## Machinery Arrives to Drill Oil Well

The Tahoka Oil and Gas Company received their big heavy machinery yesterday, (Thursday,) for their deep test well, to be drilled on the W. C. Cowan ranch three miles south of town.

The casing, coal and other materials are already on the ground, and as soon as the drillers can set up the machinery the development will begin.

The Company states that everything is of the very best, and that the drillers, they have employed are men of wide experience in drilling wild cat wells, and are in every way reliable. The Company has been investigating their records for the past three months, and knew that they were employing the right men when they signed the contract to put down the well.

The progress to date has been a little slow, but it has been sure, and the promoters have taken plenty of time to make thorough investigation and give to the company the best service in every way.

Now that the machinery is on the ground the Company expects to make rapid progress and bring in the oil in the near future.

## To Those Who Have Sons Abroad

Mothers and fathers who have sons overseas, and intend to send them Christmas packages, will please deliver your parcels to the local postoffice, on Monday and Tuesday, Nov. 18-19th., and the Postmaster will take care of them on these days. Be sure and have them ready for mailing on the above mentioned dates.

MRS. M. M. HERRING.

Private Wm. Lawson came in Monday from Camp Travis, in response to a message stating that his mother was very low and not expected to live.

Miss Lottie Boles, Tahoka's popular voice and music teacher, returned from Lubbock Monday, where she had been visiting home folks.

Miss Lena Jones, one of Lubbock's Public School teachers, is visiting her sister, Miss Margaret, our Fourth grade teacher.

Billie Brandon has returned from Woodward, Okla., where he has been on business the past few weeks.

Messrs S. E. Reed and M. L. Sullivan left the first of the week for Eastland and other points on business.

Miss Hester, of Plains, was shopping in our city Saturday.

## Star Drug Store Changes Hands Here

Last week the Star Drug Store in Tahoka was purchased by O. C. Thompson, of Snyder, Texas, from Postmaster, E. D. Barnes, of the same city. E. D. Smith, who has had charge of the business for the past several weeks, will remain in Tahoka as manager of the store. Mr. Thompson is in the city looking over his newly-purchased property, and it is hoped that he will locate with us permanently. We wish him a prosperous business in the purchase of the Star Drug Store.

## Germany Reported to Have Surrendered

Yesterday (Thursday) morning news came over the wire from Dallas that Germany had ceased fighting and that the war was over. The telegram was signed by A. H. Bella & Co., Publishers of the Dallas News, and is considered authentic and reliable.

It is hoped that the daily papers will verify this report.

## Methodist Conference Changed to Abilene

The Annual Conference of the Methodist Church, which was to have convened in Lubbock this week, was changed to Abilene, Texas on account of the influenza quarantine at Lubbock.

Rev. R. F. Dunn, pastor of the Methodist church in Tahoka, departed for that city Monday to be in attendance upon the Conference. He will return Saturday and will hold regular services at the church Sunday.

## A Letter From P. S. Williams in France

France, October 16, 1918.  
Dear Mother and Father:-  
Just received your letter, was sure glad to hear from you and to know all was well.

I have been up to the front where the bullets fall fast and thick. Working day and night trying to keep the Wisers working but the D-n Dutch are retreating too fast for us to keep up. I am about 12 miles behind the lines tonight. Guess I will get a rest. I have seen a whole lot of war and work in the last week, and can't say that I like it. For it is h-l, but I do wish I was able to continue working double shift until the last one of the Dutch is killed, to keep any more of our boys from coming over here. It would not be so bad if the Dutch would only fight fair. We have got them going anyhow.

Must close for this time. I will write again before I go up, if I have time. Love to all. Answer soon.

P. S. WILLIAMS,  
Co C, 111 Field Sig. Bat., A. E. F. A. P. O. 796.

Rev. and Mrs. J. B. Callaway, returned to their home in Big Springs, Monday, after a visit with their daughter, Mrs. J. D. Donaldson.

## O. D. Hargis Here Assisting in First Nat'l. Bank

O. D. Hargis is down from Lubbock for a few days assisting in the First National Bank, of Tahoka. Mr. Hargis has just returned from India, where he has spent the last three years in the rubber business.

The writer has known Mr. Hargis for several years, and he is a clean-cut, business-like gentleman whom any one is glad to meet. He states that he will probably return to India in the near future to continue his business in that country.

B. F. Montgomery returned from O'Donnell, Wednesday, where he had been buying a car of scrap iron.

Boyce Hatchett came in from Phoenix, Arizona, the first of the week, where he had been on a prospecting tour the past few weeks.

Miss Grace Hester spent the past two weeks with home folks at Plains.

