**JESSE JAMES SHOTS WOMAN** - Five-year-old Jesse James Cole, son of Mr. and Mrs. W. J. Cole of Houston, is shown at police station after he accidentally shot and critically wounded Mrs. Florence Heaton, 31, operator of a Houston liquor store. The boy was in Mrs. Heaton's store with his mother. Unnoticed by either woman, he got a loaded pistol from under the counter and shot Mrs. Heaton in the back. The pistol was kept under the counter as protection against robbers. (AP Wirephoto).

**Long Separation Causes Bit Of Forgetfulness**

WILLIAMSON, W. Va., March 16, (AP) - "Please send me a copy of my marriage certificate. I have been separated for so long that I can't remember my wife's name. But her first name was Mary and we were married in Williamson."

When Mingo County Clerk Elmer Ferrell received that letter from a man in Rossmore, Va., yesterday, he leafed through the records.

He found that two men with the same name as the letter writer had been married here. Both brides were named Mary.

Ferrell said he would send the information along to the Virginian and let him figure it out.

**U. S. Readies For Possible Chemical, Germ Warfare**

WASHINGTON, March 16, (AP) - The U. S. Army fears that poison gas and disease germs may be used against this country in any future war.

Because of this apprehension, the Army is intensifying its offensive and defensive biological and chemical warfare techniques.

It is part of what the Army refers to as "classified warfare" - meaning very secret. Still, hints as to the progress being made and the importance attached to the

hush-hush subjects crop up publicly now and then.

The Army has just asked Congress for a \$10 million start on a proposed \$21,500,000 chemical corps installation to be built at the isolated dugway proving ground in Utah.

For Camp Detrick, Md., where biological warfare research is carried on, the Army is now seeking in the neighborhood of \$6 million.

This is a sizeable increase over the \$3,313,500 it sought last year for expansion at Camp Detrick.

The Army chemical corps is asking Congress for \$9,977,000 for research and development.

Maj. Gen. A. C. McAuliffe, chief of the chemical corps, recently told the House military appropriations subcommittee that "today certain foreign countries are actively investigating and preparing for chemical and biological warfare."

He said that although poison agents were not used in the last war, intelligence reports indicate that Germany and Japan had made intensive preparations for their use.

"The probable reason these methods of warfare were not used was because this country was prepared to defend itself and to retaliate in kind," he said.

**Negro Will Testify In Massacre Trial**

KOSCIUSKO, Miss., March 16, (AP) - A bullet-maimed Negro farmer prepared today to defend his story that three white men massacred three of his children and shot him.

The defense demanded that bedridden Thomas Harris, 27, be recalled as a witness.

The demand was made by Atton Massey, mayor of Kosciusko, who is the court-appointed defense attorney for Windol Whit.

Massey told the court he wanted Harris to hear a witness who would testify that Harris had said he did not know who shot him.

Whitt, 25, is on trial charged with the murder of one of Harris' children, 4-year-old Ruby Nell.

Also accused and awaiting trial on the same charge are Whit's brother, Malcolm, and Leon Turner, 38-year-old ex-convict. They also are charged with the pistol slaughter of Frankie Thurman, 12 and Mary Burnside, 8, stepchildren of Harris.

Each of the white men has pleaded innocent. In testimony, the

**Negro Will Testify In Massacre Trial**

Whitt brothers blamed Turner for the shootings. Turner has not testified.

The shooting occurred at the Harris cabin shortly before midnight Jan. 8. Harris was paralyzed by a bullet wound in the spine. Another stepchild, Verline Thurman, is recovering from bullet wounds.

Harris testified yesterday that Turner shot him after Windol Whit, armed with a shotgun, prevented the Negro's escape.

Defense attorney Massey said a defense witness, Allie Ellington, today would impeach part of Harris' testimony. Massey said Ellington will testify that Harris told Ellington he did not know who fired the shot that wounded him.

**Tells Cops Before Making Jailbreak**

EATON, O., March 16, (AP) - John Emerson Ballinger, 32, of Miami-Burg, gave Preble County officials a "hot tip" yesterday that there was going to be a break at the county jail. Then he proceeded to escape while officials were investigating his "information."

Ballinger was scheduled to leave for the Ohio penitentiary today to start serving a sentence for issuing fraudulent checks.

Yesterday he finished his job on a work detail and told deputy sheriff C. D. Neanover of the supposed escape plot. He even told the officer where the phasers had hidden their escape materials.

Neanover went to investigate, leaving Ballinger with Deputy Joe Lee. Ballinger then asked to talk with Prosecutor Julian E. Clark and was given permission. He talked with Clark for a few minutes, eased out a door and disappeared.

MRS. SIMMS THINKS HITLER DEAD

Local Club Told Naziism Is Transplanted In S. America

Nazism has been transplanted successfully in South America, Mrs. David S. Simms, lecturer, told approximately 100 Knits & Fork club members at the Settles Wednesday evening.

Religion, said Mrs. Simms, the Christian principle of "doing unto others as ye would that they do unto you."

It was this quality alone, she thought, that gave hope for shattering the "caste system that is in many respects worse than that of India," and installing the real freedoms of democracy.

German leaders, she said, had gotten out of Germany before the final collapse and took their money with them. She added, however, that she believed Hitler was being carried on under the regime of Col. Juan Peron more aggressively than ever.

South American politics are based upon control of the army and police, she said. Only the upper or "cultured class," the fabulously rich, control the situation and because leadership is for sale, revolutions constantly ensue.

# Herd, Farmers To Miss Fort Worth Meet

FORT WORTH, March 15. (U) — One of the nation's biggest track and field meets goes on here this week-end but if any records are broken it probably will be purely accidental.

For once the Southwestern Exposition Meet, in its 27th showing, will boast only of its competition. This should be better since all the big guns of the university division—the main one—will be elsewhere.

Texas and Texas A&M, which always run one-two and furnish most of the record-breaking, didn't like the track last year and also didn't care for such a large field that caused preliminaries on the same day as the finals. So they are having meets at home Saturday. Even Oklahoma A&M, another standby, has divided its squad. Most of the top men will be in Chicago for the daily News Relays.

There'll be only one defending champion—Oliver Gatchell of Arkansas, who last year won the half-mile.

North Texas State returns to defend its college division championship and Texas Southmost of Brownsville will be back in the junior college class. But Corpus Christi, which won the high school division last year, hasn't yet entered.

There are close to 1,200 athletes already entered from 117 schools with 767 of them in the high school division which also furnishes 75 of the teams. Meet officials expect the total to reach 1,300 before the events get under way tomorrow with preliminaries in the schoolboy division.

There are 147 entries in golf from 29 schools, 15, of them colleges. Thus the total of athletes is over 1,300. Last year there were more than 1,600 in track and golf combined.

Best chances of records come in the college and junior college divisions. Johnny Slack of North Texas State, who last week won the discus the way with 145 feet in the Border Olympics, may better the college class mark. The record here is 145 feet. Carl Otsuki of Brownsville might clip the 220-yard dash record held by Jack Taylor of the Conners, Okla., Aggies at 21.8. Otsuki did 21.9 at the Border Olympics.

"THAT'S THE WAY, LEON." — Coach Oliver Jackson of Abilene Christian College is giving his star pupil, Leon Lepard, a lesson concerning the start in running the quarter-mile and half-mile events for the ACC cinder squad. Lepard, one of the Southwest's outstanding tracksters, is a former Big Spring high school track star.

## Lepard Up To Par At Olympics, Despite His Blistered Feet

ABILENE, March 16 (Sp) — Despite severe blisters on both his feet that caused them to bleed during the entire meet, Leon Lepard of Big Spring turned in a commendable performance for Abilene Christian college in the annual Border Olympics at Laredo last week-end.

He ran third in the 440-yard dash, an event in which his chief rival, Mike Mercado of East Texas, set a new Border Olympics record of 49.5. Withdrawing from the 880, Lepard anchored the ACC mile relay team to a first over a fast field in the near-record time of 3:24.4.

ACC's coach, Oliver Jackson, expressed an opinion Monday following a workout of his thinly clad that Lepard's feet might be healed by Saturday afternoon when the ACCians take part in a triangular meet with the University of Texas and Howard Payne College at Memorial Stadium in Austin.

A sophomore, Lepard is expected to be the backbone of ACC's mile and two-mile relay teams this spring in the Texas, Kansas, and Drake Relays, the nation's top three outdoor meets.

As a schoolboy in Big Spring high school, he was the state's outstanding half-miler during the 1948 season, and climaxed a great season by winning the Class AA 880 at the State Meet.

## Marlene And Alice Bauer Head Links Tournament Turnout At Augusta, Ga.

AUGUSTA, Ga., March 16 (U) — A collection of 39 champions opened the first round of the Women's Titleholders tournament today and only three or four golfing names which count with the gallery were missing.

The four days the best in female golf will chase after the first 1950 crown among the big three of women's open tournaments — the Titleholders, Western Open and National Open.

Recent rains and cloudy hints of plenty more to come made the Augusta Country Club's sandy and piney 6,618-yard course a long playing, short roll layout. Without good ball rolls even this field of stars will be pushed to produce a 72-hole score of 299 to match Peggy Kirk's record-setting work last year.

Miss Kirk, a long-legged, long-ball hitter from Findlay, Ohio, is defending her title. Other titleholders winners trying again are Babe Zaharias of Chicago, Patty Berg of Minneapolis, Louise Suggs of Carrollton, Ga., and Dorothy Kirby of Atlanta. Helen Hicks is the only former winner not playing.

The field of 39 is the largest ever assembled for this invitational tournament. Last year only 27 competed. In one pre-war year only eight played.

With Augustans, who are accustomed to championship golf because both the men's masters and the titleholders' are played here annually, Louise Suggs shouldn't lose. Louise, a slim shortie who consistently drives more than a seventh of a mile, won the Western and National Opens this year and has shot sound golf in practices here this week.

Most of the girls who opened the rounds today are oldtimers in titleholders. However, among the crew of newcomers are the Bauer Sisters, Marlene and Alice, from Midland, Texas, who threaten to outdraw if not outscore their elders. Alice is 22, Marlene 16; and they combine bobby sox beauty with golf birdies.

They're the delight of the crowd and the younger galleries. Both Bauers usually play in shorts but the chilly weather has chased them into skirts.

The only entry who failed to show up on the opening tee was Mrs. Ballard Cockrell of Mineola, Texas.

