Mrs. Nellie G. Johnson, age 69, died Thursday, November 24th, 1910, at the home of her nephew, H. C. Crie, and was buried in the Tahoka Cemetery Friday afternoon. Rev. T. W. Sharp, the Methodist Pastor, and Rev. J. R. Bau'ch, the Baptist Pastor, conducted the Funeral Services at the Methodist Church.

The News will publish the obituary next week.

Good roads continue to be the leading topic of the hour in Texas. Rarely is there assembled a body of men in convention, either agricultural, commercial or political, but that the question of good roads finds a place on the program. The business man is joining hands with the farmer, the capitalist is co-operating with the industrial interests, the banker and the broker, the farmer and the laborer are all working together in the interest of good roads. Get in the procession and build good roads.

A phone message from Abilene Saturday to Mr. L. P. Jones announced the sad news that his little grand-daughter, Lela Stewart, the 10 year old daughter of Mr. and Mrs. Jim Stewart, was burned to death by the explosion of a gasoline iron. Mrs. Stewart was ironing in the dining room with a gasoline iron and her little daughter was standing near her. After filling the iron Mrs. Stewart found that it would not ignite, and struck a match. An explosion followed, throwing burning particles of fluid over the head face and clothing of the girl. Lela rushed through the front door into the yard, her clothing burning fiercely. Mrs. Oscar Galbraith, a next door neighbor heard the girl's screams, and catching up a sheet ran to her. Mrs. Galbraith wrapped the child in the sheet and succeeded in putting out the fire. Mrs. Stewart was badly burned but Mrs. Galbraith only suffered from blisters on her arms. Lela was taken to the Abilene Hospital, and shortly afterward sank into insensibility, from which she never

## THE AMERICAN EAGLE

The Eagle builds her nest on Mountains high,

Where nothing can reach it, except it can fly;

He is a champion in the air and king of birds,

His ways are past finding out, can't be expressed in words

He soars above the clouds with graceful ease,

Glides through the air, or floats on the breeze;

He darts like an arrow on his feeding game,

He strikes with precision, and seldom misses aim.

I've often heard him scream or hollow,

While high over our heads he flew:

He is stamped on our American dollar,

And on our halves and quarters too,

He is a noble bird, so swift, brave, and free,

A monarch of the air, and emblem of liberty;

He is fashioned and formed by a hand divine,

Into a most beautiful and symmetrical design.

He darts like an arrow through the air,

He sails like a Stork, or serenely floats;

He seizes birds, or the wandering hare,

Or feasts on lambs, or little goats.

- Exalted high in air, he flops his wings,

And sails far away from his mountain peak;

And his little ones feast on the food he brings,

Which he catches with his claws and beak.

Unlike the vulture who preys upon the dead.

He loves a living victim, with blood a crimson red;

And on the warm flesh he gorges to his fill,

As he opens up his vitals with his crooked bill.

The eagle is quite a blood thirsty creature,

And his personal liberty is his leading feature:

He is very fond of chicken, but he never bothers cats,

I tell you what it is, he is rough on rats.

A sleeping cat in Tennessee,

Was caught by a bird of liberty

He hadn't gotten very high in the air,

Until there was a scatterment of feathers and hair.

The Eagle and Cat went out of sight,

Before they finished up their fight;

There are not many things that would dare,

To fight a duel so high in the air.

High in the air, the eagle and cat,

Ended their lives in fierce combat;

They went so high they looked like a speck,

And the cat was chewing on the eagle's neck.

When they finished their fight,

The cat was first to come in sight;

But the eagle it did quickly follow,

It didn't look much bigger than a dollar.

## THE NEWS FROM ALL OVER TEXAS

A chain is no stronger than its weakest link and a mud hole or a hill between a farm and town reduces the carrying capacity of the wagon to the level of the bog or grade. Build roads and haul fewer loads and better loads.

The improvement of public highways adds three times their cost to adjoining property and every argument that applies to the improvement of private property will apply with multiplied force to the improvement of public property and especially to public highways as everyone must use the roads. Build roads and increase the value of your property.

The ravages of the boll weevil in Texas is estimated at millions of Dollars annually, but the mud hole has been a more costly foe to the producer than the boll weevil. The Federal Government has spent millions of Dollars in trying to find a way to eradicate the boll weevil but we do not have to spend money to learn to eradicate bad roads,—build good ones.

The boll weevil in destroying cotton decreases production and consequently increases the price of the remaining products, but bad roads levy their deadly toll against the producer and destroy the value of the remaining roads. Bad roads are the worst pest the farmer has to contend with and they are the easiest to get rid of.

