

How Candidates Ran 2 Years Ago

There has been considerable discussion recently as to the relative standing of the candidates for governor in Lynn county two years ago, and the files of the Lynn County News have been appealed to for the correct information. For the benefit of our readers we give the vote for the candidates for governor and attorney general both in Lynn county and in the state in both primaries in 1924.

In the governor's race in the first primary, the vote in Lynn county was as follows: Robertson, 673; Ferguson 493; Whit Davidson, 222; Lynch Davidson, 206; Burkett, 160; Barton, 98; Pope 49, Collins, 23; Dixon, 15; total 1939.

In the second primary: Ferguson, 1217; Robertson, 1033; total, 2250.

In the attorney general's race in the first primary, the vote in Lynn county was as follows: Dan Moody, 748; Melson of Hopkins, 552; Wall of Grayson, 366; Ward of Nueces, 121; total, 1787.

In the second primary: Dan Moody, 1439; Ward, 504; total, 1943.

Incomplete returns of the first primary throughout the state, as published in the News, show the following results: For Governor: Robertson, 193,508; Ferguson, 146,424; Lynch Davidson, 141,208; Whit Davidson 125,011; Barton, 29,217; Collins, 24,846; Burkett, 21,720; Pope 15,436; Dixon, 4,035; total, 703,105.

For Attorney General: Moody 238,844; Ward 95,268; Wall, 92,197; Melson, 78,632; total, 504,941. This report was evidently very incomplete.

Incomplete returns in the second primary were as follows. For Governor: Ferguson, 427,225; Robertson, 337,832. Later returns swelled Mrs. Ferguson's majority to about 120,000.

For Attorney General: Moody, 485,410; Ward, 222,586.

PORTER WHALEY WILL TAKE SANTONE POST

San Antonio, June 9.—Porter A. Whaley has resigned as general manager of the West Texas Chamber of Commerce and accepted an offer as general manager of the San Antonio Chamber of Commerce. Announcement to this effect here last night discloses Mr. Whaley's salary in his new post would be \$10,000 for an indeterminate period. He rejected a contract, telling the chamber if his services were satisfactory, "You can keep me, if not you should be free to change at your pleasure."

A REAL HEROINE

Edith May Adams of Barrington, N. H., the first American School girl to enter as a candidate for the American Youth Award. The American Youth and Teacher Award was established by the Board of Directors of the Sesqui-Centennial International Exposition in Philadelphia as a tribute to the youth and teachers of the nation. Miss Adams is a candidate for the Golden Eagle, the highest gift in the hands of the Girl Scouts. She was cited recently for exceptional bravery for remaining inside a blazing building helping physicians to give first aid treatment to injured firemen.

Heavy Rain Fell Here Last Week

Just after our paper had come off the press last Thursday evening, the flood gates of heaven opened and the rain came down in torrents, beginning just after dark. In less than an hour 1.68 inches of water had fallen. Later in the night more rain fell and next morning the government rain gauge registered 2.22 inches. In a large territory south and southeast of Tahoka as well as a considerable territory west, the rainfall seems to have been about the same as here. In most parts of the county, however, the downpour was more gentle and the precipitation lighter, ranging from 3/4 of an inch to 1 1/2 inches. Some fields suffered slightly from washing and some feed and cotton will have to be replanted, but on the whole the rain did no damage, though it was not needed at that particular time. Crop prospects are most excellent, and the grass out in the pastures is as fine as it ever grew in Lynn county. The price of cows is getting good again, and the cow men as well as the farmers are in their glory.

BIG REVIVAL IN PROGRESS

Sam P. Jones Reviving Work of Christian Church in Tabernacle Meeting

For several years the Christian Church has not maintained regular work. As a part of a Panhandle District program, Evangelist Sam P. Jones and wife of Cleburne, Texas, have been secured to lead a meeting here. Mr. H. Edward Pearce of Amarillo will also assist.

The meeting will be held in the City Tabernacle, beginning Wednesday, June 9. The co-operation of all is cordially invited. Help in the meeting and respond to the evangelist's announcements as best you can.

Evangelist Jones is a great Bible preacher, reading his Scripture from memory and bringing his messages in a clear, concise, kindly way. He has convictions yet is every respectful to other. You will enjoy him and be helped in hearing him.

Mrs. Jones will have charge of the music. Her work is highly commended.

Jasper Bogue, Dist. Supt. of Missions.

Moody Coming To Post and Lubbock

Many of our citizens have been greatly interested in the announcement of Dan Moody's itinerary through west Texas. It is noted that he will speak in Post at 2:30 Saturday afternoon, June 19, and at Lubbock at 8:30 Saturday night, the same date. He has been invited to come from Post to Tahoka for a short address in the afternoon but at this time no answer has been received from his campaign manager. If he should come to Tahoka he could be assured an immense crowd. Great crowds are expected to be present both at Post and at Lubbock to hear him.

SAM P. JONES Who is holding the First Christian meeting at the City Tabernacle.

Adult Troop To Visit Post Scout Camp

Tahoka adult troop held the last indoor meeting Monday night of this week. We expect to spend next Tuesday evening, from the time we meet at 1 P. M., in Happy Smith's office until after camp fire program at our outdoor meeting.

Every Patrol leader is to see each member of his patrol, and all go if at all possible to the C. W. Post Scout camp site for an evening's outing. And we will take a good old country swim (Bring your bathing suit.) A Red Cross swimming instructor will help us learn to break the strangle holds, and all the carries.

The Post Chamber of Commerce has arranged for a free swim that evening. Say, is Tahoka going to let Lamesa and O'Donnell take all the honors that evening? Every thing will be in form of a contest. And my what a supper that will be! Broiled steaks, kobobs, hunters stew, good coffee, maybe planked fish and broiled chicken. Then just listen! Judge V. O. Key of Lamesa has promised some good old red beans, camp style.

Fellows are you coming? And listen, we are expecting to announce next week a real celebration at the camp site about the last of the month. Free barbecue, base ball game, and everything. J. P. Fitch from Houston will be there, maybe the Post heirs.

Lots of candidates, but we will choke them off with two minutes a piece.

Juanita Haynes Wins First In Music

Miss Juanita Haynes was adjudged best in an examination conducted here by Miss Roxie Grove, Simmons University, a representative of the State Music Teachers association. Six students of Mrs. Mamiie I. Neal Mrs. J. L. Ratliff and Miss Mary Dunn passed the examination, which entitles them to certificates and to one credit for graduation from high school music.

This was her first time that the State examinations had been given in Lubbock but it is hoped to make it an annual affair, according to Miss Ruth Dunn. The students were examined on written work, playing and other features of music. The papers were first graded by Miss Grove and then sent to the State committee for approval.

The ranks of those who passed are in the following order: Juanita Haynes, Mancel Hall, Faye Hunt, Naomi Dunton, Veda Stafford, Glidwell Mullins.—Lubbock Daily Journal.

Juanita is the daughter of Mr. and Mrs. R. B. Haynes, former owners of the Lynn County News. Juanita attended her first school in Tahoka and yet has many friends among the school children of the city, who will be delighted to learn of her triumph in this contest.

S. S. CLASS HAS PICNIC AT TAHOKA LAKE

W. R. Lacey and Happy Smith chaperoned the former's Sunday School class of boys out to Tahoka Lake Tuesday afternoon, where a picnic was much enjoyed. This is a fine class of boys about twelve years of age and Mr. Lacey is the efficient teacher. They report having had a most enjoyable occasion.

C-C Sec'y Says Pull Together

To The Lynn County News:

A Chamber of Commerce or any other Commercial organization is organized primarily for the purpose of furthering the best interest of the community in which it is organized. If it fails to do this it has missed the goal. It is not for individual gain. When an individual or group of individuals seek to use this kind of an organization for individual profit they are hindering the progress of the work of such organization. Let us work together for the good of the whole, and then no individual will get his proportionate share of the profits to be derived from the work. It has taken national spirit to make this nation one of the foremost of the nations of the world. It has taken a state spirit to make the greatest state in the union. Lynn county can be made the haven for those who seek the elsewhere if we work hard enough to accomplish that end. It will take a spirit to keep Tahoka on the up hill climb, organization to keep her in the right channel, and cooperation to make this a place in which we are proud to live. Let's make it worth our while to stay here; Let's make it worth the while of others to come here. Join the Chamber of Commerce, be an active member, and watch our town grow.

Guard Charged With Killing Prisoner

Houston, Texas, June 5.—W. J. Hill, guard on the city prison farm, was allowed bond of \$7,000 late Saturday after preliminary hearing on a charge of beating to death Friday Wiley Zeigler, a prisoner on the farm with a "black snake" whip.

Officials fixed the bond after other prisoners on the farm, brought into the city as witnesses, testified to a virtual reign of terror on the farm.

Sixteen prisoners testified that they either heard or saw Hill beat Zeigler Friday morning as the latter was working on the farm.

Dr. Ernest Wright, county health officer, stated from the witness stand that the numerous cuts and bruises on the body were sufficient to cause the death of Zeigler.

Captain Rube Connor, head of the farm, said that Zeigler had been brought from the fields to the prison house. Connor told of trying in vain to revive the prisoner and, finally, when death came, of taking off the man's bloody clothes and re-dressing him in clean underwear and socks before sending the body into the morgue at Houston about eight miles from the farm.

Hill, the ceused guard, made a statement in which he said Zeigler fainted apparently from illness and after he had lain at the end of the row for a few minutes he had him carried to the prison house.

Several prisoners testified Hill started beating the man with the bull whip and ordered him to work faster. The beating continued, the witness said, until Zeigler fell to the ground. He was then taken to the end of a row and lay there under the hot mid-morning sun, one witness said.

A fellow prisoner braved the sting of the lash himself he said, and covered Zeigler's face with his hat.

Investigation was started when the coroner found cuts on the body when he was called to the morgue.

TOKIO WELL IS MAKING OIL SHOWING

The oil well being drilled 7 miles of Tokio in Yoakum county is again showing signs of becoming a producer at a depth of between 400 and 500 feet, according to reports given out here Wednesday by Commissioner Stewart of that county.

