

ENROLLMENT MAY REACH SIXTY MARK

Normal Opens With Good Attendance, Change in Faculty Necessitated, Good Start Made and Every One Optimistic.

The South Plains Summer Normal opened as per schedule at Tahoka Tuesday. The order of the program was as follows:

Prof. E. F. Puryear, Secretary-Treasurer, occupied the chair and called the house to order.

Song, "Abide With Me," led by W. B. Bishop.

Invocation by Prof. Bailey.

Judge Stokes, who was to have made the welcome address was introduced and after welcoming the visitors to our school, churches, homes and the town at large, he excused himself from a formal address on a plea of ill health and introduced Prof. Puryear who proved title to being an able and interesting speaker. At the close of Mr. Puryear's address Judge Stokes begged leave to relinquish his seat to W. W. Anderson, of Bradna, Ohio, who has cattle interests in this county, and departed for home.

Prof. E. A. White, Conductor, delivered the response on behalf of the normal with his characteristic force and wit and was favored with a hearty round of applause.

Prof. Bugg, a Canyon visitor, extended an invitation to speak but declined on account of hoarseness. The Chair remarked that as Prof. Bugg was the escort of one of the fairer sex he had probably talked to much.

Mr. Hicks, candidate for clerk, being the only candidate present besides Prof. White and Judge Stokes, was extended an invitation which he very modestly declined.

Prof. Hazel, mathematics, and Miss Stanford, primary methods, were introduced and each expressed their pleasure at being here. Prof. Hazel was especially complimentary to our city.

Prof. Bailey was called on for a speech and in reply stated he was there to listen, not to talk, also to be seen.

Prof. Bishop, history, next introduced, told the Chair he had prepared quite a speech but owing to the nearness of the time when all things mortal desire to reinforce the gastronomic organs instead of the mental he would desist.

The Faculty then took up in turn the course of study, classification and assignment of lessons, after which the house was extended an invitation to "take in" Trades Day and dismissed till Wednesday morning at 8:30.

The enrollment has reached the half hundred mark and it is expected to be increased to 60.

On account of being called away, Prof. B. W. Speed, was unable to fill the position of instructor in mathematics. Prof. Hazel, principle of the Snyder High School, was secured as supply. Mr. Hazel has been elected to the superintendency of the Tahoka High School for the 1914-15 term.

Every one is optimistic and the successful session every held is expected by both faculty and students.

Judge J. L. Stokes is on the sick list this week.

Third Auto Highway

Colorado-to-Gulf Highway Loggers Passed Thru Yesterday To Meeting at Plainview

The Southern National and Western Division Colorado-to-Gulf Auto Highways are already established thru Tahoka. The following clipping announces our third interstate highway:

The division of the Trans-Continental Automobile Road which was to reach from Dallas to Roswell, N. M., passing through Snyder will according to the official map, pass through Colorado. A sum of money was contributed by the citizen of the town and delegates were sent to Roswell in the interest of the road passing through Snyder.

Below we give the towns through which the road passes: Dallas, Ft. Worth, Weatherford, Palo Pinto, Breckenridge, Albany, Abilene, Sweetwater, Colorado, Big Springs, thence northwest to Lamesa, north to Tahoka and Lubbock, back south west to Brownfield, then to Plains and Roswell.—West Texas (Snyder) News.

A party of eight cars passed thru Tahoka yesterday, Thursday, at six o'clock containing delegates from along the route of the Colorado-to-Gulf, western division, highway bound to a meeting at Plainview today.

According to telephone communication this morning, some delegates were trying to run it over Big Springs, Lamesa and Tahoka and we were urged to send a delegate to cast our vote. The local organization got busy and wired credentials to A. D. Shook of Tahoka, who happened to be in Plainview. As we go to press we learn that the three before named towns are fighting shoulder and are stemming the tide against them.

FOR SALE—480 acres of land located 6 miles south-east of Tahoka, all tillable and 100 acres in cultivation, good deep well of water, wind mill and tank, 3 acres in orchard, 4 room house, out buildings, very good fence. Will sell this farm at a bargain and might take some trade. If interested submit an offer to E. P. Logan & Co., Godley, Texas. 41-44

G. W. King & Son, proprietors of the Tahoka Livery Stable, have finished building a 20 acre hog pasture on the section west of town where they will place 60 head of pigs and proceed to grow a fine lot of cheap pork.

