Lynn County Lake to Supply Salt Works Factory

Last Sunday, Mr. J. W. McRoe of Ft. Worth, Texas, passed through Tahoka enroute to Brownfield, where he is contemplating putting in a salt works factory. The lake that will furnish the substance for the factory is located on the north line of Lynn County, and it is the plan of the promoters to build a pipeline to Brownfield from the lake in this county.

Mr. McRoe stated to one of Tahoka's prominent citizens that if a lake could be located close in to this city containing the same substance that is to supply the Brownfield factory, he would consider the erection of a factory at this place.

We would suggest that a committee of public-spirited citizens be appointed to take up the matter with Mr. McRoe, and investigate the possibility of securing this enterprise for our town and county. If the big lakes surrounding Tahoka can produce the stuff that will enable us to secure a salt works factory, let's get busy and land it. We need it.

Entertains Baptist Sunday School Class

Mrs. M. M. Herring was hostess to her Sunday School class Thursday evening, Jan. 6th from 7 to 10. The house was decorated with valentines. Hearts was the diversion of the evening. Miss Inez Edwards won high score and was awarded the prize of a beautiful valentine. Paul Hamilton won the booby prize which was a heart-shaped cookie. Excellent music was rendered by different members of the class. A salad course was served to Misses: Inez Edwards, Leona Key, Pearl Avent, Mable Reese and Messrs. Paul Hamilton, Jesse Key, Lloyd Preston, Floyd Goodrich, T. J. McCormack, Jap Adams, Beecher Sherrod, Brown Bradley, Hugh Johnson, A. P. Edwards, Frank Edwards and Floyd Reece.

As announced last week, in the News, Miss Lottie Boles, teacher of Piano and Voice in the Tahoka High School, will present her pupils in recital at the Methodist church, tomorrow evening, Saturday, February 15th., beginning at 7:00 o'clock. Patrons and friends of the school have a cordial invitation to be present and witness the carefully prepared program, a copy of which appears in this issue of the paper.

Mrs. W. O. Thomas returned from Stamford, Texas, Friday. She was accompanied home by a sister, Mrs. Harold Wilkerson, who will visit here several weeks.

Oscar Roberts has resumed his position with the Thomas Bros., Drug Co., which position he held before entering the army. His many friends in Tahoka will be glad to see him back at his old post of duty.

Mrs. W. F. Knight, and daughter, Miss Lota, returned Monday from an extended visit with Mrs. Knight's mother at Naples, Texas.

Messrs. P. G. Brown and Will Duncan motored to Sweetwater Tuesday. Pete will meet his wife there, and Bill will transact business matters.

Brownfield Has 70 Cases of Infuenza

It is reported from reliable sources that Brownfield has something like seventy cases of infuenza in the town. Tahoka has been fortunate of late in staying off this much dreaded epidemic which has scourged the whole country.

Entertained Friends With "42" Party

Mesdames H. M. Larkin, and H. B. Howell, entertained a number of thier friends with a "42" party, at the home of Mrs. Larkin in south Tahoka, Tuesday evening. This being the first social gathering of the kind in Tahoka for several months, it was enjoyed to the fullest extent. Delicious refreshments of ham sandwiches, fruit salad, cake and chocolate was served to Messrs. and Mesdames: W. B. Slaton, C. B. Townes, E. E. Callaway, B. H. Robinson, M. M. Boyd, C. A. Thomas, S. J. Smith, S. E. Reed, H. B. Howell; Mesdames W. C. Wells, J. W. Lowrey, and Smith, Miss Lola Lewis and Ben T. Brown.

Mr. and Mrs. H. C. Criss have received word from their son, Dick, who has been employed on the Lubbock Avalanche the past few months, stating that he had accepted a position with the News at Plainview, Texas, and left for that city sometime last week.

Your attention is called to the Quarter-page advertisement of Knight & Brashear in this issue of the News. They have some bargain prices on Dry Goods and Groceries, and are telling the people of this section about it by taking a liberal amount of space in the local paper. Read the ad.

W. M. Gayser, auditor, for the Texas Co., was in Tahoka, Saturday and Sunday, looking after the interests of the company at this point. W. G. Tarance, local manager, carried him to Post Sunday, to catch a train for points south.

Mr. and Mrs. H. B. Howell spent Sunday in Brownfield. Mrs. W. J. Smith, and baby, sister of Mrs. Howell, returned home with them and will visit in the Howell home a few days.

Ovid Luallin, who has been employed by the Tahoka Light & Power Co. the past several months, has gone to Eastland, Texas, where he will hold a like position.

High Wind Storm Here Last Wednesday

Lynn County and the Plains country was visited by a high wind storm Wednesday, which lasted far into the night. The wind succeeded in stirring up considerable real estate and was very annoying to those having to be on the out side during the time the storm was raging. Business was practically at a standstill in the city all day, people being contented to remain indoors as much as possible. All countries have their draw-backs when it comes to contending with the weather man, but Lynn County and the South Plains can come as near being perfect on this line the year around, as any other section in the United States. Locate in Lynn County, one among the best counties in west Texas, which boasts of a citizenship second to none in the state.

