

PREPARATIONS FOR 1914-'15 TERM TAHOKA HIGH SCHOOL

Will Employ Six Teachers Coming Term Besides Music, Expression and Art—Secure and Loose Superintendent, Principle—Two Primary Teachers Have Been Employed

The Tahoka High School is still on the up grade. Last year thru the untiring effort of the faculty and board our school was recognized by the State Department of Education as a High School of the First Class. Also for the first time in the history of the school music, expression and art was taught in the same building. And so it has always been. No matter what the besetting difficulty those at the helm have kept their eyes on the goal and forged ahead until today we stand with the first of the State.

This year there will be another teacher added which will bring the faculty up to six. There will be music, expression and art instructors in the building this term also.

Tahoka citizens have shown themselves very much interested in their school progress and are proud of the enviable record made by their school and its continued growth from year to year and expect greater growth this year.

H. M. Larkin, chairman of the Board of Trustees, informed us Wednesday morning that Mr. L. Fertch, of Bovina, had been selected for the superintendency and would teach the senior class only, an arrangement which will be more advantageous than heretofore. The

seniors and school-at-large receiving attention it was impossible to give when the superintendent was loaded down with recitations.

The above arrangements will be carried out as per specifications except that Mr. Fertch will not hold the position named nor his wife the principalship as Mr. Larkin had also informed us. The following telegram received late Wednesday evening is the explanation:

Bovina Texas, 3 p. m.
H. M. Larkin,
Tahoka, Texas.

Accepted hereford Monday. Can not come. Very sorry.

L. M. Fertch.
Mr. Fertch is a brother of Ed. Fertch, manager of the Wilson Merc. Co. We had the pleasure of meeting him while he was in Tahoka and were well pleased with his appearances.

Misses Lucy and Kate Gathings, of Roscoe, will teach the younger intellect how to shoot. Miss Lucy in the same room as last year, having the 1st and 2nd grades, Miss Kate will teach the 3rd and 4th. It was with great pleasure that we learned Miss Lucy Gathings would teach again in the Tahoka School as she not only gave entire satisfaction in the school work but was quite an addition to society and an appreciated worker in the Junior Epworth League.

E. C. Entertained

The meeting of the Embroidery Club Wednesday afternoon at the home of Mrs. Robinson was a most enjoyable affair; the pretty home was fragrant with lovely roses out from the hostess' own garden.

The afternoon was spent in a most enjoyable way, the beautiful work being done by the guests was only equaled by the wit and wisdom which interspersed the interchange of ideas.

A two course luncheon was beautifully served on individual trays; especially to be remembered was the delicious cream sherbet and angel cake.

Time passed so pleasantly that old "Sol" was sinking into the west before we bid our charming hostess a lingering farewell.

Mrs. Robinson understands the art of hospitality at its best, and a visit to her home is among the pleasant memories of the fortunate guest.

\$10.00 REWARD.—For the recovery of one dark bay horse, trim build, about 15 hands high, weight about 950 pounds. Has brand on left shoulder, and sink place on left hip where breeching works.

Return to J. T. Heath, 40-1t Box 116, Rotan, Texas.

Dr. J. F. Galloway, Dentist, 11-tf will return to Tahoka about July the 1st. 40 tf

Call for your tickets when you trade at Parkhurst Broken \$ Store. They are worth their face value. 39-40

LOST—A nice black Poland-China male pig. Reward offered to finder.—M. M. Herring. 40 1t

Sell Old Maids

Class met in regular session Thursday night at the home of Rev. J. E. Nicholson. The Class went into the election of officers. After business was all attended to, the Class was favored with some nice music by Miss Rescola McDaniel. After which Bro. and Mrs. Nicholson entertained us generously by serving a double course of ice cream. The Class seemed to be in the best of humor and all went away rejoicing from the pleasant hour.

The Class have decided to have an old maid sale next Thursday night week at the home of Mr. and Mrs. M. M. Herring. Judge Stokes has been requested to sell the old maids to the highest bidder on the occasion.

You will hear the particulars later; but, remember this will be your opportunity to buy an old maid. Don't miss it.

REPORTER.

Miss Lavina McCauley of San Saba, left Monday for Canyon after spending ten days with her sister, Mrs. W. B. Slaton of North Tahoka. She will attend the West Texas Summer Normal at Canyon.

Buy your fruits and vegetables from us, we appreciate your trade.—Parkhurst Broken \$ Store. 39-40

Highest cash price paid for produce.—Paul Miller.

We have just opened up a nice line of jewelry. We deal direct with the manufacturer and save you the jobbers profit, therefore we sell for less money and better goods than ever. Come in and look through our line, I am sure we can please you. 39-40 Parkhurst Broken \$ Store.

COMMING TUESDAY 9th TRADES DAY

Congressman W. R. Smith to Speak Here. Other Features to Make June 9 Greatest Trades Day Ever Held in Tahoka.

