Mules Ring Up Fourth Straight With 21-0 Victory Over Friona

By JAY SPAIN
Muleshoe Mules raided Indian territory Friday night and whipped the Friona Chiefs 21 to 0 in a suspenseful thrilled-packed ballgame.

Fire Prevention Week Is Planned; Events Slated

This is fire prevention week, and many agencies are planning special programs to point out the hazards and encourage caution in the shop, the farm and the home.

Governor Connally proclaimed the week of Oct. 3-9 as Fire Prevention Week, and the Bailey County Volunteer Fire Department and Farm Bureau are among the agencies cooperating in the program.

Farm Bureau will have for its theme, "Stop Fires and Save Lives," and will present demonstrations in classrooms, as one means of publicizing the program.

Muleshoe pupils saw such demonstrations in 1964. Bailey County fire marshal Owen Jones pointed to some of the hazards in the Muleshoe area.

"We have prospects of an unusually early killing frost," the marshal said, "and this means we will have lots of dead weeds early. Now that might not cause great concern some years, but this particular year it's another matter: We have big, big weeds this year, and there are literally hundreds of places in and around Muleshoe where these giant-sized weeds are a definite fire hazard. We are urging every one to cut down the weeds and haul them away before killing frost arrives. Otherwise, well, it's anybody's guess as to what the damage extent will be."

He urged all residents to check into fire hazards around home — such things as faulty wiring, poor plumbing and the like.

priority from the first quarter to the fourth quarter as most of the ballgame was played on Friona's end of the field.

Muleshoe received the kickoff on their 44-yard line and moved to the Friona 48-yard line before punting to the Chiefs' 20. Friona was able to move the ball only nine yards and booted it to the Muleshoe 34-yard line.

The Mules, unable to move the ball punted to the Friona 42-yard line. The Chiefs pushed only one yard in three tries.

As the Mules took over the ball on their own 41, they moved to the 46-yard line where they booted the ball to the Chiefs' 5. In three plays, Friona moved to their 14-yard line and as they were punting on fourth down it was blocked by a Muleshoe defender and the Mules took possession on the Friona 11. Four plays later halfback Joe Adams ran over for a touchdown from the 3-yard line. Adams' kick for the extra point was good, and the Mules went out in front 7 to 0 with 50 seconds left in the first quarter.

Farm Bureau's Annual Meeting Is Planned

Plans are being made and committees appointed for the annual meeting for the Bailey County Farm Bureau to be held Oct. 9 at the High School Cafeteria at 7:30 p.m., according to Vera Engelking.

The board of directors met for their regular meeting and a dinner Thursday evening with 12 directors and agents. Ben Cockrell and Joe Sutor and two special guests, Jack Little, Director of the Hi-lains research and Joe King, with Western 66 present. King was approved for servicing agent for fire program.

A jack pot of \$150 will be drawn for at the annual meeting and the person whose name is drawn must be present to receive the gift.

Friona received the kick on their 29-yard line, but were penalized back to their 14. The Chiefs fumbled and end, Paul Swint fell on the ball on the Friona 18. Three plays later Joe Adams kicked a field goal from the 13-yard line and Muleshoe lead 10 to 0 with 10 minutes and 44 seconds left in the half.

Friona received the kick on their 29-yard line and sustained a drive that moved to the Mules 10 yard line before they handed the ball over to (See MULES Page 5)

Tahoka Polka By Tahokan Plugs - Yep, Tahoka

D. Fleming came to Muleshoe this week and hand d out copies of his newest record ("The one I dreamed of for years before I ever got around to writing it.")

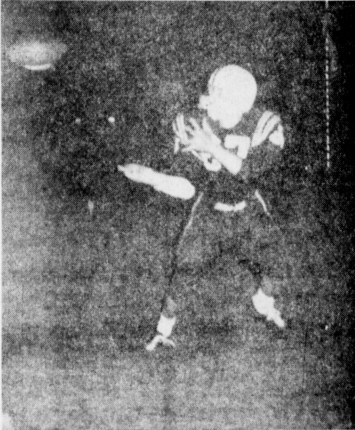

D. Fleming was born and reared on a farm near Tahoka and he always dreamed of writing a song that would have the euphonious title of "Tahoka Polka" that he was distributing this week in this section.

The "D" part of his name stands for Dallas, Dolan and Denver, three words that have meant a lot to Fleming. As a matter of fact, Fleming isn't his name; his father is a Baptist minister by the name of A. W. Shewmake, so Shewmake presumably is Fleming's name too.

Fleming is trying the very difficult job of breaking into show-business via the country music field. He and his wife (she writes fiction) spent two and a half years in Hollywood where Fleming cranked out songs — 3000 of them.

Now he's set up his own company, "Shew-Ming Music Co. in country music. The area covers Lubbock, but he admits that if you want to be anybody in the country music field you gotta live in Nashville, Tenn., world capital of country music.

Accordingly, Fleming is going to take his Tahoka Polka (See POLKA Page 5)

ONE WAY TO MAKE TDs — Muleshoe scored just about every way in the book Friday night, and here's an air tally-maker. Dean Seiber, an end, is shown catching a pass from John Thompson with only four minutes and 35 seconds left in the ball game. (Journal Photo)

SCS Election, Farm Tour Set In County

A director for the Blackwater tons in soil conservation practices and water use will be elected in the county, and here's a farm tour set in the county.

The election will be held on the west side of the courthouse square, it was announced Saturday by George Sultemeier, SCS manager, and J. K. Adams, county agent. The area covers roughly the northeastern corner of the county, and the post is now held by Sherman Inman who also is chairman of the board.

After the election, a farm tour is to be held in the area comprising zone 2. Demonstration (See SCS Page 5)

Jack D. Young, district attorney here, was elected secretary-treasurer of the district and county attorney's association of Texas in Austin recently at the 13th annual attorney general's conference. Other officers elected were Ward W. Markly, president, county attorney, Jasper; Cameron McKinney, vice-president; district attorney, Rusk; Bill Alexander, assistant district attorney, Dallas; and Bob Crawford, district attorney, Uvalde. Don Cain, county attorney, Pampa.

First Methodist Church will observe the Sacrament of the Lord's supper in the sanctuary from 9:30 until 10:30 this morning, it was announced by the pastor, the Rev. J. Frank Peery. The church also will change its evening worship program, starting at 6 o'clock. Drinks and doughnuts will be served, followed by family singing at 6:30. Adults and young people and interest groups start adults will see the film, "Far From Alone." Worship services from 7:30 until 8 o'clock will conclude the evening.

Muleshoe Classroom Teachers chapter pulled Saturday to a new television "school" in modern math to be offered by Am- (See MULESHOE Page 5)

Peasants Got Land, Commies Got China!

Chinese people "love Americans and hate Russians." They at a dinner at the First Christian Church.

"The people of China are basically very friendly toward America," Dr. Goulter summed up, "and America still has possibilities of benefitting from that friendly country. If only the government had seen fit to help China — well, it might have been an entirely different story."

And all because: 1. America did not help its best friend in China, Chiang Kai-Shek, and 2. The Communists gave the peasants little parcels of land — three to five acres. Those are the opinions of Dr. O. J. Goulter, for 30 years a missionary to China. Dr. and Mrs. Goulter (she also has a doctorate degree) were in Muleshoe this past week visiting her brother and sister-in-law, Dr. and Mrs. S. E. Goulter and Mrs. Richard.

