## BOULLIOUN IS AGAIN AT HOME

**Captain Boullioun Has Returned From Fort Sam Houston At San Antonio**

E. H. Boullioun returned Monday from Fort Sam Houston at San Antonio, where he spent two weeks training in the Reserve Officers Training Camp. He was accompanied by Judge Clarke M. Mullican of Lubbock, who also took this training.

Captain Boullioun came back in fine condition physically and otherwise, and he is very enthusiastic about this work and also about the work being done in the Citizens Military Training Camp at the same place. "This is one of the finest things for boys and young men I know anything about", Captain Boullioun said. "The idea that the boys are thrown in bad company or that they are imbued with the militaristic spirit in these camps is all wrong. The boys who attend the C. M. T. C. are kept segregated completely and are never allowed to come in contact with the regular soldiers. They arise at 5 o'clock in the morning and are required to take 30 minutes calisthenic exercises before breakfast. They are given training throughout the day and when night comes they are ready to go to bed. There is practically no running around at night. As a result of this they grow stronger physically and come away just as clean morally as when they went. I saw boys who went there looking peaked and skinny and after a few days training they showed wonderful improvement. It is the making of many a boy. They are kept busy but yet they are not disciplined, except by sending them home in the event that they refuse to obey orders. And that is another respect in which the boys are greatly benefited—they learn to obey orders. All their necessary expenses are paid and bed and food are furnished. They are required to wear their uniforms during the entire period of the training, which is thirty days. I saw Brown Bradley there and he is doing fine."

"We who attended the Reserve Officers Training Camp were placed in command of the regular troops and were given practical experience under the direction of regular army officers. It was fine training for us. The War Department states that in any emergency the members of the R. O. T. C. and of the C. M. T. C. would constitute eighty per cent of the regular army. The last three days we were there we were engaged in mobilizing the C. M. T. C. Some people object to their boys going to these camps, but instead of objecting every parent ought to desire his boy to go". Mr. Boullioun stated. "It is fine for the boy."

**REVIVAL SERVICES AT TABERNACLE THIS WEEK**

The special services under the tabernacle began last Sunday conducted by Rev. W. K. Johnston, D. D. of Lubbock. On account of not getting the tabernacle ready, services were held at the usual place of Presbyterian services Sunday morning and night. Rev. Chas. G. Brice, student assistant of Mr. Johnston this summer, will assist in these special services morning and night. We believe in the "old-time religion" and an earnest Bible message in every service. We invite the sympathetic cooperation of all Christians and the other churches of the town at this time for a town-wide revival, after the old fashion. You are invited to every service. Come, sing, and pray with us. Don't miss a service.

Invitation committee.

Mr. and Mrs. T. R. Childs and Mrs. Annie Childs left Tuesday for an extended visit with relatives in their old home county, Shelby. They ordered the News sent to their address, as they wish to hear from Lynn county regularly each week. It's a long cry from the plains of Lynn to the pines of Shelby, and we'll bet a dime they enjoy every issue of the News.

T. J. Bovell returned Thursday of last week from Crowley, Tarrant county, where he was called by the serious illness of his father, who died on Tuesday and was buried on Wednesday of last week. Many friends here sympathize with him in his great loss.

## Baptist Revival In Progress At Wilson

A Baptist Revival was begun at Wilson Sunday morning. Rev. Graves Darby, the pastor, is doing the preaching while Mr. Richardson of Roysie City, Rockwall County, is presiding at the piano. Prof. G. E. Key, Superintendent of the Wilson public school, is business manager of the meeting.

It is said by those in attendance that Brother Darby is delivering some wonderful messages and the music is fine. Large crowds are attending and everything seems propitious for a great revival.

The people of Tahoka and surrounding communities are invited to attend and help in these services.

## FIRST SERVICE IN NEW CHURCH

**New Baptist Church To Be Opened Next Sunday—Large Crowds Are Expected**

The basement of the new Baptist Church has been completed. The work was practically finished Tuesday. Only a few little finishing touches remain to be given. The building will be ready for use Sunday and the first service will be held in it Sunday morning.

Pastor B. N. Shepherd has sent out a call to all members urging them to be in his first service. Members of other churches and non church members are likewise cordially invited to attend. It is planned to have a great service Sunday morning. An effort is being made to have the largest Sunday School attendance the church has ever had.

This basement is a beautiful structure, both inside and outside. It is 60x100 feet in size. The face bricks are of a cream color and are very beautiful. The main auditorium is about 50 by 60 feet, with a spacious platform for the choir. A baptistry has been installed just under the south end of the platform. In the rear of the main auditorium is an assembly room, which will be used both for Sunday School work and as a place for church functions, banquets etc. Adjoining it on the south is a kitchen, which will be fitted up with an electric stove and all necessary kitchen utensils. To the right and to the left entry at the front of the main auditorium are other Sunday School rooms. Nicely plastered and calmsomed, the interior is beautiful in its simplicity.

This will afford a splendid place of worship for the Baptist folks until such time as they may feel able to erect the superstructure. In the building of this basement they have planned for the future, and when it shall become necessary for them to complete the building and they do so in accordance with plans adopted, they will have one of the most handsome and commodious church structures on the south plains.

## COURT TO OPEN THIS SEPTEMBER

**Newly Created 106th. District Court To Meet At Tahoka Monday, Sept. 21**

District Clerk Happy Smith requests that we announce that the first term of district court of the new 106th district for Lynn county will be held on Monday, September 21. The court has heretofore convened in Tahoka in August but under the law creating the new district the time was changed and the first term will be held in September as above stated. All process issued for August term under the old law will hold good, however, for the September term of the new court; and all parties to suits, all defendants in criminal cases and all witnesses and jurors are advised that they must govern themselves accordingly.

As stated elsewhere in this paper, Judge Gordon B. McGuire of Lamesa is the judge of the new district, and Hon. A. W. Gibson of the same city is the new district attorney.

It is thought that the next docket will be a rather heavy one, since very little business was disposed of at the last term of the court. The terms of the court hereafter will extend over a period of four weeks, however, instead of two weeks as heretofore.

## BALL TEAM IS EVEN FOR WEEK

**Loses Two Games and Wins Two; Urge Better Attendance At Games**

Tahoka has won as many games as she has lost the past year. On last Thursday the Post team came over and got gloriously licked, the score being 11 to 3 in favor of Tahoka.

On the next day the Tahoka team went over to Post and lost. The score stood 6 to 7 in favor of Post.

A good game was played at Lubbock Sunday. Our boys again lost, however, the score being 3 to 2 in favor of Lubbock.

Tahoka was the winner on Monday when Ralls came over and played our team on the home diamond. Result, 7 to 6 in favor of the home team.

The ball club is complaining that the people of Tahoka are not giving the boys the support that they should have. For instance on Monday there were only thirty people at the game. They say that this is not fair, either to the home team or to the visitors. If we are to have a ball team they feel that the people of Tahoka should support it with their presence at the games played here.

On Tuesday two new players were added. They are: Wicker, pitcher, and Wright, third baseman.

Lubbock came down and played our boys Wednesday afternoon but too late for us to report the result. Our boys go to Plainview for a game Friday and to Amarillo for two games Saturday and Sunday. A series of three games will be played with Lubbock next week.

Mrs. D. H. Goodnough is visiting relatives at Gorman. She went down in company with her mother, who has been visiting here the past two months.

## LARGE CROWDS GO TO POST

**Many From Tahoka Attend Sessions Of Post Baptist Encampment At Two Draw Lake**

A number of Tahoka people have been attending the Baptist encampment which has been in session at Post the past several days. On Sunday especially a large crowd from Tahoka was in attendance. It is conservatively estimated that from 2,000 to 2,500 people were on the grounds Sunday afternoon. A number of people of other denominations went over to enjoy the Sunday services.

In the morning, Dr. Powell, who spoke in the church here a few months ago, preached a most interesting sermon and related some of his thrilling experiences while a missionary in Mexico. Dr. Powell is witty and humorous and knows how to tell a story. It is a great treat to hear him.

In the afternoon Dr. J. D. Sander, President of Simmons University delivered a most interesting address. It was in the nature of a fire alarm. He depicted the evils flowing from the teaching of "modernism" in our schools and churches and pictured civilization as on the verge of moral wreck. His message was a call back to the Bible and to the God of our fathers.

Mr. Payne of Lubbock was the director of the music. He will direct the music in the revival services to be held here in the new Baptist Church.

A great auditorium has been provided for the use of this assembly. It is said to be one of the very largest and best of its kind in the state. It was filled to capacity in the services Sunday morning, and practically so Sunday afternoon and night. This assembly was organized just a few months ago and this was the first session. It has made a splendid start and its future success is assured. Two Draw Lake is an ideal place for such a meeting.

Miss Mattie Will Seroyer of Cleburne arrived last week to join her parents here in their new home. She was accompanied by her aunt, Mrs. R. N. Pulliam of Hillsboro, who will visit her brother, A. B. Seroyer, and her niece, Mrs. C. T. Oliver.

## SPRY THOUGH 102 YEARS OLD

**William Lackey of O'Donnell Is One Hundred and Two Year Old—Still Going Strong**

William M. Lackey returned Friday of last week from a visit of about a year with relatives at Winters, and is again at home with his son, E. A. Lackey.