## R. R. Engineers et Knowles

Wednesday evening, Chief Engineer Hicks, of the Rock Island, Texico, Farwell and Southern Ry., with his surveying co's arrived in Knowles and next morning began the work of running the line north to mile post 28 which is 28 miles south of Texico. Construction work is being rapidly done on the north end of the line, and it is confidently expected that dirt will fly at this end within sixty days. Information comes that the contract for grading one hundred miles of the road has been let and the contractor will be at work along the line within the next few days. The survey was begun at the southeast corner of Holly Rays claim and will follow that section line north several miles, when it will probably veer east to the 103 meridian.

On account of the death and burial of Mr. Crie's aunt, The News is extra late this week.

Farming conditions have undergone a radical change for the better during the past few years in Texas and the improved methods of agriculture, better conditions of public highways, and the increased price which the products of the farm are bringing have all served to make the farmer monarch of all he surveys. From his own private throne, he is in position to dictate to all other classes and conditions for it is to him we must look for the food we eat and the clothes we wear. All hail to the Texas farmer.

"The man with the money is a prime factor in any business enterprise and we can no more eliminate him by legislative processes or force him by law to make investments than we can regulate the attraction of gravity", said J. E. Whiteselle of Corsicana "The man with money passes final judgement on all investments and from his decision there is no appeal. He is the court of last resort.

"The law may prescribe conditions under which investments may be made but power to reject them is the inalienable right of every investor and an industry with out capital is like an engine without steam.

"Our law givers should recognize the distinction between legislation and dictation. We can regulate investments but we cannot dictate to the investor and when we violate the rules of commerce we are as certain of the penalty as when we violate the laws of nature. Horse sense is as valuable in making laws as it is in running a business.

Commenting on Gov. Colquitt's recent suggestion that a party of representative business men should make a trip to Northern and Eastern financial centers for the purpose of interesting capital in investments in Texas, F. A. Blain, of Ft. Worth, President of the Texas Cotton Seed Crushers' Association to put the suggestion into effect.

"I am heartily in sympathy with the proposition" said Mr. W. M. Morgan, of San Antonio, President of the Texas Retail Merchants' Association, "and if I am unable to go myself, I shall see that our organization is represented on the trip. I made a trip similar to the one proposed about four years ago, leaving Dallas in a special train, and I think it was worth a great deal to the state in an advertising way."

## NEW HOME ITEMS

Our school opened November 14th with Mr. G. S. Grant as teacher. There were 30 scholars and most of the patrons present. After several short talks by the patrons and the teacher the sum of twenty dollars was made up to be given as premiums to the students making the best average in attendance, deportment, and the best class work for the year. After a visit to the well filled baskets prepared by the good ladies we left wishing the teacher and pupils success. It is needless to say we are expecting a school second to none in the county.

Mr. W. S. Johnson has purchased quite a herd of sheep from Higginbotham Bros. We wish him success in his new undertaking.

Mr. Will Izard, who has been in Swisher county for some time, has returned home and is contemplating entering school.

Mr. and Mrs. W. H. Izard spent Thanksgiving day with Mr. and Mrs. J. H. Smith.

Our farmers are busy preparing their land for another crop some breaking their land others listing theirs.

We are expecting several families to settle in our neighborhood soon. These people are from Alabama. They came, saw, and liked, and we need more of their kind.

Mr. L. G. DePriest has rented the the Hilton Place and says he will plant it in cotton another year. He has faith in Lynn county as a cotton country.

## SUBSCRIBER.

Last Saturday night at Rev. Stanley's residence in Lehigh occurred the ceremony that made Howard Harrison and Miss Maude Aldridge, two of Coal county's adept representatives of the "art preservative of all arts," "twin chases" from the "first take", until "30."

The bride is the sister of Mrs. John Hutchison of this city, and is an accomplished young lady, who is a favorite with all who know her. She has been connected with the Lehigh Leader for a number of years, and has been an efficient and trusted employee.

The groom, well everyone knows Howard. He resided here for a number of years and has been foreman of the Leader at Lehigh for several years, where he became fascinated with the "clean proof" his co-worker set, and as a consequence fell a victim to Cupid's wiles. Mr. Harrison is an honest, upright and companionable young man and his friends are only limited by his acquaintances.

After the ceremony the happy couple received a great ovation at the hands of their friends. The groom was especially the recipient of many pleasantries, among which was a "joy-ride" on a rail around the ball room.

The Register joins the many friends in wishing our fraternal friends all prosperity and happiness attainable. May their joys appear in pica and their troubles in nonpareil and the latter soon consigned to the "hell box."