We regret to say, Prof. E. F. Puryear, principal of the Tahoka High School the past term and member of the South Plains Summer Normal faculty, has accepted a school in Kingman, Arizona where he will be near a brother. Mr. Puryear informed The News man that he will leave for his new field of activities shortly after the Normal closes.

Mrs. Stroud spent the week end with Mrs. J. P. Littlepage, of four miles east of Tahoka, returning Monday morning after the rain. Mrs. Littlepage remained over to dinner with her friend.

ANOTHER SUCCESSFUL TRADES DAY PASSES INTO HISTORY

Larger Crowds Than Expected Attend and Merchants Report Better Run Of Business Than Usual. Tahoka Holds Own In Games Of Sport—Rain Increases Crowd

Another Trades Day has passed into history and the page where on it is written will ever be a bright one.

The heavy rain Sunday night made it impossible for any one to work in the field so everybody hooked 'old Dobin to the shaw' and 'beat it' for town, some silver in their pocket and a smile on their face, some a little wuddy but smiling just the same.

Of course every body had to drive slow and there was not much crowd until nearly noon so the forenoon was 'given up to the opening of the Normal and doing the necessary trading so as to be free for a full evening's fun, however, the merchants report trade holding to the rush point nearly all day, just enough lulls to reorganize their forces to cope with the next onslaught by the buyers as the crowd surged back thru the business district.

The first event after dinner was the bronc bustin' or we should say the mule riding. We looked for event of seeing the McNeiley horse rode was not pulled off owing to the fact that the horse was cut on the wire so badly that he was unfit to ride. As one mule after another was topped and none of them showed much class the crowd began to grow restless when a number not on the program was pulled off that was worth the money. L. L. Strong played horse and little John King rode him. John got on Mr. Strong's back, Mr. Strong being on all fours, and settled him self and hung his heels. Mr. Strong gave a few preliminary jumps, walked a few steps and then let loose. Well we've seen men pitch before and some few horses ridden, but Mr. Strong pitched in a class by himself and John rode like a veteran. It was "some riddin", take it from muh."

The mule riding continued off and on all evening, but the next event that held the crowd was a tripple header ball games. As

LYNN COUNTY BEATS N. M. 50 SAYS W. W. ANDERSON

W. W. Anderson, of Bradna, Ohio, who is spending some time on his place west of Tahoka, made a trip to New Mexico with Mr. and Mrs. Ben Updyke in Ben's auto leaving Tahoka Thursday two weeks ago and returning last week; called at the News office Monday and was telling us about his trip, saying they had a very wet time of it as it rained on them most of the way out and back. Mr. Anderson says, "no New Mexico for me, thank you, it is not a good looking country after seeing the Tahoka country." He says the land is too thin to make good farming country or even good grazing country. In fact it is so far from anywhere that some of the people don't know where their market is, and the grass is not half so good as it is in Lynn County. Ben Updyke, however, took up a section for his wife and be bought out Mr. Dawson's claim and will move out there in the near future and will locate near Knowles. Mr. Dawson will move back to Lynn county and build him a residence in the

they were played, the games were as follows:

First up was the Tahoka and Slaton small boys, the oldest of which was under sixteen. They played to the tune of the up and three down most of the time. The game was five innings by agreement. The final score stood 3 to 0.

Next came Tahoka and Lakeview, another five inning game. This game was another shut out the final score being Tahoka 4, Lakeview 0.

Then came the game of the day, which came near being another shut out, the Tahoka boys failing to score until the last half of the ninth. However it was the best game that has been played on the Tahoka diamond this season. Space forbid the detailed report we would like to give. Notwithstanding that the score stood 5 to 3 in Slatons favor or we are proud of the boys. One feature of the game was five by the Tahoka pitchers on Slaton boys, four for Ruby and one for Price. Slaton failed to strike out a man.

Immediately after the ball was the mile foot race between Waldripp of Lamesa, and Weathers of Tahoka, won by Weathers by about six feet.

This closed the daylight program. The crowd sought refreshments from lunch baskets, hotels and restaurants, after which they divided between the dance-hall and picture show. Each rendered a splendid program.

