

Get Ready For the Lynn County Fair, September 23-24th

Jones Relates Sad Story of Sons Death

The News made a slight error in the article containing the account of the death by drowning of Delbert Jones. L. Jones, the father of the deceased boy, was in Tahoka Saturday and called at this office for the purpose of giving us the story of the tragedy.

Jones stated that the family, accompanied by W. E. Gadberrys and family, went to Lake, about nine miles from Post on a fishing trip, going at their destination before 3:30 p. m. Thursday afternoon, and had only there about five minutes when the boy drowned. Delbert and another boy ran around the far side of the lake for the purpose of going in bathing, at the point where the boys entered the lake the water was deep, and as Delbert was an expert swimmer, he soon became strangled and hollered for help. His father heard the cry and in company with Mr. Gadberrys, after quickly slipping shoes off and with clothes swam about one hundred yards across the lake to where the drowning boy was. By the time they reached his side, Jones stated that they were most exhausted, and would have been impossible to cover the distance under normal conditions. Mr. Gadberrys was the one to dive under and grab the boy, but was unable to maintain hold, and came near drowning himself, but for the assistance of Mr. Jones, who swam to him to the bank, after which he returned for the boy, succeeded in bringing him ashore. The dying lad was placed in a car and rushed to the hospital with the hopes of restoring him to life.

The attending physician stated in the presence of Jones and others present, that the boy must have been drowned when first rescued from the water. The remains were taken to the Magnolia community and prepared for burial, which was held at Tahoka cemetery, Saturday afternoon, August 12th, funeral services being conducted by Rev. Ribble, Christian minister, Lubbock.

Delbert Jones, deceased, was 12 years, 9 months and 5 days old. He was the eldest child in the family, leaving a sorrowing mother, three sisters and two brothers to mourn his departure from this life.

E. Baldrige and family returned the past week from a trip into New Mexico and Colorado, where they spent a week's vacation.

Josh Young, resides on the north portion of the county, visited with relatives and friends in Tahoka.

Powell, prominent business man of Lubbock, was mixed with friends and acquaintances in Tahoka Friday.

Audie V McCormack returned Saturday from a visit of several weeks duration with her mother in Dallas.

Cowboy's Reunion Attracts Large Crowd

Friday and Saturday of last week was the scene of bygone days, when the cowboy's reunion was staged one mile north of the city, under the management of A. Shroyer. People came from several surrounding counties to see the bronco busting and goat roping. The cowgirls failed to make their appearance as was advertised. Mr. Shroyer stated that they were riding in a rodeo at Texico and for some unknown reason failed to fill their contract here.

Otus "Shorty" Hill, formerly of Trinidad, Colo., but now residing in this county, and Harry Askins, of Post City, were the main riders of the day. Both of these men rode their mounts clean, without "pullin" leather and at the same time fanning them with their "sombros".

The above riders also rode one horse each without bridle or saddle, which was real exciting to the spectators.

Bill Hopper, of Berry Flat, and Lenord Askins, of Post, also rode during the two days. The goat roping came off Saturday afternoon.

Mr. Shroyer had some of the best pitching horses ever seen at an event of this kind. It is his intention to again stage the reunion during the Lynn County Fair in September.

Judge B. P. Maddox returned Sunday from a business trip to Austin.

Mrs. Lonnie Bigham and children returned Sunday from a two weeks visit with her parents Mr. and Mrs. J. B. Keever, at Mineral Wells.

Mr. and Mrs. T. R. Greenfield, of Post, were guests of Rev. W. C. Hinds and family Sunday.

Mrs. Charlie Shook and children of Waco, are visiting her parents, Mr. and Mrs. H. C. Crie, and sister, Mrs. S. M. Clayton.

Mrs. S. D. Sanders has as her guests this week, her brother, Bernie Shook and sister, Miss Mildred Shook, of Waco.

Mrs. J. H. Hunt returned Saturday from Dallas, where she visited her sister and also received special medical treatment.

At a recent meeting of the Tahoka Chamber of Commerce it was unanimously decided by that body to hold a County Fair in Lynn County during the month of September. To make the fair a success, it will require the full co-operation of every town and community in the county. Friday and Saturday, September 23rd and 24th are the dates set to hold the fair.

Those who have agricultural products, fruits, vegetables, etc., can find a place to store same in the Redwine building, north side square

Fair Committee's

Agricultural Department: C. H. Cain, Frank H. Weaver, A. M. Sullivan. A. L. Lockwood, J. E. Stokes and G. E. Lockhart.

Live Stock Dep't.: S. W. Sanford, B. P. Maddox and B. C. King.

Entertainment: C. E. Brown, W. O. Thomas and R. E. Ketner.

Fine Arts: Mesdames C. H. Cain, A. L. Lockwood and Frank H. Weaver.

Slaton 3-6; Tahoka 4-5

In the matched games of baseball played on the home grounds with Slaton Friday and Saturday, Tahoka won the first game by the score of 4 to 3; Slaton winning the last battle by the score of 6 to 5. Both contests were unusually interesting and were greatly enjoyed by the large crowd of fans that witnessed the games.

Taylor was on the mound during both games with the Slatonites, and pitched real ball with Hall Robinson at the receiving end of the line.

The Slaton players are all clean straight fellows and it was a pleasure to have them with us for the two games.

Miss Kate Williamson and niece, Miss Loretta Williamson, of Clovis, N. M., are the guests of Mr. and Mrs. J. N. Jones.

Miss Lizzie Lawrence, of California, came in the past week, and will spend some time visiting her sister, Mrs. S. S. Howard of this city. They are spending the week in Hale Center.

Small Boy Injured Monday

Norvell Redwine, son of Mr. and Mrs. F. E. Redwine, had the misfortune to fall from a wagon Monday morning about nine o'clock, and was rendered unconscious until one o'clock in the afternoon. When he regained consciousness he appeared none the worse from the fall, and had no recollection of having met with the accident.

Mrs. S. J. Smith and sons, Fred and Robert, left yesterday overland for Rannells county for a few days outing.

Mr. and Mrs. J. A. Brown returned the past week from Metcalf, Ariz., where they spent the past four months.

Tahoka Distributing Point For Ford Tractors

Messrs. Chester Connally, C. L. Dentler, G. B. Sherrrod and Paul Cathcart delivered several Fordson tractors to Lubbock yesterday. Tahoka is the distributing point in this territory for these machines.

Methodist Meeting Closed Sunday Night

With the Sunday night service, the Methodist meeting, which had been in progress for two weeks, came to a close. Rev. C. V. Williams, who preached twice daily during this period of time, endeared himself in the hearts of the people, both saint and sinner, as a preacher of the gospel and an upright christian gentleman. It is hoped by all the citizens of the town and community that he will return here next year to hold the revival for this denomination. Rev. Williams, in company with his daughter, Miss Melba, departed Monday for Texico-Farwell, where he will engage in a two weeks meeting.

Twenty-nine additions to the church and a number of other conversions were reported by the pastor, Rev. W. C. Hinds, Sunday night. A free will offering was taken at the close of the Sunday morning service and something over \$300.00 was realized, which, with the exception of \$50.00 for the singer, Ernest Patterson, was donated Bro. Williams for his services.

Miss Era Small returned the latter part of last week from a pleasure trip to Brownwood, Waco, Houston and Galveston.

Jno. R. Covey was here Saturday attending to business. While here he ordered his copy of the News changed to Merkel.

Mr. and Mrs. Dodge Westfall, of Fort Worth, are here this week visiting her mother, Mrs. G. A. Napier.

Miss Margaret Joplin, of Amarillo, is here visiting old acquaintances.

Matt Williams of Brownfield accompanied by Jesse May, the jeweler, spent Wednesday afternoon in Tahoka.

Miss Itylene Richardson returned to her home in Wilson, after a few days visit with Mr. and Mrs. R. L. Richardson.

G. M. Stewart Erecting New Residence

G. M. Stewart, local manager of the Higginbotham-Bartlett Co., is having a residence erected on the lots recently purchased from S. E. Reid, in north Tahoka. When completed it will be one of the nicest dwellings in the city.

E. L. Howard, manager of the local theatre, made a trip to Hale Center the first of the week, returning home yesterday.

E. C. Martin writes in to send the News to his address at Shattuck, Okla., where the family have located.

O. T. Wilkerson and family, of Austin, visited with his daughter, Mrs. J. K. Millman, the past week.

W. H. Briggs, the truck man, accompanied by his family, returned Monday from Abilene and Merkel, where they spent several days visiting with relatives.

The Post City Post notes that Rev. W. F. Grizzle, of Wills Point, Texas, has accepted the call to the pastorate of the Baptist church at that place.

Jno. L. Fisher, of Treadway, Borden county, was in town Monday looking after business.

Payment of Land Interest Postponed

The following letter received by County Clerk B. H. Robinson, from Land Commissioner, J. T. Robison, is self explanatory:

Austin, Texas, August 10, 1921.
Hon. B. H. Robinson,
County Clerk Lynn County,
Tahoka, Texas.

Dear Sir:-
The Legislature has passed Senator Dudley's concurrent resolution which provides that forfeitures for non payment of interest shall be postponed until August 25, 1922. The Governor has permitted the resolution to become effective as a matter of fair treatment of people in the west under financial stringency of the times. Please advise the people in your county to this effect but say to them as it now appears it will be necessary for them to get ready to pay interest by the first of September, next year.

Yours truly,
J. T. Robison,
Commissioner.

Local Santa Fe Agent Taking annual Vacation

J. L. Heare, local Santa Fe agent, and Mrs. Heare, cashier at the station, left overland Friday morning on a forty days vacation. They expect to visit their people in Miami, and then go to Galveston and other points on the Gulf coast.

They were relieved here by D. C. Cox, of Indianapolis, Ind., as agent, and Emmett Flemming of this city, as cashier.

Miss Jewell McKee, of Knox City is the guest of Mr. and Mrs. F. E. Redwind.

Dr. J. H. McCoy and family of Desdemona, are visiting relatives and friends in the city.

