

EARNESTINE LOCKHART GIVES BIRTHDAY PARTY

Last Thursday afternoon, from four to six, a party was given at the home of Mrs. G. E. Lockhart, celebrating the seventh birthday of her little daughter, Ernestine. Many games were played and punch and cake were served as refreshments. The guests declared it to have been a most delightful occasion.

MRS. H. A. RIDDLE ENTERTAINS JUNIOR B. Y. P. U.'S

Last Friday, from 4 to 5:30, the members of the Junior B. Y. P. U. were entertained at the home of Mrs. H. A. Riddle. Cocoa and sandwiches were served. All the guests reported a most enjoyable evening.

W. C. Wright and Bun Pritch, who recently removed here with their families from Titus county, will farm on the Henderson place three miles north east of town this year. Mr. Wright called at the News office Monday to have the paper sent to his address. He admitted that Sunday's sandstorm was calculated to get a newcomer's goat but he was going to stay with it. They don't have sandstorms but they have other kinds of trouble in Titus.

MAGNOLIA NEWS

Lloyd Craig and Guy Fleming came home from Arizona a few days ago. They like the plains too well to stay away.

Several new pupils have started to school lately. A few have been absent on account of sickness.

The Boys' basketball team of Magnolia went to Edith Friday evening and enjoyed a game with them, in which our boys won, the score being 6 to 17 in favor of Magnolia. Our boys' team of Magnolia seems pretty good at winning this year. They have not been beat this term yet.

Several ladies of our community met at Mrs. J. B. Ray's Thursday evening with Miss Halsey to learn hat making.

PRESBYTERIAN SERVICES HERE ON NEXT SUNDAY

We are always glad when we get back to Tahoka. This word itself must mean optimism and pure comfort. It certainly does mean progress. And right along with our social, educational and material progress the Churches and the Gospel, in our town, are making progress. Every Presbyterian and his friends in the town and country who wants the proof that we are making progress come out next Sunday morning to our regularly monthly services. When Presbyterians turn out right, it always brings a rain. Try it Sunday.

Pastor Rev. W. K. Johnston, D. D. of Lubbock, will preach twice next Sunday at the usual hours of service in Tahoka. Subject in the morning "The Beauty and Inspiration of God's Word." Good song service and a fine fellowship. Subject Sunday night: "A Success But A Failure." Many people are this in life; stood high, made lots of money, popular, etc., but at home and heart, a failure. Come and bring others. You are invited. Any Presbyterians moving into the town or country, let your light shine. We want you and need you. In family and community and Church we all get somewhere by standing and working together. Let us have a good day next Sunday.

WALTER K. JOHNSTON, D. D. Minister.

NICHOLAS TAKES ABANDONED INFANT

Rev. W. A. Nicholas, superintendent of the West Texas Homeless Children's Welfare Society of Abilene, came up last Friday and took charge of the tiny infant which was found Tuesday morning of last week on the front porch of the Geo. W. Small home. It has been the work of Brother Nicholas for many years to find good Christian homes for just such children as this, and when he takes a child those interested may be assured that it will be placed in a good home. Occasionally a mistake is made but when the mistake is discovered, it is usually corrected. This society is doing a noble work. With this and other societies in Texas doing this kind of work, it is inexcusably criminal for any unfortunate mother to permit her child to be exposed to the danger of freezing to death as this child was.

FLASHES OF THE GREAT WHITE WAY

The costumes in Flashes of the Great White Way are characterized by the richness of texture and brevity of design. Particularly elaborate are the bizarre creations visible in the magnificent Mirror number. Over one million bits of prism glass are woven into the rich brocades that adorn the score of fair mannequins. In her oriental number Mona Mura is credited with wearing a sartorial surprise that cost at the rate of \$20,000.00 a pound. It is alleged that the outfit for the garment was in the neighborhood of \$500,000. Thus mathematicians may calculate the dead weight fair Mona is burdened with. The gorgeous harlequinade will appear at The Palace, Lubbock, matinee and night, Monday March 2.

BIG REVUE COMING TO LUBBOCK SOON

What is far the most important event in the history of Panhandle amusements is the coming of "Flashes of the Great White Way" to the Palace theatre, Lubbock, on Monday matinee and night, March 2. Believing that this section will appreciate and is entitled to see a real, big metropolitan extravaganza, C. C. Linsey secured this famous attraction for a date immediately following its Dallas and Fort Worth engagements. The organization numbers over fifty persons and includes a jazz orchestra of ten musicians.

PHEBE K. WARNER CLUB ADOPT CLUB FLOWER

At the last session of Phebe K. Warner Club, The La France Rose was adopted as the club flower, and club will plant some of this hardy rose on the court house lawn. The lesson study was on "Health" and by Mrs. W. D. Nevels. It was decided to have a health program during clean up week and have the different Doctors lecture on diseases and their prevention.

