

State Oil Output Cut To 680,238 Barrels

HOME TOWN TALK

By Beddy

Just returned from the first zone-dry convention we've attended since Noah. And, you may be asked when you learn it was a convention of newspaper men, the managing editors of Texas.

Believe it or not one drop of ink was spilled on the floor in two days at Lubbock, where 40 news executives were gathered.

You know it helps a fellow to live in a town that he can be proud of. No man's town has everything and all of them are faced with real needs.

But, in casual conversation at the convention several newspaper men took occasion voluntarily to cast aspersions at Big Spring.

"Big Spring will have 20,000 people in 1940," said Charles A. Guzman, managing editor of the Lubbock Avalanche and Journal.

"You're going to be a great attraction," said "Twilight" Allison, managing editor of the San Antonio Light. Allison's town, you know, is the southern terminus of the main line connecting here with the transcontinental line.

"Big Spring amazes me," "You've got a darned good town," "How do you get that railroad," all these little things were heard.

Consensus of the editors was that the Texas & Pacific Northern application has the best chance to be allowed than any major rail proposal in recent years. Its advanced prospects are much better than those of the Fort Worth & Denver before the hearing on its application for the long Panhandle extension was held, they declare.

Trade home from Lubbock with John E. King, managing editor of the Dallas Morning News; Max Bentley, the Abilene Reporter and News editorial skipper, and Ewell Johnston, Sherman Democrat.

We stopped a mile east of Sparanburg while John King talked with the center on his farm. With his brother Mr. King, who has been with the News 25 years, owns a section of fine land up there.

The survey of the T. & P. N. road splits the section. But John King is not worrying, nor is he figuring how much he might get out of somebody for the right-of-way. First is he's tickled to death its coming across there. A high tension power line already crosses it and the highway is expected to be routed along the railroad right-of-way. But John doesn't care.

Callahan county citizens have petitioned the commissioners court to call an election to vote on a million-dollar bond issue for highways.

Let's try to pile up a heavier majority for the Howard county issue than Callahan county does. Everybody must work and vote.

Looks as if business depression has been overcome or that it never existed for some of the large oil companies.

Statement of the net earnings of Cities Service company for the first 10 months of this year show that the net for that period was \$3,800,000 above the entire year 1929. For the next year ending Oct. 31 the net earnings gained 44.83 per cent over the preceding 12 months.

Today the Humble Oil & Refining company declared an extra dividend of 50 cents in addition to the regular disbursement of 50 cents, both payable Jan. 1.

Glad to see Dan Moody appoint our friend Adrian Pool of El Paso to the state board of control. Adrian is about the finest politician in Texas, although few people know it. He perhaps carries more real influence in the legislature than any other man, although he rarely makes a speech from the floor of the house. He is a native West Texan, has resided in El Paso many years, his parents being pioneers of Abilene.

Adrian is no spring chicken in years or experience and he's a shrewd business man. The combination of business ability and political sagacity should make him an ideal man for the new post.

TO KENTUCKY
Lester Fisher left Tuesday morning on the Texan for Henderson, Ky., where he will visit relatives.

BOY'S ARM BROKEN
A fall from a donkey cost Roland Burnett, Foran, a fractured left arm Monday afternoon. Emergency treatment was given the youth at the Big Spring hospital.

Pool Appointed To State Board

AUSTIN, Nov. 25. (AP)—Adrian Pool, former member of the legislature from El Paso, was appointed to the board of control today by Gov. Dan Moody. Pool fills a vacancy left by the expiration of the term of R. B. Walthall. The appointment was made effective today.

The governor also announced the appointment of former Representative John Wallace of Teague as secretary to the state highway commission. It was understood that agreement had been made that Wallace would be appointed to the board of control on the expiration of the term of R. I. Tennant.

Terms Shifted
By shifting the terms of members, the governor appointed Claude D. Teer, now chairman of the board, to succeed Walthall, giving Teer a five year term; and named Pool to succeed Teer, giving Pool a three year term.

Walthall's term expired nearly a year ago, but he has held office pending appointment of his successor. He was appointed by Gov. Pat M. Neff. Tennant was appointed by Mrs. Miriam A. Ferguson his term expires in 1932.

The new member is a native Texan, born in Milam county 54 years ago. He obtained his higher education at the University of Texas, working his way for four of the six years he attended that institution.

Career
Pool was successively city judge and county judge at El Paso before his election to the legislature 42 years ago. He claims credit for construction of El Paso's court house, which he calls the finest west of the Mississippi; Liberty Hall at El Paso; the first concrete road ever built in Texas, a 15 mile stretch from Anthony to the Santa Fe tracks; and the Fort Worth-El Paso stretch of the first cross-state highway, Texarkana to El Paso. He worked for the latter project 15 years before all contracts for the construction were finally let two years ago.

Pool also was one of the first sponsors of a state highway bond issue, that having been one of the first things he suggested when he became a member of the legislature. He introduced a bill which passed both houses of the legislature for such an issue, but it was voted down when submitted to the people. El Paso county being the only county in the state in which the bond issue carried.

Committee On Girl, 12, Shot Highway Bond In Leg; Boy of Issue Called 14 Is Accused

A 14-year old boy probably will face trial during December on a charge of assault with intent to murder, which has been filed against him in county court.

It is alleged the boy shot a 12-year old girl through the leg with a rifle.

The boy is under a two-year suspended sentence in Mitchell county for burglary, and has been arrested here.

Speaking Schedule, Literature Topics for Lad Already Involved In Burglaries in Neighboring County

Members of the executive committee of the County Good Roads association, in charge of the campaign for the county road bond issue of \$800,000 to be voted on December 25, have been called to meet at 2 p. m. Saturday by Judge M. H. Morrison, chairman.

A schedule of speaking engagements at schools of the county will be outlined. Type of literature to be used for the purpose of giving voters the information they wish in connection with the bond issue will also be discussed.

Mexicans Favor Extending Tariff

MEXICO CITY, Nov. 25. (AP)—Extension of the protective tariff policy to include many articles which under the present tariffs are still able to compete with Mexican products has been suggested by the senate in a memorial to President Ortiz Rubio.

Prompt enactment of legislation to regulate working conditions and give full guarantees to capital in Mexico also were suggested in the message, with the explanation that the combination of measures was considered necessary for stimulation of national industry so as to alleviate the economic crisis.

The president has extraordinary powers to deal with tariff matters and already has established a tariff wall against various articles while it is understood that under the projected new grant of power he will be able to import on a large scale.

A decree just published in the official Gazette establishes what is expected to be a prohibitive tariff on eggs, fruits, buttons, pencils, tin, chinaware, bricks, and electric light bulbs.

Oil Well Supply Made Intervenor In Cosden Case

FORT WORTH, Nov. 25. (AP)—The Oil Well Supply company, with headquarters here, has been granted permission by Federal Judge James C. Wilson to intervene in the receivership suit filed on Nov. 8 against the Cosden Oil company.

The order held the Oil Well Supply company has shown it had furnished materials and equipment to Cosden Oil company, and that the debt was secured by a lien against properties of the defendant.

Hugh M. Morris and George N. Moore were appointed receivers for the company in United States district court in Delaware, and Moore and Henry Zweifel subsequently were named ancillary receivers by Judge Wilson here.

City Schools Close Wednesday Afternoon

Big Spring schools will close for the Thanksgiving holiday Wednesday afternoon. It was announced by school officials today.

Thanksgiving Day and Friday will be observed as holidays, the students returning for classes Monday morning.

A number of the teachers will leave Wednesday afternoon to spend the week-end with friends and relatives. A few are attending the state teachers convention, which will open at Houston Thursday.

Chest Appeal Plan Adopted By Committee

Committeemen Each To Select Ten For Solicitation

Campaign framework was planned Monday by the general committee directing an appeal for raising \$10,000 as the city's first Community Chest.