People come and go every day nothing is thought of it but when Mr. Lackey came tripping down the street on the afternoon of his arrival to shake hands with his old friends, strangers took notice that some one out of the ordinary was in town. Mr. Lackey was born in 1823, and is one hundred and two years ago and is going as strong as most men at the age of seventy. His step is spry, he carries himself erect and dresses as neatly as if he were going out to call on some fair damsel.

Mr. Lackey has been married four times and is the father of 23 children, 12 of whom are living. His oldest son is 87 years old and his youngest child is 16 years of age. While he has no record of all his descendants, there are living twelve children, forty-nine grand children and 49 grand children and 49 grandchildren, forty-nine grand children and 58 great grandchildren and living, including his own children. His descendants are scattered from Texas to Washington state and from Oklahoma to California, and as he has not heard from all of them recently, it is likely that he has great-grandchildren.

Mr. Lackey makes O'Donnell his home, but visits with relatives in other parts of the state, Oklahoma and California.

Other towns may boast of 102 year old citizens, but you can't produce them that beats O'Donnell for having one so spry and physically perfect as is Mr. Lackey. —O'Donnell Index.

## TAHOKA PEOPLE IN CAR ACCIDENT

**Car Overtakes On Highway Short Distance From Eastland; 3 Are Injured**

Malcolm Dolloff and J. Dolloff of the T— community, this county, and their uncle, T. G. Dolloff, wife and son, Houston Dolloff, of Hamilton were the victims of a car wreck which occurred on the paved highway three miles west of Eastland last Friday afternoon. J. Dolloff was driving the car. It was raining and the pavement was slick. The car skidded and then turned over, going off of the embankment which was 7 or 8 feet high and pinning the occupants underneath the car. Malcolm sustained a fracture of several of the ribs on the right side while the collar bone of his uncle, T. G. Dolloff, was broken. In a very short time after the accident other parties traveling the highway stopped and released the occupants. After receiving medical treatment they proceeded on to the home of J. and Malcolm Dolloff in this county. The other occupants of the car were slightly bruised and considerably shocked in the wreck but were not seriously injured. Mr. T. G. Dolloff, whose collar bone was broken, is past seventy years of age, and the fracture will probably heal very slowly.

J. and Malcolm Dolloff had been down to Hamilton visiting and their uncle, T. G. Dolloff, and family were accompanying them home.

Considerable damage was done to the car in which the party was riding.

## CONGRESSMAN GWYNN WILLIAMS VISITS MASONS HERE

Congressman Gwynn Williams of Henrietta, Grand Master of the Grand Lodge of Texas, was here Monday visiting the local masonic lodge and doing some educational work. He stated that during this masonic year he had visited more than three hundred of the thousand masonic lodges in Texas. He has visited all parts of the state and he says that crops in this section of the state are better generally than in any other portion. Mr. Williams has been serving his district in congress the past two years.

## Start Destruction of O'Donnell Rat Row

The work of tearing out the Phillips building on Rat Row has been under way this week. The section occupied by Wroe's restaurant was torn down and the part occupied by W. J. Shook's Market has been moved to the North Side of Block A, east of the Sanderson building.

This has been done to make room for the brick to be constructed by Mr. Phillips. This building will be 25 x 70 and will have a basement. The basement will be occupied by E. A. Lackey's restaurant and part of the street floor by Shook's market. Good by Rat Row; hello, new bricks.—O'Donnell Index.

## WATER PROBLEM GIVEN THOUGHT

**Well To Be Dug Deeper; More Water Must Be Secured Immediately**

At a meeting of the city council Monday night, it was decided that the City's big well should be dug deeper and a thorough test of the water supply made. Ira Doak, who is the water commissioner, stated that this work would begin immediately. A representative of the Chamber of Commerce was present at this meeting to assure the council that it would co-operate in any way possible to get water and that the plan adopted was recommended by the board of directors of that body.

Tahoka has had a serious water problem the past two years and the City Council as well as the people generally have been somewhat puzzled as to just the best method to purpose to get sufficient water supply. It is hoped that this test will prove that an abundant water supply can be had on the town section, but if that should fail we believe that the people are ready to go to much greater expense in order to get water. They have been patient because they realized the difficulties under which the council has been laboring, but unless some prompt and effective means of getting water are employed, the restlessness and clamor is sure to grow and to become more insistent. We hope that the Council solves the water problem at an early date.

Mr. and Mrs. W. C. Cowan, who have been visiting their children residing in different localities on the plains, came in Saturday to spend a few days with relative here. They were accompanied by their daughter, Mrs. S. W. Cain of Canyon. Mr. Cowan ordered the News sent to his address at Happy, Texas. With the News coming to his address every week he ought to be happy in Happy.

## AVIATOR FALLS IN PARACHUTE

**3,000 Foot Landing Successfully Made In Parachute Here Tues. Evening**

All the kids of Tahoka rubbernecked Monday afternoon watching an aviator descend by means of a parachute three thousand feet through the air after leaping from an airplane. The name of the dare devil was O. E. Beasley and he gave his residence as Dallas. The pilot who drove the machine was Robert H. Grey of the Royal Air Service of England. The airplane was slightly south of a vertical line extending upward from the business section of the city when the aviator leaped from its right wing into open space, and since the wind was from the south he drifted northward as he descended and came to terra firma at the Stroud place almost a mile north of town. He alighted on one side of the fence and his big umbrella on the other. A lot of fellows ran out in their cars to see what had happened to him and they found him rolling up his equipment and getting ready to come in. When Doc Shook gets to where he can make nose dives and turn somersaults with his machine we may go up with him some time and ride down at the end of a rope suspended to one of these big parasols ourselves, just for the thrill.

## POST BOY DIES FROM ACCIDENT

**Earl Franklin Loses Control Of Car On Cap Rock Near Post Sunday**

Earl Franklin, 16 years of age, died at Post City Sunday afternoon at 3:30 o'clock about one hour after an automobile accident which occurred when the car he was driving, and in which three of his brothers were also riding, over turned on the highway in the canyon just west of Post City.

Roy B. Clark and wife and A. J. Clark and wife, of Lubbock, were the only eye witnesses to the accident, and they stated that the car which turned over, pinning its occupants beneath it was not being driven more than 25 or 30 miles per hour when it overturned. They expressed the opinion that the driver, Earl Franklin, who was killed, had not had a great deal of experience in driving and failure to understand management of the car was the cause of the accident.

"The car was not being driven at unusual speed, and would not have turned over but for the peculiar way it was driven into a culvert which caused the driver to apparently lose control and the car darted first to one side and then the other until it had swerved the width of the graded highway three times, then turned too far and plunged 30 feet to the foot of the grade," A. J. Clark said.

The Clark families were going to Two Draw Lake and had passed the car driven by the Franklin boy just above the canyon, but when Clark slowed his car to the rate of about 15 miles per hour the boys passed them, and were only a few yards ahead of the Clark car when the accident occurred.

The injured youths were rushed to Post City in Clark's care where they were given medical attention, but Earl never regained consciousness. The other boys received only minor injuries.

The Franklin family lives on a farm five miles west of Post City and the boys were going to town when the accident occurred.

## JUDGE GIBSON APPOINTED NEW DISTRICT ATTORNEY

Hon. A. W. Gibson of Lamesa on last Tuesday received notification of his appointment by the governor as district attorney of the new 106th. Judicial district. Judge Gibson is not very well known to the people of this district, having removed to Lamesa from Crosbyton only a few months ago, but he has been known by the editor for many years.

For a number of years he practiced law at Rogers in Bell county, where he gained the reputation of being an able lawyer. About fifteen years ago he removed to Crosbyton, and since coming to the plains he has been counsel in some of the noted criminal cases of this section. Prior to Parke N. Dalton's nomination for the office of district attorney last summer, he and Judge Gibson were law partners.

Judge Gibson had long been a personal friend and supporter of James E. Ferguson, and as soon as he removed to this district a few months ago, it was predicted by those familiar with the situation that he would be appointed district attorney.

Judge Gibson is a man of mature years, extensive experience, and good ability. That he will make an able prosecutor is predicted by all that know him.

## TWO O'DONNELL MEN HAVE LIVELY FISTIC ENCOUNTER

A little disagreement arose Monday between two citizens of O'Donnell, according to reports reaching the county capital. The two men engaged were Charley Doak and A. B. Nance. Being unable to settle the dispute peaceably blows were resorted to. Just how the contest began or proceeded we are not advised but at any rate a plate glass was broken out and the hand or wrist of Nance was severely cut by the broken glass. The wound bled profusely and he passed through Tahoka late Monday afternoon on his way to the sanitarium at Lubbock for treatment. Mr. Doak was also in the city Tuesday with a wounded hand.

CITATION BY PUBLICATION

The State of Texas.  
To the Sheriff or any Constable of  
Lynn county, Greeting.

You are hereby commanded to  
summon Luther Childress by making  
publication of this citation once  
each week for four consecutive weeks  
previous to the return day hereof, in  
some newspaper published in your  
county if there be a newspaper pub-  
lished therein, but if not, then in the  
nearest county where a newspaper is  
published, to appear at the next regu-  
lar term of the District Court of  
Lynn County, Texas, to be holden at  
the court house thereof in Tahoka,  
on the 3rd Monday in September A.  
D. 1925 the same being the 23rd day  
of September A. D. 1925, then and  
there to answer a petition filed in  
said court on the first day of August  
A. D. 1925, in a suit numbered on  
the docket of said court No. 585,  
wherein Bessie Childress is plaintiff  
and Luther Childress is defendant,  
said petition alleging

Mrs. Bessie Childress vs. Mr. Luth-  
er Childress.

