LYNN COUNTY—THE HEART OF THE SOUTH PLAINS—THE HOME OF KING COTTON

Volume 21

Tahoka, Lynn County, Texas, November 13, 1924

Number 11

GIVEN TRIP TO CHICAGO FREE

Emmet McCord Will Be Sent To Chicago By Santa Fe Railroad For Fine Work

The Santa Fe Railway Company has offered a free trip to Chicago to one club boy from each county in Texas. The boy who can show the best production in farm products or live stock in each county will be awarded the trip. Emmet McCord of Grassland has made the best showing for Lynn county and is therefore awarded this honor. Emmet's record shows that on April 28 of this year his father, R. B. McCord, gave him a pure-bred Poland China Pig, 1 1/2 months old and weighing 56 pounds. He fed and cared for this pig until November 11, a period of about 5 1/2 months, when it weighed 404 pounds. Feed for the animal cost \$13.15, slop valued at \$4.55, and labor at \$7.10. The value of the pig at the beginning of the period was \$3.00; making a total cost of \$27.80. On November 11 this pig was worth \$36.36 and Emmet had won a premium of \$2.50 on her at the Garza County Fair; total value of \$38.86, a gain of \$10.56. During this year, Emmet also won a Poland China pig, for which he was offered \$50.00, at the State Fair at Dallas, for being the best club-boy pig; he won \$12.50 in money for being the best judge of grain; and \$8.75 for being a member of the team that won first place in all judging. He was also a member of the team that won third place at College Station and was seventh out of 240 boys contesting.

Another good record was that of Lester Pope of Wilson. He raised 1880 pounds of maize on an acre of land. If the seasons had been favorable of course he would have made a better yield than this.

These boys got their training under the county agent A. L. Robertson, and Mr. Robertson is very proud of the record which these and many other club boys in the county have made this year.

Another Man Held For Cotton Theft

Sheriff Sam Sanford made another arrest Saturday morning upon a complaint which charged the accused with the theft of cotton valued at \$72.00, was stolen from the field of Mrs. J. H. Nelms a mile west of town on Wednesday night of last week. The cotton is said to have been ginned at a local gin, sold here, and the proceeds deposited in one of the Tahoka banks. After making an investigation and gathering considerable evidence, complaint was filed and the arrest followed. The accused made bond to appear before the next district court, whereupon the grand jury will investigate the case. Inasmuch as the amount involved is more than \$50.00, the offense alleged constitutes a felony, and upon conviction the defendant would be sent to the penitentiary.

Reports of a number of cotton thefts have been made and Sheriff Sanford is doing all in his power to procure the evidence on which to send the guilty culprits to the pen.

Singing Convention Will Meet Here

The Lynn County Singing Convention will meet in Tahoka on Saturday night and Sunday, November 22-23, according to Mr. R. B. McCord of Central, President of the Association. Mr. McCord states that a quartette from Lubbock will be present to render some selections and that other visiting singers are also expected. The convention has only two meetings each year now, and it is hoped that this meeting will be well attended. All singing classes in the county are invited and urged to be present. A business meeting will be held Saturday night.

AMERICAN LEGION TO HAVE BANQUET THURSDAY NIGHT

The American Legion boys are planning a banquet for Thursday night, November 20. All who expect to attend are requested to notify the post adjutant, W. S. Taylor, so that he may know in advance the number likely to attend. A great time is promised.

BOYS ARE HURT IN CAR WRECK

Winfred McNeily, son of J. H. McNeily, was quite seriously injured near Dixie Monday night when the car in which he was riding collided with a wagon trailing behind another wagon driven by Al McClintock. Winfred's brother Bill McNeily was driving the car and another boy, a cotton picker whose name we did not learn, was in the car, all coming to town to attend the show. They met Mr. McClintock and upon passing him the driver failed to see the second wagon and turned his car back into the road too quickly, colliding with the trailing wagon. The car is said to have turned over twice and was almost completely demolished. Winfred's arm was broken near the shoulder and it was first thought that he had received serious internal injuries. He was taken to a Lubbock sanitarium for treatment, where it developed that the fracture of the arm was the only serious injury received. The other boys were considerably bruised and shaken up but otherwise uninjured. The tonnage was broken out of the wagon which was wrecked. Mr. McClintock had brought two bales of cotton to Tahoka to be ginned and was returning to his home when the accident occurred.

Cotton Stolen From Grassland Farmer

J. H. Gray, who resides in the Grassland community, reported Saturday that 400 pounds of cotton were recently stolen from his wagon standing in the field. The thieves came at night, stopping their vehicle in the road, and carrying the cotton from the wagon, through a maize patch, to their vehicle in the road. The tracks of three men were plainly visible, showing that at least three persons were implicated in the theft. Mr. Gray states that there have been other thefts of cotton in that part of the country reported. It would be well for the farmers to keep a close guard over their cotton wagons at night.

Texas U. Has Over 500 Bible Students

AUSTIN, Texas, Nov. 12.—Students of the University of Texas are interested in the study of the Bible, as shown by the large enrollment this year in the courses taught at the University. Three are 500 students enrolled in the Bible classes taught by the Association of Religious Teachers, an organization uniting six denominations for the purpose of teaching the Bible to University students. Although conducted independently of the University credit toward a degree is allowed for the work.

Instructors are maintained by the various religious denominations, and the classes are taught in religious buildings near the University campus. Sophomore standing is required for admission into the Bible classes, and the work is given according to the University scholastic requirements. Historical and literary interpretations of the Bible are emphasized, according to Frank L. Jewett, who was the first to teach Bible classes at the University under the auspices of the Christian church. He is now at the head of the Association of Religious Teachers. The denominations offering Bible instruction are the following: Christian, Baptist, Methodist, Presbyterian, Catholic and Episcopalian.

Mr. Eye Edwards has a most beautiful and up-to-date line of millinery. Men, don't fail to see his hats before buying. Babies checked at the Jobber At High School Auditorium Friday and Saturday nights only.

E. N. Ray Sells Grassland Farm

E. N. Ray who lives near Grassland, stated to the News man this week that he had recently sold his home consisting of 164 acres of land to R. B. McCord of the same community. Mr. McCord's brother will occupy and cultivate this place next year. Mr. Ray thinks that he will purchase land near Sudan in Lamb county.

THOMPSON HAS ON SALE

In another place in this paper will be found an ad of Thompson's Cash Store announcing a "Big Stock Reducing Sale." Mr. Thompson says the sale will last until his stock is reduced to a minimum.

