

63 Persons Perish In Two Far-Spaced Air Crashes

Pilot Had Radioed Of Violent Fight, Asked For Help

LOS ANGELES, July 12. (AP)—A Los Angeles police radio car broadcast today that at least 18 persons were killed and others injured in the flaming crash of a Standard Airlines plane near the summit of Santa Susana Pass.

The air traffic control bureau at Burbank received a radio message from the pilot, Roy White, 25 minutes before the report of the crash, saying that a violent fight had broken out aboard the ship.

"Two of the passengers started fighting over Riverside," said the message. "I want police at the airport at Burbank and I want one of the men arrested. One man is badly beaten."

The pilot requested permission to set down at Burbank. The plane was scheduled to land at Long Beach.

Stanley Weiss, president of Standard Airlines, flew over the wrecked plane in a cabin monoplane and said the pilot's cabin appeared to be burned out "but the rest of the plane doesn't look so bad."

The injured passengers were taken to Birmingham veterans' hospital in Van Nuys.

Harold Tucker was the co-pilot, and the plane, a converted C-48, carried Mary Ann Rose and Charles G. Grenadier, Long Beach, as stewards.

An unidentified boy spotted the crash and ran a mile to the Box Canyon Ranger station to report it.

Standard Airlines said the twin-engine Curtiss-Wright ship, number NC-478, belonged to Trans-National Airlines, which Standard represents locally.

"There is only one wing and the tail left," a sheriff's sero squadron plane flying over the wreckage reported. "The rest of the plane was entirely burned."

A rescue crew was dispatched by the Los Angeles Red Cross to augment early arrivals at the crash scene who had been fighting a forest fire in the region yesterday.

The Los Angeles county fire department sent two companies to aid in rescue work and prevent the flames from starting new fires in the surrounding brush and scrub oak country.

Sabotage Hinted In Plane Crash

MANILA, July 12. (AP)—William R. Matthews, Tucson, Ariz., publisher, said today Miss Dorothy Brandon of the New York Herald Tribune had refused to return aboard the ill-fated KLM plane that crashed near Bombay for fear it would be sabotaged.

Mathews, who arrived here aboard a Pan American plane from Bangkok, said, "Miss Brandon said she was sure she would be 'sabotaged as sure as your life.'"

So far no evidence that the plane was sabotaged has been uncovered. The Arizona said Miss Brandon expressed fear because most newsmen aboard the plane had been impressed by the Dutch side of the Indonesian question.

COAHOMA-MIDWAY CONSOLIDATION ELECTION SCHEDULED SATURDAY

No absentee ballots had been cast Tuesday as deadline neared for the Coahoma-Midway school consolidation election.

Tuesday is the last day for casting such ballots, said County Clerk Lee Porter. Regular voting, in response to petitions from Coahoma and Midway partisans, is slated from 8 a. m. to 7 p. m. Saturday at Midway and Coahoma.

C. A. Denton, president of the Midway district, went on record opposing consolidation. He said that "rumors that the Midway district, under the Gilmer-Aiken law, was insecure and could be annexed involuntarily to a larger district" had resulted in petitions sufficient to call the election.

"Quite the opposite is true," said Denton. "The Midway district, along with all others in its class, is protected by the G-A law." He quoted from an exchange of telegrams with Rep. H. E.

DIRTY TRICK ON ROOSTERS

DETROIT, July 12. (AP)—It's a scurvy trick to play on a rooster, even in the name of good eating. Dr. F. C. Tucker of Claypool, Ind., attending the American Veterinary Medical Assn. meeting here, told today of a trick vets may play on young cockerels.

About a month before the barnyard strutters are to be slaughtered, he said, they can be treated with certain female sex hormones. The preparation makes them fat and tender.

"But all sorts of strange things happen, too. The roosters become awfully slow in their movements, and they start acting 'something like hens.' Some even squat and cluck."

Dr. Tucker said the birds must be killed within a month after the treatment. Otherwise the effects of the hormones wear off—and life in the hen house gets exciting again.

Noted Writers Are Among 45 Victims In India Crackup

BOMBAY, India, July 12. (AP)—Thirteen American correspondents and 32 other persons died today in the crash of a KLM Constellation groping through monsoon rainstorms toward a Bombay island airfield.

The American reporters were returning home from a tour of Indonesia sponsored by the Dutch Government.

The correspondents killed included Charles Gratke, foreign editor of the Christian Science Monitor, and two Pulitzer Prize winners—H. R. Knickerbocker and S. Burton Heath.

The 14th American killed was Lynn Mahan, representative of a New York public relations company. The others killed were 11 Dutch crewmen, including the general operations manager of KLM at Karachi, Pakistan; 17 other Dutchmen; two Chinese and one Briton.

Thirty-three bodies had been recovered by nightfall, approximately 14 hours after the crash.

The plane crashed in a driving rainstorm while approaching the Santa Cruz airfield, 15 miles north of Bombay. It hit a hill near Ghatlappur, on the opposite side of the 20-mile-long island from Santa Cruz.

Search parties reported the wreckage was strewn over a two-mile area some two miles above sea level and that the wreckage was partly charred.

The accident was said to be the worst in India's aviation history. Dutch planes had not been allowed to land in India since the conflict between the Dutch government and the Indonesian Republic, but a special request from the American newsmen that the restriction be relaxed was approved by Indian Prime Minister Jawaharlal Nehru.

The plane left Batavia, Java, July 10. The newsmen had been entertained last night in New Delhi by American Ambassador Loy Henderson. They left New Delhi for Santa Cruz early today. The plane was scheduled to arrive in Holland tomorrow.

At the New Delhi reception last night, some newsmen said they had made the request that the plane be allowed to land in India in order to avoid the long overwater hop to the island of Mauritius.

The American reporters listed as dead by the American Consulate: William Newton, Scripps Howard Newspaper Alliance; Bertram Hulen, New York Times; Vincent Mahoney, San Francisco Chronicle; James Scranon, Houston Post; Nat Barrows, Chicago Daily News; H. R. Knickerbocker, Radio Station WOR; John Weicker, Time Magazine; Elton Dick, Mutual Broadcasting System; Tom Falco, Business Week; S. Burton Heath, Newspaper Enterprise Assoc.; Fred Colvig, Denver Post; George Moorad, Portland Oregonian; L. Y. Mahan, of the Swatcom Public Relations Co., representing the Netherlands Government.

Voters Use Secret Ballot To Write Water Verdict

Big Spring voters were writing their decision today on proposed membership of the city in the Colorado River Municipal Water District.

Light balloting was reported this morning at the polls in the city hall fire station, but ballot demands were expected to increase by late afternoon. A total of 184 persons had voted by 3 p. m.

Local voters were having their first experience with the new "Secret Ballot Law" but apparently there was little confusion.

Most voters who visited the polls this morning were seen through the prescribed formalities without a grumble.

Some voters found themselves involved in hasty searches for their poll tax receipts, however, and a few had to make two trips

member cities, Big Spring and Odessa, it must be ratified by voters who have duly rendered property for taxation.

The district would have power to pursue a projected lake on the upper Colorado river to a final decision. It could not, however, vote bonds or levy taxes without approval of a majority of voters in each city. Nor could cities contract with the district unless voters approved the contracts.

If confirmed, the district will be governed by a board of eight members. Four will be named by the governing bodies of each of the member cities. Another result of balloting should be granted in approving today, it is expected to be the prompt transfer of water appropriations, now held by Colorado City as trustee, to the district.

ODESSA, July 12.—A total of 112 voters had marked ballots by noon here today in the Colorado River Municipal Water District election.

Light balloting was reported this morning at the polls in the city hall fire station, but ballot demands were expected to increase by late afternoon. A total of 184 persons had voted by 3 p. m.

Local voters were having their first experience with the new "Secret Ballot Law" but apparently there was little confusion.

Most voters who visited the polls this morning were seen through the prescribed formalities without a grumble.

Some voters found themselves involved in hasty searches for their poll tax receipts, however, and a few had to make two trips

Local Man's Father Dies; Rites Today

Funeral services for Fred K. Thompson of San Angelo, father of Fred C. Thompson, composing room foreman for The Big Spring Herald, were to be held at 5 o'clock this afternoon at the Johnson Funeral Home in San Angelo.

The elder Mr. Thompson, 60, succumbed at his home at 4:10 Monday evening, after an extended illness.

The Rev. B. H. Bohmfalk, pastor of the Bethel Methodist church, will officiate, and burial will be in Lawn Haven Memorial Park.

Mr. Thompson had resided in San Angelo for 57 years, working for 40 years at the Model Laundry there. Previously, he had been a linotype operator on the San Angelo Standard.

He moved to San Angelo from Water Valley, besides the son here, he is survived by two other sons, Leslie L. Thompson of San Angelo and Floyd E. Thompson of Abilene; a sister, Mrs. Felix Yarbrough of San Angelo; and two brothers, Turner Thompson of San Angelo and Eddie Thompson of Water Valley. There are also five grandchildren.

CIO HAS OWN REPORT

Wage-Raise View Brings Argument

WASHINGTON, July 12. (AP)—Controversy grew fast today over a CIO-sponsored economic report which called upon the nation to fight off a possible depression by means of wage raises, tax reductions and public works.

The CIO hired Robert R. Nathan, a consulting economist, to analyze the national situation. His findings were issued here yesterday at a big gathering of reporters, cabinet members, senators, and others.

Yesterday's report advocated wage raises—of different sizes in the industry—in all except "severely depressed" industries and companies. It said many industries can afford to raise wages and cut prices at the same time.

That pleased labor unions but ran in the teeth of the contentions of those industrialists who say higher wages would force prices up.

Nathan argued that higher wages—greater purchasing power—is exactly what business and the country need in order to reverse the trend of decreasing employment and production.

President Truman, in an economic report to Congress yesterday, had urged against wage-cutting, but had made no specific call for big wage raises.

Many businessmen liked the President's report better. Emerson F. Schmidt, economic research director for the United States Chamber of Commerce, told reporters: "The President's report has a sound tone. The Nathan report is anti-social in that it will encourage the pricing of labor out of the labor market."

The Nathan report was far more than an argument for higher wages. It included a "positive program" for the government to use in combating unemployment and preserving a healthy economy.

Like Mr. Truman, Nathan called for faster blueprinting of big public works projects, but Nathan went further and said "some projects should be started now."

Mr. Truman abandoned his earlier proposal for a tax increase, but Nathan actually came out for important tax reductions in order to get the economy going again.

Film Notables Will Be Married Tonight

CAP D'ANTIBES, France, July 12. (AP)—Movie Producer David O. Selznick and Actress Jennifer Jones left here yesterday aboard a yacht, and friends said they would be married tonight at Portofino, Italy.

Business Failures At A Lower Level

NEW YORK, July 12. (AP)—Business failures dropped to the lowest level since January during the week ended July 7, Dun and Bradstreet reported today.

The service listed failures at 153, compared with 177 the preceding week.

TRUMAN MAY ACT PERSONALLY TO HEAD OFF STEEL STRIKE

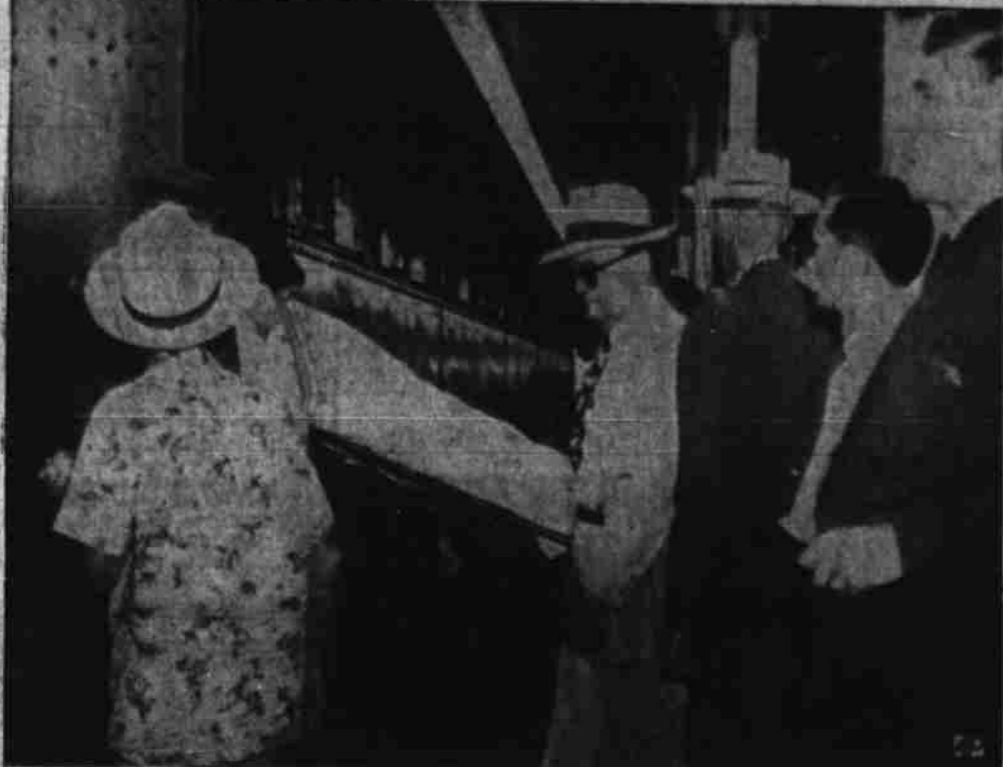

PITTSBURGH, July 12. (AP)—President Philip Murray of the CIO United Steelworkers said today his union would decide tomorrow its answer to President Truman's request to delay a steel strike for 60 days.

There were indications after this meeting that the conciliation service's efforts had collapsed.

CIO President Philip Murray called the investigation "hopelessly deadlocked" and hinted that only Presidential intervention could avert a walkout.

Murray said he would recommend that the steel workers strike this week end.

Ching said he reported to the White House but made no recommendations. His report was to John R. Steelman, Presidential assistant.

JESTER'S BODY REMOVED FROM TRAIN — The body of Gov. Beauford H. Jester of Texas is shown being removed from a train at Grand Central station in Houston. The governor was found dead in a Pullman upon its arrival in Houston. A Pullman porter who went to awaken the governor found the body. (AP Wirephoto).

BURIAL RITES TOMORROW

Thousands File Past Jester Coffin To Pay Last Tribute

AUSTIN, July 12. (AP)—Thousands of grieving Texans today paid final personal tribute to Beauford H. Jester as the governor's work-broken body lay in state in the big red granite capitol.