Mr. Stewart stated that the log of the well was exactly the same as the Maljanar wild cat in Lea county, N. M., which is now drilling at 3,375 feet.

A standard rig has been ordered for the Tokio well and is expected to strike big pay when drilled down to a depth of 1800 to 2000 feet.

The Yoakum county well is 23 miles of Seagraves.—Seagraves Signal.

Band Makes First Public Appearance

Kellis Sells O'Donnell Index To Roberts

S. A. Roberts of Haskell and J. W. Roberts of Chillicothe have purchased the O'Donnell Index from T. J. Kellis. J. W. Roberts took charge of the plant on June 1. Mr. Kellis will remain with the Index temporarily at least.

The Roberts brothers are experienced and successful newspaper men being owners of the Haskell Free Press and the Chillicothe Valley News, a third brother being in charge of the Chillicothe paper.

Mr. Roberts, we understand, expects to add some equipment to the shop at O'Donnell at an early date in order to better serve his constituency. Mr. Kellis has made of the Index a most excellent paper, and there is no doubt but that with both Kellis and Roberts on the job and with added equipment they will make of it a still better paper.

We welcome Mr. Roberts to Lynn county and hope that he may have a prosperous career here as proprietor and publisher of the Index.

CITY DRILLING A WATER WELL

City Short On Water; Need Of Larger Supply Is Growing Constantly

The work of drilling another well for the City was begun Monday and it is understood that satisfactory progress is being made. It is certainly to be hoped that an abundance of water will be found, for the people of the city are in dire need of more water. Many of them are becoming rather impatient over the situation, and the News has been importuned to "touch up" the city dads for their failure to provide an adequate water supply. We are not going to do this, but our columns are open to any one who wishes to discuss the situation with a view to being helpful. In fact, we believe that the citizens would like to be informed fully as to the reasons why an adequate water supply has not been provided long ago. Probably members of the city council or the mayor could give this information. What the people want more than information, however, is water, and it is to be hoped that an abundance of it will be forthcoming at an early date.

Tech Adds Many To Teaching Staff

Lubbock—June 6—Twenty-seven new members were added to the Tech faculty by vote of the board of directors in session here Friday. They will all be here for the fall term of this year, according to reports from the various departments.

This is only a partial list of the new members as several others will have to be employed to take care of the increase in enrollment. Of the list voted Friday, six are holders of the Ph. D. degree, 14 hold the master's degree and the others have a bachelor degree and a great deal of work on other degrees.

Practically every department of the college called for additional members. Although two or three of them were left out in the first vote Friday, it is certain that they will be voted in when the fall term opens.

Clyde Briley Trades For Land

Clyde Briley has faith in Lynn county dirt. He traded for a quarter section of land situated two miles north of New Moore on last Monday. The vendors were Newbrough Bros. On the same day he purchased another section situated a few miles northwest of New Home. This sale was consummated by J. Anson Coughran. "I never lost a nickle in land in my life," Mr. Briley remarked to the News man, and we are confident that he will not lose a nickle on either of these two fine tracts.

The Tahoka Band rendered its first public program last Sunday afternoon on the court house lawn.

Quite a good many of the citizens of Tahoka assembled or sat in their cars at the curb to listen to the concert. Everyone pronounces the performances to have been good. In fact, most people seemed to be surprised that this band could have acquired so much proficiency in so short a time. Mr. Bowron is proving to be an efficient instructor.

There is every reason to believe that within a few weeks more Tahoka will have one of the best bands on the south plains. A good band is a splendid asset to any town, and it is hoped that the people of Tahoka will lend every assistance, financial and otherwise, to place our band at the very top of the list.

Concerts are being planned through out the summer months and it is hoped to have another one week from next Sunday.

Midway Lady Dies Of Pneumonia

Mrs. Irby Cannon residing on the Troy B. Cowan farm near Midway died of pneumonia at about four o'clock Tuesday morning. The funeral services were held Tuesday afternoon, conducted by Rev. C. A. Stokes, and the remains were laid to rest in the City Cemetery at 4 o'clock.

Mrs. Cannon a comparatively young woman. She contracted the fatal disease only a few days prior to her death. She leaves a husband and a little boy about seven years of age to mourn her loss. Death always brings sadness but especially so when mother is taken from her child.

The bereaved ones have the deep-seated sympathy of friends and neighbors.

Wilson Pastor To Preach at Baptist

Announcement is made that Rev. Graves Darby, pastor of the Baptist Church at Wilson, will fill the Baptist pulpit here Sunday morning and evening.

Brother Darby is recognized as one of the ablest preachers of the south plains and many people here will doubtless be glad of the opportunity to hear him.

Miss Mary Walker has returned from Houston, where she attended Rice Institute the past year.

PRONUNCIATION AID

June Webster, descendant of the famous lexicographer, Noah Webster, presents a copy of her ancestor's work to the Publicity Department of the Sesqui-Centennial International Exposition Association to help them in pronouncing properly the name of the big events which opens June 1 to celebrate the 150th anniversary of the signing of the Declaration of Independence. There are many types of pronunciations heard but there is just one proper way Noah says. It is "Ses-kuh-ten-ten-ial" with the accent on the first syllable of the "Sesqui" and on the second syllable of the "centennial."

Lay Plans For Big South Plains Fair

Lubbock, June 2.—The opening gun in the campaign to make a bigger and better Panhandle South Plains Fair this year was discussed Saturday when the board of directors met to transact routine business relative to the opening of work for the coming exposition.

The City Auditorium, frame structure, which was donated to the fair association by the Lubbock Chamber of Commerce recently was formally accepted and work will start immediately in locating the building down and moving it to the fair grounds where it will be used.

The existing and premium lot will go to the premises in the next few days and will be set the press and ready for distribution to exhibitors about the first of July.

"We're counting on a large number of community and county exhibitors to this year, together with more interest in the live stock and poultry departments of the fair," Gen. Benson, acting president, stated Saturday. "All over the Panhandle and South Plains agricultural conditions are the best they have been in years, and farmers are raising more livestock and poultry. This is a perfect agricultural fair and we are going after this year of exhibitors and expect to have the best exposition in this respect to be found among the regional fairs of Texas."

A nominating committee was appointed by the board to fill the places of those retiring members of the board. Those leaving are: Gen. E. Benson, president and W. O. Stevens, acting president, and Chris Harwell, treasurer. Members of the board who are carried over all next year are: Walter Myrick, Jr., E. L. Robertson, Norman Baker, W. E. Starnan, E. W. Blair, and S. E. Cane.

"The fair is strictly a Panhandle South Plains exposition, known over the entire Southwest as the 'Show Window of the Plains' Benson stated Saturday, "and the board of directors are exceedingly proud of the co-operation they are receiving from every community over the entire section to make the exposition a true representation of the Plains."

W. M. S. Express Thanks To Tahoka

The committee on Resolutions here to submit the following report:

Resolved First that we express to the women of the Tahoka Methodist Church and to their pastor, Rev. John E. Eldridge, our gratitude and appreciation for their gracious welcome and splendid hospitality and assure them that it has been both a pleasure and an inspiration to be in their midst during this District Conference.

Second, that we express to Mrs. S. E. Adams the District Sec. our appreciation for the splendid manner in which she has conducted this conference and to assure her of our continued support and loyalty.

Third that a copy of these resolutions be furnished the local paper.

Signed
Mrs. W. P. A. ...
Mrs. J. B. ...

LYNN COUNTY LEADS

Lynn county last year took her place as the leading cotton producing county of the plains. The number of bales ginned in Lynn county of the 1925 crop, according to Government report, was 42,299. This was an increase of about 4,000 bales over the crop of 1924 and an increase of about 27,000 bales over the crop of 1923. This increase was due largely to the fact that

T-Bar Ranch Lands

are being converted into farms. There are no better lands in the county. Some of the best cotton in the county was raised on these lands last year. We have sold numerous tracts out of this ranch, farm houses have been built thereon and some are now occupied by happy and prosperous families. We have

Many More Tracts Yet to Sell

These lands are on the market at \$10.00 per acre and up. Now is the time for you to get a home. The big ranches are rapidly going. Only a few are left. Within a few years they will all be gone. The T-Bar ranch lies just west of Tahoka. You can get a home near a good town and among the best people on earth. Write us at once for further information, or come and see

Work Started On O'Donnell School

The school board received a telegram last week from the bond company stating that about \$70,000 was now available for the construction of the proposed high school building and on Tuesday the contractors were placing material on the ground.

The board was busy Friday and Saturday of last week selecting and making purchases of furniture and laboratory equipment for the building. C. E. Griggs, representing the Chambers Company of Waco, secured the contract for the seats, stage fittings for the auditorium and teacher's desks, the contract price being \$1,000. The auditorium will contain 700 opera chairs. Two inflammable curtains were purchased for the stage. W. E. Curtis, representing W. C. Hixon of Dallas secured the contract for furnishing the laboratory.

The contract calls for the completion of the building by the last of September.—O'Donnell Index.

Notice of Sale of Impounded Stock

Notice is hereby given that on Monday, June 24, 1926, between the hours of 10 A. M. and 4 P. M. I will offer for sale and will sell to the highest bidder, at public auction, for cash at the Rube Lewis Waggon Yard, the following described live stock found running at large within the corporate limits of the city of Tahoka and by me impounded as required by the ordinances of said city, to-wit: Two brown horses, smooth mouth, no brand, about 15 hands high; one black horse 6 or 7 years old, about 15 hands; one bay mare, smooth mouth, about 15 1/2 hands; one brown mare, smooth mouth, about 15 1/2 hands, branded on left hip.

Proceeds of sale will be applied as required by city ordinance.

RENEWAL WORK IS UNDER WAY

Construction work on Nolan county's latest highway project was well under way this week, with crews at work on both the surfacing project on the Bandhead Highway and the grading project in south Nolan county on Highway 71.

These two projects, the cost of which totals around \$275,000, will result in completion of dirt construction on Highway 71 all the way to the south county line, and paving of the Bandhead Highway from Sweetwater to Mitchell county line. The Aber Construction Co. holds the contract for the latter job, while the Highway 71 work is being done by R. E. Stroup Co.