We hope that their matrimonial and journalistic careers be over beds of roses and that "extra editions" appear at convenient intervals.

## GINNING NOTICE.

We want all the cotton growers in Lynn and surrounding counties to know that we have a large supply of gasoline and also bagging and ties. We have thoroughly overhauled our plant and it is in first class shape to do your ginning promptly and well.

You just as well bring your cotton to Tahoka to get it ginned where you can sell it for the top market price and do your trading all the same day.

## Presiding Elder to Live Here.

At the conference of the M. E. Church South at Clarendon last week a new district was formed out of a part of the old Colorado District. The new district is to be known as the Big Springs District and the headquarters of same will be in this city.

Rev. Stevens of Floydada has been appointed presiding elder and is expected to move his family here at an early date and take up his duties in connection with the new office.

The formation of the new district and placing a presiding elder in our city is good news to all and it will prove of great benefit to the Methodist Church of this city.—Herald.

## A GOOD POSITION

Can be had by ambitious young  
men and ladies in the field of  
"Wireless" or Railway telegraph-  
raphy. Since the 8-hour law  
became effective, and since the  
wireless companies are establish-  
ing stations throughout the  
country there is a great shortage  
of telegraphers. Positions pay  
beginners from \$70 to \$90 per  
month, with good chance of ad-  
vancement. The National Tele-  
graph Institute operates six of-  
ficial institutes in America, un-  
der supervision of R. R. and

Wireless Officials and places all  
graduates into positions. It will  
pay you to write them for full  
details at Memphis, Tenn., or  
Columbia, S. C. 13-16

The News force has been very  
busy this week getting out  
stationery for the new County  
Clerk, J. W. Elliott, Sheriff and  
Tax Collector, J. H. Edwards,  
and Justice of the Peace for Pre-  
dict No. 1, Joe L. Stokes. We  
helped to elect all of these gentle-  
men and they are willing to help  
the local printer whenever they  
can and at the same time serve the  
County to the best advantage.

Let the Women Take Charge.  
The News suggests that the  
women of Lamesa be given full  
control in all matters concerning  
the cleaning up and keeping  
clean our town. We know that  
once the women take hold, some-  
thing will be accomplished, and  
therefore want them to organize  
and get busy along these lines.  
They can count on the co-opera-  
tion of the Commercial Club at  
all times. What say you ladies?  
Will you take up this matter and  
show us men how to accomplish  
results, where we have thus far  
signally failed?—Dawson County  
News.

Now isn't that just like the  
men? When they make a "sig-  
nal failure," of anything, it is  
always, "let the women take  
charge" and "Do the work"  
while the men "co-operate." If  
your Commercial Club is as dead  
as ours is we would rather have  
the "co-operation" of an infant  
in arms, than the Commercial  
Club with the Farmers Institute  
thrown in for good measure.

## Novice Loses Paper.

The Novice Nugget is no more  
Robert Downey the owner of  
that paper having packed the  
plant and shipped it last week  
to the southern part of the  
State. In losing their newspa-  
per the people of Novice have  
lost heavily and it is not likely  
that they will readily find an-  
other publisher to undertake the  
work of boosting for them in  
the face of the fact that they  
have starved two men out. No  
matter if you do not agree with  
the home paper in everything,  
and though you may not like the  
editor personally, you owe it to  
yourself, your town and your  
community to see to it that your  
home paper gets your most lib-  
eral support. The man who is  
narrow that he would withhold  
his support from his home paper  
because its editor happens not to  
suit his personal likings in every  
little particular is too narrow to  
succeed in a business way and it  
does not take many of his calibre  
in a new town to kill that town.

Newspaper men of any ability  
at all are entitled to a decent  
living and usually find a locality  
where their work is appreciated  
—or succeed in everlastingly  
burying the chronic sore-head  
who wants it all for him self.—  
Silver Valley Sun.

## We Mean Every Word Of It

If you live in a town where  
the merchants, the carpenters,  
the butchers, the bakeries, the  
laundries, the print shop or  
other trades are not good enough  
for your fantastic taste the prop-  
er thing to do is to migrate.  
You are uncomfortable and you  
make other people uncomfortable.  
It is inconvenient to you to  
have to send off for what you  
want, and there delays and  
sending back and heavy expense  
which sours your disposition and  
makes other people sour.

To live in a community where  
every bod is beneath your notice  
is annoying and other disagree-  
able sensations and the News'  
advice is to migrate—go hence.

The people do not need you  
and there is no place for you.

