Box Cathey, near Pride.

Mr. and Mrs. W. P. Deen, from Democrat, Texas, is visiting Mr. and Mrs. J. K. Epperson.

Mrs. J. C. Preston's health is improving some; she is able to drive out.

Miss Bertie Preston went to Plainview last week to have her eyes treated.

Mr. Fate Youngblood is still selling nice peaches out of his orchard. He has several bushels yet.

Mr. Taylor and Mr. Tisdale came in from Tahoka loaded with a new wind mill and lumber.

Ah, I am afraid that frost will get those big pumpkins that is in the field near Pride. That will be too bad.

HEEL FLY.

A NEWS WANT AD GETS RESULTS. TRY ONE.

Presbyterian Will Preach Sunday.

We have a communication from Rev. Chalmers Kilbourn, at Lamesa, stating that he is filling out the time of Rev. L. M. Wood, the Presbyterian pastor, and that he will come up to Tahoka Saturday and hold services at the Methodist church Sunday. Every one cordially invited to attend.

LOST—From the livery stable yard a 300 pound, black boar. Kindly inform me of his whereabouts.—Ben King. 7-1t

First Frost Did No Damage.

Sunday night we had our first frost for this season. It was a very light one, just enough to be seen plainly in the morning, and Monday night was a repetition, but neither frost did any harm so far as we have been able to learn, in fact some of the farmers say the frosts and cold nights did good by checking the growth of the cotton. We have heard several men say that the reason the frosts did no harm was because they came on the light of the moon. Who can tell us about it?

Ray King, of the Tahoka Livery Stable, took Sumner and Mc Mill Clayton to Post City Sunday where they took the train for Dallas and the Fair. They got back home again Thursday.

More Country Rent Houses.

Ben King and his crew have moved the two small two room houses that were on Lockwood street six miles east of town this week. These houses belong to A. D. Shook who has had them moved to what is known as the McLoud section. Ben has his men busy today getting the little two room house west of the Higginbotham-Harris lumber yard, ready to move. There is a good demand in Tahoka for rent houses having five or more rooms, but the two room house exceeds the demand.

FOR SALE—Wagon and team at a genuine bargain. See C. P. Gentry, at Thomas Bros. Drug Co.'s store. 5-1f

Hon. T. M. Bartley left on the Tuesday morning train for Austin.

Mr. and Mrs. M. C. Keith and small son returned Wednesday from a visit to home folks. Mr. and Mrs. Henry Reed accompanied them and will make their home here. Mr. Keith and Reed are brother and sister.

WANTED—Good, Fresh Batter, any quantity, at the Cash Meat Market.—Lyal McGonagill. 2-1f

Try the Tahoka Art Studio for first class portrait work.—Ben Moore, Prop., S. of Sq. 8-9

Held Fourth Quarterly Conference.

Rev. W. H. Terry, Presiding Elder of the Big Springs District, came in Tuesday evening to hold the Fourth Quarterly Conference. Bro. Terry preached at the Methodist church Wednesday night and after the sermon held the Conference. The report for the year was said to have been one of the best ever made by Tahoka. J. N. Thomas was re-elected Sunday School Superintendent for another year and the official board was also re-elected.

White Not A Candidate.

I have received many urgent requests from friends in all parts of the 122nd. District to make the race for representative next year, and I take this method to reply, and will say that under no circumstances will I be a candidate.

My health will not permit my making an active campaign, and my business requires all my time. I will be ready to support any good man for the office, and would be exceedingly pleased to see a broad man make the race. One who has succeeded in his own business, and a man with progressive ideas and with the backbone to stand for principal I will not be a candidate. Yours very truly, Frank E. White—Crosbyton Review.

Shipped Sheep From Tahoka.

Jno. S. Powell, the Terry county sheep man, returned Wednesday from Fort Worth where he sold a couple of cars of sheep that he had shipped from Tahoka last week. He found the market off, and only got 4.75 when he was expecting 5.10 at least. He lost a very valuable sheep dog Wednesday night, but was fortunate enough to recover it Friday morning.

Effect of a Dream.