Among the few missing stars unable to play are Dot Kietly of Los Angeles, Polly Riley of Fort Worth, Texas, who opened the 1950 season by winning two tournaments in Florida, and national amateur champion Dorothy Germaine Porter.

## Tyler's Season May Be Over

TYLER, March 16. (U) — Tyler Junior College is in the unusual position of not being able to defend a national championship in basketball unless invited to do so.

The Apaches were eliminated from national consideration in the regional tournament last week. Now, unless one of the regional champions does not choose to be present at the national and Tyler is asked to take its place, the season is over for the Apaches.

But anyway, Tyler has one of the highest scoring freshmen in the business.

O'Neal Weaver, the high school sensation at Little Martins Mill last year when he rolled up 1,086 points, has 628 this year in 38 games.

## Harris Eyeing Waiver Lists

By JACK HAND  
AP Staff

ORLANDO, Fla., March 16. (U) — Frankly, Bucky Harris is looking for help. The new manager has no delusions about the Washington club that staggered home last in 1949, some 47 games back.

"I'll have my halt out when the other clubs start asking waivers," he said. "Boston has 20 pitchers, the Yankees have four catchers and a flock of pitchers. I'm keeping an eye on that waiver list."

Harris talks like a determined man. If anybody wants first baseman Eddie Robinson for example, the talent cost will be high. Same thing goes for any of the others. He is smart enough to know that no one player is indispensable on a club such as Washington. What is needed is talent in bulk.

Bucky is high on his new outfield combination of Gil Coan in left, Rookie Irv Noren in center and Sam Mele in right. All three are young with their best days ahead.

The infield will be the same as 1949 with Robinson on first, Al Kosak on second, Sam Denis on short and Eddie Yost at third. Al Evans is set as No. 1 catcher, followed by Grasso.

"I'm counting on seven pitchers definitely," said Harris. "I'll carry ten altogether. The first seven are Scarborough, Sid Hudson, Joe Haynes, Dick Weik, Lloyd Little, Mickey Harris and Steve Nagy."

## Men Win Game

FORSAN, March 16 — Around 800 was realized for the Parent-Teachers association treasury at a donkey basketball game played here last Saturday night.

A Forsan men's team defeated a team of high school boys in the attraction, 25-12.

## \$25,000 Jewel Theft

SAN ANTONIO, March 16. (U) — Theft of an estimated \$25,000 in jewelry from the home of Lewis Kayton, local business man, was reported by police today.

## BATTLE NAMED SNYDER AIDE

Hal Battle of Big Spring, a graduate of Sul Ross college at Alpine, has been named an assistant coach and teacher at Snyder, Head Coach Milton (Speedy) Moffett announced Wednesday.

Battle, who finished his football eligibility at Big Spring high school in 1940, will begin work Monday. Since Snyder, a Class A school, does not have spring football training under Texas Intercollegiate League rules, Battle will concern himself with teaching and may be assigned to other sports until fall.

The Big Spring youth, married and father of a boy, served as a paratrooper in Germany during and immediately after World War II. He also played football with service troops overseas.

A guard in high school, Battle became a center after enrolling in college. He attended Tulsa University for a short while, before enrolling at the Alpine school.

He has been attending Sul Ross recently, working toward his master's degree.

Battle becomes the fourth assistant on Moffett's staff. The others are Mule Kayser, now varsity line coach under Moffett; Jack Blanchard, B string center; and Rodney Grayson, junior high coach.

Hal joins the growing list of Big Spring graduates who have entered the coaching profession. Their number includes Billy Womack now at Moran high; Good C. Graves, Lakeview; Frank Barton, Wink; and H. C. Burrus, Washington university of St. Louis.

## Local Girls Will Appear On WTST Conclave Program

Big Spring and Forsan high school volleyball girls are to stage a demonstration in volleyball during the Physical Education section of the West Texas State Teachers' association meeting at Midland Friday and Saturday.

Coach Arrah Phillips, Big Spring, is chairman of the PE section and will direct the volleyball demonstration.

The demonstrations this year will be a new method of instruction used at the WTSTA meeting. Lectures and discussions formerly made up the program for the association gatherings, but the demonstration techniques were introduced last year.

Other demonstrations to be presented for the Physical Education section this year include tumbling, by Lubbock high; scrobatics, by Midland high school; tap dancing, Midland; folk dancing, Andrews; square dancing, Denver City; and modern dancing, Odessa.

## Lakeview Plans Rabbit Drive

A rabbit drive has been scheduled for the Martin county Lakeview community Tuesday, Lloyd White and Robert Burchett, two of the drive's sponsors, have announced.

The drive is slated to begin at 8:30 a. m. with hunters to meet at the Lakeview church, 11 and a half miles northeast of Stanton. A free barbecue luncheon will be served those participating, White said.

Shotguns are the only types of firearms that will be allowed on the drive.

## BRAVES FACE ST. JOHN'S

# Duquesne Tries CCNY Five In NIT Semi-Final Round

NEW YORK, March 16.—Whether CCNY's rocketing sophomores can keep up their sensational surge toward the National Invitation Tournament basketball title is up for decision again tonight.

Nat Holman's youngsters meet their toughest foe yet in Duquesne's Iron Dukes, out to slow City's fast break to a fizzle, (8 p.m. EST).

Topseeded Bradley, "till the tournament favorite, plays St. John's of Brooklyn in the second semi-final. All-America Paul Unruh and Stubby Gene Melchiorre give Bradley a five-point edge over St. John's.

Unseeded City College of New York rates a six-point favorite over the third-seeded Pittsburgh Dukes. CCNY reached the semi-finals by defeating second-seeded Kentucky and defending champion San Francisco by wide margins.

The performance of St. John's 6-6 Bob Zawoluk will determine just how much of a battle the Redmen can give Bradley. If the slender sophomore is hot he may offset the smoother Bradley attack and greater reserve strength.

Bradley depends on 6-7 Elmer Behnke to hold down Zawoluk while Unruh, Melchiorre and Bill Mann spark the offense. The St. John's offense is built mostly around Zawoluk, with some help from set shots Gerry Calabrese and Jack McMahon.

But it's different with Bradley. If Zawoluk stops Behnke at center, Coach Forrest Anderson can move either the 5-8 1-2 Melchiorre or Unruh into the pivot. Anderson's fastbreaking offense is so versatile that blocking one man isn't the answer.

The junior-sized Melchiorre is in line for tournament scoring honors. He tallied 20 in Bradley's first game against Syracuse.

St. John's is the only club left that has won previous NIT titles — in 1943 and '44.

The tournament's outstanding performer so far, CCNY Forward Ed Warner, weaving in and out of the pivot, will try the same tactics against Duquesne Center Charley Cooper.

Sophomore Warner, just 6 foot 2 1-2 inches tall, has scored 52 points in two games, many coming while he was working the pivot.

## LOOKING 'EM OVER

With Tommy Hart

Bobby Savage, who is so ably representing Big Spring and Texas in Iowa coaching circles, watched his Eagle Grove Junior college basketball team win the Northwest Junior College conference championship the past season, seven victories in eight games.

The Eagle Grove clan later got bumped in the second round of the state tournament, losing to the defending champions by three points. The Pirates, as the school team is known, had earlier beaten the titlists by 24 points.

Two of Savage's boys, Bobby writes, without identifying them, were named to the all-state team.

Savage, who finished high school here around 1940, and then matriculated at Colorado A & M, is now concerned with coaching the school's baseball team. He reports he has all his boys back from last year's squad and is expecting great things of his charges. Since Savage took over the baseball coaching reins, the Corsairs have won 15 of 19 games.

Bob may get out of the junior college coaching business after this season and devote all his time to high school athletics. He would prefer it that way and has been told such an opportunity may develop.

Amarillo may build another high school shortly, a factor which could hack the school athletic teams there down to size.

Something like 100,000 persons now reside in the Potter county capital and taking care of all the students in one high school has become a major problem.

## DISTRICT 15AA HAS ONLY TWO BASEBALL TEAMS

Only two schools are fielding baseball teams in District 15AA this year, only three in 6AA and 14AA.

The active aggregations in 15AA are Laredo and Robstown. Mineral Wells, Stephenville and Weatherford are sponsoring clubs in 6AA, while Austin, Corpus Christi and Victoria are active in 14AA.

## NORTHEASTERN WITHDREW FROM TOURNEY

Northeastern Oklahoma A & M was originally lined up to take part in last week's Region 5 junior college basketball playoffs in Amarillo but withdrew at the last moment in favor of Sayre.

The Aggies came down to their last two games in fine shape and excellent spirits and then proceeded to lose both starts by lopsided margins. That influenced the coach and the school's president to decide to call it quits for the year.

Incidentally Sayre's Stretch Barker, star of the 1949 Region meet, is now playing with Wyoming university.

HCJC players, back from the meet, say they should have handed Carnegie a licking. Instead, the Jayhawks hit a cold spell and were beaten by 14 points. Some of the Big Springers were of the opinion that Sayre had a better team than Carnegie, which lost to Amarillo in the finals after clipping HCJC in the first game.

## ALL SENIOR OUTFIT CHOICE OF COACHES

Lamesa and Lubbock placed two men each on the All-District 3AA basketball team, chosen recently by the coaches.

Wally McNeil and Royce King were the Lamesa lads honored while Walter Norton and Jimmy Sexton represented Lubbock on the team. Charley Hooper of Odessa rounded out the club. All of the boys are seniors, which means that Big Spring won't have to contend with any of them when it enters 3AA again next season.

## Lubbock Here For Exhibition

Coach Dee Alexander will have four pitchers ready to go when his Lubbock Westerners square off with Conn Isaacs' Big Spring Steers in a practice baseball game at Steer park at 3:30 o'clock this afternoon.

Of the quartet, three are lettermen. They are Benny Day, Jimmy Hamilton and Jim Wilson. Dick Oldham, seeking his first numeral, has also been looking to advantage and may see action today.

Isaacs planned to lead with Floyd Martin, a right-handed curve ball specialist. Frank Phillely and Jack Sparks are other Steer hurlers due to get into the fray.

Lubbock is a heavy favorite to cop championship honors in District 3AA. Big Spring is well liked in 5AA.

## Donkey Casaba Game Carded Here Tonight

Kiwanis and Key club members are all set to mount donkeys at 8 p. m. today in a donkey basketball game at the high school gymnasium.

Burros to be used in the game are to be shod in special boots, permitting them to stand on the gym floor without damage.