J. L. Rice, of Bronte, Texas, is the guest of his brother, L. L. Rice and family.

Dr. L. W. Kitchen, veteranian, of Post, spent the day in Tahoka Friday looking after business in his profession.

Rev. James H. Hunt, pastor of the local Baptist church, closed a successful meeting in the New Home community Sunday night.

J. B. Lowe, prosperous farmer, residing four miles southeast of town, left Saturday for Waco to undergo an operation.

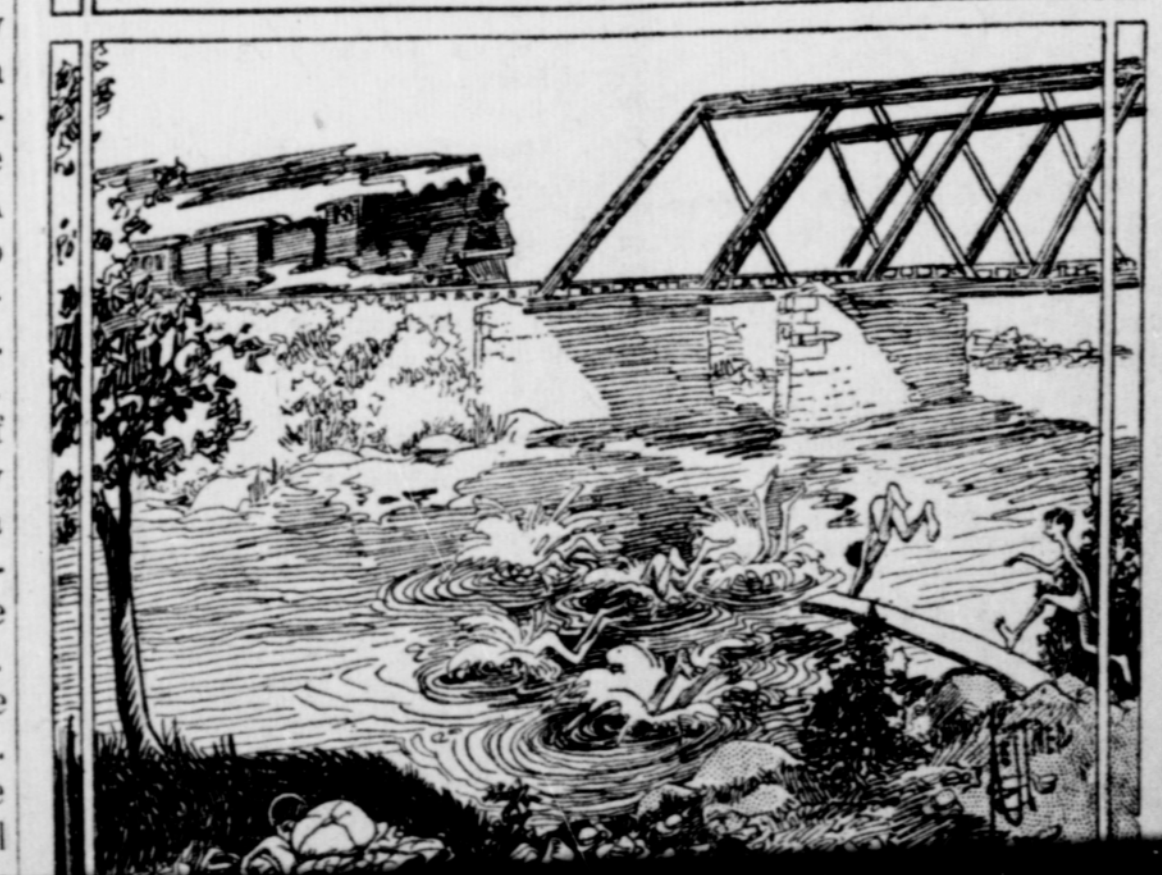

A. M. Sullivan returned Monday from a trip to Graham and Breckenridge. He reported that Lynn county was in far better condition than any of the country he saw while away.

S. J. Smith, efficient salesman at the H. M. Larkin General Merchandise Store, left Wednesday for Coleman to visit relatives during his vacation.

H. M. Larkin and I. S. Doak and families returned Friday from a ten days overland trip to Sante Fe, N. M. They report that with the exception of one night, it rained on them every night while away.

Mrs. W. C. Edwards and children, accompanied by her brother, Emmett Porter, came down from Lubbock Sunday, where they joined Mr. Edwards.

Duck!! Here Comes the Forty-Eight

VOTE FAVORS CUTTING TAXES IN MANY CASES

COMMITTEE MEMBERS SAY \$550,000,000 REDUCTION WOULD RESULT.

LUXURY TAX REPEAL VOICED

Increase in Exemption to Heads of Families Considered in the Proposals.

Washington.—Even more extensive changes in tax levies than were agreed upon at the White House conference between President Harding and Republican leaders of the House of Representatives were voted tentatively Thursday by the majority members of the Ways and Means Committee.

Repeal of the excess profits tax, effective Jan. 1, 1921.

An increase of the income tax on corporations from 10 per cent to 15 per cent, with the \$2,000 exemption retained, effective Jan. 1, 1921.

Repeal of all taxes on the transportation of freight and passengers and on seats and berths, effective Jan. 1, 1922.

An increase in the exemption to heads of families on account of dependents to \$400 for each dependent, instead of \$200 as at present, effective Jan. 1, 1921.

Repeal of the so-called luxury taxes on clothing apparel, effective Jan. 1, 1922.

Exemption from income tax on the first \$500 of income from stock held in building and loan associations.

Repeal of existing taxes included: Repeal of tax on fountain drinks and ice cream and the substitution of a flat tax of 10c a gallon on all fountain syrups, to be paid direct by the manufacturer or maker.

Repeal of the stamp taxes on perfumes, extracts, tooth paste and other toilet preparations and proprietary medicines and substitution of a manufacturer's tax of 5 per cent on the sale price.

Removal of the 15 per cent manufacturers' tax on cereal beverages and the levying of a manufacturers' tax of 5c per gallon.

Substitution of a manufacturers' tax of 2c a gallon for the present 10 per cent on the sale price of unfermented juice beverages and carbonated waters or beverages or other soft drinks sold in containers.

The levying of a manufacturers' tax of 2c a gallon on certain classes of grape juice and 2c a gallon on other classes in lieu of the present tax of 10 per cent on the sale price.

It also was agreed to levy 5c a pound on carbonic acid gas sold to manufacturers of carbonated gases.

Members of the committee estimated roughly that these changes would result in a net reduction of \$555,000,000 in the total yearly tax bill. This is \$45,000,000 below the estimate reached at the White House conference, but it was explained that the estimated revenue from corporations would be \$45,000,000 greater than here before reckoned by reason of the repeal of the excess profits exemption of \$3,000 plus an amount equal to the 8 per cent of the invested capital for the taxable year.

FATHER OF PRESIDENT WEDS IN MICHIGAN

Monroe, Mich.—In the parlor of the vine-covered little manse of the First Presbyterian Church here Thursday a white-haired, smiling old gentleman dressed in a slightly old-fashioned "Prince Albert," immaculate "boiled" shirt, and a prim white tie, and a comely, middle-aged woman smiling under her crown of brown hair and black hat, were quietly married.

The smiling old gentleman was Dr. George T. Harding, 76 years old, father of President Harding, Civil War Veteran and for many years the doctor to the countryside around Marion, Ohio. His bride is Miss Alice Stevens, 52 years old, for many years her new husband's assistant official nurse.

They had come to Monroe without any announcement, obtained their license—and paid "extra" for it to have its issuance suppressed—and hurried in an automobile to the home of the Rev. Frank T. Knowles, accompanied by another couple, who acted as witnesses.

Tribute to Mexico Voiced.

Dallas.—Expressions of friendship and high regard for Mexico, Alvarc Oregon, president, and his personal representative, Luis N. Rubalcava sub-secretary of commerce and industry, were voiced at an elaborate luncheon in honor of Mr. Rubalcava with Mayor Sawnie R. Aldredge as host and members of the City Commission and officials of the State Fair and the Chamber of Commerce.

Copper-Tincher Bill Is Passed.

Washington.—Without a roll call the Senate Tuesday passed the Copper-Tincher bill to prevent gambling on grain exchanges.

Wood Named Governor General.

Washington.—Major General Leonard Wood was authoritatively stated Thursday to have been selected by President Harding for Governor General of the Philippines and to have expressed his willingness to accept

FORMER INSTRUCTIONS FROM HOUSE QUASHED

SECOND SPECIAL SESSION OF LEGISLATURE AGAIN LOOMS UP AT AUSTIN.

Austin, Texas.—The senate free conference committee on the eleemosynary appropriation bill refused to confer with the House committee in forming the lower branch committee to advise the House that "the Senate committee cannot confer with the House committee which has instructions not to confer."

Senator Dudley acted as spokesman for the Senate committee while Representative Quaid headed the House committee. Both are from El Paso.

The House committee was instructed by vote to adhere to the Pope amendment to the bill which provides that all funds shall be expended as expressly appropriated.

Senator Bledsoe made the motion that the Senate committee refuse to act with the House committee until they were permitted as provided by the joint rules to discuss the bill freely and without instructions. Senator Richards cast the only dissenting vote.

This action is taken by the committee members to further necessitate a second called session at the conclusion of the present one.

The Senate passed finally the bill by Senator Hertzberg creating a board of three persons, one a woman to oversee the general living conditions of Texas convicts.

Governor Neff spent a little while in the House Wednesday chatting with members who came up and shook hands with him as he sat in the rear and watched proceedings. This was the first visit made by the Governor to the special session.

Senator Wood of Navarro has introduced in the Senate a bill providing for an appropriation of \$60,000 for the construction and equipment of a school building on the grounds of the Orphans' Home at Corsicana.

When Dr. Caleb A. Ridley, pastor of the Central Baptist Church of Atlanta, Ga., comes to Austin to tell why the Ku Klux Klan has been organized and why there is opposition to it by some people he must find a place other than the hall of the House of Representatives to deliver his address. The House by a vote of 33 to 54, tabled a resolution offered by John Davis of Dallas and 16 other Representatives, extending to the Georgia minister the use of the House hall for his address.