Supreme Court judges and state-house porters mingled in the steady stream flowing by the opened coffin in the Senate chamber. State police and national Guardsmen quietly and firmly directed the human traffic through the center door, around the south side of the Senate chamber, and out through a reception room.

Banks of flowers scarcely hid a pile of photographic and radio equipment assembled behind the coffin that stood in the center of the room, directly in front of the rostrum. The funeral services will be broadcast.

Jester, whose heart gave out before he finished many a self-assigned task of re-making Texas, died yesterday on a train between Austin and Houston. Death came a few hours before he was to see two heart specialists for a checkup.

The flag-draped grey casket was wheeled into the north door of the capitol and through the wide rotunda under the Lone Star of Texas.

Shivers Stands By Major Policies

AUSTIN, July 12. (AP)—Allan Shivers, the "boy senator" from Jefferson County in 1935, became the actual governor of Texas yesterday. He said he would not change major policies of Beauford H. Jester, generally speaking.

Arriving at the capitol about 6 o'clock in the evening after the long, hot ride from his Woodville Farm, Shivers slipped in a side door, went to his office, then to the press room where newsmen had been waiting.

"Beauford Jester and I were close together in most of our views," said Shivers.

Asked whether he would veto the second-year allocations in the three major money bills which Jester had not acted upon, Shivers declined to comment. When the 51st Legislature was striving for a solution of its revenue-spendings problem over several weeks, Shivers suggested that

it limit appropriations to one year. Jester went part of the way on that plan, vetoing second-year figures in the eleventh emergency appropriation to bring the state's budget in temporary balance.

Shivers said yesterday there would be no change in the course outlined by Jester of calling a special session by Jan. 15 unless voters approve a constitutional amendment setting up annual sessions to begin in January of next year. The Legislature would then study eleemosynary and money problems.

Shivers agreed that the problem of financing state hospitals and other buildings, are restoring the state to a sound financial basis, still confronted the administration.

He planned to go with his wife to Corsicana for the final funeral services honoring Jester tomorrow.

Weather Man Keeps Heat On

Big Spring continued to undergo "the heat" Tuesday with little chance of a respite ahead, according to the local weather bureau.

The high here yesterday was 101 degrees with the same predicted for today.

Texas stewed in their own juice today. For those in the Dallas-Fort Worth area, the worst is yet to come.

In fact, the U. S. Weather Bureau said temperatures would hit 105 in the Dallas-Fort Worth area tomorrow, after skidding up to 104 this afternoon.

Temporary relief came to the Panhandle and South Plains in the form of cooling showers. Precipitation included .52 of an inch at Cleburne, .35 at Amarillo, .12 at Lubbock, and a trace at Childress. Beaumont also had rain, .81 of an inch, and El Paso reported .19 of an inch.

But dawn saw only scattered clouds to hide Texas from the blistering sun and the temperature climbed fast. Wichita Falls reported 90 degrees at 8:30 o'clock this morning.

President's 103 was tops in the state yesterday, followed by 102 at Dallas, Laredo and Wichita Falls, 101 at Alice and Corsicana and 100 at Austin, Waco, Fort Worth, Bryan and Mineral Wells. Corsicana's 101 and Dallas' 102 were local highs for the year.

More London Dockers Quit

LONDON, July 12. (AP)—Defiant dockers by the hundreds joined a wildcat walkout today as the British government seized the strike-crippled port of London.

The cabinet assumed virtual wartime powers to break up the stoppage officially blamed on Communist agitation.

The army and navy sent 2,500 soldiers, sailors and marines to the wharves to unload food.

But the strikers, who number 10,222 yesterday, were joined by another 2,728 men today. Fewer than 15,000 of the 25,000 who make up the London dock labor force reported for work.

The national dock labor board said 127 ships were idle and eight undermanned.

Mounted policemen were ordered into the waterfront area to enforce a state of near martial law.

Strikers showed resentment as the government took over dockland under the emergency act of 1920. Many who had stayed on the job ever since the unofficial strike began June 27 walked off after a series of meetings at the various dock gates this morning.

CZECH GOVT. THREATENS CHURCH WITH ENDING CHARITY DONATIONS

PRAGUE, July 12 (Sp)—The Communist government may use state contributions to charity as a weapon in its fight with the Roman Catholic Church in Czechoslovakia. An article distributed by the official news agency last night made a veiled threat to stop government donations to Catholic charities unless the bishops give up in the church-state battle. The article, referring to Caritas, a Catholic charitable organization, said the government had brought Catholic charities back to a flourishing condition, after they had

Development Of Road Favored By HCJC

Howard County Junior college is interested in extending curb and gutter installations across the west boundary of its property shutting the county road which connects Martha street with US 80, Dr. P. W. Malone, chairman of the college board, county commissioners Monday afternoon. In view of its long-range plans for developing a permanent college site, the HCJC board hopes the road may be developed similar to a city street for the length of its property, Dr. Malone said. The college will not only install curb and gutter at its own expense, but also will contribute any necessary right-of-way on its side of the road. Dr. Malone assured the commissioners' court. The court indicated that a study of the proposal would be made soon, and that a further discussion with college officials would be arranged as soon as suggested sketches and figures are prepared.

TO SAVE DOLLARS

Britain Compiles A Self-Denial List

LONDON, July 12 (Sp)—Britain is reported to be getting up a list of things she thinks the commonwealth could do without to save dollars. Sir Stafford Cripps, Britain's economic boss, is said to be ready to ask the finance ministers of the seven British dominions to approve the list at their meeting with him tomorrow.

Thursday the House of Commons will debate Britain's whole economic position. Opposition members are sure to ask the Labor Government how the sterling (pound) area's dollar and gold reserve has sunk to \$1,234,000,000 and demand to know what measures are being taken to see that it doesn't go any lower.

No Romance In This Theft, The Lady Alleges

SAN FRANCISCO, July 12 (Sp)—Sigmund Engel, aged but dapper Lothario, faced a new and—for him—unusual charge today, grand theft without romance. Engel, jailed in Chicago, is accused by authorities of having netted perhaps millions of dollars in 50 years of fast love-making, and quick getaways.

But Mrs. Irene Grimes, 45, says it wasn't that way in her case. Filing a \$16,000 grand theft charge against Engel yesterday, she told Dist. Atty. Edmund G. Brown: Engel jumped her in a downtown store and started fast-talking in Hungarian. He posed as a diplomat and promised for the \$16,000 cash—to help unearl passport difficulties for her relatives in Hungary. Mrs. Grimes' attorney, Lois Preston, said it was the intent of the new charge to keep Engel in jail until a search is made for a missing trunk which probably contains a lot of cash.

TOKYO ROSE DEFENSE ASSERTS PRISONERS' MESSAGES RELAYED

SAN FRANCISCO, July 12 (Sp)—The *Antisite* in the Tokyo Rose treason trial is trying to show that war prisoners' messages were featured prominently in one program broadcast by Radio Tokyo. Mrs. Iva Toguri D'Aquino, 33, Los Angeles native, is charged with traitorously broadcasting discouraging message to American troops in the Pacific during the war. By cross-examination of a former Japanese lieutenant colonel, Shigetaru Tsunetschi, the defendant's counsel sought to back up this contention: That Mrs. D'Aquino was told the "zero hour" was to

Blount To Be Emcee At Water Carnival

Representative R. E. (Peppy) Blount will be master of ceremonies for the YMCA Water Carnival and Swim Meet July 23. Bobo Hardy, YMCA athletic director, has announced. Blount accepted the invitation to emcee the annual event Saturday. The city swim meet this year will include competition in three divisions—one each for junior and senior boys and one for girls. Events will include diving, back stroke, breast stroke, and free style.

Jester Had Planned To Sit For Portrait

FORT WORTH, July 12 (Sp)—Gov. Beauford Jester had planned to sit for a portrait by Artist Douglas Chastor at Mineral Wells this week end. A Mineral Wells hotel representative yesterday said the governor had reserved rooms for Friday, Saturday and Sunday.

TRAFFIC STILL BANNED

'Little Blockade' Jams Up Trucks

BERLIN, July 12 (Sp)—Russia's "little blockade" of Berlin piled up trucks at Helmstedt again today. Truck traffic to this four-power city, 100 miles inside the Soviet zone, was banned for the third day except for four trucks an hour allowed to pass over the Autobahn (superhighway) from Helmstedt in the British zone. There has as yet been no Russian explanation, although the Soviets had told the British they would send a letter today setting forth the reasons for the new restrictions. An indication of what the explanation might be was given in the official Soviet Army Newspaper *Taegliche Rundschau*. The paper printed a dispatch from the Soviet-Licensed News Agency RPD quoting informed circles to the effect that German trucks going to Berlin through the Russian zone had frequently left their prescribed routes to buy foodstuffs with West marks which are banned in Russian-occupied Germany.

"For this reason a regulation was effected that these trucks must strictly adhere to the Berlin-Helmstedt highway provided for this purpose." The statement added that truck cargoes destined for the Soviet zone could cross the border from West Germany at all points.

Christian Circle Has Program Study

The Ruth Circle of The First Christian Woman's Council met in the home of Mrs. A. A. Marchant, 205 Washington. Mrs. Clift Wiley led a study of the 7th and 8th chapters of Exodus. Attending the meeting were Mrs. Jeff Hanna, Mrs. Clift Wiley, Mrs. A. L. deGraffenreid, Mrs. G. B. Farrar, Mrs. Billy Ray, Mrs. Dan Feather, Mrs. Robert Weaver, Mrs. Jessie Hall, Mrs. Edison Taylor and the hostess, Mrs. Marchant.

Stanton News Notes

STANTON, July 12 (Sp)—T-Sgt. and Mrs. Ed Wrig spent the week end with his parents, Mr. and Mrs. Will Thomason. Sgt. Wrig is stationed in Kansas. Mr. and Mrs. Bill Roberson and children of California and visiting her parents Mr. and Mrs. Fisher. Bob Shell, a former Stanton business man, is here from Colorado visiting friends on business. Mrs. William Patterson of Midland visited with her parents, Mr. and Mrs. Jim Hopkins this week end. Jean Douglas and Bill Ray Hamm were visitors in Lubbock this week end. They both plan to enter Texas Tech this fall. Mr. and Mrs. H. V. Turner of Odessa were here over the week end visiting relatives. Mrs. Leslie Hodges and new daughter of Midland were dismissed from the Stanton hospital Saturday. Mrs. Ray Maxey of Lenora was dismissed from the hospital Sunday. Mrs. Margaret and daughter left on a vacation trip Saturday. They went by way of El Paso where they were joined by her aunt Mrs. M. Brothens and children. Their trip will include the states of

Arizona, New Mexico, California, Oregon and Colorado. Mrs. B. Straub has returned from Arizona where she went to be with her son who has been ill. Mr. and Mrs. Alvin Brown visited in Ackerly this week end with his father who is seriously ill. Patsy Clements, daughter of Mr. and Mrs. Willey Clements of Calif. is visiting relatives here and in the Lenora Community. Mrs. Floyd Smith and children were visitors in Abilene last week. Mammie McDermott and Maude Alexander are in Old Mexico visiting relatives. Neil Stovall is spending the summer with relatives in Alpine. He is employed there.

Rural 'Phone Measure Goes Before House

WASHINGTON, July 12 (AP)—The rural telephone bill came up in the House today. Opponents centered their fight on efforts to minimize federal-aid competition with privately-financed phone service.

The bill would permit the Rural Electrification Administration (REA) to make loans for rural telephone service the same as it has been doing for years in the field of electricity for farms.

The loans, bearing two per cent interest, could be made to private corporations, public agencies and co-operatives, with identical terms to all qualified borrowers. Loans could not be made in any state having a state authority for telephone service regulation unless the state body gives its approval.

The House Agriculture Committee, which is backing the bill, says that the legislation is the only practical way to provide farm homes with telephones. Best available statistics, the committee said, show that there are comparatively fewer farm telephones today than there were in 1920, less than one-third of all farms having telephones in the census year of 1945, while 38.7 per cent had them in 1920.

The committee said it does not agree with spokesmen for independent telephone companies that most of the nation's farmers can't afford telephones and most of those who can afford them already have them. This, the committee said, "is precisely the position" taken by the power industry when it opposed rural electrification.

The committee conceded that the two per cent interest rate provided in the bill "is clearly a form of subsidy from the standpoint of the borrower, even though it may not cost the government anything."

Opponents of the bill have called it step towards socialization of the telephone industry through government financing. They had amendments ready to boost the interest rates on REA loans and to prohibit REA-financed companies or co-operatives from installing telephone lines in areas for which service already is available from private companies.

CORONARY THROMBOSIS

Jester's Death Was Painless, No Sign Of Suffering, Struggle

By WILLIAM C. BARNARD, AP Staff

AUSTIN, July 12.—Gov. Beauford H. Jester died without pain—without knowing he was dying.

He died in his sleep. He never knew what hit him.

"That is a good way to die," Dr. H. L. Evans of Houston said today.

Dr. Evans is the physician who pronounced Gov. Jester dead.

"Most likely he died of coronary thrombosis," Evans added, "a blood clot probably formed in a coronary artery in the heart. The supply of blood to the heart muscle was suddenly cut off. Death resulted."

The governor died in a Pullman car early yesterday morning. He was bound from Austin to Galveston for a rest and a heart examination.

"Called to the Southern Pacific station at Houston, Dr. Evans found Jester's body in the lower berth of the Pullman car—Lower Five. His features were absolutely composed," said Evans. "There was no sign of any suffering or struggle. I noticed that the bed clothing had not been disturbed. He obviously died in his sleep."

Justice of the Peace Tom Mace, who returned a verdict of death due to natural causes, said: "The bedsheet was pulled up neatly over

the governor—it wasn't rumpled a bit. And his hands were folded over his chest. To me it looked like he just slept away."

What caused the blood clot to form?

"Very likely the clot was preceded by some measure of coronary disease," Evans said. "I understand that the governor had a heart condition."

Close friends of Gov. Jester knew that he had had some heart trouble.

At Corsicana, John C. Calhoun, state Democratic chairman, said he talked with Jester Saturday. "He told me that his doctor had told him that his heart was 'flickering' and had ordered him to get away from Austin for a rest," Calhoun said.

Before he took the late night train to Houston Sunday night, Gov. Jester went on a picnic with members of his staff.

He played baseball more than 30 minutes, batting the ball some and playing various positions in the infield. He also swam in Lake Austin. Could that activity be a direct cause?