Information is leaking out that a very important convention will convene in Tahoka the latter part of March. Delegates from all over the U. S. will be in attendance should they meet here.

MISSIONARY SOCIETY WILL SERVE DINNER

The missionary society of M. E. Church will serve dinner in room at rear of First National Bank Tuesday March 3rd.

The two divisions will conduct a food sale Saturday in same room. Mrs. Thomas' division will serve sandwiches coffee and cake. Mrs. Robinson's division will sell cakes, pies, salads and dressed chickens. Quite a rivalry has developed in the two divisions and some unique ideas are being advanced to raise money to finish paying for the pews in the church.

MARRIED

A. E. McDougal, a business man of Mexia and Miss Ometta Malone of New Home were married at the Methodist parsonage Monday evening, Rev. Jno. E. Eldridge, the pastor, performing the ceremony. The bride is a sister of Mrs. Hall of that community. The newly married couple will make their home in Mexia.

J. W. Small is "down on the farm" this week,—no, not exactly down on the farm but on his ranch in Martin county converting it into a farm. He is having a house built and is preparing to have about two hundred acres of the land broken out and planted in cotton this year.

REPORT FINDING OF MAYAN THRONE ROOM

Excavators Uncover Royal Relic in Buried City.

Advice received at Washington from the archeological expedition of the Carnegie Institute to Yucatan say that the excavators at work on the ruins of Chichen Itza have penetrated to the throne of the king, perhaps the most magnificent spot within the columns of the buried chief city of the prehistoric Mayan empire.

The throne is a magnificent affair, thirteen feet wide, seven feet deep and three feet high. On the sloping sides are carved elaborately costumed warriors, weaving in and out among which are serpents, sacred to Kukulcan, principal god of the Itza. The throne was painted in deep red, warm yellow, brilliant blue and green.

The throne and council chamber were found in the northeast colonnade of the buried city. The excavators were guided in their work by four sculptured columns, the rest of the 48 which compose this colonnade being plain. The walls and plain columns were painted with frescoes in bright colors, now almost entirely destroyed. The floors were of hard lime plaster, painted a rich red. Around the back and side walls runs a deep, broad bench with sloping back, where perhaps the Itzan dignitaries, priests and councilors sat in solemn deliberation with the king seated on his throne.

Another very important discovery has been the outer wall of the colonnade with its sculptural decorations unimpaired, in position at the southwest corner. This shows the original height of the building to have been 194 feet. Around the top of the building there had been a sculptured cornice. Below this there were two great, grotesque human heads with square eye sockets, curling noses, filed teeth set in grinning mouths, and square earrings. These are representations of none less than Kukulcan himself. Below is another cornice.

Life in Chichen Itza, however, was not entirely one of grotesque reverence to Kukulcan. The Carnegie Institute excavators announce the uncovering of a ball court just north of the throne location in which a game similar to the American basketball was played. The game, which was introduced by the Toltec-Aztec conquerors of the city, had for its object the driving of a solid rubber ball through a ring fastened in the side of the wall. The court just uncovered is the third to be discovered in the "New" Mayan empire.

The game was known as "tlachtli." The hole through the ring being perpendicular to the wall, it was necessary to stand very close to the wall and throw the ball practically parallel to the axis of the wall. The ball would not be thrown directly with the hand, but had to be struck with the elbow, wrist or hip. The players wore leather pads on these parts to make the rubber ball bound from them more easily.

The winning shot was so difficult and so seldom made, that, according to another rule of the game, the lucky player had forfeited to him all the clothing of the spectators.

At the court of Montezuma, where the game first was witnessed by the Spaniards, high stakes were wagered on the game by the Aztec nobles—quills filled with gold dust, estates, even liberty, the bettors becoming slaves if they lost. It is notable that from the balls used in this game the Spaniards gained their first conception of rubber.

The excavating work has been brought to an end for the year, due to the rainy season, which prevents any operations for the greater part of the time.

An Example

A Methodist minister on Michigan avenue presents a concrete example of the contagion of marriage. He tells of a couple last week who decided to become married after they had seen a wedding party emerge from his church. They were walking along the street, the minister says, and were watching the members of the party leaving the church. A hasty consultation was held, a marriage license was obtained an hour later, and within three hours of the first wedding, the minister was asked to marry the couple.—Detroit News.

No More Invitations

I had been working for a concern for some time, and was often invited to the executive's home for dinner.

After dinner one evening, when we were sitting in the library, he appeared with an enormous album, and brought it to me showing me a picture of his sister, the other one being his Cousin Kate.

Finally he said, "And this is my wife's first husband."