After the picture show, the wrestling match between Green of Tahoka and Rose of Lamesa. It was hardly a fair match, Green having one arm nearly disabled by a rising. The first fall was won by Rose in 25 minutes, the second by Green in 4½, they wrestled two ten minute bouts neither gaining the advantage. Owing to the closeness of the building each became so near overcome by the heat that the match was called the decision being a draw.

town of Wilson. Mr. Anderson will remain here until after the fourth of July when he will return to Ohio until cold weather again.

Wanted—To sell or exchange for town property, well improved one-half section of the best farming land with eighty acres in cultivation, on the main Lubbock eTahoka road; five miles from Wilson and eight miles from Tahoka. For full particulars apply to V. R. Kershner, Lubbock, Texas, Phone 161. 42

Mr. and Mrs. R. D. Morris, returned Friday evening from an outing to Colorado, Texas. Mr. Morris says that it rained nearly every day they were gone, the rivers were so high they could catch but few fish and every thing so wet they did not enjoy their trip much. Many of the farmers he talked to told him they had been unable to get into their fields for three weeks and the weeds were waist high in many places.

Mrs. W. L. Davis and two small children left on the Monday morning train for Beard, Texas, to see her sister, Mrs. Marse, who is very ill.

Dr. J. F. Galloway, Dentist, 11-1f will return to Tahoka about July the 1st. 40 tf

The fence around the court yard has been finished and painted white, and it sure looks good to Willie. The windmills have all been moved except one one on the west side, there will soon be some cement watering troughs made and with the phenomenal growth made this year by the trees, we will have one of the very prettiest and useful court yards in Texas, not so costly as some but jolly good and comfortable. Come to Lynn county and buy you a farm or come to Tahoka and send your children to a first class high school.

Phone 60 and have your ice delivered morning or evening, any sized block. C. L. Williams, Wholesale and Retail Ice. 38tf

John Donaldson has just finished painting the residence of W. B. Slaton, the very popular cashier of the First National Bank, and the pretty white house amid its surroundings of green trees, lawn, flowers and garden makes an enticing looking home and one that adds much to the attractiveness of our little city. Tahoka is rapidly becoming known as a city of pretty homes.

We have a car load of kerosene and gasoline on hand. Burn Eupion oil the best on earth. I will soon have in a car load of all kinds of oils and greases. G. W. Will Have Thousand Acres Cotton In Territory With Fine Prospects Other Crops Promise Bumper Yields—Range Best Ever.

Having business in Wilson, ye editor hitched the pony to the buggy and taking his son Dick along for company, and to open gates, drove out of town at one-thirty Saturday afternoon. We jogged slowly along stopping every once in a while to kill a rabbit, until we came to the first house, eight miles north of Tahoka, where we met Mr. Chas. Lichey who moved there from Colorado county a year and a half ago. Mr. Lichey has 60 acres in a high state of cultivation, having 23 acres of cotton up to a good stand, six acres of field corn, two acres being golden dent, all looking fine; the rest of the field is planted to feed crops mostly up to a good stand. A mile further north on the other side of the road is the Kershner place where we found R. G. Way busy harrowing ten acres of nice looking field corn. He had two-thirds of his 80 acre field planted to feed most of it up to a full stand. He is milking 29 head of Jersey cows, shipping 30 gallons of cream each week. From there we turned east through Mr. Nessel's yard, everybody was in the field, leaving Nessel's pasture to cross a corner of the old Feun place, where we found our friend B. B. Wise lately returned from a three years sojourn in New Mexico. He was very busy putting in a 40 acre crop of feed.

Arriving at Wilson at 4:30 we were fortunate to meet Mr. and Mrs. L. Lumsden. Mr. Lumsden told us their plans for improving Wilson immediately. They will begin work right away on three new residences on the town site, also a modern steam operated cotton gin of four, 70 eaw, stand capacity of the very latest model in gin machinery. They have a territory of nearly 1000 acres, of good cotton and while there is no gin at Slaton they figure on at least 1800 acres of cotton.

Tom Cobb and family will be up inside of 30 days, and Mr. Cobb will take charge of the Mercantile store and Mr. Fertsch will devote his entire to the Lumber yard and cotton gin.

Congressman W. R. Smith was to have spoken at Lamesa Monday night and made an appointment to address the voters of Lynn county at one-thirty o'clock the afternoon of Trades Day at Tahoka. The News announced last week that he would be here and as a consequence The News force were kept busy all the afternoon explaining why he d'd not come. It is reported that he left Colorado in an auto and got half way to Gail, found the road impassable and returned to Colorado.