"That's very difficult to say," an Austin physician said. "Unusual exercise is considered a strain on the heart. Yet, the governor died hours after this exercise. You have to keep in mind that he was at rest when he died."

The physician added: "When the blood clot cut off the supply of blood to the governor's heart muscle, the muscle ceased to beat rhythmically and went into a spasm. When it quit and he was dead, it must have been an overwhelming thing. Generally in such cases there is pain. Sometimes there is not. All evidence indicates that Gov. Jester suffered no pain at all. If one is to die, that is a fortunate way to go."

ANIMATED DYNAMITE — This "doubled-up" piece of horseflesh is typical of animals used for bareback bronc riding events in rodeos produced by T. C. and Tommie Steiner of Austin. The Steiner organization will be in Big Spring for the 16th annual Cowboy Reunion and Rodeo scheduled for Aug. 3-4.

THE REWARDS OF FAME

High-Powered Romance For Grady The Cow?

By JOHN RANDOLPH, AP Staff

YUKON, Okla., July 12.—Remember Grady the cow?

How in a moment of fright she jumped through the tiny door in Bill Mach's silo here last February, and couldn't get out.

And how she was freed five days later with a generous helping of elbow and axle grease, while all North America held its breath? It's time to bring Grady's story up to date.

First of all she was ghastly sick after her rough and ready exit through that 17 by 25 inch door. Her neck was injured and she could hardly eat. It was really tough and go for a while.

But lately she's been feeling fine and eats like a cow, if not like a horse.

Right now Mach and a wealthy cattle breeder, H. H. Wegener, are plotting a romance between Grady and a blue-ribbon boy friend—a \$5,000 prize bull named Hi-Tone the 32nd.

Ordinarily such a match would be far beyond Grady's dreams, for her family can't compare to great Hereford aristocrats like the Hi-Tones.

But fame conquers all, and it looks like Grady is going to be a Cinderella princess, sure enough.

"We're leaving it strictly up to her," says Mach. "Hi-Tone the 32nd is ready any time."

But even without romance Grady's life is far from dull. She gets two or three letters and nearly a dozen visitors every week.

Most of the callers are tourists crossing the country on US 66—the "Main Street of America."

"I'm glad to have them come," says Mach. "It just keeps me astonished how many people are interested in that cow. They look at that silo door—it's still got hair on it—and shake their heads. The kids yell 'there's Grady!' and take pictures of her."

If you should happen along US 66 this summer, drop in and see her. Take the red dirt farm-to-market road that turns south at the west edge of Yukon, go 1 1/2 miles. On your right will be a neat white one-story farm house, some farm buildings, and—of course—the ill-famed silo. Just drive in and ask if you can see Grady the cow.

Someone is always around and they'll be glad to show you.

One thing, though. Don't try to slip Mach or his ranch hands a dollar—as some folks have tried.

There's such a thing as western hospitality, and Mach says he's still running a cattle ranch—not a sideshow.

Man Is Killed, Woman Wounded

FORT WORTH, July 12. (AP)—Miller T. Pitts, 35, was shot to death and Mrs. Dorothy Summers, 32, wounded in an apartment house shooting yesterday.

Justice of the Peace Whit Boyd returned an inquest verdict of suicide in Pitts' death.

The shooting occurred over an argument which Mrs. Summers said concerned Pitts' jealousy over her.

Steel Workers In Italy Go On Strike

MILAN, Italy, June 12. (AP)—Northern Italy's important steel and machinery industry closed down today as approximately 700,000 Communist union workers quit their jobs in a 24-hour protest strike.

The strike was called by the Italian Federation of Metal Workers (FIOM), a branch of the Communist Italian Federation of Labor (CGIL). FIOM claims 671,900 members among the industry's 900,000 workers.

LUCKIES PAY MORE to give you a finer cigarette!

Yes, at tobacco auctions Lucky Strike pays millions of dollars more than official parity prices for fine tobacco!

There's no finer cigarette in the world today than Lucky Strike! To bring you this finer cigarette, the makers of Lucky Strike go after fine, light, naturally mild tobacco—and pay millions of dollars more than official parity prices to get it! So buy a carton of Luckies today. See for yourself how much finer and smoother Luckies really are—how much more real deep-down smoking enjoyment they give you. Yes, smoke a Lucky! You'll agree it's a finer, milder, more enjoyable cigarette!

L. S. GRIFFIN, veteran independent auctioneer of Charlottesville, Va., says: "Season after season I've seen the makers of Luckies buy fine tobacco—prime, ripe, golden leaf. I've smoked Luckies for 14 years. Here's more evidence that Luckies are a finer cigarette."

Humanitarianism Stands Out In Record Of Governor Jester

The untimely death of Governor Bascom Jester is an extreme shock. Politically, many were disappointed of his gubernatorial caliber and career. This is to be expected, for there was never a figure on the current scene of politics but who stirred controversy if he attempted and accomplished anything.

praising the worth of his administration. However, there is a good chance that history will record his 31 months in office with kind words. Prison reform certainly will rank as one of the achievements. Revision of the school program has yet to meet the test of practical application, but if it bears anything like the fruit hoped for it, the celebrated survey by the Gilmer-Alken commission will go down as a monumental step.

Free Chest X-Ray Survey Should Command Your Participation

Wednesday is the last day for the mass chest x-ray survey in Howard county. So far response has been hardly overwhelming. The volume has been fair but nothing like it should have been.

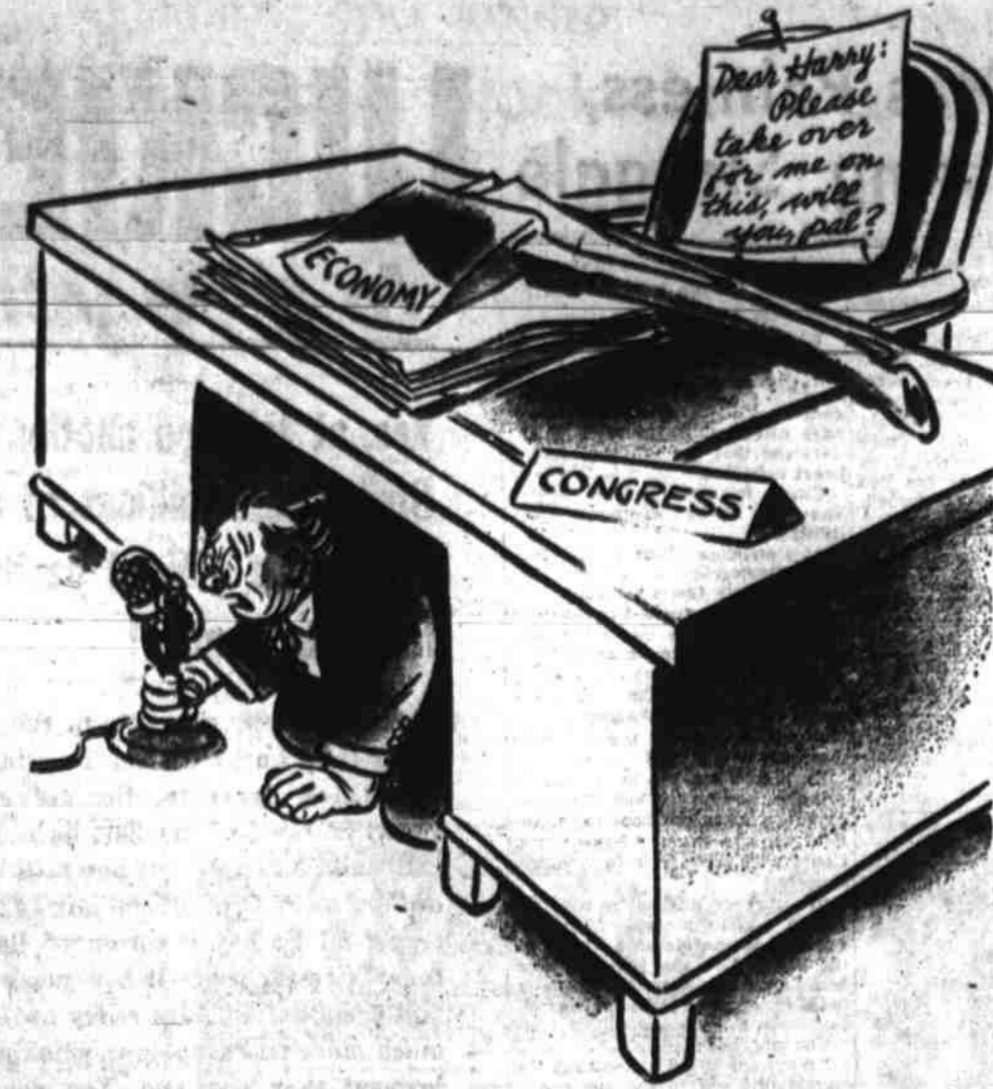

take a deep breath and hold it a few seconds. It's all over. If your chest is in good condition, you will receive a card in short order advising you to this effect. If it indicates some potential trouble, such as presence or possibility of tuberculosis, your physician will be notified and he will advise you.

Affairs Of The World—DeWitt MacKenzie Chiang Still In The Picture As Opponent Of Eastern Reds

WASHINGTON — While the Atomic Energy Commission is informing Congress of streamlined methods for bigger and better atomic bombs, Army doctors have been working quietly to prevent loss of life from those same bombs—and with surprising success.

THIS IDEA HAS BEEN IN THE HEADS of non-Communist Asiatic leaders ever since the Atlantic Pact was announced. Quirino himself has discussed it, but he appears to have had in mind a kind of economic union. Chiang, whose armies have lost most of their American equipment to the Reds, would probably like to see a military defense arrangement which would give him more arms.

"I REPEAT—WE MUST FACE THE ISSUE BOLDLY—"

First Methodist Woman's Society Circles Have Programs On Monday

First Methodist Woman's Society of Christian Service Circles held regular meetings Monday.

Members of the Maudie Morris Circle met in the home of Mrs. E. Eddy, 608 Alford. After the meeting opened with a prayer by Mrs. W. L. Vaughan, Mrs. Clyde Thomas, Sr. gave the second lesson, "Faith," taken from the study "Oneness of Life" Mrs. O. G. Hughes gave the devotional. The closing prayer was led by Mrs. Thomas.

Refreshments were served to the following: Mrs. C. E. Shive, Mrs. D. B. Armstead, Mrs. M. J. Stewart, Mrs. J. B. Pickle, Mrs. O. G. Hughes, Mrs. W. L. Vaughan, Mrs. H. Salisbury, Mrs. E. S. Allen, Jr., Mrs. Clyde Thomas, Sr., Mrs. H. N. Robinson, Mrs. W. L. Lawson, a visitor, Mrs. W. A. Underwood, Mrs. R. D. McMillan and the hostess.

Members of the Fannie Stripling Circle met in the home of Mrs. Dave Duncan. Program activities began with the group singing "Jesus Calls Us" and "Take My Life and Let It Be." For the opening prayer, the group used the "Lord's Prayer." Mrs. B. M. Reese brought the third chapter of the study, "Newness of Life." Her

subject was "Restoration" and she used scripture passages taken from John, Psalms, Genesis, Amos and Jeremiah. Mrs. Frank Powell led the closing prayer.

Mrs. Howard Stevens presided at the business session and appointed the following to the telephone committee, Mrs. M. A. Cook, Mrs. Herbert Johnson, Mrs. J. D. O'Barr, Mrs. Arthur Woodall and Mrs. Mary Howie. It was announced that Mrs. Sylvia Daimont would be the hostess for the next meeting.

Those attending were: Mrs. W. R. Mood, a visitor, Mrs. R. E. Satterwhite, Mrs. Sylvia Daimont, Mrs. M. A. Cook, Mrs. Herbert Johnson, Mrs. C. A. Soudell, Mrs. T. G. Adams, Mrs. Clyde Johnson, Mrs. Mary Howie, Mrs. E. J. Riddle, Mrs. Clyde Walis, Sr., Mrs. Dave Duncan, Mrs. Arthur Woodall, Mrs. John Chaney, Mrs. Joe Faucett, Mrs. B. M. Reese, Mrs. Howard Stevens and Mrs. Frank Powell.

Mrs. R. E. Gay was hostess to the Mary Zinn Circle in her home. Mrs. M. E. Ooley gave the devotional, reading John 2:46-54, followed by the invocation.

From the second chapter of the

study book, "Healing The Nobleman's Son," Mrs. N. W. McCleskey discussed the topic, "Learning To Trust." Mrs. H. F. Taylor discussed another topic, "Developing Faith."

It was announced that Mrs. N. W. McCleskey, 533 Hillside Drive, will be the hostess to the next meeting.

Refreshments were served to the following: Mrs. A. C. Hart, Mrs. Choe Smith, Mrs. H. F. Taylor, Mrs. M. E. Ooley, Mrs. J. T. Baird, Mrs. G. E. Fleeman, Mrs. C. E. Talbot, Mrs. W. F. Cook, Mrs. C. R. Moad, Mrs. T. J. Walker, Mrs. N. W. McCleskey, two new members, Mrs. Irene Blackwell and Mrs. Roberta Gay, and a visitor, Virginia Gay.

Mrs. M. L. Musgrave was hostess and Mrs. Maude Wise, co-hostess, to a meeting of the Fannie Hodges Circle held in the Musgrave home. Mrs. H. G. Keaton led the lesson, "Learning To Trust," and closed her discussion with prayer.

Those present were: Mrs. H. G. Keaton, Mrs. G. L. James, Mrs. W. D. McDonald, Mrs. L. E. Madlock, Mrs. A. C. Bass, Mrs. H. M. Rowe, Mrs. M. L. Musgrave and Mrs. Maude Wise.

RIBBON RAMBLINGS

By Mildred Young

In a recent issue of the American Journal of Sociology, some interesting statistics for smoking wives, based on two studies, were given. About 1,000 couples were interviewed, some divorced; some married; wives who stayed at home, while the wives of those who went to work. Neither study found any significant difference in the marital adjustment of employed wives and that of homemaker wives; nor in the husband's marital adjustment in either case. Chief difference in favor of the stay-at-home wife is that she and her husband have more children and more friends.

If you're looking for something unique in the way of bridge prizes, we have the perfect suggestion. Give a lasting gift, one that will mean as much and more in later years as it does today. We're talking about centennial certificates. This celebration of 100 years given to West Texas progress is worth the cooperation of every one of us. So have a little fun and give your home town the support it deserves. Give those bridge winners a lasting gift, give them centennial certificates.