FREE POULTRY SCHOOL BEING PLANNED FOR NEAR FUTURE

District Legion To Be Organized

L. F. Craft and W. E. (Happy) Smith were Amarillo visitors Sunday where they went to attend a meeting of representatives of the various posts of the American Legion in the 18th congressional district. The purpose of the meeting was to take the initiatory steps for the organization of the posts of the district in some kind of association, so that the posts of this section may be able to act together upon matters pertaining to the welfare of this portion of the state and any other matters of concern to the local posts. Messrs. Craft and Smith together with other members present will undertake to visit the posts of the 18th congressional district and lay the matter before them.

The Federated Women's Clubs were also in session at Amarillo, and the members of these clubs and American Legion boys were tendered a banquet at the Amarillo Hotel, which Craft and Smith report to have been a swell affair and which they greatly enjoyed.

MRS. FERGUSON'S MAJORITY INCREASING DAILY

According to figures compiled by the Texas Election Bureau, Mrs. Ferguson's majority over Dr. Butte will probably exceed 120,000. It was announced Wednesday that complete returns from 221 counties had been compiled, and Mrs. Ferguson's majority in those counties was 107,436. The vote according to this tabulation, was: Mrs. Ferguson 396,353; Dr. Butte, 288,917. If she maintains the same proportionate lead in the other 31 counties, it is estimated that her majority will be more than 123,000.

Grassland School Opened Monday

Many of the patrons of the Grassland school were present Monday morning when the school opened for this term, with most of the pupils of the district in attendance.

Superintendent J. J. Lowrie made a splendid talk that was inspiring both to the student body and the patrons. Rev. Shelton, the Nazarene pastor conducted devotional exercises. Some of the trustees and other visitors made excellent talks and clearly showed their interest in the school. With their co-operation, the faculty is no doubt going to do their part to make this year the best school year yet for Grassland, and Mr. Lowrie and the members of the faculty state that they will be glad to welcome the patrons and other visitors at any time.

The faculty for the year consists of the following: J. J. Lowrie, Superintendent; J. C. Currie, Principal, Miss Alice Akers and Miss Reba Crawford.

Grassland is a wide-awake community and has one of the very best rural schools to be found anywhere.

New Methodist Pastor Begins Work Here

Rev. John E. Eldridge, new pastor of the Methodist Church, arrived with his family from Mablar on Thursday of last week and filled the pulpit here Sunday morning and night. Large congregations were present to greet and to hear the new minister, and the services were much enjoyed by those present. Brother Eldridge and family have a hearty welcome to Tahoka.

LYNN COUNTY ELECTION RETURNS

	Davis	Cool	LaF.	Fer.	Butte	Mil.	Kur	Mo.	Har.
S. Tahoka	236	35	1	212	73	230	54	256	31

TOTAL	1132	314	57	975	625	1215	365	1362	223

In the above tabulation Miller and Kurth were the Democratic and Republican candidates respectively for Lieutenant Governor and Moody and Harrison for attorney general.

TECH CELEBRATION DREW BIG CROWDS

Many Tahoka people witnessed the ceremonies at Lubbock Tuesday attendant upon the laying of the cornerstone of the Texas Technological College. Some of them saw and heard Gov. Pat M. Neff for the first time. Many were unable to hear him and the other speakers of the occasion on account of the great throngs present. All report that it was a great occasion and much interest in the new educational institution for west Texas were everywhere evident. Being Armistice day, it was generally observed as a holiday in Tahoka. All the business houses closed and a great portion of the population went to Lubbock.

WALTER McATEE OF WILSON HURT IN PECULIAR MANNER

Last Sunday night, while Walter McAttee of Wilson with some other boys was returning from Slaton the car in which they were riding struck a bridge with such force that young McAttee was thrown upward out of the seat, his head striking the bow of the top. The impact was of such terrific force as to make an ugly wound on the head and to render McAttee unconscious for several hours. It is thought that the wound, however, will not prove to be permanent nor serious.

Mrs. and Mr. Polly Tickk Are Here

The play, Mrs. and Mr. Polly Tickk will be presented by local talent at the High School Auditorium on Friday and Saturday nights of this week. The play is given under the auspices of the American Legion and the proceeds will be used to help pay for the park site of Tahoka. It is reputed to be a very mirth-provoking play. If you haven't laughed for a week, go out to this show and get your money's worth. If you are full of fun, this is an opportunity to enjoy yourself that you can not afford to miss. The prospects are that the play will be presented to a full house each evening.

Commissioners' Court Met This Week

The commissioners' court adjourned Wednesday afternoon, after having been in session since Monday. Aside from routine matters, they canvassed the election returns of the recent general election and found the returns as previously reported in this paper. They also slightly raised the salary of the janitor for a few months. They say that Tom Higgins is a good one and earns the money. They let a contract Wednesday to have the pipes of the steam heating system in the court house covered with asbestos. It is estimated that this will save about 40 per cent of operating expenses.

SENATOR LODGE DEAD

Senator Henry Cabot Lodge of Massachusetts died in a hospital at Cambridge Sunday night. He had been a member of the U. S. Senate for 31 years and had long been recognized as a leader in that body. At the close of the World War, he led the fight against the ratification of the treaty of peace and the entry of the United States into the League of Nations proposed by President Woodrow Wilson, being more responsible perhaps than any other person for the rejection of the treaty and the League of Nations by the U. S. Senate. He commanded great influence with the Harding administration but was not in entire agreement with President Coolidge and lost much of his prestige as a leader some time before his death. He was scholarly and intellectual but otherwise he possessed in a high degree many of the frailties to which the ordinary human being is subject.

Judge Mullican stopped over in Tahoka a short time Wednesday while on his way to Seminole to open court. The docket is never heavy at Seminole and so the Judge postponed the opening of court a couple of days in order that he might attend the great Tech cornerstone ceremonies at Lubbock Tuesday.

Spread Christmas cheer with greeting cards. Get the best at the News.

KELTNER HOTEL READY TO OPEN

Tahoka's New 40 Room Holstery Is Completed; One of Best Buildings In This Section

The forty room Keltner Hotel, which has been under construction since last spring, is now complete and is ready to open for business as soon as the lobby furniture arrives. The managers hope to be able to open by Saturday.

The building is of brick and concrete construction, is two stories high, 36 feet wide, and 125 feet long. Besides the thirty-two guest rooms, the building contains a large lobby, a parlor for entertainments and parties a large basement containing a steam heating plant, and living quarters for the managers.

All of the rooms have double windows, running hot and cold water, and steam heat. Rooms may be had either with or without bath. A feature of the building is its wide halls. Felt between the floors deaden the sound of footsteps. The very best of hotel furniture was bought directly from the manufacturer for the building.

The two Mr. Keltners have spared nothing in making the hotel the very best that could be built, and the building is said to be one of the best on the south plains. The hotel will be run strictly on European plan.