Jockeying the animals into position for shooting a basket will probably be the biggest problem facing the two teams. Kiwanians have lined up an array of potential cagers to battle the teenage members of the Key club, a high school organization patterned after the Kiwanis club.

Members of the latter organization to be at the chutes are Roscoe Cowper, Jeff Hanna, Clyde Waits, Pancho Nall, Walter Reed, Duval Wiley, C. M. Burke, Herb Feather, John Stanley, W. E. Hardy, Almie Carleton, T. S. Currie, Raymond Tollett, and J. N. Young, Jr., team captain.

## Five Longhorns Will Take Part In Meet At FW

The Big Spring high school track and field squad will be split this week, part of them going to the Southwestern Exposition meet at Fort Worth while the remainder heads for the Water Valley invitational.

Those making the trip to Fort Worth with Coach Bert Brewer will be Bobby Gross, weight star, and members of the mile relay team, including Bobby Wheeler, Billy Wayne King, Johnny Fort and Autry Burk.

Earl Crawford will take the other members of the squad south to Water Valley. In that meet, the Longhorns will be fairly well represented in practically all events.

Crawford will be busy as the proverbial crabapple merchant, since he'll also have the Junior high and grammar school squads in tow. Water Valley is staging a meet for each division.

The Longhorns showed to advantage in defeating Lamesa, 44-29, in a dual meet here Tuesday.

First places were won by Bobby Gross (who had two), Speck Franklin, Paul Fortenberry and the sprint relay team, which consisted of Burk, Wheeler, Fort and Fortenberry. Only nine events were staged on the program.

If the Steers looked good, the Yearlings looked even better as they defeated the Lamesa Braves, 36-10. Lamsa won only one first place in a six-event program.

### Long-Missing Woman Found

CANTON, N. Y., March 16. (U)—Mrs. Stella Andrus, 36, formerly of Canton and the object of a wide search in Texas last January, has been located in that state, the St. Lawrence County sheriff said Wednesday.

Sheriff Henry G. Denner reported that authorities in Scurry County had notified him that Carl Collett of Russell, St. Lawrence County, had been arrested and that Mrs. Andrus was with him.

Denner said Collett was wanted here for allegedly abandoning his pregnant wife. The sheriff said he had a warrant for Collett and would go to Texas today to bring him back.

Denner added that authorities were no longer interested in the case of Mrs. Andrus who had been sought since Jan. 17 when a bundle of clothing and personal effects was found under a bushel outside Texarkana, Tex.

### Sewer Extension In City Slated

Work is scheduled to start Friday on a six-block sewer extension project for the northside, City Manager H. W. Whitney indicated Wednesday.

The new line will be laid between N. Main and N. Scurry streets for a distance of 2,370 feet between N. 6th and 12th streets, the city manager stated. The project, originally slated for last year, has been delayed while easement was secured for the line.

BANGKOK, March 16. (U)—The president of Philadelphia's Junior Chamber of Commerce has presented Siamese officials with a problem.

Alva B. Adams, who has been representing the Pennsylvania city at a world Junior Chamber of Commerce conference in Manila, yesterday gave Lord Mayor Laang Yukta of Bangkok a 1-inch key to his hometown.

The gesture was much appreciated but the symbol is unknown in Siem. Today, Siamese officials are seeking advice on how to respond.

**THIS REALLY WAS A STEAL**

DAYTONA BEACH, Fla., March 16. (U)—The clearance sale William Sussman planned for today won't come off.

Sussman, owner of a women's wear store in the fashionable Seabreeze section, canceled the sale after thieves took several thousand dollars worth of his stock.

LOS ANGELES, March 16. (U)—Lora Lee Michel, 9, who ran away from her life as a \$100 a day film actress, today faces an existence virtually that of an orphan—a ward of the court.

Juvenile Judge A. A. Scott yesterday said Lora Lee "will be kept in juvenile hall and studied for awhile, then she will be placed in another foster home where she can have fun like any other child."

The child twice has complained to authorities that she was beaten and starved in order to keep her weight down for movie roles. Tuesday, however, she reversed her story and told Judge Scott her foster parents had been "wonderful" to her.

"Because Lora Lee is a problem child, without question, we expect to have considerable difficulty in finding a home to suit her needs," the judge said yesterday.

"She will be permitted normal visitation privileges from her foster parents and she may, if her viewpoint responds satisfactorily, be permitted at some future time to return to Texas with them in the event they wish to return there."

Her foster parents are Mr. and Mrs. Otto Michel, who adopted the child in 1945 in Texas. Since coming here, Lora Lee has played in a score of movies.

PHILADELPHIA, March 16. (U)—A 70-year-old woman, bedridden and unable to summon aid, lay helpless for 24 hours with her husband stretched out dead across the doorway to her room.

Mrs. Adelaide Jacoby screamed for help repeatedly, not knowing for certain whether her husband was dead.

It wasn't until a neighbor called by chance yesterday that the tragedy was finally discovered. The neighbor summoned police who took Mrs. Jacoby's husband, John, 74, to Hahnemann Hospital. Doctors said he had been dead for more than 24 hours.

**3-MINUTE OATS**

They're the quick of a breakfast

NEW YORK, March 16. (U)—Some time ago, five-year-old Rosalind Fisher decided that the new addition expected in her family should be a baby sister. Nothing else would do.

"Boys always like to fight," she explained to her father, William Fisher, a yarn shop proprietor. "Anyway, they always fight with me."

Fisher, who was silently rooting for a boy, told Rosalind that the newborn's sex would be determined by the hospital, which supplies babies.

Rosalind promptly hauled out her stationery, and with help from her father on spelling, wrote:

"Dear hospital: My mother is coming to your hospital to get a baby. Please give her a baby sister, and I will thank you very much, Rosalind Fisher."

Fisher thought that was the end of the matter, and that the letter would never be sent. But Rosalind had other ideas. She found a stamp, and gave the letter to the postman.

From Beth-El Hospital in Brooklyn came this reply:

"Dear Rosalind, I spoke to the doctor about your letter. He says he hasn't decided yet whether it is going to be a beautiful baby sister or a wonderful baby brother. The doctor will tell your daddy when your mother comes to the hospital. (signed) the hospital."

Early yesterday, Mrs. Fisher gave birth to a seven-pound, 12-ounce girl.

"I knew it all the time," said Rosalind. "I already bought her a toy. It's a clown you can stick on a high chair, and I'll give it to her as soon as she comes home and gets old enough to sit."

**Movies Seek Ban On State, Local Film Censorship**

WASHINGTON, March 16. (U)—The movies have appealed to the supreme court to ban state and local film censorship but Rep. Angell (R-Ore) sees a need for "supervision" to protect the morals of youth.

Angell took space in the congressional record today to voice belief that the movies, along with radio, television and comic books, increase juvenile delinquency and are "one cause of crimes of sex and violence."

United Artists Corp. and Hal Roach Studios, Inc., appealed to the high court yesterday in a Tennessee case. The appeal said the Memphis city board of censors had forbidden showing of the film "Curley" because Negro children were included in the cast along with white children.

The studios asked the court to declare the censorship of movies unconstitutional, holding that such restriction violates freedom of speech and freedom of the press, in the broad sense of those constitutional guarantees.

Angell, in his proposal, suggested that "duly authorized officials" should "protect the morals and well being of modern youth" by supervision of movie programs.

The proposal came close on the heels of a bitter attack by senator Edwin C. Johnson (D-Colo) on the morals of some Hollywood notables.

## Plentiful Poultry Is Help To Budget

Poultry of all kinds is on the plentiful food list. Serve it often. By serving poultry, now at lowered prices, there's a chance to balance the food budget with one of the thriftiest buys on the market. There's more in eggs and chicken than meets the palate. They furnish complete protein, vitamins and minerals to help maintain top efficiency.

Select young plump chickens. Split down the back and breast bone. Brush with melted butter. Place skin side down on greased rack in broiler pan with top surface about 4 inches from source of heat. Broil 15 to 20 minutes, depending on size, turn, brush with fat, and continue broiling until done. When juice is no longer pink and flesh is tender the chicken is done. Allow one half small broiler per person.

Variation—Broiled chicken barbecue. Baste frequently with your favorite barbecue sauce while broiling.

BREAKFAST IS GOOD TIME FOR THAT DAILY EGG  
... egg poached in milk increases in food value

## Breakfast Substitute Of Coffee Brings On That 11 O'Clock Slump

If you are among the readers of current magazines who take the articles with a medical slant seriously, you probably already have abandoned the black cup of coffee breakfast.

A good breakfast has been found to do more than establish a sense of well being.

There is one school of theory that the substitution of black coffee for a good breakfast brings on the 11 o'clock slump that afflicts so many persons these days; that the slump itself is not as serious as the fact that the sugar content of the blood reaches a dangerous low point among many who omit breakfast.

fast, and that other meals of the day can scarcely repair the loss.

Then there is the medical school making a study of mental acuity, speed of reaction, as related to breakfast. By showing that omission of breakfast increases reaction time, breakfast is being recommended, not only to start people off on their toes to meet every busy day's events, but also as a safety precaution against potential accidents due to breakfast skipping or skipping.

Government nutritionists have long recommended that breakfast supply about one third of the daily protein needs.

If you have been stricken this year with the virus earlier called "flu", your family doctor probably has reminded you to eat more cooked cereals, eggs, milk, etc., the kind of soft foods ordinarily associated with a hearty breakfast. The basic combination of fruit, cereal, milk, bread and butter meets almost anyone's protein standards.

It also is a combination which fits in with the meatless meals of the Lenten season, observed in numerous homes. For those who observe Lent, a well planned breakfast is especially important to help give the day balance.

**Mors Eggs**  
Eggs add variety, not to mention nutritional values, to breakfast menus. Experts recommend at least one egg a day for every member of the family. Insist on it, say dietitians—even be hard-boiled about it.

Eggs, not one, but several for each member of the family, aren't hard on the food budget these days. Eggs are lower in price than in many Lenten seasons. Besides the breakfast egg, they can be used in many invisible but important roles, to thicken, leaven, enrich and garnish other foods.

For breakfast, there are boiled and coddled eggs, poached eggs, scrambled eggs, fried eggs, shirred eggs, and the omelet. The woman who really enjoys cooking will never be bored with preparing eggs for breakfast. She will introduce eggs in a new guise almost every time she says "Good Morning" to her family.

