## THE TAHOKA METHODIST SUSPENDS PUBLICATION

The Tahoka Methodist, the official organ of Methodism, with Rev. J. T. Howell, pastor of the local church as editor, has suspended publication for the time being.

The Methodist has been printed since its birth some twelve weeks ago in the office of the News.

Rev. Howell will probably continue to edit the Methodist after the annual session of conference.

Miss Virginia Curry went to Bronco Monday where she will teach this term.

Miss Inez Weatherford was a Lubbock visitor Wednesday.

Mr. and Mrs. Lee Woods of Lamesa, spent the week end in Tahoka visiting their parents.

## SENIOR CLASS LARGEST IN HISTORY OF TAHOKA HIGH SCHOOL.

The Tahoka High School now has an enrollment in its Senior Class equal in numbers to that of many much larger towns. Fifteen girls and fourteen boys have filled the eleventh grade classroom to the door, and the teacher may have to stand in a corner if any more pupils join the class. Last year's class numbered sixteen at first, but only eleven of that number graduated. Each of the present twenty-nine members expects to stick to it this year and to graduate next May.

## LARGE CLASS IN VOCATIONAL AGRICULTURE

Twenty seven boys of the Tahoka High School have enrolled in the Vocational Agriculture course of Animal Husbandry. The law stipulates that these students shall be fourteen years of age or over. No scholastic classification is placed upon them. The work is designed for the boy who is old enough to carry on a practical piece of work. Each boy is required to have a Home Project, over which, with the council of his teacher and parent, he has the care and management. This project may be one or more cows, hogs, etc. A complete record of feed, labor, and all other expenses is kept, as well as of all income from sales, thus giving a businesslike aspect of the training received.

## YELL LEADER FOR HIGH SCHOOL ELECTED

At a pep meeting of the entire high school Wednesday afternoon, Goddard Edwards was elected as Chief Yell Leader. Coach Peoples lead some snappy yells, and then the newly elected leader took charge. A meeting was called at the grandstand for Thursday afternoon, and everyone promised to boost the team. We can all help our football team in more ways than one. First, buy a ticket to the games AND THEN BE THERE; second, give the boys a slap on the shoulder (to be sure that that shoulder is not bruised up first); and third, root for the team at the game. Make all the racket you can, but WATCH THE YELL LEADER AND FOLLOW HIS INSTRUCTIONS. Goddard will probably have two or three assistants so that everybody can see when to yell.

## DOMESTIC SCIENCE CLASS

The Domestic Science Class of the Tahoka High School was invited to attend a demonstration of an electric range at The Limit last Friday morning. Dainty refreshments of Dutch apple cake was served to the class by Miss Craig.

**Recipe for Dutch apple cake**  
2 Cups flour 1 teaspoon salt, 4 teaspoons baking powder, 1 tablespoon sugar. Sift together, cut in 2 tablespoon butter, 1 egg, 3-4 cup of milk. Spread very thin in 2 layer cake pans. Cut apples in small slices and place on top. Sprinkle with sugar, cinnamon and dot with butter. Bake 30 minutes in 450 degree oven.

## ATTORNEY LOCKHART EMPLOYED ON ROSS-GOOD TRIAL.

Judge G. E. Lockhart is in Abilene this week where he is employed as one of the defense attorneys in the Ross-Good murder trial, which started in that city Monday morning. Judge Lockhart was one of the attorneys for the defense when the trial of these two men was held at Lubbock. His photo appeared along with the other defense attorneys in the Sunday edition of the Abilene Daily Reporter Sunday. Judge W. R. Ely is the presiding judge in the murder trial.

## RECITAL FRIDAY EVENING

Music lovers of Tahoka enjoyed a rare treat last Friday evening when Misses Wright and Miles piano and voice teachers in the Tahoka school, assisted by Mrs. Stevenson expression teacher gave a recital at the High School auditorium.

Each one of these teachers are artists in their vocation. Miss Miles has a beautiful soprano voice, which is unusually well controlled.

At the close of the program, music critics had nothing but the highest words of praise.

## LUCKY 13 CLUB

Mrs. Jack Alley was hostess to the Lucky 13 Club last Thursday afternoon at her home on South Sweet street. After several enthusiastic games Mrs. Paul Miller and Mrs. Ford Alcus tied for high score and Mrs. Miller won in the final.

At the close of the afternoon the guests were ushered to The Limit where a delicious two course was served: peanut butter bread sandwiches, toasted bananas, stuffed olives, ice tea and orange cream with Lady Baltimore cake.

The honored guests were Mesdames A. L. Lockwood, E. E. Callaway, Ford Alcus, B. H. Robinson, G. M. Stewart, Paul Miller, L. E. Turrentine, and H. M. Larkin.

