FROM LUBBOCK COUNTY

We quote from the Avalanche,
the following actions of the Lub-
bock county commissioners last
week, as being of interest to
Lynn county people: "The
Brownfield Lubbock road ques-
tion was taken up. The report
of the jury of view was read and
it appearing from the report
that the amount of damages
asked, which in all amounted to
\$12,000, that this road was im-
practical and beyond the means
of the county, in which they
voted to reject the report of the
proposed road, and proceeded to
select another route which is on
section lines and increases the
distance to the Terry county
line about three miles.

"Ordered that a road be open-

Biggers a Candidate

I am a candidate for representa-
tive from this, the 122 repre-
sentative district. I will begin
an active campaign as soon as
possible, presumably about the
1st of June. The people will
then hear from me fully, frank-
ly and emphatically on every ma-
terial issue pertaining to the
state and this particular district.
And then, if elected,

Like the poor benighted Hindoo
I'll do the best I kindo.
Respectfully,
28-29 DON H. BIGGERS.

S. H. Howell has just been

calls for work to begin April 10,
and completed by October 10.
It is for one mile north from
Seminole and six miles between

Two more regiments of troops
ordered to the border making a
total of 18,000, which the Fort
Worth Record says "should have
a good effect on the riotous Mex-
icans." An order to the 16,000
troops already there, to shoot
every Mexican found on this side
of the Rio Grande, would have
been much more effective. It
isn't troops that scare Mexicans,
its bullets.

Tahoka 14, Post 4

The Post City Base Ball Team
came up to Tahoka Saturday and
crossed bats with our boys in a
game that resulted in a score of
14 to 4 in favor of the Tahoka-
ites. The Post boys seemed to
be unable to connect with the
ball either in the field or at the
plate; while our fielders caught
flies, our batters hammered out
home runs, our basemen blayed
tag and our box artist pitched to
the tune of; "one, two, three,
the batter's out, play ball."

Saturday, April 4, Trustee Election; Dyer Goes Out

How many know that Satur-
day, April 4th is school trustee
election day? The citizens of
every school district in Lynn
county should give this important
matter their most careful con-
sideration, for on who you elect
on your board of trustees de-
pends the success or failure of
your school next year, and likely
much of the success or failure in
life of your children.

Many men will spend hours
arguing on who they want for
governor or president yet when
it comes close to home where
they have a vital interst, as to
who they will have for school
trustee, they wont "waste" a
minute even in thinking about
"such a small matter." Every
one has heard of the priest who
said give him the children of one
generation and he would make
the church universal; he might
have said, "let me elect the
school trustees and I will have
the children. Remember the
trustee elects the teacher who
ordinarily has much more to do
with forming your childrens
character than you do.

In the Tahoka board, we have
been informed, Mr. J. V. Dyer
goes out, so the board this year
will be composed of H. M. Lar-
kin, J. E. Ketner and —?

Fifth Article of Faith
Rev. Nicholson will handle
the fifth Article of Faith Wed-
nesday night, which reads as
follows:

V. OF JUSTIFICATION.
"We believe that the great
Gospel blessing which Christ
secures to such as believe in him
is Justification; that Justification
includes the pardon of sin, and
the promise of eternal life on
principals of righteousness; that
it is bestowed, not in considera-
tion of any works of righteous-
ness which we have done, but
solely through faith in the Re-
deemer's blood; by virtue of
which faith his perfect right-
eousness is freely imputed to us
of God; that it brings us into a
state of most blessed peace and
favor with God, and secures
every other blessing needful for
time and eternity."

BACK TO THE BAR ROOM WITH LIQUOR LEADERS

Farmers' Union Officials Censor Dallas Constructionists.

All Candidates for the Legislature Will be Asked to Endorse the Radford Platform.

Fort Worth, Texas.—We want to say to the Dallas convention of so-called constructionists, "Back to the bar-room with the representatives of the liquor interests who are in your midst," and we want to warn the farmers to give that movement the same silent contempt they gave the prohibition convention. That movement, to justify consideration of those who are or have been on the pay-roll of the liquor interests in any capacity. An anti for revenue and a prohibitionist for fame are twin curses that have been riding the state like a pestilence for the past decade and peace can only be secured by eliminating these battle-scarred veterans of the propaganda from public affairs.