"My, what a peculiar looking person!" I exclaimed. "But your wife never mentioned being married before."

"No!" he replied, "I happen to be her first husband."—Chicago Tribune.

Happy Thought

Even out in the shadows of Universal City, people do have the measles, and of course, Harriet didn't escape. But even sickness has its compensations, as on the night when her mother crept to the bedside and whispered: "Are you asleep, Harriet?"

"Yes," said Harriet, "I'm asleep, and the doctor said particularly that I wasn't to be waked up to have my medicine."—Los Angeles Times.

WILSON NEWS
(From the Wilson Pointer)

Last Tuesday evening, Mrs. John Lambreth passed away after a long illness at her home on the Klattenhoff place southwest of Wilson. Mrs. Lambreth had had an attack of the flu followed by pneumonia in both lungs. She had this dreaded disease last year and very soon developed it again during her last illness.

Mrs. Lambreth was a kind and loving mother and wife and she was a true friend to all who knew her. Her splendid life was an example many would do well to follow. She left her husband and three children. The latter will make their home in the Eastern part of the state for the present.

Sunday morning the Methodist people reorganized their Sunday School. New classes were formed and 427 teachers elected. Some of the old teachers were re-elected.

The Methodist church will begin an active campaign for the building up their Sunday School. There were 85 present Sunday but they feel that with the help of all the members that this number should be more than doubled in regular attendance.

Monday Floy Dawson was taken very sick with what is supposed to be the flu. Monday night he became worse and a doctor was called from Tahoka. Tuesday afternoon his condition became such that two doctors were called from Slaton. They remained several hours until he found some relief. A specialist was called from Lubbock and at the present he is not out of danger by any means.

The doctors have not said definitely what is the matter with him but they each say that the flu and nervousness have had a great deal to do with his condition.

CURRICULUM IS NOW BROADENED

An effort is being made this year to obtain several new points toward affiliation for Tahoka High School. The Credits which we are trying to obtain are two in Spanish two in Home Economics, one and 1/2 in agriculture, and 1/2 credit in physiology. As Tahoka High School already has sixteen credits these new credits will make it one of the best high schools of the state.

NEW FACULTY MEMBER

Miss Don Clinton became a member of Tahoka High School faculty, the early part of last week. Miss Clinton will fill the vacancy left by Mrs. Frank P. Hill, our former expressive teacher. We greet Miss Clinton with a warm hand and hope she likes her new position.

SOME FACTS ABOUT THE TEXAS ALMANAC

One of the really great needs of Texas has been met in the publication by The Dallas News of The Texas Almanac and State Industrial Guide, which has just come from the press. Describing it briefly, it is a volume of facts about Texas—agricultural, political, industrial, educational, social and otherwise. It is not a "booster" edition, but its remarkable exposition of Texas resources through authoritative statistics will do much to attract the outside homeseeker and investor to Texas, as well as awaken Texans themselves to the great potentialities of their own State.

There is too much in the book even to enumerate in a short discussion, but as an example there is a complete tabular account of last year's strenuous political campaigns, giving vote by counties on State-wide races. Names of officials are given, together with names of principal Federal Government officeholders.

Crops and live stock are covered completely with records of production acreage and values for a number of years past, together with statistics upon farm property, mortgages, tenure and population for the State as a whole and by counties.

There is also a complete recapitulation of all mineral production and values by kinds of minerals, with an extended chapter upon petroleum.

Detailed figures are given also upon Texas schools, roads, railways, utilities, ports, finances, industries, commerce, irrigation and reclamation projects, and there are many smaller chapters dealing with miscellaneous phases of Texas resources and development.

One of the most attractive features of the book is the large folded map of Texas in colors showing counties, towns, railroads, rivers and highways, with the highways designated by official number and name.

The title page of The Texas Almanac aptly describes the volume as "A textbook of Texas, a handbook, reference book and guide" to commercial, industrial, financial, educational, political, governmental and social Texas. And such it is—a cyclopedia of the great State of Texas in compact form for the farmer, business and professional man, club woman, school and college student and any other who would know about Texas. Published by A. H. Belo & Co., Dallas, who also publish The Dallas News, The Semi-Weekly Farm News and The Dallas Journal.

ECONOMICS CLASS STUDY NEW LINE

The second year home economics class has entered a new line of study. We are now sewing, making plaited skirts and a blouse of different materials, and some are making middy suits. Sewing is very interesting even though it is sometimes necessary to "rip what we sew". The next garment we will make will be a linen type dress.

Our home management class is also very interesting as well as instructive. We are planning a home, the placing of this home on a lot, and the planting scheme for the grounds. During this term we shall also plan the furnishings of this house, the wall finishings, the floor finishings, and floor coverings.