The next time someone tries to tell you that you're English just because you like that cup of tea, remind them that two out of three Americans drink iced tea, and that two thirds of all iced tea drinkers consume at least two glasses at a sitting! In fact, more than 100 million Americans consume about 2 1/2 billion glasses of the frosty beverage every season. Iced tea is strictly an American innovation and is popular in no other country. It is drunk most heavily in the home at mealtime.

Parish Picnic Plans Made By Catholics

St. Thomas Altar Society met Monday night in the church basement to discuss plans and to appoint committees for a parish picnic and barbecue to be held at the city park on Tuesday, July 19.

Mrs. D. M. Gilliland presented a gift to Mrs. Burt McNallen, past president.

Other activities included the discussion of a retreat day for the parish to be held sometime in the fall.

Mrs. A. J. McNallen and Mrs. Bernard Huchton were hostesses for the social hour which followed. Winners of the games were: Mrs. C. J. Dupont, Mrs. Walter Ruckart, Mrs. Ruth O'Connor, Mrs. M. Dehlinger, Barbara Dehlinger.

Mrs. Roy Odom Leads Royal Service Program For First Baptist Women

Mrs. Roy Odom was the leader of the "Royal Service Program" when the WMS of the First Baptist church met Monday at 3:00 p.m. The meeting opened with the singing of the Woman's Hymns led by Mrs. Beulah Bryant with Mrs. R. D. Urey at the piano.

Mrs. R. D. Urey led the devotional on "Absolute Grace For Mankind" from Leviticus 14:4-45 and John 1:1-2 and Romans 5:8. Mrs. J. E. Brown discussed "Christ the Answer to Oriental Religion" and Mrs. C. C. Coffey spoke on "China's Goals."

Mrs. John A. Coffey talked on the subjects "Christian Schools Will Help," "Struggle Against Disease" and "What Is American Doing To Help?"

Richard O'Brien and Robert O'Brien were guest speakers. Richard O'Brien spoke on the subjects "Christian Education Needed" and "How Powerful Is Christianity in Japan." Robert O'Brien told of WMSU work in Japan and "What Can American Church

IS SOCIETY TOPIC

"Christian Social Relations" was the discussion topic when the WMS of the Wesley Methodist church met in the church parlor Monday afternoon. Mrs. Raymond Hamby was in charge of the program.

The meeting opened with a prayer by Mrs. C. D. Hardaway followed by the singing of the hymn "What a Friend We Have in Jesus"; Mrs. T. W. Lovelace offered a prayer and Mrs. W. L. Beard gave the devotional.

Mrs. Arthur Pickle, president, presided at a short business meeting.

Attending were Mrs. Arthur Pickle, Mrs. W. D. Lovelace, Mrs. D. E. Reagan, Mrs. H. D. Drake, Mrs. G. H. Brien, Mrs. T. W. Lovelace, Mrs. J. E. Duggan, Mrs. J. L. Low, Mrs. W. L. Beard, Mrs. Lee Wright, Mrs. C. D. Hardaway, Mrs. Raymond Hamby, Mrs. Cecil Nabors and Mrs. Bill Speer.

Couple To Make Home In Forsan

FORSAN, July 12 (Sp)—Mr. and Mrs. W. E. (Pete) Green will make their home in Forsan following a wedding trip this week. He is an employee of the Plymouth Oil Co.

The couple were married Sunday, July 10, at 5:45 p.m. in the home of the Rev. J. P. Adlin in Lamesa. The Rev. Adlin, pastor of Flower Grove Baptist church, read the single ring ceremony.

They are on a wedding trip that will include Waco, Dallas, and Jacksonville.

Women-Of-The-Church Have All-Day Meeting

Women of the First Presbyterian church convened at the church Monday at 10:00 a.m. for an all-day meet. In the morning Mrs. Dalton Mitchell, president, presided over a business meeting and Mrs. Sam Baker was in charge of the program entitled "The Christian Home".

The group sang the hymn "Sweet Hour of Prayer" and Mrs. A. D. Brown gave the devotional from John 5:6.

After a covered-dish luncheon at noon the meeting reopened with the singing of "Take My Life and Let It Be". Mrs. Cecil Wasson led a prayer and conducted the program on "Ninety-nine Per Cent of the Church" which was followed by the singing of "Majestic Sweetness Sis Enthroned". Mrs. T. M. Sims offered a prayer.

The Rev. R. Gage Lloyd led the Bible study on "What We Believe".

Attending the meeting were Mrs. T. S. Currie, Mrs. A. B. Brown, Mrs. Sam Baker, Mrs. Dalton Mitchell, Mrs. C. M. Harwell, Mrs. Lucian Jones, Mrs. T. M. Sims, Mrs. George Neill, Mrs. G. A.

Betty Joyce Woodson Welcomes Bride Of Weldon O. Henderson

The marriage of Betty Joyce Woodson, daughter of Mr. and Mrs. Walter Woodson, 1803 North Texas, Odessa, and Weldon O. Henderson, son of Mr. and Mrs. B. O. Henderson of Bryan was held in Odessa.

Wedding vows were exchanged at 1 p.m. Thursday at the Temple Baptist Church, Odessa, with the Rev. Curtis Thorp, pastor, officiating in the single ring ceremony.

The bride chose a white summer dress, a corsage of white carnations and blue and white accessories for her wedding costume.

Relatives and friends were wedding guests.

The couple left immediately following the ceremony for a wedding trip to South Texas. They will be at home in Houston where the groom will enter the University of Houston.

The bride is a graduate of Coshamo High School and has been employed by the Halliburton Oil Company in Terminal for a year. Henderson served three years in the Navy and was formerly employed with Pioneer Airlines at Terminal.

Big Spring Rebekah Lodge 284 is holding formal installation of officers tonight at the IOOF Hall at 8:00 p.m. The public is invited.

Fat Is Not a Nice Word When Applied to the Body

Don't say it's your thyroid while reaching for the box of chocolates. Possibly one bulky person in 100 has some glandular disturbance and that is truly a case for a physician. Never take any treatment for a gland condition without your doctor's advice. But for the other 99 per cent who are trying to fight the "Battle of the Bulges" common sense is the watchword. It is not necessary to overeat and it is not necessary to go hungry, either. Furthermore, it just doesn't make sense to go on a strenuous diet—take off weight and then quickly put it back on again when the diet period is over. For it is obvious that one cannot continue a starvation diet over a protracted period. Within the last year or so several diet and vitamin "plans" have appeared on the market, which means cut down on the food intake and fortify with vitamins for hunger distress. But as mentioned above, you can't keep this up very

'PATERNALISM' ATTACKED States Getting Lot Of Money Grants

By CHARLES MOLON
 WASHINGTON, July 12 (AP)—Federal money grants to states are on the increase despite recent attacks against them.
 Five per cent of the federal ginning—or \$2,439,302,000—is set budget for the fiscal year just beside for them.
 It's a postwar record in grants—although still short of the \$2,908,000,000 record high for such outlays in prewar 1939. But the new fiscal year's planned allocation for states is a 20,000-fold increase from the first grants 70 years ago.
 The whole idea of federal grants to states came in for some sharp criticism recently from former President Herbert Hoover. He said they will lead to "dictatorship" over the states.
 Then Gen. Dwight Eisenhower said he couldn't see why the government should pay school aid money to all states, suggesting only the poor ones get it. Eisenhower, now Columbia University president, said we must be careful that "the levers in 'paternalism' don't get control over public schools."
 And former Secretary of State James F. Byrnes, long a Democratic Party stalwart, spoke of "too many people trying to transfer power in the government" and warned of the danger of a "welfare state."
 However, the state grants are just as strongly defended in many quarters as a way to get done things which the public wants and would not otherwise get.
 President Hoover's commission on government reorganization says grants are "definitely on the increase." Federal officials point out one good reason the trend is unlikely to be reversed is that the states now get from federal grants 15 cents out of every dollar they spend.
 The latest annual convention of state governors shelved a resolution which favored whittling grants down by 20 per cent.
 It was back in 1879 that the federal government came through with its first cash grant—\$125,000 for raised-letter books for the blind.
 Like other grants since, these were funds the federal government raised through its own tax collections and turned over to the states to spend.
 By 1902 the cost of grants had grown to about \$3 million. It included such items as: \$1,005,000 for state homes for veterans, a program started about 1888; \$1,200,000 for state agriculture and mechan-

ical schools, started about 1891, and \$786,000 for state agriculture experiment stations.
 By 1920 highway construction had become the big item. It accounted for \$20,483,000 of the \$43,445,000 total of federal grants to states that year.
 Not until the New Deal came along with its big depression-combating social welfare programs did the grants vault into the billions class.
 From \$200,933,000 in fiscal 1933, the cost jumped in a single year to \$1,848,779,000. The bill items in fiscal 1934 were \$905,123,000 for the Civil Works Administration and \$1,707,352,000 for the Federal Emergency Relief Administration to spend on pump priming and relief.
 Nowadays the social welfare and health program (old age pensions, aid to the blind, etc.) is by far the biggest state grant item, taking up \$1,338,000,000 or about 58 per cent of the grants.
 Transportation items now include construction of airports as well as highways. Their cost has gotten up steadily, due in large part to maintenance and improvements deferred during the war.
 Education will account for \$323 million in fiscal 1950 grants if the Congress adopts President Truman's proposed program of \$290 million a year to aid states in financing elementary and secondary schools.
 The school proposal illustrates the trend toward increased rather than reduced federal grants to states. But the upturn comes from "liberalizing" old grants as well as starting new ones.
 Since the law provides in many instances—like old age pensions or highways—that the federal government must match wholly or proportionately sums spent by the states, the states often control the federal outlay.
 Federal budget officials have cited the grants-in-aid program as one item in the federal budget that cannot be returned by Presidential action, because these are costs beyond his control.
 Old age assistance grants, for example, are now (since Congress recently made them more liberal) 3/4 of the first \$20 and 1/4 of any excess up to \$50 a month paid to each individual.
 The amount the federal government spends upon them, say officials, depends strictly upon the individual benefit rates established by the states and by the number of persons qualifying for the pension checks.
 The President can't do anything about that, they say, even if Congress directs him—as is being considered—to make a 5 to 10 per cent cut in total federal expenditures.

Paint Price Drop
 WILMINGTON, Del., July 12 (AP)—E. I. Du Pont de Nemours & Co. Inc. has announced a price cut that will permit householders to buy paints for about \$1 a gallon less than previously.
 The reductions, effective immediately, are in the prices of trade color paints, which include household maintenance and pleasure boat finishes.

The Herald — and the "Little Merchant" who is serving you as a subscriber — want you to have complete and satisfactory service on Herald deliveries. If your paper is late, or if you miss it, we would appreciate your notifying us. Every effort is made to get the paper to you satisfactorily, but—

If You Miss Your Herald PLEASE CALL 728
 By 6:30 P.M. Weekdays
 10:00 A.M. Sundays

Special delivery service will be operated immediately after these hours, but it is essential that we have your request by 6:30 p. m. on weekday evenings, or by 10 o'clock Sunday morning, so that we can make the delivery. Delivery facilities are available only until those hours. Your cooperation in calling by these times will be most appreciated.

BLIND BOYS AT MUSEUM — All boys love to tinker with models of steam engines and these blind youngsters visiting the London Science Museum are no exception to the rule. The exhibit is for the blind alone. The museum thinks it is the first one of its kind anywhere in the world. It has everything from a three-foot replica of an ancient Egyptian chariot wheel to the real thing in Spitfire aircraft engines.

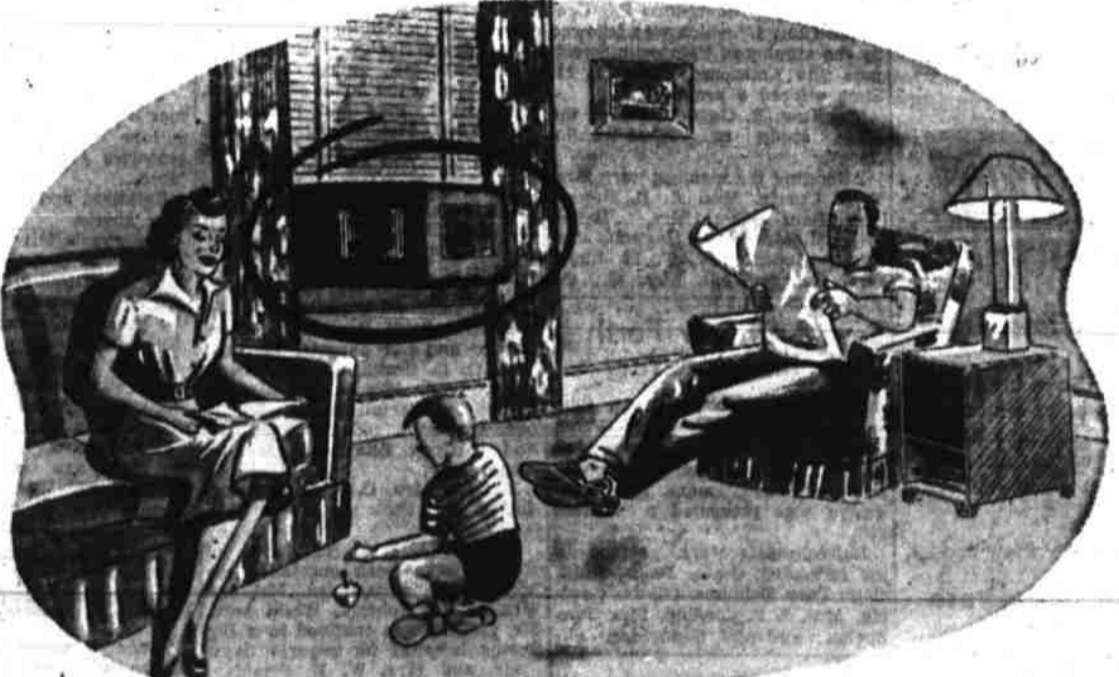

Unique Science Museum Is For The Blind Only

By ARTHUR W. WHITE
 LONDON, July 12 (AP)—If you can see, you can't get into the London Science Museum's popular science exhibition. It's for the blind alone. They "see" with their hands.
 The museum thinks it is the first one of its kind anywhere in the world. Officials gave him some valuable

exhibits to handle — and took the lesson to heart. Next day they hauled out scores of choice items and arranged them on tables in a special room. The National Institute for the Blind hastened to provide descriptive labels in Braille. Now the exhibition is thronged every day.
 The science museum is the one that housed the plane the Wright brothers flew at Kitty Hawk, N. C., in 1903. It was displayed as a prize exhibit from 1925 until last year, when it was sent back to the Smithsonian Institution in Washington. The exhibition for the blind has

everything from a three foot replica of an ancient Egyptian chariot wheel to the real thing in Spitfire aircraft engines. There are models of aircraft, locomotives, and ships, an old spinning wheel, hand looms, mine rescue apparatus, tuning forks, a 16th Century axe. They are all strange and wonderful to the sightless.
 The Spitfire engine sits ponderously on the floor near the door. The blind go over it lovingly, fingering every bolt. One man, fascinated, spent two hours "looking" at it.
 "That's what they say — 'looking' not 'touching.'"
 "Quick, look at this," blind schoolboys call excitedly to blind companions.
 The museum isn't afraid the exhibits will be damaged. The blind have a feather touch.
 "Seeing" the exhibition is a two-handed job. Visitors use their left hand to read the Braille description while their right roams over the exhibit.
 "You wouldn't think a kid could fall in love with a sun-recorder, would you?" an attendant asked, pointing to a blind boy running his hands over the smooth, round glass instrument. The boy snuggled his cheek against it; he was still "looking" much later.
 The museum doesn't know how many of Britain's 76,000 blind will come. But the exhibition is paced every day. Parties of blind school children have traveled as far as 50 miles. That's a long way in England.
 For blind youngsters, a visit is "better than listening to the circus." That's what one told his mother.