"The happiest dream I can recall," said a successful business man, "was one I had ten years ago. In it I was with my good mother again, seated in the old home church. She placed her hand on my head and whispered, 'Son, I am proud of you.' That little statement has kept me out of wrongdoing more than all the sermons I have ever heard and, I think, has made me a better man."—Philadelphia Record.

As Values Are Judged.

"Great Scott, woman! Are you trying to ruin me?"
"Why, Henry! You don't even know what I paid for the gown."
"I know that any gown that looks as bad as that one costs more than I can afford to pay."—Life.

Mario's Great Record.

Mario, the singer, who died in 1883, appeared in London, his favorite city, for thirty-two years, during which time he appeared in forty-six parts, a record which has never been approached by any other artist.

A Smoke Nuisance.

Willie—Paw, what is the smoke nuisance? Paw—The fellow who is always borrowing matches, my son.—Cincinnati Enquirer.

NEARLY BROKE HIS NECK.

While S. H. Howell and W. R. Duncan were putting on some scraper wheels Monday morning Mr. Howell had a very narrow escape from getting his neck broken. They were prying up one of the heavy scrapers using a 12 foot 4x4 for a lever, when the block it was resting on canted to one side throwing the lever around and hitting Mr. Howell on the side of the head and splitting his left ear to the root, knocking him over and rendering him unconscious for a short time. He was within a foot of the lever when it struck him. Had he been three or four feet away the increased momentum of the blow would likely have crushed the skull or had the lever struck lower down it must have broken his neck.

TWO SILOS UP AND FILLED.

W. D. Williams, of Waco agent for the Champion silos left for his home Monday morning after being here five weeks, lacking two days, for the purpose of erecting a couple of silos for W. N. Lazenby, of Waco, or his ranch in the north part of Lynn county. Mr. Williams said that while he was here so long yet it only took seven days of actual work to erect both silos. He said they had one hindrance right after another. Mr. Lazenby began filling his silos Saturday of last week.

NOTICE TO HUNTERS

Anyone hunting or wood cutting in my pasture three miles south of Tahoka without my consent will be prosecuted. 8-11
W. C. COWAN.

Try a want ad. It will get it.

Royal Contest

The lovers of achievement will find the conquests demonstrated by the livestock on exhibition at the Ft. Worth Stock Show, November 22-28 the most thrilling event on the year's calendar. The contests will be of the highest order of entertainment and the greatest educational value to all thinking people.

Texas steers with enough royal blood in their veins to crown a king will make their annual pilgrimage to the Ft. Worth Fat Stock Show, where they will be registered, entered, weighed and exhibited, and the best of their number will be crowned king of the plains. Royal personages of the Houses of Aberdeen, Hereford, Shorthorn, Jersey, Angus and all other approved breeds will be present and contest for the crown.

In the swine department the leading members of the ruling families will be on exhibition and demonstrate their marvelous powers as revenue producers. In the sheep pens will be found registered Axfords Downs and Rambouillets and all the substantial breeds.

Horses, decorated by trophies won in contests of merit at home and abroad, and whose names are household words on two continents, will parade around the arena.

In the poultry department there will be hens that have broken world records for egg laying, and roosters that can boast of royal lineage. It will be one of the most complete exhibits on the ground.

There will be 250 premiums, approximating \$25,000 in cash prizes, awarded during the meeting and solid silver cups, large enough for a churn will supplement the regular premium list. Each prize will recognize a point of merit attained by the contestants, which, in many instances, will have twenty generations of careful breeding behind it; the achievements the premiums emphasize will represent years of scientific study and tireless experiments and months of diligent feeding.

No member of the animal kingdom can hope to attain a higher honor in life than to carry off a blue ribbon at the Fat Stock Show. It gives them class and standing in livestock society throughout the world; a heritage to their families, and an uplift to animal kind.

SANTA FE DEMONSTRATION.

WILL BE IN TAHOKA NOV. 21 12:45 TO 2:45 P. M. RAIN OR SHINE. NINE CARS.

Special Coach For Ladies Meetings; One Car Poultry and Equipment; One Car Dairy Cows and Dairy Equipment; Three Cars With Silo Models and Silage Machinery.