A Correction

In our issue of last week we stated that Ketner and Parkhurst were to open a confectionary store, and have since been informed that Mr. Parkhurst will not be connected with the confectionary, but will run his insurance business in the same building.

Mr. and Mrs. Marshal Mason, of Post, were the guest of Mr. and Mrs. Frank H. Weaver Sunday.

S. N. Weathers, the Tailor, is reported on the sick list at his home in the west part of town this week.

Miss Clarrisa Mae Duren has returned to her home at DeLeon, Texas, after several days visit with her sister Mrs. B. F. Maxey.

Read your home paper.

Tahoka High School Win Over Lamesa

As predicted in the News last week, the first and second basket ball teams of the Tahoka High School, had an easy walkover in the games played at Lamesa last Saturday afternoon. The first team won their game by a score of 21 to 9, and the second team from Tahoka did even better than this, winning the game 21 to 3. Following is the line-up of the first team:

Bernice Wells, Annie Belle Clinton Irene McCoy, Leona Key Era Small, Rena Stricklin.
Line up of second team:
Lois Wells, Montie Draper, Mable Reece, Lucy Belle Swan Etta Ketner.

Both teams left Tahoka Saturday morning, arriving in Lamesa around the noon hour. Ed Henderson carrying the First team and Floyd Reece the Second team. Misses Massey and Flannigan, teachers in the High School, accompanied the teams as chaperons. The girls report a nice trip and hope to have the Lamesa teams come to Tahoka at an early date for a return game. We would suggest that the Lamesa girls get busy and practice up some before coming to Tahoka, if they expect to carry off the honors here. The Tahoka teams are in fine trim and are ready to meet any team on the South Plains who think they can interest them.

556 Poll Taxes Paid in Lynn Co.

According to a report obtained from the Sheriff's department, there were 556 poll tax receipts issued for the year 1919. This number is far below the average voting strength of the county. This year not being election year, either State or National, the majority of the male voters had likely decided there was no particular need of securing a poll tax that would enable them to cast a ballot, but it has always been found in a case of this kind, when a man fails to pay his poll tax, an election will come up that will make him wish he had dug down in his jeans and dug up the small sum of \$1.75, that would entitle him to vote for or against the issue as the case may be.

Mr. and Mrs. W. T. Petty departed for Washington, D. C., Wednesday, where they will spend the remainder of the winter visiting relatives and friends. Mrs. Petty stated to a News representative that she will not return here until the oil gushes over the top and the wind ceases to blow. Mr. Petty did not make any statement. We shall expect them back to the grand old South Plains and Tahoka by early spring.

Read your Home paper.

James R. Robinson, Sr., Dies Suddenly at Lubbock

County Clerk, Hall Robinson, received word yesterday morning from Lubbock, that his father, Judge James R. Robinson, had died suddenly of heart failure, at 6:30 o'clock. Mr. Robinson and family left for that city immediately after receiving the message.

Judge Robinson, was well and favorably known all over western Texas, and in other sections of the state, he having practiced law in Lubbock and surrounding country for many years.

Mr. Robinson leaves his wife and several sons and daughters, together with a large circle of relatives and friends to mourn his loss.

In the passing of this notable character Lubbock and the west has lost a man that stood for truth, honesty and justice, and a man that has been largely instrumental in the development of this section of the State.

The News joins with the many friends of the family in Lynn County in extending condolence to the bereaved ones, and especially do we sympathize with our fellow-townsmen, Hall Robinson, in the loss of his father.

Commissioners' Court in Session Monday

The Honorable Commissioners Court met in regular session Monday, February 10th, with County Judge, C. H. Cain, presiding, and remained in session until Tuesday afternoon. Commissioners, H. W. Callaway, of Draw, J. I. Bartley, of Wilson, J. R. Evans, of New Home, and C. H. Doak, of O'Donnell were present at the sitting of the Court. Outside of the usual routine of business, no other matters of importance were transacted during the term. The Court adjourned until the second Monday in March.

Ben T. Brown, of the First National Bank, returned the first of the week from an "Oiling" trip to Eastland and Burk Burnett, Texas. Ben T. reports conditions flourishing in that section of the state.

Birthday Party

Little Miss Eloise Herring entertained a number of her little friends last Saturday afternoon from 3 to 5 in honor of her fifth birthday. Games dear to the heart of childhood were enjoyed by all present. Refreshments of fruit salad, whipped cream and cake was served to Misses Mary Lockhart, Martha Parker, Willie Lois Nevels, Juanita Haynes, Berta Laura Maddox, Jeanette Caveness, Jewell Redwine, Cleone Wells, Virginia Sanford, Fredice Weathers, Floy Ben King, Lillie Mae Reid, Evelyn Wells, Pete and Top Davis, Juarine Edwards, Juanella Windham, Florence King, Messrs. Jack Alley Robinson, Billie Parker, Reed Townes, Bobbie Caveness, LeRoy Riley, Kenneth Reid, Woodrow Walker, J. D. Donaldson, Norwell Redwine and Hugh King.