## Speaking at Court House Sunday

Judge Jackson, of Amarillo, and Judge Lockhart of Tahoka, will speak at the Court House, Sunday, November 10th, at 3:00 o'clock, P. M., in the interest of the United War Work Campaign. Everybody come.

B. P. MADDOX,  
Chairman United War Work Campaign.

## Tahoka Public School Started Again Monday

The Tahoka Public School, which was suspended for two weeks on account of the influenza epidemic, continued in session last Monday. Only a small percentage of the average attendance, have re-entered school however, as the disease has not been entirely stamped out.

Every precaution is being taken to prevent the spread of the epidemic, and the school building is being fumigated twice per week, as well as other public buildings, as ordered by the County health officer.

It is hoped that a full attendance in the school can be had within the next week or so.

## W. B. Slaton to Take Extended Vacation

Cashier, W. B. Slaton, of the First National Bank, informs us that he intends taking an extended vacation in the near future, and will be absent from his post of duty for several months. W. D. Nevels, formerly with this institution, will assist in the bank during the absence of Mr. Slaton.

AMERICAN RED CROSS,  
Lynn County Chapter.  
MISS MAGGIE KING, Sec'y.

## The Influenza Situation in Tahoka

While not as good as we could wish it to be, is not alarming and not as bad as we feared it would be.

Where it has been very much worse than it has been here, they have opened the schools, churches and Sunday Schools.

The city of Dallas had about 8,000 people in attendance last Sunday at the Sunday Schools.

Waco opened the Cotton Palace with a good attendance, the papers say.

We have not been as careful as we should be in regard to visiting houses where people have the disease.

Sick people have to be waited on, but there should be no more visiting than is absolutely necessary.

The houses should be well ventilated and fumigated as well as may be.

Persons entering houses should use all necessary precautions.

We have instructed the fumigation of the school building three times weekly.

Last week while school was closed, we heard of several social gatherings, and heard that there were three on Halloween night. This should be deprecated.

We scarcely dare to hope that we have reached the crest of the epidemic here, but if all will use good judgment and co-operate we may escape the ravages of a general epidemic. Also we must remember that Grippe is epidemic that is like the Bible says about the poor, we have it always with us.

I have a letter from the Bureau of Vital Statistics, which says they can prove that whereas the death rate in some places in the north and east was from 20 to 60 per cent. in Texas it will be less than 5 per cent.

Let us all co-operate in stamping out this dreaded scourge and hope that no drastic measures will be necessary in this broad land of sunshine and fresh air.

We must remember too, that the highest authorities say there is no such thing as an effective quarantine.

Yours truly,  
C. B. TOWNES,  
Health Officer.

## Infant Child of Mr. and Mrs. M. Edwards Dies

On Saturday afternoon, at 1:30 o'clock, Nov. 2nd., the spirit of little Aneta Ellen Edwards winged its way into the presence of Christ and the angels. Little Aneta Ellen was the infant daughter of Mr. and Mrs. Marcus Edwards of our town, and had been sick of pneumonia for two weeks.

A great sorrow has fallen upon the home and heart of our friends and neighbors, and our hearts go out to them in deepest sympathy and prayer, that the grace of God may comfort them in their bereavement. Their loss is heaven's gain; and this sad experience will make heaven nearer and give them a greater longing for that day when they shall join their little darling over in the beautiful land where parting is no more.

A FRIEND.

A. D. Shook, President of the Tahoka Oil & Gas Company, is in Amarillo this week buying 2-inch pipe and the necessary water pump to draw the water from the Cowan well to the derrick.

## Late News Items From O'Donnell

Mrs. J. F. Shook is reported some better at this writing. All other "Flu" cases reported convalescent.

J. J. Weems left last week again for Burkburnett, to resume his duties as pumper in the oil fields.

School started at Plainview school house, Monday, 4th, as the influenza epidemic has subsided and the teachers, the Misses Fulcher, of Sterling, have returned.

Marvin Shook has returned from Arkansas, being called home to the bedside of his mother.

Mrs. J. J. Weems visited in Tahoka last week, with the family of Mr. Davis, her brother-in-law.

The General Election went off quiet here, only a small number votes cast, as usual in all General Elections.

S. R. Schooler was in with a nice beef this week, which saved some lives possibly.

J. N. Lines made a trip to Tahoka Sunday, taking up some O'Donnell people to visit for the day.

J. B. Miles moved the balance of his cattle over west about Seagraves this week, as range conditions are better there than here.

The young set had a little gathering at the home of J. J. Taylor Saturday night.