H. M. Bainer, general agricultural demonstrator of the Santa Fe System announces that the Santa Fe's "Educational Special" train of which he has charge, will stop in Tahoka from 12:45 to 2:45 o'clock in the afternoon, Friday November 21.

Our people will have an opportunity never before offered to receive benefit of a varied nature, the train having been arranged and equipped in such way as to range to the information dispensed therefrom.

Equipment has been provided for the demonstration of the strong points in the lectures, and all will find something of interest, regardless of sex.

Mr. Bainer will talk on "Better Farming" showing all that is best for our Plains conditions, and giving some direction about selection of seed, preparation of and seeding, following with cultural methods.

"Our Farm Poultry" will be the basis of an interesting address by the poultry expert of the Santa Fe, L. L. Johnson. It is said that Mr. Johnson knows all of the crooks and turns in the poultry business like a cow knows the pasture trail. He will talk of marketing, breeding, feeding, selecting, handling of eggs and poultry for profit. Nor will he stop here but will direct interested minds into the ways of treatment against diseases and other enemies of the fowl family.

J. D. Tinsley, agricultural demonstrator for the Gulf, Colorado & Santa Fe has been secured for an address on "Dairying and Silos", which will embrace advice for the production and handling of cream, milk and butter for profit. He will also speak of the care and feeding of dairy stock, and include the recommendation for installing of the beef animal as a part of the diversified farming scheme.

Miss Lowen and Miss Stoltzfus representing the Extension Department of the Texas University, Austin, Texas, will have a specially equipped and fitted coach in which they will receive and entertain ladies of Tahoka and surrounding country. These lecturers stand at the top of their profession, and will give lectures on domestic science and home welfare topics. At the conclusion of their talks the lecturers will give to the ladies in attendance copies of bulletins containing much that is best in lectures offered, as souvenirs of the train's visit.

For the assistance of those who would ask questions about the train, its movements and work designed, J. L. Pope, chief clerk of the department will be present, and glad to be of use to all.

Notice to Hunters.

Anyone hunting or wood cutting in the Tahoka Lake pasture without my consent will be prosecuted.

THE EXCHANGE TABLE

NEW MEXICO.

King Progress:

J. E. Stephmire while returning from Lubbock last week, with a load of general merchandise for McDonald had some bad luck as he was traveling he looked back and saw his wagon on fire, and flames were well under way and had he not obtained aid his wagon and load would have been burned. It is supposed to have caught from a match toward the bottom of his wagon.

Last Friday evening about 6 o'clock one of the awfullest tragedies that ever occurred at Ranger Lake when Frank McKnight Postmaster, took a sixshooter and emptied it into Claud Swazea's body. The tragedy is shaded with mystery as Swazea with two young ladies were at McKnight's just before the killing and McKnight and Swazea were on good terms and later Swazea returned to the postoffice alone and when McKnight's neighbors were called in Swazea lay dead in McKnight's front yard with seven bullet wounds in his body. One passed through his heart, another passed just below the heart and one bullet broke his right arm between his wrist and elbow and another passed through the palm of his right hand and one glanced his neck while one passed through his face and another entered his thigh. No one saw the killing but McKnight and wife and they refuse to make any statement or talk about the occurrence.

Dr. Bridges was called and Sheriff Young notified and G. G. Jones, J. P. was on hand and conducted the coroner's court. Saturday morning McKnight was taken to Roswell. The cause of the trouble is unknown but one report says McKnight will plead the "unwritten law."

Claud Swazea was a brother of Mrs. C. W. Slover of south of Tahoka, who has been almost prostrated with grief since learning of the unfortunate occurrence.—[Ea.]

LUBBOCK COUNTY.

Lubbock Avalanche:

The many friends of Mr. R. M. Clayton, Sr., will be sorry to learn that he sustained a fractured bone in his right leg, Monday, which has put him in the hospital for a few days treatment.

Mr. Clayton was cranking his car, when it "kicked" giving him a lick in the face, which knocked him down, and in the operation he twisted his leg resulting in the fracture of the out side bone about three inches above the ankle.

He was taken to the Lubbock Sanitarium, whe the injured member was treated, and he is resting as easily as possible now under the circumstances.