BOTTLING WORKS TO BE ESTABLISHED NEARBY

Mr. John M. Smith of Sweetwater was here recently and took lease on part of the Brownfield building on 7th street, mentioned elsewhere in this issue as being leased by the new steam laundry, and will put in an up to date bottling works, the machinery of which will be shipped immediately. Mr. Smith has had years of experience in this line, and seeing the present and future possibilities of Brownfield, got on the ground here.

Our modern power and light system, coupled with our splendid water system now building, and the further fact that the Texas Utilities are putting in a modern ice plant, is bringing in these needed industries.

This summer when the days grow warm, we will drink our own "pop" made cold by our own ice.

Let the development go on and throw no chucks in the cogs of industry and development by going or working against any measure that tends in this direction.—Brownfield Herald.

An Extraordinary Attraction

To the Theatregoers of this city and Environs;

It is with mingled pride and pleasure that I am able to announce the advent of what I firmly believe to be the red letter event in the theatrical history of this section. I have booked

Flashes of the Great White Way

AT THE

PALACE THEATRE

LUBBOCK, TEXAS

MONDAY NIGHT

MARCH 2

The Company comes direct from Dallas and Fort Worth and is the biggest organization that has ever been booked in the Panhandle.

This attraction is designed for Broadway. So successful was the brief tour on the road readying the production for its metropolitan premiere that its owners decided to allot a few additional weeks to the citizens in this section before inaugurating the New York run. The Manhattan engagement is set for early next month and this city will be one of the few in the country that sees FLASHES OF THE GREAT WHITE WAY before Gotham flashes it. This is the only time within ken that a genuine New York bound musical revue has been booked in this city.

Press and confidential trade reports that have reached me are of such a laudatory nature that I have no hesitancy in placing my PERSONAL GUARANTEE behind every ticket sold.

Night Prices range from \$1 to \$2.50 PLUS TAX

Mail orders accompanied by remittance in full (including tax) and self-addressed envelope, sent and made payable to C. C. LINDSEY, Palace Theatre, Lubbock, Texas, will be filled in rotation. NIGHT—Main floor \$2.50, balcony, \$2.00—\$1.50 and \$1.00. MATINEE—\$1.50 & \$1.00 ADD TAX PRICE—SCALE IS EXACTLY SAME AS THAT IN VOGUE IN DALLAS AND FORT WORTH.

THE HOODOO

"The Hoodoo" is the name of the play to be given on Friday night, Feb. 27, by the staff of the high school and should be attended by all wishing to see a good play. The following is an article on this play clipped from the High School publication, "The Tumbleweed."

The story takes place at the fashionable country home of the noted society leader, Mrs. Perrington-Shine. The occasion is a house party given by Mrs. Perrington-Shine for her niece, Miss Amy Lee, whose wedding to Mr. Perrington-Shine is to take place on the next day.

A number of invited guests, among them Miss Longnecker, Amy's old school teacher, and Professor Solomon Spigot, Brighton's cousin, a noted Egyptologist, arrive. The professor gives Brighton an Egyptian sash which has certain mysterious properties, for a wedding present, and that's how it all begins.

Two uninvited guests, Dodo de Graft, an actress who was once Brighton's sweetheart, and Mr. Dun, the burglar, arrive and complicate matters.

Everyone comes under the mysterious spell of the "Hoodoo" from Paradise the colored cook, who loses twelve dollars and sixty seven cents from a "lambender colored hose", to Dun, the burglar, who is caught and is forced to confess. Even Billy, the heart breaker, is so bewitched that he becomes engaged to three girls at once.

Angelina, the angel child, "braters" to put quinine in her mother's face powder, and Lulu nearly loses her position as a result of a flirtation with Mr. Meek. Prof. Spigot has a charge of bigamy and Semiramis is heart broken.

Finally, the "Hoodoo" is buried—everything is adjusted in a satisfactory manner and that's how it all ends.

CITATION BY PUBLICATION

THE STATE OF TEXAS: To the sheriff or any constable of Lynn County—Greeting:

You are hereby commanded to and legal representatives of Frank Fenn, the names and places of residence of said heirs and legal representatives being unknown) by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 72nd Judicial District; but if there be no newspaper published in said District, then in a newspaper published in the nearest District to said 72nd Judicial District, to appear at the next regular term of the District Court of Lynn County, to be holden at the Court House thereof, in Tahoka, on the 1st Monday in March A. D. 1925, the same being the second day of March A. D. 1925, then and there to answer a petition filed in said Court on the 28th day of January A. D. 1925 in a suit, numbered on the docket of said court No. 529, wherein William Green and L. Lumsden are Plaintiff's and Frank Fenn, the heirs of Frank Fenn, and the legal representatives of Frank Fenn, and Loyd Dawson are Defendants, and said petition alleging that heretofore on the 27th day of January, 1925, plaintiffs were lawfully seized and possessed of those certain lands which are situated in Lynn county, Texas, being the West Half of Survey Six in Block D 20, and west Quarter of Survey Twelve in Block D23; that they owned and held same by fee simple title; that on said date the defendants unlawfully entered upon said premises and ejected plaintiffs therefrom, and do continue to unlawfully withhold the possession thereof from plaintiffs.