Each member of the committee of twelve will select ten persons to form a solicitation platoon of more than 100. Each committeeman represents a civic group, including Parent-Teacher associations, the Federation of Women's clubs, service clubs, and other organizations.

The Boy Scouts of America, the Salvation Army and the Howard county chapter of the American Red Cross will be supported for a year by the Chest.

The Salvation Army, which has been doing all public charity work here some months under a co-operative plan with the city and county, will continue in this work according to the Community Chest plan. Thorough investigation of the manner in which best Salvation Army staff members have handled charity convinced the general committee it is the best existing agency to handle the charity funds and to administer them.

Why I Believe In The Community Chest

1. It makes all objectives in community service a community interest.
2. With the proper supervision there will be no overlapping or duplication in supplying worthy causes.
3. It is the most economic method of prosecuting efficiently the needed service for the whole community.
4. It eliminates a continuous call upon the citizens of the community in financial drives—one campaign finishes the work for the year.
5. It will promote a deeper interest among all the people for all the objectives included in the Community Chest.

Oxford Confers Honor On Morgan

OXFORD, England, Nov. 25. (AP)—J. P. Morgan, a flowing scarlet scarf and "beefeater" hat, walked through narrow, cobbled ways far more ancient than Wall Street today to receive the highest honor of England's oldest university, the degree of doctor of civil laws conferred by Oxford.

The little procession, headed by four mace-bearers, marched in the streets without attracting a second glance from shopkeepers and square-capped undergraduates to whom medieval pageants are everyday affairs.

But it was the sort of scene which would have stopped traffic in New York's financial district.

Injuries Fatal To C. J. Bruton

Injuries received last Tuesday when he fell 25 feet to the concrete floor of a tank at the city disposal plant proved fatal at 11:30 a. m. today to C. J. Bruton, Big Spring.

Bruton's back was broken when he fell into the tank after slipping from a runway, and he was saved from drowning by other workmen.

He died at a local hospital.

Funeral services will be held Wednesday morning at 9:30 a. m. at Eberley Chapel. The body will be taken to Snyder for burial.

He is survived by his widow, and three children, Dorothy, Eva May and C. J. Jr., his parents, Mr. and Mrs. S. J. Bruton, Snyder, one sister, Mrs. Jessie Mae Wright, Big Spring, and seven brothers, Ben, Hinton, Big Spring, Joe, Abner, John, Asenmont, Jake and Jim, Senaveva, Jack and Sam, Snyder.

Sharp Drop In Crude Output Is Registered

Daily Average Decrease For Week Totals 35,794 Barrels

TULSA, Okla., Nov. 25. (AP)—Figures gathered by the Oil and Gas Journal show the country's crude oil production dropped sharply again last week, the daily average output being estimated at 2,270,150 barrels, or a decrease of 35,794 barrels from the preceding week's average.

Oklahoma set the pace in the downward movement with a decline of 22,000 barrels at 483,915. Declines were general over the mid-continent area, the total production of which, including both light and heavy gravity oils, was 1,180,489 or a drop of 20,955 barrels. West Texas production was placed at 268,619 barrels, a decrease of 7,429 and Kansas registered a decrease of 2,225 with an output of 109,185 barrels. Other mid-continent fields showed smaller declines. Heavy oil production in Southwest Texas was down 8,253 barrels at 89,581.

Eastern production was estimated at 112,000 barrels, a decrease of 1,000, while Rocky Mountain production was up 561 at 102,021 barrels.

Including both light and heavy oils, California produced 495,809 barrels, an increase of 4,000.

Of the total decrease for the country, 26,566 barrels was in light oil.

VALUE OF BOY SCOUTING

In any of these cases you will find great interest in the Boy Scout movement.

Scouting has passed its twentieth birthday in the United States. It has made a distinct impression upon the life of the nation, through its inspirational and educational activities, enriching life, deepening character, and preparing boys for better citizenship.

Scouting is a program of interesting, worthwhile activities that teach a boy how to take care of himself and others; how to camp, hike, swim, cook, save lives, give first-aid to the injured; how to live and work and play with other boys—thus learning the fundamentals of good citizenship.

Sale of Liquor to Two 15-Year-Olds Charged To Lad 16; Bond Made

A 16-year-old boy, whose father faces a charge of possession for sale of intoxicating liquor, was released on \$500 bond Monday after having been charged in juvenile court with delinquency.

It is alleged the boy sold one-half of a pint of intoxicating liquor to two boys, whose ages are 15.

It is alleged by county officials that the two boys were in an automobile wreck and, told officers they purchased the whiskey from the youth.

The boy's father is at liberty on \$1,000 bond, following a raid.

Posse Seeks Teacher Who Disappeared

FORT MORGAN, Colo., Nov. 25. (AP)—A sheriff's posse was organized today to search the lonely prairie country of Northern Morgan county for Miss Enid Marriott, 28-year-old Wiggins, Colo., school teacher, missing since Nov. 15.

Clear after clear proving without substantiation, authorities were convinced today they original theory of kidnapping explained the woman's disappearance. They believe the teacher may have been slain.

Meanwhile, officers at Cheyenne, Wyo., were investigating a report that a woman resembling Miss Marriott registered at a hotel there last Monday with a man. Police said the couple's automobile was similar to the one in which the woman was believed to have disappeared.

Fanslers of Morgan county volunteered to aid the sheriff in the search for the teacher unless new clues are uncovered at once. The posse will begin a systematic search both on foot and on horse back of the prairie, sand hills and gulches in the vicinity of Wiggins.

Miss Marriott has not been seen since she vanished from a train en route after spending the week-end in Denver. A man and a car were on the station platform of the Eastern Colorado village when the train arrived. She is believed to have entered the car with the man and from that time has completely dropped from sight.

5-Day Week Sought For Shopcrafts

CHICAGO, Nov. 25. (AP)—The five-day week for railway shopcrafts was added to the six-hour day program of the Brotherhoods today in the movement to relieve unemployment in rail transportation through shortening hours of labor.

The six shopcraft unions, affiliated with American Federation of Labor, in adopting a program for the five-day week with no reduction in pay announced they had no agreement, however, with the five Brotherhoods, embracing operating personnel, who last week took initial steps toward a six-hour day for their members without pay reductions.

The two organizations represent a majority of the 21 railroad workers' unions of the country. Railroad hours have dropped 210,000 of their members since 1925, a shopcrafts official said.

B. M. Jewel, president of the shopcrafts in a statement last night, said that the five-day week proposal would be submitted directly to the railroad executives if no action was obtained. Jewel added, the proposal would go through arbitration prescribed by federal statute.

Rotarians Favor Community Chest

The Community Chest plan was unanimously endorsed Monday by the Rotary club in its regular luncheon at the Seattle hotel, when the chest chairman, Carl S. Borchard, presented the plan.

M. H. Morrison addressed the club in behalf of the county road bond issue.

One new member, E. L. Pihon of the Gibson Printing company, was introduced as a new member.

Dr. M. H. Bennett suggested that the Millard Rotary club be invited to send children to the free clinic being sponsored by Big Spring members early in December. A motion was passed authorizing invitation of children from all neighboring towns.

The Jackson sisters, violinists, and Miss Robert Gay, pianist, entertained.

Rev. T. E. Day, pastor of the First Baptist church, who recently assumed the charge, expressed his pleasure at being a resident of the city.

J. T. Brooks, J. B. Pickle and Dr. Wofford Hardy will be in charge of next week's program.

Friday Date For Order to Take Effect

Common Purchasers Allowed to Make Mutual Agreements

AUSTIN, Nov. 25. (AP)—The state railroad commission today issued an order placing the state oil industry under a production curtailment program for the next 60 days, on the basis of an allowable production of 680,238 barrels.

Common purchasers were authorized in the order to make such agreements among themselves as would allow them to exchange oil, exchange connections or otherwise make plans to ratably take oil from all producers.

