REFUSAL OF PARKS LOOMS

Legislature May Refuse To Accept Sites Donated To State For Tourist Parks

AUSTIN, Texas, Feb. 2.—Former Gov. Pat M. Neff's program of State parks is involved with introduction Monday of a bill in the lower house to reject "title to any land donated or deeded to the State", and a concurrent resolution in the Senate labeling as "impracticable" the appropriation of \$50,000 for State parks for beautifying and maintaining them.

Representatives Dale, Barker, Pearce, McFarlane, and King are joint authors of the House bill, while Senator Witt is sponsor for the concurrent resolution.

The House measure would repeal the act of the second called session of the Thirty-Eighth Legislature authorizing a State Park system and declares that the legislature "thereby refuses to accept title to any land donated or deeded to the State, and any and all such land so donated or deeded are hereby returned to each and all of the donors."

Expense Mentioned
The emergency clause of the bill declares that the "State of Texas is a large State and that the population is congested and there is plenty of room for recreation of the people without the establishment of State parks and further that a State park program will entail a large expense."

An appropriation of \$50,000 for fencing beautifying and maintaining such parks is "impracticable" at this time in view of the State's present financial condition, the Senate concurrent resolution sets forth.

According to the author of the resolution, its "purpose is to keep the State out of the general tourist park business."

Although Senator Witt urged adoption of the resolution Monday, it was laid on the table subject to call on request of Senator John H. Bailey in order that it might be printed in the Senate Journal and read fully by the members.

In asking that this be done, Mr. Bailey expressed opposition to the State taking any extensive part in a park program.

"I am opposed to the State going into the park business," he said, "save where historic spots are concerned such as San Jacinto Park."

Disposal of the resolution is expected on Tuesday.

Boy Scouts Had Hike Last Friday

The Boy Scouts of Tahoka, accompanied by scout master W. R. Lacey, went on a hike out to Guthrie Lake two miles southwest of town Friday afternoon. By the time the patrols had arrived at their destination they had gathered plenty of wood for their patrol fires. Several games were played and then came supper time. You should have seen the different patrols start their fire with one match and then to have seen the happy though anxious faces of the boys as they cooked the steak and bacon over the fire. The fare was just meat, cooked by each boy, and bread, and yet they ate with a relish and satisfaction that only a campfire meal can give. At a late hour a hike back to town was the conclusion of a very happy evening.

Hiking and a life in the open is a part of the scout program, and there are to be many more hikes for these scouts.

The boys are working hard on their tests. A great many have passed the Tenderfoot test and are now working on their second class test.

YOUNG MAN CHARGED WITH SPEEDING TUESDAY

City Marshal J. D. Brewer picked up a young man Wednesday morning for speeding. Upon being brought before the Mayor, the young man promised not to be guilty again and the case was left pending to insure the keeping of his promise. It was doubtless a case of thoughtlessness on the part of this young man, but the marshal says that he has given repeated warnings to some of the young men about violating the traffic ordinances and that hereafter everyone found violating these ordinances will be given a chance to explain in court. It is dangerous to the public for drivers to violate the speeding and other traffic ordinances, and the marshal is to be commended in seeing that they are properly observed.

Crawford Found Guilty At Dallas

W. L. Crawford, charged in a Dallas court with the murder of Paul M. O'Day, was found guilty of manslaughter last Saturday and his punishment assessed at five years in the penitentiary. Crawford is an attorney and a son of the late Col. W. L. Crawford, for many years the most noted criminal lawyer in Texas. O'Day was likewise an attorney, and the homicide grew out of the contest of the will of Col. Crawford, O'Day being an attorney in the case. On account of the prominence of the parties, the case has attracted statewide attention. Crawford will appeal.

M. L. JAMESON DIED TUESDAY

Local Mechanic Is Operated Upon Sunday Evening And Failed To Recover From Shock

M. L. Jameson of this city died at 10 o'clock Tuesday night in the Lubbock Sanitarium, following an operation which he had undergone Sunday afternoon. He had had an operation for appendicitis some time ago. Last week it became necessary for him to return to the sanitarium, and the physicians found that he was suffering from an intestinal trouble which could be relieved only by an operation. Accordingly the operation, which was necessarily a most serious and dangerous one, was performed Sunday afternoon, but the patient was unable to recover from the shock.

Mr. Jameson had been employed ever since coming to Tahoka as a mechanic in Connolly Brothers Garage. He was a most excellent mechanic and a splendid gentleman. He was universally liked and had a host of very warm friends here. A number of them called to see him at Lubbock upon learning of his serious condition.

He leaves a wife and one little child besides a mother and other relatives at Austin. His remains were shipped to Hearne, his former home, for interment. The family and relatives have the genuine sympathy of a host of friends.

Presbyterians Hold Interesting Service

At the Presbyterian Church, according to his usual appointment, Rev. W. K. Johnston, D. D., of Lubbock preached here twice last Sunday.

Considering the severe last storm and the fact that there was some confusion of mind about the date of his appointment, the attendance was good both morning and night, and we are stating this year encouraged.

