NUMBER 31

## Silos, Fat Cattle, Hogs and Cream

The silo is coming to the fore and before this year is out there will likely be several built in Lynn county. Several of our farmers are beginning to talk about putting up silos and saving their feed so that they can have their cattle right here at home at a greatly increased profit. Those who have tried silos in the Panhandle country say that silage can be put up at a cost varying from 60 cents to \$1.00 a ton, and an acre of sorghum will produce about 25 tons of silage per acre. Kaffir corn or sorghum about 12 or 15 tons per acre. A man in Donly county has a bunch of steers on \$7.50 per head, of cotton seed and two tons of silage that he got for 60 cents a ton and got the best of the market for his steers. A man writing about silage says that if it is cut to green, it is better to cut kaffir, milo or sorghum when the lower part of the stalk is dry and the upper part has begun to harden. It is said that cattle fed on cottonseed cake soon get burned out and if it is fed too long will do no good. One cattle man in this county did not begin feeding silage so as not to have to feed long, as he said that after a while had been on cake a certain amount of time they no longer do any good. Where silage has been fed in connection with cake much trouble is ever experienced. One man saying that he had silage better and cheaper than pastureage. When our cattle get their silos up then they will begin to see finished silage shipped out of Tahoka that will take the top price in any market, and there is no reason why we should not keep the silage right here at home that makes to fatten the cattle that are here or buy and drive here. Tahoka has shipped out a considerable number of hogs during the past twelve months, but they were not all raised in Lynn county, nor even all fattened in this county as they should be. We can fatten hogs just as cheap here as they can be fattened anywhere. Several of our farmers are fencing in hog pastures and many are planting alfalfa for feed. Both plans are good, hogs can be raised cheaply in a pasture and they can be fattened cheaply on peanuts, and peanuts will grow abundantly here as has been provided time and again. So just continue enlarging the peanut patch until it becomes one of the staple crops on the farm, and enlarge the hog herd until it is the most important item on the farm. Build hog proof fences so you can pasture the hogs and they will begin to raise cheaply, not that you will have to raise cheaply but you will be getting so much better profit. Another industry that is rapidly coming to the front in Lynn county is the shipping of cream butter fat to distance markets. Several of our farmers have purchased separators and several are going to in the near future. They are already increasing their hairy herds with that in mind in view. There is absolutely no limit to the demand for cream in the larger cities, and as a farmer has purchased a separator he is right in line to get some easy money. There is near half as much work at

## A NEAR ACCIDENT

Monday evening while Ben King was moving the story and a half house known as the McGlaun house for J. S. Wells from the south part of Tahoka, one of the teams of six horses hitched to a wagon decided to take a leaving and surged forward, broke two log chains and the hold back straps to the horse Ben was riding, so Ben left them and just in time too for the first thing they did was to throw the horse down and run the wagon on to him. Fred McDaniel was on a saddle horse and ran in front of the team stopping them. No damage was done except to break the coupling pole and log chains. They hitched up again and hauled the house a couple of miles out into the country. Mr. Wells had the house moved to his farm six miles southeast of town.

tached to separating and shipping the cream as there is to making butter, and the returns are better and much more reliable. As everyone knows who has ever made butter to sell in the local markets knows that it is a very uncertain business, especially out here in this country where so many people in the smaller towns own cows and make most if not all the butter they use and many even make some to sell to their neighbors. But when you have a separator and ship the cream it always finds a steady market and the money comes in right along every week without a break. There never was a better country than this Plains country in which to fatten cattle, and hog, or in which to milk a good sized bunch of cows and ship the cream. One of the best features about this is that the money comes in from abroad and is spent right here at home so that every one gets the benefit of it.

Miss Bess Madison, Millinery. 31-1t

T. J. O'Donnell, of Sweetwater, and his baby girl came in on the Monday morning train to see after some court business he had here, leaving on his return home Tuesday morning.

For Windmill work call Frank King. Phone No. 3. All work guaranteed. 13-19pd

Mr. and Mrs. W. H. May accompanied by Mrs. J. T. Nicholson left for their home in Post City Sunday afternoon in their buggy. They had been attending in the Fifth Sunday Meeting here.