Another Trades Day is nearly here, when we shall meet many of our friends, hear how they are doing and have a regular jolly good time.

It has been raining so much that many farmers are behind with their work not, but much can be done in two or three days and if it remains fair like Thursday was much can be accomplished by Tuesday and we will have a record breaking crowd again.

Just as soon as you get to town go to Parkhurst Store and register and your name will be put upon a card with a number on it and some lucky number will draw a prize of 500 pounds of the best flour kept in Tahoka. This is a perfectly legitimate offer and will be conducted in a fair and impartial manner. The only limitations are, you must be a white human being; Neither age or sex makes any difference so you are present when registering. Babies in arms can be registered by their parents but must be present when registering takes place. There are absolutely no strings to this proposition. The flour will be given to the one drawing the lucky number. Absolutely free to all old or young; native or stranger, from town or country, you stand a chance of getting this 500 pounds of flour, just so you are white and register.

Another attraction for Trades Day will be a speech beginning at one o'clock in the afternoon by Cong. W. R. Smith. He will tell you all about what he has done in Congress and why he did it; he will tell about what he has not done and why he did not do it; he will tell you so many reasons why you should vote for him and against Blanton, that if you are a Smith man it will tickle you nearly to death; while on the other hand, if you are a Blanton man, you will just simply have to laugh. If you heard Blanton come and hear Smith, if you didn't hear Blanton come and hear Smith anyhow; everybody enjoys life but the candidate and even he has his dreams.

There will be twenty candidates (more or less) here on Trades Day and they will all have cold drinks and cigars for the voters, cold drinks and ice cream for the wives of voters, cold drinks and candy for the children of voters.

Every thing free, grass for your stock and water for you and yours. Come early.

Will buy anything you will bring to town.—Paul Miller.

We have just received a line of the latest novelties consisting of V pins, bar pins, "tango" hair pins, neck chains, jet beads, pin, etc.—Parkhurst Broken \$ Store. 39-40

We serve the best ice cream in West Texas; come in and have one with us.—Parkhurst Broken \$ Store. 39-40

20 pounds of sugar for \$1.00 on Trades Day. H. M. Larkin. 40-1t

O'DONNELL \$2,500 SCHOOL BUILDING LET

To Be Two Story Frame Building Five Rooms and Auditorium—To Have Nine Months School and Maybe 3 Teachers Ensuing Term

The contract was let this week to R. V. Davidson, a Tahoka contractor, to erect a \$2,500 building for the O'Donnell Public School. The bill for the lumber is in the hands of the hands of the lumber yards, at Tahoka for estimation and the contract for same will be awarded within the next few days.

The building will be a two story frame structure 34x68 feet. The lower story will be occupied by two class rooms 34x29 feet at each end with a ten foot hall between. The end of the hall opposite the main entrance will be partitioned off for a superintendents office. A return stair way will rise from the hallway and land against the south side of the second story. The second story will have a stage in the west end and will be divided into three parts by accordion partitions. This arrangement will allow the upper story to be used as three rooms or the partitions folded back and it made into an auditorium 34x68 feet.

Construction work will be started in a short while and the building will be completed and furnished throughout with modern furniture and equipment in time to open school the first Monday in September.

Prof. W. B. Bishop, who taught the O'Donnell school last term, told us Thursday that he had accepted the position as principle there again this year and asserted that their motto would be "The best school in the county next to Tahoka."

At the beginning of the 1914-'15 term the O'Donnell school will have two teachers—Prof. Bishop and an assistant—for sure and if the enrollment comes up to expectations, the will have three. It is calculated that between 60 and 70 pupils will be enrolled.

While here Wednesday Mr. Bishop closed a deal with the Crie & Co. to publish the 1914-'15 announcement for the O'Donnell Public School. It will be bigger and better than last year's announcement and come from the printer about July 15th.

SUMMER NORMAL OPENS JUNE 9 IN TAHOKA HIGH SCHOOL BLDG.

Largest Session Ever Held Will Convene Here Second Tuesday at 9.00 A. M.—Extra Strong Faculty—Better Equipment Available Than Ever Before In History of Normal

Tuesday morning at 9:00 a. m. the second consecutive session of the South Plains Summer Normal will be held at Tahoka will be called to order in the auditorium of the Tahoka High School.

The following program will be rendered:

Program
Welcome Address—County Judge J. L. Stokes.

Response—E. A. White, Conductor.

Address—"Educational Advancement in the West"—E. F. Puryear, Secretary.

Five minute talks by the faculty.

Classification.
Everyone is cordially invited to attend the opening exercises.

This summer's session will have the largest enrollment of any session since The Normal organized. Those in a position to know predict an enrollment of between 75 and 100 pupils. The district is composed of the following ten counties:

Borden, Cochran, Dawson, Garza, Hockley, Lynn, Lubbock, Scurry, Terry and Yoakum

Those that have reported reported positive enrollment are: Dawson 3, Lubbock 5, Scurry 3, and Terry 11; giving a positive enrollment from only four

counties of 32 pupils, and each reported enough prospective students to bring the enrollment from these four up to 40. This leaves five counties to be heard from besides Lynn county, which alone will enroll between 30 and 40 students.

