Tahoka, Lynn County, Texas, Friday, March 18, 1921

Number 28

W. J. Crouch Writes on Farm Life

Editor News:
The daily press, farm journals and the prosaic bulletins of the Agricultural Department devote columns to the conditions of farm life, and the relation of farming to the industrial interests of our country. Quite a lot of the "dope" being printed and scattered broadcast would lead one to believe that farm life was dead from the neck up; no kicks left in it! Oh, what a lot some folks have got to learn! They ought to spend a while out in the country. See the simple life exposed—Get next to nature—and watch us old Rubes tear the veil of secrecy from the romance of rural life. Righteousness in the great comedy, which we are pulling off, "Down On The Farm."

Gentle reader, did you ever pause long enough to consider what a potential factor the business of farming plays in the economic and industrial life of our nation, and especially in West Texas and particularly the Plains country, where the resources are almost exclusively confined to farm products and its kindred relation of stock raising? We have many thriving towns and cities scattered over the Plains; blocks of brick buildings, paved streets and concrete walks, banks, mercantile establishments, and all lines of business are conducted in the most approved and up-to-date methods. Steel rails span the distance and locomotives carry the traffic to all points; yet without the humble farmer and the products of his toil, ever line of business would languish and the doors of the banking houses would soon be closed. The merchant would soon box up his wares and seek a more congenial location. Bats would soon build in the least business houses and grass would grow in the streets, traffic would cease on the railways and a general reign of ruin and desolation would result.

In Lynn county farming is almost in its infancy. Yet enough has been demonstrated to prove that with normal and ordinary conditions, prodigious crops can be produced, and tons of grain, cotton, cattle, hogs and their live stock be profitably grown and prepared for market, when prices are high enough to justify the labor and expense.

The year of 1920 proved a Waterloo to the West Texas farmers. It reached behind a bumper crop of cotton and all the cereals and surrounded by pastures green and fat cattle and thrifty porkers—he went down in defeat, and his products yielded him nought, so far as the long green" was concerned.

The Lynn County farmer didn't join the Bolsheviks. He didn't quit work and "strike." He's still on the job—He's not a slacker; in the matter of paying debts and taxes he may still be in the trenches, but he "going over the top" and the good year 1921 will find him in the front lines.

It sometimes takes adversity and defeat to check our recklessness. The farmer is not a financier. He can't stand too much prosperity. When the flood tide comes the bankers after silk shirts like his wife's and family take in the movies; he even so far forgets himself as to indulge in a swell dinner at the cafe and smoke an after dinner cigar. But when the bottom falls out and something "drops," he comes to himself like the prodigal son of old. He dons his overalls, takes another hitch on his suspenders, gets back into his natural element and something happens." He can recover quicker from a bad case of the blues than any specimen of the human species. He's the most optimistic creature that walks the earth. He is the fellow that makes the wilderness blossom as the rose—dots the Plains over with beautiful farm houses, plants orchards, groves and beautifies the earth with fields of waving grain and beehives of cotton. He, it is, who at his feet under a dining room laden with fresh, crisp, home-grown vegetables, ham meat, fresh eggs, corn bread, buttermilk and good old turnip greens—all products at home—he rolls his hot cakes in sorghum molasses and home-churned butter, works early and late, never gets rich; nor has the gout.

The balance of mankind don't know his just dues. He knows the value of his true worth, nor pay More anon.

W. J. CROUCH.

P. W. Williams, of Yoakum county, as a business visitor here the latter part of last week.

Tom Tuggle, of Comanche county, was visiting old friends here the past week, and was the guest of B. Hatchett and family.

Dud Arnett, residing in the northeast part of the county, was attending district court here the past week.

George Woods, residing in Floyd county, was a court visitor here the last week.

Mr. and Mrs. Jim Hutto and children, of Lorenzo, were visiting relatives in Tahoka the past week.

S. B. Hatchett, one of the directors of the West Texas Chamber of Commerce, left Sunday for Abilene, Texas, where he went to attend a calling of that body, which met Monday.

M. H. Herring, who has spent the last week in Tahoka attending to business matters, returned to his home in Dallas Sunday. Mr. and Mrs. Frank Weaver carried him to the post, where he caught the south-bound train.

Phebe K. Warner Spoke in Tahoka Last Friday

Phebe K. Warner, of Claude, Texas, addressed a good sized audience at the Methodist church Friday afternoon, under the auspices of the Tahoka Chamber of Commerce. Mrs. Warner is well known as a talented speaker and writer and needs no introduction at our hands.

Rev. James H. Hunt, pastor of the First Baptist Church, in a few well chosen words, introduced the speaker of the afternoon. Her subject was principally on the line of school work in the rural communities, and many plain facts were dwelled upon at length, which was good food for thought for those who had the pleasure of hearing her.

Mrs. Warner stated that she had lived on the plains of Texas some twenty-three years; her husband was a doctor, and she had learned a great deal about human nature, and had learned many of the needs of the country people and people of the smaller towns. She stated that only one child out of three finished their high school education, and only 6 out of 100 high school graduates, the principal cause of which was the crowded condition of the Texas schools. The people are too stingy with their money for school purposes, and throw fits about a little school tax, yet she stated they smoke forty billion cigarettes and cigars a year at a cost of eight millions of dollars a year; the women smeared fifty million dollars worth of powder, etc., on their faces. All in all, the speaker stated the American people are the most extravagant people on earth.

She plead for better homes, better schools, and the result would be a better state and a better nation.

Owing to the session of the district in which a murder case was pending for trial, the crowd was not as large as would have been otherwise.

It is to be regretted that every parent and child in Lynn county could not hear Mrs. Warner make this address.

Railroads Have Not Arranged for Time Change

There is no evidence of hurry about changing from mountain to central time on the part of the railroads. No orders to make the change have been received, said Frank E. Edwards, assistant to the Santa Fe general manager, Saturday. After the change is determined upon it will take four to six weeks to arrange a new schedule and have new time cards printed, so the change to central time is a few weeks in the future yet.—Amarillo Daily News.

W. T. Rayborn, of the Fuller Gin Co., was here Tuesday.

BORN to Mr. and Mrs. Chas Tunstall, at Eastland, Texas, March 11th., a girl.

J. F. Carter, Jr., of Waco, was here this week visiting relatives and friends.

Mrs. Claude Wells, accompanied by her niece, Miss Thomas, who has been visiting the family here, left Sunday via Post, for Brownwood.

W. M. Hillard of Caldwell, private lawyer for the State in the Carter murder case, spent Monday and Tuesday here.

Geo. M. Boles, prominent stockman, residing near Lubbock, was attending to business matters in Tahoka Tuesday.

Lud Williams, prominent attorney, residing at Waco, was in Tahoka several days the past week, attending the session of the district court, he being one of the lawyers employed by the defense in the case of the State of Texas vs. R. A. Carter.

District Court Grinding on Second Week

The District Court, which began its spring session in Tahoka the 7th inst., will likely come to a close Saturday. The court recessed on Tuesday of this week, but reconvened Wednesday morning. The case of the State of Texas vs R. A. Carter, came up for trial Friday. After spending three days in an effort to secure a jury, lawyers for the defense filed a motion for a change of venue, which was granted by the court, and the case will come up for trial at Lamesa, the 28th day of March.

Carter is charged with the murder of Oliver P. Storm, in Tahoka last August. It is alleged that the dispute arose over the payment of a labor debt. The case has attracted wide attention, and the district court room has been crowded to capacity while the examination of jurymen was in progress.

W. S. Moore and family left Saturday for Colorado City, where they will make their future home. This excellent family have many friends here who regret their departure from our midst. Mr. Moore was formerly manager of the McAdams Lumber Co. in Tahoka.

County Judge Elliott, and Commissioners, Armstrong, Bartley, Busby and George, went in a body to Lubbock Wednesday, where they met in conference with the commissioners from Crosby, Garza and Lubbock counties to settle on the boundary lines of these four counties.

HONEY-DENTON BOXING BOUT CALLED A DRAW

The Honey-Denton boxing contest, which was held in Lubbock last Friday night, was pronounced a draw at the end of a nine round battle, by the referee. The preliminaries between Messrs. Floyd and Brown, resulted in a knockout by Floyd in the second round, Brown failing to deliver the proper punch in either round.

The free-for-all contest between five negroes, furnished much amusement for the fans, a big burly son of Ham winning the bout by knocking three darkies "cold," who were counted out, and the little negro made his escape through the ropes before he received the fatal knock-out punch.

The main bout was exceedingly interesting throughout, and was pronounced by all as a clean boxing contest that satisfied all who were in attendance. Honey was inclined to clinch with his opponent, Denton, at every opportunity, and in this manner succeeded in getting in a few hard punches. Denton took the lead throughout the battle and succeeded in landing many good punches to the body and face. Honey was on the defensive and was not content to fight openly. Denton, of Tahoka, has never trained to fight in the clinches and was therefore at a disadvantage, he being used to a break by the referee when a clinch was made. Honey was from 10 to 15 pounds heavier than Denton, which also was quite an advantage. He also has had much more experience in the boxing game. About one hundred persons, many of them ladies, attended the bout from this city.

PEOPLE OF OUR TOWN

Observe Oswald Stupid, the Stone Age Advertiser, helping make the Town Beautiful by tacking Signs all over Everything. Before Newspapers were invented, this was considered Keen Advertising, but Not No More. Did you ever see Anybody carrying a Telephone Pole home to Read the Ads on it?

Ladies Invited to Make Use of Rest Room

The honorable commissioners of Lynn County, announce that the rest room in the northeast corner of the basement at the court house, is now ready for occupancy and will be glad for the ladies who come to town from various parts of the county to feel perfectly free to make use of it and make themselves at home.