Guy King Enters Oil Game at Abilene

We have a letter from G. R. King, who is at the present located at Abilene. Mr. King owns a valuable farm east of Tahoka and the family spend a big portion of their time in Lynn county. We judge from the style of the letter head on which Mr. King addressed us, vis. "King & Beam Oil Co." that he has entered the oil game in that section. Hurry back to old Lynn, Mr. King, we have fine prospects for oil, and a brighter outlook for bumper crops this fall has never been seen in this part of the country.

Judge G. E. Lockhart is transacting business in Woodard, Oklahoma, this week.

Serg't. Major, Jno. C. Woodall, Tells About World War

Headquarters 3 Battalion, 141st Infantry, A.E.F.
7th January, 1919.

Mr. Charley Brown, Tahoka, Texas, U.S.A.

Dear Mr. Brown: I have your letter dated November 3rd before me, same was delayed in reaching me a few days because you addressed the letter to H. Co., 141st Infantry and not to the Battalion Headquarters. I note all you have to say Mr. Brown and assure you that I am more than glad to answer every question you ask me the best I can.

With reference to Joy Sherrods death, will say that I understand that he was killed in the first attack we made on Mt. Etienne. In fact I know that it was somewhere near Mt. Blanc, some seven kilometers (five miles) from Somme, Py., and killed in the attack on the morning of the 8th of October. At this time Joy was attached to Headquarters Co. in a Platoon that was serving as a sort of of Pioneer Platoon, whose duty it was to build temporary bridges, cut wire entanglements, or build wire entanglements if need be, in fact all kinds of work of that nature. At the time of the advance we made I understand that this company made a go over the top with the Regiment. I am sure that Joy was killed in their first time over. Most of the men of our Regiment were killed that morning. I was talking to a Chaplain who looked after the burial of the men, from his record I learn that Joy was buried on the battlefield, from this I judge that the boy was killed outright in the fight, for had he been wounded he would have probably been brought to a Red Cross hospital somewhere on the field. I am sure I would not have any trouble finding the grave of the boy were I to go look for it.

I saw Joy several times while we were in Champaign, saw him after we were advanced up into the area of Aulnay, spending several very pleasant hours with him here in France and know that he had developed into as good a soldier as there was in the army. I know too, that his conduct had been above censure. Also knew that he was frequently favored by his Commanding officer because of his ability. I was talking with one of the boys out of the Headquarters Company in Somme Py the night we made our first attack, who told me that Joy was in good shape for the battle, was game to the core.

The attack on the morning of the 8th of October was as game an advance as was ever made by an American Army and no mother who lost a son in this conflict should feel ashamed. She knows that her son was killed in as hard a fight as was ever pulled off, because everyone should know that Mt. Etienne was one of the German strongholds on the Hindenburg line. The twenty-one nights that I spent up there was enough to persuade me that we were fighting the very devil himself. A rain of 88's, 75's, meniwerrers and machine guns together with that deadly gas, was sure a man's game to contend with. Many a poor American soldier gave his life here that Democracy might live.

In answer to your request with reference to the other Tahoka boys, will say that I have not seen any of them since we were in the training area about Bar-sur-Aube, that was in the latter part of September. I had not heard that the boys were killed that you told me about in your favor. I am indeed sorry to learn that the boys you mentioned were killed, and am sorry that I do not know about them, so that I might tell you about their death.

Mr. Brown this has been a great experience for me and has been worth all that it has cost, but certainly this old war has given this world lots of

W. L. Tunnell of the southeast part of the county was in town Saturday and called at the News office a few minutes. Mr. Tunnell became a reader of the News for the next few months. He gave us a letter for publication from his son, Hansford, who is with the American Expeditionary forces in Germany, which appears in this issue.

Gas in the stomach or bowels is a disagreeable symptom of a torpid liver. To get rid of it quickly take **HERBINE**. It is a marvelous liver stimulant and bowel purifier. Sold by Thomas Bros.

Messrs. Duncan, Roberts, Adams and Hamilton attended the girls basket ball game at Lamesa Saturday and helped Tahoka carry off the honors in both games.

Miss Lucy Calvin, teacher of the Needmore school, spent the weekend here the guest of Rev. L. L. F. Parker and family.

County Agent, W. T. Howard made a business trip to Tahoka Monday, returning the same day.—Post City Post.

HOW TO AVOID ERRORS IN COUNTY TAX COLLECTIONS

Following is an article on "How to avoid errors in county tax collections and protect property owners who pay their taxes."

In the Dallas Daily News there was an article that ran for several issues by a Mr. Crowell, wherein he gave out the conditions of a great deal of real estate titles becoming damaged by back taxes appearing against said real estate and although the tax was paid, it appeared delinquent and if tax receipt was lost or misplaced the owner thereof would have to pay not only the taxes, and penalty, but a heavy cost to clear up his title.

Now, in this article I propose to show how to avoid such mistakes and save not only the tax payer, but from my years of experience in the tax business the only way to make legal settlements and correct all errors. The Commissioners Court is the financial court of the county and it is their sworn duty to make all settlements with each officer from constable up to the highest officer in their County.