No. 585 In the District Court,  
Lynn county, Texas, September Term  
1925.

TO THE HONORABLE JUDGE  
OF SAID COURT:

1. Now comes Mrs. Bessie Childress,  
who resides in Lynn County,  
Texas herein after called plaintiff,  
complaining of Mr. Luther Childress,  
whose residence is to the plaintiff un-  
known, hereinafter called defendant;  
and for cause of action, plaintiff rep-  
resents to the court that she is and  
has been for a period of twelve  
months prior to exhibiting this peti-  
tion herein an actual bona fide inhabi-  
tant and resident in the State of Tex-  
as and has resided in Lynn County  
Texas for at least six months next  
preceding the filing of this petition;  
that on or about the 26th day of  
July 1915 the plaintiff was lawfully  
married to the defendant; that they  
continued to live together as husband  
and wife until about the 24th day of  
February 1920, at which time the de-  
fendant, without cause deserted and  
permanently abandoned her; since  
which time they have not lived to-  
gether as husband and wife, a period  
of more than five years.

2. That to said Marriage relation  
was born three children, to-wit; Gran-  
ville Childress, aged seven years,  
Berta May Childress, age nine years,  
and Lillian Childress, aged five years,  
That said children are now, and for  
the last five years have been living  
with plaintiff and that she is the  
proper person to have the custody  
and control of them.

3. Plaintiff alleges that the de-  
fendants actions toward her generally  
is of such nature as to render their  
living together as husband and wife  
insupportable and that she never in-  
tends to live with him again.

Wherefore the plaintiff prays that  
the defendants be cited by publica-  
tion, to appear and answer herein  
for judgment dissolving the Marriage  
relation; that she be awarded com-  
plete care, custody, and control of  
her children, Berta May Childress,  
Granville Childress and Lillian Child-  
ress and for such other and further  
relief to which she must be justly  
entitled.

L. C. Heath,  
Attorney for Plaintiff.

herein fail not but have you before  
said court on the first day of the next  
term thereof, this writ, with your re-  
turn thereon, showing how you have  
executed the same. Witness,  
(Seal) W. E. SMITH,  
Clerk of the District Court, Lynn  
County.

Given under my hand and seal of  
said Court, in the Town of Tahoka,  
this first day of August A. D.  
1925.

(Seal) W. E. SMITH,  
Clerk District Court, Lynn County,  
Texas.

If you are not attending the serv-  
ices being held at the Tabernacle you  
are missing some good things. Dr.

ICED DRINKS IN THE SUMMER

On a warm and sultry summer day,  
there is nothing more refreshing to the  
mind and to the body than an iced  
drink. Of course, when such drinks  
are being used, moderation should be  
observed, because if taken in excess  
or too rapidly, they are liable to be  
injurious to the stomach. However,  
when taken in a sensible manner, they  
are refreshing and beneficial to the  
fatigued. In the manufacture of these  
drinks, care should be taken to avoid  
any combination that may be indigest-  
ible or hard to assimilate. The drink  
should be consumed in a slow and deli-  
cately manner.

The greatest danger present in the  
use of iced drinks is the one that in-  
volves the use of ingredients that are  
possibly impure or contaminated in any  
way. This is very liable to happen  
if the juices that are used are allowed  
to stand until they become soured and  
unfit for use, or if the milk or other  
ingredient used is not strictly fresh.  
The predisposition of milk to spoil  
quickly at summer temperatures makes  
it oftentimes necessary to use evaporated  
milk, which after all is just pure fresh  
milk with more than half the water  
taken away. It is sterile and, there-  
fore, always safe. For use in iced  
drinks, it is ideal.

Following are several formulas used  
in the manufacture of iced beverages.  
If these formulas are followed religio-  
usly, the results will be found to be  
very satisfactory.

**Chocolate Malted Milk.**  
1 cup evaporated milk 2 teaspoonfuls  
cocoa  
1 cup water 2 teaspoonfuls  
malted milk

Mix cocoa with water until syrup  
is obtained. Put all ingredients in a  
Mason jar and shake thoroughly and  
serve with chopped ice.

**Milk Punch.**  
1 cup evaporated milk 2 tbsp. orange  
juice  
Sugar to suit 1/2 cup water  
1 cup tea Small stick cin-  
namon  
2 tbsp. lemon 1/4 cup fruit juice  
juice (currant or ber-  
ry preferred)

Boil slowly the cinnamon, a lemon  
rind and orange rind in water for ten  
minutes. Strain and when cool add  
the other ingredients. Place in a  
Mason fruit jar and shake well. Serve  
in tall glasses with chopped ice.

**Egg Nog.**  
1 egg 1/4 tsp. pow-  
dered sugar  
Pinch salt 2 tsp. fruit juice  
1/2 cup cold evap- erated milk  
1/4 cup ice water Nutmeg gratings  
Add salt to egg white and beat to  
a stiff froth. Add the sugar, the well  
beaten yolk of the egg and the fruit  
juice and nutmeg. Fill glass with  
milk and cold water. Sprinkle top  
with chopped nuts.

GOVERNOR HAS AUTO  
HEADLIGHTS ADJUSTED

AUSTIN, July 29.—The first auto  
in Texas to have its headlights ad-  
justed in accordance with the provi-  
sions of the anti-glare headlight law  
of the Thirty-ninth Legislature, was  
the big sedan of Governor Miriam A.  
Ferguson.

The general public has until Sept.  
1 in which to have headlights ad-  
justed in order to comply with the  
law.

Johnston is bringing some strong  
messages, and is striving to help Tahoka  
spiritually and morally. Lend him  
your encouragement and assist-  
ance by attending the services and  
cooperating. It is a good work.

WHEN YOU THINK OF HER,  
THINK OF A BEAUTIFUL HOME  
—and Remember that we can offer you  
money saving plans, suggestions, and  
prices!

Everything to Build Anything

To Hold Revival for Baptists

W. A. Bowen, Evangelist

L. E. Payne, Music Director

A revival meeting will be conduct-  
ed in the new Baptist Church, begin-  
ning Sunday August 16.  
Rev. W. A. Bowen, pastor of the  
First Baptist Church of Lubbock,  
will do the preaching. Mr. Payne,  
choir director for the Lubbock church  
will direct the music.

Rev. Mr. Bowen has had remark-  
able success as pastor at Lubbock  
and his services are much in demand  
as a revivalist. He is a good speak-  
er, a Bible scholar, and a zealous  
servant of his God.  
Mr. Payne has likewise had much  
success as a music director and he

is greatly beloved by his people at  
Lubbock.  
All Christians of the town are in-  
vited to attend and co-operate in every  
service possible. A really great  
meeting is desired and expected.  
The services will probably continue  
for a period of two weeks.

DAVIS THANKS  
TAHOKA MEN

Lubbock C. of C. Head Extends  
Thanks To Local Men For  
Aid At Hearing

The News editor has received the  
following communication from A. B.  
Davis, Manager of the Lubbock  
Chamber of Commerce. Mr. Davis  
very ably and forcefully presented  
the data concerning Lynn and other  
south plains counties at the I. C. C.  
hearing in Plainview.

"Both personally and on the part  
of the Chamber of Commerce, I want  
to thank you and your people for  
the assistance they rendered us in  
the railroad hearing at Plainview last  
week.

"This letter of appreciation is com-  
ing just a little late but I got so bad-  
ly snowed under before and during  
the hearing because of being away  
from my office, that I am just now  
shovelling down to where I can ex-  
tend this word of thanks.

"I turned over all your data re-  
garding your county to Mr. Byron C.  
Utecht, Staff Correspondent of the

ONE IN TEN

Neglecting a little wound, cut or abra-  
sion of the flesh may in nine cases out of  
ten cause no great suffering or inconven-  
ience, but it is the one case in ten that  
causes blood poisoning, lockjaw or a  
chronic festering sore. The cheapest,  
safest and best course is to disinfect the  
wound with liquid Boronax and apply  
the Boronax Powder to complete the  
healing process. Price (liquid) 30c, 60c

Fort Worth Star Telegram, and he  
has promised to write some special  
stories on your section therefrom.  
"I assure you that your cooperation  
is indeed appreciated and that any  
time we can render you any service,  
we want you to call on us that we  
may reciprocate.

Sincerely yours,  
Lubbock Chamber of Commerce,  
Per A. B. Davis, manager."

William Zappe and family were  
visitors in Anson Saturday and Sun-  
day. Mr. Zappe had business down  
in the Jones county capital and the  
family went along just for the pleas-  
ure of the trip. Mr. Zappe says that  
there are some good crops near An-  
son but more particularly near Roby  
in Fisher county. Crop conditions  
along the route however are very  
variable.

SIGNS YOU CAN BELIEVE IN

If your breath is bad and you have  
spells of swimming in the head, poor  
appetite, constipation and a general  
poor feeling, it is a sign your liver is  
torpid. The one really dependable reme-  
dy for all disorders in the liver, stomach  
and bowels is Herbine. It acts powerfully  
on the liver, strengthens digestion, puri-  
fies the bowels and restores a fine feeling  
of energy, vim and cheerfulness. Price  
60c. Sold by

**THE SCOUT CAMP IN RUIDOSO CANYON**

On next Monday, August 10 the Boy Scouts of Tahoka will leave for their big summer camp in the Ruidoso canyon. They go in a truck first to Lubbock where they will meet the scouts from the other towns they all will leave early Tuesday in a truck train. The first night will be spent at Roswell, where the Country Club has kindly furnished the grounds for a camp and a big swimming hole for the boys to enjoy the long ride in. The next morning bright and early the trucks leave for Ruidoso Springs which will be reached by noon and the camp cook has promised to have a piping hot dinner ready for the boys. The remainder of the day will be spent in making camp and preparing for the week of fun and work that will follow.