The room is furnished with a dining table and chairs, two cribs for the babies, dresser, library table, rockers, dufold and two rugs.

The commissioners are to be complimented in being so thoughtful of the ladies and children who spend the day here, and for their good judgment and wise selection of the furnishings.

New Second Hand and Upholstering Business

Messrs. J. Murphy and Dell Williams, have established a second-hand furniture and upholstery store on the southwest corner of the square, a notice of which appears elsewhere in this issue of the News. Mr. Murphy has charge of the furniture department, while Mr. Williams is looking after the upholstery work.

A. M. Sullivan came in from Eastland Wednesday, and will spend few days here with his family.

Marshal Swan, erstwhile Tahoka citizen, who has spent the past few months at Eastland, came in Wednesday.

Mrs. B. C. Howell and daughter, of Dallas, are the guests of her mother, Mrs. H. M. McCormack.

Church Notes

Contributions From all Denominations are Invited Under this Head.

BAPTIST CHURCH

Our work continues to grow, and the evangelistic fires are beginning to burn. Our hearts were made to rejoice when seven fine girls came forward and accepted Jesus Christ as their personal Savior last Sunday in the evening service. During the last month there have been ten people saved in our regular Sunday evening services. Unto the Lord give all the praise. We have enrolled in the Sunday School to date 143. If you do not attend S. S. anywhere, we extend you a cordial invitation to attend our school.

JAMES H. HUNT, Pastor.

M. E. CHURCH

S. S. 10 a. m., preaching 11 a. m. Evening services, Epworth League 6 p. m., preaching 7 p. m. Themes for these services are: Sunday morning, "The Crown of Creation." Evening, "Heavenly Citizenship."

W. C. Hinds, pastor

Jesse May, brother of our fellow townsman, J. C. May, the jeweler, arrived in the city Monday, direct from St. Louis, where he had been attending a jewelry school. He will be associated with his brother in business here. The News is glad to welcome this splendid young man to become a citizen of Tahoka.

Messrs. Happy Smith and Ben King returned Sunday from Houston, where they attended the general convention of the Woodmen of the World. They report a very pleasant trip, outside of the heavy rains which fell in that section during the trip. Several thousand delegates were in attendance.

Tahoka Odd Fellows Give Banquet

J. S. Wells Loses Barn By Fire--Calf Burned Up

J. S. Wells, who resides in the southwest part of town, had the misfortune to lose his barn and contents by fire Monday morning about eleven o'clock. A quick response was made when the alarm was turned in, and a large number of men and school boys rushed to the scene of destruction, but the flames had gained too much headway to save the building, and all that could be done was to keep the residence, which was close by, from catching fire. The wind was fortunately in the south, and this alone saved the residence. A Holstein calf in the barn was burned to death; also five tons of maize and five hundred bundles of cane went up in smoke. Mr. Wells received painful burns about the hands in attempting to save the calf from the flames. The barn was partially insured. Mr. Wells stated that he had removed his ear from the barn earlier in the morning to have some repair work done, or else it would have been lost. The origin of the fire is unknown.

Cleve Glover was here from Lubbock this week.

Rev. J. Pat Horton, of Post, spent Tuesday in Tahoka.

BORN to Mr. and Mrs. D. H. Rudder, Tuesday, March 15th., a girl.

Attorney Johnson of Snyder, attended district court here the first part of the week.

Judge G. E. Lockhart, transacted business matters in Austin this week.

Mrs. A. B. C. Ivey returned to Lamesa Monday, after a visit with her brother, S. W. Hawthorne, of Ragtown.

Homer St. Clair returned Monday from Hamlin, Texas, where he spent several weeks visiting with his parents.

Douglas Henderson came in from Breckenridge the first of the week on a visit with home folks.

Mr. and Mrs. Joe Pennington, who reside near Post, were business visitors in Tahoka Tuesday.

Mrs. W. R. Spencer, of Lubbock, spent Saturday and Sunday in Tahoka. Mrs. Spencer came down to be with the Judge, who is presiding over the present session of the District court.

Mr. and Mrs. W. M. Harris motored to Colorado City, Friday, in response to a message stating the serious illness of Mrs. Harris' brother's baby. Mr. Harris returned Saturday, but Mrs. Harris remained to assist in the nursing of the child.

Mrs. O. M. Shook returned to Dallas, Tuesday, after visiting in the Crie home the past ten days.

Notice!

To The Membership of The First Baptist Church, of Tahoka.

You are urged to be present next Sunday at 11 a. m., being March 20th., to decide whether or not we will purchase property located on Main street, north of the square, for the purpose of erecting a new church building.

JAMES H. HUNT, Pastor.

The Tahoka Lodge, No. 653, I. O. O. F., met in regular session Tuesday night, March 15th and entertained several Odd Fellows from other lodges with a supper at the St. Clair Hotel, when they arrived, and with a midnight, or to be exact, a One-thirty lunch at the Cathcart Cafe. Four candidates were given degrees as follows: G. C. Woods, J. M. Simpson, Tahoka, Glen Durham, Lubbock, F. G. Eden, Slaton.

We give below a list of members present, both local and visiting.

LUBBOCK, 609
E. E. Richardson, W. M. Smeed, E. L. Green, P. W. Cume, C. A. Osland, L. P. Christian, J. R. Bolling and S. M. Delaney.

LOUISVILLE, TEXAS, 224.

Newton Gentry, Nick Gentry, W. F. Chiestry and E. E. Self.

WELLINGTON, KANS., 133
Keith E. Crouse.

SLATON, 861

J. W. Short, Lon Hoffman, F. H. Hoffman, J. E. Davidson, T. C. Richardson, T. N. Austin, R. Gentry, G. L. Sledge, R. H. Tudor, J. S. Stewart, F. B. Williams, J. H. Hood, W. E. Kerchend, M. G. Leavrett, J. W. Lambe and L. B. Hagerman.

We will meet again next Tuesday night, and invite all Odd Fellows to meet with us and especially invite all ancient members to reinstate with us.
H. C. Crie, Sec.

FARM LOAN SECURITIES MEET

Panhandle Federal Farm Loan officials met in Amarillo last Tuesday, in response to a call from President M. H. Gossett, of the Houston Farm Loan Bank.

This was the first meeting of the farm loan secretaries since the injunction proceedings which stopped the issuance of loans about a year ago and the resumption of business was greeted most enthusiastically by some forty Panhandle secretaries in attendance.

Mr. Gossett told the representatives that arrangements were under way for the sale of \$60,000,000 worth of the bonds and the State of Texas will get \$7,000,000 of this amount. The Federal Farm Loan secretaries of the State have on hand approved applications to the little folks, we catious for \$3,000,000 in loans which will be allowed at once and it is expected that the remainder of the Texas apportionment will be taken up in a short time by the farmers desiring loans.

Of the \$40,000,000 put out in the State since the Loan law went into effect, \$8,000,000 or one-fifth came to the Panhandle. The average loan for this section is between \$4,000 and \$4,500, while over in East Texas the loans range from \$500 to \$1,000.

The Federal Farm Loan Bank has saved the farmers of Texas \$1,000,000 a year in direct interest and as much more by reducing the rates of other loan companies. Further than that, the amortization feature provides that a part of each annual payment be applied on the principal so that at the end of thirty-four and one-half years, the entire debt is wiped out.—Southwest (Amarillo) Plainsman.

Messrs. J. V. Dyer, president, and P. H. Northcross, secretary of the Federal Farm Loan in Lynn County, attended the above meeting, returning home the latter part of the week. They were quite enthusiastic over the brilliant prospects ahead, since the injunction proceedings had been lifted.

Dr. and Mrs. C. B. Townes were Lubbock visitors Monday.

Misses Ethel May Whipp and Ophelia Millman, of Lubbock, spent the week end with Mr. and Mrs. Jas. Millman.

Rev. and Mrs. W. C. Hinds, accompanied by Mrs. E. S. Davis, motored to Lubbock Monday.

F. R. Crews, prominent citizen of Wilson, was here this week attending court. He enrolled as a regular reader of the News.

IMPORTANT LETTER

SARATOGA, TEXAS.—"I firmly believe there is not a medicine on the market today that will do more for women who are broken-down in health than Doctor Pierce's medicines. A year ago I tried several kinds of medicines but none seemed to do me any good. I got so poor and weak I could hardly do my housework. I suffered from loss of appetite, headaches, constipation, shortness of breath, also functional disturbances. Sometimes I would have spells of indigestion. At last I took three bottles of Dr. Pierce's Favorite Prescription, some of the 'Golden Medical Discovery' and two vials of 'Pleasant Pellets' and now I can truthfully say I am in better health than I have been for several years."—Mrs. MINNIE COMER. All druggists. No alcohol or narcotics.

Bad Stomach Sends Her to Bed for 10 Months

Eatonie Gets Her Up!

"Over a year ago," says Mrs. Dora Williams, "I took to bed and for 10 months did not think I would live. Eatonie helped me so much I am now up and able to work. I recommend it highly for stomach trouble." Eatonie helps people to get well by taking up and carrying out the excess acidity and gases that put the stomach out of order. If you have indigestion, sourness, heartburn, belching, food repeating, or other stomach distress, take an Eatonie after each meal. Big box costs only a trifle with your druggist's guarantee.

CLOSING HOURS OF SOLONS VERY ACTIVE

THE TEXAS LEGISLATURE HAS APPROPRIATED A TOTAL OF \$13,000,000.

NEFF SENDS ANOTHER LETTER

Governor Addresses Speaker Asking Consideration of Bill on Convict Testimony.

