County Records One Accident

The Texas Highway Patrol investigated one accident on rural highways in Lynn County during the month of April, according to Sergeant A. E. Roberts, Highway Patrol Supervisor of this area.

These crashes resulted in no persons killed, two persons injured, and an estimated property damage of \$2000.

The rural traffic accident summary for this county during the first four months of 1968 shows a total of 17 accidents resulting in one person killed, 13 persons injured, and an estimated property damage of \$19,845.

The final bell closing the present school year will soon ring. This will be the signal for the beginning of summer vacations. Residential neighborhoods which were quiet between 9:00 a. m. to 3:00 p. m. will be alive with children popping out in all directions. This means that motorists must be constantly alert at all times during the summer months for children darting out from unexpected places.

The Sergeant added, "During 1967 of the pedestrians killed in rural traffic accidents one of four were school age children."

WHAT do weekly newspaper subscribers like to read in their paper? A while back, a Lubbock editor composed a list of answers to a questionnaire on the subject. Here are the responses as to what the average reader desires to

1. My name. 2. A front page article showing how the city government spent most of the time. 3. My wife's name. 4. A feature article showing 25 ways on how to cheat on income tax forms. 5. My kid's names. 6. Local news item about the fair my neighbor is having. 7. A classified ad offering a new home for sale for \$100. 8. More news about lawbreakers. 9. Less news about lawbreakers. I was wakened up last night and I could not have to pay a fine. 10. An editorial condemning high school teachers for being too liberal with F grades.

11. A wedding picture of the groom instead of the bride. 12. A picture of me when I was 18. 13. More advertisements on things that merchants are giving away. 14. A front page picture of my neighbor being hauled out of his bar by his wife.

15. A front page spread about the deadbeat who lives across the street from me and just had his car repossessed. 16. Forget the last one. I just got word from the dance company that they're coming after my car. 17. More letters to the editor naming the crooks we have in town.

No, it is not really this bad at some people have a conception of news that won't depend upon who's not the shoe pinches.

The Lynn County News is proud to honor the graduating seniors of the county. We have devoted some four pages to seniors of Tahoka, New Home, and Wilson, with the financial help of our advertisers. We thank these advertisers and know that other area merchants and businesses are backing the 1968 seniors.

ABSENTEE voting will begin a little late for Lynn County as the ballot order was a little late in getting to the printer. Voting was to begin Wednesday and the ballot order arrived Tuesday. It is all probably it will be Thursday afternoon before absentee voting can begin.

In case you miss the story about early publication next week, we are going to publish it on Tuesday due to the Memorial Holiday. Limited mail service is scheduled for Thursday and we want you to have your Lynn County News on schedule. By the way, copy deadline is 5:00 p. m. on Monday.

SEVERAL colleges have experienced student demonstrations recently, disrupting the administration procedure, classes and the campus in general. No doubt, many of these demonstrators, in my line of thinking, should place their deferment in jeopardy. In fact, should nullify it.

GORDON-SOUTHLAND NEWS

Mrs. Edmund Wilke

Hi there. Here it is Monday again and I know it couldn't have been over 3 or 4 days since last Monday. School here in Southland will turn out one day this week for the summer and I just know it couldn't possibly have been nine months since it started! Where does the time go????

Something wonderful has happened to our family. Our No. 2 son, Darrell Wayne has been selected as a citizen

of the American Legion Boys State which is a Mythical State within the State of Texas and the United States of America. This is the first year that Southland has had a boy participating in Boys State, because it takes a sponsor from the community along with the local American Legion of Slaton, and up until this year we have never been fortunate enough to have a sponsor. This year, Hackberry Co-op. Gin Co., Dan Siewert, manager, wanted to do something special for the community, and they chose this way to do so! I, for one, think they are to be commended, and I want to say "Thank You" for giving one of our young men a chance to participate in Boys State. I sincerely hope that this will be an annual thing from this year forward.

Boys State is a program designed to keep the spirit of liberty burning bright: it is a program to provide guidelines for citizenship and a-bove all it is a program to teach that in order to enjoy the right and privileges of citizenship it is essential to accept the duties and obligations of citizenship. Boys State will again be held at the University of Texas, in Austin from June 8-15. Congratulations, Darrell Wayne! Joey Basinger was chosen as an alternate. Congratulations, to you boys!

The teachers of the Southland Elementary School wish to thank all the parents and anyone else who had a part in making their play "American Heritage" a success last Tuesday. One group who calls themselves "The Holy Roman Empire" loaned the teachers their PA equipment and that helped a great deal.