The camp is up 7000 feet high among the tall pines and firs along a mountain stream that makes it an ideal place to go. Nearby is an Indian reservation and the chief "Red Eagle" has promised to come over and show the boys how to make and shoot the bow and arrow and tell them of Indian life, how to hunt and track. Around the campfire there will be Indian stories told and legends repeated.

For a camp cook Mr. Jack Bynum has been secured and we are especially fortunate in getting him. He cooks regularly for the Northwest Texas Sanitarium at Amarillo but for a number of years now takes his vacation time out cooking for Boy Scout camps. The food will all be well cooked, cleanly served, and plenty of the right kind.

The ten days will be full of real times for the scouts. Times that will long be remembered by the Scouts and experiences gained that will be invaluable to the boys through out their lives.

The camp will be in charge of Mr. H. B. Palmer, Scout Executive of this South Plains Council, assisted by Scout Executives from nearby Councils and the Scoutmasters and Boy Leaders of this Council. There will be one leader for each ten boys in camp. One physician will be in camp all the time and in addition there will be two physicians near by for service.

If the parents of Scouts have any information or questions they would like to ask, the Scoutmaster, W. E. Lacey, will be glad to answer all questions. See him or Phone 109.

**COUNTY COURT JURORS FOR NEXT WEEK**

Since there are several jury cases on the docket of the county which have not yet been disposed of, a jury has been drawn for next week. The list of jurors and their respective residences is as follows:

H. W. Calaway, J. R. Strain, G. C. Sargent, Roy Poer, Dee Sanders, S. E. Reid and Will Montgomery of Tahoka; W. L. Tunnell of South Ward; N. C. Rainey and W. H. May of Lynn; S. D. Dabney and A. R. Hensley of Draw; E. O. Gurley of Gordon, A. A. House of O'Donnell; and Sam Smith of New Home.

**NEW SUPERINTENDENT OF SCHOOLS ARRIVES WITH**

Prof. and Mrs. G. H. Nelson arrived Wednesday morning from Commerce, where Prof. Nelson has been doing special work this summer in the East Texas State Teachers College.

Prof. Nelson was elected Superintendent of the Tahoka public schools several months ago and he is here to assume his duties as such. He is a man of splendid address and excellent scholarship, and we believe that the people of Tahoka may expect a good school again this year.

Many friends are delighted to welcome Jack Applewhite home. He is improving nicely from the operation which he underwent at the Temple Sanitarium a few weeks ago and it is to be hoped that there will be no recurrence of the trouble which made the operation necessary. He and Mrs. Applewhite, who has been at his bedside returned Thursday.

Sam Sanford will attend the good roads meeting in session at Sweetwater Thursday and Friday of this week. Many officials of west Texas are expected to be in attendance upon this meeting. Highway commissioner Joe H. Burkett suggested some time ago that the meeting be called and he will be there to give information and suggestions with reference to highway construction in this part of the state.

A marriage license was issued last Friday to A. B. Alldredge and Miss Reta Baker and they were married the same day, according to records in the office of the county clerk. We did not learn where the young couple were married, but they are residents of Lynn county.

**LEGAL NOTICE**

The State of Texas To the Sheriff or any constable of Lynn County, Greeting:

You are hereby commanded to summon W. W. Kuykendall by making publication of this citation once each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Lynn County, to be held at the Court house thereof in Tahoka, on the third Monday in September, A. D. 1925, the same being the 21st day of September, 1925, then and there to answer a petition filed in said court on the 4th day of August, A. D. 1925, in a suit numbered on the docket of said court No. 586 wherein Mrs. Florence Kuykendall is plaintiff and W. W. Kuykendall is defendant, said petition alleging:

Now comes Mrs. Florence Kuykendall, a resident of Lynn county, Texas, hereinafter called plaintiff, complaining of W. W. Kuykendall, whose residence is unknown to the plaintiff, herein after called defendant; plaintiff would respectfully show to the court that she is and has been for more than one year prior to the exhibition of this petition an actual bona-fide inhabitant of the State of Texas and has been for more than six months preceding the filing of this petition a resident of Lynn County, Texas, that therefore to-wit: about the 9th day of January, 1924, the plaintiff and defendant were lawfully married and that they continued to live together as husband and wife until about the 25th day of September 1924, at which time the plaintiff was compelled to abandon the defendant and they have not lived together since that time.

That the plaintiff is the mother of four children by a former marriage and that soon after the marriage and that soon after the marriage of the plaintiff and defendant the defendant began a course of harsh and cruel and unkind treatment toward the plaintiff and her children. That the defendant failed and refused to support the plaintiff forcing the children of the plaintiff to stop school and hire themselves out for wages, that the defendant would not have to work.

The conduct and action generally of the defendant toward the plaintiff was of such nature as to render their living together insupportable.

Wherefore premises considered, plaintiff prays that the defendant be cited by publication, to appear and answer this petition, that she have judgment severing this marriage relation and that her former name of Mrs. Florence Bush be restored to her and for such other and further relief as she may be justly entitled. Herein fail not but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness: (Seal) W. E. SMITH, Clerk District Court, Lynn County, Texas

Given under my hand and seal of said court, in the town of Tahoka, Texas, this 5th day of August, A. D. 1925.

(Seal) W. E. SMITH, Clerk District Court, Lynn County, Texas.

A. C. Harrison, late of Brownwood, has accepted a position as baker at the City Bakery. Mr. Harrison has had many years experience in the business and is said to be an adept. Mrs. Harrison arrived Wednesday.

**WORK ON THOMAS BLDG. TO BEGIN SOON**

The work of removing the wooden structures from the Thomas Brothers lots on the northwest corner of the square began Wednesday. A two-story brick building with a basement will be erected on the corner lot. A one story brick building will be erected on the adjoining lot south. These buildings will occupy a space 50 by 75 feet. The contract has not been let but probably will be within the next few days. Rumors are current as to the prospective occupants of these buildings but Thomas Brothers state that they have not yet rented them, although they have had a number of opportunities to do so. They will be handsome buildings and will add greatly to the attractiveness of the west side of the square.

**WEEDS BEING CUT**

Dr. Towne's slogan, Cut the Weeds has brought results. As a result of his suggestions and persuasions and arguments, the Kiwanis Club last week endorsed a weed-cutting campaign. After the necessary re-plate was gone through, Tuesday of this week was set as the date for everybody to swat the weeds. Accordingly the work began at an early hour this (Thursday) morning. It is believed that by night we will have a much cleaner and neater town so far as the weeds are concerned. Dr. Towne insists that by persistent efforts the sand-burrs which are becoming so numerous can be entirely killed out. He claims that they are not natives of the soil but that the seed were imported a few years ago in the sand that was brought in for the building of the side walks. They are a most pestiferous growth and deal a lot of misery to the kiddies every year. Paraphrasing the slogan of the old Roman senator, Dr. Towne ex winds up every speech that he makes with the assertion that the "Sand burrs delenda est."

Mr. and Mrs. L. M. Nordyke out on route A leave today (Thursday) for Hot Springs, New Mexico, where they expect to spend a month for the benefit of their health. He ordered the News to follow him, as he wishes to keep in touch with the affairs at home.

**SHOWERS FELL THIS WEEK**

A few light showers visited different localities in the county this week. It is said that a splendid shower visited a large area east and northeast of Tahoka Wednesday afternoon. The weather has been cloudy and damp all the week, which has been quite a relief to both crops and to human beings following the intense heat of July.

Fair sized crowds are attending the services conducted by Rev. W. K. Johnston, D. D., at the City Tabernacle, but the building should be filled to its capacity every night. Dr. Johnston is bringing some strong messages and is saying some things that all Tahoka needs to hear. His sermon Wednesday night on the need of a revival in Tahoka was especially pointed and timely. It is to be hoped that the services can be continued over another week and that the people of the town generally will join in them. Take time to go to church.

**TAHOKA LOSES TO LUBBOCK**

For the fourth time this season the Lubbock Bal team won over Tahoka Wednesday by one score. The result Wednesday was 1 to 0 in favor of Lubbock. Lubbock won the four games played with Tahoka by just four scores. They have all been good games and the two teams seem to be almost equally matched, but the fates have been with Lubbock each time.

Mrs. J. L. Harris of Dallas is visiting her daughter Mrs. C. A. Thomas.

D. B. English was a business visitor to Lamesa Monday.

John Thomas is building a small stucco residence in North Tahoka.

Prof. and Mrs. Thurman Bailey came down from Plainview Wednesday to visit for a few days with Mrs. Bailey's parents, Mr. and Mrs. Jim Eastridge of New Lynn. Mr. Bailey is attending Wayland College and expects to be in school until about the first of November, when he will resume teaching. He has taught at Joe Bailey the past three years, and will teach there again.

Mr. and Mrs. W. A. McWhorter of Wichita Falls are here for a two weeks visit with the latter's sister, Mrs. C. R. Brock. They will go from here to Florida where they will spend the winter.