The Aber crew is at present working at the east end of the Bandhead between Rosene and Lorraine where the sub grade, preparatory to laying the crushed stone base, is being made. The Aber crew will work east toward Sweetwater.

R. E. Stroup workmen are making rapid progress in grading and construction of drainage structures on Highway 71. This project is on the last eight miles of that road in this county, and when completed will result in an improved highway the entire distance to the Cole county line.

The contract let in Austin to the W. E. Burke Co. for grading and construction of drainage structures on the Rosene-Wartalla highway has been approved but work orders have not yet been issued.—Nolan County News.

Another "Bull" Durham advertisement by Will Rogers, Langford Fuller and several other leading American humorists. More coming. Watch for them.

The Farmer Can't Stand Much More Help Like He Has Been Getting

Congress say they are helping the farmer. They are in Washington ON salary. He is home trying to pay it. Farmers have had more advice and less relief than a wayward son. If ad- sold for 10c a column, Farmers would be richer than Bootleggers. And when they get all through advising, there is just one thing will help the Farmers. That is eliminate some of the middlemen and let the two ends meet. The Consumer and the Producer are two men in America that have never even seen each other.

Cut out the middle and tie the two ends together.

When a steer starts from the feed pen to the table, there is about 10 to take a bite out of him, before he reaches the family that pay for him.

Who wears the best clothes or drives the best car, the fellow who raises a bushel of wheat, or the working fellow who goes up to buy a sack of flour? Why neither one of them. The ones in between these two have their private Tailor and "Straight Eights."

The Government just told Agriculture, "You are in a hole." They didn't offer to pull them out, but they did say, "We will get down in there with you."

I want to tell you right here, I don't know what would have happened to the poor farmer if it had not been for his old friend, "Bull" Durham. It's the only thing he has been absolutely able to rely on. And I want him to know that myself and "Bull" Durham are with him right to the poor house door.

Will Rogers

Receiving Donations For Scout Camp

Work on the newly acquired Boy Scout Park in Garza county, donated by the heirs of the C. W. Post Estate, is progressing rapidly. Already, estimated on the size and cost of the dam across the canyon, below the old Curry Comb ranch house, have been completed. The cost of the dam has been estimated at \$1,600. This money, as is the entire \$5,000 to be raised for the work to be done on the camp this year, is to be secured through donations from citizens and firms who have the interest of the coming citizens of this territory, at heart. One donation for \$500 has been secured; a number of hundred dollar donations are already in the hands of Mr. E. J. Murray, chairman of the finance committee, and donations of larger denominations are expected.

The camp committee, headed by K. N. Clapp of Lubbock, has completed arrangements for the building of a large scheened-in mess hall for the Boy Scouts in which their meals will be served while they are at the camp. The mess hall will have a seating capacity of 250; it is to be constructed in such a way that it will be entirely sanitary. The arrangements for the camp are being conducted with the object in view of making the most beautiful, sanitary camp that could be had, no effort will be overlooked to make of this camp an ideal place from a standpoint of hygiene. A 15,000 gallon reservoir is to be constructed above the lake at a cost of \$1,000 to insure an abundant water supply. "Since we hope to have the camp ready for occupancy within the next sixty days, we are being forced to work with the greatest haste in securing finances for the project," said Mr. Murray. "The building committee has already started work, and we must have the cash on hand to take care of the bills incurred. Those who intend to contribute should do so at once."

Three Lakes Lady Died Sunday

Mrs. Ethel O. Tona Collins Dial was born Nov. 14, 1886, in Pike county, Ala., and died at her home fourteen miles southwest of Tahoka, Texas, June 6, 1926.

She professed faith in Christ and united with the Missionary Baptist Church at the age of sixteen or eight years, living a faithful Christian life until she was called to her reward in Heaven.

She was married to E. Dial in January, 1908. To this union were born eight children, four boys and four girls, two of whom have preceded her in death. She leaves to mourn her going, her husband and six children, all at home, and her mother, Mrs. G. A. Collins of Hawkins, Texas, two brothers, R. F. Collins, and J. W. Collins of Hawkins, Texas, and three sisters, Miss Minnie Collins of Hawkins, Mrs. Alla McKintie of Grand Saline, and Mrs. B. F. Dial of Tahoka, together with other relatives, many friends and neighbors.

After a short funeral service at the Tahoka Cemetery conducted by Rev. J. H. Agee of Lubbock, the remains were laid to rest in the Tahoka Cemetery June 7, 1926, to await the resurrection of the just.

We deeply sympathize with the bereaved ones and commend them to God for strength in this trying hour. Contributed.

"The nations greatest peril lies in the fact that, following the most brutal war, the steady encroachment upon our liberties is made possible because of the callous and unthinking attitude of our citizenship."—Samuel Untermyer, lawyer.

REDWINE NEWS

O say! folks 'tis good old summer time at last and we old farmers are killing blueweeds, I thank you.

Miss Bessie Strothers is quite sick of the mumps.

Mr. Bob Traywick and family visited his brother at Meadow Sunday.

Mrs. Mildred Holloway is having trouble with some kind of skin disease on her face. My! My. I am sorry, as I too have had poison ivy and it is so painful.

Mrs. Lura Crotzer attended the Methodist Conference. She reports a grand and glorious time.

Next Sunday is preaching day at Redwine. All come out and hear Brother Braswell.

Mr. Dunning and his fiddle visited the Scott brothers Saturday night.

Mrs. Langford was called to Tahoka to attend a sick grand-child. Mattie and Coleman Henderson each are reported better. we are glad.

Amarillo To Get 600—Room Hotel

Amarillo, June 7.—A 12-story hotel, to cost \$1,000,000 and to have 600 rooms, is to be erected immediately by Col. C. T. Herring, Amarillo and Vernon capitalist, he announced Monday. The building will be constructed at Third and Pierce Streets, one block east of the Palo Duro, a five-story hotel owned by Herring.

The new hotel will be managed by Colonel Thompson, owner of the Hotel Amarillo, who has signed a 20-year lease. Contract will be awarded at once for construction of the building, and it will be completed by Jan. 1, Herring announced.

John J. Harden of Oklahoma City last week purchased a site on Sixth Street and plans to break dirt in two weeks for an eight-story hotel of 200 rooms.

BERT BAILEY RECOVERS STOLEN AUTOMOBILE

While on his way to Amrillo the first of the week Bert Bailey had a novel experience. His friend, Mr. Izzard, of Lubbock, had had his car stolen and requested Mr. Bailey to be on the lookout for the machine while on the road to the oil metropolis. Before reaching his destination Mr. Bailey saw the car and gave chase. The occupants seeing that they were being followed, put on all possible speed and so did Bert and when they saw they were going to be overhauled they ditched the machine and took to the pastures green. Mr. Bailey not being as good footracer as he was a driver had to let them go, but recovered the car for Mr. Izzard.—O'Donnell Index

SHERIFF'S SALE THE STATE OF TEXAS COUNTY OF LYNN.

Notice is Hereby Given That by virtue of a certain execution issued out of the Honorable Justice Court of Precinct No. 1, Dallas County, of the 12th day of January 1925, by Seiberling Rubber Co. a Corp. of said County for the sum of Two hundred six and fifty nine one hundredths Dollars and costs of suit, under a judgment, in favor of Seiberling Rubber Co. a Corp in a certain cause in said Court, No. 7704 and styled Seiberling Rubber Co. a Corp vs Highway Filling Station and Garage L. L. & P. S. Williams, placed in my hand for service, I, J. W. Simpson as Sheriff of Lynn County, Texas, did on the 25th day of May 1926, levy on certain Real Estate, situated in Lynn County, Texas, described as follows, to-wit: All of Lot No. thirteen (13) in Block number forty-nine (49) in North Tahoka addition in the City of Tahoka Lynn Co. Texas and levied upon as the property of L. L. Williams, and that on the first Tuesday in July 1926 the same being the 6th day of said month, at Court House door of Lynn County, in the city of Tahoka, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Execution I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said L. L. Williams. And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lynn County News, a newspaper published in Lynn County. Witness my hand, this 25th day of May, 1926. J. W. Simpson Sheriff of Lynn County, Texas 40-3tc.

SICKLY, PEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by THOMAS BROS. DRUG CO.

Truth Handled Roughly
A soldier went to his colonel and asked for leave to go home to help his wife with her spring cleaning. 'I don't like to refuse you' said the colonel, 'but I've just received a letter from your wife saying that you are of no use around the house.' The soldier saluted and turned to go. At the door he stopped, turned and remarked: 'Colonel, there are two persons in this regiment who handle the truth loosely, and I'm one of them. I'm not married.'

C. G. McCord of Sweetwater was here on business Wednesday.

WHY WE ARE AGAINST THE FERGUSONS

We are not going to "fall out" with anybody because they do not favor our choice for governor. We are not going to quit trading with anybody because they may be supporting Mrs. Ferguson for re-election. We are not going to refuse to speak to anybody because they may happen to be "whooping 'em up" for Lynch Davidson. We are not going to get mad at anybody even for supporting "Zim." This is a free country and everybody has the right to do as he pleases at the ballot box. We have all made mistakes at the ballot box. All of us are likely to make them again. We may be wrong and you may be right. Therefore, we are going to respect your opinions and concede you the right to do just as you please in politics as well as your other private affairs.

But— We also have our views. We claim the right to express them in a respectful manner through the columns of this paper. If you agree with us, we shall be glad. If you do not, we shall not be glad but we will not grumble. We have good and sufficient reasons, we believe, for supporting Dan Moody for governor. We have good and sufficient reasons we believe, for opposing the re-election of Mrs. Ferguson.

When James E. Ferguson was first a candidate for governor we did not support him, though we had known him personally many years. The issue in that campaign was the liquor traffic, whether or not the saloons should dominate the politics of Texas. Ferguson stood for the saloons;

we were against them. We voted against him. When he was impeached and driven from office during his second administration, we believed that the evidence established his guilt and that he was justly expelled from office. When he ran for the United States Senate, we supported Charles A. Culberson in the first primary. In the second primary, in which he and Earle B. Mayfield were opposing candidates, we regarded it as a choice between two evils, and we chose what we believed to be the lesser evil and voted for Earle B. Mayfield.