The common carriers had feared to make such agreements fearing the anti-combination laws would be invoked against them. Failure to cooperate had resulted in discriminations which caused North Texas producers unable to get a pipe line outlet to throw their crude on the market. The order becomes effective Nov. 27.

Districts

Allocations to the various districts were:

Panhandle, 61,516 barrels; North Central Texas, 23,255; North Young county sub-district, 4,850; West Central, 24,112; West Texas, 251,453; East Texas, 38,335; Southwest Texas, 81,563; Gulf Coast, 160,000.

A special provision was made for the Van field, new flush production.

EXTRA DIVIDENDS

NEW YORK, Nov. 25. (AP)—Directors of the Humble Oil and Refining company have declared an extra dividend of 50 cents in addition to the regular quarterly disbursement of 50 cents, both payable January 1 to stock of record December 2.

NEW YORK, Nov. 25. (AP)—Texon Oil and Land directors declared an extra dividend of \$1 in addition to the regular quarterly disbursement of 25 cents a share on the common, payable December 31 to stock of record December 15, October 1 last an extra dividend of \$3 was paid. The company is controlled by Continental Oil company.

A. F. of L. Unions Adopt Plan; No Agreement With Brotherhoods

Authority given common carriers to make agreements regarding interchanging of oil was in a section of the order serving notice designed to prevent discrimination in takings by pipe line companies, would be enforced.

"In certain fields and districts of this state," the order said, "there are disproportionate withdrawals of oil taking place in localized areas, due to the fact that some properties are being produced under varying degrees of curtailment, that such disproportionate withdrawals or restrictions are resulting in the actual physical waste of gas and the rapid and undue encroachment of water, all with resulting reduction in the ultimate quantity of oil to be produced from the fields and the districts involved and in the actual physical loss and waste for all useful purposes."

Cooperative Creamery, Proposed Railway Discussed at Gathering Of Farmers and Local Merchants

Committee Appointed to Investigate Possibilities of Organizing Creamery; Webb, Evans, Principal Speakers at Quarterly Meeting

A committee to investigate possibilities of organizing a cooperative creamery for Howard county farmers and dairymen was appointed at the quarterly open membership meeting of the Chamber of Commerce, held in the district courtroom of the Howard County courthouse Tuesday night. The courtroom was crowded and it was estimated that between 200 and 250 farmers and Big Spring business men attended the meeting.

Ollie B. Webb, assistant to the president of the Texas & Pacific Railway, C. M. Evans, agricultural agent of the railway company, were the principal speakers.

Dr. E. O. Ellington, president of the commercial organization, presided at the meeting.

Although nothing definite was done in regard to organizing the creamery, the committee will meet at 10 a. m. Friday at the Chamber of Commerce office, to further discuss the proposition.

The committee is composed of Walter Coffee, W. M. Denton, W. B. Snead, Earl Phillips, Ray McNew, John Bruton, Charlie Robinson, J. F. Thixton, T. E. Satterwhite, Ray Wilcox, F. S. Curran, C. W. Cunningham, Tom McKinn, J. V. Bush, Eusey Cline and R. L. Cook.

A number of Colorado, Stanton and Lamesa residents attended the meeting. C. M. Anderson, manager of the Lamesa milk plant, W. M. Wilson, secretary of the Lamesa Chamber of Commerce, and A. H. Merrick, prominent Dawson County farmer, attended the meeting and spoke.

Webb Speaks

Webb confined his talk to discussion of the proposed Texas & Pacific Northern Railway, from Big Spring to Vega, Lubbock and Amarillo. He declared, in his opinion, the chances to obtain permission from the Interstate Commerce Commission to construct the line "to put it mildly" were excellent.

In his opinion, he declared, there "seems to be little question of obtaining permission if the ones who have promised to do so go to the bat" as they say they will.

He explained the attitude of the commission, pointing out the main thing to be brought before the body is "how badly the area to be served really needs the road."

"In my judgment," he declared, "what we have to say in favor of the road, or what the Santa Fe has to say in opposition, will not matter materially. The greatest influence will come from the people living in this area."

In discussing what the road would mean to Big Spring and Howard County, Webb declared it would start a revival of industrial activity, furnish an excellent market for farm products, provide competitive conditions, make of Big Spring a greater county seat.

He explained that the railroad would not only enhance the value of property along the line but would increase taxable values over the county, would tend to give a greater development to agricultural resources, and would indirectly be responsible for bringing to this section farmers of northern states.

Evans, in opening his speech, declared "the time is here when Texas boys can feed Texas cattle on Texas farms with Texas feed and sell to Texas markets for a profit."

He declared the territory to be served by the new railway line "is the greatest in the world for feed stuffs."

"Big Spring and the Texas and Pacific pioneered this area," he declared, "and returns now to find the country on a new basis. It is plowed up and is productive."

C. M. Anderson, manager of the Lamesa milk plant, and one of the organizers and former manager of a similar plant at Plainview, declared the cooperative creamery idea is a sound one. He declared from two to six cents profit per pound of butterfat is paid at Plainview. He declared approximately 2,000 cows are needed to make a milk plant pay under present conditions.

The Plainview plant started with 1,000 cows available, and now has grown to 1,200 members, owning 6,000 productive cows. It made a profit the first month and has every month since, he declared, out of construction of the cooperative creamery ranges from \$30,000 to \$50,000, he declared.

Wilson Here

Speaking of obtaining right of way for the proposed A.P.N., W. M. Wilson, secretary of the Lamesa Chamber of Commerce, declared 60 percent of Dawson county's allotment had been obtained, with 35 percent given free by farmers. The rest will have been obtained by Dec. 8, he declared. A. H. Merrick, Dawson County farmer, former resident of Howard County, declared "the farmers should milk their way through."

He reported favorably on the Lamesa milk plant, declaring it gave the farmer and dairymen an outlet for his dairy products at a profit.

Speaking of the railway right of way, Merrick declared the road split his land and that he gave the land "and was mighty glad, to do it."

Walter Robinson, Howard County farmer, reported that since April the Cooperative Gin here had handled over 150 carloads of flour feed, gasoline, oil, etc., at a saving.

C. T. Watson, secretary of the Chamber of Commerce, spoke at the close of the meeting.

Mrs. E. Meador Is Given Party

Group of Friends Join In A Surprise Entertainment

MRS. EFFIE MEADOR opened the door of her home on Saturday afternoon to the cries of "Happy Birthday" from a group of friends who had planned and carried out a surprise birthday party in her honor.

The members of the Trainmen's auxiliary, of which Mrs. Meador is a member, met at the home of Mrs. S. M. Stinson and went in a body to Mrs. Meador's home.

Mrs. Meador Meador and Mrs. Margaret Barnett won prizes in the contests held during the evening. The entertainment included two readings by Mrs. Migonne Crunk.

Consolation

I'm dismayed when I remember,
Once again it is November;
Like a serpent, I can see;
Another birthday threatening me
Hurry to a looking glass.

To scrutinize myself, alas!
I closely view the woman there;
Her neck, and chin, her cheeks
and hair;
I see a woman fully grown,
A face that tells that years have
flown.

I'm sad, and tears begin to fall;
But I hear a foot-step in the hall;
Dry my eyes, my nose, and chin,
My next-door neighbor's dropping in.

Grandma Lucy

Grandma Lucy's ninety-three,
But she says "Years don't bother me!"
A peppy birthday flies in sight,
But never finds a place to light.
They may leave wrinkles on my face,
But I quickly shoo them off
some place.

I never let the mean things start
A hiding place within my heart.
The warts may come in flecks like
crows.

But a sprightly woman knows
The little secret of this part is,
You're only old, dear, as your
heart is.

Don't ever let gray hair disturb
you.

For time's your friend and makes
you wise.
And give a new light to your eyes.
Each year you hear new friend-
ships greeting,
And feel the strength of love's heart
beating.

When you've drained the dregs
of youth's sweet cup.