The liquor question cannot be sidetracked unless we first sidetrack pro and anti leaders. That a majority in the legislature of either pro or anti will not suppress strife has been abundantly demonstrated. The leaders must be struck down by the bludgeon of public wrath. Nothing else will stop them from fighting.

Vote for Sally and the Babies.

The suggestion that the liquor question can be easily settled is a myth. We will have it as long as we have a civilization, but we think there are other issues of greater importance at this time.

The prohibition question in one form or another has been a whirlpool of political dissension in Texas for the past quarter of a century. It was voted upon in 1911, was the paramount issue in the gubernatorial campaign four years ago and again two years ago, and did the leaders, either pro or anti, abide by the results? Recent legislatures have done practically nothing but wrangle over the liquor question and whenever it comes up for consideration, they will do nothing at future sessions. Shall we wage another battle at the bidding of the bosses? In the name of the Farmers' Union we raise a flag of truce and insist upon a cessation of hostilities until we forge a whale for Sally and the babies.

The Farmers' Union for Peace.

The platform of principles given to the press by Peter Radford was unanimously adopted by the State convention of the Farmers' Union at Ft. Worth, January 14-15, attended by six hundred delegates, representing approximately a quarter of a million members, and its provisions became the authorized policy of the Farmers' Union. This platform contemplates a cessation of strife during the next administration in order that constructive legislation for the farmers may be secured. No effort has been or will be made to commit the Farmers' Union for or against either pro or anti candidates, but all farmers are urged to support only candidates in the July primary who favor the elimination of the liquor question from this campaign and to make agricultural legislation para-

ment in importance to all other issues.

Conventions Slaughter Pens.

We deplore the return to the convention method of selecting candidates. These conventions as usually conducted, are scarcely more than slaughter pens where the bosses butcher the "undesirables" and they are offensive to true democracy and a nuisance to good government. They are in direct violation of the spirit of the Terrell election law and are political bandits that should be banished from free government.

These conventions are called, according to the confession of some of the leaders, to eliminate small men and to call a great warrior to lead the battle. But why all this hue and cry about great men needed to run for Governor? We have had great men running government for a long time and is any one satisfied with the result? In the sight of the bosses a common man seems vulgar, but we think a little horse-sense is more needed in government today than any other substance and that well known element is the property of the common people.

Then, too, we object to politicians rounding up aspirants for public office and dehorning them of ambition, shearing off their patriotism and wielding the branding iron of greatness. Has it come to pass that the man who plows can render no service to government except to pay taxes and vote? Is the man who toils incapable of serving his country except in time of war? Is a common man a dangerous thing?

May we inquire of what substance greatness is made and who is the authorized custodian? Can it no longer thrive on the hearthstone of the common people and must we teach our children to search for it only in law offices?

Too Many Lawyers.

The Farmers' Union in its last state convention passed a resolution suggesting that too many lawyers were at the helm in governmental affairs and asking farmers who create the wealth and business men who conserve it to run for office. The political lawyers feast upon strife, thrive upon misunderstanding and prosper upon ignorance and they, more than any other influence, are responsible for the present state of affairs. Their profession requires destruction of conscience and they are the only class of people to whom civilization has issued a permit to sell their opinions. They produce nothing and know only one way to make money, and that is to get yours. The fewer we have of them in government the better it will be for the common people.

We Will Meet You at Phillippi.

To the leaders of strife, both pro and anti, we want to say we will meet you at Phillippi. The July primaries are in the hands of the voters and the farmers who have become disgusted fighting battles made to order by men who fatten upon dissension and who depend upon the fortunes of war for a livelihood, will register their disapproval at the ballot box.

Fortunately for the common people, the constitution wisely provides for electing members of the legislature in a manner that cannot be controlled by machine rule, and it is in the power of the farmers to send to the legislature men who favor a temporary cessation of strife. The Farmers' Union, as an organization, will endorse no candidate for any office, but through the local unions every candidate who announces for the legislature, will be asked to publicly endorse the Radford platform and if that be politics, then make the most of it.