Help boost Lynn County by becoming a reader of the News.

## FOOTBALL GAME HERE TO-DAY—SLATON-TAHOKA

Football fans are eager for the time to roll around this afternoon when Tahoka and Slaton High School football teams clash on the local gridiron. The game promises to be one of unusual interest, as the Slaton team have several stars on their lineup, and Tahoka High School is in unusual good form for the game. Big Jesse Key, captain of the Tahoka team will lead the boys out this afternoon and we all know that when Jess starts through the line there is something doing.

Let every Tahoka citizen interested in athletics attend the game this afternoon.

## NAZARENE MEETING IN PROGRESS AT TABERNACLE

Evangelist Rev. C. E. Whitley, of Electra, Texas, is conducting a revival meeting for the Nazarene denomination at the tabernacle the first service being held last Friday evening.

The Rev. Whitley is a very consecrated young evangelist and is delivering some very interesting as well as instructive sermons.

The public is cordially invited to hear him.

Superintendent Fletcher, of the O'Donnell Public School, was a business visitor in Tahoka Saturday.

**Recipe for Peanut Butter Bread**  
2 cups flour, 1/2 cup sugar, 4 teaspoon baking powder, 1 teaspoon salt, 2-3 cup peanut butter, 1 cup milk, 1 egg. Mix in order given. Bake in 300 degrees oven for 1 hour.

**O'DONNELL 8; TAHOKA 9**  
Tahoka was successful in winning the ball game played here Saturday with the O'Donnell team. The score stood 9 to 8 at the close of seven innings.

L. H. Simpson and Roach Newton, prominent business men of Lubbock, spent Friday in Tahoka.

E. S. Davis transacted business in Stephenville and neighboring towns this week.

Mrs. W. M. Harris and Miss Rena Mae Evans were Lubbock visitors Wednesday.

Mr. and Mrs. O. E. Stevenson Jr; were called to Mertzon Sunday to attend the bedside of Mrs. Stevenson's father. He was unconscious when they arrived and died in a short while. Burial was made Tuesday and they returned home Wednesday.

The News is pleased to acknowledge a visit from C. L. Breckon, of Amarillo, representing the Mergenthaler Linotype Company, of New Orleans, who dropped in on us last Thursday afternoon. Mr. Breckon is sent out by the company to look over the linotype machines in this territory and when he leaves one it is generally in A1 condition. The various little adjustments needing attention on a linotype is quickly made right. Any printer who owns a linotype is more than glad to welcome such a man as Mr. Breckon.

## BAND MEETING TONIGHT

Tahoka is going to organize a band. This statement is authorized by J. Ward Edwards, formerly of the John Farlton band at Stephenville, who has been here several days this week securing the signatures of those who want a concert band for our town.

A meeting will be held this Friday evening at the court house at which time all the old band members and others interested in the organization will please come out and meet with Mr. Edwards.

Remember the date—tonight—at the court house.

## O'DONNELL TO HAVE WEEKLY NEWSPAPER

P. A. Womble, of Knox City, will start a weekly newspaper at O'Donnell, a thriving little city on the south line of Lynn county.

The first issue will appear this week, and will be known as the O'Donnell Index.

Mr. Womble has secured the plant formerly used by the Hermligh Herald, which paper went defunct several weeks ago.

The new paper at O'Donnell is being launched by Messrs. E. R. Gibson and P. A. Womble, editors of the Knox City Journal, in Knox county.

## MARCELLA MOORE DIES

The citizens of Lynn county were shocked last Thursday morning when the sad news was received that little Marcella daughter of Mr. and Mrs. L. H. Moore of the T-Bar community was killed at O'Donnell Wednesday night.

Mr. and Mrs. Moore were attending a revival meeting at O'Donnell and after services as they were taking down the tent a four inch pipe which had been used to support the tent fell across the child's neck and broke it, killing her almost instantly. The little one was asleep on a palate.

Little Marcella was three years, nine months and three days old at the time of her death.

Interment was made Friday in the Draw cemetery. The bereaved parents have our deepest sympathy in their sorrow.

## THE BAPTIST BROWNFIELD ASSOCIATION MET AT BROWNFIELD LAST WEEK

A large attendance from all over the Brownfield Association met in Brownfield Wednesday, Thursday and Friday of the past week. A fine spirit was manifested and the association with like minds was greatly enjoyed by all those present. Rev. J. M. Doshier was re-elected Moderator, Rev. C. E. Ball, secretary-treasurer, Rev. J. F. Curry, Missionary of the Association. The finances of the Association are being taken care of in a good way. The next annual meeting will be with the Central Baptist Church east of Tahoka in Lynn county.