Announcement of the opening will be made later. The Keltners came here from Oklahoma where they have been successful business men for a number of years.

Robertson Discusses Farm Terracing

I have had quite a number of men to talk to me about terracing their farms this year. I intend to make out my schedule for terracing within the next two weeks and I would like to get in communication with all who intend to have work done.

This work is done absolutely free of charge, and it is to your good that you take advantage of it. By terracing your land you can hold the water on your land get a good bottom season for another year.

There was quite a bit of terracing done in Lynn county last year and it might be advisable for those who have not done any terracing to talk to some of the farmers of the Grassland and Magnolia communities, as there was quite a great deal of terracing done there last year and quite a great deal to be done there this year.

Terraces are very easily made, and the best method is to construct the terraces about sixteen to eighteen feet wide, so that one will be able to run the rows over them and by that means he will avoid crooked and point rows.

If you are interested in terracing your farm, get in touch with me. My telephone number is 267 and my box number is 84.

A. L. Robertson, County Agent.

Cotton Thief Apprehended at Big Spring

Sheriff Sanford states that he has been advised of the arrest at Big Spring of a man who is charged with having illegally transported stolen cotton into that county. The accused claimed that he had bought the cotton from a wagon at O'Donnell, it is stated. He had 810 pounds. It is known that one Lynn county citizen lost 600 pounds from his field about this time, and officers are working on the case.

Mr. Sanford suggests that farmers keep a close watch on their cotton, as a number of thefts have been reported.

Howells Left For Crosbyton Saturday

Rev. J. T. Howells, and family, left Saturday morning for his new field of labor at Crosbyton, where he will be pastor of the Methodist church for the ensuing year. Before leaving, Brother Howells purchased a new Studebaker car, which shows that the Methodist people of Tahoka take good care of their pastor. Their best wishes follow him and his good family to their new home.

ROBERTSON OF CALIFORNIA BRAGGS OF DALLAS

WILSON NEWS

(From Wilson Pointer)

Dr. Cook moved his family to Lev-eland last Saturday. Miss Bonnie Lee came from Levealand, where she is teaching, to help in the moving.

Dr. Cook and his family have lived here for some time, and we regret very much to see him leave. We are sure that they will at least visit us occasionally, since both Howard and Doc will remain in Wilson.

The school building is being wired this week for the installation of a Delco system of lights.

This was one of the most badly needed improvements on the school building. In the past at all occasions lights had to be collected and returned home. Also there was great danger of fire from use of gasoline lights that are used a great deal in this community. We are sure that the taxpayers will receive more real pleasure and benefit from the money invested in the system.

A small number of members of the Chamber of Commerce met recently and planned the work to be carried out this winter. Money was raised to pay off the indebtedness of the organization and the money was allowed to pay for Wilson's part in the expenses of carrying the Lynn County display to the fairs.

The president of the Chamber of Commerce received an invitation from the Lubbock Chamber of Commerce for Wilson to take part in the celebration that is to be staged at Lubbock for the laying of the Tech cornerstone Nov. 11. No definite plans have been made, but it is the general sentiment that Wilson should do her part in this celebration. See E. L. Weaver and find out if there is anything that you can do to help.

The contractors are now at work on the new Metcalf residence that is being built just west of the Methodist parsonage.

This new home is to be a five or six room bungalow. It will be modern in every respect and will have all of the conveniences that the town can possibly afford.

Mrs. Roy Cobb has returned from the Grand Chapter of the Eastern Star at Galveston. She reports a splendid trip and a very enjoyable time. The gulf, the sea breeze and the bathing there are very worth while.

Mr. and Mrs. Frank Young, who have lived in this community for a long time, have recently moved to Slaton. They have built them a beautiful home in the western part of the town.

Chester Steen, who has for some time lived in California, has moved back to this community.

Miss Mary McCauley left Tuesday for Oklahoma, where she will teach this year.

MARRIED

Earl Spinks and Miss Marie Nelson were the parties to a marriage which was consummated last Saturday afternoon at the residence of Uncle Ike Metcalf, who performed the ceremony. The parties had not resided in this county long and stated that they would not be here long. But they have started on a long journey together. May it be a happy one.

BIRTHS

Only four births have been recorded since our last issue. They are as follows:
Mr. and Mrs. Buford Jones, Oct. 8th, a daughter;
Mr. and Mrs. Andrew Stokes, Nov. 6th, a son;
Andrew Tarraz and wife, Nov. 9th, a son;
Mr. and Mrs. H. W. Holson, Nov. 10, a son;

PARTNERS IN THE FARMING BUSINESS

Owners and renters of farm lands become partners just as soon as the agreement is entered into. Each becomes interested in the years work and its results, yet that interest under the ordinary form of contract, is not equally divided. Both parties desire a good yield, but only one is concerned with the methods used in production. In too many cases, neither party to the contract exhibits any concern for anything except the amount that can be produced with the least trouble during that particular season. The renter, with his one year contract, naturally has little interest in conserving the soil, in keeping buildings in repair, the fences lined up, or the orchard pruned, if there happens to be one. The owner or landlord cannot expect anything else, and all too frequently he cares less. Probably he expects to sell sooner or later and take a profit, and therefore, he is just as anxious to get out of the land all that is possible before he gets rid of it.

Partnerships of this kind are not for the good of the country. They end in worn-out, washed-out farms, and it requires years of work to bring them back to productiveness. There is nothing wrong with owning land and renting it, but it is a crime against posterity to mistreat it for a few years of quick returns. A renter with a long-term lease, if made of the right material, if he had the cooperation of the owner, could increase the value of the land to a very appreciable extent and at the same time increase the yearly income. A partnership between owner and renter, if of the right kind, should be profitable to both parties of the contract. —Farm and Ranch.

We Cut Ladies Hair to Fit

L. V. Goodrich of Jayton came over today to spend a few days visiting his brother, S. B. Goodrich, and family. Mr. Goodrich reports quite a good deal of cotton in his section of the country is yet to be picked. He states also that he notes that farmers are not making many improvements or investments just now, many of them using the proceeds of their cotton crop to pay off land notes and other items of indebtedness. The prospects are that they will start in the new year in fairly good financial condition.

Mail order businesses are not helping make Tahoka and Lynn county a better place to live.

W. J. Allen and family arrived last week from Cleburne and will farm next year on the farm of Judge J. Warren situated in the Grassland community. Judge Warren resides in Cleburne.