Emmett L. Whitaker, a practical, all-round printer, who has recently been employed in the shop of the Sweetwater Daily Reporter, has accepted a position with the News. Mr. Whitaker is a splendid young man of fine character and we are glad to have him with us.

Mr. B. B. Altman is in Fort Worth this week at the bedside of his father who is seriously ill.

Mr. and Mrs. G. G. Colleenback and son Otis of Uvalde, Texas were the guests the past week of the family of his brother, J. H. Colleenback. They were very much pleased with this country and indicated that they may decide to move out in the near future.

**GOOD WORK BEING DONE ON STATE HIGHWAY**

District Highway Supervisor, Cam H. Murray and Engineer George Fields of Lubbock and Sam Sanford, the local supervisor for Lynn county, are to be complimented for the splendid work that is being done on the highway between Tahoka and Lubbock. This highway has been graded out of Lubbock southward and the work of grading has now reached within eight miles of Tahoka. This highway is now conceded to be one of the very best dirt roads this part of the state.

R. T. Womack, who went to California with the Halley family soon after his marriage, returned to Tahoka Tuesday. Mrs. Womack is expected within a day or two. Mr. Womack is not particularly enamored of California. At least he likes Texas better.

D. H. Goodnough, who on Monday vacated the building which he occupied near the northwest corner of the square in order to make way for the erection of the brick building soon to be erected by Thomas Bros., has moved his business into a building near Larkin's.

It is reported that parties residing in Brownfield are preparing to construct and operate a skating rink in Tahoka.

Geo. E. Hogan is in Dallas this week making purchases for his fall stock of goods.

Miss Lucille Collier of Post and Miss Berta Walker of Hereford have been visiting in the C. A. and W. O. Thomas homes of this city.

Rev. B. N. Shepherd left Wednesday afternoon for Petersburg, Hale County, where he will conduct a revival meeting for a period of about ten days. He will return to Tahoka for the Sunday morning service in the new Church here, however.

Mrs. M. A. Evans and Mrs. I. F. Craft returned Friday from an extended visit in Florida, Alabama, and Mississippi, and they declare that they were more than glad to get back to Texas. Hot weather and mosquitoes made life miserable for them. They spent some time in Tampa and Pensacola in Florida, West Point and Camp Hill in Alabama, and Vicksburg in Mississippi. The doctors advised them to get out of that country and they took the advice inlander. Both are ready for their school work, which will begin in September.

W. E. Sikes and family returned last week from an extended visit with relatives in north and central Texas. They first visited a brother of Mr. Sikes at Grand Prairie and then a son, Elmer, at Richland. They also visited at South Bosque and Hamilton. Mr. Sikes brings back the same story of short crops that others have brought before him and says that he saw folks picking cotton in the vicinity of Corsicana and Waxahatchie.

**PLEA OF GUILTY IN JUSTICE COURT WED.**

A plea of guilty was entered by a citizen of the Midway community Wednesday in the justice court to a charge of simple assault. The complaining witness was a young girl of the community. A light fine was assessed against the accused.

**INTENSE PAIN**

Lady, Also Nervous and Weak, Relieved by Cardui.

"I was ill and had to stay in bed under treatment for about two weeks without any improvement in my condition, which was serious," says Mrs. J. F. Abercrombie, R. F. D. 7, Brookville, Ind. "I had intense pain in my side. I was so nervous and weak and just out of heart. . . . After taking one bottle of Cardui, I felt like getting up. My nerves seemed steadier and I didn't feel so weak. I kept up taking Cardui and was soon feeling like my old self. . . . I am such a believer in Cardui until when I get nervous and weak I take it. I took it before my children were born. It strengthened me and helped my nerves. . . . I took a cold and . . . my back felt so weak and I had such pulling pains. I took Cardui and didn't have any more trouble. . . . I fell and broke my arm. The fall shook me up and made me very nervous. I told them Cardui would help that, and it did." At all drug stores.

MEMBER TEXAS PRESS ASSOCIATION

Furniture manufacturing companies have been assessed some rather heavy penalties by courts during the past few months upon the charge of combinations in violation of the anti-trust laws of the Federal Government. All we have to say is, those of us who have had to buy furniture within the last few years can testify to the fact that the prices have been sky high. And neither have we heard of the prices being reduced since the fines have been assessed and collected, all of which goes to prove that Jones pays the fines of the Furniture manufacturers. No anti-trust law is worth anything to the buying public as long as the price remains as high or higher than before conviction of the accused. —Panhandle Herald.

William J. Bryan's remedy for violators of the anti-trust law was a good nice little term in the penitentiary. He had no monopoly on that suggestion but he was among those who urged it as an effective remedy. In our opinion it would beat a fine a whole city block.

Some of the legislators who voted for the "Search and Seizure" law enacted by the present legislature insist that the law is correct in principle but admit that there are some serious defects in it that need correction. They excuse their failure to note these defects at the time on the ground that the legislature compresses so much work in such a short period of time and does its work so hastily that errors inevitably creep in. If that is true, then there would seem to be little virtue in the claim made by the members of the present legislature that it did its work in less time than usual. It should take more time and do its work thoroughly. Any one who has watched the proceedings of the legislature is impressed with two things: first, that many of the legislators are totally incapable of performing in an adequate manner the duties incumbent upon them, and second, the confusion that usually exists during the transaction of important business by that body. It is our belief that legislators ought to be chosen from the very ablest and best men of our state. There are usually only a few really able men in the legislature. We go further. There are usually only a few really well informed men in the legislature. Most of them, it is true, are men of good common sense, but very few of them have any preeminent qualifications for the office. This business offending some mere "kid" to the legislature because he has ambition and imagines that he is budding out into a great statesman, or some fellow citizen merely because he is a good handshaker, or some local business man simply because he has made a little money selling goods, or some horny-handed son of toil simply because he is a good old honest farmer, ought to be stopped. They are good men but they know about as much about legislation, about the laws of our state, and about the proper interpretation of our present laws and of proposed laws, as an ordinary bootlegger knows about theology. Our legislature ought to be composed of the very ablest and most honorable citizens of this state—lawyers and educators and physicians and business men and farmers who are preeminent in their respective lines of endeavor.

These legislators should devote practically their whole time to the performance of their duties, just as a congressman does. When the legislature meets, there should not be a scramble from beginning to end trying to get through and go home in order to attend to private business, but the body should in fact be a deliberate one. Laws should be passed only after they have received the most painstaking study by men who are capable of interpreting them in the light of existing laws and of foreseeing their probable effects. How can these ends be attained? There is only one way, as we see it, by which they can be attained. That is to cut down the number of legislators to, say, thirty to fifty in the lower house and then pay them a decent salary. The present method by which we send a great mob of ignoramuses to the legislature and then pay them about enough to enable them to live at a respectable chilli joint is the height of folly. If we will cut down the membership to a few men, pay them an adequate salary and then demand that they devote their whole time to the study of our state, its institutions, its needs, then we will have an end of this half-baked and bungling legislative body that meets in our state.

That Earthquake shock on the plains last Thursday morning was a new thing under the sun. None of us were even dreaming that this section of the country was subject to such a phenomenon. It was not felt at all here but it is claimed that a few slight tremors were felt at Lubbock. On the north plains it seems to have caused quite a bit of excitement. Window panes shimmied in the cases, dishes danced jigs in the closets, walls quaked and trembled as if they had an ague, and folks jumped out of bed and performed various kinds of stunts wondering what would happen next. It is said that one fellow who had been in a California performance and who had seen something of the destructiveness of a real, honest-to-goodness earth quake, quit his bed and tumbled down stairs and shot out into the street with such lightning like rapidity that he forgot his trousers and other paraphernalia and appeared in public with scarcely more wearing apparel on than a bathing beauty wears at a "revue". No damage was done, however, either to life or property. Nature seems to have been just playing a practical joke.

Celina Record: Mr. James L. Tarwater and Miss Helen Rainwater were married in Shallowater several days ago. Mr. and Mrs. Rainwater have since moved to Runningwater near Plainview, where they expect to make their home. Mr. Tarwater is recently of Stillwater, Oklahoma. State Press in Dallas News: Water, water, everywhere out here, but almost none in some parts of Texas. Rain water is direct from Heaven and tar water is a tonic, so when the newly established family at Runningwater drink to each other's health they may drink purely and wholesomely, something that those who drink health's can't always do. That Mrs. Tarwater, nee Rainwater, will find at Runningwater all the blessings to which she was accustomed at Shallowater is the hope of Mr. Tarwater's friends at Stillwater. And should little sweet waters eventually come to refresh the home of the Tarwaters, may the currents of family life flow smoothly and no shipwreck occur. Lastly, and a long time from now, may the river of death be but a singing brook to the Tarwaters when they come to the crossing.

Buy it in Tahoka!