Austin, Texas.—Almost on the eve of adjournment, the thirty-seventh legislature speeded up and disposed of a number of bills, passing most of them and killing a few outright. Many were given the death blow by being kept on the calendar and not allowed to come before the house.

For the first time this session the house reported to the time-worn custom of turning back the hands of the clock. Subsequently events made the tinkering with time unnecessary, as a concurrent resolution was adopted extending the time until midnight Friday.

With the passage of the bill appropriating \$3,000,000 to supplement the available school fund and counting the \$4,000,000 rural aid bill passed, this legislature has appropriated approximately \$13,000,000, as final passage was also given the bill appropriating \$35,000 for vocational training. The governor has thus far vetoed \$500,000 and is to pass on much more. The grand total appropriations of the regular session will go to \$14,000,000 and probably more. One university bill, that passed by the senate, carries \$1,500,000, while the house bill calls for \$100,000, so the aggregate of appropriations is certain to be raised \$1,000,000 and maybe more.

In addition to the \$14,000,000 the special session will consider general appropriation bills aggregating \$24,000,000, or a grand total of \$38,000,000 and Chairman Satterwhite says the state revenues and balances for the next two years will not exceed \$34,000,000, so there is going to have to be some skimping.

Thus far the legislature has passed only one bill strongly recommended by Governor Neff.

In a letter to Speaker Thomas, the governor says he has seven applications pending to pardon convicts in order to enable them to testify to avoid pardoning them, but at the same time desires a way in which their testimony can be had. Speaker Thomas replied, advising the governor that he would do all he could to have the bill considered and the motion to take up the bill was voted down.

ALLIES' INVASION MAY NOT FORCE INDEMNITIES

Action Believed Likely to Increase Obstructive German Tactics.

London.—France has been unceasing in her efforts to force the entente into making effective the penalties prescribed by the Versailles treaty for the nonfulfillment of the reparation terms. It was France's victory at London when Lloyd George swung the French policy and the order for the occupation of the Rhine went forth.

But with the enforcement under way the general attitude of the entente over the whole proceedings has become somewhat dubious. There is a growing belief in many quarters that the London conference, rather than settling the reparations question in a clear-cut manner, has still further muddled the situation.

Predictions are freely made that the enforcement of penalties will result in further commitments, at the same time increasing rather than diminishing the hostility and obstructive tactics of the entire German nation against the provisions of the peace treaty.

Another unsatisfactory phase lies in the military situation. The failure to date of Italy to co-operate in the infliction of penalties gives rise to the prediction that Storza is contemplating individual action similar to that followed by Italy regarding Russia.

GAS CONSERVATION IS BEING INVESTIGATED

Dallas.—Whether the gas resources of Louisiana will be used for the manufacture of carbon black or conserved for domestic and industrial users will be determined largely by the report of an investigation now being made under the direction of H. W. Bell, supervisor of the United States bureau of mines, with headquarters in Dallas. The inquiry is also expected to decide whether the gas shall be piped to New Orleans and other cities of Louisiana for heating and fuel or utilized to generate current for the same purpose at the source.

Railways To Reduce Wages.
Chicago, Ill.—Wage reduction proposals affecting thousands of men were officially announced Thursday by practically every western railway with headquarters in Chicago.

Fraternity Men To Meet.
Dallas.—Representative college men from all parts of the country are expected in Dallas next December to attend the general convention of the Kappa Alpha Fraternity, the first one held west of the Mississippi river.

DANGER SEEN FOR BIG STATE DEFICIT

CHAIRMAN HOUSE APPROPRIATIONS COMMITTEE URGES STRICT ECONOMY.

Austin, Texas.—According to Chairman Lee Satterwhite of the house appropriations committee, it is going to be a problem for the legislature to find sufficient funds to meet all the appropriations made and to be made by the thirty-seventh legislature.

His figures show that the appropriation demands are about to exceed the available revenues. This means, he says, that the special session, which is to make the large general appropriations will have to proceed cautiously in order that a deficit in state revenue may be avoided. Up to this time the current or regular session has appropriated \$10,404,116 of which \$500,000 has been vetoed. Not included in the total is the \$1,500,000 carried in the senate bill for additional land for the university. The house bill carries \$1,000,000, therefore the total is to be swelled by at least \$1,000,000.

Thus far the legislature has appropriated \$225,000 for its own expenses, \$68,200 to pay deficiency claims against the state, \$1,500,000 for the American Legion hospital at Kerrville, for tubercular soldiers, \$300,000 for the negro tubercular sanatorium, \$30,000 for the soldiers' monument, \$4,000,000 for aid for rural schools for the next two years, when the senate concurs; \$100,000 miscellaneous claims against the state, \$200,000 to pay wolf scalp bounty and \$2,880,916 for the judiciary for the next two years. The negro hospital and bounty bills were vetoed, leaving net appropriations of \$9,964,116.

In addition to its own expense of probably \$150,000, the special session will pass the three general appropriations for the departments, eleemosynary institutions and educational purposes, totaling about \$24,000,000, according to Mr. Satterwhite. Therefore, the total appropriations will be right near \$25,000,000.

Mr. Satterwhite says the state will have \$34,885,000 available, but that it is the outside amount.

WAGE REDUCTIONS ARE ANNOUNCED BY PACKERS

Chicago, Ill.—Wage decreases of approximately 12 1/2 per cent, affecting more than 100,000 employees of the packing industry in all parts of the country is officially announced. The reductions are effective on March 14.

At the same time there will be a revision of working hours' time and one-half for overtime being paid only after ten hours' labor in any one day, or after fifty-four hours in any one week. Double time will be paid for Sundays and holidays.

The new wage scale reduces the wage rate of all hourly-paid employees 8c per hour. The piecework rates are reduced 12 1/2 per cent. At present the lowest rate paid labor is 53c an hour. Under the new scale this will be cut to 45c. The minimum wage guarantee for forty hours' pay per week will be continued.

It was also announced that the packers are now working out plans to establish closer relations between the workers and the management of the various plants, with a view to giving the employees a voice in all matters of mutual interest.

Texas Publishers Will Meet In April

Dallas.—Members of the executive committee of the Texas Daily Publishers' Bureau met in Dallas Tuesday and outlined plans for the semi-annual meeting of the bureau here April 15. Special attention will be given at the convention to the paper, advertising and labor problems confronting publishers of daily newspapers in the smaller cities of the state, according to Sherwood Spotts of Bonham, chairman of the committee. The bureau was organized about a year and a half ago.

Creager To Draw Place In Mexico

Washington.—President Harding has practically decided upon the country's ambassador to Mexico, according to information source and the appointment at the proper time is to be tendered to R. B. Creager of Brownsville, vice chairman of the Texas republican state committee. Mr. and Mrs. Creager and Mr. and Mrs. F. E. Scobey of San Antonio are in Washington, and have been recipients of invitations to the White House.

Committee Reports Colombian Treaty

Washington.—The Colombian treaty was reported formally to the senate Monday by the foreign relations committee, but without announcement as to plans for its consideration. The action was routine, the committee being required to return the treaty, which provides for a \$25,000,000 payment to Colombia, to the senate calendar. No committee vote was taken and no amendments made.

Nationalists Take Strong Port

London.—Turkish Nationalist forces have occupied Batum, says a Reuters dispatch from Constantinople.

Japan Wants 40,000,000 For Navy

Tokio.—The government has requested from the diet an additional appropriation for defense, amounting to 50,000,000 yen. Of this sum 40,000,000 yen is asked for the navy to meet the increased cost of the construction of warships.

FOCH'S TROOPS TO INVADE GERMANY

ALLIED TROOPS ON WAY TO ENFORCE DEMAND FOR PAYMENT.

Paris.—Allied troops are encamped in three of the most flourishing cities of western Germany, Ruhrort, Duisberg and Dusseldorf, to remain there until Germany pays or promises to pay the reparations demanded by the supreme allied council.

Moving into Germany without opposition, without even the open grumblings that have been expected from the inhabitants, British, French and Belgian soldiers of all branches of service poured over the roads and accomplished the task set for them by Marshal Foch in less than twenty-four hours from the moment the order went forth at London.

London.—Allied troops under orders of Marshal Foch are now marching toward the Ruhr in a new invasion of Germany.

The refusal of Dr. Walter von Simons, German foreign minister, either to accept the Paris reparations agreement or to offer a substitute acceptable to the allies, brought immediate military action. The Germans were notified at 4:30 o'clock Monday afternoon that their counter-proposals could not be considered. Within two hours the supreme allied commander had issued orders for the troop movement.

The British war office ordered a detachment of British troops from the Rhine army to proceed to Dusseldorf.

The allied drive will be directed against Ruhrort, Dusseldorf and Duisberg, under the strategic plan adopted by allied military leaders, who met Monday afternoon at the French war office with President Millerand and officials of the French war office in attendance.

The immediate German reply to the enforcement of penalties, which have been threatened ever since the Paris conference in the event of Berlin's refusal to meet the allied terms, was an appeal to the council of the league of nations.

"Germany is not a member of the league," said Von Simons, "but she has signed the pact. I therefore appeal to the league in the name of the German government against the imposition of the penalties with which we are menaced."

The German leader communicated with Berlin immediately after the final session of the conference, notifying his government of the steps to be taken by the entente.

Washington.—There has been no official expression of opinion from the new administration on the situation, and leaders, therefore, are hesitant about discussing it, but it was indicated there will be no change in policy from that lately assumed by President Wilson. Wilson's attitude was that the United States is not concerned in enforcement of a treaty to which she is not a signatory, nor in the collection of reparations in which she will in no way share.