The usual poached eggs may be varied by substituting milk for water in the poaching process. A bit of the milk poured over each serving of poached egg on toast increases the nutritional value of the dish.

Poached eggs benedict are delicious. Slices of fried or broiled ham, cut in rounds to fit the poached egg, rest on the toast. Some families substitute toasted English muffins for the toast.

**English Muffins**  
1 cup scalded milk  
3 tablespoons shortening  
1/4 teaspoon salt  
3/4 teaspoon sugar  
1 cake compressed yeast  
1/4 cup lukewarm water  
1 egg, beaten  
4 1/2 cups all purpose flour  
Combine scalded milk, shortening, salt and sugar, and cool to lukewarm. Soften yeast in lukewarm water, stir and combine with cooled milk mixture; add egg and 3 cups of flour; mix well.

Turn out on a well-floured board; knead in remaining flour, and continue kneading until firm and elastic or about 12 minutes. Place dough in warm grease bowl; brush lightly with melted shortening; cover and let rise until double in bulk about 1 hour.

Turn out on board, roll 1/4 inch thick, cut with large cutter into 3-inch rounds, cover and let rise on board about a half hour or until doubled in size.

Bake slowly on an ungreased griddle or heavy skillet. The light

should be regulated so that the muffins brown slowly, allowing 7 to 8 minutes for each side. If baked in muffin rings, the browning will be more even, but very satisfactory muffins can be baked without the use of rings.

**Shirred Eggs**  
For shirred eggs, use either individual baking dishes such as custard cups or muffin pans or a shallow baking dish large enough to hold the number of eggs desired. Grease the baking dishes and break an egg into each, taking care not to break the yolk. Add 1 tablespoon cream for each egg; sprinkle with salt and pepper; dot with butter; sprinkle with fine bread crumbs. Bake in a moderate oven about 350 degrees for 15 minutes or until the whites are set.

Eggs baked in bacon rings are special fare. Partially cook bacon, one strip for each serving, remove from pan while still soft. Fit into greased muffin pans. Break an egg into each muffin pan, and proceed as above.

**French Toast**  
One of those indirect ways of serving the family those nutritionally important eggs is French toast. If prepared properly, and served

Big Spring (Texas) Herald, Thurs., March 16, 1950 9

pipin hot with maple syrup, honey, marmalade or a favorite jam. French toast gives happy new variety to breakfast.

1 egg slightly beaten  
1 cup milk  
1/4 teaspoon salt  
6 slices stale bread

Combine egg, milk and salt. Cut each slice of bread in half. Dip in egg mixture, saute in butter or other fat until browned, turning to brown on both sides.

French toast is delicious with bacon strips, made by twisting the bacon strips around a fork just before the crisp stage is reached. Complete crisping.

The addition of 1/4 cup brown sugar to the egg mixture makes a sweet variant on French toast that many persons prefer. Stale raisin bread dipped into this mixture and sauteed in butter is a real treat.

**For Variety**  
Breakfast interest will never lag if planning keeps bringing something new to the table. Start with fruits, and juices. Grapefruit and oranges may be the standbys, but the whole canned fruit shelf of your grocery, the deep freeze counter, and the fresh fruit displays can furnish a different fruit or juice for every day of the month.

Dry cereals may be alternated with cooked cereals. Coffee may be the standard breakfast beverage, but milk, hot chocolate, postum, tea, and others may be substituted or included.

Ham, link sausages, sausage patties, miniature breakfast steaks very tender and juicy, and many other meats may be stand ins for the ever popular breakfast bacon. With eggs cheap, a breakfast of brains and eggs will please many families. Left over beef, creamed and served on toast, or creamed chicken may be something entirely out of the ordinary and a real appetite teaser.

Griddle cakes and waffles, offered from time to time with a varied accompaniment of ham, sausages or bacon, or waffles with chopped pecans baked in, are hearty fare.

**Griddle Surprise**  
For want of a name, this suggestion is being called Spam Surprise, or Tricky Treat. Just take slices of Spam, Treet, or whatever may be your favorite canned chopped ham or luncheon meat, dip in griddle cake batter and try in fat, or brown on a lightly greased griddle. If fried, drain well, so the batter cover will be quite crispy. Turned on a griddle, these surprises are more like a pancake, but whether fried or griddled, the centers of the meat are juicy and luscious, surprising-ly so.

Serve this breakfast dish immediately, with maple syrup. You will find even the war veteran husbands who vowed never to taste canned lunch meat again asking for seconds.

## Bran Muffins Are Not Out-Of-Date In New Cookbooks

Do you perchance think it's a little old-fashioned to serve home-baked breads? If you do, you'd better give the idea another thought. For this is indeed the day of speed in our kitchens. The baking sections of cookbooks will be out-of-date shortly because all of our newest recipes have the note "Quick Method" attached to them.

And this is where you'd better change your mind about hot breads. The newest quick recipe is one for raisin-bran muffins, the most popular bread served on many a restaurant menu. The new method could more properly be called the one-bowl method. All ingredients go into one mixing bowl and you stir them all together at once rather than creaming sugar and shortening, beating egg and so on.

Having quick bran muffins for breakfast doesn't mean giving up much sleep. Combine the dry ingredients the night before. Mixing won't take more than five minutes in the morning. They bake while you set the table, make the coffee and so on. And a tray of these modern muffins make a "good morning" better.

**Raisin-Bran Muffins**  
1 cup ready-to-eat bran  
1/2 cup milk  
1 cup sifted flour  
2 1/2 teaspoons baking powder  
1/4 teaspoon salt  
1/4 cup sugar or molasses  
1 egg  
2 tablespoons soft shortening  
1/2 cup seedless raisins

Combine bran and milk in mixing bowl. Sift together flour, baking powder and salt; add to soaked bran with sugar or molasses, egg, shortening and raisins. Stir only

until combined. Fill greased muffin pan 2/3 full. Bake in pre-heated moderately hot oven (400 F) about 25 minutes. Yield: 9 medium muffins (2 1/2 inches in diameter).

Proposals For City's Budget Worth Serious Consideration

It perhaps is premature to comment upon the proposed municipal budget, since it is still in the formative stage and subject to further revision before being tossed out for the public hearing. But it is not too early to encourage citizens to make a study of the proposed budget when it is presented in its final, tentative form. Fiscal operations of the municipality are wrapped up in the budget hearing, not when the routine matter of setting a tax rate comes in for consideration in the summer or early autumn. First draft of the budget presented to the commission by the city manager shows proposed disbursements of \$568,732, or approximately \$30,000 more than the current fiscal year. Commissioners spotted about \$20,000 more they thought ought to be included in the proposed budg, which would about put the antici-

Despite Delay, There's Nothing Amiss With Getting Acquainted

At the last minute, the Herald has been forced to postpone its "Get Acquainted" edition. The decision—not an easy one—was based upon meeting a deadline with an inferior product or revising it and replacing some weak links. Despite staff shortages in the composing room, steps had been taken to produce the issue on time. But at the last minute, some of the finished etchings—which are the very crux of the section—turned out to be inferior. Because it was felt that individuals would not be happy with work that was not sharp and clear, the Herald elected to have these particular etchings replaced. The delay is particularly regretted because some people have been so generous in

There's No Reason For A King Who Cannot Be Symbol Of Unity

ONE OF THE TOUGHEST DECISIONS a man could face was that called for from exiled King Leopold III of the Belgians in Switzerland Tuesday by Belgian Prime Minister Gaston Eyskens. Sunday's plebiscite in Belgium showed 57.68 per cent of those voting desired Leopold to return to the capital and resume his throne. Now Eyskens wanted to know his majesty's desire. There were two alternatives: 1. The king could signify a wish to accept this vote as a mandate from the people for him to return. 2. He could turn the tiny majority down as too small, and abdicate in favor of Crown Prince Baudouin. MANY OBSERVERS HELD THAT THE second alternative was, from almost any angle one viewed it, the logical one to choose. Indeed, the prime minister was reported to have advised the king at the outset of their fateful meeting. Why this harsh second alternative, which meant that Leopold must sacrifice his birthright? A majority had voted for him. Well, the true answer lies in that tiny majority. In these days of democracy there is only one reason for the existence of a king. He is the emblem of unity—high above politics—binding together all classes and parties and creeds. A king must have the love and support of all his people—not half, or three-quarters but all of them. Approval of 57.68 per cent of the voters isn't good enough by a long shot, or of 75 per cent or of any number much less than the absolute maximum. THERE ARE STRONG DIVISIONS in the Belgian population—political, racial, religious. If the country's constitutional mon-

Federal Responsibilities Figure In Interstate Crime Inquiry

WASHINGTON—A Senate investigation of interstate crime is in the works. It is designed to show how the lords of the underworld operate and how to stop them. Its appeal is such that the Interstate and Foreign Commerce Committee is trying to take jurisdiction from Judiciary, where the investigation originated. A decision is expected this week from Rules, where Judiciary is given the inside track. If Judiciary prevails, the country will get its first taste of the mettle of a "New South" contribution to the Senate, Estes Kefauver of Tennessee who, with his con- skin cap, brought down the redoubtable Boss Crump of Memphis. Senator Kefauver introduced the original resolution for the inquiry and by custom rates its chairmanship. The inquiry divides into two parts. The first and headline-catching chapters will be the evidence about the crime kings. The second is the one that official Washington looks forward to and that is the study of where federal responsibilities begin and end. It is agreed that something more can be accomplished federally, as, for example, a law to prohibit the transportation of slot machines in interstate commerce. But the feeling at the Justice Department, at the White House and, notably,

"STEP OUTSIDE AND SAY THAT"