Mrs. M. M. Herring went to Plainview Monday morning to visit her father, Mr. B. L. Shook, and his family.

Mrs. W. R. Slaton, accompanied by her daughter, Mrs. Mrs. Stone and two small children, Wilbur and Elizabeth, came down Friday evening from Lubbock to visit her son, W. B. Slaton, of the First National Bank, and wife and infant daughter. The party stayed over Sunday and returned on the morning train Monday.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Grandma's recipe of Sage Tea and Sulphur darkens so naturally that nobody can tell.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp, and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of the famous old recipe for about 60 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

GLASS OF SALTS IF YOUR KIDNEYS HURT!

Get less meat if you feel Backachy or have Bladder trouble—Salts fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste: get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

College Man to Blame For Destructive Criticism

By Dr. ALEXANDER C. HUMPHREYS,
 President Stevens Institute of Technology

WE of the United States today are suffering from the DESTRUCTIVE CRITICISM of those who are INCOMPETENT TO IMPROVE THE CONDITIONS AT WHICH THEY ARE SO READY TO RAIL, and to the reform of which they are willing to devote themselves at so much per week, month or year.

© by American Press Association.

The so called educated man, meaning the man of school, college and books, is to BLAME FAR MORE THAN THE LESS FAVORED MAN if he by his ill considered words LEADS OTHERS ASTRAY.

AS LONG AS PUBLIC UTILITIES AND OTHER INDUSTRIES ARE IN PRIVATE HANDS RESPONSIBILITY IS DEFINITELY LODGED AND THOSE ACCOUNTABLE FOR THEIR ACTS CAN BE REACHED. THE MINUTE GOVERNMENT BECOMES PROPRIETOR—THE WHOLE RELATION TO THE PUBLIC OF A GIVEN INDUSTRY CHANGES VIVIDLY—IT IS DUMPED IN WITH MANY OTHER TRANSACTIONS, AND ITS ACTS BECOME THE MYSTERIOUS FETTERS OF OFFICIALDOM.

You should not be too hard on Ben F., Loomis; you should remember that this is likely the first opportunity Ben has ever had of participating in a campaign for anything higher than the office of constable, and may be excused if he is just a little off now; however, after he has returned from accompanying Ferguson up Salt River July 25th, he will be in his right mind again and will be a very likeable fellow.

We have never put for a wiseacre, nor do we claim to know all about politics, but that there is "something rotten in Denmark" is apparent by the "dope" sent out by Hous. W. D. Lewis and P. Radford, Pres. and Ex-pres. of the T. F. E. & C.-O. Union.

Peter Radford is afraid of the Ministry of Texas.

OUR WANT ADS. WORK WONDERS

Facts On Temperance

Our prohibition friends are fond of saying that the world would be far better off if the "curse of drink" were wiped out of existence.

We agree with them. But the "curse of drink" means intemperance—drunkenness.

Beer is not conducive to drunkenness, although the association of ideas is so close in the minds of some people that they make no discrimination whatever and, either ignorantly or thoughtlessly, they hold beer fully as responsible for drunkenness as anything else. The fallacy and injustice of this assumption are at once apparent to any fair minded person who considers these facts:

Beer is essentially a drink of temperate people and is the best friend of true temperance. It contains so small a percentage of alcohol as to render it absolutely harmless if taken in moderation.

Many eminent divines who have made a close investigation of saloon conditions and the liquor question in general, declare that the moderate use of beer and light wines should be encouraged rather than discouraged, because they recognize the great truth that moderate indulgence is the only way by which true temperance can be promoted and lastingly maintained.

Rev. Dr. Parkhurst of New York, says:

"I am decidedly of the opinion that the more wine and beer there is produced in this country and the more freely it is transported from state to state, the less whiskey will be used and the smaller the amount of dry drunkenness."

Can, then, any right thinking person suppose that a light beer—a truly, healthful, mild and harmless beverage—is an enemy to mankind—that it can in any way be construed as the "curse of drink"? Yet the prohibitionists assert that it is and they would, therefore, abolish it. But in so doing they would but magnify the evil, drunkenness, they are trying to suppress. —Paid Advertisement.

