We were very fortunate to e Governor Preston Smith Tahoka For lunch last Fri-. A large crowd attended luncheon and heard Govor Smith speak at random state government matters.

The prevailing idea that the mer receives a "handout" om Uncle Sam is a myth. fail to understand why somewho has the ear of the nadoesn't get across this nt to the masses.

The typical housewife..and husband...believe that the st of living is high because he government subsidizes the

It's easy to over-simplify, the point can be illustrated this ... it takes the farmer. ustrial labor, and business produce an item of food place it in the consumer's n. In theory, each is itled to a fair share of the ofit or a third of the price ived from the item. But it is, organized labor gets out 40 per cent of the sellprice, organized business about 40 per cent, and unorganized farmer gets

object of the game is fair-

The objective is to give the mer 100 per cent of parity. Mar. 11 ich means 100 per cent of fair price. Likewise labor business are entitled to 100 cent of a fair price. But it is, due to the inability the farmer to put a price on his efforts as do labor business, he gets what's At the present time labor business are getting about per cent of parity each, le the farmer is getting mething like 60 per cent. There are two possible ways deal with this problem. One to create machinery by which farmer can demand his share just as labor does ough unions and business s through its inherent abilto set the price...in which e, the added income to the ner would either have to be orbed by labor and business passed on to the consummer. course it won't be absorbed ... will be passed on to the conier. And this is fair, so long labor and business are get-

Another way is for all the sumers, through their govment, collectively to make the difference which is due ner by paying his "price ports." In this case it is the consumer who will Only difference in the two is is that in the first case, consumer pays in the form higher prices at the food e. In the second case, he in the form of higher tax-

TWO BITS-

CONTINUED FROM PAGE 1 The net result is the same. It's like educating our children...we can pay in the form of \$1.25 and .75.

tutition..or we can pay in the form of taxes. It's like our postal system. In order for postal employees

recive a fair wage we can either raise the cost of mailing a letter or we can raise taxes. To raise postal salaries, more money must be had. Do

we want to pay a higher price for a stamp..or higher taxes at the end of the year? Obviously it's much easier to raise the price of a stamp than to hike the price of a bushel of wheat or a bale of cotton. There are other facets to problem, facets we have

not mentioned in order to keep

the basic illustration simple. We could have mentioned that the farmer, through his own efficiency, has actually reduced the cost of food. We could have mentioned that the farmer is engaged in producing not luxuries but necessities...food and clothing. We could have pointed out the economic truism that prosperous agriculture has always meant prosperous laborers and prosperous business, that everytime the farmer has gone down, unemployment and business depression were not far behind, that Americans eat better at the lowest relative cost of any people on earth

at any other time in history. So let's forget this mish mash about Uncle Sam giving handouts to the farmer. It just isn't Wilson menu MONDAY: Chili beans; potato

Bill Griffin, County Agent, Says....

Black spot is a spoiler the rose garden. This fungal disease can ruin the beauty of one of our most desired ornamental plants.

This disease attacks the young tender foliage, causing black circular or irregurlar shaped spots on the developing leaves.

Black spot, he says, can be controlled by the use of preventive sprays or dusts. Such materials as Folpet, Maneb, Polyram and Daconil 2787 can all be used on roses as preventive sprays.

Though the selection of fungicides is important, perhaps the regular application of the material at 7-day intervals is even more important. The rose gardener should set aside a time each week for spraying his plants. It might be each Saturday morning or another convenient time; however, the important thing is to see that all plants get a thorough fun-

PRESENTS THE "BIG A" SOL-U-PHOS APPLICATOR

*No Soil Compaction

*Faster Application

*Can Work In Any Kind of Weather With The Soil in Any Condition

LET'S TALK FERTILIZER

Super Sol-U-Phos with trace elements, has proved to be a "big yielder" on cotton and mile in our area. This ratio of nitrogen and phosphorus has been used for years. We have added potash and the trace elements, zinc, iron, maganese and copper to improve it for our modern day needs. We can broadcast apply this product to your soil before you bed with our "Big A". This is a machine with 44 inch wide flotation tires for minimum compaction and it can cover 60 acres per hour. No need to worry about evaporation as there is no free ammonia in Super Sol-U-Phos 16-20-2. It is made from nitrogen solution, containing the nitrate, ammonium and urea forms of nitrogen. The phosphorus is our own 75% polyphosphates product that resists tie-up in our high pH soils.

