Flies, A Nuisance

New York Board of Health

Flies are the most dangerous insects we have. They are much more dangerous than bees or hornets; these may sting you, and the sting is painful, but you soon get over the pain. Flies do much more harm than this. They walk over filthy places like sewers and garbage cans, and after eating the filthy food which they find there, they come into your house and walk on the food you eat, carrying on their feet the tiny germs which live in filth just as you live in a house. These germs are not only filthy and disgusting, but many of them cause such diseases as typhoid fever, cholera infantum and summer complaint. When the flies bring them from some dirty place to your food or leave some of them when they crawl on your face or hands, you may swallow these germs without knowing it and be taken ill with one of these diseases. So the fly that seems so harmless may do you much more harm than a bee or hornet.

Your parents should place screens at their doors and windows during the warm weather to keep the flies out of the house. If they cannot screen all the rooms, they should screen those in which food is kept; and if anyone is sick in the house, flies should be kept from the sick-room, so that they may not carry germs from the sick person to the rest of the family.

Children may help keep flies from swarming in and around houses, and from carrying germs of sickness from one person to another. In the first place, they should not buy candy, fruit or other food which is left in front of stores or anywhere else where flies may feed and walk on it. Flies lay their eggs chiefly in stable manure, and if this is left without screens or other covers to keep the flies away, great numbers will be hatched in every stable. If you know of stores where food is not covered from flies, or of stables that have swarms of them around, get your father or mother to write to the Board of Health about them, and the stable-men obey its rules. But before you report other people for being careless and dirty and so making it possible for flies to become a nuisance, be sure that your own house is clean, and that no garbage-cans or boxes are left uncovered to attract flies.

If you and all the people you know will follow this advice, there will not be nearly so many flies to plague you in hot weather, and there will not be nearly so much sickness and death, especially among children, as now.

Keep the flies away from the sick, especially those ill with contagious diseases. Kill every fly that strays into the sick room. His body is covered with disease germs.

Do not allow decaying material of any sort to accumulate on or near your premises.

All refuse which tends in any way to fermentation, such as bedding, straw, paper waste and vegetable matter should be disposed of or covered with lime or kerosene oil.

Screen all food.

Keep all receptacles for garbage carefully covered and the cans cleaned or sprinkled with oil or lime.

Keep all stable manure in vault or pit, screened or sprinkled with lime, oil or other cheap preparation.

Cover food after a meal; burn or bury all table refuse.

Screen all food exposed for sale.

Screen all windows and doors, especially the kitchen and dining room.

Don't forget, if you see flies, their breeding place is in nearby filth. It may be behind the door, under the table or in the cuspidor.

If there is no dirt and filth there will be no flies.

Charley Donaldson and family returned Sunday from a visit of several weeks to Mr. and Mrs. Carter, Mrs. Donaldson's parents. They report a very pleasant trip, beautiful weather for traveling only being subjected to the discomfort of one rain.

Mr. and Mrs. Carter and Miss Ada returned with them and will spend a couple of weeks.

Mr. Donaldson and Mr. Carter, who is an old friend of the News paid us a very pleasant call Wednesday afternoon. We were delighted to see him, as he was one of the first of our acquaintances after we came to Tahoka.

Mr. and Mrs. Wilkes and Mrs. Duckworth passed through Tahoka Friday enroute for Lubbock, where they will attend the big tent meeting being held at that place under the auspices of the Baptist church. The services are being conducted by B. H. Carroll of Waco, and Rev. Martin of Miles. All who attend are having a treat to some very fine preaching.

Miss Annie's Party

Miss Annie McLarry of Lubbock, came down Friday to visit her friend Mrs. Roberts of Tahoka.

Miss Annie entertained the children who were once pupils of hers, at a party and ice cream spread Saturday morning from nine until eleven. Ice cream, cake and water melon was served greatly to the delight of the small participants. Miss Annie was very much disappointed because she failed to see some of her little friends. All those who could be notified by phone were present.

A kodak was procured and a number of pictures taken of the little folks in different positions.