J. J. Pugh did grinding at Weems' shop Saturday, which was a great accommodation to our people, as Mr. Weems was away.

Mrs. M. A. Etter is in receipt of a letter from her son, John, overseas, telling her he was well and having a Kaiser time over there.

The 36th Division overseas, have been reported as in the big rush over there. A good many of our boys from here are in that division, and guess they are having the time of their lives, as they are Plains boys and long-winded, we expect more of them, and only hope they may hold out long enough to catch Kaiser Billum and bring him back as a side show.

NELLA.

## Small Vote Polled in General Election

In the General Election held Tuesday, very little interest was manifested, only a small per cent of the voting strength of the county was polled.

In the Tahoka box at the Court House, a total of 52 votes, (51 Democrats and 1 Republican,) was polled.

In the North Tahoka box, 43 Democratic votes were polled.

O'Donnell polled 19 votes, Gordon 17, Grassland, 7, Wilson 17, Democratic, 1 Republican, Three Lakes, 6, and New Home 16 Democratic and 1 Republican, making a total 179 votes polled in the county.

The Amendments carried unanimously.

The News is under obligations to Jim MacFarland for the assistance he rendered us last Friday and Saturday in repairing a broken piece on our big cylinder News press. We were up against it for a time, but Jim came to our rescue by forging a piece in his shop identically the same as the piece broken. We can gladly recommend Mr. MacFarland to any one desiring first-class mechanical work. Jim is certainly there with all the "stuff" that puts him in class A1.

## United War Work Campaign, Nov. 11-18

The United War Work Campaign begins the 11 of this month and ends the 18th of this month.

It is a campaign for funds for the Y. M. C. A., Y. W. C. A., Salvation Army, Camp Community Service, Camp Library Association and the K. of C. Under the advice of the President of the United States the seven different agencies have been asked to unite their campaign under one head, called the United War Work Campaign for the huge sum of \$170,000,000.00 which goes to make the boys in service, both on this side of the waters and overseas, as comfortable as possible while they are in service. These men that have gone into the service of their country have been called away from their homes and two million of them are now in the overseas service away from home, the most of them for the first time in their lives, and are in a strange land, among strange peoples with peculiar customs, and it is under these conditions that they must fight, and many die. And these seven different agencies have undertaken the huge task of making conditions in the camps, behind the lines and even up in the front line trenches as near like home as possible and to render every assistance possible to the soldier boys, no matter where they may be, as comfortable as possible. I am sure that there is hardly a person who has a relative in the service, who has not received a letter or many letters, from this dear one enclosed in an envelope with the red triangle on the the envelope, which was furnished to him free of charge, and the best part about this is, it is evidence to such a loved one, that while the dear one was writing you the lines that you are reading, that he was in a warm comfortable building, surrounded by helpful ones who are ready at all times, day or night, to assist the dear one in every way possible. And it is a part of the duties of these people that are engaged in the work of these seven different agencies to cheer the boy when he is sick, and most of all, it is their gracious part, many times to be at the bedside of a dear boy in his last moments on earth, and their to pray with him, and best of all to pen you his last dying message to the loved ones at home. In the thousands of warm, cherry huts of the "Y" and the other six different organizations, the boys can go when he is back from the front lines, cold, tired and lonely, that he can find a place to rest, to write, read good books, magazines, play games, and best of all, to see the cherry face of an American woman, the next best thing to his mother, and too, 'it is the Y Sec. that is among the last ones to say a cherry "Good luck to you boys," as he prepares to go over the top into No man's land, and into death grapple with the Hun. And it is one of the agencies that is among the first to meet him when he comes back from No Man's land, perhaps reeling from a terrible wound, suffering agonies untold, and it is their part, when he is recovering from wounds or sickness, in those long lonesome days, when his thoughts inevitable turn homeward to loved ones and mother, that these secretaries are there with cherry words to

## POSTPONE BAPTIST GENERAL CONVENTION UNTIL DEC. 5.

At a special meeting of the executive board of the Baptist General Convention of Texas yesterday, it was decided to postpone the convention until Dec. 5 on account of the influenza epidemic.

## HEAD OF WEYLAND COLLEGE IS DEAD

Plainview, Texas, Oct. 29.—The Rev. R. E. L. Farmer, president of Weyland College here, died last night of influenza.

He is survived by a widow and several children. He will be buried on Wednesday.

It sometimes looks as if it would be all "over over there" before any of the rest of us get over there.

## U. S. MAKES APPEAL FOR STENOGRAPHERS

The United States Government is waging a campaign to secure Civil Service employes to organize an efficient civilian army to support our active fighting forces. Entrance salaries are exceptionally high with advancement after a short term of satisfactory service, due to the insufficient number of applicants.

