News Items Gleaned From Our Exchanges

A Girl And Her Company

The mother who allows a 16 year old daughter to float around until 2 a.m. with a counterfit sport of a weak jaw and weaker morals, merely opens the front door to grief and disgrace. If you don't know what company your girl keeps or what time she turns in, your roar when gossip gets busy will sound about as pathetic as the wheeze of a jewsharp. The girl who insits upon spooning with every body within the corporate limits ought to be backed into the woodshed and relieved of her overflow of affection with a No. 11 slipper laid carelessly across the hipplets. We had sooner see a gril kiss a blind shoat through a barbed wire fence than to have her change her partners six times a week in the front parlor with light turned low. It is harder to marry off a girl who has been pawed over by every yap in the community than it is to fatten a sheep on pineapple sauce. You can't gold brick a sharp-eyed suiter with second hand goods any more than you can fit a bath rope on a goat. There are a lot of weak-mind parents who are going up against the judgement day with about as much chance as a cross-eyed girl at a beauty show, and their children will rise up and call them blessed with the enthusiasm of a oae-legged man at a club dance.—Ex.

Made Editor Eat Editorial

R. L. Page, Jr. want \$10,000 because some of the citizens of Quitman, Miss, made him chew and swallow an editorial which appeared in the Quitman Globe of which Page was owner and edited up to a short time ago, and has filed suit against C. W. Weir, et al, of Ruitman. Page alleges in his bill that he was eiditor of the Globe and that when he published an account of a dance given in Quitman a number of citizens called upon him, clipped the article from the paper and by force made him swallow it. He says they made him leave the town, wherefore he seeks the amount of damages as above specified.

Thrown From Buggy

Wednesday, Drs. Meers & Morris, after calling Dr. Smoot of Dallas in consultation, decided to operate on A. Kansler who was thrown from his buggy one week ago. An operation was performed on the spine with successfull results. Dr. Smoot has spent several years in Europe, and is now professor of surgery at South-wester University Medical College of Dallas and is considered one of the ablest men of Texas, and in assisting in the operation it was done in the most skillful manner. Mr. Kansler's condition is considered very serious, considering his age and the nature of the injry and his recovery will be very slow.—Texas Spurr

Help! Help!! Help!!!

Help to make the city beautiful

Help to make the city clean.

Don't be a constant fretter

Add some beauty to the scene.

You may not, indeed be able

To erect a gleaming dome.

But clean up around your stable.

Beautify your home.

Help to make the town attractive,

Help to stop the ones who sneer:

It would pay you to be active

Since your interests are here.

Would your backyard stand

inspection.

What about your vacant lot?

Rubbish helps to spread infection.

Neatness brings the cheerfl lot.

Help to make the city fairer,

You can do it if you try;

And you'll be a profit sharer.

In the city splendid by and by.

Don't forget while you are

grumbling

That you might do something

more,

Let there be no future tumb-

ling

O'er obstructions at your door

Help to make the town more

splendid,

Do the part you have to do;

There is much that may be

mended

Thru a little aid from you.

Help decrease the dirt that's

blowing,

Help to purify the breeze;

When it happens to be dusty

Clean your sidewalks, if you

please.—Gatesville Messenge.

O'Donnell After Scalps And Vetes

O'Donnell wants to go to the Legislature. Those who heard him speak at the court house Monday evening can entertain not the slightest doubt on this point. He is out after the votes of 101st Distiaet and after the scalps of his opponents. The News believes he will get what he's after. O'Donnell is one of that class of men who knows what they want and go after it.

In his address here last Monday, Mr. O'Donnell stuck to the ines as laid down in his platform telling in plain words just where he stands on all questions at issue. His audience was with him all through and evidenced the fact by frequent applause.—Dawson county News,

Shooting Near Loving

J. T. Calley living on J. M. Birdwell's farm near Loving, was shot by Mrs. Cora Koger late yesterday evening. The weapon used was a 22-calibre target rifle, and there was only one shot fired, which took effect in the fleshy part of Calley's left arm and penetrated to a depth of about three inches. The difficulty occurred at the home of Mrs. Koger, which is a teht near

Commercial Club to be an Incorporated Institution.

Wednesday afternoon, after considerable personal work, a small crowd of representative business men, met in the court house and several rousing speaches were made, and it was decided to meet again Thursday afternoon and organize a Commercial Club, get together and everybody go to work for a larger, cleaner and better Tahoka.

Thursday afternoon the crowd was even smaller than the day before, and a few were discouraged, but all present saw the vital necessity of doing something to arouse the indifferent citizenship of our town to the importance of a united effort in reaching out after such enterprises as will never come to any town without an invitation.

After several stiring talks the Tahoka Commercial Club was organized and the principal officers elected. Dr. J. W. D. Davis was elected chairman and Rev. D. B. Doak Secretary. No better men could have been selected for these two important offices.

Monday July 11, at 3:30 p. m. is the time set for the next meeting and the perfecting of the organization, also the organizing of a Ladies' Auxillary.

Only those public spirited citizens who attended both of these meetings can realize what was missed by the ones who failed to attend.