HARDING WILL CALL CONGRESS IN APRIL

Washington.—President Harding has announced that the special session of congress would be called not before April 4 and might be a week later.

The announcement was made after a White House dinner, which republican leaders of the senate and house attended.

The president said this was the beginning of a program of co-operation. Various subjects were discussed, he added, in an attempt to ascertain the important bills to be taken up by the next congress.

After the conference had broken up and his guests had departed, the president came out on the front porch of the White House to talk to the newspaper correspondents, about fifty of whom were present.

Asked about the special session, the president said: "I can only say to you that it will not be earlier than April 4, and it might be possibly a little later."

Governor Neff May Take Stump

Austin, Texas.—Gov. Neff may go on the stump between the regular and special sessions of the legislature in advocacy of his policies as defined in his recommendations to the legislature, to which small response was made. The governor was asked to outline his plan and he refused to give any information at this time, saying he had not announced plans to anybody and that he was not admitting he intended going to the people on his difficulties with the legislature.

Kronstadt Taken by White Forces

Helsingfors.—The former Russian capital, Petrograd, and the naval station at Kronstadt and portions of Moscow have fallen to White rebels, according to reports reaching here.

\$170,000 Damage Caused By Fire

Dallas.—Fire discovered at 9 o'clock Monday night in the Aetna Bonded Warehouse and Storage company building destroyed the stock of the company, valued at \$150,000, and caused damage estimated at \$20,000 to the building before it was brought under control. Three alarms brought every available fire company to the scene when adjoining buildings were seriously threatened. Effective work by the department kept the fire confined to the warehouse.

DARLING BABY BRIGHTENS HOME

Children's Laughter a Pleasing Sound

Altoona, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I had six children die almost at birth. From one hour to another ten days is all they lived. Before my next was born I took a dozen bottles of your Vegetable Compound, and I can say that the greatest medicine on earth, for this baby is now four months old, and a healthier baby you would want. I am sending you a picture of her. Everyone says 'That is a very healthy looking baby.' You have consent to show these lines to anybody."—Mrs. C. W. BENZ, 121 3rd Avenue, Altoona, Pa.

Mrs. Janssen's experience of interest to childless wives. Millston, Wis.—"I want to give you a word of praise for your medicine. We are fond of children, and for a considerable time after we were married I feared I would not have any. I began taking Lydia E. Pinkham's Vegetable Compound, and it strengthened me so I now have a strong, healthy baby girl. I suffered very little at childbirth, and I give the credit to your medicine, and shall always recommend it highly."—Mrs. H. H. JANSSEN, Millston, Wis.

Mrs. Held of Marinette, Wis., adds her testimonial for Lydia E. Pinkham's Vegetable Compound.

Marinette, Wis.—"I was in a nervous condition and very irregular. My doctor advised an operation. My husband brought me one of your bottles and asked me to try Lydia E. Pinkham's Vegetable Compound. It overcame my weakness so that I now have a healthy baby girl after having been married nine years. I am glad to recommend your medicine, and you may use my letter as a testimonial."—Mrs. H. B. HELD, 330 Jefferson St., Marinette, Wis.

There are many, many such homes that were once childless, and are now blessed with healthy, happy children because Lydia E. Pinkham's Vegetable Compound has restored the mother to a strong and healthy condition, acts as a natural restorative for ailments as indicated by backache, irritabilities, displacements, weakness and nervousness.

Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that in so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative. It can be taken with perfect safety and often prevents serious troubles.

Therefore if you know of any woman who is suffering and has been unable to secure relief and is regretfully looking forward to a childless old age, urge her to try Lydia E. Pinkham's Vegetable Compound, as it has brought happiness into so many homes once darkened by illness and despair.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

NOT REALLY SCARCE ARTICLE WHEN JEFFERSON TOOK OFF

Material Called Lamb's Fleece in Syria Merely Went by Another Name in England.

A certain young globe-trotter, possessed of more money than brains, was prevailed upon by one of the sons of the prophet to purchase at a very large price a quantity of what was described as Syrian lamb's fleece.

This, when he returned to London, he sent to his tailor with orders to line an overcoat with it. A few days after he called to try on the coat.

"You didn't send us quite enough material, sir," remarked the tailor, "and I had to get some more to line the sleeves."

"But," remarked the traveler in surprise, "it's impossible to obtain that fleece in England. It's only to be obtained in Syria."

"Not at all, sir," was the reply. "In England we call it rabbit skin."—Montreal Herald.

Willing to Hold.

"I've been reared in the lap of luxury," said a millionaire's daughter. "Try mine for a change." suggested the impetuous young man.—Baltimore American.

Don't think that every fool is capable of writing a farce-comedy.

No, Alfred, family jars do not come under the head of bric-a-brac.

Early Presidential Inauguration Which There Was an Abundance of Ill Feeling.

The first Jefferson inauguration was more drama about it than its predecessors. The President-elect received upon the parlor of the hotel by completed north wing of the capitol by Aaron Burr, whom Jefferson cordially distrusted. And the office was administered by one of his bitterest enemies, Chief Justice Marshall, who had been appointed to the office by Adams in the closing days of the administration, an act which Jefferson regarded as not only a property but a personal affront.

Then the new president was delivered his inaugural address in the most notable of all speeches. He was afterward invited to his boarding house, where he received the congratulations of the foreign diplomats and of the popular party, who rejoiced at the defeat of the Federalists.

Just as Bad. Art Critic—"Have you ever done in oil?" Vanderlip—"No, but I have in steel common."

Don't forget that an ounce of prevention is worth a pound of explanation.

SILK
Sale

SILK WEEK

SILK
Sale

Silk Fabrics, Silk Garments, Everything in Silk!

A six day selling event. We are doing something unusual. Just how unusual you will see if you come to our store every day this week. Don't fail to come for this sale is different from anything that you have ever seen. It is so big and unique that it is almost sensational. Every piece of silk, everything made of silk is involved. It is a regular silk carnival. If you want a silk dress or two, several pairs of silk hose, silk underthings,--now's the time to get them. Note the things listed below; check off the things needed, and be on hand early the day they are extra special.

PIECE GOODS

50 yds. Spool silk .09
\$2.00 Crêpe de chine \$1.49
\$2.25 Satins and Taffetas 1.79 & \$1.95
\$2.25 and 2.50 Shirtings \$1.79
\$2.00 Shirtings \$1.69
\$4.00 Foulards beautiful patterns \$2.95

Reductions like these on all other silks

Notice Saturday is EXTRA SPECIAL DAY in this section and 10% off these prices on that day.

SILK PETICOATS, GOWNS AND TEDS

\$12.00 values 9.95
\$14.00 values 10.95
\$4.00 values 3.25

All other prices reduced.

Note that the special day in this department is Wednesday, when these prices are still 10% lower.

Send to Barrier's for Your Patterns.

MEN'S GOODS

65c Ties 50c
\$1.00 and \$1.24 Ties 90c
\$1.65 Ties \$1.35

Advertising Rates on Application.

Foreign Advertisers
THE AMERICAN P

1920 BROKE THE RECORD

It is the rule that, in the upward and downward movements of prices, from animals and animal products lag behind crops. So extreme was the lag in the price of animals and animal products in 1920, on account of the extraordinary fall in prices of crops within a short period of time, that the total crop value of 1920 is reckoned to be only 56 per cent of the total value of all products. In the estimate for a long series of years, this is the first crop value that has fallen below 60 per cent of the total of all products.—Southwest Plainsman.

IT WILL PAY

A banquet or "smoker" is being planned for the members of the local Chamber of Commerce at an early date. Let 'er come.—Lynn County News.

Any method of getting them together will be found highly advantageous. A "smoker" is one of the best mediums imaginable for the purpose, even if there are some among the citizens who do not "smoke."—Amarillo News.

Do They Believe in It???

The advertising rate of the Ladies' Home Journal is \$12.00 per line, or \$160.00 per inch. A full page in colors costs \$11,000. This sum is paid because business firms realize the value of publicity. We leave it with our readers if the firms who pay these prices really believe that advertising pays.

Lynn County experienced some freezing weather on Wednesday morning of last week. Quite a bit of ice is reported. The fruit

crop has not been damaged to any great extent, according to those who have made an examination since the freeze. It is hoped that this section will not experience a great deal more cold weather during the early spring months.

At the annual meeting of the Floyd County association last Monday, Rev. J. H. McCauley of Slaton, was elected associational Missionary for the Baptist church. He begins his work immediately.—Floyd County Hesperian.

THE TELEPHONE

I am the telephone. When I am not broke I am in the hands of a receiver. I have a mouthpiece, but unlike women, I never use it. Fellows use me to break dates with girls, and girls use me to break said dates. Husbands call out their wives over me. I never go out anywhere but sometimes the company takes me out, it all depends whether you pay your bill or not. I am not a bee, but I often buzz in your ear. I am the bell of the town, and while I do not wear jewelry, I often get rings. Whether I do things or not, a lot of people nail me to the wall; and I like music, but the only music I hear is chin music. I get all the popular airs, and the most popular one is hot air.—Swiped.

Denton Makes Statement Regarding Recent Boxing Contest

Honey put up a good defensive fight. The way he met my leads reflected credit to himself and his trainer. It is a well known fact that defensive boxing is not as popular with boxing fans, but at times it is necessary. I don't think he ever made a lead, and at one time when he started to bring the fight to me, he was stopped by his seconds. I am willing to meet Honey again at any time, anywhere and under any conditions satisfactory to him. As I have before stated, I can beat him on my ability to withstand and deliver more punishment. The next time Mr. Honey must fight.

JOE DENTON.