In the first primary in 1924, we did not vote for Mrs. Ferguson. We felt, however, that Ferguson's enemies had made a political blunder by going into court and preventing Jim Ferguson's name from appearing on the ballot. In the second primary, we supported Mrs. Ferguson ardently for several reasons. First, the paramount issue of the campaign was the klan question. We did not believe that any secret organization, however high its purposes, should be allowed to dominate the politics of this state. Second, we believed Felix Robertson to be unfit personally to serve as governor of this great state. Third, we were deeply impressed with Mrs. Ferguson's pathetic plea for the people of Texas to remove the stain that had been placed on the Ferguson name. She appealed for a chance to make good. Jim Ferguson pathetically pleaded for a chance to redeem himself. Along with many thousands of good Democrats, we believed that if Mrs. Ferguson should be elected, Jim would do all in his power to give the people a clean, honest, and business-like administration, for his wife's sake and for his own sake, even if he cared nothing for the interests of the people of Texas.

When Mrs. Ferguson was inaugurated governor, we hoped and believed that she would make good. When critics began to criticize, we recognized the fact that most of them were moved by hatred or prejudice and we ardently defended her against their assaults. We yet think that much of the criticism was ill-advised, intemperate, and undeserved.

But we believe that some things have been done by the Fergusons that deserve the emphatic condemnation of the people of Texas.

First, we believe the passage and approval of the "search and seizure" law was a bad mistake, though many good people differ from us on this proposition.

Second, we believe that Jim Ferguson has been guilty of most reprehensible conduct with reference to the letting of highway contracts. He sat with and advised the highway commission which was composed entirely of men of his own selection. Contracts for vast sums of money were awarded to his friends and to the friends of these commissioners, with out competitive bids and without

bond being required of the contractors. Some of these contractors, according to the solemn judgment of a court, reaped enormous and unconscionable profits from these contracts. This judgment was rendered by a court that even Jim Ferguson has never charged was unfair to him or was prejudiced against him. Ferguson now claims that these contracts bound the contractors to apply a second coat on the roads, but if so the contracts did not clearly set forth this obligation on their part, and the Court found against him on this proposition. If there was not out right corruption in the awarding of these contracts, the business was done so loosely as to merit the condemnation of the people of Texas.

We further find that while Ferguson was sitting with and advising the highway commission, highway contractors and dealers in road material were running heavy advertising in the Ferguson Forum. There has been much discussion about these advertisements but Jim Ferguson has never yet enlightened the people of Texas as to what he charged and was paid for this advertising. It might have been perfectly legitimate, and we do not charge to the contrary, but a serious question about it has arisen in the minds of thousands of the citizens of Texas, and we believe that Ferguson ought to come clean and tell the people the truth about this matter.

Again, it has been charged repeatedly through the press and from the platform that Jim Ferguson used his influence to have the book contract made with the American Book Company for school books, when its bid was the highest submitted, and when the same books can be bought at retail at less price than were paid for them in bulk upon this contract. Jim Ferguson has never satisfactorily explained this matter.

Lastly, it has been repeatedly charged that Ferguson has demanded of all state employees, including even the teachers in the state institutions of higher learning that they subscribe for the Ferguson Forum, not only for themselves but also for others, under a veiled threat to have them dismissed if they did not comply with the request. Jim Ferguson has never denied nor attempted to explain his conduct in this respect.

With these undisputed facts confronting us, we feel that Jim Ferguson has outraged those of us who supported Mrs. Ferguson two years ago under the belief that Jim would use his utmost endeavors to see that her administration should be above suspicion. We have been chagrined and humiliated by his conduct and we believe that the people of Texas should now put the stamp of disapproval upon his administration.

A native born American boy, raised in an American home educated in an American college cannot vote in an American election until he is 21. A dago from South Europe who cannot read or write a word of our language and maybe very little of his own becomes a voter almost as soon as he passes the Statue of Liberty coming in to New York. This is not good sense and is not right and ought not to be. This is a good issue for some great man to make a campaign on—Jayton Chronicle.

Then you would require every foreign-born person, we presume, to reside in the United States at least twenty-one years before you would allow him to vote. We have heard many persons make the same argument you are making and that is the conclusion they always arrive at. But let us think of the other side of the picture a moment. A thick-lipped, kinky-haired negro boy, born in the Brazos bottoms, who can neither read nor write, who knows practically nothing about government or the needs of society, can vote as soon as he becomes 21 years of age. The most scholarly gentleman, of the highest character, fleeing from the oppressions of a tyrannical government in Europe and immigrating to America, acquiring a family, a home and other property here, and becoming one of our most intelligent and patriotic citizens, still could not vote until he has been here twenty-one years, if your ideas should prevail. Possibly we need more restrictions regarding the suffrage rights of the foreign-born but no more than we need additional restrictions regarding the suffrage rights of some of our native born. Great length of residence in this country should not be the prime consideration in granting the ballot to the foreign born.

We have decided that there is neither justification nor good sense in either Moody's or Davidson's supporters throwing stones at the other. Either of these gentlemen would doubtless make Texas a good governor. While we do not particularly admire Lynch Davidson and do not

consider him a man of any great ability, yet we recognize the fact that he is a good business man and would probably administer the affairs of our state in a business-like manner. It is also true that Dan Moody is young and has had little experience in big business affairs, but he has proven himself to be brilliant, honest, energetic, and vigorous in the performance of the duties of the offices which have been entrusted to him. We believe he would make a brilliant record as governor. He is the man upon whom Ferguson has directed his fight. And he is the man who has been delivering the most telling blows against "Fergusonism." The issues clearcut between them. Therefore we believe that Dan Moody rather than Lynch Davidson is the man under whose standard the anti-Ferguson hosts should rally. Dan's the man.

A man who has traveled extensively over the world said recently in a lecture that he now has greater respect for the religion of other nations than he had before he came in contact with so many other people's idea of religion. It is true that the more one knows about the world and its inhabitants, the less one is apt to think about one phase of a subject. The more one knows, the broader minded they should be. This does not always follow however—Higgins News.

The most narrow-minded people are the uninformed and the ignorant. The most cock-sure fellow is usually the fellow who knows the least. The more we learn about other peoples, about their manners and customs, their religions, the more sympathetic we become toward them. Getting their viewpoint, we often come to have a higher respect for their religion. Self-interest has been an untiring sower of the seeds of prejudice in the minds of men, and the ignorant and the uninformed have afforded the most fruitful fields in which he has cultivated and reaped his harvest.

The other day we met a good friend who was terribly shocked because Mrs. Ferguson and Dan Moody had made a "bet" on the result of the first primary. But about the second sentence he uttered he proposed to bet good old coin of the realm that if Lynch Davidson suc-

ceeded in getting in the run-off with Dan Moody he would win. We have noticed that some of the fellows who are in the habit of betting on every election that comes down the pike, hand,

READ THE TRUTH ABOUT KILLING INSECT PESTS

In the first place—
don't pay a Big Price
for an insecticide

WHY pay a big price for an insecticide or buy expensive spraying apparatus when so little as 25c buys a generous size of Bee Brand Insect Powder—sufficient to rid your home of insects, or to prevent insects invading it for a long time to come. Bee Brand Insect Powder is not only a most effective insecticide, but it is also the least expensive.

Bee Brand Won't Explode

You can use Bee Brand Insect Powder anywhere, near an open fire or flame of any sort, without danger. It will not explode nor is it easily inflammable. An insecticide that is explosive, or highly inflammable is a menace—a fire risk.

What of the Plants?

Dare you apply your present insecticide to plants? If you wish to remove insects from plants or flowers, or if you wish to use Bee Brand in a room where plants and flowers are, have no fear. It will not harm them. Bee Brand is non-poisonous. Dust it or sprinkle it on your pets and domestic animals. It will not harm them. Eat it if you wish—it will not hurt you.

How Much Apparatus

Note is necessary. If you prefer to use the little puffer gun, the cost is only 10c. Blow Bee Brand Insect Powder from a piece of paper. It floats in the air and its fine particles kill Flies, Mosquitoes, and Moths. Dust it in cracks and crevices, or about the furniture, it kills Roaches, Water Bugs, Fleas, Lice and Bedbugs.

Settle It Once and for All

You know what kind of soap serves you best. Modern sanitation has made insect powder as necessary as soap. If you have never used Bee Brand you have not yet found the most effective and least expensive insecticide. Order it by name and insist on getting it.

Bee Brand INSECT POWDER

In red, sliding-top cans at your grocer's or druggist's. Household size 10c and 25c. Other sizes 50c and \$1.00.

If your dealer cannot supply you, send us 25c for large household size. Give dealer's name and ask for our free booklet, "It Kills Them", a guide for killing House and Garden Insects.

DAN MOODY'S BET
(Bill Latta)
A long time ago there were hard times in Israel. A fellow by the name of Ahab was then governor and ran things to suit the fancy of himself and wife, Jezebel. Ahab despised the public funds, Lantamined the range and Jeshuburked the waterholes.

Jezebel was a high roller. She had a bunch of 400 crooks, who were called prophets of Baal to sit with her at the table and drink booze, talk politics and cuss the preachers. She sent out a gang of roughnecks who had been pardoned out of the pen for bootlegging and stealing sheep to kill all the preachers they found.

Old Pagan Elijah whom Jezebel called a monkey faced haycart, was chief among the preachers and they wanted his gun mighty bad because he wouldn't vote the Ahab ticket. When Elijah saw they were about to kill all the preachers he rounded up a hundred of them and hid them in caves and fed them on bread and water.

All this happened during a big drought. Grass and water got so scarce that they had to move the flock out of the country to keep them from starving. Elijah told these folks that it wouldn't rain until he said so, and he wouldn't say so until they quit their declaiming. This made Ahab and Jezebel sore at the old man and he had to hide out. Things grew from bad to worse.

They chased Elijah all over the country but they couldn't catch him. One day Elijah sent word to Ahab by a man by the name of Obadiah that he wanted to see him on particular business.