Come to the meeting Monday afternoon and hear what great things are now being done for the upbuilding of Tahoka, and what the Club hopes to accomplish in the near future.

Don't be a parasite fastened to your own selfish interests, but join this bunch of live, moving microbes, who are getting together to feed and fatten on the rich, life giving things that can only be had by the hustler whose name will long be remembered with love and pride, as the town builder, while the parasite sucks his own blood, perishes, dies, and is buried in scorn and oblivion.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION AUTHORIZING THE ESTABLISHMENT OF A HOME FOR WIVES AND WIDOWS OF CONFEDERATE SOLDIERS AND SAILORS.

HOUSE JOINT RESOLUTION No. 7.

Joint Resolution to amend Section 51 of Article 3 of the Constitution of the State of Texas, as amended in 1903, so as to authorize the grant of aid in the establishment and maintenance of a home for the disabled and dependent wives and widows of Confederate soldiers and sailors and such women as aided the Confederacy, and making an appropriation.

Be it Resolved by the Legislature of the State of Texas:

SECTION 1. That Section 51 of Article 3 of the Constitution of the State of Texas, as amended in 1903, be so amended as to hereafter read as follows:

Article 3. Section 51. The Legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, association of individuals, municipal or other corporations whatsoever; provided, however, the Legislature may grant aid to indigent and disabled Confederate soldiers and sailors who came to Texas prior to January

CONTINUED ON THIRD PAGE.

Happenings of Interest To our Country Readers

To Segregate Colleges

Corpus Christi, Texas, July 4 In a Statement issued following a meeting just held at Houston, the Executive Committee of the Texas Industrial Congress emphatically endorses the proposed constitutional amendment to provide for the segregation of the State Agricultural and Mechanical College from the State University.

The statement sets forth the fact that agriculture is the great basic vocation of Texas, that the prosperity of those engaged in all other lines of activity in the State is proportionate to the prosperity of the farmer and that, in consequence of these facts, the betterment of all conditions affecting the should be the first interest of the people of Texas. It is pointed out that the A. & M. college will never be able to render the fullest possible measure of service to the State until it is placed upon an independent basis and made the hbject of more liberal appropriations at the hands of the State to the end that it may be equipped for more comprehensive, practical and effective work.

At the next covention of the Congress which will convene at Houston begnning November 15th it is almost certain that steps will be taken to throw the full force and influence of the entire organization to assure the passage of the amendment. Present indications are that the convention will be the largest gathering of any kind ever held in the State.

Master Frank Larkin accomprined his father to Lubbock wednesday on the train.

Mrs. Napier was a pleasant caller at the home of the News monday morning.

T. J. Fowler of 14 miles south-east of Tahoka was in town Thursday.

Mrs. W. H. May and children of Lynn were in Tahoka Thursday shopping.

Will McPhual, of Terry county crme in Thursday morning on his way to Lubbock.

Joe Fancher of the west part of the county sold a quarter of a section of land this week at \$8. per acre.

M. M. Redwine of Draw was in town Thursday and reported another fine rain in h's neighborhood Wednesday evening, some hail fell but not enough to do any harm.

the home of Calley, and was while Mr. Koger was at work at the mines. Mrs. Koger was arrested and brought to town ast night and this morning had an examing trial in justic court in which she was admitted to bail in the sum of \$100.00 for her appearance at the September term of district court on a charge of assault and artemp to murder. Calley, the man who was shot, is reported to be only slightly wounded.—Graham Leader.

Lynn County Crops

Mr. George Short who lives 14 miles southwest of Tahoka was in to see The News force Wednesday and told us that he got right smart little rain Friday and Saturday and that his crops were in fine shape and that he would make an abundance of feed.

From reports Lynn County has the best crop prospect of any county in this section.

Mrs. Shattuck, of 6 miles east, was a pleasant visitor at the home of H. C. Crie Monday afternoon. Mrs. Shattuck tells us that her daughter, Mrs. Ruth Beeman, of New Mexico, is visiting her and will probably spend the summer here.

Try our Ayers Ice Cream with fruit 15c. McGills Drug Store.

Miss Willie Dyer and Mr. White both of Post City were visitors at the home of Mr. and Mrs. Crie Monday Morning. Miss Willie has been clerkin at Post City for some time and came home to spend a week end with her parents. The young people came to Tahoka to see the sights. They returned to Post City Monday.

H. M. Larkin went to Lubbock Wednesday on the thre noon train to load out a car of mixed freight for the Tahoka merchants. We have no throug freight service yet and some one has to receive the stuff at Lubbock and reload it.

John M. Gillis, an apticion of Waco, come in monday and will be with us a wrek or more. Mr. Gillis is an old tims friend of Hon. John. P. Mars of this place.

Master Heny McDaniel returned from a weeks visit to Uncle Tom Morgan in the eas part of the county Saturday.

Mrs. Millman and children returned Tuesday from Lubbock where they went to spend the week end with Mr. and Mrs. Ollie Wilkerson. Mr. Wilkerson is Mrs. Millmans brothr. They report a fine time.

Owing to the copy being misplaced the following rightup was omitted last week.