Sherman Riot Trials, Sent To Travis, Will Be Heard In January

AUSTIN, Texas, Nov. 18 (AP)—The Sherman riot cases, transferred here from Dallas, after having been sent from the Grayson county seat to Dallas county, probably will come up for trial shortly after the first of the year.

The 9th district court, over which Judge J. D. Moore presides, will begin a new term on Dec. 1, and the cases will be given a place on the calendar. It is believed they will be set for trial after the new year to enable the Travis county district attorney to familiarize himself with them.

Justice Sharies A. Pippen of Dallas transferred the cases after a large number of veniremen said in Dallas criminal court they would not convict the persons accused of participation in riots at Sherman last spring even though the evidence showed they were guilty.

You'll find another brimming up,
And sometimes you may not have
guessed,
You'll find the last is much the
best.

Mrs. Pearl Smith, in behalf of the auxiliary, presented the honor-oree with a floor lamp.

Refreshments were served to the following: Mesdames Effie Meador Della Hicks, Elvira Stinson, Bonnie Allen, Genevieve Hawk, Pearl Smith, Migonne Crunk, Gertrude Wasson, Anna Schull, Esther Powell, Margaret Barnett, Willie Mae Henry, Ethel Clifton, Dorothy Meador, Daphne Smith and Anna Bell Lane.

The Sterling City high school vocational agriculture judging team, under direction of A. J. Bierschwale, won second place in the judging contests at the American Royal Livestock show in Kansas City, according to press dispatches.

Members of the team, which held the state championship, are Floyd Welch, Delbert Deaton and Arthur Mills. Martin Reed, another vocational agriculture student, accompanied the others to Kansas City as an alternate. All are sons of ranchmen and business men of Sterling county.

The boys took first in swine judging and second in horses to bring the state the highest honors ever won at the contest by a boys' judging team. They competed with 47 other teams.

They became champions of the state at A. and M. college last spring and since that time have spent a good deal of effort in judging on ranches in Sterling county and visited the Dallas fair last month to practice.

They were guests of the Santa Fe railway on their trip to Kansas City. Team members recently received certificates of merit from the Future Farmers of America, an organization for vocational agriculture students.

Man Assessed Death He Sought for 'Pal'

CHICAGO, Nov. 19 (AP)—A fate he once espoused—death in the electric chair with Frank H. Bell—a jury today had decreed for Richard Sullivan.

The jury required but forty-five minutes late yesterday to reach its verdict of guilty in the trial of the pair, confessed robbers, for slaying Christ Patras, a cafe proprietor last June 16.

When Sullivan and Bell were arraigned for the slaying, Sullivan told Judge Joseph Sabath he'd "be glad to burn in the chair" if Bell died with him. His hatred for Bell, a white pal developed when Bell told a coroner's jury that Sullivan had killed Patras while trying to collect his share of "the payoff" for the slaying of Alfred (Jake) Lingle, Tribune reporter, a week before.

Bell's story was discredited by his prosecution as a desperate attempt to escape the penalty for the slaying.

Sterling City Judging Team Wins Honors

Second Place at Kansas City Show Goes To Texas Champs

The Sterling City high school vocational agriculture judging team, under direction of A. J. Bierschwale, won second place in the judging contests at the American Royal Livestock show in Kansas City, according to press dispatches.

Dead Husband Comes Back Over Radio To Haunt Woman and Mate

NEW YORK, Nov. 20 (AP)—A new radio speaker carried the radio to haunt Mrs. Mary Mulholland and Mate No. 2.

John T. Mulholland told the court yesterday, in his suit to have the marriage annulled, that he wed Mrs. Mulholland in 1917 with the understanding that her first husband, Edward J. Mulholland, Jr., had departed.

But when a radio speaker from the Doyer Street Mission was announced as "Spider" Thimman, Mulholland said, "I noticed my wife's facial expression undergo a complete change." Subsequent interviews with Thimman revealed him as the missing spouse, he said.

"Well, I don't know," Mrs. Mulholland was reported to have said when confronted with this, "I didn't think he had nerve enough to talk over the radio."

Big Lake Order Again Delayed

AUSTIN, Nov. 20 (AP)—Pending return of Chairman Pat M. Neff from San Antonio, the railroad commission will not act on a proposed extension to Big Lake oil operators in which to tube their wells as a preventative of waste.

This statement was made today by C. V. Terrell, senior member of the commission whose agreement with the attorneys for the oil companies on a 30-day extension from November 15 was met with a heated protest from Chairman Neff.

Terrell said no penalties had been placed against the company, although their probation period expired November 15. All indications were, however, that an order granting the extension would be issued by the commission, with commissioners Terrell and Lon A. Smith overriding Neff's proposition.

Santa Fe Passenger Train Not To Stop At Coleman Station

AUSTIN, Nov. 20 (AP)—Authority granted the Santa Fe by the state railroad commission yesterday to discontinue Coleman as a stop on its night run of train 77 from San Angelo to Brownwood will save the line a ten mile run covered by another train of the line, O. D. Hudnall, rail expert of the commission, said today.

Coleman is five miles off the main line, on a branch on the Sweetwater. A train going on west from Sweetwater will take care of Coleman passengers.

Payrolls of Refineries and Pipe Line Companies Total \$752,500 In City Each Year

The annual payroll of four refineries and pipe line companies in Big Spring is \$752,500, according to Joseph Edwards, Big Spring Pipe Line Co., who was the principal speaker at the Lions' club luncheon today.

Edwards, in pointing out the important bearing the refining and pipe line industry has on Big Spring and Howard county's welfare, declared the monthly payroll of the four organizations is \$62,700.

Individually, Coston Refinery leads with a monthly payroll of \$36,500. Other payrolls are, Richardson Refinery, \$16,000; Great West Refinery, \$6,000; and Big Spring Pipe Line Co., \$4,200. This includes pipe line work and refining.

"Take away these payrolls and the one of the Texas & Pacific Railway," Edwards declared, "and Big Spring residents would realize what hard times really are." He advocates the use of products, home manufactured and distributed in this territory.

Miss Ada Lingo, member of the committee sponsoring sale of Christmas seals for the benefit of tubercular relief, also spoke, urging members to aid in buying the seals.

She explained that 60 per cent of the money obtained through the sale of the seals remains here, 40 per cent going to national relief work.

The club voted not to hold the regular meeting Friday.

Assets of the city are listed at \$1,138,470.30, with liabilities being placed at \$713,523.08. The surplus is \$444,927.22.

VIOLATION STATE HEALTH CODE SENDS PROPRIETORS OF BUSINESSES TO COURT

Charges Filed When Certificates Are Missing

Use of employees who had not received a health certificate from a physician brought a number of owners of businesses engaged in handling food, into court the past week.

W. L. Cude, state health inspector, signed all of the complaints against a number of those engaged in business.

The heaviest fine of the week was assessed against a man who is alleged to have sold adulterated

foods. It is alleged he sold cakes and pies which had been placed in a case which was not fly-proof. He was assessed a fine of \$25 and costs by Justice of the Peace Cecil C. Collins.

Three paid fines of \$5 and costs, amounting to \$19 each, the past week. Charges were filed against five.

The week before two paid fines of \$5 and costs.

It is a violation of the state health statutes for anyone to handle food that is for sale, without a statement from a physician declaring he is free from contagious diseases, officers declared.

THE NEW CHEVROLET SIX HAS MANY IMPROVEMENTS

The introduction of the new Chevrolet Six marks the most impressive forward step in Chevrolet's twenty-year record of constant progress and improvement.

For this Bigger and Better Six offers new beauty of line and color, new luxury, new completeness and new quality—yet it sells at lower prices!

In every curve and sweep of Chevrolet's modern lines—in every detail of its smart new Fisher bodies, you will see the fine hand of the master designer and the skillful craftsman. And the more closely you inspect it, the more deeply impressed you will be.