SOIL CONSERVATION NEWS

the number of cultural opera-By Richard L. Christie tions to those that are properly "Why run that tractor when

it is not needed" says Billy Weaver of Wilson. He is in the farming business to make money and he keeps good records. I know it pays to plow as little as possible because I have done it, says Weaver. to this type operation. In this Billy measures his cotton crop way, conservation measures by net income. If he can go to the gin with the same number of bales of cotton with less operating expenses he feels he is making money by not plowing

This is a new concept in Soil Conservation. It is receiving an enthusiastic reception throughout the country. Those who have tried it have increased the acreage treated by minimum tillage each year. It will reduce labor and operation cost and cut soil losses from erosion sometimes as much as 90 percent and makes it easier to maintain soil tilth. Much research has been done on the net return as a result of minimum tillage. Many articles have appeared in various journals and periodicals.

as often as in the past.

Minimum tillage is limiting

Bond Sales Are 5% For Jan.

According to Mr. F.B. Hegi, Chairman of the Lynn County per cent of the sales goal.

The 1970 sales goal for Texas is \$179.9 million. During the month sales were \$15,862,542 with 9 per cent of the state's goal achieved.

The Treasury Department announced that sales over the nation totaled \$407 million --3.8 per cent below January a year ago. Exchanges of Series E for Series H Savings Bonds during the month amounted to

SERVING YOU SINCE 1907

It Started In 1912 ...

Girl Scouting had its origin in England soon after Lord Baden-Powell founded Boy Scouting in 1908, but did not start in America until 1912, in Savannah, Ga. Mrs. Juliette Low, on American widow of an Englishman, was inspired by the boom of the Boy Scout movement and was a good friend of Lord and Mrs. Baden-Powell. She determined that not only boys, but girls as well should have this training, and got to work immediately upon her return to America. From her first troop of 12 girls, Girl Scouting has grown to a world-wide Movement which boasts 3½ million members in the U. S. alone!

HAROLD ROBERTS, MGR.

GIRL SCOUT LAW NO. 1

"A Girl Scout's honor is to be trusted ..."

Sample words, these, but how important. In trying times in the world's history there is a perpetual need for girls who tell the truth and keep their promises. We commend the Girl Scouts!

McCORD MOTOR CO.

TAHOKA

PHONE 998-4566

GIRL SCOUT LAW NO. 3

"A Girl Scout's duty is to be useful and to help others"

Helpful girls are a constant source of joy to their mothers . . . and a credit to their families, communities, state and nation. We congratulate the Girl Scouts.

ED HAMILTON
Furniture & Appliance

GIRL SCOUT //ee/e

We're proud and happy to salute our Girl Scouts, the daughters of our community, during Girl Scout Week. Girl Scouts are an asset to the community, and we commend their worthy record of achievements and their untiring dedication to their high goals.

GIRL SCOUT LAW NO. 4

"A Girl Scout is a friend to all and a sister to every other Girl

Scout ...'

What more valuable lessons could your daughter learn than those of friendliness to all and successful teamwork with those her own age?

Borden Davis Hardware

"A Girl Scout

is courteous ..."

No matter how carefully our young people are trained at home, a strong outside influence like Girl Scouting will help them to see the value and meaning of what their parents have been teaching.

> Fenton Ins. Agency

> > PEGGY ELLIOTT

The Girl Scout Promise:

"On My Honor I Will Try:
To do my duty to God and
my country, To help other
people at all times, To obey
the Girl Scout Laws."

This Would Make A Noble Ethical Code For Anyone.

TAHOKA IMPLEMENT

"A Girl Scout is loyal ..."

How valuable, this thing called Loyalty. Dependability is part of the Girl Scout Slogan, "You Can Count on a Girl Scout." Loyalty is a big ingredient in the dependability of worthwhile people like the girls who wear the green uniform of Girl Scouting.

GIRL SCOUT LAW NO. 6

"A Girl Scout is a friend to animals ..."

One of the most rewarding of all experiences a child can have is to know and love animals. Girl Scouts learn that animals need kindness and help from humans, and build character with this valuable lesson.

"A Girl Scout obeys orders ..."

Respect for authority is included in the Girl Scout Laws — and rightly so. What we all want most for our young people is a satisfactory adjustment to society. VERY FEW BOY OR GIRL SCOUTS ARE FOUND IN JUVENILE COURTS.