Sunday morning was a most timely message on "A Return to the Study and Use of Our Bible." The world needs more of this first-hand religion and less of the second-hand kind. A worldwide revival begins when God's people return to a study of his word. Sunday night we had a second fundamental in "Christian Living and the Life of the Church." A timely message for the opening of this new year on Prayer. Wish more people could have heard these two sermons for the new year.

The Presbyterian Ladies' Circle met with Mrs. J. L. Heare Monday afternoon. As usual, Mr. Johnston spoke to the school children or students Monday morning. Subject of address: "Heroes Among Boys and Girls." This was indeed a good service and was greatly enjoyed. Tahoka school has its heroes and heroines among both teachers and students. How these ties challenge the heroic element in all of us!

Remember our regular appointment each first Sunday, at the Primitive Baptist Church. We invite you to come and bring others.

270,000 BALES FROM PLAINS

Report Gives Lynn County 37,087 Bales Up To January 23 Of This Crop Year

Eleven counties situated on the south plains produced more than 270,000 bales of cotton during the past year, according to reports of ginnings prior to January 23, 1925, issued by the Census Bureau of the U. S. Department of Commerce. Of these eleven counties Lynn county stands fourth in the list, being slightly behind Lubbock and Crosby counties. Dawson has a considerable lead the past year over all other south plains counties.

Twelve other counties situated in the Panhandle and in northwest Texas as produced nearly 395,000 bales, while still twelve other counties situated in central west Texas produced nearly 400,000 bales. These thirty five west Texas counties produced 1,064,239 bales. The other cotton producing counties of west Texas would probably run the total up another 200,000. So west Texas the past year produced in round numbers one and a quarter million bales.

The report for these sections respectively follow:

MISS HALSEY ORGANIZES SEVERAL GIRLS CLUBS

Club Motto: "To make the best better."

Not all schools in the county have been visited since the holidays. But club meetings have been held and work given in a number of places where interest seemed to justify it.

Club girls at Edith, Redwine, Draw T—Bar, Wells, and New Home have each had one sewing lesson. At T—Bar, under the leadership and direction of their efficient teachers the girls have completed several articles in their sewing already. So the other clubs must work fast or T—Bar will soon be away ahead.

The following shows our club organization to date:

WELLS: Officers not yet elected. Members enrolled, 20.
T—BAR: Pres., Rush Hender son, Vice-Pres., Esther Nichols, Sec'y., Alma Hunter. Members enrolled, 28.
GRASSLAND: Officers: Pres. Fay Ferguson, Vice-Pres., Vera Taylor, Sec'y., Eula Mae Gregg. Members enrolled, 19.
DRAW: Officers: Pres. Ivy Berry, Vice-Pres. Tressie Cook, Sec'y., Berlon Ash. Members enrolled, 13.
REDWINE: Officers: Pres. Opal Denton, Vice-Pres., Sec'y.

DECREASE IN POLL TAXES

Slight Decrease Is Caused By Political "Oil Year"; 155 Fewer Than Last Year

Owing to the fact that this is an off year politically, there were not as many poll taxes paid in Lynn county the year 1923, although there has been a decided increase in the population. The decrease however amounted to only 155. There were 2660 poll taxes paid for the year 1923 and 2514 paid for the year 1924, according to figures compiled by the tax collector. For the year 1922, a total of 1732 receipts were issued. This year's payments therefore exceed the payments of two years ago, which was also an off year by 782, or more than 15 per cent. The payments by the precincts the past year were as follows:

Pre. 1, South Tahoka,	339
Pre. 2, Wilson,	410
Pre. 3, Three Lakes,	44
Pre. 4, New Home,	276
Pre. 5, Draw,	222

Young Man Dies From Pneumonia

On account of the editor being sick and our force being short we failed to make mention last week of the death of O'Dell Austin, which occurred Saturday, January 24. He resided with the Forsythe family and had been employed the past few months in the office of the West Texas Real Estate Company.

He became ill on January 13th and pneumonia soon developed, which resulted in his death. A sister from Little Rock Ark., who is a trained nurse arrived shortly before his death. His remains were taken to Dublin for burial by the side of his wife, Mrs. Laura Austin, who died five years ago. He is survived by a sister and four brothers and by three little children, two girls and a boy, who are inmates of the State Orphan's Home at Corsicana.

Mr. Austin was very much loved by the people of his community and was a leader of the younger set. He was a faithful worker in the Baptist Church and a most excellent citizen. The little children and other relatives have the sympathy of many friends.

Bryan Haney, Elvie Harkins, and Schley Copeland of Roscoe were visitors in Tahoka Tuesday.

BAPTIST CHURCH BUILDING SOLD TO CHURCH OF CHRIST

The building of the Baptist Church has been sold to the Church of Christ. The Church of Christ recently bought the lots lying immediately south of the Baptist parsonage with the intention of building thereon. It is understood that the old Baptist Church will be removed to these lots early in the spring and thoroughly repaired, after which it will be used as a house of worship by the Church of Christ.

