The city water tank on the north side of the square needs to be graded done around it.

The number of windmills in Tahoka is increasing fast and it will soon be a typical plains town except that we are considerably above the ordinary type.

Tahoka will be a city one of these days if every one of our people will do their best to push the town to the front. Just let the rest of the world know what is going on here and the results will surprise you.

Think twice before you paint once. Its better to use the right paint at the start than to wish you had. Hammar paint guaranteed for five years. Color cards at Tahoka Drug Co.

Some of our citizens are getting letters from their friends in the lower part of the State wishing they would come down and eat watermelons. We wish they would come to Tahoka where watermelons grow and we could show them what a melon is in all its perfection.

Have you a Bank Account? If not, isn't right now a splendid good time for making a start.

No matter how small, your account will be appreciated at the First State Bank of Tahoka.

## The Square Deal at a Bevel.

Mr. Roosevelt is a man who wins his way wherever he goes, regardless of the political prejudices of the section he visits. One cause of his phenomenal popularity is that he advocates and professes to practice a policy which he styles "the square deal."

But now, since the Brownsville affair, it seems that the square deal is square no longer. but has been set at a considerable bevel. But it seems that the deal in question always undergoes just such an adjustment when any case which involves the colored brother is brought to his notice.

Under the pressure of an enraged public sentiment, the war department withdrew the colored troops from Fort Brown and substituted white soldiers, but later announced that the post would be abandoned, which would leave the town unprotected in case of invasion, to say nothing of the financial loss to the town. If this threat is carried out, it will stand throughout all time as a piece of monumental meanness.

But this is not the first outrage of this kind the people of Texas have suffered at the hands of these negroes. Six or seven years ago a squad of this same company made a midnight raid on the jail at El Paso, Texas and murdered the jailer because he refused to release a member of the company held on a charge of drunkenness.

Such conduct on the part of the negro troops has become more of the rule than the exception, and the result is that they are unwelcome everywhere, even in the Philippines. If Mr. Roosevelt was as fair and just as he wants the world to believe him to be, he would not order the abandonment of the fort. Instead of stooping to such a petty act of retaliation, he should recommend the elimination of the negro soldier just as soon as he can send a message to Congress.

## JOHN KINCHALOE, PROPRIETOR.

Tahoka may soon be called on to pay one of the penalties of rapid and solid growth, which dozens of towns of the same class have paid in the last few years.

To come straight to the point; suppose the hotel should burn with a strong west wind blowing? The destruction of of two-thirds of the business district and a fire loss of thousands of dollars worth of property would be the inevitable result. Are we prepared to stand it? If not, let us all get together and devise some way to fight such a fire, should it ever break out.

Tahoka needs a commercial club, progress league or something of the kind to look out for the present welfare of the town and make every possible effort to promote its growth in the future. Our citizens and business men should organize and meet regularly to discuss ways and means of making Tahoka a better town to live and transact business in, and then let outsiders know about the opportunities awaiting them here. That is the only way any town ever comes to amount to anything, and if we do not want to get beaten in the race by other towns, we should get busy along these lines at once.

**A SUNDAY'S OUTING.**

A crowd of young people composed of Messers Pounds, Reeves, Rader, Skinner, McCormick and Barbazan; Misses Gilmore, Whipp, Huges and Grace and Veda Ray, were the guests of the Misses Porter, Sunday Aug. 26. Water-melon cutting and donkey riding were the pleasure of the afternoon. Miss Veda Ray and Mr. Barbazan furnished amusement for the crowd by their unsuccessful, burro riding, both being dismounted at once. While on an excursion trip to the water melon patch, the horses balked, and while Mr. McCormick and Miss Ethel Porter were giving a display of their skill in leading balky horses, Miss Ethel got her thumb seriously bitten, of course the horse got the blame. We enjoyed very much the explanation of Mr. Reader's "failings," given by Miss Whipp, seconded by Miss Grace Ray. They told that Mr. Reves and Miss Gilmore would not tell when it was raining, but we give them credit for being able to tell when their tears were running. A duel being matched between Mr. Pounds and Clerk Skinner, over Aunt Lettie for Monday morning, the Misses Porter accompanied the crowd back to town, to see it all well done. If you could have heard them all express themselves, you would think they wished every day was the 26th of Aug. The Misses Porter extended a strong invitation that as many days as possible might be spent as that day.

Maud Muller on a summer day, with her fellow ran away, in a benzine touring car, scooting to a preacher far. Maud's father saw the fleeing pair—smelled the benzine scented air; caught a mule whose name was Jane, and galloped down the dusty lane. The mobile very swiftly ran, but burned the oil all out the can. The motor stoped upon a hill, but Jane ran on just fit to kill. Alas for maid, alas for man, alas for empty benzine can. Maud's daddy on the old gray mule, came and took her off to school. The mule

nigh wrecked the benzine cart; the fellow died of a broken heart. The moral of this tale so sad: Don't steal the girl, go ask her dad.—Ex.