Gene Brashear left Saturday for Abilene to enter McMurry College for the ensuing term.

## Tahoka Oil Refining Co. is in Operation

A. T. Keit, manager of the Tahoka Oil Refining Co., located just north of the stock yards on the Santa Fe tracks, brought to town yesterday the first sample of gasoline manufactured in Tahoka. A car load of crude was received by the company one day last week. The first run was made at the plant Tuesday to test out the machinery. The plant will be placed in operation again today, according to statements made by Mr. Keit, yesterday.

## DEATH OF WINONA SULLIVAN

Again the death angel visited Tahoka and called Winona Sullivan, twelve year old daughter of Mr. and Mrs. A. M. Sullivan. She had been sick for several weeks but most every one thought she was on the road to recovery.

She was taken to a sanitarium at Lubbock last Saturday to have her tonsils removed but her heart was so weak from absorbing the poison that the operation was not performed.

Winona Sullivan was born Aug. 3, 1911, died Sept. 12, 1923, age 12 years 1 month and 9 days.

Funeral services were conducted at the First Baptist Church Thursday at four o'clock by the pastor Rev. J. M. Doshier and interment made in the Tahoka cemetery immediately following.

Winona was an unusually pleasant child always having a cheering smile for everyone.

She leaves a bereaved father, mother and three sisters to mourn her departure.

## PROF. N. B. HOOD APPOINTED COUNTY SUPERINTENDENT

Prof. N. B. Hood was appointed county superintendent of public instruction by the county commissioners in their regular session Monday.

This office was created a few weeks ago by a light vote in a few districts in the county while some were not interested enough to even hold an election.

We are sure Prof. Hood will make an efficient official and wish him the greatest of success in his newly acquired office.

W. B. Jones of Baird spent Sunday and Monday in our city.

A. Z. Price, Tahoka's popular photographer made a business trip to Lubbock Monday.

Miss Veda C. Craig Home Economist of the Edison Electric Appliance Company manufacturers gave a demonstration of the Hotpoint Hughes Ranges at The Limit last Thursday and Friday.

Daily we read of grade crossing accidents with the inevitable death list. Warning devices, gates, flagmen and even approaching trains which are in plain sight fail to deter many drivers in their mad attempts to cross tracks without hesitating a few seconds.

In their determination to eliminate railroad crossing accidents, the cities of North Chicago, Illinois and Waukegan, Wisconsin, have passed ordinances which provide that all vehicles, automobiles, trucks and other conveyances propelled by animal or other power and used in, and upon the streets and public highways within the city limits, shall when approaching a railroad crossing, be brought to a full stop ten feet therefrom and the driver ascertain if the way is clear before proceeding to cross.

Penalty for violating the ordinance is a fine of not less than \$5 or more than \$200 for each offense. Similar city ordinances or state laws throughout the country would reduce to a minimum the grade crossing death toll which runs between 10,000 and 15,000 persons annually.

Such a law which saves life would be instead of an expense to the taxpayers, a money-maker through fines collected for law breaking.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to the attention of the editor.

If you are a subscriber to the Lynn County News watch for its advertisements. The live merchants Advertise. As a rule the advertising merchants sell more goods and better goods than the non Advertiser, and it pays to watch and read the advertisements.

Trade at home, with the home merchants, if they have what you want. If they do not have it they will get it for you cheaper than you can go to the other towns and buy. It helps to build up your town and community to spend your money at home, where you will have another chance to get hold of it.

All the mail order houses keep well informed of all conditions in every county and when they find a town whose merchants do not advertise they know the field is ripe unto harvest and they flood that territory with their catalogues and all kinds of advertising and great is the harvest thereof.

Wilful driving of an automobile on a public street or highway one time without a motor vehicle license tag is violation of the State motor license law and subjects the automobile owner to prosecution, the attorney general's department held in an opinion to county officials. This is the most stringent interpretation that can be given the motor law, it was stated.

HOW HE DID IT.

We have heard of a newspaper man who stated poor twenty-one years ago, and has retired with the comfortable fortune of fifty thousand dollars. This was acquired thru industry, economy, conscientious effort, indomitable perseverance, and the death of an uncle who left him an estate valued at \$49,999.50.—Exchange.

SMITH MAKES MOTION

The city of Lamesa recently installed a new fire engine, and the fire chief after gathering all his men together, suggested that an appropriate motto should be placed over the station. The thing was debated for some length and several suggestions were made. Finally Editor J. W. Smith of the Lamesa Reporter, arose and said: "I move the following motto: May this fire engine be like all the old maids in our village—always ready—but never called for." It is learned that Smith's motto was accepted by the Lamesa citizenship except the old maids.