Plaintiffs further allege that as to the defendants Loyd Dawson they are the owners of above described land having purchased same from Fred Dawson who is the survivor of the community estate of said Fred Dawson and his deceased wife Ora Lee Dawson who was the mother of said Loyd Dawson; that plaintiffs as a consideration for the conveyance of said land agreed to assume and repay debts of the community estate of Fred and Ora Lee Dawson, equal to value of the lands.

As against all the defendants plaintiffs also plead the three, five and ten years statutes of limitation under the laws of Texas, alleging that they and those under whom they hold have had and held actual possession of said lands, having it under fence, and using, cultivating and enjoying it for more than three years, and for more than five years, and for more than ten years before the filing of this suit, and for more than ten years after the accrual of any cause of action in favor of the defendants or any of them against said land; and that they paid taxes on said land each year as they accrued for more than five years before filing of this suit.

Plaintiff's pray for recovery of title and possession of said land as above described, and for general relief. Herein fail not but have before said Court, at its aforesaid regular term, this writ with your return thereon showing how you have executed the same. Given under my hand and seal of said Court, at office in Tahoka, on this the 28th day of January, A. D., 1925.

W. E. SMITH, Clerk District Court, Lynn County, Texas.
By Inez Weatherford, Deputy.

DR. J. T. HENDERSON, Secretary Laymen's Movement

North Carolina, \$5,171,049.83; Oklahoma, \$1,461,822.83; South Carolina, \$4,752,390.22; Tennessee, \$3,963,611.13; Texas, \$8,750,481.50; Virginia, \$6,727,473.89; Home Board specials, \$15,247; Foreign Board specials, \$86,103; total contributed by foreign churches directly to Campaign \$350,000.

Contributions for the five years represent nearly four times as much as was given in the preceding five years to missions, education and benevolence, the offerings for the previous five years being \$15,164,345.00.

Campaign Gains Set Forth
Other gains of the Campaign period include the organization of 1,990 new churches; baptism of 950,943 converts; organization of 2,913 Sunday schools with a gain of 445,781 pupils; an increase of \$52,847,268.00 in the value of local church property and contributions to local church objects, in addition to Campaign funds of \$104,673,560.00.

In the special departments of work fostered by the Campaign the following typical results are noted: 265,000 persons baptized by state mission workers; 225,000 converts baptized by representatives of the Home Mission Board; entrance into 8 new countries and the doubling of forces on the foreign fields by the Foreign Mission Board; putting nearly as much money into the denominational schools as had been invested there in all the years before the Campaign was launched; increasing the number of Baptist hospitals in the South from 12 to 24 and giving \$1,000,000 in free medical and surgical service to the deserving poor; raising the number of Baptist orphanages from 17 to 19 and caring for 4,000 homeless boys and girls and aiding more than 1,000 aged, worn-out preachers and their dependent ones.

New Program Projected
With the 75 Million Campaign finished, Southern Baptists have now entered upon the 1925 Program which embraces the support of state, home and foreign missions, Christian education, hospitals, orphanages and ministerial relief, on the basis of yearly rather than a five-year's subscription. It is hoped to raise this year a minimum of \$15,000,000 among Southern Baptists for these causes or the equivalent of the goal for a single year in the former movement.

It is pointed out that only 37.4 per cent of the members of Baptist churches of the South had a definite share in the support of the 75 Million Campaign. It is the ideal of the 1925 Program to enlist every member of every church in giving at his regular church services, to every cause, according to his ability, through his church treasury.

With the hope of more fully enlisting the Baptist men of the South in definite Christian service, Dr. J. T. Henderson of Knoxville, secretary of the Laymen's Missionary Movement of the Southern Baptist Convention, is promoting a series of men's conferences in the majority of the Southern states during March. In this way it is hoped to bring before the men the needs of all religious enterprises fostered by Southern Baptists and, having informed them, then enlist them in adequate support of all these causes.

The News is fighting your fight.

LYNN ITEMS

We had a west Texas rain Saturday and Sunday. It did not put any moisture in the ground, but the farmers just keep on plowing.

Mr. Cashion's son let his team run away Friday and they tore up his disc harrow. The boy got out without being hurt.