When it's HOT— Come Home to Comfort

KEEP COOL ELECTRICALLY AND ENJOY THE DIFFERENCE!

Of the many electrical devices which keep homes cool and comfortable during hot summer days and nights, one of the outstanding is the self-contained, refrigerated air unit.

Available in a variety of sizes, styles and makes, these air conditioners range all the way from small window-type individual-room units to large floor models which can be placed to cool two or more rooms efficiently.

Now, more than ever there's no need to swelter through the summer. Air conditioners will keep your home cool and comfortable both day and night.

Department Stores, Furniture Stores and Appliance Stores sell Summer-Comfort Electrical Appliances.

Eastern Bloc Against Reds Looks To U. S.

BAGUIO, Philippines, July 12. (AP)—The Philippines, Nationalist China and South Korea got behind the proposed Pacific front against Communism today.

The big question was: Will the United States come in?

The Philippines and Nationalist China initiated the Pacific union in a three-day conference between President Elpidio Quirino and Generalissimo Chiang Kai Shek which ended today.

Little South Korea, with a Communist North Korean government to think about, quickly approved the idea. "Korea stands ready to join," President Syngman Rhee said in Seoul.

The United States will be asked to line up with countries of the Far Pacific in a political and economic—but not military—alliance. Quirino made it clear a military pact was not contemplated.

The State Department in Washington said with caution yesterday it is "sympathetic" with efforts to bring the Pacific nations together to aid each other. Secretary of State Acheson has frowned on a Pacific defense treaty as premature.

Quirino told newsmen he was happy to hear the State Department was "sympathetic." He described the front as "moral rearmament to defend ourselves against the Communist advance."

Chiang, in high spirits and smiling broadly, left by plane for his Formosa retreat. Six Philippines fighters flew escort for the transport carrying Chiang's big party.

The generalissimo's advisers felt they had done well—gained Philippine political adherence and a tacit promise not to recognize the new Communist regime in China. There was talk too of a trade agreement whereby the Philippines would ship copra and sugar to Nationalist China in return for iron ore.

Whether the United States enters the proposed union, advocates hope to enlist Siam, Indonesia and possibly Burma right away. Australia and New Zealand are among other countries which will be invited.

Dutch Minister A. J. D. Steenstra-Toussaint and Italian Charge d'Affaires Vittorio Strigati conferred with Quirino shortly after Chiang's departure. Toussaint told a reporter Indonesians are deeply interested in the proposed union.

Strike Cutting Off Hawaii's Food Line

HONOLULU, July 12. (AP)—Strike worried Hawaii saw a major food line from the mainland pinched off today.

CIO dock workers, on strike for higher pay since May 1, announced they would unload relief cargo from only one more Matson Navigation Co. freighter—the Hawaiian Redfer, now in San Francisco. Then they will handle no more Matson vessels or ships represented here by Matson's agent, Castle & Cooke, Ltd.

Jack Hall, local leader of the CIO International Longshoremen's and Warehousemen's union, accused Matson of "strikebreaking activities." This was denied by the shipping company.

The federal court recently ordered three portions of cargoes taken off strikebound ships. Fred T. Low, Jr., ILWU strike committee chairman, declared Matson and Castle & Cooke had failed to offer "valid defense" against the court edict.

"There is some reason to believe that it (Matson) is in many respects behind the strikebreaking moves, through its agents in Hawaii, Castle and Cooke, and the Hawaii employers council," Low said.

Hall said, "you can say this means the end of the so-called new look in labor-management relations on the West coast waterfront." The "new look" is the term given the no-work-stoppage pact following the West Coast ILWU strike last fall.

Commenting on ILWU refusal to work further Matson relief shipments, Matson Executive Vice President Randolph Sevier said it was "evidence of the union's desperation to justify prolongation of this strike against the people of Hawaii."

"No cargo," he added, "has come off our ships since this strike started unless under relief ship agreement with the union or by federal court order."

Sevier said Matson was not a party to the 73-day old longshore strike. But he said "we firmly believe the stand taken by the stevedoring companies of Hawaii is the right stand."

The ILWU pulled its 2,000 stevedores off the job after waterfront employers refused to raise hourly wages from \$1.40 to \$1.72. Negotiations are deadlocked.

WEST TEXAS BEAUTIES—The three finalists in the "Miss West Texas" beauty contest have their picture taken with Rod Cameron, Hollywood movie star, who took part in the Second Independence Day Festival at Odessa where the beauty queen was selected. The winner of the title was Pat Brashear, center. She will compete for the title of Miss Texas and a chance to try for the Miss America crown. Last year's winner, Enid Loftis (left) was second and Lois Fay Ervin (right) was third. (AP Photo).

Too Many Bobby-Sox Brides Means Trouble

DETROIT, July 12. (AP)—A fondness for bobby-sox brides has 49-year-old Earl Conners, in trouble. After four marriages—all to 14-year-old girls—the balding Kentuckian is in Wayne County jail.

But this doesn't mean a thing to his latest wife, Fatima, still 14. She stood right up in court yesterday and said:

"I love my Earle and I won't say a thing against him. So there. I'll just wait until I'm 16 and we can be man and wife and happy again."

Conners pleaded guilty to contributing to a minor's delinquency.

Then, as he left the courtroom, he was arrested again on a charge of being \$2,316 behind in his alimony to Wife No. 2.

He admitted taking Fatima Hussan to Liberty, Ky., and marrying her on her 14th birthday last Nov. 11. At first, he was charged with enticing a minor into marriage.

But when plump Fatima refused to testify against him, the charge was reduced.

Conners, a resident of Somerset, Ky., told Detective Lt. James Shanahan that one of his girl-brides died and two divorced him.

Lt. Shanahan is seeking the divorce decree of Anna Lee Cathom, Bride No. 3, and the death certificate of Edith McKlin, Wife No. 1. Fatima's father, Komar Hussan, 56, a plaintiff, was present in court.

Television Keeps Burglars Diverted

ELIZABETH, N. J., July 12. (AP)—Why bother with a burglar alarm? Just keep your television set in working order when you go away from home.

Police reported today that burglars apparently were so fascinated with the television set in the home of Mr. and Mrs. William E. Weber that they didn't get around to taking anything of value from the house.

The police found the floor around the machine littered with cigar and cigarette stubs, empty whiskey bottles, and looted sardine cans. But although the house was thoroughly ransacked by the burglars, police said nothing seemed to be missing.

However, damage to the house and furnishings were estimated at several hundred dollars. The Webers had been staying at their summer home at a New Jersey shore resort.

Forson Couple At Father's Funeral

FORBES, July 12.—Mr. and Mrs. Mayford Boyd attended funeral services Sunday for his father, J. L. Boyd, 53.

Mr. Boyd died in a San Angelo hospital Friday following a long illness. Mrs. Boyd was still at the

Church of Christ in Colorado City and interment was in the Colorado City cemetery. He leaves his wife, three sons and one daughter.

"Boyd" comes from "Biden", an Anglo-Saxon word meaning to pray, but it has come to mean a pious or devout from its association with the use of rosaries in praying.

Communist Defendant Denies A Negro Republic Planned

NEW YORK, July 12. (AP)—A Negro defendant at the Communist conspiracy trial denied yesterday

that creation of a Negro republic in the South is favored by his party.

The witness, New York City Councilman Benjamin J. Davis, Jr., testified that the Communist Party teaches it is up to the Negroes themselves "to establish their destiny" as they see fit.

Davis, one of two Negroes among the 11 top Communist leaders on trial, also denied that the party advocates violent overthrow of the U. S. Government.

Prosecution witnesses at the federal court trial have testified that the Communists advocated formation of a Negro republic along with a revolution overthrowing the U. S. government.

Davis testified that a report he presented to the Communist Party's national board in 1946 recommended self-determination by Negroes. He said this was not an immediate goal of the party, but that an idea spread that the Communists sought immediate action on such a proposal.

His report, Davis said, declared it was up to the Negro people "to decide just what their relationship should be to the state or to the federal government, or in whatever way they wish to establish their destiny or fulfill their destiny."

Davis said that at the present time "the Negro people are at the bottom of the political, economic and social level on a world scale."

Oppression of Negroes, he said, is "a very convenient way for big business and big employers to divide the working classes, putting the Negroes against the whites."

The 11 defendants are charged with conspiracy to advocate forcible overthrow of the government. The trial has been in progress almost six months.