The improvements in the new Chevrolet Six begin at the smart new chrome-plated headlamps and extend throughout the entire car. The radiator is deeper and unusually efficient. Due to the increased wheelbase, the lines are longer and lower, giving an air of exceptional fleetness and grace. And the new Fisher bodies combine with this more attractive exterior appearance, a new degree of interior luxury.

The upholstery is of fine quality mohair or broadcloth,

carefully tailored and fitted. The number of individual springs in the rear seat cushions has been increased by 25%. The windshield and windows have been redesigned to provide wider vision. And all interior fittings have been made more pleasing to the eye.

The chassis of the new Chevrolet Six has also been refined and advanced in a number of different ways. The frame is heavier, deeper and stronger than before. There is a smoother operating, long lived clutch; a sturdier front axle; an entirely new steering mechanism of the worm and sector type; an easier shifting transmission. In fact, every vital feature of the new car has been made better and more satisfactory to the owner.

Obviously, these many improvements are responsible for a higher standard of quality than before. And they become doubly significant when you consider that they are offered in a car which provides the smooth, quiet, flexible performance of a 50-horsepower, six-cylinder motor—the comfort of four long semi-elliptic springs and four hydraulic shock absorbers—the safety of a gasoline tank at the rear of the car—and an economy of operation not surpassed by any automobile.

» AT NEW LOW PRICES «

Fine as it is, the new Chevrolet Six now sells at lower prices—making the economy and satisfaction of Chevrolet ownership even more outstanding. We urge you to come in and see the Bigger and Better Chevrolet. Its modern design reflects the spirit of the times—and it represents a value which will command the interest of every buyer in the low-price field.

Miss Estelle Hutto Wed To J. Gordon Bristow Saturday Settles Hotel Dinner Dance To Be Climax Of Thanksgiving Entertainment

Couple Married At Noon By Reverend R. L. Owen In First Presbyterian Church

Ceremony Attended By Only Fifty Invited Guests; Leave Immediately For New Orleans, New York

REVEREND R. L. OWEN, pastor of the First Presbyterian Church of Big Spring, read the ceremony that united in marriage J. Gordon Bristow of San Angelo and Miss Estelle Hutto.

The wedding was at high noon yesterday in the Presbyterian church. Only a small group of invited guests witnessed the simple ceremony.

Mrs. Robert M. Parks, soloist, was accompanied by Mrs. H. B. Dunagan Jr., church organist.

The church altar was banked with fern and large baskets of yellow and white giant chrysanthemums. Miss Hutto wore a traveling dress of gold and black, a tunic and skirt, with black accessories.

Her bouquet was the French type made of persea roses and lilies of the valley. She was attended by Miss Marion Hutto of California, maid of honor and Mrs. Joe E. McGeath, matron of honor.

E. S. McLaughlin of San Angelo was best man and Thomas Hutto and Jeff McLaughlin were ushers. The bride's bouquet went to Miss Durell Davidson of Mineral Wells.

Immediately following the ceremony a reception was held at the Settles Hotel.

In the receiving line were Dr. and Mrs. J. E. Bristow of San Angelo, Louis Hutto, Miss Marion Hutto, Mrs. Joe E. McGeath and Mrs. Jay Johnson, the bride and groom.

The guests were served from a large and elaborately decorated table on the mezzanine floor of the hotel. Yellow and white were the colors used and large baskets of giant yellow and white chrysanthemums added the typically fall touch to the affair.

A yellow and white wedding cake in five tiers topped with a silver wedding bell was cut by the bride. Frozen Alaska, wedding cake and punch were served to the sixty guests.

The couple left immediately following the reception for New Orleans and New York. On their return they will make their home in San Angelo at 1211 McKenna street.

Miss Hutto is the daughter of the late Mr. and Mrs. Thomas Hutto, pioneers of this section. She graduated from the Big Spring High School at sixteen and attended Texas Technological Institute at Lubbock, where she was chosen one of the five beauty queens during her freshman year.

She then taught school for a year, meeting Mr. Bristow in Big Spring, instead of at Oklahoma university, as it has been erroneously reported.

Mr. Bristow is the son of Dr. and Mrs. J. E. Bristow of San Angelo, formerly of Big Spring. He was an outstanding football player and as "Obie" Bristow was one of the best players on the Missouri Valley football fields during his four years at the University of Oklahoma. He was captain of Sooner teams five times and was three years chosen all Missouri Valley fullback, being mentioned in his senior year on Walter Camp's all-American squad. Following his graduation he became connected with the Chicago Bears, prominent American professional grid eleven player, and served with distinction until he abandoned his athletic career and joined his father in the oil business. He is connected with the Merrick & Bristow company, that own extensive holdings in Howard County.

"Obie" attracted considerable attention over the United States when he invaded the strongholds of Mexican bandits and with a score of his friends, he was a representative of the San Angelo Times when he was kidnapped from Mexico by a band of bandits who held him captive for an extensive period while he was following up a lead on an extensive gold vein that was leading through the southern part of Chihuahua.

He has been lately noted as a proffer, being the sensation of the West Texas open, when he eliminated "Happy" Messenger of Fort Worth to enter the finals of the classic.

Out of town guests at the wedding were: Mr. and Mrs. Jay Johnson and daughter, Dr. and Mrs. J. E. Bristow of San Angelo; Mrs. F. Van Zandt of Fort Worth; Miss Durell Davidson, the college roommate of Miss Hutto and her sister, Miss Opal Davidson, both of Mineral Wells; Mr. and Mrs. Dick Harrison, Mr. and Mrs. Bob Ingram of San Angelo, and Mrs. Jessie Lemley of Snyder.

Electrical Workers Will Hold Dance on Thursday Having made extensive preparations for the affair, members of the local union of the International Electrical Workers, Saturday issued an appeal to the public to patronize a dance to be given under their auspices Thanksgiving evening at the Settles hotel.

Special singing and other entertainment will be offered, with Sammy Williams and his Settles hotel orchestra playing.

Tickets are on sale at the Settles and the D & H Electric company. Proceeds will be expended for furnishing the Labor Hall.

Large Dinner Bridge At Settles

Work Club Members Honor Husbands With Party

MEMBERS of the Work Bridge Club entertained with a dinner-bridge at the Settles Hotel Friday evening in honor of their husbands.

The group gathered at a large square table decorated with a square centerpiece of chrysanthemums. Flowers and petals were scattered about over the cloth. A Thanksgiving motif was carried out in the decorations and place cards. The table was lighted with tall yellow tapers, and the colors of yellow and green were used throughout.

Following the three course dinner the group played bridge.

M. M. Edwards won high score for the men and was awarded a smoking set. Tom Ashley won consolation, a jar of candy.

Mrs. J. B. Young won high score for the women and was presented with a cookie jar. The prizes were wrapped in white tissue and tied with yellow ribbon.

The guests were: Mr. and Mrs. O. L. Thomas, Mr. and Mrs. Tom Ashley, Mr. and Mrs. H. C. Timmons, Mrs. J. B. Young, Mr. and Mrs. Victor Martin, Mr. and Mrs. W. B. Clark, Mrs. V. V. McGrew and Mr. and Mrs. V. Van Gieson.

Mrs. S. D. Orr Hostess To Royal Neighbors

Mrs. S. D. Orr entertained with a Thanksgiving party honoring the members of the Blue Mountain Camp of the R. N. of A. at her home, 611 Goliad street, recently.

She decorated with chrysanthemums and carried out an autumn motif in her refreshments.

Games were played and contests held. It was decided to give a "hobo" party at the home of Mrs. E. C. Casey soon.

Refreshments were served to the following: Mesdames Audrey Boatler, Clara Burns, Mabel Hall, Doris Turpin, Cole Byers, Alma Busbee, Thelma Plummer, Mary Wilson, Bernice Lyttle, Hattie Orr, Brookline Martin, Emma Nelson, Orlie Simpson, Eula Pond, Bertha Barton Myrtle Bug, Mabel Glenn, Parola Nabors, Miss Katherine Thompson and Miss Ozzie Orr, Messrs. Charles Peck, Lewis Hall, Nathan Orr, Elmo Martin, Franklin Orr and the hostess.