This need is deemed pressing enough to justify the United States Civil Service Commission in promoting the Ordnance Department of the Army, by an organized campaign to secure the co-operation of commercial school, asking that every effort be made to forward Civil Service training, that this work be extensively advertised and that their needs be brought to the attention of commercial students and other persons who might be interested.

The Tyler Commercial College has just received an urgent letter from the President of the Civil Service Commission at Washington, D. C., listing more than 6000 clerical positions now open to our graduates. The local authorities are working in conjunction with the College and insure the full support of the Commission Representatives in Tyler and the Federal employes in charge of the examinations offered here every Tuesday. These examinations are graded with unusual promptness and leniency and appointments are frequently given when rather low ratings are made.

Girls show your patriotism—spend three and one-half months in the Tyler Commercial College, Tyler, Texas and qualify to pass the Civil Service examination, thereby helping to win the war. The Tyler Commercial College has a special class in Civil Service work and by the aid of the famous Byrne shorthand which they control they can qualify you to do this patriotic work, for which the Government pays handsomely, in three months less time than any other school. Girls, what excuse can you offer for not spending three and one-half months preparing to go to our beautiful National Capitol at a good salary and help your brothers win the war?

The cost of tuition, books, and board for the three and one-half months would not exceed one hundred and fifty dollars. If you haven't this amount, borrow such part of it as is necessary from some business man who would be only too glad to make you a loan since it would serve to help win the war, then, too, you could soon pay off the loan out of your salary. The College itself is extending credit to some worthy girls and boys. Write at once for catalog, shoulder arms and start on your march to our Nation's Capitol and do your bit to defend U. S. A.

## GERMANS FORTIFYING FRONTIER OF BAVARIA

Copenhagen, Saturday, Nov. 2.—Austro-Hungarian troops are being withdrawn from the western front and the Germans, fearing the allies will march through Austria, are digging trenches and erecting fortifications along the Bavarian frontier, according to a Vienna dispatch to the Politiken.

Watch the name label on your paper. This is the only notice you will have of the expiration time of your paper.

## TEXAS BAPTISTS WILL RAISE \$300,000

The Baptists of Texas are in the greatest campaign of their history to raise in cash, by the December meeting of the Baptist General Convention, the sum of \$300,000.

This is the largest amount in cash ever asked for by them in a single campaign. It is urgently necessary that this entire amount be raised in order to take care of the various important interests fostered by the State executive board of the denomination. The regular missionary work in Texas requires over \$150,000 to finance it. This, for many years, has been a most fruitful and far-reaching enterprise. The missionaries of the board in Texas within the last ten years have baptized more than 75,000 new converts and received 156,000 members into Baptist churches by letter, baptism and other recognized ways.

At least \$50,000 of the \$300,000 objective will be invested in providing for religious services for the many thousand soldiers stationed in Texas. The work of the denomination along this line has been aggressive and of telling effect and significance.

Adequate support for aged ministers and free service for the needy poor in the various Baptist sanitariums will also be provided out of this fund. Baptists pay a monthly stipend to the support of their retired preachers who are incapacitated for self-support. They also maintain a home for aged ministers at Palacios. They have two great hospitals, one at Dallas and another at Houston, with two more in contemplation, one at Waco, which is nearing completion and another soon to be started at San Antonio. In these hospitals free treatment is given to the sick and afflicted who are unable to bear the expense of such treatment themselves.

The hundreds of churches in the drouth sections of Texas will receive aid from this fund. Hundreds of preachers and missionaries will be enabled to continue with their churches and their friends by virtue of the assistance that will be supplied to them out of this fund. This is, perhaps, one of the most critical and urgent calls that the State executive board has to meet. There is an imperative necessity for the complete success of the pending campaign, because of the vital interests and tremendous obligations involved.

It has been arranged to accept Liberty bonds as cash and the use of these securities will, no doubt, greatly enhance the offerings. Churches and their members are urged to buy Liberty bonds and give them to this cause, thus helping both the Government and the great work of the denomination.

The interest in the campaign is Statewide and intense. It is being carried on and participated in with wonderful heartiness and with a determined purpose to win. It is being watched with keen and growing interest by the public in general. If the Baptists win out, which it is expected that they will, it will be regarded as a great victory.

The headquarters of the Baptist executive board, under whose direction the campaign is being conducted, is Dallas. The secretary of the board is Dr. F. S. Groner, 720 Slaughter Building, Dallas. Mr. Groner requests all funds be remitted promptly to this address.