Merry-Go-Round—Drew Pearson

Congress Itself Is Directly Responsible For Government's Runaway Spending

WASHINGTON — With economy the watchword on Capitol Hill, senators and congressmen might be better off criticizing the bureaucrats less and paying more attention to how Congress itself handles the taxpayers' money. The power to tax and spend rests squarely on congressional shoulders, and by juggling the purse strings Congress can control the federal government. Yet, believe it or not, Congress appropriated \$29 billion last year without so much as a record vote. In other words, the taxpayers had no way of determining how their representatives voted. In many cases, the majority of congressmen didn't even show up to vote when expenditures running into millions of dollars were approved. This is clear from the Congressional Record which shows that a quorum wasn't always present to vote on appropriations—though the Constitution clearly provides that "a majority (of each house) shall constitute a quorum to do business." Because this is a careless way to handle the taxpayers' money, conscientious Rep. Dwight Rogers of Florida is urging a resolution to require a rollcall vote on all appropriations. This would help remedy the slipshod method in which some appropriations are handled. Note—Here are some of the appropriations approved last year without a rollcall vote: \$7,617,739-361 for independent agencies; \$12,949,562,496 for the military establishment; \$3,090,528,903 for the Treasury and Post Office Departments; \$2,387,779,885 for the Labor Department and Federal Security Agency; \$715,601,607 for the Agriculture Department; \$384,098,797 for the Interior Department; \$109 million for Palestine refugees. SOVIET VS. PEARSON The Soviet-controlled press recently launched a diatribe against yours truly, calling him among other things, "the chained dog of the monopolists of Wall Street." The attack was published in Ogonek, the Life Magazine of Russia, and in order to give everyone a break in the popular pastime of throwing bricks at this writer, here are the highlights of what they say in Moscow. "In his newspaper column," says Ogonek, "Pearson resorts to complicated sleight-of-hand. He is an acknowledged master of the art of lying and slandering, and other Communists and commentators envy him. "Pearson's connections are widespread. He doesn't have to hunt for sensations. Ministers, generals, admirals, high-placed government officials and gangsters supply him with sensational rumors, gossip, and, in particular, slanderous fabrications about the Soviet Union. With Pearson's help, dark intrigues are frequently consummated. "On one occasion Pearson conducted a radio discussion on the question of democracy." As experts, he invited such arch-reactionaries as the then Attorney General Tom Clark; Clare Boothe Luce (wife of the owner of the reactionary magazines "Life" and "Time") and the notorious warmonger James Byrnes (former secretary of state). "PRESS GANGSTER "As American newspapers have frequently disclosed, Pearson has powerful friends in the U. S. Senate, including Senators O'Mahon-

Mercedes Gets Hubby, Settles In Hollywood

HOLLYWOOD, March 16 (UP)—It wasn't movie offers that convinced Mercedes McCambridge to settle in Hollywood. It was acquiring a husband. Miss McCambridge is the heavy favorite to snag an Oscar for her hard-bitten performance in "All The King's Men." Despite the acclaim she won in her first screen role, the radio actress was indifferent about settling here. "I had never thought about Hollywood before," she said. "It was like another world. I managed to keep busy—and happy—working in New York. The idea of invading Hollywood never occurred to me." That was before she and radio producer Fletcher Markle tripped off to Las Vegas to tie the knot. "I'm married now," she said. "And a wife has to go where her husband goes." Markle works in Hollywood. The actress is doing her second film role in "Lightning Strikes Twice." What about the future? "I'm just browsing around," she said guardedly. "I've had good parts both times, so I have liked making movies so far. I'll defer my opinion until I've had more experience." One thing is certain—she won't change her name. "A lot of people have told me it's too long and I should change it," she remarked. "I won't. It's my own name and I like it." They had better let her have her way. She might want to adopt her full handle—Carlotta Mercedes Agnes McCambridge Field Markle. It's mer-say-dee, by the way, with accent on the say. Friends just call her Mercy.

Around The Ring—The Herald Staff

Backwoods Occurrence Of Forty Years Ago Still Is Unexplained

Every now and then, something happens which cannot be explained by science. Such is the case which I am about to relate. This story was told to me by an old man whom I knew very well. I shall call him Campbell. In his middle-age he had been a school teacher in a backwoods community, where he had settled with his wife. They were a childless couple, but Mrs. Campbell was pregnant, and, at the time this narrative opens, she was within a week of her confinement. The modest Campbell home was situated on the edge of a forest about three miles from the village. There were no neighbors in the immediate vicinity, and the one doctor available lived in the village. Campbell, naturally, was worried for his wife, and had arranged to move her into town, where she would be closer to the doctor when her time came. However, as it turned out, the storm was a little beforehand. "It was a Saturday evening in late January, and snowing hard," Campbell told me. "We were to go into town the next day. But when I came into the house about five o'clock, after doing the chores, I found my wife writhing upon the bed in her labor pains. My first thought was to hitch up the mare and drive off for the doctor, but that would have meant leaving Susan all alone for at least an hour. While I hesitated, she began to scream like an animal, and I realized that it would be folly to leave her by herself even for a few minutes. In her condition, she was desperate enough to do anything. "I did what I could for her—it was not much—and sat beside the bed holding her hand and praying God to send a neighbor along the road. Now and then I would dash to the window and look out to see if anyone were passing, but I saw nothing but the whirling snowflakes. Meanwhile, Susan's pains had augmented, and I felt that I was going mad. "Just when it seemed that my reason was on the verge of quitting me, the door swung open and Dr. Moore entered. I halted him as if he had been an angel from heaven. He took in the situation at a glance, and went to work. It proved to

It's Up To McCarthy To Make Good His Communist Charges

WASHINGTON, (UP)—THIS IS A strange show here. . . the hearings on Senator McCarthy's attack on the loyalty of present and former employees of the State Department. No one is predicting how long the hearings will continue. The Wisconsin Republican McCarthy, hasn't finished reading his list of people upon whom he's casting suspicion. The five members of the Foreign Relations Committee's subcommittee, which is conducting the hearings, are how sort of sitting back, letting McCarthy roll off the names. Movie lights make the room brilliant. Cameras are busy. Newsmen line both sides of two long tables. Policemen keep traffic moving through the door. PEOPLE ARE CONTINUALLY MOVING in, standing or finding seats, and leaving. The big room in the Senate Office Building is packed with them. Every chair is taken. "The Japanese fought bravely and valiantly," declared Douglas. Then, looking squarely at the Japanese legislators across the table, he added: "I am now looking forward to the Japanese fighting just as hard for democracy." Throughout the visit, the Japanese asked most of the questions, chiefly on the technical processes of democracy. another. "McCarthy is a cowardly liar," says another. People listed as suspects by McCarthy will be given a chance to answer him in front of the same subcommittee and the lights and cameras. ONE OF THEM, MISS DOROTHY KENYON who testified Tuesday and flatly denied McCarthy's charges against her, spoke of the damage to her reputation and wondered whether her denials could ever catch up with McCarthy's charges against her. Senator Hickenlooper of Iowa, a Republican colleague of McCarthy, questioned Miss Kenyon and then said he has no doubt about her loyalty. Whether the other charges, if they come here to state their case, will make out well remains to be seen. But, of course, this isn't a one way street for McCarthy. When he undertook to throw suspicion on the loyalty of a number of Americans, he was sticking his neck away out. If he can back up his charges, he's done a public service in uncovering disloyalty. BUT IF IT TURNS OUT THAT HE can't back them up, the public memory is long, and, although McCarthy doesn't have to run for re-election until 1952, this situation probably will not be forgotten. Senator Tydings of Maryland, chairman of the committee, for the first two days of the hearing which began last week, gave McCarthy a rough time, making him stop every minute to explain in detail the charges he was making.

Boy Wonder Of Manhattan Real Estate Collects Silver Trowels

NEW YORK, (UP)—THERE ARE TWO unusual things about Herbert Fischbach. He is one of the few men in America who collects silver cornerstone-laying trowels. And he is the only man in America who is building what he calls "the largest single flat apartment house in the world." At 31 Fischbach is the current boy wonder of Manhattan real estate. He is supervising construction of a building for scores of families where only one family used to live. But the family was that of the late Charles Schwab, the steel titan. The new building will replace the elegant 75-room stone chateau built by Schwab at the peak of his wealth and once known as "the finest home in the United States." Schwab poured over \$6 million to \$10 million in it, and died insolvent. An odd fact about the chateau: Its refrigerators could hold 25 tons of meat, but Schwab in his last years ate only a boiled egg for dinner. "STEEL STARTED GOING UP FOR the building last week, and it'll be finished by Nov. 1," said Fischbach. "But already it is 70 per cent rented." The apartments have about everything the wife of a city slicker might ask: Automatic waste-disposal units, electric dishwashers, fireproof paint, bid closets with built-in drawer space, and maid, valet, catering and shopping services. "A woman could live here forever and never even have to leave the building," says Fischbach, who has learned consid-

# Anti-Trust Division Clamps Down On Music Biz Business

NEW YORK, March 16. (AP) The big business side of American music had a new score to practice today — an arrangement written by Uncle Sam.

It was a legal variation on an old business theme of the American Society of Composers, Authors and Publishers, better known by its initials, "ASCAP."

The society works as a pool of music writers and publishes that grants performing rights and collects royalties for almost all the copyrighted music in America.

In two consent decrees to federal court Tuesday, ASCAP agreed to play the anti-trust division's way in the interest of harmony.

The decrees will have a wide effect on both foreign and domestic music business, but mostly in a financial way.

The main provisions of the decrees will do this:

1. Force ASCAP to cut all ties with international organizations that might lead to a monopoly of foreign music in the U. S.
2. Make ASCAP end all arrangements giving it sole control of a foreign country's music, or which require similar foreign societies to deal with ASCAP.
3. Require ASCAP to offer movie producers and television stations a single license to cover all performances of music in a film or telecast.
4. Prevent ASCAP from suing movie exhibitors (theatre owners) for royalties.
5. Give any commercial user of music who questions ASCAP's royalty rates a court review of them.

6. Allow any of ASCAP's 2,400 members to license his music independently or to resign from the society at any time.

These changes, which are sweeping in the fields they cover, came as a result of anti-trust and cartel several years ago.

In consenting to the decrees, ASCAP agreed to the terms outlined by the government. The orders were signed by Federal Judge Henry W. Goddard.

## Collier Fined \$100 For Drunken Driving

Paul Collier entered a plea of guilty in county court Wednesday to a charge of driving while under the influence of intoxicants and was fined \$100 and costs by Judge Johnny Eibrell.

Low Bailey, a Negro, arrested on a charge of carrying a weapon without authorization, was to face trial this afternoon.

## State Highway 101 In Sterling County To Be Developed

Contract for development of state highway between Sterling City and Colorado City has been let.

M. E. Ruby, San Marcos, and W. L. Barnes, Austin, were successful bidders on the section of State 101 in Sterling County. Their bid of \$131,453 covers 15.9 miles from the intersection of the road with U. S. 87 four miles west of Sterling City to the Mitchell county line.

Included in the project is the grading, installation of base and structures and two course asphalt top. One of the oldest established state roads in this area, 101 is one of the last to be improved permanently.