TATUM BROS.

HELEN KNOX

"A Girl Scout is cheerful ..."

Nothing is more attractive than a young person who exhibits a cheerful attitude — whether at school, at home, shopping or at church. Happy people are those who make it a point to expect happiness.

WE COMMEND THE GIRLS SCOUTS!

FARMERS CO-OP ASS'N NO. 1

RONNIE NETTLES, MGR.

"A Girl Scout

is thrifty ..."

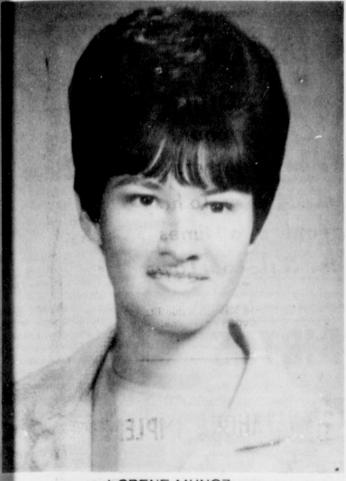

What could be more welcome to the future husband of a Girl Scout than to know his bride-to-be possessed the virtue of thrift. This is an important lesson taught by Girl Scouting — which will serve the Girl well all her life.

Lynn County News "A Girl Scout is clean in thought, word, and deed."

Young men and women of faith and upright char acter are America's best hope to remain free. This final Girl Scout law is probably the most important trait a Girl Scout can gain — both to herself and to her nation.

What is ahead in the new decade for food products and processes? How will consumers spend their food dollars? What will they want?

For one thing, the homemakers wants and is willing to pay for "instant" heat-and-serve and ready-to-cook foods.

Criteria for convenience foods is changing to quick serve and instant foods instead of foods to which only some degree of preparation has been added.

For example, a packaged pudding mix which requires stirring in milk and cooking is too old-hat and too much bother. So canned and frozen instant puddings are high style.

Canned soups to which water must be added are loosing an increasing per cent of their market to the soups with water in the can.

The second trend is that Americans will eat more meals away from home in the 1970's.

Institutional food sales rose 36 per cent from 1960 to 1966. During this same period sales in food stores rose only 14 per 2 tablesppons bacon fat cent. Forecasters say 40 per cent of the food dollar will be spent for meals away from home 1 egg

This figure jumped to 35 percent

This trend is attributed to 1. from home; 2. increased leisure time; 3. improved technology; 4. decreased interest in learning how to cook.

Today 40 per cent of all are in the American labor force. utes. Serve warm, toasted The largest segment (57 per or cold. cent) of women in the work force are married.

Thirdly, fast foods services will increase in the 1970's. More food chains are going into institutional foods; they're o- Wedding Is through facilities for onpremise food consumption and take-home prepared foods.

This trend will continue and probably expand to most major companies.

Forecaster predict that supermarkets will go heavily into food service operations, too, offering all types of prepared, takehome foods from chicken dinners, fish and chips, pizzas, and Chinese entree to fancy gourmet meals completely prepared lowship hall. from appetizer through dessert. By the mid-1970's, 50 per

cent of the supermarkets will have luncheonettes and 84 per

Rotary Club

Reception to follow in Fel Reynolds Speaker

In answer to questions from

members Mr. Reynolds brought those present up to date Mexican-Americans in the local school system. He indicated school officials were satisfied the Federal judge had ruled airly, under the law, in per-

armbands by 17 Latins, suspended from school, and allowing them to return to classes. However, the judge warned against "trouble" started by either side in the controversy.

Mr. Reynolds pointed out only a small minority of local Mexican-Americans were involved in the arm-band wearing

He declared there has been little bitterness in the school system over integration of the

onion, bacon fat, parsley, ore- tax re-evaluation program now gano, egg and milk, mixing just underway in the local district until moistened. Stirin cheese, which will bring about a slight Spoon into greased and floured raise in overall taxes but will 9 x 5 inch loaf pan. Bake result in a decline in taxes

The new kindergarten program going into effect this next year will be for five and a half year old children who have a language problem or who are from families with incomes of \$3,000 or less.

Ultimately, the program will be for all children of five and will be compulsory.

J.D. Atwell was in charge of the program and introduced the speaker.