MARRIAGE LICENSES

Marriage licenses have been issued during the past two weeks, according to the records in the county clerk's office, to the following parties:

Chester Etter and Bernice O'Jom, Jan. 23.
Oscar Bridges and Mary Joney Rochell, Jan. 24.
George Kitchen and Vertie Kenley, Jan. 26.
A. P. Blizard and Myrtle M. Swartz, Jan. 27.
Charley Quillin and Roberta Waldrip, Jan. 31.
J. F. Finch, and Wilsie Lee, Jan. 31.
Bill McWilliams and Gladys Price, Jan. 31.

Members enrolled, 23.
O'Donnell, Morgan, and perhaps other schools will have club work this year, also.

In addition to the regular clubs if there are other girls in Lynn County who wish to do Home Demonstration Work, I shall be very glad to assist them in any way possible.

Yours sincerely,
MILIE M. HALSEY,
Co. Home Dem. Agt.

Kiwanis Club Holds Weekly Luncheon

The Kiwanis Club had its regular luncheon at the noon hour Wednesday at the Club Cafe. In the absence of the President, Rev. Jno. E. Eldridge presided. The only matter discussed was the proposition to plant trees, particularly along main street leading north. The suggestion seemed to meet with approval but was referred to the Public Affairs committee for action.

The number present was somewhat smaller than usual on account of so many cases of flu in town, but there were several invited guests. E. I. Hill drew the prize.

BIG WELL HIT AT PANHANDLE

Excitement Runs High As News Of New Gusher Reaches Panhandle And Amarillo

PANHANDLE, Feb. 2.—With the biggest well which has yet been brought in in the Panhandle field flowing oil, people from Amarillo and Panhandle late today were hurrying to the field to see the new gusher.

Making approximately 1,100 barrels early this morning in a six-hour test and later setting to a steady flow of 100 barrels hourly, the American Refining Company's No. 2 north Carson county and in the heart of the Burk Burnett ranch, is conservatively estimated as good for 2,500 barrels or by far the best well in the Panhandle field.

The gusher came in at midnight Sunday, after striking the pay at about 3,050 feet.

It poured 1100 barrels into the storage tanks in six hours as the flow kept up, steadily and consistently at 100 barrels hourly or better throughout the day, work was begun late yesterday on earthen storage for the overflow.

The gusher has caused considerable excitement in oil circles of the Panhandle. It is generally expected that it will quicken the interest of the world in the Panhandle oil field, and will result in considerable leasing activity.

Star Theatre Is Giving Good Shows

The editor of the News is not a "moving picture fiend." In fact we rarely find time or inclination to attend a show. But the Star Theatre placed on the screen Monday and Tuesday nights a picture that every American ought to see, the story of Abraham Lincoln. This picture is not only educational but is highly inspirational, depicting in a brief but vivid fashion the wonderful career of this great American. No southern man need have any malice or prejudice against Abraham Lincoln. It is generally admitted now that he was right in saving the Union and that slavery was an evil which should have been abolished. Had it not been for the "fire-eaters" north and south, slavery could have been abolished without war and without secession. Lincoln was one of the great men of all time, and every American should have an intimate knowledge of his life and character. The Star Theatre rendered a distinct service in bringing this picture to Tahoka.

CAVENESS TO DIRECT ENLISTMENT CAMPAIGN

FORT WORTH, Texas, Feb. 2.—H. P. Caveness, Superintendent of the Tahoka schools, will direct the enlistment of teachers of this city as members of the Texas State Teachers Association. J. W. Elliott of Tahoka, Superintendent of Lynn County schools, will lead the campaign outside of the independent districts.

Miss Laura V. Hamner of Amarillo is the general director of the enrollment in the 18th Congressional district, of which Lynn county is a part. The aim is to get a minimum of 1000 members in each congressional district. Lynn County is expected to enroll 100 per cent.

MANY BILLS NOW PENDING

Legislature Fully Organized And Promises To Be A Constructive Session

The 39th Session of the Texas Legislature now fully organized in starting upon what gives promise of a period of constructive legislation.

It goes without saying, that the usual batch of bills will be emptied into the legislature hopper, but it is refreshing to know that in the grunting that is to follow, the "ch" is junked, at least there is most hopeful signs that hits will happen.

ECONOMY: The motto of most of the legislators seems to be "economy." This reads well but it should be added "that all is not gold that glitters."

There is an excuse for the sentiment of economy, but there are reasons for the statement, that all economy is not economics or constructive statesmanship.

The opening sessions of the 39th Legislature resounded with eloquent statements to the effect that all needed legislation could be passed within 60 days. But these sentiments seem to pass away before the end of the week. The fact is, Texas is growing more rapidly now than ever before and it might be added that with the large number of representatives in the legislature, the increasing business of the State and the varied interests involved, that it will be almost impossible for any legislature as now constituted to give the needed attention to these varying interests in a six-day session.

APPROPRIATIONS: Take the appropriations bill along, and it is necessary to give at least days to them, for as is well known, one week is consumed in the complete organization and coordination of the houses. So, it can be set down as a certainty that the sessions will last longer than sixty days, and it need occasion no surprise if the present session will run ninety days and then a special session or two may follow.