## TAHOKA TOURIST'S TRAVELS.

Newport, Texas: August 16, 1906.  
 Editor Lynn County News:

Thinking that perhaps there might be someone out there who would like to hear something about where we are and what we are doing, thought I would write you a few lines. On the first, in company with Marvin Coughran and Miss Artie, we left Tahoka for Big Springs. We arrived at Big Springs the second day about three o'clock in the afternoon. We arrived at over to the home of Bro. W. L. Self and remained over night. The next morning at eight o'clock we took the eastbound T&P train for Thurber Junction. We arrived there at about 4 o'clock in the afternoon. We were about one hour late on account of the engine jumping the track near Ranger. We were visiting a sister of your scribe at Thurber.

While there, Walter and I, in company with another nephew, took in the Thurber brick works. It is the largest thing of the kind this side of St. Louis. They make all kinds, shapes and sizes of brick that was ever thought of, I guess. The dirt is hauled about a half mile on five electric cars—that is, two trains of five cars each. It is then unloaded into hop-pers, carried into the mills, ground and carried and distributed to the presses and comes out on the other side brick. They are then carried on trucks to the kiln, and the men who place them in the kiln are experts. I thought to see them catch those brick at the top of a kiln that they ought to make good ball players. There were several kilns burning, several more that were being take out and loaded on cars and several being filled. I wanted Walter to see the coal mines while there, but we did not have time, as the mines are only a short walk of three miles out of town.

We left Thurber Sunday at three o'clock, P. M., arrived in Jacksboro about nine that night and stayed at the hotel. The next morning when we got through breakfast there was a hack in waiting to take us out to Mr. Robison's, where we arrived in time for dinner, and to say the least of it, have been having a grand time ever since.

Last Sunday there was a family reunion at Mr. Robison's and the family was all at home with one exception and that was a son living in Bowie county Texas. And besides the family, there was present, Uncle Sam and Aunt Polly McDaniel, Bob McDaniel and family, father, mother and brother of Lynn county's Honorable County Clerk, S. N. McDaniel. During the re-union, there was something said about a squirrel hunt and fish fry, but no-thing for sure until Monday afternoon the telephones were brought into ac-tive service and a squirrel hunt and fish fry was on program for next day and all were to meet at Burton Springs. And when we all got there, there were about 60 all told, and the way we did eat fish, squirrels and other goodies was a caution. Bend your ear over this way, Mrs. Editor, and let me tell you that there was a very handsome widow there too. But oh my, she looked at me as much as to say: "Old fellow, I am very well contented in Jack county."

As to crops, Jack county is in the swim this year; the corn is good, and all the cotton looks as though it would make a bale to the acre. The fruit crop is not very good, and what there is, is of a very inferior quality, except grapes, which are simply fine. I can't see that the rocks here have melted any since I was here about ten years ago. I expect we will leave here the 22nd for Tishomingo, Indian Territory for a short visit there with my daughter. Will say that we are all well and enjoying ourselves finely.

## Face to Face with Death.

Editor Lynn County News:

I thought I would tell you the news about J. F. Millman's mules nearly killing me. He told me to go out to the lot and catch the mules and gear them up for him. The mules were on the wrong side to work, and when I went to change them to the right side, they got the rope over my head and neck and body, and drug me from the west side of the lot to the east side, and then turned to the north side, up in the northeast corner and commenced kicking over my head, and about to kill me; and I managed to slip out of the rope and got away from them but I was so sore I couldn't hardly walk. And I am pretty sore yet. And that will be about all.

Yours truly,  
J. M. WILKINSON

## A HAY RIDE MINUS THE HAY.

One of the most enjoyable events of the season was the party at the home of Mr. and Mrs. Jack Alley's on Tuesday evening.

The occasion was in honor of Miss Mabel Shook, and Miss Ethel Cook was the charming hostess who understands perfectly how to make everybody enjoy themselves and have a delightful time.

The crowd went from town in two hay wagons minus the hay and to say that it was a lively crowd is expressing it in very mild terms.

We were rather late in arriving on account of the girls winking at the drivers so much that they got excited and failed to pay proper attention to their driving.

On our arrival we were met at the gate by Miss Cook, who gave us all a very hearty welcome.

The boys were all anxious enough to be the drivers when the girls were winking at them but when Miss Cook went to look for them and failed to find them they were all glad they were not the drivers.

The evening was spent very pleasantly in dancing, card playing and domino playing. Druggist Shook carried off the laurels in the polker game, Miss Huges won the blue ribbon for being the best high five player and Miss Franklin and Mr. Pounds claim to be the best domino players.

We were furnished some excellent music by Miss Cook and Clerk Skinner.

Delicious refreshments were served by our charming hostess assisted by Miss Shook and W. D.

Nevels.

Before we hardly realised it, the lateness of the hour forced us to leave for the city, but we were delayed some time by Miss Shook having trouble finding her man Bartley. We found later that the delay was caused by Bartley and Pounds having made a trip to the melon patch.

The ride home was enlivened by singing, shouting and making all the noise possible, as no doubt, everyone in town will testify.

Those present were: Misses Shook, Ray, Franklin, Butler, Chambers, Leedy, Whipp, Hughes, Stokes and Callen; Messers Bartley, Doak, Hudman, Whipp, Riley, Shook, Pounds, Skinner, Barbazon, Reeves, Callen, Neville, Bell, Nevels, Simmons, Stokes, Pruitt and others.