Neely Undergoes Hospital Tests

Carl Neely, chief of police for Muleshoe, is in West Texas Hospital in Lubbock where he has been transferred from a Muleshoe hospital.

Neely underwent tests in a West Texas Hospital Friday morning. He is suffering from a lung condition. (See CORRAL Page 5)

Enlarged Corral Opens Monday

Roy and Hazel Dyer, long-time restaurant operators here, will reopen their enlarged and remodeled Corral Drive-in tomorrow at 6 a.m. with an inside seating space for 80 persons, including a private, carpeted dining room. The restaurant will operate each day except Thursday from 6 a.m. until midnight.

The new restaurant, native stone outside and gaily decorated inside in white, apricot and green, will feature char coal steaks. Also to be featured will be the Dyers' own pastries, salads and barbecues and a bus- (See CORRAL Page 5)

'One Good Frost Could Send Weedy Muleshoe Up In Flames,' Warns Fire Marshal

FIRE HAZARDS?—A Journal camera went along with Muleshoe Fire Marshal Owen Jones this past week to seek out possible fire-starting places, and here are some of the scenes recorded. Weeds, the marshal points out, offer the greatest hazard. An unusually good growing season has

made the weeds lush, and a freeze would turn the giant weeds into tinder boxes. Note the garage surrounded by man-high weeds in pix at far left, while in the second picture, weeds practically surround petroleum storage tanks. Of course the old overloaded electric outlet is always a

culprit (picture No. 3) and then there's the pile of lumber scraps. This is National Fire Prevention Week, and these possible fire causes are pointed out especially at this time. (Journal Photos)

Mrs. Jim Lane
Jaycee-ette president

Mrs. Jim Lane Is President Of The Muleshoe Jaycee-ettes

Linda Lane, the mother of three and Sandy, age two, is president of the Muleshoe Jaycee-ettes for the Muleshoe chapter. The Jaycee-ettes have been organized for about two years. They are a civic organization and strive to help the Jaycees in their different projects. The Jaycee-ettes plan to help sponsor migrant workers inocula-

Janet Stratton Given Shower

Miss Janet Stratton, daughter of Mr. and Mrs. H. L. Stratton, and the bride-elect of Donald Peel was honored with a bridal shower Monday from 5 to 7 p.m. at the West Camp Baptist Church.

The honoree's chosen colors of pink and white were carried out in the floral arrangements and serving table. The cake was white with pink frosting.

Miss Sondra Harris registered guests and also presided at the serving table along with her sister, Cynthia.

In the receiving line with Janet was her mother, Mrs. H. L. Stratton and Mrs. Pauline Peel, grandmother of Donald from Lubbock.

Out of town guests for the shower were Mr. and Mrs. C. E. Killian, Lorenzo, Mrs. Paul Ward, Lubbock, aunts and uncle of Donald.

Donald assisted Janet in opening their many useful gifts. Phyllis Stratton and Mrs. Ronnie Barber, sisters of the bride-elect, registered the gifts in the bride's book.

Hostesses for the shower were Mrs. Jake Saylor, Mrs. Wayland Hukill, Mrs. Roy Sheriff, Mrs. Billy Field, Mrs. Casey Perry, Mrs. Dalton Harris, Mrs. Lloyd Young, Mrs. S. E. Goucher and Mrs. Lila Allison. A steam and dry iron was a gift from the hostesses.

Lodge Members Attend Workshop

Nine officers of the Muleshoe Masonic Lodge No. 1227 AF&AM attended a Masonic workshop held at Sudan Thursday at 8 p.m. The workshop is given to Masonic brethren on Masonic education.

Muleshoe Lodge received a plaque for 100 per cent participation at last year's workshop.

Attending the workshop from Muleshoe Lodge was the Worshipful Master, Alton Epling and officers, Glen Lust, Tom Smith, Bill Johnson, D. T. Garth, Boyd Davis, David Cunningham, Jim Wallace and Elbert Nowell. Others attending were Jim Fowler and John Thompson.

Miss Shirley Smallwood
bride-elect of
Kenneth McCollum

Miss Smallwood, Kenneth McCollum Will Be Married In December

Shirley Jean Smallwood and Kenneth Diggs McCollum will exchange wedding vows in the Muleshoe Church of Christ Dec. 19 at 3 p.m. with the bride-elect's uncle, T. R. Smallwood, officiating at the services.

The bride-elect is the daughter of Mr. and Mrs. J. L. Smallwood, Muleshoe, and a 1965 graduate of Muleshoe High School. She is a freshman at Abilene Christian College. The prospective groom is a graduate of Haskell High School and is a senior at Abilene Christian College.

The U. S. Coast Guard's first cutter, the "Massachusetts," was launched in 1791.

Texas travel more than 140 million vehicle miles a day on the State-maintained highway system.

Mrs. Walker's Brother Dies

Doyle Leon O'Brien, brother of Mrs. Strother Walker, died last Friday night in Austin. O'Brien is survived by his mother, three sisters, two brothers, his widow, a son and three daughters. Services were held in Live Oak Cemetery in Austin.

Back-To-School Party For Club

E.S.A. sorority met in the home of Mrs. Joe Pat Waggoner for a back-to-school party last Tuesday, with Jerry Waggoner as host.

Mrs. Vitela's Rites Are Held

Funeral services were held Saturday at the Immaculate Conception Catholic Church here for Felicana Vitela, 71, Sudan, who died Thursday at 8:30 p.m.

Burial in Sudan cemetery under direction of Singleton Funeral Home, Muleshoe.

Survivors include her husband, Urbana C. Vitela; one son, Juan Vitela, Saticoy, Calif.; eight daughters, Mrs. Silvester Sato, Sudan; Mrs. Joe Vasquez, Sudan; Mrs. E. Z. Aleman, Sudan; Mrs. Eudalio Salais, Sudan; Mrs. John Reedy, Morton; Mrs. Mike Atzabel, Pocomma, Calif.; and Mrs. and 29 grandchildren and 14 great grandchildren.

Mrs. Vitela was born at Sabinas Hidalgo, Mexico, July 2, 1894 and had lived at Sudan since 1939, moving there from Round Rock.

Esther Circle Begins Study

Mrs. Ralph Douglass gave the beginning of the study "Mission The Christian Calling," at the regular meeting of the Esther Circle of the Women's Society of Christian Service of the First Methodist Church in the home of Mrs. Harold Allison, with Mrs. J. Frank Peery, chairman, presiding over the business meeting and giving the devotional on "Loving As Jesus Loved".

The benediction was given and the meeting adjourned to meet again Oct. 12.

Present for the meeting were Mrs. Ralph Douglas, Mrs. Sam Damron, Mrs. Lyndal Murray, Mrs. Matelda Stemmmons, Mrs. Frank Ellis, Mrs. J. Frank Peery and the hostess, Mrs. Harold Allison. Mrs. Sam McKinstry was a guest.

Rites Held For L. Quesenberry

A long-time Muleshoe and YL resident, Lloyd Quesenberry, 71, died Thursday at 4 p.m. in the Green Memorial Hospital here.

Quesenberry, a retired Bailey County farmer since 1929 was a native of Indian Valley, Va., and moved here from Oklahoma in 1929. He had lived in the YL Community since then. He was a World War I veteran.