The Farmer the Master of Civilization. All Other Occupations His Servants.

Fort Worth, Texas.—The Farmers' Union in asking for legislation for the agricultural interests is not unmindful of the legislative requests of all other lines of industry. All other occupations grew out of the necessity of agriculture and when the interests of the farmer are fully conserved in all their ramifications the business of all legitimate industries will be fully promoted and protected.

The farmer is the rightful master of civilization. The railroad magnates are his teamsters; the millionaires his pawnbrokers; the captains of industry his mechanics; the merchants his clerks; the bankers his bookkeepers; the skilled artisans his laborers; and the teachers and preachers his humble servants. They are all on the payroll of the farmer.

Our Prodigal Sons.
 These big concerns are in most instances run by prodigal sons who left the farm and who have sown wild oats in civilization and in many cases they have been compelled to "water stock" for a living. have been chased by "bills and leas" and with tattered reputations they are coming "back to the soil" for succor and protection.

It is true many of these lines of industry have preloined power until they have been able to fix their own compensation; some have even conspired to pilfer from their masters by combining to increase the prices of their service. They have quarreled among themselves and fought over a division of profit until the courts have become clogged with their pleadings and the legislature stifled with their greed.

Our statutes have much to say on the rights of individuals and on property rights and we have so perfect an organization that the entire machinery of government can be set instantly in motion to catch an embezzler and the nation will go

to war to avenge the rights of a single citizen, but the crops of millions of farmers can rot on the ground and the government is as motionless as the sphinx of Egypt. The farmer can be robbed of the sale of his crop by ignorance of the needs of the consumer and market-murdered by helpless competition and the law-making bodies have not one word to say.

The Rights of Products.

To the well-defined laws we now have governing the rights of individuals and the rights of property let us add a code of laws on the "Rights of Products." It is seldom that the personal or property rights of a farmer are trespassed upon and he has very little occasion to use such laws, but his products he must sell each season. His necessary transactions in relation to producing and selling his crop are the most intricate known in commerce and they are the least legislated upon. It has become customary to solve the problems of the farmer by concluding that they are impossible of solution, but there is small comfort in such a situation. It is difficult we confess and one that requires superior statesmanship to master.

If a fire starts in a worthless shack in a city the fire department will rush to the rescue and make every effort to save the property, but a trainload of farm products can rot on the railroad track without receiving municipal attention. Products have no rights that city councils feel bound to respect.

When a storm is approaching, the Federal Government, through the weather bureau, will set in motion every agency known to science and the atmosphere from ocean to ocean is analyzed daily and notices are posted in public places and given prominent display in the press, but a tempest of products can gather from the harvest fields of the Nation and range through the market places, destroying values and wrecking prices, and the government does not so much as raise a flag of warning.

In this state, if men with money care to combine their capital to buy and manufacture farm products for the market there are laws perfected by centuries of experience covering every feature of their transactions, but if farmers want to co-operate in purchasing and operating farm machinery to prepare their products for the market there are no laws on the statute book authorizing or protecting them.

The enactment of a code of co-operative laws adapted to the business of farming and stimulating cooperation between all lines of industry is the work for the next legislature.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Patron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side. The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair. At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its firing me, and am doing all my work." If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Musically Europe Can't Teach Us Much

By JOHN C. FREUND, Musical Editor

I AM tired of hearing America called a nation of barbarians. For many years EUROPE HAS BEEN CRITICISING US, and it is time to turn the tables. We have reached a point where we may ask, "What has Europe to give Americans?" And investigation shows that musically there is not a great deal now that she can teach us.

IF THE PRESENT CONTROVERSY RESULTS IN ACQUAINTING AMERICAN GIRLS WITH THE TRUTH ABOUT CONDITIONS ABROAD AND TEACHING EUROPE THAT WE ARE NOT CLODHOPEERS IT WILL HAVE BEEN WORTH WHILE.

A hullabaloo in Berlin was raised by a music teacher, some of the boarding house keepers and a few young prima donnas. The teacher and the BOARDING HOUSE KEEPERS NEED AMERICAN DOLLARS, and the PRIMA DONNAS NEED ADVERTISING.