Outside the time which he will have to be confined in the hospital there is no serious results anticipated, and it will likely be only a few days till he can get about by the aid of crutches.

As announced in last weeks paper, the Plainview high school football team came down to Lubbock and played a game on the Lubbock grounds. It seemed easy picking for the Lubbock boys as the game was theirs from beginning to end and at the finish the

score stood 27 to 0 in favor of Lubbock.

The Plainview boys are a nice set, and their visit to the city was greatly enjoyed, but it is plain to see that they are no match for the Lubbockites when it comes to playing football.

The basketball game was taken by the Plainview girls which was not a surprise as the Lubbock team had not been organized but a few days, and had had but little practice. They will have it over some day soon, and the Lubbock girls are determined to play the Plainview basket ball players back with interest.

Last Tuesday morning Sheriff J. M. Coker, of Seminole arrived on the 11:30 o'clock train from Sweetwater having in custody, one who gives his name as Bert Humphries and who was arrested several days ago by the sheriff of Brewster county, and is being held for the robbery of the Seminole National Bank some time since.

He was arrested in Brewster county, near the Rio Grande river and the sheriff of Gains county was notified to come and get him. Mr. Coker, the Gains county sheriff met the Brewster county sheriff at Midland, where the prisoner was transferred, and Mr. Coker acting under the directions of Judge Spencer, who was at that time holding court in Gains county, brought him to the Lubbock county jail where he is at present confined.

An attorney from Alpine, Van Cycle by name, came up Wednesday and will represent the defendant. He employed W. H. Bledsoe of this city, as local attorney for the defence, and returned home the same day.

We have not learned yet just what procedure will be asked for by the defence.

The prisoner, we understand stoutly denies any connection with the offense for which he is held, and says as soon as he can get a hearing that he will be promptly released.

GARZA COUNTY.

Post City Post:

On Saturday, Oct. 11th, the people of Garza county voted upon the question of issuing \$50,000 in road bonds. The result showed an overwhelming majority for the bonds, the vote being as follows:

	For:	Against:
Post City	73	7
Burnham	8	16
New Hope	5	4
Commissary	8	5
Southland	0	2
Stovall's	11	4
Total	105	38

The Commissioner's Court is in session this week and will declare the result of the election and do such other work as is necessary before submitting the papers to the Attorney General.

Last Monday a free-for-all fight occurred among some of our boys and as a result our doctors and peace officers were kept busy for several hours. A few fines were paid and some of the active participants were placed under bond until next term of county court.

DAWSON COUNTY.

Dawson County News:

Sheriff Connor had ten entries from Dawson county at the Amarillo Fair, and came back with six awards. Had there been more time taken to gather an exhibit Dawson county in all likelihood would have carried away the entire list of awards on farm products.

The County Commissioners at called session held last Wednesday canvassed returns of the election of 4th inst., and found that 60 votes had been cast for prohibition of pool halls and 19 votes against prohibition.

It was ordered that Advisory Supplement to the Sanitary Code

of Texas, be adopted for Dawson county.

The Court accepted J. W. Burleson's bid of \$30 for the old jail building.

Some excitement was caused when it became known that small-pox had broken out in the family of Mr. V. O. Barron east of town. It was brought here, we learn, by a man from New Mexico, who was employed to work in Mr. Barron's crop. There are now six cases on the place. Dr. Loveless, however, assures us that there is no cause whatever for alarm. A strict quarantine is maintained and every precaution is being taken to prevent others being exposed. There are no other cases anywhere in this section of the country.

While some of our citizens believe it would be good policy to not mention the matter in the paper at all, the editor of The News holds a contrary view. We deem it best to publish the facts in the case, lest false rumors be started which might cause alarm and do harm. As it is, there is not the slightest danger of the disease spreading. Dr. Loveless, county health officer, concurs in this view.

FLOYD COUNTY.

Lockney Beacon:

It is reported that on account of lack of finances the Presbyterian Academy at Floydada has been suspended. The attendance at the school has been good, but on account of the income being less than the outgo, there being no endowment, it was decided best to close the school. Several of the students have entered the Plainview colleges.