SIGNS YOU CAN BELIEVE IN
If your breath is bad and you have a loss of appetite, constipation and a general "down" feeling, it is a sign your liver is out of order. The one really dependable remedy for all disorders in the liver, stomach and bowels is Herbine. It acts powerfully on the liver, strengthens digestion, regulates the bowels and restores a fine feeling of energy, vim and cheerfulness. 60c. Sold by

Pain In Back & Sides

"FOR A LONG TIME," says Mrs. Dora Payne, of Huntington, Tenn., "I felt listless, tired and worn-out. I did not feel like doing my work, visiting or anything. I suffered much pain in my back and sides. My limbs hurt, my knees would tremble without apparent cause and I would have to sit down. I was very nervous. I would have a tired, dull headache. I had read so much about Cardui I asked my husband

to get it for me. The very first bottle seemed to help me. After the second... I was better than I had been in months. I certainly can praise Cardui. I have taken three bottles. Now I hardly wait when the sun shines to garden. I am feeling fine." Similar results to those described above have been reported by thousands of other women. Cardui's 40 years of success should encourage you to give it a thorough trial for the relief of any common female ailments. For sale everywhere.

This is written on Armistice Day. Seven years ago the doctrine that might makes right was crushed to the earth, we hope never to rise again. What the world would have been today had the forces of Germany won no one can say. But for the time being and perhaps for many years German autocracy would have been established in Europe. Owing to the confusion and turmoil that have existed throughout a large part of Europe since the close of the war, some have occasionally derided the claim made by our great War President and by the people of this nation that America was fighting in order that the world might be made safe for democracy. But this confusion and turmoil resulted largely because the United States after the war refused to take her place with the nations of Europe in the solution of international difficulties. But the League of Nations which Woodrow Wilson fathered but which America disowned, is really functioning. European affairs are becoming more settled. The triumph of democracy is everywhere becoming more and more apparent; and in spite of the default of this nation after the war, it is every day becoming evident that the boys who went to France did not go in vain. All of them suffered and many of them died in order that the ideals of America rather than those of Germany should prevail. While America and the world paid an awful price for the war, yet America and the world are to profit from the outcome through the coming centuries. All honor to the boys who willingly and bravely faced the enemy on the fields of France.

Another cycle in the growth and development of Lynn county was marked off last week, when the Tahoka News installed a new No. 8 Mergenthaler replacing its old No. 1. Editor Hill feels that he is justified in purchasing this expensive piece of machinery by the steady increase in population that is fast converting the big ranches of that section into grain fields and busy farm homes. His faith in the future of Lynn county and his confidence in the loyalty of his people will undoubtedly be rewarded for the News has for many years been an exceptionally good newspaper.—Southwest plainsman.

Down in San Saba county a young man was fined \$25.00 for killing a "road runner", or chapparal bird. If he had killed some chap instead of a chaparral, some jury probably would have turned him loose.

A speech in which more vitriolic language was used than any other we ever heard was made Saturday night in Houston by the Rev. Knickerbocker, Methodist Preacher. This speech was broadcasted from the Irish Theater at Houston and lasted about two hours. He called Jim Ferguson more mean names than we ever thought any one could think of. He said Jim Ferguson is a failure and a mistake from every angle. He quoted various pieces of data to prove that Ferguson was a thief, a liar, a rogue, a crook and a diabolical monstrosity, a misnomer, and a misfit. When it comes to "pouring it on" this Rev. Knickerbocker takes the cake—Claude News.

The Claude News was an ardent supporter of Dr. Butte and a consistent critic of Jim Ferguson, therefore we assume that all it said about the Knickerbocker speech is true, that it neither misrepresented nor exaggerated his statements. One of the regrettable things about the recent campaign was that some men who are supposed to be high toned gentlemen reached down in the gutter of political billingsgate and brought forth great daubs of filthy slime which they hurled viciously at the object of their hatred. Professing to be followers of the Holy Man of Galilee, they exhibited none of his characteristics of human love, sympathy, justice, or fairness. They breathed out only hate and venom, which was born in sin and brought forth in iniquity. Dr. Knickerbocker has lost much of his influence and prestige as a minister of the gospel by his conduct in the recent campaign. Many men who heretofore would have heard him with respect and confidence will not care hereafter to hear him at all. We repeat that one of the tragedies of the campaign was that some supposedly high-toned gentlemen, robed in the spotless robes of righteousness, deliberately chose to wallow in the mire.

The News hopes and believes that Mrs. Ferguson, with the counsel and assistance of her husband, will make a good governor. We believe that she and her husband have the greatest incentive and desire to give Texas a clean and wholesome administration. We hope furthermore that the bitterness of the recent campaign will soon pass away and that the citizenship of Texas generally will lend their good-will and sympathy to the Ferguson in their effort to make good Mrs. Ferguson has won in two primary elections, in one general election, and in the courts of Texas when it was sought to bar her name from the ticket. Surely those who love to fight her and her husband have kept up the fight long enough. Surely they are now willing to "let the dead past bury its dead." Surely the good men and women of Texas will throw no stone in the way of the first woman governor of America to prevent her administration from being a success. If, after having been given a fair trial, she fails to make good, it will then be time to draw the political sword and declare war again; but until that time does come, the News hopes that all good citizens will forget the animosities of the past and join in a common effort to make her administration one that will redound to the prosperity and the glory of Texas.

It is said that the State Federation of Women's Clubs now in session at Amarillo is having much discussion of the "flapper". But our guess is that the "flappers" will continue to flap in spite of the protests of the club women.

Don't forget to pay your subscription to the News.

William Jennings Bryan has made an appeal to the progressives, who marched under the LaFollette Wheel-or flag in the recent campaign, to fold their tents and silently creep into the Democratic camp. Parring the "Reds", the radicals, the lawless, and the America-haters who enlisted under that banner, we are willing for them to come. In other words, we are willing for all patriotic Americans, who believe in Democratic principles, to come into the Democratic fold. We believe the Democratic party should be a progressive party; that is, we believe that it should keep abreast of the times, and should ever champion the rights of man against the power of predatory wealth and organized greed. But we have no room in the Democratic party for the slacker, the traitor, or the hater of our system of government.

Our friend J. W. Smith of the Lamesa Reporter has succeeded from the State of Texas. He declares that Mrs. Ferguson is not his governor and never will be. But Smith will get over it. He has not been feeling well since November 4.

The prosperity of the south plains is attested by the number of tent shows that are plying their vocation in this section now. There were two of these shows in Tahoka on Monday night, and one of them apparently did

a thriving business. The boys from the cotton patches all came in to see the animals and the clowns. "Where the carcass is there will the eagles be gathered together"; and where there is a little loose money hanging around there will the tent shows be to gather in the shekels.