Eddie Ray Lees Is S.P.C. Club Hostess

Eddie Ray Lees entertained with a "Musical" party for the members of the S.P.C. Club at her home on East Fourteenth street yesterday afternoon.

Mrs. Louise Inkman won the first contest and was presented with a handkerchief. Ruth Horn won in the second contest and was presented with a horn. Nancy Bell Phillips won the third contest and was presented with a French harp.

Those who were on the program were: Nancy Bell Phillips, Anna Katherine Ringler, Ruth Horn, Mary Louise Inkman, Mozelle Glaser, Camille Koberg, Virginia Hilliard, Doris Cunningham and Eddie Ray Lees.

Refreshments were served to the following: Nancy Bell Phillips, Camille Koberg, Mary Louise Inkman, Virginia Hilliard, Doris Cunningham, Piger, Ruth Horn, Doris Cunningham, Mozelle Glaser, Anna Katherine Ringler and the hostess.

Dinner Turkey Day Always Traditional

'Why Try To Be Original' Asks Culinary Expert

By ANNA B. TOWSE "There just can't be anything original about a Thanksgiving dinner!" How often we hear that remark. But why should there be anything original about a Thanksgiving dinner? The repetition of the traditional dishes our ancestors have handed down to us makes this national feast the most outstanding one of the year. In fact, in some sections of the country, especially in New England, family reunions are held at Thanksgiving, taking precedence over Christmas.

Turkey is the Thanksgiving bird. But this year when food budgets must be kept down why not substitute mock drum sticks. A tasty dinner affording much variety can likewise be inexpensive. Here are two menus. One is planned for the housewife whose curtailment in budgeting need not necessarily start with the Thanksgiving feast. The second menu comes within the curtailed budget, yet it has the savory of a satisfying Thanksgiving dinner.

- Menu I Grapefruit Cocktail, Cream of Tomato Soup, Celery, Cranberry Sauce, Roast Turkey, Stuffing, Mashed Potatoes, Creamed Onions, Head Lettuce, Roquefort Dressing, Pumpkin Pie, Pumpkin Pie, Sautéed Nuts, Mints, Coffee. Menu II Cream of Tomato Soup, Celery, Mock Turtle Brunswick Stew, Cranberry Sauce, Mashed Potatoes, Gravy, Buttered Carrots, Pumpkin Pie, Coffee.

Creame of Tomato Soup 2 1/2 cups boiling water, 2 cans tomato soup (2 1/2 cups), 2 cups evaporated milk, 1/2 teaspoon salt, Dash pepper, 2 tablespoons sugar. Add water to soup and heat to the boiling point. Scald evaporated milk in top part of double boiler. Remove from fire. Pour hot tomato soup slowly into hot milk, stirring vigorously. Add salt, pepper and sugar. Serve immediately. Yield: 8 servings.

Mashed Potatoes 9 medium-sized potatoes, 2 tablespoons salt, Dash pepper, 3 tablespoons butter, 1/2 cup evaporated milk, 1/2 cup boiling water drained from potatoes. Pare potatoes and cook until tender in boiling water to which salt is added, about 20 minutes. Drain and force through a potato ricer. Add pepper, butter and milk diluted with water. Beat until white and fluffy. Add more milk if needed. Pipe lightly on a hot dish. Yield: 8 servings.

Creamed Onions 1 1/2 pints small white onions, 1 cup evaporated milk, 1 cup water, 2 tablespoons butter, 1/2 teaspoon salt, Dash pepper. Remove outer dry skin of onions carefully. Cook in 2 quarts boiling water in an open kettle until tender. Drain thoroughly and add to white sauce made of remaining ingredients. Yield: 8 servings.

Mock Drumsticks 4 pound veal steak, 1 pound pork tenderloin, 1 1/4 teaspoon pepper, Unsalted evaporated milk, 3/4 cup fine bread crumbs, 2 table spoon fat, 2 tablespoons flour, 1 cup evaporated milk, 1 cup meat stock or 1 cup water in which is dissolved 1 bouillon cube, 1 teaspoon mixed onion, Dash mice. Scald and wipe wooden skewer. Pound the meat with a mallet until thin, adding salt and pepper while pounding. Cut meat into three inch pieces and insert skewer in center of pieces of meat, alternating the veal and pork and using 5 or 6 pieces of meat on skewer. Mold the meat in the skewers into drumstick shape. Dip in undiluted evaporated milk and then in bread crumbs. Brown drumsticks in hot fat and place in a oiled baking dish. To fat remaining in the pan, add flour and blend to a smooth paste. Add evaporated milk diluted with meat stock and stir until thickened. Add seasonings and pour over the meat. Cover and bake in moderate oven (350 degrees F.) one hour. Yield: 8 servings.

Chicago Wins First Battle With Enemies

CHICAGO, Nov. 18 (AP)—Chicago scored its first victory in its fight to rid the city of "public enemies" by means of an old vagrancy law.

The victory came with the conviction last night of James (Fur) Sammons, one of the original 28 hoodlums named by the Chicago crime commission as "public enemies."

Sammons, who according to prosecutors has a criminal record going back to 1899, was led away to a cell in the detective bureau to await the next move of his counsel—a legal effort for a new trial.

Champlin Again Posts New Rate On Crude Price

ENID, Okla., Nov. 18 (AP)—Because it said the price of crude oil is too high compared with that of refined products, the Champlin Refining Company here has posted another reduction of from 10 to 20 cents a barrel.

While most areas showed a decline or small gains, Oklahoma production increased sharply, rising 16,835 to reach 595,915 barrels. At that level, however, it still was well below the 545,000 barrel limit by the state corporation commission.

The Texas Panhandle had the largest loss, its output being 75,000 barrels, or 9,290 less than the preceding week. All Texas production was 276,948 barrels, a decrease of 4,453.

Heavy oil production in Southwest Texas was down 5,392 at 97,844 barrels.

Kansas production fell off 5,750 barrels to reach 111,510. Eastern production remained unchanged at 113,000, while the Rocky Mountain district showed a gain of 246 barrels to 101,637.

Bar Ponders New District Court In City

District Lawyers To Meet Here December 1 For Discussion

The matter of creating a new district court out of the present judicial district, will be brought up at a meeting of lawyers of the district association to be held here the night of Dec. 1; it was announced Saturday by Clyde E. Thomas, local attorney.

Thomas acted as chairman at a meeting of the local bar held Saturday afternoon at which preliminary plans for the session were made.

A banquet will be given prior to the business meeting. The district session has been called by C. H. Ernest, Colorado attorney, president of the district association.

James Little, C. J. Rogers and Judge H. R. Debenport are on the arrangements committee, with Garland A. Woodward, Charles Sullivan and Wilburn Harless as the program committee. The finance committee is composed of Cecil E. Collins, M. H. Morrison and E. F. Duncan.

The purpose of the meeting is to discuss a method of equalizing the docket and to review the proposition of a new court district for this county. Although it seems to be the consensus that Howard county is not in need of a separate district, it is believed by local attorneys that a 30-week session a year is needed.

At the present time only 12 weeks of court is held in this county. At the present the civil docket is crowded, several hundred cases remaining to be tried. Of this twelve weeks, about half is devoted to trial of criminal cases, as District Judge Fritz R. Smith has the policy of trying all suspected criminals who are lodged in jail awaiting trial.

The present district is composed of Howard, Mitchell, Nolan, Scurry and Borden counties. It is declared Howard county is the only one suffering from a crowded docket.

Although nothing definite regarding the method of splitting the district in order to give this county additional court time, it is presumed definite plans will be worked out at the session Dec. 1.

It requires an act of the legislature to create a new court district. At one time Howard had only six weeks of court a year, but a bill was passed giving to this county the present allotment.