NOTICE.—No hunting allowed with guns or dogs in the Brownfield ranch. 11-ft

RAY BROWNFIELD.

Rev. L. T. Grumble and Rev. B. F. Dixon went home with Rev. J. R. Miller, of the north part of the county, Sunday afternoon to spend the night with him and his family. They had been attending the Fifth Sunday Meeting here. Bro. Grumble and Bro. Dixon returned to their homes in Lubbock Monday.

WANTED—You to know that I am buying and selling hogs. See me at the Livery Stable if you want to buy or sell hogs.—Ben King, Tahoka, Tex. 24-ft

Ben King returned Saturday from a hog buying trip with Perry Clayton. They bought something over 30 head, going to Brownfield and 27 miles south, coming home by way of Lamesa.

## PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915

Copyright, 1913, by Panama-Pacific International Exposition.

**HORTICULTURAL BUILDING** at the Panama-Pacific International Exposition. The building will be 630x293 feet and will be one of the most notable structures of the kind ever built, being composed almost entirely of glass; set in the west end of the south garden, opposite the Palace of Education, its glittering dome, 165 feet high, will be seen as one of the striking features by those who enter the exposition from the tropical south garden.

## FOR THE FLOOD SUFFERERS

The Santa Fe Railroad and the Wells Fargo Express Company will accept any and all donations intended for the flood sufferers, that packed properly, and deliver them absolutely free of cost.

This is as it should be, and while many people say that corporations have no souls, it seems as the two may have a heart at least, and are doing all that could be expected of them in this instance.

J. S. Stover, a drummer working out of Dallas, came in on the Monday morning train from Lamesa. Mr. Stover is representing the P. & O. Implement Co.

Mrs. R. E. Penny, of Lubbock, came down Monday evening on the train to visit her sister-in-law, Mrs. J. E. Stokes of the Tahoka Hotel, who has been sick for a week or more. Mrs. Penny returned home Tuesday morning.

Let us frame your diploma and promotion cards. Parkhurst's Broken \$ Store. 30-31

Mrs. F. G. Hackney and four children came in on the Monday evening train from Burleson, Johnson county, to make their home here in the future.

Joe Baldrige, the Spot Cash Man, wants you to bring in your eggs and chickens, he will give you the highest market price trade. 30-31

## NOTICE OF DISOLUTION.

We want the public to know that G. W. Snider, of the firm of Bigham & Snider, has bought out the interest of W. F. Bigham in said firm and the coal, grain, hay, salt and cake business will from now on be conducted at the same old stand by G. W. Snider. And we wish to invite all of our customers to continue their business with Mr. Snider. Thanking you one and all for the business given us in the past, we remain: Yours truly, W. F. BIGHAM, 31-1t G. W. SNIDER.

Miss Bess Madison sent a new hat to Lubbock Thursday, which made four to Lubbock this season. She has sent two to Post and several to Brownfield. No one need send away from Tahoka for their millinery; in fact, if they do they make a great mistake as "Tahoka made millinery" enjoys a "Plains wide" reputation. Every body buys in Tahoka when they want the best.

Ice in carload lots at the Cash Meat Market. 31-tf

Born, to Mr. and Mrs. Otis Napier, of south Tahoka, Thursday of last week, a daughter.

Barbecue, Tuesdays, Thursdays and Saturdays at the Cash Meat Market. 31-tf

Oscar King and Bob Traweck left for Post City Monday morning with two loads of drugs and sundries for J. M. McGill who is moving his drug business over there.

Messrs. R. E. King and Ira Weekly who had been over here attending the Fifth Sunday Meeting left for their homes in Post City Saturday.

Rev. and Mrs. J. P. Calaway went over to Post City Saturday evening. Bro. Calloway expected to preach for Rev. J. T. Howell of that place Sunday.

Rev. and Mrs. Nicholson, of Post City, who have been over here attending Fifth Sunday Meeting, returned to their home on the Monday morning train.

Grandma Standifer left for her home, about a mile southeast of Wilson, Monday morning on the north bound train, after an extended visit with her daughter, Mrs. J. N. Jones, of this city.