J. I. Bartley made a trip to Memphis, Texas and returned Saturday night about midnight. He is some right hawk.

I want you to know that Lynn is coming to the front. We have two stores with filling stations and are going to have a black smith shop, and a Ford Doctor and a gin, and why aren't we on the map? We will have it "lit up" with electric lights, street cars put on, and good schools. Now if you want to go into business, just come this way. Lynn is one of the best counties on the South Plains, and if you don't believe it, come and see, or get the News and it will tell

you about it. Mr. and Mrs. Hill Murrell from down east somewhere visited the family of W. R. Bartley last week. Mrs. Murrell is Mr. Bartley's daughter.

George W. Bussell, who was in the service of Uncle Sam during the World War, has been sent to a Government sanitarium at Muskogee, Oklahoma, for treatment for a few weeks.

W. R. Bartley has got himself a big car. Come by, W. R., would like to take a ride with you. I am the same old fellow you used to run with. Don't get above me.

Homer Huff has sold his farm to Hall Robinson, we understand. People will trade, if it don't rain. Will ring off. **UNCLE TOM.**

THE ONLY INDIAN RESERVATION IN THE STATE

The most unique community of the entire southwest is, beyond doubt, Indian village, in the eastern part of Polk county, Texas, the present home of a small remnant of Alabama Indians, all that is left of a proud race, decimated by disease and civilization. Here on the pine-covered hills of East Texas can be found today thirty-five families of the Alabama tribe, the ever steadfast friends of the white man, barely eking out an existence on a reservation of two sections of land given them by the State of Texas in 1854, through the influence of General Sam Houston.

You will be interested in reading this story, which will appear in the Magazine section of the Lynn County News March 12th.

SHERIFF'S SALE

NOTICE IS HEREBY GIVEN That by virtue of a certain order of sale issued by the Clerk of the County Court of Fisher County on the 9th day of February 1925, in a certain cause wherein Commercial Credit Company, Inc., is plaintiff, and R. E. Seay and A. L. Foy are defendants, in which cause a judgment was rendered on the 6th day of January, 1925 in favor of the said plaintiff, Commercial Credit Co., Inc., against said defendants R. E. Seay and A. L. Foy for the sum of Two hundred forty-five and 05-100 (\$245.05) Dollars, with interest thereon at the rate of ten per centum per annum from date of judgment together with all costs of suit, I have levied upon, and will on the first Tuesday in March 1925, it being the third day of said month at the Court house door in Tahoka, Lynn County, Texas, within legal hours proceed to sell for cash to the highest bidder, all the right, title and interest of the said R. E. Seay and A. L. Foy in and to the following described personal property levied upon as the property of the said R. E. Seay and A. L. Foy to-wit: One Gray touring car, Model N. Motor No. 19398, 4 cylinders, 23 Horsepower, 1923 model.

The above sale to be made by me to satisfy the above described judgment for Two hundred forty five and .05-100 Dollars in favor of Commercial Credit Co., Inc., together with the costs of said suit, and the proceeds applied to the satisfaction thereof.

J. M. SIMPSON, Sheriff, Lynn County, Texas. By S. W. SANFORD, Deputy. Tahoka Texas, 2-18, 1925.

NEW CALOMEL BREAKS A COLD OVERNIGHT

When the purest kind of English Calomel was combined with pepsin by a smart young chemist, the world was given an ideal mild medicated laxative for breaking colds. One night is long enough for this new, mild and non-sickening pepsinated calomel, called "Pepsinated Calomel" to break the most stubborn cold. Before breakfast time it vanishes and leaves you feeling fresh and fine. "Pepsinated Calomel" does not sicken, gripe, salivate or upset you, but it does clean you out thoroughly, tone up the appetite, purify the blood, stop dull headaches, relieve stomach and bowel disorders and make you feel like a new person. Never take the old drastic calomel—insist on "Pepsinated Calomel" for it is better. Prepared by the Pepsinated Calomel Co., Atlanta, Ga. Sold by TAHOKA DRUG CO.

reciprocating steam engines, but these engines will be replaced by Diesel engines of the most modern type, Mr. Ford said. The vessel is to be entirely refitted and plans already made call for having it ready for service within the next six months.

The East Indian was built in 1918. It has three decks, is 485 ft. in length overall, has a 58-foot beam, a capacity of 12,500 tons, a 28-foot draft and a speed of 12 to 13 knots an hour. It makes the fifth unit in the present Ford fleet.

Severe Pains in Side

"I HAD had quite a bad spell and sickness," writes Mrs. Emma Patrick, of Caney, Ky., "and it was an effort for me to go about my home. I had a very severe pain in my left side that almost took my breath at times. I lost my appetite. I grew thin, pale and lifeless. I fell off till I only weighed about 115 pounds."