WEST TEXAS CONGRATULATIONS: West Texas has occasion for congratulation in the organization of the legislature for she has received real recognition in the selection of Hon. Lee Satterwhite of Amarillo to preside as Speaker of the House. A man of recognized ability and integrity. His long service as a legislator has given him a splendid knowledge of the needs of the state. He is indeed a typical west Texan, and thoroughly sympathetic with the ambitions of this empire. He is an active member of the West Texas Chamber of Commerce, and has been a real factor in securing legislative recognition of west Texas. It is a pleasure to record his unflinching aid in securing the needed appropriations for the West Texas Normal at Canyon, and his invaluable assistance in getting the bill passed providing for the Texas Technological College.

Many other West Texas members in the Senate and House were signally honored in Committee assignments, and with these favorable achievements, it is not extravagant to make the prediction that there will be a conservative progressiveness in the 39th Legislature that will be hopeful to West Texas in particular and Texas as a whole.

CO-OPERATIVE EFFORT: So far there has been the fullest evidence of "friendly rivalry" between the two houses. The most thorough cooperation to Governor Ferguson in the laudable ambition to make a useful and great Governor. If this feeling can be maintained and the full idea of team work and coordinated effort thoroughly realized, the result will be a greater Texas. For these ideals let us devoutly hope.

BILLS INTRODUCED: Important bills have already been introduced and others to come, one that is of special importance to West Texas and that one embodies resolution passed at the annual meeting of the West Texas Chamber of Commerce held in Brownwood, is by Representative Teer of Williamson County. This bill seeks to give the State Tax Board state-wide authority in the equalization of taxes. This is regarded as a long step in the direction of equality and uniformity of taxes in Texas, a policy that has been fostered by the West Texas Chamber of Commerce for years.

HIGHWAYS: Many bills effecting the highway laws have been introduced, most of them provide for lowering the registration fees on autos, and raising taxes on gasoline used

Tahoka has no boom, but she is a substantial town with a great future. Come to Tahoka, the most beautiful little city of the south plains.

The past fall and winter have been ideal for the gathering of the cotton crop, and yet they are still ginning cotton all over the south plains. If the rains should be copious and the yield large this year, we doubt if the people would ever get the crop gathered. Come to Lynn county, the home of King Cotton.

The editor is back on the job this week; so our readers may charge all the errors in this paper up to us. Two weeks ago we told you that we had had the flu. One of our readers said he had a case about the same time but really didn't know how sick he was till he read about our case. Said that was exactly the way he felt and knew then he was about to die. But after our little story of two weeks ago we sure enough had the flu. More than that we had the doctor, too, and some how or other he managed to pull us through. In fact, he gave us a lot of dope that was bound either to cure or kill. He assured us it would cure, but for two or three days we rather thought it was going to kill. But Doc was right about it, and so here we are. We don't feel like a game cock yet but we are able to be about, thank you. If any of our readers should feel the flu coming on, our advice is to get your doctor quick. That will be about twenty-four hours too late.

"Ma" Ferguson is making some good appointments. Last week she announced the appointment of five regents for the University of Texas, and the five were promptly confirmed by the Senate. One however has declined to serve, Ted Dealey, an editorial writer on The Dallas News. The other four have accepted these positions of responsibility, and will doubtless serve with great wisdom and ability. Marcellus E. Foster is the brilliant editor of the Houston Chronicle and has made that paper one of the leading journals of the state. Geo. W. Tyler of Belton is a cultured and scholarly gentleman, a lawyer by profession, and a former member of the Texas Senate. For many years he has been president of the Belton School Board and is a leading citizen of his section of the state. S. C. Padelford is a prominent and able lawyer of Fort Worth and has long been active in political and civic affairs. L. J. Truett is an attorney and real estate dealer of McKinney and has long been a leading citizen of that city. These appear to have been wise appointments. Ma Ferguson is starting well.

Note: Since the above was written Mr. Truett has also declined to serve.

Col. E. M. House, the "silent man" of the Wilson administration, says that the United States is blocking the road to world peace. It is his opinion that America will eventually become a full participant in the League of Nations assuming its full responsibilities as well as sharing its benefits. Any observer can see that we are drifting in that direction. America is vitally interested in European affairs. Conditions in Europe vitally affect prices of our commodities, our cotton, wheat, corn, and other farm products. Financial and industrial conditions in Europe affect American business and prosperity. To take the position that we have no concern about European affairs and should care nothing for the internal troubles is foolish. The only reason we rejected the Versailles Treaty and are rapidly drifting toward full parti-

should care nothing for its internal situation eventually in the League. stayed out of the League was petty politics and personal jealousies. But even under the Republican party we rapidly drifting toward full participation eventually in the League. History will vindicate Woodrow Wilson thoroughly and will as thoroughly condemn those pusillanimous politicians who fought his policies through mere envy.