ANCIENT AND MODERN AGRICULTURE

By A. K. SHORT, Agronomist
Texas A. & M. College

Introduction

Object of this article is to be, assure, an assistance to rural in preparing the soil so that words will fall on good ground produce an hundred fold.

Christ was the greatest student of man nature that the world has ever known and one of His greatest parables is recorded in Matthew (13): hold, a sower went forth to sow; when he sowed, some seeds fell the wayside, and the fowls came devoured them up; some fell upon stony places, where they had not deep earth: and forthwith they sprung up, because they had no deep soil: and when the sun was up, they were scorched; and because they had not root, they withered away. And some fell among thorns: the thorns sprung up, and choked them: but others fell into good ground, and brought forth fruit, and an hundred-fold, some sixty, some thirty fold."

This parable probably has reference preparing young hearers, or gain the confidence of the people so that they will believe your message. Christ gained his confidence through ministering to the physical needs of man and by talking in language easily understood by the people.

Many of the references made in the Bible in regard to agriculture are used in comparison to the spiritual life, but these comparisons would have been made except that they are based upon a fundamental truth.

AGRICULTURE AND THE CHRISTIAN RELIGION

From the very beginning when man was placed in the Garden of Eden, on down through time, the general religious tendencies of the rural people have been greater than that of the people in the cities. Neither extreme wealth nor the extreme poverty that is found in the city is inductive to the development of the highest type of Christian religion. Extreme poverty often develops in man the instinct of self preservation, while extreme wealth frequently develops in man a type of selfishness that conflicts with the highest state of spiritual development.

The development of a community spirit, the educational and religious life of the rural districts is almost in direct relation to their labor income. The labor income, is, in a measure, controlled by the fertility of the land, and the fertility of the land can only be maintained or increased by the proper type of farming.

The necessities of life are only obtained from the products of the soil. The Christian religion has always had and will always have, the strongest advocates among people who are able to feed and clothe themselves. This is true whether applied to a nation, a state, a community, or to an individual. The heathen nations (or people) are those who do not have the necessities nor comforts of life. We boast of having the greatest Christian nation on the globe. . . . this is true, because we are a nation that has always been able to supply the necessities of life to our people.

SPIRITUAL LIFE AS RELATED TO PHYSICAL WELFARE

The ancient prophets knew full well the effect that physical man had on his spiritual welfare, and at all times worked to satisfy the physical needs of their people so that they would acquire an assistance to rural and produce an hundred fold. . . . except the spiritual teachings.

In Exodus (Chap. 15 and 17) instances were cited where the Children of Israel were on the point of rebellion because of their thirst. Again, Exodus (11 and 16) we find them complaining from hunger. In every instance, where the necessities of life were lacking or, where the physical man was in want, there was a rebel-

lion against their spiritual leader.

Christ established himself with the people by ministering to their physical needs. He healed the sick, made the blind see, and the lame to walk; He relieved suffering humanity. He carried out His work in the cities and rural communities until He was established in the minds of the people. We have two records of Christ performing miracles by feeding the multitudes. These two instances prove only more fully, His wonderful insight into human nature. He knew that the people were hungry and to establish himself more firmly in their confidence, He ministered to their physical needs. Christ did not perform miracles for pleasure, but did so, realizing that His doctrine would fall on more willing ears if the physical man was satisfied. Christ made reference to this truth in the parable of the sower (Matthew 13). He fasted forty days in the mountain, that He might more fully understand the spiritual weakness of a physically suffering man.

(To be continued)

NOTICE OF TRUSTEES SALE

THE STATE OF TEXAS
County of Lynn

Whereas, by virtue of authority vested in me as trustee, named and appointed in a certain deed of trust recorded in Volume 9, on page 99, Records of Real Estate, Mortgage of Lynn County, Texas, executed and delivered to me on the 22nd. day of December 1923, for better securing the payment of one certain promissory note of \$545.27, more fully described in said deed of trust, executed by S. D. McCormack and F. O. Greathouse, payable to the order of Higginbotham Bartlett Company at Tahoka, Texas, due 120 days after date, bearing interest at the rate of 10 per cent per annum, from date until paid, and providing for the payment of 10 per cent attorney's fee, on the amount of the principal and interest if said note is placed in the hands of an attorney for collection, said note now aggregated principal, interest and attorneys fee, the sum of \$564.73, and by reason

of the execution and delivery of said deed of trust, a lien was given and created on all of lots one and two in Block no. 9. as shown by the map of plot of the original town of Tahoka, Texas, together with all improvements thereon, said property fully described in said deed of trust.

And, whereas, the said Higginbotham Bartlett Company is the owner and holder of said note, and the said S. D. McCormack and F. O. Greathouse have made default in the payment of said note above described, when the same became due and same is now past due and unpaid and said note has been placed in the hands of an attorney for collection, and the said S. D. McCormack have each been notified in writing that said note was long past due and, whereas, I have been requested by the said Higginbotham Bartlett Company to enforce said trust, I will offer for sale, between the legal hours thereof, to wit, between the hours of ten o'clock A. M. and 4 o'clock P. M. at public auction to the highest bidder, on the first Tuesday in December 1924, the same being the second day of said month, at the court house door in the town of Tahoka, Lynn County, Texas, the above described property with all the rights, improvements and appurtenances thereto in any wise belonging to the said F. O. Greathouse and S. D. McCormack, to satisfy said note, principal, interest and attorneys fees, and the cost and expense of this sale.

G. M. Stewart
Trustee.

AMERICAN HISTORY INSTILLS PRINCIPLES OF FREE GOV.

Stories of Primitive Life of Compelling Interest to Young Pupils—Study of National Heroes Full of Inspiration.

Back of every project in history should lie our ultimate purpose, to instill in the minds of the pupils the great principles of democracy upon which our republic rests. American history is filled with material for lessons in Americanism and the principles of free government. It possesses the dramatic and picturesque background so appealing to children. Its stories of primitive life depicted in the early chronicles hold a compelling interest for primary pupils. Extreme contrasts afford a most artistic element in these narratives—Puri-

tan asceticism as contrasted with Indian barbarism, the kerchief and cap with the feathered head dress and war paint, log cabin with wigwam, and all the homely virtues intensified in a land of wanton practices. Our heroes of exploration, the swash-buckler and priest, French commandant and emigre, fur trader and Spanish grandee, fill the pages of our history with tales of fortitude and courage. Washington and Lincoln, the one from a home of wealth and culture, the other from a home of poverty and privation, each contributing to the Nation's greatest need; one a "father" and one a "savior" of his country. Where in the annals of another country might be found a record so convincing with which to teach the principles of our democracy?