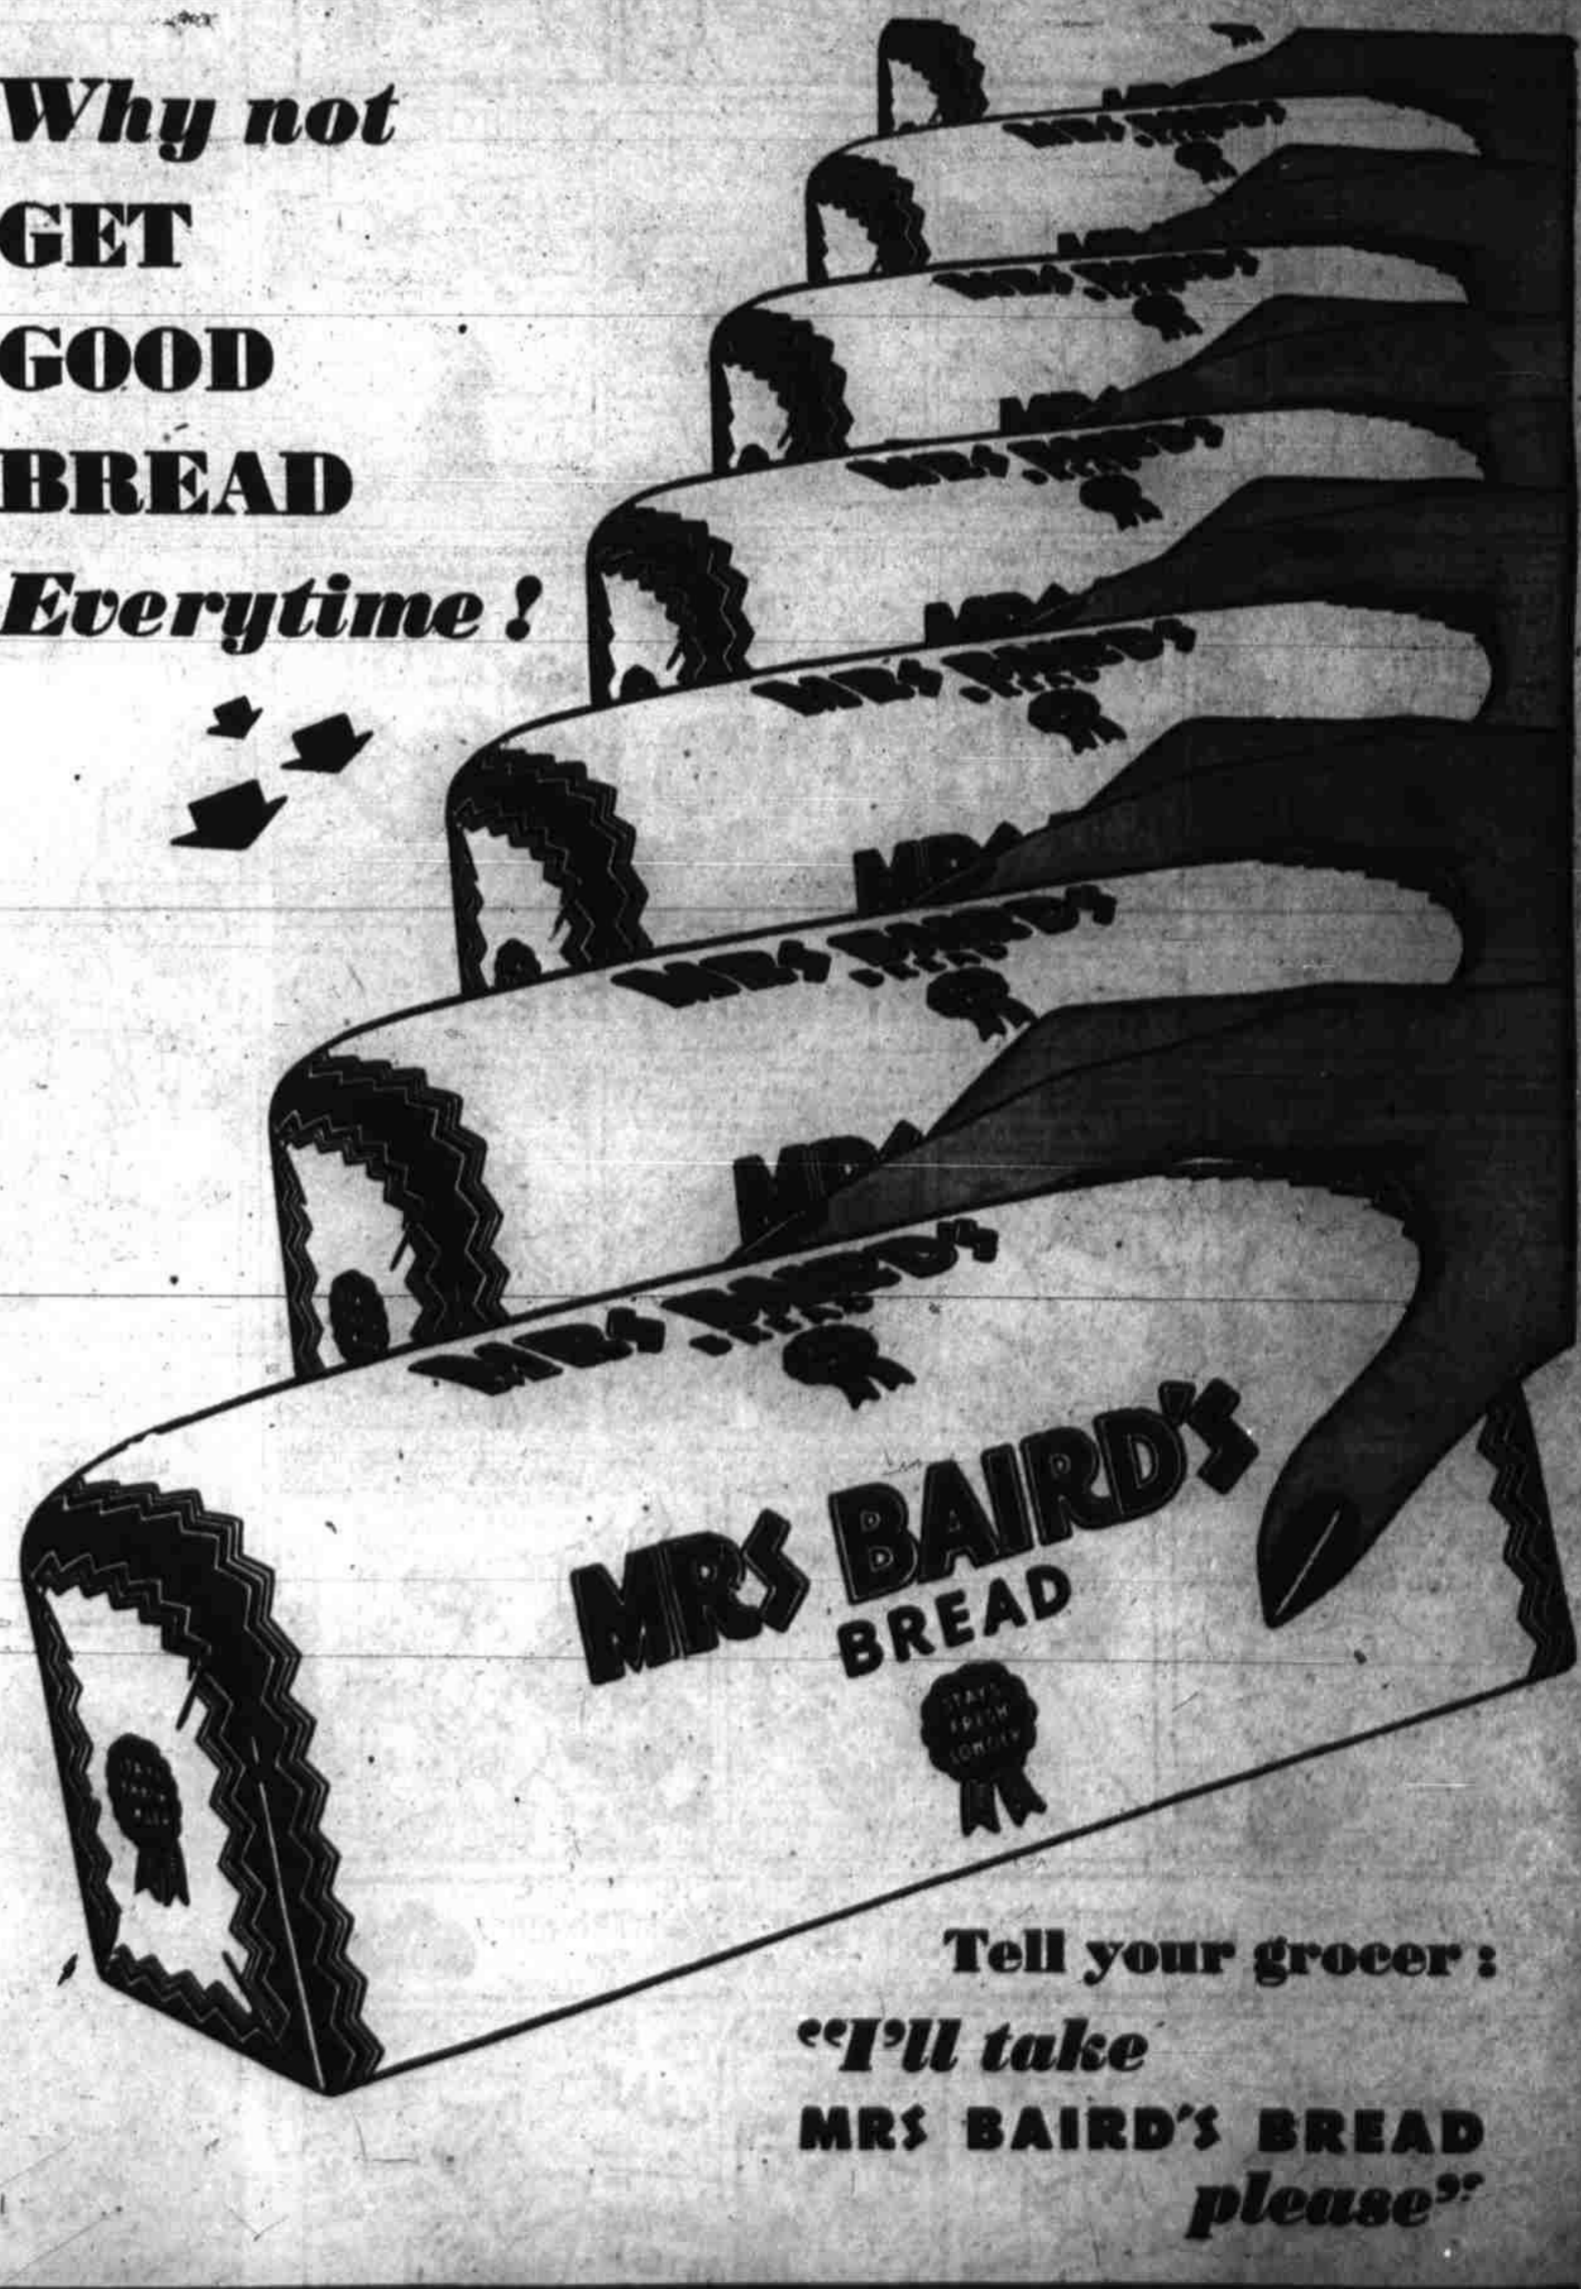

Vet Insurance Dividend Checks Start In 1950

WASHINGTON, July 12. (AP)—Dividend checks from national service life insurance probably will start going out at the rate of 200,000 a day next January, the Veterans Administration said today.

Carl R. Gray, Jr., veterans administrator, said the complicated preparation procedure makes payment this year impossible. Gray's letter replied to published charges that the dividend is being delayed until an election year for political reasons.

The Veterans Administration is going to pay a \$2,500,000,000 special dividend on about 20 million policies held by 16 million World War II veterans and servicemen. Individual payments will vary widely depending upon the type and size of policy and the length it has been in effect.

Ramos Survives 9th Inning Crisis To Win 3-0 Decision

Cayuses Gain On Runnersup

Lefty Julio Ramos must have a flair for the dramatic. Otherwise, why would he continue to tease the opposition and agonize the customers with those spine-tingling ninth-inning finishes?

The little wronglander, one of the greatest pitchers in the history of the Longhorn league, saved his best for the last as he and his Big Spring Broncs shut out the Sweetwater Swatters, 3-0, before a sizeable turnout here last night.

Ramos pitched two hit balls at the hard-hitting Swatters to achieve his 14th mound success of the campaign but got himself into a pack of trouble when he passed the first three men to face him — Art Cutti, Dick Butcher and Harry Bartoloni — in the ninth.

What followed is getting to be an old story with Ramos. He cut down Pat Lorenzo, Bill Peeler and Bobby Dahn on strikes in that order to secure the win.

Saturday night in Roswell, Ramos did the same thing to make a victory safe for Pancho Perez after Perez had walked four batters in a row. And the night before that, Ramos whiffed three enemy batsmen in the last round although Alex Monchak did touch him for a home run in that particular instance to break the monotony.

The triumph moved the Hoses' 1 1/2 lengths out in front of the pack, runnersup Midland and Vernon having lost.

Dick Mordido, on the pitching rubber for Sweetwater, performed well enough to win half a dozen games but had the misfortune of running into Ramos on one of his great nights.

The Hoses stabbed at Mordido's offerings for two tallies in the first when Pat Stacey singled behind Felix Gomez and Ace Mendez and picked up another tally in the third when Lazarus Coto led off with a double, ambled to third on a passed ball and sprinted home on Gomez's second of three hits.

Outside of the first two hits, Mordido gave up only three hits to Big Spring before he exited for a pinch hitter in the eighth.

RAMBLINGS — Ramos, who fanned 14 men, has now struck out 20 batters in his last 11 innings. Both of Sweetwater's hits were scratch blows. Dick Gyselman hit to Vasquez at short in the fourth and Ray had to range too far to make the putout. In the seventh, Dick Butcher hit a hard one at Bertie Batz, playing third, who knocked the ball down but could not recover in time to make the putout. Coto, playing first, looked surprisingly good at that position. Gomez received credit for a triple in the first when Butcher misplayed his long fly. Felix later showed his amazing speed when he beat out a bunt easily in the fifth. Gomez made two bases on a bad throw by Mordido in the second. Mordido was trying to pick him off first. The last three Big Spring batters were retired on first pitches in the first round. Ramos threw to the wrong man (Jorge Lopez) in an attempt to start a double play in the fourth but Lopez recovered in time to toss to Ray Vasquez and catch Dick Butcher at second. Lopez made a great play on Bill Peeler's ground ball in the third, throwing underhanded to get the runner at first. Eddie Ramirez, ex-Bronc first sacker, was a visitor in the stands. Carlos Pascual, regular Hoss third baseman, was not in uniform due to a stomach ache.

Hammond, Eiler All-Star Umps

Eddie Hammond, who makes his permanent residence here, has been named an umpire for the Longhorn league's annual all-star game in San Angelo July 18.

Hammond will work along with Milton Eiler, who also resides here during baseball season. A. B. Sykes and Jack Dorothy.

Eiler will call balls and strikes. Sykes will be at first base, Dorothy at second and Hammond at third.

Big Spring (Texas) Herald, Tuesday, July 12, 1949

LOOKING 'EM OVER

With Tommy Hort

Alex Monchak, who masterminds the Odessa Longhorn baseball league club, quite obviously belongs to the school which teaches its disciples to root their own horns.

Monchak was unanimously selected as a member of the West's all-star team for the annual West-East classic, which will be played in San Angelo a week from tonight. Since only managers, cast ballots, it means Monchak forsook modesty to go overboard for himself.

Pat Stacey of Our Town led a vote short of gaining unanimous support for the club, which means he picked Julian Presley, Ace Mendez and Bob Cruz for his outfield.

Let it be said complete confidence in one's ability is no sin. Every one agrees Monchak is the top keystone, both infield and in bat, in the circuit. In time, Jorge Lopez of Big Spring will be capable of giving him an argument, but Lopez hasn't been in the league long enough to rate equal consideration.

When the trace of mist started falling in the second game of that Odessa-Big Spring double header here Thursday night last, A. D. Ensey, Oiler manager, first took a look at the score board — which showed his club trailing by eight runs — then turned up his shirt collar, approached the president of the local club, Al Aten, and told him he was leaving.

"This weather is too bad for me and baseball. I'm going in before I get soaked," he said. That was before 3 1/2 innings of play, which would have constituted a game in that instance, had been completed.

ED MELLILLO MAY BE BACK WITH INDIANS

Don't be surprised if Eddie Mellillo winds up somewhere in the Midland infield again. Lamesa reportedly has asked Harold Webb to find a place for the Italian boy, having given up both on him and Brother Henry, who was in the Longhorn league two seasons ago.

The Li King has room on his roster for Eddie, who is a class man. Of the Indians now active, only Ernie Nelson is a veteran in baseball terminology.

MIDDLEWORTH NAMES WALKER TO ALL-TIME 11

Hal Middeworth, the very capable sports writer for the Daily Oklahoman of Oklahoma City — after commenting at length on Christy Walsh's project to name the greatest collegiate football team of all time — selects Dick Walker, the shining light of the SMU Mustangs, as his mythical eleven.

He refers to Walker as one of the three greatest halfbacks of all time. The others: Glenn Davis of Army and Red Grange of Illinois.

Filling out Middeworth's backfield would be Frank Carideo of Notre Dame at quarter and Ernie Nevers of Stanford at full. In front, the Oklahoma scribbles would have Bennie Oosterbaan of Michigan and Larry Kelly of Yale at ends; Ed Widseth of Minnesota and Al Wikert of Michigan at tackles; Biggie Munn of Minnesota and Aaron Rosenberg of Southern Cal at guards; and Alex Wojciechowski of Fordham at center.

Many a pro football magazine obviously is expecting a recession in the sport this fall. Several of the better known athletes are being forced to take salary slashes.

Pete Harmonson, one of the village's Sunday golfers, must have felt like he was magnified when he bashed a ball in the recent tournament at the country club.

The ball hit a rock up ahead, rebounded and ricocheted off Harmonson's body. Luckily most of its strength had been spent.

High School Spring Football Workouts May Yet Be Thrown Out By Educators

By HAROLD V. RATLIFF
Associated Press Sports Editor
DALLAS, Tex., July 12 (AP) — TEXAS HIGH SCHOOL FOOTBALL coaches aren't going to like this but there comes a strong evidence that the spring training issue is far from settled. They can look for a movement soon for another interscholastic League referendum.

One school superintendent who is an advocate of the spring training ban tells me he has been getting reports of a definite swing.

"The vote in the recent referendum that brought back spring training next year was not indicative of the true feelings of the school administrators," he said. "There just weren't enough of them voted."

For those who may not know in the fourth but Lopez recovered in time to toss to Ray Vasquez and catch Dick Butcher at second. Lopez made a great play on Bill Peeler's ground ball in the third, throwing underhanded to get the runner at first. Eddie Ramirez, ex-Bronc first sacker, was a visitor in the stands. Carlos Pascual, regular Hoss third baseman, was not in uniform due to a stomach ache.