Hustler, Inefficient, Back Number In His Methods

By Secretary of Commerce WILLIAM C. REDFIELD

THE strenuous life is in most cases the least effective and efficient. It is an infantile view of industry which measures its results by either the duration or the extent of effort. Both the HUSTLER AND THE APOSTLE OF STRENUOUSNESS have become back numbers in their methods. They are today in the same category with him who also ran.

WE DEPLORE LIVES LOST IN WAR AND HAVE ADVOCATES OF PEACE WHO ARE FLUENT IN SPEECH REGARDING THE TERRORS OF STRIFE, YET, WHILE ONE MUST SYMPATHIZE WITH THOSE WHO HAVE LOST DEAR ONES IN BATTLE, ARE WE AS ELOQUENT AND ACTIVE AS RESPECTS THE MANY THAT ARE SLAIN IN INDUSTRY? WE MOURN THE NINETEEN OF VERA CRUZ, BUT IN THE FIRST THREE MONTHS OF THIS YEAR THERE WERE SLAIN SEVERAL TIMES THAT NUMBER IN THE INDUSTRIES WITHOUT GREAT PUBLIC GRIEF, AND THE YEARLY DEATH LIST FROM AUTOMOBILES IN THE 'STREETS OF NEW YORK MAKES OUR OCCUPATION OF VERA CRUZ LOOK RELATIVELY LIKE A PLEASURE EXCURSION.

Children, Like Trees, Need Air and Sunlight

By Dr. HERMANN M. BIGGS, New York State Commissioner of Health in Address on Planting Day.

WISE PARENTS CARE FOR THEIR CHILDREN WITH THE SAME WATCHFUL CARE THAT YOU AND YOUR TEACHERS WILL USE IN NURSING THE TREES AND SHRUBS IN YOUR SCHOOL YARD. WISE PARENTS KNOW THAT THEIR CHILDREN MUST HAVE SUNLIGHT AND FRESH AIR JUST LIKE THE TREES. THEY LET THEIR CHILDREN PLAY OUT OF DOORS AS MUCH AS THEY CAN AND SLEEP IN ROOMS WITH THE WINDOWS OPEN.

If you covered the tree you plant today with something to keep out the sunlight and air it would GROW WEAK AND PALE AND WOULD WITHER AND DIE. That is just what happens to children who have not enough fresh air and sunlight—they wither, grow tired and sick. That is the reason why bedrooms should have as much sunlight as possible during the day and why they should be flooded with fresh, cool air at night.

Both Mexico and Colorado Problems Industrial Ones

By Rev. GEORGE B. VAN ARSDALE, Central Christian Church, Denver

THE LUST FOR POWER IS THE DIRECT CAUSE FOR THE CONDITIONS IN COLORADO AND IN MEXICO. THE WISE OLD BOOK WE CALL THE BIBLE NEVER WAS MORE TRUE TO FACT THAN WHEN ON ITS EVERY PAGE IT ASCRIBED THE DISTRESS OF THE HUMAN FAMILY TO THE PASSION FOR POWER, WHETHER THAT PASSION ASSERTED ITSELF IN THE LUST FOR GOLD OR SOME OTHER FORM OF DOMINATION.

It is an old story, old as the race and new as our latest upheaval. It is the desire of man to control his fellows. In both Mexico and Colorado the problem is at the bottom essentially an industrial struggle.

**REGULATING
POLITICAL
PREACHERS**

**Three Constitutions of Texas
Have Warned Ministers
to Avoid Politics.**

A Plea for a Positive Religion.

Fort Worth, Texas.—Our attention has been called to a considerable number of preachers who have endeavored to answer from the pulpit and through the press our recent article on political preachers. In the communication complained of we were careful to address ourselves only to pulpit politicians. We quote from the offending article:

"We address ourselves exclusively to that coterie of political clergymen who prostitute their high calling by capitalizing their reputation and by lending their occupation to designing politicians."

We did not know that there were so many preachers belonging to that class in Texas.

The vindictive spirit and bitter resentment shown in these replies corroborates the necessity for, and the wisdom of, the challenge we gave the political ministers to return to the pulpit. We want to thank that large body of consecrated ministers who refuse to be lured from the pulpit by the lust of power for the righteous indignation they feel over the attitude of their associates who have entered the political arena.