Those present were, Misses Rescola McDaniel, Lessie Shook, Christine Swan, Bessie and Isabel Crie, Orene Millman, Maggie McLoud, Hazel Alley and Viola Roberts, Masters Henry McDaniel, Herman Hutto, Buford Swan, Robbie McReynolds, Oscar Roberts, John Ernest Whipp, Roscoe Roberts and Richard Crie.

The party took place at the home of Mrs. Roberts where Miss Annie spent her time while in Tahoka.

Rev. Bolinger filled his appointment in Tahoka Sunday.

Pair of nice match horses for sale or trade for cattle.—H. C. Hickson.

Mr. Clayton of Jack county is here visiting his brother G. M. Clayton, he will probably remain sometime.

FOR SALE—One buggy and harness. Almost new. A bargain.—J. T. Howell, Tahoka. 8-28-9

Mrs. Brown Bishop, of Draw, accompanied by her sister, Mrs. Stice, was in Tahoka Tuesday afternoon.

H. C. Smith of Terry county is in town this week visiting friends and attending the railroad boom.

Mr. and Mrs. Ernest Reed of Lubbock were down Sunday to visit Mrs. Reed's parents, Mr. and Mrs. McCarty.

Mrs. Scott and little son of Draw community were in town Saturday visiting her parents, Mr. and Mrs. Metcalf.

LOST—One horse mule two years old with halter and one yearling mare mule, both black, not branded, liberal reward for them.—B. H. Cade, Tahoka, Texas.

R. L. Alexander, of Anson, was in Tahoka Wednesday enroute for his home. He has spent some time prospecting on the Plains.

A. M. Thomas and wife of Ennis, are here visiting their son, Clifford Thomas. They are accompanied by their daughter, Mrs. Collier, of Post City.

Miss Annie McLarry of Lubbock returned to her home Saturday morning accompanied by Miss Viola Roberts of this place, who will go with Miss Annie's party to Canyon City to attend the old Soldiers' reunion at that place, they will then go to Amarillo for a few days with friends and relatives.

Mrs. Dr. Rump of Post City was a pleasant caller at the News Office Saturday, she was on her way to Dallas where she will spend a few weeks with friends.

Mrs. Rump will join Mr. and Mrs. W. E. Porterfield in St Louis in September, where she expects to buy a full line of millinery goods and hats.

Mrs. J. D. Donaldson and children returned Sunday morning from a two months visit to Moody where she has been to visit friends and relatives. Mrs. Donaldson tells us it is very hot and dry down there.

Mr. and Mrs. J. P. Manly, who have been visiting Mrs. Manly's parents, Mr. and Mrs. J. V. Dyer, returned to their home in Donley county last Saturday. They have been in Lynn county for several weeks, the first time since they left here nearly three years ago.

The Atchison, Topeka and Santa Fe Railway System

Railway Exchange Building, 9 Jackson Boulevard, Chicago

W. B. Storey, Jr. CHIEF ENGINEER'S OFFICE

Chief Engineer System Chicago, Ill., 8-18-'09

Mr. T. J. O'Donnell, Lamesa, Texas,

Dear Sir:—

For and in consideration of, the assignment to The Pecos and Northern Railway Company of certain instruments of contract by which citizens of Dawson and Lynn Counties obligate themselves to pay you certain sums of money, and to deliver to the Santa Fe Railway System a complete right-of-way and station grounds, it is hereby agreed that said The Pecos and Northern Texas Railway Company will amend its charter so as to permit the building of a branch line to the town of Lamesa, in Dawson County, by way of the town of Tahoka, in Lynn County, and that surveys will be immediately begun and that a railroad will be constructed from a point on the line now under construction between Lubbock, in Lubbock County, and Coleman, in Coleman County, Texas; said line to Tahoka and Lamesa to be completed within one year after the complete right-of-way as called for by the Railway Company is furnished.

Very respectfully yours,
THE ATCHISON, TOPEKA & SANTA FE RAILWAY SYSTEM,
By W. B. Storey, Jr., Its Chief Engineer.

Appoints Committee.

By virtue of the mass meeting Tuesday afternoon W. D. Nevels, J. R. Chambers and Jno. P. Marrs were appointed a committee to collect and hold the notes until needed.