The Junior Epworth League celebrated its second birthday Tuesday June 28. They Irited the Sunbeams of the Baptist church to help them celebrate.

Tuesday morning early the youngsters left town in Bro. Estes' wagon driven by Bro. Doak. Mesdames Millman, Payne and Doak with some of the small fry in a hack from Hall & Majors' and Mrs. Pearl Coughran and some more small children completed the party.

They arrived at Tahoka lake in good time and put in an hour climbing and romping, then partook of the picnic dinner which was the feature of the day and the quality and quantity may be judged by the happy bunch of children that arrived about sundown after their evening of romping and hill climbing.

School Fund

Our State Public School Fund landed interest consists of about 45,000,000 acres, of which only a few millions are unsold. The principal received by the State on former sales is invested in various kinds of bonds and amounts to a little more than \$17,000,000. Land notes for the balance due on former land sales, which bear interest at from 3 to 10 per cent amounts to some \$55,000,000. The annual revenue received from these sources is about \$2,000,000. This is called the Available School Fund from the Land Department, and is used to pay teachers salaries.

Try our Ayers Ice Cream with fruit 15c. McGills Drug Store.

Print Facts For Results

The newspaper that is winning ground for itself and county today is the one that prints the facts. The newspaper that is habitually sending out reports of its country contrary to the conditions as they exist may prosper for a time but, sooner or later, it will "turn up its toes to the daises" in so far as the good it will do in its community. There have been too many periodicals propelled up by "cyanogas" for the good of the country. A news paper can be a booster and not a hot air machine. It can laud to the skies the good qualities of its country and we wouldn't give the snap of the finger for the paper that was not a booster and didn't do this very thing but the newspaper that prints falsehoods in order to ensnare the innocent has had its day in this wise old word of ours. Facts are what the investor wants, and every town and country has facts enough to make the paper a good booster. Glaring headlines telling what this or that town will do toward landing some proposition, when that paper knows the statement has no foundation, is a menace to any town or country, and will result in much harm.

The old time dispensing of "hot-air" advertising has had its day, and no class should be more proud of that fact than the news paper men.

One column of facts will do more for a town and country eventually, than 10,000 columns of "fake stuff" can ever hope to do. —Hereford Recorder.

Fine Rains--Bumper Feed Crop

W. A. Waller of Draw was in town Saturday to meet his son-in-law and family, of Munday who were to come in on the down train. Mr. Waller tells us he had fine rains and will make feed enough to last him two years and then some. Mr. Waller says all it takes in Lynn County is a little rain and work to raise a crop.

NOTICE.---If you have land in Lynn, Terry, Yoakum, Gains, or Cochran counties to trade for well improved city homes, brick buildings or stocks of merchandise, write us at Lubbock, Texas, and we will get you a trade.---Robinson Bros.

Look here. Extra Good Plains Land. Well located at from \$10. to \$12. per acre.

Come And Investigate before you buy. North of Tahoka Hotel

O'Donnell Abroad.

T. J. O'Donnell, Candidate for representative of the 101st district addressed a small audience in the county house here Saturday night.

Saturday night is always a poor night to secure an audience and taken in conjunction with the threatening weather, it is a wonder that so many were present.

After several selections by the Hellen Gould Band the speaker was introduced and he proceeded to let the audience know just where he stood and what they might expect should he be elected.

He is a forceful talker, but does not aspire to be an orator and promises to let his colleagues know he is present if he reaches the House of Representatives, and he made a good impression on his audience.

He is going after this office in earnest and from reports received he is making a good impression, as he convinces those with whom he comes in contact that he expects to accomplish something for his district should the people honor with this office.

As Big Springs is centrally located we can expect to have Mr. O'Donnell with us again before the date set for the primary. —Big Springs Herald.

THE ROPE ROUTE FOR WHITE SLAVERS

At the lowest estimate possible there are 50,000 American born and 15,000 foreign born girls annually trapped and sold into lives of infamy. Since the "White Slave" law was passed in Illinois and eight other states Texas has become the "clearing house" of the United States and now a Texas city leads all others in the traffic. Yes, Texas has not a line of law upon her statutes to punish the demons who make a business of decoying innocent girls into lives of shame. The majority of these girls are from 12 to 16 years of age. They are trapped and sold like live stock where their parents never see or hear of them again. Will the next legislature enact a law to punish these offenders? We believe the rope route would be the proper thing. —Ex.

TAHOKA TO HAVE LAUNDRY

E. L. Tinney, of Causey N. M., who is camped here in Tahoka and has been working on the railroad the past two weeks for Lewis Robinson tells The News man that he will start in the laundry business here in the near future.

This is good news for it is one of the hardest things in the world to get ones clothes clean unless one wash them theirself.

Watch for the ad in the News.

COTTON HURT BY HAIL

All the Lynn community had a fine rain Friday morning last week. The only trouble with it was that considerable hail fell in places, destroying I. W. Meyers' cotton crop and damaging several others in his neighborhood.

The wind Friday blew down Mr. Gardenerhire's windmill and moved some sheds around also. Nothing was damaged but cotton every thing else being too old to be hurt by hail.