Felines Pause For All-Stars

PORT WORTH, July 12 (AP) — The floundering Fort Worth Cats play host to an injury-riddled all-star team tonight in the Texas League's ninth mid-season classic.

Two and possibly three of the all-stars, individual players voted best at their positions, may not see action.

And Fort Worth, which won the right to act as host and foe for the second straight year, last night ran its losing streak to six games. Tulsa stretched the string of losses, 3-2.

Roy Sanner, Dallas pitching ace and top hurler in the Class AA league with nine victories and no defeats, last night went on the disabled list. He has a collar bone separation; suffered during a game Sunday.

Oklahoma City Catcher Ray Murray, another all-star, suffered a split finger Sunday. And Dave Jolley, Tulsa pitcher, has a sore arm which may keep him out of action.

Dallas missed a chance to pick up on the league-leading Cats by dropping a 7-3 decision to Oklahoma City. The Eagles are still two games back.

Shreveport nudged Beaumont, 3-2, and Houston blanked San Antonio, 4-0, in other games.

Al Vincent, manager of the Tulsa Oilers and boss of the All-Stars for the second straight year, made no change in his plans to use San Antonio's Tommy Fine as his first pitcher.

Fort Worth's Bobby Bragan still planned to start Eddie Chandler on the mound.

DICK BURNETT'S GOLDEN DREAMS

Dick Burnett's golden dreams of buying a pennant for Dallas against the west veterans of the baseball chain may not be realized. But it's due to start a new trend in minor league baseball nevertheless.

Until this year the chain clubs didn't get set until the half-way mark of the campaign. It was foolish to forecast what clubs might be in the first division. You always started out by saying that Fort Worth, Houston and San Antonio would be strong when the parent Dodgers, Cardinals and Browns sent them the players needed. You knew they would figure in the Texas League pennant race eventually.

This year Burnett used his oil millions to bring in a great ball club. He had it set before the season started. Dallas got a huge jump on the field. It wasn't two weeks before the chain clubs realized something had to be done or

Robinson Looks To Title Bout With LaMotta

PHILADELPHIA, July 12 (AP) — Ray Robinson is still king of the waterweights but he would readily give up the crown for a shot at Jake Lamotta's middleweight title.

If there ever was any doubt whether Sugar Ray is the best of the welterweights, he erased that impression last night with a clean-cut, unanimous decision over Cuba's hustling Kid Gavilan.

Robinson announced he was perfectly willing to continue fighting in the 147-pound division.

"But I would gladly give up my title for a chance at the middleweight championship. I want to fight Lamotta again," he said.

He whipped Lamotta four out of five times before Jake won the 160-pound title.

Even Gavilan's staunchest supporters (and they were many) in the crowd of 27,805 at Municipal Stadium couldn't find any fault with the decision. Some of them and The Kid himself did take exception, however, to the wide margin of victory.

Judge Harry Laasy and Referee Charles Daggert each gave the champion nine rounds and Gavilan six. Judge Frank Keesborough scored the fight 13 for Robinson and three for the challenger.

"I do not understand how the officials gave so many rounds to Robinson," said the Cuban. "I thought I won eight rounds."

The fight drew a gross gate of \$175,754 — considerable more than the promoters' expectations — with Robinson collecting 60 per cent and Gavilan 15 1/2 of a net of \$128,635.

The Harlem flash, with only the defeat by Lamotta to mar a string of 59 fights since turning pro in 1946, pushed sharply at mid-Gavilan's two-fisted rushing tactics with a beautiful defense.

The first five rounds were pretty much give and take. But in the sixth Robinson started moving away.

Robinson weighted 147; Gavilan 144 1/2.

Al Well, matchmaker for the New York International Boxing Club, offered Sugar Ray's Manager, George Gainsford, a choice of either a title fight with Charlie Frazier, Irvington, N. J., or a non-title bout with middleweight challenger Steve Bellosse of New York.

Gainsford and the champ said they would consider the bid.

Brotherhood Sets Outdoor Meeting

Continuing a policy of outdoor meetings for the summer, the Brotherhood of the First Baptist Church convenes at the Baptist encampment grounds at 7 p.m. today.

The barbecue meal is slated for that hour, according to Merrill Creighton, president. At 8 p.m., the men will adjourn to the open-air tabernacle and witness a motion picture, "Salt of the Earth."

Dr. F. D. O'Brien, pastor, described this as an outstanding picture. The public is invited to see it.

The meeting of the laymen's organization is scheduled to follow the convening of the church board in the First Baptist cottage at 6 p.m.

Two Are Killed In Foundry Mishap

MONTERREY, Mex., July 12 (AP) — A crucible of molten rino fell into a pool of water, killing two men and injuring three others.

The ladle fell in a foundry Sunday night but Antiocho Escobar Berlanga and Arturo Ramon Villarreal lived until yesterday.

The kuala of Australia never drinks but gets enough moisture from young eucalyptus leaves on which he lives.

Texan Has Par 72 In Oklahoma Meet

OKLAHOMA CITY, July 12 (AP) — Bob Watson, Wichita Falls, tied for second place in the first qualifying round of the Oklahoma City Invitational Golf Tournament yesterday.

Watson, the Southwest Conference champion from the University of Texas, fired a par 72.

Don Shannon of Oklahoma City took the lead with a three under par card on the first 18 holes. Other Texan's scores were Buster Reed, Denford, 73; and Don Sibbery, Wichita Falls, 73.

Legion 9 Hosts Odessa Today In Title Test

First game in the American Legion district six play-off series will be unveiled here this afternoon when Big Spring and Odessa Legion junior lines clash. The contest is set for 3 p.m. at Bronn park.

Floyd Martin will probably pitch for the Big Spring team. Conn Isaacs, coach for the team, said Odessa's twirler has not been announced.

The Big Spring and Odessa nine gained play-off berths in the American Legion district championship race Saturday by defeating teams from Coahoma and Lameta.

Second game in the best two-out-of-three series is due Thursday afternoon in Odessa. Site for the third game is to be decided if necessary after Thursday's contest.

Winner of the sixth district title will contest the El Paso district winner. District champions will then meet to determine entries in the state finals.

Brotherhood Sets Outdoor Meeting

Continuing a policy of outdoor meetings for the summer, the Brotherhood of the First Baptist Church convenes at the Baptist encampment grounds at 7 p.m. today.

The barbecue meal is slated for that hour, according to Merrill Creighton, president. At 8 p.m., the men will adjourn to the open-air tabernacle and witness a motion picture, "Salt of the Earth."

Dr. F. D. O'Brien, pastor, described this as an outstanding picture. The public is invited to see it.

The meeting of the laymen's organization is scheduled to follow the convening of the church board in the First Baptist cottage at 6 p.m.

Two Are Killed In Foundry Mishap

MONTERREY, Mex., July 12 (AP) — A crucible of molten rino fell into a pool of water, killing two men and injuring three others.

The ladle fell in a foundry Sunday night but Antiocho Escobar Berlanga and Arturo Ramon Villarreal lived until yesterday.

The kuala of Australia never drinks but gets enough moisture from young eucalyptus leaves on which he lives.

WILLIAMS HURT Parnell To Face Munger Or Spahn In All-Star Go

BROOKLYN, July 12 (AP) — The National League, from President Ford C. Frick down, threw in all its chips in an all-out effort to win the 16th annual all-star game at Ebbets Field today.

Never had the victory-starved Frick been so determined to hang on to the chin of his rival league head, Will Harridge of the proud American League.

For the first time since the classic originated in 1933, Frick played an active role in shaping the lineup of the team. He still hasn't gotten over last year's most humiliating of all 11 defeats, a 5-2 pasting by a bunch of "crippled" American Leaguers.

It has been learned that Frick recently sat down with Billy Southworth, who will lead his charges this afternoon, and after studying the probable American League lineup, helped Billy select the eight pitchers to represent the National League.

Frick and Southworth spent hours studying the weaknesses and strong points of the American League batters. "A National League man volunteered. With that information in mind, they chose their pitchers."

"They didn't pay too much heed to records," he continued, "but leaned toward the hurlers who they figured had the stuff to stop those sluggers. That's why such hurlers like Ken Heintzelman of the Philadelphia Phils and Ken Raffensberger of the Cincinnati Reds were bypassed despite their better win and loss records."

The theory that Southworth was paying little attention to records was borne out when he announced that either Lefty Warren Spahn (3-8) of his own Boston Braves or Rightlander George (Red) Munger (6-4) of the St. Louis Cardinals would be his starting choice against the Americans.

Manager Lou Boudreau of the American League all-star array nominated Mel Parnell, who has won 21 and lost five for the Boston Red Sox. The stylish southpaw, naturally is limited to three innings, as are all pitchers except those that become involved in an extra inning game.

Boudreau got some bad news last night when the doctors reported that Ted Williams of the Boston Red Sox had a fractured rib. Williams said he would be on hand today but didn't know if he would play. The outfielder was injured when he collided with a wall at Yankee Stadium July 4.

"He's my man until I learn differently," Boudreau said. "If he's out, I'll use Dale Mitchell of Cleveland."

TEDDY WILLIAMS
Doubtful Starter

Salesman Held On Slaying Charge

HOUSTON, July 12 (AP) — A 29-year-old salesman, under indictment in the slaying of a wealthy realtor at Lake Tahoe, Nev., is being held here under \$5,000 bond.

He is Mark James Donnelly who FBI Agent Gale N. Willis said was indicted on June 20 for murder by a Reno, Nev., grand jury in the June 17 slaying of Walter Hempel, 73, of Los Angeles, Calif., and Lake Tahoe.

Hempel's body was found slumped in the front seat of his automobile on a road which slices the lake on the California-Nevada border.

Willis said Donnelly was arrested here yesterday and arraigned before U. S. Commissioner W. F. Carothers for unlawful flight to avoid prosecution. Carothers set bond at \$50,000 and Donnelly was placed in the city jail by Deputy U. S. Marshal Neal Matthews.

Engineers Meet

WASHINGTON, July 12 (AP) — Southwest District Army engineer technicians were to meet in Dallas today to expedite a report on the Pecos River flood problem. Sen. Chavez (D-NM) made the announcement.

Swatters Wind Up Stay Here Tonight

The Sweetwater Swatters wind up their abbreviated stay here tonight in an 8:15 contest at Steer park with Pat Stacey's Big Springers.

The offense-minded Swatters are bearing down on fourth place in league standings and will probably gamble with Lou Lockhart in a bid for victory.

Stacey is apt to counter with Menny (Dumbo) Rodriguez, who now owns a 7-4 win-loss record.

After tonight's game, the Steeds move to Odessa for three games before returning here Saturday night for a three-bout just with Roswell.

Big Spring Army Men Get Trapped In Jap Typhoon

Force of a recent typhoon trapped him and his party between two villages. Capt. Arnold Fields has written his parents.

The son of Mr. and Mrs. J. L. Fields, 506 Young, was enroute between two towns when the latest storm swept into Japan. It was so strong and blinding that the party was obliged to halt. Fortunately, none was hurt. Fields wrote his parents of his recent promotion to corporal with the fiscal section of the Eighth army in Yokohama, Japan.

In addition to inspecting many scenic points in Japan, he plans to visit in Guam and the Philippines before returning to the States. He enlisted in 1946 and was placed in the finance department.

Wichita Falls Is Still In Squabble Over Police Chief

WICHITA FALLS, July 12 (AP) — Mayor Harold Jones last night offered a new nomination in the long-deadlocked battle over selection of a chief of police.

But the city council deferred confirmation of his choice. Traffic Sgt. M. E. Johnson.

The city has been without a police chief more than a month since the death of Chris Jensen to captain's rank. The mayor and council have been deadlocked ever a successor.

HERE'S THE LOWER-PRICED CAR MILLIONS HAVE WAITED FOR!

The New DODGE WAYFRARER

with special fluid Drive—"Get-Away" Engine
New-Level Seats—Full Floating Cracked Ribs
Safe-Guard Hydraulic Brakes—Safety Rim Wheels
Super-Cooling Tires... all an extra cost!

Treat your eyes to something special in style and beauty... and your pocketbook to the biggest car value in years!

In the new Dodge Wayfarer you get roominess for six... with elbow room for all. You get room to stretch legs, room for your head and hat... seats that are knee-level to support your body in relaxing comfort.

You get the flashing pick-up of the more powerful Dodge "Get-Away" engine... plus the proven smoothness of Dodge All-Fluid Drive.

Nimble as a pole pony, the 115-inch wheelbase Wayfarer is easy to maneuver in traffic... easy to handle in tight parking.

Come in today. See this luxurious new Wayfarer... backed by the priceless Dodge reputation for delivering years of satisfying, money-saving miles. And remember—the Wayfarer costs just a few dollars more than the lowest priced car!

COME IN... find out about AMAZING LOW PRICES

Start just a few dollars more than the lowest priced cars

NEW WAYFRARER ROADSTER—the smart good looks of a convertible without the high price tag! New light-weight top easily raised or lowered. Pivotal windows go on or off in a jiffy.

NEW WAYFRARER BUSINESS COUPE—the personal car with amazing storage space behind front seat, huge luggage compartment under rear deck. Lower in price yet every inch a dependable Dodge!

Famed 'By-Line' Writers Among Plane Crash Victims

NEW YORK, July 12. (AP)—Newspapermen aboard the KLM plane which crashed near Bombay, India, today were byline writers known to thousands of readers.

R. H. Knickerbocker, 31, foreign correspondent and lecturer, won the Pulitzer Prize for reporting in 1939 for a series of articles on "The Red Trade Menace."

A native of Yoakum, Tex., he began newspaper work on the Newark, N. J., Morning Ledger. In 1925 he went to Moscow for two years as correspondent for the International News Service.

In 1928 he returned to Berlin as correspondent for INS and the Philadelphia Public Ledger. He was a correspondent in the Abyssinian War and the Spanish Civil War and the Sino-Japanese War in 1937.

During World War II he covered the Battle of Britain and the Battle of France in 1939 and 1940. After covering the North African invasion he served in the South West Pacific for a year. More recently he was with radio station WOL.

The father of Knickerbocker shielded the writer's mother today from news of the tragedy.

Knickerbocker's father is the Rev. H. D. Knickerbocker, Methodist retired minister who now owns considerable property in Dallas.

"We mustn't let mother know," he said, "until we are sure."

James Branyan, 31, was a reporter for the Houston Post for the past year and a half.