## WILLING TO TAKE CATTLE FOR PASTURE

Letters have been received from a number of parties, chiefly in the State of Louisiana, either offering grazing land for lease or offering to take cattle to pasture at so much a head by the month or season says John C. Burns, Agent of the Bureau of Animal Industry, co-operating with the Extension Service A. and M. College of Texas. Practically all of the lands listed have ticks and would, therefore, be available only for cattle that have had ticks on them.

Mr. Burns has made investigations of the possibility of obtaining winter range for Texas cattle that must move on account of the drouth. The listing of grazing possibilities with him were solicited in Oklahoma, Arkansas, Louisiana, Mississippi, Georgia, Florida and Texas, through the co-operative efforts of the Extension Service Divisions of these states. The chief response has come from Louisiana and he will be glad to put those interested in touch with these possibilities, if they will address him at College Station, Texas.

## CONGRESSMAN JONES WAIVES EXEMPTION

Gainesville, Texas, Oct. 28.—Marvin Jones, member of Congress from this district, yesterday announced that he had waived his exemption as a member of Congress and had been placed in class 1 of the draft.

He is one of the youngest members of Congress and has just returned from the war zone. Jones' home is in Amarillo.

## LOCAL ITEMS FROM TERRY COUNTY HERALD

The first war baby we know of in Terry county, arrived last Sunday in Brownfield, and took up its abode at the Walters home being the little eight pound son of Mr. and Mrs. Bill Smith. His father belongs to a regimental band, and is now somewhere in France.

The Bradley Auto Co. has closed out its business here and have moved all supplies, tools, etc., to the main house at Lubbock.

The Influenza epidemic in Terry county seems to be slacking up at writing, though there are several cases yet, and unless there is a big improvement between now and Monday, we do not think it advisable to open the schools, or permit church services. We can better wait another week, than have the disease started again.

Mrs. T. E. Lancaster got a wire Tuesday to the effect that her brother who lives at Lakeview, Texas, was dead, and that her mother was not expected to live. She left immediately for Lubbock to catch a north bound train for that point, as the train had left Brownfield. Herald offers sympathy to the grieved.

Mr. Barnes, of Tahoka, unloaded his thrasher here last Friday, but the weather has been so bad since, that he was unable to do anything till Monday.

Mrs. Lula Neill, wife of Ed Neill, died at Austin, Texas, last Monday morning, and was buried at Haskell, where they had lived for several years, Wednesday. Mrs. Neill was a daughter of Mr. and Mrs. J. M. Currier, who lived here and in west side of this county for several years. Mr. and Mrs. Neill both lived in this county some years ago and married here. Geo. W. Neill and wife, and Mrs. W. F. Stewart, went to Haskell, Tuesday to attend the funeral.

## DALLAS CLOSES ITS FIRST YEAR WITHOUT SALOONS

A year without whiskey has reduced crime in Dallas County fifty per cent, according to court records. In fact, judges and peace officers say the decrease may be even more than that, according to the Dallas News.

Investigations at the County Jail one day, recently, showed eighty-three prisoners. A year ago there were more than two hundred. Boone Peak, the jailor, said he can remember when 275 prisoners were in the Dallas County jail. Of the eighty-three now confined, eighteen are serving Federal terms. There are seven interned women. That leaves Dallas County with fifty-eight prisoners.

"The war has had some effect," said Sheriff Reynolds. "But the change is due chiefly to prohibition. The crime is not here. This office gets few calls at night. Formerly deputies were accustomed to ride at night."

The same situation is reflected in convict camps. The county has but two. One year ago there were seven. Then there were never less than one hundred convicts there. The two now have but sixteen men serving terms. It is often necessary for the County Commissioners to hire men to keep the camps going. Guards often turn into laborers because there are no prisoners to guard.

Judge W. L. Thornton of the County Court at Law No. 2 is of the opinion that crime has been reduced 50 per cent in the last year. He pointed out that his misdemeanor docket was formerly one to dread. Now it amounts to very little.

Sam Smith of the auditor's office said it seems that the county is not now receiving more than one-tenth of the money that came in fines previous to the coming of prohibition.

"Before the prohibition came, we tried from one to half a dozen cases of drunkenness each day," said Grady Kennedy, deputy constable.

The kaiser is shipping out all his household effects in plain trucks. But how is he going to make his own getaway?

## LETTERS FROM THE SOLDIER BOYS.

From L. R. Healey.  
Camp Mabry, Austin, Texas,  
October 10, 1918.

Mrs. F. P. Fulcher,  
Sterling City, Texas.

To His Mother:

The star in your service flag has been turned to gold. The soul of your beloved son has left this earth and has gone to our Father in Heaven.