Our faculty is the strongest ever secured by the Normal. Prof. E. A. White, Conductor, will teach Education. He is a man of character and peculiarly fitted to teach the subject he has chosen. Prof. E. F. Puryear, civics and science, has specialized in each of his subjects and ranks high in the profession. Prof. P. M. Faulkner, mathematics, is man of experience and ability in teaching his subject. Prof. B. W. Speed, Literature, holds an A. B. degree which recommendation seems sufficient. Prof. W. B. Bishop, History, taught the same subject last year and anything we could say would only be a repetition commendation on his success. Miss Mattie Stanford, Primary Methods, graduated from Chicago Universita and has had seven years experience.

As to equipment such as laboratory, library, maps, globes, charts, etc., the Tahoka High School ranks with the best in West Texas.

With The Churches No Ball Rally June 9

Prof. Bailey will fill Rev. J. E. Nicholson's appointment at the Tahoka Baptist church Sunday night June 7th. His theme will be "Christ the Bread of Life." Every one invited to attend this service.

Rev. J. E. Nicholson will begin a meeting at Slaton tomorrow, Saturday the 7th.

Rev. O. L. Mealey of Stamford, a Cumberland Presbyterian minister, will preach at the Methodist church at 8:30 o'clock Saturday night June 6th. It is not often that Tahoka people have an opportunity of hearing a minister of this denomination, and likely the good Bro. will have a large congregation.

FLY TIME IS HERE

Don't let the flies get started in your house. Get your screen doors at the A. G. McAdams Lumber Co. They have a nice line. 32-tf

Lest you forget; Weathers Brothers are located near the middle of the west side of the square, and handle the best of ice cream, drinks, cigars. 40-1t

Joe Elliott came in on the Tuesday evening train from Sterling City to visit his brother Jim for a week or ten days

When you want a cigar, cold drink, candy or ice cream call at Weathers Bros. and get the best. We are prepared to serve you well on Trades Day. 40-1t

We will give a nice berry set to the person bringing us the most eggs on Trades Day.—H. M. Larkin. 40-1t

We have just received a line of novelties consisting of V pins, bar pins, "tango" hair pins, neck chains, jet beads, pins, etc. Parkhurst Broken \$ Store. 39-40

Hon. Thomas H. Ball, candidate for governor, was scheduled to speak at Lubbock June the 9th, but the date has been canceled as the following postal received at this office shows.

Lubbock, Texas,
June 2nd, 1914.

Dear sir:
The Tom Ball meeting for June 9th, has been postponed indefinitely.

We are, Very truly yours,
Publicity Committee,
Tom Ball Club.

We have a car load of kerosene and gasolene on hand. Burn Eupion oil the best on earth. I will soon have in a car load of all kinds of oils and greases. G. W. SNIDER, Tahoka agent for the Pierce Fordyce Oil Association. Call at our Wagon Yard when in Tahoka and let us fill your bill for auto and engine supplies. 13

We have just opened up a nice line of jewelry. We deal direct with the manufacturer and save you the jobbers profit, therefore we sell for less money and better goods than ever. Come in and look through our line, I am sure we can please you. 39-40 Parkhurst Broken \$ Store.

Walter Robinson of the northeast part of the county, was in Tahoka Thursday and H. C. Smith and family, with the exception of Walter, accompanied their old friend home to spend the night last night. Mr. Smith expects to return to town today and be in the shop tomorrow.

Let Shed do your cleaning and pressing; just phone 88 and it will be called for and delivered free. 38tf

Call for your tickets when you trade at Parkhurst Broken \$ Store. They are worth their face value. 39-40

VOL. 10 TAHOKA, TEXAS, FRIDAY, JUNE 5, 1914 NO 40

Out of 108 high schools applying eighteen were granted affiliation with the University of Texas last week. Affiliation was taken from seven schools for various reasons. The University now has 165 high schools affiliated with it. The requirements are more rigid this year than ever before, not for the benefit of those who go to the university but for those who do not go, say the authorities.

We were talking to a stranger the other day, a man who had lived in several young towns, and he made the remark that he had never seen a town, especially so young as Tahoka, that had so many nice orchards, so many nice gardens or so many milk cows.

He said the soil seemed to be especially adapted to the growth of vegetables and fruits and then we are so well fixed to irrigate and everything seemed to do so well here under irrigation. Take North Tahoka for instance, there are eighteen families living there and there are nineteen windmills.