First, we will take up each item of the work and give the true statement as I understand the law.

The Tax Assessor and the Tax Rolls.
On the first day of January the Assessor commences his work and should endeavor to get every owner of property on his rendered rolls and where he knows a party owns a certain piece of property, he should render said property in this owner's name, placing it on the unrendered roll, form D. Now, after the rolls are made out and brought into Commissioner's Court, with all abstract

Has made this bank one of the strongest factors in the development of this country, and we still propose to do everything we can for the advancement of the community. A good bank showing is worth much in the development of the country. Put your money in our bank now and not only help yourself, but help build up Tahoka.

said abstracts against the rolls and sees that no item is entered on the rolls twice, and if they find such double entry they mark it error and make note of such error for the instruction of the collector, and deduct such error from the amount to be paid to the assessor. Again they may find, which is often the case, property (real estate) left off the rolls, mostly appearing for unrendered or unknown owners. They should in this case make note of this omission and give it to collector and have him assess it on his supplement roll as the law directs. Many commissioners object to making this checking on the grounds that it takes too much time and yet if they will read the law on the subject they will see that if they do not make a full check up they are violating their oath and causes much trouble in the future to real-estate owners from errors in assessment and the escape often of non-payment of taxes on property to the loss of their county and state. Any one once familiar with the work can, with the assistance of three commissioners, get the work off in a short time, but it is the law and why not follow it and make all acts under this head lawfully complied with no matter how long it takes? Now we will turn over all tax rolls to our Collector, the rolls duly approved.

The collector gives his receipt for same, receives list of errors found and list of lands and lots for his Supplement roll and if he is on his job he will at once commence to make out his tax receipts for all rendered property owners, both resident and non-resident owners, marking in small lead pencil figures of receipt number on rolls, so that when Jones comes in to pay his tax, all the collector has to do is get Jones' number from tax roll, go to that number and sign up receipt, give it to Jones, take the money and check receipt on rolls paid, and when a rush is on at the 31st of January he will not have his office congested and save time and worry. Of course that unknown or Form D is where he will find much trouble and where many errors are made from not checking or marking credits and if he is on his job he will go back to all receipts issued against his unknown or unrendered roll, and check receipts against all delinquent list before he submits it to the court at the annual settlement. When the Commissioners Court receives said report, instead of approving the work as reported by the Collector, to make a true settlement it is their duty to take over all Delinquent Reports turned in by collector, with all tax receipt books, and check all carbon copies of issues against said delinquent reports to see that there is nothing reported delinquent wherein receipt has been issued and thus save unjust cost and damage to property as set out by Mr. Crowell in the Dallas News of some time past.

When a settlement comes up and the collector shows amount over collected on tax rolls, it is evident that there is errors, as it is impossible, if his accounts are kept right, for him to pay out more than his tax receipts shows he received and his paying in to Treasurer and the over plus claimed as over amount collected and paid in lies in errors of credits allowed such as Delinquent real estate and personal property and on its face shows too much credit as no collections or rather too much paid in is evidence that it lies in credits, as a tax roll charge is all that can be collected on its face value, unless Collector is collecting more on the item than is charged by tax roll account shown on County Ledger kept or should be kept according to law, said Ledger being the charges against all officers and settlement made, not what the books of the different officers say, but what the Ledger says.

Approval of accounts of every description, without full examination, as is often done by the financial agents of our counties, is causing an enormous loss to the tax payers and when affairs get balled up, call in an auditor and pay him a big fee to find cash errors, but auditor will not save the cost and penalties that accrue against real estate from improper checking up of all business coming up before the Board of Directors of the county.

The hardest proposition before Boards of Counties, in my opinion is the question of values. There should be passed a law making it an offense to swear to a fictitious value. The value of property should be placed at what evidence and general opinion is true, then the board should take what they consider a fair per cent, enough to cover the financial budget for the

Burkburnett Oil Stock 10 Cents a Share While it Lasts

We believe we have a 100 to 1 Shot right here. Read on, and if you don't agree with us, we won't ask you to buy.

The Golden Goose Oil and Refining Company

which is capitalized at only \$45,000, and whose stock is selling at only 10 cents a share, has 20 acres in the center of the new district in the BURKBURNETT OIL FIELDS where the frenzied rush for acreage is now going on. There is virtually a stampede for acreage in the immediate vicinity. Now, there must be a reason for this intense scramble for acreage. You follow us, and we will tell you the story. In this locality, and adjoining the holdings of the Golden Goose Company's 20 acres, the Quannah Oil Company has 21 shallow wells that are paying handsome dividends monthly, but, the big, important reason why Golden Goose stock should go extremely high is that large companies are putting down deep test wells practically around this 20 acres, and one of these companies on Monday, January 20, struck sand at 775 feet which the drillers estimate will produce 100 bbls. of oil per day, and the drillers say the formation is identical with that of the gushers near by. Now, this company is going on down after the 1900 foot sand that produces the big gushers many of which are flowing at the rate of 1000 to 3000 barrels daily. These wells have been known to pay as high as 12 per cent daily on the investment, or in other words a \$12 a day income on a \$100 investment. Think for a minute what it means to the GOLDEN GOOSE OIL AND REFINING COMPANY and its shareholders for the big companies to spend practically \$200,000 on these deep tests, which will beyond a doubt prove up the GOLDEN GOOSE COMPANY'S 20 acres as to deep oil. If these big companies strike gushers, as their geologists say they will