After refusing to print the Witt-Willis anti technicality bill the House turned about and, by a vote of 58 to 43, ordered the measure printed for consideration by the House.

Other bills passed by the Senate are as follows:

The emergency and deficiency appropriation bill carrying a total of \$575,375. Of this total, \$553,405 is for emergencies and \$21,970 for deficiencies. The emergency appropriation may be further subdivided as carrying \$226,705 for normal emergencies, \$321,700 for support of the Kerrville hospital for the next two years, and \$5,000 added by amendment for repairs to the Governor's mansion.

The bill by Senator Bledsoe providing that the Board of Water Engineers act as a commission to pass on bonds of irrigation districts so as to permit saving banks of other States to invest in such bonds. Under the laws of some States, savings banks can not invest in such bonds unless they have been passed on by a commission.

The bill by Senator Davidson to put unsurveyed school land on the same basis as surveyed school lands to encourage the development of oil and gas.

The bill by Witt and Willis validating certain bond issues by correcting conflicts in the present laws.

The bill by Senator Hertzberg providing that insane persons shall not be held in jail in such communities as have hospital facilities.

The bill by Senator Darwin permitting the Highway Commission to renumber automobiles.

The bill by Senator Darwin raising the statutory salary of the three Highway Commissioners from \$1,900 to \$1,500 per annum.

Austin, Texas.—Not so much progress was made with the appropriation measures in the Legislature Tuesday and the eternal question now is will the session agree on the money bills before final adjournment. If it does not a second session is expected to be called immediately. Many are apprehensive that agreements acceptable to both houses may not be worked out by the conference committee to consider the educational appropriation bill, while others are merely hopeful.

The Senate passed finally the senatorial redistricting bill but with an amendment that, in the opinion of

U. S. Prisoners Will Leave Russia

London.—All the American prisoners in Moscow and Petrograd will be sent across the Russian border this week at the latest, according to advices.

May Ditch Soft Drinks Tax.

Washington.—Elimination of the tax on soft drinks and ice cream, and the so-called luxury tax on wearing apparel is understood to have been agreed upon by Republican members of the

To Be Met By Destroyers

Paris.—The French Ministry of Marine has decided to send two destroyers to escort the steamship Georges Washington with the American Legion delegation on board, to Cherbourg.

Four Brick Buildings Burned

Greenville, Texas.—Four one-story brick buildings and the equipment of a newspaper plant, stocks of two mercantile establishments and one meat market were destroyed by fire at Long

Senator Bledsoe of Lubbock, chief sponsor of the bill, throws its constitutionality in doubt.

This amendment, which was offered by Senator Wood of Williamson County, provides that the act shall not go into effect until April 1, 1924.

The Senate passed finally the rural school aid bill by Senator Floyd, appropriating \$1,000,000 per annum for the next two years, and the pink bollworm bill by Senator Darwin, providing for the creation of a pink bollworm commission of five men to control this pest, makes compensation to farmers prohibited from growing cotton and otherwise take steps to eradicate the worm from the State.

Other bills finally passed were: The bill providing that in all counties where the County Treasurer has to give bond to a surety company, the county shall pay his fee.

The bill allowing navigation districts having within their boundaries a municipality of over 100,000 population to take up and finish the construction of docks wharves, etc.

Austin, Texas.—All measures proposing additional burdens of taxation are dead for the session. The House Committee on Revenue and Taxation with fifteen members present, unanimously voted to indefinitely postpone action on the half dozen or more bills which covered a variety of subjects. This is the first death of bills by the wholesale in committee since the convening of the present special session.

The Senate Tuesday morning, on motion of Senator Dudley, refused to concur in the House amendments to the eleemosynary appropriation bill, and the following free conference committee was appointed from the Senate: Senators Dudley, Bledsoe, Hertzberg, Richards and Woods of Navarro. A similar committee is to be appointed by the House. This is the first of the bills to go to free conference.

Governor Neff has signed and filed in the office of the Secretary of State, House bill by Mr. Brady of Galveston, amending the statute requiring fidelity and surety companies to deposit \$50,000 with the State Treasury before doing business in Texas so as to apply such deposit to the general protection of policy holders.

The Senate passed finally Senate bill increasing the State bank guaranty fund from \$2,000,000 to \$5,000,000. Suiter's Senate bill providing that the apportionment of the available school fund shall be made on a basis of actual attendance of children instead of the number of scholars as at present was engrossed in the Senate.

Austin, Texas.—Under suspension of the constitutional rules of the House, the Senate bill appropriating \$5,748,325 for the support of the State eleemosynary institutions for the next two years was finally passed.

As final ypassed in the House, the bill contains an amendment by Pope of Nueces requiring that all funds not used for the specific items set out in the bill be returned to the State Treasury.

Austin, Texas.—Three important bills were finally passed by the Senate Saturday morning. They were first, the bill by Senators Witt and Willis, providing that cases appealed to the court of Criminal Appeals be not reversed on account of immaterial irregularities; second, the bill by Senator Hertzberg abolishing the use of chains in the penitentiary system and limiting the use of the "bat" and third, Senator Rogers' bills authorizing the Board of Control to lease the American Legion Hospital at Kerrville to the Federal Government.

The bill by Witt and Willis, over which such a fight was waged Friday, was passed peacefully by a vote of 19 to 6, with three pairs, the opposition having become convinced that further discussion was useless.

Senator Hertzberg's penitentiary bill changes the present law on the subject in several particulars. Chains are absolutely abolished, the bat is permitted only in case of mutiny or attacks on guards or convicts and even then may not be applied to the bare skin, and the penalty for the bat's use are strengthened.

Other bills introduced in the Senate are as follows:

By Senator Williams of Wise county and others: An act providing a specific method of removing Prison Commissioners by the filing of suits in the District Court of Walker County or in the counties of the residence of the defendants. At present Prison Commissioners slated for removal must be tried in Travis County.

By Senator Burkett, by request: An act placing unsurveyed school lands on the same basis as school lands in so far as mineral development is concerned.

By Senator Richards, by request: An act to prohibit, under penalty of \$25 to \$100 fine, fishing with line or seine in fresh waters of the State during the months of March and April.

STATE NEWS

Lieutenant R. McGhee, commanding officer at Rich Field, has been ordered to report for duty at Long Island City, N. Y.

Contracts have been made for improvements in Mexia, including a \$500,000 paving campaign, to the extent of \$500,000.

The Panhandle South Plains Fair dates have been changed from Sept. 29, 30 and Oct. 1 to Oct. 4, 5 and 6 for the District Fair held at Lubbock.

The Security State Bank of Eastland is closed and is under the supervision of the Bank Examiner. Nothing more definite is obtainable at this time.

Attempts to again incorporate Hutchins are being made by the people of that community in order to secure a deep well to furnish city water.

At an adjourned session of the City Council, Houston, the date of Sept. 27 was fixed as the date for the qualified vote of Houston to pass on the new street railway franchise.

Sweet potato growers from twelve counties of East Texas, meeting in Longview last week, organized a Texas Sweet Potato Growers' Exchange under the contract plan submitted July 20 by the Farm Bureau.

J. A. Rogers retired last week at Deputy United States Marshal, after serving continuously in that position in Waco for the last eight years. Mr. Rogers' record as deputy, as to continuous service, is unequalled.

Captain H. F. McFarland, chief engineer of the Wichita Falls & South ern Railway, announces that he would have the line completed into Jimkurn and ready for operation between Wichita Falls and Breckenridge by Aug. 15.

Something close to \$1,000,000 will be needed to run the State prison system for the fourteen months ending Aug. 31, 1922, and J. A. Herring, chairman of the State Prison Commission has asked for an appropriation of \$875,518 to meet the deficiency during that time.

A fall into a charcoal burner several days ago resulted in the death of Opal Virginia Roulin, 17 months old, in Dallas. The accident happened at the home of the child's parents, Mr. and Mrs. L. S. Roulin of Seagoville, and the baby was brought to that city for treatment.

An election last week in Colorado, resulted in taxpayers authorizing the City Council to issue \$120,000 in bonds to dam Lone Wolf Creek and create a lake of water sufficient to supply the demands of the town. Also to put in a complete sewer system and extend water mains.

Consulting Engineer J. D. Trammell of Fort Worth spent a short time in Abilene last week inspecting with City Engineer W. A. Rigney the repair of the recent leak in the Lake Abilene dam. The leak developed during a flood in June and was caused by a long subterranean fissure.

Imagine a coin made before Columbus discovered America. Think of a coin so old that it was created before Damascus steel and flexible glass became lost arts. J. A. Finley, a dry goods merchant of Waxahachie, found one in his cash recently. It is of silver and on it is the date 1329. Both sides are covered with Arabic characters and figures which bespeak Arabia.

The Naturalization Bureau at the Federal Building San Antonio, was a busy place last week when 76 nuns in their flowing black robes, with white trimmings entered for furtherance of their citizenship papers.

The campaign for the million dollar road bond issue which will be voted on Aug. 20 in Angelina County is beginning to take form. Besides the issue for good roads, the matter of voting \$142,500 to take up district bonds will be decided upon.

The total valuation of Wilbarger County for the last year, according to figures compiled by the County Assessor, is \$17,180,630. This represents an increase of \$889,989 over the valuation of last year.

Young Gotch, middle weight wrestler, demonstrated before a considerable crowd at Vernon last week that he is the master of Al Ackerman in the grappling game by throwing the latter in two straight falls, both obtained with arm locks.

The final tabulation of figures, completed last week shows that the taxable values in McLennan County for the current year are \$64,442,025. This is an increase over last year of \$1,665,025.

Cuts in ocean rates on cotton to Hamburg and Bremen and to Antwerp, Ghent, Rotterdam and Havre, were put into effect last week by steamship operators from gulf ports. The new rates are said to apply only through August.