"Cardui was recommended to me and by the time I had taken one bottle I saw it was what I needed. I ate more and

rested better. I kept taking it and my skin and flesh took on a more healthy color. I felt stronger and, as the nervousness left me, the pain in my side was less severe. After taking nine bottles, I eat anything, go anywhere and feel fine. I weigh 160 pounds and am well. I feel that I owe it all to having used Cardui."

Pain, in certain parts of the body, is a sure indication of female complications. The treatment needed is not the use of narcotic drugs, but—

SLATON COUPLE MARRIED HERE SATURDAY EVENING

On last Saturday afternoon, Judge I. P. Metcalf, at his home, performed the ceremony which united as husband and wife, Mr. Purl G. Guinn and Miss Nan W. Tillman. These young people reside in Slaton but they came to Tahoka to get married. Many young people seem to regard it as a good omen if their marriage ceremony is performed in Tahoka. A tany rate the habit of coming to Tahoka to get married has grown quite popular. May they continue to come, and may Mr. Guinn and wife have a long and pleasant journey through life.

DESCRIPTION OF NEW TERRY COUNTY COURT HOUSE

While we have never seen the architects plans of the proposed new court house for Terry county, we have been given a good description of the same by those who are keeping up with how the building is being planned, and how it will look when completed.

The building will occupy ground 55x80 and contain four entrances. It will contain three stories and a basement. The basement is to be used for the present, we understand for heating plant, storage and rest rooms for ladies and other uses.

The first floor will be used exclusively for offices for our county officials, where they will be in easy access and easily found.

The second floor will contain the district court room, using part of the third floor for balconies for same in order to provide for spectators. This can also be used for county and precinct court purposes.

The third floor will also contain the county jail, which will be modern in every way and guaranteed to hold 'em when put there. It will, however, be constructed so that sanitation and the proper and humane care of prisoners will be easy.

Each office and the court room will be fitted with the latest approved court house furniture of neat design, looking both to economy and beauty.

The Terrell believes the proposition will carry by a good strong majority. It has interviewed people all over the county, and doubts if a single box in the county goes against the measure, while Brownfield, casting nearly 800 of the 1700 votes will go overwhelmingly for it.

Mrs. J. A. Halley was called to the bedside of Mr. Halley's sister, Mrs. W. H. Dallas, at Brownfield a few days ago on account of the latter's illness.

"Cut that want ad out, we've done sold 'em all", a fellow told us this week. If you don't believe want ads get results, try one.

LUBBOCK PASTOR WILL LECTURE ON THE HOLY LAND

Rev. Bowen, pastor of the First Baptist Church of Lubbock, will lecture on the Holy Land at the High School auditorium on Friday night, March 6, his subject being: "From Cario to Calvary". He also has 150 pictures of that interesting country, a part of which he will show in connection with his lecture. Brother Bowen recently returned from a three-months visit in Palestine, and he has much first-hand knowledge of the country. Those who have heard this lecture pronounce it very fine.

Club Entertains Men With "42" Party

The 1924 Bridge Club entertained their husbands with an "Old time 42 Party" at the home of Mr. and Mrs. B. H. Robinson last Thursday evening.

The home was charmingly suggestive of Colonial period in its decorations; the occasion being in honor of Geo. Washington's birthday.

Five tables were arranged for progressive 42. A number of interesting games were played in which Mrs. E. E. Callaway and Mr. G. M. Stewart won high score; and W. B. Slaton the booby prize which was a clever little red hatchet to aid "George in Chopping down the Cherry tree."

Delicious refreshments consisting of Chicken salad, nut bread, sandwiches, stuffed olives, coffee with whipped cream and mints was served.

At a late hour they departed each feeling grateful to the hostess for such an enjoyable occasion.

SOUTHLAND COUPLE ARE MARRIED HERE SATURDAY

Mr. Howton Hair and Miss Leatrice Stotts, two young people of Southland came over to Tahoka Saturday, and after a brief interview with Happy Smith, proceeded to the Methodist Parsonage, where the pastor, Rev. Jno. E. Eldridge, pronounced the beautiful ceremony which made them husband and wife. The wedding was performed in the midst of a severe sandstorm, but Old Dan Cupid was not so frightened or discouraged by howling winds nor flying sand. They went away happy, seeing only serene skies and a beautiful pathway in front of them. May it ever be so.

REIMERS FAMILY LEAVES

Henry Reimers and family left in their car Tuesday morning, having sold their home and household goods. Mr. B. B. Altman purchased the home and he and his family moved into the same Wednesday. The Reimers family expected to visit in Dallas, after which they will probably proceed to Florida and thence to New York. It is not their intention to return to Tahoka. They sold their Bakery here some time ago to Mr. and Mrs. O. B. Adami, and it is their intention to engage in other business. We regret the removal of this good family from Tahoka.