Between 40 and 50 visiting attorneys are expected to attend the court meeting.

Sixty-three new civil suits await disposal when the December term of district court opens Dec. 1.

Of this amount, 23 are suits for divorce. The new suits have been filed since the September term closed.

The December term lasts three weeks, with over a week being given to trial of criminal cases.

Youth Chased And Arrested For Passing Check

A youth, giving his age as 19, and his home Coahoma, was held in the Howard county jail Saturday night, pending investigation of passing a check, alleged to have been forged, at the Stovall Sales Co., 305 Main street, early Saturday night.

It is alleged by R. W. Stovall, proprietor of the store, that the youth purchased \$12 worth of wear-apparel and gave a check for \$42. The check was drawn on the First State Bank of Coahoma, on the account of the Farmers' Cooperative Co. They were signed by K. G. Burkhead, manager of the firm. Thirty dollars in change was given the youth.

Stovall, upon receiving the check, telephoned Burkhead who declared the checks had been forged. The youth was just leaving the store when the call was completed, and Stovall and employees of the store started chasing him.

Night Patrolman Coffey joined the group. When the youth reached East First and Johnson streets, he ran into Patrolman Moseley, who placed him under arrest.

Two checks, each for \$33, and \$82 in cash were found on the youth when he was placed in jail. He refused to make a statement regarding the check. He told officers he lived at Coahoma.

The boys held cups won at College Station last spring when they were crowned champions of Texas.

\$900,000 Sum Set By Court For Program

Portion Is Allotted For Paving Lateral County Roads

Howard county voters will go to the polls December 23 when they will either accept or reject a \$900,000 road bond issue for the construction of highways and lateral roads, it was decided at a called meeting of the county commissioners held Saturday afternoon.

The order calling the election and setting December 23 as the date, was passed unanimously. W. B. Sneed made the motion the order be passed, and Pete Johnson seconded.

Petitions Presented

The orders were signed by four commissioners and County Judge H. R. Debenport.

M. H. Morrison, chairman of the Howard County Good Roads Committee, and C. T. Wainman, manager of the Chamber of Commerce, presented petitions bearing the signatures of 371 voters asking for the election. The petitions were filed with the order.

The order calls for an issue of \$900,000 with which to construct paved highway north and south over the present state highway designation, No. 5, State Highway No. 1, running east and west, also will be reconstructed. The rest of the money will be used in building and improving lateral roads in the county. Passing of the order Saturday afternoon was the beginning of what is expected to be a strenuous campaign for the passage of the issue. Although only tentative plans have been adopted a program which will carry advocates of the bond issue into every community of the county will be followed out.

The first speaking in favor of the issue was held Saturday night at H-Bar when H. H. Morrison addressed voters of that district.

The date for voting on the proposed bond issue was set for shortly after the length of time required by law. The order must be published three weeks before the election, and must be posted in public places. A two-thirds majority is required to pass the issue. In passing the order for the election the following officials were named:

No. 1—Big Spring, L. L. Buzz.

No. 2—Big Spring, L. S. Patterson.

No. 3—Big Spring, L. Coffee.

No. 4—Big Spring, Walter Coffee.

Father Of Local Man Killed In Motor Accident

G. R. Halley, 212 North Johnson street, was informed last night of the death of his father, C. J. Halley, 70, who was killed near Chilton enroute from Waco to Lott, his home.

The car in which the elder Halley was riding, after having been a witness in United States District court against Henry Lott, former cashier of the national banking laws, crashed into a truck which had broken down in the road with a cracked axle.

According to Associated Press dispatches, W. R. Peters, president of the bank, and Ingal Jones of Lott, received cuts, bruises and minor injuries.

The victims of the crash was the grandfather of Miss Lucille Halley, student at Texas Tech.

Mr. Halley was a director in the Lott National Bank. G. R. Halley left immediately for Lott after hearing of his father's death.

Two Air Lanes Converging Here Being Lighted

Within a few days territory between Big Spring and San Antonio will be lighted for night flying. Installation of beacons is nearly complete. At the present the pilots run into darkness on the south-bound run just out of San Angelo in the mountainous region between that point and San Antonio. Pilots Duval Vance and McConoughy are flying the mail between these points, alternating with two days flying and two-day layoff.

The mail plane leaves here at 6 p. m., immediately after the arrival of the eastbound Los Angeles-Dallas S.A.P.E. passenger and mail plane. That section between Big Spring and Fort Worth also will be lighted within the next few days, inasmuch as the eastbound craft runs into darkness soon after taking off from this city.

Beacons have been installed at Santo, Eastland, Weatherford, Baird, Merkel and Westbrook, according to an announcement made at Abilene Saturday by J. W. Gallion, inspector of airway construction.

Emergency landing fields have been arranged for at Westbrook, Merkel, Baird and Weatherford.

C. R. Smith, vice president and general manager of Southern Air Express, stopped here Friday, on route to Los Angeles. In his party were Inspector Wm. Hayworth of the United States Airway division, and Mr. Henshaw, public relations official of the Aviation Corporation.

Workmen are busy at the local airport constructing the addition to the administration building. As soon as it is completed, offices of Lee Garner, manager, and Sam Harry, radio operator, will be moved to the new addition, the other wing being used for quarters for field officials and pilots. Hangar and mail rooms will be housed in the new addition. It is thought the wing will be ready for occupancy soon after December 1.

When the building is completed installation of the new \$10,000 radio unit will be started. The equipment for the new station, which allows verbal communications between field officials and pilots of ships, has arrived. It will be installed by C. C. Schragway, radio engineer of Aviation Corporation. Work on the new station will be started here Friday. Mr. and Mrs. J. W. Phillips, in the Moore community. The family will be reunited in nine sons and three daughters being expected. Mr. and Mrs. Tom Phillips, Fresno, Calif., Mr. and Mrs. Truitt Thomas, Tampa, are the only members of the family residing in and near Big Spring.

Devoted To The News And Interest Of Lomax School

Editor in Chief: Ruth Lynn Athletics: Wofford Williams Society: Minta Riddle School reporter: Coy Cook Hooper: Weldon Wood Locals: Artelia Miller Reporters: Albene Miller, Dorothy McGinnis.

ENROLLMENT GROWS

Three weeks ago, when school opened, fifty pupils centered. This number has been increased to seventy-five and others are expected. The maximum is expected to reach 100. An effort is being made to get every child of public school age residing in the district to enroll. There will be ten to fifteen Mexicans, most of whom have been in school here for the past three years.

FAMILY REUNION

Miss Arsh Phillips, who is principal of Lomax school, planned to spend the week-end in the home of her parents, Mr. and Mrs. J. W. Phillips, in the Moore community. The family will be reunited in nine sons and three daughters being expected. Mr. and Mrs. Tom Phillips, Fresno, Calif., Mr. and Mrs. Truitt Thomas, Tampa, are the only members of the family residing in and near Big Spring.

Max Stallings now is salesman for a tractor company in this county. He did all his farming last season with tractors and is thoroughly convinced that it is the most practical and economical method.

A very attractive sign, bearing the words, "The Hornet's Nest" has been completed. It measures six feet in length and will be displayed above seats in the gymnasium. Joe Jim Green, who painted it, included a suitable design of a nest of hornets, with a boy running away from it.

RINGS ORDERED

Rings for the seniors of 1931 have been ordered. They will bear the Hornet emblem and the name of the school, with the date.

There are two seniors: Ruth Lynn and Minta Riddle. Diplomas are received from the state department of education. They take examinations given annually in May. This method has been employed here the past two years and a majority of students have half their high school credits earned.

PRIMARY ROOM

Boys of the second grade worked diligently screening sand for the primary table and this feature is materially improving interest of the children in their work. Equipment is being received for the Model Store, but an adequate supply is not being secured. The pupils enjoy buying and selling at the store and can hardly wait for the equipment to arrive.

Mary Emma Barnhill was absent from school two days because of illness.