There is still a goal for the Tahoka High School to work to attain. The late faculty secured recognition from the State Department of Education as a High School of the First Class and affiliation with the West Texas Normal at Canyon; it now remains for the incoming faculty to not only hold the high rank already attained but to continue pressing forward and upward until by the coming term the Tahoka High School shall be affiliated with the State University. It can be done. All it will require is a little exertion on the part of the faculty, a little extra application on the part of the pupils, and much hearty cooperation on the part of the parents. This is all it takes; but it requires all three to make a success of a school; if one fails the whole thing is a failure.

There is some consolation in living way out here in West Texas, in the fact that the expense of holding two primaries, the first to eliminate the negroes, is not necessary. In Marion county the whites held what they called the "Citizens White Primary" on May 16th for the purpose of cutting the white candidates down to one in a hill and thus eliminate the chance of any negro being elected to office. In this primary 676 votes were polled, so now it will require 677 negro votes to carry the July primary election, whereas if they had held no primary previous to it, in some cases

like the tax assessors race with six white men running it might have gone to a negro who could have polled only 199 votes. But how about living in a county that polls more negro than white votes? It would be bad enough to be defeated by a white man, how would it seem to be defeated by a negro.

Now is the time to get busy and clean up your yards, cow pens, pig pens and horse lots. Buy a sack or two of lime and scatter it around wherever there is a damp place. Burn every bit of refuse that will burn, bury what won't. Clean up at once and save yourself or your neighbor a spell of the fever.

It just does one good to see the old town cow tuck away the crisp lucious grass this year after seeing them go hungry the past few years.

Watch your orchard and keep your treetops thinned out or they will soon grow topheavy, and the limbs will split off or when the first dard wind comes it will blow the tree over and destroy it entirely. You must keep them trimmed this wet weather.

Next Tuesday is Trades day in Tahoka and it will pay our subscribers to read all The News advertisements, and find out who wants your trade. The man in business who does not believe in advertising is either lazy, dull or egotistical. He dislikes work so much that he hates to bother with more customers or is satisfied with his present trade, not capable of finding any bargains with which to increase his custom, or thinks everybody knows him, the class of goods he sells and the prices he charges. Why man alive, the general public is so busy reading the advertising matter sent out by the live merchant who advertises the bargains that gets the cash, that they have forgotten you exist, and they will never think of you until they want to buy a bill on fall time, and then they will compare your "credit prices" with the "cash prices" they have been paying the live advertising merchant. Then they will go to church or picnic and you will GET FREE ADVERTISING that will cost you more than a page ad in The News would for a month.

MOTHER'S CONCERN FOR ME

Don't send my boy where your girl can't go.
 And say, "There's no danger for boys, you know;
 Because they all have their wild oats to sow."
 There's do more excuse for my boy to be low
 Than your girl. Then, please don't tell him so.
 This world old lie is the boy's worst foe.
 Don't allow him to go into places of sin,
 And then to your hearts and homes tade him in;
 Saying: "Oh, for a boy, there's nothing to fear,
 And it don't matter much if he does drink beer;
 He will stop by and by—it was always so—
 All men and boys have their wild oats to sow."
 You can tell them this and they think it is so—
 Not foreseeing that sown, these seeds will grow.
 To them the harvest is hidden from view
 Until too late, the sowing they rue;
 For, at last, their horror-struck soul will see
 What the outcome of sowing wild oats will be.

Don't send my boy where your girl can't go,
 For a boy or girl, sin is sin, you know,
 And my baby boy's hands are as clean and white;
 And his heart is as pure as your girl's tonight,
 That which sends a girl to the pit of hell
 Will surely send the soul of my boy as well.

NEW WORK FOR AGRICULTURAL DEPARTMENT

Farmers' Union Would Have Commissioner of Agriculture Organize Co-operative Association of Farmers.

A Practical Farmer Demanded to Head Agricultural Department—No Lawyers Wanted.

Fort Worth, Texas.—The Commissioner of Agriculture has greater opportunities for service than any other official in State government. In addition to the important duties which have already been assigned that department by the Legislature, it is generally conceded that the Legislature will devote itself almost exclusively to agricultural problems and the proposed system of new and untried laws must be adjusted to working conditions by the next Commissioner of Agriculture in co-operation with the farmers.

The next administration will be confronted with the enactment and application of agricultural legislation and the Commissioner of Agriculture must be a practical farmer. The law requires, and public necessity demands, that he be a man who has first-hand knowledge of farming conditions.

We Stand for Law Enforcement.
We quote in part from the law on this subject: "The Commissioner of Agriculture shall have a knowledge of agriculture, manufacturing and general industry; shall be an experienced and practical farmer, etc."

We are going to put up a "post-ed" sign on the Agricultural Department against lawyers. There is no more reason why a lawyer should run for Commissioner of Agriculture than why a farmer should be a candidate for Attorney General. We know of no lawyers who contemplate entering the race, but we want to notify them not to hunt on our preserves in this campaign. We stand for law enforcement and call on all good citizens to see that the constitution is upheld and that no lawyer is permitted in the Department of Agriculture.