After Thorough Trial a Detroit, Mich., Man Endorses Pe-ru-na

The following letter written from Detroit, Michigan is no snap judgment expressed on the merits of Pe-ru-na, the well-known catarrh remedy, but rather a mature, sober opinion formed after a full year's trial.

This is the way Mr. Michael Fako of 906 East Palmer Avenue, in the Michigan Metropolitan, writes: "After using PE-RU-NA for about one year, I say I have found it a very good medicine for catarrh. It has helped me a great deal and I am very well satisfied. I have gained in weight, eat and sleep well, my bowels are regular and better color in my face."

"PE-RU-NA has done wonders and to me is worth its weight in gold. I shall continue to use PE-RU-NA as long as I live and recommend to my friends who are troubled with catarrh."

Nothing can be more convincing than an endorsement of this nature from an actual user. There are many people in every community whose experience in using Pe-ru-na, has been identical with Mr. Fako's. It is the standby for coughs, colds, catarrh, stomach and bowel disorders and all catarrhal conditions. Put up in both tablet and liquid form. SOLD EVERYWHERE.

WINTERSMITH'S CHILL TONIC Not Only For Chills, Fever and Malaria BUT A FINE GENERAL TONIC

Metal and Paper Money. Only gold coins are worth their face value by reason of the gold in them at the world rate of \$20.67 an ounce. Silver and other coins do not have metal in them that equals their face value. Their value is depreciated by an over issue of paper currency, as has generally occurred in European countries, and by the demand for American dollars in bills of exchange to pay for American exports which have been greatly in excess of American imports. Under more normal conditions the demand for bills of exchange in America and other countries about balance, and keep most issues of money at a parity.

FOR SUNBURN OR SORENESS Apply Vacher-Balm; it relieves at once. If we have no agent where you live, write to E. W. Vacher, Inc., New Orleans, La.—Advertisement.

AMUSED HIS NAVAL HOSTS Lawmaker Eminently Justified His Reputation as a Man of Some Eccentric Doings.

One of the new members of the house of representatives, who is regarded as a somewhat eccentric person, was a continual source of astonishment aboard a transport on her trip to the bomb-dropping experiments off the Virginia capes. Examining an instrument aboard the vessel, and being informed it was a range finder, he inquired how far it would shoot. Being loaned a telescope to make a better examination of the battleship Iowa, he looked through the big end instead of the little one and then complained he could not see anything. He followed this with a denunciation of a naval policy which permitted the purchase of such useless things.

But the thing that interested some of his colleagues most was the fact that he brought no baggage aboard, not even a toothbrush, so far as anybody could find out.

"Why should I bring any baggage?" he asked. "We're only going to be gone four days aren't we?"—Brooklyn Eagle.

Taking a Chance. Junior was in the habit of coming to the table with a dirty face and, of course, had to be sent away to wash. One time his mother, nearly losing patience, said: "Junior, why do you persist in coming to the table without washing? You know I always send you away."

"Well," said Junior, meekly, "once you forget."—Chicago Tribune.

Familiar With Scripture. The Squire (to his gardener)—I wonder, John, that you don't get married. You know that the first gardener who ever lived had a wife.

John—Yes, sir, but you'll remember that he did not keep his job long after he had her.—London Answers.

Lively Days. "Too bad you have missed the boat. She is now two miles at sea."

"Missed nothing. Call me an airplane."

Don't expect to make a good reputation by spending your time contradicting lies.

Improved Lawn Mower. A lawn mower that will successfully cut the grass on the incline of terrace and that will not require operator to pull it up and down, run up and down the grass bank himself, is described in Popular Mechanics Magazine. In construction this new device does not differ greatly from the old-style lawn mower. Instead of the stationary handle, new machine has a pivoted hand set on a toothed quadrant. By lifting a stop pin from between the teeth of the quadrant, and setting it to the desired point, the mower is brought into an angular position relative to the operator, so that he can cut a lengthwise swath on the slope without leaving the ground level.

Shave With Cuticura Soap And double your razor efficiency as well as promote skin purity, skin soft and skin health. No gum, no waste, irritation even when shaved three years daily. One soap for all uses—shaving, bathing and shampooing. Advertisement.

REALLY A BRILLIANT School-teacher Saw Particular Value of Somewhat Peculiar

It looked to her like a big pleasant fact. She had discovered one of the most elusive, seductive, tantalizing things, so popular now, in which she was spinning of it gives one opportunity to take one, take all, pay that, etc. Being an Indianapolis school teacher, she immediately noted it as a novelty.

"Such a clever little thing," said to the clerk, "I've never seen one like it before. What are they?" "Well, they're a sort of diversions," the saleswoman replied. "Many people use them financially."

"Oh, yes, of course, of course. I know many of them have you? I was teaching the children combinations numbers—nice for arithmetic, as were."—Indianapolis News.

A Moneyed Crowd. "Sir," exclaimed the artist who had been engaged to entertain the Wadley guests, "my contract he call for songs six evening. You ask me to sing three. It's one outrage. I sing before crowned heads of Europe."

"Oh, that's all right," said Mr. Wadley, soothingly. "You are not before the crowned heads of Europe now, and continue real people. Why, there's enough money represented in this little gathering to make the fortune of a swinging average king look like a collection, my letters because the Mrs. Unwamontary t

Unusual. "I observed one very remarkable thing about the dinner given at the Blank's honor tonight."

"What was it?" "Not one of the speakers made a frivolous reference to his baldness."

One Day With the Lord. But, beloved, be not ignorant of the one thing, that one day is with the Lord as a thousand years, and a thousand years as one day.—II Peter 3:8

No hot cooking No trouble to serve For breakfast or lunch, no food is quite so convenient or satisfying as Grape-Nuts Served from the package, with cream or milk—full of splendid body-building nutrition. Its flavor and crispness charm the taste—a splendid summer food. "There's a Reason" for Grape-Nuts Sold by grocers

Lynn County News

R. B. HAYNES, Editor and Owner.

Advertising Rates on Application.

Business Advertising Representative
THE AMERICAN PRESS ASSOCIATION

To make a local paper interesting to home people, we must publish, as near as possible, all the local happenings. If we succeed it will be by your aid. If you have out of town guests, if you are going away for business or pleasure, or know of any local items of interest, we would thank you to call the News office and tell us of the fact. We want our paper to be interesting and indispensable to you. Call No. 35 or 38, or hand it in at the office.

The man who constantly advertises is the one who keeps his business before the public, who wins the confidence of the trade and makes the people know that he wants their business. In this day and time the man who fails to see the benefits derived from advertising will sooner or later find himself swallowed up by competition. The big city houses are constantly reaching out for more business and the only way that the firms in the small towns can compete with them is to use the same policy—advertise.

New Press Installed

W. C. Edwards, foreman on the Lubbock Avalanche, spent Friday and Saturday in Tahoka installing a cylinder press in the News office, which was purchased several weeks ago, but owing to delay in receiving a few parts from the factory had

not been put into operation.

Mr. Edwards is a real mechanic, as well as a printer of unusual ability, having had many years experience in this line of work, and it was indeed a pleasure to have him with us during his stay here.

The News plant is now equipped with the very best newspaper cylinder press to be found in a country shop in the state, and in many cities. A press of identically the same make now installed in the News office, is printing a newspaper in the city of Dallas. We invite the friends of the

News to call and see the new machine in operation.

Pennsylvania's Good Record.

The state of Pennsylvania owns 1,100,000 acres of land and there is half as much yet suitable for tree-growing that the state should own, says the Chicago Journal. The state maintains 2,000 fire wardens, 16 steel lookout fire towers and 175 buildings which have been erected or put in condition for use by the state fire department. The commonwealth's investment in forest lands has netted for it \$5,000,000.

Philippines Like Electricity.

Applying characteristic American methods to the development of electric service in Manila, P. I., now a city of 350,000 people, the local electric light and power company supplies some 18,000 customers.

There is nothing in the whole list of flesh-healing remedies that can approach Liquid Borzone in the rapidity with which it heals cuts, wounds, sores, burns or scalds. It is a marvelous discovery. Price 30c, 60c and \$1.20. Sold by Thomas Bros.

INSECTS

Such as BLUE BUGS, FLEAS, MITES, Lice, Flies, Ants and Mesquitoses quickly and easily killed with "Martin's Liquid Bug Spray". Penetrates cracks and does not stain. Money back guarantee. Ask Thomas Bros. 49

Hot weather is hard on teething babies. They suffer the combined misery of heat, pain and stomach disorder. McGee's Baby Elixir helps the little sufferer through the trying period by correcting the stomach and bowels. Price 35c and 60c. Sold by Thomas Bros.

Pay Up Last Month's Account This Month

It Will Keep Your Credit Good and Make Your Account Desirable

The Retail Merchants Association of Texas is conducting an advertising campaign to educate slow-paying customers in the justice and importance of paying their bills promptly when due.

Credit is a convenience based on confidence—not in your ultimate desire and ability to pay your bills, but in willingness and ability to pay them promptly when due.

Many persons have been negligent and indifferent in the past to the prompt payment of their bills, mainly, because they did not realize the importance of this rule. These people will readily respond to the mere announcement of the conditions that render the enforcement of this measure imperative at the present time.

There are others, however, who believe that because they eventually pay their bills their accounts are desirable. They think a fancied superiority to ordinary mortals, because of prominence in social, business, or political circles, releases them from the obligation of paying their debts promptly.

They assume the prerogative of saying how and when they shall pay their bills. Or possible because of poor management of their personal affairs, they buy more than they can pay for. In other instances they put off paying from month to month, meanwhile buying more and more, until the amount of the account becomes almost unpayable.

Then they become indignant at the courteous requests for settlement. It is decidedly unpleasant for all concerned.

A banker will lend money to a poor man who pays promptly; he will not lend to his rich neighbor who allows his obligations to run into the overdue stage.