Golden Goose Stock Will Go Sky High

because it is only natural to expect to find gushers on the adjoining holdings of the GOLDEN GOOSE COMPANY also. But, even in case the big companies fail to strike gushers, as they expect, the GOLDEN GOOSE COMPANY can still make the big dividends for the shareholders by developing the shallow depths, as it is only about 100 yards from their holdings to the producing wells of the Quannah Company, where the 775-foot sand is producing 100 bbls. a day. Now, frankly, if these big companies know the oil game can afford to spend \$200,000 betting that they will find gushers in this locality, haven't you got nerve enough to bet \$10, \$50, \$100, or more, that the

Golden Goose Will be a Big Dividend Payer

The officers of the GOLDEN GOOSE COMPANY are very highly endorsed by both State and National Banks.

When You Can't Sleep

and you get up as tired as when you went to bed, it is a sure sign that your nerves are out of tune. If this continues long, a nervous breakdown and a train of ills are bound to follow.

The experience of Mrs. H. L. Redman, of New Haven, Conn., will interest you. She says:

"For several months I suffered from extreme nervousness and sleeplessness. My nerves were completely unstrung. After doing light housework I was completely fatigued, and loss of sleep made the nights long and tiresome. I began taking DR. MILES' NERVINE and the first night I slept soundly all night. I can truthfully say DR. MILES' NERVINE completely cured me."

DR. MILES' NERVINE is a safe, reliable medicine for all nervous disorders, such as sleeplessness, nervousness, hysteria, headaches, neuralgia, etc. It is non-alcoholic and contains no harmful drugs. It has been helping nervous, distracted, discouraged sufferers back to health for 30 years. Ask your druggist about it.

SOME FIGURES OF THE WHEAT CROP

Here is a story of real interest in any community where wheat is grown. Government figures show that there was planted in Texas in the fall of 1918, 2,109,000 acres of winter wheat. The condition of the crop December, 1918 was 100 per cent. It follows then that on a conservative basis of ten bushels to the acre over twenty-one million bushels of this wheat will be placed upon the market. Today's price of wheat is around \$1.50 and the price is very

unlikely to rise. With a government guarantee of an average of \$2.25 per bushel, it follows that the farmers of Texas are likely to receive a bonus of nearly sixteen million dollars over and above the current market price when this wheat is ready.

The government which has singled out the wheat grower for special treatment and made a present to him

of this kind has every right to expect that a very large proportion of the gift will be reinvested in Bonds of Victory Liberty Loan.

Ed Henderson carried a present to the High School Girls basketball team to Lamesa in his Super-Saturday.

NOBLE WYNN WRITES FROM "OVER THERE"

December 14, 1918.

Mr. and Mrs. Wynn, Hollis, Okla.

My Dear Father and Mother:

It is with much pleasure that I try to answer your letters I received yesterday. This leaves me fine and dandy, and I hope it will find you all enjoying the best of health. Mamma I don't guess you folks would hardly know me now. I weigh 185 lbs., have gained 22 lbs since I have been in France.

As I haven't had an opportunity to tell you of my trip before the armistice was signed I will now tell you some of my experiences.

My Company, 111th Am. Tr., loaded on train at Camp Bowie at 10 o'clock Wednesday, July 17, left on the T. P. went through Dallas and Texarkana and got to Prescott, Ark., about daylight Thursday morning Mamma, knowing you were in Prescott visiting was in hopes the train would stop for an hour or two so you could come down to see me, but we didn't stop and I mailed you a card at next station. We went through Hot Springs and when we got to Little Rock, we stopped 2 hours and also had 2 hours rest at Memphis, Tenn. late Thursday evening, we passed through the corner of Alabama, and then back into Tenn. and stopped in Chattanooga and Knoxville, Tenn. We traveled over 400 miles in Tenn. We passed through the corner of Ga. and then into Va. next we struck Washington, D. C. and had a 2 hour stop in the capitol city and then on to Baltimore, Md., and Philadelphia, and then to Jersey City, and got there at 10 o'clock Sunday. In the afternoon we took a boat and went around New York City and over to Brooklyn and Long Island City.

We stayed on the boat all Sunday evening, we passed under the Brooklyn bridge and saw the Statue of Liberty in New York and the highest building in the world 53 stories high, we saw Washington's monument in Washington. We passed through tunnel for two or three miles while in Washington City. The first tunnel we struck was just before we got to Chattanooga, we passed through dozens of tunnels, we passed by the Lookout Mt. we was in town nearly all the way from Washington city to Camp Mills, we stayed at Camp Mills ten days. On the 31st day of July we boarded Arizona in a convoy of eight or ten transports and two battleships.