The Farmers' Union takes science by the hand and welcomes progress. We have been the pioneers in the movement for improved cultural methods but increasing production is not sufficient. The farmers have many important problems that cannot be solved by free garden seed, skillfully written bulletins and eloquent lecturers. We will mention a few of them:

Organization and Co-operation Needed.

The farmer has the best security on earth, yet he pays an average of from 10 to 30 per cent interest on his money, against four to eight per cent paid by other lines of industry on less stable securities. Is it education the farmer needs to reduce his rate of interest? We think not. He might raise the largest pumpkin; the biggest bushel of corn and enough vegetables per acre to fill a silo, but his rate of interest would remain the same.

The farm laborer works an average of 12 hours per day the year round at 11 cents per hour and boards himself. The brick mason in Texas receives 87 cents per hour, the highest of any State in the Union, and farm labor ranks thirty-fifth. The laborers in all other trades work approximately an average of 9 hours for 25 cents per hour. Is it education the farm laborers need to bring their earning power up to that of their city cousins? We think not. He might read farm bulletins every night until the chickens crowed for day and he would not increase his wages one penny.

The average farm yields a net income on the investment of 4 per cent and the average business 10 to 30 per cent. Will any one contend that this difference is due to ignorance on the part of the farmer? We think not. He might listen to agricultural lectures until he became gorged with knowledge and he would have no more to say in fixing the price of his products than he has today.

The world is one great corporation of which the farmers are the largest shareholders, but when we call at the counter of industry for our dividends we are handed a package of education and the other fellow gets the gold. We are glad to get the suggestions, printed and otherwise, but we want in on the dividends and a voice in fixing the price of our products.

The Remedy.

We must further improve our cultural methods and move forward more rapidly in all branches of practical science of production, but the remedy for the present difficulties must come through organization and co-operation, and it is this new field of activities that the agricultural department must enter. Legislative permission to form rural credit associations; to build warehouses; to form co-operative cotton gin companies, to organize market associations, etc., is necessary, but it is not sufficient. To get the full benefit of these laws the farmers must be encouraged and directed in the organization of the respective associations needed in his community and this work properly belongs to the Department of Agriculture. It is as important a function of government to demonstrate the advantages of organization of farming as to demon-

strate the advantages of cultural methods, and far more profitable. The formation of co-operative associations that will introduce economies in farm operations, reduce rates of interest, and afford facilities for the more profitable marketing of the crops, are what the Texas farmer needs today and needs badly.

The farmer has so often become the victim of designing promoters who operate under the guise of agricultural philanthropists that he very properly hesitates to enter into any voluntary organization that binds him financially. We have a very recent instance in which the farmers of this State were fleeced out of a few hundred thousand dollars by promoters, which illustrates the willingness of the farmers to co-operate in an effort to better their condition and demonstrates the disadvantage of no authoritative plan of action. He is entitled to the sanction of State and the endorsement of its authorized representative to co-operative contracts, in which his property and that of his neighbors are involved, and his faith in government will encourage him to enter into these new forms of business transactions when its seal of approval is placed upon them.

The appropriation should be made with a view to extending the work into rural credits and marketing, which is the most needed and most neglected factor in agriculture at this time. The farmers pay more into and get less out of government than any other class of citizens and have less to do with its management.

The next Commissioner of Agriculture should not only be a capable producer but a successful organizer as well. He should be a man who understands the business side of farming and of proven ability in co-operative work, and one who enjoys an extensive acquaintance and possesses the confidence of the farmers of Texas.

It is as important that we select the right man for Commissioner of Agriculture as that we enact constructive legislation on the subject, for laws that are not properly used are worse than no laws at all.

W. D. Lewis, President.
Peter Radford, Ex-President.
Texas Farmers' Educational and Co-operative Union.

ASPHALT.

Texas ranks second with other states in asphalt production.

Texas produces 60,000 tons of asphalt annually, valued at \$800,000.

SALT.

Texas produces \$300,000 worth of salt annually.

The salt mining of Texas is confined to 3 counties.

A WANT AD WILL FIND IT

TEXAS FACTS

MANUFACTURING.

We have 228 cotton-seed oil mills in Texas that manufacture \$30,000,000 of products annually.

Fifteen years ago Texas was without a rice mill. We now have 19 of these establishments.

Texas is the second state in the Union in the manufacture of rice.

The Texas rice mills turn out \$8,142,000 of products annually.

There are 372,000,000 pounds of rough rice milled by the Texas plants each year.

The refining of petroleum ranks fifth among other Texas industries and Texas ranks fourth with other states in this respect.

We have 12 malt liquor establishments in Texas that are valued at \$7,027,000.

The annual output of the Texas breweries is valued at \$6,464,000.

The first ice factory ever built in the United States was at Jefferson, Texas.

The cold storage capacity of Texas is 2,500 cars.

There are 182 ice factories in Texas.

There are 143 foundry and machine shops in Texas.