## New Yorker Killed

NEW YORK, March 16. (AP) — Henry Eldridge Perry, 60-year-old president of the Commercial Solvents Corp., plunged to his death Wednesday from his 14th floor office at 17 East 42nd St.

## Poland Quits World Bank

WASHINGTON, March 16. (AP) — Poland withdrew from the world bank Wednesday with an angry charge that the 48-nation institution is under the thumb of the United States and "its imperial policy." It also pulled out of the international monetary fund.

In a communication to the bank, the Communist-dominated Polish government cited the refusal of the bank to grant it a \$200 million loan. It said the reason was Poland's rejection of "the so-called Marshall Plan which had as its aim the subordination of Europe to the United States and the rebuilding of the war potential of Germany."

Camille Guit, managing director of the international monetary fund, announced Poland's withdrawal. He did not make public the letter of resignation but presumably it was along the same tenor as that given the bank.

Poland's withdrawal from the two institutions marked the end of one more of the formal ties between western nations and the countries behind the Soviet "iron curtain."

A spokesman for the Czech embassy indicated his government might follow Poland's example and resign too.

Czechoslovakia is the only other eastern European nation which belongs to the fund and the bank.

## Fire Destroys Base Gunnery Hangar

FORT WORTH, March 16. (AP) — Fire of undetermined origin early Wednesday destroyed a gunnery hangar at Carswell Air Force Base here, only 200 yards from a ramped line of six B-36 bombers which escaped damage.

Three persons were injured in battling the blaze in the two-story wooden structure.

Damage was estimated at \$50,000 by air base officers.

## ATLANTIC PACT FLAYED

# Reds Claim France Is U. S. Satellite

PARIS, March 16. (AP) — Communist deputies, defeated in their attempt to delay debate on American arms aid, declared Wednesday that the Atlantic Defense Pact had made France a mere satellite of the United States.

Non-Communist Wednesday defeated overwhelmingly a Communist motion to halt the discussion until the national assembly can consider proposals to ban armaments and atomic weapons. The vote was 404 to 179, with only the Communists and their sympathizers in favor of the motion.

In a calm session devoid of the violence and fistuffs which marked session last week, Pro-Communist deputy Pierre Cot said:

"There's a lot of talk about satellites. Well, we are just that. We are a protected country."

Cot said France had been reduced to the role of an "atomic cushion" in any future European war. He asserted the U. S. intends to let this country do all the fighting.

Foreign Minister Robert Schuman defended the pact, which may bring France \$400 million to \$500 million worth of military assistance. He said that "first and foremost the pact guarantees us against German aggression."

## Nationalist Planes Strike at Shanghai

TAIPEI, Formosa, March 16. (AP) — Nationalist Chinese warplanes Wednesday pounded Lungwa air-

field at Shanghai.

Five waves of planes dropped bombs on the big airfield, now controlled by Sino-Communist forces. The first wave dumped 10 bombs on the control tower, air force headquarters said.

# Over 400 Tickets Are Purchased For Dallas Symphony Concert Here

Over 400 tickets to the Dallas Symphony performance set for Saturday at 8:15 p. m. in the municipal auditorium had been sold early this morning. Lorraine had been added to the list of surrounding towns which will be represented at the local program. Other tickets have been purchased by residents of Midland, Odessa, Snyder, Lubbock and Colorado City.

chased a section of seats for the membership and local members are entitled to seats in that section at no charge or to a \$1.20 discount on higher priced seats. Miss Brown says that Town Hall tickets will not be good at the door because ticket sellers expect to be busy serving out-of-town and other late purchasers.

spectable turnout for the popular maestro, Walter Hendl. In the audience was Virgil Thomas, composer and arranger of the New York Herald Tribune, and Sidney Foster, the concert pianist. The West Texas tour, which climaxes for Big Springers on Saturday night, includes Midland, Abilene and San Angelo.

## RIBBON RAMBLINGS

By Mildred Young

Did you ever get up in the morning and from the very minute you started your day everything went completely wrong? You made every one you met mad or they crossed you? Your fingers were all thumbs and wings in general seemed to be just one big mess? "We were reading Floyd Poe's 'This, That & The Other' and he was recalling a story that happened in Dallas recently. It sounds so typical of some off-days which we have, we thought we'd repeat it."

"An out-of-town stranger strolled into Cokesbury's Book Store and found her way to the Bible department. A very gracious woman who holds an important position on the sales staff greeted the stranger with the time honored, 'May I serve you?' Then the following dialogue took place: Woman purchaser—Is this the Bible department? Salesperson—Yes it is, what can I show you? Woman purchaser—Well, you don't have much of a display. Salesperson—On the other hand we thought we had a very satisfactory display. Purchaser—What's that fancy name you have over the door—'Cokesbury'? I thought this was the Methodist Book Store. Salesperson—So it is. This is a Methodist book store named after two Methodist bishops, Bishop Coke and Bishop Asbury. Purchaser—Are you doing with those Catholic Bibles up there? Salesperson—They are not Catholic Bibles but Episcopal prayer books. Purchaser—Well it's all the same any way—no business in a Methodist store. Why don't you have some Methodist Bibles on display? Salesperson—Sorry, but we Methodists do not have a Bible. Purchaser—In heaven's name! Do you want to stand there and tell me that the Methodists do not have a Bible? Salesperson—That is exactly what I mean. The Methodist church has never published a Bible story for Methodists. Purchaser—I've been a Methodist for forty years and I didn't come here to have some clerk preach to me. Salesperson—I've been a Methodist all my life, but when some narrow-minded woman like you comes in here I feel like quitting and joining some other church."

Ever have the same type of thing happen with you in the shoes of the salesperson? We have, and it's a great life, isn't it? Or is it?

WASHINGTON, March 16. (U)—The federal government jangled several billion dollars in fresh spending money today as late check-laden returns trickled in from taxpayers across the nation. One commentary on what yesterday—income tax day—meant to most people was provided unwittingly by a late-payer who was in the line at the Bureau of Internal Revenue in Washington.

He left behind a laundry bundle, containing several of the shirts off his back. Noting that even though billions richer, the government still is in the red, Republicans in Congress grasped at the chance to belabor

Her position as cashier will be assumed by John D. Cage, who has been vice-president of the bank at San Augustine, Tex. Cage is expected to move here shortly with his wife.

Miss Hatchett went to work for the bank as a bookkeeper and stenographer in 1923. She became a teller around 1936 and was elevated to the job of assistant cashier the following year. In 1944 she assumed the position as cashier. Prior to taking employment with the bank, Miss Hatchett worked as bookkeeper for the Rix Furniture and Undertaking company.

**Chiang Takes Control Of Nationalist Forces**

By SPENCER MOOSA

TAIPEI, Formosa, March 16. (U)—Pres. Chiang Kai-Shek took direct control of Nationalist Chinese armed forces today.

The office of Southeast Asia commander, formerly in command of

Formosa armed services, was abolished. Premier Chen Cheng held the post until he took the premiership this week.

The move was part of an effort to streamline the government and step up the war machine to prevent another defeat—which might cost Nationalist leaders their heads.

Ho Ying-Chin, former premier, is expected to be named to succeed the present chief of staff, Ku Chi-Tung. Ku has been under sharp fire for asserted incompetency.

Chiang abolished his office as leader of the Kuomintang party. The job became superfluous with his resumption of the presidency. As these moves were made, tribal chieftains in Formosa pledged loyalty to the Nationalists and vowed to fight against Chinese Communists until the end. The chieftains represented 140,000 tribesmen. They gave their pledge at a formal ceremony before Chiang and Madame Chiang.

**Three Houston Boys Saw Jail Bars, Escape**

FRANKLIN, March 16. (U)—Three Houston youths saw the bars of the Robertson County jail and escaped last night, Sheriff Bob Reeves reported today.

"They invited seven other prisoners to go along with them but thank goodness none of the others accepted the invitation," the sheriff said.

Forty minutes after the escape, the remaining prisoners called the jail cook and notified her of the break. She called the sheriff. Reeves, both sheriff and jailer in this Central Texas town, was not at the jail when the escape occurred.

Reeves listed the fugitives as Bob Donaldson, 19; his first cousin, Gene Donaldson, 19; and a Negro youth, Freeman Canada, 17. He said they stole an automobile near the jail and left town. The car was a 1941 Chevrolet two-door sedan, the property of Mrs. L. W. Sheffield and bore the 1950 Texas license KX-5150.

**Odessa Trio Joins Army Wednesday**

Three Odessa men, two of them brothers, who enlisted in the Army here Wednesday were scheduled to leave Big Spring this morning for stations in Kansas and California. An enlistee from Wink was to leave with them.

Max Sharp, and Arnold Brown, of Odessa, and Junior Parnell, Wink, were to go to Fort Riley, Kans. Harry Brown, Odessa, left enroute to Fort Ord, Calif.

Harry Brown is a veteran of World War II, having served three years with the Navy in the Southwest Pacific theatre.

**Weiner Roast Held By Local Cub Den**

A weiner roast was held Saturday for members of cub scout den No. 4, pack 13, at the Tom McAdams home.

Scouts studied plants and rock specimens during the afternoon. Present were Steven Baird, Gary McDaniel, Sammy Meadow, James Stephens, Bobby McAdams, Ronnie Burnam, Charles Engle, Tom Carlton, Ken Cobb, and Tommie McAdams, Den Chief, Mrs. Tom McAdams, den mother, met with the scouts.

**Bauers May Play In Houston Meet**

HOUSTON, March 16. (U)—The famed Bauer Sisters—Marlene and Alice—may play in the Texas Women's Golf Association Tournament at Brazos Burn Country Club here April 17-22.

The Bauers, now touring in women's golf, are residents of Midland, Tex., and as members of the country club there are eligible to compete in the tournament here.

A field of close to 150 is expected. Mrs. Frank Goldthwaite of Fort Worth, president of the association, says. Among the entries will be Betty Rawls of Austin, the defending champion; Polly Riley of Fort Worth, Betty McKinnon of Mt. Pleasant and Betty Dodd of San Antonio. The tournament will last a week.

**Jones Murder Trial Continuing Today**

SHERMAN, March 16. (U)—The murder trial of William Morris Jones continues today after yesterday's session was interrupted when the defendant began struggling with officers in the courtroom.

The 28-year-old farm laborer, who is pleading insanity, was returned to his jail cell to stop the outburst and court was dismissed until today.