When they met, Elijah requested that Ahab call a mass meeting of all the people at Mt. Carmel. He told Ahab he had a proposition to make to them. Ahab called the meeting and everybody including the 400 prophets of Baal were there. When the King was called to order, Elijah stated the object of the meeting. Elijah told the crowd that owing to the drought, what things had come to a show-down. "If the Lord be God, follow him; but if Baal then follow him." Not one of the crowd said a word, but they saw that it was a square deal.

Elijah told the Baal crowd to kill a steer and cut it up or lay it out on some wood and call on Baal to set it on fire, and he would do the same thing, except that he would call on God to set his fire. He said the God that answered by fire, let him be God. Then everybody said that it was a fair proposition. They told

the Baal men to get busy. They did after firing the beef as Elijah told them they called long and loud, but Baal didn't seem to hear them. They hollered and screamed, but nothing doing. Then Elijah began to pray them. He told them to holler a little louder maybe Baal had gone fishing or to the postoffice, or maybe he was asleep or something. The Baal fellows got excited and jumped on the pile of meat and yelled for Baal to come on with a chunk of fire as they were gunners. They got out their knives and cut themselves until they were as bloody as stuck hogs and still Baal wouldn't kindle a fire.

When the Baal crowd was pestered out with so many monologues, Elijah says: "Are you fellows fired?" They said they were. Then the old prophet of the Lord had a trench dug around them at which he had built on twelve rocks. Then he made his men pour water over the meat and wood three times until the trench was full of water. He did this to show the people that he was above board, honest and that there was no shamming. Then the old man went down on his knees and to one ever heard such a prayer since the morning stars executed an ordinance with the whole universe for an audience. Presently it began to rain fire on the altar. Flames licked up the wood, the meat and kept it up until even the twelve rocks were burned to ashes.

Then the people knew that God was God. They waked up, took those loose-fitting prophets of Baal who had been sticking their rusty feet under Jezebel's table, down on Linton creek where they wouldn't stink and beamed the last sun-of-a-gun of them. Elijah told governor Ahab that he had better go to supper because it was going to rain, and he went. Elijah prayed for rain, and it came a regular crash-feller and gullywasher.

Texas is in the same shape that Israel was when Ahab mismanaged Israel and Jezebel entertained the Baal humpers and crooks of the Grove. The whole state has been Jeshuburked, the road funds have been Lantamined and the highways Jeshuburked. It has gone from bad to worse until it has come to a show-down.

Jim Ferguson had his wife, under whose name he is doing business, to say that if Dan Moody got one more vote in the primaries than she did, she would quit. That if she got 25,000 more than Dan, he would quit. It was a fair bet. Dan has accepted. It is now a question of whose it gets the fire.

If Ferguson is it in Texas, let Dan get out and give Jim a bill fold and a fair dinner. But if Texas of common honesty and good service are what they desire, let Jim quit and give Dan the hat. "If the Lord be God follow him; but if Baal, then follow him." Let the people answer.

BOOKLESSNESS
Wellington Leader: The Elgin (Kansas) Journal tells of a real estate salesman trying to sell a home to a pair of newlyweds. Said the wife: "Why buy a home? I was born in a hospital ward, reared in a boarding school, educated in a college, courted in an automobile and married in a church. live in an apartment, spend my mornings playing golf, my afternoons playing bridge, in the evening we dance or go to the movies. When I am sick I go to the hospital, and when I die I shall be buried from the undertaker's. All we need is a garage with bedroom." What would she do with a home, anyway?

The story is apocryphal. This column always feel obliged to hint that something which it clips from other sources may not be true. So in this case it may be that there was a divorcée wife who said the precise words alleged in the Wellington contemporary's article. This much having been set down in order to put this column in the clear, it will be agreed that the putative bride gave utterance to a string of near-truths which may well be pondered. Homes are less important than they used to be. Children are not born in homes now, at least children who used to take pride in pointing to the old-fashioned grown-up persons who used to take pride in pointing to an humble shack and saying, expansively, "I was born in that house." he is passing rapidly. A few years from now the hostlers will take their friends by hospital yards and pointing to the domes and minarets and doctors' equipages, say, "I was born in that magnificent structure!" Imagine what a trouble it would be to ascend the birth place of another Lincoln, for instance. To ascertain that lowly Kentucky structure, to fence it in, beat a path to its door, nestle it up outside and inside for tourists to see, was not much to do. To take pic-

tures and build replicas of it is not expensive. But imagine Abe Lincoln born in a hospital as big as a Florida hotel, and then imagine pilgrims coming to reverse his natal home. Nobody reverses a hospital. Everybody wants to get away from hospitals. Yet it has come to pass that one can't be born peacefully under his own vine and fig tree, and every time he gets a pain such as used to be treated with a mustard plaster he is hurried to a public institution on threat of death.—State Press in Dallas News.

HAIR AND HISTORY
Brownwood Bulletin: Just when Dallas was bragging about the big hailstones that fell there the other day a Bible student broke into print with a story about hailstones weighing 125 pounds each, which fell about six thousand years ago.

State Press did not see the Bible student's article in which he claimed there were hailstones weighing 125 pounds six thousand years ago. If the Bible says so, S. P. will believe it. But he will have to be cited to chapter and verse before he will concede that there were ever anywhere, any time, big per hailstones that those which fell in Dallas three weeks ago. A hailstone that weighed 125 pounds would have to be as big as a block of ice from which the ice-man cuts a day's supply for five families in hot weather. All will agree that a hailstone as large as that would be a roof smasher beyond all meteorological comparison. The hailstones that fell in Dallas, few of them larger than a lunch basket, rained more house tops than you could count in a week's walk, but if the stones had been as big as those of the Bible student's allegation they would have broken through the roof and all intervening obstructions between ridgepoth and cellar. The Bible student who thinks there were 125 pound hailstones six thousand years ago surely is reckoning in Meschusian numbers. There was no weight measure called a pound six thousand years ago, just as there was no time measure called a year when Meschusian was methusalian. It is quite uncertain whether any measure in use at that remote period could be equated in any measure now known. So, until better authority appears, State Press is going to regard the Dallas hailstorm as the greatest in history, sacred or profane. Dallas leads.—State Press in Dallas News.

THE STATE OF TEXAS
To The Sheriff or any Constable of Lynn County, Greeting:
E. C. Grogan, guardian of the estate of the minor Minnie Grogan, having filed in our county court his final account in Cause No. 114, Estate of Minnie Grogan and Richard Grogan, minors, of the condition of the estate of said minor, Minnie Grogan, together with the application to be discharged from the said guardianship as to the said Minnie Grogan.
You are hereby commanded to summon the said Minnie Grogan, by making publication of this citation once a week for three successive weeks in some newspaper regularly published in your county before the return day hereof, to be and appear at the next regular term of the county court to be held in and for the County of Lynn at the courthouse thereof in Tahoka, on the fourth Monday in July, A. D. 1926, and contest said account should she see proper to do so at said July Term, A. D. 1926.
Herein fail not, but have you then and there before said Court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.
Given under my hand and the seal of said Court, at office in Tahoka, Texas, this 2nd day of June, A. D. 1926.
W. E. Smith, Clerk County Court, Lynn County, Texas. 61-112.

"A high ideal, though it may never be wholly realized, has a functional value; that is, its bare possibility provides a goal to reach and furnishes an aim for the most worthy human endeavor."—Prof. T. A. Smiddy, Irish Free State Minister to the United States.

A SPLENDID FEELING
That tired, half-wet, discouraged feeling caused by a torpid liver and congested bowels can be gotten rid of with surprising promptness by using Herbin. You feel its beneficial effect with the first dose as its purifying and regulating effect is thorough and complete. It not only drives out bile and impurities but it imparts a splendid feeling of exhilaration, strength, vim, and buoyancy of spirits. Free file. Sold by

Milk Gives Most Food Value At Least Cost

H. C. Hooks.

Milk gives more food value for less cost than any other food known to man, according to Herbert C. Hooks, secretary of the Evaporated Milk Association. "Dietitians are unanimous in advocating the use of milk by men, women and children," said Mr. Hooks. "Milk and evaporated milk supply some of all the materials necessary

for the growth and maintenance of the body; they furnish energy for work, play and warmth.

"Milk helps repair the wear and tear of the body. It is as good as meat for building muscle. Moreover, it is cheaper. A quart of milk will supply as much protein as seven ounces of sirloin steak or four large eggs. Milk, particularly evaporated milk, which has twice the mineral content of market milk, is one of the best and cheapest sources of lime, which is a form of calcium. Infants and growing children need lime to build bones and teeth. It is just as necessary for adults to keep their bones in good condition. One quart of milk, or one pint of evaporated milk, furnishes as much calcium as ten large oranges, thirty-two eggs or twenty pounds of beef. Milk also is a valuable source of phosphorus and supplies a certain amount of iron.

"By some authorities milk is said to be an aid in longevity. Dr. Herman Bundenese, health commissioner for Chicago, gives his prescription for long life as follows: Drink one quart of milk a day and mix with one hour of sunshine. Repeat ad infinitum.

"Due to the efforts of health officials to get across to the public the message of milk, its general use in the United States has advanced tremendously in the last decade. This is especially true of evaporated milk, for reasons of its convenience and economy. Housewives know there is no fear of obtaining contaminated evaporated milk, because it is not only the best grade of market milk rendered double-cream by dehydrating, but it is sterilized as well."

C.-C. Has Active Session Tuesday

LARKIN FAMILY RETURN FROM FLORIDA

Mrs. H. M. Larkin, Frank and Margaret returned last week from Winter Park, Fla., where they have been since early last fall. Mrs. Larkin has been keeping house while the children attended school there. Frank has just completed his second year in Rollins College and Margaret has just graduated in the high school, which has twelve grades instead of eleven as in most towns in Texas. In fact, it is said that there are only two other public high schools in Florida of the same grade as the Winter Park school.

The many friends of the Larkins are glad to see them back in Tahoka.

Barna Haney, druggist, of Roscoe, and his brother Russell were here two or three days this week visiting their brother, Fred Haney.