Girls To Practice

Lomax school girls will start practice for senior and junior basketball Monday. Miss Tella Lomax is coach of girls, with Miss McGinnis assisting. Both will play with the senior girls, as there are not enough junior girls in school to make a team.

First P.T.A. Meeting

The Parent-Teacher Association had its first regular meeting Friday evening. Mrs. A. J. Stallings was made president for this session. Mrs. W. J. Williams, as secretary and L. E. Lomax, treasurer.

The meeting was enthusiastic and planned various activities. The president said that both boys and girls who play on basketball teams and make a certain pre-arranged record will be given letters. The boys will receive sweaters, and the girls perhaps only letters and service stripes, since this is the first year the school has been represented by a girls' team.

The P.T.A. is also offering the best all-round student in each of the three rooms a prize. This student will be judged by scholastic achievements, attitude toward teachers and fellow students and school and community activities.

A membership campaign is being launched with the aim of having every patron enlisted.

Six Games in One Night

Six basketball games were played on the Lomax gym floor last Friday evening. The first was called at 7 o'clock and the last ended at 11:30 o'clock.

Knott and Forsan met first. Forsan winning 27 to 9. Lomax boys defeated Elbow 29 to 0. Ledbetter bagged nine field goals for Lomax and was high point man.

The next tussle was between Forsan and Knott girls. Knott winning 27 to 3. The Elbow junior boys then wrestled a 7 to 3 victory from Forsan.

The next feature was between Elbow and Knott girls. Knott winning 15 to 6.

The final game was a hot one between Lomax and Forsan. In the first quarter Forsan scored six points before Lomax counted. The locals then began to "smack 'em" and when the final gun sounded had the big end of an 18 to 10 score. Ledbetter scored a total of 20 points in two games. Forsan's No. 5 and No. 1 were stars for their team. The John McCreagie and Earl Whittington of Knott showed real ability as did W. Wood of Lomax and W. Lomax, a new guard for the Hornets.

Coaches Smith of Knott, Holton of Forsan and Miss Phillips and Hale of Elbow have developed stronger teams than last year. Among girl players who attracted attention of the crowd were Daisy Thomas, Knott forward; Mamie Lee Brown, Knott guard and a Forsan forward.

Shop Employees Hear Talks At Open Meeting

Members of the local unit of the Association of Mechanical Department Employees of the Texas & Pacific Railway company, in their annual Thanksgiving season open meeting Saturday evening in W.O.W. Hall heard short talks by the president, S. J. Hurton, City Manager, V. R. Smitham, C. F. Watson of the Chamber of Commerce, George Crouse, machine shop foreman and Shlne Phillips, druggist.

Following the talks a dutch lunch was served. An orchestra of Mexican shop employees furnished music. About 100 men attended.

Mr. Crouse urged that it is the duty of railroad men to give efficient service to their road, and the legal in turn to give that type of service to the public.

Likewise, he pointed out, it is the duty of business to support railroad, which form the framework of the national system of transportation, he pointed out.

Particularly should Big Spring business men support the Texas & Pacific, he said, pointing out the heavy benefits derived by the city from T&P operations.

Mr. Watson told of work being done in preparation for the hearing, opening December 8 in Lubbock, on the Texas & Pacific Northern's application to build a line north from here into the Panhandle.

Phillips heard

Shlne Phillips pointed out instances wherein the railroad had benefited the city, how results had been derived from proper cooperation between business men and railroad men. He took occasion to criticize "hard times knockers," saying that the "day his parents moved here his father, who came as a T&P employe, told his mother he thought they'd better not un-rack, as the shops were likely to be moved.

"And ever since then we've had about nine knockers around here who have moved the shops regularly about every two weeks to Midland, Colorado or Sweetwater. We have a few knockers in other groups, the Chamber of Commerce not excluded," said Mr. Phillips.

4-H Club Boys, Girls Banquet Friday Evening

Four-H boys and girls of Howard county will hold the outstanding affair of the year in their work here Friday evening, November 28, at a place to be announced later. It will take the form of a chili banquet and achievement program.

All 4-H club boys who expect to attend are requested to meet in the office of the county agent at 8 p. m., one hour before the banquet.

Only boys who turn in records of their demonstrations before November 25 will be permitted to take part in the program.

J. F. Laney New Store Manager

J. F. Laney, who has been identified with department stores here three years, since June with Grissom-Robertson will become manager of that concern's local store December 1.

Mr. Laney will succeed J. J. Soale, who is being transferred to the general office in Lubbock as shoe merchandising manager for all Grissom-Robertson stores.

Three 'Drives' In One Effect Of Plan Here

Boy Scouts, Salvation Army and Red Cross Included

Appealing for the poor and needy, for the boys of the community and for the worthy activities of the Red Cross, several score Big Spring men and women will go to their fellow citizens Thursday and Friday, December 3 and 4 for the purpose of raising the city's first Community Chest fund.

The goal is set at \$10,000 and the Chest plan has been adopted for the purpose of "killing three birds with one stone."

Three in One

The Boy Scouts, the Salvation Army and the Red Cross are three organizations which annually make city-wide drives for funds.

A central committee, has been designated, with twelve members representing various groups and organizations. This committee, headed by Carl S. Blomquist, will direct the campaign.

When the fund has been raised a standing committee will be named to handle disbursements from the Community Chest.

Funds will be appropriated to the three participating organizations by this committee. They will not be given their entire share in lump sums but will receive money through the year as the committee is convinced it is needed.

Committee

Members of the campaign committee are: Mr. Blomquist, chairman; G. R. Foster, Kiwanis club; Rev. R. L. Owen, clergy and Red Cross; Rube Martin, Salvation Army; J. B. Pickle, city government and Luncheon club; Mrs. Homer McNew, women's federated clubs and Parent-Teacher Association; C. W. Cunningham, Rotary club; Mrs. W. A. Earnest, publicity; Dr. J. R. Dillard, Boy Scouts; W. C. Blankenship, education.

Mayor J. H. Parker last night issued the following statement with reference to the Community Chest:

Some time ago a committee to consider the advisability of adopting the Community Chest plan in Big Spring was appointed. After diligent inquiry and careful consideration the committee recommended its adoption as a better method of handling financial affairs of the city.

Members of the campaign committee are: Mr. Blomquist, chairman; G. R. Foster, Kiwanis club; Rev. R. L. Owen, clergy and Red Cross; Rube Martin, Salvation Army; J. B. Pickle, city government and Luncheon club; Mrs. Homer McNew, women's federated clubs and Parent-Teacher Association; C. W. Cunningham, Rotary club; Mrs. W. A. Earnest, publicity; Dr. J. R. C-C To Finance Purchases For Feeding Tests

The Big Spring Chamber of Commerce, co-operating in the feeder-breeder movement being advocated throughout Texas, at its regular meeting here this week, expressed to Fred Keating, superintendent of the Federal Experiment station willingness to finance the purchasing of thirty yearlings for the purpose of conducting a feeding experiment at the station.

West Texas cattle will be fed West Texas feed in an effort to prove to both the grower of feed and the breeder of cattle that it is more economical to market the feed through live stock, and also to the breeder that it is more economical to feed his livestock instead of shipping as feeders.

The animal husbandry division of the United States department of agriculture, co-operating with the state extension service, will conduct this test.

OLIVER POWER
Easy to Operate, Easy to Handle—the New Oliver Hart-Parr Row Crop
Revolutionary—that's the only word that describes the finger tip control of the new Oliver Hart-Parr Row Crop Tractor. The ease with which the Row Crop can be controlled is amazing to the farmer who has been used to the previous type of general purpose tractor.
The Row Crop responds instantly to a touch of the wheel. You can "dodge" hills out of line as quickly as with the most modern horse-drawn cultivator.
And the attachments handle easily, too. Your boy can operate the Row Crop attachments. Let us show you how the new Row Crop will cut your costs and make your work easier.