A concerted effort is being made throughout the United States, it seems, to destroy our Sunday laws. A magazine which seems to have that for one of its main purposes comes to our desk occasionally. We think that it will be a sad day for America when she abrogates the Sabbath. We do not believe in compelling people to observe any day religiously by law. We do not believe in any form or kind of union between church and state. We believe in perfect religious liberty. However, Sunday as a day of rest and religious service was established long before our government came into existence. It was hoary with age when the Pilgrim Fathers landed on that stern and rock-bound coast, when the Declaration of Independence was penned, when the Constitution of the United States was framed. It has been recognized as a day of rest and religious worship in one way or another in the laws of every state in the American Union, from the day of their birth to this good hour. It had never occurred to us that these laws were in violation of the principle of religious liberty; that is, the laws that may now be found on the statute books of the various states relating

**MISSIONARIES LEAVE FOR WEST**

(Sunday School Lesson for next Sunday)

(If there had been a newspaper published in Antioch about 50 A. D. and if it were taking note of the religious matters of the city, it would probably have given an account of the departure of Paul and Barnabas and the others on the second great missionary journey in somewhat the manner appearing below. A subsequent story of his travels might have also appeared, as related below)

The two outstanding characters in the religious life of Antioch departed yesterday for the provinces to the west on an extended missionary tour. They took different routes, however, Paul expecting to go through Syria, Cilicia, and then on to Derbe and Lystra and other cities, and Barnabas leaving by ship for the island of Cyprus. Paul was accompanied by an able young preacher named Silas while another of the leaders of the Christian faith, John Mark, is the companion of Barnabas.

It will be remembered that Paul and Barnabas made a trip through these provinces a few years ago, preaching and establishing churches in numbers of the cities visited. They had some wonderful experiences, according to their general report, on this trip as well as some narrow escapes from death. Their decision to take separate routes in this second tour of the west came only after they had had quite a sharp dispute as to whether or not John Mark should go with them. He started with them on the first trip but upon reaching Pamphylia, for some reason he turned back. Paul was considerably disappointed at his desertion, and so when Barnabas proposed that they take John Mark with them on this second trip a few days ago, Paul dissented. The contention between them became so sharp that they decided to go by different routes. Paul then invited Silas to go with him and Silas accepted. They expect to visit all the churches which have been heretofore established and possibly

to Sunday. We do not believe that they interfere with anybody's religious liberty. On the other hand, we believe that they have been a whole some influence on the moral life of the people. We see no reasonable excuse for this hue and cry that is being made against our Sunday laws. Some of them perhaps are archaic and need to be modified. But our American Sabbath should not be destroyed. The law should make it a day of rest and then the religious bodies of this country should strive to perpetuate it as a day of worship. We should remember the Sabbath day to keep it holy. The fellow who is continually berating our so-called "blue laws" and seeking to destroy our Sabbath, in nine cases out of ten is like-wise either hostile or indifferent to Christianity. If he and his crowd were permitted to rule in the political and religious affairs of this country, this country would drift into infidelity and agnosticism in a single generation. Let's preserve our Sabbath day and our Christian civilization.

preach in other cities also. Paul is a powerful and persuasive speaker and an indefatigable worker, and it is expected that he will have some remarkable meetings on this second tour.

**LATER**

Reports from the west are to the effect that Paul and Silas are having wonderful success on their evangelistic tour, many being converted to the Christian faith and the churches where they go being greatly strengthened. Among the cities visited are Derbe and Lystra. At Lystra they were joined by another young man named Timothy, upon Paul's invitation. Timothy's mother is a converted Jewess but his father is a Greek. On account of his Jewish ancestry and in order that the Jews might have no grounds for criticism, Paul induced the young man to submit to the ordinance of circumcision. Timothy is said to be a young man of fine character and he bears an excellent reputation in Lystra and Iconium, where he is well known. From Lystra the three continued the journey, visiting and preaching in many of the cities of that region. Paul also delivered to the churches for their observance the decrees which had been made by the church and the apostles and elders at Jerusalem. They will visit many other cities yet and it is not expected that they will return to Antioch for many months. —Antioch Herald, A. D. 50.

**TODD—SUMMERS**

J. A. Todd of Lubbock and Miss Vivian Summers residing in the northwest portion of Lynn county were united in marriage at the court house here last Saturday afternoon. Uncle Ike Metcalf, J. P., performed the marriage ceremony. The young couple will make their home in Lubbock.

**WOODMEN—NOTICE**

To all members of Tahoka Camp Woodmen of the World: You and each of you are urgently requested to meet in the Court House (county court room) on next Saturday, Aug. 8th. at 3 o'clock P. M. Business of importance demands your presence. Fail-not, but come. D. T. Rogers, Clerk.

**GORDON B. MCGUIRE IS APPOINTED JUDGE**

The appointment of Gordon B. McGuire of Lamesa as District Judge was announced Thursday of last week. That Mr. McGuire would be appointed seemed to have been the consensus of opinion throughout the district long before the appointment was announced. Perhaps no appointment could have been more popular in the district than that of Judge McGuire. He is a man of mature years and has had quite a number of years experience as a lawyer both in civil and criminal matters. For a number of years he was district attorney of the 72nd Judicial district, which embraced eleven counties on the south plains retiring from office on January 1, 1925. As district attorney he made an enviable record. He was capable and just in the performance of the duties of that office, and he has numerous warm friends in every county of the district. That he will make a good district judge is a foregone conclusion.

**FARM BUREAU MEETING CALLED FOR LYNN COUNTY**

B. A. Young, secretary and treasurer of the Texas Farm Bureau for Lynn county, has issued the following call for a meeting of this body: The members of the Texas Farm Bureau Federation for Lynn county, are hereby notified that there will be a meeting of this body in the Court house in Tahoka on Saturday, August 15, at 3 o'clock P. M. for the purpose of electing delegates to the district meeting which will be held in Plainview on August 20-21, and to transact such other business as may properly come before the body. A communication from L. R. Campbell, the State secretary, expresses the hope that Lynn county will be well represented at this Plainview meeting. "A banner is going to be given to the County Farm Bureau which has the largest attendance," he writes, "figuring this on the number of people and the miles they travel in attending the convention. This will give all counties an equal chance for winning the banner." Let me urge that every member of the Lynn county Farm Bureau be present at the meeting in the court house Saturday, August 15, and we want as many to go to Plainview on the 20th, as possible. Your very truly, B. A. Young, Sec'y-Treas.

**MOORE'S HAMBURGER STAND CHANGES HANDS**

A deal was effected this week whereby E. A. Parks, proprietor of the Parks Market, became the owner of the Jack's Hamburger Stand owned and operated by C. L. Moore. Mr. Parks in turn sold the business to Eli Lam, who has already taken charge and is operating the same. The business has been moved into south side of the City Market building.

H. M. Anthony is making extensive improvements on his residence in the city. When finished it will be one of the most elegant homes in town.

**METHODIST GIRLS CAMP TO MEET AT CANYON**

CANYON, Texas, August 3d. The annual girls' camp of the Northwest Texas Conference of the Methodist Church will take place at the Baptist Encampment grounds 18 miles southeast of Canyon, August 15 to 24 with Mrs. Tom C. Delaney of Memphis, as general manager. Mrs. Delaney stated today that there would be about two hundred fifty girls in the camp. The ten days outing will be used for serious pursuits as well as recreation. Mrs. Eldridge, of Tahoka, will conduct classes each day in mission study. Mrs. Louis Stuckey of Abilene will give lessons in story telling and act as platform manager.

Mrs. George W. Truett, assisted by Gwendolyn Price of Hereford, and Eula Hancock of Canyon, will have charge of physical activities. The Y. W. C. A. and the band of the West Texas State Teachers College will furnish special programs. L. F. Sherry, superintendent of the Canyon Methodist Sunday School will give a lecture on the subject: "Why I like Young People."

Official chaperones of the camp will be Mrs. Frank Potts of Abilene; Mrs. Garvin of Dalhart; Mrs. Stocking of Plainview; and Mrs. Clements of Shamrock. Groups of girls from any denomination are invited to join the Methodist Group if they are properly chaperoned. Several scout groups and Sunday School classes from denominations other than the Methodist expect to attend the camp. Happy, Texas, will be the Camp's Post Office and Miss Corinne McReynolds, of Canyon, will be the official post-mistress for the camp.

A small store will be maintained on the grounds for the accommodation of the campers, who are instructed to bring their own cots.

**WILSON NEWS**

My, but the farmers are wearing happy smiles since the wonderful rain we had last week.

Ira Crooks and family returned home yesterday from Rising Star after a ten days visit.

Rev. Jesse Johnson has been holding a revival meeting at Lynn the past week.

Rev. Graves Darby began a meeting here Sunday morning. We did not learn just how long it will continue.

Rev. Johnson will begin a meeting at Dixie Monday night.

Sunday School at both churches was well attended Sunday morning.

The club girls returned yesterday from the short course at College Station. They reported a wonderful time.

Mr. and Mrs. J. W. Hyde went to Littlefield Sunday.

Mark Burns and children have returned from their vacation.

Prospects are good now for a cotton crop in this part of the county. While the feed crop is short, we are hoping the rain will make the grain mature better.

There was quite a crowd at Wilson Saturday. It was trades day.

The health of our community is so good at present.

—Aunt Martha

We have several different kinds of used cars at Bargains. Briley Grain Company.