I do not tell American girls that they should stay away from Europe, but I do advise them that it is unnecessary to leave their own country in order to acquire a musical education and culture.

IN MY LECTURES I SAY: "IF YOU GO TO EUROPE, GO WITH YOUR MOTHER, YOUR SISTER OR YOUR BROTHER. DON'T GO WITHOUT A CHAPERON OR WITHOUT MONEY. DON'T IMAGINE THAT YOU CAN 'SCRATCH THROUGH SOMEHOW' WHEN YOU DO NOT DO KNOW THE RUDIMENTS OF THE LANGUAGE OF THE COUNTRY TO WHICH YOU ARE GOING."

On Romances of America Depends Hope For Superman

By Dr. STANTON COIT, Leader of London Ethical Culture Society

I BELIEVE IN THE MARRIAGE OF THE MILLIONAIRE'S DAUGHTER AND HER CHAUFFEUR. I BELIEVE IN THE MARRIAGE OF THE MILLIONAIRE'S SON AND HIS STENOGRAPHER. THESE ARE OFTEN REALLY EUGENIC MATCHES. PERFECT SAMPLES OF NATURAL UNIONS. THE PERSONS WHOM SOCIETY, IN THE NARROW SENSE OF THE WORD, TERMS ITS INFERIORS, ARE FREQUENTLY SUPERIOR IN BODY AND MIND AND SOUL. ON THE DEMOCRATIC ROMANCES OF AMERICA RESTS ANOTHER HOPE FOR THE SUPERMAN.

It is indeed unwise, in my opinion, to MARRY A MAN PASSIONATELY DEVOTED TO THE ACQUISITION OF MONEY. In one or two generations this tendency is likely to develop into insanity. Sometimes it doesn't wait so long. I know of a multimillionaire in this city who confesses that if his WIFE SPENDS FIVE CENTS MORE ON A DRESS than he expected her to spend he worries about it all day long. Can you call him sane?

No Indignity to Place Boy Under Woman Teacher

By WILLIAM M'ANDREW, Principal of High School For Girls, New York City

OF course it is true, as Rear Admiral Chadwick says, that a woman cannot teach by example or otherwise the QUALITIES OF MANLINESS which a boy should learn to recognize and practice, but I say it is a VERY UNGALLANT THING to state that it is "an indignity" to a boy to place him under a woman teacher.

IF REAR ADMIRAL CHADWICK IS GOING TO TALK ABOUT THE MANHOOD OF THE COUNTRY BEING "FEMINIZED, EMOTIONAL AND ILLOGICAL," I WISH HE WOULD PRESENT SOME EVIDENCE AT THE SAME TIME THAT OUR MANHOOD IS OF THAT KIND. YOU OR I OR ANYBODY ELSE DOESN'T LIKE TO SEE SUCH BROAD GENERALIZATIONS MADE WITHOUT SOME EVIDENCE TO SUPPORT THEM.

We Need Bigger Navy to Protect Panama Canal

By Rear Admiral CHARLES D. SIGSBEE, U. S. N., Retired

THERE IS NO DOUBT IN THE MIND OF ANY OF US THAT GREAT RESPONSIBILITIES HAVE COME WITH THE COMPLETION OF THE NATION'S GREATEST UNDERTAKING. WE ALL OF US REALIZE THAT, WHILE THE PANAMA CANAL BRINGS WITH IT ELEMENTS OF STRENGTH, IT ALSO HAS IN IT SOURCES OF WEAKNESS.

On the one hand it is true that our navy will be able to go from one ocean to the other, but it is also true that we have SOMETHING VERY VITAL TO PROTECT. We need a navy sufficiently big to prevent the necessity of having to defend the canal, but at the same time we should have land forces to be counted upon to be transferred if the occasion should arise.

It is not sufficient that our navy should be as strong as any other. We must be prepared to DEFEND OURSELVES AGAINST A POSSIBLE COALITION. At the present time other nations look on the United States not in the light of its actual strength, but of its potential strength. In the course of my life I have traveled a great deal, and that is the result of the experience I have gained.