Mr. and Mrs. B. L. Shook, of Plainview, came in Saturday to attend the Fifth Sunday Meeting and visit relatives here. Mr. Shook says that everything is moving along nicely in Plainview and that they are confident they will secure the new railroad at that place.

J. W. Luttrell, of 12 miles southeast of Tahoka, sends the News to his brother J. M. Luttrell, of Harrold, Wilbarger county, for one year. Mr. Luttrell was up to see his brother recently, and says they have a fine farming country up there and every one is apparently prosperous.

Mr. and Mrs. J. M. McGill left on the Monday morning train for Post City where they will make their future home. Mr. McGill will be missed much from our business men, and it will be impossible to fill the place left vacant in our society circles by the departure of Mrs. McGill, however they are not going so far but that we hope to see them frequently. We them all success in their new home.

## GETS HAND BADLY LACERATED

Friday while working on a well on the Chambers place east of town which he has leased, Jack Blakenship met with a painful accident. He was busy with two of the boys pulling a sucker rod, the boys doing the pulling and Jack holding what they got with a monkey wrench. The rod was over 100 feet long and of large size being a two and a half inch outfit, was wet and heavy. The wrench slipped and without thinking how impossible it would be for him to stop it Jack grabbed the rod with his left hand. He says that if he had stopped to think he would have known that a dozen men could not have stopped the rod, but he did not wait to think, just grabbed the rod with the result that it slipped through his hand until the first joint caught it between the joint and the top of the pipe, tearing the flesh from his left fore finger and the palm of the hand. Jack said the rod was rusty and he was afraid of blood poison, but he let the wound bleed freely then wrapped some tobacco on the place tying it up with his handkerchief, until night when he came in and had some medicine put on it and it has pained him very little and seems to be doing all right.

New Stock of Roberts, Johnson & Rand Shoes just arrived at J. B. Keever's—All the latest styles in Mens' Ladie's and Children's low quarters. 31-32

Miss Annie Maeker, of Wilson, who has been visiting her sister, Miss Martha Maeker, at the Tahoka Hotel for a few days returned home on the up train Monday.

Have you seen the novel Pearl Handled Pens at Parkhurst's Broken Dollar Store? They are just what you want for a gift for father, mother, brother, sister or friend. Call and see them. 30-31

Walter Forrester of Lajalla, California, had his sister, Mrs. Roberts of North Tahoka, send The News to him for three months. He said he had "done with out The News just as long he could stand it and must have it again." Mr. Forrester made Lynn county his home for several years, long enough to get where he thinks old Lynn is hard to equal and we would not be surprised to see them return at any time.

## Progressive Farmer Urges Co-operation

Tahoka, Texas, 3-15-13  
Editor Lynn County News:

After many months of careful consideration, I have come to the conclusion that there is something seriously, and mysteriously wrong in Lynn county regarding her agricultural and financial prosperity. There is something wrong. And is there no way we can determine this trouble and remedy the cause. Oh, well, some one will say; if we could only get the rain they get back east, we could make paying crops every year, and every body would be prosperous, and able to meet their obligations. Yes, and if the dog hadn't stopped he would have caught the rabbit, sure. But, my friend, have you ever thought about it? We don't have the rain they have back east, and it is probable we never will. So we should begin to look around and see if there is not some way by which we can better our condition with the present rainfall. Conservation seems to be the all important topic now days. Conservation of timber, conservation of many things too numerous to mention; even conservation of moisture of the soil is talked of, but who is practicing it to a financial success? Very few, I say, in these parts. Now is it not possible that we can manage the rainfall in a way so as to get more profit out of it? Do we utilize every drop, and get some profit thereby; or do we allow a good part to run off, also a good part to evaporate through neglect of the soil, and noxious weed, etc.?