The local post office was swamped the past week with a train load of new Montgomery Ward catalogues, containing 750 pages of unequalled bargains. Montgomery Ward evidently believes in advertising, and the local merchants should wake up and buck this mail order business. No doubt, the local office will be writing plenty of money orders right soon. Let's declare war on the mail order business and keep our money at home. Montgomery Ward, Sears, Roebuck or any other mail order firm never contributed one cent to the advancement and growth of Tahoka or any other town. Trade with the home merchants. They are your friends and will give you just as big bargains as Mr. "Rareback" or "Monkey Ward."

Col. Alvin Ousley, head of the American Legion, is a prospective candidate for Governor next year. If Mr. Ousley runs he will have the ex-service men behind him. The ex-service men get what they go after in this State. They are entitled to a big share of everything that is good, even politics—if this item can be counted as good. The Times editor will make no promises at this early date, but from our present viewpoint Mr. Ousley looks good to us. We want to select men as far removed from politics in Texas as we can find them and then elect them to office. One of the sad and disappointing features connected with Texas politics is that we sacrifice men when we elect them to public office. Men may be the best men to be

found when elected and after they serve a season they either become corrupted or their political fortunes taken away from them.—Scurry County Times.

A MATTER OF COURSE

Too many towns take their local newspaper as a matter of course—about as we consider the act of eating when meal time comes. They know the paper comes out on a certain day; they read it and are probably satisfied, and never wonder if there isn't some way in which they can individually aid in making it still better. It is in the towns where there is no community paper that the people realize its real value. They feel the lack of a good weekly paper and, if they have ever let one die for lack of proper support, they are more than eager to have another one start that they may correct their mistake and give the aid they withheld from the first one. There is an old saying that you never miss the water till the well runs dry. And the same thing holds good with the home town paper you never really know how much good it is doing in the community until it has passed away. The moral is—pay up your subscription, send in your news items, have your job printing done at home and your hometown paper will live for forever.

A few of the towns who were in the running for the Tech. College are now throwing "double wall-eyed fits" over the location. They are saying all manner of unkind things about the locating board, and about Lubbock. If we lived in such a town we'd be ashamed of it. Instead of benefiting themselves they are making enemies and forming a disgust of other towns in the State. Before the location was made these towns would pat the members of the locating board on the back, tell them how much they loved, and all manner of things. They thought they were great fellows until the announcement was made. Why, we wonder, did they not tell them they thought they were a bunch of crooks before the location was made? A man who can laugh at defeat as well as rejoice at victory is always a person who has the love and respect of his fellow men. A town is no different to the individual. A "cry baby" never was loved, neither will a town be respected that has to fall down and "bawl" when they are defeated.—Paducah Post

SCHOOL DAYS

Here we are, again right around to school days, and while the mere mention of it will be distasteful to the younger generation, to those out battling the world for a living it means something. All of us look back with regret at opportunities lost when we were of school age, and all of us try, when the occasion presents itself, to impress on the youth of the country the advantage of getting a good, substantial education while the chance is afforded.

We would like once more to urge citizens of Tahoka and community to see if they can not do a still better job of co-operating with our school officials this season than they have yet done. We know we have good schools, and we deserve credit for it, but none of them are so near perfect that they can't be improved upon. There is always a chance to put more enthusiasm into the teachers by assuring them that you are ready and anxious to help out with the school program in any way that may be suggested to you. There is always time, no matter how busy you may be to show the scholars that you are interested in their work by stopping in at the school house for a few minutes every now and then and listening to their recitations. There are none of us too busy to help the school trustees with their problems and to back them up in the matter of needed improvements instead of raising our hands and crying against "more expense." So, with all this in mind, and the new school season at hand, let us resolve to at least try and find some way in which we can make this school year the best this community has ever known.

THE WONDERFUL HORSE.

O horse, you are a wonderful thing; no buttons to push, no horns to honk; you start yourself, no clutch to slip; no spark to miss, no gears to strip; no license-buying every year, with plates to screw on front and rear; no gas bills climbing up each day, stealing the joy of life away; no speed cops chugging in your rear, yelling summons in your ear. Your inner tubes are all O. K. and, thank the Lord, they stay that way; your spark plugs never miss and fuss; your motor never makes us cuss. Your frame is good for many a mile; your body never changes style. Your wants are few and easy met; you've something on the auto yet.—H. R. Elliott in the American Forester.

LESSON FOR SEPTEMBER 16

LUKE, THE BELOVED PHYSICIAN

LESSON TEXT—Luke 11:4; Acts 1:
1; Acts 16:9-15; Col. 4:14; II Tim. 4:11.
GOLDEN TEXT—"A friend loveth at
all times and a brother is born for
adversity."—Prov. 17:17.