From now on all customers are asked to pay their accounts when due, between the first and tenth of month following purchase. If they will do this their accounts will be welcome in all stores. If they do not do this, they will soon find that their accounts are undesirable.

used to allow plaintiffs to take possession of same, or any part thereof, at an expense to plaintiffs of \$20.00. That the defendant V. T. Williams, took the automobile upon which plaintiffs had a lien to Plainview, Texas, and there borrowed \$40.00 on same and left the car in possession of the lender to secure the payment of said \$40.00 and that there was \$10.00 storage charges on same and plaintiffs were compelled to go to Plainview and pay off and satisfy said sum of \$50.00 in order to get possession of said car and protect themselves at an expense to them of \$30.00, exclusive of the \$50.00 paid; that the said V. T. Williams had no right to take said car to Plainview, and no right to again pledge same for any sum, this to plaintiffs damage in the sum of \$80.00, but that plaintiffs have since sold said car under the terms of said mortgage on same and received therefor the sum of \$500.00, less the sum of \$15.00, the costs of said sale, leaving a net amount of \$485.00, for which plaintiffs are tender credit on said renewal note. That the defendant Elzie Williams is claiming some kind of a title or interest in and to said property, but plaintiffs say that what ever said claim or interest may be, same is inferior to the lien of these plaintiffs.

Plaintiffs pray that the defendant V. T. Williams, be cited to appear and answer herein, that a writ of sequestration issue and said property be taken in charge by the officer, subject to replevin; that they have judgment for their debt, interest, attorneys fees and costs, for their expenses against the defendant V. T. Williams, and against the defendant Thomas J. Williams on said renewal note for their expenses in connection with same, and the other security thereon. That they have judgment against the defendant H. H. Barron, for the wrongful conversion of said separator in the sum of \$1,000.00, together with their expenses in trips to Dawson County to get possession of said property. That in the event the court should find that the said H. H. Barron is not guilty of wrongful conversion, then that plaintiffs be adjudged to have a superior lien on said property to secure the payment of said notes and that they have judgment for their said expenses. That plaintiffs be adjudged to have a superior lien, as to each and all of the defendants, to secure the payment of their said debt and that said lien be foreclosed and said property sold and the proceeds arising from the sale thereof be applied to the payment of plaintiffs debts and all costs of suit, and that in the event said property could not sell for a sufficient amount to satisfy said debt in full, then that plaintiffs have judgment for any balance that may remain due and that said judgment bear interest at the rate of 10 per cent per annum as in said notes provided, and for such other and further relief, general and special, either in law or in equity to which they may be entitled.

S. W. SANFORD, Sheriff, Lynn County, Texas. Herein fail not, but have before said Court, at its aforesaid next regular term, showing how you have executed the same. Witness, H. B. Robinson, Clerk of the District Court of Lynn County. Given under my hand and the seal of said Court, at office in Tahoka, Texas, this the 27th day of July, A. D. 1921. (Seal) B. H. ROBINSON, Clerk, District Court, Lynn County, Texas. 4t 484tc

GIRLS OF WHOM TO BEWARE Japanese "Widowed Physician" Hands Out Some Words of Caution to Susceptible Male Sex.

In "What to Tell Our Grown-Up Sons About Women," a pamphleteer who calls himself "The Widowed Physician," has made a list of the things he dislikes in girls. He admits that he deals with "objectionable characteristics," but dismisses the criticism that he fails to indicate positive virtues by saying that "the nice youth needs no qualities of the opposite sex." "The Widowed Physician" sums up his ideas in a few brief warnings, as follows. The Japan Advertiser states: Beware of the girls who manicure their nails to the shape of a claw. I do not know why, but beware of them. Beware of girls who prefer to dress in purple or scarlet colors. Beware of girls who are heavily scented. Beware of the girl who is too obviously modest and demure. She doth protest too much. Beware of the girl with low, sloping forehead and dry, straight, coarse, jute-like hair. Any experienced magistrate will tell you that this type of woman frequently summons her husband for assault and battery. Beware of the intensely religious girl. She does not mean to be dangerous, but the fact that she is so devotional indicates that she possesses an unbalanced temperament. Beware of the girl who sidles up to you, or lays hands on you; or comes so close to you as to lead you readily to lay hands on her. Specially beware of "married women" of reputed responsibility, whom you have formerly had every reason to believe in and respect, when these same women, by acts obvious or guarded, show you that they would not object to your being more intimate with them than you know in your own conscience you ought to be. Beware of the mothers who are anxious as to the future of their daughters. Beware of the girl who drinks wines freely; she will make a poor wife and a worse mother. Beware of the girl who dresses in a slovenly, artistic manner. The "Widowed Physician" recommends two types—the tomboy and the "pert, modern, self-sufficient learned young woman." He adds: "She would sharpen your wits every time."

Trees for Future Generations. Sometimes it is said that in certain European countries the law compels the planting of a tree for every tree cut down, and it is urged that such a law should be enacted in different provinces of Canada. The expression, however, is only metaphorical. What European countries do provide, is that for every acre of forest cut down, in certain areas unsuitable for agriculture, another crop of trees must be started by either natural or artificial methods of regeneration on that area. When forest trees are planted, the trees are set, say 2,000 to the acre, and when they are harvested, 60 or 70 years later, they stand from 150 to 200 to the acre. If they had been planted 200 to the acre they would have grown short and full of limbs from the ground up, and would be useless for lumber. Planted thickly they reach upward for the light, making long, clean trunks. The trees which never reach maturity are thinned out either naturally or with the ax, after they have served their purpose.—Montreal Herald.

Artificial Limbs of Metal. At St. Thomas' hospital, London, Dr. Edred M. Corner, one of the most famous surgeons in England, has been conducting experiments with light metal artificial limbs on soldiers who had lost limbs during the war and whose recovery had been slow. These show that about 90 per cent of thigh amputations can advantageously be fitted with light artificial limbs, with which the men are able to walk with less fatigue and more satisfaction. N. D. Goree, a merchant of Brownfield, spent Monday in the city.

WOMEN OF MIDDLE LIFE

A Dangerous Period Through Which Every Woman Must Pass

Practical Suggestions Given by the Women Whose Letters Follow

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During the Change of Life I was in bed for eight months and had two good doctors treating me but they did me no good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, which I did, and in a short time I felt better. I had all kinds of bad spells, but they all left me. Now when I feel weak and nervous I take the Vegetable Compound and it always does me good. I wish all women would try it during the Change of Life for I know it will do them good. If you think it will induce some one to try the Vegetable Compound you may publish this letter."—Mrs. A. KELLER, Afton, Tenn.

Mrs. Mary Lister of Adrian, Mich., adds her testimony to the value of Lydia E. Pinkham's Vegetable Compound to carry women safely through the Change of Life. She says:

"It is with pleasure that I write to you thanking you for what your wonderful medicine has done for me. I was passing through the Change of Life and had a displacement and weakness so that I could not stand on my feet and other annoying symptoms. A friend told me about Lydia E. Pinkham's Vegetable Compound and the first bottle helped me, so I got more. It cured me and I am now doing my housework. Your medicine is certainly woman's friend and you may use this testimonial as you choose."—Mrs. MARY LISTER, 605 Frank Street, Adrian, Mich.

It is said that middle age is the most trying period in a woman's life, and owing to modern methods of living not one woman in a thousand passes through this perfectly natural change without experiencing very annoying symptoms. Those smothering spells, the dreadful hot flashes that send the blood rushing to the head until it seems as though it would burst, and the faint feeling that follows, as if the heart were going to stop, those sinking or dizzy spells are all symptoms of a nervous condition, and indicate the need for a special medicine.

Lydia E. Pinkham's Vegetable Compound is a root and herb medicine especially adapted to act upon the feminine system. It acts in such a manner as to build up the weakened nervous system and enables a woman to pass this trying period with the least possible annoying symptoms.

Women everywhere should remember that most of the common ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative and often prevents serious troubles.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

Her Close Shave.
A circus ticket seller related this incident. They were showing in a small town, and the admission was 50 cents, with children under ten, half-price. At the two o'clock performance a lad of fourteen put down 75 cents and asked for tickets for himself and his sister.

"How old is the little girl?" asked the ticket seller.
"Well," said the boy, "to tell the truth today is her tenth birthday, but she wasn't born until five o'clock in the afternoon."—Boston Transcript.

Wise Girl.
Mr. Higgins—Does your sister always look under her bed?
Her little brother—Yes, and when you come to see her she looks under the sofa.

Poor Orphans.
"Say, watter, is this an incubator chicken?"
"I don't know, sir."
"It must be. Any chicken that has had a mother could never get as tough as this one is."

HIS OWN AND SOME OTHERS
Scenario Writer Had His Contribution Returned, With More Than Simple Interest.

Rex Beach, who has forsaken the profession of novelist for the more lucrative one of scenario writer, said at a Hollywood tea:
"It is a common enough thing for a good man to dash off a scenario in a week or so and get \$10,000 for it, but scenario writing, nevertheless, isn't all beer and skittles."
Mr. Beach chuckled.

"There's an English poet in our midst," he said, "who recently decided to make his debut in the film world. The other day as I was lurching with him the bell rang and the servant brought in a bulky envelope.
"The English poet examined the typescript in the envelope. There he ground his teeth.
"This is what I call rubbing it in," he snarled. "I sent the Star Film corporation four scenarios last week, and blamed if they haven't returned me nine."

Don't Go From Bad to Worse!

Are you always weak, miserable and half-sick? Then it's time you found out what is wrong. Kidney weakness causes much suffering from backache, lameness, stiffness and rheumatic pains, and if neglected brings danger of serious troubles—dropsy, gravel and Bright's disease. Don't delay. Use Doan's Kidney Pills. They have helped thousands and should help you. Ask your neighbor!

A Texas Case
Mrs. W. M. Holtzen, Electra, Tex., says: "My back was so lame and sore I could hardly move. There was a steady bearing-down pain across the small of my back and it bothered me continually. When I bent I became dizzy and weak and black spots floated before me. My head ached and my kidneys were inflamed. I used Doan's Kidney Pills and was fixed up in fine shape."

Busy Bertha.
The dear old lady was traveling in a compartment of an English train and, what with her knitting and watching the scenery and her guide book, she was enjoying herself about as much as old ladies usually do. Then a young soldier, carrying a rifle, came in and sat opposite her. Immediately she stiffened up and presently said, in no unmistakable tones:
"Sir, will you please put the nozzle of your gun out of the window?"—Harper's Magazine.