Wm. McGehee had the misfortune to get his cutter torn to pieces one day last week. He was filling a silo on the Taack place, when an iron bar was fed through the machine. The machine was a complete wreck and a new one was ordered from Fort Worth.

The accident was the result of an oversight of one of the men hauling feed. An iron bar was picked up in the field and placed in a bundle of feed, intending when he got to the machine to take it out, but forgot all about it.

Floydada Hesperian:

Tuesday just after noon the home of L. E. Williams in the Harmony community was destroyed by fire, with nearly all the contents. Only a few quilts, a bedstead and a trunk or two were saved.

Mr. Williams had just left the house after dinner and was preparing to come to town after some binder parts when his wife discovered the fire, which originated in the upper story and filled the house with smoke making salvage of any of the furnishings an impossibility after a few short minutes.

The fire was not caused by defective flues; possibly a mouse started the blaze.

J. R. Brown, a bachelor, living in the McCoy neighborhood, who just recently sold his quarter-section of land in that community, had a serious accident Wednesday. He was leading a horse to a hack when his leg got tangled in the rope, the horse pulled back and broke the member near the hip.

Drs. Smith and Childers made a hurry-up call out to see him. They found it necessary to anaesthize the patient in order to reset the leg.

He was brought to town to be near the doctors for medical attention.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one able to cure in all its stages, and that is positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, etc. Take Hall's Family Pills for constipation.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst.

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentile-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

Write for: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper. J-6

In this day of progress the man who would succeed must be informed about the world's doings. The local paper gives him local information that is needfull, but it cannot cover the whole field. Hence the man that would keep step with the march of the times will take a general newspaper.

The Fort Worth Semi-Weekly Record has taken front rank among the great publications of the South and West. It is especially prepared for the reader who has not the time or the opportunity to read a daily paper.

First of all, it is a newspaper. The record believes that the people of the country and the village are as much interested in current events as the people of the city.

In the next place, it carries features suitable for all members of the family—women and children as well as men.

Last, but by no means least, the record's editorial policy comprehends the economic welfare of the farmer and stock raiser. The Record is an acknowledged leader in the discussion of public questions in their relation to agricultural production.

In subscribing thru this office you can get the Fort Worth Semi Weekly Record together with the Lynn County News, both papers one year for only \$1.75. Accept this remarkable offer.

OUR JOBBING INTERESTS

Texans Consume \$300,000,000 Dry Goods Annually.

The Jobber, Salesman of Industry and Forerunner of Factories.

We can never hope to become a manufacturing country or to acquire power in commerce and trade until we first build up our wholesale and jobbing interests. The jobber is the salesman of industry, the servant of the factory, the standard-bearer of prosperity and the authorized medium of co-operation between the producer and the consumer in economic distribution of merchandise and in empire building.

The people of Texas consume annually approximately \$300,000,000 worth of dry goods and notions, and only a small fraction of the purchases are made through Texas jobbers and manufacturers. No country can advance far in industrial progress until it patronizes home institutions; no community can become powerful in trade and remain indifferent to its local industries. Patronizing home industries is as essential to our commercial success as patriotism is necessary in government, and those who do not do so fail to discharge a debt inherited from civilization and lose an opportunity of making a living contribution to the progress of the country.

The patronizing of our jobbing houses would call for an immediate increase in investments in that industry of approximately \$50,000,000, give direct employment to 100,000 people, bring within our borders ten thousand factories affording employment to a half million people.

GOOD BREEDING IMPORTANT

The Fat Stock Show at Fort Worth, November 22-28, is one of the most potential agencies that is working for the upbuilding of the Texas livestock industry. It points out the pathway of progress to feeders and breeders and presents living lessons of profits and actual demonstrations of the advantages of higher types in classes and breeds. The scarcity of the world's meat supply has brought the livestock industry into the limelight and the necessity for increasing the herds and improving the grades is one of the most important economic problems of the day.

The Texas steer of a quarter of a century ago, compared with the present thoroughbreds, presents the most convincing argument in favor of good breeding the world possesses. From wild, dangerous and worthless beasts of the plains, they have become cultured, docile and profitable. These dumb brutes have so completely mastered the science of breeding that they have remodeled their shape, reformed their habits and rebuilt their character. Each generation has contributed toward the uplift of the breed, until today the cattle have more purple blood in their veins than any other family of the animal kingdom.