The right-of-way committee were W. D. Nevels, W. S. Swan, S. N. McDaniel, E. D. Skinner, C. E. Brown, T. M. Bartley, H. M. Larkin, Dr. J. W. D. Davis.

The meeting was enlivened by a speech by Mr. O'Donnell telling of his trip to Chicago, accompanied by C. E. Brown of Tahoka. Mr. O'Donnell read the letter which is printed above, stating that the Santa Fe is going to build a road through Tahoka and Lamesa from some point on the Texico Cut-off between Lubbock and Coleman. A letter of this kind from the powers that be, makes us feel that out road is a sure thing of the near future.

Dr. Davis made a fine speech in which he carried his audience to the highest pitch of enthusiasm. We are proud to have such a speech made by a man who lives in our county. Mr. O'Donnell thanked the business men and citizens of our county for the way in which they had seconded his efforts in securing the road.

Mr. O'Donnell left when the meeting closed for Lubbock and Amarillo to start the surveyors to work on the projected line.

San Saba to have road.

San Saba county has done without a railroad longer than any county in Texas that produces like it does. As we see it, and as we believe every right thinking man ought to see it, San Saba county is presented with a plain business proposition and if she does not accept it there is no need for her citizens to ever mention the railroad question again. The railroad doesn't have to come and in all probability it never will come without some inducement. Railroads enhance land values wherever they are built but they don't force themselves upon an unsuspecting public very often. The man who sits idly by expecting something for nothing usually has to be contented with nothing. Land within five miles of the proposed route that is now valued at \$20 per acre, will be increased at least one-fourth as soon as the road is complete. Any man knows this to be true that has ever observed the effect that railroads have on countries. It is said that three per cent of real estate within five miles of this proposed route will be more than the required bonus. Let that be as it may, San Saba county can and will give \$75,000 bonus and right-of-way for fifty miles of railroad in the county touching the towns of San Saba,

Harkeyville and Richland Springs, if they want a railroad at all. Let's have a railroad this time, or quarantine the county any and all invasions by any man, woman, or child whomsoever that makes known the fact that he, she or it, ever was, is now, or ever will be connected with any railroad that ever did, does now, or ever will exist. Let us pray. Eye-Witness.

Capital News Letter.

Austin, Texas, Aug. 23. Somewhat unexpected but none the less gratifying was the action of the automatic tax board last week in fixing the state ad valorem tax rate for the year at 5 cents on the \$100 valuation, a reduction of 1-4 cents from the present rate. Since Governor Campbell was inducted into office his every effort appears to have been directed towards a reduction of this tax rate and each year he has brought it down. The school tax rate of 16 2-3 cents on the \$100 valuation was left unchanged. The reduction in the ad valorem tax rate is due to the surprising increase in the taxable valuation of the state, being placed at \$2,300,197,597, being the total of the estimated valuations for the year received from each county tax assessor, showing a gain of \$126,075,581 over last year. Added to this increase in values is the fact that the Waters-Pierce Oil Company fine of \$1,718,099.14 was taken into consideration, being counted in the general revenue fund contrary to the ruling of the attorney general. The state board of education has fixed the per capita apportionment for the year at \$6.25, a decrease of

A small cyclone and cloud burst struck Rotan August 14 about four o'clock in the afternoon, and as a result one man R. A. Clark was killed and several hurt, while the Presbyterian church, livery stable, gin and several other houses wrecked and 500 feet of Texas Central track washed away. The storm only covered four or five miles.

The Moist Wedding

Wednesday evening, Aug. 18th Mr. John Penney, of Lubbock, and Miss Myrtle Hudson, of Dickens, were married at the Baptist church in Lubbock. The young people attended a baptizing at the Baptistry, and when the preacher ascended the steps coming up out of the water, Mr. Penney presented his license with the request that the ceremony be performed immediately. This is the first time we ever heard of the beautiful rite of Baptism and the no less beautiful marriage ceremony being performed so nearly at the same time. Quite often tears are an accompaniment of the solemn words which bind two loving hearts together, but these young people chose a different kind of moisture as a benediction on their union.

We hope for them a long, happy life, with more sunshine than showers. And may the beginning they have made ever hold good, and their pathway never be crossed by a drouth of any kind.