THANK HEAVEN, THERE IS AT PRESENT NO POSSIBILITY OF ANY COALITION AGAINST US, BUT IT IS WELL TO RECALL THAT GREAT BRITAIN AND JAPAN VIRTUALLY HAD AN ALLIANCE DURING THE RUSSO-JAPANESE WAR AND THAT ONLY RECENTLY IT HAS BEEN STATED THAT GERMANY AND GREAT BRITAIN ARE DRAWING CLOSE TOGETHER. AS A CITIZEN, I AM IN FAVOR OF INTERNATIONAL PEACE, BUT AS AN OFFICER OF THE NAVY I DO NOT WANT TO BE UNPREPARED SHOULD THE NECESSITY FOR ACTION ARISE.

By HAMILTON W. MABIE, Editor, Author and Traveler

JAPAN, THE LAND OF CHERRY BLOSSOMS, KIMONOS AND POLITENESS, THE NATION THAT HAS BEEN CALLED THE AMERICA OF THE FAR EAST, IS THE EQUAL OF THE UNITED STATES IN POWER, CIVILIZATION AND INTEGRITY.

Three things must be recognized when we deal with Japan—first, the DEVOTED PATRIOTISM of the people; second, THEIR DARE-DEVIL COURAGE, and, third, THEIR CONTROL OF ANY SKILL there is in the world. Why, they have smokeless powder over there that is ten times as powerful as any we have here. Every Japanese is willing—aye, eager—TO DIE FOR THE EMPEROR.

JAPAN DOESN'T WANT WAR. SHE HAS NO THOUGHT OF IT. SHE HAS NOT HAD ONE YEAR SINCE WE INSERTED THE KEY IN 1850 IN WHICH SHE COULD DO WHAT SHE WANTED. WHAT SHE HAS DONE HAS ALL BEEN BY REASON OF COMPULSION. SHE WANTS TO HAVE AT LEAST TEN YEARS OF PEACE TO RELIEVE HERSELF OF THE HEAVY DEBT HANGING OVER HER.

HARRIMAN SAFETY MEDAL AWARDED SOUTHERN PACIFIC COMPANY

At a recent meeting of the American Museum of Safety, held at the Hotel Waldorf-Astoria, New York, the Southern Pacific Company was awarded the first of the E. H. Harriman Memorial Medals for record progress in safety, and accident prevention.

The medal, the gift to the American Museum of Safety by Mrs. E. H. Harriman, in memory of the railroad magnate, will be awarded annually by the Museum to the railroad holding the record for progress in safety and accident prevention. It is executed in gold, and on one side is a raised figure of E. H. Harriman with the inscription, "E. H. Harriman Memorial Medal, awarded by the American Museum of Safety to the Southern Pacific Company," and on the other side is a figure of a trainman, with lanterns, walking along a railroad track, with inscription, "For the utmost progress in Safety and Accident Prevention."

The Southern Pacific system operates nearly 12,000 miles of railroad, and during a period of five years just ended has not caused a single fatality to its passengers through collisions, derailments or other train accidents. During that time the Southern Pacific carried over 200,000,000 passengers, more than twice the entire population of the United States, an average distance of forty-five miles. This is equivalent to carrying 9,000,000,000 passengers one mile, or one passenger 9,000,000,000 miles, or 360,000 times the distance around the earth.

This company has expended to date over \$12,000,000 for automatic electric block safety signals, air brakes and automatic couplers and other devices for safety and accident prevention. This company has also endeavored to impress upon its employees in every way possible the importance of accident prevention and that "eternal vigilance" must be the watchword of all, from the highest to the humblest employee.

There were forty leading railroad systems in the United States competing for the medal.

Men Cheaper Than Field Guns In War

By Major General LEONARD WOOD of the United States Army

NO WAR WITH A FIRST CLASS POWER WILL LAST A YEAR. IF WE SHOULD BE DRIVEN INTO CONFLICT WE COULD NOT BEGIN TO MANUFACTURE THE THINGS ABSOLUTELY NEEDED, FIELD GUNS AND AMMUNITION, UNTIL PEACE HAD BEEN DECLARED. WE HAVE TODAY INSUFFICIENT STRENGTH TO GIVE ANY GENERAL COMMANDING OUR ARMY ASSURANCE THAT HE WILL BE VICTORIOUS OVER AN ENEMY'S ARMY OF EQUAL SIZE.