The schools will emphasize pageants, plays and festivals during the coming year as a part of their effort to imbue the children with the spirit of democracy. These abound in symbolism of national ideals, with national events, and national progress. The school children will learn to sing our national hymns, to recite our national odes, and to salute our flag with a reverent and contrite heart. The teachers will realize that they must sow the seed of patriotism in the early years.

Mr. and Mrs. J. W. Givens returned to Sweetwater Tuesday after spending a week visiting relatives and friends.

O'DONNELL TO HAVE NEW 20 ROOM HOTEL BUILDING SOON

Marriages, Deaths, Building Activities; Business Changes, Feature O'Donnell News

(From O'Donnell Index)

O'Donnell is to have another hotel. A. E. Lackey has purchased lots on the east side of Block A and will start the construction of a twenty room hotel within a few days. The building will be two stories high, will have a commodious lobby in front, with large dining room and cafe. Mr. Lackey is experienced in the hotel and restaurant business and has seen enough of the town to realize the necessity of another hotel.

A pretty wedding was solemnized at the home of Mr. and Mrs. Wesley Barr on Monday Afternoon at 5 o'clock when Miss Nell Morgan was married to Ernest Cooper, Rev. P. P. Alexander performing the ceremony. The bride has only been here a few months, but during that time she has won many friends by her charming ways. The groom has been in business in O'Donnell for more than a year, but is now employed at the Corner Drug Store, and is regarded highly for his straight forward principles. The young couple have the best wishes of a host of friends for a long and happy life.

Cupid got busy last week and shot an arrow through the hearts of Miss Edna Freeman and William Hodson. The young couple had only a short acquaintance, but that made no difference when love stepped in. The young man called Friday night of last week at the home of the young lady's father and asked permission to take her to the Halloween party. This was granted. Mr. Hodson being the komeo type of lovers, had already prepared himself with the papers that bind up aching hearts, and when they arrived in town they went to the office of Dr. C. P. Tate, who gave them a prescription that made the world seem bright to them, and they went away as man and wife. Before leaving for their home at Ballinger, the bride wrote a farewell letter to her father asking forgiveness.

The newly-weds, in company with Dalton Warren and Lona Bennett started for Post to catch the train, and when near that town the car turned turtle and Miss Bennett was painfully injured. Other occupants of the car escaped with only a shake-up.

After an illness of only four or five days, G. R. Pearce passed away at 8 o'clock Sunday evening of a complication of diseases. While Mr. Pearce had been suffering from high blood pressure for some time only his family and most intimate friends knew this, his cheerful disposition leading one to believe him to be in the best of health, and only on Tuesday before his death he was in town attending to business in his usual manner.

The funeral services were conducted at the O'Donnell cemetery by Rev. W. C. Hart, where a large number of friends had gathered to witness the last sad rites. Beautiful floral offerings decorated the grave, including a large wreath donated by the Ku Klux Klan.

Deceased was a man loved by all who knew him, honest and upright in all dealings, a friend to the poor and needy and always ready to do his share in the advancement of the community's interests. He had long been a devout Christian and was a member of the Methodist Church. His death is deeply regretted by all and the sympathy of the entire community is extended to the family in its hour of bereavement.

At a meeting of the directors of the First State Bank Tuesday night, Ben T. Brown tendered his resignation as

cashier of that institution, asking that he be relieved at once. After stating his reason, Mr. Brown was retired and A. W. Gibbs appointed to fill his place.

Mr. Brown's health has been giving away for some time and he took this action in order to get out in the open and away from the long hours of work made necessary with his position. He retains his stock in the institution and will continue to work with the bank until the first of the year.

A. W. Gibbs, Mr. Brown's successor has been with the bank for more than one year and is well qualified to fill the place in an efficient manner.

The Masonic building on the east side of Block A is taking its roof this week and will soon be given a coat of stucco. The Masons will have a comfortable home on the upper floor. It is not known what kind of business will be placed in the ground floor. Carl Betenbough is constructing a large store room on the north of the Masonic building which it is understood will be occupied by a dry goods and grocery store.

Great crowds have been attending the revival of the Christian Church being held in the Methodist Church by Rev. P. P. Alexander of Southeast Arkansas. The probabilities are that Rev. Alexander will locate at Lamesa. In case he does, will have the oversight of the Christian Church that has recently been formed here. He has been delivering some forceful sermons throughout the past week. The meeting will continue over Sunday.

Rev. W. B. Hicks of Idalou, has been assigned the pastorate of the First Methodist Church and will arrive this week to take up his work for the coming conference year. Rev. Hicks comes well recommended as a preacher of ability.

E. Bayer does not "switch" for water, neither does he "witch" for this life giving fluid. When he wants to find water in the bowels of the earth he takes a little hickie which he will not allow anyone to see and walks about with it until he gets a contact and he marks the spot for the driller to drill. He claims to have never made a failure, the little machine always speaking the truth. One of his latest finds was on the John Cantwell place north of Newmoore last week, where it was doubted by some that water would be found. At 77 feet the bit went into water bearing strata and when tested, could not be bailed out, and the water is said to be as pure as melted snow. Mr. Cantwell is now a stronger booster than ever for the Newmoore country in general and Mr. Bayer in particular.

Rev. and Mrs. Joseph E. Eldridge returned from Abilene on Monday where they attended the District Methodist Conference, and have been busy during the week packing their goods for shipment to Stratford, where Mr. Eldridge was assigned by the conference. These good people will be greatly missed by their circle of friends, all of whom wish them success in their new field. Rev. Eldridge has materially advanced the church's interests here during his three years' pastorate.

ONE IN TEN

Neglecting a little wound, cut or abrasion of the flesh may in nine cases out of ten cause no great suffering or inconvenience, but it is the one case in ten that causes blood poisoning, lockjaw or a chronic festering sore. The cheapest, safest and best course is to disinfect the wound with liquid Borozone and apply the Borozone Powder to complete the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 20c and 60c. Sold by

TAHOKA DRUG COMPANY

C. A. Wasson has sold his interest, lock, stock, and barrel, in the O'Donnell Land Co. to J. Y. Eve. Mr. Everett will continue to operate the business, while Mr. Wasson intends to engage in the real estate business in the Amherst country. He expects to open an office at that place.

John Latham suffered a painful accident Friday morning while lifting a dray wagon out of a ditch. The team suddenly started while he was in a strain and the hub of one wheel struck him on the knee, dislocating his ankle and badly bruising the foot. He was taken to a Lamesa hospital where the injured member was X-Rayed. No bones were broken but he will be on crutches for some time.

NOTICE FOR BIDS

Notice is hereby given that sealed bids for a depository for the school funds of the Grassland Independent School District No. 21, of Lynn county, Texas, will be received up until 3 o'clock Saturday afternoon, November 15, 1924. All bids must be in the hands of E. N. Ray, Secretary of the School Board, by that time, at which time all bids will be opened in the presence of the board.