Mother of Vonnie V. Fulcher, I extend to you my most sincere sympathy. Vonnie was a real man. I was not slow to appreciate all this modest youth held in reserve, his kindness, his calm, his quiet courage, his intellectual and moral value.

Your son died a soldier, a true patriot and he gave his life for his country just as had he died on the battlefields of Europe.

It is hard to give up the life of a loved one, but you should be proud that your son died a soldier. He died in the service of a great service and for a great cause.

Vonnie fought hard to live, but the dreaded pneumonia took him away. But I know that he could truly say: "I have fought the good fight. I have finished the course. I have kept the faith." I would, that you, his mother, whose heart beats with mine in this sorrow, could repeat the word of our hope: "Because I live, ye shall live also."

While waiting the hour of victory which we will see from the heights of a better world, an hour which unhappily will not strike before having plunged many families into mourning; accept, dear madam, once more the assurance of my very sincere participation in your terrible sorrow. God help you and comfort you.

Sincerely yours,  
L. R. HEALEY,  
First Lieutenant, A. S. A., U. S. A.

Whereas, our friend and comrade, Vonnie V. Fulcher, has given his life for his country and has passed beyond earthly bounds; be it resolved by the Officers and men of Company Sixteen, University of Texas

Student Army Training Corps:  
First, that in the death of our comrade and friend, our country has lost a manly soldier and a real patriot.

Second, that we, his comrades, have lost a true friend, a man who always did his duty well and cheerfully.

Third, we desire it to be known by his family and friends that he took his sickness like a stoic; he had the best medical care and attention, having been attended by Capt. C. W. Kent, U. S. Army Medical Corps, one of the foremost physicians of Texas. However, after having been weakened by the Spanish Influenza, pneumonia set in and he was not strong enough to combat the disease.

Fourth, to the family and relatives of the deceased we can not but express our sympathy. Vonnie wished to cross the seas and fight the battles of Liberty on the soil of France and then, to return again to his parents and friends, but his prayer was heard otherwise than we could have desired; but may the faith which sustained him up to the end help you to endure without a murmur the will of our Heavenly Father and may so many sacrifices willingly offered and so many tears poured out for her render us still more devoted to our dear "Patria."

Fifth, that a copy of these resolutions be sent to the deceased's parents, and also to his home paper for publication.

Respectfully submitted,  
L. R. Healey, 1st Lt., A. S. A.  
N. I. Larson, 2nd Lt., A. S. A.

## Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

## TAKE

# CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

help pass away the long, lonesome hours. And I am sure that the people of Lynn County want to have their part in this great service of giving comfort to those boys who are waging so gloriously this war for humanities sake. May you not give liberally to this great cause, remembering that it is a small part compared to the awful sacrifice that these boys have made

for you and I. If you do not do your part, some day when these boys come back home, your conscience will smite like a flaming scourge, especially when you stand in the presence of one of these lads, who went through it all.

Of this huge sum, Lynn County is called upon to contribute the sum of \$750.00. Can we not raise it gloriously and readily. Mr. W. B. Slaton is the County Chairman of this fund, make all checks payable to him. Go to either one of the banks and leave your contribution for this great fund. Do it now. Do not wait for some one to call on you, but walk into the bank, like the soldier boy goes "Over the Top," and do your part. Make the boys at the front and back behind the lines feel and know that you are doing your part to "Keep the Home Fires Burning." The time to give is right now. Victory is in sight, but will come so much quicker and faster when we show the Kaiser that we are back of the boys to the limit. The world has turned upside down so far as the German is concerned, since our boys first hit them at Chatteau-Thierry, and the Huns have been moving homeward every since that day. May we keep them going, and we will do it, and while our boys are helping to push the Hun hordes back to the Rhine, lets give them the comforts that they deserve while they are doing it. We cannot be there to give them a slap on the back, and yell to them "Go to it," but we can give them comforts, which will make them feel and know that behind them in the dear home land, not only ready to shout when they win, but ready to give, give, give as they fight and die pushing the most fearful enemy of man kind back on his knees begging for mercy. Give and give now.

The following school communities have already raised their quotas in the United War Work Campaign: O'Donnell, Edith and Joe Stokes.

Since writing the above the Dallas News wires that the war

is over, but Dr. Moot, the Chairman of the United War Work, of the United States, has wired me to continue the campaign, because he says the National authorities advise him it will be 12 or 15 months before the boys come home and this fund will be sorely needed. If the war is over, we can so much better afford to raise our quota. Raise it quick.