Jones is charged in the fatal shooting of Ramsey H. McLean, former Dallas tire dealer, near Lake Texoma last Feb. 21.

**Joint Local, State And Federal Crackdown On Gambling Drafted**

WASHINGTON, March 16. (U)—A rough draft of plans for a joint local, state and federal crack-down on big-time gambling began to take shape today.

Mayor Thomas D'Alesandro of Baltimore called together his newly appointed legislative committee of the attorney general's conference on law enforcement for a two-day closed session at the justice department.

The get-together is expected to outline the area of cooperation in which law enforcement officers generally might function to curb crime.

The law enforcement conference, assembled here last month by Attorney General McGrath, indicated general agreement on a joint action program. It also indicated that first action should be directed against curbing organized gambling, which FBI Director J. Edgar

Hoover has described as the "nest egg" of the underworld.

Mayor D'Alesandro was designated by the conference to head a legislative committee to bring in recommendations for new laws covering the crime and gambling-regulation field.

The conference specifically directed the committee to look into the possibility of congressional acts. Such federal laws might forbid the use of interstate communications for gambling purposes and prohibit interstate shipment of slot machines and other gambling devices.

The legislative groups are scheduled to make a specific report by April 15. Objective is to obtain action on any federal legislation recommended at the current session of Congress.

Without Painful Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complaints of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

From where I sit... by Joe Marsh

**Handy and Easy Are Both Wrong**

Handy Peterson and Easy Roberts got in quite an argument the other day over at Fred's Garage talking about the best spot to fish up at Green Lake.

"Opposite the old sawmill is the best spot," says Handy. But Easy "poo-hoo's" him. "I've seen the biggest fish caught off Cedar Point," says Easy. "I've been catching them there for years."

Then Fred goes into his office and brings out the biggest mounted rainbow trout you ever saw. "Bet that was caught at the sawmill," comments Handy. "Cedar Point," says Easy. "Well," says Fred, "you're both wrong. I caught this baby right out in the middle!"

From where I sit, there are always two (or more) sides to every story. Let's live and let live in the true American tradition of tolerance. Your opinion is worth a lot, but so is the other fellow's—whether it's on politics, the best fishing spots, or whether he likes a temperate glass of beer and you like buttermilk.

IT'S HARD TO BELIEVE—BUT TRUE!

IT'S ANOTHER TIDE MIRACLE!

IT CUTS WASHDAY WORK IN HALF!

**A DAZZLING CLEAN WASH WITHOUT RINSING**

**...THERE'S NOTHING LIKE TIDE!**

"SAVES SO MUCH TIME ON WASHDAY!" SAYS MRS. JOY MAYO OF PORTLAND, MAINE

"No more rinsing is wonderful news for every woman who washes clothes! It's such a time-saver to take the wash right from the Tide suds, put it through the wringer, and onto the line! And everything looks so bright and clean!"

Just wash—wring out—hang up!

**WOMEN EVERYWHERE** say it's the best washday news ever! They love the time and trouble and water they save by skipping the rinsing! But most of all they love the way their clothes come dazzling clean. You already know how clean Tide gets clothes with rinsing—cleaner than any other washing product known. Now try the same wonderful Tide without rinsing, and compare the results. You'll be amazed to see how bright and clean your wash comes right from the wringer. Get Procter & Gamble's Tide today. Every package of Tide on your dealer's shelf right now will give you a dazzling clean wash without rinsing!

**HERE ARE THE FACTS ABOUT WASHING WITHOUT RINSING**

1. Will this method really get clothes clean? Yes, Tide keeps the dirt suspended in the sudsy water. When you wring out the clothes, the dirt runs out with the washwater—clothes come from the wringer CLEAN and as bacteria-free as rinsed clothes.
2. Will clothes come white? Yes, clothes come dazzling white! Just see if you can possibly tell the difference between a rinsed, and an unrinsed Tide-washed shirt!
3. How about ironing unwashed clothes? When you use Tide without rinsing, clothes dry soft and fluffy... iron easily.
4. Is this method safe for fabrics? Yes, it is safe... skipping the rinsing and extra wringings actually saves wear and tear on clothes.

When you wash without rinsing—NO OTHER WASHING PRODUCT KNOWN WILL GET CLOTHES CLEANER THAN TIDE

TIME EXTENSION FOR FILING RETURNS ASKED

# Texans Gripe About Way Government Spends Their Money

By WILLIAM C. BARNARD  
Associated Press Staff  
Texans are not bashful about complaining to income tax men about the way the government spends their dough.

"When they go down to pay their income tax, they frequently gripe about government waste of their money," Harry A. Hollister said. Hollister is income tax chief for 144 counties of North Texas.

"Some Texans," Hollister chuckled, "get so angry they accuse our overworked field men of having 'nice, soft, government jobs.'" Right now over the state, the government men are receiving thou-

sands of requests from persons asking extensions of time for filing their returns. This is a routine thing for this time of year.

"They give reasons such as illness, unavoidable absence and inability to close their books on time," said Hollister, and generally such requests are granted.

"But we are not able to grant extension of time when the request is based on shortage of money. We have many such requests," Hollister told us that surveys show the great majority of taxpayers are absolutely honest in filling out their income tax returns.

Some examples of dishonesty of the income tax man," said Hol-

lister, "are cases where divorced parents both claim their children as dependents. According to law, only one parent can make such a claim. So we sit down with the parents and figure out who contributes more than 50 per cent to the upkeep of the children and is entitled, therefore, to the dependency exemption."

There are approximately 19,000 moans in the United States, 7,000 more than in 1944.

\$1.2 Billion Cut In President's Budget Stated

WASHINGTON, March 16. (AP)—The House Appropriations Committee has tentatively worked out a \$1,200,000,000 cut in President Truman's spending proposals for the 12 months beginning next July 1.

The committee has not formally taken final action, but it was learned a "central committee" has recommended the cut.

The committee is working on an omnibus bill embracing items for which Mr. Truman asked \$30,326,000,000. Members of the committee said these have been trimmed to roughly \$29,113,000,000.

The President's overall budget requests for the fiscal year starting next July 1 were \$42,439,000,000. This included approximately \$3 billion for Marshall Plan foreign aid and \$9 billion in so-called permanent appropriations and trust funds.

These two items are not dealt with in the omnibus bill. The "central committee" recommendations will be presented to the full committee next Monday. The following week the omnibus bill is scheduled to go before the house.

Committee members gave figures on tentative committee action including: Defense Department: Requested \$13,028,000,000 granted \$12,839,000,000.

Independent offices, including Veterans Administration and Atomic Energy Commission: Requested \$8,458,000,000, granted \$8,024,000,000.

Agriculture Department: Requested \$799,000,000, granted \$764,000,000. Army Engineers' civil functions: Requested \$834,000,000, granted \$675,000,000.

Acheson Calls Russia's Bluff

BERKELEY, Calif., March 16. (AP)—Secretary of State Acheson challenged Russia today to demonstrate her desire for peace by accepting a new seven-point program to free the world from "destructive tensions and anxieties."

Bolled down, the seven steps Acheson proposed call for an end to Russia's aggressive diplomacy both in her dealings with satellites and with the western world, and for new moves to conclude peace treaties and to find some solution to the problem of atomic controls.

Bluntly, he predicted Russian refusal of any attempt to settle these points of "greatest difference" between the east and the west. But he insisted that they "must be identified and sooner or later reconciled if the two systems are to live together, if not with mutual respect, at least in mutual security."

Otherwise, he said, the United States can only continue to resist aggression where it finds it, and "press ahead with the building of a free world."

"We are always ready to discuss, to negotiate, to agree," Acheson declared, "but we are understandably loath to play the role of international sucker."

\$70 Million For Secret Defense Projects Asked

WASHINGTON, March 16. (AP)—Requests for about \$70 million worth of highly secret military installations—described by the armed forces as imperatively needed—came under new study on Capitol Hill today.

Military witnesses have told the House armed services committee that these projects should have "high priority." They are part of a \$187,142,000 amendment to the defense department's \$477,974,000 public works bill which the committee previously had under consideration.

In addition, Chairman Vinson (D-Ga.) instructed the Marines to submit two amendments bringing the grand total in requests for public works to \$692,592,000.

The Marine amendments are for \$2,476,000 for living quarters at Quantico Va., and \$25 million for a depot in the East, probably to be located at Albany, Ga.

The classified (secret) installation requests are very hush-hush but they indicate intensified activity in radar, special weapons, guided missiles, biological and chemical warfare. Considerable attention is given to the defense of Alaska.

The largest single request is by the Navy. The Navy is asking \$23,316,000 to develop naval facilities, including housing, at a secret location "outside the continental United States."

The student council earlier this week decided it would be better not to start the observance today as formerly scheduled. New dates probably will be April 6-7-8. A full slate of activities is being planned.

Courts-Martial For Mo Officers Ordered

NORFOLK, Va., March 16. (AP)—General Courts Martial were ordered today for the commanding officer, the operations officer and the navigator of the battleship Missouri as a result of the vessel's grounding in Chesapeake Bay.

The officers to be tried are Capt. William D. Brown, of Frostproof, Fla., the Big Mo's skipper; Comdr. John R. Millett, operations officer, and Lt. Comdr. Frank G. Morris, of New York, navigator.

The courts martial were ordered by Rear Adm. Allan E. Smith, commander of the cruiser force of the Atlantic fleet, after a review of the proceedings of the naval court of inquiry which investigated the grounding.

Fecheiler said "the formal charges and specifications to be served upon these officers and upon which they will be tried, will not be made public prior to the convening of the respective courts. The individual officers concerned, however, may release the charges and specifications in their respective cases at their own discretion."

Brown, Millett, Morris and Carr were defendants before the court of inquiry, which heard a half-hundred witnesses during 18 days of sessions between Feb. 3 and Feb. 28.

The Big Mo, the nation's only active battleship, ran aground off Old Point Comfort while trying to run a secret electronic range. She remained stuck on her sand shoal for 15 days and was finally refloated Feb. 1 on the fourth attempt.

Odessa Man Injured In Automobile Mishap. W. S. Howard, Odessa, was released from Cowper hospital this morning after treatment for injuries sustained when his car was involved in a mishap about 15 miles west of Big Spring last night.

Doctors said Howard received a head laceration in the accident. Police did not have details of the wreck.

Clearing Of Frizzell In Myers Case Seen

Cowboy Acquitted In Jones Slaying

MIDLAND, March 16.—A 70th District court jury cleared Herbert Frizzell of a murder charge and apparently paved the way for exoneration of the Beaumont cowboy on another similar court here Wednesday evening.