There are 385 bakeries in Texas.

There are 13 cotton mills in Texas.

There are 25 furniture factories in Texas.

There are 67 tobacco and cigar factories in Texas.

Texas has 127 steam laundries.

There are 253 central electric light and power plants in Texas.

The largest electric power plant in the Southwest is in Texas.

Dallas, Texas, is the world's largest saddle manufacturing center.

LUMBER AND TIMBER.

Texas forests grow four and one-half millions feet of timber per day.

There are 287,000 acres of irrigated land in Texas devoted to the culture of rice.

The value of the annual lumber production is \$53,000,000.

The value of raw timber cut yearly is \$32,000,000 and the factory adds a value of \$21,000,000.

Texas ranks seventh with other states in timber production.

The lumber mills of Texas employ more men than any other of the state's industries.

Thirty-three per cent of the industrial laborers are employed in the lumber mills.

There are 800 lumber mills in Texas, representing an investment of \$45,552,000.

IRRIGATION.

Texas has 5,238 irrigated farms, comprising 451,000 acres.

There are 1,480 miles of main line irrigation ditches and 1,225 miles of laterals in Texas.

The cost of constructing our irrigation systems is estimated at \$13,500,000 by the United States Census Department.

The quantity yield per acre of irrigated crops is approximately 45 per cent higher than that of those raised by natural methods.

Eighty-three per cent of the water for Texas irrigation projects is supplied by streams, 13 per cent by wells, 3 per cent by springs and 1 per cent from lakes and reservoirs.

Rice is our principal irrigated crop.

Jefferson County has 76,000 acres of land under water and leads all other counties in this respect.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "How Treatment for Women," sent in plain wrapper. J-61

Feel Good--Laugh--Be Happy and Well

Take Some Dodson's Liver Tonic To-night and See How Much Better You Will Feel Tomorrow

Thousands of former sufferers from constipation, biliousness, sick headache and stomach ills are now brighter, healthier, happier through taking Dodson's Liver Tonic, the medicine which was made to use instead of calomel. They have learned to smile again.

Dodson's fine remedy is so different from calomel. You feel good after taking Dodson's. There is no bad after-effects, such as with calomel and other strong and violent purgatives. You do not change your habits or diet when taking Dodson's Liver Tonic. There is no pain nor gripe, no change in your regular habits. Liver Tonic promptly clears the dulled brain and clogged system in an easy, natural way, assisting nature in the struggle against constipation and biliousness. Dodson's also stimulates you and builds you up and strengthens you at the same time.

A reliable, pleasant-tasting vegetable liquid, Dodson's Liver is guaranteed without condition by Thomas Bros. Drug Co., who will cheerfully refund purchase price (50c.) instantly without question in event of any dissatisfaction with the remedy or its results. J-40-11

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CENEVEY & CO., Toledo, Ohio. Sold by all Druggists. 75c. Take Hall's Family Pills for constipation.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat less meat if you feel Backache or have bladder trouble—Take glass of Salts.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and nobody can tell. Brush it through hair.

Gray hair, however handsome, denotes advancing age. We all know the advantage of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

"TIZ" FOR TIRED SORE, ACHING FEET

Ah! what relief. No more tired feet; no more burning feet, swollen, bad smelling, sweaty feet. No more pain in corns, callouses or bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ." "TIZ" draws out all the poisonous exudations which puff up the feet; "TIZ" is magical; "TIZ" is grand; "TIZ" will cure your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore, swollen or tired. Get a 25 cent box at any drug or department store, and get relief.

Does Prohibition Foster True Temperance?
 Cardinal Gibbons answers that question. He says:
 "The establishment of prohibition in Chicago or other large cities would be impracticable and would put a premium on the sale of intoxicating drinks."
 "When a law is flagrantly and habitually violated it brings legislation into contempt. It creates a spirit of deception and hypocrisy, and compels men to do rashly and by stealth what they would otherwise do openly and above board. You cannot legislate men by civil action into the performance of good and righteous deeds."
 Similar opinions have been publicly and privately voiced by thousands of other men, high in the councils of nation, state and church—who have the good of their fellow men sincerely at heart.
 These men are clear thinkers. Their vision is unclouded by prejudice. They foresee that prohibition does more than strike at the personal liberty of the people. They recognize it as a menace to the stability of our institutions.
 What Cardinal Gibbons says about prohibition in large cities is equally true of smaller cities and towns and of states. But the ill effects of prohibition are more far reaching than its encouragement of law violations.
It Encourages Drunkenness!
 It drives out by law a beverage which, in many respects, is the most wholesome, beneficial, and desirable the world has ever known—the harmless drink of temperate people the world over—beer. It compels the man who will drink to ship into his community—ostensibly for his own use but quite as frequently for others as well—the concentrated stimulants which are easily hidden and can stealthily be disposed of and a small quantity of which produces drunkenness.
 No, prohibition does not prohibit it. It never has and never will. It cannot. And the foregoing statement of facts furnishes just one of the many reasons why prohibition does not foster true temperance. —Paid Advertisement

S. I. Reece a printer from Stephenville, is visiting his uncle Mr. Hamlett of Meadow, for the benefit of his health. Mr. Reece called at The News office Friday of last week and was very much interested in our shop, especially in the diamond news press, the like of which he had never seen before. Mr. Reece complimented us highly on our paper, our town and our county.