It is better to be prepared and not have a fire than have a fire and not be prepared. Insure with McMill Clayton. His companies pay the loss.

POST TO HAVE STREET LIGHT

Twenty-four big gasoline street lights will soon be installed on the principal business and resident streets of the city. The lights are already here and as soon as a little adjustment can be settled between the manufacturers and the company they will be put up. The lamp, or burner, is 28 inches high and the light is incased in a large globe eighteen inches in diameter and cannot be affected by wind or rain and will give a light almost equaling the large arc lights seen in cities. These lights like the shade trees, parklets, and many other useful and ornamental utilities for the public, will be maintained by the company. It certainly is nice to live in Post City. —Post.

J. Harry Binkley is now associated with the Avalanche as associate editor, and the management will appreciate any courtesies extended him. He is a gentleman of many years experience in every department of the newspaper business and will no doubt be of great value in keeping the Avalanche way ahead of every thing in this section. —Avalanche.

GOT A KICK COMING

Last week T. G. Brennard undertook to deliver a bunch of cattle which he had sold to a party near Big Springs. Before starting Mr. Brennard dipped the cattle twice, and then had the Livestock Sanitary Inspector to go through them and determine whether or not they had ticks on them. This the Inspector did, and finding everything to his satisfaction he gave Mr. Brennard the required certificate which permitted him to move the cattle across the quarantine line. When all this had been done, and not dreaming anything had been overlooked, Mr. Brennard proceeded to deliver them. When near Big Springs he was pounced upon by another inspector, who, after a good deal of searching, found three "half baked ticks" sticking to a steer. Upon finding these ticks, said inspector proceeded to quarantine the herd by stopping the herd in a lane where there was no water or grass. Under the circumstances Mr. Brennard could neither proceed forward, backward, sideways nor straight up; so he was forced

to leave his cattle where they were likely to perish for the want of food and water. The authorities refused to take charge of the cattle, water and feed them, or allow Mr. Brennard to do it; so the matter stands.

Continued on back page

The last of the railroad graders moved out of Tahoka Monday July 4th going down on mile 43 where they have about a day work finishing up. From here some time in the of the week they will load up their wagons and like the Arab, silently steal away, going to Fluvanna, where they will load their outfit on the cars a full trainload and ship them to Weatherford where they will go to work on a road from there to Gainsville.

This means that by the last of the week, the grade to Lamesa will be finished and likely the track will be completed into that town either the last of this week or the first of next, connecting this fine town up with the outside world and making another railroad town on the plains.

Tahoka Mercantile Company

We Have Been In Business Here Six Months. In The Beginning we adopted the cash system because we believed it to be the most successful plan of conducting a mercantile business. Our sales are now three times what they were when we began, and this is evidence to us that the cash system, and our efforts to furnish the people of Tahoka and Lynn County with dependable merchandise, have been appreciated, and by our courteous treatment we hope to merit a continuance of your liberal patronage and to show you our appreciation we below quote you some very interesting mid summer prices

MOVEMENT ON FOOT TO SECURE NEW MAIL LINE.

A move is now on foot to secure a postal route from Tahoka west to Brownfield, Gomez, Glen Park, Plains and Broncho, on to the Texas and New Mexico Line. This is a good move and is one that it seems should be easy to show the government will be not only a much needed line but one also that will pay right from the start, there being no east and west line between Canyon City on the north and the T. & P. on the south. The line would be situated nearly half way between these two points and would carry considerable mail, passengers and express traffic.

With our county road to Brownfield this would not only be much needed line, but to us seems a very possible one. A petition is being circulated here, at Brownfield, Gomez, Plains and Broncho and we should get together and make the demand so strong that the government officials will establish it at once or as soon as we get railway mail service at this place which will be in the near future.

Magazines for every body at McGill's Drug Store.

Sumler Clayton is slowly improving again and his wife is very much better.

Mrs. Brown Dead

Monday morning at three o'clock, the home of T. A. Brown was made desolate by the death of the wife and mother, Mrs. Dora Brown.

She had been an invalid for a long time and for several weeks she has been very ill. Every thing that friends and relatives could do to make her last days comfortable was gladly done and the best of medical skill used, but nothing alleviated her suffering for very long at a time.

Mrs. Brown was born and raised in Anderson county and spent her life there until about three years ago, when they moved to Lynn county.

She was a member of the Methodist church for a good many years and lived a life of Christian devotion until the loving Father called her to her reward.

She leaves two sons and a husband to mourn her loss.

Her sister, Mrs. Adams, was with her at the time of her death. Her other sister, Mrs. Black, visited her a short time before her death, but was compelled to return to her home before the funeral.

Mrs. Brown was laid to rest in the Tahoka cemetery July 4, 1910, in the presence of a large gathering of friends. Rev. Doak, the pastor of the Methodist church, conducted the ceremony in a most impressive way.

We expect to see you out at the Commercial Club meeting Monday, men, women and children invited. Plenty of ice water.

Come out to meeting of the Commercial Club Monday. Men women and children, it will be worth your while. Opening address by Rev. D. B. Doak. Ice water served. Come, join the Commercial Club and help Tahoka grow.