The first ingredients of the melting pot are soap and water.
It takes at least 16 summers to make one summer girl.

ADAPTABLE ALL-DAY DRESSES POPULAR WITH BUSY WOMEN

Now enters, with assurance, the trim and handsome all-day, one-piece frock for fall, made of the same cloths as suits, and equal to playing their part. In their company are other daytime dresses, more elaborate, destined to share responsibilities with the formal suit in the winter wardrobe—but they are another story. The all-day dress makes a strong appeal to busy American women, who have no inclination or time for changing often and primping, but are determined, nevertheless, to be well-dressed in their utility clothes.

Nearly all these one-piece dresses are cut in the straight-line style, but there are some very handsome models among them with a picturesque flare in their skirts. In this case we are more than likely to find them handsomely embroidered. The newly arrived frock shown in the picture, strikes a happy medium—with a very slight flare in the skirt portion. It announces its support of certain new features in fall styles by adapting them to its own use—namely, the narrow strap belt, made of the material, the bell-shaped, three-quarter-length sleeve and panels ingeniously continued in the skirt by means of inverted plaits.

Rows of braid border the sleeves and bottom of the skirt, and this braid appears in whorls on bodice and skirt. The collar is that most becoming type which is high at the back, with "v" shaped opening at the front and wide revers. A vestee of plain satin is detachable and may be replaced by one of lace, or net, when the wearer is inclined to furnish up this adaptable frock. That is one of its many good points. It is a dress that will stand the test of continuous wear in all weathers, and it will prove becoming to most figures. It should be made in dark colors.

SPORT SUITS ARE IMMENSELY POPULAR FOR COLLEGE WEAR

All wardrobes are more or less permeated with a strong flavor of sports clothes, and in that of the college girl it is decidedly more. They suit her and she suits them, therefore the quiet paths of learning are destined to be brightened up this fall with snappy suits and hats a bit rakish. The style of clothes of this character, at once casual and spirited, strikes the right note for American young women, their endless variation keeps up a lively interest in them and makes them more and more successful.

One of the suits that is sure to please the college girl is among the earliest arrivals for fall and is pictured here. The neat, crossbar skirt, in two colors, makes all sorts of opportunity for color combinations and the coat of jersey cloth is selected to match either of the colors in the skirt, usually the darker and less vivid one. It is worth while to note the small details that distinguish this suit, the patch pockets bordered with pointed straps made of the material of the skirt, the cuffs and notched revers of the same. The vest of net and lace may take the place of a blouse when the coat is worn indoors—it is im-

mensely becoming. The skirt is shoe-top length—when the shoes are high. The outfit of the college girl will include one or two suits of this character and one that may be classed as more conventional—of poplin, serge or other suiting and probably somewhat decorated as to its coat. Skirts are still plain, coats longer with much attention given to collars and sleeves. This kind of suit is equal to almost any emergency in the experiences of the college girl. She may choose a plain model of jersey cloth, with coat cut on straight lines and belted with narrow belt of the material. Such a suit, well tailored and neat, may be bought in light and dark brown, navy, black, dark green or gray. Colored pipings on the pockets emphasize its youthfulness. The unmissable quality of the jersey make it a standby of the tourist and the college girl whose opportunities for keeping things neatly pressed are few.

SIGNS POINTING TO BAD BATTERY

Practical Hints on What to Do to Get Long Life and Good Service From "Juice" Box.

WARNING WILL BE ADEQUATE

If Car Is Run Much at Night Current May Not Be Sufficient—When Charging System Fails Have It Attended to.

Sooner or later your electrical system will fail to charge the battery. When that happens your engine will begin to miss explosions and shortly after will refuse to run. Before this calamity overtakes you there will be plenty of warning. The lights will go down more than usual when the starter is used. They will brighten when you speed up the engine and grow dim when you slow down. These signs point to a weak battery and should not be disregarded. If you have been observant you will have noticed that the ammeter registered a low charging rate. This indicates that the generator is not charging as it should. But the fault may be in the driver and not in the generator at all. If the starter or the lights are used too much the current will be drawn from the battery faster than it is being charged. So note that your battery gets the proper balance. If the car is run much at night the battery may not receive enough current. Run the engine more during the daytime, so as to replace the current that has been drawn from it.

When Charging System Fails.
If the charging system has failed, due to some defect, have it attended to at a service station, and have the battery charged immediately. Some owners prefer to charge their own batteries from the lighting system in the house. This is a practical method and one that will grow, especially where service stations are not available.

Special apparatus is required, but it is not expensive. It may be connected to any lamp socket using 110-volt current. This may be direct or alternating, the apparatus differing according to which current is used. For direct current a rheostat is employed which brings the current down to the right amperes, usually ten amperes for the average battery used on a starting and lighting system. For alternating current a rectifier must be used to give direct current and to give the right amperage. The positive of the battery must be connected to the positive lead from the apparatus and the negative of battery to the negative lead. This runs the charging current into the positive of the battery, reversing the chemical composition of the plates. Then, when the change is complete, charging is stopped and the current may be drawn from the positive in the usual manner.

Prepare for Charging.
Before charging you must see that the electrolyte covers the plates. Nothing but distilled water should ever be added for this purpose, and then only after the battery is charged. The electrolyte should cover the plates at least a quarter of an inch at all times. Having inspected and corrected this condition, the filling caps should be removed to allow the gas to escape. Then adjust the amperage according to the capacity of the battery. A discharged battery should start charging at one-tenth capacity. Thus a 100 ampere-hour battery should start at ten amperes; a sixty ampere-hour at six amperes. In an hour or so the hydrogen gas will start to come off very freely. This is known as gassing or boiling. When it gasses freely you diminish the charging rate one or two amperes. The battery will be fully charged when the electrolyte reads 1.275 to 1.300 on the hydrometer. This will take about ten hours. The voltmeter reading will be about seven volts, but the hydrometer test is more satisfactory.

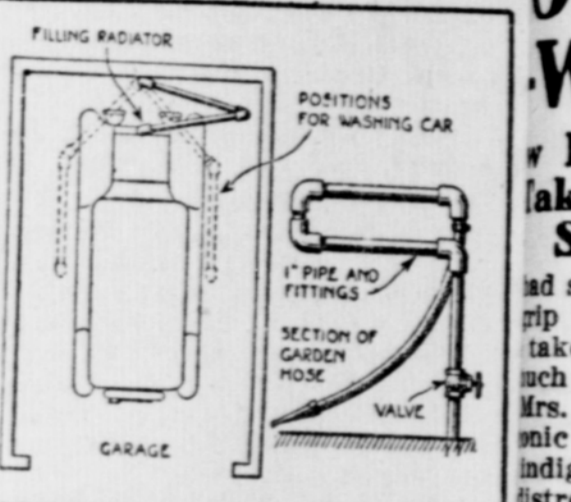

Some speed wrenches have sockets so deep that a small screw sinks a way into the socket.
For the man who drives a big, heavy car the possibilities of truck pneumatics are worth consideration.
In Turkey there are American, English, Italian and German motor vehicles in use in Constantinople.
Of the 315 establishments for the production of motor vehicles in the country 68 are located in Michigan.
Do not get within range of the exhaust pipe of a car while the engine is running within a small closed garage.
In Philadelphia all garages are taxed according to their capacity, the tax being \$2 on a garage holding one car.
If strips of brake lining are tied around the jaws of bars used to bend plated or enameled levers, pedals, headlight rods, etc., scratching will be prevented.

SWIVELED-PIPE VERY USEFUL FOR WASHING

Also of Great Advantage in Filling Radiator.

End Can Be Swung Around Without Splashing Water Over Shoes, Car, Etc.—Section of Garden Hose Is Quite Ample.

A swiveled pipe connection with the hydrant as is shown in the illustration is of advantage in the garage for filling the radiator and for washing the car. The connection is two lengths of pipe about 1 inch in diameter, joined by means of four standard elbow fittings and a short coupling. This is attached to the water-main brought up about 3 feet from the floor, with the cut-off valve placed on this pipe. The water main is usually located in the end of the garage farthest from the entrance. The swiveled pipe will permit of swinging the end over the filling cap of the radiator and this is filled with-

Where Much Cleaning and Washing Has to Be Done, as in the Washroom, Shed or Garage, This Swiveled Piping Will Be Very Useful.

out splashing the water over the floor, shoes, hood, etc., by simply turning the water on. A 4-foot section of garden hose is ample for use with the extension when washing the car. The hose is fitted with a screw connection that may be readily unscrewed. Popular Science Monthly.