Mr. Penney is one of the most popular young men of Lubbock, and Miss Hudson is a charming girl, of whom any man may be proud. Their many friends join in wishing them much joy.

50 cents from last year's apportionment. This is based on an approximate \$6,000,000 available fund and 948,944 scholastics in the state. Comptroller Stephens thought the apportionment could not safely be made more than \$6. The governor believed the board justified in making it \$6.50, but compromised on \$6.25 because of the probable decrease from liquor licenses due to the many restrictions placed upon saloons by the Robertson-Fitzhugh liquor law.

In a statement just given out by the railroad commission, showing the comparative earnings of the railroads of the state for the twelve months ending June 30, 1900, the gross earnings are placed at \$88,720,512., an increase of \$7,773,907 or 9.60 per cent over the previous twelve months, and the operating expenses are placed at \$66,938,527., a decrease of \$754,094 or 1.11 per cent. This shows the increased income of all the roads to have been \$8,528,003 or 64.34 per cent. In view of the probable very short cotton crop this year it is not expected that the railroads will be able to maintain this favorable showing.

Pompeo Coppini of San Antonio, who has already acquired fame as a sculptor throughout the country, has been awarded the contract for the monument to be erected at Huntsville in memory of General Sam Houston, for which purpose the 30th legislature appropriated \$10,000. It is to be mammoth size equestrian figure and is to be entirely of Texas granite from the Llano quarries. It is expected that the work will occupy about two years.

Joseph S. Myer, of Fort Worth who has been named by the governor as state Labor Commissioner, proposes to begin at once an inspection of the factories throughout the state in the preparation of a report relative to the conditions of these industries. The law creating this office gives him exceptional authority in issuing subpoenas and taking testimony, so that his investigations should be very thorough.

The dream of the 5,000,000 Club, headed by John H. Kirby, for a population of 5,000,000 in Texas in the year 1910 appears to have been anticipated if the ratio of six persons to each scholastic is correct, for figuring on this basis the population of the state at this time is shown to be 5,693,664.

Comptroller Stephens announces that the county judges throughout the state are derelict in making returns of the recent constitutional amendments election, less than one hundred having so far reported, and he proposes to enforce the penalty provided by the Terrell election law if returns are not soon forthcoming.

In the neighborhood of four thousand permits for liquor licenses have been issued by the comptroller's department, most of them being renewals of old licenses. Applications for permits for new saloons, now coming in, and being scrutinized with great care and many are being refused. A suit filed in Austin the past week by a lead-

The National Game

Concluded from last week.

The Second Baseman of the Philadelphia team is a Harvard man; a graduate both of the University and the Law School—Holds the degree of A. B. from the University and L.L.D. from the Law School. Off the Diamond he is a dignified lawyer. Boston claims him, for his practice is there, but his home is in Franklin. He is a bachelor, unless recently married; well to do, and popular, and considered "a good catch." His name is Edward Grant.

The Manager of the Detroit Tigers could get anything he wanted from Detroit by asking for it; and get it without asking if they only knew he wanted it. Detroit thinks she owns him because he manages her Ball team, but he does not live there—His home is in Scranton, Penn., where he has a lucrative law practice. Next to Chance, of the Cubs, he is the best Base Ball Manager in the field, and many think one is as good as the other. That is Hugh Jennings.

Another Georgetown University man is Guy Harris White, Pitcher for the Chicago Americans. He, too, is an up-to-date business man, who, when not out with the team in the field, conducts a remunerative sporting goods business in Washington, D. C., his home.

Hans Wagner, considered by many the best of all Base Ball players, is a member of a Pittsburgh club. He has the agency for a big automobile manufactory, and draws a large salary. Some little time ago, he, with his brother, purchased a circus outfit, which is bringing him in good money. A favorite with all ball men, he has few intimate friends, save the playmates of his childhood, who have grown to manhood with him.

These are only a few of the College men who are in professional teams to-day, but more are going in every year. All are gentlemen in every sense of the word—Men whom anyone should be proud to know. The time has gone by when to be a Professional Ball player is a disgrace.

ing wholesale and retail druggist to test the provision of the law which requires druggists selling liquor to less than one gallon not to be drunk on the premises to give bond, forbid minors entering their places of business, and close their establishments on Sundays and election days, as required of the saloons, will be watched with interest as it affects druggists throughout the state.