Rev. and Mrs. B. N. Shepherd left Monday morning on a pleasure trip to the east. They were unable to give definitely their destination. They thought it possible that they would visit Siloam Springs, up in the Ozarks of Arkansas, before returning. They expect to be away three weeks. Some time ago Brother Shepherd's church granted him a month's vacation and he is now taking it. His pulpit will be supplied during his absence.

Oscar Roberts, Van Bates, Bolton Thomas, and Brown Bradley left Monday for the mouth of the Pecos, where they expect to spend the week fishing and viewing the scenery.

Mr. and Mrs. Borden Davis, Mr. and Mrs. Dean Nowlin, and Misses Lévis and Katie B. Bosworth left Wednesday for the Concho, where they expect to spend a few days fishing.

O. L. McHorse was in Amarillo Wednesday and Thursday on business.

ONE LEGGED CONVERT WALKS 25 MILES TO BE BAPTIZED

Do you know many men in your community sufficiently loyal to Christ to walk 25 miles in order to be baptized? Yet recently a one-legged convert in China walked that distance in order to be baptized and since then has walked ten miles on crutches every Sunday in order to attend services.

For a while last year he existed on two meals a day made up of peanuts and water. Even under such difficulties as these, he refused all contributions that the Christians offered, contending that their gifts should be given to worthier objects. Surely, when the Chinese present such loyalty as this, Southern Baptists will want to make larger provision for their evangelization.

REPUBLICAN LEADERS TO MEET IN LUBBOCK

The South Plains is to entertain Republican leaders at Lubbock on Wednesday, June 16. "and we want to give them a real reception," said Jack Alley Wednesday to a news representative. In order to do so it is going to require the presence of as many Republicans from all over the South Plains as can possibly be there, as well as all prominent citizens of either party that can go, according to Mr. Alley.

A Republican conference with the leaders will be held promptly at 4 o'clock that afternoon in the District Court room, and at 8 o'clock there will be a mass meeting for the purpose of getting acquainted. R. B. Creager, National Committeeman, H. H. Haines, candidate for Governor, and six or seven other prominent leaders of the party will be there.

Miss Alice Small and Miss Velta English leave Friday for Abilene, where they will attend the summer session of McMurry College.

Mr and Mrs. W. J. Crouch and son Clarence left Monday for Hot Springs New Mexico, where they expect to spend a few weeks having a good time. Mr. Crouch also hopes that the water will help his rheumatism.

DANDRUFF

CAUSES THE HAIR TO FALL OUT— AND THE HEAD TO BECOME BALD
Dandruff is a germ disease and known as a scaly form of Tetter or Eczema. This scaly crust lives on the oily substance of the skin and robs the hair of its proper nourishment, causing it to fall out and the head to become bald. Get rid of dandruff before it is too late. Wash the scalp well with hot water and soap, dry with a soft towel and apply Hooper's Tetter-Rem (Don't Scratch), rubbing it in well. Then steam the head with hot towels. Ask your barber for Hooper's Tetter-Rem scalp treatment. Hooper's Tetter-Rem is positively guaranteed for all scalp and skin diseases. Two sizes, 75c and \$1.50. Sold and guaranteed by THOMAS BROS. DRUG CO.

ACHING LIMBS

And Many Other Common Ills Relieved by Black-Draught.

Mrs. John Skaggs, residing near Lanes Prairie, Mo., on the Ozark Trail, says: "I have taken Black-Draught for a number of years, about fifteen, and it is about the only purgative medicine I ever take. It is the only kind that I've found that doesn't hurt me. I take Black-Draught for indigestion, for colds and headaches. I take it for itching in my limbs and shoulders. It helps this trouble. I take it for sour stomach. We think Black-Draught is splendid and never are without it in the house. I suffered with gas on my stomach that affected my breathing, and Black-Draught helped this trouble. For such common complaints, I think Black-Draught is the best medicine a person can use. For millions of others, Black-Draught is their favorite liver and stomach medicine. Obtainable everywhere.

Happy Wedlock Sure Thing If Bride Is Cook

By KATHRYN ST. JOHN
Haphazard meals yearly ruin thousands of marriages. Most marital ships would maintain an even keel if brides knew cooking. Many of the first year's troubles between newlyweds would be avoided if the wife were capable of preparing foods with an experienced hand. Wives are to blame for the failure of many business men in the final analysis. The business man's health depends a great deal on what he eats. And it's up to his wife to see that he gets the right kind of food. A healthfully balanced diet goes a long way toward making the tired business man less fatigued.

The expert home manager sees to it that her husband never comes home to a delicatessen lunch. There is a carefully planned meal waiting for him. The real housewife knows that an unbalanced diet means trouble and avoids it. Likewise, she appreciates the fact that variation in her menus is important. In this connection the following recipes have been selected as an aid to the home manager:

- Frozen Salad.**
1/4 cup mayonnaise 1/4 cup candied dressing cherries
1/4 cup diced pine-apple 1/4 cup diced apple
4 tbsp. pineapple 2 tbsp. lemon juice
1/2 cup cream 1/2 cup evaporated milk
Mix the fruit and juices. Combine milk and cream, chill and whip; then fold in the fruit and mayonnaise. Pour into a mold and pack in equal parts of salt and ice. Serve on lettuce leaves. This serves eight.
- Orange Bavarian.**
1 tbsp. gelatin 1-2 cup evaporated milk
1/2 cup cold water 1/4 tsp. salt
1 cup orange juice 1-2 cup whipping cream
1/2 tsp. salt 1/2 cup sugar
Soak gelatin in cold water, add fruit juices, sugar and salt. Heat in the top of a double boiler until gelatin dissolves. Strain and set in pan of cold water. When mixture begins to set, fold in the evaporated milk and cream which have been beaten stiff.
- Banana Ice Cream.**
6 very ripe bananas 2 cups evaporated milk
1/2 cup lemon juice 2 cups cream
1 1/2 cups sugar 1/4 tsp. salt
Scrape off adhering fibrous portion on surface of peeled banana. Mash and rub through a sieve. Add the rest of the ingredients in the order given and stir until all are well blended. Let stand for 20 minutes so that all sugar may dissolve. Freeze in a 1 to 6 salt-ice mixture. This recipe makes 1/2 gallon cream.

AID TO BEAUTY

Under this young woman's skillful hands the front of the Administration Building of the Sesqui-Centennial International Exposition Association quickly takes on a delightful aspect. She directs gardeners where to place the small trees and shrubs about the great stucco building. She is doing her share to make the big celebration of the 150th anniversary of the signing of the Declaration of Independence a success.

Kiwanis Minstrel A Big Success

The Coon Town Melody Company, made up of local cast, presented a minstrel show at the Star Theatre last Thursday night in the presence of an audience that almost filled the big play house. Unfortunately, a terrific downpour of rain beat upon the roof of the building during most of the performance, which rendered it difficult and at times impossible for the auditors to hear. They seemed to greatly enjoy and appreciate the portion of the performance that they were able to hear, however.

On the next night the Company presented their show to a practically full house in the State Theatre at O'Donnell. On this occasion weather conditions were more favorable and the show seems to have been marked a success in every particular.

In both performances, the biggest "hits" were made by Clifton Janak with his singing and Wells Edwards with his saxophone. At O'Donnell especially they were repeatedly encored. Mrs. Frank Hill directed the minstrel and Mrs. Marcus Edwards presided at the piano.

The show was given under the auspices of the Kiwanis Club and about \$83.00 was realized after the payment of expenses.

Miss Millie M. Halsey has received a communication advising that Mrs. D. A. Stevens of Lynn county won third place in the Kitchen Contest recently held for District No. 2, which embraces counties in this section of the state, Floyd county taking first prize and Young county second.

METHUSELAH WAS NOT SO OLD

We've never been able to convince ourselves that Methuselah lived 969 years as we count years in this century. Knowing that human life is gradually growing longer, it seemed reasonable to us that the patriarchs lived fewer years. Now comes Thomas L. Masson, in the Dearborn Independent, arguing for a thirteen month year and stating that Methuselah's years were moons. The article in question quoting Cotsworth, the great authority on calendar knowledge says: "The more practical Hebrew patriarchs by more careful and exact observations of the sun's seasonal points at sunrise, were led to drop their five equal months, totalling 150 days, for the more seasonal six months year which Jacob called by his three rows of stakes lined to sunrise on the longest, shortest and equal day-and-night points to obtain increases of lambs and kids yearly as is now done in England, where both grazing and weather conditions permit. As sheep and goats were not only the means of exchange but the chief wealth of Jacob and his descendants, who traded on the fact that these animals carrying young but five months and can be made to breed almost every six months, Jacob's descendants naturally continued this method of six months count until Moses, at the Exodus, gave them the more advantageous calendar year. And it is a significant fact that after the Exodus the length of life of Bible worthies accord with our own.

Moreover when we compute the recorded ages of patriarchs into true years on the one, five or six months calendars, which were then in use, we find that they lived only the normal number of years, as the following table of typical adjustments shows:

Methuselah's 969 years were moons totaling 79 years.

Abraham's 175 years of five months, totaled 72 years.

Jacob's 147 years of six months, totaled 73 true years.

This is another idol shattered poor old Methuselah who had no other claim to fame than his longevity, now hasn't a single leg to stand on.—Cameron Enterprise.

So the scholarly Mr. Masson and the erudite editor of the Cameron Enterprise have at last solved a most perplexing Bible problem. Mr. Masson, the author of the Dearborn Independent article, has no doubt gone very thoroughly into this matter, and the world is certainly greatly indebted to him for his simple solution of this problem. Methuselah was 79 years old, computed in our time, when he died.