TIRE MADE FROM WHALE SKIN

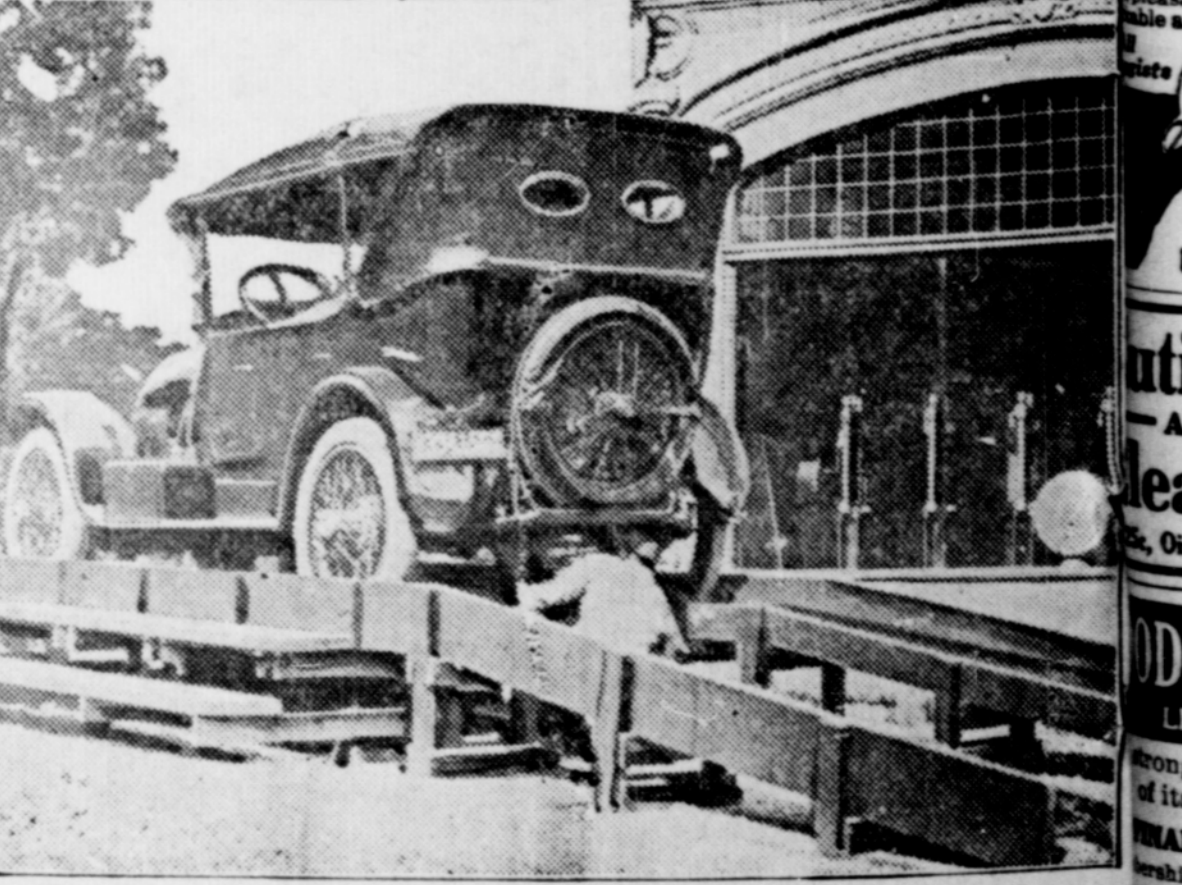

First Soaked in Tanning Material Perfectly Soft and Plunged into Mold

At the automobile show in Seattle, Wash., a tire was exhibited made from the hide of a Pacific coast whale. The whale skin, thick and rubbery, was soaked in the tanning mixture until perfectly soft and then plunged into the mold. At the tannery it was said that such tires can be manufactured at one-fourth the cost of those of rubber.

COMMERCIAL AUTOMOBILE PAINTS

AUTOMOBILE PLATFORM IS UNIQUE

This unique automobile platform is the first one built. Eventually it will be seen all over the country. You drive your car upon the platform, the service man gets under it, changes the oil in the crank case, transmission or differential while you sit in the car and see him do the work. Then all you pay is your gas bill. Ken business rivalry and a bid for the motorists business brought forth this new mechanical accommodation for motorists.

THE MARKETS

Supplied by the Bureau of Markets, Department of Agriculture, Washington, D. C.

WASHINGTON, D. C., August 11, 1921—Quotations for week ending August 11th:

HAY—Eastern hay markets inactive. Receipts light. Prices practically unchanged. Receipts good but below in demand in central west. No. 1 alfalfa St. Louis \$27, Omaha \$18.50, Minneapolis \$20, No. 1 prairie Minneapolis \$15, Omaha \$11.50, St. Louis \$17.

FEED—Recent heavy rains in most important dairying section have materially reduced the demand for feedstuffs in grain markets. Severe decline in reduction also served to check demand. Export inquiry for oil cake seems to have ceased for the present. Offerings of old crop cottonseed meal scarce but new crop meal is offered \$4 to \$5 per ton less than prevailing prices. Corn feeds, particularly bran, easier. Receipts supplies and movement generally good. Most markets dull and inactive. Quoted August 8: Bran \$13.50, middling \$14.50, Minneapolis; New 36 per cent cottonseed meal \$42 Northeastern marketing Gluten feed \$30.50 Chicago; White hominy feed \$25, \$25 Chicago No. 1 alfalfa meal \$18.75 Kansas City.

GRAIN—Wheat prices were under selling pressure most of the week but export buying kept markets fairly firm first two days. Declines then set in and wheat prices dropped to new low levels. On August 8 however, good undertone developed and fair advances took place. Good export buying was again bullish factor. Heavy receipts and lack of public buying were main depressing factors. Corn was also weak during the week though export buying continued fair. Visible supply of corn placed at 13,369,000 bushels, a decline of 915,000 bushels during the week. In Chicago cash market No. 2 red winter wheat closed at \$1.22; No. 2 hard at \$1.23; No. 3 mixed corn at 57c; No. 3 yellow corn at 56c; No. 3 new white oats at 23c. For the week Chicago September wheat dropped 2 1/2c closing at \$1.22 1-8. September corn down 2 1-4c closing at 57 1-2c; Minneapolis Sept. wheat down 3 1-2c closing at \$1.27 1-8. Kansas City Sept. wheat down 3 1-2c closing at \$1.11 1-2. Chicago December wheat closed at \$1.25 1-8. Dec. corn at 57 1-2c; Minneapolis Dec. wheat closed at \$1.28. Kansas City Dec. wheat closed at \$1.16 1-8.

DAIRY PRODUCTS—Butter markets slightly weaker with prices about 1-2c lower than early part of week. Receipts running light and dealers making efforts to avoid accumulations of stocks. Small shipment of Danish arrived at New York last week price of 92 score; New York 44c; Chicago 42 1-4c; Philadelphia 43 1-2c; Boston 44 1-2c.

LIVE STOCK AND MEATS—A good rally following early declines brought the big market top 10c above a week ago but left the bulk of sales 5c to 15c lower. Heavy hogs suffered the greatest loss in value. Beef steers advanced 40-60c, demand for light weights being very strong. Price spread widened on butcher cows and heifers as a result of the increased run of grassers and improved demand for better grades. Feeders strong, advancing 25 to 40c, indicating better country demand. Veal calves were off 25 to 75c. Fat lambs and yearlings steady to 25c higher, many western lambs being evident. Feeders 25 to 50c higher, feeding lambs off 25 to 50c, ewes a quarter lower. August 8 Chicago prices: Hogs, TOP \$11.60; bulk of sales \$9.35-\$11.45; medium and good beef steers \$12.25 to \$10; Butcher cows and heifers \$7.75-9; Feeder steers \$5 to \$7.75; light and medium weight veal calves \$8 to \$9.75; fat lambs \$8.50 to \$10.75; feeding lambs \$8.50-7.75; yearlings \$6 to \$8.20; fat ewes \$3 to \$5.25. Stocker and Feeder shipments from 11 important markets during the week ending July 29 were: Cattle and calves 28,747; hogs 2,161; sheep 41,582. Western dressed beef at Eastern markets steady with \$1 off on lower grades. Veal unevenly steady. Lamb up \$1 to \$4, Mutton off \$1-2; light pork loins up \$1, heavy loins steady. Aug. 8 prices good grade meats: Beef \$15.50-17; Veal \$15-17; lamb \$23.25; mutton \$12-16; light pork loins \$26-29; heavy loins \$18-23.

COTTON—Spot cotton prices advanced 29 points during the week closing at 11.88c per pound. New York October futures up 29 points at 13.18c.

IMPROVED UNIFORM INTERNATIONAL

Sunday School Lesson

(By Rev. P. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.)

LESSON FOR AUGUST 21.

PAUL PREPARES FOR WORLD CONQUEST.

LESSON TEXT—Acts 13:1, 16:5. GOLDEN TEXT—But we believe that through the grace of the Lord Jesus Christ we shall be saved.—Acts 15:11. REFERENCE MATERIAL—Gal. 2:11-21; Eph. 2:4-22. PRIMARY TOPIC—Some of Paul's Helpers. JUNIOR TOPIC—Beginning of the Second Missionary Journey. INTERMEDIATE AND SENIOR TOPIC—Revisiting Friends in Asia Minor. YOUNG PEOPLE AND ADULT TOPIC—Paul Champions Christian Liberty.

1. The Controversy in the Church at Antioch (vv. 1-5).

This difficulty was a most serious one, for it threatened the disruption of the church into Jewish and Gentile divisions.

The question was, "Shall Gentile converts be required to keep the Mosaic law as a condition of salvation?" This issue was brought on by the coming of certain men from Jerusalem who declared, "Except ye be circumcised after the manner of Moses, ye cannot be saved" (v. 1). The question was so difficult that Paul and Barnabas were unable to put them to silence. These Jewish legalists had the letter of the Scriptures on their side; they could point to the commandments where this was enjoined upon believers (Gen. 17:14). Paul could not point to any Scripture where it had been abrogated. If Paul could plead that Abraham was justified before he was circumcised, his antagonist could say, "Yes, but after justification the rite was divinely imposed." The brethren at Antioch decided to refer the matter to the mother church at Jerusalem. Accordingly Paul and Barnabas and others were sent as a deputation to Jerusalem.

II. The Deliberations of the Council (vv. 6-21).

1. Peter's Speech (vv. 7-11). He argued that God had borne witness to His acceptance of the Gentiles by giving the Holy Spirit to them the same as unto the Jews. Since, therefore, God had not put a difference it would be folly for them to do so. God's action in sending Peter unto them was the unanswerable proof that there was no distinction to be made.

2. Paul and Barnabas rehearse their experience (v. 12). They told how that God had sent His seal of approval upon their preaching of salvation by grace through faith apart from works, by the working of signs and wonders through them.

3. The argument of James (vv. 14-21). He took the fact declared by Peter and showed how it harmonized with the prophecy of Amos. He showed that the reception of the Gentiles was not in conflict with God's plan, but in strict harmony there with. God's plan for the ages is as follows: (1) Taking out from among the Gentiles a people for His name (v. 14). This is what is now going on—the calling out of the church. (2) After the church is completed and removed the Israelitish nation will be converted and restored to their land and privileges by the Lord himself at His return (vv. 16, 17). (3) Following this will be the conversion of the world through the agency of converted Israel (v. 17; cf. Rom. 11: 15). His judgment was that the Gentiles should not be troubled with things that are Jewish, but should be warned against the perils of heathenism, such as meat offered to idols, fornication, and blood.