Survivors include his wife, Maye; three sons, Russel Quesenberry, Crane; Don Quesenberry, Odessa; and Kiel Quesenberry, Fluvanna, and six grandchildren.

Services were held at the YL Methodist Church at 2:30 p.m. with the Rev. Glen Williams, pastor of the Primitive Baptist Church officiating, and burial was in the Muleshoe cemetery.

Shower At Bula Fetes Mrs. Price At McCall Home

By Mrs. John Blackman
 BULA — Mrs. Keith Price was honored with a pink and blue shower Friday afternoon in the home of Mrs. Cecil Jones.
 Mrs. Harry Pollard and Mrs. Ralph Beasley served the 19 attending guests from the table laid with a pink linen damask cloth centered with a single pink rose in a crystal bud vase. Pink punch and white cup cakes centered with a pink rose bud were served.
 One game was played for the entertainment. Each guest made a guess as to when the newcomer would arrive and the one guessing the closest to the time of arrival is to receive a gift from the honoree.
 Hostesses were Mrs. E. N. McCall, Mrs. Edd Autry, Mrs. Ralph Beasley, Mrs. P. A. Altman, Mrs. Arnold Archer, Mrs. Harry Pollard and Mrs. Jones.
 W. M. U. of the local Baptist church met Wednesday at the church. Mrs. E. W. Black brought the study on "Stewardship" taken from their mission study book.
 Attending were Mrs. R. D. Thommarson, Mrs. Fred Hacker, Mrs. C. A. Williamson, Mrs. P. R. Pierce and Mrs. Earl Black.
 W. M. U. officers for the new year have been elected and will take office first Wednesday in October.
 Mrs. C. A. Williams was elected president and to serve with her will be Mrs. E. O. Battles, vice-president; Mrs. R. D. Thommarson, secretary; Mrs. Earl Black, stewardship chairman; Mrs. Fred Hacker, mission chairman; Mrs. Rowena Richardson, prayer chairman; and Mrs. R. D. Thommarson, circle chairman.
 Mrs. Tommy Kirk presided at the W. S. C. S. meeting Wednesday for their study in the fellowship hall of the church.
 Program opened with a call to worship and Mrs. Bahlman reading scripture taken from Acts second chapter, followed by opening song "Breathe On Me".
 This being the first lesson of

Tighter Draft Rulings Likely For Deferments

Forced to meet doubled quotas, local draft boards will not be as liberal in granting deferments for college and university study now as they have been the past few years.
 That is the opinion of Colonel Morris S. Schwartz, state Selective Service director, who is responsible for carrying out draft functions in Texas.
 The state draft director stressed that it was his responsibility to furnish boards with officially recommended standards, principles, and opinions in the area of student deferments.
 Considering the increased calls for the armed forces, Colonel Schwartz said he was recommending the deferment of undergraduates taking a full-time course of 12 semester hours or more.
 He said he recommended deferment of a student taking less than a full-time course if his local board finds he is making satisfactory progress toward attainment of his bachelor's degree in four successive calendar years, or five years in the case of graduate students.
 "If the student deferred on the basis of a nine-hour load doesn't go to school in the summer," the state draft director said, "we will recommend termination of his deferment. He must make normal progress toward his four-year degree in four successive calendar years, or his five-year degree in five, if he expects to continue to earn a recommendation for deferment from us."
 In the case of graduate students, the state draft director recommends deferment if the candidate for a master's degree completes his required work in 15 months from the time his bachelor's degree was awarded.
 Deferment for the student working toward a doctor of philosophy degree is recommended if he will complete his required work in three years from the time the bachelor's degree was awarded.
 "When a local board questions a student's progress," Colonel Schwartz said, "it has been suggested that the board re-

quest the student to supply a transcript of his credits.
 The state draft director said that students who drop out, draft headquarters normally would not recommend the deferment of any student carrying less than a load of nine semester hours.
 "While we expect registrars to notify us of these changes in student status," he said, "it nevertheless is the responsibility of the student to notify his local board when any of these actions occur."
 "The criteria we recommend to boards concerning deferment of students is advisory only," Colonel Schwartz pointed out, "which is required by Selective Service regulations. The boards can consider other criteria and information, scholastic and otherwise. Each deferment is decided on its own merits."
 "Draft boards are charged with deferring students whose activity in study is found to be necessary to the maintenance of the national interest," he stressed.
 "It is the duty and responsibility of local boards to decide whether it is in the national interest to defer any individual male student of draft age," he concluded, "and each decision to defer or not to defer must be based upon good judgment."

MAPLE NEWS

By Mrs. Oran Reaves
 MAPLE — The F.H.A. girls of the Three-Way School attended the preaching services in a group at the Maple Church of Christ Sunday morning.
 Mrs. Ted Simpson and James visited her sister and family.
 Mr. and Mrs. Donald Hodgdon in Shallowater, Tuesday.

Witnesses Hold Area Meeting

Plans are finalized and speakers are assigned to the three-day assembly of Jehovah's Witnesses in Lamesa's Junior High School Auditorium this week end, it was announced by convention official, Erwin A. Grover.

Mr. Grover, circuit minister of 16 congregations of Jehovah's Witnesses in this area said "the three-day program will consist of a variety of talks on the Bible subjects with discussions and demonstrations arranged to aid all in attendance to apply Bible principles more fully to their everyday living.

Featured speakers appearing in the program will be A. A. Catanzaro, district minister of Brooklyn, New York headquarters, and Mr. Grover.

Lloyd Lowery, Littlefield minister, opened the Saturday program "Speak the Truth out of the Hearts' Abundance".

The assembly climax will be reached Sunday, at 3 p.m. when Mr. Catanzaro speaks on "What

LOOK OVER RISING WATER — A father and son sit at a table at a dock side cafe in Kemak, Texas as the rising water from Clear Lake channel, which leads from Clear Lake into Galveston Bay, flooded out of its banks. The flooding was caused by high tides and a strong South wind. Most of the flooding was minor and caused little damage. (AP Wirephoto)

Yarborough Says Water Pollution Problem Great

By Sen. Ralph Yarborough
We who live in Texas know the precious value of our water supplies, since we come from an area of water scarcity. For most of our lives we have been fighting the problems of having enough water for our domestic, industrial and agricultural uses. Water, without a doubt, is our most valuable non-human natural resource, next to land itself.

Yet the problem of having enough water has been joined by another problem — having good, clean, sanitary water. At the present time, almost every river and stream in the United States has become the victim of careless use, inconsiderate dumping, and thoughtless pollution so the rivers and streams are contaminated, poisoned and often smell from waste that is poured into them.

We not only have to fight the problem of having enough water, but also have to keep what little water we have fit to use. Our fish and wildlife are dying off, because the polluted water is not even safe for animals, birds, or the fish that swim in the streams. At one time when we traveled to foreign countries we were told not to drink the water, and another time we have the same problem at home.

The time has come for America to do something about its water problems, and its polluted natural resources, and the Congress of the United States has begun acting. Last week, we sent to the President the Water Quality Act, or the Water Pollution Bill, to be signed into law. Under this bill the Federal Water Pollution Control Administration will be created to begin restoring our rivers and

streams to make them clean, usable sources of water. This agency will work with each individual state to set up a standard of quality which a state would have to serve its water needs. In our own state of Texas we already have the Texas Water Pollution Control Board which will help set these standards.