They can teach the human race many lessons in the science of improved lineage. By carefully conforming to the laws of nature, they have bred out deformities of flesh and blood. Their blood, which once made weak and scrubby stock, now produces rich and powerful thoroughbreds. Each breed is known by the color it keeps, by its distinct type and purpose in life.

This work has been accomplished largely through the instrumentality of the National Feeders' and Breeders' Show, which holds its Eighteenth annual meeting at Fort Worth on November 22-28, and new models and higher standards will be taught at the coming convention. During this time each annual meeting has gauged and registered the advancement of the livestock industry of Texas and it is here the leaders of all classes and breeds assemble to report progress to the management. Each year has been one of glorious triumph but, none will eclipse the present aggregation of thoroughbreds.

vide a home market for our own products, give us control of our own business affairs, make us independent of, instead of dependent upon, our foreign neighbors and multiply the opportunities of every citizen.

There is not a town, village or hamlet in this State that would not become the logical location for one or more of these factories, and yet this natural heritage is withheld from them through lack of co-operation among the buying interests of Texas.

KRAZY KOLUMN BIRTHDAYS

LAND OF MIRAGES

Death Valley and Its Treacherous Lures of Beauty.

WORK OF A GOOD SAMARITAN.

Beck, the prospector, who has made the desert bloom with guideposts pointing the way to water and saved many men from death.

In the American Magazine is an article about Lew Westcott Beck, who is known as the "good Samaritan of Death valley." He and his dog, Rufus, have saved many prospectors from a horrible death by making the desert blossom with guideposts showing the way to water. The following is an extract from the article:

"Time was when Beck was a plain prospector in the Cripple Creek country. He was in on the diggings at Leadville, and he panned around in Montana awhile. Likewise he rushed into the Big Horn at the time of the mineral strike there, but he never struck a lead that made him rich. "Eventually he drifted down through Nevada and into Death valley, chasing rainbows. Wild rumors about 'Death Valley' Scotty's big find in that section electrified the country, and scores of prospectors rushed into the desert, expecting to make their fortune in a few days. Beck was among those present."

"There were several in Beck's party. They hiked many miles through the mirage land, finding nothing worth while and worrying constantly lest they exhaust their supply of water. For two days they sought water holes, and when out of water they went for hours with tongues swollen and lips parched from want of moisture. Then when death seemed inevitable they suddenly discovered a tiny stream trickling out of a canyon at the base of the Panamint mountains.

"When Beck returned to civilization he was a changed man. He had seen sands that were strewn with skulls, and that sight had put a big idea into his head.

"Came spring, and Beck made another trip through Death valley. At his side was a Newfoundland dog. The prospector carried a bundle of tin strips. They were signboards to guide the wanderers' steps aright.

"Each summer since then the prospector and his dog have made a journey to the land of the purple mist, piling up rocks and attaching signs to them, searching for lost travelers and incidentally keeping a lookout for a piece of precious metal. Once or twice Rufus has led his master to prospectors who, after long suffering from thirst, had fallen upon the burning sands to die.

"In signboarding the desert Beck has saved a number of thirst mad rainbow chasers and has also in remote districts stumbled upon the bleaching bones of dead men who may have found fortunes in the silver sulphuret district, but who did not live to tell the world about it. At one time he assisted at the burial of four men who died of thirst within two miles of a spring.

"The country that Beck traverses is the most arid section of the American continent—a dreary stretch of hundreds of miles of desert, dotted here and there with foothills, buttes, dry creek beds, chaparral, prickly pear and sagebrush. Springs are miles upon miles apart. Most of them are bitterly alkali, and some are poison.

"On an ordinary summer afternoon the thermometer runs up to about 134 degrees in the shade out in Death valley, and the most unpleasant thing about it is that there is a dearth of shade. When man ventures out upon this trackless expanse the shimmering heat dazes him, the scarcity of water crazes him, and the mirage—treacherous, lying thing of beauty that it is—looms ever before him, flashing upon the canvas of his mind's eye a verdant valley, gorgeously green with growing things, fresh with flowers, wet with water and waiting to welcome him.