Now for a suggestion. Suppose all the officials and business men of the county, and farmers come together in a call meeting on some good Saturday for consideration of this matter; get our cold heads together and rub them until they get hot, and see what the result might be. Why didn't the dog catch the rabbit? Because he had no one to whoop him up. See? Let's get together and whoop thing up a while. The idea, first, is to get people out. Suppose we start a trades and show day. Let every official and business man offer some inducement to get the people out. Officials could offer something in some way. Each merchant could offer a few special bargains on that day; every body likewise could contribute in some way. There could be arrangements made for prizes on best pen of poultry, or stock, and all farm products. This would cause the people to bring their stuff out in competition with their neighbors, and would finally result in a greater desire for their own business and to produce better stuff. At each meeting we might have an hour or two set apart for the discussion of such matters as might be of most interest for the development and betterment of the country, such as: conservation of soil moisture, crops best suited to the country, how to plant, when to plant, and how to cultivate for best results. Finally this little thing might result in a county fair, that would be a credit to any county on the Plains. People, wake up; a great big honest effort might accomplish much; but without an effort we can expect nothing. "United we stand, divided we fall."

Co-operation implies equality of power and executive ability, and the power of co-operation is man's highest manifestation of intelligence and wisdom.—Commercial Secretaries' association.

Co-operation between the farmers of Lynn county and the business men of Tahoka is just what we are preaching, and the best way you can show your intelligence and wisdom is to come to the Lynn County Farmers' Institute and Tahoka Commercial Club meeting the 21st of April.

Don't think Mr. Farmer that you know it all, even about conditions and crops right here in Lynn county, for you don't and if you will come to the Farmers' Institute and Commercial Club Meeting April 21st, we believe you will learn lots of things that you do not know that your neighbors do know. There is fully as much to be gained from an exchange of ideas as there is to be gained from an exchange of personal property, and if you will come to the above mentioned meeting you will realize the truth of this fact.

Propper marketing is more essential than prize farming. The first benefits the masses the latter the classes.—Judge J. A. Lindsey.

What the farmers want to discuss Monday April the 21st, is better farming methods farming methods for Lynn county, and what the business men of Tahoka need to discuss is better marketing facilities for the farm products. It is an undisputable fact that if the business men of Tahoka will boost the farming business the farmers of Lynn county will boost the business of the Tahoka merchants. Let every man, farmer and merchant come to this meeting and make it a great success. We can do so if every one will do their part.

We know that the farmers are all busy, or at least should be busy if they are not, getting ready for the spring planting and sowing of crops. However we know there is not a farmer in Lynn county who cannot afford to take one day a month off to come to Tahoka and meet with the other farmers and merchants, and discuss means and methods for bettering farm life and marketing. So let every farmer who wants to get ahead of former years, come to Tahoka Monday April the 21st and take an active part in the meeting of the Lynn County Farmers Institute and Tahoka Commercial Club which takes place on that day.

Last week and the week before we published an article from the able pen of the president of our Farmers' Institute, written with the intention of arousing the people to the fact that they were wasting opportunities for betterment. This week we publish another article along the same line written at the same time by another farmer in another part of the county, infact almost on the other side of the county. The two articles were written at the same time by men who knew nothing of the fact that the other was intending to write; written by men who hardly know each other; but both written by men who think, and are willing to spend their time and energy to help the advancement of their fellows. One of these men was a subscriber to The News, the other was not and did not see the

article written by Mr. Anthony until after he had brought in the letter he had written. This is a very interesting and encouraging fact to us as it shows that all the people of this county are not asleep, and where one or two men are awake and on the watch, others will be aroused, we hope in time.

Tomorrow, Saturday April the 5th, is school trustee election day in every precinct in Lynn county. If you have not already made up your mind as to who you think will make the best trustee in your precinct it is time you sat down and figured it out. It will do no harm if you ask your wife's opinion on this very important subject. Get up early in the morning and go vote as soon as possible so the managers can get through counting; it is just as easy for you and much better for them. When you are figuring on whom you will elect as trustees, try and elect a board that can work in harmony, for they will accomplish much more good if all can agree on most subjects. Let's show the world and each other that the whole people of Lynn county are alive and ready to do their duty: That they believe in good schools for their children, and know how to go about it to secure the desired results. Here in Tahoka, we have nothing but commendation for our present board, who have done all they could this year; however we must continue to improve. We must have a board that will carry on the good work; fence in the school grounds, plant trees, install modern heating apparatus, institute an agricultural system or model farm in connection with the school; in fact, keep fully abreast of the times. Don't be a piker, come out, vote your sentiments, be satisfied with the result and back the board up in every thing that is for the right.