PRIMARY TOPIC—Luke's Story of
the Great Physician.
JUNIOR TOPIC—Luke, Paul's Friend.
INTERMEDIATE AND SENIOR TOP-
IC—How Luke Helped Paul.
YOUNG PEOPLE AND ADULT TOPIC
—Luke's Contribution to Christianity.

I. Luke the Historian (Luke 1:15;
cf. Acts 1:1).

Luke was a writer of great distinc-
tion. His style is clear and pic-
turesque. The pieces of writing left
us are the Gospel of Luke and the
Acts. According to Acts 1:1, the gos-
pel was written to set down in order
the things which Jesus began to do
and to teach, and Acts 1:3 to show
what the risen and ascended Lord
was continuing to do and to teach.
While here on earth He only began to
do and to show certain things, but
from His place of glorious exaltation,
He is continuing His mighty work by
the Holy Spirit through the disciples.
Concerning the contents of the gos-
pel, he asserts first, that the source
of his information was recorded state-
ments of eye witnesses. He assures
us that these statements have been
verified by him. Second, that he had
made a systematic statement of these
facts in order to strengthen the faith
of his friend, Theophilus.

II. Luke the Beloved Physician
(Col. 4:14).

He evidently was a skilled physician
as his descriptions of the diseases
which Jesus cured shows. His de-
scription of the symptoms of the dis-
eases shows his capability. It was left
to the physician to portray with vivid
exactness the virgin birth by means
of which the Eternal Son became in-
carnate. He was not only skillful but
tenderly sympathetic. This sympathy
is shown in his portrayal of the
Great Physician in His compassion for
the poor, helpless and suffering peo-
ple. What untold good a skillful and
sympathetic Christian physician can
do! No one gets so closely into touch
with human life as a doctor.

III. Luke the Companion of Paul
(Acts 16:9-15).

1. Paul's Need of a Physician. There
is clear evidence that Paul had some
physical ailment which made the ser-
vice of a skillful physician most desir-
able. When the call came to go to
Europe with the gospel, Luke joined
Paul and became one of his most help-
ful companions. This is one example
of what a faithful Christian physician
can do.

2. Luke's Fidelity. "Only Luke is
with me." He was no mere far-
away friend. He stood by Paul in
storm and calm. Paul was now in the
cold jail awaiting execution. What a
great comfort it must have been to
know that this faithful physician was
with him. He was with him at Philip-
pi, Miletus, Jerusalem, Caesarea, be-
fore Felix and Festus, on the voyage
to Rome, with him in the Roman jail,
through the Roman trial, and perhaps
a spectator of his execution. It cost
Luke a great deal to do this, but he
no doubt considered it a labor of love,
even feeling the call of God as really
as Paul. Nothing is known of Luke
after Paul's death. Tradition has some
interesting things to say, but no word
of certainty.

Courage.

Fear God, and take your own part.
There's Bible in that, young man; see
how Moses feared God, and how he
took his own part against everybody
who meddled with him. And see how
David feared God, and took his own
part. . . . So fear God, young
man, and never give in! The world
can bully, and is fond, provided it sees
a man in a kind of difficulty, of get-
ting about him, calling him coarse
names, and even going so far as to
bustle him; but the world, like all
bullies, carries a white feather in its
tail, and no sooner sees the man tak-
ing off his coat, and offering to fight
its best, than it scatters bere and
there, and is always civil to him af-
terwards.—Borrow.

When a Man Gets Angry.

The man of patience and of right-
eous purpose accomplishes some-
thing worth while when he gets an-
gry. Every ounce of his energy is
gathered and directed toward a good
result. It is the moral steam con-
trolled and made to hit a definite
platon that sends this old world up-
ward and onward.

Blind Fanaticism.

The blind fanaticism of one foolish
honest man may cause more evil than
the united efforts of twenty rogues.—
Grimm.

Forgiveness or Sin.

Said General Oglethorpe to Wesley,
"I never forgive." "Then I hope, sir,"
said Wesley, "you never sin."

Forgiveness.

Two persons cannot long be friends
if they cannot forgive each other's lit-
tle failings.—Bruyere.

RECOGNITION OF
MEXICO BY U. S.

Full Credit Given Barton and Payne
for Termination of Period of
Disagreement.

Washington.—Diplomatic relations
between the United States and Mexi-
co have been resumed and the breach
existing for more than three years
between the two governments was
closed.

The action of the American Gov-
ernment is expected by officials here
to be followed soon by recognition of
the Obregon Government by Great
Britain, France, Belgium and Cuba,
thus restoring Mexico to its former
position in the family of nations.