The Tahoka Commercial Club has been re-organized and will meet again Monday. Everybody invited to come, for it will take a united effort to make thing go. Let everything go and pull for Tahoka.

Yes we will look for every in Lynn County to be at the Commercial Club meeting Monday at 3 p. m. for if Tahoka grows, Lynn County must grow and then grow some more and every farmer that comes to Lynn County now adds that much to the values of your land and make the feed market that much better. Come Mr. Farmer and join the Commercial Club.

COTINUED FROM FRONT PAGE

1, 1880, and who are either over sixty years of age or whose disability is the proximate result of actual service in the Confederate army for a period of at least three months, their widows in indigent circumstances who have never remarried and who have been bona fide residents of the State of Texas since March 1, 1880, and who were married to such soldiers or sailors anterior to March 1, 1880, provided, said aid shall not exceed eight dollars per month, and provided further, that no appropriations shall ever be made for the purposes hereinbefore specified in excess of five hundred thousand dollars for any one year. And also grant aid to the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy, under such regulations and limitations as may be provided by law; provided, the grant to aid said home shall not exceed one hundred and fifty thousand dollars for any one year, and no inmate of said homes shall be entitled to any other aid from the State; the Legislature may provide for husband and wife to remain together in the home; and provided further, that the provisions of this Section shall not be construed to prevent the grant of aid in case of public calamity.

SEC. 2. The Governor of the State is hereby directed to issue the necessary proclamation for the submission of this amendment to the qualified voters of the State of Texas at the regular election of State officers, in November, 1910.

The sum of \$5,000.00, or so much thereof as may be necessary, is hereby appropriated to pay the expenses of carrying out the provisions of this Resolution.

W. B. TOWNSEND,
Secretary of State.

A LETTER FROM BELTON

Belton, Texas, July 2nd, 1910.

Mrs. H. C. Crie,

Editor Lynn County News.

I notice in last issue of your paper that Evangelist Rev. Abe Mulkey is soon to begin a meeting in your town. He is a dandy. If I were in Tahoka and especially if I was in business, I would contribute liberally, especially if he would preach his sermon on "Restitution." He delivered that noted sermon here quite a number of years ago and it enabled me to collect \$600. that was clear out of date and that I would never never have collected but for the sermon. I have often wished for him back as there are quite number of backsliders! By the way I want to say that I have more faith in a in a "recent convert" than I have in a "backslider!" Three cheers for the high toned, honorable, christian gentleman, the Hon. Cone Johnson.

You for the success of your meeting and the material prosperity of Tahoka, Lynn County and the South Plains in general.

Very respectfully
H. C. Ghent, M. D.

The latest magazines at the McGill Drug Store.

On July 2nd, 16 persons died from heat in Chicago. Over 70 have died since the heat wave set in, and over 100 more prostrated, most of which will prove fatal. Horses die by the scores in the street.

H. C. Hickerson purchased a half section of land two miles north of Tahoka at \$20 per acre, the middle of the week.

Ayer's best ice cream at the McGill Drug Store.

PREACHING SUNDAY.

Dr. L. N. Pennock, of Lubbock, will preach at the Christian church Sunday July 10th. Every body invited to attend.

Are you a member of the Commercial Club? If not why not?

Join the Commercial Club it is a duty you owe your self, your town and county.

Every farmer who has the interests of Lynn County at heart wants to see a farmer on every quarter section. Join the Commercial Club that is the way to get them here.

If you are a true Tahokans you want to see wholesale houses and factories located here to do this we must have a live Commercial Club and that means that every man in Tahoka must belong.

Every body should join the Commercial Club and help give that long, steady, hard pull for Tahoka and Lynn County, that will bring the farmers, dairymen and stock farmer into Lynn County and secure factories, wholesale houses, creameries, brick buildings, paved side walks, water works and then some other things for Tahoka that keep her in the lead.

Mrs. B. H. Black was having some fever again the last of the week.

Ira Douks boy who had fever several days the first of the week is much better.

Tuesday a work train come down from Slaton to a point eight miles north of town where they established a camp as headquarters for the telegraph crew who are at work on the telegraph line between the junction and Lamesa. The train comes consisted of ten car loads of material and 20 workmen and live will be pushed through a promptly as possible and it is only a matter of a few days before Tahoka will have a telegraph system in servicing order. Indeed our improvements are developing with a speed to satisfy the most exacting.

O'DNNELL 1st 2

Last Friday and Saturday 1 and 2 were the days set for Picnic and Barbecue at the town of O Donnell about 16 n south of Tahoka on the Santa railroad.

O'Donnell is situated near south line of Lynn county and is an ideal place for a picnic to While at present there is only hotel building there yet a number of new houses will soon be put now that the railroad has been completed to and beyond there materials can be had in car lots at a greatly reduced freight rate.

Friday and Saturday we regulation picnic days show blustery winds and excessive heat between times keeping many home who otherwise would have gone one or both days gone. However large crowd were present both days having the of their love.