## Cemetery Association Meets Wednesday, 13th

The Cemetery Association will meet Wednesday, Nov. 13th in the County Court room at 4 p. m. The members are urged to be present as this is a very important meeting. Also anyone having people buried at the cemetery will be more than welcome.

The plat is being surveyed this week, the old part being laid out as best we can and the new part cut into lots of different sizes to accommodate the needs of all.

The object of this meeting is to determine the disposal of the lots, how the prices shall be fixed and plans discussed for the permanent improvement of the cemetery.

The sale of the lots will provide a fund to be used in taking care of the property, keeping up the fence, killing out pests, that destroy the flowers and trees, and caring for the graves.

Those who have relatives buried here should be present and hear the plans of the committee for the management of the part of the cemetery which is now occupied.

The plat north of the cemetery has been given by liberal citizens in different parts of the county, which enables us to make this a burying ground for a half century to come. This is a matter that should be near the heart of us all and we must do some improving.

The wants of those unable to buy lots, or those objecting to being laid in a purchased lot, can be nicely taken care of under the plans laid out by the committee.

This is a business proposition, but one we must meet to show the proper respect for our dead.

COMMITTEE.

## Hold on to Your U. S. Liberty Bonds

The owner of a Liberty bond is the bond creditor of an honest debtor, and one who is amply able to meet its obligations—the United States.

It is poor business to exchange such a bond for stock of any sort of a speculative nature. Hold your Liberty bonds as a part of wisdom as well as a part of patriotism.

## Coughs and Sneezes Spread Diseases

As Dangerous as Poison Gas Shells

## Another Liberty Loan Coming

Secretary of the Treasury, McAdoo, has announced that, no matter what the results of the pending overtures for peace may be, there will be another Liberty loan. To use his expression, "We are going to have to finance peace for awhile just as we have had to finance war."

There are over 2,000,000 United States soldiers abroad. If we transport these men back to the United States at the rate of 300,000 a month, it will be over a half a year before they are all returned. Our army, therefore, must be maintained, victualled, and clothed for many months after peace is an actuality.

The American people, therefore, having supported the Liberty loans with a patriotism that future historians will love to extol, will have an opportunity to show the same patriotism in financing the just and conclusive victorious peace whenever it comes.

Not for a moment, however, is the Treasury acting on the assumption that peace is to come soon. Until peace is actually assured the attitude of the Treasury and the attitude of the whole United States Government is for the most vigorous prosecution of the war, and the motto of force against Germany without stint or limit will be acted up to until peace is an absolute accomplished fact.

One more Liberty loan, at least, is certain. The fourth loan was popularly called the "fighting Loan"; the next loan may be a fighting loan, too, or it may be a peace loan. Whatever the conditions, the loan must be prepared for and its success rendered certain and absolute. Begin now to prepare to support it.

### DON'T BE JUST AN "AVERAGE" MAN

Young people must make themselves efficient and handle their earnings properly during their productive years if they are to escape the common lot of being dependent in old age.

The life insurance companies have compiled figures which abundantly demonstrate these facts. Give sober consideration to this digest of life experiences of one hundred average men. At the age of sixty-five the record of these men are as follows: thirty-five are dead, one rich, four wealthy, six are self supporting but are compelled to work for a living, fifty-four or over half the number are dependent on children, relatives, or charity. This is a sad state of affairs and only can be remedied by getting the proper kind of business training in youth.

The average educated man gets a salary of \$2,000 a year. He works forty years, making a total of \$80,000 in a life time. The average day laborer gets \$3.00 per day three hundred days in the year, or \$900 a year. In forty years he earns \$36,000. The difference, \$44,000, equals the financial value of an education. To acquire this earning capacity requires about five months time or one hundred and fifty days in the Tyler Commercial College. Divide one hundred and fifty days into \$44,000 the value of an education, and you will find that each day spent in the Tyler Commercial College is worth \$293 to you without considering the satisfaction and pleasure of living a much more successful life. Fill in and mail for free catalog. Get out of the average class. Tyler Commercial College, Tyler, Texas.

## Instructions for Sending Xmas Boxes to Our Soldiers Overseas

The war and postoffice departments and the American Red Cross have made an arrangement by which every man in the army overseas may receive a Christmas parcel from his family or friends. The amount of shipping space which can be set aside for the transportation of these parcels will permit the sending of but one parcel to each man.

Each soldier overseas will be provided with one Christmas parcel label. This label will be forwarded by him to the person in the United States from whom he wishes to receive his Christmas package. Packages that do not bear this label will not be accepted by the Red Cross for delivery to the postoffice authorities. Labels that are lost will not be duplicated.