The federal government will then make grants on a 50-50 matching basis to states, counties, and towns to improve their methods of treating their waste and sewage before it goes into our rivers and streams. This bill provides \$150 million a year for the next two years for these matching grants. Much raw sewage from cities and towns as well as large amounts of industrial and chemical waste is dumped into our rivers to further ruin them.

To plan for the future this bill authorizes \$20 million each year for the next four years for research programs to develop new and improved methods of controlling the discharge of waste and sewage into our streams and rivers. Ever since I served on the original Board of Directors of the Lower Colorado River Authority, under appointment by the then Governor of Texas, Jimmy Alford, I have urged better use of our water supplies. Although this bill is not as strong as it should be, it is a step in the right direction.

Already we have passed the Natural Resources Act to plan for maximum use of our water supplies, and numerous dams and reservoirs for Texas have been approved. This is only a beginning, and we will continue to do more to protect our precious water resources. We must have enough water, and it must be of good quality.

David Glasgow Farragut was the first American Navyman to attain the rank of Admiral. He was promoted to this rank in 1888.

Please pick up your forms for your weddings and announcements at the Journal office. We would be glad to help you with your story if you will come by the office. Glossy prints may be used for your weddings. Also, if you will contact The Journal on your wedding shower, a picture can be arranged. Also forms are available for your club reporters at the office.

China

(Continued From Page One)

story, but the communists came along and dangled parcels of land in front of the Chinese and they fell for it.

"But, then, so would you if you had been as poor as were the Chinese; a three-acre tract of land looked as big as a ranch to these peasants. No wonder they accepted communism, even with the strings attached."

The Chinese are intelligent and happy. They comprise one-fourth of the earth's entire population, and no enemy has ever been able to conquer the Chinese people completely; because the Chinese are so prepotent, within a few generations, they have literally absorbed their conquerors and no trace of the invading bloodline can be found.

"Because of these characteristics and because of the sheer numerical strength of the Chinese, these people may some day control the world," Dr. Goulter said.

The Goulters spent "30 wonderful years in China," despite the fact that he spent four years in a Japanese prison camp and was twice arrested by the communists.

Dr. Goulter is a native of Melbourne, Australia, but came to the States back in 1914 "because I knew that it was possible for people in America to work their way through college, an absolute impossibility in my country."

He landed at Enid, Okla., and enrolled in Phillips University, a college only seven years old at the time, a school operated by the Disciples of Christ. As a ministry student, he received a BA degree and then went to Yale to receive a bachelor of divinity degree.

"But China and the missionary field were my real goal," he said, "so as soon as I finished Yale, my wife and I headed for China." Incidentally Mrs. Goulter was music director for the First Christian Church in Alva, Okla., where he was student pastor while attending Phillips. She had a

member is "Boxed One Broken Heart," the title coming to him while he watched a girl in a cafe boxing candy.

"They come sometimes like that — quick like," sums up Fleming (or Shewmake).

Mules

(Continued From Page One)

The Mules were unable to click and punted from the five to the 43-yard line. Friona, with the aid of a 15-yard penalty, moved back to the Muleshoe 30-yard line before fumbling the pigskin. Terry Kendall, Mule defender, fell on the ball and the Mules proceeded out to the 35 before the first half ended.

As the second half started, Friona took possession on their 29-yard line and moved to the 32 where the Mule defense put a big rush on the punter and he was unable to get the punt away.

Muleshoe moved to the 13-yard line and Adams kicked another field goal with seven minutes and 29 seconds left in the third quarter. Friona received the kick on their 29-yard line and moved to the 27 yard line and punted to the Muleshoe 21.

The Mules advanced to the 39-yard line before fumbling and it was recovered by Friona's Gene Weatherly, but

Muleshoe

(Continued From Page One)

With the 1966 Mules playing, Friona received the ball on their 39-yard line and moved to the Muleshoe 38 before handing the ball over on downs. The Mules ran the clock out with the ball in their possession on the Friona 48-yard line.

M. D. Gausstream, Muleshoe banker and a director in West Texas Chamber of Commerce, will attend the WTCC board meeting in Lubbock's Koko Palace Friday

and Saturday. Also attending will be chamber manager Roy Davis.

Plains Cotton Growers, Inc. this past week elected J. D. Smith, Littlefield, as president with Don Anderson, Cross by County, vice-president, and W. L. Edlemon, Friona, secretary-treasurer, Roy Farkner, Lubbock outgoing president being chairman of the board.

Board members from this county include Jenks Meyers and Guy Nichols.

Corral

(Continued from Page One)

A portion of the dining area will be carpeted, along with the private dining room. A colorful steel awning for outside service has been installed. It, too, is colorful in a four-color design.

The Dyers have operated a restaurant here for the last 10 years. They closed the Corral six weeks ago for remodeling.

In San Jose, Calif. He is boxing and soccer coach at San Jose State Teachers' College. Another son-in-law is an electronics expert at Dallas, and the third is chief Naval Chaplain, living in Washington, D.C.

The Goulters left here late in the week to visit the daughter and her captain husband in Washington.

"In summing it all up," Dr. Goulter says, "I would have to go back to my original statement — that the Chinese are basically friendly to America and do not like communism. They like Americans, they hate Russians — it's that simple. They are the largest nation in the world. Anything can happen!"

Three Proposed Amendments Get Teachers' Okay

(Continued From Page One)

Muleshoe local, Texas State Teachers Association, has endorsed three of the proposed amendments to be approved or rejected by voters special election Nov. 2. Mrs. James Jennings, president, said Saturday.

The organization especially favors constitutional amendment No. 5, Mrs. Jennings explained, although Amendments 1 and 6 also have the blessing of TSTA and the local chapter.

Dr. W. R. Carmichael, president of TSTA, emphasized that approval of this amendment "will improve as well as preserve and protect the teacher retirement system of Texas."

No additional cost to the teachers or to the state is involved by approving this amendment, he told the group here.

Adoption of the amendment will increase income of the teacher retirement system to finance further improvements as well as to provide greater future benefits for members of the system. Mrs. Jennings said. Provisions concerned were recommended after a two-year study by an advisory committee of leading investment people in Texas.

Amendment No. 5 gives constitutional status to the teacher board of trustees. It also grants the board of trustees authority to control teacher retirement funds.

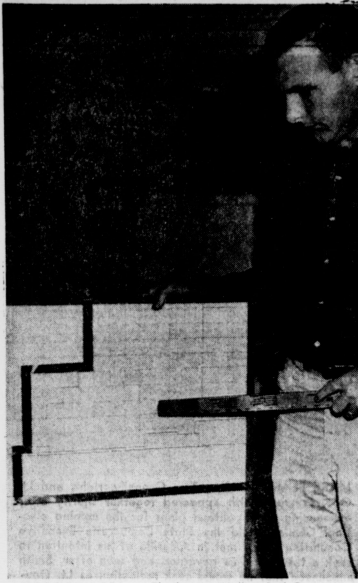

In addition, it provides full protection for investments, insures that funds will be used for retirement purposes only and retains the state treasurer as custodian of the teacher retirement fund.

By giving constitutional stature to the teacher retirement system and the board of trustees of the system, the proposed amendment gives greater assurance to teachers and school employees of continuity in the program.

Guaranteed retirement benefits are a great incentive in the choice of a profession, Carmichael noted, and the adoption of the proposed amendment would serve to attract better qualified personnel as well as keep within the ranks of the profession many experienced teachers who would otherwise seek more lucrative employment.