But this solution proves to us that Methuselah and his ancestors were a most remarkable race of men. His brief biography is recorded in the fifth chapter of Genesis, and summarizing our years for Biblical years, we find that Methuselah married rather young. He was only 14 years and five months old when a boy was born into his home. Nothing very strange about that, for if we will begin at the first of the chapter and read through we will find that some of his ancestors had him skinned several city blocks in the matter of early marriages. We find that Adam, according to Mr. Masson and the Cameron editor, was only ten years old when little Seth arrived. At that time, however, Cain and Abel, his older brothers, had already grown to manhood, Abel had become a shepherd and Cain a farmer, Cain had gotten sore at Abel because God had accepted Abel's offering and had not accepted Cain's and had slain his brother Abel, and had himself been cursed of God as a vagabond upon the face of the earth. All this happened, according to Mr. Masson, before daddy Adam was ten years old. But now let us read on, substituting our years for the "moons" used by Moses in writing the fifth chapter of Genesis. This is the way the story would read: "And Seth lived eight years and begat Enos; and Seth lived after he begat Enos sixty two years and begat sons and daughters; and all the days of Seth were seventy years; and he died. And Enos lived seven years and begat Cain; and all the days of Enos were 69 years and eight months and he died. And Cainan lived five years and five months and begat Mahalalel; and all the days of Cainan were 70 years; and he died: and Mahalalel lived five years and Mahalalel lived five years and begat Jared; and all the days of Mahalalel were 69 years and he died." And so the story goes. Enoch himself was only five years old when he begat Methuselah, and he was only 28 years old when God took him. Coming down to Abraham's time and reckoning five months as a year, as Mr. Masson does, we find that Abraham's grand-father, Nabor, was only 12 years

Three People Are Injured This Week

old when he begat Terah, Abraham's father.

We have always regarded the old patriarchs as a most wonderful group of men, but we never before suspected that any of them began rearing families when only five years of age. The scholarly Mr. Masson has solved one perplexing problem for us but he has gotten us into a peck of other troubles that we know not who can solve.

SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF LYNN—

NOTICE IS HEREBY GIVEN

That by virtue of a certain Alms Execution issued out of the Honorable District Court of Lynn County, at the 9th day of June A. D. 1924, by W. E. Smith, Clerk of said District Court of Lynn County, Texas, for the sum of Five Hundred Eighty Two and 48-100 (\$582.48) Dollars and costs of suit, under a judgment in favor of The First National Bank of Tahoka, Texas, a corporation in a certain cause in said Court, No. 426 and styled The First National Bank of Tahoka, Texas, a corporation vs. A. L. Nettles and J. B. Lowe, jointly and severally, placed in my hands for service, I, J. W. Simpson, as Sheriff of Lynn County, Texas, did on the 9th day of June A. D. 1924, levy on certain Real Estate, situated in Lynn County, Texas, described as follows, to-wit: A part of survey No. 143, in Block 12, surveyed by virtue of certificate No. 587 issued to the E. L. & R. E. R. Co. and described by metes and bounds as follows: Beginning at a brick set in ground and three pits which are 495 1-2 varas east of the Southwest Corner of said survey No. 143; thence North 1940-8-10 varas to a cement stone 18" long set in the north line of said Survey No. 143; thence East 1296 varas to the Northeast Corner of said Survey No. 143; marked by a cement stone; thence South 1940-8-10 varas to a cement stone at the Southeast corner of said survey No. 143; thence West 1296 varas to the place of beginning, and containing 436 1-2 acres of land.

Also all that certain tract of land out of Survey No. 163, Block 12, surveyed by virtue of Certificate No. 587 issued to the E. L. & R. E. R. Co., situated in Lynn County, Texas, and bounded as follows: Beginning at the Northwest corner of said Section No. 163, in Block 12, and running thence East with the North line of said Section 129 varas to the Northwest corner of a 1/4 acre tract heretofore deeded by Copeland to Coffman; thence South with the West line of the Coffman tract, 1940 8-10 varas to a corner in the South line of said Section No. 163; thence North at 596 varas pass the South East corner of Section No. 4, Block C. B., in all 1940 8-10 varas, to the place of beginning, and containing 43 acres of land, less 2 acres in the Southeast corner of this tract reserved for a church lot, and levied upon as the property of A. L. Nettles, and that on the first Tuesday in July 1924, the same being the 6th day of said month, at the Court House door, of Lynn County, in the city of Tahoka, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Alms Execution I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said A. L. Nettles.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lynn County News, a newspaper published in Lynn County.

Witness my hand, this 9th day of June 1924.

J. W. SIMPSON, Sheriff,
Lynn County, Texas.

Alvin Hicks went to Jaton Wednes day for his children, who have been visiting relatives there.

Dr. C. B. Townes sustained severe injuries last Thursday when a ladder upon which he was undertaking to climb to the top of his water tank fell, throwing him violently upon the ground. A bone of the right foot was broken, his left foot was severely sprained, and one of the bones of the right arm was broken just below the elbow. Dr. Townes went to Lubbock and had the injured members placed under X-Ray and by this means the exact location and extent of the fractures were ascertained. The broken bones were set in exactly the correct position and it is thought that the fractures will heal almost perfectly.

The accident occurred, it seems, by reason of the fact that the ladder which the good doctor was ascending had been placed in too nearly a vertical position, and the doctor's weight caused the top of the ladder to career away from the water tank against which it was resting. The doctor had ascended several feet from the ground and hence the seriousness of the consequences.

The doctor is confined to his room most of the time this week but it is hoped that his wounds will heal speedily.

The little 1-year old daughter of W. J. Anderson, who lives in the Lynn community, suffered a fracture of the collar bone Monday when she fell off a bed. Medical and surgical attention was given the injured member and it is hoped that it will heal without leaving any permanent injury.

The little 7-year old son of Mr. and Mrs. John Minor was the victim of a painful accident Sunday morning in which one of his arms was broken. The little fellow was scuffling with some larger boys when he was thrown to the ground and he fell in such position and with such force as to break the bones of his arm. A physician was called and the broken bones were properly set, and on account of the boy's tender years it is hoped that the fracture will heal completely.

SHERIFF'S SALE

Notice is hereby given, that by virtue of a certain Execution issued by the Clerk of the County Court of Tom Green County, on the 7th day of April 1924, in a certain cause wherein F. G. Allen, plaintiff, and Clarence D. Crouch, defendant, in which cause a judgement was rendered on the 7th day of April 1924, in favor of the said plaintiff, F. G. Allen, against said defendant, for the sum of Five Hundred Sixteen and 38-100 Dollars, with interest thereon at the rate of 8 per centum per annum from date of judgement, together with all costs of suit, I have levied upon, and will, on Monday, in the 21st day of June 1924, A. D. at the Court House door of Lynn County, with legal hours, proceed to sell for cash to the highest bidder, all the right, title and interest of Clarence D. Crouch in and to the following described property, levied upon as the property of Clarence D. Crouch, to-wit: One M. Schmitt player piano No. 184173, style walnut.

The above sale to be made by me to satisfy the above described judgement for Five Hundred Sixteen and 38-100 Dollars, in favor of F. G. Allen, together with the costs of said suit, and the proceeds applied to the satisfaction thereof.

J. W. SIMPSON, Sheriff,
Lynn County, Texas.
Tahoka, Texas, June 9, 1924.

FAME

Somewhere within the walls of Fame,
We hope some day to see our name
In gilded letters, bold and clear,
Nor blenched by a shrinking fear.

Illusive visions seen afar
Our very souls may blot and mar,
Yet we unheeding cease not to seek
The highest height of the perilous peak.

Desire for fame we each possess,
We think therein lies happiness;
Fools! Blinded by the glaucous thought;
A gilded name ne'er happiness wrought

For when every battle is fought and won,
Our fame established, our deeds all done,
We're disappointed at end of day;
Our souls we lost in the mad af-fray!

Lillie Mae Quinsey.

"The American nation has become a nation of gabblers, and as a people we are afflicted with a national mouth disease. We ought to think more and talk less."—Furmer Gov. Beaumont of Pennsylvania.

WOMANLY AILS

Kentucky Lady Got Well After Taking Cardui.

"I got down in health—suffering from nervous troubles which caused me much pain and worry," says Mrs. Rhoda Casey, of R. F. D. 6, Owensboro, Ky. "My neurologist had taken Cardui when she was in my same condition, so I got to inquiring around among my friends about it and found several women who were taking it at that time.

"They all told me how good it was, so I told my husband to get me a bottle to try. That night he came home with a bottle of Cardui.

"I had a... which left me in a very serious condition. I had been in bed eight weeks and was unable to move or eat without help.

"By the time I had taken half a bottle of Cardui, my strength began to creep back. I could sit up in bed.

"I finished up that bottle and by that time I was able to walk across the floor. I continued taking Cardui for several months and I got well."

CARDUI

**Lynn Writer
Heard From Again**

I, as we have not been heard in some time we will give a few We had such a fine rain and body has got a long smile on in of banks shutting down on To die is gain, to laugh is so we are having a joyful time. got bread and well water to so we are doing fine.

I. Bartley and W. P. Russell home the other day and said they e going to Wilson on hunt for a e go-devil. They came in just ore night and claimed they had e to Wilson, Slaton then to Post, then to Tahoka, then on home. at was a big round but I guess y made it or they would not have d so. We don't know where else y went and we asked no questions. ey said they found what they re hunting for but it took cash to urchase it so they bought at Ta- ka. So you can guess at the rest. Uncle Bill Bartley lost a colt and ed to have lost a fine cow but Dr. Jackson got to her in time to save e cow.

Mr. Everett is working on Rag- wn, putting in a new gin. Lynn City is kindly on a stand still : present, not on the boom it was; en changing hands. Mrs Wade and arber sold their stocks of goods to fr. Baggett. When the people get little money she will take another oom. We are looking for a fine rop and a good price, so everybody nd the kids will have plenty of ooney and New Lynn will get on rings.

People are so busy that they aven't time to go over to town and discuss the order of the day. When e get our bank in and a Ford doc- or, we will be going some—and a newspaper to give all the news of he town then we will be placed on p to stay.

We were over at town the other day and heard a little election news. Some said Ma would be governor and some said Dan. I can't tell just how to vote, one says Ma and another says Dan. Mr. Editor, who do you say? That preacher is promising some good things. What about him and the woman that is running on the wet ticket? I don't think I shall vote for her. If I am going to vote for a woman I will just vote for Ma.

Well we all had a good time Sun- day. Sunday School and preaching by W. P. Bussell Text: For me to live is Christ; to die is gain. Phillipians. After preaching then came a real dinner. Mr. Editor, you ought to have been here. We have got the best women in the world. They give us a squire meal. Then we had singing after dinner. Brother Patterson and wife of Tahoka came out and Brother Patterson led the singing. He used to be one of the boys out here. So come again, Brother Patterson. We will be glad to have you any time.