The University Interscholastic League

The University Interscholastic League Meet of the Lubbock District will be held at Lubbock, April 15th and 16, 1921, beginning at 1:30 Friday, at which time all contestants should be at the high school building to draw for places.

There will be contests in debate for high schools, girls and boys in separate divisions; tennis double and singles for both boys and girls; junior and senior declamation high school boys; junior and senior declamation for high school girls; declamation for rural schools girls and boys, junior and senior; track for boys, class A and class B; a track team can not have more than eight; and baseball.

A contestant or a contesting team must have won in the county, to enter the district meet, and must win in the district to enter the state contest.

The names of all contestants must be in the hands of the director in whose division they wish to compete by the 13th of April, together with all fees, which are twenty-five cents for each contestant who enters one event and five cents for each additional event. Each event in track will require a separate fee. Also each player in tennis and baseball must pay a fee.

Send names and fees to:

Debaters, Supt. J. W. Martin, Crosbyton.
Declamation, Supt. Jas. E. Parks, Floydada.
Essays, Supt. W. G. Sears, Hale Center.
Athletic contests, Supt. G. W. McDaniels, Olton.
Send duplicate copies of all names to M. M. Dupre, Lubbock.

Boardman Community School

AS IT WAS

AS IT IS

AS IT WILL BE

By JOHN DICKINSON SHERMAN.

LEWIS AND CLARK, 110 years ago, passed along the Columbia river on their famous expedition of exploration between the Mississippi and the Pacific. It was then a primeval wilderness, known only to the Indian. Today the Columbia highway runs over their trail. Today the government Umatilla irrigation project assures prosperity to the settler. Today is the settlement of Boardman, North Morrow county, Oregon. Today stands the Boardman community school.

This Boardman community school is but one of thousands of public schools all over the United States. Why then pick it out among so many? Because it is an object lesson of what the American public school should be, can be—and will be before many years.

The 1920 census shows that the urban population of the United States, or people living in places of 2,500 or more is 54,318,032, or 51.4 per cent of the country's total population, and the number of people living in rural territory is 51,390,739. In 1910 urban population represented 45.8 per cent.

Thus, for the first time in our history, the urban population outnumbered the rural population. It is a bad sign of the times. We have been brought up to believe that the farm and the farm home and the farmer are the foundations of our democracy. Are the foundations beginning to crumble? Apparently the country boys and girls are migrating to the city as soon as they can get away from the farm.

Why do they go to the cities? Because, as things now are, city conditions best satisfy one of the deepest of human instincts—the desire for happiness. A man or woman in the city can earn more money, work shorter hours, live more comfortably, see more of life and drink more deeply of the cup of happiness.

The country is off balance, with more people in the cities than in the country. The balance must be restored. How is it to be done? One thing that will help is to make the country more attractive. In this there are many factors. And not the least is the community center. And happy is the community where the community center is the schoolhouse.

The development of the Boardman community school in the short term of three years, from a little one-room shack with six pupils, to the modern building herewith represented, writes Principal M. B. Signs in the Reclamation Record, naturally makes the hundred pupils now attending enjoy their work, and the people of the community proud of their accomplishment. Boardman is situated on the Columbia river and highway, in the heart of the west extension of the Umatilla irrigation project, North Morrow county, Oregon. Surrounding this region is the great John Day irrigation district offering 300,000 acres yet to be developed. Naturally the people thought of the future with optimism, and planned for it in their schools. An architect, E. F. Williams of Portland, was employed and the unit plan of construction began. The center unit was first finished and used a year when the two wings were added. On the main floor are the class

rooms, office, and library of 3,000 volumes. The auditorium is in the central portion on the second story. The basement is divided into two distinct departments, the boys on one side and the girls on the other. Provision is made for sewing, cooking, dining, science, and manual training.

The grounds comprise ten acres and afford opportunity for spacious lawns, a school garden, and play grounds; and, when fully developed, a complete athletic field.

The primary function of the public schools is to make good citizens. From the standpoint of citizenship every schoolhouse ought to be a polling place. This would not only be economical but would emphasize the ideal for which the ballot box stands. We have tried this plan in Boardman and the school is the voting place. Last primary election was the last day of school. We held our election, observed the closing exercises of the school year, had a speaker on political economy from the state university, and a community dinner—a real time of good fellowship for the people of the community, young and old.

In addition to the use of the school as a polling place, all the various organizations of the community use the building and its equipment for their activities: the Ladies' Aid society, the grange, the farm bureau, Parent-Teachers' association, Commercial club, Community library, Hay Growers' association, the North Morrow County Fair association, and extension schools. About the only organization in the community that does not use the school is the church, and there is some discussion of bringing that in line where the school auditorium and class rooms and equipment might be used for religious instruction, while the small cottage church could be remodeled for a manse.

The next important step in the development of the community-center idea would be the federation of the above-mentioned organizations under a community-paid secretary with a board of directors composed of the heads of each department. Community work could then be carried on with a definite plan for all and move steadily forward in accomplishment of civic needs and betterments.

Representative M. Clyde Kelly of Pennsylvania, made a speech recently in the house on the subject of federal government aid for furthering the use of the public schoolhouse as the center of community association and activity. He said, among other things: "The unit of neighborhood in America is the public school district. The entire nation is divided into these natural communities, and in the center of each is a public building owned by all the people, regardless of all lines of class and creed and partnership and income.

The schoolhouse is the one true answer to the demand for a meeting place where by association on a common level the sense of equality may be realized and where in the power and happiness of touching elbows Americans may banish the thousand and one divisive lines of danger.

The schoolhouse is a community building because of the community of its ownership. Every resident of the community, either directly or indirectly, pays taxes for its erection and its maintenance. Such common ownership is essential for any real community purpose. Many cities and towns have recently erected separate community buildings through private contributions or have inaugurated drives to secure funds for such buildings. These are not community buildings; they are simply clubhouses for groups of the people. They are necessarily governed under rules laid down by groups, where generally the largest contributors have the greatest influence, while those who gave nothing have nothing to say.

Under the community organization any groups or clans may use the building by community permission, but no partisan or private group of any kind ought to be allowed to use the public school building except by invitation of the neighbors whose community home it is. That is the home development so needed in America; the group control is the method, in Rooseveltian phrase, of the "polyglot boarding house."

The public school plant represents the largest single investment of the American people's money. America has invested in school buildings and grounds the immense sum of \$1,983,508,818, and expends every year for school purposes \$736,678,089. That great plant is today being operated an average of but seven hours a day for 181 days a year. Is that not extravagance and waste and is it not economy to promote the wider use of the schoolhouse for every proper purpose?

The 50,000 communities of America, organized and efficient, spell democracy. It means taking the points of separation out and making U. S. spell "us." It was a vision of such possibilities which caused Charles E. Hughes when governor of New York to say at a community center meeting in Rochester: "I am more interested in what you are doing and what it stands for than anything else in the world. You are buttressing the foundations of democracy."

Co-operation in business has been practiced for years, but the greatest business in the world today is the business of being a true American citizen, and it can best be accomplished in co-operation with fellow Americans in communities which are little democracies with the public schoolhouses as their capitols.

Patagonian Game

Oddly enough, it is on the immense plain at the southeastern foot of the Cordillera de los Andes the wild horses or mustangs are easiest for and the guanaco abounds. Hither the Tehuelches travel for the hunting. The guanaco is of use to the Indians in every way. The flesh of it is excellent eating, and made into a kind of pemmican that is eaten when the tribe is on the march; the skin is used for

clothes for the toddlers; the sinews serve as a thread; the skin of the neck furnishes thongs for belias and bridles; the skin of the hough supplies them with a kind of moccasin shoe, and from the bones they cut spoons, cups, dice and make their favorite instrument.—Boys' Life.

Roses in Many Lands. Those who associate the rose prominently with England, are surprised to find mountains covered with roses

in China, bushes of them; or to see tall trees uplifting in their arms climbing roses, whose lanky stems having reached the summit, burst into flower, and roll down the other side in wave upon wave of blossom. In winter, they are beautiful, covered with orange or scarlet flask-shaped "hips." But though wild roses are far more varied and abundant in the mountains of Asia than they are in England, still England has its roses and pergolas; and it's not the rose garden surely all its very own!

MRS. BARRETTE TELLS OF SPLENDID RESULTS

Prominent New Hampshire Woman Says Tanlac Brought About a Wonderful Change in Her Condition.

MRS. AURORE BARRETTE of Manchester, New Hampshire

"Tanlac is a grand medicine, and I think every suffering woman ought to know about it," was the statement made recently by Mrs. Aurore Barrette, at her residence, 133 Second Street, Manchester, New Hampshire. Mrs. Barrette is a well known and highly respected resident of that city. "I have not felt at all well for the past year or more," she continued. "I haven't been sick enough to be in bed, but I was far from being a well woman. At times I thought I had kidney trouble, for I suffered almost constantly from severe pains across my back, just over the kidneys. Whenever I tried to do any housework at all that dull pain would be there, and if I attempted to stoop over it just felt as though my back would break. I would get so weak and worn out I would have to sit down and rest several times a day, and I felt tired all the time. "This condition made me awfully nervous, so that I rarely ever slept well at night, and every now and then I would jump in my sleep, as if in a fright, and my condition was really becoming serious. "Only two bottles of Tanlac have brought about a wonderful change in my condition. In fact, the results I have received from this medicine have really surprised me. Those terrible

pains in my back which used to trouble me every day have almost disappeared, and I am going to keep taking Tanlac until they leave me entirely. I have lots of energy now, am not only able to do my own work, but I get through the day without feeling the least bit tired, no longer nervous like I was, sleep well at night. "I shall always be thankful for what Tanlac has done for me." Tanlac is sold by leading druggists everywhere.—Adv.