Carmichael also urged support for Amendment 1 and 6, which will benefit education. No. 1 will provide additional funds for college buildings to house expanded student enrollments, and No. 6 will establish a loan fund for Texas students to attend college in Texas.

A good way to keep sandwiches for a party is to place them in a shallow pan, cover them with a damp cloth and refrigerate.

ELECTION AREA — Blackwater Valley Soil Conservation district is holding an election for zone 2, roughly the northeastern corner of Bailey county and here SCS manager here, George Sultemeier, points out the area covered. The place is now held by Sherman Inman. (Journal Photo)

SCS

(Continued From Page One) tured at stops along the route, Sultemeier and Adams explained.

Adams says the tour "will be of interest to both business people and farmers alike. The visitors will see top-yielding hybrid sorghum demonstrations. Those on the tour will be invited to estimate the yields, and the man coming the nearest to the actual figure will receive a \$25 hat, donated by Muleshoe State Bank.

Eligible to vote in the Tuesday directors' election are land owners or persons who operate land within the zone. Roughly

the area runs from the sandhills on the south to the Inman farm on the northwest corner. The J. E. Birdwell ranch on the west side, and the Inman farm line up the west side of the area except for a jog north from the Puckett's store. On east and north, county lines form the boundary.

Other members of the Blackwater board are Lewis Scoggin, Carl Pollard, Willie Welch and E. N. McCall.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm takes his area out of the race to get the government's gigantic atom-smashing plant, his letter indicates.

Dear editor:

I was out here on this Johnson grass farm yesterday not doing much, when a man gets so far behind with his work he can attack it at full speed and still not make enough dent in it to make a showing he might as well turn away and get criticized in comfort, and after I woke up from my nap I looked further into an article I'd glanced at earlier in the day in a newspaper. I'd spread over my face to keep the sun off. I don't know which newspapers are best for keeping a man in the dark, but the Dallas News is no slouch.

According to it, the Federal government is going to build a 350-million dollar atom-smashing machine in some city in the United States, and at the latest count there were 361 cities competing for it. As I understand it, the machine will require 3,000 acres to hold it, and will bring in about 2,000 scientists plus assorted mechanics and others and pay roll of about 60 million dollars a year to the lucky city.

I wish to state that while there are 3,000 acres of land out here near this Johnson grass farm, taking in a good many neighbors, and while we may have as many atoms out here needing smashing as any of those 361 cities,

we are not a candidate for the plant. We're probably not even using the whole atoms we've got already to any scientific advantage, and what we'd do with the smashed ones is completely beyond us, although I imagine the Chamber of Commerce manager is any of those 361 cities can give you a good story about how there's a desperate need for smashed atoms right there, although I don't think it would be a good idea to try to pin any of them down on the details of what you do with an atom once you've got it smashed.

The reason we don't want the 350-million-dollar plant out here is that we take a progressive attitude toward science. As we understand it, the ultimate purpose of science is to benefit mankind. We're mankind. We'd like to sit here and be benefited without being bothered. Yours faithfully, J. A.

Medical Groups Plan 'Workable' Disaster Setup

AUSTIN — Texas' plan for offering medical care in times of major disaster has passed the scrutiny of the organizations which will have to make it work. The 10-member State Advisory Committee on Disaster Medical Care have gone over the plan for the third time here and pronounced it "workable and efficient."

Under terms of the Texas plan, in the event of an overriding emergency situation such as a nuclear attack, various health-related organizations would immediately set into motion their phase of the pre-arranged plan of the general direction of Dr. J. E. Peavy, state health commissioner and executive head of the State Department of Health.

Dr. Peavy's co-director would be Dr. Ben A. Merrick of Dallas, chairman of the Texas Medical Association's committee on disaster medical care.

Most observers of such matters feel that the public health controls which are taken for granted in normal times would be a shambles following a nuclear attack. Dealing with these conditions would be the responsibility of public health personnel.

But actual care and treatment of casualties can only be provided by private physicians, the Texas plan emphasizes. State associations intimately involved in making the Texas plan work are: medical, dental, pharmaceutical, nursing homes, funeral directors and embalmers, veterinary medical, hospital, osteopathic and graduate nurses.

The American Red Cross and the Fourth Army at Fort Sam Houston in San Antonio are also involved.

All these organizations were represented at last week's meeting at the Texas State Department of Health. Reports were presented on the procurement of narcotics in times of disaster, the handling of the San-

A Tradition: Mighty M's Weekly Settos

By Janie Crane
Every Thursday night the Muleshoe Mighty "M" band gets together for a two hour rehearsal. This has become almost a tradition in the band. Even if there is not a game on Friday, the band marches because they always need to be on their toes.

Thursday night rehearsals are composed of many activities. Sometimes the band will play the half time music they will play on Friday. It has to be perfect for the public to listen to at half time.

More than likely though, the band will march for two hours. It is hard to realize how long it takes to do a five minute half time show perfectly. Now that the band marches, eighty to eighty-eight persons, it is even more difficult. The band has to

rehearse the show over about twenty or thirty times on Thursday. If anything is wrong with the marching or playing they have to start over again and again. Upper classmen and right quads (rank leaders) are instructed to keep under classmen in line. But many times the younger people outclass the older people in playing and marching.

The Freshmen always have trouble at first, but they usually adjust within two or three weeks. During the course of the rehearsal, the cornets "lose their lips", the flutes are exhausted from holding their flutes parallel to the ground, and the basses are sagging under the loads of their horns.

All of the band members feel as though they can't wait to go to bed. The show is done one more time and you can go home and go to bed." The show is done one more time and you can go home and go to bed. The show is done one more time and you can go home and go to bed.

Another Thursday night rehearsal has been completed. Whether they realize it or not, the band has accomplished a great feat. They have prepared a half show that will outdo any band around. They are ready to live up to the name the Mighty "M" band of Muleshoe.

The Asian Highway System, a modern, 34,000-mile network that follows ancient caravan routes in many places, is nearing reality.

The soaring demands of industry and speculation have made silver almost too precious to use in coins. Current price is \$1,293 an ounce.

There are more than six million registered motor vehicles of all types in Texas.

Swimmers coached by George Haines of the Santa Clara Swim Club have won 20 gold medals in the past two Olympic Games.

San Francisco Giants' second baseman Hal Lanier is the son of Max Lanier, former major league pitcher who at one time batted for the Giants.

Dr. Peavy's co-director would be Dr. Ben A. Merrick of Dallas, chairman of the Texas Medical Association's committee on disaster medical care.

Most observers of such matters feel that the public health controls which are taken for granted in normal times would be a shambles following a nuclear attack. Dealing with these conditions would be the responsibility of public health personnel.

But actual care and treatment of casualties can only be provided by private physicians, the Texas plan emphasizes. State associations intimately involved in making the Texas plan work are: medical, dental, pharmaceutical, nursing homes, funeral directors and embalmers, veterinary medical, hospital, osteopathic and graduate nurses.

The American Red Cross and the Fourth Army at Fort Sam Houston in San Antonio are also involved.

All these organizations were represented at last week's meeting at the Texas State Department of Health. Reports were presented on the procurement of narcotics in times of disaster, the handling of the San-

A Tradition: Mighty M's Weekly Settos

By Janie Crane
Every Thursday night the Muleshoe Mighty "M" band gets together for a two hour rehearsal. This has become almost a tradition in the band. Even if there is not a game on Friday, the band marches because they always need to be on their toes.