The State Department, through a
prearrangement with Mexico City
officials, announced the accord of the
two governments for President Cool-
idge.

A formal statement just issued
gave full credit for the understand-
ing which made recognition possible
to Charles B. Warren and John Bar-
ton Payne, the Commissioners ap-
pointed by President Harding to the
recent Mexico City conference, held
with a view to expediting an arrange-
ment for the restoration of friendly
relations.

A similar reference was contained
in the statement to the part played
by the Mexican Commissioners in
their effort to have the Mexico City
officials comprehend the American at-
titude toward their government. It
was "in view" of the report and rec-
ommendations submitted by the four
commissioners, the statement said,
that the United States resolved to
renew relations.

The State Department's announce-
ment follows:

"The Government of the United
States and the Government of Mexi-
co, in view of the reports and recom-
mendations that their respective
Commissioners submitted as a result
of the American-Mexican conferences
held in the City of Mexico from May
14, 1923, to Aug. 15, 1923, have re-
solved to renew diplomatic relations
between them, and therefore, pend-
ing the appointment of Ambassadors,
they are taking the necessary steps
to accredit formally their respective
Charges d'Affaires."

It was indicated in diplomatic quar-
ters here that France probably would
designate Ambassador to Mexico on
the same day the United States filled
the Embassy post in Mexico City.
Information, however, was lacking as
to the probable date Great Britain,
Belgium and Cuba would accredit
their diplomatic representatives.

out the cotton States.

cast of production in bales by prin-
cipal States are:

# WHAT IS ADVERTISING?

ADVERTISING IS NOTHING MORE OR LESS THAN SALESMANSHIP. BY ADVERTISING YOU SELL TO SEVERAL HUNDRED PEOPLE AT ONE TIME INSTEAD OF TO THE SINGLE INDIVIDUAL. ADVERTISING DOES NOT BELONG TO THE REALM OF MAGIC. IT IS ABILITY TO TALK OF THE PRODUCT IN PLAIN, HONEST AND STRAIGHTFORWARD TERMS THAT APPEAL TO THE REASON AND DESIRES OF THE PEOPLE WHOSE TRADE IS SOUGHT.

HOW DO YOU ADVERTISE?—THERE ARE NO END OF WAYS IN WHICH YOU MAY ADVERTISE; THERE IS THE BILL-BOARD, THE CIRCULAR, THE POSTER, THE WINDOW DISPLAY, THE CIRCULAR LETTER, THE PERSONAL LETTER, BY WORD OF MOUTH, AND THE NEWSPAPER, THE BEST METHOD OF THEM ALL.

WHAT DOES ADVERTISING DO FOR YOU?—ALL ADVERTISING IS INTENDED TO CREATE GOOD WILL FOR THE PRODUCT OR SERVICE ADVERTISED. YOUR ADVERTISING SHOULD CREATE GOOD WILL FOR YOUR STORE THROUGHOUT YOUR TRADING AREA AND THEREBY INCREASE THE VOLUME OF YOUR ANNUAL TURN-OVER.

Fredericksburg, Texas, Sept. 7.—The joint good roads meeting of the Glacier to Gulf Motorway Association, the Puget Sound to Gulf, and South-west Trail, to have been held at Fredericksburg, Sept. 14 and 15, has been postponed indefinitely on account of the contingent rains which have interfered with the harvesting of Texas' greatest cotton crop and have otherwise disorganized plans generally. Fredericksburg had gone to considerable effort in arranging this meeting, which was to have been one of the largest attended good roads meetings in Texas, and it was postponed only after the good roads committee of the Fredericksburg Chamber of Commerce in conference with D. E. Colp, manager of the Glacier to Gulf Motorway, President McPartridge, representative of the Southwest Trail, and B. R. Senor, secretary-treasurer of the Puget Sound to Gulf, and secretary of the Fredericksburg Chamber of Commerce, decided these conditions would tend to cut down the attendance to a considerable degree at this time.

### The Home Paper as an Educational Power

By Phebe K. Warner

Why do you take the home paper? To get the news of course. What is news? Information. And what is information? Why, information is nothing more or less than education. And what is education? Well, now you have us cornered. Education is most everything. It can be good or bad. It can be constructive or destructive. It can be helpful or it can be harmful. It all depends on your nature and your application of education and the kind you get. And where you get it. And we are a firm believer in the theory that the home paper is one of the greatest educational institutions in America.

There are in the State of Texas alone 1180 newspapers and of these about 740 are the county weekly papers 740 papers going out of as many offices directly into the homes of the people in one State alone in one week. And every week in the year. Are they read? YES. Every word of the home paper is read every week by almost every member of the family. Perhaps not all the inside material. But every word of local interest. Every word of local color of any tint. Every word that will in any way effect local conditions.