Branyan began his newspaper career in 1939 on the Atlanta Georgian. He later served with the International News Service in Atlanta until the war.

After the war he rejoined the International News Service in Atlanta, later joining the staff of the Beaumont Journal and then the Post.

William H. Newton, 15 years as a newspaperman all were spent in the service of the Scripps Howard Newspaper Alliance.

John Warkley, 38, joined the staff of Time Magazine last year after covering the State Department in Washington for the New York Herald Tribune. He formerly was with the Associated Press.

Bertram Dyer Tutten, 60, was a member of the Washington Staff of the New York Times and former-

ly was with the Associated Press.

1937." He came to the Monitor in 1927.

Net Barrows, 48, had been a foreign and war correspondent for the Chicago Daily News since 1941.

Miss Elsie Dick was director of women's, religious and educational programs for the Mutual Broadcasting System, and a native New Yorker.

S. Burton Heath, 50, former reporter for the Associated Press, won the Pulitzer Prize for the best job of domestic reporting in 1939 while a member of the staff of the New York World-Telegram.

Charles Gratzke, 48, who started his newspaper career in Oregon, served as its foreign editor, the Christian Science Monitor said, throughout the critical years since

New Officers Are Installed Monday By John A. Kee Rebekah Lodge 153

Installation services for new officers were held by the John A. Kee Rebekah Lodge 153 in the WOL Hall Monday night.

Beatrice Vierge, district deputy president, and her staff were in charge of the services. Staff members include: Hazel Lamar, deputy marshal, Mae Darrow, deputy warden, Josie McDaniel, deputy chairman, Minnie Anderson, deputy musician, Beatrice Bonner, deputy treasurer, Zula Reeves, deputy inside guardian, and Bonnie Bennett, left support to the chaplain, Minnie Anderson, musician, Beatrice Bonner, right support to the Noble Grand, Josie McDaniel, left support to the Noble Grand, Beatrice Vierge, right support to the Vice Grand, Pearl Mann, left support to the Vice Grand, Josephine Baker, inside guardian, Alma George, outside guardian, Past Noble Grand, Marie Horton, right support to the Past Noble Grand, Letta Metcalf, and left support to the Past Noble Grand, Delphia Gordon.

Mitchell Test Makes 60 Bbls. In Hour Flow

Superior No. 1 J. R. Dockery, central-western Mitchell county, Ellensburg wildcat, was credited with a 60-barrel flow in one hour Tuesday.

The venture, being drilled "light," was reported unofficially to have gauged the flow from 7,864-8,034 feet. The hole had been treated with 2,000 gallons of acid. Last week the test was reported to have kicked off after being shut in. Flow was reported at 30 to 25 barrels. It then was shut in for storage. Previously, the venture was credited with recovery of 70 barrels of oil and 10 barrels of oil and gas-cut oil flowing from 20 feet of the Ellensburg section.

Location is two and a half miles southwest of the Westbrook community, in section 17-28-15, T4P, R2W, Hays and Burke No. 1 Miller, center of the SE SE section 418-97, H&TC, northeastern Borden county wildcat, was reported drilling test Tuesday. The cone was 3,222-53 feet, reportedly in the Pennsylvania. Observers had not picked between the Canyon and Strawn.

Seaboard No. 6-D Sprayberry, southeastern Dawson north offset in the Sprayberry pool, set seven-inch string at 6,511 feet with 300 feet. Location is 600 feet from the north and west lines of section 45-54-30, T4P.

Corsicana Remembers Jester As Plain Man

CORSICANA, July 12. (AP)—It was the little things about Beauford Halbert Jester his home town remembered today. Almost everyone knew him. He was born here, reared here and this was truly his home.

Jester was governor of Texas when he died in a Pullman berth, some time Sunday night on his way from Austin to Houston. He was going to Galveston for a physical checkup.

But to his home town he was just a nice guy who made a child-like wish come true.

"I want to be governor," he said when his mother told him his father was lieutenant governor, an office "right next" to governor.

Corsicans liked Beauford Jester. At 56, he was a big, genial fellow whom hundreds called by name.

Most business houses will close tomorrow when last rites are held.

It was in 1925 that Jester carried the case of Corsicana's team to the highest officials of minor league baseball. He was attorney for the club and later served as its vice-president.

In those days, the Texas League played a split schedule. Corsicana was ahead at the end of the first half, but play was extended. Temple was on top then. Jester won his fight to have Corsicana declared first half champion.

His Sunday school class at the First Methodist church was for young men. Their sins were always called "our little mistakes."

Jester liked sports and he liked people. And he had to see Texas as A.M. beat the University of Texas in football. He was a "Y-Supper" from way back.

He never lost a political race, but he worried about losing friends. "I don't want to enter politics he once said. 'You know too many friends that way.'"

But he did enter politics. And he didn't lose many friends.

The death of Jester was a shock to his home town. A lot of people wondered how his 85-year-old mother would receive the news.

"By the grace of God, I'll bear it," she said.

Car Shipments Under Last Year

Rail car shipments originating in Big Spring gained slightly over the previous month during June, while inbound car-load figures recovered virtually unchanged, according to the monthly report of G. L. Brooks, T&P general agent.

The outbound total for June was 353 cars, as compared to the 341 for May. Both figures, however, represented a substantial decline from June of 1948 when 1,917 cars were forwarded from Big Spring.

The termination of extensive crush-shipments from the area last summer accounts for the decline on yearly comparison.

Inbound shipments for June of this year amounted to 218 cars, as compared to 205 in May and 153 in June of 1948.

Two Are Injured In Cycle-Car Crash

Jack Stubbs, Big Spring motorcyclist, was to be released from Malone & Hogan hospital this afternoon after treatment for injuries sustained Sunday in an automobile accident.

Jackie Compton, riding with Stubbs at the time of the mishap was treated for cuts and bruises received in the collision, but was released Sunday.

The accident occurred when the motorcycle ridden by the two crashed into the rear of a car on west highway 50. Police said that the automobile was backing up the highway when hit by the motorcycle.

Officers were on the lookout for the driver of the vehicle which left the scene of the accident without offering aid.

Chinese Rivers On Disastrous Floods

SHANGHAI, July 12. (AP)—The Yangtze and Huang Ho flooded thousands of acres today, rising above the devastating crests of 1930 and 1931.

Ten thousand were forced from their homes.

Negro Must Face Weapons Charge

N. E. Grant, a Negro arrested by city officers and turned over to the county, was to face trial in county court in the near future on a charge of carrying a deadly weapon.

Grant allegedly had a razor in his pocket when taken into custody near the viaduct Sunday evening. He said he had found the instrument near the overpass shortly before the officers passed his way.

Pact Develops Opposition

WASHINGTON, July 12. (AP)—Administration leaders said today that opponents of the North Atlantic pact are mustering more strength than had been expected. They said it still was not enough to threaten its ratification by the Senate.

Sen Taft of Ohio, the Republican policy leader threw his weight against the 12-nation security alliance yesterday, saying that it is inseparable from the coming arms-for-Europe program.

"It is a step backward in the progress toward international peace and justice," Taft contended.

He had hinted last week that he would vote against the pact in the belief that it is linked with administration plans for a \$1,450,000,000 program of military assistance to European nations.

Chairman Connally (D-Tex) of the Senate Foreign Relations Committee told reporters that Taft "may have changed two or three votes."

Connally added there is no question the pact will win the two-thirds majority needed for ratification.

Senate Democratic Leader Lucas of Illinois agreed. He said there will not be over 15 votes against it in the 96-man Senate.

Excise Taxes May Be Pared

WASHINGTON, July 12. (AP)—The promise of excise tax cuts in 1950—along with new customs against losses—was held out to business today by Congress.

There was evident agreement that only part of it could be put into effect before a pre-Labor Day adjournment. However, a leading Republican, Rep. Joe Martin of Massachusetts, said he agrees with Mr. Truman that within a few years the country can achieve a national output of \$300 billion a year. This is a fifth more than the present rate.

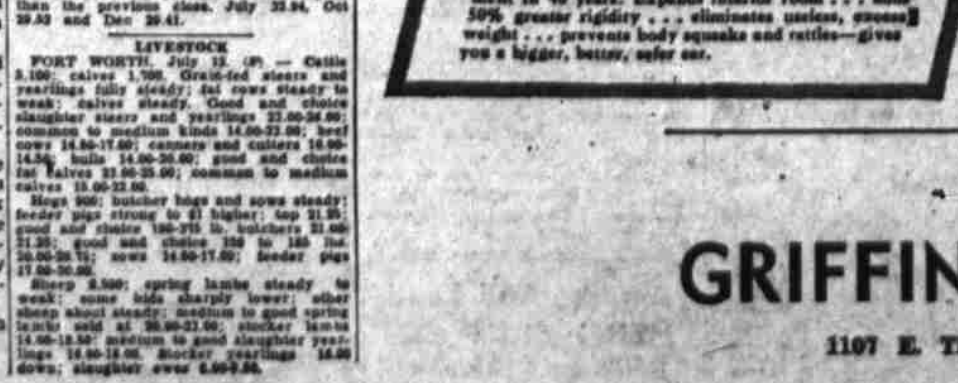

Chairman Doughton (D-NC) of the House Ways and Means Committee joined with Chairman George (D-Ga) of the Senate Finance Committee in promising relief next year from some of the heavy wartime taxes. These have applied to a long range of items from furs to face powder, and including transportation fares and communications.

President Truman asked for repeal of the excises on freight as one of the measures to keep the economy rolling in high gear and head off a threatened business recession.

But George told a reporter any such move now would cost the government \$400 million revenue in a period when Mr. Truman seems to have resigned himself to in-the-red financing by dropping his demand for any major tax increases.

George said—and Doughton agreed in a separate interview—that if Congress lifts the lid on excises now there might be no stopping repeal of most of such levies.

June's Rainfall Over Normal, But All Fell In First Half

June proved the compromise month for weather, the regular monthly summary of the U. S. department of commerce weather bureau at the airport shows.

Precipitation for the month amounted to 2.76, or 57 of an inch above normal. But all of it came during the first half. The 16 of an inch on June 13 was the last moisture recorded for the month. This gave farmers a seige of hot, dry weather they had been wanting.

Temperatures rose toward the end of the month, showing 161 and 163 on the 29th and 30th, respectively. Average maximum was only 82.1, however, and the mean minimum was 61.1. Mean temperature for June was 73.2, or 1.3 degrees below normal. Lowest temperature for the month was a 34-degree reading. Nineteen days contributed 80 degrees or better.

There were 19 days with thunderstorms and 11 with dust storms. Foggy days were classed as clear. 13 as partly cloudy and four as cloudy.

Wind averaged 14.1 miles per hour, prevailing from the southwest. Maximum sustained blow was recorded at 21.3 mph on June 5.

THE WEATHER

Big Spring and Vicinity: Partly cloudy this afternoon, tonight and Wednesday; mainly overcast Thursdays this afternoon. Weather this afternoon, not much change in temperature tonight and Wednesday.

High today 81, low tonight 51, high tomorrow 81.

Wheat: Temperature this date 82 in 1948; lowest 74th date 65 in 1949; record high, 102th date 113 in 1921.

Wheat: Partly cloudy this afternoon tonight and Wednesday; mainly overcast Thursday and Friday. Temperature in extreme north and extreme east portions; not much change in temperature; moderate southerly winds in the east.

Wheat: Partly cloudy this afternoon, tonight and Wednesday; mainly overcast Thursdays in Panhandle, South Plains and West Texas. Windy weather; not much change in temperature; moderate southerly winds in the east.

Du Pont Suit Called Attack On 'Bigness'

WILMINGTON, Del., July 12. (AP)—The government's anti-trust suit against E. I. Du Pont de Nemours is an attack on "bigness in business," says the president of that company.

In a letter to 100,000 Du Pont stockholders and thousands of Du Pont employees and customers, Crawford H. Greenwalt yesterday denied the firm's transactions have ever been "illegal or improper in any sense."

He contended that victory in World War Two could not have been won "without your company and others like it."

"I hope therefore that we may have your wholehearted support in resisting this action by the Department of Justice," not only on your own behalf as Du Pont stockholders but on behalf of the national defense and the national welfare," Greenwalt wrote.

The Du Pont president challenged the government claim that the company's investment in the General Motors Corp. and the U. S. Rubber Co. involved restraint of trade.

He said specific charges would be answered in court and called many of them "completely unfounded or grossly exaggerated."

The suit brought by Atty. Gen. Tom Clark shows lack of knowledge in government circles of the need for both big and small business, Greenwalt said.

He promised that DuPont "will fight this unjustified attack with all possible vigor," and declared "the ability of the United States to advance in peace and survive in war is threatened by this contention that bigness is bad in anything but government."

The government contends that the DuPont Co. and its many subsidiaries through an intricate system reached by profit into virtually every type of holding companies, has every type of manufacturing and processing, occasionally monopolizing its field.

Prisoners Cut Heel Tendons To Avoid Work

HUNTSVILLE, July 12. (AP)—Four young, short-term prisoners severed their heel tendons to avoid working in the heat.

Capt. Joe Batson, warden of Darrington Prison Farm, yesterday quoted the four as saying they were not dissatisfied with conditions at Darrington but "it was just too damn hot to work in the field."

The four were listed here as:

Charles Haggie, 22, received from Harris County, May 2, 1949, four years for attempted burglary and aiding an escape.

Jack Steese, 19, received from Bexar County May 11, 1949, serving three years for swindling.

John Slayton, 23, received from Howard County May 7, 1949, two years for forgery.

Jewel Elbert Howard, 18, received from Fannin, Bell, Red River and Lamar Counties, eight cases of burglary and three cases of theft, 10 years.

Another Polio Death

HOUSTON, July 12. (AP)—One polio death was recorded here yesterday and five new cases admitted to hospitals.

Ben Schneider, 14, son of an El Campo grocer, died of bulbar-type polio.

SEVERAL JURORS THINK SO

Was Federal Judge Prejudiced For Hiss?

NEW YORK, July 12. (AP)—The New York Herald Tribune said today that telephone interviews with members of the Alger Hiss trial jury show five think Federal Judge Samuel H. Kaufman was biased in favor of the defense.

The newspaper said two of the 12 jurors stated they do not think the judge showed bias, one declined to take a stand, three had no comment, and the 12th could not be reached.

Judge Kaufman, who has been accused of bias by some members of the House Committee on Un-American Activities, issued this statement last night:

"After conferring with some of the judges in this court I will stand on the record and will not enter