Thursday night rehearsals are composed of many activities. Sometimes the band will play the half time music they will play on Friday. It has to be perfect for the public to listen to at half time.

More than likely though, the band will march for two hours. It is hard to realize how long it takes to do a five minute half time show perfectly. Now that the band marches, eighty to eighty-eight persons, it is even more difficult. The band has to

rehearse the show over about twenty or thirty times on Thursday. If anything is wrong with the marching or playing they have to start over again and again. Upper classmen and right quads (rank leaders) are instructed to keep under classmen in line. But many times the younger people outclass the older people in playing and marching.

The Freshmen always have trouble at first, but they usually adjust within two or three weeks. During the course of the rehearsal, the cornets "lose their lips", the flutes are exhausted from holding their flutes parallel to the ground, and the basses are sagging under the loads of their horns.

All of the band members feel as though they can't wait to go to bed. The show is done one more time and you can go home and go to bed." The show is done one more time and you can go home and go to bed.

Another Thursday night rehearsal has been completed. Whether they realize it or not, the band has accomplished a great feat. They have prepared a half show that will outdo any band around. They are ready to live up to the name the Mighty "M" band of Muleshoe.

The Asian Highway System, a modern, 34,000-mile network that follows ancient caravan routes in many places, is nearing reality.

The soaring demands of industry and speculation have made silver almost too precious to use in coins. Current price is \$1,293 an ounce.

THREE-SIDE BURNER — Trash burners, at best, are dangerous, but the one shown here, found at a Muleshoe home, is especially dangerous, since it has only three sides. Says Fire Marshal

Owen Jones: "This kind of a burner is just inviting a wind to come along and spew fire all over the neighborhood." (Journal Photo)

George Praises Farm Bureau's Legislative Aid

"The responsive and responsible record set by the 39th Session of the Texas Legislature was due largely to the interest and enthusiasm of your Farm throughout the State of Texas," was the beginning statement of State Representative Jesse T. George when he addressed approximately 40 husbands and wives of the recently organized Yoakum County Farm Bureau in Plains, Thursday, Sept. 23, as a result of legislative restricting and manager of the Morton Area Chamber of Commerce, Morton, was introduced at the covered dish supper by President James Williams, who stated, "It is a pleasure to introduce a proven friend of Texas' Farm Bureau, our own State Representative, Jesse T. George."

George explained the work accomplished by the 39th Session, stressing bills which were of interest to Farm Bureau and the agricultural area of West Texas. House Bill 11, of which George served as a co-sponsor, raises the gross limit of farm trailers and semi-trailers, used to transport cotton from 10,000

to 15,000 pounds. George continued by emphasizing that the Texas Legislature had adopted House Concurrent Resolution No. 39, directing the U. S. Congress to continue Section 14-B of the Taft-Hartley Act. Lawmaker George supported the resolution, adding, "Continued adherence to Section 14-B assures the people of Texas the right to work and provides that no person should be denied employment on account of his membership or non-membership in a labor union." Farm Bureau supports retention of this measure.

Representative George expressed faith in the passage of H. B. 73, which makes parents liable for damage or destruction of property, up to \$5,000, by their children who are 16 to 18 years old. George added, "We hope enactment of this legislative measure will seek to reduce juvenile property damage and destruction by holding parents accountable for such action."

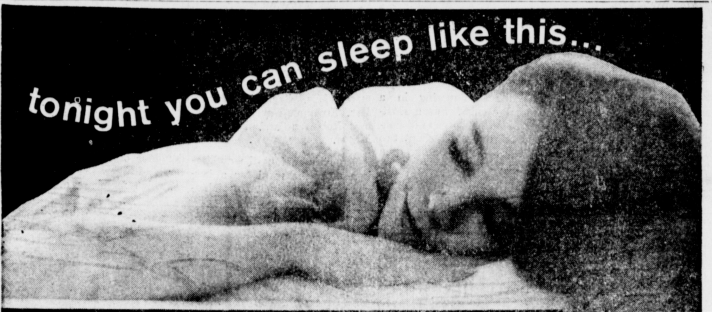

George expressed dismay at the defeat of the recently submitted amendment to the State Constitution which would have raised the State Senate from 31 to 39 members. "Defeat of this measure will mean a loss of rural representation, which naturally, could mean a detrimental state cultural legislation. I am equally concerned with a possible loss of rural representation through Federal court decisions pending on the legislative redistricting bill. The floral districts could cause some reshuffling of this district, if those districts are ruled unconstitutional by the federal court. I hope this does not happen," George stated.

Out of town guests present for the supper-business gathering included Mr. and Mrs. Jake Falford, and Mr. and Mrs. Charles Cabiness, all of Brownfield.

An amateur's radio message warned residents of Naknek, Alaska, that a 90-foot-high tidal wave was racing across the Pacific toward their coastal town. The timely warning enabled them to escape the water.

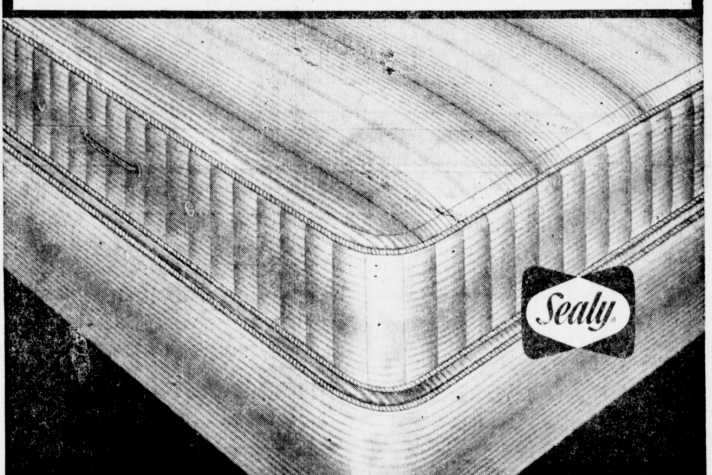

Exactly 30 years to the day after the Giants' Carl Hubbell blanked St. Louis 1-0 in 18 innings, San Francisco's Juan Marichal beat Milwaukee 1-0 in 16 — on July 2, 1963.

Former middleweight boxing champion Fred Apostoli now referees and judges matches in Northern California.

WAIST-HIGH WEEDS — Weeds flourishing just off a major highway through Muleshoe, offer a fire hazard in Muleshoe after frost, points out Owen Jones (rear), Fire Marshal here. (Journal Photo)

Photography is considered the world's most popular hobby.

Switzerland has designated 1965 as the "Year of the Alps" to commemorate the first ascent of the Matterhorn on July 14, 1865.

Like almond flavoring in a frosting for cake? For a frosting made with two cups of confectioners sugar and about two tablespoons of hot milk, you may want to add as much as a teaspoon of the almond flavoring.

FHA 'Progressive' Dinner Is Held At Lazbuddie

By Mrs. C. A. Watson

LAZBUDDIE — Future Homemakers of America members met at the auditorium Monday evening for a "progressive" dinner, going to the homes of some of the girls to eat foods prepared by the girls' mothers.