Brother Darby was to have preach- ed for us but failed to come from some cause. He had a big crowd to hear him. He might have been like Brother Dunn last Sunday. He started out here and got in a mudhole and he said he stayed there for one hour. He came in looking like he had been out with a two-horse wagon instead of a Ford.

Well, as the sun is shinning this morning, we had better get in our blue weed patches. You scribes write up all the news. We like to read them all. So bye-bye till next week. Your Uncle Tom.

New York Police officials declare that soliciting membership subscrip- tions for mythical anti-prohibition societies is a profitable fraudulent activity.

The Baronial Estates of Sweden are being divided and sold to farm workers in an attempt to stem the tide of emigration to America.

**Work Never Stops
At W. T. S. T. C.**

Canyon, Texas, June 1, 1926. Activities have not stopped at the West Texas State Teachers College today, even though a class of sixty four young men and women were conferred degrees this morning.

All workmen and most of the mem- bers of the faculty are now busy making preparations for the open- ing of the largest summer school that this college has ever had. All indi- cations are that every class room, every boarding house and every nook of the campus will be filled next week with eager summer students.

Many colleges will not offer the usual summer normal courses which are designed to help students who

must secure certificates by the exami- nation method.

The West Texas State Teachers College has been designated by the state department of Education as one of the institutions to continue this service in 1926. Unless all the signs have been mis-read there will be the largest summer normal class this year that has been known for several summers.

Twenty departments, offering nearly two hundred courses, and under the instruction of seventy-five faculty members, will provide work to suit the needs of students com- ing from all parts of the state. Addi- tional instructors have been employ- ed in many departments. W. T. Tardy of Dallas will teach in the Spanish department; Dr. McKenney, president of the Michigan State Tea-

chers College, Ispilanti, will deliver a series of lectures. W. P. Clement, Dean of Wayland College Plainview will teach in the department of Edu- cation; E. O. McNew, superintendent of schools at Ranger, will have a place on the summer faculty; M. E. Witt, who has taught in the Lubbock high school for several years, is re- turning to teach science; Superin- tendent C. H. Dillehay, of Hereford, will teach summer normal Mathe- matics.

Recreation Provided For

In order to provide better recre- ational facilities for its students the Teachers College has leased a tract of land known as Hales Park which will be used exclusively by the wom- en of the College. Swimming, picnic- ing, out-of-door games of all kinds will be the rule here; the play-

ground is under the immediate sup- ervation of the college authorities and women of the faculty will chaperon the girls and help them to make their outdoor life worthwhile.

The Palo Duro canyon will see hun- dreds of exploring and hiking parties during the summer months. Bird study will attract many; the many flowers hidden in the canyon glens will lure others.

The college at Canyon will be teem- ing with many-sided life where a host of young people will be learning to live that they may teach others the fine art of living well.

Notice to Precinct Chairmen

The County Democratic Execu- tive Committee will meet at the Court House on June 14 for the pur- pose of transacting all business that

may come before said committee. All precinct chairmen will take notice and be present.

H. M. Larkin,
County Democratic Chairman.

STAR PARASITE REMOVER
A GREAT POULTRY REMEDY
Gives birds in drinking water or mixed in feed thoroughly rid them of all blood-sucking parasites. Its formula is unique and other ingredients insure freedom from lice, mites, ticks, and other pests. Can be given to all ages of chicks and turkeys, any kind of weather with good results. The most in every small one dollar bottle will last 100 birds more than 125 days. The manufacturers are satisfied that all poultry raisers to try it 30 days at their risk on the following conditions: After using 30 days if your flock has not improved in health, produced more eggs—eggs that hatch stronger and healthier young, chicks—come back to your dealer—he is authorized to refund your money.

NO-NOX

MOTOR FUEL

STOPS KNOCKS

*Turns Mountains
into Mole hills*

OR many years mechanical engineers struggled to build automo- bile engines of higher compression. As compression is increased the power line goes up and the fuel consumption line goes down —ordinary gasolines would not withstand this higher compression without knocks, clicks, or detonations—accumulated carbon deposits in- creased this compression by decreasing the size of the combustion chamber —and the audible sounds of the engine distress grew louder.

It has been our good fortune to produce a gasoline that positively elimi- nates clicks, pings, and knocks.

**Gulf No-Nox and Carbon are
Power Twins**

GULF No-Nox Motor Fuel withstands compression to a high degree; car- bon, increasing the compression of the engine, ceases to be a nightmare as long as it does not interfere with valve action. In other words, it puts carbon to work. More power and greater efficiency is thereby accomplished, re- sulting in greater mileage.

With GULF No-Nox Motor Fuel in your tank—step on it—you will get the story better than we can tell it.

This Guarantee goes with it

GULF No-Nox Motor Fuel is Non-Noxious, Non-Poisonous and no more harmful to man or motor than ordinary gasoline—that it contains no dope of any kind—that the color is for identification only—that it positively will not heat the motor summer or winter.

GULF No-Nox Motor Fuel is priced three cents per gallon higher than ordinary gasoline—and is worth it.

Clerk Commissioners Court,
Lynn County, Texas

Mrs. W. D. Nevels and daughters, Misses Ruth and Willie Lois, came home from Belton Saturday, where the girls had been attending Baylor College. W. D. went down in his car earlier in the week and they returned with him.

Miss Margaret Lam accompanied Rev. and Mrs. Eldridge to Abilene this week to attend the annual assembly of the Epworth League of the Northwest Texas Conference in session in McMurry College this week.

HERBERT HOOVER TURNS SPADEMAN

The Secretary of Commerce turns up first spadeful of dirt at ground breaking ceremonies for emergency hospital on the grounds of the Sesqui-Centennial International Exposition in Philadelphia. The exposition will commemorate the 150th anniversary of the signing of the Declaration of American Independence. At the cabinet member's right is Mayor Kendrick of Philadelphia. The hospital will be conducted by physicians and nurses from the Philadelphia General Hospital.

"Feed The Brute."

A few weeks ago The News contained the startling information that O. B. Adami had gone to work, or rather had been put to work in the kitchen by Mrs. Adami, and that she had promised to raise his wages if he proved to be a good hand. The News went all the way to Kansas City. A big wholesale concern got hold of the item and the officials became interested immediately, particularly the ladies. One of them has written to Mrs. Adami for her formula for making a husband work in the kitchen. A lady stenographer in the establishment who is threatening to commit matrimony is also clamoring for Mrs. Adami's recipe, as she is sure she will need it. In fact, the information is that everybody there is interested. They all want to keep posted on the progress of the experiment. If Mrs. Adami succeeds in putting the thing over for a few months, the indications are that she will be famous. Mrs. Adami refused to disclose her methods but if we were going to make a guess we would say that she wields a big stick and "feeds the brute."

J. W. Simpson left today for Big Spring to attend a meeting of west Texas sheriffs in session in that city.

Calaway Visits His Childhood Home

Judge and Mrs. H. W. Calway returned Tuesday from a trip to central Texas. Their main objective was Belton, where they visited Miss Viva Humphreys, who is a student in Baylor College and who will remain there through the summer session.

Judge Calaway was born and Tunnersville and lived there until he was fifteen years of age. He had never visited the scenes of his childhood since leaving there thirty-three years ago. He decided to go back therefore, and he went. He didn't see "the old oaken bucket that hung in the well," but he did visit the old spring where he used to slake his thirst when a boy. He went down to the "old swimmin'-hole" too where he spent many happy boyhood hours and took another plunge in its refreshing waters. But the Judge says that the country is not the same that it used to be. The town is not the same. Everything has changed, though he found a number of boyhood friends, strong men and beautiful women they are now, with families of their own. He had a great time.

Crop prospects, he says, are good in central Texas. They were beginning to harvest the oats, and they were yielding from 60 to 100 bushels per acre.

Of course the Judge felt of the political pulse at various places on his trip. He reports Dan Moody far in the lead, Ma Ferguson having a good support, and Lynch Davidson far in the rear. That's what Calaway says about it. We suspect he is correct.

Mr. and Mrs. Ernest Adami and little son came up from Winters Sunday to visit Mr. and Mrs. O. B. Adami, returning to their home Monday. They were accompanied by Mr. Adami's mother, Mrs. Louise Adami, who remained here until Wednesday, when she left to visit awhile in California. This was Mrs. Ernest Adami's first trip to the plains and she was delighted with the country.

SHERIFF'S SALE

THE STATE OF TEXAS
COUNTY OF LYNN

BY VIRTUE of a certain Execution issued out of the Honorable Justice Court of Lynn County, on the 22nd day of Feb. 1926, by Swan and Bradley of said County against G. M. Mason for the sum of Seventeen and 25-100 (\$17.25) Dollars and costs of suit, in cause No. 552 in said Court, styled Swan and Bradley versus G. M. Mason and placed in my hands for service, I, J. W. Simpson as Sheriff of Lynn County, Texas, did, on the 1st day of June 1926, levy on certain Real Estate situated in Lynn county, described as follows, to-wit: All of lots 1-2-3-4 in Block No. 4 in the town of New Moore, Lynn County Texas, and levied upon as the property of said G. M. Mason, and on Tuesday the 6th day of July 1926, at the Court House door in Lynn County, in the City of Taboka Texas, between the hours of ten A. M. and four P. M., I will sell said Property at public vendue, for cash to the highest bidder, as the property of said G. M. Mason by virtue of said levy and said Execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lynn County News a newspaper published in Lynn County.

WITNESS my hand, this 1st day of June 1926.

J. W. Simpson, Sheriff Lynn County, Texas. 40-3tc.

The News received a communication this week from H. A. W. Laurin of O'Donnell enclosing a check for a classified ad. run in our columns, and they state "The News were satisfactory. The News Index have been instrumental in the sales of cotton seed to the extent emptying my warehouse of 3,000 bushels of seed." A little more in the classified column next week, ways brings results.

Tom Preston left Sunday Avant, Coryell county to attend his father, who is seriously ill. He had no idea as to how long he might be gone. His father is afflicted with Bright's disease.