The store of J. A. Brasehar & Son has been closed this week while carpenters have been busy installing new shelving, counters, and other equipment. It will be opened to business within the next few days. When the improvements and internal arrangements are completed it will be one of the most attractive and up-to-date stores on the south plains.

TWO OTHER LUBBOCK COUPLES MARRY HERE

Mr. Phillip McKinley and Miss Mae Belle Davis of Lubbock came down to Tahoka Friday in search of a county clerk and a preacher. Happy Smith issued the papers and Rev. B. N. Shepherd performed the ceremony which made the twain one, and they returned to their home in the city north of us as happy as larks.

On this morning (Thursday) another couple made their appearance in the county clerk's office and made the usual request of Happy Smith. Happy accommodated them pronto and they went straight to the Methodist parsonage, where Rev. John E. Eldridge spoke the words which made them happy forever. This couple also came from Lubbock.

Harvey Blackstone, principal of the South Ward School, reports that there has been a considerable increase in the attendance over last year. There are now 84 pupils enrolled, with only two teachers to lead them through the fields of knowledge. A new room was built just last year, and the indications are now that another will have to be built this year or next. Miss Alamae Clements is the primary teacher at South Ward.

CITY TO INSTALL NEW ENGINE NEXT WEEK

Dr. J. R. Singleton, Mayor, received a message Wednesday to the effect that the company which recently sold the big engine to the city will have a man here Monday to install the same.

When this engine shall have been installed, the City's power trouble will probably be over for a long time to come.

INSANE MEXICAN RUNS A-MUCK NEAR BROWNFIELD

The sheriff's department was notified one day last week that an insane Mexican near Meadow had run amuck with an axe, and asked that he be taken in charge. Deputy Sheriffs Geo. Tieman and Jim Lewis answered the call and found him near a bunch of Mexicans, who were grubbing.

He was brought to town and lodged in jail, and Tom May was called in to have a talk with him in the "Mex" lingo. Tom announced that the man was badly demented.

His father was notified, and came one day last week and took his son back to New Mexico where they have a sanitarium for the treatment of Mexicans in his condition. —Brownfield Herald.

Misses Floyce Sherrard and Allene Sullivan were Brownfield visitors last Friday. Misses Loyce Shafer and Kathryn Stinson returned home with them and spent the week end.

LUBBOCK PASTOR TO LECTURE ON THE HOLY LAND

Rev. Bowen, pastor of the First Baptist Church of Lubbock, will lecture on the Holy Land at the High School auditorium on Friday night, March 6, his subject being: "From Cario to Calvary". He also has 150 pictures of that interesting country, a part of which he will show in connection with his lecture. Brother Bowen, recently returned from a three-months visit in Palestine, and he has much first-hand knowledge of the country. Those who have heard this lecture promises to be very fine.

Uncle Ike Metcalf was able to be at his office Monday after having been confined to his home with the flu for about two weeks.

Miss Lucile Taylor, formerly with the Jones Dry Goods is visiting her aunt at Coleman.

T. Paul Barron, editor of the Midland Reporter, had business in Tahoka Tuesday and made a fraternal call at the News office. Mr. Barron recently purchased the Reporter from Mr. Watson and is giving the people of his town and county an excellent paper.

Mrs. T. W. Grice and three little sons of Fort Worth are here this week the guests of her cousin, Mrs. Maudie E. Love and family.

F. B. Whipkey and son Walter of the Colorado Record were business visitors in Tahoka Friday and made a pleasant call at the News office.

TO PUT IN STEAM LAUNDRY AT BROWNFIELD TEXAS

Mr. R. M. Simmons of Sweetwater and Mr. C. W. Clark of Abilene, who own a string of steam laundries in Sweetwater, Abilene and Coleman were here last week and took lease on the 25x140 concrete and stucco building on 7th street belonging to M. V. Brownfield. We understand that thoroughly modern machinery will be installed just as soon as it can be purchased and put on the ground and that they will be prepared to handle every class of laundry in the most approved methods.

These gentlemen chose Brownfield as the best point to locate the laundry after making a tour of inspection of most every town on the Plains now without modern laundry facilities, which speaks volumes, coming as it does from these thoroughly business men. They will put an old employee who is efficient in experience in charge.

This is an institution the city has long needed, and will, we believe receive the hearty co-operation of the citizens of Brownfield and its trade territory.

It is a good many other industries are being brought here because the people had nerve enough to go after a modern light and power plant and an up-to-date water system. —Brownfield Herald.

Mr. and Mrs. Ed Goddard and children of O'Donnell were the Sunday guests of Mr. and Mrs. F. M. Billman.

Mr. and Mrs. W. E. Henderson of Los Angeles, California, are here visiting Judge and Mrs. J. W. Eblit.
