#### Republicans Fight CCC With Array Of Evidence Declared 'Formidable'

By WILLIAM F. ARBOGAST

WASHINGTON, March 9 (P)-House republicans amassed an array of what they called "formidable evidence" today to power a drive against immediate continuance of the Commodity Credit Corporation's

Without divulging its nature, Rep. Taber (R-NY) told reporters he will produce documented proof "that will show a scandal worse than Teapot Dome." The CCC acquires food supplies for lend-lease and administers

the administration's subsidy program. Unless extended the agency will expire June 30.

Taber, ranking minerity member of the house appropriations committee, said his evidence is based in part on findings of an investigation being made by the appropriations group and on material he uncovered in a private inquiry.

It will be sufficient, he predicted, to convince the house that it should not approve legislation extending the life of the CCC for two | Shek. more years and boosting its borrowing power by \$2,000,000,000 until the appropriations committee completes its study and "objectionable conditions" are corrected.

The legislation is on today's house docket, but republican strategy appeared to be to seek to send the bill back to the banking committee. Rep. Wolcott (R-Mich), ranking minority member of that committee, said he read a CCC investigation report, and "it looks pretty bad."

## To When War In **Europe To End**

President Roosevelt labeled as a crystal ball question today a news conference inquiry whether the war in Germany had reached a point where it might end suddenly. For two or three months, he said, consideration had been given to who will be the American member of a German control commission. But, he added, it was only speculation that undersecretary of war Robert P. Patterson might get the job. Equally speculative is whether a military officer or civilian might receive the appointment. Tomorrow or the next day, he said, he expects to see Robert Murphy, top adviser to Gen. Dwight D. Eisenhower on German

affairs. Mr. Roosevelt had Admiral Chester W. Nimitz, Pacific Fleet Commander, as his luncheon guest today. Yesterday he saw Gen. Joseph W. ## Yesterday, Today and Tomorrow

The Big Spring Pastor's Association is voluntarily donating this space to the Big Spring Bombardier School, to present the housing problem to our citizenship. Several hundreds of men who have seen foreign service have been sent here and there are other hundreds to follow. Most of these men are married but have been deprived of association with their families for many months and some cases years. In fairness to these men and their families who have made the real sacrifices in this war, and as a morale builder for men who have been under heavy strain for months and the end is not yet, we feel that Big Spring should, and we believe if our people understand the gravity of the situation they will, make some sort of arrangements to house these people.

We do not mean to ask you to spare a room in your home only if it is convenient, we ask you to spare a room or more even if it is temporarily inconvenient and perhaps somewhat of a sacrifice to you and your family. They do not ask for anything elaborate. Men who have slept in pup tents and fox holes, or for many hours have not slept at all while on long dangerous bombing missions, are not asking for luxury but only a chance to be with their loved ones whom they feared they would never see again.

In the name of patriotism and out of a spirit of pure humanitarianism, we intreat you to give this serious consideration, and ask your neighbor to spare a room also. Many of us have never felt the war, this is a chance to share with the ones who have done so much for us.

Of course some of the schools will not be present, and others probably will not have a full track squad. But individual stars from most of the schools will probably come, and that promises to be quite a good show.

## Death Of Redistricting

#### The War Today

by Dewitt Mackenzie Associated Press War Analyst

The surprise crossing of the Rhine by American First army units south of Cologne is one of the most brilliant coups of the entire war-and one which may shorten the conflict greatly, especially since it synchronizes so perfectly with the new Russian offensive across the Oder against Berlin.

No wonder General Eisenhower is "delighted," since this is the sort of thing a commander dreams of but hardly dares hope for. Details are lacking but apparently a hardy and quickthinking officer flung his men across the river onto a terrain which was so rugged that the Hitlerites never thought an attempt would be made there. As a result they weren't prepared to defend the position.

Since the first spearhead of Yankee adventures went over the river about dusk Wednesday, a steady stream of comrades has been pouring after them. Our bridgehead is said to be firmly established, and our troops are fanning out.

This means that at long last both the western Allies and the Russians are inside the final great natural barriers of Hitler's vaunted inner fortress. Thus the further defense of the reich now depends largely on the German fighting man and his equipment. In short it's a battle with bare hards. The Allied objective is the annihilation of the Wehrmacht which soon will be caught between two advancing fronts, unless it flees to southern Ger-

The fact that the point where the Americans crossed was virtually undefended is significant of Nazi Field Marshal von Rundstedt's shortage in manpower. No matter how unlikely an enemy attack was at this place, the German commander would have guarded it if he could.

However, we shan't have a full gauge of his weakness until we see what he does about staging a powerful counter-attack to smash our beachhead. That's his next logical move, and if he can't carry it out in force, then we shall know that he is indeed pretty well shot to pieces.

Rundstedt's difficulty will be that if he with-

It seems almost incredible that after all these years, when a bill for redistricting the state for legislative purposes was taken up on the floor of the house that it has been defeated.