"He can see grassy hill slopes just ahead, and the mirrored lake appears to lie just beyond some beckoning

Safer Than Calomel

Dodson's Liver Tone at Night Will Straighten You Out by Morn'g Calomel May Knock You Out of a Day's Work.

If you are a calomel user, next time you are tempted to buy it ask your druggist if he can absolutely guarantee the drug not to harm you. He won't do it because he CAN'T do it.

But here is a perfect substitute for calomel which the druggist does guarantee—the famous Dodson's Liver Tone. Thomas Bros. Drug Co., will refund your money without question if you are not thoroughly satisfied.

Go to Thomas Bros. Drug Co., whom you are acquainted with—and find out about the great number of people who are taking this remarkable remedy and feeling better, keener, healthier, and better able to enjoy life than they ever were when taking calomel.

Why? Because calomel is a poison—one that may stay in the system, and while seeming to benefit you temporarily, may do harm in the end. If you haven't felt these ill-effects so far, it is because you are fortunate enough to have a strong constitution.

Don't take the risk any longer. Get a bottle of Dodson's Liver Tone (soc.) and note how easily and naturally it corrects all bilious conditions, how it clears away that sick headache and coated tongue, how it sets you right without ache or gripe. The most wonderful thing in the world for constipation.

All this without the slightest interference with your regular habits.

ALTITUDES IN TEXAS

Engineers and surveyors who need to have accurately determined points from which to start surveys of any kind find the spirit-leveling bulletins published by the United States Geological Survey of considerable value. These bulletins contain the results of spirit leveling in all parts of the country and give the exact elevations altitudes of a great number of points. From 1896 to 1910 inclusive the Geological Survey established more than 1800 datum points in the State of Texas the work being done under the direction of R. B. Marshall, chief geographer in cooperation with the State during 1902, 1903, 1909 and 1910.

Bulletin 478—"Results of Spirit Leveling in Texas"—gives a list of the exact elevations above mean sea level of these points determined in connection with the topographic mapping of the Survey. While the Survey published maps show the elevation mapping of points within the area indicated these elevations are merely approximate, whereas the elevation listed in the bulletins are given to the thousandth of a foot. Engineers and others who have occasion to use the benchmark elevations should have a copy of the spirit-leveling bulletin for reference. It is available for free distribution and may be had on application to the Director of the Geological Survey at Washington, D. C.

meadow. He follows on and on and afterward drains the last drop from his canteen. Then his throat becomes parched, his tongue cleaves to the roof of his mouth, and strange things pass before his eyes. The buzzards begin to soar over him, and the coyotes sit upon their hunkers and watch him chase rainbows until he pitches forward upon his face and closes his eyes upon a world that is too mysterious and merciless for him to linger in longer."

Evil counsel is swift in its march.—Plutarch.

Election Returns.

On this day came on to be examined the returns of an election held in Common School District No. 2, for the purpose of determining whether or not a majority of the qualified voters of said common school district No. 2 desire to prohibit the operation of pool halls in said common school district No. 2, and it appearing to the court that there were seventy four votes cast at said election, and that forty four votes were cast for the prohibition of pool halls, and thirty votes were cast against the prohibition of pool halls, and it also appearing to the court that there was a majority of fourteen votes cast in favor of prohibition of pool halls.

It is therefore ordered by the court that said returns be approved and that notices of said election be published according to law.

It is also further ordered by the court that the maintenance of pool halls and pool rooms as defined by Chapter 74 of the General Laws of the State of Texas as passed by the thirty third Legislature of the said State of Texas shall hereafter be prohibited in accordance with the terms of said law, and any person violating said law shall be subject to the penalty in said law provided.

THE STATE OF TEXAS } COUNTY OF LYNN } I. J. W. Elliott Clerk of the county court, and Ex-Officio Clerk of the Commissioner's Court, in and for Lynn County, Texas, do hereby certify that the foregoing is a true and correct copy of an order approving the returns of an election held in Common School District No. 2, of Lynn County, Texas, on the 4th day of October A. D. 1913, as the same appears from the minutes of said court, Tol. 1, page 389.