T-Bar Ranch

One of the big ranches of the south plains, consisting of 126 sections, lying immediately west of Tahoka in Lynn County, is to be converted into homes for farmers. Last winter twenty sections of this ranch lying nearest to the city of Tahoka was placed on the market, to be sold in small tracts, at prices ranging from \$35.00 on up; one fourth cash, balance on ten years time, at six per cent. Already much of this land has been sold. Some of it was put in cultivation this year, and cotton is being picked from it to day. Still some left.

The Butler Ranch

consisting of eight sections, in the northwest portion of Lynn county. No better cotton land in west Texas than is found in the ranches.

DO YOU LIVE ON THE STREET OF RENTED HOMES?

The longest street in the world, it has been said, is the Street of Rented Homes. This street is built up of 12 million dwelling places of 12 million families. It is a strange street of transients; of restless folks tiring of one habitation trying another and bound to none.

Buy yourself a home. Then you'll make your wife and family happy. In the meantime, you'll breathe freer, in that you will be independent. Stop buying your house over and over for your landlord. Even if you haven't the ready cash, arrangements may be made with a building and loan association or bank for financing.

See us so that we can furnish the materials for YOUR "HOME" and arrange to move from the Street of Rented Homes to "Home Owner's Row", Happiness Square.

We have just received a number of the very latest plan books and will be glad to help you select the one for your family.

WHAT SHALL BE DONE WITH OUR ONE TEACHER SCHOOLS

MANY AREAS WITH SCANT POPULATION OR GEOGRAPHICAL BARRIERS IN WHICH NOTHING ELSE IS PRACTICABLE—ONLY SOLUTION IS IN IMPROVING EQUIPMENT AND MAKING SURROUNDINGS ATTRACTIVE TO GOOD TEACHERS

What to do about the one-teacher school is a serious problem. It is generally agreed that consolidation is the remedy for a larger number of these schools. There are areas where because of scant population and geographic barriers consolidation may never be practicable. There are other areas, too, where consolidation must wait until the people are convinced that it is the best way to give rural children educational advantages equal to those found in the cities.

The latest statistics for the Bureau of Education show that there are 174,947 one-teacher schools in the United States. It is estimated that approximately three and one-half million children are enrolled in these schools. If these children are to have a chance, educationally, they need help now. They can not wait until roads are built, sparsely settled areas are inhabited, and the people are convinced that the one-teacher school should give way to the consolidated school. What shall be done? Any intelligent answer is one that offers a solution that will be of help to-day. Tomorrow will be too late.

Those who have given thoughtful consideration to the subject are agreed that there are certain educational advantages in the one-teacher school, and that if these can be utilized to the fullest extent they may offset to a certain degree its limitations and disadvantages.

This means a building properly lighted and heated, sanitary conditions, proper equipment, helpful supervision, a course of study adapted to rural needs, and a teacher well trained both academically and professionally, who has ability to impart what she knows, is sympathetic, and loves children and the country. The one-teacher school has not had these advantages.

THE SUPER STUFF

To be a mighty superman is no desire of mine; I would not lead the caravan or with Napoleon shine; I follow up a normal and talk of fiddlesticks; nor miss plan, and think the journey fine, I mingle with the workday crowds the glory that enshrouds the man whose mind has wings; my head is not among the clouds, but close to mundane things. The super-man is a sort of friend, he's shunned by common gents; along a weary trail he wends, he rests in lonely tents, and no one borrows coin or lends the great man fifty cents. The delegates who stand and talk of ten-cent town affairs till midnight by the village clock, grow dumb as Belgian hares when Super-Man comes up the walk—their gab he never shares. The old wives gossip at the gate, they gossip while they knit, they strive to get their scandals straight that they may make a hit; but when appears the super-skate they furl their tongues and quit. The children play upon the green such games as they adore; they're happy as I was, I ween, in golden days of yore; but when the super-man is seen they wilt and play no more. The super-guy kicks up a noise in realms where servants be, but he's remote from all the joys and comfort you and me; he'd give a lot if boys and girls would let him share their glee.—Walt Mason.

Rev. B. N. Shepherd, pastor of the Baptist Church, and this editor drove to Slaton Sunday morning, where a program was rendered in the interest of the 75 Million campaign, which is now being completed. Aside from greatly enjoying the religious services, the editor met an old time friend unexpectedly, as often happens in this western country. At night brother Shepherd filled the pulpit at Wilson, to the delight of the good congregation present.

Increase Shown In Tobacco Consumption

An enormous increase is taking place in tobacco consumption. Between 1904 and 1921, the number of cigarettes consumed increased from 3,000,000,000 to 52,000,000,000. Evidence of the great impetus given to smoking by the war revealed in the fact that the consumption of cigarettes in 1914, when the war was started, was 16,000,000,000 while in 1918, when the war ended the consumption was 46,000,000,000. The craze for tobacco became so great that the war department in 1918 commenced issuing tobacco as a part of the ration for the American Expeditionary Forces. The situation has led many persons interested in the public health to give the matter more earnest attention than ever before.

According to the present rate of increase, with its seven-tenths of a lb. of tobacco per capita in ten years, or a one-eighth increase, in the next ten years the increase alone will amount to \$200,000,000, or \$20,000,000 a year.—Farm & Ranch.

Speedy Decision

Cleveland Plain Dealer: The Council of the League of Nations called in special session to settle the Iraq boundary dispute between Turkey and Great Britain, has completed its deliberations and handed down its decision in less than a week. Better still, both parties to the controversy have abided by their promise to accept the judgment of the council and announced that the dispute is completely erased from the list of international tangles.

Such business-like procedure is gratifying proof of the utility of the League of Nations. In some instances it has been necessary for the League of Nations to make haste slowly. There was no such necessity in the Iraq business. M. Branting, eminent Swedish statesman to whom the task of making a definite recommendation was entrusted, presented his report and explained his findings. The council adopted the report and the disputants accepted the council's judgment.

The Iraq dispute, no matter how cleverly camouflaged, was essentially a quarrel for oil. It may be assumed that both Great Britain and Turkey get a share of the field, which promises to be one of the most productive in the world. Were it not for oil there would probably have been peace in the oil rich and sparsely populated region like Iraq.

Whatever else it may have done, Iraq oil has increased the prestige of the League of Nations. There have been few more troublesome and menacing disputes since the end of war, but the League Council has found the nut easy to crack and has eliminated for the present all danger of a new Mesopotamian war.