Do you know that Tahoka and Lynn county has won nation renown? It is a fact and that without knowing it or intending to do so. Three years ago Will Montgomery received from seed house that he was not even in the habit of dealing with and whose name he has forgotten, a package of "Winter Muskmellon" seed. For three years he has grown some of these melons for his own use and but few even of his nearest neighbors have known anything about it. Some weeks ago some one wrote an article in the "Country Gentleman," and in that article mentioned the fact that farmers of Lynn county were raising "Winter musk mellon," describing the melon as being excellent eating and good only after being mellowed by being stored away for several weeks after being gathered. The result of this three or four line notice in this paper has been that the postmaster, Jack Alley, has received letters from practically all over the United States, some of them containing money for the purchase of seed of this wonderful melon. All of these letters Mr. Alley has turned over to Mr. Montgomery who has sent seed to so many that he has hardly enough for his own use, and has had to stop sending out any more although he gets many insistent letters begging for seed. Mr. Thomas, the Santa Fe agent at Tahoka, has received a letter from headquarters asking all kinds of questions about this wonderful melon being grown in Lynn county, the railroad company having received letters of inquiry from California and other distant states. It is possible that we have other farmers in the county who are growing this melon, and if there are we would be pleased to learn their names, for the demand for seed and information is very great. Come to the Lynn County Farmers' Institute and Tahoka Commercial Club meeting April the 21st and hear Mr. Montgomery tell all about this melon.

one of the largest mercantile, banking and manufacturing concerns of this city will be accompanied by a big brass band to furnish music for the occasion. The itinerary of the Chamber of Commerce trip embraces two thousand miles in the Panhandle and Pecos Valley country and a visit to more than eighty cities. The purpose of the trip is to acquaint the members of the party with the marvelous progress of the coun-

## 39th T. S. S. C.

was elected delegate to the thirty-ninth Annual Texas Sunday School Convention, (of all denominations), at Waco, March 25-27. I left Tahoka Monday the 24th and arrived at Waco, Tuesday, at two o'clock p. m.

Robert H. Coleman, State President, of Dallas, presided over the convention. This was said to be the greatest convention in the history of the Texas Sunday School Association. The attendance at all services was from four to six thousand Sunday School workers from all parts of Texas. Every item on the program was of the greatest talent of all denominations of Texas and other states, as well as international in being there. The workers of the International Sunday School Association present were Mrs. Mary Foster Brynee, said to be the world's greatest Sunday School woman, and William C. Pearce. The song service was conducted by E. O. Excell, the world's greatest leader of song, and in itself was worth the trip.

While it would be impossible to tell of all the subjects discussed, let me try to mention a few of them. Dr. W. B. Spillman, from North Carolina, on the "Big Boy" (from 12 to 18 years of age) was especially interesting and instructive. He stressed the points that at this age, especially, the teacher should be the sympathetic friend of the boy; and that the school should never let him get away from its influence, during this important period of his life.

Also Dr. Spillman's "Trained Teachers And the Need of the Hour," was of great interest. He showed that trained and consecrated teachers was the greatest need of the Sunday School today. In connection, that the teacher should have a purpose in teaching, and that purpose to ultimately bring the pupil into the Kingdom of Heaven. In connection with the address on Teacher Training about two hundred, who had finished a training course during the past year, were presented with diplomas by William C. Pearce.

"Co-operation, the Triumphant Note of the Hour," by Rev. J. Frank Smith, Dallas, and others, was a great message. These speakers especially insisted that we should have the co-operation of the officers and teachers of the school, the official board and the fathers and mothers, in the Sunday School work.

## THE LAW AS TO UNPAID SUBSCRIPTIONS

The Caldwell (O.) by Mrs. Rogers B. Kenedy in an address on this subject.