Food and clothing can be obtained on short notice. In war men can also be obtained on short notice. MEN ARE CHEAPER THAN FIELD GUNS. Patriotism responds to call, and men come forward by the thousands. But we can make only two hundred and fifty field guns a year, no matter what the necessity.

WE ARE ASKING CONGRESS FOR THIS FIELD ARTILLERY AS A LIFE PRESERVER, NOT AS A LIFE TAKER.

Apparitions at or Near Death Brought About by Telepathy

By Mgr. R. H. BENSON, Son of the Late Archbishop of Canterbury

APPARITIONS at or about the time of death are an established fact, and there are two or three reasons why I think that they OCCUR BY TELEPATHY and not by the soul traveling, so to speak. First, there is no doubt that the same type of apparition can occur when both parties to it are very much alive; second, when it occurs the clothes of the person who appears, as well as part of the background in which he happens to be dying or alive, also often appear. No one thinks that material objects have souls, and so one must suppose that the APPARITIONS ARE REAL, but are due to the affected person being very much worked up subconsciously by dying or by some other event and so being able to affect along visual lines his wife or any other person who is sympathetic to him, but a long way away.

Haunted houses may be merely houses saturated with some discharge from personalities long since dead under dramatic circumstances.

EXPECTANCY ON THE PART OF SOME ONE SLEEPING IN THE HOUSE SETS THE DISCHARGE FREE, AND IT IS TRANSLATED FROM ITS DORMANT CONDITION INTO THE ACTIVE VISUAL CONDITION. THE EVENT THAT OCCURRED UNDER SUCH TRAGIC CIRCUMSTANCES PRECIPITATED ITSELF, SO TO SPEAK, ON TO THE MATERIAL SURROUNDINGS. AND WHEN A RECEPTIVE PERSON COMES INTO CONTACT WITH IT IT REAPPEARS IN TERMS OF SIGHT OR HEARING.

We'll Never Have Another Panic

By J. W. HILL, President of Iowa State Traveling Men's Association

WE'LL NEVER HAVE ANOTHER PANIC. SINCE THE CURRENCY AND TARIFF BILLS HAVE BEEN PASSED THE PROSPECT HAS BECOME MOST OPTIMISTIC. BANKERS, WITH FEW EXCEPTIONS, ARE HEARTILY IN FAVOR OF THE CURRENCY BILL AND ENTERING INTO ITS SPIRIT. WHY, IN MY OWN CITY, DES MOINES, MONEY HAS BEEN "EASIER" IN THE PAST THREE WEEKS.

Inside of sixty days every traveling man will be getting close up to his neck with orders. We have had a little discouragement with unseasonable weather, but the effect of that will soon be overcome.

Average Judge Not Competent to Pass on Business Problems

By WILLIAM DRAPER LEWIS, Dean of University of Pennsylvania Law School

BUSINESS DEMANDS THAT WHAT IS REASONABLE AND WHAT IS UNREASONABLE SHALL BE KNOWN WITH SOME DEGREE OF DEFINITENESS. THE AVERAGE JUDGE HAS NOT HAD THE SPECIALIZED TRAINING WHICH IS ESSENTIAL TO AN UNDERSTANDING AND DETERMINATION OF THE BUSINESS PROBLEMS WHICH THE SHERMAN ACT OR CHARGES OF UNFAIR TRADE PRACTICE BRING BEFORE HIM, AND THE VOLUME OF HIS WORK IN OTHER FIELDS OF LAW MAKES THE ACQUISITION OF SUCH TRAINING IMPOSSIBLE.

Congress should provide for a commission composed of men who have the time and the training necessary to make them THOROUGHLY COGNIZANT OF EXISTING TRADE CONDITIONS. This special court or commission should have the power to do what the courts are now doing—that is, to decide in the first instance whether any given act is unfair trade or commerce or tends to monopolize.