Capt. Marvin Michaels of Sealy visited with his aunt

Mrs. W. A. Basinger is at home and doing well after having eye surgery recently.

We extend our deepest sympathy to Mrs. G. D. Ellis in the loss of her brother, Mr. Russell Vernon. He passed away at his home in Altus, Okla. May 17 and buried May 19. Mrs. Ellis attended the funeral.

Mr. and Mrs. Billy Lester and boys visited in Levelland on Sunday with Mr. and Mrs. I. J. Duff.

Mrs. M. E. Beck, Carlsbad, is here visiting her daughter and family, the E. L. Belks.

Webster Crawford received his notice Saturday that he has a report on June 1 for 17 days of summer camp at Ft. Smith, Ark. He was just

and uncle, Mr. and Mrs. Otto Klaus one day last week while enroute to the West Coast. He will visit his two sisters in Seattle and a brother in Denver before leaving to serve 2 years in Thailand. His wife and two children will follow him by plane as soon as school is out. Also visiting in the Klaus home were Mr. and Mrs. Werner Klaus and Mr. and Mrs. Donald Klaus, Tonda and Cindy, all of Wilson.

We extend our deepest sympathy to Mr. and Mrs. Spence Bevers and children in the loss of their brother, Albert Bevers, who died of a heart attack Tuesday, May 14 while on a fishing trip at Marfa, Texas. He lived in Snyder and was buried there on Friday.

Congratulations to Mr. and Mrs. Winston Lester on the birth of their new daughter, Loretta Faye, born on Friday the 17th and weighed 8 lbs. 15 1/2 ozs. Joyce and Winston are former residents of this community and have two other children, Allan and Terri. They now live at Commerce. The paternal grandparents in this community are Mr. and Mrs. W. P. Lester.

released from the Army recently after serving in Vietnam for a year.

Mrs. Jettie Maner visited her parents, Mr. and Mrs. Payton Crawford Sunday.

Mr. and Mrs. Payton Crawford and Debra visited Mr. and Mrs. Hamaker in Wolforth Sunday. The Hamaker's son, Claud, will be graduating from Texas Tech in June.

Roy Belk, son of Mr. and Mrs. E. L. Belk, celebrated his 11th birthday with a party on May 18. Those helping him celebrate were: Mark Bevers, Randy Thomas, Dale Odom, Kendon Wheeler, Gary Don Basinger, Bryan Monk, Steven Thornton, Mrs. Joyce Odom, Mrs. Gertrude Thomas and his sisters, Janet and Brenda. Cake and punch was served and the boys played baseball.

Today was a Cemetery Day at Southland and a good number came out and helped beautify our cemetery.

Mrs. Iva Basinger and Mrs. Dollie Donahoo have both been on the sick list this past week.

Mr. and Mrs. Milton Weed and six children are moving to Ft. Worth.

Miss Roinell Voigt, daughter of Mr. and Mrs. Leroy Voigt will become the bride of Freddie Randal Westbury at the Crosbyton Methodist Church Saturday night, May 25. Freddie is in the Army and will be sent to Germany for 18 months very soon.

Junior High and High School graduation will be on Friday night, May 24 and then early the next morning the seniors and their sponsors will leave on their trip. Mr. and Mrs. F. W. Callaway and Mrs. Jerry Melcher will be their sponsors.

Until next week, remember: "Train up a child in the way he should go; and when he is old, he will not depart from it."

STAR-LITE DRIVE-IN

Scoopin' Around

By Pat Jacobs

As the last day of school approaches, many mothers and dads across the nation join me in saying "Thank you, Teacher."

For your patience, understanding and insight into the mind of a child, you have our gratitude.

Thank you for spending hours after school preparing your work so my child could fill his mind with answers to the thousand mysteries that have made up his small world-- and for the hours you attended classes and workshops to become a better teacher.

Thank you for sitting up late at night marking papers instead of going to your favorite movie so my child could realize his weaknesses and mistakes and profit by them, because of you he found a goal and a stairway on which to reach it.

Thank you for giving him a good grade when he deserved it and a low grade when he did not. Without such, he would never learn the rewards of hard work and real effort and the consequences of laziness and indifference to accomplishment.

And thank you for stepping on his toes. He has learned to keep them under his desk, where they should have been in the first place. Perhaps now he can use them for a means of walking proudly through life.