We had some very thrilling experiences with the subs and sank two Sunday evening the 11th of August. Believe me it was some sport

I was sea sick the second day out and about the fifth day the sea got very rough for two or three days and I got sick again. but sure would like to try it again about now. We landed at Brest, France, the 12th of Aug. after 12 days of sailing and you know land looks good to us. Brest is a town of ninety thousand population. We stayed there 10 days then went to Berand and stayed there one month. We had been on the Champagne front for three weeks and had some thrilling experiences while on the front dodging shells, but didn't lose any men.

Believe me the old Hindenburg line was well fortified but she has been shelled from one end to the other.

We had gone to Waly on a 10 days rest, and were going from there to the Verdun front when the Armistice was signed.

We are stopping about one hundred miles southeast of Paris and have right good billets and plenty of blankets so you see we are faring fine. We don't have any idea when we will get back to the States, you know more about it than we do.

Well I hope I can be with you all before very long.

Your son, Pvt. Noble Wynn. Co. C. 111th Am. Tr. American Ex. Forces, A. P. O. 196.

A scald, burn, or severe cut heals slowly if neglected. The family that keeps a bottle of BALLARD'S SNOW LINIMENT on hand is always prepared for such accidents. Sold by Thomas Bros.

Messrs. Brown and Duncan have installed an electric motor in the mechanical department at the Bradley Auto Co. Garage and are prepared to take care of the large volume of business that comes to the company.

Lester Miller of the mechanical department at the Bradley Auto Co. visited homefolks at Lubbock last Saturday and Sunday.

Mrs. H. T. Sefton left Thursday morning for a few days visit with her mother at Big Spring.—Post City Post. Mr. and Mrs. Sefton were formerly residents of Tahoka.

Miss Lottie Boles who is teaching in Tahoka, spent the week-end at home. She was accompanied home by her friend, Miss Geneva Curry, who is also a teacher in Tahoka.—Lubbock Avalanche.

WHAT TO PLANT AND WHEN TO PLANT IT

The questions embodied in the above caption are of vital importance to every farmer, and to a very great degree, to every citizen, for upon the proper solution of these questions rests the prosperity of every producer, and as the producing are the backbone of every industry, the general prosperity of the country depends largely upon a correct solution of these questions.

As the adaptability of West Texas does not include so wide a range of varieties of crops as most other sections of the country, it would seem that it would be easier to reach the best answer to these questions here than elsewhere, but in reality, it is just about as difficult for the West Texas Farmer to decide what is the best crop to plant, and when the best time to plant it as it is for the farmers of any other section of the country, and in the case of the time to plant a given crop, it is even more difficult to know just what is the best course to pursue. This is true because the planting season for the crops best adapted to this section, extends over a much longer period than in other sections, and because the seasons are less stable.

Grain sorghums and cotton are, and doubtless will ever be, the chief farm crops of most of West Texas, and the question that presents itself to each and every farmer, this season, as well as every season is, "how shall I divide my acreage between these two main crops, and when shall I plant each."

As yet there has been no absolute answer to this question that can be relied upon as being always the best, but some valuable lessons have been learned by long years of observation and experience, which may be used as a partial guide in planning your crop with reference to the time of planting, as well as what to plant.

With reference to grain sorghums, the general rule is that the later plantings, up to as late as the latter part of June for Milo and Feterita, and up to the middle of June for Kafir, make the best yield, and the best quality of grain, but every one who has spent several years in West Texas has seen the time when this rule did not work, but when the very earliest planting made the best yield and the best grain. If you will recall the seasons when this happened, you will remember that we entered the season with at least a fair supply of moisture in the subsoil, which was sufficient to keep the young plants growing, even though we got very little or no rainfall in the early spring months. We have the best supply of moisture in the soil now, that we have had for 4 years at this period, and this condition justifies the planting of at least a small acreage of Milo and Kafir at the earliest date there has been sufficient warm, sunny weather to put sufficient heat in the surface soil to germinate the seed, being careful that the seed are to be planted in a well prepared, moist seedbed. If it is possible to secure and maintain a stand by planting this early crop the latter part of March or very early part of April, it will have sufficient time to produce its grain before the usual extremely hot days of July and August arrive. It is of vital importance to a grain grower that it either be practically made when this season comes, or that it shall not have reached that period of growth when it will be ready to make the grain, for we usually have about 30 days at this period, when the extreme heat of the sun is very trying on any plant in its effort to produce its fruit, and millions of bushels of grain are lost annually in West Texas, by having grain sorghums in the grain-making stage just at this time. Years of experience and observation have pretty well established the fact that the best yields of these grains are harvested either from very early or very late plantings, with late March or very early April as the date for the early plantings and the latter half of June for the late planting of Milo. Late Kafir should be planted a little earlier, as it requires a longer period in which to mature the grain. Feterita can be planted as late as July 10th with reasonable safety, provided there is sufficient moisture to bring it up and keep it alive through the hot days that usually follow this date. There are farmers in this county, who had Feterita grow to maturity in 1917, which was brought up by a rain which fell July 17th, and that year brought frost October 18th, which is about the earliest killing frost in the memory of the oldest settlers. There are two reasons for endeavoring to have early grain this year. In the first place, it will enable farmers to cease using high priced feed, and in the second place, that much crop will be out of the way when the fall harvest season arrives.