Now that the inflammable material has all exploded and the smoke has cleared away, we will, at the hazard of being tried for heresy, apply ourselves to the remedy and invite all who desire to preserve the sanctity of the pulpit unsoiled, to co-operate in the work.

The Warning of Our Forefathers.

The difficulty of keeping the preacher in the pulpit is as old as religion. Christ encountered it in the temple when he drove the priests from the bargain counter back to the pulpit. Our pilgrim fathers met it when, through the influence of the clergy, a witch court was established at Salem, Mass., in 1692, that precipitated a legal holocaust, threatening to reduce the population to ashes and which was extinguished by the laymen uniting and forcing the preachers back to the pulpit. Our noble sires anticipated it when they wrote in three constitutions of Texas a paragraph warning the ministry against political activities. In all of these constitutions the following language appeared: "Ministers of the gospel, being

by their profession dedicated to God and the care of souls, ought not to be diverted from the great duties of their functions, therefore, no minister of the gospel or priest of any denomination whatever, shall be eligible to the Legislature."

The embezzlement of power on the part of the ministry in the present age reached the zenith of its folly when an ecclesiastical court established a few weeks ago to distribute political patronage was exposed in the now famous McClure case, which will go down to posterity as one of the boldest efforts of the ministry to acquire control of government in the religious-political history of Texas and which will shame us in the memory of our children.

We are hurrying toward a crisis that approaches in intolerance the Spanish Inquisition which for more than three centuries terrorized the conscience of the people, and it is well for the friends of religion to pause and consider the distance we have traveled toward a union of church and state.

Returning to a discussion of the Constitution, it appears that the good behavior of the preachers caused the precaution so wisely taken by our forefathers, to be considered unnecessary in making the present Constitution, but the ministry has violated this confidence, and we now find political high priests manipulating conventions, ecclesiastical courts assuming jurisdiction over candidates, ministers of the gospel participating in political caucuses, and our pulpits oftentimes loaned to office-seeking politicians to the disgrace of the ministry and the shame of the church.

Political Preachers Should Be Regulated.

We think a ministerial clause should be written in the present Constitution and suitable legislation enacted rigidly regulating the conduct of political preachers, making it a penal offense for a preacher or a combination of preachers to seek to manipulate political conventions or endeavor to distribute patronage, and legislation should also be enacted preserving the sanctity of the pulpit from political vandalism.

How a preacher votes on any subject should be a matter of no concern to the membership, and he should not be encouraged to reveal his political affiliations, but a preacher has no more right to preach his politics to his congregation than a school teacher has a right to teach his politics to his pupils. No matter how adroitly the minister may approach his subject or how well he may fortify his position with precedent and false logic, he can no more preach a political sermon without converting his pulpit into a political rostrum than he could sell intoxicating liquor from the altar without converting the church into a bar room. He can no more purify politics by playing the game than he can sanctify gamb-

ling by running a lottery. He will no more control government without making the state serve the church than any other special interest would control government without making it serve their purposes.

It is our opinion that when this world is saved it will be through religious sermons and not through political speeches. Salvation must come to us from the Bible and not from the statute book. It will come through holy councils of consecrated ministers and not from caucuses of political preachers.

A Constructive Religion Needed.

The country is surfeiting from a negative religion. We think "thou shalt" is as important a command as "thou shalt not." The world never needed a religious ministry more or political preachers less than it does today. Our rural civilization is withering for the blessed influence of divine messengers of life. The farmer needs the personal touch of the religious pastor. He seldom comes in direct contact with his hallowed influence except when he is baptised, married and buried. It is a time-honored custom for our pastors to visit their rural congregations once a month, preach a sermon, take up a collection, eat dinner and hurry back to the city. We approve it all except hurrying back to the city. A preacher who will not live with us and share our trials and tribulations can never hope to interpret the life of the farmer and construct Christian character in the community. It is as much a part of the duty of a pastor to inspire us to own a home on earth as it is to exhort us to build a mansion in the skies; to persuade us to fill the mud holes in the road from our homes to the church as to preach of the golden streets of the New Jerusalem; to help us lift the market basket and aid in the solution of our own problems, as it is to convert a heathen or coerce an anti.

Let us get our religion from out of the skies and bring it down to mother earth. Give us a religion we can farm by as well as die by. We know how to vote.

TEXAS FACTS

INTERURBANS.

There are 550 miles of interurban lines in Texas.