Spohn's Distemper Compound
 to break it up and get them back in condition. Twenty years use has made "Spohn's" indispensable in treating Croup, Whooping Cough, Cold, Influenza and Distemper, with their resulting complications, and all diseases of the throat, nose and lungs. It is a marvelous preventive, acts equally well as a cure, and costs only 15c per bottle at drug stores. SPOHN MEDICAL COMPANY.

What to Do for CONSTIPATION

Take a good dose of **Carter's Little Liver Pills**—then take 2 or 3 for a few nights and they cleanse your system of all waste matter and regulate your bowels. Mild—as easy to take as sugar. Genuine bear signature—Bartlett's Small Pill. Small Dose. Small Price.

Soiled Bills Help Banks. The fact that nearly all paper money in circulation now is badly worn and soiled has been one of the reasons why bank deposits have increased, says an up-state banker who was in the city. "People like to handle clean, crisp bills," he said, "but are afraid of the torn, soiled ones. There is always the chance of getting some disease. Small checking accounts have increased a good deal lately, and this is undoubtedly one of the reasons for it. When new bills come in again the accounts may become fewer. But once people get the habit of using checks they generally stick to it."—New York Sun.

"Minstrel" in Audience. At an amateur minstrel show one of the minstrels asked what was the difference between a man in love and a woman in love. "I don't know," said the interlocutor, "what is it?" "Well," replied Rastus, "a woman in love acts like a darn fool and a man isn't acting."

There was a pause and then a voice in the audience said in a tone loud enough to be heard by all around: "You must be in love, then."

RUB OUT SORENESS, SPRAINS, BACKACHE WITH OLD ST. JACOBS
 Back hurt you? Can't straighten up without feeling sudden pains, aches and twinges? Now, listen! Any woman, lumbago, sciatica, or maybe you're strained, and you'll get blessed relief for a moment you rub your back with our penetrating "St. Jacobs" ointment. Nothing else takes out soreness, stiffness and aches so quickly. You have been, simply rub it on and out comes the pain. It is perfectly harmless. It doesn't burn or discolor the skin. Limber up! Don't suffer! Get a small trial bottle from any drug store and after using it just once you'll know that you ever had backache, sciatica, or lumbago, because your old reason teller will never hurt or cause any more misery. It never disappoints and is recommended for 90 years. Stop! Never hold a sore, aching kidney! They don't cause pain, aches, because they have no nerve. Therefore can not cause pain.—Bartlett's Frank gaze.

Requirements. "It requires dollars to get me out of fast set." "And sense to keep out of it!" When a young man or a girl is too fast a setback is necessary.

WARNING
 Unless you see the name "Bayer" on tablets, you are not getting genuine Aspirin prescribed by physicians 21 years, and proved safe by millions.—Say "Bayer"

SAFETY FIRST! Accept only an "unbroken package" of genuine "Bayer Tablets of Aspirin," which contains proper directions for Headache, Earache, Toothache, Neuralgia, Cold, Rheumatism, Neuritis, Lumbago, and pain generally. Strictly Antiseptic. Handy tin boxes of 12 tablets cost but a few cents—Larger packages available in the trade mark of Bayer Manufacture of Monoclonalacetate of Sodium. Even as Miss Vi

GRAMMAR SCHOOL NOTES

Seventh Grade

Miss Fay Gooch, Teacher
The Seventh Grade is progressing very nicely in all its studies. We have taken up the study of a booklet entitled, "Safeguarding the Home Against Fire." We intend to do our part in reducing the great number of fires which occur in our country, for the United States has more destruction of this kind than any other nation.

In arithmetic, we are studying corporations. We are studying the Civil War in history. This is very interesting as we have heard the history of many of the battles from our grandfathers, who took part in the great conflict.

Some very interesting themes were handed in Friday. The titles were: "Taking Care of the Baby," "A Visit I Made," "What I Heard a Bee Say." Miss Gooch said they were the most interesting themes we had written. Our memory work for last week was "The Village Blacksmith," an old favorite. Most of us knew the poem, but a second part of the assignment, that we secure a picture to represent each stanza, and make a book of them, was not so well brought up.

We shall memorize the "Sand-piper," by Celia Thaxter, for Thursday.

We are getting along fairly well in civics, although it is still difficult for us.

The juniors and seniors are studying the spelling words, for the contest in the Interscholastic Meet.

Sixth Grade

Miss Pearl Hellums, Teacher
The Sixth Grade have been doing excellent work. We have finished our reader and have taken up another.

We are reviewing in Grammar on the "Adventures of a Letter" now.

The stories we handed in last week were very good. Most of the classes are writing their stories for Wednesday on the subjects: "The Worst I was Ever Scared," and "My Strangest Playmate."

In history, the class has completed the Battle of San Jacinto, and the Life of Stephen F. Austin, and are now reviewing.

Our report cards were handed out last Friday afternoon.

Fourth and Fifth Grades

Miss Franklin, Teacher
The Fifth Grade has made a map of the Middle Atlantic States of the United States, and there were only four maps drawn well enough to put on the wall, belonging to the following: Orvis Weathers, Evelyn Hattchett, Doris McGougill and Ethel Kuykendall. As we study each group of states in geography, we mount pictures on a large sheet of cardboard to represent the occupations of each group.

We are reviewing in our physiology and are going to have an examination on the book in a few weeks.

We are studying fractions in arithmetic. The Fourth Grade have been making maps of the New England States and the four best maps have been placed on the wall in the front of the room.

In language, we have also been writing interesting stories from pictures.

Tuesday we had to memorize a poem. Those who knew it perfectly were allowed to go home early. Those to know the poem perfectly were: Juanita Haynes, E. S. Evans, Virginia Richard, Fay Brown, Lonny Grace Clinton and Jessie Teague.

Second and Third Grades

Miss Ada Brack, Teacher
The Second and Third Grades are finding more real enjoyment out of dramatizing the stories since they received the "New American Readers," which have interesting, yet simple and easy stories to be dramatized.

The Third Grade is having an interesting study of Holland and the Dutch people. In connection with the work, we have read many stories of the Dutch children, and learned a song, "This is the way the Dutch Windmill Goes Round." We are to begin making our Holland posters in our next lesson.

Both grades have been doing memory work in language. The Third Grade have begun to appreciate such poems as "The Village Blacksmith," and "The Oak Tree" since they have spent several days on them, memorizing them and trying to see the pictures presented in each verse.

We are to begin our March calendars this week.

First Grade

Miss Laura Brock, Teacher
We have still 46 pupils enrolled in regular attendance in the First Grade.

Since the word, "Easter" immediately suggests to the children nests, bunnies, baskets of colored eggs, flowers and fascinating chickens and ducks, we are making an interesting study of them.

Then as plain ovals and the "push-pull" exercises in writing become are putting them into different forms

suggestive of "Easter." More interest in added and greater results are obtained. We are using colored crayons to bring out the colors and by making pictures with the arm movement, greater freedom of motion is secured, enthusiasm is aroused and the children are delighted with their work.

Notice

The State of Texas, County of Lynn, to those indebted to, or having claims or holding claims against the estate of N. Leavitt, deceased:

The undersigned having been duly appointed executors of the estate of N. Leavitt, deceased, under the last will and testament of the said N. Leavitt, deceased, and said will having been duly admitted to probate at a regular October term, A. D. 1920, of the county court of Lynn county, Texas, and letters testamentary having been issued to us by the clerk of the county court of Lynn county, Texas, under and by virtue of an order of the court of Lynn county, Texas, made and entered on the 25th day of October, A. D. 1920, at a regular term of said court, and having duly and regularly qualified as required by the last will of the said N. Leavitt, deceased, and as required by law, hereto notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to us within the time required by law at our residence near Wilson, where we receive our mail, this 19th day of February, A. D. 1921.

EDNA D. SETH,
C. W. SETH,

Executors of the estate of N. Leavitt, Deceased.

Notice of City Election

By virtue of authority vested in me as Mayor of the City of Tahoka, I hereby call an election, to be held in the city clerks' office, on Tuesday, April 5th, 1921, for the purpose of electing a mayor, two alderman, city marshal and city clerk.

B. J. Leedy is hereby appointed judge of said election, who will appoint his clerks and make reports to mayor and Aldermen, as required by law.

Given under my hand and seal of office, this 5th day of March, 1921.

J. R. SINGLETON,
Mayor.

EDWARDS BROTHERS
COAL and GRAIN Tahoka, Texas

For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Theford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Theford's Black-Draught," is on the package. At all druggists.

Accept Only the Genuine.

Do Your Children like Castor Oil?

then why make them take it? Why cling to the old idea that a medicine must be unpleasant in order to be good?

Dr. Miles' Laxative Tablets

TASTE LIKE CANDY ACT LIKE MAGIC

The best authorities say that their main ingredient "accelerates the peristalsis in the same way as castor oil."

Good for children and adults. Get a box at your drug store.

MARKET WAREHOUSE BILL IS DEFEATED

PROPOSED CONSOLIDATION OF DEPARTMENT FAILS IN SENATE, 12 TO 11

Austin, Texas.—Twelve senators compassed the defeat of the bill abolishing the markets and warehouse department as a separate administrative branch, after the question had been juggled back and forth through four roll calls. Each vote was very close, the last one being 12 to 11. For this reason proponents of the bill, do not admit the matter finally disposed of, and Senator McMillin intends to ask for reconsideration later.