A verdict of not guilty was returned in the case charging Frizzell with the murder of Henry Preston (Buck) Jones. Martelle McDonald, 70th District attorney, said a motion for dismissal probably would be filed in the case charging Frizzell with the murder of Carl Myers, Abilene college student.

The slight, dark-haired bronch-buster, who stands five feet and seven inches tall and weighs approximately 135 pounds, showed little emotion when the verdict was read Wednesday evening.

His wife, Dorothy, who was seated by his side when the jury came in, embraced her husband, and then both of them rushed to shake hands with two of Frizzell's attorneys, Clyde Thomas Sr. and George Thomas of Big Spring, Dallas Scarborough, Abilene attorney, who had been at the defense table, had left for his home immediately after the jury received the case.

Several cowboys, including some who had appeared as witnesses in Frizzell's behalf, were in the court room when the verdict was returned, and they pushed forward to shake hands with the defendant. Mrs. Florine Jones, widow of the shooting victim, sat motionless with tears in her eyes, when the verdict was read. The state had introduced her as a witness on Tuesday.

The verdict came approximately eight hours after Frizzell had taken the stand himself and declared that he fired in self defense. He had told how Jones threatened him and said he knew "one of us wasn't going to be around very long, and I wanted to make sure it wasn't me."

Scarborough and Clyde Thomas Sr. both emphasized testimony pointing to self defense during their arguments to the jury. "If ever there was a case of self defense in Texas, this is it," the veteran Abilene attorney roared.

Elton Gilliland, 118th District Attorney, had asked the jury to "send this man to Huntsville for a great number of years." Gilliland's statement in the argument was the only reference to a prison term during the arguments.

Martelle McDonald, 70th District Attorney, said the jury should be guided by the facts. He said the state had introduced evidence that Frizzell had been in the area of the murder on the night of the shooting.

Pioneer Woman Dies Wednesday At Colorado City

COLORADO CITY, March 16.—This community's oldest citizen and one of its best loved pioneers, Mrs. James D. Wulfin, 95, died at her home Wednesday afternoon.

She had been ill for five days. Almost totally blind since young womanhood, she was still active and interested in her town, her family, the pioneer association and her church until her last illness.

Each year Mrs. Wulfin had been presented with flowers as the oldest member present at the annual reunion and open house held by the Mitchell County Pioneer association.

Mrs. Wulfin had been a member of the Methodist church since childhood, was a member of the Daughters of the King Sunday school class and was the last surviving member of an early-day prayer group. Begun by Abe Muley nearly half a century ago, the group met for weekly prayer for more than 40 years, often in the Wulfin home.

She was the widow of one of the first prominent Mitchell county ranchmen, and mother of several widely known ranching sons. Two of her sons, Urde and Sam Wulfin, died recently; Urde in September, 1948 and Sam in 1949.

The open house given by her children on her 90th birthday on Dec. 9, 1944 is still one of the city's best remembered parties. Hundreds of friends attended.

Born Mary Jane Cocreham in Summerville, Tenn., she was married to Mr. Wulfin in San Marcos on Feb. 24, 1874. In 1885, he having disposed of a mercantile business, the couple moved to Mitchell county and established the famous '96 ranch 12 miles south of Colorado City. Her husband died in 1933.

One son, Bert Wulfin, Mitchell county rancher, and two daughters, Mrs. Everett Winn, with whom she lived, and Mrs. S. H. Wallis, Tucson, Arizona, survive. Also surviving are eight grandchildren, two great-grandchildren, among them Francis Winn, James Wulfin, Mrs. Eileen Harrell. Two daughters-in-law, Mrs. Urde and Mrs. Sam Wulfin also reside here.

Funeral was to be held at 4:40 p. m. today at the First Methodist church with the Rev. J. E. Shewhart, pastor, officiating. Burial was to be in the Colorado City cemetery under direction of Kiker & Son.

Leopold Leaves Future To Solons. GENEVA, March 16. (AP)—Leopold III, exiled king of the Belgians, has decided to leave the decision on his future to Belgium's parliament, he announced today.

"Whatever the decision which parliament will take and for which it assumes, in conformity with the constitution, the entire and exclusive responsibility, I will bow to it," Leopold said in a statement released by his secretary, Jacques Pirenne, at a news conference.

Leopold, exiled from his homeland since the war, won 57.7 per cent of the vote in an advisory referendum last Sunday on whether he should return to his throne. Many political leaders in Belgium feel this percentage is far too small for a king, who is supposed to represent unity for his people. Other political factions feel he should be returned.

Premier Gaston Eyskens denied published reports that he had urged Leopold to abdicate.

COMPETITION CONCLUDED WEDNESDAY

Grand Championship Of Local Stock Show Won By R-Bar Boy

Eighteen top utility steers, entered in three weight classes, were paraded before judges and some 300 spectators Tuesday afternoon to conclude the competitive phase of the Howard County FFA and 4-H Club Livestock show.

Derryl Robinson, R-Bar club boy, won the Grand Championship of the show with a middle-weight animal that placed first in his class. Reserve Championship was won by Bobby Powell, Coahoma FFA member, who exhibited the best steer in the heavy-weight class.

Frank Newsom, agent for Brewster and Jeff Davis counties and judge of the steer division of the show, lauded Robinson for "smoothness and even covering throughout" his animal at the conclusion of the judging. Other club boys also received praise.

"After selling 23 top steers that won championships in shows all over the state I don't see how they can have a show," he told the crowd. "They do have one, and a good one."

The verdict came approximately eight hours after Frizzell had taken the stand himself and declared that he fired in self defense. He had told how Jones threatened him and said he knew "one of us wasn't going to be around very long, and I wanted to make sure it wasn't me."

Scarborough and Clyde Thomas Sr. both emphasized testimony pointing to self defense during their arguments to the jury. "If ever there was a case of self defense in Texas, this is it," the veteran Abilene attorney roared.

Elton Gilliland, 118th District Attorney, had asked the jury to "send this man to Huntsville for a great number of years." Gilliland's statement in the argument was the only reference to a prison term during the arguments.

Martelle McDonald, 70th District Attorney, said the jury should be guided by the facts. He said the state had introduced evidence that Frizzell had been in the area of the murder on the night of the shooting.

RAISING SUNKEN SUB — The conning tower (center) of the sunken submarine Truculent breaks the surface of the Thames estuary as salvage ships lift the craft from 51 feet of water ten miles off Sheerness, England. The 1,000-ton submarine, which sank after a collision with the Swedish tanker, Divina, on the night of Jan. 12, was lifted off the muddy bottom by four heavy cables and the lifting vessels and their gruesome burden are in tow to beaching sandbank nearby. How many of the 64 men lost in the disaster are still aboard is unknown. (AP Wirephoto by radio from London).

Pioneer Woman Dies Wednesday At Colorado City

COLORADO CITY, March 16.—This community's oldest citizen and one of its best loved pioneers, Mrs. James D. Wulfin, 95, died at her home Wednesday afternoon.

She had been ill for five days. Almost totally blind since young womanhood, she was still active and interested in her town, her family, the pioneer association and her church until her last illness.

Each year Mrs. Wulfin had been presented with flowers as the oldest member present at the annual reunion and open house held by the Mitchell County Pioneer association.

Mrs. Wulfin had been a member of the Methodist church since childhood, was a member of the Daughters of the King Sunday school class and was the last surviving member of an early-day prayer group. Begun by Abe Muley nearly half a century ago, the group met for weekly prayer for more than 40 years, often in the Wulfin home.

She was the widow of one of the first prominent Mitchell county ranchmen, and mother of several widely known ranching sons. Two of her sons, Urde and Sam Wulfin, died recently; Urde in September, 1948 and Sam in 1949.

The open house given by her children on her 90th birthday on Dec. 9, 1944 is still one of the city's best remembered parties. Hundreds of friends attended.

Born Mary Jane Cocreham in Summerville, Tenn., she was married to Mr. Wulfin in San Marcos on Feb. 24, 1874. In 1885, he having disposed of a mercantile business, the couple moved to Mitchell county and established the famous '96 ranch 12 miles south of Colorado City. Her husband died in 1933.

One son, Bert Wulfin, Mitchell county rancher, and two daughters, Mrs. Everett Winn, with whom she lived, and Mrs. S. H. Wallis, Tucson, Arizona, survive. Also surviving are eight grandchildren, two great-grandchildren, among them Francis Winn, James Wulfin, Mrs. Eileen Harrell. Two daughters-in-law, Mrs. Urde and Mrs. Sam Wulfin also reside here.

Funeral was to be held at 4:40 p. m. today at the First Methodist church with the Rev. J. E. Shewhart, pastor, officiating. Burial was to be in the Colorado City cemetery under direction of Kiker & Son.

Leopold Leaves Future To Solons. GENEVA, March 16. (AP)—Leopold III, exiled king of the Belgians, has decided to leave the decision on his future to Belgium's parliament, he announced today.

"Whatever the decision which parliament will take and for which it assumes, in conformity with the constitution, the entire and exclusive responsibility, I will bow to it," Leopold said in a statement released by his secretary, Jacques Pirenne, at a news conference.

Leopold, exiled from his homeland since the war, won 57.7 per cent of the vote in an advisory referendum last Sunday on whether he should return to his throne. Many political leaders in Belgium feel this percentage is far too small for a king, who is supposed to represent unity for his people. Other political factions feel he should be returned.

Premier Gaston Eyskens denied published reports that he had urged Leopold to abdicate.

Truman Signs Oleo Tax Repeal Bill

KEY WEST, Fla., March 16. (AP)—President Truman today signed the bill to repeal the federal tax on oleomargarine. It was Mr. Truman's first action after his arrival here for a vacation after a sea voyage from Washington.

Charles G. Ross, presidential secretary, said the signing of the bill was done at the "Winter White House." The measure was flown here by courier plane from Washington yesterday.

Under the new law all federal taxes on margarine are wiped out. But it does not interfere in any way with taxes or restrictions placed on oleomargarine by any state government.

Earlier, Mr. Truman, his spirits buoyed by calm seas yesterday and today, was inclined to laugh off the misery of Monday and Tuesday when the presidential yacht Williamsburg unsettled stomachs and made life miserable.

He even indicated he might try a sea trip here again, something Secretary Ross hinted during the height of the rough weather was unlikely.