The excursion train from Amarillo of four passengers coaches did not bring in as many people as it was expected it would account of the very heavy shower it come through most all the way down.

The Amarillo "Bob Cats" and the Tahoka "Tigers" all were down on the excursion train and lined up for the game of ball in the afternoon. After a very interesting game the score was called as 8 to 9 in favor of the Amarillo team. The news man did not get to see either of the ball games so can only report hearsay. Every one tells us that the Friday game belonged to Tahoka as the insitors run in several scores on a foul ball. The Saturday game however, coming to a series of mishaps resulted in a walk-around for the Bob Cats the schre Saturday at 23 to 3 in their favor.

The last sale was quite a success and they sold several thousand dollars worth of stuff.

The News man went down on the caboose Saturday evening getting to O'Donnell in good time to come right home again but we got to see the fine country and enjoyed a ride over the best new track in the State. We have rode over several old roads that were not as smooth as most of the road south of Tahoka that is only a few days old.

The crowd returned about sundown happy and tired on the first excursion train to go over the new railroad.

Mr. A. B. McCloud informs the News that he has received his appointment as third class postmaster of Tahoka for the four years. This is good news for many friends, for Mr. Mc is an ideal postmaster, careful painstaking and accommodating to all his patrons and a class postmaster has to exercise a great deal of patience in the performance of his duties.

NOTICE.

I have recently bought McMill Clayton's Insurance Agency and will write insurance in the following Companies; American Central, St. Paul and Spring Garden, all of which are old and reliable Companies. I will also have some good Texas Companies. I will be pleased to have the patronage of all who wish to insure with Companies that will pay the losses. M.M.Herring, Tahoka Texas. 47-1t

Rev O. Brown of Big Spring with his family spent Tuesday night at the home of Rev. A. L. Estes of this place. Rev Brown has been up to Plainview after his family who had been visiting friends and relatives there and was on his way home when Rev Estes captured them and took them home with him.

J. E. Cauthen and family of Lubbock has been spending the week in Tahoka attending the Holiness meeting here. Mr. Cauthen has also been taking orders for the Plainview Nursery L. N. Dalmont proprietor whose advertisement may be seen elsewhere in this paper.

Our Austin News Letter

Austin Texas, July 4, 1910.

John M. Kelley, general attorney for Ringling Bros. Circus, and Will Hart, local attorney, conferred at length Saturday with Assistant Attorney General Brady and Leddy in an effort to get some agreement as to the disposal of the suits pending against Ringling Bros. all over Texas for the collection of book circus taxes alleged to be due the State and various cities and counties.

An omnibus suit, involving about \$75,000, has been filed in Travis Co., and there are suits pending in a number of other places. The suits in which service has been had amount to about \$20,000.

No agreement was reached Saturday either as to the trial or disposal of the suits, and the conference will continue today. The suits were brought at the instigation of State Revenue Agent McDonald, and the circus challenges the right of the State to set up claims to the alleged back

taxes.

The scholastic population of Travis county outside of the independent school districts of Austin, Manor and Pflugerville is 6103, according to country Superintendent Lowrey. Of this number 4038 are whites, 2065 negroes, 4230 Americans, 415 Germans, 10 Italians, 752 Mexicans, 362 Norwegians and Swedes, 20 Bohemians, 24 other nationalities.

Of the whites 2090 are males and 1948 females, of the negroes 1007 are males and 1058 females.

The receipts of the Department of State for the fiscal year ending June 30, 1910, amounted to \$801,428, the largest in the history of the department, and \$489,234 more than the receipts for the same period ending June 30 1906, when the receipts were \$312,194.

The large increase in the amount of the receipts is due largely to an increase in the number of charters filed and the consequent increase in filing fees. During the last year the domestic charter fees amounted to \$189,257, while for the same period in 1906 they amounted to \$67,314.

The fees from foreign permits amounted to \$130,430, while in 1906

they were \$245,02.

Land Commissioner Robison has addressed a letter to the Governor and has conferred with the executive in an attempt to have His Excellency submit to the special session the matter of amendments to Texas mining laws, which Mr. Robison contends are badly needed. The Governor has not indicated what he will do, though Mr. Robison is hopeful.

How to Keep an Iris Bed Sightly.

If you have a bed of iris that is a blot on your garden, while the withered stalks are laying up a store of nutriment for next year's bloom, it is well to plant something in between the plants that will make them look less unsightly.

In between the iris plants the seed of mignonette can be sown about the middle of April, and begonia superfiorens can also be used. These plants take less nutriment from the soil than taller growing plants, as their root growth is shallow. They also do well in the partial shade that is needed for iris.

How to Clean Plaster.

When plaster casts become soiled with either dust or finger marks make a creamy solution of dry starch and cold water and apply it with a soft brush, carefully wetting all crevices and depressions. Set the cast aside to dry, then remove the starch with a stiff brush, and it will look as if fresh from the studio.--Harper's Bazar.

GOT A KICK COMING

Mr. Brennan says that when he left the cattle they were almost perished and that no action had been taken on the part of the authorities to relieve them. What they intend to do in the premises remains to be seen.