If the home school is ever improved, if the schools of the county are ever improved, if the rural church is ever redeemed to its former activities, if the good roads movement ever touches the cross roads, if the community fair is a success, if the county fair is ever put over, if the school fair is ever a success it depends on the education of all the people of the county through the columns of the home paper. If the county as a whole unit ever grows, if it keeps pace with other counties it must come by the editors keeping pace with one another and sending out to the people of their home county every good item of education they gather from their observation and exchanges.

We sometimes wonder if the people actually stop to think what their county would be like, what their town would be like and what their home would be without the knowledge that leaks into their civic and home life through the columns of the home paper. And its cost? How many school books will you have to buy this year if the State does not supply them for your children? We want to watch this just a few months and see how the price of one school book for one child for a few months will compare with the price of your home paper for the whole family for a whole year. Now don't forget. Begin with the readers you have to get for the children. And everybody has to get school books, or read 'em.

The purpose of this story is to give the patrons of the home papers our late President's idea of his home paper and the ideals kept before his helpers in the publication of the Marion Star. Evidently Warren G. Harding had a keen consciousness of the power and influence of the home paper he published. And he must have felt the responsibility of a real educator in his relation to the patrons of his paper. And the fact that his newspaper ideals not only lifted his whole community to a higher plane but that keeping to those ideals led him to the White House is no bad example for any newspaper worker or publisher and proves without doubt what a newspaper can be to its publisher, its community and the State when its ideals are that of clean service and real education to all the people.

Posted on the wall of the editorial room of the Marion Star were mottoes such as these:

"Be truthful; be fair and above all be clean."

"Remember there are two sides to every question. Get both."

"Get the facts. Mistakes are inevitable but strive for accuracy. I would rather have one story exactly right than 100 half wrong."

"Be decent. Be fair. Be generous."

"Boost—don't knock. There's good in everybody. Bring out the good in everybody and never needlessly hurt the feelings of anybody."

"In reporting a political gathering, get the facts; tell the story as it is and not as you would like to have it."

"Treat all parties alike. If there is any politics to be played we will play it in our editorial columns."

"Treat all religious matters reverently."

"If it can possibly be avoided, never bring ignominy to an innocent woman or child in telling of the misdeeds or the misfortunes of a relative. Don't wait to be asked, but do it without the asking."

"And above all, be clean; never let a dirty word or a suggestive story get into type."

"I want the paper so conducted that it can go into any home without destroying the innocence of any child."

Do you think such a paper would be so tame that the people would not want it in their homes? Do you think it would be so devoid of crime and scandal that the people would not pay for it? Or do you think it would be an educational power in the community that nothing could defy? Do you think the editor would lose his job? How

about the Marion Star and its editor? We heard the mother of a family of small children say the other day "I hate to do it. But I believe I will have to stop our State daily paper because the children are getting so many bad lessons from it." Sure there was a lot of good in the picture show, too. But is that any excuse for the wrong lessons taught there? If mothers have a right to censor the picture show and tell the picture show man what to show why has she not the same right to demand a clean newspaper for her children's education? If mothers have a right to clean up the school and the home and the State why have they not a right to demand a clean newspaper for their home?

We believe the home paper is the cleanest publication on the market. It does not have room for the unclean things. It is too local, too human to want to air the worst things in the worst way. It is too close to home. And then give the editor credit. He does not needlessly want to hurt the feelings of anyone and often leaves things out he might like to say. But he does not say them. Then why does not every home have the home paper in it? It will cost no more than some of the text books you may have to buy and it will be an educational force in your home the whole year.

#### GRASSLAND ITEMS

Our school building which was destroyed by fire last winter has been replaced with a modern brick building. Work has just recently been completed on the building and the community is justly proud of it, and we owe a debt of gratitude to our retiring board of Trustees, Messrs. Armstrong, Richie and Warick for it was through their untiring efforts that the building was made possible.

This has been made an Independent district, therefore we predict a great future for Grassland school.

Rev. Alley Irick of Pilot Point, District Supt; of the church of the Nazarenes, preached the Dedicatory sermon of the Grassland Nazarene church, Sunday Sept. 2nd. A large crowd was in attendance and a good service was experienced.

The erection of this church was made possible by the church crop system, which the Nazarene congregation here has practiced for two years. The Nazarene church at Lynn was also built by the church crop method, as was Central Baptist Church, and we see no reason why any church could not build a house of worship in this way.

The Thomas Gin Company has just finished enlarging their plant at this place. They now have eight gin stands with the latest improved equipment throughout, and are prepared to handle the cotton crop for this and adjoining communities; having a daily capacity of 150 bales. They ginned the first bale of the season Thursday, Sept. 6th, which was raised by Mrs. Hicks, residing near here.