WE SHOULD NOT TRY TO DEFINE RESTRAINTS OF TRADE OR MONOPOLY BY ENUMERATING IN THE STATUTE SPECIFIC UNLAWFUL ACTS, EVEN THOUGH WE ARE CONFIDENT THAT SUCH ACTS ARE IN A MAJORITY OF CASES GLARING EXAMPLES OF UNFAIR PRACTICES OR ATTEMPTS TO RESTRAIN COMPETITION OR MONOPOLIZE TRADE. THE PROHIBITION OF SPECIFIC ACTS MAY BE TEMPORARILY POPULAR, BUT IT WILL NEVER SOLVE THE TRUST PROBLEM.

Every One Can Exert Beneficial Power Over Others

By Cardinal GIBBONS

WE are all mutually and reciprocally dependent on one another, just as the ORGANS OF OUR BODY ARE SUSTAINED BY ONE ANOTHER. As an injury to one organ involves a shock to the entire human system, so should the community at large feel a PRACTICAL SYMPATHY FOR THEIR FELLOW BEINGS in any grievance by which they may be oppressed.

Society is like the planetary system, which is composed of greater and lesser bodies HELD TOGETHER BY RECIPROCAL FORCES. The moon is the smallest body in our system, and yet what control she sways in the flow and ebb of the ocean tides. She generously shares with us the effulgence she borrows from the great orb of day.

AND SO, NO MATTER HOW INSIGNIFICANT YOU MAY BE, YOU CAN EXERT SOME BENEFICIAL POWER OVER THE TIDE AND FLOW OF HUMAN PASSIONS AND DIFFUSE A CALM AND BLESSED LIGHT ON THOSE THAT FALL WITHIN YOUR ENVIRONMENT.

Parents Should Make Companions of Children

By Governor GEORGE H. HODGES of Kansas

FOR ALL THE MONEY SPENT TO IMPROVE OUR WHEAT, OUR CATTLE AND OUR BUSINESS INDUSTRIES HARDLY A DOLLAR IS LAID ASIDE TO ASSIST THE BOY WHO HAS BEEN HANDICAPPED FOR WANT OF PROPER PARENTAL CARE. OUR COUNTRY IS MONEY MAD. IN OUR EFFORTS TO ACCUMULATE WEALTH WE NEGLECT THE DUTIES WE OWE OUR FUTURE CITIZENS, THE SMALL BOYS.

The trouble seems to lie to a great extent with the parents. The father and mother FAIL TO MAKE A COMPANION OF A SON OR DAUGHTER. The children of today are allowed to grow up too much in their own way.

We must provide a way for the juvenile court to handle the boy and girl problem. Under our present laws the crime must be committed before the court steps in. This is humiliating both to child and parent. Let there be a method of reaching these youngsters earlier. Let there be more prevention, and it will mean less cure.

YOU MUST MAKE YOUR BOY AN EVERYDAY MAN. DON'T TELL HIM TO HITCH HIS WAGON TO A STAR. WHEN YOU DO THAT YOU FILL HIM WITH DISCONTENT AND SPOIL HIM FOR A USEFUL CITIZEN IN THE SMALL TOWN THAT HAS NEED OF HIM.

Dollar Chasers Have Exceeded Speed Limit

By Dr. W. W. BUSTARD, Pastor of Euclid Avenue Baptist Church, Cleveland, O.

MEN WHO HAVE BEEN CHASING THE ALMIGHTY DOLLAR ALL THEIR LIVES ARE BEGINNING TO REALIZE THAT THEY HAVE EXCEEDED THE SPEED LIMIT. THEY ARE BEGINNING TO LEARN THE IMPORTANT LESSON OF THE BROTHERHOOD OF MAN. THE DAY HAS ARRIVED WHEN THEY MUST CAST ASIDE THIS AVARICE AND RECOGNIZE THEIR DUTY TOWARD THEIR FELLOW MEN.

Nineteen hundred and fourteen may be the dawn of a new era, but whether it is better or worse than its predecessors depends on those who control national history. Today reports show FIVE MILLION MEN OUT OF WORK in this country. The figures seem to be beyond the grasp of the ordinary intellect.