The working of this supposed sanitary board is as full of mystery as the incantations of a nigger witch doctor. They give orders and directions to the cowpuncher how, which way and where he may go with his stock, and when he goes according to instructions on the handle for the assassination of a seed tick, he is jerked up by some other unsophisticated member of the force and [dealt a lot of misery].

If Tom Brennan does not have a kick coming at the treatment he has received, it would require a stretch of imagination to conceive how much roughness it would take to make him kick.--Strling City News.

M. M. Herring local manager of the Lynn county Abstract co left for Amarillo on the Wednesday train.

Neat Job Work Done Right.

MARRIED IN AMARILLO

A pretty wedding was solemnized Tuesday June 9th. at 8:00 o'clock at the home of Rev. Jenkins, at Baptist Parsonage 340 9th. street, Amarillo, Texas, when Miss Elsie Pearl Hargis of Independance, Mo. become wife of Robert Bernard Hynes.

The house was elaborately decorated with palms and ferns, festoons of pink and white flowers twined with evergreens were draped about the apartments. Through the white bowers of the home done entirely in roses and lillies the strains of musical selections rendered by Nathan Frankos Orchestra.

The gown of the bride was of imported mulle, inset with real val. lace and hung over with taffeta, she carried brides roses and ferns, and bound her veil to her with sweet peas. There were no attendance.

After the ring service was ended the guests were served a wedding collation was served in the dining room. Gay with pink

and white flowers. One of the ladies served punch and was in charge of the brides book.

After an hour of receiving Mr. and Mrs. Haynes left for their future home, Lubbock.

The bride's dress for traveling was a rose rajale with black continental straw hat.

They arrived in Lubbock on last Friday's evening train.

Bernard is the son of Mr. and Mrs. E. R. Haynes and is known as a young man of sterling qualities by most of the Lubbock people.

While in Missouri he formed the acquaintance of his bride and their friendship has gradually grown to teat of love, He is at present employed by the Enterprise.

Miss Elsie Pearl is the daughter of Mr. and Mrs. Hargis of Missouri, and those who have had the pleasure of meeting her, esteem her as a lady of charming ways and sweet disposition. She has many friends at her old home and at other places in both

Good Boosters Vow

"On my word and honor I here by now declare that so long as I am a resident of this community it will be my constant aim to boost at all times and on every possible occasion.

"I will do whatever I can for the public work that has the good of the community as its object.

"I will submit to and abide by majority rule and will not knock and howl if things are not done my way.

"I will take no radical extrem position on any question against the people, and will have due respect for the opinions of fellow townsmen when their opinions are opposed to mine.

"I will always cry to say some thing good about our town and our people, or I'll keep my mouth shut and cut it out like a man.

"I realize if this community is good enough to live in and make money in, it is the proper place to spend my money in."—Ex.

When It Is Ended

when the Ballinger trial is ended And the jury has said what it thinks; when the case has been made and defended.

With the wonted political winks—we shall smile—and gads we shall need to

That feel it as well had been dropped And the Guggenheim crowd will proceed to

Resume where it was when it stoped.

The signs shall come down in the timber,

And the patents shall tie up the coal. The law will get flabby and limber, And the trust will do will on the whole.

It always turns out in that manner Although we may blush to confess it And we do not rega it a banner Achievement, exactly to guess it.

Must Administer Oath

San Antonio, June 18.—The matter of requiring an oath of all challenged voters before they are permitted to particuate in the Democratic primaries is by no means optioal with the country Executive Committee.

Such oath must be administered or the voae will be illegal and thrown ont at the State convention.

That is the opinion of State Chairman A.B.Storey. The statement is made as a result of certain reports that the county Executiv Committee of Bexar County, Travis County and others will not require the election officers to administer an oath to challenged voters to the effect that they are Democrats and will support thenominee.

Tribute To Caesar

July is a tribute to Caesar.

One day, with some other insurgents, he talked by the Pillar of Pompey on things of political urgency. He was just on the point of explaining the key to some government riddle when a party of regulars jumped him and cut him in two in the middle

There were Decius Brutus, the speaker, and Cassius, boss of the Senate, together with others insistent upon some political tenet "The party forever!" they shouted, and what with that terrible slasher Servili Casca great Caesar as well had been run through a hashier.

At any rate, Antony found him cut up into fodder for fishes and begged this repuest of the Romans, who granted the least of his wishes. And thus it has happened and shall be so long as nhe Tiber runs by the Pillar of Pompey that Ceser shall live in the name of July.

Too Much For Dad

It was in Boston. As papa was about to apply the strap Willie said firmly; Father, unless that instriment has been properly sterilized, I desire to protest"

This made the old man pause.

"Moreover," cont'nuer Willie,

"the bacterial and other maling nant germs that might be real-eased by the violent impact of leather upon oporos textile fabric but laterly exposed to the dust of the streets would be apt to effect you deleteriously.."

The strap feil from a nerveless hand; you could have knocked bapa over with a feather.—Ex.

NEW MANAGEMENT

The Lovington Leader of New Mexico has a new editor and proprietor in the persons of J.H. Mullane F. G. Shepard and Miss. Inez Marrington retiring the Leader also is enlarged for a four column folio to a finr Column Folio and the price will be increased to \$150 per year after July 24th.