One of the greatest things of the Convention was Dr. P. H. Welchmer's relation of his experience in the Sunday School work. I had heard that Dr. Welchmer's school in Canton, Ohio, grew from 200 to 4300; and had often wondered that such a thing should be possible; but after I heard him tell his eleven years experience as Superintendent, with co-operation of his Official Board of fifty-four consecrated Christians, all members of his Bible class, and the assistance of his ninety-three trained teachers, all consecrated, none of whom ever attend a dance, a card party or anything of the kind, and none of them ever missing a service of the Church, when it is possible for him to attend, and all doing organized missionary work for the school, I thought that surely this was one of the marvels of Sunday School work. Dr. Welchmer said that the attendance at his school Sunday before last--during the great flood in Canton--was twenty-eight hundred. "I could not but think, what an influence for good in Canton must be the life of this great man, and how great must be the influence of such a Sunday School, with its consecrated Board and teachers and large membership, and what a force for good in the town his class of sixteen hundred young men. Surely, when this man comes to the Home Beyond, his will be a crown of many stars.

Another very helpful and practical part of the Convention was the numerous Worker's Conferences, led, in every instance, by specialists. On Wednesday night there was the Roll Call of Counties; and your delegate received quite a cheering, when it was known that Lynn County had sent a representative four hundred miles to the Convention; only one man, from El Paso county, had traveled farther.

The Great Parade of Five Thousand Workers, through the streets of Waco, on Thursday afternoon, with their Sunday School banners, and the band playing appropriate music, was indeed a thrilling sight.

At this Convention I got a conception of the real International Sunday School work. It was like a foretaste of Heaven to see the harmony and fellowship existing between all denominations in this work. It was only in the denominational conferences that it was possible to distinguish denomina-

**ARCADIAN**  
AMERICA'S BEST RANGE

The Arcadian is a perfect baking range, and stays a perfect baker for a lifetime because it is built like a locomotive boiler. Built of malleable iron and charcoal iron riveted together instead of being bolted together. Made airtight without the use of stove putty to crumble and fall out, as happens in cast iron and so-called steel ranges, allowing false drafts to fan the fire or deaden it.

The Arcadian Range will never have false drafts--it will always do perfect baking, using a third less fuel than common ranges.

Never need to use blackening--a rub with an oil cloth makes it appear like new. It pays for itself over and over in the fuel it saves, to say nothing of the way it makes a woman's work easier and allows her to do perfect baking.

THE ARCADIAN IS SOLD BY US.  
We invite you to call as we wish to demonstrate the value of this range to you.

## Fattening Cattle In the Panhandle

More fat cattle have come out of the Panhandle this winter than ever before, and of course they have sold at record prices. Chas. Heck, of Tulia, had a shipment in Kansas City March 18th, which included 18 yearlings, 671 pounds each, at \$8.40; and nine cows, 1013 pounds average, at \$7 per hundred pound. On March 27th M. L. Steel, of Groom, sold 100 head of 1225 pound steers in Kansas City at \$8.25 per hundred pounds. Increase in cattle feeding in the Panhandle has been rapid since the introduction of the silo, which permits of storing the crops and thus getting every ounce of benefit from them, nearly half of which feeding value was formerly dissipated to the winds. Mr. Steel, whose shipment is referred to here, erected a 300 ton capacity silo last year, which he filled with Kaffir Corn. He fed the steers mentioned for about 100 days, giving 30 pounds of silage and 4 pounds of cotton seed meal, and a little ground maize, per day. The steers gained 225 pounds each in the 100 days of feeding. Speaking of the possibilities of the silo, Mr. Steel said, when in Kansas City, "So we did this experiment turn out that I will build more silos this season, and next fall will have 1200 tons on of the feed on my ranch. This little experiment plainly shows how we can fatten and finish our cattle right at home and do it at less expense than it can be done up here in the corn belt."

I felt that I have received great instruction and inspiration in attending this Convention, and I wish to thank all who had a part in making it possible for me to attend; and I return hoping that we may resolve to do better work in the future than ever in the past. Let us co-operate as Superintendents, teachers and workers, to make the Sunday School work of Tahoka and Lynn County really count for something. And I, as Superintendent of the Methodist school, joined by the workers from the other schools, heartily invite you, our friends of Tahoka, who are not in some Sunday School, to come into the school of your choice; and we will honestly strive to help you. Come and be one of us.

And, my Christian friends, pray for me, as Superintendent, that I may discharge my duties and live

the life of a Christian, that I may be instrumental in helping some one to a better life.

Sincerely,  
J. N. THOMAS.

Tom Higgins began working for G. W. Snider, the coal and grain man Tuesday morning of this week.