The constitution of the State of Texas clearly requires that the state be redistricted after each decennial census. Since 1920 this mandate has been ignored. And now that sentiment has been crystalizing progressively toward fulfilling of this obligation, a body of men sworn to carry out the provisions of the constitution boldly kill the pro-

We do not have full information on the fight surrounding the bill nor the analysis of unbiased observers who were on the ground to note the strategy for and against the bill proposed by Rep. Harley Sadler of Sweetwater. Yet we do know that the very motion to table the measure was made by a Central-Texas representative, one quite typical of those in that belt and in East and Southeast Texas who have religiously resisted any and all attempts to redistrict the state.

Initial reports did not indicate any straight forward opposition. There was considerable sniping around the edges; considerable questioning of the bill's author on intent and effect. There was plenty of smoke, just as had been expected, but little fire out in the open.

Just on what basis the bill was tabled is not clear. Most of those who voted against it doubtless will profess to favor redistricting in principal but opposition to the particular measure. The truth is that they do not favor redistricting, that they selfishly cling to the archaic system of districts because of personal or area advantage. #### Wolf Returns With Man Charged Here

Sheriff Bob Wolf returned Friday with J. A. Ragusa III, wanted here on a grand jury indictment charging swindling by bogus check.

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, He was indicted after he had your vim, vitality and youthful pleasures, here is a simple method that may change your whole outlook on life. Just ask your druggist for CASELLA stimulating tablets. Take as directed on label. Don't feel old and worn out at 40, 60 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try CASELLA tablets and regain the verse and zest of a much younger man? There is nothing harmful in these tablets. They contain Celery seed, Thiamin Chloride, Passion Flower, Iron. Ask your doctor or druggist about this formula. paid for a car, purchased from Marvin Hull, with a check. Later the car was sold in Atlanta, Ga., and Sheriff Wolf followed Ragusa's trail into Canada and back before he was picked up in Dayton, Ohio. The whole of the Mississippi valley and tributary territory is menaced by flood waters, reported the sheriff, who had to swing to the west to get back Collins Bros. and all other drug-

#### Second Well Child Conference Staged

The second of a series of well child conferences held each Thursday in the Latin-American quarter was equally successful as the first, it was disclosed Friday

by Health Nurse Ann Fisher. The conferences are held each Thursday from 1-3 p. m. in the Sacred Heart church hall, with Dr. Neli Sanders, Mrs. Louise Horton and Mrs. Fisher directing. Assisting in last Thursday's conference were Mrs. Marcus Garcia, Carmen Castillo and Evangelina Doran. Tuberculosis patch tests were given to children brought to the

By WILLIAM F. BONI

MIAMI, March 9 (AP)-It is a very nice thing indeed to come back after three years away from the golfing scene and find little Ben Hogan still in there whipping out those crisp drives and ten shots and Sammy Snead still belting the ball that proverbial country mile.

Of course, the picture isn't quite the same. Hogan is a lieutenant now, on temporary duty coaching and instructing the boys at an army air force hospital here, and Sammy is not long away from a hitch in the navy.

Yet Sam came out of the navy to win six out of the first 11 tournaments he played in. Hogan. who until just the other day had played no golf at all since September and hadn't been in a tournament for more than a year, teamed with P.G.A. President Ed Dudley to whip Ky Laffoon and Jack Grout, 8 and 7, in the first round of the four-ball invitation yester-

Benny was a bit erratic, but ever so often he'd uncork a shot every bit as good as the ones he put together back in March of 1940 when he won three Carolina tournaments in as many weeks with a total score some 27 strokes

#### **Wupperfeld Speaks** To AB Club Friday

Describing the peculiar psychological feeling of the people in the Philippines and their personal and racial pride, Capt. J. A. Wupperfeld told of his experiences in University of Texas for the spring the Pacific Theatre of War to the members of the American Business Club Friday when they met at the Settles Hotel for a lunch-

Wufferfeld pointed out that the Japs are brutal fighters, who have everything to gain, and nothing to lose, but their life; which means little to them. Nothing is too much to ask for the Emperior. The war will be a long, tough and expensive war and the American people should realize this fact.

Reports were given by commitin charge of the Benno Rabinof concert and Bill Younger was appointed chairman of the old clothes drive.

#### Grice Rules In Entry And Detainer Case

Justice of Peace Walter Grice Friday ruled in a forcible entry and detainer suit in favor of Plaintiff M. O. Pengh but gave Defendant L. W. Smith 60 days in which to vacate. The case of H. W. Cross versus

E. Rittenberry, suit for damages. which resulted in a verdict of \$138 for the defendant last week, has been appealed from Grice's court to county court.

#### By Licht FHA To Recommend **Big Spring Houses**

The regional office for the Federal Housing Agency will recommend that Big Spring be given an allowable of 25 houses to be built exclusive of those under title No. 6 (FHA loan.)

This was the word Friday from Joseph P. Tufts, Dallas, with the agency, who said that the recommendation was being forwarded to Washington. From the capital, J. H. Greene, chamber of commerce manager, who has been in Washington with Robert Piner, chamber president, and B. J. McDaniel, city manager, in interest of the community's claims for a veterans hospital, reported that approval at that point was assured.

The 25 would be in addition to anything granted thus far and does not conflict with 12 under construction and some 23 others planned. The new housing priorities would be available to those who could finance the construction privately and without FHA