J. V. Dyer of Edith was in Tahoka the first of the week having a time with his brother school trustees.

County Judge Stokes mentioned to The News man one day last week that he wished we would stir the citizens of Tahoka up to having seats made and placed in the court yard for the convenience of the general public who might want some place to rest especially during our trades days, there being practically no accommodation for the weary ones. We did not wait until the paper could be published again but spoke to Mr. Bouschelle about the matter and engaged him to build one for The News and now he has made a sample and several firms will have these seats made, with their painted thereon, thus bringing the public and the merchant into a closer touch and again putting one over on the mail order house, even the printing mail order house, for who ever heard of an outside mercantile or printing concern doing any thing for the convenience of Lynn county people? The Lynn County News is ready to encourage any enterprise or do anything in its power to bring the citizens of Lynn county, the general public and the Tahoka business and professional men in closer touch and a better co-operative spirit. Lets make this a grand get-together year for Lynn county.

We Are Bound to Fall Heir to Mexico
 By the Rev. Dr. NEWELL DWIGHT HILLIS of Brooklyn

THERE ARE ONE BILLION SEVEN HUNDRED MILLION DOLLARS INVESTED 'N MEXICO NOW, AND THIS AMOUNT IS BOUND TO INCREASE RAPIDLY. WE ARE GOING TO FALL HEIR TO MEXICO WHETHER WE WANT TO OR NOT. I DON'T UNDERSTAND WHY EVERY ONE CAN'T SEE THIS COMING. THERE ARE ELEVEN MILLION INDIANS IN MEXICO WHO CAN NEITHER READ NOR WRITE, AND MOST OF THEM ARE DISEASED. THEY ARE DYING OFF. THERE ARE ONLY FIFTY THOUSAND PEOPLE IN MEXICO WHO CAN READ AND WRITE.

I hope that before this watching and waiting policy is over it will dawn on Washington that people who can't read and write can't vote. We don't want governmental control in Mexico, but much of our money has gone down there; much more is going. We are bound to expand, and in the natural course of events we shall fall heir to the country. Then we will have new problems.

We Are Readjusting on New Economic Basis
 By Secretary of Commerce WILLIAM C. REDFIELD

LET us as we view the business situation neither minimize nor magnify it, neither localize it nor generalize it. Let us look at the facts as they are, not in their narrow and immediate and parochial significance. California is not in distress with her **ABOUNDING CROPS**. Kansas knows no weakness in the **PRESENCE OF HER WHEAT**. New York, with nearly **EIGHTEEN HUNDRED MILLIONS IN HER SAVINGS BANKS ALONE**, faces no immediate necessity.
WE ARE FREE FROM THE TERRORS OF AN INFLEXIBLE CURRENCY. WE ARE BECOMING FREE FROM THOSE WHO MISTAKENLY THOUGHT IT WOULD BE LONG PROFITABLE TO MONOPOLIZE. WE ARE READJUSTING OURSELVES UPON AN ALTERED ECONOMIC BASIS.

I hope, and I think I may say I believe, the **DAY OF OPPOSITION** is giving way to the **DAY OF COMPREHENSION**. I do not mean that law is to be less strong or the insistence upon obedience to law less firm, but that there is coming into the minds of all a greater sense of their essential relationship and that we shall turn ere long from the industrial and transportation contests which have so engrossed us to other questions of equal or greater importance and shall come to wonder ere many years pass that we did not sooner see how much easier, better and more profitable it was to work together.

GET THE WANT AD HABIT

Acceptance of Mediation by United States
Splendid Exhibition of Diplomatic Generosity
 By Governor EDWARD F. DUNNE of Illinois

THE acceptance by this great and powerful country of the offer of mediation tendered by our sister republics in South America when we have the **WEAK, DISTRACTED AND WARTORN MEXICAN NATION** practically under our heel is one of the most magnanimous exhibitions of diplomatic generosity the world has ever seen.
NO ONE DOUBTS THAT WE COULD CRUSH MEXICO LIKE AN EGG SHELL IF WE SAW FIT SO TO DO. THE STRONG CAN AFFORD TO BE GENEROUS. THE ACCEPTANCE OF MEDIATION WILL TEND TO AVERT A ONE SIDED WAR AND REDOUNDS TO THE GLORY AND GENEROSITY OF A GREAT, JUST AND PEACE LOVING NATION.

It marks in history the **BEGINNING OF THE END OF WAR, THE COMMENCEMENT OF DISARMAMENT** and the **INAUGURATION OF ARBITRAMENT** among the nations of the earth.