First stop was at the home of Mrs. John Addudel where beverages were served, and the second stop at the Alford Steinbocks where appetizers were served. In the home of Mrs. B. Scaton, salad was served, and meat at the J. B. Jennings home. Dessert was eaten at the home of Mrs. W. G. Garland.

Other mothers assisting with the meal were Mrs. Don Schumann, Mrs. Garland Ramage, Mrs. Freeman Davis, Mrs. James Robinson and Mrs. Lee Mason.

The girls met at the auditorium after the meal for a business meeting, including initial-

tion of freshmen.

Taking part were Marsha Schumann, Sheila Vaughn, Connie Harlan, Janice Mills, Marilyn Barnes, Nedda Foster, Vickie Broyles, Jackie Seaton, Jennie Steinbock, Charlotte Davis, Debbie Bullock, Toni Smith, Marquita Seaton, Alvone Embury, Joy Williams, Linda Ashford, Jan Mason, Tammie Jennings, Cynthia Walls, Jeanne Beach, Carolyn Morris, Sherry Robinson, Jill Mimms, Crayl Ramage and Christine Bjornosa. Also attending were Mrs. Myrtle Steinbock, Mrs. Alton Morris, Mrs. Sam Barnes and the FHA sponsor, Mrs. Earl Ellis.

Birthday greetings this week go to: Robert Flores, Bonnie Harden, Jesse Mendoza.

Mr. and Mrs. Rufus Carter returned Friday from visiting relatives in Mangum, Okla.

Guests Sunday in the Rufus Carter home were the L. H. Bradshaw family, Mr. and Mrs. Jerry Bradshaw and Mrs. Jacqueline Williams. Mrs. L. H. Bradshaw is the daughter of the Garters. Jerry Bradshaw is a nephew and Jacque is a granddaughter of Mr. and Mrs. Carter.

Twelve members of the Laz-

Home Demonstration Club met Monday afternoon, Sept. 29, in the home of Mrs. Dennis Nelson. Mrs. Adrian Weir gave the title, parcel-cleaning aids for tile, porcelain and enamel. She also handed out folders pertaining to the cleaners.

Refreshments of homemade ice cream and cake were served by Mrs. Elton Riley, Mrs. Jimmie Briggs, Mrs. Elton Riley, Mrs. Dalton Mims, Mrs. Roy Max Miller, Mrs. Adrian Weir, Mrs. Bill Rodgers, Mrs. Marion Green, Mrs. Joe Don Gallman, Mrs. Harvey Blackstone and Mrs. Nelson.

The next meeting will be in the home of Mrs. Dalton Mims. The program will be on accessories to clothing.

A farm tour was made in the Lazbuddie area last week by the Farmer's Home Administration. The home of D. J. Gallman was inspected and the farms of Andy Fuqua and Lynn Cox were observed. The crops were inspected where new practices were carried out. The Cox and Fuqua farms are on the FHA operators loan program. The boys were congratulated on their proper management.

The Midway Home Demonstration Club met Tuesday afternoon in the home of Mrs. Lee Mason. The same officers from the previous club were retained until Jan. 1st. They are Mrs. Lora Brown, president; Mrs. Dee Brown, vice-president; Mrs. Loyd Williams, secretary-treasurer; and Mrs. M. C. Mason, reporter.

Refreshments were served after the meeting closed and members just visited for awhile and really enjoyed the afternoon as one member put it.

Beautiful swans are now being made from bleach bottles and net. Members plan to sell articles made and help the club by time to time. Expenses for the club will be low but the good and the work they master and accomplish from the club is expected to rate of higher value than work accomplished from the previous club they had organized. The club will be more interesting and exciting and women from the area are welcomed to become members or just to visit the club.

The club will meet the first and third Tuesday in each month at 2 p.m. in the home of one of the members. The

next meeting, Tuesday, Oct. 5, will be in the home of Mrs. Lee Mason.

The same officers from the previous club were retained until Jan. 1st. They are Mrs. Lora Brown, president; Mrs. Dee Brown, vice-president; Mrs. Loyd Williams, secretary-treasurer; and Mrs. M. C. Mason, reporter.

Refreshments were served after the meeting closed and members just visited for awhile and really enjoyed the afternoon as one member put it.

Raymond Webb, 26, employed on the Charlie Glover farm was badly burned Thursday night in a match to light a cigarette that set off a minor explosion in the farm house in which he lived. It is thought fumes from a leak in a butane pipe caused the flash fire. Webb was burned over his body, feet, legs and arms with first and second degree burns. He is recuperating in the West Plains Hospital in Muleshoe and is expected to be dismissed soon.

Congratulations to Mr. and Mrs. Jerry Gleason on the birth of a son born Sept. 18. The baby was born in the Clovis Memorial hospital. He has been named Jerry Lance Gleason. The boy weighed 6 lbs. 11 oz. Grandparents are Mr. and Mrs. T. L. Gleason all of Lazbuddie.

Your small fry will love a black-eyed susan salad. To make it, arrange mandarin oranges for the petals of the flower; add a dot of mayonnaise to the center and cover with sliced ripe olives. Make the stem and leaves from salad greens.

ATTEND THE CHURCH OF YOUR CHOICE THIS SUNDAY

for a Better Tomorrow

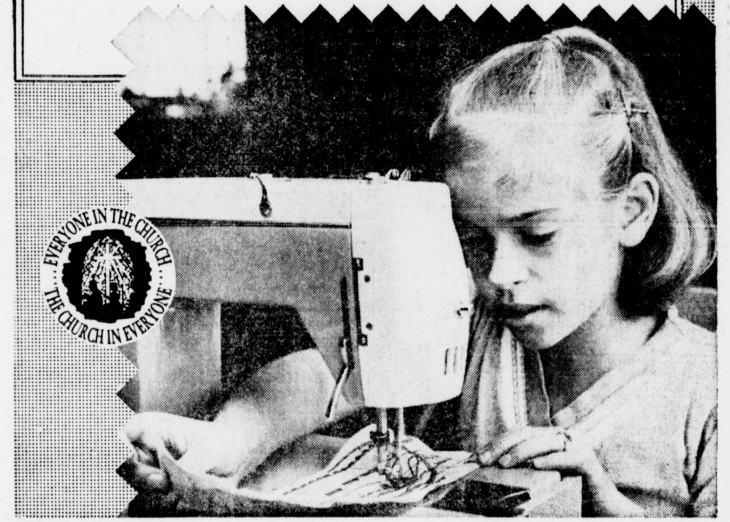

Working, learning to sew... Now, something simple is being prepared and soon her own dresses, and in the future, clothing for her own family. Training is important in the lives of our children.

Spiritual training is a must in the lives of our young ones.

"Train up a child in the way he should go; and when he is old, he will not depart from it."

Take your children to church Sunday.

Sale Of Flags For Use In Homes Promoted By Study Club At Sudan

By Evelyn M. Scott
 SUDAN — "Responsibility My Club" was the program theme directed by Mrs. S. D. Hay at the meeting of the 1965 Study Club held Monday evening in the home of Mrs. Kenneth Wiseman when a salad supper was served.
 The motto for the evening was "Whatever you do, do it well." Mrs. Marvin Tollett made the presentation of the club yearbooks.
 Initiated into the club as new members were Mrs. Webb Watts, Mrs. W. E. Hancock. Also returning to the club as a member was Mrs. F. M. Smith. Mrs. R. S. Gatewood was in charge of the initiation services.
 Mrs. Hay presided at the business meeting.