During 1913, 215 miles of new interurban lines were built in Texas.

All except two of the principal cities of Texas have interurban connections.

There are 40 electric railway companies operating in Texas.

Thirty-six Texas cities have el-

The Thomas Bros. Drug Co., may not be willing to guarantee the safety and reliability of calomel for constipation and sluggish liver, but this store will and does stand back of Dodson's Liver Tone with an unconditional guarantee to refund the full purchase price (50c.) instantly without question if you are not satisfied in every way with Liver Tone and its results.

If you take calomel, perhaps you will seem to get temporary relief, but it often happens that the after-effects are at least unpleasant and sometimes dangerous. Calomel in large doses is a poison and actually deadly to some—perhaps to you—and hence its use means taking chances.

With Dodson's Liver Tone you are always safe. Its reliability is so certain that it can be sold with the money-back guarantee. It is a vegetable liquid, pleasant to take, and it cannot harm. It clears up the dulled and aching head and cleans out the clogged system in what many have found to be a wonderful way. Dodson's Liver Tone will do for you what it has done for thousands—and you run no risk in trying it. Ask Thomas Bros. Drug Co., about Dodson's and the guarantee. K41

electric street railway systems.

The street car line mileage of Texas is approximately 600 miles.

Texas led all states in the Union in interurban construction in 1913.

Texas has the longest interurban system in the southwest. It is the Dallas-Waco-Corsicana line and is 158 miles long.

PUBLIC HIGHWAYS.

Texas has 150,000 miles of public highways.

We have a half mile of highway to every square mile of area.

The public road area of Texas is larger than the State of Delaware.

The public highways of Texas will reach around the world five times.

A large per cent of the highways of Texas are in first class condition.

Texas has one of the most active Good Roads Associations in America.

Fifty-one Texas communities, by issuing bonds, appropriated \$7,276,000 for highway maintenance and construction last year.

Last year the people of Texas spent \$40,000 per day building public roads.

No Problem but Can Be Settled In Better Way Than by Arms

By the Rev. H. ALFORD BOGGS of Princeton Presbyterian Church, Philadelphia

IN TIMES OF PEACE LOOK OUT FOR WAR. WAR, I SAY, WAS BORN IN HELL. THERE IS NO PROBLEM SO DIFFICULT BUT CAN BE SETTLED IN A BETTER WAY THAN BY FORCE OF ARMS. SOME OF YOU SAW OUR PAGEANT FOR THE SAILOR BOYS WHO FELL AT VERA CRUZ, BUT HAVE WE THOUGHT OF THE TWO HUNDRED MEXICANS WHO LIE DEAD IN THE TRENCHES AND WHO HAD NO SUCH TRIBUTE PAID TO THEM? WE HAVE NOW SOME FIFTEEN PEACE SOCIETIES, AND THEY HAVE BEEN INSTRUMENTAL IN SETTLING FIVE INTERNATIONAL DISPUTES. THE TIME WILL COME WHEN THERE SHALL BE NO MORE WAR.

Active Participation In Politics Every Citizen's Duty

By the Rev. Dr. WAYNE CHANNELL, M. E. Clergyman, In Address to Sons of Veterans, Germantown, Pa.

WE need to be conscientious in the performance of our duties of citizenship. These duties do not consist merely or mainly in paying taxes and obeying the laws, but in the ACTIVE PARTICIPATION IN THE POLITICAL AFFAIRS OF THE COUNTRY. The honor of American citizenship is trampled in the dust not only by the citizen who casts his ballot for the MEN AND MEASURES THAT ARE AT WAR WITH THE MORAL INSTITUTIONS and the material prosperity of the land, but as well by the citizen who for personal interests, either business or pleasure, fails to cast any ballot.

IT IS AN IDLE DREAM TO IMAGINE THAT THE MORAL AND BETTER ELEMENTS OF THE COMMUNITY CAN STAND ALOOF FROM ACTIVE PARTICIPATION IN POLITICAL AFFAIRS WITHOUT THE MOST TREMENDOUS DISASTER ENSUING TO ALL THE SACRED INTERESTS OF OUR LIFE. THE DUTY OF EVERY CITIZEN IS TO BE AT THE POLLS AND CAST HIS BALLOT FOR THE MAN WHO REPRESENTS HIM IN MORAL CHARACTER AND CIVIC PURPOSE.