President William H. Taft's neglect to include the capital of Texas in his itinerary on his Western and Southern trip appears to be resented by Governor Campbell, who believes that the visiting chief executive of the nation upon visiting a state should call upon the chief executive of that state at his official home. In consequence it is very unlikely that the governor will go to St. Louis and accompany the President's party down the Mississippi river as he has been invited to do. The governor will, however, attend the meeting of President Taft and President Diaz, at El Paso, regarding that as a function which occurring on Texas soil, should be attended by the governor of the state.

FRIDAY, AUG. 27, 1909.

We see by the Brownfield Herald, that the Rock Island has bought the C. H. & G. and will proceed to build through that place. "The more the merrier," is our motto, and it now looks as if the Plains would soon be a network of railroads.

We hear a great deal about the Santa Fe gobbling up the Plains country. We wish to say that Tahoka and Lynn county would admire to be gobbled up at the earliest convenience of the Santa Fe or any other old railroad system. Our town and county, have been away up to the front, when ever any railroad proposition was made, and we are going to stay right there until the gobbler comes along and gobbles us. We have done our best to be a tempting morsel, and our hopes are very bright at the present.

Air Ship College

The Government is going to establish a college of aeronautics for the purpose of equipping a fleet of airships and having men to handle them. They will want a very large tract of level land as practice ground, the papers say, as much as 100 acres.

Why not locate the experiment station on the plains, where they could have 100 miles of level land or more if the "Wrights" thought that was not enough.

"Uncle Sam" believes in riding on the front seat of the band wagon. We don't know what will come about, to engross the attention of the makers of war implements. The seas have been equipped with everything to make war terrible and make our enemies tremble in their boots. Now the air is to be invaded and conquered any foe who dares invade us from any direction.

It makes us tremble to think what would be the result if war should break out. There would only be men enough to furnish target for one round of performances, of all the war engines now perfected and in process construction. It has its advantages, a war would soon be over and not much time wasted.

Speaking of Bells as a local option town, you can depend upon it but that don't keep spirits out of the wells. One party north of town was cleaning out a well and found three bottles of pop as good as Mike Sweeney ever sold which has been in the well for twelve or fourteen years. Another man was cleaning out a well west of town, Thursday, and found two bottles of stuff that made Milwaukee famous, which he drank, and said, although it had been buried in the well over ten years, it was as good as any had ever drunk lately. The result is, almost ever one near their wells. We omit the names for fear we might get some person in trouble over violating the local option law, as we understand the law is now that you shall drink your own beer only.—Bulletin.

We are even later than usual this week on account of our paper stock ran out and we only got this in Friday noon.

GOING TO MARKET.

We are going east in a few days to lay in our Fall and Winter stock and the people of Lynn and adjoining counties may rest assured that our purchases, while in the market, will comprise all of the latest, newest and most fashionable things, in every line of goods we handle. We consider our reputation at the stake and shall only buy the very best. Our stock of millinery will be the largest we have ever handled and we shall ransack the markets of St. Louis, Chicago, and New York to give our trade the best and newest things of fashionable wear.

We do not buy or handle any job lots, but select everything we buy in order to please our trade.

In selling, our motto: Satisfaction guaranteed. In buying: The task is none too good. Jack Alley Company, West side the Square.

Invited to Big Springs

We are very desirous of having you people with us during the Chautauqua, Sept. 16-20. Mr. Bryan is to appear for two lectures, Sept. 16 at 2 and 8 p. m. Dr. Stewart, and Orchestra, at Sept. 17 at 8 p. m. Nicola, Magician, at 8 p. m. Sept. 18. V. M. C. A. Lecturer, Sept. 10. Capt. Hobson, 8 p. m. Sept. 20. Reduced rates on T. and P. Ry. We have secured a commodious building, of 25,000 seating capacity, within one blk. of Depot. Season tickets, with reserved seat, \$3.00, children under 17 \$1.50. Tickets on sale at J. L. Ward's drug store. If you wish to secure choice seats, write at once to Fox Stripling, Secretary.