### Sheriff's Sale.

The State of Texas } In the District  
County of Lynn } Court of Lynn  
County, Texas. }  
Mrs. C. A. Keith, Plaintiff, vs. D. W. Harris, Defendant.

Whereas, by virtue of an order of sale issued out of the District Court of Lynn County Texas, on a judgment rendered in said court on the 11th day of March A. D. 1913, in favor of the said Mrs. C. A. Keith, and against the said D. W. Harris, No. 125 on the docket of said court, I did, on the 20th day of March A. D. 1913, at one o'clock p. m., levy on the following described tract and parcel of land, lying and being situated in the County of Lynn and the State of Texas, as the property of the said D. W. Harris, to-wit: Survey No. 49, Certificate No. 660, Block No. 8, E. L. & R. R. Ry. Co. containing 640 acres of land; and on the 6th day of May A. D. 1913, being the first Tuesday in said month, between the hours of ten o'clock a. m. and four o'clock p. m. on said day at the court house door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said D. W. Harris, in and to said property.

Dated at Tahoka, Texas, this the 20th day of March A. D. 1913.  
J. H. Edwards, Sheriff, Lynn County, Texas. 30-32

### Notice of Sale of Real Estate Under Execution

The State of Texas } In the District  
County of Lynn } Court, Lynn  
County, Texas. } W. E. Henderson vs. T. J. O'Donnell, et al.

Whereas, by virtue of an order of sale issued out of the District Court of Lynn County, Texas, on a judgement rendered, in said court, on the 12th day of March A. D. 1913, in favor of the said W. E. Henderson, and against the said T. J. O'Donnell, C. H. Doak, J. T. Halley, R. L. McCauley, E. Q. Daniels, H. E. Baldridge, C. E. Brown, L. G. Philipps, W. A. Wammack, O. G. Kelley, G. M. Clayton and the Pecos & Northern Texas Railway Company, No. 84 on the docket of said court, I did, on the 20th day of March A. D. 1913, at six o'clock p. m. levy upon the following described tracts or parcels of land situate in the County of Lynn and the State of Texas, levied on as the property of the defendants T. J. O'Donnell and C. H. Doak, to-wit: The South Two (2-3) Thirds of Section No. 53, Block No. 8, Cert. No. 667, issued to the E. L. & R. R. Ry. Co. except that portion of said land which is now owned, used and occupied by the Pecos & Northern Texas Railway Company as its right of way; and on the 6th day of May A. D. 1913, being the first Tuesday in said month, between the hours of ten o'clock a. m. and four o'clock p. m. on said day, at the court house door of said County, I will offer for sale and sell for cash, at public auction, all the right, title and interest of the said T. ## Fifth Sunday Meeting Brownfield Ass'n.

The Fifth Sunday Meeting of the Brownfield Association met with the Tahoka Baptist Church on Thursday night before the fifth Sunday in March. Introductory sermon by J. T. Nicholson, of Post City. A small crowd attended the first service but the numbers increased as the meeting progressed. The attendance by the people of Tahoka and Lynn county was good and quite a number from adjoining counties were present. Among the visitors were the following ministers: Rev. B. F. Dixon, of Brownfield, missionary for this district; Rev. J. T. Nicholson, from Post city; Rev. L. T. Grumble, from Lubbock; Brothers Miller, Hatchett and Izard, all of Lynn county. Also other visitors from Post City; Brother Weekly, Brother King, and Mr. and Mrs. May and some others from other places.

Many interesting and important subjects were discussed by the different brethren. Every one was at liberty to express his opinion on any subject on the program. All questions of importance to the Baptist work of this district were discussed.

The program of Saturday March 29th was very interesting. Quite a number of the Old Baptists attended the 2 p. m. service led by J. T. Nicholson. Subject, "Who Are the Primitive Baptists?" Strong arguments were made which resulted in the Proof that the Missionaries are the original Primitive Baptists. This was proven by the scriptures and also by the Minutes of the Old Baptists adopted by their association.