A bill is pending in the legislature authorizing the governor, attorney general and land commissioner to sell the entire penitentiary system and to purchase a new site for same. The system now consists of the main prison situated at Huntsville and various state farms, most of which are located in South Texas. Most of these farms are subject to overflows, which often prove to be disastrous. The bill provides that the system shall be centralized and shall be located somewhere near the center of population and also near some city having transportation facilities. The new site is to consist of not exceeding ten thousand acres of land, and the bill provides for the creation of a modern penitentiary plant thereon. All prisoners, immediately upon conviction, are to be sent to a "receiving station" and hospital, where they will be given a thorough physical and mental examination. They will be classified according to age, race, and physical and mental condition, after which they will be assigned to the proper department or unit of the system. This would appear to be a sensible solution of the Texas penitentiary problem. At least it would seem to be a great improvement over the present system. We think the bill ought to pass.

ON SHOOTING FROM THE HIP

Representative Blanton of Texas, opposing the bill which would prevent revolvers being sent through the mails said he hoped "every American boy will be able to hit a dime from his hip at 20 paces."

Under our present laws, any flapper who thinks her "sweetie" is growing weary of her, may send \$6.39 to a mail order house, get a nice, shiny new revolver and bump the young gentleman off. Then she pleads "the unwritten law" or something similar.

If a 16-year old boy thinks he can make money faster as a bandit, he can send the \$6.39, get a black handkerchief to conceal his face and plug a filling station guardian in the stomach the first dark night.

If a gang of young hoodlums think there is good money to be made in the whiskey running business, they send \$6.39 apiece to the mail order house, equip themselves with serviceable revolvers, plug an automobile owner some dark night, acquire a car, and set themselves up in business. The revolvers will come in handy later for shooting down revenue agents or policemen. And they can plead the irresponsibility of youth.

If grandmother grows weary of grandfather after 40 years of married life, and wants a chance to "express herself" she can forward \$6.39 and "get" grandpa while he sleeps. Her plea must be "emotional insarrit" or something like that.

But representative Blanton has placed his finger on the weak spot in the system. Some of our boys are atrociously bad shots. One of them in Duluth last week missed his victim clean twice in succession. The victim still lives whereas if the youth had been able to hit a dime from the hip, he would have "got his man" the first time, and collected \$10 or \$15 from the cashdrawer by his good marksmanship.

And some of our girls hardly know how to fire a revolver at all if they

NEW CALOMEL BREAKS A COLD OVERNIGHT

When the purest kind of English Calomel was combined with pepsin by a smart young chemist, the world was given an ideal mild medicated laxative for breaking colds. One night is long enough for this new, mild and non-sickening pepsin-treated calomel, called "Pepsinated Calomel" to break the most stubborn cold. Before breakfast time it vanishes and leaves you feeling fresh and fine. "Pepsinated Calomel" does not sicken, gripe, salivate or upset you, but it does clean you out thoroughly, tone up the appetite, purify the blood, stop dull headaches, relieve stomach and bowel disorders and make you feel like a new person. Never take the old drastic calomel—insist on "Pepsinated Calomel" for it is better. Prepared by the Pepsinated Calomel Co., Atlanta, Ga. Sold by **TAHOKA DRUG CO.**

INCOME TAX IN A NUTSHELL

WHO? Single persons who had net income of \$1,000 or more or gross income of \$5,000 or more, and married couples who had net income of \$2,500 or more or gross income of \$5,000 or more must file returns.

WHEN? The filing period is from January 1 to March 15, 1925.

WHERE? Collector of internal revenue for the district in which the person lives or has his principal place of business.

HOW? Instructions on Form 10, 40A and Form 1040; also the law and regulations.

WHAT? Two per cent normal tax on the first \$4,000.00 of net income in excess of the personal exemptions and credits. Four per cent normal tax on the next \$4,000. Six per cent normal tax on the balance of net income in excess of \$10,000.

YOUR INCOME TAX

No. 4
The revenue act of 1925 provides that the status of a taxpayer relative to the amount of his personal exemptions shall be determined by apportionment in accordance with the number of months the taxpayer was single, married, or the head of a family. Under the preceding act the amount of the exemption to which the taxpayer was entitled was determined by his status as a single person or a married person, or the head of a family on the last day of the taxable year, December 31, if the return was made on the calendar year basis, as most are.

For example, a taxpayer married on September 30, 1924, would be entitled to a single person's exemption until the first day of October, 1924.

This is a "free shot," isn't it? Why not more and better revolvers, and teach every boy and girl to "hit a dime at 20 paces from the hip," as Mr. Blanton suggests? Introduce shooting in the schools, and when Johnny gets orders to stay after school, let him "shoot from the hip" and show the teacher she can't monkey with him. Then we could abolish the police force and let the best shot survive.

We hope that the first time Mr. Blanton finds himself held up by some "coke" crazy youth with a \$6.39 revolver that the youth hasn't learned to "hit a dime from the hip" Mr. Blanton might get a different viewpoint of the use of the one-arm gun if he looked down the muzzle of one instead of along the barrel.—Duluth News Tribune.

H. G. GROGAN, Guardian of the estate of Minnie Grogan and Richard Horace Grogan, Minors.
If on June 30 a taxpayer ceased being the head of a family—the support in one household of a relative or relatives being discontinued—he is allowed an exemption of \$1,750—one-half of the exemption of \$1,000 granted a single person plus one-half of the exemption of \$2,500 granted the head of a family. With regard to the \$400 credit for a dependent, the taxpayer's status is determined as of the last day of the taxable year. If, during the year, his support of such dependent ceased, he is not entitled to this credit.