**SENIOR B. Y. P. U. PROGRAM GROUP 3 IN CHARGE**

- Bible study meeting. —The model prayer.
- Leader—Mr. Alvin Hicks.
- Hallow God's Holy name—Mr. Burton Edwards.
  - Thy Kingdom come—Harvey Freeman.
  - Heaven is where his will is done—Comment and illustration under 6, page 57, by Mrs. Hendrix.
  - God gives Daily Bread—Floyce Sherrod.
  - Forgive us as we forgive—Mildred Bosworth (including comment under 8, page 57).
  - Request for deliverance—Miss Lura Howell.
  - Broadcasting for the Lost—Mrs. E. I. Hill (Under 9, Page 57)
  - For our Reflection—Ethel Kuykendall.
- Members of Group 3: Lura Howell, Capt., Mr. Burton Edwards, Ethel Kuykendall, Harvey Freeman, Mrs. E. I. Hill, Jr., Mr. Alvin Hicks, Floyce Sherrod, Mrs. Hendrix, Mrs. Blar, Mildred Bosworth, Fred Barker.

Capt. W. R. Standifer of Wilson was a pleasant caller at the News office Monday. He says that rains in the Wilson country last week were fine and that crops were materially benefited. He thinks that some farmers, however, are too fond of the order known as the Sons of Rest. He says that it takes lots of hard work to make a good crop. The Captain was a member of the Texas Ranger force in the years of long ago, and he has a great fund of interesting information about Texas history.

L. A. Shuttle of Cooleidge left for his home on last Thursday after a few days visit here with his friend, J. K. Callaway. He had heard much of the south plains and came out to see for himself. Of course he found that the half of it had not been told him, and like all other visitors, he went back in love with the country. He is a business man and farmer and may remove to this county later. We'll all extend the glad hand.

**BIRTHS**

Just two births in the county have been recorded since our issue last week. Both of these are fine little girls, as follows:

Eula Lee Todd, daughter of Mr. and Mrs. R. L. Todd, one mile east of Tahoka, born July 27;

Ivadel Henson, daughter of Mr. and Mrs. E. T. Henson of Wilson, born July 30.

**TIGHT FEELING**

Stomach Troubles Relieved by the Aid of Black-Draught.

Telling how he obtained relief from very disagreeable symptoms of stomach trouble, Mr. Charles T. Wintz, of R. F. D. 4, Huntington, W. Va., made the following statement:

"I began taking Black-Draught about fifteen years ago. I would have gas on my stomach that just pressed and seemed to shorten my breath, and I would have all kinds of feeling. My head would ache and I was in a very bad fix. I had tried remedies that didn't seem to do me any good. I saw Black-Draught advertised and sent for it.

"After taking a few doses, I knew it was helping me. It seemed to break up the gas, and the tight, bloated feeling disappeared, and I was like a new man. I would not be without Black-Draught. I can eat anything I want to. If I get dizziness in the head, Black-Draught relieves it."

Sold everywhere; 25c. C-35a

**THE STATE OF TEXAS**

To the sheriff or any constable of Lynn County—Greeting: You are hereby commanded to summon S. D. McCormack by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Lynn County, to be held at the Court House thereof, in Tahoka on the 2nd Monday in August A. D. 1925, the same being the 10th day of August A. D. 1925, then and there to answer a petition filed in said Court on the 8th day of July A. D. 1925 in a suit numbered on the docket of said Court No. 580, wherein Mrs. Laura McCormack is Plaintiff, and S. D. McCormack is defendant, and said petition alleging that on the 23rd day of February, 1923, the defendant made, executed and delivered to plaintiff herein his certain promissory note in the sum of \$1,223.25, bearing date on the day and year aforesaid, payable to the order of this plaintiff at Tahoka, Texas, and due on the 1st day of September, 1923, bearing interest at the rate of 10 per cent per annum from maturity until paid and providing for 10 per cent additional as attorney's fees if placed in the hands of an attorney for collection, whereby defendant became liable and bound to plaintiff the sum of money specified in said note.

Plaintiff further alleges that the defendant, on the 1st day of January, 1923, made, executed and delivered to this plaintiff his certain promissory note in the sum of \$406.00, bearing date on the day and year aforesaid, payable to the order of plaintiff at Tahoka, Texas, and due

on the 1st day of January, 1924, to pay him the said 10 per cent bearing interest at the rate of 10 per cent per annum from date until paid, and providing for the usual 10 per cent attorney's fees if placed in the hands of an attorney for collection, whereby defendant became liable and bound to pay plaintiff the sum of money specified in said note.

That said notes are now past due and unpaid, and the defendant, although often requested to pay said notes, has failed and refused and still fails and refuses to pay the same or any part thereof, to plaintiff's damage in the sum of \$1623.25.

That plaintiff has placed said notes in the hands of O. W. McWhorter, an attorney, for collection, and promis-

ed to pay him the said 10 per cent attorney's fees stipulated in said notes. Wherefore plaintiff prays that defendant be cited to appear and answer herein, and that she have judgment for her debt, interest and attorney's fees and costs of suit, etc. Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and Seal of said court, at office in Tahoka, Texas, this 8th day of July, A. D. 1925. (Seal) W. E. Smith, District Court, Lynn County, Texas By Inez Weatherford, Deputy.

## MAYFIELD ASKS RE-ELECTION

Mayfield, Texas Senator, Will Make Race For Re-election Next Year

DALLAS, Aug. 2.—Earle B. Mayfield will be a candidate to succeed himself as United States Senator when the time comes to announce for next year's election.

This announcement was made here Saturday night by W. M. Pierson, a warm personal friend of Senator Mayfield, and at whose home Mayfield delivered an address at the Collin field stopped Saturday, just before leaving for Austin. Mayfield delivered an address at the Collin County old settler's re-union Friday.

"You can say for me, and on the authority of the Senator, that he will be a candidate," Judge Pierson said. "At the coming session in Washington I believe that he will offer a bill seeking to curb the powers of the Inter-State Commerce Commission and other bureaus that encroach upon State rights at this time."

Judge Pierson expressed the opinion that James E. Ferguson would be another contender in the senatorial race, but should he run, Mayfield will easily defeat him.

## TAHOKA GIRL IS HONORED

Miss Irene Coner, Formerly of Tahoka Wins Press Honors From "The Tumbleweed"

Miss Irene Conner, formerly of Tahoka but now of Lubbock, has been appointed District Chairman of the Panhandle District of the Texas High School Press Association, according to a communication received by the News from R. Q. Riddle, head of the Department of Journalism of Baylor College, Belton. This honor was bestowed upon her in recognition of the excellent work which she did as editor-in-chief of the Tumbleweed, the paper published by the Tahoka High School and printed in the News office.

Miss Conner removed with her parents, Mr. and Mrs. J. V. Conner, from Tahoka to Vernon soon after school closed here in May, but the family has recently removed to Lubbock.

Miss Irene's many friends here are much gratified that this honor has been bestowed upon her.

Our most estimable fellow citizen and county commissioner W. J. Fairer returned Friday from Christoval, where he had gone to enjoy the placid waters of the beautiful Concho. He says he left Mr. and Mrs. Paul Miller there and they are so busy catching fish an having a great time that they think they will stay a month longer. Paul sent word for us to keep the fish lie contest open till he returns, as he thinks he will be a sure winner if given half a chance.

Dr. Chas. A. Shook will begin the construction of a small residence in North Tahoka.

## Memorial Services For Bryan Held

Dr. W. K. Johnston, the Presbyterian minister, conducted memorial services in honor of the life and character of William Jennings Bryan at the Primitive Baptist Church Sunday night. The housewas filled to its capacity and many people were turned away because of their inability to get into the house.

Mr. Johnston paid a glowing tribute to the late great Commoner. He characterized Bryan as one of the greatest champions of morality and religion and one of the most valiant defenders of the Bible that America has ever produced.

The service is said by those present to have been very fine in every way.

The editor and family drove to Post Sunday, and with much gratification noted some splendid crops of feed and cotton in the eastern portion of this county and the western portion of Garza. Much cotton promises to be good. Over much of the territory traversed, however, the feed suffered terribly and cotton was greatly stunted in its growth by the hot, dry weather of July. A good soaking rain within the next few days would help it wonderfully, and we hope that it comes.

J. J. Massengale and family left Sunday to visit relatives at their former home, Killeen, Bell county.

## NOTICE TO BAPTISTS

Our new church has been finished. But the building and grounds must be cleaned up before Sunday, in order to be ready for the first service. Friday has been set as clean up day. All members of the church who can be of any service are urged to meet us there at 8 o'clock Friday morning or at any hour you can come and help us clean up the premises. We need hoes, spades, shovels, and a truck or two. All trash and refuse must be removed from the premises and the surface of the ground levelled up and smoothed off. We can use you.

Come.  
Building Committee.

## INTERNATIONAL SYSTEM LONE STAR PORTLAND CEMENT

## A Super-Grade Cement — It Even Looks Different

Take a handful of LONE STAR Cement out of a sack—feel it—look at it. It even looks different than ordinary cement.

20 years' experience in cement making, combined with years of painstaking research has resulted in the perfection of the International Wet-Blending Process, now used in the manufacture of LONE STAR Cement.

Cement manufacture, as carried on in the mills of the Texas Portland Cement Company at Dallas and Houston, is an exact science.

With the International Wet-Blending Process of manufacture, the chief chemist and mill superintendent can always come within 1/10 of 1% of the quality at which they aim. Guesswork has been eliminated.

The International Wet-Blending Process, regarded as the last word in cement production efficiency, results in a quality 50% above the requirements of the U. S. Standard Specifications.

Yet this super-grade cement costs no more. It has our unqualified endorsement.

### APPEAL TO PARENTS ON SCHOOL SITUATION MADE

About half of the more than 4,000,000 children who enter the first grade in the elementary schools each year fail to reach the second grade, according to a tabulation just completed by the Interior Department through the Bureau of Education.