Sunday was a great day. The ten o'clock hour was taken up by a Sunday School Mass Meeting led by Rhea Skinner. Several interesting talks were delivered and the meeting was enjoyed by all. Every one felt that he had been benefited by the hour. Preaching at 11 a. m. by L. T. Grumble, Subject, "The Commission" as given in Matthew. He excused himself by saying that the good people had been so generous and

fed him so well that he wasn't really at himself. After listening to his masterly discussion of the subject the people could testify that the good treatment was preparator to the good work accomplished during the hour. Following the sermon was a collection for Associated Missions, resulting in \$108.10, a great part of which was paid in cash.

The meeting closed Sunday night with a sermon by Bro. J. T. Ficholson. Everyone went away feeling that great good had been accomplished by the meeting and that man blessings will result from the work done.

## Are You Nervous?

What makes you nervous? It is the weakness of your womanly constitution, which cannot stand the strain of the hard work you do. As a result, you break down, and ruin your entire nervous system. Don't keep this up! Take Cardui, the woman's tonic. Cardui is made from purely vegetable ingredients. It acts gently on the womanly organs, and helps them to do their proper work. It relieves pain and restores health, in a natural manner, by going to the source of the trouble and building up the bodily strength.

**TAKE CARDUI The Woman's Tonic**

Mrs. Grace Fortner, of Man, W. Va., took Cardui. This is what she says about it: "I was so weak and nervous, I could not bear to have anyone near me. I had fainting spells, and I lost flesh every day. The first dose of Cardui helped me. Now, I am entirely cured of the fainting spells, and I cannot say enough for Cardui, for I know it saved my life." It is the best tonic for women. Do you suffer from any of the pains peculiar to women? Take Cardui. It will help you. Ask your druggist.

ALAMO HEROES MONUMENT

## ALAMO HEROES MONUMENT TO BE HIGHEST IN WORLD

THIS GIGANTIC MONUMENT WHICH IS TO BE 85 FEET SQUARE AT THE BASE, 802 FEET HIGH AND COST \$2,000,000 IS BEING BUILT BY PRIVATE DONATION

The First National Bank, of Tahoka, during the last week received tickets issued by the Alamo Heroes' Monument Association, in the interest of the campaign for funds to erect a wonderful structure in memory of the noble men who gave up their lives in defence of the Alamo while fighting for the liberty of Texas.

The citizens of San Antonio, where the monument is to be erected, are contributing liberally to this cause, and it is probable that no less than one million tickets will be sold in that city, but this is a monument which will eventually become the property of the State of Texas, and it is deemed fitting that every Texan shall have a part in its erection and there by feel a personal ownership in it, so tickets have been distributed throughout the State and every Texan will have an opportunity to purchase them.

This monument will be 802 feet high, the highest in the world, and will cost Two Million Dollars. It will be 85 feet square at the base, and the first four stories, rising to a height of 75 feet, will contain a museum, art gallery, an auditorium that will seat several thousand persons, rooms for each of the different patriotic societies, including the daughters of the Republic of Texas, the Daughters of the Confederacy, the United Confederate Veterans, the Grand Army of the Republic, The Spanish War Veterans, and the Society of Native Texans, above these halls will be located a room for

each county in the State in which may be maintained permanent historical and art exhibits. Means of ascent will be furnished by four large elevators. At different height large galleries will be erected, capable of holding about fifteen hundred persons, from which the country may be seen for many miles in every direction. The dome will be offered to the United States Government in which to maintain an observatory.

The lobby will be a world wonder and unique in its construction being 50 feet high, its center forms a well hole 8 feet in diameter, rising to a height of 700 feet where the Texas Lone Star will be set in the ceiling, brilliantly illuminated.

Admission to the lobby of the monument always will be free, but to ascend to the upper portions of the shaft and to visit the museum, art gallery, etc., \$1.00 will be charged except to holders of the tickets now being sold at Fifty Cents each for the construction fund. These tickets will not only entitle the holders to visit every part of the monument, but also carry the privileges to each holder of enshrining his or her name, residence and birth place in a roll of honor to be preserved in the Alamo monument museum.

Any person may obtain from his bank as many of the tickets as desired at Fifty Cents each, and know when purchasing them that not only will the money be expended in a noble, patriotic cause, but will eventually be the means of enlightenment to the people of this State and the whole civilized world in the history of our State.