House bills carrying a total appropriation of \$3,350,000 for education in Texas were among a large number finally passed by the senate. One of these was by Mr. Meison appropriating \$3,000,000 to supplement the available school fund for the session of 1921-1922. The other by Mr. Thomas appropriates \$165,000 for the first year and \$185,000 for the second year to match similar amounts allowed by the federal government for vocational training, under the provision of the Smith-Hughes act of congress.

The senate also finally passed the Quinn house bill prohibiting employment in cafes or hotels of persons having infectious or contagious diseases.

Among the joint resolutions from the house seeking to amend the constitution which died were the following:

Decreasing house membership to sixty-two, or two from each senatorial district.

Applying the single tax principle.

Permitting the state to pay a bonus not to exceed \$300 to Texas soldiers, sailors, marines and nurses in the late war.

Adding a "grandfather clause" to the constitution to prevent negroes from voting.

The pink bollworm bill of John Davis is also resting peacefully in the bill file.

Among the proposed department consolidation measures which died were:

Placing the live stock sanitary commission under the commissioner of agriculture.

Creating a department of the interior which would be placed over the fish, game and oyster department, state board of water engineers, state reclamation department engineer, state forester and state mining board.

Placing the state agricultural stations under A. & M. College.

Abolishing the state mining board.

Abolishing the state tax board and state tax commissioner and giving its duties to the comptroller and railroad commissioner.

THE MARKETS

Supplied by the Bureau of Markets, Department of Agriculture, Washington, D. C.

Washington, D. C., March 7, 1921.

HAY AND FEED—Alfalfa market stronger at Kansas City, receipts having fallen off. Quoted: No. 1 alfalfa Kansas City \$25, Memphis \$27, Cincinnati \$26. Prairie No. 1 upland Kansas City \$15, St. Louis \$16, Minneapolis \$15.

FEED—While eastern jobbing prices generally remain slightly lower than western shipment prices Cincinnati and Pittsburgh report increased activity and a steady market with upward tendency. Southern markets dull and unchanged. Offerings from middlewestern markets light as mills are fairly well sud up. Demand from feeders and country dealers light; stocks on hand sufficient for present needs. Receipts ample; transit stuff more plentiful. Cottoensed meal heavy. Corn feeds unchanged, hominy feed in good supply. Quoted: Bran \$22, middlings \$21.50, rye middlings \$19. Minneapolis: white hominy feed \$23. St. Louis, \$22. New York: Gluten feed \$27. Chicago: No. 1 alfalfa meal \$22. St. Louis: 26 percent cottoensed meal \$25.50. Memphis.

LIVESTOCK AND MEATS—The Chicago livestock market was featured during the week by a sharp decline in sheep and lambs following the rather sensational advance of two weeks ago. Fat lambs broke \$1-\$1.25; yearlings 75c-\$1; fat ewes 50c-75c, per 100 pounds. Beef and butcher cattle averaged about 25c lower; feeder steers up 25c to 50c. Hogs up 15c-20c. March 7 Chicago prices: Hogs, bulk of sales \$9.60-\$10.20; medium and good beef steers \$8.40-\$10.10; butcher cows and heifers \$5-\$9.75; feeder steers \$7.50-\$9.50; light and medium weight veal calves \$9-\$12.25; fat lambs \$7.75-\$10.25; feeding lambs \$7.25-\$9; yearlings \$6.50-\$8.75; fat ewes \$5 to \$6.50.

Compared with a week ago eastern wholesale fresh meat prices show considerable irregularity in movement. Pork loins generally \$1 lower; beef 50c-\$1 higher per 100 pounds. Veal and lamb practically unchanged; mutton ranged from \$1 higher to \$1 lower, depending upon the market. March 7 prices: good grade meats: Beef \$17-\$18; veal \$20-\$22; lamb \$18-\$22; mutton \$12.50-\$15; light pork loins \$22-\$25; heavy loins \$16-\$20.

GRAIN—Although market uncertain the first part of week and partly affected by local conditions prices worked higher until the 5th when liquidation by prominent long accounts and slower export caused decline in movement. Much needed rains in southwest, favorable crop reports in general, only small decrease in visible wheat supply and slow milling and export demand caused further declines. Corn showed considerable resistance despite weakness in wheat and increase of nearly 750,000 bushels visible supply. In Chicago cash market No. 2 red winter wheat \$1.12-18 1/2c over Chicago May; No. 2 hard 9 1-2-12 1-2c over; No. 2 mixed corn 5 1-2-5 3-4c under; May; No. 3 yellow 5 1-4-5 1-2c under. For the week, Chicago May wheat up 2 1-2c at 1.58 1-8; May corn 2 1-4c at 71c, Minneapolis May wheat up 1-12c at \$1.52; Kansas City May 1c at \$1.53; Winnipeg May 4 3-4c at \$1.87. Chicago March wheat \$1.67 5-8.

COTTON—The average price for middling spot cotton as quoted by the ten designated markets declined about 42 points during the week, closing around 11.08c per lb. New York March futures up 29 points at 11.24c.

REQUIRING A LICENSE OF PERSONS MAINTAINING BABY FARMS AND MATERNITY HOSPITALS.

Placing telegraph and telephone companies under the railroad commission.

Women may obtain poll tax without giving age except to state they are 21 or over.

Providing means of eradicating all animal and bird pests.

Eugenic measures requiring a health certificate to obtain marriage license.

In the Senate

Austin, Texas.—An unanimous vote was given by the senate to the bill appropriating \$1,500,000 for purchase of 175 acres adjacent to the University of Texas campus for expansion purposes of that institution.

Before final passage the senate adopted an amendment by Senator Witt which is intended to set at rest any contention that might arise regarding closing of streets running through the land in question. When the bill was up for engrossment this question was raised by Senator Bledsoe of Lubbock, but since the adoption of the amendment he believes his objection has been met.

The senate substituted its own bill for the house minimum wage bill and finally passed it.

Among the bills engrossed in the senate was one appropriating \$200,000 to establish a state industrial school for adult blind.

A bill was engrossed requiring motor vehicles to come to a full stop at railroad crossings.

Final passage was given a bill authorizing counties and cities of 10,000 population to maintain hospitals for the sick in cases where donations of \$50,000 or more are made for establishment of such hospitals.

The bill requiring physicians and nurses to use prophylactic drops in the eyes of infants at birth was engrossed.

A bill providing a method by which reincorporated towns may take over property, taxes and funds of the old corporation was finally passed.

Senator Parr obtained engrossment of his bill adding to the list of diseases for which fruit trees are inspected the following: Citrus canker, fire blight Florida red scale, cottony cushion, cushion scale and woolly aphis.

Senator Woods had a bill engrossed which validates instruments authenticated by seals of notaries who have not complied in certain respects with the law designating the kind of seals to be used.

A bill by Senator McNealus placing the Lloyds plan insurance companies under regulations of the department of insurance was engrossed.

In the House

The house appropriations committee has given a favorable report to the senate bill providing for the purchase of additional ground for the expansion of the university, with the understanding that each member of the committee reserves the right to vote as he pleases on the proposition when it reaches the floor of the house.

Representative John Davis of Dallas said Monday that he would not be able to get up his bill amending the pink bollworm act because of the opposition to it, coupled with the lateness of the session, making it hopeless.

In the Senate

Austin, Texas.—Material reduction in the powers heretofore granted to the state superintendent of public instruction in supervising apportionment of rural school aid money was made by the senate before it finally passed by a vote of 23 to 4, the Floyd bill appropriating \$2,000,000 a year for this purpose.

The bill has been under discussion sometime and debated developed into an attack on the state superintendent and the state department of education. It centered chiefly around an amendment by Senator Dorrough of Texarkana, which was adopted, 17 to 10, cutting out sections 4 to 8, dealing with powers given the state superintendent and board of education to regulate granting of the funds to schools of not more than 500 scholastics.

An amendment by Senator Wood of Granger increasing the appropriation to \$2,500,000 and making it available to all public schools without condition also provoked extended discussion and was finally defeated. An attempt by Senator Williams to cut the appropriation to \$1,000,000 a year was defeated.

Another unsuccessful effort was made by Senator Murphy to have consideration of the Parr bill repealing the minimum wage law postponed until new legislation is enacted on the subject.

The bill by Senator Davidson providing for a more systematic method of road maintenance was finally passed.

Another bill also finally passed was one by Senator Bledsoe providing that any corporation, charitable institution or association may be the beneficiary of a life insurance policy.

Woodmen Select Mineral Wells.

Houston, Texas.—J. B. Cochran, head consul of the head camp of Texas, Woodmen of the World and several of his followers including Senator Morris Sheppard, sovereign banker, repaired to Magnolia Camp hall on La Branch street and proceeded to elect officers for the head camps and select delegates for the sovereign camp convention to be held in New York in June of this year. This body also selected Mineral Wells as the 1923 biennial convention seat.

Well-Known Newspaper Man Dies

Galveston, Texas.—E. E. Talmage, formerly of this city, died Friday afternoon at Amarillo. For a number of years Mr. Talmage was associated with the editorial department of the Galveston News and leaving here went to Marshall, where he became interested in the Marshall Messenger. Later Mr. Talmage became connected with the Bryan Eagle at Bryan and then went to Amarillo, also engaging in newspaper work. He had been ill but a short time.

DODSON WARNS CALOMEL USERS

You Cannot Grip, Sicken, or Salivate Yourself if You Take "Dodson's Liver Tone" Instead

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition, and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.—Adv.

Every man thinks he is more important than his neighbor.

Life is a school. When we stop learning it is time to stop living.

Important to Mothers

Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it Bears the Signature of *Dr. J. C. Fletcher* In Use for Over 30 Years. Children Cry for Fletcher's Castoria

Between the two evils—a kicker and a knocker—there is small choice.