Witness my hand and seal of said court at office in Tahoka, Texas, this 16th day of October A. D. 1913.

J. W. ELLIOTT, Clerk of the County Court, and Ex-Officio Clerk of the Commissioner's Court, Lynn County, Texas.

In accordance with the above and foregoing order of the Commissioner's Court, declaring the result of election and the law in such cases made and provided, I, J. L. Stokes, County Judge of Lynn County, Texas, hereby and by the publication of said order give notice of the result of the said election held on the 4th day of October, A. D. 1913, to determine whether or not pool halls and pool rooms should be prohibited in Common School District No. 2, Lynn County, Texas; and that said election was in favor of prohibiting pool halls and pool rooms in said common school district, and that the operation and maintenance of pool halls and pool rooms, as defined by Chapter 74 of the general Laws, passed by the Thirty-third Legislature of the State of Texas, passed at its regular session, are prohibited as prohibited as provided by said law.

J. L. STOKES, County Judge.

The Original New Zealanders. The original New Zealanders were known as the most ferocious cannibals and the most warlike savages. They were big, gaunt fellows, of immense muscular force and great sagacity. These savage New Zealanders, though they ate their enemies, interred their own dead, and they believed that the third day after burial the heart separated itself from the corpse and was carried to the clouds by an attendant spirit.

Unfreezable. "Can any one name a liquid that doesn't freeze?" asked the teacher. There was a moment's silence, says the Berliner Illustrirte Zeitung. Then an excited little voice in the rear of the room answered eagerly, "Please, teacher, hot water!"

Matrimony! There is a man whose wife makes him get up so often to hunt burglars that he says he is going to let her get a divorce and marry a night watchman.—Washington Star.

COAL Weather

Will soon be here. Place your order now and let us fill your bin before the "winter raise" in the price of coal.

Also will be glad to furnish you feed. Hay, grain, cottonseed cake and meal, bran and salt always on hand.

NOTICE OF SALE OF REAL ESTATE UNDER EXECUTION.

State of Texas, } County of Lynn, } In the Justice Court of Precinct No. 1, Lynn County, Texas, W. L. Nevals et al, Plaintiffs, vs. J. W. D. Davis, Defendant.

Whereas, by virtue of an execution issued out of the Justices Court, of Precinct No. 1, Lynn County Texas, on a judgment rendered in said court on the 28th day of July, A. D., 1913, in favor of the said W. D. Nevals, G. W. Small and J. R. Chambers, Trustees, for the Lynn County Bonus Guarantee Committee, and against the said J. W. D. Davis, No. 201 on the docket, of said court, I did on the first day of October, A. D., 1913, at 2 o'clock, p. m., levy upon the following described tracts and parcels of land situate in the county of Lynn, State of Texas, and belonging to the said J. W. D. Davis, to-wit:

All of the South-east one-fourth Section No. 426, Block No. 9, Certificate No. 401, E. L. & R. R. R. R. Co., being located in the South-east part of Lynn County, Texas.

And on the 4th day of November, A. D., 1913, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m., on said day, at the court house door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said J. W. D. Davis in and to said property. Dated at Tahoka, Texas, this the last day of October, A. D., 1913.

J. H. EDWARDS, Sheriff of Lynn Co., Texas.

TAN-NO-MORE, THE SKIN BEAUTIFIER. IT HAS NO EQUAL. IT STANDS IN A CLASS TO ITSELF. IT IS UNIVERSALLY COMMENDED BY THOSE WHO USE IT.

It is distinctly two preparations made into one: First, it serves as a Massage Cream, thoroughly cleansing the pores of the skin of all impurities, and directly upholds the tissues and aids circulation. Second, it serves as an invisible powder, that can not be detected if properly applied, and does not run or rub off as does ordinary powder. You can use Tan-No-More during the day, as it beautifies the skin when applied, and serves as a protection against the sun in summer and winds in winter. Tan-No-More is guaranteed to please you, or your money back. —Price 50 and 25c. All Dealers.—We also manufacture Freckle-ester preparations.

Will be pleased to mail our little booklet explaining more fully our entire line. BAKER-WHEELER MFG. CO. Dallas, Texas