A SUCCESSFUL DAD

I may never be as clever as some neighbor down the street; I may never be as wealthy as some other men I meet; I may never have the glory that some other men have had; But, I've got to be successful as a little fellow's dad.

There are certain things I cherish that I'd like to see come true, There are things I would accomplish ere my working time is thru. But the task my heart is set on is to guide a little lad; And to make myself successful as that little fellow's dad.

I may never come to glory; I may never gather gold; Men may count me as a failure when my business life is told. But, if he who follows after shall be manly, I'll be glad, For I'll know I've been successful as a little fellow's dad.

It's the one job that I dream of; it's the task I think of most;— If I'd fail that growing youngster, I'd have nothing else to boast; For though wealth and fame I'd gather, all my future would be sad, If I'd failed to be successful as that little fellow's DAD.

Among those the flu hit hard was Sam Sanford. He was able to be out for the first time last Thursday after having been confined to his bed for almost two weeks.

ORSON TURNING COW RANGE INTO FARMS

While in town Wednesday W. C. Orson stated that he had just completed three sets of improvements on his farm east of town for the accommodation of his tenants. He is putting 500 acres of new land in cultivation this winter which will make 900 acres he will have on his farm. Orson is one of the old time cattlemen who have traded off their saddles for plows and they plow. He realizes that he can make more money off his 900-acre farm than he could make off several sections while running cattle.—O'Donnell Index.

H. M. Larkin Writes Of Trip To Florida

M. L. Brown received a letter H. M. Larkin, Winter Park, Florida, dated Jan. 28, and it contains much interesting matter. Mr. Brown suggested that we publish it. The letter follows:

"We reached here safely, after being delayed several days on account of high waters. We spent our first night at Mineral Wells and reached Longview the second night. Thursday morning, as we were leaving Longview it began to rain on us and continued raining most of the way. We went through Shreveport, Minden, Monroe, Ruston, and Rayville La., and spent the third night at Vicksburg, Miss. We ferried the Mississippi River at Vicksburg and drove through the National Cemetery, which was very beautiful. Leaving Vicksburg we went east to Jackson, Miss., and there they turned us south on account of the roads being very muddy between there and Montgomery, Ala. We had good roads to Gulf Port, Biloxi and Pascagoula into Mobile. We ferried at Pascagoula and ferried 18 miles across bay at Mobile. We reached Crestview, Fla., on Sunday and found the Choctawhatchee River out of banks. We detoured up in Alabama to Elba and had to camp two days waiting for the river to run down. At this place streams were running all over town and water around the court house was two feet deep. We were on the side of the river from town, and as there were no hotels, we had to camp and do our own cooking, and we slept in our car. We were lucky to have two other families from Texas with us. We hired an old lady to cook us biscuits, borrowed her coffee pots, skillets, cups and saucers. We made a big camp fire of pine cross ties and had a real good time. After waiting two days, we crossed the river and drove to Columbia, Ala., and there we found the Chattahoochee River so high that it was told that it would be a week before we could cross, so after visiting there a day, we turned south to Marianna, Fla., and crossed the river at River Junction, just in time, as the water was in four inches of the floor of the bridge. We learned as we crossed that a 7 foot rise was coming down. We made it to Tallahassee all right but learned the roads on east were bad, and we detoured north again by Thomasville and Quitman, Ga., and went into Florida at Madison. From there on we had pave roads.

"Well the weather is fine here—just like June at home. When I think of the blizzards we had before I left and the ones you have had since I left, I feel like hugging myself with joy to think I am down here in this fine growing country.

"Say, if you want to see real pep and progress, hop the train for Florida. I never had any real idea that there was so much jazz get-up-and-get about any section of the good old U. S. A. as there is here. The real estate boys are right in their glory and the tourists are running around after them begging them to take the money. Everybody is real estate crazy and everyone seems to be making money. You buy a lot tonight and sell it for a profit tomorrow. The croakers say that the limit must soon be reached, but they've been saying that for years, and it's all like the skirts in Hawaii, getting higher, higher all the time.

"I suppose that there must be a slow down somewhere, sometime. I figure that when the bulk of the new comers get the idea that the limit has been reached, they will seek fields where there has not been so much activity. There are some lovely places where there is no excitement or boom, which are sure to be recognized later. It's all on the level. M. Brown, the buyers are here and are coming. I've figured that a great deal of this boom is due to the estimate and natural advantages, but the legislature passed an act making it unlawful to levy income or inheritance taxes, and this has stepped on the gas and cooled it down hard. They have brought a lot of money into the state and is going to bring millions more—wads and wads of it. Say, did you ever hear the best of this? A guy is making land out in Tampa bay. Mind you, the land is still under water, but he has a map platted and showing what it will look like when it's in. What do you think? People camped in his front yard from Saturday till Monday waiting for it to go on the market, and to fling him \$1,000.00 for a fifty foot front lot. He took in \$300,000 in one day. Can you beat that?"

"We are enjoying the fruit and flowers. Seems like everything that can bloom has some color of flower on it. We have graefrunt, oranges, tangerines, loquats, kumquats, and other fruits, and they simply are delicious, when you gather them ripe off the trees.