Cotton has been coming in slowly, since the first bale was ginned, from the district south of town, which escaped the hail in the spring.

The cotton crop, as a whole, is not as good as it was last year, but in some instances a fair yield is promised.

Brother Horn filled his appointment at Central Baptist Church Saturday and Sunday. The church has called Brother Horn for the ensuing associational year, but he has not made his intention as to its acceptance known.

W. R. Thomas returned Sunday from his second trip to Rochester, Minn., where he is taking Radium treatment for an Affection of the mouth, by Mayo Brothers. His condition is greatly improved but he will return in about six weeks for further treatment.

LUBBOCK MAN DIED AT CLOVIS AS RESULT OF ACCIDENT

John H. Howery, formerly employed with the Santa Fe Railroad, died at Clovis Friday as the result of injuries received when he was run over by an automobile on the streets of Lubbock Tuesday, August 28th.

Knowing that his injuries were serious, he left orders with a friend in Lubbock to bury him, also leaving a check to defray the expenses of the same.

He requested that he be buried in good form, and that request was met this afternoon at three o'clock, the Rix Furniture and Undertaking Company having had charge of the funeral.

Mr. Howery had directed traffic on a crossing at the Santa Fe tracks here throughout Tuesday when the town was crowded with automobiles and his efforts to make going safe for the travelers were well directed.

He was relieved by another workman late in the afternoon, and it was while he was going from his post of duty to the business section of the city that he was struck by a fast going car, his death being the result of the accident.

He is survived by two sisters and a brother who reside in North Carolina, however they were unable to attend the funeral today.

The accident of which his death is a result is the only serious accident that happened in Lubbock during the Tech Celebration. —Lubbock Daily Avalanche.

## WAS IN A BAD FIX FROM NERVOUS INDIGESTION

"I had, for a year or more, nervous indigestion, or some form of trouble," says Mrs. Alonzo Clay Street, this city. "The pain at that time seemed to me. I would suffer until I got to bed. I wanted to get down on the floor. I felt like I could tear my hair out. Night and night after night, I would get up and go to the bathroom for something for a laxative, and I kept up nightly. My side looked awful. My skin seemed spotted. I would feel my hands and arms, and the flesh would feel like it was burning. I wanted to get a Birthday Almanac, but my husband I would try the one, which I did. I took a little. I felt much better. My stomach was well. I made a good, warm bath. I found that way. Soon I found that nervous, tight feeling was going, as was the pain in my side. I found I did not have to take it every night. Soon, after a few weeks, I could leave it off for a week or so, and I did not suffer with constipation. I gained flesh. I have a good color, and believe it was a stubborn liver, and that Black-Draught did the work."

"I went to my mother's (Mrs. Deeters) one day, and she wasn't well at all. I told her we'd try Black-Draught. We did, and now she keeps it to take after eating. It certainly helped her, and we neither will be without it in our homes. It is so simple, and the dose can be regulated as the case may be. We use small doses after meals for indigestion, and larger doses for headache or bad liver."

Thedford's Black-Draught liver medicine is for sale everywhere.

Bishop W. F. McMurry, of the Methodist Episcopal church, South, who was for several years presiding bishop of the Northwest Texas Methodist conference, and in honor of whom McMurry college in Abilene is named, and who was in Plainview a year or two ago and is well known here, was summoned to appear in court in St. Louis this week on a charge preferred by Rev. Chas. McGhee, a pastor of one of the churches in McMurry's district, that the Bishop struck him in the mouth and ejected him from the church office because he was taking an active part in boosting for the Ku Klux. The Bishop declared "You have disgraced yourself and everyone in the church." McGhee has been making speeches in behalf of the Ku Klux.—Plainview News.

**UNABLE TO DECIDE ON TECH PRESIDENT**

Board of Regents Adjourn at Waco to Meet in Dallas Sept. 21.

Waco, Texas, Sept. 7.—Apparently hopelessly unable to agree on a president for the newly created Texas School of Technology, the board of regents of the institution adjourned here Friday night shortly after 6 o'clock, to meet again in Dallas Sept. 21 for further consideration of applicants. It was said that none of the eight men who appeared before the board by special invitation had been eliminated from consideration.

Judge L. C. Heare came in Sunday night from Lubbock and Tahoka, where he went to attend the big celebration and for a visit with relatives and friends. He was accompanied home by his son, Joe Heare, station agent at Tahoka, who will visit here a few days, then join his wife who is at Eureka Springs, Ark., taking treatment for hay fever.—Maur: Chief.