Support American Schools In China and Thereby Stimulate Trade
 By H. B. GRAYBILL, Principal of High School, Christian College, Canton, China

MOST of the modern education in China has been done by American missions. An article on "Commercial Possibilities" in the China Press, referring to this, says, "America is **BEGINNING TO DERIVE BENEFITS FROM HER DISINTERESTED AND ALTRUISTIC EFFORTS**." Captain Fitz-Hugh called the attention of the British Engineers' association to the importance of such a fact as this, "The Young China party is composed almost entirely of returned students from America imbued with the idea that **NOTHING IS GOOD EXCEPT WHAT COMES FROM AMERICA**."
THE MAJORITY OF THE BEST SCHOOLS IN CHINA ARE AMERICAN MISSION SCHOOLS. THE QUESTION IS WHAT AMERICA IS GOING TO DO TO STIMULATE AND STRENGTHEN THIS FORM OF PHILANTHROPY, WHICH, IN THE END, IS SURE TO BRING LARGE RETURNS TO AMERICAN TRADE AND WHICH HAS ALREADY BEEN ONE OF THE MOST POWERFUL FACTORS IN CEMENTING THE FRIENDSHIP OF THE CHINESE AND AMERICAN PEOPLES.

Vera Cruz Subject to Such Law as Occupying Power May Enact
 By FREDERIC R. COUDERT, International Law Expert

DURING the occupation of Vera Cruz the inhabitants of such territory become subject to such law as the occupying power may choose to enact. As a matter of fact, the military officers of the United States in occupying territory are bound by the military code and the instructions for armies in the field, which instructions are based upon Professor Lieber's instructions contained in general orders No. 100 and which were in force during the civil war.

THE PROPERTY OF THE INHABITANTS AS FAR AS CONSISTENT WITH MILITARY NECESSITY AND THEIR PERSONAL LIBERTY IS TO BE RESPECTED.
THE ORDINARY MUNICIPAL LAW RULES AND REGULATIONS ARE CONTINUED IN FORCE AS FAR AS THEY CAN BE CONSISTENTLY WITH EFFECTIVE MILITARY CONTROL. THE LOCAL AUTHORITIES ARE USUALLY CONTINUED IN THE EXERCISE OF THEIR ORDINARY FUNCTIONS, BUT THIS MUST BE DONE WITH THE PERMISSION OF THE OFFICER IN COMMAND. SUCH TERRITORY IS DIRECTLY SUBJECT TO THE ORDERS OF THE PRESIDENT OF THE UNITED STATES AS CHIEF EXECUTIVE.

The government in Cuba for years was a military government of the United States directed from Washington, and such was the government carried on in the Philippines until congress enacted there a local government independent of the military government.

Trip Across the Atlantic by Air Will Come Far Sooner Than Majority of People Think
 By CLAUDE GRAHAME-WHITE, Aviator

Photo by American Press Association.

IT REQUIRES NO GIFT OF PROPHECY TO SAY THAT WITHIN TWENTY YEARS WE SHALL BE ABLE TO CROSS THE ATLANTIC IN FIFTEEN HOURS. IN 1934, THAT IS TO SAY, IT WILL BE POSSIBLE TO LEAVE LONDON ON FRIDAY AFTERNOON IN A LUXURIOUS AERIAL PULLMAN, WHERE ONE CAN EAT AND SLEEP IN COMFORT, AND REACH NEW YORK THE FOLLOWING MORNING. ONE WOULD LEAVE AMERICA ON SUNDAY AFTERNOON AND BE IN LONDON ON MONDAY MORNING WITH NO MORE INCONVENIENCE THAN GOING TO PARIS OR SCOTLAND FOR THE WEEK END NOW. IN TWENTY YEARS' TIME THE MAN OR WOMAN WHO HAS NOT TRAVELED BY AIR WILL BE IN EXACTLY THE SAME POSITION AS ONE WHO HAS NEVER BEEN IN A TRAIN TODAY.

There is no doubt that we shall have aerial vessels of the heavier than air type of the size of the Mauretania, carrying three thousand and four thousand passengers. They will cross the Atlantic in a day with the safety and certainty of an express train. I hope to cross to New York in this way myself one day. It will come far sooner than the majority of people think.

THESE CHANGES MUST TAKE TIME, BUT I AM CONVINCED IT WILL BE SHORT. THE FIRST PRINCIPLE HAS BEEN ESTABLISHED. IT IS AS SAFE IN THE AIR AS ON THE GROUND TODAY. THE REST IS MERELY A MATTER OF NATURAL EVOLUTION. IT IS ABSURD, NATURALLY, TO SAY THERE ARE NO MORE PROBLEMS TO BE SOLVED. THERE ARE, BUT THEY ARE NOT SO DIFFICULT AS WAS THE INITIAL ONE OF ACTUAL FLIGHT.