Chairman Storey is emphatic in his statement that the oath is obligatory. He is determined that the submission question will be determined by Democrats and the Democratic officers will be elected by Democratic voters. If it is within his power no loophole will be left for any but Democrats to participp in the primerjes. He does not think that any acnion taken by the State Executive Committee will keep out a single Democratic voter.

MISSOURI AND TEXAS

who extend best wishes to their future lives. May their life voyage be peaceful and pleasant and tueur sky never be obscured by a cloud that love will not banish.

They received maury valurble present.—Lubbock Avalanche.

The man who leaves this country now, expecting to find better conditions elsephire, may regret the step before fall. It is dry, very dry in spots, there is no denying that fact. But do not think for amoment that there is nothing being raised in Cawson county. As we go to press with this issue of the News (Eriday evening) there ore good indications for rain. A roin now will put the growing crops out of danger, and will give ample time to make feed crhps. Don,t be a quitter. It looks hard to some of us, but a week, a few days may bring about a change for the better. What this country has done in the past, it will do again. Stay with it and you'll win out!—Dawson county News.

INJURED IN RUNAWAY

As Mr. and Mrs. Jones and four children were coming to town last Sunday morning the horse they were driving ran away and some of the occupants of the buggy were most seriously injured.

The breakage of the harness which allowed the bnggy to run up against the horse caused the animal to take fright and he started running and kicking.

Mrs. Jones with the baby in her arms jumped from the buggy and was seriously injured and is still under the care of a physician Mr. Jones with the other two children in his arms next jumped from the vehicle and succeeded in escaping with but slight injuries. The fourth child which was seated in the rear of the buggy was thrown out and received some very painful bruises. The horse continued running even after reaching the city making some dashes along the streets here before being captured and strange to state neither the buggy nor the horse appeared any the worse for t the fast race.—Big Spring Herald.

LYNN COUNTY OPPORTUNITIES

And Tahoka The New Railroad Town

Ten years ago Lynn County had ten voters and three women in it, and was attached to another county for judicial purposes. One could buy land here for 50 cents to \$1 per acre. We were eighty miles from a railroad and one postoffice supplied the people for fifty miles around. Today Lynn County has a population of Two Thousand Five Hundred, twelve organized schools, three postoffices and cotton gins, Four Hundred Voters, Four Hundred Fifty School Children, and thousands of acres of fine farming lands which produce a bale of cotton per acre with one hoeing and two plowings. Don't shake your head, for I can show you men right here who have done it. Our lands will grow sixty bushels of corn and oats to the acre, sixty bushels of kafir corn maize, abundance of millet and alfalfa, big crops of sweet potatoes, two good crops of Irish potatoes per year, eighty pound watermelons, two pound tomatoes, twelve to fifteen pound cabbages and not half try. Lynn County soil grows fine grapes, several kinds of berries, squashes, pumpkins, cantaloupes and all vine products. Apples, Peaches, Plums and Apricots do well here and are freer from pests and diseases than East Texas fruit. Lynn County cannot be excelled as a corn and feed producing country, and it is well that such is the case, for the Great State of Texas spends twenty-five million dollars annually for imported corn, and several million for imported meat. The Plains country is destined to become the future bread basket of not only Texas but a large part of the United States. She will also be expected to furnish a big per cent of beef and pork for hungry millions. What country under the shining sun is better adapted to pork and beef production than this? There is none. It is easy to raise abundance of feed, and our water is as pure as God ever made. Our air is cool and bracing all the year round, so mister hog and miss cow grow to maturity under the most favorable conditions possible.

Just A Few Bargains

- No. 1. 4000 acres of fine cat-claw and mesquite and sand land, wells and windmills, house, barns, lots, cross fenced, about 100 acres in cultivation, and fine water at depth of about 80 feet. week. These lots are situated
at the corner of Alley and Lock-
wood sts. being a fine location
just one block from the square.
This makes the fourth lumber
yard to locate in Tahoka and all
of them are old, strong compan-
ies, having yard all over Texas.

E. C. Dosch was in town
Thursday.

Belton Howell who has been
on the sick list for some time is
improving.

Whitmore Morris and E. R.
Shoville of Fort Worth are in
Tahoka looking over the deed
records this week.

Mrs. Honea left Tuesday for
Miles County to visit her uncle
who is very ill and not expected
live. She will be absent for some
time.

O'Donnell and his Cousin Mr.
Sharp left Wednesday for the
south they will take the train at
Ft. Worth.

Mr. Sharp is doing nicely
after his accident with the car
last week.

Jack Blankenship and his
daughter Miss Gertie returned
the last of the week from a trip
to Jones county.

They have been visiting friends
and relatives, as well as looking
at the country.

The winters on the Plains are
cold for Mr. Blankenship and
he expects to seek a home else
where.

Judge L. C. Penry and his
wife came in Thursday morning
from their home in Plainview.
The Judge is busy handing
out pieces of pastboard to his
many friends. They will spend
a few days at the Tahoka Hotel