III. The Decision (vv. 22-29). The mother church at Jerusalem came to a unanimous agreement and accepted the resolution offered by James. They not only sent a letter stating the decision of the conference, but took the wise precaution to send influential men along with Paul and Barnabas to bear the same testimony by word of mouth. This letter denied the authority of the Judaizing teachers (v. 24), and declared the method by which this decision had been reached (vv. 25-27).

IV. The Second Missionary Journey Begun (15:36; 16:5).

1. Contention over John Mark (vv. 36-41). Paul was suspicious of Mark because of his desertion on the former journey. Barnabas took Mark and sailed to Cyprus. Paul chose Silas and went through Syria and Cilicia confirming the churches. The Lord thus overruled it to good, for it gave an opportunity for wider dissemination of the gospel.

2. Finding Timothy (16:1-5). This was at the very place where Paul on his first journey had endured cruel stoning. Timothy was with Paul through much of his work ever afterward, a great blessing to him.

Hezekiah, the Builder.

And the rest of the acts of Hezekiah, and all his might, and how he made a pool, and a conduit, and brought water into the city, are they not written in the book of the chronicles of the kings of Judah?—II King 20:20.

The Pure and the Defiled.

Unto the pure all things are pure, but unto them that are defiled and unbelieving is nothing pure; but even their mind and conscience is defiled.

DODSON WARNS CALOMEL USERS

It's Mercury! Attacks the Bones, Salivates and Makes You Sick.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you. —Advertisement.

Physiological.

One Saturday afternoon a woman entered a grocer's shop. After ordering her weekly list of goods the grocer asked her if she would be good enough to take the things with her.

She became indignant. "Well, ma'am," replied the grocer, "I'm sorry to have to ask you to take them, but I've no one here—my right hand's away with a swollen foot."

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments; corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores. Advertisement.

What Did He Mean?

Imagine the shock that the congregation of an Indianapolis church received when its pastor, at the close of the offertory, looked down on the collecting plates and remarked:

"Evidently there is a stranger here tonight. I see a strange dollar bill in the collection."

Adequate Reason.

Allee—"How do you know you love George?" Virginia—"Because Gladys wants him."—Toledo Blade.

WRIGLEY'S P-K'S

The Flavor Lasts

Embarrassing. "I wish you would send me one else to talk with this man about this deal," said the head salesman to the president.

"What's the idea? This is an important matter and you are supposed to take care of it."

"I know; but it will be terribly embarrassing to both of us. You see, this man is the former husband of my present wife."

There is more money made by humoring people than by instructing them.

Why Jimmy Balked.

Mrs. Jones was at a loss at first to understand why her son, Jimmy, aged ten, was unable to endure the society of his Anne Clara.

"Why, my son," said the mother, finally, "she is always so nice to you—always patting you on the head!"

"Yes," said Jimmy, "with her knuckles."

The gas meter has more feet than any other inanimate thing. Self-made men are scarce, but self-made fools are plentiful.

Children Cry For

Fletcher's CASTORIA

Special Care of Baby.

That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.

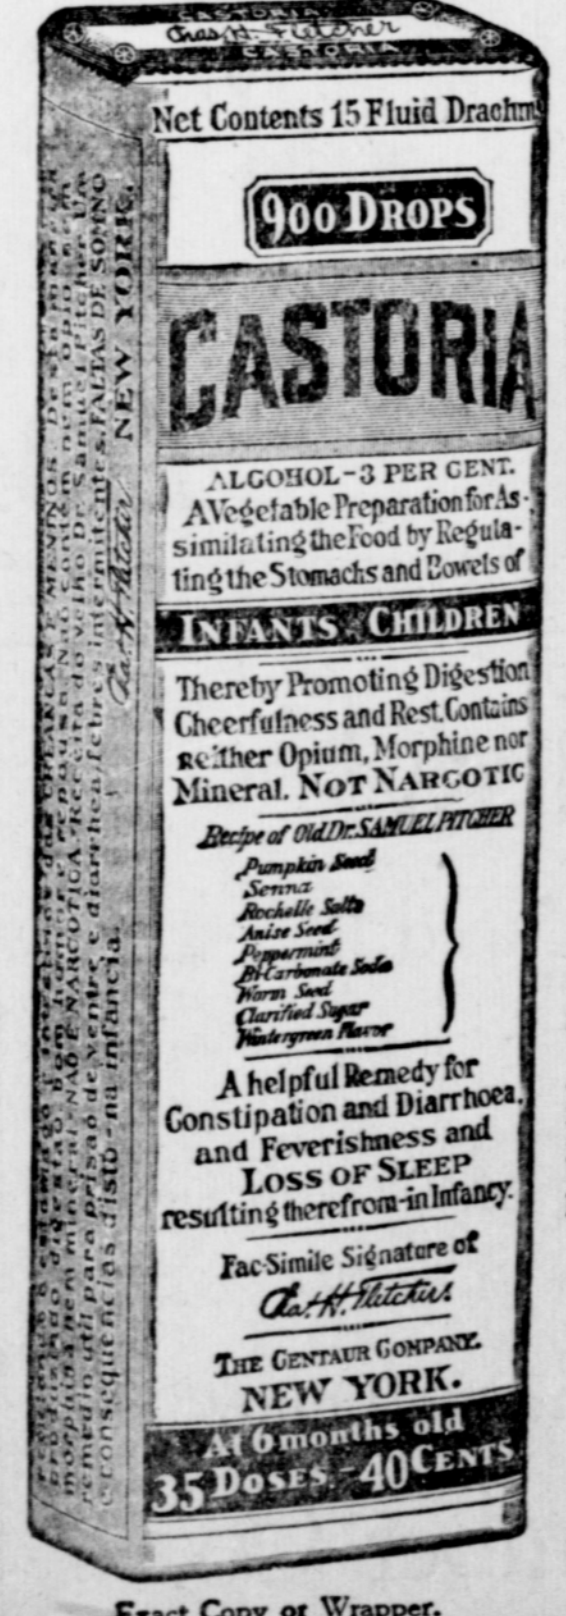

A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your ailing child anything but a medicine especially prepared for Infants and Children? Don't be deceived.

Make a mental note of this:—It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA.

GENUINE CASTORIA ALWAYS Bears the Signature of

Good cigarettes for 10c from one sack of BULL DURHAM TOBACCO

Years Old Was Sick

Feels Young After Taking Eaton's for Sour Stomach

"My sour stomach ever since I had a cold and it bothered me badly when Eaton's only a week and I was better. Am 80 years old," says John Hill. "It quickly relieves sour stomach, indigestion, heartburn, bloating, stress after eating because it gets and carries out the excess acid and gases which cause most ailments. If you have 'tried Eaton's' and still suffer, do not give up. Eaton's has brought relief to thousands like you. A big box is a trifle with your druggist's price."

Insect Carries Bacteria.

It appears that infection-spreading is added to disastrous voracity of the striped cucumber beetle. The United States Department of Agriculture finds that the back of the cucumber-leaf wilt are carried by this beetle, and in the fall the insect may survive the winter in hibernation, prepared to attack next leaf of spring. This is the time insects have been known to carry bacteria through the winter.

MY BLANKETS

Commercial Blankets Blue, Plaid, Colored \$2.50

Blankets are reclaimed, thoroughly cleaned, and every one is guaranteed to be in perfect condition. We purchased this stock in enormous quantities for cash, as surplus, and offer at retail than actual wholesale cost to us, in order to convert into cash immediately.

W. J. Crouch and two sons, Herman and Clarence, made a business trip to Lubbock Tuesday.

District Singing Convention at Lubbock in September

More than 1000 singers took part Sunday in a tri-county singing at the Lubbock county courthouse.

An organization of singers representing thirty-five counties in the Panhandle and New Mexico, the first meeting of which will be held in September at Lubbock, is practically assured as a result of preliminary steps taken in that direction at a recent meeting held in Tahoka.

S. B. Hatchett of Tahoka, was elected president of the convention.

Grassland Notes

Maize heading will soon be the order of the day with the farmers.

Mr. Wolf of Post, was here Saturday talking the Fordson tractor to some of our farmers.

W. H. Edwards and family have returned from a two weeks visit in Montague county.

D. W. Turner and family have returned from an extended visit to North Texas and Oklahoma points.

Price Thomas left Saturday for east Texas on business.

Thomas and Sons have unloaded three cars of coal for the coming ginning season. Judging from present indications the will be a bumper crop to gin this season.

Committee's have been appointed to arrange for a community exhibit from Grassland for the Garza County Fair.

Several from here attended the Baptist meeting at Magnolia Sunday.

The Baptist meeting will begin here Sunday Aug. 21. The pastor, Rev. J. G. Cole, will be assisted by Rev. Hunt, of Tahoka.

Ernest Patterson Undergoes Operation

Ernest Patterson, of the Lynn community, was suddenly stricken with an attack of appendicitis Friday of last week and was rushed to Lubbock for an operation. Mr. Patterson was at the time engaged in leading the singing at the Methodist revival. His many friends will be glad to learn that the operation was success and that he is on a fair road to recovery.

FIRE reaps a harvest of ruin and loss.

Carelessness sows the seed—carelessness about removing fire hazards and in failing to protect against every direct and indirect loss by fire.

The Hartford Fire Insurance Company provides the sure indemnity which a careful man will choose; expert Fire Prevention Service, also, if you need it.

Collect indemnity in case of fire. Get the Hartford's sure insurance through this agency.

LIMIT.

Buy Coal Now!

And Have it When You Need It

If no one buys Coal during the Summer, everyone will want it at the same time in November and December.

And there aren't enough coal mines, enough coal miners, enough coal cars, enough trainmen, enough haulers, nor enough coal yards in the United States to supply such an abnormal demand as that would be.

Order coal NOW. Save money. Save worry. Be sure of your coal supply for next winter.