Most of these pupils become so-called "repeaters". It is estimated that the cost to each school district is from \$72 to \$80 per year per pupil because these children fail to pass successfully the first grade of school, resulting in a tremendous waste in education which should command the serious consideration of every parent and teacher in the United States.

The Commissioner of Education in calling the attention of parents to this extraordinary situation, declares that much of this waste in education is due to physical and mental defects in the children. He believes that the number of pupils who repeat the first grade can be materially reduced if parents will give due consideration to the defects of their children before they enter school.

The Bureau of Education of the Interior Department is collaborating with the National Congress of Parents and Teachers in an intensive campaign to have children 100 per cent perfect in mind before entering school for the first time next September. Thirty states have already signified their intention of participating in the campaign. Parents throughout the Nation are urged to join the campaign at once and to prepare their children for school during the next eight weeks.

The Bureau of education has issued posters and circulars calling attention to the movement, which publications are distributed widely through parent-teacher associations, to communities throughout the United States.

### RESULTS OF WAR

LONDON, July 24.—After several years' work the League of Nations has finished the first complete assessment of the material losses of the World War, officially compiled from all the nations that participated.

Here is the net result of the shot fired 11 years ago next Wednesday by a gay Austrian officer:  
9,998,771 known dead.  
2,991,800 presumed dead.  
6,295,512 seriously wounded.  
14,102,039 otherwise wounded.  
\$1896,333,637,097, direct cost of the war.  
\$29,551,276,280 property loss of the war.  
\$33,551,276,280 capitalized value of loss of life.

In asserting the latter the League figures the value of a human life for war purposes at \$4,720 for Americans, \$4,140 for British, and \$2,900 for the French.

### NEW CALOMEL BREAKS A COLD OVERNIGHT

When the purest kind of English Calomel was combined with papain by a smart young chemist, the world was given an ideal mild medicated laxative for breaking colds. One night is long enough for this new, mild and non-sickening pepsin-treated calomel, called "Pepsinated Calomel" to break the most stubborn cold. Before breakfast time it vanishes and leaves you feeling fresh and fine. "Pepsinated Calomel" does not sicken, gripe, salivate or upset you, but it does clean you out thoroughly, tone up the appetite, purify the blood, stop dull headaches, relieve stomach and bowel disorders and make you feel like a new person. Never take the old drastic calomel—insist on "Pepsinated Calomel" for it is better. Prepared by the Pepsinated Calomel Co., Atlanta Ga. Sold by Tahoka Drug Co.

### THE GREAT CIVILIZER

Farm population was placed by the census authority at 31,134,000 January 1st, compared with 31,316,000 a year earlier.

Atlantic coast states showed net increases in farm population, other sections leading in decline.

Young and old leave the farms because they think city life is more attractive but the same agency which has given attractions to the city is now turning its energy toward the farm. Electricity will revolutionize farm life just as it has the city.

Light is the great civilizer. When a farmer's wife can press a button and flood her house with light, wash her dishes, pump and heat the water, run the churn, sewing machine, washing machine, ironing machine and vacuum cleaner, make ice in the refrigerator, curl her hair and do innumerable other things with electricity, how much more attractive will be the farm homes.

When the farmer can press a button and light his barn, milk his cows, chop food for the cattle, saw wood, thresh grain and do scores of other things which are now downright drudgery, farm life will become more attractive for him and the boys.

Electric road lights will begin to appear at crossroad corners. The telephone and the radio will give the same universal communication facilities that are enjoyed in the city. Moving picture houses will gradually appear in advantageous locations which can be reached from a five or ten mile radius by automobile.

Thus, as electricity takes light to the farm, it will emphasize the advantages of farm life over crowded city life and draw the people from the thickly populated districts back to the rural districts.

Mr. Guy Robinson and family of Strawn and Miss Annie Ola Thomas of Dallas have been guests this week at the A. I. Thomas home.

### THE LAND OF PROSPERITY

The National Industrial Conference Board, Inc., finds that the American wage earner is the best paid worker on earth. On a chart showing what labor will buy of all the comforts of life, the Philadelphia wage scale was taken as 100 per cent. On this basis wages in foreign cities and countries are as follows:

Philadelphia, 100; Sydney, Australia, 70; Ottawa, Canada, 69; London, 45; Copenhagen, Denmark, 41; Oslo (Christiania) Norway, 38; Amsterdam, Holland, 37; Stockholm, Sweden 36; Paris, France, 33; Berlin, Germany, 29; Prague, Czechoslovakia, 29; Brussels, Belgium, 28; Lodz, Poland, 27; Rome, Italy, 23; Vienna, Austria, 23; Warsaw, Poland, 23; Milan, Italy, 21.

A car owner reports that he transplanted a gland from his monkey wrench to his Ford. Then he went for a ride and a motor cop tried to arrest him for speeding, but the car bit the cop and then climbed a tree and hung from the branches by its tail light.

J. D. Sossaman of New Home was town Friday. He says that the rains have greatly helped crops in his vicinity. Enough feed for home consumption will be made and cotton is doing well, though small. This is Mr. Sossaman's first year on the plains but he is well pleased with the country.

### JUST IMAGINE!

We will all admit that we would be in awful shape if we had to depend on peddlers entirely to supply our needs.

Just imagine a town the size of Lamesea, without any stores of any kind. Just imagine Dawson county, as it is today, but take out every store of any kind in the entire county. Just imagine the people having to depend on the irregular visits of itinerant merchants for the necessities of life.

Mrs. Housewife, just imagine if you can, starting to prepare the mid-day meal and find that you are out of cooking salt at eleven thirty, and you couldn't borrow from a neighbor, and there is no grocery store to which you can telephone and have them send the delivery boy in a big rush with a ten cent sack of salt to save your dinner and your disposition.

Just imagine how you would be if you had to depend on a peddler from back in Missouri to supply your refrigerator with ice. Or just imagine how you would feel if you had to wait all the time for some agent to keep you supplied with cosmetics and other preparations for your toilet.

Just imagine who would keep up the band, donate to your club and society benefits, give you credit for thirty days or six months, take back

the things you decide you don't want after you have worn them one time; just imagine who would do these things, if it were not for your local merchants, who overcharge you, send you rotten apples and sour grapes.

Just imagine the shape we would be in the next time you start talking about the high prices. See if there is a reason for the prices you pay. Your local merchant is not a robber. He don't want to do a thing that is not right. He wants your business. He will sell you stuff as cheap as he possibly can. There is nobody in this town who is profiteering very much off of his customers.

There are many things to consider when you buy from a peddler. Think before you jump.

—Dawson County Journal.

### ADVANTAGE OF SMALL NEWSPAPERS

From an ethical standpoint it can fairly be claimed that the country press and small city dailies have a marked advantage over the big metropolitan newspapers.

The smaller papers are conducted by their owners who are personally known to the people and business men of the community and read in nearly every family.

The owners, editors and publishers are freer to express their honest

convictions than the highly commercialized city press, too often run by hired employees, principally to earn dividends.

The small daily or country weekly that lives up to its opportunities represents the stand of personal journalism in behalf of the community.

As long as the small city dailies and country weeklies remain true to their best traditions, with their editorials devoted to constructive policies, their influence in journalism will increase.

### BUILDING UP FOREIGN BUSINESS

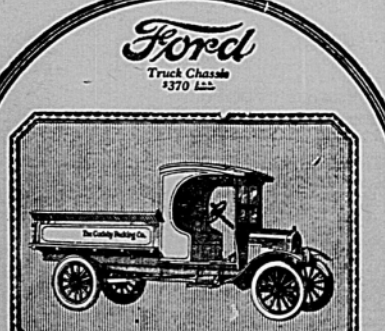

Baldwin locomotives, sold under a long time contract, are running the railroads of the republic of Poland. One payment of \$1,169,125 was recently made by the Republic for locomotives bought in 1919.

There is enough money in our country to finance sales anywhere on earth. The general complaint against American goods is the insistence on immediate payment, so different from many of the organized credit plans of many European countries. This Baldwin finance policy abroad has given the company a lot of slow though sure assets, as compared with the other possible plan of selling only for cash or quickly realized credits. Firms like Baldwin carry the name of America in honor all around the world.

At night after the evening meal is the Wright hour. Then read aloud to the family.

## Wright's

latest and best story, "A Son of His Father". Several hundred thousand families are doing this within a week after publication. Be one of them. \$2.00 a copy at all bookstores. L. A. Johnson & Company, Publishers, 21 West 23rd Street, New York.

**Ford**  
Truck Chassis  
1370 L22

Flare board body type, ideal for packers, plumbers and others handling heavy merchandise. Body types to meet every handling requirement can be supplied.

A dividend-paying business utility—a little the Ford One-Ton Truck has earned for itself through years of reliable service in diversified lines.

Powered by the famous Ford Model T engine through the Ford planetary transmission and special Ford worm gear, it brings to the business man for his delivery service the abundant power, reliable operation, and real economy for which the Ford product is notable everywhere.

It carries its load, day in and day out with a minimum of attention. Its ease of handling adapts it for use in the limited areas about loading docks, warehouses and construction locations.

Giving rapid, dependable hauling service at low initial cost, and at the lowest possible expense for operation and upkeep, it pays the highest dividends on the investment of any motor transportation equipment available to the business world.

These trucks can be obtained through the Ford Weekly Purchase Plan.