Think for a minute what it costs to replant an acre of cotton that doesn't make a stand. There's the cost of seed, fertilizer, herbicides, insecticides, equipment, operators and the

precious time. Multiply that by the number of acres you could lose to seed and seedling disease.

Now think about Terraclor Super-X Soil Fungicide. It could very well eliminate replanting. Here's why: Terraclor Super-X is a combination of two Olin discoveries that effectively control the fungi that cause cotton seedling disease.

How important is this to you? The regional Cotton Disease Council reports that losses average \$60,000,000 a year to seedling diseases alone.

Terraclor Super-X is applied while you plant. Your cotton seed is surrounded by protection in the furrow, where it counts. As the seed germinates and the seedling emerges, the fungi that kill unprotected plants are held off by Terraclor Super-X. You get a healthy, vigorous stand from only one planting.

About seed treatments: They are great . . . as far as they go. But seed treatment protection lasts only until the seed coat opens and the seedling grows into untreated soil. That's when you need Terraclor Super-X in the furrow Terraclor Super-X is available from your Olin dealer in three formulations: granular, liquid and dust.

A special formulation is available with a quality soil systemic insecticide impregnated in the granules for combination for ... and insect control.

If you don't know your local Olin dealer, write to Terraclor Super-X, P. O. Box 991, Little Rock, Ark. 72203 for his name.

You ought to get to know him. He can help you get a good stand from only one planting. That's one good reason he is known as the rare bird in the business. Iin

US-84 Bypass — Slaton, Texas

NEW HOME NEWS

BY MRS. W.W. DAVIES

Rev. Dick Blair, pastor of the First Baptist Church of Aledo, Texas will be the evangelist for a week's revivalinthe New Home Baptist Church, beginning April 13th.

Miss Vicki Unfred went by plane to Dallas Thursday afternoon to visit her sister, Nancy who is a student in the Baylor School of Nursing. She returned home Sunday.

Fine rains fell in the community Thursday and Friday, inches with the heavier amounts

*To Give Away Garden Club To Have Art Show

At the Community Center on Friday, March 20, 9:30 a.m. the Tahoka Garden Club will hold their regular meeting with the program based on Floral art, at which time all members of the club active, associate, extension and honorary, are urged to attend and exhibit an original wall hanging in which flowers predominate.

The background material may be of burlap, linen, velvet, wood or any other desired material. The floral design may be painted. embroideried, appliqued, stenciled, decopaged, etc. All must be completed for hanging.

Mrs. Theryl Hodges of Lubbock, noted artis and art critic, is to judge the entires. A prize is to be awarded the best all around creation.

Mrs. Hodges will also do a demonstration on Floral Art as

a part of the program.

Area artists, both adult and children are invited to bring paintings they may wish to have criticized by this art teacher. A fee of \$2.00 will be asked for each piece of work criticized. The proceeds will go into the Club's Beautification Fund.

Also, artists of all ages are invited to bring paintings, drawings, sculptures or any form of art work for exhibit and-or sale. Five percent of any sale made, going into the Club's

District I Scholarship fund. Entries should be in by 9:30 a.m. and picked up between 5:00 and 6:00 p.m. of that day. Exhibition will be open to the public from 3:30 to 5:00 p.m.

Mrs. Ola Richardson, Mrs. W.T. Kidwell and Mrs. L.D. Howell will act as hostesses for the Exhibition Tea.

The Spring convention for District 1 Garden Clubs will be held at Midland March 16-17. 1970. Any club member wishing to attend, please contact Mrs. Hubert Tankersley, president of the Tahoka Garden Club.

Accept as trade in two 1968 World Day Of Department. Terms of sale, Prayer Observed

ain Service met at the United Mehtodist Church Tuesday, March 3, for World Day of Prayer Service with Mrs. Ann Whar.

ton leading the program. The service began by the group singing "God of Grace" and "God of Glory." Next was prayer in unison. The topic of the meeting was "Take Courage" by Mrs. Wharton. Mrs. Eudy discussed the celebration of World Day of Prayer. Mrs. son wishes to thank all of her Wharton told of the courage of generous friends and neighbors Jane Adams in establishing Hull for the wonderful food, cards, House in Chicago. Next was meditation.

A worship center symbolizing courage was prepared by Mrs. R.M. Stewart.

Texas has 37 wood treating plants and is one of the leading states in the wood preserv. ing industry. Properly treated poles, posts, and timbers will last 30 years or more even though exposed to mositure, soil, and insects.