Kill That Cold With HILL'S CASCARA QUININE

FOR Colds, Coughs AND La Grippe

Neglected Colds are Dangerous

Take no chances. Keep this standard remedy handy for the first sneeze.

Breaks up a cold in 24 hours—Relieves Grippe in 3 days—Excellent for Headache

Quinine in this form does not affect the head—Cascara is best Tonic Laxative—No Opiate in Hill's.

ALL DRUGGISTS SELL IT

HAD REPUTATION TO SUSTAIN BUT HE MADE FINE SPEECH

Farmer Had No Idea of Allowing Hired Man to Beat Him in Gathering Corn.

A Sullivan county farmer hired a man to help him gather his corn last season. Now, the farmer had a reputation for being an efficient worker, but the hired man was not daunted by it. They started out side by side, the hired man being advised by the farmer to keep as close to him as he could with the row he was gathering.

But lo! the new worker after a few minutes of keeping up with the farmer, passed him and soon was several feet ahead. Frantically the farmer pulled the ears from the stalks, but the new man still kept gaining. Then all at once he heard the farmer shout, "Stop," he yelled, "Stop, if you want to work for me. I never yet let any man who worked for me get ahead of me."

He'd Found Some Use for It.

Indignant Wife (to husband from whom she rescues her lapdog)—Darling doggie is too well bred for you to moisten postage stamps on his nose.—London Opinion.

It is unwise to judge a man's intellect by the size of his mouth.

A soft heart and a hard head make a combination that is hard to beat.

Fact That Candidate Didn't Say What He Was Talking About Was Really Small Matter.

"Well, Jack," asked Mrs. Monrough of her husband, "and what did you think of the speech of our new candidate for parliament at the next election?"

"Oh, Mary, he certainly is a great speaker!" assented her husband.

"That so?" commented his wife. "Did he speak for long?"

Jack Monrough whistled.

"Yes, my dear. He could beat even your sex at the game," he added humorously. "He spoke for three solid hours!"

Mrs. Monrough was accustomed to her husband's jibes and she let it pass unanswered.

"What did he talk about?" she queried.

Mr. Monrough scratched his head in perplexity.

"Come to think of it," he answered at last, "he didn't exactly say!"—London Answers.

Overheard in the Nursery.

Small Girl—"I wonder how old John is?" Small boy—"I bet she will never see four again."—London Punch.

Most men fire up when you throw cold water on their schemes.

What Better Drink for Table Use than POSTUM CEREAL

When well boiled—twenty minutes or more—it has a rich color and a particularly delightful flavor.

In these respects, Postum Cereal is the equal of fine coffee; and much better for health.

In the House

Austin, Texas.—The representative redistricting bill went through the house with a rush Tuesday morning and is now before the senate. The bill as finally passed by the house increases the number of the representatives from 142 to 150. Reporting 175 districts, if this bill becomes a law, the house will have reached the maximum membership allowed under the constitution, 159 members.

The Williams (of McLennan) substitute University land purchase bill, appropriating \$1,000,000 for the purchase of approximately 100 acres adjoining the campus, was adopted by the house in place of the senate bill for the purchase of 200 acres at \$1,500,000 late Tuesday, by a vote of 65 to 33.

The life went glimmering from 350 house bills as the noon hour passed Wednesday, which was the final moment for consideration of any house bill in engrossment, and a similar fate await senate bills.

The house committee on constitutional amendments had reported adversely the Edwards joint resolution proposing an amendment to the constitution inhibiting the legislature from passing purely local schools bills.

The committee made a favorable report Thursday on a joint resolution by Mr. Rogers of Harris county, submitting an amendment adding a "grandfather clause" to the constitution to prevent negroes from voting.

House Bills Killed

Other house bills which died were:

Assessing a tax of 50c for ginning cotton to be used to build a system of warehouses.

Completely revising the public school administration.

Increasing the requirements in the schools to gradually cause English to be used exclusively as the medium of instruction.

Requiring licensing of commission merchants and handling perishable products.

Advances To Farmers Are Limited.

Washington.—Under regulations approved by Secretary Wallace to govern \$23,000,000 loans to farmers in drought stricken areas of the northwest for seed grain, advance to individual farmers are limited to \$200 and not more than \$2 an acre. C. W. Warburton of the bureau of plant industry will leave for Fargo, N. D., to take charge of a loan distribution through county agents. The money will be available for the purchasing of wheat, oats barley and flaxseed.

Lawmakers will be in summer session

NEFF INFORMS LEGISLATURE THAT MEMBERS WILL NOT RETURN UNTIL JUNE

Austin, Texas.—In a brief message to the legislature Gov. Neff definitely informed the members that the special session will not be called until sometime during the summer. It means that the members will not return until June. An extra session is made necessary, he told the legislature, to pass the general appropriation bills, which this session failed to do.

There will be must speculation as to what the governor will submit to the special session. Members believe that four measures are sure to be submitted, to-wit:

Repeal of the suspended sentence law, amendment to the Dean law to permit convictions on the unsupported evidence of the purchaser, the bill for the removal of local officers who fail or refuse to enforce the laws, commonly known as the Johnson enforcement bill, and Hendricks measure providing for the attorney general to institute injunction proceedings to close up houses of prostitution. He may have others, such as departmental consolidations not effected by the current session.

It is known that the governor's friends have assured him that the people are with him, especially on the measures listed above as being almost certain of submission to the special session, and suggested that if he would permit the members to go home they would get the opinions of their constituents.

COSTA RICA TROOPS TOLD TO WITHDRAW

Washington.—Orders have been issued by the Costa Rican government for immediate withdrawal of its forces from the disputed territory beyond the Sixaola river and no further advance by its forces on the Pacific side of the Panama-Costa Rican boundary. Dr. Octavio Beeche, Costa Rican minister here, has informed the state department.

**Local Post American
Legion Re-Organized**

(By A. B. Griffith.)

Plans to reorganize and increase interest and activity in the Marion G. Bradley Post, No. 250, American Legion, including plans for social, frivolous and serious participation in the various activities of community life, featured the reorganization meeting of the post held last Saturday afternoon at the Woodmen hall.

To succeed J. C. May, resigned as commander of the post, Paul Gooch was elected Post Commander, and all other officers re-elected.

A special feature picture to be exhibited at the Star Theater during the first week in April, is planned as the first entertainment to be given by the legion men and will be followed by a series of other entertainments, according to their present plans.

Members of the Post declare they are just beginning to realize the important part that the American Legion is to play in the social and economic life of the country in the course of the next fifty years, that they are anxious for the former service men of Lynn county to have their share of the benefits and responsibilities.

Membership in the post entitles each man to a subscription to the American Legion Weekly, a magazine devoted to the interests of the former soldiers and in constant touch with all matters, State or national, that affect the life of the ex-soldier, in addition to bringing him back in touch with memories of the mess kit and the "you remember when---" bunch, a bunch you can find in any gathering, large or small, when veterans of any war come together.

Exact dates for the feature picture to be shown and for the first entertainment to be given officially by the local post will be announced immediately following the meeting of the post to be held on the afternoon of Saturday, April 2, at 2 o'clock.

Special music for the special feature picture is being arranged and the post officials declare that nothing will be undone to prevent making their first entertainment effort set a precedent for success and enjoyment that will make members step lively in future days if they expect to hold up the record.

**Hodgen Crossett Gets
Two Years in Pen**

The above caption only tells our readers what was done in the case of Hodgen Crossett as charged by indictment of the Grand Jury of Travis county and tried last week at Austin. The case will be recalled as the one-out of which grew the death of Miss Stewart. The case was appealed. He is to be tried on a similar charge here at the coming term of District Court of Dawson county. We refrain comment on the case.---Lamesa Reporter.

**Denton Will Box
Williams, March 24**

W. R. McCuiston, business manager for Joe Denton, Tahoka's clever young boxer, completed arrangements Thursday through which Denton will meet F. Williams, of Slaton, in a six round exhibition contest to be held at Slaton, Thursday night, March 24th.

Mr. Williams is an older and more experienced boxer, but young Denton has been showing good class and this exhibition will be watched with interest by lovers of good boxing.

Wilson News

Quite a number from our town have been in attendance at dis-court in Tahoka the past several days

Mr. and Mrs. T. J. Williams and Mr. and Mrs. T. B. Cobb went to Lubbock Sunday.

The Senior boys and girls went to Union Friday afternoon and played basket Ball.

Misses Essie Reeves and Pearl Dawson visited in the Dixie community Sunday afternoon.

Mr. and Mrs. L. Lumsden left Sunday for San Antonio, to attend the cattleman's convention.

Mrs. A. L. Foster visited her mother, Mrs. Evans at Slaton, Saturday and Sunday.

Edwin May returned to Plain-view Monday after a weeks visit with home folks.

Mrs. Mary Ously visited her brother, J. E. Brown, last week. The remarkable part of this visit is that "aunt" Mary is near 78 years of age and came all the way from her home in Montana alone.

Reporter.

Tee Bar News

Come on and let's go and gather wild flowers; spring is here at last.

Little Estaleny Champion is real sick. We are sorry to report that she is not any better at this writing.

Messrs. and Mesdames Wesley and W. Simpson and families, and Mrs. Shear and daughter, Miss Floy, visited in the home of W. M. Waldrip last Sunday.

Geo. Short and family spent Sunday in the Lynn community

Rosemary Nelms spent the week-end with home folks here.

Jno. Liner left for Post City last week

Mrs. Beulah Estes spent the day with the Misses Willie and Leola Waldrip the past week.

Several men from here are attending court in Tahoka this week.

Martha Ann.