This is the opportunity of a life time, and everyone, who can, should avail themselves of the chance to hear the silver tongued orator, and also the advantages to be derived by attending the Chautauqua.

Your Accident Policy is ready for you. Alley Company West Side The Square.

PASSES TO REWARD

Mrs. Carrie Isabel Crie Dies Monday at 3:30.

Again on Monday morning the Death Angel visited our beautiful little city and took away the soul of Mrs. Carrie Isabel Crie to its reward. She had been an invalid for several years and although confined to her room was always cheerful and had always a kind word and a smile for those with whom she came in contact. Mrs. Crie was an active church member and prior to the time of being taken an invalid was active in the work and was popular in social circles. She was well educated and always had an influence for good. The funeral was conducted Wednesday afternoon at five o'clock at the Methodist Church, exercises being conducted by Rev. S. L. Tarrent, and the interment took place at the Old Fellows Cemetery immediately afterward, a large procession of friends followed the body to its final resting place.

The Herald extends sympathy to the bereaved relatives.

Below we give a short sketch of the life of this good woman:

Carrie Isabel Crie, born July 21st, 1843, died August 2nd 1909. Mrs. Crie was born in Westfield, Massachusetts, July 21st, 1843, and was the second daughter of Virgil and Nellie Jeffrey Griswold. When five years of age the family removed to Portland, Maine, where most of the years of her girlhood were spent. When fourteen she went to Suffield, Conn., to attend school, living in the family of a friend of her father's. In February 1858 her mother died, and she went back to Portland, returning soon to Suffield. While there she was converted, and in July 1858 she with several others was baptised in the Connecticut river by Rev. Dr. Ives, pastor of the Baptist church with which church she united, retaining her membership several years. Later she returned to Portland attending school there.

In February 1866 she was married to Edward Herbert Crie, also of Portland. Soon after their marriage they went to St. Louis, remaining several years. From there they went to St. Joseph, where they resided sometime. Returning later to Portland Mr. Crie was employed for several years in different occupations. In 1877 Mr. Crie came to Texas, and in 1879, she with her son Harry, followed him, going first to Fort Worth, afterward to Weatherford. Then Mr. Crie bought his ranch in Godley, and they came here. After the son's marriage they lived for several years in Granbury. While in Granbury Mrs. Crie was active in Christian and Social life. She was a member of the W. C. T. U. and for a time its president. She was also prominent in both the Home and Foreign Missionary Societies of the Methodist church, with which she had united. She was also a member of the Wednesday afternoon club, and for some time its president.

Returning later to Godley she became an active member of the Methodist church here. She was a member of the Woodmen's Circle and for a long time its Chaplin. She went home at half past three on Monday morning, Aug. 2nd. Besides her husband she leaves one son, Harry C. Crie, of Tahoka Lynn County, Texas, five grandchildren, Julia Lincoln, James Griswold, Elizabeth Harding, Isabel Sidney, and Richard Henry Crie, and one sister, Mrs. Nellie G. Johnson, who has cared for her during her sickness.—Godley Herald.

PRIMITIVE BAPTIST--Preaching every fourth Sunday and the Saturday before at the school house.

Elder BOLINGER, of Cone, Pasto

It pays to try good flour and meal. Alley Company West Side the Square keep the best of everything.

Last Sunday evening just after the rain, Chas. Widmayer happened to quite a serious accident with his automobile. He was returning from a drive in the country with a party of friends and upon reaching the upper Salt creek bridge the car skidded and plunged down the west side of the north approach, a distance of about twelve feet, turning over and catching Jas. T. Vaughan under the top in such a way that he could not extricate himself without the assistance of the other members of the party, who succeeded in jumping from the car in time to save themselves.

The car was badly wrecked and Jim reminds us of one who had enjoyed to the fullest extent all the pleasures associated with a first class Irish wake: one eye has the appearance of having been struck with a brick and the side of his face and back of his neck are badly swollen. It was indeed a very close place for him and the wonder is that the whole party escaped so luckily.---Graham Leader.

LOST IN TAHOKA.

One Gold Medal inscribed as follows: On one side the initial letters "B. C. I." also the words "Oration" and "Cupples' Prize." On the back the initials "F. G. T." and the date "June, 1883.