Christmas parcels must be placed in standard cardboard boxes 3x4x9 inches in size. These boxes will be provided to holders of labels by the American Red Cross. They may be obtained at Red Cross chapters or branches after November 1.

Below is a list of articles which are barred by the postal authorities. Study these instructions and avoid mistakes. No message or writing of any kind will be allowed to go in the boxes. When the boxes are packed but unwrapped, they must not weigh more than two pounds fifteen ounces. If the parcel is over weight some article must be removed.

Do not mail the box yourself. When packed, the box, unsealed and unwrapped, ready for inspection, should be taken to the nearest collection station designated by the Red Cross. Red Cross representatives are authorized to remove objectionable articles from parcels. Shippers will then affix sufficient postage on their parcels to carry them to Hoboken, N. J. Parcel post zone rates will be charged. The parcels are to remain in custody of the Red Cross until delivered to the postal authorities.

No Christmas parcel will be accepted by the Red Cross for shipment after November 20. Keep this fact in mind when planning a Merry Christmas for the boys 'Over There.'

One package for every soldier. Procedure to be followed when you receive a Christmas parcel label from abroad:

The following is an outline of the procedure to be followed by persons planning to send one of these parcels abroad.

On receiving one of these Christmas parcel labels, it should be presented at the nearest chapter, branch or auxiliary headquarters of the Red Cross, where the holder will receive a carton. These labels are not expected to reach this country before November 1, by that time each Red Cross branch will have its allotment of boxes based on the number of soldiers in service overseas from that community.

These boxes may be filled with any combination of articles, except those on the list barred by the postal officials.

The following is a list of the principal classes of articles which are unmailable:

1. All spirituous, vinous, malted, fermented or other intoxicating liquors.
2. All kinds of poison and all articles and compositions containing poison.
3. Explosives of all kinds.
4. Inflammable materials, including friction matches.
5. Infernal machines and mechanical, chemical or other devices of compositions which may ignite or explode.

(Note).—Under this classification would come cigarette lighters, etc.

6. Liquids or liquefiable articles, fragile articles and other admissible matter when not packed in accordance with the requirements of the postal laws and regulations.

7. All other articles which may kill, or in any way hurt, harm, or injure another, or damage or deface or otherwise injure the mails or other property.

Bear these facts in mind when packing your Christmas parcel: Nothing should go in a Christmas parcel which will not keep fresh from the time of packing until Christmas.

Dried fruits and other food products should be packed in small tin or wooden boxes, one-quarter to one-half pound size.

Hard candy, including chocolate, would probably be safe in tinfoil or heavy cardboard, but no soft chocolates nor anything that could possibly be crushed should be used, as the remaining contents of the package might be spoiled thereby.

Several dainties packed in oblong tin boxes holding each a quarter of a pound will provide a better variety for a packet than a larger quantity of a single confection.

No liquids nor articles packed in glass should be placed in the package. For wrapping the gifts, use a khaki-colored handkerchief, 27 inch square.

When the package has been packed, it should be taken, unwrapped and unsealed, together with the label and sufficient stamps to the nearest collection center designated by the Red Cross. After the package has passed the inspection of the Red Cross representatives as to contents and weight, and been wrapped in stout paper, the Christmas label bearing the address of the man for whom it is intended is placed on it. The person sending the package, in the presence of the Red Cross worker, is required to affix stamps sufficient to carry it to Hoboken, N. J. The postal charges are to be at the rate of fourth class or parcel post zone rate. A label certifying that the inspection has been completed by the Red Cross until delivered to the postal authorities. **GEO. W. SIMMONS, Manager Southwestern Division American Red Cross, St. Louis.**

### INJUNCTION SUIT TO BE FILED AGAINST 180 COTTON GROWERS

Austin, Texas, Oct. 28.—Assistant Attorney General C. Wall is preparing a petition for injunction which is to be filed in the District Court at Houston against approximately 180 cotton growers in South and Southwestern Texas to restrain them from prohibited territory, as a result of pink bollworm. The territory lying west of zone No. 2, against which the quarantine will be raised, will not be included in the injunction suit.

The cotton growers, it is understood, will not contest the suit, which decision is the result of a compromise reached some time ago between the growers in the non-free zones to remove cotton that may now be planted and ready for market, and ship the cotton to European ports under the direction of the Commissioner of Agriculture. To guard against the planting of cotton in certain territory which has been infested with pink bollworm in the past is the purpose of the injunction suit.

In damp, chilly weather there is always a large demand for **BALLARD'S SNOW LINIMENT** because many people who know by experience its great relieving power in rheumatic aches and pains, prepare to apply it at the first twinge. Sold by Thomas Bros.