The project for the evening was to place a United States flag in all Sudan homes. The flags will be sold by club members.
 Present were Mrs. Hay, Mrs. Gatewood, Mrs. Tollett, Mrs. Watts, Mrs. Hancock, Mrs. Wesley Hargheiser, Mrs. Nealey, Mrs. J. W. Olds, Mrs. Jack Riley, Mrs. Gordon Taylor, Mrs. W. V. Terry, and Mrs. Wiseman.
 Dr. and Mrs. Bill Tucker and family of Pueblo visited during the weekend in the home of his parents, Mr. and Mrs. John Tucker.
 Mr. and Mrs. John Milam attended the Lubbock fair Tuesday.

Mr. and Mrs. Martin Maxwell returned Friday after visiting last week in the home of her sister and husband, Mr. and Mrs. Earl Smith in Santa Rosa. They were there Monday to attend the services of Mr. Smith's father, Morton Smith. Others going to the services were Mr. and Mrs. Raymond Maxwell, and V. C. Weaver of Bula.
 "Living in the Space Age" was the program topic of the WSCS when the group met for a night meeting Monday at the First Methodist Church. Mrs. Bryan Engle, science teacher in the Sudan School, was guest speaker for the evening. She discussed "Science and Religion".
 Mrs. A. Pinkerton was program director and W. C. Rossom gave the invocation.
 Mrs. Frank Lane presided at the business meeting.
 Present were Mrs. Engle and her husband, the Rev. Bryan Engle, pastor of the Lutheran church in Littlefield, and members, Mrs. W. O. Willingham, Mrs. Edward Gaston, Mrs. Kenneth Burgess, Mrs. Radney Nichols, Mrs. Joe Burt Markham, Mrs. Shelby Morris, Mrs. A. Pinkerton, Mrs. Ray Young, Mrs. Rossom, Mrs. J. S. Smith, Mrs. Tray Gaston, Mrs. Bruce Newman, Mrs. Frank Lane.
 Mr. and Mrs. Guy Walden left Wednesday morning to attend a bankers convention in Chicago.
 Sara Woods returned home the first of the week after confinement in a Lubbock hospital.
 Mrs. James P. Arnold, Sr., and Mrs. Willie Hazel has been

confined to the hospital in Amherst.
 Mr. and Mrs. Byron Lynn and Roby were in Denver during the weekend to visit her sister and family, Mr. and Mrs. Jerry Spallin.
 Lt. and Mrs. Bob Sanders have been visiting her parents, Mr. and Mrs. Bernice May and his parents, Mr. and Mrs. Robert Sanders, Muleshoe. Lt. Sanders was to leave the first of the week for a thirty day cruise in the Pacific with stops in Japan and China. Mrs. Sanders is a student at Tech.
 Weldon Wiseman returned home the first of the week after being confined to the hospital in Amherst with injuries he suffered in an automobile accident last week.
 Mr. and Mrs. J. W. Olds visited Sunday in the home of Mr. and Mrs. Pat Christol in Amarillo.
 Mr. and Mrs. L. E. Slate left Tuesday for Lake Brownwood and points in South Texas.
 Mrs. W. T. Vereen visited last week in the home of her brothers, Pete and Cliff B. in Amarillo.
 J. B. Bottoms of Amarillo visited Sunday in the homes of Mr. and Mrs. J. W. Olds, Mrs. Jerry Clark. He has returned to her home in Stanton, after visiting in the home of her sister, Mrs. W. O. Edkins.
 Fa Patterson of Henrietta visited this week with his brother and wife, Mr. and Mrs. Ver Patterson.
 Among activities to be held at the First Baptist Church during October will be a calendar of Activities meeting, October 4; Church Office's installation services, October 10; Chairman of all Stewart's Committee meeting, October 11; Brotherhood program, October 12; Annual Association Meeting, October 13; Sunday School Leadership class — October 18, 19, 20, and 21.
 During the last three years the Texas Highway Department has built more than 1,200 bridges, more than a bridge a day.

B&C OFFICERS — Here are the officers of B&C Builders, Muleshoe, local agent for Inland Steel. Left-right are Alton T. Webb Jr., engineer; Lonnie M. Bass, president, and W.R. Carter, vice-president. (Journal Photo)

B & C Builders Here Is Growing, Inland Steel Makes Strides

If you need a steel building of any kind whether for farm or business, see Lonnie M. Bass, president of B & C Builders, Inc. of Muleshoe. This company has erected dozens of steel buildings in West Texas and is well known throughout this area as a contractor. He keeps abreast of new developments in the building industry and adopts whatever ideas he thinks will improve his construction work.
 The home office of this organization is located at 217 E. Ave. B and the phone number is 3-0780. They also have offices in Clovis and Amarillo.
 Business men and farmers are more and more coming to recognize the value of steel as a construction material because of its long lasting quality and its clean appearance. There are no termites in a steel building as there might be in a wooden structure and the new types of steel are rust - resisting and need no upkeep. Then the most important feature is that it is fire - proof and offers security against loss.
 If you are planning to build any type of structure, see Mr. Bass and let him explain to you the advantages and economy of using steel in place of wood or cement blocks. There will be no obligation for an estimate.

Gospel Singing Set For Sunday

A community gospel singing will be held at the Assembly of God Church here Sunday afternoon at 2 p.m.
 Special numbers will be rendered by the Sunnyside Quartet, Sunray; The Larry Ford Trio, Levelland; and our own Gospelaires along with other local talent.
 Participants from all churches are expected, according to Doyle Trapp, Master of Ceremonies and the public is invited to take part in the congregational singing.
 For general cleaning of staturary, cleaners in the Capitol use Austrian feathers. The dusters really pick up dust efficiently while protecting the easily marred surface.
 Mr. Bass has been in business since 1956 and is well known throughout this area as a contractor. He keeps abreast of new developments in the building industry and adopts whatever ideas he thinks will improve his construction work.
 B & C Builders are dealers for Inland Steel Products Co. pre-engineered buildings, roof deck - floor deck, wall panels, bar joist and structural systems. They are presently constructing a building for Sears Automotive Center in Amarillo which is 36,000 sq. feet. They sell steel to contractors in this area as well as use it themselves.
 B & C Builders does a turn key job. They design buildings, do the drafting, engineering and construction work and the building is complete in every detail when finished.
 The firm was organized here July 1, 1963, with Lonnie M. Bass as president, W. R. Carter as vice - president and Alton T. Webb, Jr., as Engineer. Six people are employed regularly by the company and more when a building is being constructed.

NATIONAL FIRE PREVENTION WEEK

OCTOBER 3-9, 1965

CAN BE PREVENTED!

FIRE PREVENTION SHOULD BEGIN AT HOME.

ONLY YOU CAN PREVENT FIRES!

- NEVER LEAVE MATCHES NEAR CHILDREN
- EXAMINE AND REPLACE FAULTY ELECTRIC WIRING
- DON'T HAVE THAT LAST SMOKE IN BED
- DON'T STORE COMBUSTIBLES IN ATTIC OR CELLAR
- COOPERATE WITH LOCAL FIRE OFFICIALS

THANKS FIREMEN

FOR THE HOURS OF PREPAREDNESS
AND THE MANY HOURS OF BACK
BREAKING - UNPLEASANT - LABOR IN
FIGHTING FIRES IN THE MULESHOE AREA.