As to the best time to plant cotton, it has been found to make fair yields planted anywhere from about April 15th to June 20th, with the advantage decidedly in favor of early May planting, when conditions are favorable for seeding at this date. For

early planting, more seed should be used, but the crop should be chopped to a thinner stand than in the case of late planting. In fact, it appears that the later the planting the thicker the plants should be left in the row, for obvious reason that the fruiting period will be materially shorter, and by having a greater number of plants, with a few bolls to the plant, the yield will approximate that of a thinner stand with more bolls per plant.

The question of how to divide the main farm crop is one for each individual farmer to decide for himself, having in view the supplying of the greatest possible per cent of the farm food and feed, which simply means the production of the greatest possible amount and variety of food for the family and feed for the livestock. Every time a farm family consumes a dollars worth of food or feed stuff that has been produced on the farm, a dollar is saved that would have had to come out of the cash crop, and the profit derived from the cash crop is determined by the actual amount saved, rather than the amount for which it is sold. Failure to realize this, has been the means of keeping many thoughtful, but worthy farmers with their "noses to the grindstone."

If every farmer in the South would plant sufficient acreage to the production of food for the family and feed for the livestock, and the remaining acreage to cash crops, there could be no more complaint at over-production of cotton, and the price would always be on a profit-paying basis.

W. T. HOWARD,
County Agricultural Agent.

Wilson, Texas, Feb. 6, 1919.

Editor Lynn County News,
Tahoka, Texas.

Dear Sir: Enclosed you will find a report of the Morgan school for the month ending Jan. 31, 1919.

No. of students enrolled for the month 33; average daily attendance 28.4. The following pupils were excellent in deportment: Effie Thompson, Stella Thompson, Florence Nagcy, Adala Lickey, Erna Lickey, Wilhelmine Lickey, Ernestine Lickey, Dema Lavender, Dela Lavender, Oleta Embry, Margaret Deaver, Thelma Coleman, Roy Dale Meyers, Berton Tate, Grady Tate, Don Lavender, Debs Lavender and Alvin Crews.

The following were good in deportment: Rommie Meyers, Dean Meyers, Flora Thompson, Tommie Thompson, Martha Deaver, Claud Coleman, Wm. Deaver, Joseph Tate, Jack Meyers, Prentis Tate, Luther Coleman, Duey Lavender, Delmer Lavender.

Very respectfully,
W. J. BURCKHARTT, Teacher.

When the bowels become irregular you are uncomfortable and the longer this condition exists the worse you feel. You can get rid of this misery quickly by using HERBINE. Take a dose on going to bed and see how fine you feel next day. Sold by Thomas Bros.

problems and I do not presume any individual has escaped it. I am sure that I do not know that the man who has gone to the front has had any more problems than the one who stayed at home, except he has offered his life if need be. You who were at home working and saving for us did as much to win in the end as did we fellows that were here. Assure the mother that her son died as gallantly as ever a boy has, that he was doing his part when he was killed. Assure her that those of us soldiers that are here now regret to have to come back to our mothers knowing there are some mothers who's sons will never return.

I regret to learn of the several deaths there in Tahoka, especially Joe Stokes and Mr. Woods' son, since I knew them better than the other fellows. It's been a hard year on us all in every way. Kindly mention the fact that I am sending my sympathy to Mr. and Mrs. Stokes, also Mr. Wood.

Let me hear from you sometime Mr. Brown, tell me about everything there in Tahoka. I want to keep up with the people because I expect to get back there some of these days before long.

With best wishes to every one, I am,

Yours truly,
SERGT MAJ. JNO. C. WOODALL.

Citation by Publication

THE STATE OF TEXAS:
To the Sheriff or any Constable of
Lynn County,--Greeting:

You are hereby commanded to summon Mrs. Georgia Scott Townsend and John R. Townsend, by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 72nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 72nd Judicial District, to appear at the next regular term of the District Court of Lynn County, to be holden at the Court House thereof, in Tahoka, Texas, on the 1st. Monday in March, A. D. 1919, the same being the 3rd day of March, A. D. 1919, then and there to answer a petition filed in said Court on the 3rd day of February, A. D. 1919, in a suit, numbered on the docket of said Court No. 357, wherein A. B. Robertson & Elizabeth Scott as Independent Executors of the Estate of Winfield Scott, deceased, are Plaintiffs, and Mrs. Georgia Scott Townsend and John Townsend are Defendants, and said petition alleging that defendants caused to be filed and recorded in Lynn, Garza, Crosby and Lubbock Counties, Texas, certified copy of a certain final judgment rendered in favor of the said Mrs. Georgia Scott Townsend on January 9, 1915, in Cause No. 33056, in the District Court of the 48th Judicial District of Texas, wherein Mrs. Georgia Scott Townsend, et al. were plaintiffs, and Mrs. Elizabeth Scott, et al. were defendants, in an action brought in said court to break the will of Winfield Scott, deceased. That said judgment provided, among other things, that the plaintiff's herein, in their capacities, as Independent Executors of the Estate of Winfield Scott, deceased, should pay the said Mrs. Georgia Scott Townsend, on January 9, 1917, the sum of \$25,000.00, and said estate was bound for the payment of said sum at said time. That said estate consisted in part of large tracts of land in the Counties of Lynn, Garza, Crosby and Lubbock, and said estate was the primary fund securing payment of said debt, evidenced by promissory note, and the filing and record of the certified copy of said judgment in said counties created lien on said lands, and a cloud on the title thereto. That thereafter plaintiff's paid off and discharged said note and debt, to the said Mrs. Georgia Scott Townsend, who was the owner and holder of said note and lien at the time of payment. That defendants failed to execute and deliver to plaintiff's release of said debt and claim against said estate, and title to the lands belonging to said estate of Winfield Scott, is now clouded of record by virtue of the filing of said certified copy of judgment and record thereof in the Deed Records of the various counties wherein is situated lands belonging to said estate. Plaintiff's pray for judgment against defendants adjudicating said note and debt to be fully paid, and removing the cloud on the title to all lands in the estate of Winfield Scott, deceased, created by virtue of the promises, and for general and special relief, in law and equity.

HEREIN FAIL, NOT, but have before said Court at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

WITNESS, B. H. Robinson, Clerk of the District Court of Lynn County. GIVEN UNDER MY HAND and Seal of said Court, at office in Tahoka, Texas, this 3rd day of March, A. D. 1919.

[SEAL] B. H. ROBINSON,
Clerk, District Court, Lynn County.

Hansford Tunnell Writes His Folks

Bettenburg Luxemburg.
Jan. 11, 1919.

My dear mother and folks:

How are you all? I am fine. It is snowing a little here today, but has not snowed much here at all, but rains most every day, so you see about the worst thing we have to put up with is the rain, and—well, really the worst thing is the "cooties," as we sure have plenty of them, and believe me, they are worse than the Germans ever were. You would think a mud turtle had run across you at night when they start their attacks. But we have got some dope now that works on them about like poison gas did on the French at the first of the war, and we are hoping for an early victory over them.

Mother, I am sorry you have not heard from me for so long, some of my letters were surely lost. Received your letter written Nov. 26th. about week ago, and you said you had not heard since October 12th.

I have been on a fifteen-day trip to the coast after some new trucks—1200 miles there and back. Went down on the train and drove back. I sure have traveled many miles on a truck since last July, I have been driving all the time. Have driven two trucks from St. Nazaire, a coast town to the front, of course that don't take long to make the trip. Have seen most of the big towns in France.

I'll wait till I get home to tell you about my little stay in France, as I have got to where I can't write a decent letter any more.

I saw Emmett Flemming when I went to St. Nazaire. Sure was surprised to see him, did not know he was over here.

Was sure glad to hear of the snow, and hope everything is seasonable next year.

I must quit. Answer soon. Lots of love to all. Kiss the kids.

Your son,
WAG. HANSFORD TUNNELL.
Co. D. 5th Am. Train A.E.F.

Why do you delay when you can buy the very best grade of Dress Gingham at 20c yard? Buy today; buy before the price goes to 35c again, March 1st. 231 The McCormack Store.

O. C. Thompson, of the Star Drug Store is out of the city on business this week. Louie Weathers is waiting on the trade during his absence.

FOR SALE—Two 7-year-old mares; broke. Also set second-hand harness; cheap. Geo. M. Riley, or inquire at this office.

Mrs. A. S. Coughran returned this week from a visit of several weeks duration with relatives in California.

FOR SALE—11 head work mules; well broke; in good shape. Reference: Frank H. Weaver, Guaranty Bank. W. M. Parks, Brownfield, Texas. 233t

H. E. Boswell, representative of a Vetograph company, at Dallas, was in Tahoka Monday interviewing the promoters of the local photo-play house, and succeeded in placing a nice order here. Mr. Boswell called at this office and gave the News Job department a nice order for business cards.

FOR SALE—A pair of cowboy shop-made boots. Call at the News office.

NOTICE! Kill Your Prairie Dogs

The Commissioners' Court of Lynn County, has ordered me to have all Prairie Dogs killed at once. This is the second notice given out about this matter. The law requires that you exterminate these pests. Kill the dogs now and save the extra cost.

S. W. SANFORD,
Sheriff, Lynn County, Texas.

We make this timely appeal to you; get in on this Dress Gingham offer, until March 1st. 20c yard. Several thousand yards are going at this price. 231 The McCormack Store.

J. L. Holson becomes a reader of the News with this issue. Mr. Holson is one of Lynn County's progressive farmers living near Skeen, a flag station on the Santa Fe, a few miles south of town.