For the discipline, including the three licks, we give thanks. Through your demands for good behavior, our child has learned to respect authority and his elders (something we're a little lax in doing ourselves). He learned a valuable lesson -- that to be considered a good citizen he must act like one.

Most of all we thank you for the mistakes you have made. You have shown our child you are only human and there will never be but One who is perfect. You have shown him life is full of ups and downs, not always understood. And is so doing, perhaps he can make it "on the chin" a little better when he is an adult.

And thank you for putting up with me and listening to my problems when, on many occasions, you could have spent that time in the classroom to better advantage.

Thank you for making my child stand in line and wait his turn. You have taught him that he is no special person with special privileges, a fact he will remember when the world refuses to stop and step aside if he demands.

You have cradled him in your arms and kissed away his tears. You have helped him in countless ways with your encouragement and concern. We'll always remember.

Through devotion to your profession and interest in my child, you have contributed another citizen to the world.

If you have taught him to be a little stronger, stand a little taller, and walk a little straighter, you have earned your pay -- and the heart of a grateful parent.

And if we have not appreciated you enough during the past nine months, we will not fail to do so during the next three.

Bill Griffin, County Agent, Says

Pecan growers in Lynn County who have observed inadequate growth of their trees, particularly the younger ones, can probably attribute the condition to zinc deficiency.

Zinc deficiency in pecans is a common occurrence in this area. The condition is best identified by a shortening of the internodes and small leaves where there is new growth. Yellowing may also occur and, in severe cases, leaflets may die.

Foliar application of zinc sulfate (36 percent zinc) gives effective control of this disorder. A solution may be prepared by dissolving two level teaspoons zinc sulfate in one and a half gallons of water and adding one-half teaspoon of liquid household detergent to insure even coverage. This gives a concentration equal to one pound of zinc sulfate per 50 gallons of water.

Foliage should be sprayed until wet when leaves are about one-third grown. Spraying should be repeated about three weeks later.

If the pecan nut casebearer is a problem, the zinc sulfate solution may be mixed with the regular spray to control this insect.

Zinc deficiency is limited primarily to pecans, but may possibly affect other trees and shrubs.

Non-toxic Oils Enhance Herbi le Performance For Better Weed ill!
BUSHLAND - Field tests on the Texas High Plains show that non-toxic oils used as oil-water emulsion carriers enhance the performance of herbicides for better weed kill. These tests have been underway since 1964 under the direction of Dr. Allen F. Wiese, agronomist in charge of weed control at the USDA Southwestern Great Plains Research Center here. Wiese's tests have been pri-

should give good weed control. The oil should contain an adequate amount of emulsifier for 20 to 40 gallons of total carrier per acre. If weeds are large and the sorghum is more than six inches tall, higher rates of water, oil and atrazine should be used. For aerial spraying, Wiese advocates use of 5 to 10 percent of a non-toxic oil with sufficient emulsifier and one to two pounds of atrazine per acre. If the spray drop size is in the range of 200 to 400 microns, application can be made with as little as two gallons of carrier per acre. **Early Field Studies Cited** In 1963, field tests first indicated that oil emulsions improved the effectiveness of atrazine, the researcher points out. Four-inch pigweed growing in 6-inch sor-

ghum was controlled better with atrazine applied in an oil-water emulsion than with water and surfactant. A year later, good control of 6-inch pigweed was obtained with atrazine at one pound per acre applied in an oil-water emulsion. Results in 1966 again proved the effectiveness of oil-water emulsions, this time by aerial applications, notes Wiese. One pound of atrazine per acre with an oil-water emulsion of only two and one-half gallons of total carrier per acre eliminated six-inch pigweed growing in a field. In one replication of this study, atrazine at two pounds per acre in five gallons of oil-water emulsion carrier was the only treatment that gave some control of barnyard grass, the researcher

HERBICIDES CONT. FROM PG. 9

rier and rate of atrazine should be regulated to the sorghum and weed size.

Large weeds were best controlled with ground applications with a mixture of three gallons of oil 40 gallons of total carrier and two pounds of atrazine per acre. Small weeds were controlled with a pound of atrazine in one gallon of oil and 10 gallons of total carrier. High rates of oil and atrazine injured small sorghum but can be applied safely if both the sorghum and weeds are large.

According to Wiese, the amount of emulsifier was also checked in oil-water mixtures. Tests showed that enough of this material should be present to completely emulsify the oil with the water and atrazine. Results indicated that two percent of an emulsifier gave optimum weed control. Improper emulsification caused a heavy precipitate which was difficult to remove from sprayers.