"My family are all well and all pleased, both with the schools here and the climate.

"Come on down, old timer, you'll like it. But, on every corner, you'll

W. E. Sikes of Three Lakes was in the city Tuesday and says that people are beginning to turn the soil out in his community. The ground is soft and mellow in some places and hard in others, owing to the drifting of the snow which fell recently, and while more snow or rain would be appreciated yet the farmers are going ahead with their farming operations, rain or no rain.

Bill Thompson was here Saturday from Littlefield, where he and his brother Charley are engaged in the real estate business. He reports that John M. Greenfield, formerly of Tahoka, who has been quite ill of the "flu", is now much improved. He was in a quite serious condition for a few days.

Watermelons In January In Lynn Co.

Watermelons in January may sound a little out of season, but that is what J. B. Jones has at his farm south of town. Last fall he stored a number of big melons in cottonseed and today they are just as fine as they were when pulled from the vine. Mr. Jones believes that the dry atmosphere of this country is responsible for the keeping of the melons in such a splendid state of preservation. He raised some of the finest melons last fall that were brought to the O'Donnell market and says that he is going to plant a larger patch this year.—O'Donnell Index.

The new home of Carl Sherrod near the electric light plant is nearing completion and the family will occupy it within the next few days.

According to a decision rendered a few days ago by a district judge in San Antonio, the law providing for a state ranger force is unconstitutional. We know nothing about the merits of the decision. We believe that a state ranger force is necessary however. Especially is it necessary to protect the Mexican border and to quell lawlessness now and then in interior points. We believe, however that this ranger business has been considerably over-worked. Rangers should be used only in emergencies, when local officers are unable to control a situation. Furthermore, some steps of some kind should be taken to improve the personal of the ranger force. We do not know who is to blame, but we do know that the ranger force has heretofore had many among its numbers who were the scariest sort of criminals themselves. In moral character, many of them were on a level with the ordinary bootlegger and back-alley gambler. If the ranger force is to maintain the respect of the people of Texas, it is imperative that the personal of the force be improved.

Severe Pains in Side

"I HAD had quite a bad spell and sickness," writes Mrs. Emma Patrick, of Caney, Ky., "and it was an effort for me to go about my home. I had a very severe pain in my left side that almost took my breath at times. I lost my appetite. I grew thin, pale and lifeless. I fell off till I only weighed about 115 pounds.

"Cardui was recommended to me and by the time I had taken one bottle I saw it was what I needed. I ate more and rested better. I kept taking it and my skin and flesh took on a more healthy color. I felt stronger and, as the nervousness left me, the pain in my side was less severe. After taking nine bottles, I eat anything, go anywhere and feel fine. I weigh 160 pounds and am well. I feel that I owe it all to having used Cardui."

Pain, in certain parts of the body, is a sure indication of female complications. The treatment needed is not the use of narcotic drugs, but—

OLD TIME QUILTING PARTY AT J. O. PATTERSON'S

A very enjoyable affair was witnessed last Wednesday by a host of friends and relatives at the home of Mr. and Mrs. J. O. Jatterson. The scene was that of an old time quilting party, which reminded us of the good old days.

The party consisted mostly of ladies, which of course meant more than just quilting. After about two hours of work, all parties concerned assembled in the dining room, where a nice dinner awaited them. After doing justice to the "eats" work was again resumed. When all was finished, those present pronounced it "the end of a perfect day".

Those present on this occasion were: Mrs. Alice Porter, Jack-boro, Texas; Mesdames Mady Pucket, Don Hatshett and Beaulah Shaw, all of Slaton, Mrs. Edd Milliken of Morrton, Mrs. Cecil Shaw of Brownfield and her niece, Mrs. Buster Burton of Oklahama, and Mrs. Roscoe Ward of Tahoka. One Present.

A party consisting of Rev. and Mrs. B. N. Shepherd, Mr. and Mrs. E. R. Allen, W. D. Nevels, Burton Edwards, Mrs. W. G. Briley, Mrs. E. N. Weathers, Mrs. C. C. Barnes, and Mrs. I. S. Doak went to Lubbock last Friday to inspect some church buildings, with a view to adopting plans for the new Baptist Church soon to be erected here.

CARD OF THANKS

We wish to express our many thanks for the kindness shown us during the sickness and death of our dear wife, sister and daughter. May Gods blessings be bestowed upon each and every one of you.

THE STATE OF TEXAS COUNTY OF LYNN, IN THE COUNTY COURT OF MIDLAND COUNTY, TEXAS

ANNIE L. STEPHENS, Plaintiff, vs. W. C. TILLSON, Defendant.

Whereas, by virtue of an execution issued out of the County Court of Midland County, Texas, on a judgment rendered in said court on the 13th day of November 1924, in favor of the said Annie L. Stephens and against the said W. C. Tillson, No. 807 on the docket of said court, I did on the 24th day of January A. D. 1925, at 10 o'clock A. M., levy upon the following described tracts and parcels of land situated in the county of Lynn, State of Texas, and belonging to the said W. C. Tillson, to wit: All of the North 120 acres of land out of the North-east one fourth (N. 120 acres of N. E. ¼) of Survey No. 431 Certificate No. 399 Abstract No. 727, John H. Gibbons, original Grantee, and on the 3rd day of March, A. D. 1925, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day at the court house door of said county, I will offer for sale and sell at public auction for cash all of the right, title and interest of the said W. C. Tillson in and to said property.