Pepsinated Calomel Is Better than the Old-Time Sickening Kind

It is gentle, imported English Calomel, combined with Pepsin and other helpful ingredients. It is mild but certain, causing no harshness or unpleasantness and will absolutely relieve indigestion, biliousness, bad colds, constipation and sick headaches. And best of all it does it at once—quickly and pleasantly. Take one small tablet at bed-time and you will get up hungry and feeling fine. Recommended by

Tahoka Drug Co.

Watermelon That Isn't Wins Ribbon

The old saying, "there's nothing in a name", is all wrong. Else how could an off-brand, lowly pie melon have taken the bright blue ribbon at the Nolan county fair exhibits last week without sailing sedately along under the assumed name, "watermelon"?

With its dark green skin shining under the glories of the prize ribbon, the "watermelon" was gazed upon by hundreds every day of the fair who marvelled at the beautiful color and size of the winner.

After the fair, a Sweetwater woman bought the prize "watermelon" at a reported fancy price, and with a kindly feeling and the best of intentions, gave it to her neighbor. The neighbor in turn, prepared a sumptuous dinner for friends, at which the melon, the blue ribbon winner at the Nolan County Fair, would be served, as dessert.

At the close of the meal, all eyes were turned upon the head of the house as he plunked the knife into the green side of the blue ribbon winner. The melon was opened with difficulty, to expose bright, white and tasteless meat, instead of the rich red "heart" that was expected. It was a pie melon, the black sheep of the melon family.

Now, so the story goes, all concerned are hunting the judge who awarded the prize.—Sweetwater Reporter.

JOHNSON GOES TO MARKET

C. T. Johnson left Monday morning for St. Louis to purchase a new stock of winter merchandise. Mr. Johnson stated to a representative of the News before leaving that the managers of the other thirteen Jones stores in West Texas together with Mr. G. E. Jones of Abilene, the owner will meet in St. Louis and make purchases for the entire string of fourteen stores together. The aggregate amount of goods purchased will be something enormous, and by purchasing in these large quantities, Mr. Johnson expects to get his supply at a reduced price. He will be gone about ten days.

NEWSPAPER MAN VISITS HERE

J. M. Usry, until recently the owner and editor of the Cooledge Herald, was a visitor in Tahoka Wednesday and made a pleasant call at the News office in company with his old-time friend, J. K. Callaway. Mr. Usry recently sold the Cooledge paper, and having heard much about the plains, he came to this part of the state looking for a new location. He was accompanied by W. W. Jackson and another gentleman whose name we failed to get, both of Cooledge, and the whole company were bound for Portales, N. M., just to look at the country.

It is rumored that Mr. Birdie Mae Harris has been sued by his wife for divorce because he refused to learn to sew. He can not even thread his needles, she alleges, and cries every time she has him work a button hole. You'll laugh at Mrs. and Mr. Polly Tickk at the High School Auditorium Friday and Saturday nights.

L. L. McElroy of Cooledge, Limestone county was here Wednesday looking after his farming interests in this county. He owns a farm southeast of the city.

21,371 BALES IS LATEST REPORT

County Lacks Only 3,472 Bales Reaching Last Year's Total Of 24,642 Bales

Gin reports received by the News this week show that 21,371 bales of cotton had been ginned in Lynn county up till noon Thursday. This is an increase of 2651 over the number last week. Reports received by the News show that last year 24,643 bales were ginned. On account of the fact that there was much rainy weather last fall and none this fall, picking has advanced much farther than it had at this time last year. It is estimated that at least two-thirds of the crop has been gathered. The reports as received by the News this week follow:

O'Donnell, yard,	7,450
Tahoka gins	5,328
Wilson, gins,	2,550
New Home, gin,	1,970
Grassland, gin	2,751
Draw, gin,	1,322
TOTAL	21,371

LEARNED HOW THERE

"You believed Jack when he told you he never kissed another girl?"
"Certainly when he explained that he goes to the movies every night."

More cotton to the acre, not more acres to cotton, and weevil control will put money in the bank for farmers.

"Do it right or not at all," say boll weevil control authorities.

"We drove the automobiles out of the Delta," said the boll weevils, "and we can drive the farmers off the farms if they don't stop us soon."

Save your money by saving your cotton from the boll weevil.

UNITED STATES CONSTITUTION A REQUIRED SUBJECT

The New stimulus to civic and patriotic instruction given in the war and post-war conditions is still active. This is evidenced by the continued enactment of State laws requiring that the Constitution of the United States be taught in the schools. These laws in general, take three of four forms. New York, for example, requires by act of 1924 instruction in the "history and meaning of the provisions of the Constitution;" makes the act applicable to the "eighth and higher grades of the public schools;" and to the same grades in private schools; and directs the State department of education to prescribe courses of instruction. The Michigan act applies to all public and private schools "not later than the opening of the eighth grade," and under this act the constitution of the State must also be taught. The California requirement likewise begins with the eighth grade but extends through the high school to "State colleges, universities, and educational departments of State, municipal and private institutions."

According to data collected in the Bureau of Education, the following States have laws requiring instruction in the Constitution.

Alabama, Arkansas, California, Delaware, Florida, Georgia, Idaho, Iowa, Kentucky, Massachusetts, Michigan, Minnesota, Nevada, New Hampshire, New Jersey, New York, North Carolina, Ohio, Oregon, Pennsylvania, Rhode Island, South Carolina, Tennessee, Utah, Vermont, West Virginia. In a few other states, as Virginia

and Louisiana, instruction in the constitution is given as a part of the course of study prescribed by the State department of education.

W. G. BRILEY WILL MOVE BACK TO TAHOKA SOON

The News has been reliably informed that W. G. Briley and family, formerly of the Magnolia community, who recently sold most of their land in this county and removed to Abilene have reconsidered and will build a nice home here in the near future and move into the same.

The family moved to Abilene several weeks ago but Mr. Briley spent much of his time here looking after farming and business interests.

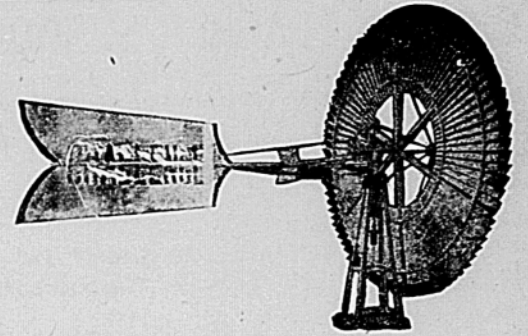

It is stated that Mr. Briley will build one of the most handsome homes in the city. He and his good family have a host of friends here who are delighted to learn that the Brileys are to become residents of this city.

Pack up your troubles and store them away. The Polly Tickk family are with us today.