### Attempted Bank Robbery.

Dalhart, Texas, Nov. 14--The bank of Texline, 30 miles north of Dalhart, was dynamited last night by yeggmen. Two explosions were made when the people living near were aroused and the robbers driven away. The burglars failed to get into the safe and did not get anything. This bank is a branch of the First National Bank of Dalhart.

Responding to telephone calls, Sheriff Slaughter, with the sheriff and his deputies went to Texline on the first train and are now in hot pursuit of the robbers, who took to the mountains of New Mexico.

All damage to bank and its fixtures is covered by insurance.

Texline, Texas, Nov. 14--The safe of the Texline bank was blown open about 1 o'clock this morning. The explosion was heard by citizens who surrounded the bank at once, but the burglars escaped without securing anything. Windows were shattered all around by the explosion.

The robbers entered the bank by breaking open the front door.

There is no clue to those attempting the robbery.--Hereford Brand.

America's Greatest Weekly  
THE TOLEDO BLADE, TOLEDO, OHIO.  
The Best Known Newspaper in the  
United States. Circulation 240,000.  
Popular in Every State.  
NO WHISKEY ADVERTISING  
The seventy-sixth year of its exist-  
ence finds the Toledo Blade more popu-  
lar than at any period of its remarkable  
career. It is now read each week by  
more than a million people. Its field is  
not circumscribed by State boundaries,  
but involves the length and breadth of  
the United States, giving it an unques-  
tionable right of claiming to be the  
greatest national weekly newspaper in  
the country.

The Weekly Blade is distinctly a  
family newspaper. The one object of  
its publishers has always been to make  
it fit for the American home, for the  
Breside, and of interest to every mem-  
ber of the family. To fulfill this pur-  
pose it is kept clean and wholesome.  
The news of the world is handled in a  
comprehensive manner, and the various  
departments of The Blade are edited  
with painstaking care. The Household  
page is a delight to the women and  
children; current affairs are treated  
editorially without prejudice; the serial  
stories are selected with the idea of  
pleasing the greatest number of fiction  
lovers; the Question Bureau is a scrap-  
book of information; the Farmstead  
columns are conducted with the pur-  
pose of giving the patrons a medium  
for the exchange of ideas and informa-

## STEVENS

The STEVENS No. 335  
Double Barrel Hammerless  
Shotgun—is strongest where  
other guns are weakest. The bar-  
rels and lugs are drop-forged in  
one piece—of high pressure steel,  
choke bored for nitro powder—  
with matted rib.

Pick up this gun and feel the balance  
of it—examine the working parts  
closely and see the fine care and finish  
of detail—you will say it's a winner.  
It lists at only \$20.00 and will be  
expressed prepaid direct from the  
factory in case you cannot secure  
it through a dealer.

## The Thrice-a-Week Edition of the NEW YORK WORLD

Practically a Daily at Price of Weekly  
No other Newspaper in the world gives so much at  
so low a price.

The great political campaigns are now  
at hand, and you want the news accu-  
rately and promptly. The World long  
since established a record for impar-  
tiality, and anybody can afford its  
Thrice-a-Week edition, which comes  
every other day in the week, except  
Sundays. It will be of particular value  
to you now. The thrice-a-Week World  
also abounds in other strong features,  
serial stories, humor, markets, cartoons;  
in fact, everything that is to be found  
in a first-class daily.

THE THRICE-A-WEEK WORLD'S  
regular subscription price is only \$1.00  
per year, and this pays for 156 papers.  
We offer this unequalled newspaper and  
THE LYNN COUNTY NEWS  
together for one year for \$1.65. The  
regular price of the two papers is \$2.00.

## Semi-Weekly Farm News

Galveston and Dallas, Texas  
The best newspaper and agricultural  
journal in the South. Contains more  
State, National and foreign news than  
any similar publication, the latest  
market reports, a strong editorial  
page and enjoys a reputation through-  
out the Nation for fairness in all mat-  
ters.

Specially edited departments for  
the farmer, the women and children.  
THE FARMERS' FORUM  
The special agricultural feature of  
the News consists chiefly of contri-  
butions of subscribers, whose letters  
in a practical way voice the sentiment  
and experience of its readers concern-  
ing matters of the farm, home and  
other subjects.

THE CENTURY PAGE  
Published once a week, is a magazine  
of ideas of the home, every one the  
contribution of a woman reader of  
The News about farm life and matters  
of general interest to women.

THE CHILDREN'S PAGE  
Is published once a week and is filled  
with letters from the boys and girls  
who read the paper.

RATES OF SUBSCRIPTION  
One year, \$1.00; six months, 50c;  
three months, 25c, payable invariably  
in advance. Remit by postal or ex-  
press money order, bank check or  
registered letter.