Dated at Tahoka, Texas, this 24th day of January 1925.

J. M. SIMPSON,
Sheriff, Lynn County, Texas.

County Commissioner H. L. Deaver of Wilson was here Tuesday on business.

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the sheriff or any constable of Lynn County—Greeting:

You are hereby commanded to and legal representatives of Frank summum Frank Fenn, and the heirs Fenn (the names and places of residence of said heirs and legal representatives being unknown) by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 72nd Judicial District; but if there be no newspaper published in said District, then in a newspaper published in the nearest District to said 72nd Judicial District, to appear at the next regular term of the District Court of Lynn County, to be held at the Court House thereof, in Tahoka, on the 1st Monday in March A. D. 1925, the same being the second day of March A. D. 1925, then and there to answer a petition filed in said Court on the 25th day of January A. D. 1925 in a suit, numbered on the docket of said court No. 529, wherein William Green and L. Lumsden are Plaintiff's and Frank Fenn, the heirs of Frank Fenn, and the legal representatives of Frank Fenn, and Loyd Dawson are Defendants, and said petition alleging that heretofore on the 27th day of January, 1925, plaintiff's were lawfully seized and possessed of those certain lands which are situated in Lynn county, Texas, being the West Half of Survey Six in Block D 20, and west Quarter of Survey Twelve in Block D23; that they owned and held same by fee simple title; that on said date the defendants unlawfully entered upon said premises and ejected plaintiff's therefrom, and do continue to unlawfully withhold the possession thereof from plaintiff's.

Plaintiff's further allege that as to the defendants Loyd Dawson they

are the owners of above described land having purchased same from Fred Dawson who is the survivor of the community estate of said Fred Dawson and his deceased wife Ora Lee Dawson who was the mother of said Loyd Dawson; that plaintiff's as a consideration for the conveyance of said land agreed to assume and pay debts of the community estate of Fred and Ora Lee Dawson, equal to value of the lands.

As against all the defendants plaintiff's also plead the three, five and ten years statutes of limitation under the laws of Texas, alleging that they and those under whom they hold have had and held actual possession of said lands, having it under fence, and using, cultivating, and enjoying it for more than three years, and for more than five years, and for more than ten years before the filing of this suit, and for more than ten years after the accrual of any cause of action in favor of the defendants or any of them against said land; and that they paid taxes

on said land each year as they accrued for more than five years before filing of this suit.

Plaintiff's pray for recovery of title and possession of said land as above described, and for general relief.

Herein (as not but have before said Court, at its aforementioned regular term, this writ with your return thereon showing how you have executed the same.

Given under my hand and seal of said Court, at office in Tahoka, on this the 25th day of January, A. D. 1925.

W. E. SMITH, Clerk District Court, Lynn County, Texas.

A BANK ACCOUNT IS A PACIFYING THING

The experience of those who keep a bank account bears testimony to this statement.

No man ever regretted anything about his account in a good bank except that the account was not larger. And when a man has an account at a good bank there is an incentive to make it grow, that he otherwise would not have. Ask the man who has one.

There is no substitute for safety.

Crawford Writes Of Trip To Kentucky

It has been wisely and truly said that it matters not how long one may stay away from the "old home" sometime he will yearn to go back. So, after twenty-eight years of life's trials, sickness and disappointment, the time came to me. For different reasons I hesitated until that date. But the memories of childhood back in the old state, of my old home, so beautiful, situated in the foot hills among the locusts and pines, all were calling me. It was too much. I could not resist seeing it once more.

A sharp norther was sweeping the plains as we moved across towards Post City that morning, and I wondered as we drove slowly down the cap rock how things would look to me back there, but did not once think of how I would look to those people.

Left Post at 12:30 arriving at Sweetwater that afternoon. There I met an old Bell county friend and enjoyed a few hours talking of by-gone days. At 9:35 I caught my train for Fort Worth, arriving at 6:30 and left there at 7:45 for Memphis, Tennessee. As soon as we crossed over into Arkansas I realized that I had made a mistake in selecting my apparel. Big hats and leather "leg-gins" did not mix with those people. So I said to myself, "Now is my time to have some fun," and believ' me, I did. Seemingly we stopped every half mile. I would get off and enquire how far to the next stop. I had become tired and had just stepped into the smoker to get me a cigar. Had just lit it when "Gladwater" was called out. We noticed just an excitement outside, so we rushed to the door. It was two colored girls saying good-bye to their sweeties. They were looking very sad when I saw them. They looked very faint thus exposing the little red spots of paint about the size of a dollar on either cheek. I lifted my big hat and saluted from the door-way, pointing toward them yelling "Ain't youse the mosquito's eyebrow though!" From there on I became one of the main attractions to the eyes of the people.
